1 [Grant Agreement - Retroactive - Environmental Protection Agency - 900 Innes Remediation
2 Project - \$1,200,000]

3 **Resolution retroactively authorizing the Recreation and Park Department to enter into**
4 **an agreement with the United States Environmental Protection Agency for the receipt**
5 **of \$1,200,000 for the 900 Innes Remediation Project, for a term of January 1, 2018,**
6 **through September 30, 2020, pursuant to Charter, Section 9.118(a).**

7
8 WHEREAS, In 2014 the Recreation and Park Department (RPD) acquired 900 Innes
9 Avenue at India Basin in San Francisco's Bay View Hunters Point neighborhood, located
10 adjacent to the India Basin Shoreline Park; and

11 WHEREAS, 900 Innes is believed to be environmentally contaminated and will require
12 remediation so that it can be integrated into the India Basin Park Project; and

13 WHEREAS, The India Basin Park Project will combine 900 Innes with the India Basin
14 Shoreline Park area to create a 10-acre waterfront park development that closes a critical gap
15 in the San Francisco Bay Trail, and specifically with respect to 900 Innes, will transform that
16 property from a post-industrial brownfield to promote public access, social equity, waterfront
17 recreation, resiliency to sea level rise, and habitat and wetland restoration and enhancement;
18 and

19 WHEREAS, On May 10, 2017, RPD submitted a grant application to the United States
20 Environmental Protection Agency (USEPA) for San Francisco Bay Water Quality
21 Improvement Fund to support remediation activities at 900 Innes; and

22 WHEREAS, On June 28, 2017, the 900 Innes Remediation Project was one of four
23 projects selected for funding and awarded \$1,200,000 for site remediation (the Grant); and
24
25

1 WHEREAS, On September 21, 2017, the Recreation and Park Commission adopted
2 Resolution No. 1709-004, recommending that the Board of Supervisors authorize RPD to
3 secure all necessary approvals and reviews as needed; and

4 WHEREAS, RPD agreed to the terms of the Grant Agreement which is on file with the
5 Clerk of the Board of Supervisors under File No. 190847 and which is hereby declared to be
6 part of this Resolution as if set forth fully herein; and

7 WHEREAS, The Grant terms prohibit including indirect costs in the grant budget; and

8 WHEREAS, The Grant will not require an amendment to the Annual Salary Ordinance;
9 now, therefore, be it

10 RESOLVED, That the Board of Supervisors approves the Grant Agreement; and, be it

11 FURTHER RESOLVED, That the Board of Supervisors authorizes the RPD General
12 Manager to enter into any modifications and amendments to the Grant Agreement, including
13 to any of its exhibits, and authorizes the RPD General Manager to execute further agreements
14 related to the Project, that the RPD General Manager determines, in consultation with the City
15 Attorney, are in the best interests of the City and do not materially increase the obligations or
16 liabilities of the City, are necessary or advisable to effectuate the purposes of the Project or
17 this Resolution, and are in compliance with all applicable laws, including the City's Charter;
18 and, be it

19 FURTHER RESOLVED, That the Board of Supervisors hereby waives inclusion of.
20 indirect costs as part of this Grant budget; and, be it

21 FURTHER RESOLVED, That the Board of Supervisors authorizes the RPD General
22 Manager, and his or her designee, to conduct all negotiations, and execute and submit all
23 documents, including but not limited to applications, agreements, amendments, payment
24 requests and so on, that may be necessary for the completion of the Project.

NOTICE OF AWARD			
Based on your Application dated 06/28/2017 including all modifications and amendments, the United States acting by and through the US Environmental Protection Agency (EPA) hereby awards \$1,200,000. EPA agrees to cost-share 45.38% of all approved budget period costs incurred, up to and not exceeding total federal funding of \$1,200,000. Recipient's signature is not required on this agreement. The recipient demonstrates its commitment to carry out this award by either: 1) drawing down funds within 21 days after the EPA award or amendment mailing date; or 2) not filing a notice of disagreement with the award terms and conditions within 21 days after the EPA award or amendment mailing date. If the recipient disagrees with the terms and conditions specified in this award, the authorized representative of the recipient must furnish a notice of disagreement to the EPA Award Official within 21 days after the EPA award or amendment mailing date. In case of disagreement, and until the disagreement is resolved, the recipient should not draw down on the funds provided by this award/amendment, and any costs incurred by the recipient are at its own risk. This agreement is subject to applicable EPA regulatory and statutory provisions, all terms and conditions of this agreement and any attachments.

Administrative Conditions

The recipient agrees to comply with the current EPA general terms and conditions available at: <https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-april-27-2017-or-later>. These terms and conditions are in addition to the assurances and certifications made as a part of the award and the terms, conditions, or restrictions cited throughout the award. The EPA repository for the general terms and conditions by year can be found at: <https://www.epa.gov/grants/grant-terms-and-conditions>

A. Annual Federal Financial Report (FFR) - SF 425

For awards with cumulative project and budget periods greater than 12 months, the recipient will submit an annual FFR (SF 425) covering the period from "project/budget period start date" to **September 30** of each calendar year to the U.S. EPA Las Vegas Finance Center (LVFC). The FFR will be submitted electronically to lvfc-grants@epa.gov no later than **December 30** of the same calendar year. The form with instructions can be found on LVFC's website at <https://www.epa.gov/financial/grants>.

B. Procurement

The recipient will ensure all procurement transactions will be conducted in a manner providing full and open competition consistent with 2 CFR Part 200.319. In accordance 2 CFR Part 200.323 the grantee and subgrantee(s) must perform a cost or price analysis in connection with applicable procurement actions, including contract modifications.

State recipients must follow procurement procedures as outlined in 2 CFR Part 200.317.

C. Six Good Faith Efforts 40 CFR Part 33, Subpart C

Pursuant to 40 CFR Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to require that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
- (e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.
- (f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

D. Utilization of Disadvantaged Business Enterprises

General Compliance, 40 CFR Part 33

The recipient agrees to comply with the requirements of EPA's Disadvantaged Business Enterprise (DBE) Program for procurement activities under assistance agreements, contained in 40 CFR Part 33.

Fair Share Objectives, 40 CFR Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR Section 33.411 some recipients may be exempt from the fair share objective requirements as described in 40 CFR Part 33, Subpart D. Recipients should work with their DBE coordinator if they think their organization may qualify for an exemption.

The dollar amount of this assistance agreement, or the total dollar amount of all of the recipient's financial assistance agreements in the current federal fiscal year from EPA is \$250,000 or more. The recipient accepts the applicable MBE/WBE fair share objectives/goals negotiated with EPA by the California State Water Resources Control Board (CSWRCB) as follows:

	MBE	WBE
Construction	2%	1%
Equipment	1%	1%
Services	1%	1%
Supplies	1%	1%

The recipient accepts the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as CSWRCB.

Negotiating Fair Share Objectives/Goals, Section 33.404

The recipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the recipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the recipient is **not** accepting the fair share objectives/goals of another recipient. The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE Coordinator, Joe Ochab at Ochab.Joe@epa.gov, within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120-day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

Contract Administration Provisions, 40 CFR Section 33.302

The recipient agrees to comply with the contract administration provisions of 40 CFR Section 33.302.

Bidders List, 40 CFR Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR Section 33.501 (b) and (c) for specific requirements and exemptions.

E. MBE/WBE Reporting

General Compliance, 40 CFR Part 33, Subpart E – Reporting Condition

MBE/WBE reporting is required annually. Reporting is required for assistance agreements where there are funds budgeted for procuring construction, equipment, services and supplies, including funds budgeted for direct procurement by the recipient or procurement under subawards or loans in the "Other" category, that exceed the threshold amount of \$150,000, including amendments and/or modifications.

Based on EPA's review of the planned budget, this award meets the conditions above and is subject to Disadvantaged Business Enterprise (DBE) Program reporting requirements. Conversely, the recipient must submit to the GrantsRegion9@epa.gov a justification and budget detail within 21 days of the award date demonstrating that this award is not subject to the DBE reporting requirements.

The recipient agrees to complete and submit a "MBE/WBE Utilization under Federal Grants, Cooperative agreements" report (EPA Form 5700-52A) on an annual basis. All procurement actions that are reportable, not just that portion which exceeds \$150,000.

When completing the annual report, recipients are instructed to check the box titled "annual:" in section 1B of the form. For the final report, recipients must check the box indicated for the "last report" of the project in section 1B of the form. Annual reports are due by October 30th of each year. Final reports are due by October 30th or 90 days after the end of the project period, whichever comes first.

The reporting requirement is based on total procurements. Recipients with expended and/or budgeted funds for procurement are required to report annually whether the planned procurements take place during the reporting period or not. If no budgeted procurements take place during the reporting period, the recipient should check the box in section 5B when completing the form.

MBE/WBE reports should be sent to GrantsRegion9@epa.gov and assigned EPA Grants Specialist. The current EPA Form 5700-52A can be found at the EPA Office of Small Business Program's website at <https://www.epa.gov/resources-small-businesses/contract-administration-reporting-forms-disadvantaged-business>.

This provision represents an approved deviation from the MBE/WBE reporting requirements as described in 40 CFR Part 33, Section 33.502; however, the other requirements outlined in 40 CFR Part 33 remain in effect, including the Good Faith Effort requirements as described in 40 CFR Part 33, Subpart C, and Fair Share Objectives negotiation as described in 40 CFR Part 33, Subpart D.

F. Indirect Costs

The Cost Principles under 2 CFR Part 200, Subpart E apply to this award. Since there are no indirect costs included in the assistance budget, they are not allowable under this Assistance Agreement.

Programmatic Conditions

a.] Reporting

The recipient shall submit quarterly progress reports to the EPA Project Officer within 30 calendar days after the end of each Federal fiscal quarter (January 30, April 30, July 31, and October 30). These reports should include a discussion of the activities conducted during the quarter and progress towards milestones, problems encountered and their resolution, and activities planned for the next quarter. In addition, quarterly reports should identify any special EPA assistance needed, as well as provide a financial accounting of costs incurred during the quarter and cumulative project costs by task. The progress reports should include:

- A discussion of the activities conducted during the quarter (including a comparison of actual accomplishments with the anticipated outputs and outcomes specified in the workplan), progress towards milestones.
- Problems encountered with achieving outputs and outcomes, and their resolution, activities planned for the next quarter, a financial accounting of costs incurred during the reporting period, and cumulative project costs (EPA and match amounts) since the beginning of the project, by task.
- Identification of any special EPA assistance needed, and an explanation of any cost overruns. The recipient will notify the EPA Project Officer if something materially impairs their ability to complete the tasks and deliver the products, outputs and outcomes identified in the workplan.

Within 90 days of the end of the project period, the recipient must submit 1 hardcopy of the final

report, documenting project activities over the entire project period and the recipient's achievements with respect to the project's purposes and objectives. The final report must also be submitted electronically (by Email) to the EPA Project Officer.

b.] QAPP

This grant includes the performance of environmental measurements, therefore, a QA Plan or Sampling and Analysis Plan must be prepared. The recipient should consult with the Region 9 Quality Assurance Office to determine what type of QA documentation would be most appropriate and what QA guidance should be followed. The QA Plan must be approved by the EPA Project Officer, the Region 9 Quality Assurance Manager, and the recipient's Quality Assurance Officer before measurement activities are undertaken. Emergency measurements may be taken without a QA Plan being prepared if the Region 9 Quality Assurance Manager agrees that the nature of the data collection activity required due to the emergency warrants an exemption. Contact the QA Office at 415-972-3411.

c.] Grant Source Recognition

The recipient should publicly acknowledge the US EPA San Francisco Bay Water Quality Improvement Fund as the funding vehicle for the projects when the grantee is asked by public entities, federal agencies or state and local agencies about the projects and on-going results.

d.] Lab Competency - ensuring Competency of Organizations Generating Environmental Measurement Data

Following EPA Policy Directive Number FEM-2012-02, recipient agrees to demonstrate competency of any laboratory carrying out any activities involving the generation of environmental data on its behalf. Laboratory competency shall be maintained for the duration of the project period of this agreement and documented during the annual reporting process. A copy of the Policy is available online at <https://www.epa.gov/measurements>.

e.] Cybersecurity

(a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all State or Tribal law cybersecurity requirements as applicable.

(b)(1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data under this agreement, are secure. For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring information. Transitory, user-controlled connections such as website browsing are excluded from this definition.

If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) no later than 90 days after the date of this award and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(b)(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.331(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a

subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

3d Floor, Suite 3000
San Francisco, CA 94102-6067

RE: Notification of EPA Funding Status (#EPA-R9-SFBWQIF-17-01)

Dear Mr. Ginsburg:

It is my pleasure to inform you that EPA has selected the San Francisco Recreation and Park Department for funding under the San Francisco Bay Water Quality Improvement Fund (SFBWQIF). The "India Basin 900 Innes Remediation Project" will improve the water quality of San Francisco Bay by removing approximately 3500 cubic yards of contaminated sediments from India Basin's subtidal areas to support habitat restoration and public access to the shoreline for the Bayview Hunters Point community.

We received over \$16 million in project requests in response to this year's solicitation and your proposal is one of four selected to share the \$4.3 million available in 2017. EPA looks forward to working with you to communicate the important benefits and impact that your project brings to the local community.

The SFBWQIF is a competitive grant program administered by EPA to support projects that restore wetlands and watersheds, and reduce polluted runoff impacting San Francisco Bay. Since 2008, the SFBWQIF has invested over \$44 million in 61 projects leveraging an additional \$153 million to achieve environmental results throughout the nine Bay Area counties.

Your SFBWQIF project officer, Luisa Valiela, will be contacting you soon to provide instructions for completing the grant application process. Congratulations and thank you for your important work to improve San Francisco Bay and its watersheds.

Sincerely,

Tomás Torres, Director
Water Division
