Any work by Contractor or its authorized subcontractors using, or sharing or storage of, City Data outside the continental United States is prohibited, absent prior written authorization by City. Access to City Data must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. City Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Contractor. Contractor is provided a limited non-exclusive license to use City Data solely for performing its obligations under the Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to City Data, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Contractor, subcontractors or other third-parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.
- 13.4.2 Disposition of City Data. Upon request of City or termination or expiration of this Agreement, Contractor shall promptly, but in no event later than thirty (30) calendar days, return all City Data given to, or collected or created by Contractor on City's behalf, which includes all original media. Contractor shall comply with all applicable laws that require the notification to individuals in the event of unauthorized release of PII, PHI, or other event requiring notification. Contractor shall notify City of any actual or potential exposure or misappropriation of City Data (any "Leak") within twenty-four (24) hours of the discovery of such, but within twelve (12) hours if the Data Leak involved PII or PHI. Contractor, at its own expense, will reasonably cooperate with City and law enforcement authorities to investigate any such Leak and to notify injured or potentially injured parties. Contractor shall pay for the provision to the affected individuals of twenty-four (24) months of free credit monitoring services, if the Leak involved information of a nature reasonably necessitating such credit monitoring. The remedies and obligations set forth in this subsection are in addition to any other City may have. City shall conduct all media communications related to such Leak.

13.7 Protected Health Information. Contractor, all subcontractors, all agents and employees of Contractor and any subcontractor shall comply with all federal and state laws regarding the transmission, storage and protection of all private health information disclosed to Contractor by City in the performance of this Agreement. Contractor agrees that any failure of Contractor to comply with the requirements of federal and/or state and/or local privacy laws shall be a material breach of the Contract. In the event that City pays a regulatory fine, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible use or disclosure of protected health information given to Contractor or its subcontractors or agents by City, Contractor shall indemnify City for the amount of such fine or penalties or damages, including costs of notification. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract.

### San Francisco Department of Public Health Business Associate Agreement

### o. Breach Pattern or Practice by Business Associate's Subcontractors and Agents.

Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

### 3. Termination.

- **a. Material Breach.** A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]
- **b.** Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.
- c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI. Per the Secretary's guidance, the City will accept destruction of electronic PHI in accordance with the standards enumerated in the NIST SP 800-88, Guidelines for Media Sanitization. The City will accept destruction of PHI contained in paper records by shredding, burning, pulping, or pulverizing the records so that the PHI is rendered unreadable, indecipherable, and otherwise cannot be reconstructed.
- **d.** Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure or Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

### San Francisco Department of Public Health Business Associate Agreement

**e. Disclaimer.** CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

### 4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

### 5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

#### SECTION 1 - "THIRD PARTY" CATEGORIES

- 1. **Third Party In General**: means an entity seeking to access a Department Computer System. Third Party includes, but is not limited to, Contractors (including but not limited to Contractor's employees, agents, subcontractors), Researchers, and Grantees, as further defined below. Category-specific terms for Treatment Providers, Education Institutions, and Health Insurers are set forth Sections 4 through 6, herein.

#### **SECTION 2 - DEFINITIONS**

- 1. "Agreement" means an Agreement between the Third Party and Department that necessitates Third Party's access to Department Computer System. Agreement includes, but is not limited to, clinical trial agreements, accreditation agreements, affiliation agreements, professional services agreements, no-cost memoranda of understanding, and insurance network agreements.
- 2. "**Department Computer System**" means an information technology system used to gather and store information, including Department Confidential Information, for the delivery of services to the Department.
- 3. "Department Confidential Information" means information contained in a Department Computer System, including identifiable protected health information ("PHI") or personally identifiable information ("PII") of Department patients.

- 5. "User" means an individual who is being provided access to a Department Computer Systems on behalf of Third Party. Third Party Users include, but are not limited to, Third Party's employees, students/trainees, agents, and subcontractors.

## **SECTION 3 – GENERAL REQUIREMENTS**

- 1. **Third Party Staff Responsibility**. Third Party is responsible for its work force and each Third Party User's compliance with these Third Party System Access Terms and Conditions.
- 2. **Limitations on Access**. User's access shall be based on the specific roles assigned by Department to ensure that access to Department Computer Systems and Department Confidential Information is limited to the minimum necessary to perform under the Agreement.

- 3. **Qualified Personnel**. Third Party and Department (i.e., training and onboarding) shall ensure that Third Party Users are qualified to access a Department Computer System.
- 4. **Remote Access/Multifactor Authentication**. Department may permit Third Party Users to access a Department Computer System remotely. Third Party User shall use Department's multifactor authentication solution when accessing Department systems remotely or whenever prompted.
- 5. **Issuance of Unique Accounts**. Department will issue a unique user account for each User of a Department Computer System. Third Party User is permitted neither to share such credentials nor use another user's account.
- 6. **Appropriate Use**. Third Party is responsible for the appropriate use and safeguarding of credentials for Department Computer System access issued to Third Party Users. Third Party shall take the appropriate steps to ensure that their employees, agents, and subcontractors will not intentionally seek out, download, transfer, read, use, or disclose Department Confidential Information other than for the use category described in Section 1 "Third Party" Categories.
- 7. **Notification of Change in Account Requirements**. Third Party shall promptly notify Department via Third Party's Report for DPH Service Desk (<a href="deph.helpdesk@sfdph.org">deph.helpdesk@sfdph.org</a>) in the event that Third Party or a Third Party User no longer has a need to use Department Computer Systems(s), or if the Third Party User access requirements change. Such notification shall be made no later than one (1) business day after determination that use is no longer needed or that access requirements have changed.
- 8. **Assistance to Administer Accounts**. The Parties shall provide all reasonable assistance and information necessary for the other Party to administer the Third Party User accounts.
- 9. **Security Controls**. Third Party shall appropriately secure Third Party's computing infrastructure, including but not limited to computer equipment, mobile devices, software applications, and networks, using industry standard tools to reduce the threat that an unauthorized individual could use Third Party's computing infrastructure to gain unauthorized access to a Department Computer System. Third Party shall also take commercially reasonable measures to protect its computing infrastructure against intrusions, viruses, worms, ransomware, or other disabling codes. General security controls include, but are not limited to:
  - a **Password Policy**. Third Party must maintain a password policy based on information security best practices for password length, complexity, and reuse. Third Party credentials used to access Third Party networks and systems must be configured for a password change no greater than every 90 calendar days.
  - b Workstation/Laptop Encryption. All Third Party-owned or managed workstations, laptops, tablets, smart phones, and similar devices that access a Department Computer System must be configured with full disk encryption using a FIPS 140-2 certified algorithm.
  - c **Endpoint Protection Tools**. All Third Party-owned or managed workstations, laptops, tablets, smart phones, and similar devices that access a Department Computer System must maintain a current installation of comprehensive anti-virus, anti-malware, anti-ransomware, desktop firewall, and intrusion prevention software with automatic updates scheduled at least daily.
  - d **Patch Management**. To correct known security vulnerabilities, Third Party shall install security patches and updates in a timely manner on all Third Party-owned workstations, laptops, tablets, smart phones, and similar devices that access Department Computer Systems based on Third Party's risk assessment of such patches and updates, the technical requirements of Third Party's computer systems, and the vendor's written recommendations. If patches and

updates cannot be applied in a timely manner due to hardware or software constraints, mitigating controls must be implemented based upon the results of a risk assessment.

- e Mobile Device Management. Third Party shall ensure both corporate-owned and personally owned mobile devices have Mobile Device Management (MDM) installed. Given the prevalence of restricted data in Third Party's environment, all mobile devices used for Third Party's business must be encrypted. This applies to both corporate-owned and privately-owned mobile devices. At a minimum, the MDM should: Enforce an entity's security policies and perform real-time compliance checking and reporting; Enforce strong passwords/passcodes for access to mobile devices; Perform on-demand remote wipe if a mobile device is lost or stolen; Mandate device encryption.
- 10. Auditing Accounts Issued. Department reserves the right to audit the issuance and use of Third Party User accounts. To the extent that Department provides Third Party with access to tools or reports to audit what Department Confidential Information a Third Party User has accessed on a Department Computer System, Third Party must perform audits on a regular basis to determine if a Third Party User has inappropriately accessed Department Confidential Information.
- 11. **Assistance with Investigations**. Third Party must provide all assistance and information reasonably necessary for Department to investigate any suspected inappropriate use of a Department Computer Systems or access to Department Confidential Information. The Department may terminate a Third Party' User's access to a Department Computer System following a determination of inappropriate use of a Department Computer System.
- 12. **Inappropriate Access, Failure to Comply**. If Third Party suspects that a Third Party User has inappropriately accessed a Department Computer System or Department Confidential Information, Third Party must immediately, and within no more than one (1) business day, notify Department.
- 13. **Policies and Training**. Third Party must develop and implement appropriate policies and procedures to comply with applicable privacy, security and compliance rules and regulations. Third Party shall provide appropriate training to Third Party Users on such policies. Access will only be provided to Third Party Users once all required training is completed.
- 14. **Third Party Data User Confidentiality Agreement**. Before Department Computer System access is granted, as part of Department's compliance, privacy, and security training, each Third Party User must complete Department's individual user confidentiality, data security and electronic signature agreement form. The agreement must be renewed annually.
- 15. **Corrective Action**. Third Party shall take corrective action upon determining that a Third Party User may have violated these Third Party System Access Terms and Conditions.
- 16. **No Technical or Administrative Support**. Except as provided herein or otherwise agreed, the Department will provide no technical or administrative support to Third Party or Third Party User(s) for Department Computer System access; provided, however, that the foregoing does not apply to technical or administrative support necessary to fulfill Third Party's contractual and/or legal obligations, or as required to comply with the terms of this Agreement.

#### SECTION 4 – ADDITIONAL REQUIREMENTS FOR TREATMENT PROVIDERS

1. **Permitted Access, Use and Disclosure**. Treatment Providers and Treatment Provider Users shall access Department Confidential Information of a patient/client in accordance with applicable privacy rules and data protection laws. Requests to obtain data for research purposes require approval from an Institutional Review Board (IRB).

- 2. **Redisclosure Prohibition**. Treatment Providers may not redisclose Department Confidential Information, except as otherwise permitted by law.
- 3. **HIPAA Security Rule**. Under the HIPAA Security Rule, Treatment Providers must implement safeguards to ensure appropriate protection of protected/electronic health information (PHI/EHI), including but not limited to the following:
  - a) Ensure the confidentiality, integrity, and security of all PHI/EHI they create, receive, maintain or transmit when using Department Computer Systems;
  - b) Identify and protect against reasonably anticipated threats to the security or integrity of the information;
  - c) Protect against reasonably anticipated, impermissible uses or disclosures; and
  - d) Ensure compliance by their workforce.
