8 banks that engage in socially and environmentally destructive practices that are fundamentally
9 against the values of San Franciscans, from predatory lending practices for low-income
10 communities of color, to funding fossil fuel extraction, firearms, prisons and detention centers,
11 to charging the City high interest rates on loans for retrofitting our schools and hospitals; and

12 WHEREAS, A bank owned by the City and County of San Francisco would allow the
13 city to have more local control, transparency, self-determination, and allow us to move in a
14 direction to achieve sustainable community investments such as affordable housing, small
15 business development, loans to low-income households, public transit, infrastructure,
16 renewable energy, and;

17 WHEREAS, A recent report from the Budget and Legislative Analyst notes that "a

21 pursue opportunities to create a municipal bank;

16 WHEREAS, The State of California does not currently have a public banking charter
17 option, whether at the municipal, regional or state level, providing a major obstacle in the
18 efforts to explore a public bank and preventing public banks from obtaining a banking charter
19 and becoming operational;

20 WHEREAS, The California Public Bank Alliance is currently working to introduce a bill
