Good Afternoon Madame Clerk

We want to thank Mr Peskin for including this information into the record. Planning has been working with Fifth Church for years and the input and analysis applied to the recommended approval has been consistent with these studies. The project has been designed to directly respond to and address the recommendations, within the limitations of financeability and we wish to thank all for the printed clarification of the recommended size of the units and the shared services provided, included but not limited to onsite child service and support.

We look forward to hearing the discussion of the members.
