19 Section 1. Findings.

20 (a) Environmental and Land Use Findings.

21 (1) The Planning Department has determined that the Planning Code
 22 amendment proposed in this ordinance is subject to a Categorical Exemption from the
 23 California Environmental Quality Act (California Public Resources Code Sections 21000 et
 24 seq., hereinafter "CEQA") pursuant to Section 15308 of California Code of Regulations,
 25 Title 14, Sections 15000 et seq., the Guidelines for implementation of the statute, for actions
 by regulatory agencies for protection of the environment (in this case, landmark designation).

1 Said determination is on file with the Clerk of the Board of Supervisors in File No. 260161 and
2 is incorporated herein by reference. The Board of Supervisors affirms this determination.

3 (2) Pursuant to Planning Code Section 302, the Board of Supervisors finds that
4 the proposed landmark designation of the Mission Folk Victorian Home will serve the public
5 necessity, convenience, and welfare for the reasons set forth in Historic Preservation
6 Commission Resolution No. 1519, recommending approval of the proposed designation,
7 which is incorporated herein by reference.

8 (3) The Board of Supervisors finds that the proposed landmark designation of
9 the Mission Folk Victorian Home is consistent with the General Plan and with Planning Code
10 Section 101.1(b) for the reasons set forth in Historic Preservation Commission Resolution
11 No. 1519, which is incorporated herein by reference.

12 (b) General Findings.

13 (1) On October 21, 2025, the Board of Supervisors adopted Resolution
14 No. 497-25, initiating landmark designation of the Mission Folk Victorian Home as a San
15 Francisco landmark pursuant to Section 1004.1 of the Planning Code. On October 25, 2025,
16 the Mayor approved the resolution. Said resolution is on file with the Clerk of the Board of
17 Supervisors in File No. 250848.

18 (2) Pursuant to Charter Section 4.135, the Historic Preservation Commission
19 has authority “to recommend approval, disapproval, or modification of landmark designations
20 and historic district designations under the Planning Code to the Board of Supervisors.”

21 (3) The Landmark Designation Fact Sheet was prepared by Planning
22 Department Preservation staff. All preparers meet the Secretary of the Interior’s Professional
23 Qualification Standards for historic preservation program staff, as set forth in Code of Federal
24 Regulations Title 36, Part 61, Appendix A. The report was reviewed for accuracy and
25 conformance with the purposes and standards of Article 10 of the Planning Code.

1 (4) The Historic Preservation Commission, at its regular meeting of
2 January 21, 2026, reviewed Planning Department staff's analysis of the Mission Folk Victorian
3 Home set forth in the Landmark Designation Fact Sheet dated January 21, 2026.

4 (5) On January 21, 2025, after holding a public hearing on the proposed
5 designation and having considered the specialized analyses prepared by Planning
6 Department staff and the Landmark Designation Fact Sheet, the Historic Preservation
7 Commission recommended designation of the Mission Folk Victorian Home as a landmark
8 consistent with the standards set forth in Section 1004 of the Planning Code, by Resolution
9 No. 1519. Said resolution is on file with the Clerk of the Board of Supervisors in File
10 No. 260161.

11 (6) The Board of Supervisors hereby finds that the Mission Folk Victorian Home
12 has a special character and special historical, cultural, architectural, and aesthetic interest and
13 value, and that its designation as a landmark will further the purposes of and conform to the
14 standards set forth in Article 10 of the Planning Code. In doing so, the Board of Supervisors
15 hereby incorporates by reference the findings of the Landmark Designation Fact Sheet.

16
17 Section 2. Designation.

18 Pursuant to Section 1004.3 of the Planning Code, the Mission Folk Victorian Home,
19 located at 361 San Jose Avenue, Assessor's Parcel Block No. 6531, Lot No. 21A, is hereby
20 designated as a San Francisco landmark consistent with the standards set forth in
21 Section 1004. Appendix A to Article 10 of the Planning Code is hereby amended to include
22 this property.

23
24 Section 3. Required Data.

1 (a) The description, location, and boundary of the landmark site consists of the
2 footprint of the Mission Folk Victorian Home, being on Assessor's Parcel Block No. 6531, Lot
3 No. 021A, on the east side of San Jose Avenue between 25th and 26th Streets in San
4 Francisco's Mission neighborhood, as shown in the Landmark Designation Fact Sheet.

5 (b) The characteristics of the landmark that justify its designation are described and
6 shown in the Landmark Designation Fact Sheet and other supporting materials contained in
7 Planning Department Record Docket No. 2025-010430DES. In brief, the Mission Folk
8 Victorian Home, located at 361 San Jose Avenue, is eligible for local designation because it is
9 significant for its association with early settlement of San Francisco's Mission District, as well
10 as being an early and intact example of Folk Victorian architecture. Constructed
11 circa 1865, 361 San Jose Avenue is a 1-1/2 story, wood framed single family residence. Along
12 with other early settlement styles, Folk Victorian properties represent a very early time in the
13 City's development history shortly after the California Gold Rush when San Francisco began
14 expanding from a small hamlet to an ever-growing metropolitan region.

15 (c) The particular features that should be preserved, or replaced in kind as determined
16 necessary, are those generally shown in photographs and described in the Landmark
17 Designation Fact Sheet, which can be found in Planning Department Record Docket
18 No. 2025-010430DES, and which are incorporated in this designation by reference as though
19 fully set forth herein. Specifically, the features that are character-defining and shall be
20 preserved or replaced in kind are the exterior elevations, form, massing, structure, rooflines,
21 architectural ornament, and materials of the original portion of the property, identified as:

- 22 (1) Location of the house on the property with front and side setbacks;
- 23 (2) Physical and visual connection between front façade of the house and street;
- 24 (3) One-and-a-half story massing;
- 25 (4) Horizontal wood siding;

- 1 (5) Rectangular plan;
- 2 (6) Side-gable shingled roof;
- 3 (7) West facing primary façade;
- 4 (8) Primary front entry with wood paneled door;
- 5 (9) Full-length front porch with wood railing and pent roof supported by square
- 6 capitals with sawn ornamental wood brackets; and
- 7 (10) Multi-lite wood sash windows with flattened window surrounds.

LEGISLATIVE DIGEST

[Planning Code - Landmark Designation - Mission Folk Victorian Home]

Ordinance amending the Planning Code to designate the Mission Folk Victorian Home, located at 361 San Jose Avenue, Assessor's Parcel Block No. 6531, Lot No. 21A, on the east side of San Jose Avenue between 25th and 26th Streets, as a Landmark consistent with the standards set forth in Article 10 of the Planning Code; affirming the Planning Department's determination under the California Environmental Quality Act; and making public necessity, convenience, and welfare findings under Planning Code, Section 302, and findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

Existing Law

Under Article 10, Section 1004 of the Planning Code, the Board of Supervisors may, by ordinance, designate an individual structure that has special character or special historical, architectural or aesthetic interest or value as a City landmark. Unless prohibited by state law, once a structure has been named a landmark, any construction, alteration, removal or demolition for which a City permit is required necessitates a Certificate of Appropriateness from the Historic Preservation Commission. (Planning Code § 1006; Charter of the City and County of San Francisco, § 4.135.) Thus, landmark designation generally affords a high degree of protection to historic and architectural structures of merit in the City. There are currently more than 300 individual landmarks in the City under Article 10, in addition to structures and districts in the downtown area that are protected under Article 11. (See App. A to Article 10.)

Amendments to Current Law

This ordinance amends the Planning Code to add a new historic landmark to the list of individual landmarks under Article 10: Mission Folk Victorian Home, located at 361 San Jose Avenue, Assessor's Parcel Block No. 6531, Lot No. 21A. The ordinance finds that the Mission Folk Victorian Home is eligible for local designation for its association with early settlement of San Francisco's Mission District, as well as being an early and intact example of Folk Victorian architecture. Constructed circa 1865, the property is a 1-1/2 story, wood framed single family residence. Along with other early settlement styles, Folk Victorian properties represent a very early time in the City's development history shortly after the California Gold Rush when San Francisco began expanding from a small hamlet to an ever-growing metropolitan region. As required by Section 1004, the ordinance lists the particular features that shall be preserved, or replaced in-kind, as determined necessary.

RECOMMENDATION: Recommend Landmark Designations to Board of Supervisors

Background

The Family Zoning Plan (FZP) Landmark Designation Program (Program) is being undertaken in conjunction with the implementation of FZP, with the objective of allowing for more housing, while still preserving San Francisco's most cherished architectural, cultural, and/or historical resources. This Program is being overseen by the Planning Department in conjunction with District Supervisors and project partners. The Program includes designating properties which are currently identified as Category A-rated historical resources through past Surveys and Historic Resource Reviews, as Planning Code Article 10 Landmarks. Phase 1 of this effort focuses on properties outside of Public and RH Zoning Districts, with 0-1 dwelling units. In addition, properties with strong underrepresented community associations as identified in Cultural Historic Context Statements, are also being considered. Later phases of the Program will recommend additional Article 10 Landmarks that fall within the RH Zoning Districts, are identified through the San Francisco Citywide Cultural Resources Survey, and/or are identified through future Cultural Historic Context Statements.

At the July 29th, 2025 Board of Supervisors hearing, District 8 Supervisor Rafael Mandelman initiated sixteen properties as outlined in this case report, as the Program's District 8 Phase 1 Article 10 Landmarks. Of the initiated landmarks, eight properties have known underrepresented community associations, including seven properties from the adopted LGBTQ Historic Context Statement, and one property from the draft American Indian Historic Context Statement. The other eight properties are existing Category A-rated historic resources,

with 0-1 dwelling units, outside of Public and RH Zoning Districts, that were identified by Planning Department Preservation Staff as having exemplary architectural, historical and/or cultural significance. Subsequent to initiation, the sixteen landmark designation initiation resolutions were recommended by the Land Use and Transportation Committee on October 6, 2025, adopted by the Board of Supervisors on October 21, 2025, and signed by Mayor Daniel Lurie on October 24, 2025. Planning Department staff have concurrently been working with other San Francisco District Supervisors on identifying potential Article 10 Landmarks in their respective districts as part of the Program.

Property Descriptions

The following sixteen properties are recommended as the Program's District 8 Phase 1 Article 10 Landmarks:

1451 Masonic Avenue (American Indian Historical Society / Chautauqua House) is a two-story single-family residential property with attached garage in the Ashbury Heights neighborhood near Buena Vista Park, constructed circa 1900. The property includes smooth stucco siding, a hipped roof, wood windows, and appears to have been subject to few exterior alterations. From 1967-1986 the property served as the headquarters of the American Indian Historical Society, also known as the Chautauqua House.

361 San Jose Avenue (Mission Folk Victorian Home) is one-and-a-half story, single-family residential property in the lower Mission neighborhood, near the boundaries of Bernal Heights and Noe Valley. Amongst the oldest extant buildings in the neighborhood, the wood-framed property is a rare example of Folk Victorian architecture in San Francisco with intact features including its full length front porch and square capitals with sawn ornamental wood brackets. The property was built circa 1865, pursuant to an 1869 U.S. Coast Survey Map.

102 Guerrero Street (Geilfuss on Guerrero) is a two-story residential property in the upper Mission neighborhood, near the boundaries of the Castro/Upper Market neighborhood. Constructed in 1873, the home was designed by prominent San Francisco based architect Henry Geilfuss, and restored in 1980. The home displays exemplary features characteristic of Stick-Eastlake style including style including elongated brackets extending the full length of the building, elaborate wooden ornamentation, and applied stickwork mimicking interior structural supports.

1458 Valencia Street (Engine Company No. 13) is a two-story residential property in the lower Mission neighborhood near the boundaries of Bernal Heights and Noe Valley. Constructed in 1883, the property is San Francisco's oldest firehouse, and served as such until 1958. The property is a rare brick firehouse in Italianate design and has been subject to few exterior alterations.

1757 Waller Street (Firehouse: Hose Company #30) is a two-story office building in the Haight Ashbury neighborhood near the eastern boundary of Golden Gate Park. The property was constructed as a firehouse in 1895, and served as such in 1956. The building is constructed of granite and wood in the Italianate style.

1660 Church Street (Saint Paul's Church) is a one-story church in the Noe Valley neighborhood, near the boundaries of Bernal Heights and Glen Park. Constructed in 1901, the property is an exemplary example of Gothic Revival architecture, designed by Shea and Shea which included Architect of Merit Frank Shea. The

property is clad in stone with decorative features including lancet windows, rose windows, and copper capped spires.

2005 15th Street (St. Nicholas Cathedral) is a two-story church in the Castro/Upper Market neighborhood, just southeast of Market Street, near the western boundary of the Mission. Constructed in 1904, the property is an exemplary example of Gothic Revival architecture. Originally constructed as St. Luke's German Evangelical Church, the property was acquired by the Russian Orthodox Church and renamed St. Nicholas Cathedral in 1960, at which point the onion domed finial and Orthodox cross were added.

3281 16th Street (St. Matthew's Church) is a two-story church in the Mission neighborhood near Mission Dolores. Constructed in 1907, the property is an exemplary example of Gothic Revival architecture. The wood clad building includes decorative features such as a rose window, lancet openings, and pyramidal hipped roof and cross.

400-410 Castro Street (Bank of Italy Branch Building) is a two-story, commercial building in the Castro/Upper Market neighborhood, at the southwest corner of the Castro and Market Streets intersection near other existing Article 10 landmarks including Twin Peaks Tavern, the Castro Theatre and the Rainbow Flag Installation at Harvey Milk Plaza. The property was constructed in 1922 as the Bank of Italy, and later became a Bank of America branch, followed by continued commercial uses. The building includes a non-historic southern addition built past the period of significance. The building is an intact example of Beaux Arts architecture.

100-117 Diamond Street (Most Holy Redeemer Church Complex) consists of four buildings including the Church (110 Diamond Street), Rectory (100 Diamond Street), Convent (115 Diamond Street), and School (117 Diamond Street) in the Castro/Upper Market neighborhood near the Eureka Valley Recreation Center. The buildings were constructed independently between the years of 1901-1939. The Complex has a layered history, including initially serving as an important turn-of-the-century religious and social hub for Eureka Valley's immigrant communities including Irish, German and Italian residents. The Complex's later significance includes the Coming Home Hospice in the former convent, which was established in 1987 as reportedly the nation's first AIDS hospice.

220 Danvers Street (Sha'ar Zahav (Historic Location)) is a single-family two-story dwelling in the Castro/Upper Market neighborhood near Kite Hill Open Space and Twin Peaks. The building was constructed as a church in 1904, serving as the Church of Jesus Christ of Latter Day Saints until it was purchased by Sha'ar Zahav, San Francisco's first gay Jewish synagogue, in 1983. Sha'ar Zahav, then occupied the property until 1998 when it moved to its present location on Dolores Street. The property was then converted to a residence, though the wood framed building retains features characteristic of religious properties including lancet windows and a front tower.

925-941 Cole Street (Maud's) is a one-story commercial property in Cole Valley, near Golden Gate Park. Constructed in 1916, the one-story, double height, brick clad building includes several commercial storefronts. From 1967-1986 the middle two storefronts were occupied by Maud's, one of San Francisco's earliest, most popular, and longest running lesbian bars. The storefronts have been subject to exterior alterations since construction, though the center two storefronts have not been significantly altered from its period of significance, and the former Maud's location continues to be used as a bar.

4200 20th Street (Bob Ross House) is a single-family one-story over garage corner residential property clad in stucco and brick in the Castro/Upper Market neighborhood near the Noe Valley boundary. The property was constructed in 1916 by builders Orrin Knox and Son, with a detached garage constructed at the western end of the lot in 1925. From 1977-1993, the property served as the home of Bay Area Reporter co-founder Bob Ross who was instrumental in helping Harvey Milk win the Board of Supervisors election, and held frequent political and professional events out of the property.

4416 18th Street (Full Moon Coffeeshouse) is a mixed-use building in the Castro/Upper Market neighborhood. The three-story building includes ground floor commercial below two stories of residential units. Constructed in 1908, the building retains Classical Revival features including a bracketed cornice and angled bays, though the windows have been replaced. From 1974-1977 the ground level commercial space served as the Full Moon Coffeeshouse, credited as San Francisco's first women-only establishment, and a popular social space for lesbians at a time when the Castro was largely dominated by gay men.

578-582 Castro Street (Castro Rock Steam Baths) is a three-story mixed-use building in the Castro/Upper Market neighborhood near the Eureka Valley Recreation Center. The property was constructed in 1895 by builder Fernando Nelson, and retains Stick-Eastlake features including elaborate wooden ornamentation and elongated brackets at the cornice line extending down the building. From 1971-1977 the Castro Rock Steam baths occupied the lower portion of the building, which was an important social center for gay men in the Castro's 1970s heydays before the onset of AIDS.

514-520 Castro Street (San Francisco AIDS Foundation) is a two-story mixed-use building with ground floor retail in the Castro/Upper Market neighborhood. Constructed in 1906, the property includes Mediterranean Revival features such as red Spanish clay tile roofs, ornamental molding, and a decorative beltcourse, though ground level storefronts are fairly altered. In 1982, the property served as the original home of the San Francisco AIDS Foundation, one of the nation's first AIDS organizations.

Compliance With Planning Code

Article 10 of the Planning Code

The executive summary and analysis under review was prepared by Department preservation staff, who meet the Secretary of the Interior's professional qualifications. The Department has determined that the subject properties meet the requirements for eligibility as individual landmarks pursuant to Article 10 of the Planning Code. The justification for its inclusion is explained in detail in the attached Landmark Designation Fact Sheets, and briefly in this Executive Summary.

Significance:

Underrepresented Landmark Types: Several of the proposed landmark designations address one of the priorities established by the Historic Preservation Commission for new landmarks, specifically due to associations with underrepresented communities, as follows:

- **American Indian** - If designated, the American Indian Historical Society / Chautauqua House at 1451 Masonic Avenue would be the first Article 10 Landmark specifically designated for its association with American Indian history. To date, there are no Article 10 Landmarks designated for their associations with San Francisco's American Indian community. While certain existing Landmarks, such as Mission Dolores (Article 10 Landmark #1) have associations with American Indian history, the designation report completely ignores the American Indian association and the harmful impact of colonization.
- **LGBTQ** – Of the Program's sixteen District 8 Phase 1 Article 10 Landmarks, seven have LGBTQ associations as listed below. To date, ten out of 321 Article 10 Landmarks have been designated specifically for their associations with LGBTQ History.
 - 100-117 Diamond Street (Most Holy Redeemer Church Complex) – significant for its history of Roman Catholic relations with LGBTQ communities, and for its use as the Coming Home Hospice, reportedly the nation's first AIDS hospice.
 - 220 Danvers Street (Sha'ar Zahav (Historic Location)) – significant for its historical association with San Francisco's LGBTQ Jewish community as the original home of Sha'ar Zahav, San Francisco's first gay synagogue.
 - 925-941 Cole Street (Maud's) – significant as the location of one of San Francisco's earliest, most popular and longest running lesbian bars.
 - 4200 20th Street (Bob Ross House) – significant as the former residence of Bay Area Reporter co-founder Bob Ross, who held frequent political and professional events out of the property.
 - 4416 18th Street (Full Moon Coffeehouse) – significant as the location of San Francisco's first women only establishment.
 - 582 Castro Street (Castro Rock Steam Baths) – significant as an important social center for gay men in the 1970s.
 - 514-520 Castro Street (San Francisco AIDS Foundation) – significant as the original location of one of the nation's first AIDS organizations in the early 1980s.
- **Women** – Two of the proposed LGBTQ landmarks, have strong associations with San Francisco Lesbian history; specifically 925-941 Cole Street (Maud's) and 4416 18th Street (Full Moon Coffeehouse). To-date

only one out of 321 existing designated Article 10 landmark has a particularly strong association with Lesbian history, specifically the Lyon-Martin House (Article 10 Landmark #292 at 651 Duncan Street). Approximately eight additional Article 10 landmarks have known associations with other facets of women's history, though in many cases the designation reports do not discuss this history in detail.

- **Jewish** – One of the proposed LGBTQ Landmarks, also has a strong association with San Francisco Jewish American history. Specifically, 220 Danvers Street as the historic location of Sha'ar Zahav, San Francisco's first Gay Jewish synagogue. To date, seven of the existing Article 10 Landmarks have known Jewish American associations, though in many cases the designation reports do not discuss this history.

Public/Neighborhood Input

Planning Department staff conducted outreach and engagement for property owners, occupants and other interested community members, as follows:

- **Castro LGBTQ Cultural District** – On 2/12/2025, Planning Department staff presented to the Castro LGBTQ Cultural District Land Use Committee, specifically highlighting the proposed landmarks with LGBTQ associations located within the Cultural District's boundaries.
- **American Indian Cultural District** – On 3/5/2025, Planning Department staff presented to the American Indian Cultural District, given the historical association of 1451 Masonic Avenue (American Indian Historical Society / Chautauqua House). San Francisco Heritage staff also attended the meeting.
- **Community Forums** – In conjunction with District 8 Supervisor Rafael Mandelman's office, the Planning Department hosted an in-person and virtual community forum (4/2/2025 and 4/3/2025, respectively) on the proposed FZP District 8 Phase 1 Landmarks. Property owners, occupants, and registered neighborhood groups were invited to attend. The forums provided an opportunity for attendees to learn more about the FZP Landmark Program, as well as benefits and requirements associated with landmarked properties.
- **Property Owner Conversations** - Since the April 2025 Community Forums, Planning Department staff have had subsequent meetings and/or phone conversations with property owners on a case-by-case basis, including the property owners of 925-941 Cole Street and 4200 20th Street. Additionally, Department received an email in support of landmark designation from the property owners of 361 San Jose Avenue which is attached to this case report.
- **Property Owner Notification** – Consistent with Article 10 of the Planning Code, property owners of all sixteen proposed landmarks were provided with a written 20 day notice of this Historic Preservation Commission hearing.

Additionally, the Program has been featured by the press including articles in the Bay Area Reporter (4/10/2025, 10/3/25, and 10/21/25), and the SF Examiner (9/26/2025).

Issues & Other Considerations

- **Past Historic Resource Surveys** – To identify the Program’s proposed landmarks, properties which were already identified as Category A historic resources, through past historic resource surveys, were reviewed. Relevant past historic resource surveys include:
 - Here Today, San Francisco’s Architectural Heritage. Text by Roger Olmstead and T.H. Watkins, San Francisco, CA, Chronicle Books, 1968 – This 300+ book includes the Junior League of San Francisco Inc.’s survey information of over 2,500 buildings. The findings of this survey were adopted by the Board of Supervisors on May 11, 1970; Resolution No. 268-70.
 - Inner Mission North Historic Resource Survey – Completed in 2011, this multi-phased survey built upon a 2004 Historic Context Statement, and evaluated buildings for historical significance and integrity. The Survey area was roughly bound by Duboce Avenue to the north, Shotwell Street to the east, 20th Street to the South, and Dolores Street to the west.
 - Market and Octavia Plan Historic Resource Survey – Adopted in 2009, the Market and Octavia Plan Historic Resource Survey was completed by the community in partnership with the Planning Department, with consultants Page & Turnbull, following the adoption of the Market & Octavia Plan.
 - South Mission Historic Resource Survey – Adopted in 2010, the South Mission Historic Resource Survey documented and assessed approximately 3,800 individual buildings, including nearly 1,00 individual properties and contributors to 13 historic districts.
- **Citywide Historic Context Statement for LGBTQ History in San Francisco** – In 2016, the Historic Preservation Commission adopted the Citywide Historic Context Statement for LGBTQ History in San Francisco, authored by Donna J. Graves and Shayne E. Watson. The 400+ page document provides a detailed history of San Francisco’s robust LGBTQ history through the 1990s. The document also provides recommendations for protecting and interpreting LGBTQ historic properties in San Francisco, with a list of properties that may be eligible for City Landmark, California Register, and/or National Register status. Six of the proposed landmarks as outlined in this case report came from this list of recommendations including the Coming Home Hospice, Most Holy Redeemer Church Complex, Sha’ar Zahav (Historic Location), Maud’s, the Full Moon Coffeehouse, Castro Rock Steam Baths, and the San Francisco AIDS Foundation.
- **Castro LGBTQ Cultural District CHHESS Report** – In 2024 the Castro LGBTQ Cultural District completed their Cultural History, Housing, and Economic Sustainability Strategies (CHHESS Report). The CHHESS Report included the following Heritage Recognition & Preservation strategy:
 - Ensure the Historic Preservation Commission and/or the Board of Supervisors prioritize further municipal landmarking and state and national nomination of Castro LGBTQIA+ historical sites, notably those representing the experiences of women, BIPOC individuals, bisexuals, and transgender and gender-nonconforming people, as well as histories of neighborhood debates over diversity, belonging displacement, and gentrification. Pursue landmarking the five additional Castro sites referenced in the Citywide LGBTQ+ Cultural Heritage Strategy (2020) “that

may be eligible for City Landmark, California Register, or National Register status,” as well as the home of Bay Area Reporter publisher Bob Ross (4200 20th St.) as suggested in the Eureka Valley Historic Context Statement (adopted by the Planning Commission on December 20, 2017).

Five of the proposed landmarks, as outlined in this case report, are located within the Cultural District’s boundaries, and were identified in the LGBTQ Historic Context Statement. The proposal of these five properties, along with the Bob Ross House, support the Castro LGBTQ Cultural District’s CHHESS Report strategy as listed above.

- **American Indian Historic Context Statement** – The San Francisco Planning Department, in collaboration with the American Indian Cultural District and the Association of Ramaytush Ohlone is developing the San Francisco American Indian National Register Multiple Property Document and Historic Context Statement (AIHCS) to document the history of American Indians in San Francisco from time immemorial to the present day, including highlighting significant places, stories and cultural traditions. The history and significance of the American Indian Historical Society / Chautauqua House (1451 Masonic Avenue), will be discussed in greater detail in the AIHCS.

Basis for Recommendation

The Department recommends that the Historic Preservation Commission recommend to the Board of Supervisors landmark designation of the sixteen Family Zoning Plan District 8 Phase 1 Landmark Designations as outlined in this case report as they meet the provisions of Article 10 of the Planning Code regarding Landmark Designation.

1 Regulations Title 36, Part 61, Appendix A. The report was reviewed for accuracy and
2 conformance with the purposes and standards of Article 10 of the Planning Code.

3 (4) The Historic Preservation Commission, at its regular meeting of January 21,
4 2026, reviewed Planning Department staff’s analysis of the Mission Folk Victorian Home set
5 forth in the Landmark Designation Fact Sheet dated January 21, 2026.

6 (5) On January 21, 2025, after holding a public hearing on the proposed
7 designation and having considered the specialized analyses prepared by Planning
8 Department staff and the Landmark Designation Fact Sheet, the Historic Preservation
9 Commission recommended designation of the Mission Folk Victorian Home as a landmark
10 consistent with the standards set forth in Section 1004 of the Planning Code, by Resolution
11 No. _____. Said resolution is on file with the Clerk of the Board of Supervisors in File No.
12 _____.

13 (6) The Board of Supervisors hereby finds that the Mission Folk Victorian Home
14 has a special character and special historical, cultural, architectural, and aesthetic interest and
15 value, and that its designation as a landmark will further the purposes of and conform to the
16 standards set forth in Article 10 of the Planning Code. In doing so, the Board of Supervisors
17 hereby incorporates by reference the findings of the Landmark Designation Fact Sheet.

18
19 Section 2. Designation.

20 Pursuant to Section 1004.3 of the Planning Code, the Mission Folk Victorian Home,
21 located at 361 San Jose Avenue, Assessor’s Parcel Block No. 6531, Lot No. 21A, is hereby
22 designated as a San Francisco landmark consistent with the standards set forth in Section
23 1004. Appendix A to Article 10 of the Planning Code is hereby amended to include this
24 property.

1 Section 3. Required Data.

2 (a) The description, location, and boundary of the landmark site consists of the
3 footprint of the Mission Volk Victorian Home, being on Assessor's Parcel Block No. 6531, Lot
4 No. 021A, on the east side of San Jose Avenue between 25th and 26th Streets in San
5 Francisco's Mission neighborhood, as shown in the Landmark Designation Fact Sheet.

6 (b) The characteristics of the landmark that justify its designation are described and
7 shown in the Landmark Designation Fact Sheet and other supporting materials contained in
8 Planning Department Record Docket No. 2025-010430DES. In brief, the Mission Folk
9 Victorian Home, located at 361 San Jose Avenue, is eligible for local designation because it is
10 significant for its association with early settlement of San Francisco's Mission District, as well
11 as being an early and intact example of Folk Victorian architecture. Constructed circa 1865,
12 361 San Jose Avenue is a 1-1/2 story, wood framed single family residence. Along with other
13 early settlement styles, Folk Victorian properties represent a very early time in the City's
14 development history shortly after the California Gold Rush when San Francisco began
15 expanding from a small hamlet to an ever-growing metropolitan region.

16 (c) The particular features that should be preserved, or replaced in kind as determined
17 necessary, are those generally shown in photographs and described in the Landmark
18 Designation Fact Sheet, which can be found in Planning Department Record Docket No.
19 2025-010430DES, and which are incorporated in this designation by reference as though fully
20 set forth herein. Specifically, the features that are character-defining and shall be preserved or
21 replaced in kind are the exterior elevations, form, massing, structure, rooflines, architectural
22 ornament, and materials of the original portion of the property, identified as:

- 23 (1) Location of the house on the property with front and side setbacks;
- 24 (2) Physical and visual connection between front façade of the house and street;
- 25 (3) One-and-a-half story massing;

- 1 (4) Horizontal wood siding;
- 2 (5) Rectangular plan;
- 3 (6) Side-gable shingled roof;
- 4 (7) West facing primary façade;
- 5 (8) Primary front entry with wood paneled door;
- 6 (9) Full-length front porch with wood railing and pent roof supported by square
- 7 capitals with sawn ornamental wood brackets; and
- 8 (10) Multi-lite wood sash windows with flattened window surrounds.

Mission Folk Victorian Home

Period of Significance: 1865-1880

Significance Criteria: 1 (Events) & 3 (Architecture)

Statement of Significance: 361 San Jose Avenue is significant for its association with early settlement of San Francisco's Mission District, as well as being an early and intact example of Folk Victorian architecture. Constructed circa 1865, 361 San Jose Avenue is a 1-1/2 story, wood framed single family residence. Along with other early settlement styles, Folk Victorian properties represent a very early time in the City's development history shortly after the California Gold Rush when San Francisco began expanding from a small hamlet to an ever-growing metropolitan region.¹ From 1861-1880, San Francisco saw enormous population growth, and neighborhoods which currently radiate from Market Street, including the Mission, saw rapid residential expansion along streetcar lines.²

Aligned somewhat with the Victorian movement, Folk Victorian architecture had its roots in the prevailing Queen Anne and Italianate styles. Unlike those houses, however, which were usually defined by complex forms and ornate detailing, Folk Victorian designs offered something in reach of the average citizen, and included affordable embellishments for the masses. Folk Victorian buildings were generally not designed by architects and were most often simple working-class residences or modest vernacular buildings that were adorned with basic decorative elements such as spindle work porches or cornice-line brackets.³

Urban growth and development, along with natural disasters, such as the Great 1906 Earthquake and Fires caused the destruction of the majority of San Francisco's Folk Victorian buildings. The subject property is thus one of the few remaining examples of this style in San Francisco and amongst the oldest residential properties in the Mission neighborhood.

Integrity: The property retains sufficient integrity, though setting has changed.

Character Defining Features: All those exterior elevations, form, massing, structure, rooflines, architectural ornament, and materials of the original portion of the property identified as:

- Location of the house on the property with front and side setbacks
- Physical and visual connection between front facade of the house and street
- One-and-a-half story massing
- Horizontal wood siding
- Rectangular plan
- Side-gable shingled roof
- West facing primary facade
- Primary front entry with wood paneled door
- Full-length front porch with wood railing and pent roof supported by square capitals with sawn ornamental wood brackets
- Multi-lite wood sash windows with flattened window surrounds

361 San Jose Avenue is located on a 33' x 90' rectangular lot on the east side of San Jose Avenue, between 25th and 26th Streets. Built ca. 1865, 361 San Jose Avenue is a 1-1/2-story, wood frame single family residence originally designed in the Greek Revival style. The rectangular-plan building, clad in channel drop wood siding, is capped by a side-gable roof. The foundation is not visible. The building is set back on the lot behind a brick site wall, wood picket fence and wood gate.

The primary façade faces west and includes 2 structural bays. The main entry is located at the north side of the primary façade, and includes a paneled wood door with a glazed transom. The entry is approached by way of a straight flight of wood stairs, and includes a full-length porch with a wood railing and a pent roof supported by posts with sawn ornamental wood brackets. Typical fenestration consists of fixed multi-light wood-sash windows with molded surrounds. The primary façade terminates in projecting eave with a drainpipe. (Continued)

To: San Francisco Historic Preservation Commission
Regarding: 1/21/2026 Hearing to consider recommending Article 10 Landmark Designation for Mission Folk Victorian Home to the Board of Supervisors

We are the current owners of 361 San Jose Avenue and are writing to voice our support for the proposed Article 10 Landmark designation of the Mission Folk Victorian Home at 361 San Jose Avenue. We have lived and cared for the property since October 1991. As residents of San Francisco since 1977, we applaud the Board of Supervisors and the Planning Department's efforts to recognize and preserve the City's places of distinction.

We understand the home's significance as an "intact example of Folk Victorian" and have done our best to preserve the property's historical integrity. In the early 1990's we found evidence inside the structure that supports its mid-nineteenth century provenance. This has guided our intentions to use best practices to preserve and protect it.

We embrace San Francisco's unique character and history and are honored to be stewards of a part of its legacy. Again, we wholeheartedly support the Planning Department's proposal to designate our home at 361 San Jose Avenue as a City landmark.
