Section 1. **Background and Findings.**

1 (a) In this ordinance, all capitalized terms relating to Mission Bay shall have the
2 definitions ascribed to them pursuant to the Mission Bay South Redevelopment Plan and Plan
3 Documents described therein, that the City approved in Ordinance No. 335-98, a copy of
4 which is on file with the Clerk of the Board of Supervisors in File No. 981441.

5 (b) The Planning Department, in a letter dated May 16, 2008 (the "Planning
6 Department Letter," part of Planning Department Case No. 2008-0490R), determined that the
7 acceptance of the public infrastructure acquisition facilities and real property associated with
8 Seventh Street and Mission Bay Drive Phase 1 and Phase 2 Infrastructure Improvements
9 including portions of Seventh Street, Berry Street Connector, and Mission Bay Drive in
10 Mission Bay South ("Seventh Street and Mission Bay Drive Public Infrastructure") and other
11 actions set forth in this ordinance are, on balance, in conformance with the General Plan and
12 the eight priority policies of Planning Code Section 101.1. The Planning Department also
13 found that the contemplated actions do not trigger the need for subsequent environmental
14 review pursuant to the California Environmental Quality Act ("CEQA") (California Public
15 Resources Code Sections 21000 et seq.). A copy of the Planning Department Letter is on file
16 with the Clerk of the Board of Supervisors in File No. 180133 and is incorporated herein by
17 reference.

18 (c) The Successor Agency to the San Francisco Redevelopment Agency, known as
19 the Office of Community Infrastructure and investment ("OCII"), in a letter dated January 29,
20 2018 (the "OCII Letter"), determined that the acceptance of the public infrastructure
21 acquisition facilities associated with the Seventh Street and Mission Bay Drive Public
22 Infrastructure, constructed pursuant to Permit No. 04IE-600 (Phase 1), dated September 21,
23 2004, and Permit No. 05IE-0285 (Phase 2), dated May 17, 2005, and other actions in this
24 ordinance are consistent with the Mission Bay South Redevelopment Plan (the "Plan") and
25 Plan Documents. OCII also recommended that the Board of Supervisors accept the Seventh

1 Street and Mission Bay Drive Public Infrastructure. A copy of the OCII letter is on file with the
2 Clerk of the Board of Supervisors in File No. 180133 and is incorporated herein by reference.

3 (d) In Public Works ("PW") Order No. 187180, dated February 21, 2018, including
4 ~~Map No. A-17-179 and Drawing No. Q-20-061, the City Engineer certified and the Public~~
5 Works Director (the "PW Director") recommended that: (1) Seventh Street, Mission Bay
6 Drive, and Berry Street Connector are currently a portion of City-jurisdictional property located
7 on a portion of State Trust Parcel 2; (2) FOCIL-MB, LLC ("FOCIL"), has irrevocably offered
8 the Seventh Street and Mission Bay Drive Public Infrastructure facilities and real property to
9 the City as set forth in the FOCIL Irrevocable Offer such Public Infrastructure, dated October
10 19, 2007 (Phase 1) and on April 15, 2008 (Phase 2), together ("FOCIL Offers"); (3) the
11 Seventh Street and Mission Bay Drive Public Infrastructure is consistent with the State Trust;
12 and (4) Public Works inspected the facilities; determined them to be complete as of April 30,
13 2007 (Phase 1) and January 15, 2008 (Phase 2); (5) certified that they have been constructed
14 in accordance with the Plans and Specifications and all City codes, regulations, standards,
15 and the Mission Bay South Redevelopment Plan and Plan Documents governing the Seventh
16 Street and Mission Bay Drive Public Infrastructure; and (6) that are ready for their intended
17 use.

18 (e) Consequently, the PW Director recommended to the Board of Supervisors that it
19 accept the Seventh Street and Mission Bay Drive Public Infrastructure as acquisition facilities,
20 dedicate it to public use as open public right-of-way, designate it for street and roadway
21 purposes, and accept it for City maintenance and liability purposes subject to the following: (1)
22 the portions of streets being accepted for street and roadway purposes are constructed from
23 back of sidewalk to back of curb, unless specified otherwise or as shown on Project
24 Improvement Plans; (2) acceptance of project facilities for City maintenance and liability
25 purposes is from back of curb to back of curb, unless specified otherwise; and sidewalk

1 maintenance is the responsibility of the adjacent property owners in accordance with the
2 Public Works Code; (3) encroachments that are permitted, not permitted, or both, are
3 excluded from acceptance; (4) the acceptance of the streets does not obviate, amend, alter,
4 or in any way affect existing maintenance agreements between the City and parties to such
5 agreements; and (5) FOCIL's conditional assignment of all warranties and guaranties to the
6 City related to the construction of the above listed improvements and its warranty obligations
7 under Street Improvement Permit No. 04IE-0600 and 05IE-0285. Copies of the PW Order
8 and FOCIL Offers including a grant deed for real property are on file with the Clerk of the
9 Board of Supervisors in File No. 180133 and are incorporated herein by reference.

10 (f) In Public Works Order No. 187180, the PW Director also recommended
11 establishment of public right-of-way widths, sidewalk widths, and street grades on portions of
12 Seventh Street, Mission Bay Drive, and Berry Street in accordance with Map No. A-17-179
13 and drawing No. Q-20-961. Copies of these documents are on file with the Clerk of the Board
14 of Supervisors in File No. 180133 and are incorporated herein by reference.

15
16 **Section 2. Adoptions and Approvals.**

17 (a) The Board of Supervisors adopts as its own the CEQA findings and the General
18 Plan and Planning Code Section 101.1 consistency findings in the Planning Department
19 Letter, as referenced in Section 1(b) of this ordinance, in connection with the acceptance of
20 the Seventh Street and Mission Bay Drive Public Infrastructure and other actions specified in
21 this ordinance.

22 (b) The Board of Supervisors adopts as its own the Redevelopment Plan consistency
23 findings in the OCII Letter, as referenced in Section 1(c) of this ordinance, in connection with
24 the acceptance of the Seventh Street and Mission Bay Drive Public Infrastructure and other
25 actions specified in this ordinance.

1 (c) The Board of Supervisors has reviewed and approves PW Order No. 187180,
2 including the City Engineer's certification and PW Director's recommendation, as referenced
3 in Section 1(d) of this ordinance, concerning the acceptance of the FOCIL Offers, Seventh
4 ~~Street and Mission Bay Drive Public Infrastructure and other actions set forth in the Public~~
5 Works Order.

12 Development Corporation, and Public Works Order No. 187180, the Board of Supervisors
13 hereby accepts the FOCIL Offers and dedicates such facilities for public use.

14 (b) The FOCIL Offers also included real property for right-of-way purposes underlying
15 a portion of Mission Bay Drive, which is evidenced by a grant deed from ARE-San Francisco
16 No. 15, LLC for this property. The Board of Supervisors hereby accepts the grant deed and
17 authorizes the Director of Real Property to execute and record said deed.

LEGISLATIVE DIGEST

[Mission Bay South - Accepting portions of Seventh Street and Mission Bay Drive]

Ordinance accepting the irrevocable offer of public infrastructure acquisition facilities and real property associated with Seventh Street and Mission Bay Drive Phase 1 and Phase 2 Infrastructure Improvements, including portions of Seventh Street, Berry Street Connector, and Mission Bay Drive in Mission Bay South (“Seventh Street and Mission Bay Drive Public Infrastructure”); declaring City property and additional property as shown on official Public Works maps as open public right-of-way; dedicating the Seventh Street and Mission Bay Drive Public Infrastructure for public use and designating such Public Infrastructure for public street and roadway purposes; establishing official public right-of-way widths and street grades; amending Ordinance No. 1061, entitled “Regulating the Width of Sidewalks” to establish official sidewalk width on the abovementioned street areas; accepting the Seventh Street and Mission Bay Drive Public Infrastructure for City maintenance and liability purposes, subject to specified limitations; adopting findings under the California Environmental Quality Act; making findings of consistency with the General Plan, the eight priority policies of Planning Code, Section 101.1, and the Mission Bay South Redevelopment Plan; accepting a Public Works Order; and authorizing official acts in connection with this Ordinance.

Existing Law

The Board of Supervisors adopted the Redevelopment Plan for the Mission Bay South Project Area by Ordinance No. 335-98 on November 2, 1998. This Ordinance and related Mission Bay legislation established a process by which the project developer (FOCIL - MB, LLC) would construct specified public improvements and dedicate said improvements to the City. Upon dedication, the City would initiate the local and State law procedures to designate the area for public street and roadway purposes, establish official right-of-way width, grade, and sidewalk width and take related actions. Board of Supervisors’ Ordinance No. 1061 established the official sidewalk widths throughout San Francisco. Ordinance No. 1061 is uncodified, but can be located in the Clerk of the Board of Supervisors Book of General Ordinances, in effect May 11, 1910, which is on file with the Clerk of the Board of Supervisors.

Amendments to Current Law

This legislation would accept offers of dedication for improvements and real property, including a grant deed; dedicate these improvements for public use as open public right-of-way; designate these improvements for Public use as open public right-of-way; designate the improvements for street and roadway purposes; establish official right-of-way and sidewalk widths and street grades; accept the public infrastructure improvements on portions of

FILE NO. 180133

Seventh Street, Mission Bay Drive and Berry Street Connector for maintenance and liability purposes, subject to certain exceptions, all in accordance with the procedures established for the Mission Bay South Redevelopment Project and applicable local and State law. This ordinance would approve a Public Works Order, including its Map No A-17-179 (for right-of-way width) and Drawing No. Q-20-961 (sidewalk width and street grade). This legislation also would make certain findings that the legislation is consistent with the Mission Bay South Redevelopment Plan, the General Plan, and the priority policy findings of the Planning Code Section 101.1.

Background Information

This legislation relates to the Infrastructure Improvements on portions of Seventh Street, Mission Bay Drive and Berry Street Connector within the Mission Bay South Redevelopment Plan, located on portions of State Trust Parcel 2, subject to City jurisdiction.

Ms. Grace Kwak, Project Manager,
Mission Bay Task Force (MBTF)

Re: Case 2008.0490R Mission Bay South

Acceptance of Land and Improvements known as 7th and Mission Bay Drive at grade intersection (within AB 8709 & AB 8727); Acceptance of Land and Improvements known as 7th and 16th Streets at grade intersection (within AB 8726); and Vacation of a portion of the east side of 7th Street between King Street and Pennsylvania Street and exchange of property with land under the jurisdiction of State Lands. The Site location is also known as AB 8726, lots 001, 002, AB 8709, lot 006

Dear Ms. Kwak,

We are in receipt of your letter dated April 23, 2008 requesting that the Planning Department consider a General Plan Referral application on the referenced actions by the City and County of San Francisco. Section 4.105 of the Charter of the City and County of San Francisco and Section 2A.53 of the Administrative code establish requirements for General Plan Referrals to the Planning Department. The project is, on balance, **in conformity** with the General Plan, as described in the Case Report, included as **Attachment 1**.

In the subject case, the Mission Bay Force (MBTF) proposes a number of actions to implement the Mission Bay Redevelopment Plan and related documents. These documents were reviewed as part of Planning Case 2004.0882R, which the Planning Commission found, on balance, in conformity with the General Plan by Resolution 16902, adopted on Dec. 2, 2004. The specific actions require a General Plan Referral and consideration and approval by the Board of Supervisors for City-acceptance of real property, acceptance of dedicated horizontal improvements, vacation of a portion of a public right-of-way and exchange of City-owned property. The proposed project is shown in an exhibit included as **Attachment 2**, entitled "Mission Bay Exhibit") and described in greater detail below.

proposed for the property exchange. The two alternate sites proposed to be exchanged for the property subject to the State Trust are shown in Docket #. 2008.0490R, Exhibit D-3. One site is a portion of Berry Street containing 52,172 square feet; the alternate site is a portion of Illinois Street containing 52,830 square feet). State Lands may consider exchange of property under its jurisdiction, with the requirement that any property to be exchanged must be of equal or higher value than the State Lands property. Each of the alternative sites meets that threshold. The Port requests that State Lands approve the property exchange. Should State Lands agree to the property exchange, one of the two alternative sites would be transferred to State Lands, in exchange for the property along 7th Street; the alternative site would be retained.

PREVIOUS ACTIONS RELATED TO THIS PROJECT

The Planning Commission found that the Mission Bay North and Mission Bay South Redevelopment Plans, dated September 4, 1998, were consistent with the San Francisco General Plan, by adopting Resolution No. 14699 on September 17, 1998. The project was proposed as part of the Mission Bay South Redevelopment Plan.

In addition to these actions, an Owner Participation Agreement (OPA) was executed between the Redevelopment Agency of the City and County of San Francisco and the project sponsor, on November 16, 1998. The OPA included the Infrastructure Plan that defined the horizontal infrastructure plans and improvements that are incorporated into the subject project.

ENVIRONMENTAL REVIEW

The Major Environmental Analysis section of the Planning Department completed Environmental Review of the Mission Bay Final Subsequent Environmental Impact Report (FSEIR). The review included analysis of regulatory and physical aspects of the Plan, including: the vacation of public rights-of-way, property acquisition, (acceptance of offers of dedication of land for road rights-of-way, and acceptance of offers of Dedication of horizontal improvements (street and public rights-of-way), among other actions.

The Final Subsequent Environmental Impact Report for Mission Bay (FSEIR) was prepared pursuant to the California Environmental Quality Act and was certified as adequate, accurate and objective in the following actions:

- Exhibit C-1 Seventh Street & 16th Street Intersection Improvements,
- Exhibit C-2 Seventh Street & Common Intersection Improvements,
- Exhibit C-3 Seventh Street & Mission Bay Boulevard Intersection – Phase II
- Exhibit D-1 Proposed Street Vacation of a portion of Berry Street and 7th Street
- Exhibit D-2 Proposed Street Vacation Areas Subject to State Trust
- Exhibit D-3 Proposed Options for Exchange for State Trust (Berry Street, Illinois Street)

Comment: The Project includes acceptance of land for installation of improvements to public rights-of-way (property located at the 7th and 16th Street intersection, acceptance of horizontal improvements to public rights-of-way (the 7th and 16th Street intersection, and vacation of a portion of public right-of-way and exchange with the Port of San Francisco for property subject to the State Trust. All of the subject properties are located within the Mission Bay South Redevelopment Project Area. The subject actions are required to implement the Mission Bay South Redevelopment Plan, a mixed-use development that incorporates housing, including low-cost housing, commercial and institutional uses as well as publicly accessible open space. Property proposed to be vacated is not required for transportation use or to access adjacent privately or publicly-owned property. New streets and other horizontal improvements will be or have been constructed per plans approved by the City and Redevelopment Agency and will be accepted by the City.

COMMERCE & INDUSTRY ELEMENT

Policy 6.7

Promote high quality urban design on commercial streets.

Comment: Streets and other public infrastructure improvements will be constructed consistent with the Mission Bay North and Mission Bay South Redevelopment Plans, which calls for high quality design features in public rights-of-way and adjacent development. Implementation of the Project would permit development of neighborhood, including commercial uses, new residential development, and institutional uses (UCSF facilities) as well as other uses.

TRANSPORTATION ELEMENT

Objective 1

Meet the needs of all residents and visitors for safe, convenient and inexpensive travel within San Francisco and between the city and other parts of the region while maintaining the high quality living environment of the Bay Area.

Comment: acceptance and dedication of real property at the 7th and 16th Street intersection will enable the project sponsor to complete installation of public infrastructure, including streets, sidewalks, street furniture and related infrastructure. Streets and intersections will accommodate vehicular access, and be more pedestrian-friendly than the existing roadways

URBAN DESIGN ELEMENT

Policy 2.9

Review proposals for the giving up of street areas in terms of all the public values that streets afford.

Commission, found in conformity with the General Plan, and approved by the Board of Supervisors. The project sponsor is responsible for constructing public streets and other public infrastructure improvements (horizontal infrastructure improvements) consistent with approved plans. The City would accept the street areas and infrastructure improvements, consistent with approved plans, when the improvements have been completed.

The public right-of-way proposed to be vacated meet the guidelines contained in Urban Design Element Policies. 2.9, and 2.10. The proposed vacation of a public Right-of-Way is required for the Redevelopment Project to be implemented as approved, and would not: be detrimental to vehicular or pedestrian circulation; interfere with the access to private property; inhibit access for fire protection or other emergency service, interfere with utility lines; obstruct a significant view, or eliminate open space which might be used for public recreation and are necessary for implantation of the Redevelopment Plan.

Policy 3.8

Discourage accumulation and development of large properties, unless such development is carefully designed with respect to its impact upon the surrounding area and upon the city.

Objective 4

Improvement of the neighborhood environment to increase personal safety, comfort, pride and opportunity.

CENTRAL WATERFRONT AREA PLAN

POLICY 6.2

Encourage additional housing within established residential areas.

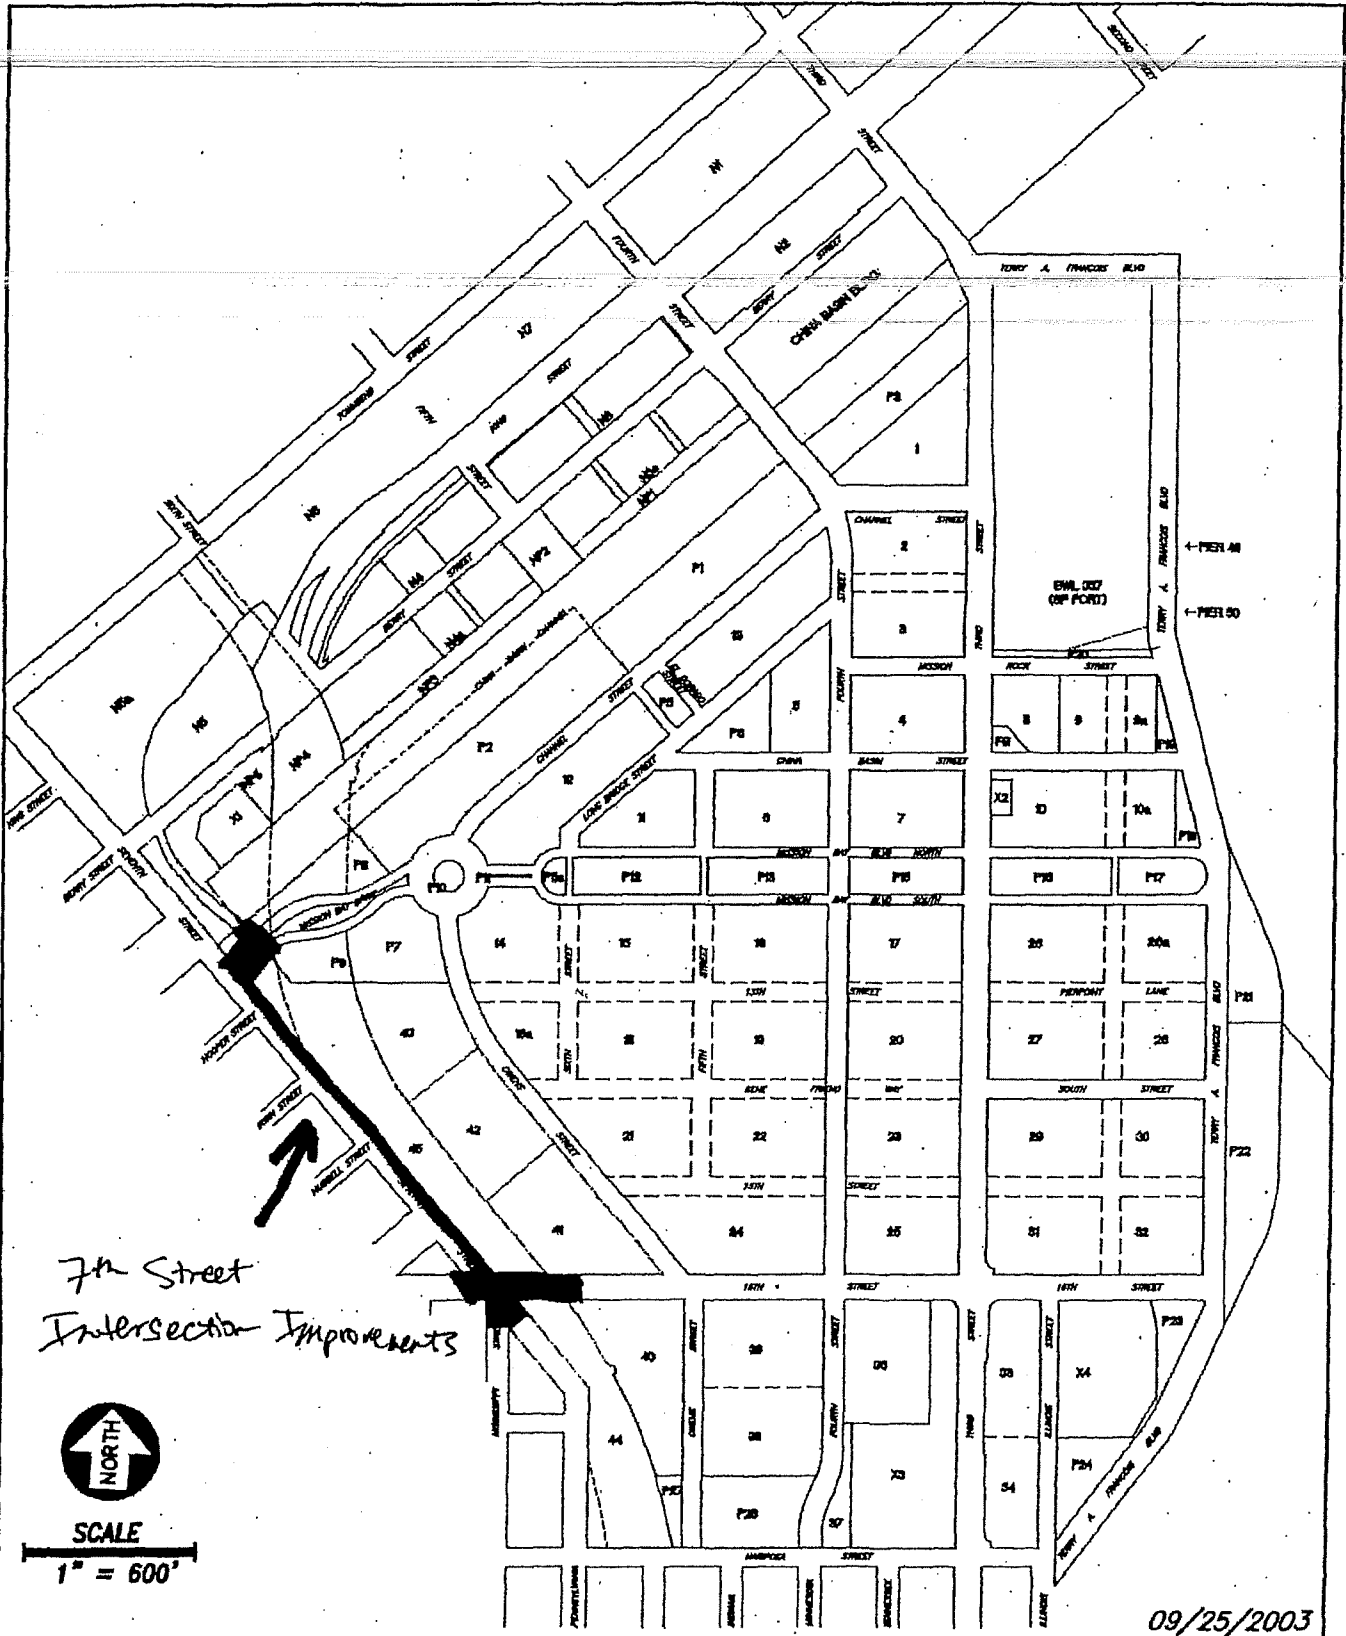

POLICY 6.3

Provide rent supplements and assist in local home ownership to avoid displacement of existing residents.

The Central Waterfront Area Plan references the Mission Bay North and Mission Bay South Redevelopment Plans. The project is located within the Mission Bay South Redevelopment Project area. The Mission Bay South Redevelopment Plan, adopted by the Redevelopment Agency and found in-conformity with the General Plan, establishes proposed land uses, and designates a mixture of residential, commercial, and institutional uses, as well as designating property for open space and other public uses.

OBJECTIVE 8

IMPROVE TRANSPORTATION CONDITIONS WITHIN THE SUBAREAS.

MISSION BAY EXHIBIT

(5) That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project would not adversely affect a diverse economic base. The site is an abandoned naval shipyard.

(6) That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The Project, limited to vacation of portions of public rights-of-way and easements, acquisition of real property and acceptance of public infrastructure improvements (once constructed consistent with approved plans) would not adversely affect City preparedness against injury or loss of life in an earthquake.

(7) That landmarks and historic buildings be preserved.

The Project would not adversely affect landmarks or historic buildings.

(8) That our parks and open space and their access to sunlight and vistas be protected from development.

The Project would not adversely affect parks and open space and their access to sunlight and vistas. The project sponsor would install publicly accessible open spaces as part of the Redevelopment Project, consistent with the Mission Bay South Redevelopment Plan.

2. FUNDING

2.1 Agency Proceedings: Acquisition Facilities: Supplements to Exhibit B and B-1.

(a) The Agency shall conduct all necessary proceedings under the Act for the issuance, sale and delivery of Public Financings; provided, however, that nothing herein shall be construed as requiring the Agency to issue a Public Financing except to the extent provided for in the Financing Plan.

(b) The Agency shall be obligated to purchase from the Developer under this Acquisition Agreement only the Acquisition Facilities listed in Exhibit B hereto, as such Exhibit may be amended and/or supplemented by any Supplement in accordance with Section 2.1(c) below.

(c) Upon the written request of the Developer, accompanied by a list of Acquisition Facilities and proposed Components thereof to be acquired hereunder, together with the proposed Budgeted Costs thereof, the Director of Public Works shall meet with representatives of the Developer to establish mutually acceptable supplements to Exhibit B and Exhibit B-1 to this Acquisition Agreement consistent with the Financing Plan and Interagency Cooperation Agreement. The Director of Public Works shall be deemed to have accepted any proposed supplement of the Developer unless, within sixty (60) days of the submittal thereof, the Director of Public Works shall send the Developer a written objection to all or any portion thereof. Such objection must be based upon the following grounds (the determination of which shall be made in good faith): (i) the unacceptability of any Component because it is not a complete, functional portion of an Acquisition Facility or a proposed Acquisition Facility is not included in the Infrastructure, (ii) the Budgeted Cost of an Acquisition Facility or Component appears to be unreasonable in the circumstances or otherwise in excess of the reasonably expected Actual Cost thereof or (iii) it is not permissible under the Act or the South OPA (including the Financing Plan). The Developer may resubmit any proposed supplement to Exhibit B [or B-1] (or portion thereof) to which a written objection is made by the Director of Public Works, and the Director of Public Works shall have thirty (30) days to review any such resubmittal. The Developer shall provide any supporting materials reasonably requested by the Director of Public Works in writing relative to an analysis of the proposed supplement, and the applicable time periods mentioned in the preceding sentences shall be tolled until such materials have been provided to the Director. Any proposed supplement to Exhibit B and B-1 (or any resubmittal thereof) not subject to a written objection by the Director of Public Works within the applicable period shall be deemed to be a part of Exhibit B and B-1, as applicable, hereof for all purposes of this Acquisition Agreement.

2.2 Source of Funds for Acquisition Prices.

(a) The Agency shall not be obligated to pay the Acquisition Price of any Acquisition Facility or any Components thereof under this Agreement except from Acquisition Funds. The Agency shall establish one or more accounts into which it shall deposit, upon receipt, Acquisition Funds pending their use for purposes of this Acquisition Agreement or as otherwise provided in the Financing Plan.

(b) The Developer acknowledges that a portion of the proceeds of some Public Financings may be deposited in an escrow fund established as necessary to comply with the Act, the Goals for CFDs or for credit concerns, and would become Acquisition Funds only upon satisfaction of the requirements and otherwise in the amounts specified in the applicable document authorizing the issuance of the Public Financing. The Agency agrees that, upon written request of the Developer, it will take all reasonable actions necessary to make the determinations and present the documents necessary under any such authorizing document to cause the release of funds from an escrow fund.

(c) While the Agency now expects to issue Public Financings, the Agency shall be under no obligation to issue any Public Financing except to the extent provided in the Financing Plan and makes no warranty, express or implied, that the proceeds thereof, together with other Acquisition Funds, will be sufficient to pay for all of the Infrastructure, including the Acquisition Facilities.

(d) It is acknowledged that the Fiscal Agent Agreement provides for the establishment of a Bond Proceeds Account and a Tax Increment Account from which Acquisition Funds are to be disbursed to pay the Acquisition Prices of Acquisition Facilities and Components, and that the Fiscal Agent Agreement provides for the use of amounts in the Bond Proceeds Account for such purpose prior to the use of amounts in the Tax Increment Account unless the Agency otherwise directs the Fiscal Agent. Upon the written request of the Developer, the Agency

agrees to direct the Fiscal Agent to apply amounts designated in such request on deposit in the Tax Increment Account prior to the use of amounts in the Bond Proceeds Account so long as such action will not adversely affect the exclusion from gross income of the interest on the bonds issued pursuant to the Fiscal Agent Agreement and is not otherwise inconsistent with the provisions of the Financing Plan.

(e) It is further acknowledged that the Fiscal Agent Agreement allows for a mandatory redemption of the bonds issued thereunder, in part, from amounts in the Bond Proceeds Account established thereunder, if the Finance Director (as defined in the Fiscal Agent Agreement) makes a determination or receives a certificate to the effect that the Project (as defined in the Fiscal Agent Agreement) has been abandoned. The Agency agrees to provide written notice to the Developer if at any time the Agency believes that work on the Project has ceased for a continuous period of nine (9) months and the Agency anticipates that it may, in the future, take actions under the Fiscal Agent Agreement to cause a redemption of the bonds as described in the prior sentence. The Agency acknowledges that Unavoidable Delays may occur which result in a cessation of work on the Project (as defined in the Fiscal Agent Agreement) for periods in excess of twelve (12) consecutive months, and that such circumstances may not constitute abandonment of the Project giving rise to grounds for a mandatory redemption of bonds issued under the Fiscal Agent Agreement.

(f) The Agency will use its best efforts to provide the Developer with the accounting records provided by the Fiscal Agent under Section 7.03 of the Fiscal Agent Agreement.

2.3 Public Financing Proceeds.

(a) The proceeds of any Public Financing shall be deposited, held, invested, reinvested and disbursed as provided in the instrument providing for the issuance thereof, all in a manner not inconsistent with the Financing Plan and this Agreement. A portion of the proceeds of each Public Financing may be used to fund reserves for debt service, to pay interest on a Public Financing (commonly referred to as "capitalized interest"), and to pay costs of issuance and therefore would not constitute Acquisition Funds.

(b) The Developer agrees that the Agency alone shall direct the investment of the funds on deposit in the funds and accounts established by or pursuant to any Public Financing authorizing document, and that the Developer has no right whatsoever to direct any such investment. The Agency shall invest such funds in a manner consistent with the Agency's investment policies for similar financings and otherwise in accordance with all applicable laws and the Fiscal Agent Agreement. The Agency shall have no responsibility whatsoever to the Developer with respect to any investment of Acquisition Funds prior to their use for purposes of this Acquisition Agreement, including any loss of all or a portion of the principal invested or any penalty for liquidation of an investment. Any such loss may diminish the amounts available as Acquisition Funds.

(c) The Developer acknowledges that its obligation as an owner of real property in a CFD to pay Special Taxes levied in the CFD is not in any way dependent on: (i) the availability of Acquisition Funds to pay for all or any portion of the Acquisition Facilities or Components thereof hereunder, or (ii) the alleged or actual misconduct of the Agency in the performance of its obligations under this Acquisition Agreement, any Fiscal Agent Agreement, the South OPA, or any agreement to which the Developer or the Agency is a signatory.

(d) The Developer and the Agency hereby acknowledge that any lack of availability of Acquisition Funds to pay the Acquisition Price of Infrastructure or any Components thereof, in and of itself, shall in no way modify any rights or obligations of the Developer under the South OPA.

~~(a) The Agency may establish a separate Agency Account and deposit a portion of the proceeds of any Public Financing therein, to the extent it reasonably identifies Agency Costs incurred or to be incurred by the Agency or the City in discharging their obligations hereunder. The Agency may draw on such funds as necessary to pay such Agency Costs.~~

2.4 Reimbursements.

(a) The Agency acknowledges that, in addition to its acquisition of Facilities and payment for Components thereof hereunder, it will use a portion of the proceeds of the Public Financings to reimburse the Developer, to the extent permitted under the Act, for certain costs for which the Developer has advanced its own funds, including (i) CFD formation costs eligible to be financed by a CFD, (ii) certain freeway demolition costs, (iii) contributions by the Developer for Infrastructure constructed by others, such as contributions referred to in Section 2.B.v. of the Financing Plan related to sewer odor conditions and contributions for railway improvements, and (iv) other costs incurred by the Developer in anticipation of reimbursement from the proceeds of a Public Financing, such as advances pursuant to Section 2.E.i. of the Financing Plan in respect of consultant costs. The Agency shall use a portion of the proceeds of Public Financings issued by the Agency to reimburse the Developer for such advances pursuant to the Financing Plan, as described in Exhibit C.

Notwithstanding the foregoing, the Agency agrees that the Developer may include in any Payment Request submitted under the terms of this Acquisition Agreement a line item for reimbursement of amounts theretofore paid by or on behalf of the Developer to the Peninsula Corridor Joint Powers Board (the "JPB") under and pursuant to the Railroad Construction and Maintenance Agreement for Common Street Grade Crossing Project, between the JPB and the Developer, and to the extent that the Developer provides with any such Payment Request evidence satisfactory to the Director of Public Works that the amount requested to be reimbursed was paid to the JPB in respect of the cost of Infrastructure (such as copies of invoices from the JPB and copies of corresponding checks in payment thereof or other evidence of payment by or on behalf of the Developer), the Agency will promptly reimburse the amounts so expended from Acquisition Funds, subject to the priority for the use of funds under Section 2.5 hereof.

(b) The Agency and the Developer agree to amend Exhibit C hereto from time to time to add additional items, to be reimbursed from the proceeds of future Public Financings, that are eligible for such reimbursement as described in Section 2.4(a) but were not included on Exhibit C at the time of execution of this Agreement.

2.5 Priority for Police/Fire Facility Funding. The Developer and the Agency acknowledge and agree that under the provisions of Section 4.4(b) of the South OPA, upon satisfaction of the conditions set forth in clauses (i) and (ii) of the first sentence of said Section 4.4(b) (the "Conditions"), the City may obtain CFD funds in the amounts specified in said sentence. In order to implement the provisions of Section 4.4 of the South OPA, the Developer and the Agency hereby agree that, notwithstanding any other provision of this Agreement, upon satisfaction of the Conditions, the Agency shall have the right to use all available CFD Funds permitted under the applicable bond documents to make payments directly to the City required under Section 4.4(b) of the South OPA, and following the date on which the Conditions have been satisfied and until the obligation to the City under said Section 4.4(b) has been fully satisfied and provided that the Agency shall have expeditiously proceeded to obtain such funds, no Acquisition Funds will be used to pay Acquisition Prices of Acquisition Facilities or Components not theretofore paid under this Acquisition Agreement.

2.6. Costs of the Director.

(a) It is acknowledged that the Fiscal Agent Agreement provides for the Agency Account, that it is expected that the proceeds of Public Financings may be deposited to such Agency Account, and that it is intended that costs and expenses of the Director, and any consultants engaged by the Director or the City, related to the activities of the Director under this Acquisition Agreement will be charged against amounts in the Agency Account.

(b) In the event that amounts in the Agency Account are insufficient to fully pay the costs and expenses described in the preceding clause (a), and there is not sufficient Net Available Increment (excluding for purposes of this clause (b) amounts described in clause (iii) of the definition of Net Available Increment in Section 1.1 hereof) the Developer agrees to promptly pay, following submission of an invoice therefor, any of such costs and expenses.

(c) The Agency agrees that, upon the written request of the Developer, it will consider billing the Developer directly for costs and expenses described in the preceding clause (a), as opposed to funding amounts in the Agency Account or using Net Available Increment (excluding for purposes of this clause (c) amounts describe in clause (iii) of the definition of Net Available Increment in Section 1.1 hereof) for such purpose. The Agency will accommodate any such request, until it is rescinded in writing by the Developer, if the Developer has theretofore timely made any payment required under the preceding clause (b), and the Agency has no other material reason not to proceed in the manner requested by the Developer.

3. CONSTRUCTION OF INFRASTRUCTURE

3.1 Plans. To the extent that it has not already done so, the Developer shall prepare and obtain applicable governmental approval of all Plans for the Acquisition Facilities in accordance with the South OPA and the City Regulations or, as applicable, regulations of any other public entity that will own and operate the Acquisition Facilities. Copies of all Plans shall be provided by the Developer to the Director of Public Works upon request therefor, and, in any event, as built drawings and a written assignment (provided that the same can be reasonably obtained) of the Plans for any Acquisition Facility shall be provided to the City prior to its acceptance of a related Facility.

3.2 Duty of Developer to Construct.

(a) All Acquisition Facilities shall be constructed by or at the direction of the Developer in accordance with the South OPA and the applicable Construction Documents. The Developer shall perform all of its obligations hereunder and shall conduct all operations with respect to the construction of Infrastructure in a good, workpersonlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing their good faith efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken. The Developer shall employ adequate staff or consultants with the requisite experience necessary to administer and coordinate all work related to the design, engineering, acquisition, construction and installation of the Acquisition Facilities.

(b) To the extent required under the South OPA, the Developer shall be obligated (i) to construct and convey to the City (or other applicable governmental agency) all Acquisition Facilities and Components thereof, and (ii) to use its own funds to pay all costs thereof in excess of the Acquisition Prices thereof to be paid therefor hereunder, subject in all events to the terms of the Financing Plan.

(c) Except as otherwise provided in the South OPA, the Developer shall not be relieved of its obligation to construct each Acquisition Facility and Component thereof and convey each such Acquisition Facility in accordance with the terms hereof, even if, (i) because of the limitations imposed by Section 4.6 hereof, the Acquisition Price for such Component or Acquisition Facility is less than the Actual Cost, or cost to the Developer, of such Component or Acquisition Facility, or (ii) there are insufficient Acquisition Funds then available to pay the Acquisition Prices thereof at the time the Developer submits a Payment Request therefor.

3.3 Relationship to Public Works Contracting Requirements.

(a) This Acquisition Agreement is for the acquisition by the City of the Acquisition Facilities and payment for Components thereof from time to time, from Acquisition Funds and is not intended to be a public works contract. The Agency and the Developer acknowledge and agree that the Infrastructure is of local, and not state-wide concern, and that the provisions of the California Public Contract Code shall not apply to the construction of the Infrastructure. The Agency and the Developer further acknowledge and agree that City public works contracting requirements are not applicable to the construction and acquisition of Infrastructure. The Agency and the Developer agree that the Developer shall award all contracts for the construction of the Acquisition Facilities and the Components thereof, and that this Acquisition Agreement is necessary to assure the timely and satisfactory completion of the Acquisition Facilities and that compliance with the Public Contract Code and such City requirements with respect to the Acquisition Facilities would work an incongruity and would not produce an advantage to the Agency or any CFD.

(b) Notwithstanding the foregoing, the Developer shall award all contracts for construction of the Acquisition Facilities, and materials related thereto by means of a bid process consistent with this Section 3.3(b) or otherwise acceptable to the Director of Public Works, in each case consistent with the requirements of the South OPA and applicable City Regulations (including but not limited to the Program in Diversity/Economic Development Program, and prevailing wage requirements contained therein). The Developer shall establish a list of written criteria acceptable to the Director of Public Works (including experience, ability to perform on schedule and financial ability) to determine qualified general contractors for any contract. Such general contractors shall comply with any applicable provisions of the South OPA (including but not limited to the Program in Diversity/Economic Development Program and prevailing wage requirements, provided that nothing in this Agreement shall modify the remedy provisions of the Program in Diversity/ Economic Development Program). Formal bids shall be requested from those entities on the list of qualified contractors.

The Developer shall prepare bid packages, including engineering reports and estimates, for each of the Acquisition Facilities, and shall submit such packages to the Director of Public Works, reasonably in advance of the anticipated bid, for review. Upon agreement by the Director of Public Works and the Developer on the content of such bid packages and a schedule of bid prices, plus an acceptable margin of variance, the Developer may proceed to take bids on the applicable Acquisition Facilities. The Agency shall meet with the qualified general contractors to discuss the applicable requirements of the Program in Diversity/ Economic Development Program. At the reasonable request of the Developer, the Director of Public Works shall also meet with the qualified general contractors to discuss the requirements of the particular contract to be bid.

Bids for each Component shall be submitted to the Developer prior to the time and date prescribed for bid opening. If a bid is within the constraints of the approved bid package, the Developer shall award the applicable contract to the lowest responsible bidder. If all bids are in excess of the bid parameters, the Developer shall obtain the consent of the Director of Public Works prior to awarding the contract. Upon written request of the Director, the Developer

shall provide an analysis of bids for construction and materials for the Acquisition Facilities, constructed or to be constructed by or under the supervision of the Developer indicating how the winning bid was determined and how it was consistent with the applicable bid package.

(c) The Developer shall develop or cause to be developed and shall maintain or cause to be maintained a cost-loaded project schedule, using the critical path method, providing for all major project elements included in the construction of the Acquisition Facilities to be acquired hereunder, so that the whole project is scheduled in an efficient manner. The Developer shall provide the Director of Public Works with complete copies of the schedule and each update to the schedule for the Director's review.

(d) From time to time at the request of the Director, representatives of the Developer shall meet and confer with the Director of Public Works and Agency staff, consultants and contractors regarding matters arising hereunder with respect to the Acquisition Facilities, Components and the progress in constructing and acquiring the same, and as to any other matter related to the Acquisition Facilities or this Acquisition Agreement. The Developer shall advise the Director of Public Works in advance of any coordination and scheduling meetings to be held with contractors relating to the Acquisition Facilities, in the ordinary course of performance of an individual contract. The Director of Public Works shall have the right to be present at such meetings, and to meet and confer with individual contractors if deemed advisable by the Director of Public Works to resolve disputes and/or ensure the proper completion of the Acquisition Facilities, and, at the request of the Developer, shall attend such meetings.

3.4 Independent Contractor.

(a) In performing this Acquisition Agreement, the Developer is an independent contractor and not the agent or employee of the Agency, the City or any CFD. Except as otherwise provided in this Acquisition Agreement, none of the Agency, the City or any CFD shall be responsible for making any payments to any contractor, subcontractor, agent, consultant, employee or supplier of the Developer.

(b) The Agency has determined that it would obtain no advantage by undertaking the construction by the Agency directly of the Infrastructure, and that the provisions of this Acquisition Agreement require that the Acquisition Facilities be constructed by the Developer as if they had been constructed under the direction and supervision of the Agency.

3.5 Performance and Payment Bonds. Subject to the provisions of the South OPA and the Interagency Cooperation Agreement, the Developer agrees, in accordance with applicable City Regulations, to post performance and payment bonds with respect to the construction of Acquisition Facilities to the extent that the projected Acquisition Funds are reasonably determined by the Agency to be insufficient (in time or amount) to pay the expected Acquisition Prices of the Acquisition Facilities; provided that to the extent not otherwise required by the applicable City Regulations, the Developer shall require all contractors and/or subcontractors it employs in connection with the construction of Acquisition Facilities to provide labor and materials and performance bonds (the premiums for which shall constitute Actual Costs of the related Acquisition Facilities) which name the Agency and the City as additional insureds.

3.6 Contracts and Change Orders. The Developer shall be responsible for entering into all contracts and any supplemental agreements (commonly referred to as "change orders") required for the construction of the Acquisition Facilities, and all such contracts and supplemental agreements shall be submitted to the Director. Prior approval of supplemental agreements by the Director of Public Works shall only be required for such change orders which

in any way materially alter the quality or character or expected future maintenance costs of the subject Acquisition Facilities, or which involve an amount equal to the lesser of five percent (5%) of the amount of the bid for the Acquisition Facility involved or \$50,000. The Director of Public Works shall approve or deny all such contracts or supplements submitted to it (any such denial to be in writing, stating the reasons for denial and the actions, if any, that can be taken to obtain later approval) within ten (10) business days of receipt by the Director of Public Works thereof. Any such contract or supplemental agreement properly submitted to the Director of Public Works and not denied in writing by the Director of Public Works within such 10 day period shall be deemed to be approved in the form submitted for all purposes of this Acquisition Agreement.

3.7 Time for Completion. The Developer acknowledges and agrees that the reasonably anticipated time for the completion of the Acquisition Facilities or Components thereof must satisfy the requirements of applicable federal tax laws and regulations with respect to the use of bond proceeds to finance such Acquisition Facilities or Components, and the Developer shall provide the Agency with such reasonably requested certificates or other assurances as may be required in connection therewith.

3.8 School Facilities and Rail Facilities. Pursuant to Sections 4.5 and 5.3 of the South OPA, Infrastructure, for purposes of this Acquisition Agreement, may include certain costs related to school facilities and rail facilities. It is hereby acknowledged that any such facilities will be eligible for funding with CFD Public Financing or Special Tax proceeds only to the extent permitted under Sections 53313.9 and 53316.2, as applicable, of the Act or as otherwise permitted under applicable law.

4. ACQUISITION AND PAYMENT

4.1 Inspection. No payment hereunder shall be made by the Agency to the Developer for an Acquisition Facility or Component thereof until the Acquisition Facility or Component thereof has been inspected and found by the Director of Public Works to be completed substantially in accordance with the approved Plans and otherwise consistent with the South OPA, the Interagency Cooperation Agreement and any applicable City Regulations. The Agency shall cooperate with the Developer in obtaining applicable approvals consistent with the terms of the South OPA. Except as otherwise provided in the South OPA, the Developer agrees to pay all inspection, permit and other similar fees of the Agency or the City applicable to construction of the Acquisition Facilities, not otherwise paid from an Agency Account, subject to reimbursement as a component of the Acquisition Price of the related Acquisition Facilities.

4.2 Agreement to Sell and Purchase Facilities. The Developer hereby agrees to sell the Acquisition Facilities listed in Exhibit B hereto, as amended from time to time, to the Agency (or other applicable public agency that will own an Acquisition Facility), and the Agency hereby agrees to use Acquisition Funds when available to pay the Acquisition Prices thereof to the Developer, subject to the terms and conditions hereof and of the Financing Plan. The Agency shall not be obligated to purchase any Acquisition Facility until the Acquisition Facility is completed and the Acceptance Date for such Acquisition Facility has occurred; provided that the Agency has agreed hereunder to make payments to the Developer for certain Components of Acquisition Facilities expressly shown in Exhibit B-1 hereto, as it may be supplemented by any Supplement prior to completion of the Acquisition Facility or the transfer of title to the property underlying it to the applicable governmental agency or utility. The Developer acknowledges that the Components have been identified for payment purposes only, and that the City (or other applicable public agency that will own an Acquisition Facility) shall not be obligated to accept an Acquisition Facility of which a Component is a part until the entire Acquisition Facility has been completed. The Agency acknowledges that the Components do not have to be

accepted by the City (or other applicable public agency that will own an Acquisition Facility) as a condition precedent to the payment of the Acquisition Price therefor, but any such payment shall not be made until the Component has been completed in accordance with the Plans therefor and any City Regulations applicable thereto, as determined in accordance with the Interagency Cooperation Agreement. After the Developer has met the inspection requirements set forth in Section 4.1, the Agency shall use good faith efforts to cause the City to make the Acceptance Date for a final Component to occur by causing the City to accept dedication of any Infrastructure or Open Space Parcels required to be dedicated to the City, in accordance with the Interagency Cooperation Agreement.

4.3 Payment Requests. In order to receive the Acquisition Price for a completed Acquisition Facility or Component thereof, inspection thereof under Section 4.1 shall have been made and the Developer shall deliver to the Director of Public Works: (i) a Payment Request in the form of Exhibit A hereto for such Acquisition Facility or Component, together with all attachments and exhibits required by Exhibit A and this Section 4.3 to be included therewith, in an organized manner, and (ii) if payment is requested for a completed Acquisition Facility, (a) if the property on which the Acquisition Facility is located is not owned by the Agency (or other applicable public agency that will own the Acquisition Facility) at the time of the request, a copy of the recorded documents conveying to the Agency (or other applicable public agency that will own the Acquisition Facility) Acceptable Title to the real property on, in or over which such Acquisition Facility is located, as described in Section 5.1 hereof, (b) a copy of the recorded notice of completion of such Acquisition Facility (if applicable), (c) an assignment of any warranties and guaranties for such Acquisition Facility, in a form acceptable to the Agency, (d) a computation showing any reimbursements from Muni that may be payable with respect to the Acquisition Facilities, which amounts shall be deducted from the determination of Actual Cost for the related Acquisition Facility or Component, and (e) an assignment to the Agency, to the extent permissible, of any reimbursements from third parties (other than Muni) that may be payable with respect to the Acquisition Facilities, such as utility or other reimbursements, to be used by the Agency to repay Public Financings or to be added to the Acquisition Funds.

4.4 Processing Payment Requests. Upon receipt of a Payment Request (and all accompanying documentation), the Director of Public Works shall conduct a review in order to confirm that such request is complete, that such Component or Acquisition Facility identified therein was constructed substantially in accordance with the requirements of Section 4.1 of this Agreement, and to verify and approve the Actual Cost of such Component or Acquisition Facility specified in such Payment Request. The Developer agrees to cooperate with the Director of Public Works in conducting each such review and to provide the Director of Public Works with such additional information and documentation as is reasonably necessary for the Director of Public Works to conclude each such review. For any Acquisition Facilities to be acquired by a public entity or utility other than the City or the Agency, the Developer shall provide evidence acceptable to the Director of Public Works that such Acquisition Facilities are acceptable to such entity or utility. Within ten (10) business days of receipt of any Payment Request, the Director of Public Works shall diligently attempt to complete his or her review of the request for completeness and notify the Developer whether such Payment Request is complete, and, if not, what additional documentation must be provided. The Director of Public Works shall provide a written approval or denial (specifying the reason for any denial) of each completed Payment Request within 30 days of its submittal, or, if additional documentation has been requested from the Developer with respect to a Payment Request within the period required by the next sentence, within 30 days of the submission by the Developer of the additional documentation. Failure of the Director of Public Works to notify the Developer that a Payment Request is incomplete on or before ten (10) days after the Developer first notifies the Director that the Developer has not received notification within the 10-business day period therefor as provided above (by delivery by the Developer of a written notice in the form of Exhibit D hereto), shall be deemed to mean that the Payment Request is complete. All requests

for payment for the costs of any Component or Acquisition Facility contained in a Payment Request that are not specifically denied by the Director of Public Works within thirty (30) days after the Developer first notifies the Director of failure to respond within the applicable 30-day period for review specified above, shall be deemed to be approved in the form submitted for all purposes of this Agreement.

4.5 Payment.

(a) ~~Upon approval or deemed approval of the Payment Request by the Director as~~ provided in Section 4.4 above, the Director of Public Works shall sign the Payment Request and forward the same to the Fiscal Agent, with a copy to the Deputy Executive Director, Finance Administration of the Agency. In the event of the deemed approval of a Payment Request, the Developer shall have the right to forward to the Payment Request directly to the Fiscal Agent, with copies thereof to the Deputy Executive Director, Finance Administration of the Agency and the Director of Public Works. A Payment Request (or a Payment Request that is deemed approved pursuant to Section 4.4 above), shall be paid by the Fiscal Agent in accordance with the provisions of the Fiscal Agent Agreement or, if there are insufficient funds available in the bond proceeds account or the tax increment proceeds account of the Improvement Fund, the Deputy Executive Director, Finance Administration of the Agency shall, within the then current Agency financial accounting payment cycle but in any event within fifteen (15) business days of receipt of such Payment Request, cause the same to be paid by the Agency from available Acquisition Funds. The source of Acquisition Funds on which to draw to meet any Payment Request shall be determined in accordance with the procedures set forth in the Financing Plan. Any such Payment Request not paid in full due to an insufficiency of Acquisition Funds, shall be paid promptly following the availability of additional Acquisition Funds. The Agency agrees to take all actions reasonably required to cause the Fiscal Agent to satisfy Payment Requests submitted to the Fiscal Agent in accordance with this Acquisition Agreement, subject to the availability of Acquisition Funds in the bond proceeds account or the tax increment proceeds account of the Improvement Fund.

(b) Once paid in full, the Acquisition Price paid for any Acquisition Facility or Component shall constitute payment in full for such Acquisition Facility or Component, as applicable, including, without limitation, payment for all labor, materials, equipment, tools and services used or incorporated in the work, supervision, administration, overhead, expenses and any and all other things required, furnished or incurred for completion of such Acquisition Facility or Component, as specified in the Plans.

4.6 Restrictions on Payments. Notwithstanding any other provisions of this Acquisition Agreement, the following restrictions shall apply to any payments made to the Developer under Sections 4.2 and 4.5(a) hereof:

A. Amounts of Payments.

(i) Subject to the following paragraphs of this Section 4.6, payments for each Component or Acquisition Facility will be made only in the amount of the Acquisition Price for the respective Component or Acquisition Facility, not to exceed the Budgeted Cost thereof, except as provided in the remainder of this Section 4.6A(i). The Budgeted Cost for each Component or Acquisition Facility shall be the budgeted cost for such item set forth on Exhibit B as increased by (i) the increase, if any, between the amount of any contract awarded pursuant to Section 3.3(b) and the Budgeted Cost for such Acquisition Facility and (ii) (a) the cost of any change orders approved by the Director of Public Works or (b) any amount otherwise permitted pursuant to Section 3.6. To the extent the Actual Cost of a Component or Acquisition Facility exceeds the Budgeted Cost therefore, the Acquisition Price shall equal the Actual Cost to the extent that: (i) the Director of Public Works reasonably concludes that the increase was due to

changes that were necessary and appropriate, and (ii) the Agency reasonably expects there will be sufficient Acquisition Funds during the life of the Redevelopment Plan to pay for the reasonably expected costs of all remaining Infrastructure.

(ii) Nothing herein shall require the Agency in any event to pay more than the Actual Cost of an Acquisition Facility or Component. The parties hereto acknowledge and agree that all payments to the Developer for the Acquisition Prices of Acquisition Facilities or Components are intended to be reimbursements to the Developer for monies already expended or for immediate payment by the Developer (or directly by the Agency) to third parties in respect of such Acquisition Facilities and/or Components. The Developer shall provide evidence reasonably satisfactory to the Director that payments have been received by the applicable contractor or other third party with respect to any amounts to be reimbursed to the Developer. Such evidence may consist of canceled checks, bank statements, lien releases not conditioned on payment or other similar evidence that such payments have been received.

(iii) Notwithstanding any other provision of this Acquisition Agreement, payments in respect of Actual Costs described in clause (ii) of the definition of Actual Costs in Section 1.1 (the "Clause ii Amounts") shall be made as follows: (a) at the time the Developer submits a Payment Request for the first Component of an Acquisition Facility, the Developer shall provide a reasonable estimate, based on documented costs per clause (ii) above, of the total expected Actual Costs of the Acquisition Facility of which the Component is a part, (b) payment for the Clause ii Amounts shall be paid with other Actual Costs of the related Acquisition Facility pro rata, based upon the estimate of such other Actual Costs described in the preceding clause (a) and the total amount of such Clause ii Amounts, (c) in connection with the Payment Request for the final Component of any Acquisition Facility, the portion of the Clause ii Amounts to be paid pursuant to such Payment Request shall be adjusted to be the then remaining Clause ii Amount related to the applicable Acquisition Facility not theretofore paid to the Developer.

(iv) The Developer shall make reasonable allocations of the costs of any joint trenches to the Infrastructure and non-Infrastructure to be installed in any such trench, such that Actual Costs related to such trench shall only include the portion of the costs thereof reasonably allocable to the Infrastructure.

(v) The Developer shall exclude from any Payment Request the portion of any costs related to Infrastructure that are eligible for reimbursement from Muni. The Agency shall be entitled to delay payments in respect of costs for which any such reimbursements may apply until the amount eligible for reimbursement can reasonably be determined.

B. Joint or Third Party Payments. The Agency may make any payment jointly to the Developer and any mortgagee or trust deed beneficiary, contractor or supplier of materials, as their interests may appear, or solely to any such third party, if the Developer so requests the same in writing or (unless the Developer provides sureties, undertakings, securities and/or lien bonds of the Developer or appropriate contractors or subcontractors that are deemed satisfactory by the Director to assure payment of such claims) as the Agency otherwise determines such joint or third party payment is necessary to obtain lien releases.

C. Withholding Payments.

(i) The Agency shall be entitled, but shall not be required, to withhold any payment hereunder for a Component or an Acquisition Facility if the Developer or any Affiliate is delinquent in the payment of ad valorem real property taxes, special assessments or taxes, possessory interest taxes, or Special Taxes levied in the CFD. In the event of any such delinquency, the Agency shall only make payments hereunder directly to contractors or other

third parties employed in connection with the construction of the Acquisition Facilities or a Transfer Entity, until such time as the Developer provides the Director of Public Works with evidence that all such delinquent taxes and assessments have been paid.

(ii) The Agency shall withhold final payment for any Acquisition Facility (but not for any Component thereof) constructed on land, until Acceptable Title to such land has been conveyed to the public entity that will own the respective Facility (if such property in not already owned by the City or any other such public entity), as described in Article V hereof. ~~Notwithstanding the foregoing, it is acknowledged that the Actual Cost of any land on which an Acquisition Facility or Component is to be constructed may be paid to the Developer or its designee, following conveyance of Acceptable Title thereto to the City (or other applicable governmental agency) and submission by the Developer of a Payment Request therefor.~~

(iii) The Agency shall be entitled to withhold any payment hereunder for a Component that is the subject of a Payment Request until it is satisfied that any and all claims for labor and materials have been paid by the Developer for the Component that is the subject of a Payment Request, or conditional lien releases have been provided by the Developer for such Component. The Agency shall waive this limitation upon the provision by the Developer of sureties, undertakings, and/or lien bonds of the Developer or appropriate contractors or subcontractors and deemed satisfactory by the Director of Public Works to assure payment of such claims.

(iv) The Agency shall be entitled to withhold payment for the final Component of any Acquisition Facility until: (a) the Director of Public Works determines that the Acquisition Facility is ready for its intended use and has been constructed substantially in accordance with all applicable City Regulations, (b) the Acceptance Date for the Acquisition Facility has occurred and the requirements of Section 5.1, if applicable to such Acquisition Facility, have been satisfied, and (c) general lien releases (conditioned solely upon payment from Acquisition Funds to be used to acquire such Acquisition Facility or final Component) have been submitted to the Director of Public Works for the Acquisition Facility. The Agency hereby agrees that the Developer shall have the right to post or cause the appropriate contractor or subcontractor to post a bond with the Agency to indemnify the Agency and the City for any losses sustained by the Agency or the City because of any liens that may exist at the time of acceptance of such an Acquisition Facility, so long as such bond is drawn on an obligor and is otherwise in a form acceptable to the Director, but that payment for the final Component of any Acquisition Facility may be withheld until all disputes with the applicable contractor or subcontractor have been resolved to the satisfaction of the Director. The Agency shall be entitled to withhold payment for the final Component of any Acquisition Facility to be owned by governmental entities other than the City, until the Developer provides the Director of Public Works with evidence that the governmental entity has accepted dedication of and/or title to the Acquisition Facility. The Director of Public Works shall promptly determine whether an Acquisition Facility is ready for intended use and is in compliance with applicable City Regulations under (a) above and shall so notify the Developer as soon as reasonably practicable in writing of his or her determination. If such determination is that an Acquisition Facility does not meet such requirements, the Director shall, in such notice, identify with particularity the reason(s) therefor.

(v) Nothing in this Acquisition Agreement shall be deemed to prohibit the Developer from contesting in good faith the validity or amount of any mechanics or material man's lien nor limit the remedies available to the Developer with respect thereto so long as such delay in performance shall not subject the Acquisition Facilities or any Component thereof to foreclosure, forfeiture or sale. In the event that any such lien is contested, the Developer shall only be required to post or cause the delivery of a bond in an amount equal to the amount in dispute with respect to any such contested lien, so long as such bond is drawn on an obligor and is otherwise in a form acceptable to the Director.

D. Retention. The Agency shall be entitled to withhold from the amounts payable pursuant to any Payment Request such amounts as are authorized by applicable City Regulations. The Agency shall be obligated to release any such retention for each Component in accordance with applicable City Regulations.

E. Frequency. Unless otherwise agreed to by the Director, no more than one Payment Request shall be submitted by the Developer in any calendar month.

F. Restrictions on Escrowed Funds. The Developer acknowledges that the provisions of a Public Financing authorizing document may require that Public Financing proceeds deposited to an escrow fund be used to redeem a portion of the Public Financing, and in such event will not be available as Acquisition Funds. The Developer agrees to assist the Agency in releasing funds from any such escrow fund as requested by the Agency.

4.7 Defective or Nonconforming Work. If any of the work done or materials furnished for a Facility or Component are found by the Director of Public Works to be defective or not in accordance with the applicable Plans and City Regulations: (i) and such finding is made prior to payment for the Acquisition Price of such Facility or Component hereunder, the Agency may withhold payment therefor until such defect or nonconformance is corrected to the satisfaction of the Director, or (ii) and such finding is made after payment of the Acquisition Price of such Facility or Component, the Agency and the Developer shall act in accordance with applicable City Regulations, and the Interagency Cooperation Agreement and the Infrastructure Plan.

4.8 City Cooperation. The Agency shall use all reasonable efforts to obtain the compliance by the City with the provisions of the Interagency Cooperation Agreement, as they affect the acceptance by the City of Acquisition Facilities.

4.9 Street Sweeper. Notwithstanding the foregoing or any other provision of this Acquisition Agreement, (i) a street sweeper shall be considered an Acquisition Facility for purposes of this Agreement, and (ii) payment may be made for the Actual Costs related to the street sweeper promptly following its conveyance to, and the acceptance thereof, by the City and the submission by the Developer of a Payment Request therefor.

5. OWNERSHIP AND TRANSFER OF FACILITIES

5.1 Conveyance of Land Title. The transfer of, maintenance of and right of entry with respect to all land on, in or over which any Infrastructure will be located shall be governed by the South OPA, the Interagency Cooperation Agreement and the City Regulations.

6. INSURANCE

6.1 Insurance Requirements. The Developer shall, at all times prior to the final Acceptance Date of any Acquisition Facilities comply with the insurance requirements set forth in any Permit to Enter issued by the Agency in accordance with the South OPA or by the City in accordance with the Interagency Cooperation Agreement, or otherwise in accordance with any other applicable City Regulations.

6.2 Evidence of Insurance. The Developer shall furnish to the Agency and the City, from time to time upon request of the Agency or the City's Risk Manager, a certificate of insurance (and/or, upon request by the Agency or the City's Risk Manager, a complete copy of any policy) regarding each insurance policy required to be maintained by the Developer under any Permit to Enter issued by the Agency in accordance with the South OPA or by the City in

accordance with the Interagency Cooperation Agreement or otherwise in accordance with any other applicable City Regulations.

7. REPRESENTATIONS, WARRANTIES AND COVENANTS

7.1 Representations, Covenants and Warranties of the Developer. The Developer represents and warrants for the benefit of the Agency as follows:

A. Organization. ~~The Developer is a corporation duly organized and validly existing under the laws of the State of Delaware, is in compliance with the laws of such State, and has the power and authority to own its properties and assets and to carry on its business as now being conducted and as now contemplated.~~

B. Authority. The Developer has the power and authority to enter into this Acquisition Agreement, and has taken all action necessary to cause this Acquisition Agreement to be executed and delivered, and this Acquisition Agreement has been duly and validly executed and delivered by the Developer.

C. Financial Records. Until the final Acceptance Date for each Acquisition Facility, the Developer covenants to maintain proper books of record and account for the construction of such Acquisition Facility and all costs related thereto. Such accounting books shall be maintained in accordance with generally accepted accounting principles.

D. Land Sales. The Developer agrees that in the event that it sells any land owned by it within the boundaries of a CFD, the Developer will (i) notify the purchaser in writing prior to the closing of any such sale of the existence of this Acquisition Agreement, and (ii) notify the purchaser in writing of the existence of the CFD and the special tax lien in connection therewith, and otherwise comply with any applicable provision of Section 53341.5 of the Act.

E. Additional Information. The Developer agrees to cooperate with all reasonable written requests for nonproprietary information by the original purchasers of any Public Financing or the Agency related to the status of construction of improvements within the CFD, the anticipated completion dates for future improvements, and any other matter material to the investment quality of the respective Public Financing.

F. No Misrepresentation. The Developer shall not make any material misrepresentation or omission in any written materials furnished to the Agency for use in connection with any preliminary official statement, official statement, bond purchase contract or continuing disclosure certificate or agreement used in connection with the sale of any Public Financing.

G. Continuing Disclosure. The Developer agrees to comply with all of its obligations under any continuing disclosure agreement executed by it in connection with the offering and sale of any Public Financing. The Developer acknowledges that a condition to the issuance of any Public Financing will be the then compliance by the Developer with its obligations under such agreement.

H. Allocation of Sales Taxes. The Developer shall cooperate reasonably with the Agency and the City in investigating the feasibility of a program to maximize the capture of sales taxes for the City with respect to any construction contracts and subcontracts for Acquisition Facilities or Components and other Improvements, provided that the Developer shall not be unreasonable in declining to implement such a program if it would incur other than immaterial costs in such implementation and such costs would not be reimbursed. Such a program could include, by way of example only, use of a purchasing agent. Before commencing construction of Acquisition Facilities under this Agreement, the Developer, the Agency and the

City shall meet and confer in good faith to evaluate the feasibility of implementing any such program and the relative financial benefits and burdens to the City and the Developer.

I. Utility and Other Reimbursements. The Developer agrees to use commercially reasonable efforts to enter into contractual arrangements with utility companies (such as Pacific Bell, Pacific Gas and Electric, TCI and RCN) to obtain reimbursements related to the installation of Infrastructure, under circumstances and in form similar to those obtained by the Developer in connection with the installation of infrastructure improvements being constructed by the Developer in other similar developments. The Developer agrees to submit any such agreements to the Director for reasonable review and comment at least twenty (20) days prior to the execution thereof, and to use diligent efforts to assist the Agency in collecting amounts due under any such agreements.

7.2 Indemnification and Hold Harmless. The Developer acknowledges and agrees that the indemnities of the Owner contained in the South OPA and in the consent to the Interagency Cooperation Agreement include, without limitation, any and all Losses (as defined therein) arising out of the breach of this Agreement by the Developer, the Developer's or any of its contractor's, agents', consultants' or representatives' negligent or defective construction of the Acquisition Facilities or any Components acquired from the Developer under this Agreement, the Developer's non-payment under contracts between the Developer and its consultants, engineers, advisors, contractors, subcontractors or suppliers in the provision of such Acquisition Facilities or Components or any claims of persons employed by the Developer or its contractors, agents, consultants or representatives to construct such Acquisition Facilities or Components, all subject to the terms, conditions, exceptions (including, without limitation, the exception for negligence or willful acts or omissions of the indemnified party) and limitations contained in the South OPA and the Interagency Cooperation Agreement, as applicable and further provided that any demand for indemnification hereunder with respect to negligent or defective construction must be brought, if at all, within two (2) years after the related Acquisition Facilities or Components are determined to be complete in accordance with the inspection described in Section 4.1 hereof.

8. TERMINATION

8.1 Mutual Consent. This Acquisition Agreement may be terminated by the mutual, written consent of the Agency and the Developer, in which event the Agency may let contracts for any remaining work related to the Acquisition Facilities not previously acquired from the Developer hereunder, and use all or any portion of the Acquisition Funds to pay for same, and in such event the Developer shall have no claim or right to any further payments for the Acquisition Price of Acquisition Facilities or Components hereunder, except for Acquisition Facilities or Components which have been completed but not yet paid for from Acquisition Funds or as otherwise may be provided in such written consent.

8.2 Agency Election for Cause.

(a) The following events shall constitute grounds for the Agency, at its option, to terminate this Acquisition Agreement, without the consent of the Developer:

(i) The Developer shall voluntarily file for reorganization or other relief under any Federal or State bankruptcy or insolvency law.

(ii) The Developer shall have any involuntary bankruptcy or insolvency action filed against it, or shall suffer a trustee in bankruptcy or insolvency or receiver to take possession of the assets of Developer, or shall suffer an attachment or levy of execution to be made against the property it owns within the CFD unless, in any of such cases,

such circumstance shall have been terminated or released within ninety (90) days

(iii) The Developer or any of its Affiliates shall at any time challenge the validity of a CFD established in accordance with, or any Public Financing issued in accordance with the Financing Plan, or the levy of Special Taxes within such a CFD, other than on the grounds that such levy was not made in accordance with the terms of the Rate and Method of Apportionment of the Special Taxes for such CFD.

(b) If any such event described in Section 8.2(a) occurs, the Agency shall give written notice of its knowledge thereof to the Developer, and the Developer shall agree to meet and confer with the Director of Public Works and other appropriate Agency staff and consultants as to options available to assure timely completion of the Acquisition Facilities and Infrastructure not yet constructed. Such options may include, but not be limited to the termination of this Acquisition Agreement by the Agency. If the Agency elects to terminate this Acquisition Agreement, the Agency shall first notify the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the Agency to receive such notice) of the grounds for such termination and allow the Developer a minimum of thirty (30) days to eliminate or mitigate to the satisfaction of the Director of Public Works the grounds for such termination. Such period may be extended, at the sole discretion of the Agency, if the Developer, to the satisfaction of the Agency, is proceeding with diligence to eliminate or mitigate such grounds for termination. If at the end of such period (and any extension thereof), as determined solely by the Agency, the Developer has not eliminated or completely mitigated such grounds, to the satisfaction of the Agency, the Agency may then terminate this Acquisition Agreement.

(c) Notwithstanding the foregoing, so long as any event listed in Section 8.2(a) has occurred, notice of which has been given by the Agency to the Developer, and such event has not been cured or otherwise eliminated by the Developer, the Agency may in its discretion cease making payments for the Acquisition Price of Acquisition Facilities or Components under Article 4 hereof to the Developer; provided that the Developer shall receive payment of the Acquisition Price of any Component or Acquisition Facility that was completed at the time of the occurrence of an event listed in Section 8.2(a) above upon submission of the documents and compliance with the other applicable requirements of this Acquisition Agreement.

8.3 Force Majeure. A party who is subject to Unavoidable Delay in the performance of an obligation hereunder, or in the satisfaction of a condition to the other party's performance hereunder, shall be entitled to a postponement of the time for performance of such obligation or satisfaction of such condition during the period of enforced delay attributable to an event of Unavoidable Delay, subject to the provisions of this Section 8.3.
