San Francisco, CA 94103

**RE: Transbay East Clementina Street Right-of-Way Public Infrastructure Improvements Consistency Determination**

Dear Mr. Hennessy:

The Office of Community Investment and Infrastructure (OCII) has received your request regarding the East Clementina Street Right-of-Way public infrastructure improvements and their consistency with the Transbay Redevelopment Plan and Plan Documents.

OCII has reviewed the documents and related materials concerning the acceptance of East Clementina Street Right-of-Way public infrastructure improvements and finds them consistent with the Transbay Redevelopment Plan and Plan Documents and recommends that the Board of Supervisors or its designee accept the facilities on behalf of the City.

Earl Shaddix  
COMMISSIONERS

Furthermore, OCII finds and determines that the East Clementina Street improvement project is an Implementing Action within the scope of the project analyzed in the FEIS/EIR and addenda and requires no additional environmental review pursuant to California Public Resources Code Section 21166 and State CEQA Guidelines Sections 15180, 15168, 15162 and 15163 for the following reasons:

1. The Implementing Action is within the scope of the project analyzed in the FEIS/EIR and addenda and no major revisions are required due to the involvement of new significant environmental effects or a substantial increase in the severity of significant effects previously identified in the FEIS/EIR; and,

2. No substantial changes have occurred with respect to the circumstances under which the project analyzed in the FEIS/EIR and addenda was undertaken that would require major revisions to the FEIS/EIR due to the involvement of new significant environmental effects, or a substantial increase in the severity of effects identified in the FEIS/EIR; and,
3. No new information of substantial importance to the project analyzed in the FEIS/EIR and addenda has become available which would indicate that (a) the Implementing Action will have significant effects not discussed in the FEIS/EIR; (b) significant environmental effects will be substantially more severe; (c) mitigation measures or alternatives found not feasible which would reduce one or more significant effects have become feasible; or (d) mitigation measures or alternatives which are considerably different from those in the FEIS/EIR will substantially reduce one or more significant effects on the environment.

Sincerely,

DocuSigned by:
