Re: Transmittal of Planning Department Case Number 2026-004121DES
117 Broad Street / Engine Company No. 33 Landmark Designation
BOS File No. 260136

Dear Ms. Calvillo and Supervisor Chen,

On June 17, 2026, the San Francisco Historic Preservation Commission (hereinafter “HPC”) conducted a duly noticed public hearing at a regularly scheduled meeting to consider Supervisor Chen’s ordinance (Board File No. 260136) to landmark Engine Company No. 33 (117 Broad Street). At the hearing, the HPC voted to approve a resolution to recommend landmark designation pursuant to Article 10 of the Planning Code.

The proposed amendments have been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c)(2). Approval Action for the project for the purposes of CEQA, pursuant to San Francisco Administrative Code section 31.04(h).

Please find attached documents related to the HPC’s action. Also attached is an electronic copy of the proposed ordinance, drafted by Deputy City Attorney Peter Milijanich. If you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

Veronica Flores, Acting Manager of Legislative Affairs

17 subsections or parts of tables.

18 Be it ordained by the People of the City and County of San Francisco:

19 Section 1. Findings.

20 (a) Environmental and Land Use Findings.

21 (1) The Planning Department has determined that the Planning Code
22 amendment proposed in this ordinance is subject to a Categorical Exemption from the
23 California Environmental Quality Act (California Public Resources Code Sections 21000 et
24 seq., hereinafter "CEQA") pursuant to Section 15308 of California Code of Regulations, Title
25 14, Sections 15000 et seq., the Guidelines for implementation of the statute, for actions by
regulatory agencies for protection of the environment (in this case, landmark designation).
Said determination is on file with the Clerk of the Board of Supervisors in File No.

1 _____ and is incorporated herein by reference. The Board of Supervisors affirms
2 this determination.

3 (2) Pursuant to Planning Code Section 302, the Board of Supervisors finds that
4 the proposed landmark designation of Engine Company No. 33 will serve the public necessity,
5 convenience, and welfare for the reasons set forth in Historic Preservation Commission
6 Resolution No. _____, recommending approval of the proposed designation, which is
7 incorporated herein by reference.

8 (3) The Board of Supervisors finds that the proposed landmark designation of
9 Engine Company No. 33 is consistent with the General Plan and with Planning Code Section
10 101.1(b) for the reasons set forth in Historic Preservation Commission Resolution No.
11 _____, which is incorporated herein by reference.

12 (b) General Findings.

13 (1) On March 17, 2026, the Board of Supervisors adopted Resolution No. 147-
14 26, initiating landmark designation of Engine Company No. 33 as a San Francisco landmark
15 pursuant to Section 1004.1 of the Planning Code. On March 20, 2026, the Mayor approved
16 the resolution. Said resolution is on file with the Clerk of the Board of Supervisors in File No.
17 260136.

18 (2) Pursuant to Charter Section 4.135, the Historic Preservation Commission
19 has authority “to recommend approval, disapproval, or modification of landmark designations
20 and historic district designations under the Planning Code to the Board of Supervisors.”

21 (3) The Landmark Designation Fact Sheet dated June 17, 2026 was prepared
22 by Planning Department Preservation staff. All preparers meet the Secretary of the Interior’s
23 Professional Qualification Standards for historic preservation program staff, as set forth in
24 Code of Federal Regulations Title 36, Part 61, Appendix A. The report was reviewed for
25 accuracy and conformance with the purposes and standards of Article 10 of the Planning

1 Code. A copy of the Landmark Designation Fact Sheet is on file with the Clerk of the Board of
2 Supervisors in File No. _____ and is incorporated herein by reference.

3 (4) The Historic Preservation Commission, at its regular meeting of June 17,
4 2026, reviewed Planning Department staff’s analysis of the historical significance of Engine
5 Company No. 33 set forth in the Landmark Designation Fact Sheet.

6 (5) On June 17, 2026, after holding a public hearing on the proposed
7 designation and having considered the specialized analyses prepared by Planning
8 Department staff and the Landmark Designation Fact Sheet, the Historic Preservation
9 Commission recommended designation of Engine Company No. 33 as a landmark consistent
10 with the standards set forth in Section 1004 of the Planning Code, by Resolution No.
11 _____. Said resolution is on file with the Clerk of the Board in File No. _____.

12 (6) The Board of Supervisors hereby finds that Engine Company No. 33 has a
13 special character and special historical, cultural, architectural, and aesthetic interest and
14 value, and that its designation as a landmark will further the purposes of and conform to the
15 standards set forth in Article 10 of the Planning Code. In doing so, the Board of Supervisors
16 hereby incorporates by reference the findings of the Landmark Designation Fact Sheet.

17
18 Section 2. Designation.

19 Pursuant to Section 1004.3 of the Planning Code, the Engine Company No. 33, located
20 at 117 Broad Street, Assessor’s Parcel Block No. 7113, Lot No. 041, is hereby designated as
21 a San Francisco landmark consistent with the standards set forth in Section 1004. Appendix A
22 to Article 10 of the Planning Code is hereby amended to include this property.

23
24 Section 3. Required Data.

1 (a) The description, location, and boundary of the landmark site consists of the
2 footprint of the Engine Company No. 33, located on Assessor's Parcel Block No. 7113, Lot
3 No. 041, on the south side of Broad Street between Plymouth and Capitol Avenues in San
4 Francisco's Ocean View neighborhood, as shown in the Landmark Designation Fact Sheet.

5 (b) The characteristics of the landmark that justify its designation are described and
6 shown in the Landmark Designation Fact Sheet and other supporting materials contained in
7 Planning Department Record Docket No. 2026-004121DES. In brief, Engine Company No.
8 33, located at 117 Broad Street, is eligible for local designation because it is significant as one
9 of San Francisco's earliest extant firehouses, for its association with Ocean View's early
10 history, as well as an intact example of a Classical Revival firehouse. The subject property
11 was constructed in 1896, as a firehouse to house Engine Company Number 33, and operated
12 as such until 1974, after which it was sold by the City and County of San Francisco. The
13 building is now residential and under private ownership. The building is located in the Ocean
14 View neighborhood, which was considered an outlying neighborhood at the time of
15 construction, as Ocean View did not develop as a residential neighborhood until after the
16 Great 1906 Earthquake and Fire. The firehouse was designed by architect Charles R. Wilson
17 in the Classical Revival style and retains high integrity. In 1896, Engine Company No. 33 was
18 dispatched to assist with a fire in nearby Colma, which was the first San Francisco act of
19 mutual aid to assist a neighboring fire department. Engine Company No. 33 was
20 the last horse drawn unit in the San Francisco Fire Department, not converting
21 to using motorized apparatus until 1921.

22 (c) The particular features that should be preserved, or replaced in kind as determined
23 necessary, are those generally shown in photographs and described in the Landmark
24 Designation Fact Sheet, which can be found in Planning Department Record Docket No.
25 2026-004121DES, and which are incorporated in this designation by reference as though fully

1 set forth herein. This designation does not identify any interior character-defining features.
2 Specifically, the features that are character-defining and shall be preserved or replaced in kind
3 are the exterior elevations, form, massing, structure, rooflines, architectural ornament, and
4 materials of the property, identified as:

- 5 (1) Two-story height;
- 6 (2) Full lot width;
- 7 (3) Flat roof with bracketed cornice line;
- 8 (4) Wood construction and horizontal wood siding;
- 9 (5) Left square alarm tower with semi-circle openings and dentils;
- 10 (6) Wood-framed entryway with carriage doors below transom windows;
- 11 (7) First story frieze and dentil-lined cornice with decorative, Classical-inspired
12 moldings, and crown molding;
- 13 (8) Three second-story wood windows with ogee lugs; and
- 14 (9) Three portholes at roofline frieze.

15

16 Section 4. Effective Date.

17 This ordinance shall become effective on the 31st day after enactment. Enactment
18 occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or
19 does not sign the ordinance within ten days of receiving it, or the Board of Supervisors
20 overrides the Mayor's veto of the ordinance.

21

22 APPROVED AS TO FORM:
23 DAVID CHIU, City Attorney

24 By: /s/ Peter Miljanich

25 PETER MILJANICH
Deputy City Attorney

RESOLUTION RECOMMENDING TO THE BOARD OF SUPERVISORS LANDMARK DESIGNATION OF ENGINE COMPANY NO. 33 (117 BROAD ST), ASSESSOR'S PARCEL BLOCK NO. 7113, LOT NO. 041, AS LANDMARK NO. XXX CONSISTENT WITH THE PURPOSES AND STANDARDS OF ARTICLE 10.

Preamble

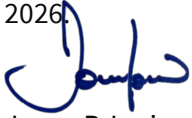

1. WHEREAS, at a public hearing on March 17, 2026, the Board of Supervisors voted to adopt Resolution No. 147-26 to initiate Landmark Designation of Engine Company No. 33 (117 BROAD ST), Assessor's Parcel Block No. 7113, Lot No. 041; and
2. WHEREAS, Mayor Lurie signed the Resolution on March 20, 2026 and the Clerk of the Board transmitted it to the Planning Department on April 9, 2026; and
3. WHEREAS, Department staff, who meet the Secretary of Interior's Professional Qualification Standards prepared the Landmark Designation Fact Sheet for Engine Company No. 33 which was reviewed for accuracy and conformance with the purposes and standards of Article 10; and
4. WHEREAS, the Historic Preservation Commission, at its regular meeting of June 17, 2026 reviewed

Department staff's analysis of the Engine Company No. 33's historical significance pursuant to Article 10 and recommended Landmark designation through this Resolution; and

5. WHEREAS, the Historic Preservation Commission finds that the Landmark designation for the Engine Company No. 33 is in the form prescribed by the Historic Preservation Commission and contains supporting historic, architectural, and/or cultural documentation; and
6. WHEREAS, the Historic Preservation Commission finds that the Landmark designation of 117 BROAD ST is proper as an intact example of a Classical Revival firehouse; and
7. WHEREAS, the Historic Preservation Commission finds that the Landmark designation of 117 BROAD ST is proper as an early firehouse from the time period in which fire emergency response relied on horse-drawn vehicles; and
8. WHEREAS, the Historic Preservation Commission finds that the Landmark designation of 117 BROAD ST is proper for its early association with the Ocean View neighborhood, when it was only sparsely populated prior to the Great 1906 Earthquake and Fire; and
9. WHEREAS, the Historic Preservation Commission finds that the Landmark designation of 117 BROAD ST is proper as it retains sufficient integrity; and
10. WHEREAS, the Historic Preservation Commission finds that 117 Broad Street meets the eligibility requirements of Section 1004 of the Planning Code and warrants consideration for Article 10 landmark designation; and
11. WHEREAS, the Historic Preservation Commission finds that the boundaries and the list of character-defining features, as identified in the Landmark Designation Fact Sheet, should be considered for preservation under the proposed landmark designation as they relate to 117 Broad Street's historical significance and retain historical integrity; and
12. WHEREAS, the proposed designation is consistent with the General Plan priority policies pursuant to Planning Code, Section 101.1 and furthers Priority Policy No. 7, which states that landmarks and historic buildings be preserved, and will serve the public necessity, convenience and welfare pursuant to Planning Code, Section 302; and
13. WHEREAS, the Department has determined that landmark designation is exempt from environmental review, pursuant to CEQA Guidelines Section 15308 (Class Eight - Categorical); and now therefore, be it

RESOLVED, that the Historic Preservation Commission hereby recommends to the Board of Supervisors approval of landmark designation of 117 Broad Street (aka Engine Company No. 33), Assessor's Parcel Block No. 7113, Lot No. 041, as a Landmark pursuant to Article 10 of the Planning Code.

I hereby certify that the Historic Preservation Commission **ADOPTED** the foregoing Resolution on June 17, 2026.

Environmental Review: Categorical Exemption

RECOMMENDATION: Recommend Landmark Designation to Board of Supervisors

Background

The Family Zoning Plan (FZP) Landmark Designation Program (Program) is being undertaken in conjunction with the implementation of FZP, with the objective of allowing for more housing, while still preserving San Francisco’s most cherished architectural, cultural, and/or historical resources. This Program is being overseen by the Planning Department alongside District Supervisors and project partners. The Program includes designating properties which are currently identified as Category A-rated historical resources through past Surveys and Historic Resource Evaluations, as Planning Code Article 10 Landmarks.

117 Broad Street (Engine Company No. 33) is the only District 11 property which meets the FZP Landmarking criteria as an existing Category A rated individually eligible historic resource with exemplary historical significance and integrity. However, District 11 has significantly fewer existing Category A historic resources, than many of the other San Francisco Supervisorial Districts. District 11 has not been surveyed for its historic

resources. However, as San Francisco Citywide Cultural Resources Survey (SF Survey) findings are completed, more properties will be identified as potential FZP Landmarks in District 11, and recommended as such.

Property Description

177 Broad Street (Engine Company No. 33) is a two-story residence, originally constructed as a firehouse in 1896. The property is one of San Francisco's earliest extant firehouses, and is associated with pre-1906 development of the Ocean View neighborhood. Engine Company No. 33 was the last horse drawn unit in the San Francisco Fire Department, not converting to motorized apparatus until 1921 and operated as a firehouse until 1974. Built in the Classical Revival style the building has been subject to few exterior alterations and retains sufficient integrity.

Compliance With Planning Code

Article 10 of the Planning Code

The executive summary and analysis under review was prepared by Department preservation staff, who meet the Secretary of the Interior's professional qualifications. The Department has determined that the subject property meets the requirements for eligibility as an individual landmark pursuant to Article 10 of the Planning Code. The justification for its inclusion is explained in detail on the attached Landmark Designation Fact Sheet, and briefly in this Executive Summary.

Significance:

Underrepresented Landmark Types: The proposed landmark designation addresses a priority established by the Historic Preservation Commission (HPC) for new landmarks, as follows:

- **Underrepresented Geographies** – The subject property lies in the Ocean View neighborhood, which has few existing landmarks relative to other San Francisco neighborhoods. Specifically, only three existing Article 10 landmarks are found in Ocean View: the Joseph Leonard/Cecil F. Poole House (landmark #213), the Ingleside Presbyterian Church and "The Great Cloud of Witnesses" (landmark #273), and Ingleside Terraces Sundial and Sundial Park (landmark #293).

Public/Neighborhood Input

Planning Department staff conducted outreach for the property owner, as follows:

- **Property Owner Notification** – Consistent with Article 10 of the Planning Code, the property owner of the proposed landmark was provided with a written 20 day notice of this HPC hearing. The property owner was also sent a courtesy notice in September 2025 to let them know that their property was being considered as an Article 10 Landmark, and was offered a 1:1 meeting with Planning Department Staff to discuss the prospect.
- **Property Owner Conversations** – Planning Department staff had a phone call with the property owner to

discuss implications of Article 10 Landmarking. Specific questions were about resale implications, future alterations, and building permits for maintenance and repair.

Issues & Other Considerations

- **Past Historic Resource Surveys and Context Statements** – To identify the Program’s proposed landmarks, properties which were already identified as Category A historic resources, through past historic resource surveys, were reviewed. Historic context statements were also reviewed to inform the proposals. Relevant past historic resource surveys and historic context statements for this property include:
 - Here Today, San Francisco’s Architectural Heritage. Text by Roger Olmstead and T.H. Watkins, San Francisco, CA, Chronicle Books, 1968 – This 300+ book includes the Junior League of San Francisco Inc.’s survey information of over 2,500 buildings. The findings of this survey were adopted by the Board of Supervisors on May 11, 1970; Resolution No. 268-70. Additionally, the Junior League of San Francisco "Here Today" building research files, 1964-1978, are archived at the San Francisco Public Library History Center and were reviewed for additional background.
 - San Francisco’s Ocean View, Merced Heights, and Ingleside (OMI) Neighborhoods 1862-1959 Historic Context Statement (2010). A Historical Context Statement Prepared for the San Francisco Historic Preservation Fund Committee Prepared by Richard Brandi and Woody LaBounty of the Western Neighborhoods Project – This historic context statement provides an overview of OMI’s natural and cultural history with a focus on 1862-1959 history as a residential suburb. The document identifies potential properties that may be considered as historic resources, including the subject property.

Basis for Recommendation

The Department recommends that the HPC recommend to the Board of Supervisors landmark designation of 117 Broad Street (Engine Company No. 33) as outlined in this case report as it meets the provisions of Article 10 of the Planning Code regarding Landmark Designation.

 - F) Board of Supervisor Initiation Resolution

Engine Company No. 33

Period of Significance: 1896-1906

Significance Criteria: 1 (Events) & 3 (Architecture)

Statement of Significance: 117 Broad Street is significant as one of San Francisco's earliest extant firehouses, for its association with pre-1906 development of the Ocean View neighborhood, and as an intact example of a Classical Revival firehouse. Constructed in 1896, as a firehouse to house Engine Company No. 33, and to protect a planned women's college (which was never built). Shortly after its construction, however, Engine Company No. 33 was dispatched to assist with a fire in nearby Colma, which was the first San Francisco act of mutual aid to assist a neighboring fire department. Engine Company No. 33 was the last horse drawn unit in the San Francisco Fire Department, not converting to motorized apparatus until 1921. The property operated as a firehouse until 1974 after which it was converted to a private residence. Although converted into residential use, the interior has been well maintained. Past residents opened it to the public as a living history museum.¹

The Ocean View neighborhood was only sparsely developed prior to the Great 1906 Earthquake and Fires. The development pace quickened however, after the disaster, due to the immediate housing shortage and influx of Earthquake refugees from other neighborhoods.²

The firehouse was designed by Charles R. Wilson in the Classical Revival style. This style was inspired by Classical sources including ancient Greece, ancient Rome, and the Italian Renaissance and Baroque periods, and is considered San Francisco's most popular turn-of-the-century architectural style.³

Integrity: Exterior alterations include removal of the tower's hipped roof and roof balustrade, carriage door replacement, and hose tower replacement to match. Additionally, the gold lettering "S.F.F.D." and ENGINE CO. NO. 33" does not appear original. However, overall the property retains sufficient integrity.

Character Defining Features: All those exterior elevations, form, massing, structure, rooflines, architectural ornament, and materials of the property identified as:

- Two-story height
- Full lot width
- Flat roof with bracketed cornice line
- Wood construction and horizontal wood siding
- Left square alarm tower with semi-circle openings and dentils
- Wood-framed entryway with carriage doors below transom windows
- First story frieze and dentil-lined cornice with decorative Classical-inspired moldings, and crown molding
- Three second-story wood windows with ogee lugs
- Three portholes at roofline frieze
