1 [Approve Project List - California Senate Bill 1 Local Streets and Road Program - Road  
2 Maintenance and Rehabilitation Account Funds - FY2024-2025]

3 **Resolution approving the list of projects to be funded by Fiscal Year (FY) 2024-2025**  
4 **Road Maintenance and Rehabilitation Account funds as established by California**  
5 **Senate Bill 1, the Road Repair and Accountability Act of 2017.**

6  
7 WHEREAS, California Senate Bill 1 (herein referred to as SB 1), the Road Repair and  
8 Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the California  
9 Legislature and signed into law by the Governor of California in April 2017 to address the  
10 significant multi-modal transportation funding shortfalls statewide; and

11 WHEREAS, SB 1 includes accountability and transparency provisions that will ensure  
12 the residents of the City and County of San Francisco are aware of the projects proposed for  
13 funding in their community and which projects have been completed each fiscal year; and

14 WHEREAS, The City and County of San Francisco must adopt by Resolution a list of  
15 projects proposed to receive fiscal year funding from the Road Maintenance and  
16 Rehabilitation Account (herein referred to as RMRA), created by SB 1, which must include a  
17 description and the location of each proposed project, a proposed schedule for the project's  
18 completion, and the estimated useful life of the improvement; and

19 WHEREAS, The California Transportation Commission has requested to receive San  
20 Francisco's Board approved RMRA funded project list for Fiscal Year 2024-2025 by July 1,  
21 2024; and

22 WHEREAS, The City and County of San Francisco will receive an estimated \$31.3  
23 million in RMRA funding in Fiscal Year 2024-2025 from SB 1; and

24 WHEREAS, This is the eighth year in which the City and County of San Francisco is  
25 receiving SB 1 funding and will enable the City and County of San Francisco to continue

1 essential road maintenance and rehabilitation projects that would not have otherwise been  
2 possible without SB 1; and

3 WHEREAS, The City and County of San Francisco used a Pavement Management  
4 System to develop the SB 1 project list to ensure revenues are being used on the highest  
5 priority and cost-effective projects that also meet community priorities for transportation  
6 investment; and

7 WHEREAS, Project selection criteria include public inquiries, Pavement Condition  
8 Index scores, multi-modal routes, project readiness, geographic equity, and funding  
9 availability; and

10 WHEREAS, The 2018 California Statewide Local Streets and Roads Needs  
11 Assessment found that the City and County of San Francisco streets and roads are in a good  
12 condition and this revenue will help us increase the overall quality of our road system and  
13 over the next decade will maintain our streets and roads in good condition; and

14 WHEREAS, Fiscal Year 2024-2025 funding from SB 1 will help the City and County of  
15 San Francisco maintain and rehabilitate 212 blocks throughout San Francisco; and

16 WHEREAS, SB 1 RMRA is one funding source among multiple within the San  
17 Francisco Public Works Street Resurfacing Program (herein referred to as Street  
18 Resurfacing); and

19 WHEREAS, If non-RMRA funding continues at levels established by the 2011 Road  
20 Repaving and Street Safety General Obligation Bond, Street Resurfacing will be able to  
21 resurface, repair, and rehabilitate approximately 400 additional blocks each year; and

22 WHEREAS, All Street Resurfacing project candidates are subject to substitution and  
23 schedule changes pending available funding, visual confirmation, utility clearances with other  
24 agencies, and are not guaranteed to be moved forward to construction; and

25

1           WHEREAS, Unforeseen challenges such as increased work scope, changing priorities,  
2 cost increases, or declining revenue may arise causing Street Resurfacing to postpone or  
3 drop candidates from consideration; and

4           WHEREAS, Without revenue from SB 1, the City and County of San Francisco would  
5 have to reduce its annual pavement workload, causing the quality of San Francisco's road  
6 network to deteriorate and the City's average Pavement Index Condition score to drop; and

7           WHEREAS, Maintaining and preserving the local street and road system will reduce  
8 drive times and traffic congestion, improve bicycle safety, and make the pedestrian  
9 experience safer and more appealing, which leads to a reduction in vehicle emissions, helping  
10 California achieve its air quality and greenhouse gas emissions reduction goals; and

11           WHEREAS, Restoring roads before they fail is more cost effective and reduces  
12 construction time, as well as reduces air pollution from heavy equipment and water pollution  
13 from site run-off; and

14           WHEREAS, The SB 1 project list and overall investment in our local streets and roads  
15 infrastructure, with a focus on basic maintenance and safety, investing in complete streets  
16 infrastructure, and using cutting edge technology, materials, and practices, will have  
17 significant positive co-benefits statewide; now, therefore, be it

18           RESOLVED, That the foregoing recitals are true and correct; and, be it

19           FURTHER RESOLVED, The following list of planned projects, further detailed in the  
20 attachment titled "San Francisco FY 2024-25 SB1 Proposed Project List", will be funded in-  
21 part or solely with Fiscal Year 2024-25 RMRA revenue:

- 22           1. 8th St, Clay St and Leavenworth St Pavement Renovation and Sewer  
23           Replacement
- 24           2. Various Locations Pavement Renovation No 67B Sewer Replacement and  
25           Overhead Contact System Local Isolation

- 1                    3. Various Locations Pavement Renovation No 69
- 2                    4. Various Locations Pavement Renovation No 70
- 3                    5. Various Locations Pavement Renovation No 71
- 4                    6. Various Locations Pavement Renovation No 78.

# Projected Fiscal Year 24-25 Funding Street Resurfacing Candidates

## Legend

- Supervisor Districts (2022)
- FY 24-25 Road Maintenance and Rehabilitation Account Funding
- FY 24-25 Candidates by other Funding Sources
- FY 25-26 and Onward Candidates

### NOTES:

- Candidates to be completed by City Forces and Pavement Preservation Projects are not displayed. As of FY 15/16, approximately 300 blocks are completed annually at various locations throughout the City by City Forces and Pavement Preservation Projects.
- All Public Works Street Resurfacing Program candidates are subject to substitution and schedule changes pending available funding, visual confirmation, utility clearances and coordination with other agencies and are NOT guaranteed to be moved forward to construction. Unforeseen challenges such as increased work scope, changing priorities, cost increases or declining revenue may arise causing the Public Works Street Resurfacing Program candidates to be postponed or dropped from consideration.

The funding agency has requested to receive the completed resolution of local support by **July 1, 2024**.

**Departmental representative to receive a copy of the adopted resolution:**

Name: Joyce Lee-Yip (joyce.lee-yip@sfdpw.org)

Interoffice Mail Address: San Francisco Public Works, 49 South Van Ness, 16<sup>th</sup> Floor

Certified copy required: Yes

No

## **Senate Bill 1 Road Maintenance and Rehabilitation Account**

In April 2017, Governor of California Jerry Brown signed Senate Bill 1, the Road Repair and Accountability Act of 2017 (SB1), which through tax and fee increases, will raise over \$5 billion annually in new transportation revenues for the State of California.

\$1.5 billion of the total annual SB1 revenue is earmarked for local streets and roads maintenance and rehabilitation in the Road Maintenance and Rehabilitation Account (RMRA). California's counties and cities receive an annual share from RMRA.

On January 12, 2024, California State Association of Counties (CSAC) released San Francisco's Fiscal Year 2024-25 estimated RMRA county and city shares. San Francisco estimates to receive \$31.3 million in Fiscal Year 2024-25. Prior to receiving an apportionment of Road Maintenance and Rehabilitation Account (RMRA) funds from the California State Controller, San Francisco must identify and approve which projects will receive RMRA funds. San Francisco Public Works' Street Resurfacing program has identified six (6) projects to receive RMRA funding next fiscal year:

1. 8th St, Clay St and Leavenworth St Pavement Renovation and Sewer Replacement
2. Various Locations Pavement Renovation No 67B Sewer Replacement and Overhead Contact System Local Isolation
3. Various Locations Pavement Renovation No 69
4. Various Locations Pavement Renovation No 70
5. Various Locations Pavement Renovation No 71
6. Various Locations Pavement Renovation No 78
