Hi Brent, apologies for not responding sooner. Can we still add information to the file?

“This resolution is retroactive because Public Works only secured the matching funds through the fiscal year 2021-22 budget. Evidence of local match funding is required by Controller’s office to recommend the accept and expend resolution for consideration. The grant allocation and contract bid and award process occurred in parallel to meet grant timely use of fund deadlines.”

Bryan or myself will be available if it comes up during the meeting.

Thank you,
Oscar

Subject: BOS File No. 211101 - Accept and Expend Grant - Retroactive - 2019 Active Transportation Program - Alemany Interchange Improvements Phase 2 - \$1,971,000

Good morning,

As you are aware, your following item was heard in Budget & Finance Committee on December 1, 2021, and forwarded to the full Board for December 7, 2021:

- **File No. 211101** - Accept and Expend Grant - Retroactive - 2019 Active Transportation Program - Alemany Interchange Improvements Phase 2 - \$1,971,000

This legislation authorizes “retroactive” approval. Due to the full Board’s concerns regarding “retroactive” approvals, please make sure you - or a department representative - will be in attendance to answer any questions or concerns when the full Board considers this matter.

If you would like to include additional written explanation regarding the “retroactive” approval, please forward to me and I will disseminate to the Members and include in the legislative file.

Thank you for your continued collaboration on the legislative process.

Regards,

Brent Jalipa
