The proposed Ordinance would allow the Recreation and Park Department to set recreation program fees based on the estimated operating costs of those programs. The Department generally could set fees intended to cover the full cost of the program, but for programs designated for youth or seniors or persons with disabilities could set fees that recovered only 75% of the operating costs. In addition, the Department could set fees for programs that benefit the community at large based on only 50% of the operating costs. All fees would require approval from the Recreation and Park Commission and once approved, would be published on the Department's website. The Ordinance also directs the Recreation and Park Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need.
