10

Be it ordained by the People of the City and County of San Francisco:

11

12

Section 1. Background and Findings.

13

14

(a) Under Charter Section A8.423, the Health Service Board (“HSB”) is required to  
15 conduct a survey of the ten counties in the State of California, other than the City and County  
16 of San Francisco, having the largest populations to determine the “average contribution” made  
17 by each such county toward the providing of health care plans, exclusive of dental or optical  
18 care, for each employee of such county. The HSB is then required to certify to the Board of  
19 Supervisors “the average contribution” as determined by the survey.

19

20

(b) According to the California Department of Finance, the ten most populous counties  
21 in the State of California other than San Francisco (in descending order of population) are:  
22 Los Angeles, San Diego, Orange, Riverside, San Bernardino, Santa Clara, Alameda,  
23 Sacramento, Contra Costa, and Fresno (collectively, the “Survey Counties”).

23

24

(c) On March 12, 2020, based on the Health Service System’s survey of each of the  
25 Survey Counties, a copy of which is on file with the Clerk of the Board of Supervisors in Board

25

1 File No. 200674, the HSB determined that “the average contribution” made by the counties  
2 surveyed for the 2021 calendar plan year is \$729.19 per month.

3 (d) At its meetings of March 14, April 11, May 14, May 28, and June 11, 2020, the HSB  
4 adopted health insurance plans and contribution rates for Health Service System plans to  
5 become effective on January 1, 2021, for the calendar plan year January 1, 2021 through  
6 December 31, 2021. Said plans and contribution rates are on file with the Clerk of the Board  
7 of Supervisors in Board File No. 200674, and are incorporated herein by reference. Each of  
8 the health insurance plans is expected to exceed \$10,000,000 in expenditures, and therefore  
9 Charter Section 9.118(b) requires Board of Supervisors approval of each plan.

10  
11 Section 2. The Board of Supervisors hereby approves the health insurance plans and  
12 contribution rates adopted by the HSB on March 14, April 11, May 14, May 28, and June 11,  
13 2020, as referenced in subsection (d) of Section 1 of this ordinance.

14  
15 Section 3. As referenced in subsection (c) of Section 1 of this ordinance, “the average  
16 contribution” under Charter Section A8.423, which shall constitute the monthly amount  
17 contributed by the participating employers to the Health Service Trust Fund for the calendar  
18 plan year January 1, 2021 through December 31, 2021, as required under Charter Section  
19 A8.428(b)(2), is \$729.19.

20  
21 Section 4. Effective Date. This ordinance shall become effective 30 days after  
22 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
23 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
24 of Supervisors overrides the Mayor’s veto of the ordinance.

1 Section 5. Supermajority Vote Requirement. Under Charter Section A8.422, a three-  
2 fourths' vote of the Board of Supervisors (i.e., the vote of at least nine Supervisors) is required  
3 for passage of this ordinance.

4  
5 APPROVED AS TO FORM:  
6 DENNIS J. HERRERA, City Attorney

**LEGISLATIVE DIGEST**

[Ordinance- Health Service System Plans and Contribution Rates for Calendar Year 2021]

**Ordinance approving Health Service System plans and contribution rates for calendar year 2021.**

Existing Law

Charter Section A8.422 requires the Board of Supervisors to adopt health care plan contribution rates annually for Health Service System members by three fourths of its members.

Amendments to Current Law

The Ordinance sets the participating employers average contribution toward member health insurance premiums in addition to the Health Service System member health care plan contribution rates.

Background Information

The San Francisco Board of Supervisors (Board) approves rates and benefits for San Francisco Health Service System (HSS) members, and the employer's "average contribution" toward member health insurance premiums, through a single uncodified ordinance. The "average contribution" is the average contribution made by the ten counties in California with the largest populations toward the providing of health care plans, exclusive of dental or optical care, for each employee of such county.

Of the total, the City’s costs would be \$740,276,659, with the balance of \$97,680,246 paid by employees and retirees.</li> <li>• In 2021, the average medical monthly contribution per member will be \$142.87 per member per month for all members (actives/retirees combined), \$162.89 per member per month for active employee, and \$113.25 per member per month for retiree.</li> </ul> <p style="text-align: center;"><b>Policy Consideration</b></p> <ul style="list-style-type: none"> <li>• The COVID-19 health crisis largely does not impact the 2021 rates, as rates are determined by the insured plans and the Aon actuary for self-funded plans from underwriting developed using 2019 plan year experience.</li> <li>• Plans may experience lower paid claim amounts for the full year 2020 than originally forecast for 2020 last year at this time, due to plan utilization suppression experienced during Spring 2020 while shelter in place/stay at home public health orders were active. Any potential pandemic-related claim impacts would be accounted for in 2022 plan year rating.</li> </ul> <p style="text-align: center;"><b>Recommendation</b></p> <ul style="list-style-type: none"> <li>• Approve the proposed ordinance.</li> </ul>	

## MANDATE STATEMENT

City Charter Section A8.423 states that the Health Service Board is required to conduct a survey of the 10 most populous California counties, excluding San Francisco, to determine the average contribution made by each county toward health plan premiums for employees, excluding dental plan premiums. The Health Service Board is then required to certify to the Board of Supervisors the average contribution as determined by this survey. City Charter Section A8.428 also requires the City to contribute to the Health Service System Trust Fund to pay the costs of health plan premiums.

## BACKGROUND

The Health Service Board oversees the San Francisco Health Service System (SFHSS). The SFHSS administers non-pension benefits, including health, vision, dental and other benefits, such as life and long-term disability insurance. The Health Service Board adopts the annual health, vision, dental and other insurance plans, and the respective plan premiums and premium equivalents to be paid by SFHSS employers and members.

- SFHSS employers include the City and County of San Francisco (City), the San Francisco Unified School District (SFUSD), the San Francisco Community College District (SFCCD), and the San Francisco Superior Court (Superior Court).
- SFHSS members are active and retired employees of the above noted employers, their dependents, and members of eligible boards and commissions. Dependents include children, spouses, domestic partners, surviving spouses of deceased members, and other legal dependents.

### City and Employee Contribution Models

Most contribution formulas for City employees negotiated as part of their labor agreements fall into the following two percentage-based employee premium contribution models:

- Under the '93/93/83 Contribution Model', the City contributes up to 93 percent of the total health insurance premium for employee-only and employee plus one dependent coverage, capped at 93 percent of the second-highest cost plan. The City also contributes up to 83 percent of the total health insurance premium for employees with two or more dependents, capped at 83 percent of the second-highest cost plan. According to Ms. Pamela Levin, Chief Financial Officer at the San Francisco Health Service System, there are 20,591 members (excluding dependents) who are covered by this contribution model.
- Under the '100/96/83 Contribution Model', the City contributes 100 percent of total health insurance premiums for employee-only coverage. The City contributes up to 96 percent of the total health insurance premiums for employees with one dependent, capped at 96 percent of the second-highest cost plan. The City also contributes up to 83 percent of the total health insurance premium for employees with two or more dependents, capped at 83 percent of the second-highest cost plan. According to Ms.

Levin, there are 11,825 members (excluding dependents) who are covered by this contribution model.

### **10-County Survey Average**

The 10-county survey average is used as a basis for calculating the employer contribution to the monthly health plan premium for all retirees. Based on the survey, the 10-county average employer contribution for calendar year 2021 is \$729.19 per member per month. In June 2014, the impact of the “average contribution” on rates was eliminated in the calculation of premiums for almost all active employees represented by most unions, in exchange for a percentage-based employee premium contribution model. Presently, SFHSS utilizes the 10-County Survey amount as one of the elements that determine SFHSS employer contributions for retirees. In the event the premium is higher than the 10-county “average contribution”, the City will pay the “average contribution” amount. In the event the premium is less than the “average contribution,” the City will pay one hundred percent (100%) of the premium. The \$729.19 average contribution per month paid by the City is \$23.27 or approximately 3.3 percent more than the average monthly contribution of \$705.92 in 2020.

### **Health Service System Trust Fund**

Under Charter Section A8.428, employer and SFHSS member contributions to health plan premiums are deposited in the Health Service System Trust Fund. As of June 30, 2019, the Health Service System Trust Fund balance was approximately \$92.1 million, according to FY 2018-19 and FY 2017-18 audited financial statements.

## **DETAILS OF PROPOSED LEGISLATION**

The proposed ordinance would approve the San Francisco Health Service System’s (SFHSS) health, vision, and dental plans as well as life insurance and long-term disability insurance plans and contribution rates for calendar year 2021. The total cost of the plans would be \$837,956,905 or 3.7 percent more than the \$808,085,643 costs in 2020. Of the total, the City’s costs would be \$740,276,659, with the balance of \$97,680,246 paid by employees and retirees. Table 1 below provides a summary of health insurance costs for 2021.

The Health Service Board approved the following health, vision, dental, life and long-term disability insurance plans and premiums for the period from January 1, 2021 through December 31, 2021 on the following dates in 2020: March 12, May 14, May 28, and June 11.

### **Health Plans and Premiums**

#### Kaiser Permanente HMO<sup>1</sup>

Kaiser Permanente (Kaiser) covers active, early retirees and Medicare retirees. The total Kaiser HMO premium amounts paid by the City as employer are \$13.9 million, or 4.36 percent, more in CY 2021 than in CY 2020. These amounts are shown in Table 1 below. There are no plan design changes approved by the Health Service Board for active employees and early retirees for 2021.

---

<sup>1</sup> A HMO (Health Maintenance Organization) offers care through a closed panel of providers, in which members select a primary care physician, who manages their care. The HMOs pay the medical groups on a per capita basis.

The Kaiser Medicare plan has two plan enhancements that were approved by the Health Service Board for 2021. A transportation benefit of up to 24 one-way rides per year (50 miles maximum per ride) offered in 2020 to support member health care appointment and facility post-discharge transportation needs will be expanded to accommodate transportation of members in a wheelchair or gurney. This is currently scheduled to take effect January 1, 2021, though could be delayed depending on vendor set-up status through Kaiser.

The second plan enhancement is a new benefit that provides up to 84 home-delivered meals immediately following an inpatient hospitalization when referred by a clinical staff member. This includes three meals per day for up to four weeks, limited to one utilization per year. This benefit is similar to the meal delivery benefit approved for the 2019 year in the UHC Medicare Advantage PPO plan.

#### Blue Shield California HMOs

The total Blue Shield of California (Blue Shield) Access+ and Trio flex-funded plan premium amounts paid by the City as employer are \$11.1 million, or 4.31 percent, more in CY 2021 than in CY 2020. No plan design changes were approved for the Blue Shield Access+ and Trio plans by the Health Service Board for 2021.

#### UnitedHealthcare (UHC) City Plan PPO for Active Employees and Early Retirees and UHC Medicare Advantage (MA) PPO<sup>2</sup>

The City contracts with UnitedHealthcare (UHC) to administer a self-funded health plan for active employees and early retirees<sup>3</sup> (the City Plan PPO) and a fully funded plan for Medicare-eligible retirees (UHC Medicare Advantage PPO).

#### *City Plan*

The City Plan is a self-funded plan<sup>4</sup> administered by UnitedHealthcare (UHC) for active employees and early retirees. No plan design changes were approved by the Health Service Board for 2021.

#### *UHC Medicare Advantage PPO*

The UHC Medicare Advantage PPO Plan, previously known as the “New City Plan”, covers all non-Kaiser Medicare eligible retirees. No plan changes were approved by the Health Service Board for 2021.

The total UHC City Plan PPO and Medicare Advantage PPO Plan premium amounts paid by the City as employer are \$0.8 million, or 0.88 percent, more in CY 2021 than in CY 2020.

---

<sup>2</sup> Under a PPO (Preferred Provider Organization), physicians, hospitals, and other providers are in network and paid by the purchaser (through a third party administrator) on a fee for service basis based on negotiated contracts.

<sup>3</sup> Retired employees of less than 65 years of age and therefore not eligible for Medicare.

<sup>4</sup> According to Ms. Levin, a self-funded plan is where the plan sponsor (SFHSS) pays the claims and takes the risk if the claims are greater than the expectation of what the claims estimates will be.

### Vision Plan

Members enrolled in any of the health plans receive vision benefits through Vision Service Plan (VSP), a third-party insurer. Vision plan premiums are fully-insured. The cost of the Basic Plan vision benefit is included in the cost of the medical plan for all monthly health plan premiums.

In 2021, Basic Plan rates will remain at 2020 levels. Consequently, there is no change to the employer cost for VSP vision rates from 2020 to 2021. For 2021, Premier Plan total premium rates are increasing by 4.1 percent from 2020 rate levels. Employees and retirees pay the full premium difference between Premier Plan rates and Basic Plan rates, in the form of member contributions.

### Dental Plans

SFHSS offers three dental plans, including one PPO (Delta Dental PPO) and two HMOs (DeltaCare USA and UnitedHealthcare Dental). The City pays most of the cost of dental benefits for active employees enrolled in the Delta Dental PPO, and the full cost of the dental HMOs for active employees. Retirees pay the full cost of their dental plans.

There was one design change approved by the Health Service Board for the Delta Dental active employee and retiree PPO plans from 2020 to 2021. Both plans will include coverage, after applicable member plan design cost sharing, for nitrous oxide and non-IV sedation starting in 2021.

For plan year 2021, the City will contribute (1) the total premium toward each of the dental HMO plans for City active employees, and (2) the monthly premium minus employee contributions ranging from \$5.00 for employee only coverage to \$15.00 per month for full family coverage, for the self-funded Dental PPO plan. Member contributions for the three dental plans remain unchanged from the 2020 plan year.

The total dental plan premium amounts across the three active employee dental plans paid by the City as employer are \$0.3 million, or 0.63 percent, more in CY 2021 than in CY 2020.

### Life and Long-Term Disability Insurance

The Hartford Life and Accident Insurance Company (The Hartford) is the insuring entity for the SFHSS life insurance, accidental death and dismemberment insurance, and long-term disability insurance.

In aggregate, the rates decreased by approximately \$0.14 million, or 1.5 percent, from 2020 to 2021, which is attributable to a rate reduction for Basic Life insurance (employer paid). Premiums for supplemental life insurance (member paid), dependent life insurance (member paid), accidental death and dismemberment insurance (member paid), and long-term disability insurance (employer paid) are locked into the 2021 plan year as part of the three-year guarantee, from January 1, 2020 through December 31, 2022.

### **Federal Affordable Care Act Requirements**

In 2010, the Patient Protection and Affordable Care Act (also known as the Affordable Care Act) created a Health Insurance Tax (HIT) and two direct fees were passed through to employers – the Transitional Reinsurance Fee (TRF) and the Patient Centered Outcomes Research Institute (PCORI) fee, as described below.

- The Health Insurance Tax (HIT)<sup>5</sup> impacted most fully insured health plans offered through SFHSS, including dental and vision plans, in 2020. The tax has applied most years since the Affordable Care Act became law, though the federal government waived this tax for 2017 and 2019 plan years. As a result of the Setting Every Community Up for Retirement Enhancement (SECURE) Act<sup>6</sup> legislation passed by the federal government in December 2019, the HIT is permanently terminated for plan years beginning January 1, 2021.
- The TRF<sup>7</sup> expired at the end of 2016, therefore the fee will not apply in 2021 or future years.
- The PCORI fee<sup>8</sup> was originally set to expire after 2019, but it was extended through 2029 as part of the SECURE Act passed by the federal government in December 2019. SFHSS pays this fee to the federal government for the self-funded UHC City Plan PPO, while Kaiser and Blue Shield pay this fee on SFHSS's behalf as fully insured/flex funded plans.

## FISCAL IMPACT

### 2021 Total City Costs

As shown in Table 1 below, the total estimated cost for the City as employer and total cost of active and retired City employees for health, vision, and dental plans, as well as long-term disability and life insurance, will be \$837,956,905 in 2021, which is a \$29,871,262 or a 3.7 percent increase from \$808,085,643 in 2020.

The total estimated costs for the health, vision, and dental plans, as well as long-term disability and life insurance, for the City as employer in 2021 is \$740,276,659 which is a \$25,926,941 or 3.6 percent increase from \$714,349,717 in 2020. The total estimated costs for the health, vision, and dental plans, as well as long-term disability and life insurance that will be paid by employees and retirees is \$97,680,246 in 2021, or 4.2 percent more than the 2020 costs of \$93,735,926.

According to Ms. Levin, in 2021, the average medical monthly contribution per member will be \$142.87 per member per month for all members (actives/retirees combined), \$162.89 per

<sup>5</sup> The Affordable Care Act imposed a fee on "covered entities," which includes health insurance issuers, health maintenance organizations. Self-insured employers are not "covered entities" subject to the tax. The HIT is a fixed amount determined annually by the IRS. The fixed amount is then allocated among covered entities, based on their market share and the premiums charged in the prior year.

<sup>6</sup> The SECURE Act changed retirement plans used in the United States and was the first major retirement-related legislation enacted since the 2006 Pension Protection Act. Major elements of the bill include: raising the minimum age for required minimum distributions from 70.5 years of age to 72 years of age; allowing workers to contribute to traditional IRAs after turning 70.5 years of age; allowing individuals to use 529 plan money to repay student loans; requiring non-spouse beneficiaries of inherited IRAs to withdraw and pay taxes on all distributions from inherited accounts within 10 years; and making it easier for 401(k) plan administrators to offer annuities.

<sup>7</sup> The Affordable Care Act established a transitional reinsurance program to stabilize premiums in the individual market inside and outside of the marketplaces. The transitional reinsurance program will collect contributions from contributing entities to fund reinsurance payments to issuers of non-grandfathered reinsurance-eligible individual market plans, the administrative costs of operating the reinsurance program, and the General Fund of the U.S. Treasury for the 2014, 2015, and 2016 benefit years.

<sup>8</sup> The PCORI fee was established as part of the Affordable Care Act to fund research to evaluate the effectiveness of medical treatments, procedures and strategies that treat, manage, diagnose or prevent illness or injury. The ACA requires certain carriers and health plan sponsors (i.e. employers) to pay the PCORI fee annually.

member per month for active employee, and \$113.25 per member per month for retiree. Ms. Levin cautions that there is great variation in member contributions based on the plans selected, status, and characteristics of each member. According to Ms. Levin, the average medical monthly contribution per member is less for a retiree (\$113.25) in comparison to an active employee (\$162.89). The average retiree pays less in contribution than the average active employee for three primary reasons:

1. Retirees enrolled in single tier coverage in the Kaiser early retiree HMO plan, the Kaiser Permanente Senior Advantage Medicare HMO plan, and the UHC Medicare Advantage PPO Medicare plan do not pay a contribution for coverage assuming they were hired on or before January 10, 2009 (the vast majority of current City retirees), based on the combination of the total premiums for these plans (especially the lower premium levels for Medicare plans), and the application of the employer contribution formula for retiree coverage based on the City Charter. Ms. Levin states that the only active employees who do not pay any contribution for coverage are those enrolled in single tier coverage in any available plan within the 100/96/83 City contribution structure. All employees in the 93/93/83 City contribution structure pay a member contribution for health care. Overall, 60 percent of City retirees electing coverage do not pay any contribution for their health plan, versus 17.5 percent of active employees electing coverage that do not pay any contribution for their health plan;
2. A greater proportion of retirees are in Self Only coverage (69 percent) than active employees enrolled in Self Only coverage (42 percent) – meaning a higher proportion of active employees are covering dependents versus retirees – and member contributions increase as a member moves from Self Only coverage to covering one dependent, then again as a member moves to covering two or more dependents; and
3. Retirees, in general, have less dependents.

The City Charter guides the setting of City contributions for retiree health plans (with retiree contributions equaling total plan rates minus City contributions by plan and tier).

**Table 1: Total Plan Costs for the City, Employees and Retirees in 2021 Compared to 2020  
Current Membership<sup>9</sup>**

	2020	2021	Increase / (Decrease)	Percent Change
<b>City Costs Only</b>

**POLICY CONSIDERATION****Impact of COVID-19 Health Crisis**

According to Ms. Levin, the COVID-19 health crisis largely does not impact the 2021 rates, as rates are determined by the insured plans and the Aon actuary for self-funded plans from underwriting

<sup>9</sup> According to SFHSS, both 2020 and 2021 forecasted costs are based on the May 2020 headcount.

<sup>10</sup> Dental costs are fully paid by retirees.

<sup>11</sup> Long term disability and life insurance plans are not offered to retirees.

developed using 2019 plan year experience. UHC did allow for a lower rate position in 2021 for the UHC Medicare Advantage PPO (by 3.4 percent) given expected lower claim costs in that plan during 2020 which UHC applied to their 2021 UHC Medicare Advantage PPO plan rating. Ms. Levin states that plans may experience lower paid claim amounts for the full year 2020 than originally forecast for 2020 last year at this time, due to plan utilization suppression experienced during Spring 2020 while shelter in place/stay at home public health orders were active. Ms. Levin states that any potential pandemic-related claim impacts would be accounted for in 2022 plan year rating. According to Ms. Levin, SFHSS is presently monitoring the impact of claim suppression and for increased costs should the COVID-19 health crisis impact more members in 2020 for all plans.

### **RECOMMENDATION**

Approve the proposed ordinance.

# 2020 10-COUNTY SURVEY

# OVERVIEW

---

## Process

The City Charter (Section A8.423) specifies that the City and County of San Francisco survey the ten most populous counties in California and collect, for each county, the amount contributed by the employer for employee-only coverage under each of the county's medical plans. The City is obligated by Charter to contribute the 10-County Survey amount toward the cost of employees' medical benefits.

The information gathered from the 10-County Survey is used to compute an average increase in employer contributions for each county. San Francisco Health Service System (SFHSS) then averages these contribution increases to arrive at the 10-County Survey amount. To put the county contribution amounts into context, SFHSS also collects information on premium increases and plan design data such as employee co-pays and contributions toward physician office visits, emergency room care, hospital stays, prescriptions and deductibles.

At the April 12, 2012 Health Service Board meeting, the Board approved the 10-County Survey Calendar Year Change Rule. This rule adjusts for gaps in 10-County data, by projecting a six-month overlap when data is not available from a surveyed county. Using this rule, a county's employer contribution for employee-only coverage is projected. The county's 10-County result for the previous year is, in most cases, trended forward six months, based on the county's average annual increase for the preceding three years.

There were no major changes to the type of plan design data collected for the 2020 plan year. Additionally, plan design data for CalPERS and SFHSS is included for informational purposes only. CalPERS and SFHSS data is not included in the 10-County Survey.

## Use of 10-County Amount in SFHSS Employer Contribution Calculations

The March 2020 10-County Survey will be applied to SFHSS rate calculations for plan year 2021. City Charter Section A8.428 defines use of the "average contribution" resulting from the 10-County Survey in employer contribution determination.

In June 2014, the impact of the "average contribution" on rates was eliminated in the calculation of premiums for almost all active employees represented by most unions, in exchange for a percentage-based employee premium contribution model. Presently SFHSS utilizes the 10-County Survey amount as one of the elements that determine SFHSS employer contributions for retirees.

In the unlikely scenario that the City's premium contribution falls below the lesser of the "average contribution" as determined by the Health Service Board pursuant to Charter Sections A8.423 and A8.428(b)(2), the City pays the difference between the Premium Contribution and the Average Contribution. In the event the premium is less than the "average contribution," the City will pay one hundred percent (100%) of the premium.

## Results and Observations

The average monthly contribution of \$729.19 for plan year 2021 is 3.30% above \$705.92, the 10-County average for plan year 2020. All counties had a change in contribution.

## 10-County Survey Calendar Year Change Rule: Example Calculation Based on Los Angeles County

For the 2020 calendar year, the average employer premium contribution for Los Angeles County medical plans is \$710.68. Per the Calendar Year Change Rule, this \$710.68 is projected forward six months, using Los Angeles County's three-year average annual premium increase trend of 3.1%. This results in the average employer premium contribution calculated at \$721.64 for Los Angeles County.

## Methodology Assessment

Historically, the 10-County methodology has been evaluated and prior-year projections have been compared to actuals. For calendar year 2020, projection-to-actual variances were reasonable, with a highest variance of 6.3%. Any variances are driven by changes in premiums and employer contributions from original projections to actuals. The overall original estimated contributions across all 10 Counties in total came very close to actual contributions for 2020 (\$706.78 actual vs. \$705.92 estimated – a variance of only 0.1%).

June 17, 2020

Board of Supervisors  
City and County of San Francisco  
City Hall, Room 244  
1 Dr. Carlton B. Goodlett Place  
San Francisco, CA 94102

**RE: January 1, 2021 to December 31, 2021 Health, Life Insurance, and Long-Term Disability Plan Benefits, Rates and Contributions**

Honorable Members of the Board of Supervisors:

This letter serves to document our position as the consultant and actuary to the San Francisco Health Service System (“SFHSS”) with regard to the completed rates and contribution setting process for SFHSS health, life insurance, and long-term disability plans into the plan year from January 1, 2021 to December 31, 2021. Four employers (referred to as the “Four Employers” in this letter) offer plans through SFHSS, which are documented in this letter, to active employees and retirees:

- City and County of San Francisco, or CCSF (all plans documented in this letter);
- San Francisco Unified School District, or USD (medical and vision plans only);
- San Francisco Community College District, or CCD (medical and vision plans only); and
- The Superior Courts, or CRT (all plans documented in this letter).

The 2021 plan year rates and contribution setting process was concluded on June 11, 2020 under the direction of the Rates and Benefits Committee (“Committee”) of the Health Service Board (“HSB”). This report will reference attached exhibits, as well as tables embedded in this letter.

In our opinion, the rate and contribution determination process for the 2021 plan year was completed in a comprehensive manner. Specifically, it is our professional opinion that:

- The premium rates for all fully insured plans, and the administrative and other fees for all self-funded and flex-funded plans, agree with SFHSS’ vendors’ final rates and represent a fair price given the services provided, and;
- The premium equivalents set for the SFHSS self-funded and flex-funded programs—UnitedHealthcare (“UHC”) City Plan, Blue Shield of California (“BSC”) flex-funded Access+ and Trio plans, and Delta Dental of California (“Delta Dental”) PPO plan for active employees—represent our best estimate of future expenditures based on the information available at the time these rates were developed. Existing Trust Fund assets are expected to be sufficient to protect the SFHSS Trust Fund against adverse claims experience.

## Legislative Update

### The Patient Protection and Affordable Care Act (PPACA)

PPACA continues as law, and thus SFHSS continues to work with all four employers served by the Trust—CCSF, USD, CCD, and CRT—to assure compliance with PPACA requirements continues. Some elements have been deferred indefinitely, such as the automatic enrollment requirement. Other provisions continue to be in effect. Below is a brief explanation of the provisions that have the greatest effect.

### PPACA Reporting Requirements

Under PPACA, employers are required to provide reporting to both employees as well as the Internal Revenue Service (IRS). This reporting requirement remains even though the individual mandate penalty moved to \$0 for the 2019 plan year and forward. The purpose of the reporting is as follows:

- Establish that the plan sponsor complied with PPACA's employer mandate by making an offer of affordable, minimum value health care coverage to its full-time employees (PPACA defines a full-time employee as an employee who is employed, on average, at least 30 hours of service per week, or 130 hours of service in a calendar month.);
- Provide individuals with information on their employer-provided health care coverage so they can establish compliance with the individual mandate to purchase health care coverage;
- Help the IRS determine whether individuals who have purchased coverage from a public exchange are entitled to a subsidy; and
- Help the IRS determine applicable penalties for failure to comply with the individual mandate.

Reporting started in 2016 with 2015 calendar year information on Forms 1094 and 1095 and remains an annual requirement. SFHSS successfully met this requirement for the past four years by creating over 60,000 IRS forms each year to employees and electronically reporting to the IRS.

### PPACA Legislative Fees

In 2010, the Patient Protection and Affordable Care Act (PPACA) created a Health Insurance Tax and two direct fees which were passed to employers—the Transitional Reinsurance Fee (TRF) and the Patient Centered Outcomes Research Institute (PCORI) Fee. The TRF fee expired at the end of 2016, and will not apply in 2021 or future years. The PCORI fee, originally set to expire after 2019, was extended through 2029 as part of the SECURE Act passed by the federal government in December 2019, and is included in the 2021 fully insured plan premiums. The 2021 PCORI fee is not yet known, but should be slightly higher than the \$2.54 per covered life per year fee in 2020.

For the 2020 plan year, the Health Insurance Tax (HIT) impacted most fully insured health plans offered through SFHSS, including dental and vision plans. This fee has applied most years since PPACA became law, though the federal government waived this fee for 2017 and 2019 plan years. As of today, the HIT is permanently terminated for plan years beginning January 1, 2021.

## Contributions Under the 10-County Survey

Per City Charter Section A8.428, the employer contribution towards medical benefits is determined by the results of a survey of the dollar premium contributions provided by the ten most populous counties in California, excluding San Francisco. In the June 2014 CCSF collective bargaining process, the 10-County Survey (“Survey”) was eliminated for the majority of the CCSF unions in the calculation of premium contributions for active employees in exchange for a percentage-based employee premium contribution. The Survey remains in use as a basis for calculating retiree premium contributions. For the 2021 plan year, the Survey, based on 2020 rates, determined the average monthly contribution increased 3.30% from \$705.92 to \$729.19. The full Survey report is contained as an Appendix to this letter and was presented at the March 12, 2020 HSB meeting. It is also accessible at [sfhss.org](http://sfhss.org).

## Year-Over-Year Medical Plan Cost Comparison for All Four Employers

Annual aggregated costs for all medical plans offered by SFHSS (through UHC, Kaiser, and BSC) to active employees, early retirees, and Medicare retirees are shown in Table 1 below.

Table 1—All Four Employers			
January 1, 2021 to December 31, 2021 Aggregate Medical Plans Cost (\$ millions)			
	Aggregate Member Contributions (a)	Aggregate Employer Contributions (b)	Aggregate Plan Cost (a + b)
<b>Current (2020) Rates</b>	<b>\$105.7</b>	<b>\$812.7</b>	<b>\$918.4</b>
<b>Final Renewal (2021) Rates</b>	<b>\$110.3</b>	<b>\$843.6</b>	<b>\$953.9</b>
\$ Difference	\$4.6	\$30.9	\$35.5
% Difference	4.35%	3.80%	3.87%

Per Table 1 above, we expect an increase in aggregate medical plan costs totaling \$35.5 million, or 3.87%, for the SFHSS medical plans (including Basic Plan vision coverage costs and the SFHSS Healthcare Sustainability Fund charge—both of which remain at 2020 levels) for the 2021 plan year. This increase in costs will be split between the members and employers with member contributions increasing \$4.6 million and employer contributions increasing \$30.9 million. These costs are projected based on May 2020 plan enrollment.

## Current CCSF Health Plan Employer Contribution Strategy—Active Employees

Most negotiated contribution algorithms for CCSF covered employees fall into two models. The models reflect CCSF's percentage of the contribution; they are **(1) 93 / 93 / 83** contribution model, and **(2) 100 / 96 / 83** contribution model.

### 1) 93 / 93 / 83 Contribution Model:

- a) **Employee Only.** For single-covered employees (Employee Only) who enroll in any health plan offered through the San Francisco Health Service System (SFHSS), CCSF shall contribute ninety-three percent (93%) of the total health insurance premium / premium equivalent provided. However, CCSF's contribution shall be capped at ninety-three percent (93%) of the Employee Only premium / premium equivalent of the second-highest-cost plan.
- b) **Employee Plus One.** For employees with one dependent who elect to enroll in any health plan offered through SFHSS, CCSF shall contribute ninety-three percent (93%) of the total health insurance premium / premium equivalent provided. However, CCSF's contribution shall be capped at ninety-three percent (93%) of the Employee Plus One premium / premium equivalent of the second-highest-cost plan.
- c) **Employee Plus Two or More.** For employees with two or more dependents who elect to enroll in any health plan offered through SFHSS, CCSF shall contribute eighty-three (83%) of the total health insurance premium / premium equivalent provided. However, CCSF's contribution shall be capped at eighty-three percent (83%) of the Employee Plus Two or More premium / premium equivalent of the second-highest-cost plan.

### 2) 100 / 96 / 83 Contribution Model:

- a) **Employee Only.** For single-covered employees (Employee Only) who enroll in any health plan offered through SFHSS, CCSF shall contribute one hundred percent (100%) of the total health insurance premium / premium equivalent.
- b) **Employee Plus One.** For employees with one dependent who elect to enroll in any health plan offered through SFHSS, CCSF shall contribute ninety-six percent (96%) of the total health insurance premium / premium equivalent provided. However, CCSF's contribution shall be capped at ninety-six percent (96%) of the Employee Plus One premium / premium equivalent of the second-highest-cost plan.
- c) **Employee Plus Two or More.** For employees with two or more dependents who elect to enroll in any health plan offered through SFHSS, CCSF shall contribute eighty-three (83%) of the total health insurance premium / premium equivalent provided. However, CCSF's contribution shall be capped at eighty-three percent (83%) of the Employee Plus Two or More premium / premium equivalent of the second-highest-cost plan.

Since the majority of CCSF employees fall into the two contribution models, Aon produced two sets of rate cards, both approved by the HSB for plan year 2021. One rate card specified member contributions under the 93 / 93 / 83 model and the other rate card under the 100 / 96 / 83 model.

## Current CCSF Health Plan Employer Contribution Strategy—Retirees

For SFHSS retirees, the employer contributions that member employers including CCSF provide to qualified retirees receiving the full employer contribution amounts are defined by Section A8.428 of the City Charter. The three elements are:

- **10-County Survey Amount.** This first component of the employer contribution is the amount derived from the annual survey described in Charter Section A8.423 of contributions provided by the 10 most populous counties in California, not including San Francisco—called the “average contribution”. The 2021 10-County amount is \$729.19. If the total cost for Retiree Only for a plan is less than the 10-County Amount, that lower amount becomes the basis for that plan for the 10-County employer contribution portion.
- **“Actuarial Difference”.** The second employer contribution component is the “actuarial difference” for a given plan. Under Charter Section A8.428(b)(3), the employers contribute the difference between Active Employee-Only premium and Early Retiree-Only premium.
- **Prop. E Contribution.** The third employer contribution component is the Prop. E contribution amount. Under Charter Section A8.428(b)(3)(iii) and A8.428(c), employer contributions toward Retiree Only and Retiree +1 rates =  $50\% \times [\text{Total Rate Cost} - 10\text{-County Amount} - \text{“Actuarial Difference”}]$ .

The full employer contribution amount for retiree medical coverage applies to eligible retirees who were hired on or before January 9, 2009. For retirees who were hired on or after January 10, 2009, there are five coverage / employer contribution classifications based on certain criteria outlined in Table 2, found on page 6.

Table 2—Retiree Medical Coverage / Employer Contribution For Those Hired On or After January 10, 2009	
Years of Credited Service at Retirement	Percentage of Employer Contribution Established in A8.428 Subsection (b)(3)
Less than 5 years of Credited Service with the Employers (except for the surviving spouses or surviving domestic partners of active employees who died in the line of duty)	No Retiree Medical Benefits Coverage
At least 5 but less than 10 years of Credited Service with the Employers; or greater than 10 years of Credited Service with the Employers but not eligible to receive benefits under Subsections (a)(4), (b)(4) and (b)(5) <b>(A8.428 Subsection (b)(6))</b>	0% — Access to Retiree Medical Benefits Coverage, Including Access to Dependent Coverage, But No Employer Contribution; Employee Pays Health Insurance Premium
At least 10 but less than 15 years of Credited Service with the Employers <b>(A8.428 Subsection (b)(5))</b>	50%
At least 15 but less than 20 years of Credited Service with the Employers <b>(A8.428 Subsection (b)(5))</b>	75%
At least 20 years of Credited Service with the Employers; Retired Persons who retired for disability; surviving spouses or surviving domestic partners of active employees who died in the line of duty <b>(A8.428 Subsection (b)(4))</b>	100%

### Outline of 2021 Health Plan Design and Rating Actions

Below we describe the plan design changes and rating actions that apply to each SFHSS health plan for the 2021 plan year, based on approval actions taken during the recently completed Rates and Benefits cycle by the HSB.

## Kaiser Permanente (Fully Insured) for All Four Employers

The final negotiated rate change for Kaiser Permanente (“Kaiser”) active employees, early retirees, and Medicare retirees is an overall increase of 4.25% for plan year 2021. This overall average is generated by a 5.8% premium rate increase for active employees and early retirees in California, and an 5.0% premium rate decrease for Medicare retirees in California. There are also small retiree populations (approximately 100 covered lives) with Kaiser HMO coverage in the Northwest (Oregon), Washington, and Hawaii regions captured in the overall average Kaiser rating action.

The decrease for Medicare retirees was primarily due to differences in Centers for Medicare and Medicaid Services (CMS) actual funding results for the Kaiser Permanente Senior Advantage (KPSA) plan, relative to early Kaiser forecasts in last year’s rates.

There are no 2021 plan design changes approved for the active employee and early retiree Kaiser plan by the Rates and Benefits Committee and HSB.

The KPSA Medicare plan has two plan enhancements that were approved by the Rates and Benefits Committee and HSB for 2021:

- Enhancement of the transportation benefit of up to 24 one-way rides per year (50 miles maximum per ride) to support member health care appointment and facility post-discharge transportation needs, to newly accommodate transportation for members in a wheelchair or gurney—this enhancement is currently scheduled to take effect January 1, 2021, though could be delayed depending on vendor set-up status through Kaiser; and
- A new benefit that provides up to 84 home-delivered meals immediately following an inpatient hospitalization when referred by a clinical staff member—this includes 3 meals per day for 4 weeks, limited to one utilization per year. This benefit is similar to the meal delivery benefit approved for the 2019 year in the UHC Medicare Advantage PPO plan.

The 2021 Kaiser renewal actions result in an overall estimated increase of \$19.5 million from 2020 to 2021 for all four employers based on May 2020 membership, of which \$15.5 million is attributed to CCSF and \$4.0 million is attributed to the other employer groups (e.g., CRT, USD, and CCD).

The aggregate cost for Kaiser Permanente for the 2021 plan year is projected at \$478.2 million, with \$50.5 million in member contributions and \$427.7 million in employer contributions. Table 3 (page 12) provides an overview of annualized costs.

The 2021 Kaiser plan rates are illustrated in exhibits 2a-2e in the adjoining document.

## Blue Shield of California (Flex-Funded) for All Four Employers

The Trio flex-funded plan was introduced as a second BSC plan option for active employees and early retirees for the 2018 plan year. This is in addition to the BSC Access+ plan. As a result of BSC renewal inputs and Aon's underwriting process, we are projecting increases of 3.6% for BSC Access+ total cost rates and 6.3% for Trio total cost rates into the 2021 plan year.

There are no 2021 plan design changes approved for the BSC Access+ and Trio plans by the Rates and Benefits Committee and HSB.

Overall, this produces an aggregate increase of 4.4% for the combination of the two BSC flex-funded HMO plans into the 2021 plan year. Overall, 63% of BSC enrolled active employees / early retirees are in Access+ in 2020, versus 37% enrolled in Trio. This compares to a 60%/40% split in 2019.

The aggregate 2021 projected cost for all four employers in the BSC Access+ and Trio plans is \$343.0 million, with \$38.7 million in member contributions and \$304.3 million in employer contributions based on May 2020 membership. This results in an overall estimated increase of \$14.3 million from 2020 to 2021 for all four employers based on May 2020 membership, of which \$12.5 million is attributed to CCSF and the remaining \$1.8 million is attributed to the other employer groups (e.g., CRT, USD, and CCD). Table 3 (page 12) provides an overview of annualized costs.

The 2021 BSC flex-funded HMO plan rates are illustrated in exhibits 3A-3B for HMO Access+ and 3C-3D for Trio in the adjoining document.

## Rates, Contributions, and Benefits for the Self-Funded UHC City Plan PPO and the UHC Medicare Advantage PPO for All Four Employers

### UHC City Plan PPO (Active Employees and Early Retirees)

The UHC City Plan PPO is a self-funded medical plan administered by UHC for active employees and early retirees. The medical and pharmacy monthly premium equivalent costs were developed separately for actives and retirees without Medicare based on group-specific experience.

A substantial factor in the active and early retiree total premium equivalent increases for the 2021 calendar year is the increase in UHC City Plan PPO rate stabilization fund deficit used for 2021 rating. At the end of 2014, there was \$25.8 million available in the City Plan rate stabilization reserve. These amounts were applied to UHC City Plan PPO rating beyond the HSB Self-Funded Plans' Stabilization Policy of one-third application in 2016 through 2019 plan year rating. A deficit first presented in the rate stabilization reserve fund for the 2020 rating year, and that deficit has now increased into the 2021 plan year. A one-third amortization of this deficit balance is applied in 2021 UHC City Plan PPO rating, per HSB policy.

The UHC base administration fee increased 2.0% from 2020 to 2021. Overall UHC administrative fees including expected fees from Shared Savings programs increase 3.5% from 2020 to 2021.

There are no 2021 plan design changes approved for the 2021 UHC City Plan PPO by the Rates and Benefits Committee and HSB.

As a result of the underwriting adjustments, change in Rate Stabilization Reserve amounts, and impact of the design change outlined above, the overall total premium equivalent increase for the UHC City Plan PPO into the 2021 plan year is 9.0%.

#### **UHC Medicare Advantage (MA) PPO**

As of January 1, 2017, all Non-Kaiser Medicare eligible retirees became covered under the UHC fully insured Medicare Advantage PPO Plan (which was previously branded as the “New City Plan”). In 2021, the total per member rate for this Medicare plan will decrease 2.9%. This decrease is facilitated by the permanent termination of the PPACA HIT for the 2021 plan year (tax outlined earlier in this letter), after the HIT was reinstated for the 2020 plan year by the federal government.

The UHC MA PPO renewal includes provision for a rate guarantee for the 2022 plan year, leveraging expected 2020 underwriting surplus generated by elective service claim suppression due to the COVID-19 pandemic for use in 2021 and 2022 proposed rates. The two-year rate guarantee proposal includes a per member rate increase of 1.2% from the 2021 plan year to the 2022 plan year.

There are no plan design changes into 2021 for the UHC MA PPO.

#### **Overall UHC Plan Renewals—Active Employee/Early Retiree City Plan PPO and MA PPO**

The aggregate 2021 cost for the UHC plans across active employees, early retirees, and Medicare retirees is projected at \$132.6 million, with \$21.1 million in member contributions and \$111.5 million in employer contributions. This results in an overall estimated increase of \$1.6 million from 2020 to 2021 for all four employers based on May 2020 enrollment; of which \$1.7 million is attributed to CCSF and -\$0.1 million is attributed to the other employer groups (e.g., CRT, USD, and CCD). Table 3 (page 12) provides an overview of annualized costs.

The 2021 UHC plan rates are illustrated in exhibits 4a-4b for City Plan / Medicare Advantage plans, and in exhibits 4c-4d for City Plan—Choice Not Available / Medicare Advantage plans in the adjoining document.

#### **Rates and Benefits for the Vision Plans for All Four Employers**

Members enrolled in any medical plan offered by SFHSS also receive the Basic Plan vision benefits through Vision Service Plan (VSP). The cost of the Basic Plan vision benefit is a component of the cost of the medical plan and has been included in the rate exhibits referenced above. For the 2021 plan year, Basic Plan rates will remain at 2020 levels.

There is also a buy-up Premier Plan available to SFHSS members, which was first offered for the 2018 plan year. Members pay the full rate increment between Basic Plan rates and Premier Plan

rates. For the 2021 plan year, Premier Plan total premium rates are increasing by 4.1% from 2020 Premier Plan rate levels.

Certain employees also have an employer-paid Computer Vision Care benefit, priced at \$0.83 per employee per month. Presently, 19,558 employees have access to this benefit. This rate remains unchanged from 2020 to 2021.

Based on May 2020 enrollment, the aggregate projected 2021 employer cost for the VSP Basic vision plan is \$5.3 million, plus an additional \$0.2 million for the Computer Vision Care benefit. The employer portion of vision plan costs will remain constant from 2020 to 2021, as the Basic Plan premium rates and Computer Vision Care premium rates are not changing from 2020 to 2021. VSP vision plan costs for all four employers are illustrated in Exhibits 5a-5b in the adjoining document.

## Rates, Contributions, and Benefits for Dental Plans for CCSF, Court Employees, and All Retirees

Three dental plans are offered to SFHSS active employees—Delta Dental PPO, DeltaCare USA HMO, and UHC Dental HMO. The Delta Dental PPO plan has a network of preferred providers while the other two plans are dental HMOs with closed panels of providers. The City pays part of the cost of dental benefits for active CCSF employees while retirees pay the full cost of their dental plans.

The Delta Dental PPO plan for active employees is self-funded and administered by Delta Dental of California (Delta Dental). Future plan costs are projected based on the City employees' claim experience. Delta Dental's administrative fee will remain constant from 2020 to 2021, at \$4.62 per employee per month.

Due to the combination of favorable experience in the active employee Dental PPO plan and availability of rate stabilization reserve balance funds, the aggregate premium equivalents for the self-funded Delta Dental PPO plan for active employees are increasing 0.6% for plan year 2021.

The Delta Dental PPO plan for retirees, DeltaCare USA dental plans for active employees and retirees, and UHC Dental plans for active employees and retirees are all fully insured. All dental plan fully insured rates will reflect a reduction for the 2021 plan year as a result of the permanent termination of the PPACA HIT (tax outlined earlier in this letter).

There is one dental plan design change from 2020 to 2021 for the Delta Dental PPO plans for active employees and retirees. Both plans will include coverage, after applicable member plan design cost sharing, for nitrous oxide and non-IV sedation.

For active employees in the 2021 plan year, the City will contribute the total premium towards each of the dental HMO plans for CCSF employees. For active employees in the self-funded Delta Dental PPO plan, the City will contribute the monthly premium equivalent minus monthly employee contributions of \$5.00 for the Employee Only tier, \$10.00 for the Employee +1 tier, and \$15.00 for the

Employee +2+ tier. Member contributions for the active employee dental plans are unchanged from 2020 plan year levels into plan year 2021.

Retired members in SFHSS dental plans (Retiree PPO and two dental HMOs) contribute full premium costs with no employer contributions provided.

The 2021 dental plan rates are shown in the adjoining document for the Delta Dental PPO (Exhibits 6a-6b), DeltaCare USA HMO (Exhibits 7a-7b), and UHC Dental HMO (Exhibits 8a-8b). The aggregate dental plan cost for active employees for the 2021 plan year is projected at \$44.7 million with \$3.8 million in member contributions and \$40.9 million in employer contributions based on May 2020 enrollment. This results in an overall estimated total dental cost increase of \$0.3 million (0.6%) from 2020 to 2021. Table 3 (page 12) provides an overview of annualized costs.

### Life and Long-Term Disability (LTD) Insurance for CCSF, Court Employees, and Municipal Executive Active Employees Only

Total premiums for basic life insurance (employer-paid), supplemental life insurance (member-paid), and long-term disability (LTD) insurance (employer-paid) insured through The Hartford Life and Accident Insurance Company are reducing by \$0.135 million (1.5%) from 2020 to 2021. A three-year renewal agreement took effect on January 1, 2020, however, favorable experience under the basic life insurance plan in 2019 has resulted in a mid-guarantee reduction of the basic life premium for the remaining two years of the original rate guarantee agreement (January 1, 2021 through December 31, 2022). Premiums for the supplemental life insurance and LTD plans will remain at 2020 levels into the 2021 plan year as part of the three-year guarantee. Plan-specific rating actions that add up to the 1.5% overall rate decrease from 2020 to 2021 are:

- Basic life insurance: 7.9% rate decrease;
- LTD insurance: no rate change;
- Supplemental employee/dependent life insurance: no rate change; and
- Child life insurance and Accidental Death & Dismemberment insurance: no rate change.

The aggregate employer cost for the basic life insurance and LTD plans for the 2021 plan year is projected at \$8.03 million. This includes \$6.46 million in total LTD premiums and \$1.57 million in basic life premiums. Additionally, there is \$0.81 million in projected member-paid 2021 supplemental life insurance premium. Annualized overall premiums are shown in Exhibit 9 in the adjoining document.

### Summary of Projected 2021 Plan Year Costs

Table 3 below summarizes projected 2021 aggregate SFHSS plan costs across the plans available to active employees and retirees relative to 2020 projections for those plans where the employers subsidize the total plan cost. VSP Basic Plan (vision) costs are included in the medical plans' costs.

[1] Figures vary due to rounding

[2] Dental costs are for active employees only; retirees and surviving spouses have not been included

This year's projected aggregate medical cost increase of 3.87% (see page 3) is below average national benchmark levels for health care cost trend. The "2020 Health Care Trend Survey" published by Aon indicates combined medical / pharmacy cost increases in the range of 5.5% to 6%.

### Conclusion

Based on extensive evaluation and collaboration with SFHSS, Aon validates all of the findings presented within this report. Aon would be pleased to answer any questions or provide clarification about the information included in this letter to any interested parties.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Clarke", is positioned below the "Sincerely," text.

Michael A. Clarke, FSA, MAAA, FCA

# Employer Contribution Notes—Active Employees

## Exhibits 2a, 3a, 3c, 4a, 4c — 93/93/83 Contribution Method for Actives

The employer contributions for the 93/93/83 Contribution Model are defined as follows:

- EE Only: City contributes 93% towards total premium for employees selecting EE Only tier coverage.
- EE+1: City contributes 93% towards total premium for employees selecting EE+1 tier coverage.
- EE+2+: City contributes 83% towards total premium for employees selecting EE+2+ tier coverage.
- City contributions are capped at 93%, 93% and 83% of corresponding premium of the second-highest-cost plan for EE Only, EE+1 and EE+2+ tiers, respectively.
- Members cover the remaining costs across all tiers.

# Employer Contribution Notes—Active Employees

## Exhibits 2b, 3b, 3d, 4b, 4d — 100/96/83 Contribution Method for Actives

The employer contributions for the 100/96/83 Contribution Model are defined as follows:

- EE Only: City contributes 100% towards total premium for employees selecting EE Only tier coverage. Members are free of premium charges.
- EE+1: City contributes 96% towards total premium for employees selecting EE+1 tier coverage.
- EE+2+: City contributes 83% towards total premium for employees selecting EE+2+ tier coverage.
- City contributions are capped at 96% and 83% of corresponding premium of the second-highest-cost plan for EE+1 and EE+2+ tiers, respectively.
- Members electing EE+1 and EE+2+ tiers cover the remaining cost.

**MEMORANDUM**

DATE: June 17, 2020  
TO: Supervisor Sandra Fewer, Chair  
Budget and Finance Committee  
FROM: Abbie Yant, Executive Director  
Health Service System  
RE: Ordinance Approving Health Service System Plans and Contribution  
Rates for Calendar Year 2021

---

Attached are the following documents relating to the above matter:

1. Proposed ordinance (approved as to form by the City Attorney's Office) approving Health Service System plans and contribution rates for calendar year 2021;
2. 2020 Ten-County Survey, pursuant to Charter Section A8.423, approved by the Health Service Board on March 12, 2019;
3. Actuarial Report dated June 18, 2019 from Aon, as required under Section A8.422 of Appendix A to the San Francisco Charter, including summaries of the rates and benefits adopted by the Health Service Board on March 12, May 14, May 28 and June 11, 2020;
4. Membership Enrollment Statistics Report dated reflecting total enrollment distribution across the three medical plans, the dental plans and life and long-term disability; and
5. Form SFEC-126 (Notification of Contract Approval) for the following vendors: Kaiser Foundation Health Plan (Northern and Southern California Regions), Blue Shield of California, UnitedHealthcare Services, Inc. (City Plan), Delta Dental of California, Pacific Union Dental (a subsidiary of United Health Group), Vision Service Plan, Hartford Life and Accident Insurance Company.

Please let me know if you need any additional information.

CC: Members, Health Service Board (w/ electronic attached)  
Erik Rapoport (w/ electronic attached)  
Ben Rosenfield (w/ electronic attached)  
Pamela Levin (w/ electronic attached)  
Mike Clarke (w/ electronic attached)

### Notification of Contract Approval

SFEC Form 126(f)4

(S.F. Campaign and Governmental Conduct Code § 1.126(f)4)

A Public Document

Each City elective officer who approves a contract that has a total anticipated or actual value of \$100,000 or more must file this form with the Ethics Commission within five business days of approval by: (a) the City elective officer, (b) any board on which the City elective officer serves, or (c) the board of any state agency on which an appointee of the City elective officer serves. For more information, see: <https://sfethics.org/compliance/city-officers/contract-approval-city-officers>
