[AB 2276](#) (Soria D) Vehicles: active intelligent speed assistance devices.

Current law requires, until January 1, 2033, a person who has been convicted on or after January 1, 2019, of driving a motor vehicle under the influence of an alcoholic beverage, as specified, to install for a period of time, as ordered by the court, an ignition interlock device (IID) on the vehicle they operate. Installation of an IID is discretionary for a first offender, as specified. Current law also requires persons convicted of driving under the influence of a drug to install an IID. Current law specifies periods for which a person convicted of one or more prior driving-under-the-influence violations is required to install an IID, as specified. A violation of the Vehicle Code is a crime punishable as an infraction, unless otherwise specified. This bill would require the Department of Motor Vehicles to establish, until January 1, 2034, a pilot program that would impose a similar requirement for persons convicted of specified driving offenses relating to excessive speed, reckless driving, and exhibitions of speed to install for a period of time, as ordered by the court, a certified active intelligent speed assistance device (ISA) on any vehicle the person operates, as specified. The bill would similarly make the installation of an ISA discretionary for a first offender, as specified. The bill would make tampering with the ISA device, as specified, operating a motor vehicle without the device, or failing to return the device to the vendor upon completion punishable as a misdemeanor. The bill would also extend the required term the ISA needs to be installed by 120 days for a violation of these provisions.
