11 Be it ordained by the People of the City and County of San Francisco:

12 Section 1. Findings. A police foot patrol program has multiple potential benefits,  
 13 including increasing police visibility and presence; deterring criminal and disorderly conduct  
 14 and reducing the incidence of crime; increasing police knowledge of and involvement with the  
 15 patrolled community; increasing community familiarity and confidence in the police;  
 16 encouraging community cooperation with police services and operations; enhancing citizens'  
 17 sense of safety; and generating information relevant to preventing and solving crime. A police  
 18 foot patrol program may have particular benefit in commercial and high-crime areas.

19 The San Francisco Police Department currently staffs certain police foot patrols  
 20 throughout the City. In order to review and assess the effectiveness of a police foot patrol  
 21 program, the Board of Supervisors hereby implements a formal pilot foot patrol program at  
 22 eight designated Police District Stations, with defined patrol areas, conditions and reporting  
 23 requirements. This pilot program is designed to provide data to assist the City in evaluating  
 24 the effectiveness of a foot patrol program and in determining what additional actions to take, if  
 25 any, regarding a police foot patrol program in the City and County.

22 Chief of Police. The report shall include the beat not staffed or shortened by the call-off of the  
23 assigned officer, and the reasons therefore.

1           (6) The Police Department, in its discretion, may staff a foot beat with two or more  
2 officers, where additional staffing would increase officer safety or enhance the effectiveness of  
3 the foot patrol.

4           (7) Notwithstanding the detailed street descriptions in Sections 10A.1(a)(1) and  
5 10A.1(a)(2), above, the officers in charge at Park and Northern Stations during any shift in

10 and reduce the incidence of crime in the areas most heavily impacted by crime.

11           (1) Officers assigned to foot patrols shall:

12           (A) Make every effort to be known in the community through constant interactions with  
13 residents. In particular, officers on foot patrol should establish a periodic physical police presence at  
14 schools, community centers, senior centers, homeless shelters, churches and other places of worship,  
15 housing authority developments, after school program locations, and other locations where seniors,  
16 children and youth gather.

17           (B) Identify and address crime and nuisance problems that impact the quality of life and the  
18 level of fear of neighborhood residents. Foot patrol officers should work with neighborhood residents  
19 and City agencies to identify and eliminate any structural, physical, or other features that may hide or  
20 encourage crime or criminal activity.

21           (C) Foster collaboration and open communication between police officers and community  
22 members, including neighborhood groups, merchants, faith-based groups, schools, and neighborhood  
23 leaders.

1           (D) Encourage residents' involvement in activities that contribute to crime prevention,  
2 including neighborhood watch activities, neighborhood clean-up and beautification, and crime  
3 prevention educational programs.

4           (2) The Captains of Park and Northern, Tenderloin, Mission, Ingleside, Taraval,  
5 Southern and Bayview Stations, and other commissioned officers as appropriate, shall:

6           (A) Work with foot patrol officers and the community to develop policing priorities and  
7 strategies – including prevention, intervention and enforcement – that are specific to the neighborhood  
8 and the needs of its residents.

9           (B) Assist in the recruitment, orientation, training and evaluation of officers assigned to foot  
10 patrols.

11           (C) Establish and oversee the reporting and tracking systems required by this Section.

13           (1) The Police Department shall compile data regarding all reported crime within the foot  
14 beats described in Section 10A.1(Aa), by type, during the one year period of this pilot program. The  
15 Captains of Park and Northern, Tenderloin, Mission, Ingleside, Taraval, Southern and Bayview  
16 Stations shall also keep detailed records of the foot beats actually staffed, including time, date and  
17 officer or officers assigned.

18           The Captains of Park and Northern, Tenderloin, Mission, Ingleside, Taraval, Southern  
19 and Bayview Stations shall report the data on the incidence of crime and the staffing of foot beats at  
20 each monthly community meeting held in the District Station.

21           (2) Six months and one year from the effective date of this ordinance, the Police  
22 Department shall submit to the Board of Supervisors, the Police Commission and the Mayor's Office of  
23 Criminal Justice a comprehensive report analyzing the effectiveness of this pilot program in reducing  
24 crime within the areas described by the foot beats in Section 10A.1(Aa). The report shall include all  
25

1 reported incidents of crime within those foot beats, by type, during the reporting period, compared with  
2 a relevant period prior to establishment of this pilot program, and an analysis of the actual staffing of  
3 the beats during the reporting period.

4 (3) The Police Department, in consultation with the Controller's Office and the  
5 Mayor's Office of Criminal Justice, shall engage in a comprehensive study of the need for and  
6 the efficacy of foot patrols throughout all areas of the City. With an emphasis on areas  
7 experiencing high incidents of crime, and in particular violent crime, the Police Department  
8 shall identify those foot patrols that will best serve the goal of deterring crime and enhancing  
9 police-community relations. There shall be at least one foot beat in the area covered by each  
10 and every District Station. The Police Department shall report its findings to the Board of  
11 Supervisors and the Police Commission as part of the six-month report required by Section  
12 10A.1(c)(2). The Board of Supervisors shall hold a hearing on the feasibility of adopting a  
13 Citywide foot patrol program.

14 (d) **General Welfare Clause.** In undertaking the enforcement of this ordinance, the City is  
15 assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on  
16 its officers and employees, an obligation for breach of which it is liable in money damages to any  
17 person who claims that such breach proximately caused injury.

18 (e) **One-Year Sunset.** This ordinance shall expire by operation of law one year from the  
19 effective date of the ordinance. Upon the expiration of this ordinance, the City Attorney shall cause it  
20 to be removed from the published code.
