Rules Committee  
Board of Supervisors  
1 Dr. Carlton B. Goodlett Place, Room 244  
San Francisco, CA 94102

Dear Supervisors Kim, Elsbernd and Farrell,

The Mental Health Professional Seat #15 on the SF Mental Health Board is open and it is a seat appointed by the Rules Committee. I am really excited about the enclosed applications which I hope you will consider.

Lena Miller has a Masters in Social Work and is the founder and co-executive director of Girls 2000. She has years of experience in working with high risk youth, as well as being a long time resident of San Francisco. We have watched her program grow and thrive without funding from the City, and have been very impressed with the work she is doing to address the needs of this underserved community.

Terrence Patterson is a psychologist working at the University of San Francisco and in independent practice for the past twenty years. Prior to that he worked with adolescents and immigrants.

Both applications and resumes are enclosed.

Please feel free to call me at 415-255-3473, if you have any questions.

Sincerely,

Helynna Brooke  
Executive Director

1380 Howard Street, 2nd Floor  
San Francisco, CA 94103

Dear Ms. Brooke,

In response to your recent message, I am including my application and CV in consideration for a seat on the San Francisco Mental Health Board. I am extremely interested in serving this capacity, and am eager to contribute to the access to services especially for homeless, immigrant, and seriously mentally ill citizens.

I believe my experience and interests provide a wide range of perspectives on the issues facing the Board. Briefly, I served as Human Relations officer and social worker at the Presidio from 1971-78, as a mental health specialist in the Adolescent and Refugee Clinics at SFGH from 1982-87, and as Chief Psychologist of the Immigration Service in Washington from 1987-90. Since 1990 I have been at the University of San Francisco and in independent practice with a specialty in diversity and ethical issues, training psychologists and Marriage & Family Therapists for service in diverse communities.

I have witnessed the difficulties faced by persons in crisis who cannot access immediate care, victims and perpetrators of domestic violence who repeat the cycle due to lack of appropriate services, newly arrived immigrants who strongly need assistance who are afraid to reach out, and homeless people who cannot get help due to restrictions in the 5150 law. I am eager to work together with other concerned citizens to find creative solutions to these problems within current budgetary constraints. In particular, I believe consideration of a measure such as *Kendra's Law* will provide a more humane solution to those living on the streets unable to care for themselves.

I am a resident of San Francisco, a citizen of the United States, and do not work for Community Behavioral Health Services or one of its contractors.

I appreciate the opportunity to be considered for this position, and look forward to your response and the ability to appear before the Supervisors in order to answer pertinent questions.

Sincerely,

*Terence Patterson*
