Dear Members of Fire Commissioners:

The San Francisco Firefighters Cancer Prevention Foundation is a 501 (c)(3) tax exempt organization (hereinafter referred to as the Foundation (FEIN # 56-2608686)). The Foundation's mission is to foster the prevention and early detection of cancer occurring in active and firefighters through scientific research and education, and to carry on other activities associated with this goal.

In light of this mission, the Foundation would like to donate five Continental-Girbau model EM-040 Washer-Extractors to the San Francisco Fire Department for the purpose of cleaning and extracting possible carcinogens from fire protective gear. We have attached a purchase order with all the machine specifications. The approximate unit cost of the machine and first supply of liquid soap is \$ 8,000 for a total cost of \$ 40,000.

This is a major preventative step in the fight against cancer in the fire service.

Sincerely,

Keith Onishi, Treasurer
