- [Accept and Expend Grant California Department of Housing and Community Development -Affordable Housing and Sustainable Communities Program - Balboa Reservoir Building E \$29,585,486]
- 3

4 **Resolution authorizing the Mayor's Office of Housing and Community Development** 5 ("MOHCD") to execute the Standard Agreement with the California Department of 6 Housing and Community Development ("HCD") under the Affordable Housing and 7 Sustainable Communities Program for a total award of \$29,585,486 including 8 \$19,610,404 disbursed by HCD as a loan to the Balboa Lee Avenue, L.P. for a 100% 9 affordable housing project at 11 Frida Kahlo, also identified as Balboa Reservoir 10 Building E, and \$9,975,082 to be disbursed as a grant to the City for public 11 transportation improvements near 11 Frida Kahlo, for the period starting on the 12 execution date of the Standard Agreements through November 30, 2042; and 13 authorizing MOHCD to accept and expend the grant of up to \$9,975,082 for 14 transportation, streetscape and pedestrian improvements and other transit oriented 15 programming and improvement as approved by HCD. 16 17 WHEREAS, The State of California, the Strategic Growth Council ("SGC") and the 18 California Department of Housing and Community Development ("HCD") issued a Notice of 19 Funding Availability ("NOFA") dated February 26, 2021, as amended October 14, 2021, under 20 the Affordable Housing and Sustainable Communities ("AHSC") Program established under 21 Division 44, Part 1 of the Public Resources Code commencing with Section 75200; and 22 WHEREAS, The SGC is authorized to approve funding allocations for the AHSC 23 Program, subject to the terms and conditions of the NOFA, AHSC Program Guidelines 24 adopted by SGC on February 24, 2021 ("Program Guidelines"), an application package 25

1 released by HCD for the AHSC Program ("Application Package"), and AHSC STD 213 and 2 STD 215 standard agreements with the State of California ("Standard Agreements"), and HCD 3 is authorized to administer the approved funding allocations of the AHSC Program; and WHEREAS, The AHSC Program provides grants and loans to applicants identified 4 5 through a competitive process for the development of projects that, per the Program 6 Guidelines, will create new affordable housing and achieve greenhouse gas reductions and 7 benefit disadvantaged communities through increased accessibility to affordable housing. 8 employment centers and key destinations via low-carbon transportation; and 9 WHEREAS, The AHSC Program requires that joint applicants for a project will be held 10 jointly and severally liable for completion of such project; and WHEREAS, Balboa Lee Avenue, L.P., a California limited partnership ("Developer"), 11 12 requested that the City and County of San Francisco (the "City"), acting by and through 13 Mayor's Office of Housing and Community Development ("MOHCD"), be a joint applicant for AHSC Program funds for its project located at 11 Frida Kahlo Way consisting of new 14 15 construction of a 128-unit 100% affordable multifamily rental housing development affordable 16 to low-income households (the "Project") identified as Balboa Reservoir Building E ("Balboa 17 Reservoir Building E"); and 18 WHEREAS, In order to be highly competitive for the AHSC funds, the Developer and MOHCD applied for AHSC grant funds to purchase Bay Area Rapid Transit ("BART") vehicles 19 20 ("BART vehicles") in order to further reduce greenhouse gas emissions; and 21 WHEREAS, On June 21, 2021, BART and the Developer entered into an Implementation Agreement to make commitments related to the purchase of the BART 22 23 vehicles as included in the Application package; and 24 WHEREAS, On August 18, 2020, by Ordinance No. 142-20, the Board of Supervisors 25 made findings under the California Environmental Quality Act (Public Resources Code,

Sections 21000 et seq.) and findings of consistency with the General Plan, and the eight
 priority policies of Planning Code, Section 101.1, which Ordinance is on file with the Clerk of
 the Board of Supervisors in File No. 200423 and is incorporated herein by reference; and
 WHEREAS, HCD proposes to maximize the use of available grant funds on program
 expenditures by not including indirect costs in the grant budget; and

6 WHEREAS, Through an award letter dated February 4, 2022, HCD made an award in 7 the total amount of \$29,585,486, which includes \$19,610,404 to be disbursed by HCD as a 8 loan to the Developer for the Project, and up to \$9,975,082 to be disbursed as a grant to the 9 City for the BART vehicles and other transit-oriented programming and improvements 10 approved by HCD, subject to the terms and conditions of the Standard Agreements, copies of 11 which are on file with the Clerk of the Board of Supervisors in File No. 250392; now, therefore, 12 be it

13 RESOLVED, That the Board of Supervisors approves and authorizes the MOHCD to 14 enter into the Standard Agreements with HCD, with terms and conditions that AHSC Program 15 funds are to be used for allowable capital asset project expenditures identified in Exhibit A; 16 and, be it

FURTHER RESOLVED, That the Board of Supervisors hereby waives inclusion of
 indirect costs in the grant budget; and, be it

FURTHER RESOLVED, That the Board Supervisors authorizes the City to accept and
 expend the grant funds disbursed under the Standard Agreements; and, be it

FURTHER RESOLVED, That the Board of Supervisors authorizes the Director of MOHCD (or his designee) to execute and deliver any documents in the name of the MOHCD that are necessary, appropriate or advisable to accept and expend the AHSC Program funds from HCD, and all amendments thereto, and complete the transactions contemplated herein and to use the funds for eligible capital asset(s) in the manner presented in the application as approved by HCD and in accordance with the NOFA and Program Guidelines and Application
 Package; and, be it

3	FURTHER RESOLVED, That all actions authorized and directed by this Resolution and
4	heretofore taken are ratified, approved and confirmed by this Board of Supervisors; and, be it
5	FURTHER RESOLVED, That within thirty (30) days of the Standard Agreements being
6	fully executed by all parties, MOHCD shall provide the final agreement to the Clerk of the
7	Board for inclusion into the official file.

Grant Resolution Information Form

(Effective July 2011)

Purpose: Accompanies proposed Board of Supervisors resolutions authorizing a Department to accept and expend grant funds.

The following describes the grant referred to in the accompanying resolution:

- Grant Title: Affordable Housing and Sustainable Communities Program 11 Frida Kahlo Way Balboa Reservoir Building E
- 2. Department: Mayor's Office of Housing and Community Development
- **3. Contact Person:** Benjamin McCloskey Telephone: 628-652-5956
- 4. Grant Approval Status (check one):
 - [x] Approved by funding agency [] Not yet approved
- 5. Amount of Grant Funding Approved or Applied for: \$9,975,082
- 6a. Matching Funds Required: \$0 b. Source(s) of matching funds (if applicable): N/A
- **7a. Grant Source Agency:** California Department of Housing and Community Development **b. Grant Pass-Through Agency (if applicable):** N/A
- 8. Proposed Grant Project Summary: Transportation, streetscape, pedestrian improvements, other transit oriented programming and improvement
- 9. Grant Project Schedule, as allowed in approval documents, or as proposed: Start-Date: TBD End-Date: 11/30/2042
- 10a. Amount budgeted for contractual services: N/A
 - b. Will contractual services be put out to bid? N/A
 - c. If so, will contract services help to further the goals of the Department's Local Business Enterprise (LBE) requirements? N/A
 - d. Is this likely to be a one-time or ongoing request for contracting out? N/A
- **11a. Does the budget include indirect costs?**[] Yes[x] No
 - b1. If yes, how much?
 - b2. How was the amount calculated?
 - c1. If no, why are indirect costs not included?
 - [] Not allowed by granting agency [x] To maximize use of grant funds on direct services [] Other (please explain):
 - c2. If no indirect costs are included, what would have been the indirect costs? N/A
- 12. Any other significant grant requirements or comments:

Disability Access Checklist*(Department must forward a copy of all completed Grant Information Forms to the Mayor's Office of Disability)

13. This Grant is intended for activities at (check all that apply):

[] Existing Site(s) [] Rehabilitated Site(s) [] New Site(s)

[] Existing Structure(s) [] Rehabilitated Structure(s) [x] New Structure(s)

[] Existing Program(s) or Service(s) [x] New Program(s) or Service(s)

14. The Departmental ADA Coordinator or the Mayor's Office on Disability have reviewed the proposal and concluded that the project as proposed will be in compliance with the Americans with Disabilities Act and all other Federal. State and local disability rights laws and regulations and will allow the full inclusion of persons with disabilities. These requirements include, but are not limited to:

1. Having staff trained in how to provide reasonable modifications in policies, practices and procedures;

2. Having auxiliary aids and services available in a timely manner in order to ensure communication access;

3. Ensuring that any service areas and related facilities open to the public are architecturally accessible and have been inspected and approved by the DPW Access Compliance Officer or the Mayor's Office on Disability Compliance Officers.

If such access would be technically infeasible, this is described in the comments section below:

BALBOA RESERVOIR BUILDINGS E AND A

I I Frida Kahlo Way BUDGET AND FINANCE COMMITTEE

APRIL 30, 2025

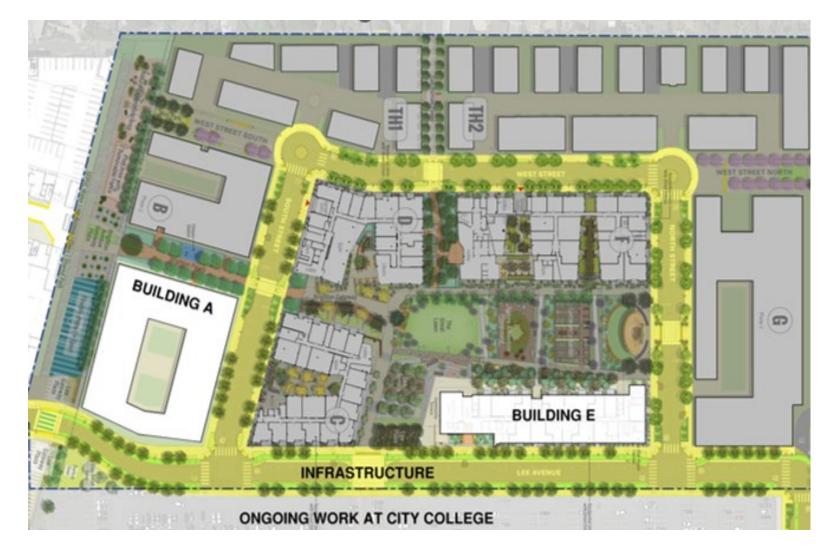

MAYOR'S OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT

BALBOA RESERVOIR BUILDINGS E & A Budget and Finance Committee – April 30, 2025

BALBOA RESERVOIR

- I7-acre site located across from City College used as parking lot
- Development Agreement approved by BOS in August 2020
- Infrastructure for first two affordable buildings to start this summer

BALBOA RESERVOIR BUILDING E

- Ist 100% affordable development at Balboa Reservoir
- Development Sponsor is BRIDGE Housing
- I 27 affordable units, one non-restricted manager's unit (I 28 total)
- 31 units at 40% AMI, 36 units at 65% AMI, 60 units at 80% AMI

FINANCING

- HCD Infill Infrastructure Grant (IIG) award up to \$20,095,616 to fund infrastructure for Building E and A
- HCD Affordable Housing Sustainable Communities (AHSC) award for \$29,585,486 with \$19,610,404 as a loan to Building E and \$9,975,082 for transportation improvements

TIMELINE

- Construction to begin October 2025
- Construction finish October 2027
- Lease up complete April 2028

BALBOA RESERVOIR BUILDING A

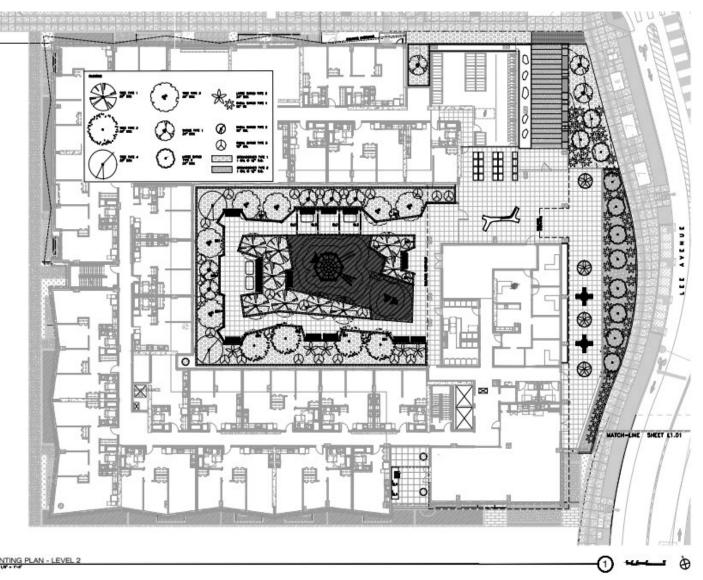

- 2nd 100% affordable development at Balboa Reservoir
- Development Sponsor is BRIDGE Housing
- I 58 affordable units, one non-restricted manager's unit (I 59 total)
- 41 units at 40% AMI, 38 units at 70% AMI, 79 units at 80% AMI

FINANCING

- HCD Infill Infrastructure Grant (IIG) award up to \$20,095,616 to fund infrastructure for Building E and A
- HCD Affordable Housing Sustainable Communities (AHSC) award for \$45,721,399 with \$33,000,000 as a loan to Building A and \$12,721,399 for transportation improvements

TIMELINE

- Construction to begin January 2026
- Construction finish September 2027
- Lease up complete March 2028

Ryan VanZuylen, Senior Project Manager Mayor's Office of Housing and Community Development

Thank you!

AHD Project Description	4/27/21						
1) Sponsor/Developer Experience							
Founded in 1983 and headquartered in San Francisco, BRIDGE Housing Corporation is the largest developer of affordable and workforce housing on the West Coast. BRIDGE Housing Corporation is a 501(c)3 nonprofit corporation. BRIDGE has participated in the development of over 19,000 housing units and over 600,000 square feet of retail/commercial space in we 100 properties valued at more than \$3 billion. BRIDGE pursues the goal of "quality, quantity and affordability" while meeting the growing demand for affordable housing in high-cost communities. As a mission-driven nonprofit, we pay close attention to the double-bottom line of financial and social return on investment, always in pursuit of quality, quantity, affordabilit BRIDGE has also received more than 180 local, national and international awards, including five ULI Global Awards for Excellence. BRIDGE has deep expertise developing workforce ar mixed income housing. Our projects are often catalysts for continued development and bring enhanced vibrancy to evolving neighborhoods. BRIDGE specializes in creating homes whe people can thrive economically and socially.							
2) Topography and Special Site Features							
The site design reinterprets the sculptural qualities of the existing industrial topography and the unique coastal environment and aims to re-establish the natural grade to unify the sit	e with the						
surrounding neighborhoods. The design uses the topography to express the site hydrology; creates accessible connections to public streets and open spaces to encourage access and emphasizes low-impact development strategies to reduce the burden on the City's combined stormwater and sewer system.	and use;						
3) Proposed Tenant Poplulation Families between 30 and 80% AMI.							
4) Specific Issues (relocation, environmental, historical, etc.)							
The Balboa Reservoir 17-acre master development site is host to a variety of uses including parking for City College, a motorcycle training school, urban wildlife habitat, and a neigh dog walking destination. In order to plan for the development of this parcel the City of San Francisco has guided the neighborhood through an intensive community engagement pro Balboa Reservoir neighborhood has been engaged in community planning efforts since the beginning of the Balboa Area Station Plan in 2000. Following the selection of Balboa Re Public Lands for Housing site in 2014, City staff participated in over 30 public meetings to seek feedback on the community's priorities for the site's development. In the spring of 20 Board of Supervisors created the Balboa Reservoir Community Advisory Committee (BRCAC), consisting of seven members appointed by the Mayor and the District 7 Supervisor a representatives of local neighborhood associations. The BRCAC has served as the primary forum for community feedback during the creation of the project's principles and parame the BRCAC endorsed in September 2016. These principles informed the programming goals included in the Request for Proposals issued by the City and SFPUC in 2017. Following proposal and selection process of BRIDGE, the Reservoir neighborhood project sponsors collaborated with the BRCAC to lead a community process to shape the master plan for the Reservoir. This phase of the community process included eight meetings with the BRCAC, two on-site tours, two community-wide open house events, and multiple meetings with income Reservoir. This phase of the community process included eight meetings with the BRCAC, two on-site tours, two community-wide open house events, and multiple meetings with income Reservoir. This phase of the community process included eight meetings with the BRCAC, two on-site tours, two community-wide open house events, and multiple meetings with income Reservoir. This phase of the community process included eight meetings with the Recarc	cess. The servoir as a 15, the nd two ters which g the ne

	ect Name rating Entity	Ironhorse at Ce BRIDGE Housi						Installation Basi GRID Alternativ		200 Program					

	Balboa Reservoir Programs (PGM)	PIN 47683	4/27/21
Brief Description	Ironhorse at Central Station was developed by BRIDGE Housing in 2011 and provides 99 affordable family apartments. The project stands at the center of Central Station, an exciting reintegration of approximately 29 acres of unused industrial land into the surrounding residential neighborhood in West Oakland.	Multi-year funded program through the California Community Reinvestment G provide solar installation training and job placement	Grant program to
	AC Transit EasyPasses have been purchased annually for the property since it's construction completion in 2011. One pass is provided per unit (99 units), plus one pass is provided to a designated member of the property's Management Office (100 passes total). Passes may be utilized for unlimited usage on all AC Transit local and Transbay buses. The development is located in an AC Transit Level of Transit Service (LTS) area 4 and each discounted pass is available for approximately \$103.50 each. Passes will be provided to PGM is infeasible without AHSC Program funds, and other committed funds are not	This project addresses the issue of unemployment and recidivism in commun- in particular with low-income individuals, people of color and the formerly inca through our 200-hour Installation Basics Training program (IBT-200), which pr income job seekers with intensive, skills-based training to successfully launch solar and related construction sectors. This program provides up to 50 trained 1200 program in San Joaquin. Sacramento and Butte County during the grant and will not be supplanted by AHSC Program funds.	arcerated, rovides low- n careers in es in our IBT-
	Program Need and Rea	adiness

on solar installation completion as well a	In successful solar training program for up to 20 project area residents. The solar trai learning opportunities with particular focus on the most competitive skills to land job: as receive soft skills training such as resume writing and completing job applications. g program is a low-barrier design, meeting trainees "where they are at" and no previ	s in the solar and related construction industries. Trainees receive certil We introduce each trainee to hiring employers at the end of the progra	ficates of
Who are the targete	ed users for the Program(s)?		
Louineenee reelder	ate and these from underganized communities with herriars to amployment, such as r	a antry attigned or these with according hardships that have kept them f	rom

Low-income residents and those from underserved communities with barriers to employment, such as re-entry citiznes or those with economic hardships that have kept them from professional development in the trades and/or education, particularly in communities of color. Unemployment is high in these communities due to factors such as historic barriers resultant from systemic racism including educational barriers. Statewide, 87% of our participants identify as people of color.

Balboa Reservoir Programs (PGM) PIN 47683	1/27/21
What is the issue or need that the Program(s) is attempting to address, and how will it successfully address this issue or need?	
GRID Alternatives has a vision of a successful transition to clean, renewable energy that includes them. Environmental justice and social equity is core to GRID's mission- those th	at are
most impacted by pollution, poverty and climate change should be among the first to benefit from investments in climate resiliency. An equitable transition means that the emerging	, clean
energy economy should drive economic growth and environmental benefits into communities of concern. GRID's program does both: translating financial benefits of solar installati	on into
direct monthly energy savings for low-income families living in impacted communities, and into solar jobs for unemployed and under-employed community members	
Describe additional design challenges and development costs incurred to meet the requirements of the Program.

(1) Climate A	Adaptation Assessment Matrix			
Fill out the Cli	imate Adaptation Assessment Matrix	(link below) with climate Projections for the listed impacts and with technical descriptions of adaptive mea	asures to be employed. If	f the
Project is con	sidering climate Projections from dat	a sources besides those listed below, state where the data are from and if they use different assumptions	s (e.g. time horizon).	
File Name	Climate Matrix	AHSC Round 6 Climate Adaptation Assessment Matrix.	Uploaded to HCD?	Yes
(2) Climate A	Adaptation *Narrative			
Describe how	v the risk posed from changing climate	e conditions will be reduced by strategies listed in the Climate Adaptation Assessment Matrix. Consider th	he lifetime of Project eler	nents,
risks posed b	y changing climate conditions, and co	onsequences of those risks (impacts to occupant health and safety, structural integrity, heating and coolir	ng systems, etc.). If your	local city
or county has	added adaptation measures to the G	Seneral Plan or other local planning documents, describe how the Project conforms to the implementatior	n of that plan (Governmer	nt Code
section 65302	2(g)(4)), requires cities and counties t	to incorporate climate considerations in the Safety Element of the General Plan or other local plan or doc	ument by January 1, 202	2).
Separate resp	ponses according to climate impacts.

HCD AHSC Balboa Reservoir Building E Expenditure Schedule

Proposed expenditures for the HCD AHSC Balboa Reservoir Building E Grant.

	Agency P	roject Description	HCD Funding Amount
STI #1	BRIDGE/BART	Purchase of 2 BART rail cars. BART will purchase two new BART cars. These vehicle purchases are part of BART's Transbay Corridor Core Capacity Program, which will increase the number of trains operating through the Transbay Tube during peak hours, increase train lengths, and maximize throughput capacity throughout the system, increasing BART's capacity to carry passengers.	\$5,034,634
STI #2	BRIDGE	Installation of 2,802 LF of new context sensitive Class II, III, and Class IV bikeways on Lee Ave that connect to existing bike networks. Installation of 2,802 LF of new sidewalks along Lee Ave, which results in a key pedestrian network gap closure.	\$2,954,301
TRA #1	BRIDGE/BART	BART will install 20 Next Generation Fare Gate consoles at Balboa Park BART Station as part of an effort to upgrade all fare gates throughout its system. BART's current fare gates are decades old and have proven ineffective in deterring fare evasion, which costs BART millions of dollars annually. The existing fare gates are also declining in reliability as they age. The Next Generation Fare Gate design incorporates a tall, swing-style gate with improved passenger throughput and maintainability, and a more modern appearance.	\$1,300,000
TRA #2	BRIDGE	Installation of 10 street lights on the Balboa Reservoir campus	\$432,406
PGM	BRIDGE	Transit passes, GRID alternatives	\$253,741

Total: \$9,975,082

Article I. AHSC General Overview

Section 100. Purpose and Scope

- (a) The purpose of these Program Guidelines is to implement Division 44, Part 1 of the Public Resources Code (PRC) (commencing with Section 75200), which establishes the Affordable Housing and Sustainable Communities (AHSC) Program, hereinafter referred to as the AHSC Program.
- (b) The purpose of the AHSC Program is to reduce greenhouse gas (GHG) emissions through projects that implement land-use, housing, transportation, and agricultural land preservation practices to support infill and compact development, and that support related and coordinated public policy objectives, including the following:
 - (1) reducing air pollution;
 - (2) improving conditions in disadvantaged communities;
 - (3) supporting or improving public health and other co-benefits as defined in Section 39712 of the Health and Safety Code;
 - (4) improving connectivity and accessibility to jobs, housing, and services;
 - increasing options for mobility, including the implementation of the Active Transportation Program established pursuant to Section 2380 of the Streets and Highway Code;
 - (6) increasing transit ridership;
 - (7) preserving and developing affordable housing for lower income households, as defined in Section 50079.5 of the Health and Safety Code; and
 - (8) protecting agricultural lands to support infill development.

Section 101. AHSC Program Overview

The **AHSC Program** furthers the purposes of <u>AB 32</u> (Chapter 488, Statutes of 2006), <u>SB 375</u> (Chapter 728, Statutes of 2008), and SB 32 (Chapter 249, Statutes of 2016) by investing in projects that reduce GHG emissions by supporting more compact, infill development patterns, encouraging active transportation and transit usage, and protecting agricultural land from sprawl development. The Greenhouse Gas Reduction Fund (GGRF), an account established to receive proceeds from Cap-and-Trade auctions, provides funding for the **AHSC Program.** The Cap-and-Trade Program, a key strategy for achieving the GHG emission reduction goals of AB 32, issues a limited number of GHG emissions permits (called allowances) each year. A portion of these allowances can be purchased from the State at quarterly auctions, thereby generating auction proceeds. These State auction proceeds are then deposited in the GGRF, where they become available for appropriation by the Legislature to further the purposes of AB 32.

The AHSC Program is administered by the California Strategic Growth Council (Council or SGC). The Department of Housing and Community Development (Department) will implement the transportation, housing and infrastructure components of the AHSC Program. The Council staff will coordinate efforts with Department staff, working with the California Air Resources Board (CARB) and the Council to administer the broader AHSC Program, including developing program guidelines, evaluating applications, preparing agreements, monitoring agreement implementation, and program reporting.

- The Council will coordinate with CARB to develop and incorporate consistent guidance in the following areas, which will apply to all GGRF programs, including the AHSC Program:
 - Expenditure records to ensure investments further the goals of AB 32.
 - SB 535 (Chapter 830, Statutes 2012) and AB 1550 requirements to maximize benefits to Disadvantaged Communities, Low-Income Communities, and Low-Income Households.
 - Consistent methodologies for quantifying GHG reductions and other economic, environmental and public health co-benefits.
 - Project tracking and reporting.

The AHSC Program provides grants and/or loans to projects that achieve GHG emission reductions and benefit Disadvantaged Communities, Low-Income Communities, and Low-Income Households through increasing accessibility of affordable housing, employment centers and Key Destinations via low-carbon transportation resulting in fewer vehicle miles traveled (VMT) through shortened or reduced vehicle trip length or mode shift to transit, bicycling or walking. Three Project Area types have been identified to implement this strategy: 1) Transit-Oriented Development (TOD) Project Areas, 2) Integrated Connectivity Project (ICP) Project Areas, or 3) Rural Innovation Project Areas (RIPA).

AHSC award funds will be allocated through a competitive process, based on the merits of applications submitted and the proposed use of funds within the identified **Project Area**. The threshold requirements and application selection criteria focus on the extent to which

developments realize the **AHSC Program's** objectives of reducing GHG emissions, benefiting **Disadvantaged Communities**, **Low-Income Communities**, and **Low-Income Households**, providing affordable housing, demonstrating project readiness, and meeting other policy considerations.

Disadvantaged Community Benefits

In June 2018, using the updated results from CalEnviroScreen 3.0, the California Environmental Protection Agency (CalEPA) identified **Disadvantaged Communities** to include census tracts that fall within the top 25 percent of CalEnviroScreen 3.0, plus an additional 22 census tracts that score in the highest 5 percent of CalEnviroScreen's Pollution Burden but do not have an overall CalEnviroScreen score because of unreliable socioeconomic or health data. AB 1550 has also created investment requirements for **Low-Income Communities** and **Low-Income Households**. In July 2018, CARB approved the *Funding Guidelines for Agencies Administering California Climate Investments* that will provide criteria to evaluate whether a project provides a benefit to a **Disadvantaged Community**, **Low-Income Community**, or **Low-Income Household**. These guidelines can be found here:.

A Project that is located in and provides benefits to a Disadvantaged Community, Low-Income Community, or Low-Income Households may receive priority for funding in order to meet the AHSC Program Disadvantaged Community and Low-Income Community funding requirements. Projects' Disadvantaged Community and Low-Income Community status are based upon the location of their AHSC funded Affordable Housing Development.

Article II. Program Requirements and Procedures

Round 6 FY 2019-20 AHSC Program Guidelines - 6 -

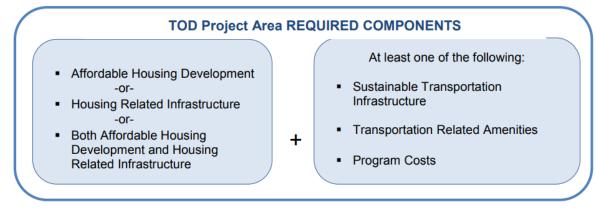

Section 102. Eligible Projects

The **AHSC Program** is designed to implement GHG emissions reductions through a reduction of vehicle miles travelled (VMT), or fewer and shorter auto-trips. The **AHSC Program** will fund integrated land use and transportation projects supporting low-carbon transportation options. Promoting mode shift to low-carbon transportation will require strategies that link residential areas, major employment centers and other **Key Destinations** to accessible, reliable, affordable, safe and comfortable transit and active transportation options.

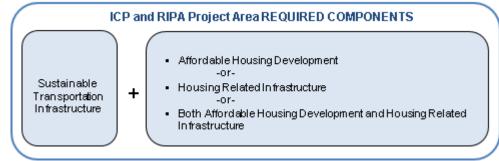

- (a) All applicants are required to define a Project Area. The Project Area is the area which encompasses transit, housing and destinations and is the area in which AHSC Program funds will be invested. Each Project Area must:
 - (1) Be a contiguous area included within a distinct planning area in a local or regional planning document(s) or transit service area
 - (2) Include at least one **Transit Station/Stop** consistent with the requirements set forth in (c) or (d) below; and
 - (3) Be of a defined size consistent with one of the following:
 - (A) For Project Areas with fixed transit routes, the defined Project Area begins with a one (1) mile radius from the identified Transit Station/Stop. The Project Area will extend by a 1/2 mile buffer around all Sustainable Transportation Infrastructure so long as the Project Area remains contiguous.
 - (B) For Project Areas with Flexible Transit Service routes, the defined Project Area must be defined based on the identified service area of the transit line.
 - (C) For Project Areas which include a **Transit Corridor** or bicycle network or both, the defined **Project Area** must be identified in a plan, i.e. general plan, bicycle master plan or transit corridor implementation plan.
- (b) The AHSC Program includes three eligible Project Area types as defined below:
 - (1) Transit-Oriented Development (TOD) Project Areas,
 - (2) Integrated Connectivity Project (ICP) Project Areas, and
 - (3) Rural Innovation **Project Areas** (RIPA).

All projects regardless of **Project Area** type must demonstrate VMT reduction through fewer or shorter vehicle trips or incentivize mode shift to transit use, bicycling or walking within transit areas, with an emphasis on integration of or development of affordable housing, and with an emphasis on providing **Disadvantaged Community** or **Low-Income Community** benefits. There are several differentiating requirements between each **Project Area** type, as described below.

- (c) **TOD Project Areas** must demonstrate <u>all</u> of the following:
 - (1) Include at least one (1) **Transit Station/Stop** served by **High Quality Transit** at the time of application submittal;
 - (2) Include an **Affordable Housing Development** located no farther than one-half mile from a **Transit Station/Stop** served by **High Quality Transit**. While the TOD Project Area must include an **Affordable Housing Development**, it may be funded from sources other than the AHSC Program but must meet the requirements of Section 103 (a)(1)(A) through (C); and
 - (3) Include Capital Projects or Program Costs as follows:

- (d) **ICP Project Areas** must meet all of the following:
 - (1) Include at least one (1) Transit Station/Stop
 - (2) Include an Affordable Housing Development served by at least one (1) mode of Qualifying Transit that does not meet the requirements of High Quality Transit at the time of application submittal; and
 - (3) Include Capital Projects or Program Costs as follows:

Affordable Housing Developments must be located within one-half mile of a Transit Station/Stop by the time a certificate of occupancy is provided.

(e) **RIPAs** must meet all the requirements detailed in Section 102(d) above for an **ICP Project Area** and must be located within a **Rural Area**.

Section 103. Eligible Costs

The **AHSC Program** funds **Capital Projects** and eligible **Program Costs** within TOD, ICP and RIPA **Project Areas** consistent with requirements of Section 102(c), (d) and (e) as follows:

Figure 2 Eligible Capital Projects and Program Costs

 Affordable Housing Development (AHD) Housing-Related Infrastructure (HRI) Sustainable Transportation Infrastructure (STI) Transportation-Related Amenities (TRA) 				
Eligible Program Costs (PGM)				
 Active Transportation Programs Transit Ridership Programs Criteria Air Pollutant Programs Workforce Development Programs Car Share Programs 				

Note: Each Capital Project or Program Cost must be unique to a single application and cannot be split over multiple applications.

Examples of **Eligible Costs** within each category of eligible **Capital Projects** and **Program Costs** are identified in Figure 3 below:

Figure 3: Eligible Cost Examples	AHD/ HRI	STI	TRA	PGM
Construction or Substantial Rehabilitation of affordable housing	Х			
Installation of internet broadband trunk line or fixed wireless infrastructure	Х			
Installation of new or improved walkways that improve mobility and access of pedestrians		Х		
Installation of new or improved bikeways that improve mobility and access of cyclists		Х		
Installation of new or improved pedestrian crossings or over- crossings		Х		
Non-capacity increasing streetscape improvements, including, but not limited to the installation of lighting, signage, or other related amenities for pedestrians, cyclists and transit riders			х	
Street crossing enhancements including installation of accessible pedestrian signals		Х		
Traffic calming projects including development of curb extensions, roundabouts, median islands, "road diets," lane narrowing projects		Х		
Signage and way-finding markers			Х	

Round 6 FY 2019-20 AHSC Program Guidelines

Figure 3 (continued): Eligible Cost Examples	AHD/HRI	STI	TRA	PGM
Installation of traffic control devices to improve safety of pedestrians and bicyclists		Х		
Street furniture (e.g. benches, shade structures, etc.)			Х	
Bicycle repair kiosks			Х	
Publicly accessible bicycle parking			Х	
Bike sharing infrastructure and fleet		Х		
Bicycle carrying structures on public transit			Х	
Development of a dedicated bus lanes as part of a BRT project		х		
Development and/or improvement of transit facilities or stations		Х	Х	
Transit related equipment to increase service or reliability		Х		
Transit Signal Priority technology systems		Х		
Real-time arrival/departure information systems			Х	
Installation of at-grade boarding infrastructure		Х		
Development or improvement of shelters or waiting areas at transit station/stops			Х	
Transit ticket machine purchase or improvements			Х	
Transit passenger amenities - e.g. Wi-Fi access			Х	
Transit Vehicle Procurement for service expansion, including expansion beyond service levels offered during the COVID-19 pandemic		Х		
Transit Operations for service expansion, including expansion beyond service levels offered during the COVID-19 pandemic		Х		
Station area signage			Х	
Energy Efficiency and Renewable Energy	Х	Х	Х	
Open Network or transit vehicle only ZEV Charging Infrastructure	Х	х	Х	
Water Efficiency	Х	Х	Х	
Urban Greening	Х	Х	Х	
Pedestrian and bicycle safety education programs				Х
Development and publishing of community walking and biking maps, including school route/travel plans				Х
Development and implementation of "walking school bus" or "bike train" programs				Х
School crossing guard training programs				Х
Bicycle clinics				Х
Public outreach efforts to increase awareness and understand the needs of active transportation users				Х
Bike sharing program operations				Х
Ride and/or car share programs				X
Transit subsidy programs				X
Education and marketing of transit subsidy programs				X

Round 6 FY 2019-20 AHSC Program Guidelines - 10 -

Transportation Demand Management (TDM) programs		Х
Air pollution exposure reduction program		Х
Workforce development partnerships		Х
Tenant legal counseling services		Х

(a) Capital Projects

(1) Affordable Housing Development Capital Projects

(A) Affordable Housing Development Capital Projects must:

- (i) Consist of one or more of the following:
 - a. New Construction
 - b. Acquisition and Substantial Rehabilitation (including preservation of affordable housing at-risk of conversion to market rate). The acquisition must be made through a bona fide sale or transfer from the existing ownership entity to the new ownership entity comprised of a completely disparate ownership structure, which contains no common entity interest at any level of the organizational structure.
 - c. Conversion of one or more nonresidential structures to residential dwelling units;

Note: Re-syndication of an Affordable Housing Development is <u>not</u> an eligible Capital Project.

- (ii) Be located within one-half (½) mile from a Transit Station/Stop that meets the Project Area transit requirements as defined in Section 102(c) or (d). The one-half (½) mile is to be measured from the nearest boarding point of the Transit Station/Stop to the entrance of the residential structure in the Affordable Housing Development furthest from the Transit Station/Stop along a walkable route. The walkable route, after completion of the proposed Project, shall be free of negative environmental conditions that deter pedestrian circulation such as barriers, stretches without sidewalks or walking paths, noisy vehicular tunnels, streets, arterials or highways without regulated crossings that facilitate pedestrian movement, minimize stretches without shade or cover, or stretches without lighted streets;
- (iii) Rental Affordable Housing Developments must include at least 20 percent of the total residential units as Affordable Units with an overall Project average affordability of all Restricted Units within the Project no greater than 50 percent represented by Area Median Income (AMI). Average affordability means the total number of Restricted Units multiplied by each restricted affordability level divided by the total Restricted Units. For example, for a 30-unit

Project with 10 units restricted to 40 percent and 10 units restricted to 60 percent AMI the calculation of the average affordability would be as follows:

10 units @ 40% AMI \rightarrow 10 x 40 = 400 10 units @ 60% AMI \rightarrow 10 x 60 = 600 400 + 600 = 1000 1000/ 20 total **Restricted Units** = average affordability of 50%

Homeownership Affordable Housing Developments must include at least 20 percent of the total residential units as Affordable Units with an overall **Project** average affordability of all **Restricted Units** within the **Project** no greater than 80 percent represented by **Area Median Income** (AMI).

and;

(iv) Have a minimum **Net Density**, upon completion of the **Affordable Housing Development**, not less than that shown on the following table:

Figure 4: Minimum Net Density Requirements				
Project Area Type	Residential only	Mixed-Use Projects		
	Projects	(Floor Area Ratio)		
TOD	30 units per acre	>2.0		
ICP	20 units per acre	>1.5		
RIPA	15 units per acre	>0.75		

- a. Mixed-use **Affordable Housing Developments** may demonstrate consistency with the **Net Density** requirements through either the unit per acre or **Floor Area Ratio** requirements detailed in Figure 4.
- b. Acquisition and **Substantial Rehabilitation** (including preservation of affordable housing at-risk of conversion to market rate housing) are exempt from the above minimum density requirements but shall not result in fewer units or lower percentage of total affordability than currently exists except where reductions in unit count are required to meet building code requirements.
- (v) Must supply at least one (1) Secure Overnight Bicycle Parking spot for every two residential units that is not publicly accessible and is completely enclosed. Bicycle parking at the Affordable Housing Development will be considered an eligible cost but may not be used to meet required Project Area components as outlined in Section 102.

- (B) Affordable Housing Development Capital Projects may:
 - (i) Include residential units that are rental or owner-occupied, or a combination of both;
 - (ii) Consist of scattered sites constituting a single, integrated Affordable Housing Development that meets the requirements set forth by Section 8303(b) of the Uniform Multifamily Regulations (UMRs); or
 - (iii) Include nonresidential uses that are compatible under local zoning.
- (C) Eligible costs for Affordable Housing Development Capital Projects are limited to:
 - (i) Costs for a Housing Development, as specified in Section 7304 (a) and (b) of the MHP Guidelines dated June 19, 2019 ("MHP Guidelines"). Section 7304 (b) (10) the reasonable developer fee subject to the applicable TCAC Regulations dated December 21, 2020 and the provisions of Section 7305 except that 7305(b)(2) is replaced with the following: For Projects utilizing 4 percent tax credits, the developer fee paid from development funding sources shall not exceed the amount in Title 4 CCR, Section 10327 (c)(2)(A).
 - (ii) Soft costs such as those incidentally but directly related to construction or other pre-development components including, but not limited to, planning, engineering, construction management, architectural, and other design work, required mitigation expenses, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the funding request for the AHD Capital Project.
 - (iii) Each AHSC application may budget up to 2 percent of their total funding request for Employment Benefits and Outcomes Reporting. This amount will scale with the size of the Applicant's funding request. Applicants should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. Employment Benefits and Outcomes Reporting costs are not included within the soft costs cap.
- (D) Affordable Housing Development and Housing Related Infrastructure Capital Projects must comprise *at least* fifty (50) percent of total AHSC funds requested.
- (E) For AHSC application purposes, a Project may not contain more than one Affordable Housing Development Capital Project. A single Affordable Housing Development Capital Project may not include more than one Affordable Housing Development, nor may it include an Affordable Housing Development that contains multiple development sites when one development site is receiving 4 percent low-income

housing tax credits, and another is receiving 9 percent low-income housing tax credits, or when the multiple development sites are each receiving separate 4 percent low-income housing tax credits. An application proposing an **Affordable Housing Development** with both 4 percent low-income housing tax credits and 9 percent low-income housing tax credits, or with multiple 4 percent low-income housing tax credits, will be disqualified on the grounds that it is not proposing a **Project** within the meaning and design of the **AHSC Program**. To the extent such tax credit scenarios are contemplated, they shall constitute two separate and independent **Projects**, each of which must submit an entirely separate application and qualify independently of the other.

(i) The purpose of this language is to clarify which types of Project structures are eligible within a single AHSC application and award. This reinforces AHSC's directive to SGC, HCD, and CARB to identify and fund unified, cohesive Projects which interdependent components truly work together to create reductions in VMTs and ultimately GHG emissions. Adjustments that may occur to an application's scope resulting from seeking multiple low-income housing tax credits would likely impact said **Project's** score, impacting the competitive process. As such, **Projects** contemplating multiple low-income housing tax credits should apply as two individual applications or apply as an application which contains one **Affordable Housing Development** that intends to seek a single low-income housing tax credit.

(2) Housing-Related Infrastructure Capital Projects

- (A) Eligible costs for **Housing-Related Infrastructure Capital Projects** are limited to:
 - (ii) Capital improvements required by a **Locality**, transit agency, or special district as a condition to the approval of the **Affordable Housing Development**.
 - (iii) Soft costs such as those incidentally but directly related to construction or other pre-development components including, but not limited to, planning, engineering, construction management, architectural, and other design work, required mitigation expenses, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the HRI Capital Project.
 - (iv) Each AHSC application may budget up to 2 percent of their total funding request for Employment Benefits and Outcomes Reporting. This amount will scale with the size of the Applicant's funding request. Applicants should consider the size of their loan and grant funded project components when allocating this item into

capital cost budgets. **Employment Benefits and Outcomes Reporting** costs are not included within the soft costs cap.

- (v) Required environmental remediation necessary for the Capital Project where the cost of the remediation does not exceed 50 percent of AHSC Program grant funds.
- (vi) Real property acquisition of the Housing-Related Infrastructure project site and associated fees and costs (not to exceed 10 percent of the total AHSC Program award). Real estate commissions for purchase or acquisition are not an eligible expenditure.
- (vii) Impact fees required by local ordinance are eligible for funding only if used for the identified eligible **Capital Project** not to exceed 15 percent of the **AHSC Program** award up to \$300,000.
- (B) Affordable Housing Development and Housing Related Infrastructure Capital Projects must comprise *at least* fifty (50) percent of total AHSC funds requested.
- (3) **Sustainable Transportation Infrastructure Capital Projects** (including **Active Transportation** and transit infrastructure)
 - (A) Eligible costs for Sustainable Transportation Infrastructure Capital **Projects** are limited to:
 - (i) Capital improvements that result in the improvement or addition of infrastructure that encourages mode-shift by enhancing: 1) public transit access; 2) pedestrian network; or 3) bicycle network (includes public bike-share infrastructure and fleet) within the defined **Project Area** meeting the transit requirements detailed in Section 102 (c) or (d).
 - (ii) Soft costs such as those incidentally but directly related to construction or project plans, specifications and estimates including, but not limited to, planning, engineering, construction management, architectural, and other design work, environmental impact reports and assessments, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 30 percent of costs associated with the STI Capital Project.
 - (iii) Each AHSC application may budget up to 2 percent of their total funding request for Employment Benefits and Outcomes Reporting. This amount will scale with the size of the Applicant's funding request. Applicants should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. Employment Benefits and Outcomes Reporting are not included within the soft costs cap.

- (iv) Activity Delivery Costs that are associated with the implementation of the Capital Project not to exceed 10 percent of the costs associated with the Capital Project.
- (v) Operations expenditures for up to 5 years that directly expand transit service, including expansion beyond service levels offered during the COVID-19 pandemic, by supporting new, restored, or expanded routes and may include wages, fueling, maintenance, and other costs to operate those services.
- (vi) Other **Capital Project** costs required as a condition of local approval for the **Capital Project**, as approved by the **Department**.
- (B) The total combined grant amount for **Sustainable Transportation** Infrastructure Capital Projects and Transportation-Related Amenities Capital Projects within a Project Area shall not exceed \$10,000,000.

(4) Transportation-Related Amenities Capital Projects

- (A) **Transportation-Related Amenities** must be publicly accessible.
- (B) Eligible costs for **Transportation-Related Amenities Capital Projects** are limited to:
 - (i) Capital improvements that are publicly accessible and provide supportive amenities to cyclists, pedestrians, and transit riders (i.e. bike parking, bus shelter, benches, street trees, etc.) within the defined **Project Area** meeting the transit requirements detailed in Section 102 (c) or (d).
 - (ii) Soft costs such as those incidentally but directly related to construction project plans, specifications and estimates including, but not limited to, planning, engineering, construction management, architectural, and other design work, environmental impact reports and assessments, appraisals, legal expenses, and necessary easements. Soft costs shall not exceed 10 percent of costs associated with the TRA Capital Project.
 - (iii) Each AHSC application may budget up to 2 percent of their total funding request for Employment Benefits and Outcomes Reporting. This amount will scale with the size of the Applicant's funding request. Applicants should consider the size of their loan and grant funded project components when allocating this item into capital cost budgets. Employment Benefits and Outcomes Reporting costs are not included within the soft costs cap.
 - (iv) Activity Delivery Costs that are associated with the implementation of the Capital Project not to exceed 10 percent of the costs associated with the Capital Project.

- (v) Other **Capital Project** costs required as a condition of local approval for the **Capital Project**, as approved by the **Department**.
- (C) The total combined grant amount for **Sustainable Transportation** Infrastructure Capital Projects and Transportation-Related Amenities Capital Projects within a Project Area shall not exceed \$10,000,000.

(b) Program Costs

- (1) Program Costs include those costs typically associated with 1) program creation or 2) expansion of existing programs to serve new populations or offer new program service and implementation. Eligible costs may include operational costs for programs for the term of the grant (3 years). Programs include education, outreach and training programs for Active Transportation or transit ridership; air pollution exposure reduction; workforce development partnerships; tenant legal counseling services; and outreach, education, and subsidy to low-income residents for ZEV car sharing.
 - (A) Tenant legal counseling services cannot be provided by the **Developer**, building manager, or related entity and must be offered through a third party.
- (2) The total grant amount for Program Costs within a Project Area shall not exceed 30 percent of the funding request for the overall Project up to \$500,000. Costs incurred for required transit passes or cards described in Section 106 (4) will not contribute to this cap.
- (c) Ineligible costs include all of the following:
 - Costs are not eligible for funding if there is another feasible, available source of committed funding for the **Project** portion thereof to be funded by the **AHSC Program** or if the cost is incurred prior to **AHSC Program** award;
 - (2) Routine maintenance or operations of transportation infrastructure including the general transit fleet, not including maintenance or operations associated with AHSC funded transit service expansion, including expansion beyond service levels offered during the COVID-19 pandemic;
 - (3) In lieu fees for local inclusionary housing programs;
 - (4) Ongoing operational costs beyond the term of the grant (three years) for **Program Costs**; and
 - (5) Costs associated with automobile or motorcycle parking (excluding electric vehicle charging infrastructure).
 - (6) Costs and fees associated with the ongoing provision of internet service.

Section 104. Assistance Terms and Limits

- (a) The maximum **AHSC Program** loan or grant award, or combination thereof, for a TOD, ICP and RIPA **Project Area** is \$30 million with a minimum award of \$1 million.
- (b) Loans for rental **Affordable Housing Developments**, or the rental portions of an **Affordable Housing Development**, are subject to the following terms:
 - (1) **AHSC Program** funds will be provided as a loan for permanent financing by the **Department** to the owner of the **Affordable Housing Development**, with the same terms as the **Department's MHP** Program financing as set forth in Section 7308 of the MHP Guidelines.
 - (2) The maximum loan amount shall be calculated pursuant to Section 7307 of the MHP Guidelines based on the number of Restricted Units in the Affordable Housing Development, affordability, unit sizes, and location in addition to the base amount for loan calculation as follows: \$95,000 for projects receiving 9 percent tax credits and \$175,000 for projects not receiving 9 percent tax credits. A manager's unit will be considered to be a Restricted Unit for the purpose of allocating Affordable Housing Development costs and may qualify for a loan amount up to the amount applicable to the 60 percent AMI level.
 - (3) Unless contradictory to any other provision expressly set forth herein, the currently adopted and applicable UMRs as may be amended from time to time, all as set forth in the **CCR**, Title 25, commencing with Section 8300 ("UMRs") are hereby incorporated by reference in their totality into these Guidelines.
 - (4) Use of multiple **Department** funding sources on the same **Assisted Units** (subsidy stacking) is prohibited. "**Department** funding sources" shall mean loan or grant funds awarded for permanent funding of development costs (which shall not include funds specifically designated for capitalized operating or operating subsidy reserves) under the following programs:
 - (A) Supportive Housing Multifamily Housing program;
 - (B) **MHP**;
 - (C) Veterans Housing and Homelessness Prevention program;
 - (D) No Place Like Home Program, including funds awarded either by the Department or an Alternative Process County;
 - (E) Affordable Housing and Sustainable Communities program Affordable Housing Development loans, but not grants for Housing Related Infrastructure, Sustainable Transportation Infrastructure, Transportation Related amenities or Program Costs, all as defined in the program guidelines;

- (F) Transit Oriented Development program rental housing development loans, but not grants for infrastructure;
- (G) Joe Serna, Junior Farmworker Housing Grant program;
- (H) SB 2 Farmworker Housing Program;
- (I) Housing for a Healthy California program, including funds awarded either by the Department of Housing and Community Development or a county.
- (c) Grants shall be subject to the following terms:
 - (1) The applicant must demonstrate that the grant will not result in a profit that exceeds the commercially reasonable range for other developments of similar size and level of risk.
 - (2) **AHSC Program** grant funds will be disbursed as reimbursed progress payments only after the execution of the Standard Agreement in the amount not to exceed the **AHSC Program** award of funds.
 - (3) Costs incurred prior to award are not eligible for reimbursement.
 - (4) If the **Capital Project** grant includes multiple phases or developments, all entitlements and construction funding commitments for the first phase must be received prior to the initial disbursement of AHSC funds.
 - (5) For Housing-Related Infrastructure Capital Project grants:
 - (A) The total **Housing-Related Infrastructure Capital Project** grant amount is \$35,000 per residential rental unit in the proposed **Affordable Housing Development**, or \$50,000 per rental **Restricted Unit**.
 - (B) Conditions precedent to the first disbursement of AHSC Program funds shall include receipt of all required public agency entitlements and all construction funding commitments for the Affordable Housing Development supported by the Housing-Related Infrastructure Capital Project.
 - (C) Rental Affordable Housing Developments supported by the Housing-Related Infrastructure Capital Project shall be subject to a recorded covenant ensuring affordability for duration of at least 55 years, recorded on the fee interest of the real property on which the rental Affordable Housing Development is to be located.
 - (D) Homeownership Affordable Housing Developments supported by the Housing-Related Infrastructure Capital Project shall be subject to a recorded covenant with a duration of at least 30 years that includes either a resale restriction or equity sharing upon resale, recorded on the fee interest of the real property on which the homeownership Affordable Housing Development is to be located.

(E) For homeownership Affordable Housing Developments, AHSC **Program** assistance will be provided in the form of a grant from the Department to a Locality or Developer. It will be disbursed as reimbursed progress payments for Eligible Costs incurred for the construction of Housing Related Infrastructure required as a condition of approval of the homeownership Affordable Housing Development, made available for sale to gualified first-time homebuyers. The maximum first-time homebuver grant amount is calculated to match the maximum loan amount pursuant to Section 7307 of the MHP Guidelines based on the number of **Restricted Units** in the Affordable Housing Development, affordability, unit sizes, and location in addition to the base amount of \$175,000. Restricted Units with affordability greater than 60 percent but no greater than 80 percent will have maximum first-time homebuyer grant amounts calculated according to matching unit sizes and location with affordability of 60 percent represented by AMI. Prior to any disbursement, an affordability covenant will be recorded against the fee interest in the property of the Affordable Housing Development. At the time of sale of the **Restricted Unit** to a qualified first-time homebuyer, either the affordability covenant or a resale restriction will be recorded against the Restricted Unit for a period of not less than 30 years from the date of recordation.

Section 105. Eligible Applicants

- (a) Eligible Applicants
 - (1) Eligible applicant entities shall include any of the following:
 - (A) A Locality, public housing authority, redevelopment successor agency, transit agency or transit operator, Regional Transportation Planning Agency (RTPA), local Transportation Commission, Congestion Management Agency, Joint Powers Authority (JPA), school district, facilities district, University or Community College District.
 - (i) For STI or TRA components only, an applicant may provide an executed agreement with a specific Locality or transportation agency non-applicant for the completion of the STI or TRA components of the AHSC Project for which funding is sought.
 - (B) A Developer or Program Operator.
 - (C) A Federally Recognized Native American Tribe whose Project meets requirements listed in detail in Appendix B.
 - (2) A special purpose entity formed and controlled by the **Developer**, and which will serve as the ultimate borrower of AHSC loan funds, is not an eligible **Applicant**. A special purpose entity ultimate borrower may be listed on the AHSC Program application in the appropriate, designated fields for listing such a borrower entity.
 - (3) Where a **Public Agency** has a real property interest in the proposed **Project**, the application must include the **Public Agency** as a joint applicant or otherwise include a commitment to enter into a contractual agreement to develop the **Project**, if it is awarded.
 - (4) Joint applicants for the **Project** will be held jointly and severally liable for the completion of the **Project**.
 - (A) A Recipient of Department funds must remain liable for performing all requirements of the award of funds as set forth in the Standard Agreement. Where there are multiple Recipients, all such Recipients must remain jointly and severally liable to the Department for that performance. Notwithstanding the foregoing, Recipients may indemnify each other by entering into agreements with one another as to particular portions of the award. In no event will any such agreement alter, amend, or revoke each individual Recipient's obligations to the Department, including the joint and several liability.

Section 106. Program Threshold Requirements

(a) Application Threshold Requirements

In addition to requirements detailed in Sections 102 through 105, to be eligible for **AHSC Program** funding, an application shall demonstrate to the **Department** all of the following:

- (1) The proposed **Project** will achieve a reduction in GHG emissions through fewer vehicle miles travelled (VMT), pursuant to the most recent **AHSC Program** Quantification Methodology, available on the California Air Resources Board's <u>Climate Change Investments (CCI) Quantification, Benefits and Reporting</u> <u>Materials webpage</u>. This must be evidenced by completed GHG Benefits Calculator tool, described in the AHSC Application, displaying VMT and GHG reductions for each **Project** component.
- (2) The proposed **Project** supports the implementation of the applicable Sustainable Community Strategy (SCS), as confirmed by the Metropolitan Planning Organization (MPO), or similar sustainable planning document in non-MPO regions, as required by Public Resources code section 75210 *et seq*. The application must be consistent with activities or strategies identified in the regional SCS, or similar planning document that demonstrate a per capita reduction in VMT and GHG.
- (3) The proposed **Project** must be consistent with the State Planning Priorities established pursuant to Section 65041.1 of the Government Code.
- (4) All proposed Affordable Housing Developments must provide free transit passes, reloadable transit cards, or discounted passes priced at no more than half of retail cost. At least one (1) pass or card shall be made available for each Restricted Unit for at least 3 years. The card or pass should have a minimum value of 40 average commute length rides a month as determined by the transit agency. These passes or cards may be paid for with AHSC funding.
- (5) Applicants of all proposed **Affordable Housing Developments** must certify that the development will be smoke free and demonstrate compliance by submitting a **Smoke Free Housing** lease addendum prior to construction loan closing.
- (6) The AHSC funded components of the **Project** must:
 - (A) Incorporate more than one Urban Greening feature with dedicated maintenance for at least two years. Applicants must propose at least \$200,000 in reasonable direct Urban Greening costs.
 - (B) Include adequate lighting in accordance with local, state, and federal design standards and requirements for all publicly accessible components of the **Project** including active transportation routes and transit stations or stops.

(7) The **Project** must demonstrate a level of committed funding at time of application that is 90 percent or greater calculated by the following equation:

<u>AHSC funds requested + Enforceable Funding Commitments (EFCs) – Deferred Costs</u> Total Development Cost – Deferred Costs

Note: **HRI** grant requests for Homeownership **Affordable Housing Developments** will not be counted as part of this equation, and therefore are exempt from this EFC threshold.

- (8) Completion and approval or adoption of all necessary environmental clearances including those required under the California Environmental Quality Act (CEQA) and if applicable, the National Environmental Policy Act (NEPA). All applicable time periods for filing appeals or lawsuits have lapsed within 30 days after the application due date with lawsuits or appeals resolved. Proof of NEPA clearance is shown through an Authority to Use Grant Funds document.
 - (A) STI or TRA components of a Project are not required to certify completion and demonstration of approval of environmental clearances (NEPA or CEQA) as stated in (8) above until prior to the initial disbursement of grant funds.
 - (B) Applicants are not required to complete any necessary environmental clearances prompted exclusively by rental and/or operating subsidies prior to the AHSC application deadline.
- (9) Applications must demonstrate that all necessary discretionary local land use approvals, excluding design review, have been granted within 30 days of the application due date.
- (10) The application must be sufficiently complete to assess the feasibility of the proposed project and its compliance with AHSC Program and application requirements. For example, the applicant must demonstrate that the Project is financially feasible as evidenced by documentation including, but not limited to, a market study, project pro-forma, sources and uses statement, proposed operating budget, multi-year pro-forma, or other feasibility documentation that is standard industry practice for the type of proposed Affordable Housing Development. A market study that meets the requirements specified in the TCAC Regulations Section 10322(h)(10) will be accepted by the Department.
- (11) The applicant or **Developer** of the **Project** must demonstrate **Site Control** sufficient to ensure the timely commencement of the **Project** as determined by the **Department**.
- (12) Applicants must demonstrate experience by providing evidence of at least two projects that are similar to the proposed AHSC **Project** in scope and size, which have been completed by the applicant, or joint applicant, during the ten years preceding the application due date. If an Applicant relies upon the experience of its principal to meet the Applicant experience requirements,

documentation of the principal's experience is required as set forth in the application, in addition to recent project evidence described in the previous sentence.

- (A) For STI or TRA components only, an applicant may demonstrate the requisite experience (as detailed above) by using the past experience of work completed of a Locality or Transportation Agency non-applicant so long as the applicant can provide an executed agreement with that specific Locality or transportation agency non-applicant for the completion of the STI or TRA components of the AHSC Project for which funding is sought.
- (13) As of the date of application, the applicant(s), the **Project**, or the real property on which the **Project** is proposed may not be party to or the subject of any claim or action in the state or federal courts that affects or potentially affects the feasibility of the project. Further, the applicant(s) shall disclose and describe any claim or action undertaken by or against the applicant(s), the **Project** or the Property which affects or potentially affects the feasibility of the **Project**.
- (14) Construction of the **Project** has not commenced as of the application deadline set forth in the **NOFA**.
- (15) **Qualifying Transit** must be completed and offering service to the **Transit Station/Stop** of the **Project Area** by the time set forth in the Standard Agreement, but in no case later than the issuance of the certificate of occupancy for the **Affordable Housing Development**.
- (16) Demonstrate consistency with State Relocation Assistance Law (CA Gov Code Sec. 7260-7277).
- (17) The Housing Element for the jurisdiction in which the **Project** is located must be in substantial compliance by the date of award recommendation. Housing Element in substantial compliance means the local public entity's adopted housing element is in substantial compliance as demonstrated by a letter from the Department which sets forth findings that the housing element adopted within the time frames required by Section 65588 of the Government Code includes that substance essential to every requirement of Article 10.6, commencing with Section 65580, of Chapter 3 of Division I of Title VII of the Government Code. A jurisdiction's current housing element compliance status can be obtained by referencing the <u>Department's website</u>. **Projects** located on Trust Land, as defined in Appendix B(a)(1), (2), are exempt from this requirement.
- (18) Applications must integrate applicable climate adaptation measures as described in Section 107(o).
- (19) The applicant must demonstrate that costs for any **Project** or component thereof will not result in loss or conversion of agricultural or other working lands or natural resource lands for other uses. The **Project** site must not be

designated as agricultural land according to the State Department of Conservation's Farmland Mapping and Monitoring Program (FMMP) Tool. An exemption to the FMMP designation may be allowed for applications that submit documentation that substantiates a description of an **Infill Site**.

- (20) Applications requesting AHSC Program funding for Affordable Housing Developments and Housing-Related Infrastructure Capital Projects must also demonstrate to the satisfaction of the Department all the following:
 - (A) Rental **Affordable Housing Developments** must meet the underwriting standards in the UMRs and **MHP Guidelines** Section 7312.
 - (B) The Affordable Housing Development and/or Housing-Related Infrastructure Capital Project(s) are infeasible without AHSC Program funds, and other committed funds are not and will not be supplanted by AHSC Program funds.
 - (C) Proposed Projects involving new construction or Substantial Rehabilitation and requiring the demolition of existing residential units are eligible only if the number of bedrooms in the new Project is at least equal to the number of bedrooms in the demolished structures, with equal or greater affordability. The new affordable units may exist on separate parcels provided all parcels are part of the same Project meeting the requirements of the UMRs Section 8303 (b).
 - (i) The Department may approve **Projects** involving new construction or **Substantial Rehabilitation** and requiring the demolition of existing residential units that result in a number of bedrooms less than the number in the demolished structures where it determines that such approvals will substantially improve the livability of the remaining units, or serve some other compelling public policy objective, as long as the reduction does not result in more than 25 percent fewer units upon Project completion.
 - (D) If the Affordable Housing Development and/or Housing-Related Infrastructure Capital Project(s) involves the demolition of existing units that are affordable to lower-income households, the application must demonstrate the replacement of demolished units, comparable in size, of equal or greater affordability and equal to or greater than the number of the demolished affordable units located within comparable access to transit and include first right of return to displaced residents.
 - (E) Applicants must demonstrate the proposed **Affordable Housing Development** is consistent with State and Federal Fair Housing requirements including duties to affirmatively further fair housing.
 - (F) Where approval by a local public works department, or other responsible local agency, is required for the **Housing-Related Infrastructure Capital Project**, the application must include a statement from that department

indicating that the **Housing-Related Infrastructure Capital Project** is consistent with all applicable local rules, regulations, codes, policies and plans enforced or implemented by that **Department**.

- (21) Applications requesting AHSC Program funding for Sustainable Transportation Infrastructure and/or Transportation-Related Amenities Capital Projects must satisfy all the following:
 - (A) Where approval by a local public works department, or other responsible local agency, is required for the **Project**, the application must include a statement from that entity indicating that the **Sustainable Transportation Infrastructure** and/or **Transportation-Related Amenities Capital Project(s)** is consistent with all applicable local rules, regulations, codes, policies and plans enforced or implemented by that entity.
 - (B) If the Sustainable Transportation Infrastructure and/or Transportation-Related Amenities Capital Project(s) involves the demolition of existing units that are affordable to lower-income households, the application must demonstrate the replacement of demolished units, comparable in size, of equal or greater affordability and equal to or greater than the number of the demolished affordable units located within comparable access to transit and include first right of return to displaced residents.
 - (i) The no net loss requirements contained in section 106(a)(20)(C) of these Guidelines apply to Sustainable Transportation Infrastructure or Transportation-Related Amenities Capital Projects occurring on a property which includes a parcel, or any portion of a parcel, on which (1) residential dwelling units affordable to lower income households currently exist, or (2) there have been dwelling units restricted to lower-income households that have been vacated or demolished within the five year period preceding the application.
- (22) Applications requesting AHSC Program funding for **Program Costs** must also demonstrate to the satisfaction of the Department all the following:
 - (A) The **Program Costs** are infeasible without AHSC Program funds, and other committed funds are not being supplanted by AHSC Program funds
- (23) All proposed AHSC Project components are subject to all applicable codes, including the California Building Standards Code (CCR, Title 24). The 2019 edition of this code, effective January 1, 2020, requires mechanical ventilation systems with high efficiency filtration of Minimum Efficiency Rating Value (MERV) 13.
- (24) Outreach and education on reducing potential health impacts of air pollution must be provided to residents of **Affordable Housing Developments**. Local

health departments, air districts, and nonprofits may provide useful resources for this requirement.

- (25) **Projects** must meet the accessibility requirements specified in the TCAC regulations, as may be amended and renumbered from time to time. Exemption requests, as provided for in the TCAC regulations, must be approved in writing by the **Department** prior to the start of construction. Projects must also provide a preference for accessible units to persons with disabilities requiring the features of the accessible units in accordance with TCAC regulations. The applicant or **Developer** of the **Project** must ensure that any other applicable federal, state, and local accessibility requirements are met.
- (26) Projects involving new construction, acquisition and Substantial Rehabilitation, or conversion of nonresidential structures to residential dwelling units must be capable of accommodating broadband service with at least a speed of 25 megabits per second for downloading and 3 megabits per second for uploading (25/3). Internet service and its ongoing fee is not required.
 - (A) **Projects** should provide a conduit from the public right of way or property line and provide pathways, wiring, cables, and other necessary infrastructure extended to each unit and public common space to provide a broadband connection.
 - (B) For some rural areas, other technologies like fixed wireless, might offer the highest caliber connection. All applicants should consult with their local jurisdictions about their broadband infrastructure planning, as well as existing internet service providers in the area.

Section 107. Scoring Criteria

AHSC Program funds will be allocated through a competitive process, based on the merits of the application to support sustainable development that expands and improves transit, walking and bicycling infrastructure and provides opportunities to reduce VMT by supporting connectivity between housing and destinations to bring about reduction of GHG emissions.

The scoring criteria is divided by three categories, for a total of 100 points:

- 1. GHG Reductions Scoring (30 points)
- 2. Quantitative Policy Scoring (55 points)
- 3. Narrative-Based Policy Scoring (15 points)

Applications meeting threshold requirements as detailed in Section 106 will be reviewed and scored based upon the detailed criteria as described in Figure 5 below. The narrativebased policy scoring section of the application will be scored only for projects that obtain over 50 percent of the total points available (at least 43 of the 85 other available Quantitative and GHG-related points). Projects that are not scored for Narrative are not eligible for award. All of the scoring criteria will be applied to all **Projects**, regardless of the project components present in each specific **Project**.

To receive points related to a specific **Project** component, the component must be at least partially funded through AHSC (e.g. an applicant can only receive points related to an **Affordable Housing Development** when requesting **AHD** or **HRI** funds).

Criteria	Points					
GHG Reductions Scoring						
GHG Transit	5					
GHG Housing, Active Transportation, and Renewable Energy	10					
GHG Efficiency	15					
Quantitative Policy Scoring						
Active Transportation Improvements	10					
Green Buildings and Renewable Energy	10					
Housing and Transportation Collaboration	9					
Location Efficiency and Access to Destinations	6					
Funds Leveraged	4					
Anti-Displacement Strategies	6					
Local Workforce Development and Hiring Practices	3					
Housing Affordability	5					
Programs	2					
Narrative-Based Policy Scoring						
Collaboration & Planning	4					
Community Benefit & Engagement	6					
Community Climate Resiliency	3					
Community Air Pollution Exposure Mitigation	2					

Figure 5: AHSC Scoring Elements and Criteria

(a) Estimated GHG Emissions Reductions – 30 Points Maximum

For this section, applications will be scored based on the estimated GHG emission reductions based on: 1) the transit **Project** GHG emission reductions; 2) the housing, active transportation, and renewable energy **Project** GHG emission reductions; <u>AND</u> 3) cost efficiency of total estimated GHG emission reductions per AHSC dollar. Each of these scoring methods will represent a maximum of 5, 10, and 15 points of the total combined 30 points available under this criterion, respectively.

Note: While up to 5 points are available for GHG emission reductions from transit **Projects**, the 15 points for cost efficiency of total estimated GHG emissions reductions will also be strongly affected by transit **Projects**. On average, GHG reductions from transit **Projects** make strong contributions to total **Project** GHG Emissions *Reductions in a cost-effective manner*.

Applications will be awarded points for Project GHG Emissions Reductions according to the following process:

- For each **Project**, applicants will estimate GHG emission reductions using the most recent AHSC Benefits Calculator Tool, available on the California Air Resources Board's (CARB) <u>CCI Quantification, Benefits, and Reporting</u> <u>Materials webpage</u>.
 - (A) Transit Project GHG emission reductions will represent the GHG emission reductions associated with AHSC funded new or expanded transit service, capital improvements, or fare reductions as estimated through the AHSC Benefits Calculator Tool and reviewed by State agency staff. For reductions associated with a single transit vehicle purchase, more than 50 percent of the vehicle cost must be funded by AHSC to be eligible for GHG quantification.
 - (i) In the case that multiple transit vehicles of a single mode type are purchased, all but one vehicle must be funded *entirely* by AHSC while the additional vehicle shall have more than 50 percent, but less than total cost, funded by AHSC in order to be eligible for quantification.
 - (B) Applicants are required to adhere to guidance published by CARB and SGC regarding GHG emission reductions estimates, including on how to estimate ridership growth. Guidance will be posted to <u>CARB's CCI</u> <u>Quantification, Benefits, and Reporting Materials webpage</u> and <u>SGC's</u> <u>AHSC Resource Page</u>, possibly in the form of a Questions and Answers document.
 - (C) Housing, active transportation, and renewable energy Project GHG emission reductions will represent the GHG emission reductions associated with AHSC funded Affordable Housing Developments and residential transit subsidies, solar photovoltaic (PV) electricity generation, new bicycle facilities and walkways, and new or expanded bikeshare as

estimated through the AHSC Benefits Calculator Tool and reviewed by State agency staff.

(D) Cost efficiency of estimated GHG emission reductions will be calculated by the following formula:

Total Project GHG Emission Reductions AHSC \$ Request

Total **Project** GHG Reduction score will represent the total GHG emission reductions estimated through the AHSC Benefits Calculator Tool.

Note: For phased projects, only the current phase (the phase seeking AHSC funding) of a project will be quantified.

- (2) All applications will be ranked from highest to lowest within each **Project Area** type for all of the transit **Project** GHG emission reductions; housing, active transportation, and renewable energy **Project** GHG emissions reductions; and the Efficiency of Reductions score.
- (3) Each application will be assigned to one of five bins representing one fifth of the total number of applications in ranked order with each bin receiving an assigned point score, up to a maximum of (1) 5 points for transit **Project** GHG emission reductions; (2) 10 points for housing, active transportation, and renewable energy **Project** GHG emission reductions; and (3) 15 points for cost efficiency of estimated GHG emission reductions, as follows:

Transit Bin Scoring	Affordable Housing, Active Transportation, and Renewable Energy Bin Scoring	Cost Efficiency of GHG Reductions Bin Scoring
Bin 1 = 5 points	Bin 1 = 10 points	Bin $1 = 15$ points
Bin 2 = 4 points	Bin 2 = 8 points	Bin 2 = 12 points
Bin 3 = 3 points	Bin 3 = 6 points	Bin 3 = 9 points
Bin 4 = 2 points	Bin 4 = 4 points	Bin $4 = 6$ points
Bin 5 = 1 points*	Bin 5 = 2 points	Bin 5 = 3 points

*Transit **Projects** that result in a net increase in emissions will be placed in Bin 5 but receive 0 points for transit **Project** GHG emission reductions.

(4) Bin scores for (1) transit **Project** GHG emission reductions; (2) housing, active transportation, and renewable energy **Project** GHG emission reductions; and (3) cost efficiency of estimated GHG emission reductions, will be combined to determine final GHG emission reduction criteria score as follows:

Transit Bin Scoring		Affordable Housing, Active]	Cost Efficiency of
		Transportation, and Renewable		GHG Reductions
		Energy Bin Scoring		Bin Scoring
Bin 1 = 5 points		Bin 1 = 10 points		Bin 1 = 15 points
Bin 2 = 4 points		Bin 2 = 8 points		Bin 2 = 12 points
Bin 3 = 3 points	+	Bin 3 = 6 points	+	Bin 3 = 9 points
Bin 4 = 2 points		Bin 4 = 4 points		Bin $4 = 6$ points
Bin 5 = 1 points*		Bin 5 = 2 points		Bin 5 = 3 points

*Transit **Projects** that result in a net increase in emissions will be placed in Bin 5 but receive 0 points for transit **Project** GHG emission reductions.

Note: For the purposes of calculating the points used to determine the GHG emission reductions score for the TOD, ICP, and RIPA targets, projects will be binned within their Project Area Type, and therefore will only compete within their project area type for the first 80 percent of appropriated funding per Section 108.

Quantitative Policy Scoring – 55 Points

(b) Active Transportation Improvements – 10 Points Maximum

- (1) <u>Up to 2 points</u> for the total length (in linear miles) of AHSC funded **Context Sensitive Bikeways** as follows:
 - 2 points for over half a mile
 - 1 point for less than half a mile
- (2) <u>1 point</u> for Projects that link the Affordable Housing Development or Qualifying Transit Station or Stop to an existing bicycle network or a bicycle network identified official public planning documents. The existing or planned bicycle network must be directly linked by a new Context Sensitive Bikeway funded by AHSC that has an entry point within one quarter mile of either the Affordable Housing Development or Qualifying Transit Station or Stop. The existing or planned bicycle network does not have to be comprised of Context Sensitive Bikeways.
- (3) <u>Up 2 points</u> (1 point per improvement) for projects that address barriers to safe access of bicycle routes. Documentation must be provided to certify that the **Project** will do at least one of the following in an attempt to increase bicycle safety and access:
 - reduce vehicular speed or volume near bicycle users;
 - improve sight distance and visibility;
 - eliminate potential conflict points;
 - improve compliance with traffic laws; or
 - address any other barriers to cyclists that may have existed on the route.

- (4) <u>Up to 2 points</u> for the length of AHSC funded **Safe and Accessible Walkways** as follows:
 - 2 points for over 2,000 feet
 - 1 point for 1,000 to 1,999 feet

Indicate the measured length (in feet) of new or replaced sidewalk.

STI improvements that will make walkways safe and accessible (e.g., through sidewalk replacement) will be measured for the distance of the entire block face on which the infrastructure improvement will be made so long as the entire distance of its walkway will then meet the AHSC definition of **Safe and Accessible Walkway**. Safe and accessible crosswalk improvements, which are **STI**, can be measured for the crosswalk distance plus the distance of one block face to which it connects, so long as the block face is a **Safe and Accessible Walkway**.

TRA improvements that will create **Safe and Accessible Walkways** will be measured according to the length of sidewalk directly improved (ex: provided shade to, illuminated). Unimproved distances of walkways in-between **TRA** improvements will not be measured.

- (5) <u>1 point</u> for **Projects** that provide a pedestrian crossing point that directly links two pedestrian networks that are unlinked for one quarter mile along a walkable route (i.e. no connecting point for one quarter mile). Examples include overpasses, underpasses, and placement of sidewalk where none previously existed. At-grade crosswalks are not eligible for this point.
- (6) <u>Up to 2 points</u> for projects that address barriers to safe access of pedestrian routes. Documentation must be provided to certify that the **Project** will do at least one of the following in an attempt to increase pedestrian safety and access: reduce vehicular speed or volume near pedestrians, improve sight distance and visibility, eliminate potential conflict points, improve compliance with traffic laws, or address any other barriers to pedestrians that may have existed on the route. One point will be awarded for each addressed site of a barrier(s) to safe pedestrian access.

(c) Green Buildings and Renewable Energy - 10 Points Maximum

(1) <u>3 points</u> will be awarded for **Projects** that are designed to achieve green building status beyond State mandatory building code requirements as verified by a certified LEED Green rater, certified Green Point rater, or licensed engineer. Applicants may select from the following green building certification programs:

Certifications for residential construction:

Program	Tier	
CalGreen	Tier 2	
LEED	Gold	
Green Point Rated	New Construction: Gold	
	Rehabilitation: Whole Building	
ENERGY STAR	Certified Home	
Living Future Challenge	Living Building	

Certifications for non-residential construction:

Program	Tier
CalGreen	Tier 2
LEED	Gold

- (2) <u>Up to 7 points will be awarded for Affordable Housing Developments</u>, or **Mixed Use Developments** in the case that non-residential uses are included, that incorporate electric design, as detailed below:
 - <u>3 points</u> for Affordable Housing Developments, or Mixed Use Developments that achieve near electrification – projects where two out of three of the major energy appliances (cook stoves, space heating, water heating) are electric. Projects must be wired to be electric ready, defined as having 240 volts outlets near each gas appliance.
 - <u>7 points</u> for Affordable Housing Developments or Mixed Use Developments that are powered entirely through electricity with no connections to natural gas infrastructure.

(d) Housing and Transportation Collaboration - 9 Points Maximum

(1) <u>Up to 6 points</u> for applications with an AHSC funds request of at least \$1,000,000 for either Affordable Housing Development or Housing-Related Infrastructure AND an AHSC funds request for Sustainable Transportation Infrastructure that comprises at least a certain percentage of the total AHSC funds request as detailed below:

STI Funds Request as percentage of Total AHSC Request	Points
10%	2 points
15%	4 points
25%	6 points

(2) <u>2 points</u> for applications which invest at least 5 percent of total AHSC funds in Transportation Related Amenities at a Transit Station or Stop within the Project Area. One point will be given to projects that invest at least 5 percent of total AHSC funds in Transportation Related Amenities, but not at a Transit Station or Stop. (3) <u>1 point</u> for **Projects** which have received funding from other Greenhouse Gas Reduction Fund (GGRF) programs which directly benefit or contribute to the development of the proposed **Project**.

OR

<u>1 point</u> for **Projects** within environmentally cleared California high speed rail station planning areas.

(e) Location Efficiency and Access to Destinations - 6 Points Maximum

(1) <u>Up to 3 points</u> will be given for the Location Efficiency of the **Project** site as determined by <u>the US EPA Walkability Index</u> using the address of the **Project** site. If the **Project** is a corridor and does not have a specific address, use the center most point of the **Project** for the calculation. <u>Click here for the methodology for the Walkability Index</u>.

Points will be given on the following scale:

- 3 points: Most Walkable (Dark Green; 15.25-20)
- 2 points: Above Average Walkable (Light Green; 10.51-15.25)
- 1 point: Below Average Walkable (Yellow; 5.76-10.5)
- 0 points: Least Walkable (Orange; 1-5.75)
- (2) <u>Up to 3 points</u> will be given for projects that provide a map highlighting the location of existing **Key Destinations** within 1/2 mile of the AHD. Each type of **Key Destination** is worth one third of a point and may only be counted once.
 - Grocery store which meets the CalFresh Program requirements
 - Medical clinic that accepts Medi-Cal payments
 - Public elementary, middle or high school
 - Licensed child care facility
 - Pharmacy
 - Park accessible to the general public
 - Public library
 - Office park
 - University or junior college
 - Bank or Post Office
 - Place of Worship

(f) Funds Leveraged - 4 Points Maximum

(1) A <u>maximum of 4 points</u> will be awarded for applications demonstrating Enforceable Funding Commitments to leverage AHSC funded Capital Projects and Program activities. Applications will be scored based on the amount of Enforceable Funding Commitments (as defined in Appendix A with exception for tax credit equity; see below) from sources other than the AHSC Program, as a percentage of the requested amount of AHSC Program funds as follows:

Enforceable Funding Commitments as percentage of Total AHSC Request	Points
50% to 99%	1 points
100% to 149%	2 points
150% to 199%	3 points
>200%	4 points

Low-income housing tax credit equity contributions and tax-exempt bonds in connection with 4 and 9 percent low-income housing tax credits <u>will not</u> be included in this leverage equation, overriding AHSC's **Enforceable Funding Commitment** definition. For the purpose of meeting committed funding requirements detailed in Section 106(a)(7), the **Enforceable Funding Commitment** definition is used.

(g) Anti-Displacement Strategies - 6 Points Maximum

 <u>Up to 4 points (1 point per strategy) for **Projects** that either implement strategies or programs, or are located in jurisdictions with policies, strategies or programs that currently exist to prevent the displacement of local community residents from the area surrounding the **Project**. Each strategy or program is only eligible for fulfilling a single scoring criterion. Applicants are required to describe the strategy or program and how it relates to the AHSC **Project**; how strategies exceed state requirements, if applicable; and who will implement any strategies under "Voluntarily Implemented by Applicants" and how they will do so.
</u>

Voluntarily Implemented by Applicants: *

- Funding a community multi-lingual tenant legal counseling service. These funds do not need to be supplied by AHSC.
- Affirmative marketing strategies or plans targeting nearby neighborhoods, a Disadvantaged Community or a Low-Income Community
- Funding and partnering with a community based organization or service provider with a history of working in the local community to conduct displacement prevention work. These funds do not need to be supplied by AHSC. The application must include an executed agreement and outline the relationship between the community based organization and applicant, one of which identifies the outcomes of the funded work.

Local Policies: **, ***

- Replacement requirements in targeted growth areas such as transit stations, transit corridors, job and housing rich areas, downtowns and revitalization areas or policies on sites identified pursuant to Government Code section 65583.2(g)(3)
- Rent stabilization programs beyond what is required by California Civil Code 1946.2
- Just cause eviction or other efforts improving tenant stability beyond what is required by California Civil Code 1946.2

- Policies to preserve Single Room Occupancy (SRO) housing or mobile home parks
- Condominium conversion restrictions
- Land banking programs actively receiving funding with a cumulative value of at least \$1,000,000
- Community benefit zoning and/or other land value recapture strategy
- Rent review board and/or mediation, foreclosure assistance, or multilingual tenant legal counseling services.
- Policies to facilitate the development of new accessory dwelling units.
- Density bonus ordinances that expand on state replacement requirements

* Strategies under "Voluntarily Implemented by Applicants" must be funded by an AHSC applicant.

** Strategies under "Local Policies" will only be awarded points if these policies are within local code or are ongoing programs of the local jurisdiction. All actions may only qualify for a single strategy.

*** Strategies or programs must exceed State minimum standards. Local ordinances that match or exceed legal provisions such as tenant protection laws adopted in response to COVID-19 or those included under Government Code 66300 (Housing Crisis Act of 2019) may count for points in this section so long as they are not temporary.

- (2) <u>Up to 2 points (1 point per strategy) for **Projects** demonstrating policies, strategies or programs that either currently exist or will be implemented through this **Project** to prevent the displacement of locally-owned businesses from the area surrounding the **Project**. One point will be given for a policy, strategy, or program that either currently exists or is newly implemented through this **Project**. Two points will be given for two policies, strategies, or programs, either as one currently existing and one newly implemented through this **Project**, or both newly implemented through this **Project**. Strategies should be selected from this following list:</u>
 - Implementation of an overlay zone to protect and assist small businesses;
 - Establishment of a small business advocate office and single point of contact for every small business owner;
 - Creation and maintenance of a small business alliance;
 - Increased visibility of the jurisdiction's small business assistance programs;
 - Formal program to ensure that some fraction of a jurisdiction's purchases of goods and services come from local businesses;
 - Prioritization of Minority and Women Business Enterprises (MWBE) for public contracting.

Local Workforce Development & Hiring Practices - 3 Points Maximum

<u>Up to 3 points</u> (1.5 points per strategy) for **Projects** that implement workforce development strategies. Applicants shall provide the name of the organization(s) they are partnering with, the demographic data on the population they serve, and a written agreement that details the partnership strategy or policy undertaken and its outcomes.

For maximum points in this section, **Projects** must implement at least two of the following four AHSC workforce development strategies. **Projects** that implement one of the following four AHSC workforce development strategies will receive 1.5 points.

- (3) AHSC workforce development strategies include:
 - Funding a workforce development organization that has a track record of success serving disadvantaged populations and can demonstrate significant job placement rates for trainees from **Disadvantaged Communities**. The workforce community based organization must submit program metrics detailing the demographics and numbers of individuals recruited, trained, and placed into state-certified apprenticeships or related jobs;
 - Funding a partnership with a workforce development board that has a track record of success serving disadvantaged populations and can demonstrate significant job placement rates for trainees from Disadvantaged Communities. The partnership or workforce development board must submit program metrics detailing the demographics and number of individuals recruited, trained, and placed into state-certified apprenticeships or related jobs;
 - Project is bound by a Skilled and Trained workforce commitment. Applications must submit a letter of intent between the developer and the certified apprenticeship program outlining the mechanism to deliver on the term of that commitment.
 - Projects that have developed a project labor or community workforce agreement. Applications should submit documentation of those agreements, including a plan to pull a defined set of pre-apprentices from local programs with close and demonstrable connections to state-certified apprenticeships.
 - Projects that are located in jurisdictions with local hire ordinances that directly apply to the proposed project. Application must include documentation of those requirements and a concrete plan to comply, including a specific number of targeted workers or apprenticeships to be hired, the mechanism for doing so, and the programs from which they will be pulled.

The purpose of these workforce partnerships and practices is to advance the recruitment, training, and hiring of low income residents and underrepresented workers living in **Disadvantaged Communities**, connecting these populations

with training and hiring opportunities that the funded project creates or facilitates.

Note: Projects in which every AHSC project component cannot legally implement local hire or workforce development strategies must include an explanation detailing these barriers in order to receive full points.

(h) Housing Affordability - 5 Points Maximum

(1) <u>Up to 5 points</u> will be awarded for applications which restrict a percentage of units in the **Affordable Housing Development** to Extremely Low Income (ELI) households:

Percent of total units restricted to ELI households	Points
5% to 10%	2 points
11% to 15%	3 points
16% to 20%	4 points
>20%	5 points

(i) **Programs – 2 Points Maximum**

- (1) <u>1 point</u> will be awarded to applicants that propose an AHSC funded eligible **Program**. For transit pass programs to qualify for this point, they must be offered to at least as many individuals within the community as are offered to residents of the **Affordable Housing Development**.
- (2) <u>Up to 1 point</u> will be awarded for applicants that provide documentation showing how the Program Operator will sustain the program beyond the term of the AHSC Program grant (three years).

Narrative-Based Policy Scoring- 15 Points

The narrative-based policy scoring section of the application will be scored only for projects that obtain over 50 percent of the Quantitative and GHG QM points (i.e., 43 points or higher). For this section, applicants must include a PDF attachment of a narrative that addresses the following questions and prompts. Please include the bolded headers listed below for each point section of the write-up; the questions should not be restated in the write-up. The total write-up may not exceed six pages, not including required documentation. Ensure that all relevant information for each section is included either in the response for that section, or the required documentation for that section.

(j) Collaboration & Planning - 4 Points Maximum

Collaboration between local governments and housing and transportation providers is critical to create a project that ensures connectivity and responds to its contexts. Outline how the proposed project brings together the efforts of local government, including housing and transportation agencies. The following prompts must be addressed in the narrative:

- (1) **Local Planning Efforts:** Identify what local planning efforts the project implements, and if applicable, describe what particular components of the project are derived from a local plan. Explain how local government agencies were involved in the process of creating the project.
 - Agencies to consider in your answer may include, but are not limited to: local public works department, transit agencies, planning and community development departments, housing departments, local health department, schools/school districts, emergency services, law enforcement, etc.
 - Examples of planning efforts to discuss may include, but are not limited to: General Plan (e.g., circulation element or housing element); Specific Plan; Community Plan; Climate Action Plan; Community Health Improvement Plan (CHIP); Redevelopment Plan; Bicycle Master Plan; Disadvantaged Community Assessment (Government Code Section 65302); Pedestrian Master Plan; Local Coastal Plan; Transit Plan; Transit Corridor Plan; Station Area Plan; Corridor System Management Plan; Transportation Demand Management (TDM) Strategy or Plan.

Required Documentation: Applicable section or elements of local planning document.

(2) Housing and Transportation Collaboration: Describe the relationship between the joint-applicants or partners that worked together to create the proposed AHSC Project. Explain the process involved in coming together to create a larger vision for the Project Area. Describe the integration of housing, transportation, and urban greening infrastructure components in creating a cohesive Project.

Required Documentation: Site Plan and project area map (or context plan).

(k) Community Benefits & Engagement - 6 Points Maximum

Community involvement and leadership are crucial to ensuring that both the principle objectives and co-benefits of the project respond to the true needs of local residents. Explain how local residents and community-based organizations were meaningfully engaged in developing the **Project**, especially those from **Disadvantaged** and **Low-income Communities**, and how the project addresses community-identified needs. Please address the prompts below in your narrative.

- (1) Community Engagement and Leadership: Describe how community-based organizations and local residents have been meaningfully involved in the visioning and development of this project. Explain in which stage(s) of the process community members and CBOs have been and will be engaged. Describe efforts to involve Disadvantaged and/or Low-Income Community residents, including how meetings were advertised and made accessible.
- (2) Addressing Community Needs: Demonstrate how the proposed AHSC project meets one or more identified community needs, articulating how these

needs were identified (e.g. through the community engagement process, a local needs assessment, as part of a local health department plan or other city/county plan, etc.). Address community needs beyond the provisions of housing and transportation. For **Projects** located in a **Disadvantaged Community** or **Low-Income Community**, applicants are also encouraged to cite top burdens from their CalEnviroScreen 3.0 score as community needs that their projects will address. For all **Projects**, applicants are encouraged to cite key factors contributing to less healthy community conditions from their <u>Healthy</u> **Places Index** score as community needs that their **Project** will address.

Required Documentation:

- 1. Letter of support from local community-based, grassroots organization, or local or Tribal health department/agency describing the community engagement process and how feedback from local residents was incorporated into the project.
- 2. Community Engagement Tracker: Provide additional information on events where community participation occurred in the Community Engagement Tracker template.

Note: AHSC recognizes that COVID-19 has placed significant constraints on the way engagement can be conducted. Not only is the pandemic affecting inter-personal interactions and shifting engagement to digital mediums, but it is putting a financial strain on government, developers, and community organizations, alike. Moreover, low-income and minority communities have been disproportionately affected by the dual financial and public health crises. Taking these facts into consideration, the review process will factor COVID-related constraints into the scoring process.

(I) <u>Community Climate Resiliency - 3 Points Maximum</u>

Communities will continue to experience effects of climate change in various ways, including increased likelihood of droughts, sea level rise, flooding, wildfires, heatwaves and severe weather. Due to these effects, climate resiliency is a key part of planning and project implementation decisions.

- (1) **Climate Adaptation Assessment Matrix:** Fill out the Climate Adaptation Assessment Matrix with climate projections for the listed impacts and with technical descriptions of adaptive measures to be employed. If the project is considering climate projections from data sources besides those listed below, state where the data are from and if they use different assumptions (e.g., time horizon).
- (2) **Climate Adaptation:** Describe how the risks posed from changing climate conditions will be reduced by strategies listed in the Climate Adaptation Assessment. Consider the lifetime of **Project** elements, risks posed by changing climate conditions, and consequences of those risks (e.g., impacts to occupant health and safety, structural integrity, heating and cooling systems, etc.). If your local city or county has added adaptation measures to the General Plan or other local planning documents, describe how the **Project** conforms to the implementation of that plan (Government Code section 65302(g)(4), requires cities and counties to incorporate climate considerations in the Safety Element of the General Plan or other local plan or other local plan or document by January 1,

2022). Please separate responses according to climate impacts.

Note: If available, use localized climate impact projections. For tools to help assess general climate impacts, please visit <u>Cal-Adapt's Local Climate</u> <u>Snapshot tool.*</u> For adaptation tools, resources, strategies and case studies visit the <u>state's Adaptation Clearinghouse</u>.

(m) Community Air Pollution Exposure Mitigation – 2 Points Maximum

Decreasing air pollution exposure to residents living near sources, including (but not limited to) freeways and high-volume roadways, is essential for ensuring the benefits of infill development are actualized, including promoting public health. Implementing scientifically based air pollution mitigation strategies at the project level, can help protect public health and support GHG reduction goals.

(1) Air Pollution Exposure Mitigation Strategies: Identify pollutants of concern and known sources of pollution affecting the Project Area. Report the Particulate Matter (PM) 2.5, Diesel PM, Toxic Releases to Air, and Traffic Density percentiles as described in CalEnviroScreen 3.0 for the census tract in which the project will be sited.* Describe how air pollution mitigation strategies are utilized in the design of the **Project**, how they were selected, and how they address pollution sources.

Note: These strategies are limited by the many factors that may influence their effectiveness, ranging from local meteorology and topography to human use, maintenance, etc.

Note: For additional suggested strategies to mitigate air pollution exposure see the following resources:

- Bay Area Air Quality Management District, <u>"Planning Healthy Places"</u>
- California Air Resources Board, <u>"Strategies to Reduce Air Pollution</u> <u>Exposure near High Volume Roadways: Technical Advisory"</u>
- U.S. Environmental Protection Agency, <u>"Best Practices for Reducing</u> <u>Near-Road Air Pollution Exposure at Schools"</u>
- California Governor's Office of Planning and Research, <u>"General Plan</u> <u>Guidelines"</u>, Chapter 6- Healthy Communities
- U.S. Environmental Protection Agency <u>"Recommendations for</u> <u>Constructing Roadside Vegetation Barriers to Improve Near-Road Air</u> <u>Quality"</u>

 Los Angeles County Department of Public Health, <u>"Public Health</u> <u>Recommendations to Minimize the Health Effects of Air Pollution</u> <u>Associated with Development Near Freeways and High-Volume Roads"</u>

Note: In CalEnviroScreen 3.0, a geographic area's percentile for a given indicator simply tells the percentage of areas with lower values of that indicator. A percentile does not describe the magnitude of the difference between two or more areas. For example, an area ranked in the 30th percentile is not necessarily three times more impacted than an area ranked in the 10th percentile.

* For a spreadsheet showing raw data and calculated percentiles for individual indicators for individual census tracts, download the <u>CalEnviroScreen 3.0 results</u>.

Section 108. Application Process

- (a) Pursuant to direction of the Council, the Department shall offer funds through a NOFA and applications will be reviewed based on the steps detailed below and illustrated in Figure 6.
- (b) The **Department** will offer optional pre-application consultations as detailed in the **NOFA** in order to provide assistance to applicants regarding minimum threshold eligibility and other program requirements.
- (c) Applications will be made available through the **Department**, and complete applications must be submitted to the **Department** by the deadline detailed in the **NOFA**.
- (d) The highest scoring applications that meet all threshold requirements as determined by the **Department**, based on criteria set forth in these guidelines, shall be recommended to the **Council** for funding as specified in the **NOFA**. The **Council** will make adjustments in this procedure to meet the following objectives:
 - At least fifty (50) percent of AHSC Program expenditure for Projects benefitting and located in Disadvantaged Communities. Projects' Disadvantaged Community status are based upon the location of their AHSC funded Affordable Housing.
 - (2) At least fifty (50) percent of the annual proceeds appropriated for the AHSC Program shall be expended for affordable housing. For the purposes of this set-aside, expenditures related to Affordable Housing Development and Housing-Related Infrastructure Capital Projects shall count toward this requirement.
 - (3) **Project Area** type targets are as follows:
 - (A) Target thirty five (35) percent of funds available as designated in the **NOFA** to **TOD Project Area** applications.
 - (B) Target thirty five (35) percent of funds available as designated in the **NOFA** to **ICP Project Area** applications.
 - (C) Target ten (10) percent of funds available as designated in the **NOFA** to **RIPA** applications.
 - (D) Remaining twenty (20) percent of available funds may be awarded to any eligible project area type.
 - (i) The Council will use discretionary funds to fulfill statutory investment minimums for Disadvantaged Communities and affordable housing as detailed in (1) and (2), above. Once these minimums are met, the Council will use discretionary funds to ensure a distribution of total AHSC funds that allows for all geographic areas, as defined in (4), below, with competitive applications to receive funds.

- (E) To the extent applications received are not sufficient to meet TOD Project Area, ICP Project Area or RIPA targets detailed in (A), (B) and (C) above, the Council reserves the right to waive these requirements and recommend funding a greater percentage of applications in either of the three identified Project Area types. Additionally, the Council reserves the right to waive project area targets in order to fulfill investment minimums for Disadvantaged Communities and affordable housing as detailed in (1) and (2), above, as well as to ensure a distribution of funds that allow for all geographic areas, as defined in (4), below, with competitive applications to receive funds.
- (4) The Council strives to achieve a diverse distribution of resources and recognizes that in order to meet the State's environmental commitments, GHG emissions reductions must be made in all regions of the State. The Council will use discretionary funds, as described in (d), above, to ensure a distribution of total AHSC funds that allows for all geographic areas with a competitive application to receive funds.

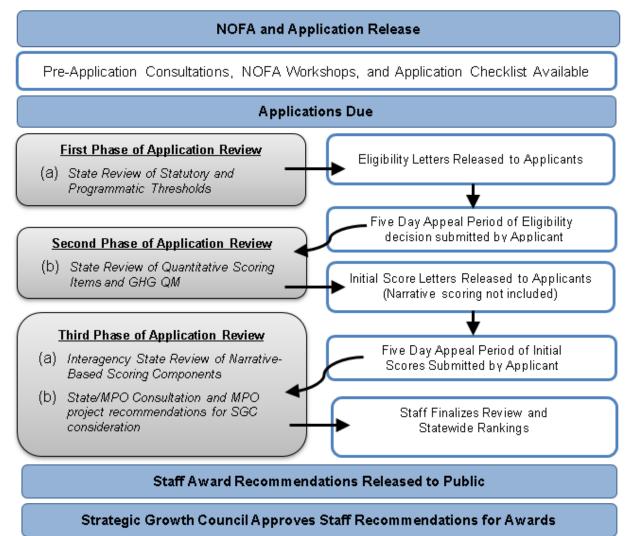

Geographic Area	Counties
Sacramento Area	Sacramento, Yolo, Sutter, Yuba, Placer, El Dorado
San Diego Area	San Diego
San Francisco Bay Area	Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, Sonoma
San Joaquin Valley	Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, Tulare
Coastal Southern California	Los Angeles, Orange
Inland Southern California	Riverside, San Bernardino, Imperial
Central Coast	Ventura, Santa Barbara, San Luis Obispo, Monterey, San Benito, Santa Cruz
North State & Sierras	Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, Shasta, Sierra, Siskiyou, Tehama, Trinity, Tuolumne

AHSC defines geographic areas as follows:

Note: The **Council** is committed to ensuring access to AHSC funding across the State's diverse geographic areas. In future rounds, AHSC staff will evaluate all aspects of AHSC scoring, project area classification, and GHG quantification to assess changes needed to account for each region's ability to produce competitive AHSC applications relative to their existing conditions.

- (5) Regardless of **Project Area** type, the Council will seek to fund one project, in the tribal funding target, per funding cycle to a Qualified Tribal Entity. In order to be considered for the Tribal funding target, a Qualified Tribal Entity must be the **Developer** for the AHD and/or HRI components, or the project partner responsible for STI and/or TRA components. Projects where the only Qualified Tribal Entity is an applicant for Program Costs will not be considered for the Tribal funding target. The Project must meet the requirements laid out in Appendix B in order to gualify for the Tribal funding target. Unless stated otherwise, the **Project** must meet all AHSC Program requirements. The Project will contribute to the relevant Project Area type and geographic funding targets. If multiple Federally Recognized Native American Tribes apply for **Projects**, the Council will apply the scoring criteria from these Guidelines to rank the **Projects** such that the top-ranked **Project** will be awarded under the Council's Tribal target and the remaining Project(s) will compete in their respective Project Area types.
- (6) A single **Developer** may be awarded no more than \$60 million per **NOFA** funding cycle, however this limitation may be waived if necessary to meet AHSC statutory funding set-asides.
- (7) As station area plans for High Speed Rail are implemented, the **Council** may prioritize investments in these areas.
- (8) The **Department** may elect to not evaluate compliance with some or all threshold requirements for applications that are not within a fundable range.
- (9) In the event of two or more applications having the same scores, the Council has the discretion to make the final selection regarding these projects to ensure alignment with the objectives set out in these **AHSC Program** Guidelines.
- (10) Applications recommended for funding and approved by the **Council** are subject to conditions specified by the **Department**. Applicants will receive an official letter of award after funding recommendations are approved by the **Council**.
- (11) Applications will be treated in accordance with Public Records Act. Certain information, in accordance with the Public Records Act, may be publicly disclosed.
- (e) Metropolitan Planning Agency Role in Application Review
 - (1) To support implementation of an applicable SCS and consistency with activities or strategies identified in a regional SCS, or similar planning document that demonstrate a per capita reduction in VMT and GHG, as allowed by <u>SB 862</u> (Chapter 36, Statutes of 2014), an MPO/region may develop its own process prior to the application due date to identify and recommend applications that have the highest regional priorities based on criteria established by the MPO/region.

Figure 6: AHSC Program Application Review Process

Article III. Legal and Reporting Requirements

Section 109. Legal Documents

- (a) Rental Affordable Housing Developments: Upon the award of AHSC Program funds to assist a rental Affordable Housing Development, the Department shall enter into one or more agreements with the applicant, which may be in the form a State of California Standard Agreement (Standard Agreement), which shall commit funds from the AHSC Program in an amount sufficient to fund the approved AHSC Program loan amount. The agreement or agreements shall contain the following:
 - (1) A description of the approved **Affordable Housing Development** and the permitted uses of **AHSC Program** funds;
 - (2) The amount and terms of the **AHSC Program** loan;
 - (3) The regulatory restrictions to be applied to the **Affordable Housing Development** through the **Regulatory Agreement**;
 - (4) Special conditions imposed as part of the **Department's** approval of the **Affordable Housing Development;**
 - (5) Requirements for the execution and the recordation of the agreements and documents required under the **AHSC Program**;
 - (6) Terms and conditions required by federal and state law;
 - Requirements regarding the establishment of escrow accounts for the deposit of documents and the deposit and disbursement of AHSC Program loan proceeds;
 - (8) the approved schedule of the **Affordable Housing Development**, including land acquisition if any, commencement and completion of construction or rehabilitation work, and occupancy by eligible households;
 - (9) Terms and conditions for the inspection and monitoring of the **Project** in order to verify compliance with the requirements of the **AHSC Program**;
 - (10) Provisions regarding tenant relocation in accordance with State law;
 - (11) Provisions relating to the placement of a sign on or in the vicinity of, the Affordable Housing Development site indicating that the Council has provided financing for the Affordable Housing Development. The Council may also arrange for publicity of the AHSC Program loan in its sole discretion;
 - (12) Provisions to ensure that the eligible costs and use of **AHSC Program** funds maintain the required GHG Reduction represented in the application;
 - (13) Other provisions necessary to ensure compliance with the requirements of the **AHSC Program**;

- (14) Description of the conditions constituting breach of the agreement(s) and remedies available to the parties thereto; and
- (15) Any of the **Department's** standard contractual terms that may be applicable.
- (b) For rental Affordable Housing Developments, the Department shall enter into a single Regulatory Agreement with the applicant for not less than the original term of the loan that shall be recorded against all sites comprising the property of the Affordable Housing Development prior to the disbursement of funds. The Regulatory Agreement shall include, but not be limited to, the following:
 - (1) The number, type and income level of **Restricted Units**;
 - (2) Standards for tenant selection pursuant to 25 CCR 8305;
 - (3) Provisions regulating the terms of the rental agreement pursuant to 25 **CCR** 8307;
 - Provisions related to a Rent Schedule, including initial rent levels for **Restricted Units** and non-Restricted Units pursuant to subsections (a) and (b) of **MHP Guidelines** Section 7312;
 - (5) Conditions and procedures for permitting rent increases pursuant to **MHP Guidelines** Section 7312;
 - (6) Provisions for limitations on Distributions pursuant to 25 **CCR** 8314 and on developer fees pursuant to 25 **CCR** 8312;
 - (7) Provisions regarding the deposit and withdrawal of funds to and from reserve accounts in accordance with 25 **CCR** 8308 and 8309;
 - (8) Assurances that the **Affordable Housing Development** will be maintained in a safe and sanitary condition in compliance with state and local housing codes and the management plan, pursuant to **MHP Guidelines** Section 7324;
 - (9) Description of the conditions constituting breach of the **Regulatory Agreement** and remedies available to the parties thereto;
 - (10) Provisions governing use and operation of non-Restricted Units and common areas to the extent necessary to ensure compliance with AHSC Program requirements;
 - (11) Special conditions of loan approval imposed by the Department;
 - (12) "Program Operations," MHP Guidelines Sections 7321 through 7326, shall apply to rental Affordable Housing Developments assisted by the AHSC Program; and
 - (13) Other provisions necessary to assure compliance with the requirements of the **AHSC Program**.

- (c) All AHSC Program loans for assistance to rental Affordable Housing Developments shall be evidenced by a promissory note payable to the Department in the principal amount of the loan and stating the terms of the loan consistent with the requirements of the AHSC Program. The note shall be secured by a deed of trust on the Affordable Housing Development property naming the Department as beneficiary or by other security acceptable to the Department; this deed of trust or other security shall be recorded junior only to such liens, encumbrances and other matters of record approved by the Department and shall secure the Department's financial interest in the Affordable Housing Development and the performance of applicant's AHSC Program obligations.
- (d) Grants shall be governed by a Standard Agreement or other agreement with the **Recipient** in a form prescribed by the **Department**. The agreement shall ensure that the provisions of these Guidelines are applicable to the **Project** covered by the agreement and enforceable by the **Department**. The agreement will contain such other provisions as the **Department** determines are necessary to meet the requirements and goals of the **AHSC Program**, including but not limited to the following:
 - (1) A description and sources and uses of the approved **Project** and the permitted uses of **AHSC Program** funds;
 - (2) Provisions governing the amount, terms and conditions of the **AHSC Program** grant;
 - (3) Provisions governing the construction work and, as applicable, the acquisition and preparation of the site of the Capital Project, and the manner, timing and conditions of the disbursement of grant funds;
 - (4) A schedule for completion of the **Project** and a series of milestones for progress toward **Project** completion together with the remedies available to the **Department** in the event of the failure to meet such milestones;
 - (5) Provisions for the payment of prevailing wages if and as required by state or federal law;
 - (6) Requirements for periodic reports from the **Recipient** on the construction and use of the **Project** and provisions for monitoring of the **Project** by the **Department**;
 - (7) The **Recipient's** responsibilities for the development of the approved **Project**, including, but not limited to, construction management, maintaining of files, accounts and other records, and report requirements;
 - (8) Provisions relating to the development, construction, affordability and occupancy of the Affordable Housing Development supported by the Housing-Related Infrastructure Capital Project, if applicable;

- (9) Provisions relating to the placement on, or in the vicinity of, the **Project** site, a sign indicating that the **Council** has provided financing for the **Project**. The **Council** may also arrange for publicity of the grant in its sole discretion;
- (10) Remedies available to the **Department** in the event of a violation, breach or default of the Standard Agreement;
- (11) Requirements that the **Recipient** permit the **Department** or its designated agents and employees the right to inspect the **Project** and all books, records and documents maintained by the **Recipient** in connection with the **AHSC Program** grant or loan or both;
- (12) Special conditions imposed as part of **Department** approval of the project;
- (13) Terms and conditions required by federal or state law;
- (14) Provisions to ensure that the **Project** maintains the required **GHG Reduction** as represented in the application; and
- (15) Other provisions necessary to ensure compliance with the requirements of the **AHSC Program**.

Section 110. Reporting Requirements

- (a) During the term of the Standard Agreement and according to the annual deadline identified in the Standard Agreement, the **Recipient** shall submit, upon request of the **Department** and the **Council**, an annual performance report that demonstrates satisfaction of all reporting requirements pursuant to the **AHSC Program** reporting requirements identified in the Standard Agreement. Recipient shall also submit the reports required by **MHP Guidelines** Sections 7325 and 7326 and any additional reporting requirements developed by the **Department**, the **Council** or **ARB**. The reports will be filed on forms provided by the **Department**.
- (b) Recipient is responsible for meeting the applicable project reporting requirements of CARB's Funding Guidelines for Agencies that Administer California Climate Investments as well as CARB's AHSC Program Quantification Methodology and Benefits Calculator Tool. These may include, but are not limited to: Project metrics; the duration over which the Recipient will track Project metrics; frequency of reporting; the format Recipient will use to report; Project profile information; Project benefit information; and information related to Priority Population benefits.
 - (1) Award recipients are required to submit estimates of jobs supported by their projects using CARB's Jobs Co-Benefit Assessment Methodology within 90 days of award. This methodology will estimate the number of jobs supported by the AHSC investment based upon the **Project**'s budget.
 - (2) Consistent with the 2018 Funding Guidelines for Agencies that Administer California Climate Investments, AHSC funding recipients must track and report the employment outcomes of their projects. Award recipients will be required to conduct Employment Benefits and Outcomes Reporting for employment benefits and outcomes created supported by the AHSC investment and all leveraged funding, while accommodating provisions for data privacy. Once funds are disbursed, reporting may occur as frequently as an annual basis. AHSC Program staff will work with applicants to clarify what the jobs reporting process may look like.

Recipients must report on all jobs created as a result of the construction or delivery of the AHSC projects. This includes all jobs created, regardless of their funding source, that are used for delivering project components funded at least in-part by AHSC. The project's total development costs reported in the AHSC Application Workbook contains the scope of the AHSC funded project and all jobs created by it.

Recipients must report annually on all jobs created **from the date the standard agreement is executed** and continues until the following milestones are reached.

- Grant Standard Agreement: all funds are disbursed
- Loan Standard Agreement: project converts to permanent financing

Recipients must specify jobs created by AHSC that employ individuals who live within priority population census tracts or low-income households. To identify individuals who live within priority populations census tracts or in low-income households, refer to the "Read Me" tab of the AHSC Jobs Reporting Template, posted on SGC AHSC webpage.

Recipients must ensure that all subcontractors receiving \$100,000 or more, AHSC funds or otherwise, from the AHSC recipient must report on jobs created by the project. Reporting must be completed using the AHSC_Jobs Reporting Template provided by SGC.

Reporting will be done according to <u>both</u>trade<u>and</u>, classification and include the following:

- Job education required*
- Job experience required*
- Job training credentials*
- Number of jobs provided*, **
- Total project work hours*, **
- Average hourly wage*, **
- Total number of workers that completed job training*, **
- Employer paid health insurance provided*
- Paid leave*
- Retirement plan*
- Targeted hiring strategy*

*Please refer to the "Data Dictionary" tab in the AHSC Jobs Reporting Template for a description of each of the reporting categories listed above.

Each of these statistics must also be reported according to workers defined as belonging to a **Priority Population.

(3) Consistent with the 2018 Funding Guidelines for Agencies that Administer California Climate Investments, AHSC funding recipients must report on all outcomes resulting from the AHSC Projects. This includes metrics related to AHD/HRI, STI, and TRA Projects. Projects will be selected for outcomes reporting at the discretion of the Council.

Reporting will include the following components and other metrics as requested, for a duration of no more than five (5) years:

- AHD/HRI Project metrics:
 - Project operational date
 - o Outcome tracking start date
 - Housing unit occupancy rate
 - Income restricted housing unit occupancy rate
 - Mode share of all residents (i.e., transit, bicycling, walking, driving)

- Mode share of Low-income residents
- Residents using transit passes
- Occupancy of commercial space
- STI and TRA transit Project metrics:
 - Average daily ridership of transit
- STI active transportation Project metrics:
 - o Average traffic of bicycle and pedestrian facilities
 - o Days of operational per year
- (c) At any time during the term of the Standard Agreement, the **Department** may perform or cause to be performed a financial audit of any and all phases of the **Recipient's Project**. At the **Department's** request, the **Recipient** shall provide, at its own expense, a financial audit prepared by a certified public accountant. The State of California has the right to review project documents and conduct audits during project implementation and over the project life.

Section 111. Performance Requirements

- (a) **Recipients** shall begin construction of the housing units to be developed in the **Affordable Housing Development** that is a **Capital Project** and the housing designated in the application within the time set forth in the Standard Agreement but not later than November 30, 2024.
 - (1) Recipients may request extensions of the performance requirement in Section 111(a) by addressing a letter to SGC's Executive Director explaining the circumstances for why an extension is needed and detailing a plan for meeting the extended performance requirement deadline. At the discretion of SGC's Executive Director, an extension of up to two (2) years may be granted.
- (b) The housing units developed in the **Affordable Housing Development** that is a **Capital Project** and the housing designated in the application must be completed, as evidenced by receipt of a certificate of occupancy, within the period of time set forth in the Standard Agreement, but not later than November 30, 2027.
 - (1) Recipients may request extensions of the performance requirement in Section 111(b) by addressing a letter to SGC's Executive Director explaining the circumstances for why an extension is needed and detailing a plan for meeting the extended performance requirement deadline. At the discretion of SGC's Executive Director, an extension of up to two (2) years may be granted.
- (c) **AHSC Program** funds must be disbursed in accordance with deadlines specified in the Standard Agreement, and in no event later than the disbursement deadlines outlined in the **NOFA**.
- (d) Recipients may only reapply for AHSC Program funds in a subsequent NOFA for the same Project if the Recipient has disbursed at least fifty (50) percent of the funds allocated from prior awards.
- (e) Negative points will be assessed against the Developer on subsequent AHSC applications if the Project does not comply with the dates set in the Standard Agreement for the performance requirements described in Section 111(a) or Section 111(b).

Section 112. Defaults and Cancellations

- (a) In the event of a breach or violation by the **Recipient** of any of the provisions of the Standard Agreement, the **Department** may give written notice to the **Recipient** to cure the breach or violation within a period of not less than 15 days. If the breach or violation is not cured to the satisfaction of the **Department** within the specified time period, the **Department**, at its option, may declare a default under the Standard Agreement and may seek legal remedies for the default including the following:
 - (1) The **Department** may seek, in a court of competent jurisdiction, an order for specific performance of the defaulted obligation or the appointment of a receiver to complete the **Project** in accordance with **AHSC Program** requirements.
 - (2) The **Department** may seek such other remedies as may be available under the relevant agreement or any law.
- (b) The **Department** may cancel funding commitments and Standard Agreements under any of the following conditions:
 - (1) The objectives and requirements of the **AHSC Program** cannot be met by continuing the commitment or Standard Agreement;
 - (2) Construction of the **Capital Project** or implementation of **Program Costs** cannot proceed in a timely fashion in accordance with the timeframes established in the Standard Agreement; or
 - (3) Funding conditions have not been or cannot be fulfilled within required time periods.
- (c) Upon receipt of a notice of intent to cancel the grant from the **Department**, the **Recipient** shall have the right to appeal to the Director of the **Department**.

Section 113. Prevailing Wages

For the purposes of the State Prevailing Wage Law (Labor Code Sections 1720 – 1781), a grant or loan under the **AHSC Program** shall be considered public funding for the construction, rehabilitation, demolition, relocation, preservation, or other physical improvement of the **Capital Project** subject to the provisions of the State Prevailing Wage Law. AHSC Program funding of the **Project** shall not necessarily, in and of itself, be considered public funding of a **Project** unless such funding is considered public funding under the State Prevailing Wage Law. It is not the intent of the **Department** in these regulations to subject **Projects** to the State Prevailing Wage Law by reason of **AHSC Program** funding of the **Project** in those circumstances where such public funding would not otherwise make the **Project** subject to the State Prevailing Wage Law. Although the use of **AHSC Program** funds does not require compliance with federal Davis Bacon wages, other funding sources may require compliance with federal Davis Bacon wages.

Appendix A. Definitions

- (a) "Active Transportation" means infrastructure and non-infrastructure projects that encourage increased use of active modes of transportation, but does not include funding program operations. The project types include but are not limited to:
 - (1) Infrastructure Projects: capital improvements (construction) that will encourage increased use of active modes of transportation, such as biking and walking.
 - (2) Non-infrastructure Projects: education, encouragement and planning activities must encourage increased use of active modes of transportation, such as biking and walking.
- (b) "Active Transportation Program" means non-infrastructure related programs which instill safe pedestrian, bicyclist and motorist behaviors to make safe active transportation possible. Non-infrastructure activities can stand-alone or be conducted with infrastructure projects (fixed facilities or permanent structural changes) to increase effectiveness.
- (c) "Activity Delivery Costs" means staff costs incurred by the Public Agency that are directly related to implementing specific Capital Project and Program Costs. They may include costs such as project document preparation, project underwriting, construction management, inspections, or reporting to the Department.
- (d) "Affordable Housing Development" means a Capital Project that is a Housing Development in which at least 20 percent of the total units are Affordable Units.
- (e) "Affordable Unit" means a housing unit that satisfies all the following criteria:
 - (1) The unit must satisfy one of the following affordability criteria:
 - (A) It is available at an "affordable rent" as that terms is used and defined in Section 50053 of the Health & Safety Code;
 - (B) It is offered at an "affordable housing cost", as that terms is used and defined in Section 50052.5 of the Health & Safety Code; or
 - (C) It is available at an "affordable rent" or an "affordable housing cost" according to the alternative percentages of income for agency-assisted rental and cooperative housing developments pursuant to Department regulations adopted under Health and Safety Code section 50462(f).
 - (2) For "Affordable Units" that are rental units, they must be subject to a recorded Program covenant ensuring affordability for a duration of at least 55 years.
 - (3) For "Affordable Units" that are ownership units, they must be sold to and occupied by an income-qualified household, and subject to a recorded covenant with a duration of at least 30 years that includes either a resale restriction or equity sharing upon resale.

- (4) For the purposes of this definition, the terms "persons and families of low income" and "area median income" shall have the same meanings as set forth in Health and Safety Code section 50093 and 50093(c).
- (5) The unit must be occupied by a "lower income household" as defined by Health and Safety Code section 50079.5, which includes "very low income households" as defined by Health and Safety Code section 50105 and also includes "extremely low income households" as defined by Health and Safety Code section 50106.
- (f) "AHSC Program" means the program as outlined by these Program Guidelines.
- (g) "Area Median Income" means the most recent applicable county median family income published by the **TCAC**.
- (h) "Assisted Unit" means a unit that is subject to the **Program's** rent and/or occupancy restrictions as a result of the financial assistance provided by the **Program**, as specified in the **Regulatory Agreement** entered into with the **Department**.
- (i) "Bus Rapid Transit" (BRT) means a rubber-tired form of rapid transit in an integrated system of facilities, equipment, services, and amenities that exceed the speed and reliability of regular bus service. BRT usually includes use of dedicated right-of way, including busways, exclusive lanes, and bypass/queue jumping lanes for buses at congested intersections to reduce vehicle running time and typically includes a combination of the following additional features: (1) center of road alignment, mixed-traffic prohibitive intersection treatments; (2) use of more limited-stop service including express service and skip-stopping; (3) application of Intelligent Transportation Systems (ITS) technology such as signal priority, automatic vehicle location systems, system security, and customer information; (4) platform level boarding and (5) off-board fare collection.
- (j) "Bus Service" means regularly scheduled public transit service operating with limited stops using a fixed route.
- (k) "Capital Project" means a project consisting of the construction, rehabilitation, demolition, relocation, preservation, acquisition, or other physical improvement that is an integral part of, or is necessary for completion of a Project.
- (I) "CCR" means the California Code of Regulations.

(m) "Context Sensitive Bikeway" means on-street infrastructure for bicycle riding that is appropriately applied based on the traffic volumes and speeds on a specific street, as <u>recommended by the California Department of Transportation</u> based on guidance from the Federal Highway Administration, American Association of State Highway and Transportation Officials, and the California Highway Design Manual:

				Posted	Speed	
Place Type and Surrounding Land-Use			15-20	25-30	35-45	> 45
Urban Areas & Suburban Main Streets		<2,500	Standard Shoulder or	Standard Shoulder or	Class II or Class IV	Class IV
		2,500-5,000	Shared Lane	Shared Lane		
		5,000-10,000	Class II or Class IV	Class II or Class IV	Class IV	
		>10,000	Class IV	Class IV		
Rural Areas (Developing Corridors)	Design Year ADT		15-20	25-30	35-45	> 45
		<2,500	Standard Shoulder (may be designated as a Class III facility)2			
		2,500-5,000				
		5,000-10,000				
		>10,000				
			15-20	25-30	35-45	> 45
Rural Main Streets		<2,500	Standard Shoulder or			
		2,500-5,000	Shared Lane	ci	Class II	Class I or IV
		5,000-10,000	Class II	Class II		

- (1) Class I bicycle paths are considered **Context Sensitive Bikeways** at any ADT and posted speed.
- (2) **Projects** may consider either the design year or post-**Project** implementation conditions for posted speed and ADT.
- (3) For AHSC scoring purposes, "Rural Main Streets" shall be considered any roadway within one-quarter (1/4) of a mile of federal, state, or county highway within a **Rural Area**.
- (n) "Council" means the California Strategic Growth Council, established pursuant to Public Resources Code Section 75121.
- (o) "Currently Developed" means that the land in question is altered by paving, construction, and/or land use that would typically have required regulatory permitting to have been initiated.
- (p) "Deferred Costs" means costs deferred at construction loan closing, including but not limited to: capitalized reserves, loan fees, syndication costs, legal, accounting, audit, consultant fees, and developer fees paid from operating cashflow.
- (q) "Department" means the Department of Housing and Community Development of the State of California.
- (r) "Developer" means the entity that the Department and the Council rely upon for experience, site control, and capacity, and which controls either (1) the Affordable Housing Development during development and through occupancy, (2) the Housing-Related Infrastructure during development and through completion, or (3) the Sustainable Transportation Infrastructure and Transit-Related Amenities during development and through operation.

- (s) "Disadvantaged Community" means a census tract with a score in the top 25 percent or one of the 22 additional census tracts that score in the highest 5 percent of Pollution Burden as identified in California Environmental Protection Agency's <u>CalEnviroScreen 3.0</u> tool.
- (t) "Employment Benefit and Outcome Reporting" means submission of data about the jobs and related benefits created by the AHSC Investment as required by the *Funding Guidelines for Agencies Administering California Climate Investments*.
- (u) "Enforceable Funding Commitment" means permanent commitments, including but not limited to the following:
 - (1) Low-income housing tax credit equity contributions (without the necessity of a tax credit reservation letter) and tax-exempt bonds in connection with 4 and 9 percent low-income housing tax credits, will be considered committed in this calculation. The applicant must submit a valuation of their anticipated tax credit equity which documents both the proportion of the Affordable Housing Development purchased and assumed tax credit price.
 - (2) Funds conditionally reserved under the following programs shall be accepted as funding commitments: the Department of Housing and Urban Development's (HUD) Supportive Housing Program (SHP), HOME Investment Partnerships Program (HOME), Community Development Block Grant Program (CDBG), and the California Department of Mental Health's Mental Health Services Act (MHSA) Program.
 - (3) A land donation in fee for no other consideration that is supported by an appraisal or purchase/sale agreement ("Land Donation") or a local fee waiver resulting in quantifiable cost savings for the Project where those fees are not otherwise required by federal or state law ("Local Fee Waiver") shall be considered a funding commitment. The value of the Land Donation will be the greater of either the original purchase price or the current appraised value as supported by an independent third-party appraisal prepared by a Member-Appraisal-Institute-qualified appraiser within one year of the application deadline. A funding commitment in the form of a Local Fee Waiver must be supported by written documentation from the local Public Agency.
 - (4) Owner equity contributions or developer funds. Such contributions or funds shall not be subsequently substituted with a different funding source or forgone if committed in the application, except that a substitution may be made for up to 50 percent of deferred developer fee. The Department may require the applicant to evidence the availability of the proposed amount of owner equity or developer funds.
 - (5) Funds for transportation projects which are programmed for allocation and expenditure in the applicable capital improvement plan consistent with the terms and timeframes of the Standard Agreement.

- (v) "Energy Efficiency" means managing and restraining the growth in energy consumption.
- (w) "Federally Recognized Native American Tribe" means Native American native tribe, band, nation, pueblo, village or community that the Secretary of the Interior acknowledges to exist as an Native American tribe, pursuant to the Federally Recognized Native American Tribe List Act of 1994, 25 U.S.C. 479a.
- (x) "Flexible Transit Service" means a form of transit for the public characterized by flexible routing and scheduling of small/medium vehicles operating in <u>shared-ride</u> <u>mode</u> (with at least two passengers) between pick-up and drop-off locations according to passenger needs. Flexible Transit Service includes vanpool, shuttle, paratransit, and feeder bus systems that reduce vehicle miles travelled.
- (y) "Floor Area Ratio" (FAR) means the square footage of the floor area of a building divided by the site square footage, excluding therefrom dedicated streets, sidewalks, parks and open space. The floor area of a building is the sum of the gross area of each floor of the building, excluding mechanical space, cellar space, floor space in open balconies, enclosed parking and elevators or stair bulkheads. Multiplying the FAR by the area of the site produces the minimum amount of floor area required in a building on the lot. For example, on a 10,000 square-foot site in a district with a minimum FAR of 1.5, the floor area of a building must be at least 15,000 square feet.
- (z) "Greenhouse Gas Reduction" (GHG Reduction) means actions designed to reduce emissions of one or all of the following gases: carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.
- (aa) "Green Streets" means a sustainable stormwater strategy that meets regulatory compliance and resource protection goals by using a natural systems approach to manage stormwater, reduce flows, improve water quality and enhance watershed health.
- (bb) "High Quality Transit" means a Qualifying Transit line with high frequencies AND permanent infrastructure as follows:
 - (1) Frequency: High Quality Transit must have Peak Period headway frequency on the same route of every 15 minutes or less and service seven days a week. This level of service must have been publicly posted by the provider at some point between January 2020 and the time of application.
 - (2) Permanent Infrastructure: High Quality Transit must operate on a railway or be transit service with Bus Rapid Transit features that either fully or partially operate on a dedicated bus-only lane, or uses High Occupancy Vehicle (HOV) or High Occupancy Toll (HOT) lanes.
- (cc) "Housing Development" means a residential development or the residential portion of a mixed-use development.

- (dd) "Housing-Related Infrastructure" means a capital infrastructure improvement required as a condition of approval of an affordable housing development by a Locality, transit agency or special district such as sewer, water or utility system upgrades, streets, drainage basins, etc.
- (ee) "Infill Site" means a site for which at least three of four sides or 75 percent of the perimeter of the site adjoins parcels that are **Currently Developed** qualified **Urban Uses**. In counting this, perimeters bordering navigable bodies of water and improved parks shall not be included. In order to qualify as an infill site, the site must also be located in an urbanized area meaning that it fulfills one of the following requirements:
 - (1) located within an incorporated city according to an official City or County map, OR
 - (2) located within an urbanized area or urban cluster as defined by the <u>U.S.</u> <u>Census Bureau</u>, OR
 - (3) for unincorporated areas outside an urbanized area or urban cluster, the area shall be within a designated urban service area that is designated in the local general plan for urban development and is served by public sewer and water.
- (ff) "Integrated Connectivity Project (ICP) Project Area" means a Project Area which includes at least one (1) Transit Station/Stop with a combination of two or more eligible costs as defined in Section 103.
- (gg) "Intelligent Transportation Systems" means electronics, communications, or information technology, used singly or in combination, to improve the efficiency, accessibility or safety of the surface transportation system.
- (hh) "Key Destinations" means vital community amenities and resources including medical centers, schools, grocery stores, child care centers, pharmacies, public parks, or public libraries. Key Destinations must be operational at the time of application. This definition differs from "Activity Centers" as used in the AHSC Benefits Calculator Tool.
- (ii) "Locality" means a California city, unincorporated area within a county or a city and county.
- (jj) "Lower Income" has the meaning set forth in Health and Safety Code Section 50079.5.
- (kk) "Low-Income Community" means a census tract with either 1) median household incomes at or below 80 percent of the statewide median income, or 2) median household income at or below the threshold designated as low-income by Department of Housing and Community Development's State Income Limits pursuant to the Health and Safety Code Section 50093.
- (II) "Low-Income Households" mean individual households with either 1) household incomes at or below 80 percent of the statewide median income, or 2) household incomes at or below the threshold designated as low-income by Department of

Housing and Community Development's State Income Limits adopted pursuant to Health and Safety Code Section 50093.

- (mm) "Mixed Use Development" means a building, combination of buildings, or building complex, designed to functionally and physically integrate non-residential uses such as retail, commercial, institutional, recreational, or community uses with residential uses, in a complementary manner.
- (nn) "Moderate Income" has the meaning set forth in Health and Safety Code Section 50093.
- (oo) "MHP" shall mean the Multifamily Housing Program authorized and governed by Sections 50675 through 50675.14 of the Health and Safety Code, and the MHP Guidelines dated June 19, 2019.
- (pp) "Natural Infrastructure" means the preservation and/or restoration of ecological systems, or utilization of engineered systems that use ecological processes, to increase resiliency to climate change and/or manage other environmental problems. Some examples relative to AHSC could include street trees and greenspace for water catchment, infiltration and surface cooling; water treatment facilities that utilize ecologically functioning wetlands; flood mitigation systems that utilize the natural floodplain and stable shorelines used in tandem with constructed flood barriers.
- (qq) "Net Density" means the total number of dwelling units per acre of land to be developed for residential or mixed use, excluding allowed deductible areas. Allowed deductible areas are public dedications of land which are for public streets, public sidewalks, public open space, public drainage facilities, and utility easements. Areas that are non-developable due to natural landscape features (ex: steep grade) are allowable deductible areas so long as the size and location of the non-developable area is identified by a licensed surveyor. Non-allowed deductible areas include setbacks, private drives and walkways, general landscaping, common areas and facilities, off street parking, and traditional drainage facilities exclusive to a development project. Mitigations required for development will not be included in the allowed deductible areas.
- (rr) "NOFA" means a Notice of Funding Availability issued by the Department.
- (ss) "Peak Hours" or "Peak Period" means the period with the highest ridership during the entire transit service day as determined by the transit operator. Must include at least one hour during the morning commute hours and one during evening commute hours, Monday through Friday. Each Peak Period cannot be longer than three hours.
- (tt) "Performance measures" means indicators of transit regarding data indicators such as accessibility, mobility choices and ridership.
- (uu) "Priority Population" means residents of: (1) census tracts identified as disadvantaged by California Environmental Protection Agency per SB 535; (2) census tracts identified as low-income per AB 1550; or (3) a low-income household per AB 1550. See the <u>Priority Population maps</u> for more information.

- (vv) "Program Cost" means the cost(s) associated with 1) program creation, or 2) expansion of existing programs to serve new populations or offer new program service and implementation.
- (ww) "Program Operator" means the entity that administers the day-to-day operational responsibilities for the program for which the AHSC Program funding is sought.
- (xx) "Project" means the proposed use of funds representing a combination of Capital Projects or Program Costs which are proposed by the applicant to be funded the AHSC Program.
- (yy) "Project Area" means the area encompassing the Transit Station/Stop, housing and Key Destinations.
- (zz) "Public Agency" means a Locality, transit agency, public housing authority or redevelopment successor agency.
- (aaa) "Qualified Tribal Entity" means a Federally Recognized Native American Tribe, an eligible entity having co-ownership with a Federally Recognized Native American Tribe, or an eligible entity established by a Federally Recognized Native American Tribe to undertake Tribal housing or transportation projects.
- (bbb) "Qualifying Transit" means a transit line serving the public that is operated by the following: (1) Directly operated by a public entity; (2) Operated by a public entity via a contract for purchased transportation service with a private or non-profit provider; or (3) Operated by a private or non-profit entity as a grant Recipient or sub-recipient from a public entity. Qualifying Transit for the purpose of the Program includes various forms of fixed transit service (Rail Service and Bus Service) and Flexible Transit Service. A Qualifying Transit line requires service that departs two (2) or more times on the same route during Peak Hours as defined by the transit operator. This level of service must have occurred regularly at some point between January 2020 and the time of application. Flexible Transit service is exempt from these Peak Hours frequency requirements.
- (ccc) "Rail Service" means regularly scheduled public transit service running on rails or railways.
- (ddd) "Recipient" means the eligible applicant receiving a commitment of Program funds.
- (eee) "Regulatory Agreement" means the written agreement between the **Department** and the Sponsor that will be recorded as a lien on the **Affordable Housing Development** to control the use and maintenance of the **Project**, including restricting the rent and occupancy of the **Assisted Units**.
- (fff) "Restricted Units" mean residential units restricted by an enforceable covenant or agreement with the Department or other public agency to occupancy by low- or very low-income households, with affordable rents pursuant to **MHP** Guidelines Section 7312 or affordable housing costs pursuant to the CalHOME Program. Restricted Units must be substantially equivalent in size and number of bedrooms to the

balance of units in the Housing Development. Restricted Units may consist of units designated for any housing tenure, rental or owner-occupied, within the Housing Development.

(ggg)"Rural Area" means the definition in Health and Safety Code Section 50199.21.

- (hhh)"Rural Innovation Project Area (RIPA)" means a Project Area located within a Rural Area which includes at least one (1) Transit Station/Stop with a combination of two or more eligible costs as defined in Section 103.
- (iii) "Safe and Accessible Walkway" means a pedestrian corridor that has the following:
 - (1) Continuously-paved, ADA-compliant sidewalks.
 - (2) Marked pedestrian crossings at all arterial intersections.
 - (3) Attributes which contribute to comfort and safety including, but not limited to, adequate lighting or shade canopy.
- (jjj) "Secure Overnight Bicycle Parking" means bicycle parking that is not accessible to the general public, is completely enclosed and protects the bicycle from inclement weather, and allows for the bicycle frame to be secured to the bicycle rack at two points. Examples of Secure Overnight Bicycle Parking include bicycle rooms, bicycle lockers, and bicycle cages.
- (kkk) Site Control" means the applicant or Developer has control of property through one or more of the following:
 - (1) Fee title;
 - (2) A leasehold interest on the property with provisions that enable the lessee to make improvements on and encumber the property provided that the terms and conditions of any proposed lease shall permit, prior to grant funding, compliance with all program requirements;
 - (3) An enforceable option to purchase or lease which shall extend through the anticipated date of the Program award as specified in the NOFA;
 - (4) An executed disposition and development agreement, right of way, or irrevocable offer of dedication to a Public Agency;
 - (5) An executed encroachment permit for construction of improvements or facilities within the public right of way or on public land;
 - (6) An executed agreement with a public agency that gives the applicant exclusive rights to negotiate with the agency for the acquisition of the site; provided that the major terms of the acquisition have been agreed to by all parties;
 - (7) A land sales contract or enforceable agreement for acquisition of the property; or

- (8) Other forms of site control that give the Department assurance (equivalent to 1-7 above) that the applicant or Developer will be able to complete the Project and all housing designated in the application in a timely manner and in accordance with all the requirements of the Program.
- (III) "Smoke Free Housing" means an Affordable Housing Development that implements a policy banning the ignition and burning of tobacco products (including, but not limited to, cigarettes, cigars, pipes, and water pipes or hookahs) in all living units, indoor common areas, and all other interior spaces. The smoke-free policy must also extend to all outdoor areas within 25 feet of occupied buildings on the AHD property.
- (mmm) "Substantial Rehabilitation" means a Housing Development with reasonable direct rehabilitation construction contract costs of at least \$35,000 per residential unit. Rehabilitation shall include energy efficiency upgrades per residential units. Rehabilitation projects must fully and efficiently address all of the physical needs of the Project for the term of the project loan and therefore merely meeting the minimum threshold cost amount of \$35,000 per residential unit may not, in and of itself, be sufficient to be considered Substantial Rehabilitation for purposes of the project loan.
- (nnn) "Sustainable Transportation Infrastructure" means capital project(s) that result in the improvement or addition of infrastructure that encourages mode-shift from single occupancy vehicles by enhancing: 1) public transit service, 2) pedestrian networks, or 3) bicycle networks (includes public bike-share programs) as well as operations expenditures that directly support transit expansion, or a return to service levels seen prior to COVID-19 induced service cuts, within the defined Project Area meeting the transit requirements detailed in Section 102 (c) or (d).

(000) "TCAC" means the California Tax Credit Allocation Committee.

- (ppp) "Transit Corridor" means a transportation corridor which meets one of the following criteria: 1) A corridor served by Qualifying Transit; or 2) A corridor served by High Quality Transit that has been the subject of analysis, planning and environmental mitigation, and has been designated for investment within the regional transportation plan of a MPO, RTPA, or within a long range transportation plan of a transit agency.
- (qqq) "Transit Signal Priority (TSP)" means an operational strategy that facilitates the movement of transit vehicles through traffic-signal controlled intersections.
 Objectives of TSP include meeting on time schedule performance and improved transit travel time efficiency while minimizing impacts to normal traffic operations.
 TSP is made up of four components: (1) a detection system that lets the TSP system where the vehicle requesting signal priority is located. The detection system communicates with a (2) priority request generator that alerts the traffic control system that the vehicle would like to receive priority. (3) Priority control strategies; and 4) System management software collecting data and generating reports.
- (rrr) "Transit Station/Stop" means a designated location at which the various Qualifying Transit service(s) drop-off and pick-up riders.

- (sss) "Transportation Demand Management" (TDM) means strategies that increase transportation system efficiency by encouraging shifting from single-occupant vehicle (SOV) trips to non-SOV transportation modes, or shifting SOV trips off peak travel periods. Effective TDM strategies result in reduction of vehicle miles traveled (VMT) by increasing travel options, providing incentives and information to incentivize individuals and employers to modify their travel behavior to support these objectives, and/or by reducing the need to travel or reducing travel distance via location efficient development patterns. TDM strategies encourage travel by transit, bike, walking or in shared vehicles.
- (ttt) "Transportation-Related Amenities" means capital improvements that are publicly accessible and provide supportive amenities to pedestrians, cyclists and transit riders (i.e. bike parking, bus shelter, benches, street trees, etc.) within the defined Project Area meeting the transit requirements detailed in Section 102 (c) or (d).
- (uuu)"Urban Forestry" means the cultivation and management of native or introduced trees and related vegetation in urban areas for their present and potential contribution to the economic, physiological, sociological, and ecological well-being of urban society.
- (vvv) "Urban forest" means those native or introduced trees and related vegetation in the urban and near-urban areas, including, but not limited to urban watersheds, soils and related habitats, street trees, park trees, residential trees, natural riparian habitats, and trees on other private and public properties.
- (www) "Urban Greening" means the incorporation of greenscaped pedestrian and bicycle trail systems, urban street canopy, green alleys, drought tolerant and native species landscaping and landscape restoration, green roofing, community gardens, natural infrastructure and stormwater features into public open spaces. If not abundantly clear, public accessibility must be demonstrated to the satisfaction of Department staff, such as through a recorded instrument, and run for at least 55 years. Public open space must offer reasonable hours of use for the public, such as dawn to dusk. Community gardens do not have to be publicly accessible as long as they are available to residents of the **Affordable Housing Development**.
- (xxx) "Urban Uses" means any residential, commercial, industrial, transit, transportation passenger facility, or retail use, or any combination of those uses. Urban uses do not include lands used for agricultural uses or parcels in excess of 15,000 square feet in size and containing only one single-family residence.
- (yyy) "Very-Low Income" has the meaning set forth in Health and Safety Code Section 50105.
- (zzz) "Water Efficiency" means controlling water at the source through design—both rainfall and storm water runoff through a decentralized system that distributes storm water across a project site in order to replenish groundwater supplies.
- (aaaa) "Zero Emission Vehicle (ZEV)" means battery electric vehicles, plug-in hybrid electric vehicles, and hydrogen fuel cell vehicles.

Round 6 FY 2019-20 AHSC Program Guidelines - 67 -

Appendix B. Federally Recognized Native American Tribe Eligibility

Federally Recognized Native American Tribes may qualify for AHSC funds if their **Project** meets the following requirements:

- (a) Projects are located on one of the following lands:
 - Tribal Trust Lands. Real property that is held in trust by the United States Government for the benefit of a Federally Recognized Native American Tribe;
 - (2) Individual Trust Lands. Real property that is held in trust by the United States Government for the benefit of an individual member of a Federally Recognized Native American Tribe;
 - (3) Tribal Fee Restricted Lands. Fee lands that are owned by or under the control of a Federally Recognized Native American Tribe that are subject to a United States Government restriction that the land continue to be owned by or remain under the control of a Federally Recognized Native American Tribe or member or members thereof;
 - (4) Individual Fee Restricted Lands. Fee lands that were conveyed by the United States Government as individual allotments to member or members of a Federally Recognized Native American Tribe, regardless as to whether the property is now under common ownership among several members of that same Federally Recognized Native American Tribe;
 - (5) Tribally-Owned Unrestricted Lands. Fee lands that are owned by or under the control of a Federally Recognized Native American Tribe that are not subject to a United States Government restriction that the land continue to be owned by or remain under the control of a Federally Recognized Native American Tribe or member or members thereof;

AND;

- (b) The applicant meets the following requirements as a condition of award funding as set forth in a Standard Agreement, but not as a condition to engage in the competitive award process:
 - (1) BIA Consent. Applicants shall obtain Bureau of Indian Affairs consent to applicant's execution and recordation (as applicable) of all Department-required documents that are subject to 25 CFR sec. 152.34 or 25 CFR sec. 162.12, all prior to award disbursement. This requirement shall not apply to projects that are within subdivision (i)(5) of this Section.
 - (2) Personal Jurisdiction for Tribal Applicants. For applicants that are **Federally Recognized Native American Tribes** or Tribal controlled entities, all such applicants shall provide and execute a limited waiver of sovereign immunity agreeing to the personal jurisdictions of state court.

- (3) Subject Matter Jurisdiction for Restricted Tribal Lands. For applicants proposing projects that are to be within property described in sub-divisions (i)(1), (i)(2), (i)(3), and (i)(4), all such applicants shall cause the subject Native American Tribe to provide and execute a limited waiver of sovereign immunity satisfactory to the Department, agreeing to the subject matter jurisdiction of state court.
- (4) Title Insurance Requirements. Applicants shall provide title insurance for the property underlying the **Project** satisfactory to the Department. Notwithstanding the foregoing sentence, upon a showing of good cause, for Applicants unable to provide a conventional title insurance policy satisfactory to the Department, all such Applicants shall demonstrate to the satisfaction of the Department that they hold title to the property pursuant to a title condition report issued by the BIA Land Title and Records Office, and pursuant to a title opinion letter issued for the benefit of the Department but paid for by the Applicant.
- (5) Recordation Requirements. Where recordation of instruments are required by the Department, the subject instrument shall be deemed sufficiently recorded if recorded with the Land Titles and Records Office at the BIA or if the subject instruments are recorded in the County recording system having jurisdiction over the property.
- (6) Fee Security Required. For all Projects, except those falling within subdivision (i)(1) and (ii)(2), fee security shall be required, unless the terms allowing leasehold security are satisfied as set forth in Title 25 CCR 8316. If a Department loan/grant is recorded on fee land then there must be a restriction preventing that land being put into trust until the Department loan/grant term is complete.
- (7) Minimum Requirements for Sovereign Immunity Waivers. Sovereign immunity waiver language shall be included in the Department Standard Agreement, and all Department regulatory and loan or grant agreements, all of which may be accomplished by incorporating by reference a separately executed sovereign immunity waiver instrument. The Applicant shall also provide or obtain a separate limited waiver of sovereign immunity instruments for both personal and subject matter jurisdictions which shall require, at a minimum, compliance with State construction standards and regulations.

Appendix C. Awardee Publicity Guidelines

AHSC award **Recipients** are required to acknowledge SGC, HCD, and California Climate Investments (CCI) in all publications, websites, signage, invitations, and other mediarelated and public-outreach products related to the AHSC Project. Guidance on CCI logo usage, signage, and logo files contained in the Style Guide are available at: <u>www.caclimateinvestments.ca.gov/logo-graphics-request</u>. SGC and HCD staff will provide their respective logo files and guidance on their usage directly to **Recipients**.

- (a) Long-form written materials, such as reports, must include the following standard language about SGC, HCD, AHSC, and CCI:
 - (1) "The Affordable Housing and Sustainable Communities (AHSC) Program builds healthier communities and protects the environment by increasing the supply of affordable places to live near jobs, stores, transit, and other daily needs. This program is administered by Strategic Growth Council (SGC), which coordinates the activities of State agencies and partners with stakeholders to promote sustainability, economic prosperity, and quality of life for all Californians (www.sgc.ca.gov) and implemented by the Department of Housing and Community Development (HCD).

The AHSC Program is part of CCI, a statewide program that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities. The Cap-and-Trade program also creates a financial incentive for industries to invest in clean technologies and develop innovative ways to reduce pollution. California Climate Investments projects include affordable housing, renewable energy, public transportation, zero-emission vehicles, environmental restoration, more sustainable agriculture, recycling, and much more. At least 35 percent of these investments are located within and benefiting residents of disadvantaged communities, low-income communities, and low-income households across California.

- (b) Any informational materials that do not qualify as long-form, but that include at least a paragraph of text, such as press releases, media advisories, short case studies, some flyers, etc., should include the following language:
 - (1) Long version: "[Project Name] is supported by California Strategic Growth Council's Affordable Housing and Sustainable Communities program with funds from <u>California Climate Investments</u>, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities."
 - (2) Short version: "[Project Name] is supported by California Strategic Growth Council's Affordable Housing and Sustainable Communities program with funds from <u>California Climate Investments</u>—Cap-and-Trade Dollars at Work."

- (c) Recipients may at times produce promotional materials that are primarily visual in nature, such as banners, signage, certain flyers, and sharable images for social media. In such cases, when including the boilerplate language acknowledging CCI and SGC support is not practical, grantees should instead include the official logos of both SGC and CCI, preceded by the words "Funded by."
- (d) AHSC award Recipients are required to identify a point of contact for all press inquiries and communications needs related to the project and provide the name, phone number and email address of this individual to SGC. Recipients must also distribute a press release after grant decisions are made at SGC's Public Council Meeting and are encouraged to do so for other major milestones throughout the lifecycle of the grant. All press releases must be approved by SGC Communications Office prior to distribution and SGC must be alerted and invited to participate in any and all press conferences related to the award.
- (e) AHSC **Recipients** are required to prepare one or more two-to-four-page documents that provide a summary of the Project components and tell the story of the AHSC proposal development process and/or implementation. All such materials must be approved by SGC Communications Office prior to distribution. These materials will be displayed on SGC website.
- (f) AHSC Applicants and **Recipients** are encouraged to use social media to share the process of creating an AHSC proposal and to inform the throughout implementation. @CalSGC, @California_HCD, and @CAClimateInvest should be tagged on all posts related to the AHSC grant. Use of the hashtags #AHSC, #AffordableHousing, and #SustainableCommunities is encouraged.

AHSC IMPLEMENTATION AND MUTUAL INDEMNITY AGREEMENT

THIS AHSC IMPLEMENTATION AND MUTUAL INDEMNITY AGREEMENT (the "Agreement") is made and entered into as of June 8, 2021 between the San Francisco Bay Area Rapid Transit District, a rapid transit district pursuant to Public Utilities Code Section 28500 et seq., ("District"), and BRIDGE Housing Corporation, a California nonprofit public benefit corporation ("Developer," and collectively with the District, the "Parties," or individually, a "Party") upon the basis of the following facts, understanding and intentions of the parties:

A. The State of California, the Strategic Growth Council ("SGC") and the Department of Housing and Community Development ("HCD") issued a Notice of Funding Availability dated February 26, 2021 (the "AHSC NOFA"), under the Affordable Housing and Sustainable Communities ("AHSC") Program established under Division 44, Part 1 of the Public Resources Code, commencing with Section 75200.

B. Developer and City and County of San Francisco, as co-applicants, are applying for AHSC Funds in response to the AHSC NOFA to provide funding for (A) construction of the Balboa Reservoir Building E affordable housing project in San Francisco, CA (the "Housing Project"); (B) the provision of certain sustainable transportation infrastructure by the District (the "BART STI Improvements"); (C) the construction of certain transportation-related amenities by the District (the "BART TRA Improvements"); (D) the construction of certain transportation-related improvements to be constructed by other parties ("Non-BART Transportation Projects"), and (E) certain costs related to purchase of SF MUNI "A" transit passes for residents and other programs (the "AHSC Programs"). These improvements are described in more detail in the final application to be submitted by June 8, 2021 (collectively, the "AHSC Application").

C. The AHSC Application seeks an award to the Developer in an aggregate amount of up to \$30,000,000 in AHSC Funds consisting of: (A) \$19,610,404 of AHSC loan Funds for a permanent loan ("AHSC Loan") which will be disbursed to a to-be-formed limited partnership (the "Partnership"), for construction of the Housing Project; (B) \$5,034,634 of the AHSC grant funds for the purpose of reimbursing the cost of the BART STI Improvements; (C) \$1,300,000 of AHSC grant funds for the purpose of reimbursing the cost of the BART TRA Improvements; (D) \$3,386,707 of AHSC grant funds for the purpose of reimbursing the cost of the Non-BART Transportation Projects; and (E) \$253,480 of AHSC grant funds for reimbursing the costs of the AHSC Grants." The AHSC Programs. The AHSC Grants are collectively referred to herein as the "AHSC Financing."

D. The District and Developer are required to enter into this Agreement in order to comply with the specific AHSC Program Threshold Requirement stated in Section 106(a)(12) of the 2021 AHSC Program Guidelines dated February 24, 2021 (the "Transportation Agency Prior Experience Threshold Requirement"). This section of the guidelines dictates that applicants must demonstrate prior experience by providing evidence of at least two prior projects that are similar to the proposed AHSC project in scope and size, which have been completed by the applicant, or joint applicant, during the ten (10) years preceding the application due date. This section of the guidelines also states that the applicants may demonstrate the requisite experience by using the past experience of work completed of a non-applicant so long as the applicants can provide an executed agreement with that specific non-applicant for the completion of the related work in the

AHSC Application for which funding is sought. The purpose of this Agreement is to, amongst other things, comply with the Transportation Agency Prior Experience Threshold Requirement.

E. The District is a non-applicant, but, as set forth herein, will have obligations to perform the following specific BART STI Improvements and BART TRA Improvements, included in the AHSC Application (collectively, the "Transit Obligations"):

- 1. BART STI Improvements: Purchase of two new capacity-increasing heavy rail cars to extend the length of trains, increase the number of trains operating through the Transbay Tube during peak, and maximize throughput capacity across the BART network.
- 2. BART TRA Improvements: BART will install 20 Next Generation Fare Gates at Balboa Park BART Station as part of an effort to upgrade all fare gates throughout its system. The Next Generation Fare Gate design incorporates a tall, swing-style gate with improved passenger throughput and maintainability, and a more modern appearance.

F. The District owns the property on which the TRA Improvements will be constructed, and thus has sufficient "site control" as that term is defined in the AHSC Program Guidelines.

G. The District can demonstrate prior experience and provide evidence of at least two prior projects that are similar in scope and size which have been completed during the ten (10) years preceding June 8, 2021. Below is a list of these projects:

- 1. STI: Rail Car Procurement Program: On May 10, 2012, the Board of Directors authorized the award of a contract to Bombadier Transit Corporation for the procurement of new rail cars. BART has replaced 296 of its rail cars as of March 2021 as part of an overall program to not only replace but expand its fleet.
- 2. TRA: Concord BART Station Plaza Improvements: An upgrade of the exterior public spaces surrounding the Concord BART station entrance for a more context-sensitive design that improves the safety and livability of the station area. The project improved multimodal transfer waiting areas and enhanced pedestrian and bicycle connections to surrounding neighborhoods. Areas improved included the existing plaza and pedestrian paseo to the west of the station, bus transfer area, station entrance and ticket vending area, and pedestrian connections east of the station. Completion date: July 27, 2018.

H. Subject to receipt of an award of the AHSC Financing, the District shall be responsible for completing the Transit Obligations, and for all costs and expenses related thereto, and Developer shall be responsible for constructing and developing the Housing Project and for providing the AHSC Programs, subject to the closing of all financing necessary for such construction and development (together, the "Developer Obligations"), and for all costs and expenses related thereto. In connection with the AHSC Grants and AHSC Loan, Developer is required to enter into standard agreements, reimbursement agreements, and regulatory

agreements with HCD where Developer will be liable for the full and timely performance by the parties to complete the obligations set forth therein, including completion of the Developer Obligations, Transit Obligations, and Non-BART Transportation Projects, as described in the AHSC Application. The AHSC Application and all standard agreements, reimbursement agreements, regulatory agreements and any other agreements required by HCD in connection with the AHSC Financing and executed by Developer shall be collectively referred to herein as the "AHSC Documents."

I. The District and Developer each acknowledge and agree that the inability or failure by either party to fully and timely complete each party's respective improvements required by the AHSC Documents may affect the timing and right of the other party to receive reimbursement of AHSC funds due the other party notwithstanding the other party's full and timely performance of its obligations.

NOW, THEREFORE, in consideration of the recitals, covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

AGREEMENT

1. <u>Obligations</u>. The District shall, in its sole responsibility, complete the Transit Obligations in accordance with the terms of the AHSC Documents and the approved design and construction documents and in accordance with the terms of this Agreement. The Developer shall, in its sole responsibility, complete the Developer Obligations in accordance with the terms of the AHSC Documents and the approved design and construction documents. Each Party will provide the other Party with copies of all requisitions for work related to their respective work, the notice of completion, and other documents related to their respective work that another party may reasonably request.

2. District Indemnity. District is responsible for carrying out the Transit Obligations using AHSC grant proceeds in accordance with the AHSC Documents, including, but not limited to, any disbursement deadlines contained therein. District shall indemnify, defend, and hold harmless Developer, and its affiliates, directors, officers, partners, members, agents and employees (each, an "Developer Indemnified Party") against any and all claims, actions, suits, causes of action, losses, liabilities, injuries, costs, damages, or expenses (collectively, "Claims"), including, without limitation, any loss, liability, damage, or expense, court costs and attorneys' fees, arising out of or in connection with the District's performance of or failure to perform its obligations to complete the Transit Obligations or otherwise comply with the District's obligations under the AHSC Documents in the manner and within the time periods set forth in the AHSC documents. However, in no event shall the Developer Indemnified Party be indemnified hereunder for any Claims to the extent said Claims result from such party's gross negligence or willful misconduct. District agrees to pay all of the Developer Indemnified Party's costs and expenses, including reasonable attorneys' fees, which may be incurred in any effort to enforce any term of this Agreement, including, but not limited to, all such costs and expenses which may be incurred by any Developer Indemnified Party in any legal action, reference or arbitration proceeding brought by HCD or other third party.

3. Developer Indemnity. Developer is responsible for carrying out the Developer Obligations using AHSC grant proceeds and AHSC Loan funds in accordance with the AHSC Documents, including, but not limited to, any disbursement deadlines contained. Developer shall indemnify, defend, protect, and hold harmless the District and its affiliates, directors, officers, partners, members, agents and employees (each, an "District Indemnified Party") against any and all Claims, including, without limitation, any loss, liability, damage or expense, court costs and attorneys' fees, arising out of or in connection with Developer's performance of or failure to perform its Developer Obligations to complete construction and development of the Housing Development, in the manner and within the time periods, and to otherwise perform any covenants, set forth in the AHSC Documents. However, in no event shall the District Indemnified Party be indemnified hereunder for any Claims to the extent said Claims result from party's gross negligence or willful misconduct. Developer agrees to pay all of the costs and expenses of the District Indemnified Party, including reasonable attorneys' fees, which may be incurred in any effort to enforce any term of this Agreement, including, but not limited to, all such costs and expenses which may be incurred by any District Indemnified Party in any legal action, reference or arbitration proceeding brought by HCD or other third party.

4. <u>Schedule of Performance; Progress Reports</u>. Developer and District shall comply with the schedule of performance set forth in Exhibit A attached hereto for the completion of their respective obligations hereunder (the "Schedule of Performance"). The District and Developer agree to give the other Party a written quarterly status report on the progress toward the milestones listed in Exhibit A, i.e., the Developer will report on the Developer's progress on the Housing Project and HRI Improvements and the District will report on the District's progress on the BART STI Improvements and BART TRA Improvements. If any Party anticipates not meeting the targeted construction and grant disbursement milestones as established in the AHSC Documents, that Party will promptly notify the other Party in writing and will meet with the other Party to discuss the reasons why the milestone dates may not be met and what actions the delayed Party intends to take to meet the milestones or otherwise rectify the work schedule in order to maintain good standing with the terms and conditions established in the AHSC Documents.

5. <u>Delegation</u>. Notwithstanding the obligations of each Party under this Agreement, each Party shall be entitled to <u>enter</u> into sub-agreements with each other or with other parties to provide any assistance or services needed for each Party to perform its obligations under this Agreement and the AHSC Documents.

6. <u>Disbursement of AHSC Grant Funds</u>. Developer and District agree that the costs of the Developer Obligations shall be reimbursed to Developer from the AHSC Financing. Developer and District also agree that the costs for the Transit Obligations shall be reimbursed to the District from the AHSC Grants, up to the amounts set forth in Recital C of this Agreement.

7. <u>Cost Overruns</u>. Developer shall be responsible for paying all costs required to complete the Developer Obligations, irrespective of whether such costs exceed the AHSC Loan. District shall be responsible for paying all costs required for the Transit Obligations, irrespective of whether such costs exceed the portion of the AHSC Grant designated for the Transit Obligations and set forth in Recital C.

8. <u>Billing and Payment Procedure:</u> The District shall submit to Developer all reimbursement requests in the form of monthly invoices for the costs associated with the Transit Obligations. Invoices will include backup documentation as required by HCD. Developer shall submit corresponding reimbursement requests to HCD within 15 days of receipt of District's invoice (or such later date as may be required by HCD, but in any event within 45 days after receipt of the District's invoice) and disburse to the District any such funds received from HCD within 7 days of receipt. Failure of the Developer to timely submit the District reimbursement requests to HCD or to immediately disburse any funds received from HCD for the Transit Obligations to the District shall be a default under this Agreement and shall excuse the District from performance of the applicable portion of the Transit Obligations. In no event will the District's invoices submitted to the Developer exceed \$6,334,634.

9. <u>Implementation Agreements</u>. In the event a grant award is received from AHSC, District and the Developer recognize that each Party may need additional assurances from the other Party (including assurances for the Housing Project's lenders and investors) regarding the AHSC Grant and AHSC Loan before commencement of construction of the Housing Project and the Transit Obligations. The Parties agree to cooperate with each other to reach mutual agreement on amendments to this Agreement, other implementation agreements or estoppel certificates necessary to provide reasonable assurances and indemnifications related to the disbursement of AHSC Grant funds. The Parties recognize that any such amendments to this Agreements may require approval of the District's Board of Directors and the Developer's Board of Directors.

10. <u>Notices</u>. Formal notices, demands, and communications between the parties shall be sufficiently given if, and shall not be deemed given unless, dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered by express delivery service, return receipt requested, or delivered personally, to the principal office of the Parties as follows:

District:	Sean Brooks Director, Real Estate & Property Development BART 2150 Webster St., 9 th floor Oakland, CA 94612 510-464-6114 <u>sbrook1@bart.gov</u>
Developer:	Brad Wiblin BRIDGE Housing Corporation 600 California Street, Suite 900 San Francisco, CA 94108

415-989-1111

11. <u>Events of Default</u>. The occurrence of any of the following events shall constitute an Event of Default under this Agreement:

(a) A Party fails to perform any of its obligations under this Agreement, and does not cure, or take reasonable action to begin to cure, such failure within 30 days after written notice of such failure has been delivered to the defaulting Party in accordance with Section 10 above; or

(b) A Party purports to revoke this Agreement or this Agreement becomes ineffective for any reason.

12. <u>Termination</u>. This Agreement shall terminate upon the earlier of: (i) completion of all obligations under the AHSC Documents; or (ii) mutual agreement of the Parties hereto.

13. <u>Third Party Beneficiary</u>. The Partnership shall be a third party beneficiary of this Agreement and shall be entitled to the rights and benefits hereunder and may enforce the provisions hereof as if it were a party to this Agreement.

14. <u>Assignment</u>. District hereby acknowledges and approves the assignment by Developer of its obligations hereunder to the Partnership, in which event Developer shall be released of all obligations hereunder, and assignment by the Developer and the Partnership to the Housing Project's senior lender ("Construction Lender") of all of their respective right, title and interest in, to and under the Agreement (the "Collateral") as collateral security for the Partnership's obligations to Construction Lender under, and in connection with Construction Lender's loan to the Partnership. In the event Construction Lender forecloses upon the Collateral, District hereby agrees that Construction Lender shall have all of Developer's rights and interests under the Agreement. Construction Lender is hereby made an express third party beneficiary of this Section 14, and the parties hereto shall not amend, modify or terminate the Agreement without Construction Lender's express written consent.

15. <u>Miscellaneous</u>.

(a) Nothing in this Agreement shall be construed to limit any claim or right which any Party may otherwise have at any time against an Indemnitor or any other person arising from any source other than this Agreement, including any claim for fraud, misrepresentation, waste, or breach of contract other than this Agreement, and any rights of contribution or indemnity under any federal or state environmental law or any other applicable law, regulation, or ordinance.

(b) If any Party delays in exercising or fails to exercise any right or remedy against a Party, that alone shall not be construed as a waiver of such right or remedy. All remedies of any Party against the other Party are cumulative.

(c) This Agreement shall be binding upon and inure to the benefit of each of the Parties hereto and their respective representatives, heirs, executor, administrators, successors, and assigns. This Agreement may not be amended except by a written instrument executed by the Parties hereto.

(d) This Agreement shall be deemed to have been delivered and accepted in the State of California and governed exclusively by the internal substantive laws of the State of California as the same may exist at the date hereof. The Parties hereto agree that any action hereon between the parties and their successors in interest may be maintained in a court of competent jurisdiction located in the State of California, and consent to the jurisdiction of any such California court for the purposes connected herewith.

(e) Each Party hereto intends that this Agreement shall not benefit or create any right or cause of action in or on behalf of any person other than the Parties hereto.

(f) This Agreement may be executed in multiple counterpart copies, any one of which when duly executed, with all formalities hereof, shall be fully binding and effective as the original of this Agreement.

(g) This Agreement shall be effective as of the date first written above, provided however that in the event that the parties do not receive an award of the AHSC Funds, this Agreement shall automatically terminate and be of no further force or effect.

MEMORANDUM FOR: ALL POTENTIAL APPLICANTS

FROM:

Jennifer Seeger, Deputy Director

SUBJECT: Affordable Housing and Sustainable Communities Program Notice of Funding Availability

The California Strategic Growth Council (SGC) and the California Department of Housing and Community Development (Department) are pleased to announce the release of this Notice of Funding Availability (NOFA) with approximately \$405 million in funds for the Affordable Housing and Sustainable Communities (AHSC) program. This funding provides loans and grants to developers, non-profits, cities, counties, transit agencies, and Native American Tribes. The AHSC program furthers the purposes of AB 32 (Chapter 488, Statues of 2006), SB 375 (Chapter 728, Statutes of 2008), and SB 32 (Chapter 249, Statutes of 2016) in that the purpose of the AHSC program is to reduce greenhouse gas (GHG) emissions through projects implementing land-use, housing, transportation, and agricultural land preservation practices to support infill and compact development, while supporting related and coordinated public policy objectives. Funding for the AHSC program is provided from the Greenhouse Gas Reduction Fund (GGRF), an account established to receive Cap-and-Trade auction proceeds.

The AHSC program is part of California Climate Investments (CCI), a statewide program funded through the GGRF that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities.

Application materials must be submitted electronically via the Financial Assistance Application Submittal Tool (FAAST) system no later than 5:00 p.m. Pacific Daylight Time on Tuesday, June 8, 2021. The Department will no longer accept hardcopy submittals.

AHSC program application forms, webinar details, and related program information is available at <u>http://sgc.ca.gov/programs/ahsc/</u> and <u>http://www.hcd.ca.gov/grants-funding/active-funding/ahsc.shtml</u>. To receive information on workshops and other updates, please <u>subscribe</u> to the Department's listserv for the AHSC program. If you have questions, please contact the SGC's AHSC team at <u>ahsc@sgc.ca.gov</u>.

I. Overview

A. Notice of Funding Availability

The Strategic Growth Council (SGC) and the California Department of Housing and Community Development (Department) hereby announce the availability of approximately \$405 million in funding for the Affordable Housing and Sustainable Communities (AHSC) program. The AHSC program is administered by SGC and implemented by the Department. The California Air Resources Board (CARB) provides the quantification methodology for determining the greenhouse gas (GHG) emissions reductions for the AHSC program.

These AHSC program funds will be used for loans or grants, or a combination thereof, to projects that will achieve GHG emissions reductions to benefit all California communities, particularly through increasing accessibility to affordable housing, and key destinations via low-carbon transportation resulting in fewer vehicle miles traveled through shortened or reduced trip length or mode shift from single occupancy vehicle use to transit, bicycling, or walking.

B. Timeline

NOFA Release	February 26, 2021
Application Due Date	June 8, 2021
Award Announcement	October 28, 2021

C. Authorizing Legislation and Regulations (Regulatory Authority)

The AHSC program furthers the purposes of <u>AB 32</u> (Chapter 488, Statutes of 2006), <u>SB 375</u> (Chapter 728, Statutes of 2008), and <u>SB 32</u> (Chapter 249, Statutes of 2016). Available funds are subject to the AHSC program Guidelines approved by the SGC February 24, 2021, or as amended (Guidelines). The Guidelines include detailed information on eligibility requirements, application selection criteria, established terms, conditions, and procedures for funds awarded under AHSC. The Guidelines are available at <u>http://www.sgc.ca.gov/programs/ahsc/resources/</u>.

Applicants are responsible for complying with the AHSC program requirements set forth in the Guidelines, this NOFA, and the application materials. Applicants are encouraged to carefully review the Guidelines and information contained in this NOFA before submitting applications.

II. Program requirements

The following is provided as a summary and is not to be considered a complete representation of the entirety of the eligibility, threshold, or other requirements or terms and conditions of the AHSC program. Please note that capitalized words may be defined terms and can be found in the program Guidelines. Please refer to the Guidelines for complete information.

A. Eligible Applicants

Applicants must be eligible pursuant to Guidelines Section 105, Eligible Applicants.

Please note: A special purpose entity, which is formed and controlled by the Developer, and which will serve as the ultimate borrower of AHSC loan funds, is not an Eligible Applicant, but may be named in the portion of the application that requests the name of the ultimate borrower.

B. Eligible Projects

Eligible projects must fall into one of the following three eligible Project Area types:

- Transit Oriented Development (TOD) Project Area type
- Integrated Connectivity (ICP) Project Area type
- Rural Innovation Project Area (RIPA) type

For a detailed list of all eligible costs, please refer to Guidelines Section 103, Eligible costs.

C. Program funding amounts and terms

- **1. AHSC program funding award maximum:** The maximum AHSC program loan or grant award, or combination thereof, is \$30 million with a minimum award of \$1 million.
- 2. AHSC program funding developer maximum: A single Developer may receive no more than \$60 million per NOFA funding cycle. This limitation may be waived by SGC if necessary, to meet statutory requirements referenced in Guidelines Section 108.
- **3. Terms of assistance:** Assistance terms and limits are set forth in Guidelines Section 104, Assistance terms and limits. Loans for rental Affordable Housing Developments are subject to requirements set forth in Guidelines Section 104(b). Grants are subject to the terms and requirements set forth in Guidelines Section 104(c).

D. Threshold

In addition to meeting the requirements of the Guidelines as described in paragraphs A, B, and C above, Applicants and projects are also required to meet the program threshold requirements found in Section 106 of the Guidelines.

E. Rating and ranking

Applications will be scored according to Guidelines Section 107, Scoring Criteria. AHSC program funds will be allocated through a competitive process, based on the merits of the application, as detailed in Section 108.

III. Application submission and review procedures

Applications must meet eligibility requirements upon submission. Modification of the application forms by the Applicant is prohibited. It is the Applicant's responsibility to ensure the application is clear, complete, and accurate. After the application deadline, Department staff may request clarifying information, provided such information does not affect the competitive rating of the application. No information, whether written or oral, will be solicited or accepted if this information would result in a competitive advantage to an Applicant or a disadvantage to other Applicants. No Applicant may appeal the evaluation of another Applicant's application.

The AHSC program application forms, workshop details, and related program information will be available at <u>http://sgc.ca.gov/programs/ahsc/resources/</u> or <u>http://www.hcd.ca.gov/grants-funding/active-funding/ahsc.shtml</u>. To receive information on workshops and other updates, please subscribe to the Department's listserv for the AHSC program. Application materials will be posted at <u>http://www.hcd.ca.gov/grants-funding/active-funding/ahsc.shtml</u> prior to NOFA workshops. Questions may be directed to the AHSC program at <u>ahsc@hcd.ca.gov</u> or ahsc@sgc.ca.gov

A. Financial Assistance Application Submittal Tool (FAAST) Application Components

Complete applications must include the following components:

1. AHSC Application Workbook

All applicants must complete and submit the AHSC Application Workbook.

2. AHSC Benefits Calculator Tool

All applicants must complete and submit the AHSC Benefits Calculator Tool to meet requirements referenced in Guidelines Section 106 and Estimated GHG Emissions Reductions Scoring in Section 107.

3. Electronic FAAST submission

Application materials will be submitted electronically via the FAAST system. Requirements for uploading the AHSC Application Workbook and required supporting documentation and identified naming conventions are described in the application instructions available at <u>http://www.hcd.ca.gov/grants-funding/nofas.shtml</u>. Applicants must upload all application materials to the <u>FAAST</u> system.

B. Electronic document submittal

Application materials must be submitted electronically via the FAAST system no later than 5:00 p.m. Pacific Daylight Time on **June 8, 2021.** The Department will no longer accept hardcopy submittals.

Personal deliveries will not be accepted. No facsimiles, incomplete applications, application revisions, or walk-in application packages will be accepted.

C. Application review

1. Phase One

Application completeness and satisfaction of threshold criteria described in the Guidelines will be confirmed. Please note, the threshold review for financial feasibility criteria in this phase consists of only verification of documentation completeness, not an evaluation of the material facts. The complete financial feasibility review will take place in Phase Three. Phase One is a pass/fail stage and Applicants will receive notification of their status upon completion of threshold reviews with a five-day opportunity to appeal the findings of the reviews.

2. Phase Two

Quantitative policy criteria and AHSC Greenhouse Gas Quantification Methodology (GHG QM) will be evaluated for proposals that have met the requirements of Phase One. An initial score letter will be provided to applicants with a five-day opportunity to appeal the findings of the reviews. AHSC staff will review appeal responses and revise scores where appropriate. Applicants who score less than 50 percent of the total Quantitative Policy criteria and GHG QM points will not be eligible to move forward. The final score letter will include notification of application status.

3. Phase Three

An interagency team will review the narrative section of applications, which have scored 50 percent or higher in Phase Two. During Phase Three, an indepth evaluation of the project's financial feasibility will be performed.

D. Application Workshops

AHSC program staff will conduct application webinars and pre-application virtual consultations for the Round 6 application submissions. AHSC webinar details and related program information will be posted on the SGC <u>website</u>. Appointments are required for pre-application consultations. Appointment requests and questions should be directed to <u>ahsc@sgc.ca.gov</u>.

E. Disclosure of Application

Information provided in the application will become a public record available for review by the public, pursuant to the California Public Records Act (Chapter 1473, Statutes of 1968). As such, any materials provided will be disclosable to any person making a request under this Act. The Department cautions applicants to use discretion in providing information not specifically requested, including but not limited to, bank account numbers, personal phone numbers, and home addresses. By providing this information to the Department, the applicant is waiving any claim of confidentiality and consents to the disclosure of submitted material upon request.

IV. Appeals

A. Basis of appeals

- Upon receipt of the Department's notice that an application has been determined to be incomplete, ineligible, fail threshold review, or have a reduction to the initial point score, Applicants under this NOFA may appeal such decision(s) to the Department pursuant to this section.
- 2. No Applicant shall have the right to appeal a decision of the Department relating to another Applicant's eligibility, point score, award, denial of award, or any other matter related thereto.
- The appeal process provided herein applies solely to decision of the Department made in this program NOFA and does not apply to any decisions made with respect to any previously issued NOFAs or decisions to be made pursuant to future program NOFAs.

B. Appeal process and deadlines

1. Process: To file an appeal, Applicants must submit to the Department, by the deadline set forth below, a written appeal, which states all relevant facts, arguments, and evidence upon which the appeal is based. Furthermore, the Applicant must provide a detailed reference to the area or areas of the application that provide clarification and substantiation for the basis of the appeal. No new or additional information will be considered if this information would result in a competitive advantage to an Applicant. Once the written appeal is submitted to the Department, no further information of materials will be accepted or considered thereafter. Appeals are to be

submitted to the Department at <u>ahsc@hcd.ca.gov</u> according to the deadline set forth in Department review letters.

2. Filing deadline: Appeals must be received by the Department no later than five business days from the date of the Department's threshold review letters, or initial score letters, representing the Department's decision made in response to the application.

C. Decision

Any request to appeal the Department's decision regarding an application shall be reviewed for compliance with the AHSC Guidelines <u>https://sgc.ca.gov/programs/ahsc/resources/guidelines.html</u> and this NOFA. All decisions rendered shall be final, binding, and conclusive, and shall constitute the final action of the Department.

V. Award Announcements and Contracts

A. Award Announcements

Award recommendations will be posted with SGC Meeting materials at <u>http://www.sgc.ca.gov/meetings</u> ten days prior to the SGC public meeting.

B. Contracts

Successful Applicants (awardee(s)) will enter into one or more Standard Agreements with the Department. The Standard Agreement contains all the relevant state and federal requirements, as well as specific information about the award and the work to be performed. The Standard Agreements will expressly cross-default all components of the award to one another.

VI. Other State Requirements

A. Article XXXIV

All projects shall comply with Article XXXIV, Section 1 of the California Constitution, as clarified by the Public Housing Election Implementation Law (HSC Section 37000 - 37002). Article XXXIV documentation for loans underwritten by the Department shall be subject to review and approval by the Department prior to the announcement of award recommendations.

Article XXXIV requires local voter approval before any state public body can develop, construct, or acquire a low-rent housing project in any manner. However, the Public Housing Election Implementation Law (HSC Section 37000 – 37002) provides clarification as to when Article XXXIV is applicable. Health & Safety Code (HSC) Section 37001, for example, lists a number of project types that are not considered "low-rent housing projects." Applicants must submit documentation that shows the project's compliance with or exemption from Article XXXIV. If a project is subject to Article XXXIV, the Department requires an allocation letter from the locality that shows that there is Article XXXIV authority for the project. A local government official with authority should prepare the allocation letter, and it should include the following:

- 1. The name and date of the proposition and the number of units that were approved;
- 2. A copy of the referendum and a certified vote tally;
- 3. The number of units that remain in the locality's "bank" of Article XXXIV authority (i.e., the number of units that are still available for allocation); and
- 4. The number of units that the locality will commit to this project, including the manager unit.

If a project is statutorily exempt from Article XXXIV, the Department requires an Article XXXIV opinion letter from the Applicant's legal counsel. The Article XXXIV opinion letter must demonstrate that the Applicant has considered both the legal requirements of Article XXXIV and the relevant facts of the project (e.g., all funding provided by public bodies, including state, county, or city sources, the number of low-income restricted units, and the general content of any regulatory restrictions). Any conclusion that a project is exempt from Article XXXIV must be supported by facts and a specific legal theory for exemption that itself is supported by the Constitution, statute, and/or case law.

B. Relocation

The Applicant must comply with Government Code Section 7260 et seq., the California Code of Regulations, title 25, Section 6000 et seq., and, if applicable, 49 CFR Part 24 of the Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs (URA) (collectively referred to herein as Relocation or Relocation Law).

Failure to comply with applicable Relocation requirements will result in rejection of the application and disencumbrance of any awards made to the Project.

C. Pet Friendly Housing Act of 2017

Housing funded through the AHSC program is subject to the Pet Friendly Housing Act of 2017 (HSC §50466). Each Awardee is required to submit a signed and dated certification that residents of the AHSC funded housing development will be authorized to own or otherwise maintain one or more common household pets.

D. State Prevailing Wages

Program funds awarded under this NOFA are subject to State prevailing wage law, as set forth in Labor Code Section 1720 et seq., and require the payment of prevailing wages unless the project meets one of the exceptions of Labor Code 1720 (c) as determined by the Department of Industrial Relations. **Applicants are urged to seek professional advice as to how to comply with State prevailing wage law.**

VII. Other Terms and Conditions

A. Right to Modify or Suspend

The Department reserves the right, at is sole discretion, to suspend, amend, or modify the provisions of this NOFA at any time, including without limitation, the amount of funds available hereunder. If such an action occurs, the Department will notify all interested parties <u>via listserv</u> and will post the revisions to the AHSC website. Please be sure and subscribe at the listserv link.

B. Operating Subsidies

Must be committed, as evidenced by letters of intent, commitment letters, grant awards or subsidy contracts, or, if commitments are not available, other documentation such as a reservation or third-party letter stating the following: total subsidy and estimated first year allocation, date or expected date of award, and term (in years).

C. Project-based Rental Assistance

Project-based rental assistance does not need to be committed at time of application, but a fully executed contract will be required prior to loan closing. Projects having or proposing project-based rental assistance must provide documentation of current contract rents. Projects having or proposing project-based rental assistance shall fund a Transition Reserve in accordance with MHP Guidelines Section 7312(f)(2).

D. Conflicts

In the event of any conflict between the terms of this NOFA and either applicable state or federal law or regulation, the terms of the applicable state or federal law or regulation shall control.

October 14, 2021

MEMORANDUM FOR: ALL POTENTIAL APPLICANTS

FROM:

Jennifer Seeger, Deputy Direct July Division of State Financial Assistance

SUBJECT: Affordable Housing and Sustainable Communities Program Amended Notice of Funding Availability – Round 6

On February 26, 2021, the California Department of Housing and Community Development (HCD) announced the availability of approximately \$405 million in funds for the Affordable Housing and Sustainable Communities (AHSC) program. Then on July 27, 2021, California Strategic Growth Council (Council) staff recommended an increase of \$380 million in revenues from recent Greenhouse Gas Reduction Fund (GGRF) auctions to augment the current Notice of Funding Availability (NOFA). The Council approved the funding augmentation at their September 8, 2021 Council Meeting, which increased the total funding amount available in the AHSC NOFA to approximately \$785 million.

In addition, the Council approved an increase to the Developer maximum loan limit per funding cycle. The amended Developer maximum for this funding round shall be \$120 million pursuant to NOFA section II(C)(2), page 2. Amended NOFA language is shown in red text in the attached NOFA pages. Please see below for a summary of all updates:

- Program funding has been increased to \$785 million. Changes to the dollar amount can be found on page 1 of the NOFA; and
- Developer maximum loan limit per funding cycle has been updated to \$120 million. Changes may be found on page 2 of the NOFA.

Only those pages with amended language are included in this memo. Please refer to the February 26, 2021 NOFA for full programmatic requirements. Please note, no additional applications will be accepted under this augmented NOFA. Additional funding will be allocated to projects which submitted an application consistent with the deadlines established under the February 26, 2021 NOFA.

More information about the AHSC program information is available at <u>http://www.hcd.ca.gov/grants-funding/active-funding/ahsc.shtml</u>. To receive information on program updates, please <u>subscribe</u> at <u>https://www.hcd.ca.gov/HCD_SSI/subscribe-form.html</u> to HCD's listserv for the AHSC program. If you have questions, please contact the AHSC program <u>ahsc@hcd.ca.gov</u>

I. Overview

A. Notice of Funding Availability

The California Strategic Growth Council (SGC) and the California Department of Housingand Community Development (Department) hereby announce the availability of approximately \$785 million in funding for the Affordable Housing and Sustainable Communities (AHSC) program. The AHSC program is administered by SGC and implemented by the Department. The California Air Resources Board (CARB) provides the quantification methodology for determining the greenhouse gas (GHG) emissions reductions for the AHSC program.

These AHSC program funds will be used for loans or grants, or a combination thereof, to projects that will achieve GHG emissions reductions to benefit all California communities, particularly through increasing accessibility to affordable housing, and key destinations via low-carbon transportation resulting in fewer vehicle miles traveled through shortened or reduced trip length or mode shift from single occupancy vehicle use to transit, bicycling, or walking.

B. Timeline

NOFA Release	February 26, 2021 Amended October 12, 2021
Application Due Date	June 8, 2021
Award Announcement	January 26, 2022

C. Authorizing Legislation and Regulations (Regulatory Authority)

The AHSC program furthers the purposes of Assembly Bill (<u>AB) 32</u> (Chapter 488, Statutes of 2006), Senate Bill (<u>SB) 375</u> (Chapter 728, Statutes of 2008), and <u>SB 32</u> (Chapter 249, Statutes of 2016). Available funds are subject to the AHSC program Guidelines approved by the SGC February 24, 2021, or as amended (Guidelines). The Guidelines include detailed information on eligibility requirements, application selection criteria, established terms, conditions, and procedures for funds awarded under AHSC. The Guidelines are available at http://www.sgc.ca.gov/programs/ahsc/resources/.

Applicants are responsible for complying with the AHSC program requirements set forth in the Guidelines, this NOFA, and the application materials. Applicants are encouraged to carefully review the Guidelines and information contained in this NOFA before submitting applications.

II. Program requirements

The following is provided as a summary and is not to be considered a complete representation of the entirety of the eligibility, threshold, or other requirements or terms and conditions of the AHSC program. Please note that capitalized words may be defined terms and can be found in the program Guidelines. Please refer to the Guidelines for complete information.

A. Eligible Applicants

Applicants must be eligible pursuant to Guidelines Section 105, Eligible Applicants.

Please note: A special purpose entity, which is formed and controlled by the Developer, and which will serve as the ultimate borrower of AHSC loan funds, is not an Eligible Applicant, but may be named in the portion of the application that requests the name of the ultimate borrower.

B. Eligible Projects

Eligible projects must fall into one of the following three eligible Project Area types:

- Transit Oriented Development (TOD) Project Area type
- Integrated Connectivity (ICP) Project Area type
- Rural Innovation Project Area (RIPA) type

For a detailed list of all eligible costs, please refer to Guidelines Section 103, Eligible costs.

C. Program funding amounts and terms

- **1. AHSC program funding award maximum:** The maximum AHSC program loan or grant award, or combination thereof, is \$30 million with a minimum award of \$1 million.
- 2. AHSC program funding developer maximum: A single Developer may receive no more than \$120 million per NOFA funding cycle. This limitationmay be waived by SGC if necessary, to meet statutory requirements referenced in Guidelines Section 108.
- **3. Terms of assistance:** Assistance terms and limits are set forth in Guidelines Section 104, Assistance terms and limits. Loans for rental Affordable Housing Developments are subject to requirements set forth in Guidelines Section 104(b). Grants are subject to the terms and requirements set forth in Guidelines Section 104(c).

DEPARTMENT OF HOUSING and COMMUNITY DEVELOPMENT DIVISION OF STATE FINANCIAL ASSISTANCE 2020 W. El Camino Avenue, Suite 670, 95833 P. O. Box 952054 Sacramento, CA 94252-2054 (916) 263-2771 www.hcd.ca.gov

February 4, 2022

Smitha Seshadri, Senior Vice President BRIDGE Housing Corporation 600 California Street, Suite 900 San Francisco, CA 94108 Eric D. Shaw, Director, Mayor's Office of Housing and Community Development City and County of San Francisco 1 South Van Ness Avenue San Francisco, CA 94103

RE: Award Announcement – AHSC Program, Round 6, FY 2019-20 & FY 2020-21 PIN 47764 – Balboa Reservoir

Dear Smitha Seshadri and Eric D. Shaw:

The California Department of Housing and Community Development (Department) and the Strategic Growth Council are pleased to announce that Balboa Reservoir has been awarded an Affordable Housing and Sustainable Communities (AHSC) program award in the amount of \$29,585,486. This letter constitutes notice of the award as approved by the Strategic Growth Council on January 26, 2022 of the following AHSC program funds:

AHSC Program Loa	<i>n</i> Funds
Amount Awarded	\$19,610,404
Contract Number	21-AHSC-17011

AHSC Program Grai	<i>nt</i> Funds
Amount Awarded	\$9,975,082
Contract Number	21-AHSC-17012

The Department intends to issue a Standard Agreement within 90 days of receipt of the documentation required to execute this contract. An AHSC program representative will be in communication with you within a week to discuss and confirm any documents needed.

Congratulations on a successful application. For further information, please contact Craig Shields, Branch Chief, Program Design and Implementation – Climate Change, at (916) 823-6054 or <u>Craig.Shields@hcd.ca.gov</u>.

Sincerely,

Jennifer Seeger Deputy Director Division of State Financial Assistance

AMENDED IN COMMITTEE 7/29/2020 ORDINANCE NO. 142-20

- 1 [Development Agreement - Reservoir Community Partners, LLC - Balboa Reservoir Project] 2

0	
3	Ordinance approving a Development Agreement between the City and County of San
4	Francisco and Reservoir Community Partners, LLC, for the Balboa Reservoir Project (at
5	the approximately 17.6-acre site located generally north of the Ocean Avenue
6	commercial district, west of the City College of San Francisco Ocean Campus, east of
7	the Westwood Park neighborhood, and south of Archbishop Riordan High School),
8	with various public benefits, including 50% affordable housing and approximately 4
9	acres of publicly accessible parks and open space; making findings under the
10	California Environmental Quality Act, findings of conformity with the General Plan, and
11	with the eight priority policies of Planning Code, Section 101.1(b), and findings of
12	public convenience, necessity, and welfare under Planning Code, Section 302;
13	approving development impact fees and waiving any conflicting provision in Planning
14	Code, Article 4, or Administrative Code, Article 10; confirming compliance with or
15	waiving certain provisions of Administrative Code, Section 6.22 and Chapters 14B, 23,
16	41B, 56, 82, and 83, Planning Code, Sections 169, 138.1, and 414A, 415, and 422, Public
17	Works Code, Section 806(d), Subdivision Code, Section 1348, and Health Code, Article
18	12C; and ratifying certain actions taken in connection therewith.
19	NOTE: Unchanged Code text and uncodified text are in plain Arial font.
20	Additions to Codes are in <u>single-underline italics Times New Roman font</u> . Deletions to Codes are in strikethrough italics Times New Roman font.
21	Board amendment additions are in <u>double-underlined Arial font</u> . Board amendment deletions are in strikethrough Arial font.
22	Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.
23	
24	Be it ordained by the People of the City and County of San Francisco:
25	///

1

Section 1. Project Findings. The Board of Supervisors makes the following findings:

2 3 (a) California Government Code Sections 65864 et seq. authorizes any city, county, or city and county to enter into an agreement for the development of real property within the

4 jurisdiction of the city, county, or city and county.

5 (b) Pursuant to California Government Code Section 65865, Chapter 56 of the San 6 Francisco Administrative Code ("Chapter 56") sets forth certain procedures for the processing 7 and approval of development agreements in the City and County of San Francisco (the 8 "City").

9 (c) The City, under the jurisdiction of the San Francisco Public Utilities Commission 10 (the "SFPUC"), owns approximately 17 acres of undeveloped land located in the City that is 11 located generally north of the Ocean Avenue commercial district, west of the City College of 12 San Francisco Ocean Campus, east of the Westwood Park neighborhood, and south of 13 Archbishop Riordan High School (the "Project Site"). The Project Site is currently used for 14 surface parking.

(d) In November of 2016 the City sent written notices of availability regarding the
 Project Site as required pursuant to California Government Code Section 52220 et.seq.

(e) On March 9, 2017, the City issued a Request for Proposals ("RFP") for the
disposition and development of the Project Site in accordance with the selection criteria
described in the RFP. In response to the RFP, the City evaluated proposals from nine
development teams, and selected a joint venture of BRIDGE Housing Corporation and
AvalonBay Communities, Inc. as the highest scoring proposer. The selected joint venture
formed Reservoir Community Partners, LLC, a Delaware limited liability company
("Developer"), to plan, develop, and execute the Project.

(f) The City and Developer entered into an Exclusive Negotiating Agreement on
 December 8, 2017 ("ENA") pursuant to which Developer, in coordination with the City, has

1 conducted pre-development evaluations and design studies of the Project Site and negotiated 2 the terms and conditions of a mixed income housing development of up to approximately 3 1,100 housing units, including approximately 550 units affordable to low- and moderateincome households, approximately 4 acres of publicly accessible open spaces (including 4 5 property immediately adjacent to the south of the Project Site that contains an SFPUC 6 underground pipeline and will remain under the ownership of the City and the jurisdiction and 7 control of the SFPUC), a childcare center serving approximately 100 children, a community 8 room, approximately 7,500 square feet of neighborhood serving retail space, 550 parking 9 spaces for use by residents and up to 450 parking spaces for use by the general public, in addition to new streets, sidewalks, sewer and water infrastructure, including an Auxiliary 10 11 Water Supply System, and bicycle and pedestrian facilities, located on the Project Site (the 12 "Project").

(g) Developer filed an application with the City's Planning Department for approval
of a development agreement relating to the Project (the "Development Agreement") under
Chapter 56. A copy of the Development Agreement is on file with the Clerk of the Board of
Supervisors in File No. 200423.

(h) Concurrently with this ordinance, the Board of Supervisors is taking a number of
actions in furtherance of the Project, as generally described in the Development Agreement,
including Exhibit E to the Development Agreement.

(i) While the Development Agreement is between the City, acting primarily through
the Planning Department, and Developer, other City agencies retain a role in reviewing and
issuing certain later approvals for the Project. Later approvals include all approvals required
under the Balboa Reservoir Special Use District ("SUD") or as otherwise set forth in the
Municipal Code, approval of subdivision maps and plans for horizontal improvements and
public facilities, design review and approval of new buildings, and acceptance of Developer's

dedications of horizontal improvements and parks and open spaces for City maintenance and
 liability under the Subdivision Code. As a result, affected City agencies have consented to the
 Development Agreement.

The Project is anticipated to deliver approximately 550 units of much needed 4 (j) 5 affordable housing and to generate approximately 460 construction jobs during construction 6 and an approximately \$1.7 Million annual increase in general fund revenues to the City. In 7 addition to the significant affordable housing, housing, jobs, transit-oriented development, and 8 economic benefits to the City from the Project, the City has determined that development of 9 the Project under the Development Agreement will provide additional benefits to the public 10 that could not be obtained through application of existing City ordinances, regulations, and policies. These additional public benefits include: (1) affordable housing contributions in 11 12 amounts exceeding those required pursuant to existing City ordinances, regulations, and 13 policies and that are intended to constitute approximately 50% of the total number of housing 14 units in the Project; (2) workforce obligations, including the payment of the prevailing rate of 15 wages in all elements of construction of the Project, significant training, employment, and 16 economic development opportunities, related to the development and operation of the Project; 17 (3) construction and maintenance of publicly accessible open space, totaling approximately 4 18 acres; (4) delivery of a child care facility for approximately 100 children; (5) a community 19 meeting room; (6) construction of new sewer and water infrastructure, including an Auxiliary 20 Water Supply System; and (7) construction of new public streets and rights-of-way including 21 vehicular, bicycle, and pedestrian improvements, and a Project design that prioritizes and 22 promotes travel by walking, biking, and transit for new residents, tenants, employees, and 23 visitors; all as further described in the Development Agreement. The Development 24 Agreement will eliminate uncertainty in the City's land use planning for the Project Site and 25 secure orderly development.

(k) Funding for construction of the public infrastructure in the Project will include
 special taxes under a community facilities district ("CFD") to be formed by Developer and the
 City, as more particularly described in the Financing Plan attached to the Development
 Agreement.

5

6 Section 2. Environmental Findings. On May 28, 2020, by Motion No. M-20730 the 7 Planning Commission certified as adequate, accurate, and complete the Final Environmental 8 Impact Report ("FEIR") for the Project pursuant to the California Environmental Quality Act 9 (California Public Resources Code Sections 21000 et seq.) ("CEQA"), the CEQA Guidelines (14 CCR Sections 15000 et seq.), and Administrative Code Chapter 31. Also, on May 28, 10 2020, by Motion No. M-20731, the Planning Commission adopted environmental findings, 11 12 including a rejection of alternatives and a statement of overriding considerations ("CEQA 13 Findings") and a Mitigation Monitoring and Reporting Program ("MMRP"). These Planning Commission Motions are on file with the Clerk of the Board in File No. 200423 and 14 15 incorporated herein by reference. In accordance with the actions contemplated in this 16 ordinance, the Board of Supervisors has reviewed the FEIR and related documents, and 17 adopts as its own and incorporates by reference herein the CEQA Findings, including the 18 statement of overriding considerations, and the MMRP.

19

20

Section 3. General Plan and Planning Code Findings.

(a) The Board of Supervisors will consider companion legislation concerning the
Balboa Reservoir Special Use District (the "SUD") that adopts public necessity findings under
Planning Code Section 302. The Board also will consider companion legislation that adopts
General Plan amendments and makes findings of consistency with the General Plan, as
proposed for amendment, and the eight priority policies of Planning Code Section 101.1(b).

Copies of the companion legislation are on file with the Clerk of the Board of Supervisors in
 File Nos. 200422 and 200635, respectively, and they are incorporated herein by reference.

3 (b) For purposes of this ordinance, the Board of Supervisors finds that the
4 Development Agreement will serve the public necessity, convenience, and general welfare
5 under Planning Code Section 302 for the reasons set forth in the companion legislation on the
6 SUD identified in subsection 3(a).

7 (c) For purposes of this ordinance, the Board of Supervisors finds that the
8 Development Agreement is in conformity with the General Plan, as proposed for amendment,
9 and the eight priority policies of Planning Code Section 101.1(b) for the reasons set forth in
10 the companion legislation on the General Plan amendments identified in subsection 3(a).

- 11
- 12

Section 4. Development Agreement.

(a) The Board of Supervisors approves all of the terms and conditions of the
Development Agreement, in substantially the form on file with the Clerk of the Board in File
No. 200423.

16 (b) The Board of Supervisors approves and authorizes the execution, delivery, and 17 performance by the City of the Development Agreement as follows: (1) the Director of 18 Planning and (other City officials listed thereon) are authorized to execute and deliver the 19 Development Agreement, with signed consents of those City departments, agencies, boards, 20 commissions, and bureaus that have disposition, subdivision or other permit, entitlement, or 21 approval authority or jurisdiction over development of the Project, or any improvement located on or off the Project Site, including the San Francisco Public Utilities Commission, San 22 23 Francisco Municipal Transportation Agency, Department of Public Works, and Fire Department; and (2) the Director of Planning, the General Manager of the San Francisco 24 Public Utilities Commission, the Director of the Mayor's Office of Housing and Community 25

Development, and other applicable City officials are authorized to take all actions reasonably
 necessary or prudent to perform the City's obligations under the Development Agreement in
 accordance with its terms.

4 (c) The Director of Planning, at the Director's discretion and in consultation with the
5 City Attorney, is authorized to enter into any additions, amendments, or other modifications to
6 the Development Agreement that the Director of Planning determines are in the best interests
7 of the City and that do not materially increase the obligations or liabilities of the City or
8 materially decrease the benefits to the City as provided in the Development Agreement.

9

10

Section 5. Development Impact Fees.

By approving the Development Agreement, the Board of Supervisors authorizes the Controller and City Departments to accept the funds paid by Developer as set forth therein, and to appropriate and use the funds for the purposes described therein. The Board expressly approves the use of the development impact fees as set forth in the Development Agreement, and waives or overrides any provision in Article 4 of the Planning Code and Article 10 of the Administrative Code that would conflict with the uses of these funds as described in the Development Agreement.

18

Section 6. Administrative Code Chapter 56 Conformity. The Development Agreement
 shall prevail in the event of any conflict between the Development Agreement and
 Administrative Code Chapter 56, and without limiting the generality of the foregoing, the
 following provisions of Chapter 56 are waived or deemed satisfied as follows:
 (a) Reservoir Community Partners, LLC, a Delaware limited liability company, and
 its successors and assignees permitted under the Development Agreement, shall constitute a

25 permitted "Applicant/Developer" for purposes of Section 56.3(b).

(b) The Project comprises approximately 17 acres, and is the type of large multi phase and/or mixed-use development contemplated by the Administrative Code and therefore
 satisfies Section 56.3(g).

4 (c) The provisions of the Development Agreement and the Workforce Agreement
5 attached to the Development Agreement as Exhibit I shall apply in lieu of Section 56.7(c).

6 (d) The provisions of the Development Agreement regarding any amendment or
7 termination, including those relating to "Material Change," shall apply in lieu of Sections 56.15
8 and 56.18.

9 (e) The provisions of Section 56.20 are satisfied by the terms of the ENA, a copy of 10 which is on file with the Clerk of the Board of Supervisors in File No. 200423.

11

12

Section 7. Administrative Code Chapter 56 Waiver; Ratification.

(a) In connection with the Development Agreement, the Board of Supervisors finds
that the City has substantially complied with the requirements of Administrative Code Chapter
56, and waives any procedural or other requirements if and to the extent not strictly complied
with.

(b) All actions taken by City officials in preparing and submitting the Development
Agreement to the Board of Supervisors for review and consideration are hereby ratified and
confirmed, and the Board of Supervisors hereby authorizes all subsequent action to be taken
by City officials consistent with this ordinance.

21

22 Section 8. Planning Code Waivers; Ratification.

(a) The Board of Supervisors finds that the impact fees and other exactions due
under the Development Agreement will provide greater benefits to the City than the impact
fees and exactions under Planning Code Article 4 and waives the application of, and to the

extent applicable exempts the Project from, impact fees and exactions under Planning Code
 Article 4 on the condition that Developer pays the impact fees and exactions due under the
 Development Agreement.

4 (b) The Board of Supervisors finds that the Transportation Demand Management
5 Plan ("TDM Plan") attached to the Development Agreement and other provisions of the
6 Development Agreement comply with the City's Transportation Demand Management
7 Program in Planning Code Section 169.

8 (c) The Board of Supervisors finds that the Master Infrastructure Plan attached to 9 the Development Agreement sets forth sufficient standards for streetscape design and waives 10 the requirements of Planning Code Section 138.1 (Streetscape and Pedestrian 11 Improvements).

12 (d) The Board of Supervisors finds that the Affordable Housing Plan attached to the 13 Development agreement meets and exceeds the requirements for the provision of affordable housing under Planning Code Section 415 et seq. and waives the application of Section 415 14 15 et seq. to the Project on the condition that Developer implements and complies with the Affordable Housing Plan. The Board of Supervisors urges that the Director of the Mayor's 16 Office of Housing and Community Development include an option in the Affordable Housing 17 18 Plan requiring the Developer to convey to the City the affordable housing properties on the Project Site that include City funding in the future financing of the affordable housing 19 20 development. 21 (e) The Board of Supervisors finds that the Development Agreement provides 22 sufficient benefits and community improvements regarding open space, streetscape, and 23 childcare facilities and waives the requirements of Planning Code Section 422 (Balboa Park

24 Community Improvements Fund).

25 ///

(f) The Board of Supervisors finds that the Child Care Program attached to the
 Development Agreement meets and exceeds the requirements for the provision of childcare
 under Planning Code Section 414A and waives the requirements of Section 414A (Childcare
 Requirements for Residential Projects).

- 5
- 6

Section 9. Other Administrative Code Waivers.

7 (a) The requirements of the Workforce Agreement attached to the Development
8 Agreement shall apply and shall supersede, to the extent of any conflict, the provisions of
9 Administrative Code: (1) Chapter 82 (Local Hire Requirements, Coverage); (2) Chapter 83
10 (First Source Hiring for Construction); (3) Chapter 14B (Local Business Enterprise Utilization
11 and Nondiscrimination in Contracting Ordinance); (4) Chapter 6, Article II, Section 6.22 (Public
12 Work Construction Contract Terms and Working Conditions); and (5) Chapter 23, Article VII
13 (Prevailing Wage, Apprenticeship, and Local Hire Requirements).

(b) The Board of Supervisors finds that the competitive selection process for the
disposition of the Project Site and the subsequent negotiation of the Development Agreement,
including the affordable housing obligations set forth therein, satisfy the goals of
Administrative Code Chapter 41B (Community Opportunity to Purchase) and waives the
application of Chapter 41B to the Project Site.

(c) Pursuant to Resolution No. 85-18, the Board of Supervisors considered an
economic study of the Project and found that the plan to undertake and implement the Project
was fiscally feasible and responsible. In addition, the Controller conducted an economic
impact report of the Project, which is included in Clerk of the Board of Supervisors File No.
200423. The Board of Supervisors finds that due to current exigencies of the pandemic and
the housing crisis in San Francisco, the number of analyses of the Project that have been
conducted, and the depth of analysis and sophistication required to appraise the Project Site,

1 an Appraisal Review of the Project Site is not necessary and waives the Administrative Code 2 Section 23.3 requirement of an Appraisal Review as it relates to the Project Site. 3 Section 10. Subdivision Code Waivers. 4 A Public Improvement Agreement, if applicable, shall include provisions consistent with 5 6 the Development Agreement and the applicable requirements of the Municipal Code and the 7 Subdivision Regulations regarding extensions of time and remedies that apply when 8 improvements are not completed within the agreed time. Accordingly, the Board of 9 Supervisors waives the application to the Project of Subdivision Code Section 1348 (Failure to Complete Improvements within Agreed Time). 10 11 12 Section 11. Public Works Code Waiver; Planning Code Waiver. 13 The Board of Supervisors finds that the Master Infrastructure Plan attached to the 14 Development Agreement sets forth sufficient standards for streetscape design and waives the 15 requirements of Planning Code Section 138.1 (Streetscape and Pedestrian Improvements) and Public Works Code Section 806(d) (Required Street Trees for Development Projects). 16 17 18 Section 12. Health Code Waiver. 19 The Board of Supervisors finds that the Project will provide substantial water supply 20 benefits by using non-potable water reuse in portions of the Project. The Board of 21 Supervisors further finds that, but for specialized and unique water meter configurations, the Townhouses described in greater detail in the Development Agreement would have been 22 23 exempt from the application of Article 12C of the Health Code. Finally, the Board of 24 Supervisors finds that the immediate and effective construction of the Affordable Units described in greater detail in the Development Agreement is a high priority due to severe 25

housing and economic conditions existing at this time. In accordance with these findings, the
Board of Supervisors waives the requirements of Article 12C of the Health Code to the extent
such requirements would otherwise apply to the construction of the Townhouse Units and
Affordable Units.

- 5
- 6

Section 13. Effective and Operative Date.

7 (a) This ordinance shall become effective 30 days from the date of enactment.
8 Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance

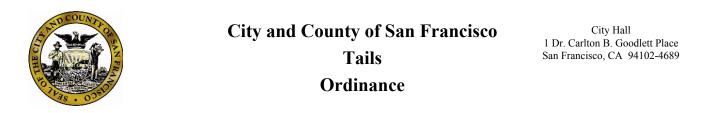

9 unsigned or does not sign the ordinance within ten days of receiving it, or the Board of

- 10 Supervisors overrides the Mayor's veto of the ordinance.
- (b) This ordinance shall become operative only on (and no rights or duties are affected
 until) the later of (a) its effective date, as stated in subsection (a), or (b) the date that both the
 SUD ordinance and the General Plan ordinance referred to in subsection 3(a) related to the
 Development Agreement, have become effective. Copies of these ordinances are on file with
 the Clerk of the Board of Supervisors in File Nos. 200422 and 200635, respectively.

10. VERIFICATION

I have used all reasonable diligence in preparing this statement. I have reviewed this statement and to the best of my knowledge the information I have provided here is true and complete.

I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

SIGNATURE OF CITY ELECTIVE OFFICER OR BOARD SECRETARY OR CLERK	DATE SIGNED
BOS Clerk of the Board	

Office of the Mayor San Francisco

- TO: Angela Calvillo, Clerk of the Board of Supervisors
- FROM: Adam Thongsavat, Liaison to the Board of Supervisors
- RE: [Accept and Expend Grant California Department of Housing and Community Development Affordable Housing and Sustainable Communities Program – Balboa Reservoir Building E-\$29,585,486]
- DATE: April 15, 2025

Resolution authorizing the Mayor's Office of Housing and Community Development ("MOHCD") to execute the Standard Agreement with the California Department of Housing and Community Development ("HCD") under the Affordable Housing and Sustainable Communities Program for a total award of \$29,585,486, including \$19,610,404 disbursed by HCD as a loan to the Balboa Lee Avenue, L.P. ("Developer") for a 100% affordable housing project at 11 Frida Kahlo and \$9,975,082 to be disbursed as a grant to the City for public transportation improvements near 11 Frida Kahlo, for the period starting on the execution date of the Standard Agreements to November 30, 2042; authorizing MOHCD to accept and expend the grant of up to \$9,975,082 for transportation, streetscape and pedestrian improvements and other transit oriented programming and improvement as approved by HCD.

Should you have any questions, please contact Adam Thongsavat at adam.thongsavat@sfgov.org
