Service Levels at Richmond Senior Center

Since July 1, 2023:

- Over 15,000 meals served
- Over 1,200 assists at the ADRC (across over 500 people)
- Over 1,500 hours of educational and socialization opportunities

Annually contracted service levels:

- Over 10,000 grocery bags to be delivered
- 480 hours of structured computer training at computer lab with 5 computers
- At least 1,000 service hours – assistance with various tasks in the community

Measurable Impact During Repairs Process

- Nov 2022 – Spring 2023 marked reduction in ADRC, Computer Training, Community Services

Review of Repairs Timeline and Activity

- **Timeline**

- Work started in November 2022, with an estimated 6-8 week completion timeline
- Major service impacts through Spring 2023
- Areas of Community Center space remain unfinished still today, subject to building inspection and construction completion delays

- **DAS staff involvement**

- Staff are in regular contact with leadership from Felton Institute and Golden Gate Senior Service, and building property management to maintain communication and push for completion of work

- **Next Steps**
