Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. \_\_\_\_ and is incorporated herein by reference. The Board affirms this determination.

Section 2. Legislative Findings.

(a) Parklets first originated in San Francisco when artist Bonnie Sherk introduced the

1 idea of reclaiming urban space for public use in the 1970s, installing portable parks under  
2 freeway overpasses and alleyways.

3 (b) In 2005, the idea took off when a group of local designers rolled out a patch of  
4 grass, a bench, and a potted tree into a parking space downtown—creating the first  
5 “PARK(ing) Day.” That action sparked a global movement to reimagine streets not just for  
6 cars, but for people.

7 (c) In 2009, the San Francisco Planning Department’s Pavement to Parks pilot  
8 formalized the concept, turning parking stalls into public parklets under municipal guidance.  
9 These were the first sanctioned parklets in the country, and just a decade later, became an  
10 essential part of San Francisco’s streetscape.

11 (d) On February 25, 2020, the Mayor issued a Proclamation (the “Proclamation”)  
12 declaring a local emergency in response to the spread of COVID-19. In the following weeks,  
13 the Governor and San Francisco’s Health Officer issued a series of emergency orders  
14 requiring the closure of non-essential businesses and encouraging people to remain at home.

15 (e) On June 9, 2020, the Mayor issued the 18th Supplement to the Proclamation (the  
16 “Proclamation”) creating the Shared Spaces Program—a temporary emergency program  
17 allowing retail and restaurant businesses to operate in public rights-of-way, including  
18 sidewalks, parking lanes, and closed streets. This allowed businesses to comply with public  
19 health orders by moving operations outdoors, where the risk of transmission was lower.

20 (f) The Shared Spaces Program adapts many proven, successful techniques for safely  
21 activating the public realm in a community-focused manner. Precedents include the Parklet  
22 and Plaza Programs, Play Streets, and Neighborhood Block Parties. The Shared Spaces  
23 Program also streamlined preexisting commercial permits such as sidewalk merchandising  
24 and sidewalk tables and chairs.

25 (g) Due to San Francisco’s high density and limited private outdoor space, Shared

1 Spaces became a lifeline for small businesses. Within months, nearly 2,900 businesses had  
2 applied to participate. This included roughly 600 parklets that later transitioned to permanent  
3 structures under evolving guidance.

4 (h) A 2021 analysis by the Controller's Office found that businesses with Shared  
5 Spaces parklets experienced an average 29% increase in revenue—about \$56,000 per  
6 quarter. Additional surveys confirmed that parklets were essential to business survival during  
7 the pandemic, with 80% of businesses reporting the program helped them avoid permanent  
8 closure.

9 (i) The program also supports equity: a survey of applicants found over 50% of Shared  
10 Spaces businesses were women-owned, 33% immigrant-owned, and 33% minority-owned.  
11 On July 13, 2020, the Small Business Commission issued a resolution supporting the  
12 program's expansion, and on March 9, 2021, the Board of Supervisors passed a resolution  
13 urging its permanent adoption.

14 (j) In addition to its economic benefits, the Shared Spaces Program delivers civic,  
15 social, and psychological benefits to neighborhoods—activating public space, encouraging  
16 outdoor life, and promoting public interaction after long periods of isolation.

17 (k) However, curbside parklets—which occupy over 1,650 metered parking spaces, or  
18 about 10% of metered spaces citywide—also require thoughtful oversight. Accessibility,  
19 operational, and design requirements ensure public safety and activation so that these  
20 curbside parklets remain open and are not repurposed for private storage or other non-public  
21 purposes.

22 (l) At the same time, operators face ongoing challenges in meeting certain program  
23 requirements, including the requirement that parklets remain open from 7 a.m. to midnight.  
24 As the Shared Spaces Program transitions from an emergency response to a permanent  
25 citywide initiative, outdated or overly complex regulations must be updated to avoid confusion

1 and inconsistent enforcement.

2 (m) This ordinance seeks to clarify and update the framework for Shared Spaces to  
3 align with real-world usage, streamline permitting, and ensure that parklets continue to serve  
4 their intended public function—enhancing community access, supporting neighborhood  
5 vibrancy, and driving San Francisco’s economic recovery.

6  
7 Section 3. Chapter 94A of the Administrative Code is hereby amended by revising  
8 Sections 94A.1, 94A.2, 94A.4, 94A.5, 94A.6, and 94A.7 to read as follows:

10 **SEC. 94A.1. THE SHARED SPACES PROGRAM; ESTABLISHMENT AND**  
11 **PURPOSE; CORE AGENCY JURISDICTION.**

12 (a) **Establishment and Purpose.** There is hereby created a San Francisco Shared  
13 Spaces Program. A Shared Space, defined in Section 94A.2, is intended to be a temporary  
14 space on City-owned property, and in some cases also on privately-owned open spaces,  
15 where the public can gather and participate in various commercial or non-commercial  
16 offerings and events. Under the Program, a public or private entity may obtain City approval to  
17 create a Shared Space by occupying the location with reversible physical treatments or  
18 improvements and/or activating the location with programming.

19 This Chapter 94A sets forth a streamlined process by which ~~the Planning~~  
20 ~~Department, Department of Public Works, Municipal Transportation Agency, of Real Estate Division,~~  
21 ~~Fire Department, Department of Public Health, and Entertainment Commission (collectively, defined~~  
22 ~~in Section 94A.2 as~~ the Core City Agencies, as defined in Section 94A.2, and their successor

7 (a) **General Application Requirements.** A prospective Permittee may submit an  
8 application for a Shared Spaces Permit consistent with the requirements of this Section  
9 94A.5. ~~After Planning has reviewed the application for completeness and compliance with Program~~  
10 ~~requirements, Planning will circulate the application to the Core City Agencies with jurisdiction over~~

22 ground-floor tenant of the building fronting the sidewalk area proposed to be used as a  
23 Sidewalk Shared Space, and/or the Permittee proposes to use sidewalk space other than the  
24 sidewalk fronting Permittee's location, then documentary proof of consent from any ground-  
25 floor tenant(s) fronting the areas proposed to be used as the Shared Space is also required.

9 documentary proof of consent from any ground-floor tenant(s) fronting the areas proposed to  
10 be used as the Shared Space or from the fronting property owner or its agent after making a

19 ~~(4)~~(3) A list and frequency schedule for routine maintenance tasks.

20 ~~(5)~~(4) For Roadway Shared Spaces, a prospective activities calendar describing
