## **Senate Bill 1 Local Partnership Program Formulaic Funds State Grant Funds**

### **Summary**

San Francisco Public Works requests authorization to accept and expend \$2,340,000 Senate Bill (SB1) Local Partnership Program (LPP) formulaic funds. Public Works will use available formulaic funding for the Sunset and Parkside Streets Pavement Renovation Project.

### **Background**

On April 28, 2017, the Governor of California signed the Road Repair and Accountability Act of 2017, also known as Senate Bill 1, a transportation funding package of more than \$50 billion over the next 10 years that increases funding for local streets and roads, multi-modal improvements, and transit operations in California. \$100 million is appropriated annually through the LPP Formulaic Fund program.

San Francisco Public Works worked with the San Francisco County Transportation Authority (SFCTA) to request formulaic funding for Public Works' street resurfacing projects. On October 17, 2018, CTC programmed \$2,340,000 in LPP Formulaic Program funds to Sunset and Parkside Streets Pavement Renovation. Projects funded from the Local Partnership Program require at least a one-to-one match of private, local, federal, or state funds.
