CC Power shall also have the power to issue, sell and deliver bonds in accordance with the provisions of the Joint Powers Act for the purpose of acquiring, financing, performing or constructing one or more Projects and to enter into other indebtedness for the purpose of financing one or more studies or Projects and for the purpose of providing temporary financing of costs of development, construction or acquisition of one or more Projects. The terms and conditions of the issuance of any such bonds or indebtedness shall be set forth in such resolution, indenture or other instrument, as required by law and as approved by the Board. Bonds issued under this article and contracts or obligations entered into to carry out the purposes for which bonds are issued, payable in whole or in part from the proceeds of said bonds, shall not constitute a debt, liability or

obligation of any of the Members unless the governing body of the Member by resolution expressly agrees that the Member will be obligated under the bond or other indebtedness or the Member takes on obligations pursuant to a Project Agreement.

Article VIII. LIMITATION ON LIABILITY OF MEMBERS

Section 8.01 Pursuant to Section 6508.1 of the Government Code of the State of California, no debt, liability or obligation of CC Power shall be a debt, liability or obligation of any Member unless such Member agrees in writing to assume any of the debts, liabilities, or obligations of CC Power pursuant to a Project Agreement. Nothing contained in this Article VIII shall in any way diminish the liability of any Member with respect to any Project Agreement such Member enters into pursuant to this Agreement.

Section 8.02 Individual Member Provisions.

- (a) The City of San José is a municipal corporation and is precluded under the California State Constitution and applicable law from entering into obligations that financially bind future governing bodies, and, therefore, nothing in the Agreement shall constitute an obligation of future legislative bodies of the City to appropriate funds for purposes of the Agreement. Any obligations under this Agreement and any Project Agreement are special limited obligations of San José Clean Energy payable solely from the Designated Fund (defined as the San Jose Energy Operating Fund established pursuant to City of San Jose Municipal Code, Title 4, Part 63, Section 4.80.4050 *et seq.*) (“Designated Fund”) and shall not be a charge upon the revenues or general fund of the City of San José or upon any non- San José Clean Energy moneys or other property of the Community Energy Department or the City of San José.
- (b) CleanPowerSF’s payment obligations under this Agreement are special limited obligations of CleanPowerSF payable solely from the revenues of CleanPowerSF. CleanPowerSF’s payment obligations under this Agreement are not a charge upon the revenues or general fund of the San Francisco Public Utilities Commission or the City and County of San Francisco or upon any non-CleanPowerSF moneys or other property of the San Francisco Public Utilities Commission or the City and County of San Francisco. CleanPowerSF’s obligations hereunder shall not at any time exceed the amount certified by the San Francisco City Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of CleanPowerSF are not authorized to request, and CleanPowerSF is not required to reimburse CC Power for, commodities or services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of CleanPowerSF are not authorized to offer or promise, nor is CleanPowerSF required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the San Francisco City Controller. The San Francisco City Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

Article IX. TERM; TERMINATION; LIQUIDATION; DISTRIBUTION

Section 9.01 Term and Termination. This Agreement shall become effective when at least two Members execute this Agreement. This Agreement shall continue in full force and effect until terminated as provided in this Article; provided however, this Agreement cannot be terminated until such time as all principal of and interest on bonds and other forms of indebtedness issued by CC Power are paid in full. Thereafter, this Agreement may be terminated by a two-thirds (2/3) vote of the entire Board approved by resolution of each Member’s governing body; provided, however, that this Agreement and CC Power shall continue to exist after termination for the purpose of disposing of all claims, distribution of assets and all other functions necessary to conclude the obligations and affairs of CC Power. In no event shall this

Agreement or the powers herein granted to CC Power be terminated until (a) all bonds and other indebtedness of CC Power and the interest thereon shall have been paid or adequate provision for such payment shall have been made in accordance with the instruments governing such bonds and indebtedness and (b) all other obligations and liabilities of CC Power shall have been met or adequately provided for.

Section 9.02 Liquidation; Distribution. Upon termination of this Agreement, the Board shall liquidate the business and assets and the property of CC Power as expeditiously as possible, and distribute any net proceeds, after the conclusions of all debts and obligations of CC Power, to any Members in proportion to the contributions made or in such manner as otherwise provided by law. The Board is vested with all powers of CC Power for the purpose of concluding and dissolving the business affairs of CC Power.

ARTICLE X. ACCOUNTS AND REPORTS

Section 10.01 Establishment and Administration of Funds. CC Power is responsible for the strict accountability of all funds and reports of all receipts and disbursements. It will comply with every provision of law relating to the establishment and administration of funds, particularly Section 6505 of the California Government Code. CC Power shall establish and maintain such funds and accounts as may be required by good accounting practice or by any provision of any resolution, indenture or other instrument of CC Power securing its bonds or other indebtedness, except insofar as such powers, duties and responsibilities are assigned to a trustee appointed pursuant to such resolution, indenture or other instrument. The books and records of CC Power shall be open to inspection at all reasonable times to each Member and its representatives.

Section 10.02 Annual Audits and Audit Reports. The Treasurer/Controller shall cause an annual independent audit of the accounts and records of CC Power to be made by a certified public accountant or public accountant in accordance with all applicable laws. If permitted by applicable law and authorized by the Board, the audit(s) may be conducted at the longer interval authorized by applicable law. A report of the financial audit will be filed as a public record with each Member. CC Power will pay the cost of the financial audit and charge the cost against the Members in the same manner as other administrative costs.

ARTICLE XI. GENERAL PROVISIONS

Section 11.01 Successors and Assigns. No Member may assign any right or obligation under this Agreement without the consent of all other Members. This section shall not affect, in any respect, any right of assignment under any Project Agreement.

Section 11.02 Amendments. Subject to any requirements of law, a two-thirds (2/3) vote of the entire Board will be required to amend Articles II, III, VIII, and IX of this Agreement. Once an amendment of Articles II, III, VIII, or IX is adopted by the Board, the amendment must be approved by two-thirds of the Members pursuant to that Members' applicable approval process. All other provisions of this Agreement may be amended at any time or from time to time by an amendment approved by at least two-thirds (2/3) vote of the entire Board. Written notice shall be provided to all Members of proposed amendments to this Agreement, including the effective date of such amendments, at least 60 days prior to the date upon which the Board votes on such amendments.

Section 11.03 Indemnification and Insurance. To the fullest extent permitted by law, CC Power shall defend, indemnify, and hold harmless the Members and each of their respective Directors, alternates, officers, employees and agents from any and all claims losses damages, costs, injuries and liabilities of every kind arising directly or indirectly from the conduct, activities, operations, acts, and omissions of CC Power under this Agreement to the extent not otherwise provided under a Project Agreement. CC Power shall acquire such insurance coverage as the Board deems is necessary and appropriate to protect the interests of CC Power and the Members.

Section 11.04 Notices. The Board shall designate its principal office as the location at which it will receive notices, correspondence, and other communications, and shall designate one of its Directors or staff as an officer for the purpose of receiving service on behalf of the Board. Any notice given pursuant to this Agreement shall be in writing and shall be dated and signed by the Member giving such notice. Notice to each Member under this Agreement is sufficient if mailed to the Member and separately to the Member's Director to their respective addresses on file with CC Power.

Section 11.05 Severability. Should any portion, term, condition, or provision of this Agreement be determined by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or be otherwise rendered unenforceable or ineffectual, the remaining portions, terms, conditions, and provisions shall not be affected thereby.

Section 11.06 Section Headings. The section headings herein are for convenience only and are not to be construed as modifying or governing the language in the section to which they refer.

Section 11.07 Choice of Law. This Agreement will be governed and construed in accordance with the laws of the State of California.

Section 11.08 Counterparts. This Agreement may be executed in any number of counterparts, and each executed counterpart shall have the same force and effect as an original instrument and as if all Members had signed the same instrument.

Fact Sheet:

Decision Ordering Supplemental Mid-Term Reliability Procurement (2026-2027) and Transmitting Electric Resource Portfolios to the California Independent System Operator for the 2023-2024 Transmission Planning Process

Overview of Decision: This Decision [D.] is part of the CPUC's Integrated Resource Planning (IRP) proceeding, Rulemaking [R.] 20-05-003. It seeks to ensure that there are sufficient resources available for electric reliability by ordering additional resource procurement beyond current requirements, specifically the Mid-Term Reliability (MTR) procurement requirements from D. 21-06-035. It also serves to transmit the base case electric resource portfolio and one policy-driven sensitivity portfolio to the CAISO for the 2023-24 Transmission Planning Process (TPP), as required each year.

Background for Supplemental Procurement and Other Procurement Changes:

- D. 21-06-035 ordered the procurement of 11,500 MW of new net qualifying capacity (NQC) to come online in 2023-2026; enough to power approximately 2.5 million homes, with all of the resources coming from zero-emitting, or otherwise Renewable Portfolio Standard-eligible, sources.
 - 2,000 MW NQC of these resources were required to come from long lead-time resources providing firm clean power or long duration energy storage. These resources were required online by 2026 with opportunity to be extended to 2028.
- On September 8, 2022, ALJ Fitch issued a Ruling seeking comment on potential near-term actions the Commission could take to encourage additional procurement to meet or exceed the requirements of D.19-11-016 and D. 21-06-035.

Summary of Supplemental Procurement and Other Procurement Changes:

- This Decision requires 4,000 MW NQC of new procurement in 2026 and 2027, in addition to the 11,500 MW NQC ordered in D. 21-06-035.
 - 2,000 MW NQC would be required to be online by June 1, 2026, with an additional 2,000 MW NQC by June 1, 2027.
 - The Decision requires the procurement to be clean and otherwise follow all the rules and requirements of D. 21-06-035.
- This additional new procurement is needed as electric demand is projected to increase, the impacts of climate change are accelerating and creating new demands on our electricity resources, and because the Commission expects both additional resource retirements and delays to long lead-time new resource procurement.
- This Decision also recognizes the difficulties in procuring long lead-time resources by 2026, as required by D. 21-06-035, and automatically extends those deadlines to 2028, which was previously provided for in D.21-06-035.
- The Commission proposes this to ensure reliability, while continuing to develop a procurement program that will establish long-term requirements for load serving entities (LSEs) to procure the electricity resources needed to maintain reliability and reduce greenhouse gas (GHG) emissions.
- This Decision also makes changes to existing compliance rules set in previous IRP Proceeding Decisions, including (but not limited to):
 - Creating a process for resources included on the baseline of either D. 19-11-016 or D. 21-06-035 that have not yet come online to be removed from the baseline and allowed to count as new procurement if the LSE agrees to bring online an equal amount of NQC procurement in the year 2025.
 - Allowing additional flexibility for projects that would serve as "bridge" resources when an LSE wants to insure against the risk of project delay.
 - Other clarifications or adjustments on topics including penalties, compliance, and specific procurement categories.

Background on the CPUC Transfer of IRP Resource Portfolios to CAISO's TPP

- The CPUC's annual process for TPP portfolio development ensures that electricity resources identified within IRP inform CAISO's transmission system planning, to facilitate infrastructure development to meet state goals. A 2010 MOU between the CAISO and the CPUC outlines this process in coordination with the California Energy Commission (CEC).
- The CPUC process for developing portfolios for 2023-24 TPP was unprecedented in scope and potential infrastructure impact. A CPUC-led stakeholder process to allow insight into TPP portfolio development and the resource-to-busbar mapping effort commenced in October 2022. This decision is the first time that the CPUC has released busbar mapping results for stakeholder review and feedback prior to the Decision.

Summary of the Portfolios for the 2023-24 Transmission Planning Process:

- The base case portfolio proposed in the Decision will allow CAISO to identify and authorize transmission development needed to accommodate new resource capacity expected to be built to meet a 30 million metric ton (MMT) GHG target, with increased demand associated with a higher electrification future accounting for the policy and market drivers pointing towards higher levels of transportation electrification. New to this TPP cycle, the CPUC is including both the typical ten-years-out 2033 results and results for 2035. The 2035 portfolio contains over 86,000 MW nameplate of new resources, with 54,000 MW of renewable resources, including 2,000 MW of geothermal and 4,700 MW of offshore wind. The portfolio also contains over 28,000 MW of batteries, 2,000 MW of long-duration storage, and 1,100 MW of demand response.
- The sensitivity portfolio proposed in the Decision will allow CAISO to continue studying transmission infrastructure needs and costs that would be triggered to connect over 13,000 MW of offshore wind generation, including over 5,000 MW of Central Coast and 8,000 MW of North Coast offshore wind. The portfolio seeks to build on the results of the 2021-22 TPP offshore wind sensitivity by incorporating policy and assumptions changes including: the increased load scenario, new planning goals in line with AB 525, and the increased focus on North Coast transmission needs.

The cumulative buildout of new resources in the two portfolios is shown below.

WHEREAS, it is to the mutual benefit of the Members and in the public interest that the Members join together to engage in the exercise of powers they have in common including, but not limited to, (i) the acquisition and operation of wholesale power supplies, resource adequacy and renewable attributes, (ii) the provision of joint consulting and contracting services via master agreements and bulk purchasing and financing of decarbonization products, (iii) the offering of energy risk management and California Independent System Operator ("CAISO") scheduling services; and (iv) other energy services or programs which may be of benefit to Members (collectively, hereinafter "energy related programs");

WHEREAS, CC Power's primary objective is to provide for joint procurement of electrical power and storage and other energy projects for its Members, as set forth in this Agreement;

WHEREAS, the Members intend that CC Power shall better position the Members to administer community choice energy programs, and achieve their local agency goals, including but not limited to meeting or exceeding California's greenhouse gas emission reduction targets through procurement of renewable resources.

WHEREAS, each of the public community choice aggregation agencies which is a Member to this Agreement has the power to establish, manage, operate and maintain Community Choice Aggregation ("CCA") programs, electric service enterprises available to cities and counties pursuant to California Public Utilities Code Section 331.1(c) and 366.2 and to study, promote, develop, conduct, operate and manage energy related programs; and

WHEREAS, Title I, Division 7, Chapter 5, Article 1 of the California Government Code (the "Joint Powers Act" or "Act") authorizes the joint exercise by two or more public agencies of any power which is common to each of them.

NOW, THEREFORE, the Members, for and in consideration of the mutual promises and agreements herein contained, do hereby agree as follows:

- (l) Apply for, accept, and receive all licenses, permits, grants, loans or other aids from any federal, state, or local public agency;
- (m) Make and enter into service agreements relating to the provision of services necessary to plan, implement, operate and administer energy related programs;

- (o) Exercise all other powers necessary and proper to carry out this Agreement; and
- (p) Defend, hold harmless, and indemnify, to the fullest extent permitted by law, each Member from any liability, claims, suits, or other actions.

Such powers shall be exercised in the manner provided in Section 6509 of the Government Code of the State of California, as amended, subject only to such restrictions upon the manner of exercising such powers as are imposed upon Silicon Valley Clean Energy in the exercise of similar powers. Should Silicon Valley Clean Energy withdraw or be excluded from this Agreement pursuant to Section 3.04 hereof, the manner of exercising any power shall be subject only to the restrictions upon the manner of exercising such powers as are imposed upon Marin Clean Energy.

Section 2.04 Compliance with Local Zoning and Building Laws and CEQA. Unless state or federal law provides otherwise, any facilities, buildings or structures located, constructed, or caused to be constructed by CC Power within the territory of CC Power shall comply with the General Plan, zoning and building laws of the local jurisdiction within which the facilities, buildings or structures are constructed and comply with the California Environmental Quality Act.

Article III. MEMBERSHIP

Section 3.01 Member Agencies. Any Public CCA Agency, or other public agency determined by the Board to be eligible pursuant to Section 3.02, may become a Member upon meeting the following conditions:

- (a) The Public CCA Agency or other eligible public agency shall file with the Board a certified copy of a resolution of its governing body whereby it (i) agrees to the provisions of this Agreement, and (ii) requests to become a Member; and
- (b) No such Public CCA Agency or other eligible public agency shall become a Member until (i) its admission is approved at a regular or special meeting of the Board by at least two-thirds (2/3) of the entire Board, and (ii) it deposits or agrees to pay CC Power a share of organization, planning and other costs and charges as determined by the Board to be appropriate, if any.

Upon completion of the foregoing, the Public CCA Agency or other eligible public agency shall become a Member for all purposes of this Agreement.

Section 3.02 Eligible Public Agency Members. The Board may adopt policies to determine whether public agencies that are not Public CCA Agencies may be eligible to become a Member of CC Power.

Section 3.03 Cost Allocations.

- (a) Unless otherwise determined by a two-thirds (2/3) vote of the entire Board, each Member shall pay an equal share of one member one share for general and administrative costs as determined by the Board associated with all operations of CC Power. General and administrative costs do not include any costs that relate solely to any specific Project Agreement.

- (b) Project Agreements and other program agreements between and among any Member and/or CC Power will determine cost allocation and may consider, among other relevant factors, credit strength of the Members and may differ in price and collateral requirements as determined solely for such Project Agreement or other program agreements.

Section 3.04 Withdrawal or Exclusion of Member.

- (a) Any Member may withdraw from CC Power upon the following conditions:
 - (i) The Member shall have filed with the Board Secretary a certified copy of a resolution of its governing body expressing its desire to so withdraw. Once a Member files a resolution to withdraw with the Board Secretary, that Member no longer has any voting rights on the Board;
 - (ii) Members participating in Projects, programs or services pursuant to Project Agreements or other program agreements approved by the Board are subject to the participation and withdrawal terms and conditions described in the applicable agreement; and
 - (iii) Prior to accepting the Member's filing of such resolution, any Member so terminating shall be obligated to pay its share of all debts, liabilities, and obligations of CC Power specifically assumed by the Member. However, this obligation shall take into account any refunds due to the Member and shall not extend to debts, liabilities and obligations secured or otherwise committed pursuant to Project Agreements or other program agreements between and among any Member and/or CC Power. The debts, liabilities and obligations of the Members to such Project Agreements or other program agreements shall be determined by their terms. Any obligations under this Agreement are subject to the limitations set forth in Article VIII.
- (b) Upon compliance with the conditions specified in Section 3.04(a), the Board shall accept the withdrawing Member's resolution and the withdrawing Member shall no longer be considered a Member for any reason or purpose under this Agreement and its rights and obligations under this Agreement shall terminate. The withdrawal of a Member shall not affect any obligations of such Member under any Project Agreement or other program agreement.
- (c) Any Member which has (i) defaulted under this Agreement, a Project Agreement, or other program agreement, (ii) failed to appoint a Director to serve on the Board in accordance with Section 4.02 below, or (iii) failed to pay any required share of costs in accordance with Sections 3.01 and 3.03 above, may have its rights under this Agreement terminated and may be excluded from participation in CC Power by the vote (taken at a regular or special meeting of the Board) of at least two-thirds (2/3) of the entire Board (including the Director representing the defaulting Member). Prior to any vote to terminate participation of any Member, written notice of the proposed termination and the reason(s) for such termination shall be delivered to the Member whose termination is proposed at least 60 days prior to the Board meeting at which such matter shall first be discussed as an agenda item. The written notice of the proposed termination shall specify the particular provisions of this Agreement or a Project Agreement or other program agreement which the Member has allegedly defaulted on, or whether the proposed termination is based on failure to appoint a Director or pay any required share of costs. The Member subject to possible termination shall have the opportunity to cure the violation prior to the meeting at which termination will be considered. At the meeting where termination of the Member is considered, the Member shall be given the opportunity to respond to any reasons and allegations that may be cited as a basis for termination prior to a termination vote. Any excluded Member shall continue to be liable for its obligations under any Project Agreement or other program agreement and for any unpaid contribution, payment, or advance approved by the Board prior to such Member's exclusion.

- (d) The withdrawal or termination of a Member shall not affect the provisions or obligations set forth in Article VIII or Section 11.03 below.

Article IV. POWERS OF BOARD & MANAGEMENT OF CC POWER

Section 4.01 Board. CC Power shall be administered by a Board which shall consist of one Director representing each Member. Such Board shall be the governing body of this CC Power, and, as such, shall be vested with the powers set forth in this Agreement, and shall execute and administer this Agreement in accordance with the purposes and functions provided herein. The Board shall have the authority to provide for the general management and oversight of the affairs, property and business of CC Power.

Section 4.02 Appointment and Vacancies. Each Director shall be the Chief Executive Officer, General Manager, or designee of the Chief Executive Officer or General Manager of each Member and shall be appointed by and serve at the pleasure of the Member that the Director represents, and may be removed as Director by such Member at any time. If at any time a vacancy occurs on the Board, a replacement shall be appointed by the Member to fill the position of the previous Director in accordance with the provisions of this Article IV within 60 days of the date that such position becomes vacant or the Member shall be subject to the exclusion procedures in Section 3.04(c) above. Each Director may appoint an alternate to serve in their absence.

Section 4.03 Notices. The Board shall comply with the applicable provisions of Sections 6503.5, 6503.6 and 53051 of the Government Code requiring the filing of notices and a statement with the Secretary of State, the State Controller, the applicable county clerk and local agency formation commissions, including, but not limited to:

- (a) Causing a notice of the Agreement or any amendment to the Agreement to be prepared and filed with the office of the Secretary of State within 30 days of the effective date of the Agreement or amendment, and
- (b) Filing a statement of facts with the Secretary of State within 70 days after the date of commencement of CC Power's legal existence. Upon any change in the statement of facts presented to the Secretary of State, an amended statement of facts shall be filed with the Secretary of State within 10 days of the change.

Section 4.04 Committees. The Board may create committees to provide advice to the Board or conduct the business of CC Power subject to delegation of authority from the Board.

Section 4.05 Director Compensation. Compensation for work performed by Directors, including alternates, on behalf of CC Power shall be borne by the Member that appointed the Director. The Board, however, may adopt by resolution a policy relating to the reimbursement of expenses incurred by Directors.

Section 4.06 Board Officers. At its first meeting in each calendar year, the Board shall elect or re-elect a Chair and a Vice-Chair each of whom shall be selected from among the Directors and shall also appoint or re-appoint a Secretary and a Treasurer/Controller each of whom may, but need not, be selected from among the Directors.

- (a) **Chair and Vice-Chair.** The duties of the Chair shall be to preside over the Board meetings, sign all ordinances, resolutions, contracts and correspondence adopted or authorized by the Board, and to help ensure the Board's directives and resolutions are carried out. In the absence or inability of the Chair to act, the Vice Chair shall act as Chair.
- (b) **Treasurer and Controller.** The Board shall appoint a qualified person to act as the Treasurer and a qualified person to act as the Controller, neither of whom needs to be a Director. If the Board so designates, and in accordance with the provisions of applicable law,

a qualified person may hold both the office of Treasurer and the office of Controller of CC Power. The Treasurer shall be the depository of CC Power to have custody of all the money of CC Power, from whatever source. The Controller shall draw warrants to pay demands against CC Power when the demands have been approved by the Chair or Vice Chair of CC Power. The Treasurer and Controller shall have the other powers, duties and responsibilities of such officers as specified in Section 6505 of the Government Code of the State of California, as amended, except insofar as such powers, duties and responsibilities are assigned to a trustee appointed, as is provided for and authorized in Section 6550 of the Government Code of the State of California, as amended, pursuant to any resolution, indenture or other instrument providing for the issuance of bonds or notes of CC Power pursuant to this Agreement. The Board may require the Treasurer and/or Controller to file with CC Power an official bond in an amount to be fixed by the Board, and if so requested CC Power shall pay the cost of premiums associated with the bond. The Treasurer and Controller shall cause an independent audit to be made by a certified public accountant, or public accountants, in compliance with Section 6505 of the Government Code.

- (c) **Secretary.** The Secretary shall be responsible for keeping the minutes of all meetings of the Board and all other official records of CC Power, and responding to public records requests of the JPA.

Section 4.07 Management of CC Power. The Board shall appoint a part-time or full-time General Manager, and may appoint one or more part-time or full-time Assistant General Managers, to serve at the pleasure of the Board. The General Manager shall be responsible for the day-to-day operation and management of CC Power. The General Manager may enter into and execute contracts in accordance with the policies established and direction provided by the Board, and shall file an official bond in the amount determined from time to time by the Board.

Section 4.08 Other Officers and Employees. The Board shall have the power to appoint such other officers and staff as it may deem necessary who shall have such powers, duties and responsibilities as are determined by the Board, and to retain independent accountants, legal counsel, engineers and other consultants. The Members may contract with CC Power to provide staff to perform services for CC Power, but such employees shall at all times, and for all purposes including benefits and compensation, remain employees of the Member only.

Section 4.09 Budget. The budget shall be approved by the Board. The Board may revise the budget from time-to-time as may be reasonably necessary to address contingencies and expected expenses. All subsequent budgets of CC Power shall be approved by the Board in accordance with rules as may be adopted by the Board from time to time. All expenditures must be made in accordance with the adopted budget.

Article V. MEETINGS OF THE BOARD

Section 5.01 Regular Meetings. The Board shall hold at least one regular meeting per year, but the Board may provide for the holding of regular meetings at more frequent intervals. The date, hour and place of each regular meeting shall be fixed by resolution of the Board. Regular meetings may be adjourned to another meeting time.

Section 5.02 Special Meetings. Special and emergency meetings of the Board may be called in accordance with the provisions of California Government Code Sections 54956 and 54956.5, as amended.

Section 5.03 Brown Act Compliance. All meetings of the Board shall be conducted in accordance with the provisions of the Ralph M. Brown Act (California Government Code Section 54950 et seq.), and as

augmented by rules of the Board not inconsistent therewith. Directors may participate in meetings telephonically or by other electronic means, with full voting rights, only to the extent permitted by law.

Section 5.04 Minutes. The Secretary shall cause to be kept minutes of the meetings of the Board, both regular and special, and shall cause a copy of the minutes to be forwarded promptly to each Director.

Section 5.05 Quorum. A quorum of the Board shall consist of a majority of the Directors, except that less than a quorum may adjourn from time to time in accordance with law.

Section 5.06 Voting. Except to the extent set forth in a Project Agreement or as otherwise specified in this Agreement, each Member shall have one vote, which may be cast on any matter before the Board by each Director or alternate. Except to the extent otherwise specified in this Agreement, or by law, a vote of the majority of the Directors in attendance shall be sufficient to constitute action, provided a quorum is established and maintained.

(a) Special Voting Requirements as specified in this Agreement:

- (i)** Action of the Board to amend Section 3.03 related to cost allocations shall require the affirmative vote of at least two-thirds (2/3) of the entire Board.
- (ii)** Action of the Board on the matters set forth in Section 3.04(c) related to involuntary termination of a Member shall require the affirmative vote of at least two-thirds (2/3) of the entire Board.
- (iii)** Action of the Board on the matters set forth in Section 9.01 related to termination of this Agreement shall require the affirmative vote of at least two-thirds (2/3) of the entire Board approved by resolution of each Member's governing body.
- (iv)** Action of the Board to amend this Agreement shall be subject to the voting requirements set forth in Section 11.02 below.

Article VI. PROJECTS

Section 6.01 Projects. The Board has the power, upon majority vote of the Directors in attendance, provided a quorum is established and maintained, to establish Projects within the purpose and power of CC Power and to adopt guidelines for their implementation.

Section 6.02 Right to Participate in Projects. The Board shall provide at least sixty (60) days prior written notice to all Members, unless such notice is otherwise waived, before any Project may be considered for adoption by a vote of the Board. Such notice shall be provided to the Director of each Member. Once a Project is approved by the Board as set forth in Section 6.01 above, all Members shall have the right, but not the obligation, to participate in a pro-rata share in the Project as determined by the Project Agreement. All Members who elect not to participate in the Project have no obligations under the Project.

Section 6.03 Project Agreement. All expenses, rights and obligations to any specific Projects will be handled through Project Agreements that will be separate and distinct from this Agreement.

Article VII. BONDS AND OTHER INDEBTEDNESS

CC Power shall also have the power to issue, sell and deliver bonds in accordance with the provisions of the Joint Powers Act for the purpose of acquiring, financing, performing or constructing one or more Projects and to enter into other indebtedness for the purpose of financing one or more studies or Projects and for the purpose of providing temporary financing of costs of development, construction or acquisition of one or more Projects. The terms and conditions of the issuance of any such bonds or indebtedness shall be set forth in such resolution, indenture or other instrument, as required by law and as approved by the Board. Bonds issued under this article and contracts or obligations entered into to carry out the purposes for which bonds are issued, payable in whole or in part from the proceeds of said bonds, shall not constitute a debt, liability or

obligation of any of the Members unless the governing body of the Member by resolution expressly agrees that the Member will be obligated under the bond or other indebtedness or the Member takes on obligations pursuant to a Project Agreement.

Article VIII. LIMITATION ON LIABILITY OF MEMBERS

Section 8.01 Pursuant to Section 6508.1 of the Government Code of the State of California, no debt, liability or obligation of CC Power shall be a debt, liability or obligation of any Member unless such Member agrees in writing to assume any of the debts, liabilities, or obligations of CC Power pursuant to a Project Agreement. Nothing contained in this Article VIII shall in any way diminish the liability of any Member with respect to any Project Agreement such Member enters into pursuant to this Agreement.

Section 8.02 Individual Member Provisions.

- (a) The City of San José is a municipal corporation and is precluded under the California State Constitution and applicable law from entering into obligations that financially bind future governing bodies, and, therefore, nothing in the Agreement shall constitute an obligation of future legislative bodies of the City to appropriate funds for purposes of the Agreement. Any obligations under this Agreement and any Project Agreement are special limited obligations of San José Clean Energy payable solely from the Designated Fund (defined as the San Jose Energy Operating Fund established pursuant to City of San Jose Municipal Code, Title 4, Part 63, Section 4.80.4050 *et seq.*) (“Designated Fund”) and shall not be a charge upon the revenues or general fund of the City of San José or upon any non- San José Clean Energy moneys or other property of the Community Energy Department or the City of San José.
- (b) CleanPowerSF’s payment obligations under this Agreement are special limited obligations of CleanPowerSF payable solely from the revenues of CleanPowerSF. CleanPowerSF’s payment obligations under this Agreement are not a charge upon the revenues or general fund of the San Francisco Public Utilities Commission or the City and County of San Francisco or upon any non-CleanPowerSF moneys or other property of the San Francisco Public Utilities Commission or the City and County of San Francisco. CleanPowerSF’s obligations hereunder shall not at any time exceed the amount certified by the San Francisco City Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of CleanPowerSF are not authorized to request, and CleanPowerSF is not required to reimburse CC Power for, commodities or services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of CleanPowerSF are not authorized to offer or promise, nor is CleanPowerSF required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the San Francisco City Controller. The San Francisco City Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

Article IX. TERM; TERMINATION; LIQUIDATION; DISTRIBUTION

Section 9.01 Term and Termination. This Agreement shall become effective when at least two Members execute this Agreement. This Agreement shall continue in full force and effect until terminated as provided in this Article; provided however, this Agreement cannot be terminated until such time as all principal of and interest on bonds and other forms of indebtedness issued by CC Power are paid in full. Thereafter, this Agreement may be terminated by a two-thirds (2/3) vote of the entire Board approved by resolution of each Member’s governing body; provided, however, that this Agreement and CC Power shall continue to exist after termination for the purpose of disposing of all claims, distribution of assets and all other functions necessary to conclude the obligations and affairs of CC Power. In no event shall this

Agreement or the powers herein granted to CC Power be terminated until (a) all bonds and other indebtedness of CC Power and the interest thereon shall have been paid or adequate provision for such payment shall have been made in accordance with the instruments governing such bonds and indebtedness and (b) all other obligations and liabilities of CC Power shall have been met or adequately provided for.

Section 9.02 Liquidation; Distribution. Upon termination of this Agreement, the Board shall liquidate the business and assets and the property of CC Power as expeditiously as possible, and distribute any net proceeds, after the conclusions of all debts and obligations of CC Power, to any Members in proportion to the contributions made or in such manner as otherwise provided by law. The Board is vested with all powers of CC Power for the purpose of concluding and dissolving the business affairs of CC Power.

ARTICLE X. ACCOUNTS AND REPORTS

Section 10.01 Establishment and Administration of Funds. CC Power is responsible for the strict accountability of all funds and reports of all receipts and disbursements. It will comply with every provision of law relating to the establishment and administration of funds, particularly Section 6505 of the California Government Code. CC Power shall establish and maintain such funds and accounts as may be required by good accounting practice or by any provision of any resolution, indenture or other instrument of CC Power securing its bonds or other indebtedness, except insofar as such powers, duties and responsibilities are assigned to a trustee appointed pursuant to such resolution, indenture or other instrument. The books and records of CC Power shall be open to inspection at all reasonable times to each Member and its representatives.

Section 10.02 Annual Audits and Audit Reports. The Treasurer/Controller shall cause an annual independent audit of the accounts and records of CC Power to be made by a certified public accountant or public accountant in accordance with all applicable laws. If permitted by applicable law and authorized by the Board, the audit(s) may be conducted at the longer interval authorized by applicable law. A report of the financial audit will be filed as a public record with each Member. CC Power will pay the cost of the financial audit and charge the cost against the Members in the same manner as other administrative costs.

ARTICLE XI. GENERAL PROVISIONS

Section 11.01 Successors and Assigns. No Member may assign any right or obligation under this Agreement without the consent of all other Members. This section shall not affect, in any respect, any right of assignment under any Project Agreement.

Section 11.02 Amendments. Subject to any requirements of law, a two-thirds (2/3) vote of the entire Board will be required to amend Articles II, III, VIII, and IX of this Agreement. Once an amendment of Articles II, III, VIII, or IX is adopted by the Board, the amendment must be approved by two-thirds of the Members pursuant to that Members' applicable approval process. All other provisions of this Agreement may be amended at any time or from time to time by an amendment approved by at least two-thirds (2/3) vote of the entire Board. Written notice shall be provided to all Members of proposed amendments to this Agreement, including the effective date of such amendments, at least 60 days prior to the date upon which the Board votes on such amendments.

Section 11.03 Indemnification and Insurance. To the fullest extent permitted by law, CC Power shall defend, indemnify, and hold harmless the Members and each of their respective Directors, alternates, officers, employees and agents from any and all claims losses damages, costs, injuries and liabilities of every kind arising directly or indirectly from the conduct, activities, operations, acts, and omissions of CC Power under this Agreement to the extent not otherwise provided under a Project Agreement. CC Power shall acquire such insurance coverage as the Board deems is necessary and appropriate to protect the interests of CC Power and the Members.

Section 11.04 Notices. The Board shall designate its principal office as the location at which it will receive notices, correspondence, and other communications, and shall designate one of its Directors or staff as an officer for the purpose of receiving service on behalf of the Board. Any notice given pursuant to this Agreement shall be in writing and shall be dated and signed by the Member giving such notice. Notice to each Member under this Agreement is sufficient if mailed to the Member and separately to the Member's Director to their respective addresses on file with CC Power.

Section 11.05 Severability. Should any portion, term, condition, or provision of this Agreement be determined by a court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or be otherwise rendered unenforceable or ineffectual, the remaining portions, terms, conditions, and provisions shall not be affected thereby.

Section 11.06 Section Headings. The section headings herein are for convenience only and are not to be construed as modifying or governing the language in the section to which they refer.

Section 11.07 Choice of Law. This Agreement will be governed and construed in accordance with the laws of the State of California.

Section 11.08 Counterparts. This Agreement may be executed in any number of counterparts, and each executed counterpart shall have the same force and effect as an original instrument and as if all Members had signed the same instrument.

Section 11.09 Dispute Resolution. The Members shall make reasonable efforts to informally settle all disputes arising out of, or in connection with, this Agreement. Should such informal efforts to settle a dispute fail, the dispute shall be mediated in accordance with policies and procedures established by the Board.

PUBLIC UTILITIES COMMISSION

City and County of San Francisco

RESOLUTION NO. 23-0139

WHEREAS, The San Francisco Board of Supervisors established a Community Choice Aggregation (CCA) program in 2004 (Ordinance 86-04) and has implemented the program, called CleanPowerSF, through the work of the San Francisco Public Utilities Commission (SFPUC) in consultation with the San Francisco Local Agency Formation Commission (Ordinances 146-07, 147-07, and 232-09); and

WHEREAS, The SFPUC has adopted program goals and Business Practice Policies (Resolution No. 15-0267, amended with Resolution No. 18-0028), for CleanPowerSF that guide CleanPowerSF's planning and operations, including leading with affordable and reliable service, providing cleaner electricity alternatives, and investing in local renewable projects and jobs while providing for long-term rate and financial stability; and

WHEREAS, CleanPowerSF initiated service to approximately 7,800 customers in May 2016, and following on the success of its initial phase of service, undertook multiple additional auto-enrollments, until citywide enrollment of all eligible customer accounts was completed in June 2020, resulting in now serving approximately 380,000 customer accounts with annual electricity sales of about 3,000 gigawatt-hours and an annual peak demand of 550 megawatts; and

WHEREAS, The SFPUC, by Resolution No. 21-0023, and the Board, by Ordinance No. 25-21, authorized CleanPowerSF to become a member of California Community Power (CC Power), a joint powers authority comprised of nine CCAs representing over 3 million customers across 148 municipalities spanning from Humboldt County to Santa Barbara County, and in April 2021 the CC Power Board approved CleanPowerSF's membership (Resolution 21-04-09); and

WHEREAS, Since joining CC Power, CleanPowerSF has executed Project Participation and Share Agreements to purchase energy and capacity from two long-duration energy storage projects and two geothermal projects, supporting its compliance with California Public Utilities Commission Decision 21-06-035; and

WHEREAS, On December 14, 2022 the CC Power Board approved and adopted a Strategic Business Plan, which establishes business objectives for the agency, including 1) build organizational capacity to provide value to members including hiring a full-time general manager and clarifying or adding operating policies and procedures, 2) successfully implement agreements for long duration storage and firm clean resources [geothermal], 3) pursue opportunities enabled by the Inflation Reduction Act, including innovative technologies; and 4) achieve savings through joint procurement of programs and services; and

WHEREAS, In February 2023, consistent with the adopted Strategic Business Plan, CC Power hired a full-time general manager who is charged with developing the organizational capacity to successfully implement the existing power purchase agreements and pursue new opportunities that would benefit from multi-agency collaboration; and

WHEREAS, This action does not constitute a “project” under the California Environmental Quality Act (CEQA) Guidelines Section 15378 because funds would be used only for general and administrative costs and it does not involve commitment to any specific project that may result in a physical change in the environment; and procurement of energy and capacity from future energy projects will not commence until the project(s) have been reviewed and any appropriate environmental review under the CEQA, if required, has been completed; and

WHEREAS, The CC Power Board adopted a fiscal year 2023-2024 budget for on-going general administrative activities totaling \$759,044, of which CleanPowerSF’s pro-rata share is \$84,833; now, therefore, be it

RESOLVED, This Commission finds it is prudent and reasonable to approve a CleanPowerSF not-to-exceed amount for CleanPowerSF’s pro-rata contributions to CC Power’s on-going general and administrative expenses, including a contingency for additional, unanticipated, expenses for a period of 25 years to ensure that it is able to meet its general obligations as a member of CC Power while the long-term Project Participation and Share Agreements are in effect; and be it

FURTHER RESOLVED, That this Commission hereby approves CleanPowerSF’s share of the on-going general and administrative costs for its participation in the California Community Power Agency, for an amount not-to-exceed \$100,000 per year adjusted by 5% per year for 25 years and authorizes the General Manager to seek Board of Supervisors approval.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of June 27, 2023.

Secretary, Public Utilities Commission

WHEREAS, The SFPUC, by Resolution No. 21-0023, and the Board of Supervisors, by Ordinance No. 25-21, authorized CleanPowerSF to become a member of California Community Power (CC Power), a joint powers authority comprised of nine CCAs representing over 3 million customers across 148 municipalities spanning from Humboldt County to Santa Barbara County, and pay its share of CC Power's general and administrative costs for three years; and

WHEREAS, In April 2021, the CC Power Board approved CleanPowerSF's membership (Resolution 21-04-09); and

WHEREAS, This action does not constitute a "project" under the California Environmental Quality Act (CEQA) Guidelines Section 15378 because funds would be used only for general and administrative costs and it does not involve commitment to any specific project that may result in a physical change in the environment; and procurement of energy and capacity from future energy projects will not commence until the project(s) have been reviewed and any appropriate environmental review under the CEQA, if required, has been completed; and

WHEREAS, The CC Power Board adopted a fiscal year 2025-2026 budget for on-going general administrative activities including staffing, service contracts, related operating expenses, and contribution to financial reserves, totaling \$1,565,789, of which CleanPowerSF's pro-rata share is \$173,977; now, therefore, be it

RESOLVED, This Commission finds it is prudent and reasonable to increase the not-to-exceed amount for CleanPowerSF's pro-rata contributions to CC Power's on-going general and administrative expenses from \$4,772,710 to \$8,286,095 for 23 years, based on an estimate of \$200,000 per year, escalated at 5%, and authorizes the General Manager to seek Board of Supervisors approval.

I hereby certify that the foregoing resolution was adopted by the San Francisco Public Utilities Commission at its meeting of June 24, 2025.
