Section 1. Background and Findings.

(a) On November 8, 2022, the voters approved Proposition B ("Proposition B 2022"), which amended the Charter to eliminate the Department of Sanitation and Streets ("SAS") and transfer its responsibilities to the Department of Public Works (the "Department"); to remove special qualifications for members of the Sanitation and Streets Commission and Public Works Commission ("Public Works Commission") and the Sanitation and Streets Commission ("SAS Commission") and for the Director of Public Works; to limit the duties of the SAS Commission to holding hearings, reviewing data, and setting policies for the Department regarding sanitation standards and protocols and maintenance of the public right of way; and

1 to provide that the Public Works Commission shall oversee all other aspects of the
2 Department.

3 (b) As amended by Proposition B 2022, Charter Section 4.139(c)(2) requires the
4 Director of the Department to submit to the Board of Supervisors a proposed ordinance
5 amending the Municipal Code to conform to Charter Sections 4.139, 4.1490, and 4.141 and
6 the repeal of Charter Section 4.138 no later than June 30, 2023.

7 (c) This ordinance satisfies the requirements of Charter Section 4.139(c)(2) and
8 includes other proposed amendments to modernize and update the Municipal Code to reflect
9 City operations more accurately and to enable the Department to operate more effectively.

10 (d) The Planning Department has determined that the actions contemplated in this
11 ordinance comply with the California Environmental Quality Act (California Public Resources
12 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
13 Supervisors in File No. ____ and is incorporated herein by reference. The Board affirms this
14 determination.

19 regulate materials or manner of construction or repair, and instead relate in their entirety to
20 administrative procedures for implementing the code and remedies available for enforcing
21 code violations, which are expressly excluded from the definition of a “building standard” by
22 California Health and Safety Code Section 18909(c).

3 **SEC. 2301. PURPOSE AND INTENT.**

4 The Board of Supervisors hereby finds and declares that:

5 (a) Graffiti is detrimental to the health, safety, and welfare of the community in that it
6 promotes a perception in the community that the laws protecting public and private property
7 can be disregarded with impunity. This perception fosters a sense of disrespect for the law
8 that results in an increase in crime; degrades the community and leads to urban blight; is
9 detrimental to property values, business opportunities, and the enjoyment of life; is
10 inconsistent with the City's property maintenance goals and aesthetic standards; and results
11 in additional graffiti and in other properties becoming the target of graffiti unless it is quickly
12 removed from public and private property.

13 (b) Graffiti results in visual pollution and is hereby deemed a public nuisance. Graffiti
14 must be abated as quickly as possible to avoid detrimental impacts on the City and its
15 residents, and to prevent the further spread of graffiti.

16 (c) Graffiti is increasingly used by gangs to frighten residents of neighborhoods and
17 instigate and escalate disputes with opposing gangs. Therefore, gang graffiti, in particular,
18 exacerbates the degradation of San Francisco's quality of life. In order to alleviate this fear
19 caused by gang graffiti, and to assist the partnership between the City and the neighborhoods
20 in their mutual efforts to make streets safe, gang graffiti must be abated as quickly as
21 possible.

22 (d) Graffiti also is used in guerilla marketing campaigns to promote or publicize, for
23 commercial or non-commercial purposes, goods, products, and services in lieu of or to
24 supplement conventional advertising techniques. This type of graffiti must be abated as
25

1 quickly as possible to avoid detrimental impacts on the City and its residents, and to prevent
2 the further spread of graffiti.

3 (e) It is the purpose of this Article 23 to provide a program for the removal of graffiti
4 from walls, pavement, structures, and other improvements on both public and private
5 property, including the public right-of-way.

1 within 30 calendar days from the date of the notice of violation, the Director may immediately
2 order that the graffiti be abated. Unless the Director has obtained written consent from the
3 property owner to enter the property and remove the graffiti, before initiating abatement the
4 Director shall obtain a court order authorizing the Department ~~of Public Works~~ to enter upon
5 the property and remove the graffiti and give written notice of the abatement (Abatement
6 Order) served in accordance with Section 2304(a). The Director may not order a graffiti
7 abatement action that may violate the California Art Preservation Act (California Civil Code
8 Sections 987 et seq.) or the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et

The Department shall require every Permittee to install a suitable street tree in order to minimize any negative effects on the Aesthetic Character of the streetscape resulting from Permittee's construction, installation and maintenance of the permitted Surface-Mounted Facility.

(1) In any instance in which the Department cannot require the Permittee to install an appropriate street tree in the vicinity of the permitted Surface-Mounted Facility, including on the basis of inadequate sidewalk width, interference with utilities, or other reasons regarding the public health, safety, or welfare, the Department shall instead require the Permittee to pay an "in-lieu" fee.

6 necessary to protect the public health, safety or welfare, a Permittee shall at its own cost and
7 expense temporarily or permanently remove, relocate, adjust, and/or support a Surface-
8 Mounted Facility or any part thereof, to such other locations in the Public Right-of-Ways, in

18 contract awards are subject to certification by the Controller as to the
19 availability of funds.

20 Failure of a department to include such language in a published advertisement or
21 Advertisement For Bids does not give rise to a contract right by a Bidder or Contractor outside
22 of the requirements of the Charter or Administrative Code.

1 **SEC. 6.22. PUBLIC WORK CONSTRUCTION CONTRACT TERMS AND WORKING**
2 **CONDITIONS.**

3 All construction Contracts awarded under this Chapter 6 by the City shall contain the
4 following minimum terms and conditions:

5 * * * *

7 the Department Head concerned and with ~~the approval of the Mayor, relative to the department~~
8 ~~under the Mayor's jurisdiction, or~~ the approval of the board or commission concerned ~~for~~
9 ~~departments not under the Mayor.~~

10 * * * *

11 (h) **Modifications - Requirements.** If it becomes necessary in the prosecution of any
12 Public Work or Improvement Contract to make alterations or modifications or to provide for
13 extras, such alterations, modifications, or extras shall be made only on written
14 recommendation of the Department Head responsible for the supervision of the Contract,
15 together with the approval of the ~~Mayor or the~~ board or commission, ~~as appropriate to the~~
16 ~~department,~~ and also the approval of the Controller, except as hereafter provided. The ~~Mayor~~
17 ~~or the~~ board or commission, ~~as appropriate to the department,~~ may delegate in writing the
18 authority to approve such alterations, modifications, or extras to the Department Head, except
19 as provided below. The Controller may delegate in writing the authority to encumber funds
20 from prior appropriations for such alterations, modifications, or extras to the Department Head
21 prior to the certification for payment. Such authority, when granted, will clearly state the
22 limitations of the changes to be encompassed.

23 (1) **Increasing or Decreasing Price.** Alterations, modifications, or extras in
24 any Contract, which will increase or decrease the Contract cost or scope, may be made or
25 allowed only on the written recommendation of the Department Head responsible for the

1 supervision of the Contract stating the amount and basis for such increase or decrease. For
2 any cumulative increase or decrease in price in excess of 10% of the original Contract price or
3 scope, the Department Head shall obtain the approval of ~~the Mayor or~~ the board or
4 commission ~~as appropriate~~ and also the approval of the Controller notwithstanding any
5 delegation provided for above.

6 (2) **Extensions of Time.** Upon finding that work under a construction Contract
7 cannot be completed within the specified time because of an unavoidable delay as defined in
8 the Contract, the Department Head may extend the time for completion of the work. If the
9 cumulative extensions of time exceeds 10% of the original Contract duration, the Department
10 Head shall obtain the approval of the ~~Mayor, board or commission, as appropriate to the~~
11 ~~department~~ notwithstanding any delegation provided for above. The Department Head may
12 seek such approval after completion of the work if the Department Head makes a written
13 finding in the time extension that no basis exists to assess liquidated damages for delay
14 against the Contractor. All time extensions shall be in writing, but in no event shall any
15 extension be granted subsequent to the issuance of a certificate of final acceptance.

16 (A) **Time Extension Not Waiver of City's Rights.** The granting of an
17 extension of time because of unavoidable delays shall in no way operate as a waiver on the
18 part of the City or the Department Head, ~~Mayor, or,~~ board or commission of the right to collect
19 liquidated damages for other delays or of the right to collect other damages or of any other
20 rights to which the City is entitled.

21 * * * *

22 (I) **Termination for Convenience.** In all Contracts for the construction of any Public
23 Work or Improvement, the Department Head may include in the specifications setting forth the
24 terms and conditions for the performance of the Contract a provision that the City may
25 terminate the performance of work under the Contract whenever the Department Head shall

determine, with the approval of the ~~Mayor or the~~ board or commission concerned, that such termination is in the best interest of the City. Any such termination shall be effected by delivery to the Contractor of a notice of termination specifying the extent to which performance of work under the Contract is terminated and the date upon which such termination becomes effective. The Department Head is hereby authorized to include within such construction Contract the appropriate language to implement this subsection 6.22(l).

* * * *

SEC. 6.23. PUBLIC WORKS TO BE PERFORMED BY THE CITY; BIDS BY CITY DEPARTMENTS; PROCEDURE UPON REJECTION OR FAILURE OF BIDS.

* * * *

(c) **Procedure Upon Rejection or Failure of Bids.** When Bids have been advertised pursuant to the required procedures and a department receives no Bids, or only one Responsive Bid from a Responsible Bidder, the Department Head shall take the following actions, as appropriate:

(1) **No Bids Received.** If no Bids are received, the Department Head shall determine (A) whether further outreach efforts would result in Contractors submitting Bids and/or (B) whether removal or modification of certain requirements in the Contract would result in Contractors submitting Bids, provided that such requirements are not required by statute or law and their removal or modification would not compromise the interests of the City. If the Department Head determines that steps (A) and/or (B), above, would likely result in Contractors submitting Bids, then the Department Head shall re-bid the work. If the Department Head determines that neither step (A) nor (B), above, would likely result in Contractors submitting Bids, then the Department Head, with the approval ~~of the Mayor or the~~

1 board or commission concerned, ~~as appropriate,~~ may negotiate with any qualified Contractor or
2 may order the work to be executed by the City.

3 (2) **One Responsive Bid Received; No Other Bids Received.** If only one
4 Responsive Bid is received from a Responsible Bidder, and no other Bids are submitted for
5 the same work, the Department Head may recommend the Award of a Contract to the sole
6 Bidder at the bid price received, provided that the bid price does not exceed the engineer's
7 estimate for the work. If the bid price received exceeds the engineer's estimate, the
8 Department Head shall determine (A) whether further outreach efforts would result in more
9 than one Bid and/or (B) whether removal or modification of certain requirements in the
10 Contract would result in more than one Bid, provided that such requirements are not required
11 by statute or law and their removal or modification would not compromise the interests of the
12 City. If the Department Head determines that steps (A) and/or (B), above, would likely result in
13 more than one Bid at bid prices substantially lower than the bid price received, then the
14 Department Head shall re-bid the work. If the Department Head determines that neither step
15 (A) nor (B), above, would likely result in more than one Bid at bid prices substantially lower
16 than the bid price received, then the Department Head, with the approval of the ~~Mayor or the~~
17 board or commission for the department concerned, ~~as appropriate,~~ may negotiate with the
18 sole Bidder or any qualified Contractor, or may order the work to be executed by the City.
19 The cost of negotiated work or the cost of work executed by the City shall not exceed any bid
20 price received for the same work.

21 (3) **One Responsive Bid Received; Other Nonresponsive Bids Received.** If
22 only one Responsive Bid is received from a Responsible Bidder and other, nonresponsive
23 Bids and/or Bids by nonresponsible Bidders are submitted for the same work, the Department
24 Head may recommend the Award of a Contract to the sole Responsive, Responsible Bidder at
25 the bid price received, provided that the bid price does not exceed the engineer's estimate for

1 the work. If the Responsive bid price received exceeds the engineer's estimate, the
2 Department Head shall determine (A) whether the qualifications for Bidders were too onerous
3 and not necessary for the work and/or (B) whether one or more of the nonresponsive Bids
4 could be easily cured and whether the Bidders that submitted such Bids are still interested in
5 bidding on the work. If the Department Head determines that steps (A) and/or (B), above,
6 would likely result in more than one Responsive Bid by Responsible Bidders, at bid prices
7 substantially lower than the bid price received, then the Department Head shall re-bid the
8 work. If the Department Head determines that neither step (A) nor (B), above, would result in
9 more than one Responsive Bid by Responsible Bidders at bid prices substantially lower than
10 the bid price received, then the Department Head, with the approval of the ~~Mayor or the~~ board
11 or commission concerned, ~~as appropriate,~~ may negotiate with the sole Responsible Bidder or
12 any qualified Contractor, or may order the work to be executed by the City. The cost of
13 negotiated work or the cost of work executed by the City shall not exceed any bid price
14 received for the same work.

15 (4) All Contracts awarded under this subsection 6.23(c), including negotiated
16 Contracts, shall require that the substitution of subcontractors be in accordance with California
17 Public Contract Code Section 4107.

18 19 **SEC. 6.40. COMPETITIVE PROCUREMENT OF PROFESSIONAL SERVICES FOR** 20 **PUBLIC WORK PROJECTS.**

21 Notwithstanding any other provision of this Administrative Code, when a department is
22 seeking outside temporary professional design, consultant or Construction Management
23 services for a Public Work or Improvement project, where the fee for such services shall
24 exceed the Minimum Competitive Amount, as defined below, the department shall procure
25 such services through a competitive process based primarily on qualifications.

1 * * * *

2 (c) **Negotiation.** Following the selection process outlined above, and should the
3 department concerned desire to enter into a Contract, the Department Head shall invite the
4 highest-ranked qualified respondent to negotiate a Contract to the extent provided for in the
5 request for proposals. In the event that the Department Head determines, in the Department
6 Head's sole discretion, that negotiations are unfruitful, the Department Head shall terminate
7 negotiations in writing and may then invite the next highest-ranked respondent to negotiate a
8 Contract. In such event, the Department Head shall as soon as practicable make a report to
9 the ~~Mayor,~~ board or commission as appropriate to the department.

10 (d) **Procedure Upon Rejection or Failure of Proposals.** If no Responsive proposals
11 are received from qualified proposers, the Department Head shall determine (1) whether
12 further outreach efforts would result in respondents submitting proposals and/or (2) whether
13 removal or modification of certain requirements in the Contract or request for proposals or
14 qualifications would result in respondents submitting responsive proposals, provided that such
15 requirements are not required by law and their removal or modification would not compromise
16 the interests of the City. If the Department Head determines that steps (1) and/or (2), above,
17 would likely result in respondents submitting Responsive proposals, then the Department
18 Head shall reissue the request for proposals or qualifications. If the Department Head
19 determines that neither step (1) nor (2) above, would likely result in respondents submitting
20 Responsive proposals, then the Department Head, with the approval of the ~~Mayor or the~~ board
21 or commission concerned, as appropriate, may negotiate with any qualified Contractor for the
22 professional services sought by the request for proposals or qualifications.

23 * * * *

1 **SEC. 6.41. REQUESTS FOR COMPETITIVE PROPOSALS OR QUALIFICATIONS.**

2 All requests for competitive proposals or qualifications for temporary design,
3 consultant, or Construction Management services shall conform to and at a minimum require
4 the following:

5 * * * *

6 **(b) Reservation of Rights to Reject or Cancel the Request for Proposals in Whole**
7 **or Part.** The Department Head, upon approval of ~~the Mayor or~~ the board or commission, as
8 appropriate, may reject any or all proposals, in whole or in part, received in response to a
9 request for proposals or qualifications. The right to reject shall be reserved in any request for
10 proposals or qualifications, but the failure to include such reservation shall not abrogate the
11 rights of the Department Head under this Section 6.41 or give rise to any right by any
12 respondent.

13 **(c) Award and Certification Required.** All requests for proposals or qualifications
14 shall contain the following language [wording in brackets should be chosen as appropriate to
15 the department]:

16 In accordance with San Francisco Administrative Code Chapter 6,
17 no proposal is accepted and no contract in excess of [the Threshold
18 Amount] is awarded by the City until such time as ~~[(1) for departments with~~
19 ~~boards or commissions,~~ (a) the Department Head recommends the contract
20 for award and (b) the [board or commission] then adopts a resolution
21 awarding the contract; ~~or [(2) for departments under the Mayor, (a) the Mayor~~
22 ~~approves the contract for award and (b) the Department Head then issues and~~
23 ~~order of award].~~ Pursuant to Charter Section 3.105, all contract awards are
24 subject to certification by the Controller as to the availability of funds.
25

1 Failure of a department to include such language in a request for proposals or
2 qualifications does not give rise to a contract right by a respondent or Contractor outside of
3 the requirements of the Charter or Administrative Code.

4 5 **SEC. 6.42. PROFESSIONAL SERVICES CONTRACT TERMS.**

6 All Contracts for temporary design, consultant, and Construction Management services
7 are professional services Contracts, which shall contain the following minimum terms and
8 conditions:

9 (a) **Guaranteed Maximum Costs.** Professional service Contracts shall provide for a
10 Guaranteed Maximum Cost, including fees, travel and related expenses as necessitated by
11 the project. Any modification to the Guaranteed Maximum Cost must be approved by the
12 Department Head in writing and approved by ~~the Mayor or~~ the board or commission
13 concerned, as appropriate, and the Controller.

14 * * * *

15
16 (d) **Assignment.** No Contract shall be assigned except upon the recommendation of
17 the Department Head concerned and with ~~the approval of the Mayor, relative to the department~~
18 ~~under the Mayor's jurisdiction or~~ the approval of the board or commission concerned ~~for~~
19 ~~departments not under the Mayor.~~

20 * * * *

21 22 **SEC. 6.60. EMERGENCY REPAIRS, WORK AND CONTRACTS.**

23 * * * *

1 (d) **Approvals Required for Determination of Emergency.** If the estimated cost of
2 the emergency work is less than or equal to \$250,000 the Department Head may proceed
3 with the work without additional approvals. If the estimated cost of the emergency work
4 exceeds \$250,000, the Department Head prior to authorizing the commencement of the work,
5 must first secure the approval in writing of ~~the Mayor or~~ the president of the board or
6 commission concerned as appropriate to the department. For all cases where the cost of the
7 emergency work exceeds \$250,000, the Department Head shall also obtain the approval of
8 the Board of Supervisors.

9 * * * *

11 **SEC. 6.61. DESIGN-BUILD.**

12 Design-build is an approach to the procurement of design and construction services,
13 whereby a single entity, known as the "Design-Builder," is retained to provide both
14 professional design services and general contractor services. Department Heads are
15 authorized to seek bids or proposals from qualified private entities ("Design-Builders") for
16 design-build construction and/or financing of Public Work projects under the following
17 conditions:

18 (a) Before the request for qualifications is issued, the Department Head shall
19 determine that a design-build delivery method is necessary or appropriate to achieve
20 anticipated cost savings or time efficiencies, or both, and that such a delivery method is in the
21 public's best interest. For projects involving financing of Public Work or Improvements
22 provided by the Design-Builder, the Department Head must first seek the approval of the
23 board or commission ~~if the department is under the jurisdiction of a board or commission, or the City~~
24 ~~Administrator, if the department is under the jurisdiction of the Mayor.~~ The Department Head shall
25

1 consult with the Office of the Controller to establish criteria for evaluating private financing
2 proposals.

3 * * * *

4 (g) All Contracts procured under this Section 6.61 are subject to the award provisions
5 of Section 6.3. If the proposed Contract involves a financing program, the City Capital
6 Planning Committee must review and report on the proposed project before the board or
7 commission, ~~Mayor or his/her designee~~ takes any action with respect to award of the Contract.

8 * * * *

10 **SEC. 6.73. OTHER PROCUREMENTS.**

11 Notwithstanding any other provision of this Code, a department may contract for works
12 or services governed by this Chapter 6 other than through open and full competition ("Sole
13 Source"), subject to the requirements of this provision. None of the requirements of applicable
14 provisions of the Municipal Code, including but not limited to requirements of Chapters 12B,
15 12C or 14B of the Administrative Code, are waived for Sole Source Contracts.

16 (a) **Approval.** For departments under the jurisdiction of a commission or a board, the
17 Department Head shall recommend to the commission or board concerned the approval and
18 award of a Sole Source Contract and such commission or board may then adopt a resolution
19 approving the justification of the Sole Source and awarding the Contract. ~~For departments with~~
20 ~~no commission or board, the Department Head, with the approval of the Mayor, may award a Sole~~
21 ~~Source Contract.~~ The Department Head's recommendation must provide specific and
22 comprehensive information, as provided under Section 6.73(d) below, justifying the necessity
23 of a Sole Source Contract.

12
13 **SEC. 10B.12. PAYMENT FOR SERVICES.**

14 The person, firm, or organization desiring such personnel shall pay to the Department
15 such sums of money as the Director of Public Works estimates shall be necessary to cover
16 the actual costs of the services to be provided, together with an administrative overhead
17 charge to cover the proportionate percentage of the Department's administrative costs that
18 are attributable in the Department's reasonable discretion to the work performed pursuant to

16 17 **SEC. 20.404. CONTRACT REQUIREMENTS.**

7 (d) The Board of Supervisors recognizes that these amendments will have a
8 material effect on the existing shelters whose contracts with the City require the City to pay
9 the shelter operators a certain negotiated amount for services offered at each shelter. The
10 City and the shelter operators contemplated that the shelters would operate at or near
11 capacity through most of the year. This legislation may reduce the number of beds available in
12 some shelters. In addition, this legislation will impose obligations on shelter operators that
13 exceed their obligations under their existing agreements with the City and therefore increase
14 their operating costs. City officials and shelter operators based their budgetary assumptions
15 and contracting decisions on factors that existed before this legislation existed. Therefore, the
16 Board of Supervisors authorizes each City department overseeing contracts affected by this
17 legislation to negotiate amendments to existing contracts to reflect these changes so long as
18 current contract amounts are not reduced; and 32. maximize the space for sleeping in the
19 shelter to the fullest extent possible.

1 construed to authorize the discontinuance or abandonment of the use of such lands, or any
2 change in the use thereof that will cause the reversion of such lands to private ownership, or
3 cause the forfeiture of the ownership thereof in fee by the City, or to authorize the
4 discontinuance of the use of park lands acquired in any proceeding wherein a local
5 assessment based on benefits was or shall be levied to provide funds for such acquisition;
6 and provided further that the general laws of the State of California authorizing municipal

15 administrative penalties imposed pursuant to Sections 37, 38, and 63 of the Police Code;

16 Sections 41.13, 283.1, 287, 288.1 and 600 of the Health Code; Sections 170, 173, 174, 174.2,

20 (d) Request for Hearing; Hearing.

21 (1) A person or entity that has been issued an administrative citation may

22 request administrative review in order to contest the citation issued in accordance with this

23 subsection (d). Administrative review shall be initiated by filing a request for administrative

24 review with the Director of Public Works, within 15 City business days from the date of the

25 citation. Failure to request a hearing within the time specified in the citation shall be deemed

1 an admission that the cited person or entity committed the violation identified in the
2 administrative citation.

3 (2) Whenever administrative review is requested pursuant to this ~~sub~~Section,
4 the Director of Public Works shall, within five City business days of receipt of the request,
5 notify the requestor of the date, time, and place of the administrative review hearing by
6 certified mail. Such hearing shall be held no later than thirty (30) calendar days after the
7 Director receives the request, unless time is extended by mutual agreement of the affected
8 parties.

9 (3) The administrative review hearing shall be conducted by a neutral hearing
10 officer from outside the Department of Public Works and the department whose employee
11 issued the citation. The Director of ~~Public Works~~~~Administrative Services~~ may issue rules as

13 the hearing officer. All testimony shall be under oath. The hearing officer shall ensure that a
14 record of the proceedings is maintained. The burden of proof to uphold the violation shall be
15 on the City, but the administrative citation shall be prima facie evidence of the violation.

16 (4) The hearing officer shall issue a decision including a summary of the issues
17 and the evidence presented, and findings and conclusions, within ten (10) calendar days of
18 the conclusion of the hearing. The hearing officer may uphold the penalty imposed by the
19 citation, reduce the penalty, or dismiss the citation. A copy of the decision shall be served by
20 certified mail upon the person or entity contesting the violation. The decision shall be a final

7 business days from the date of the notice of decision issued under ~~subsection~~paragraph (d)(4).

19 by the violator, the Director of Public Works shall further inform the violator that if the amount
20 due is not paid within 30 days from the date of the notice, the Director shall initiate
21 proceedings to make the amount due and all additional authorized costs and charges,

Subject: Proposition B (Nov. 2022) Implementation Ordinance

Hi Carla,

Attached is a revised version of the Proposition B implementation ordinance, which reflects the reintegration of the Department of Sanitation and Streets with the Department of Public Works pursuant to Proposition B (November 2022), which reversed certain aspects of Proposition B (November 2020) (separating the Department of Sanitation and Streets from the Department of Public Works). The substance of this ordinance consists mainly of code

cleanups and updates that are not directly related to the changes effected by Proposition B, but I have included the changes given the opportunity to make corrections and updates following my review of the entire Public Works Code in order to draft the implementing ordinance for Proposition B (2020).

As we have discussed, the Charter requires you to submit this ordinance to the Board of Supervisors by the specified deadline of June 30, 2023.

Please review this ordinance along with your team and let me know if you have any questions, corrections, or edits by next Thursday, June 29. Will you be available to submit the ordinance to the Clerk of the Board on June 30?

Thank you!

Ordinance amending the Public Works, Administrative, Police, Health, and Building Codes to clarify the authority of the Public Works Commission, the Sanitation and Streets Commission, the Department of Public Works, and the San Francisco Public Utilities Commission; amending said Codes to provide clarifications, corrections, and updates consistent with changes in state and local laws; and affirming the Planning Department's determination under the California Environmental Quality Act.

Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Background and Findings.

(a) On November 8, 2022, the voters approved Proposition B ("Proposition B 2022"), which amended the Charter to eliminate the Department of Sanitation and Streets ("SAS") and transfer its responsibilities to the Department of Public Works (the "Department"); to remove special qualifications for members of the Sanitation and Streets Commission and Public Works Commission ("Public Works Commission") and the Sanitation and Streets Commission ("SAS Commission") and for the Director of Public Works; to limit the duties of the SAS Commission to holding hearings, reviewing data, and setting policies for the Department regarding sanitation standards and protocols and maintenance of the public right of way; and

1 to provide that the Public Works Commission shall oversee all other aspects of the
2 Department.

3 (b) As amended by Proposition B 2022, Charter Section 4.139(c)(2) requires the
4 Director of the Department to submit to the Board of Supervisors a proposed ordinance
5 amending the Municipal Code to conform to Charter Sections 4.139, 4.1490, and 4.141 and
6 the repeal of Charter Section 4.138 no later than June 30, 2023.

7 (c) This ordinance satisfies the requirements of Charter Section 4.139(c)(2) and
8 includes other proposed amendments to modernize and update the Municipal Code to reflect
9 City operations more accurately and to enable the Department to operate more effectively.

10 (d) The Planning Department has determined that the actions contemplated in this
11 ordinance comply with the California Environmental Quality Act (California Public Resources
12 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
13 Supervisors in File No. ____ and is incorporated herein by reference. The Board affirms this
14 determination.

19 regulate materials or manner of construction or repair, and instead relate in their entirety to

3 **SEC. 2301. PURPOSE AND INTENT.**

4 The Board of Supervisors hereby finds and declares that:

5 (a) Graffiti is detrimental to the health, safety, and welfare of the community in that it
6 promotes a perception in the community that the laws protecting public and private property
7 can be disregarded with impunity. This perception fosters a sense of disrespect for the law
8 that results in an increase in crime; degrades the community and leads to urban blight; is
9 detrimental to property values, business opportunities, and the enjoyment of life; is
10 inconsistent with the City's property maintenance goals and aesthetic standards; and results
11 in additional graffiti and in other properties becoming the target of graffiti unless it is quickly
12 removed from public and private property.

13 (b) Graffiti results in visual pollution and is hereby deemed a public nuisance. Graffiti
14 must be abated as quickly as possible to avoid detrimental impacts on the City and its
15 residents, and to prevent the further spread of graffiti.

16 (c) Graffiti is increasingly used by gangs to frighten residents of neighborhoods and
17 instigate and escalate disputes with opposing gangs. Therefore, gang graffiti, in particular,
18 exacerbates the degradation of San Francisco's quality of life. In order to alleviate this fear
19 caused by gang graffiti, and to assist the partnership between the City and the neighborhoods
20 in their mutual efforts to make streets safe, gang graffiti must be abated as quickly as
21 possible.

22 (d) Graffiti also is used in guerilla marketing campaigns to promote or publicize, for
23 commercial or non-commercial purposes, goods, products, and services in lieu of or to
24 supplement conventional advertising techniques. This type of graffiti must be abated as
25

1 quickly as possible to avoid detrimental impacts on the City and its residents, and to prevent
2 the further spread of graffiti.

3 (e) It is the purpose of this Article 23 to provide a program for the removal of graffiti
4 from walls, pavement, structures, and other improvements on both public and private
5 property, including the public right-of-way.

1 within 30 calendar days from the date of the notice of violation, the Director may immediately
2 order that the graffiti be abated. Unless the Director has obtained written consent from the
3 property owner to enter the property and remove the graffiti, before initiating abatement the
4 Director shall obtain a court order authorizing the Department ~~of Public Works~~ to enter upon
5 the property and remove the graffiti and give written notice of the abatement (Abatement
6 Order) served in accordance with Section 2304(a). The Director may not order a graffiti
7 abatement action that may violate the California Art Preservation Act (California Civil Code
8 Sections 987 et seq.) or the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et

6 necessary to protect the public health, safety or welfare, a Permittee shall at its own cost and
7 expense temporarily or permanently remove, relocate, adjust, and/or support a Surface-
8 Mounted Facility or any part thereof, to such other locations in the Public Right-of-Ways, in

19 availability of funds.

20 Failure of a department to include such language in a published advertisement or
21 Advertisement For Bids does not give rise to a contract right by a Bidder or Contractor outside
22 of the requirements of the Charter or Administrative Code.

23 * * * *

1 **SEC. 6.22. PUBLIC WORK CONSTRUCTION CONTRACT TERMS AND WORKING**
2 **CONDITIONS.**

3 All construction Contracts awarded under this Chapter 6 by the City shall contain the

10 * * * *

11 (h) **Modifications - Requirements.** If it becomes necessary in the prosecution of any
12 Public Work or Improvement Contract to make alterations or modifications or to provide for
13 extras, such alterations, modifications, or extras shall be made only on written
14 recommendation of the Department Head responsible for the supervision of the Contract,
15 together with the approval of the ~~Mayor or the~~ board or commission, ~~as appropriate to the~~
16 ~~department,~~ and also the approval of the Controller, except as hereafter provided. The ~~Mayor~~
17 ~~or the~~ board or commission, ~~as appropriate to the department,~~ may delegate in writing the
18 authority to approve such alterations, modifications, or extras to the Department Head, except
19 as provided below. The Controller may delegate in writing the authority to encumber funds
20 from prior appropriations for such alterations, modifications, or extras to the Department Head
21 prior to the certification for payment. Such authority, when granted, will clearly state the
22 limitations of the changes to be encompassed.

23 (1) **Increasing or Decreasing Price.** Alterations, modifications, or extras in
24 any Contract, which will increase or decrease the Contract cost or scope, may be made or
25 allowed only on the written recommendation of the Department Head responsible for the

1 supervision of the Contract stating the amount and basis for such increase or decrease. For
2 any cumulative increase or decrease in price in excess of 10% of the original Contract price or
3 scope, the Department Head shall obtain the approval of ~~the Mayor or~~ the board or
4 commission ~~as appropriate~~ and also the approval of the Controller notwithstanding any
5 delegation provided for above.

6 (2) **Extensions of Time.** Upon finding that work under a construction Contract
7 cannot be completed within the specified time because of an unavoidable delay as defined in
8 the Contract, the Department Head may extend the time for completion of the work. If the
9 cumulative extensions of time exceeds 10% of the original Contract duration, the Department
10 Head shall obtain the approval of the ~~Mayor, board or commission, as appropriate to the~~
11 ~~department~~ notwithstanding any delegation provided for above. The Department Head may
12 seek such approval after completion of the work if the Department Head makes a written
13 finding in the time extension that no basis exists to assess liquidated damages for delay
14 against the Contractor. All time extensions shall be in writing, but in no event shall any
15 extension be granted subsequent to the issuance of a certificate of final acceptance.

16 (A) **Time Extension Not Waiver of City's Rights.** The granting of an
17 extension of time because of unavoidable delays shall in no way operate as a waiver on the
18 part of the City or the Department Head, ~~Mayor, or,~~ board or commission of the right to collect
19 liquidated damages for other delays or of the right to collect other damages or of any other
20 rights to which the City is entitled.

23 Work or Improvement, the Department Head may include in the specifications setting forth the

1 determine, with the approval of the ~~Mayor or the~~ board or commission concerned, that such
2 termination is in the best interest of the City. Any such termination shall be effected by
3 delivery to the Contractor of a notice of termination specifying the extent to which performance
4 of work under the Contract is terminated and the date upon which such termination becomes
5 effective. The Department Head is hereby authorized to include within such construction
6 Contract the appropriate language to implement this subsection 6.22(l).

8
9 **SEC. 6.23. PUBLIC WORKS TO BE PERFORMED BY THE CITY; BIDS BY CITY**
10 **DEPARTMENTS; PROCEDURE UPON REJECTION OR FAILURE OF BIDS.**

11 * * * *

12 (c) **Procedure Upon Rejection or Failure of Bids.** When Bids have been advertised
13 pursuant to the required procedures and a department receives no Bids, or only one
14 Responsive Bid from a Responsible Bidder, the Department Head shall take the following
15 actions, as appropriate:

16 (1) **No Bids Received.** If no Bids are received, the Department Head shall
17 determine (A) whether further outreach efforts would result in Contractors submitting Bids
18 and/or (B) whether removal or modification of certain requirements in the Contract would
19 result in Contractors submitting Bids, provided that such requirements are not required by
20 statute or law and their removal or modification would not compromise the interests of the
21 City. If the Department Head determines that steps (A) and/or (B), above, would likely result
22 in Contractors submitting Bids, then the Department Head shall re-bid the work. If the
23 Department Head determines that neither step (A) nor (B), above, would likely result in
24 Contractors submitting Bids, then the Department Head, with the approval ~~of the Mayor or the~~

1 board or commission concerned, ~~as appropriate,~~ may negotiate with any qualified Contractor or
2 may order the work to be executed by the City.

3 **(2) One Responsive Bid Received; No Other Bids Received.** If only one
4 Responsive Bid is received from a Responsible Bidder, and no other Bids are submitted for
5 the same work, the Department Head may recommend the Award of a Contract to the sole
6 Bidder at the bid price received, provided that the bid price does not exceed the engineer's
7 estimate for the work. If the bid price received exceeds the engineer's estimate, the
8 Department Head shall determine (A) whether further outreach efforts would result in more
9 than one Bid and/or (B) whether removal or modification of certain requirements in the
10 Contract would result in more than one Bid, provided that such requirements are not required
11 by statute or law and their removal or modification would not compromise the interests of the
12 City. If the Department Head determines that steps (A) and/or (B), above, would likely result in
13 more than one Bid at bid prices substantially lower than the bid price received, then the
14 Department Head shall re-bid the work. If the Department Head determines that neither step
15 (A) nor (B), above, would likely result in more than one Bid at bid prices substantially lower
16 than the bid price received, then the Department Head, with the approval of the ~~Mayor or the~~
17 board or commission for the department concerned, ~~as appropriate,~~ may negotiate with the
18 sole Bidder or any qualified Contractor, or may order the work to be executed by the City.
19 The cost of negotiated work or the cost of work executed by the City shall not exceed any bid
20 price received for the same work.

21 **(3) One Responsive Bid Received; Other Nonresponsive Bids Received.** If
22 only one Responsive Bid is received from a Responsible Bidder and other, nonresponsive
23 Bids and/or Bids by nonresponsible Bidders are submitted for the same work, the Department
24 Head may recommend the Award of a Contract to the sole Responsive, Responsible Bidder at
25 the bid price received, provided that the bid price does not exceed the engineer's estimate for

1 the work. If the Responsive bid price received exceeds the engineer's estimate, the
2 Department Head shall determine (A) whether the qualifications for Bidders were too onerous
3 and not necessary for the work and/or (B) whether one or more of the nonresponsive Bids
4 could be easily cured and whether the Bidders that submitted such Bids are still interested in
5 bidding on the work. If the Department Head determines that steps (A) and/or (B), above,
6 would likely result in more than one Responsive Bid by Responsible Bidders, at bid prices
7 substantially lower than the bid price received, then the Department Head shall re-bid the
8 work. If the Department Head determines that neither step (A) nor (B), above, would result in
9 more than one Responsive Bid by Responsible Bidders at bid prices substantially lower than
10 the bid price received, then the Department Head, with the approval of the ~~Mayor or the~~ board
11 or commission concerned, ~~as appropriate,~~ may negotiate with the sole Responsible Bidder or
12 any qualified Contractor, or may order the work to be executed by the City. The cost of
13 negotiated work or the cost of work executed by the City shall not exceed any bid price
14 received for the same work.

15 (4) All Contracts awarded under this subsection 6.23(c), including negotiated
16 Contracts, shall require that the substitution of subcontractors be in accordance with California
17 Public Contract Code Section 4107.

18 19 **SEC. 6.40. COMPETITIVE PROCUREMENT OF PROFESSIONAL SERVICES FOR** 20 **PUBLIC WORK PROJECTS.**

21 Notwithstanding any other provision of this Administrative Code, when a department is
22 seeking outside temporary professional design, consultant or Construction Management
23 services for a Public Work or Improvement project, where the fee for such services shall
24 exceed the Minimum Competitive Amount, as defined below, the department shall procure
25 such services through a competitive process based primarily on qualifications.

1 * * * *

2 (c) **Negotiation.** Following the selection process outlined above, and should the
3 department concerned desire to enter into a Contract, the Department Head shall invite the
4 highest-ranked qualified respondent to negotiate a Contract to the extent provided for in the
5 request for proposals. In the event that the Department Head determines, in the Department
6 Head's sole discretion, that negotiations are unfruitful, the Department Head shall terminate
7 negotiations in writing and may then invite the next highest-ranked respondent to negotiate a
8 Contract. In such event, the Department Head shall as soon as practicable make a report to
9 the ~~Mayor,~~ board or commission as appropriate to the department.

10 (d) **Procedure Upon Rejection or Failure of Proposals.** If no Responsive proposals
11 are received from qualified proposers, the Department Head shall determine (1) whether
12 further outreach efforts would result in respondents submitting proposals and/or (2) whether
13 removal or modification of certain requirements in the Contract or request for proposals or
14 qualifications would result in respondents submitting responsive proposals, provided that such
15 requirements are not required by law and their removal or modification would not compromise
16 the interests of the City. If the Department Head determines that steps (1) and/or (2), above,
17 would likely result in respondents submitting Responsive proposals, then the Department
18 Head shall reissue the request for proposals or qualifications. If the Department Head
19 determines that neither step (1) nor (2) above, would likely result in respondents submitting
20 Responsive proposals, then the Department Head, with the approval of the ~~Mayor or the~~ board
21 or commission concerned, as appropriate, may negotiate with any qualified Contractor for the
22 professional services sought by the request for proposals or qualifications.

23 * * * *

1 **SEC. 6.41. REQUESTS FOR COMPETITIVE PROPOSALS OR QUALIFICATIONS.**

2 All requests for competitive proposals or qualifications for temporary design,
3 consultant, or Construction Management services shall conform to and at a minimum require
4 the following:

5 * * * *

6 **(b) Reservation of Rights to Reject or Cancel the Request for Proposals in Whole**
7 **or Part.** The Department Head, upon approval of ~~the Mayor or~~ the board or commission, as
8 appropriate, may reject any or all proposals, in whole or in part, received in response to a
9 request for proposals or qualifications. The right to reject shall be reserved in any request for
10 proposals or qualifications, but the failure to include such reservation shall not abrogate the
11 rights of the Department Head under this Section 6.41 or give rise to any right by any
12 respondent.

13 **(c) Award and Certification Required.** All requests for proposals or qualifications
14 shall contain the following language [wording in brackets should be chosen as appropriate to
15 the department]:

16 In accordance with San Francisco Administrative Code Chapter 6,
17 no proposal is accepted and no contract in excess of [the Threshold
18 Amount] is awarded by the City until such time as ~~[(1) for departments with~~
19 ~~boards or commissions,~~ (a) the Department Head recommends the contract
20 for award and (b) the [board or commission] then adopts a resolution
21 awarding the contract; ~~or [(2) for departments under the Mayor, (a) the Mayor~~
22 ~~approves the contract for award and (b) the Department Head then issues and~~
23 ~~order of award].~~ Pursuant to Charter Section 3.105, all contract awards are
24 subject to certification by the Controller as to the availability of funds.
25

1 Failure of a department to include such language in a request for proposals or
2 qualifications does not give rise to a contract right by a respondent or Contractor outside of
3 the requirements of the Charter or Administrative Code.

4 5 **SEC. 6.42. PROFESSIONAL SERVICES CONTRACT TERMS.**

6 All Contracts for temporary design, consultant, and Construction Management services
7 are professional services Contracts, which shall contain the following minimum terms and
8 conditions:

9 (a) **Guaranteed Maximum Costs.** Professional service Contracts shall provide for a
10 Guaranteed Maximum Cost, including fees, travel and related expenses as necessitated by
11 the project. Any modification to the Guaranteed Maximum Cost must be approved by the
12 Department Head in writing and approved by ~~the Mayor or~~ the board or commission
13 concerned, as appropriate, and the Controller.

14 * * * *

15
16 (d) **Assignment.** No Contract shall be assigned except upon the recommendation of
17 the Department Head concerned and with ~~the approval of the Mayor, relative to the department~~
18 ~~under the Mayor's jurisdiction or~~ the approval of the board or commission concerned ~~for~~
19 ~~departments not under the Mayor.~~

20 * * * *

21 22 **SEC. 6.60. EMERGENCY REPAIRS, WORK AND CONTRACTS.**

23 * * * *

1 (d) **Approvals Required for Determination of Emergency.** If the estimated cost of
2 the emergency work is less than or equal to \$250,000 the Department Head may proceed

7 (d) The Board of Supervisors recognizes that these amendments will have a
8 material effect on the existing shelters whose contracts with the City require the City to pay
9 the shelter operators a certain negotiated amount for services offered at each shelter. The
10 City and the shelter operators contemplated that the shelters would operate at or near
11 capacity through most of the year. This legislation may reduce the number of beds available in
12 some shelters. In addition, this legislation will impose obligations on shelter operators that
13 exceed their obligations under their existing agreements with the City and therefore increase
14 their operating costs. City officials and shelter operators based their budgetary assumptions
15 and contracting decisions on factors that existed before this legislation existed. Therefore, the
16 Board of Supervisors authorizes each City department overseeing contracts affected by this
17 legislation to negotiate amendments to existing contracts to reflect these changes so long as
18 current contract amounts are not reduced; and 32. maximize the space for sleeping in the
19 shelter to the fullest extent possible.

2 administrative citation.

3 (2) Whenever administrative review is requested pursuant to this ~~sub~~Section,
4 the Director of Public Works shall, within five City business days of receipt of the request,
5 notify the requestor of the date, time, and place of the administrative review hearing by

15 on the City, but the administrative citation shall be prima facie evidence of the violation.

16 (4) The hearing officer shall issue a decision including a summary of the issues
17 and the evidence presented, and findings and conclusions, within ten (10) calendar days of
18 the conclusion of the hearing. The hearing officer may uphold the penalty imposed by the

20 due is not paid within 30 days from the date of the notice, the Director shall initiate
21 proceedings to make the amount due and all additional authorized costs and charges,
