AGENDA CHANGES

There were no agenda changes.

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

250998 [Formal Policy Discussions - October 21, 2025]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall discuss eligible topics submitted from the Supervisors. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed two minutes per question or answer.

The following topic was noticed on the agenda representing District 11:

1. Recruitment and retention practices for Police Department to increase language, ethnic, and gender diversity

Mayor Daniel Lurie addressed the Board of Supervisors regarding keeping San Francisco safe while upholding our values and laws, including the lowest crime rates, dismantling open air drug markets, supporting immigrant and LGBTQ+ communities, and the Family Zoning Plan process currently underway. President Mandelman then invited Supervisor Chen to ask her question related to the noticed topic.

Supervisor Chen began the discussion by asking the following question: Will you commit to immediately implementing programs that have been successful in other counties and cities to recruit and retain female officers, officers of color, and officers with language competence? Mayor Lurie responded that the City has a clear and immediate plan to restore our public safety forces, including ensuring recruits reflect the communities they serve and that the officers have the resources they need. These efforts have resulted in the number of entry level applications increasing by 40%.

Supervisor Chen then followed up with the following question: Can you please specify the kind of programming that your department is considering to help build in cultural competency including training, awareness, and protocols around sensitive issues, especially those relating to United States Immigration and Customs Enforcement and Sanctuary City status? Mayor Lurie responded that the Police Department does extensive outreach to recruit those who best identify with the communities they serve, including multilingual notices, the strengthening of family support policies, merit-based systems, training smarter, and serving communities through integrity. Mayor Lurie did not ask any follow-up questions related to this topic.

Supervisor Fielder requested the Board provide her with the opportunity to ask a question not submitted for today's agenda, pursuant to Administrative Code, Section 2.11.

Supervisor Fielder, seconded by Supervisor Mahmood, moved to allow the District 9 Supervisor to ask her question to Mayor Lurie. The motion carried by the following vote:

Ayes: 10 - Chan, Chen, Dorsey, Fielder, Mahmood, Mandelman, Melgar, Sauter, Sherrill, Walton

Supervisor Fielder asked the following question: What is your administration doing in the coming days and weeks – more specifically, what direction has he given to relevant governmental units and departments in the executive branch in the City and County – to prepare our City in protecting the civil liberties and rights of our residents and, especially, immigrants and people of color in the event that Donald Trump sends militarized forces, including the National Guard, to San Francisco? Mayor Lurie responded that keeping San Francisco safe is his number one priority and that he has been coordinating with a policy group to ensure this occurs. The Police Department already prohibits local officers from participating in military operations in San Francisco and he is fully committed to upholding City policies and working with the Board of Supervisors.

Following public comment this matter was filed. No further action was taken.

Request Granted

From: Supervisor Chyanne Chen

To: Budget and Legislative Analyst (BUD)

Requests: Requesting an analysis of how San Francisco funds, builds, and plans for the development of affordable housing, including the impact and forecast created by the removal of impact fees and inclusionary requirements that have been used to support the development of affordable housing; the efficacy of the City's reliance on one-time funds or funds tied to market conditions versus other possible revenue strategies; and the ability of our city strategies to meet the gaps in our affordable housing delivery system to meet the unique needs of particular vulnerable communities and neighborhoods.
