1 [Accept and Expend Grant - Assistive Technology California Disability Employment Initiative -
2 \$105,000]

3 **Resolution authorizing the Office of Economic and Workforce Development to**
4 **retroactively accept and expend a grant in the amount of \$105,000 from the US**
5 **Department of Labor, passed through California Employment Development Department**
6 **for the Assistive Technology California Disability Employment Initiative.**

7
8 WHEREAS, The Office of Economic and Workforce Development will enhance its
9 current work under Disability Employment Initiative by providing additional services to
10 disabled clients in the form of certifications and emergency funding and will make system-
11 wide improvements to the program through training and technology; and

12 WHEREAS, This is a \$105,000 modification to an existing grant of \$504,595,
13 increasing the total grant amount to \$609,595; and

14 WHEREAS, This grant does not create any new positions as the program activities will
15 be performed by existing staff, and will not require an amendment to the Annual Salary
16 Ordinance; and

17 WHEREAS, This grant does not require any matching funds; and

18 WHEREAS, The Department proposes to maximize use of available grant funds on
19 program expenditures by not including indirect costs in the grant budget; now, therefore, be it

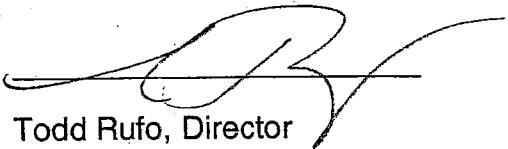

20 RESOLVED, That OEWD is hereby authorized to accept and expend retroactively the
21 amount of \$105,000, for the period of October 1, 2011 through September 30, 2014; and, be it

22 FURTHER RESOLVED, That the Board of Supervisors hereby waives inclusion of
23 indirect costs in the grant budget; and, be it

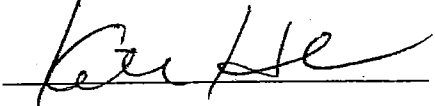

1 FURTHER RESOLVED, That OEWD is hereby authorized to retroactively accept and
2 expend the grant funds pursuant to San Francisco Administrative Code section 10.170-1; and,
3 be it

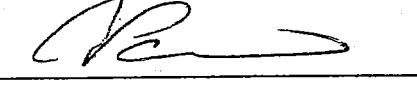

4 FURTHER RESOLVED, That the Director of OEWD is authorized to enter into the
5 agreement on behalf of the City.

Grant Resolution Information Form

(Effective July 2011)

Purpose: Accompanies proposed Board of Supervisors resolutions authorizing a Department to accept and expend grant funds.

The following describes the grant referred to in the accompanying resolution:

1. Grant Title: Assistive Technology for the California Disability Employment Initiative

2. Department: Office of Economic and Workforce Development

3. Contact Person: John Halpin Telephone: (415) 701-4856

4. Grant Approval Status (check one):

Approved by funding agency

Not yet approved

5. Amount of Grant Funding Approved or Applied for: \$105,000 (amending the original Disability Employment Initiative grant amount of \$504,595 in FY13 AAO)

6a. Matching Funds Required: NA

b. Source(s) of matching funds (if applicable): NA

7a. Grant Source Agency: Department of Labor

b. Grant Pass-Through Agency (if applicable): California Employment Development Department

8. Proposed Grant Project Summary: The Assistive Technology funding will be used to provide additional services to disabled clients. This includes training and certifications for professional development and emergency funding for supportive services like transportation, clothing and tools that will help secure employment. The funding will also be used for training and planning to have a greater reach with an interactive online community, updated assistive technology, literacy training, and outreach/marketing materials.

9. Grant Project Schedule, as allowed in approval documents, or as proposed:

Start-Date: 10/01/2011

End-Date: 9/30/2014

10a. Amount budgeted for contractual services: \$101,200

b. Will contractual services be put out to bid? No

c. If so, will contract services help to further the goals of the Department's Local Business Enterprise (LBE) requirements?

d. Is this likely to be a one-time or ongoing request for contracting out? Ongoing

11a. Does the budget include indirect costs?

Yes

No

b1. If yes, how much?

b2. How was the amount calculated?

Flexible Funding Proposal

Date: 4-20-2012

Name: John Halpin

Phone: 415-581-2335

E-mail: john.halpin@sfgov.org

Funding Request

[How much funding do you expect to use over the project's life? **Note:** Your ability to expend funding will be evaluated at the end of each year to ensure you are effectively using these funds.] \$90,000 see attached DEI spreadsheet.

Proposal

[How do you plan to use flexible funds to best meet the needs of your CDEI clients? Will your focus be on individual customer needs or systemic improvements?]

Our request for flexible funding focuses on both the individual needs of clients and systemic improvements. Individually, we will look at emergency funding and certifications. Systemically, we will focus on using training and technology to have a greater reach with an interactive online community, updated assistive technology, literacy training, and outreach/marketing materials.

We are proposing an orientation/training for the DEI Team including offsite planning and education. The group will use this time to participate in team building exercises, brainstorm about beginning the program, participate in disability awareness trainings like legacy, and share their individual expertise. Finally, a key component of training will include partnering with Virginia Commonwealth and Cornell to provide the team with detailed SSI/SSDI benefits training. Included in this training will be information about how to follow up and make sure One Stop customers understand the information and are following through to make the necessary decisions about their professional future. This will help address a key need of the One Stop customers with disabilities in their pursuit of work.

We will subcontract with Vision Literacy. The subcontract with Vision Literacy would allow us to implement a basic literacy tutoring component to DEI, leading to trained volunteers mentoring One Stop customers in need of basic skill remediation to develop their basic English language skills (reading, writing, speaking, and listening for both native and non-native speakers), basic math, and basic computer skills. For those CVE customers who have gaps in their foundational English language, math, and computer skills, working with a tutor will help them gain the basic skills and self-confidence that they need to succeed in their employment training program and, ultimately, in long-term employment.

We will also use flex funding for certifications with Certiport, ServSafe, and the Green Clean Institute which will give the program a focus towards a career ladder and provide One Stop customers with a competitive edge incorporating professional development into individual's futures. The certifications are:

ServSafe is related to California food handling laws. To work in a food handling establishment all employees need to be certified. Having the certification completed will give our job seekers an advantage over other candidates.

Certiport is a skill set that will introduce participants to information and communications technology (IC³). IC³ focuses on a future in computers, or any field that requires the use of computers, one certification can set our participants apart from the crowd. The Internet and Computing Core Certification (IC³®) provides students and job-seekers with the foundation of knowledge they need to succeed in environments that require the use of computers and the Internet. The Global Standard 3 is an internationally recognized standard for digital literacy and reflects the most relevant skills needed in today's academic and business environments.

The Green Clean Institute's mission is :

"We seek to offer training at an accessible and affordable level, reaching thousands of janitorial workers in the U.S. and abroad. Going Green is more than including a Green product on the cart. It must include a well educated team and integration of Green practices, thus increasing the professionalism of any cleaning service. Whether online or by site based education, we are the affordable solution to credible credentials".

Possessing the Green Clean Institute seal will provide an additional benefit to our customers.

This funding will also support new and updated assistive technology (AT) to strengthen the ability to be welcoming and cutting edge in the One Stops. AT updates and changes consistently. The San Francisco One Stops were last updated in June 2011. One of the first activities of the Disability Resource Team (DRT) will be to provide accessibility assessments.

An online interactive community will be used to incorporate technology allowing the team of four to have a greater impact on the community as a whole. The online community will be a website that includes a blog, resource database, links to community information, and a place for visitors to post questions and provide one another with resources. The DEI team will monitor this site with the help of a webmaster.

Innovative marketing such as a banner and creative outreach materials will be necessary for participants, community partners, and employers. We will develop materials like flash drives with appropriate graphics to use at outreach activities like community events and job fairs and to promote Ticket to Work. We would also like to purchase a projector and screen to be used for training.

We would like to support individual's needs with an emergency fund to help with supportive services that include; transportation expenses, meals, clothing, and tools that would help support successful employment. (See policy) Emergency funding would help participants be successful in securing employment.

Policy

[Outline your proposed policy for approving and issuing flexible funds to your customers or to benefit a system change. **Be clear and concise about the proposed guidelines. Any request outside your policy's parameters must be approved by your EDD project advisor.**]

The Disability Employment Initiative (DEI) Team will have access to money for participant emergencies.

The participants can request access to the money by filling out the attached DEI Emergency Expense application. A DEI Team member will work with the DEI Manager to assess the need and availability of funds. Individuals will have access to a maximum of \$1000.

The DEI Team Manager will provide a monthly report of monies used to be included in the overall team report submitted to the Employment Development Department (EDD).

Procedure

[Include the tasks that make up the decision process. Identify tasks that are mandatory and which tasks are optional based on the request?]

Overview

The DEI Team may provide participants with Supportive Services necessary to assist them while pursuing training and employment. Funds for such services are included in the Flex Funding portion of the DEI.

Transportation Expenses

Participants wishing to use WIA funds to assist participants with transportation needs in the form of MUNI passes, gas vouchers, etc. will invoice fill out the DEI Emergency Expense form for total grant amount.

The following steps will be taken when a participant is in need of transportation support:

- Participant will complete a **Supportive Service Payment Determination-Certification Form** and

- submit it to their Case Manager.
- The Case Manager (or other authorized Provider representative) will review and sign the document and keep in the participant's file.

Clothing Expenses

The following steps will be taken when a participant is in need of childcare support:

- Research other possible funding sources
- Cash never given directly to participant
- Clothes must be appropriate for work based on the position in question

Medical/Dental

The One Stop customer is disabled and needs access to medical and/or dental care to be prepared for the job search and interview process.

Miscellaneous Expenses

Other allowable Supportive Services expenses are payment of union dues, books, uniform, tools, etc.

Data Collection and Record Keeping:

The DEI Team members will be responsible for providing Supportive Services and will be required to report on monies used to the DEI Manager.

Reconciling Support Services Accounts

Each month, details about monies used will be included in the team's monthly report.

Outcomes

[How will you evaluate the success of your intended outcomes? To make sure your outcomes are measurable, ask yourself, "How will we measure that we effectively used these funds?"]

For Vision Literacy at least 120 participants will receive basic literacy tutoring. We will provide data on customers who have completed literacy tutoring and there will be a pre and post survey so that we can assess skill gain.

Information for participants who receive a recognized certification for Certiport, ServSafe, and Green Clean will be reported to the DEI manager and will be included in the monthly report.

We anticipate our interactive website will have 750 visitors from June 2012-September 2014. We will set up the website to track the number of visits which will include people accessing the resource database.

Outcomes for emergency/supportive services would support performance goals especially for those who receive a recognized certificate/diploma/degree and are placed into jobs.
