On November 1, 2017, the Historic Preservation Commission (HPC) adopted Resolution No. 914 to initiate Article 10 landmark designation of the wall at the intersection of Diamond Heights Boulevard and Clipper Street, known as the Diamond Heights Safety Wall. Under Article 10, initiation and recommendation are two distinct steps of the landmark designation process which require separate hearings and resolutions.

Attached is a draft **Resolution to Recommend** approval to the Board of Supervisors the designation of the Diamond Heights Safety Wall as a San Francisco landmark under Article 10 of the Planning Code, Section 1004.1. The Planning Department recommends adopting this Resolution.
