Planning Commission Attn: Jonas Ionin 1650 Mission Street, Ste. 400 San Francisco, CA 94103

Dear Commissioners:

On November 8, 2016, Supervisor Campos introduced the following legislation:

File No. 161229

Ordinance amending the Planning Code to allow Medical Cannabis Dispensaries to be located on the second story and above in zoning districts in which they are permitted; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making a finding of public necessity, convenience, and welfare under Planning Code, Section 302.

The proposed ordinance is being transmitted pursuant to Planning Code, Section 302(b), for public hearing and recommendation. The ordinance is pending before the Land Use and Transportation Committee and will be scheduled for hearing upon receipt of your response.

Angela Çalvillo, Clerk of the Board

By: Alisa Somera, Legislative Deputy Director Land Use and Transportation Committee

c: John Rahaim, Director of Planning
Aaron Starr, Acting Manager of Legislative Affairs
Scott Sanchez, Zoning Administrator
Lisa Gibson, Acting Environmental Review Officer
AnMarie Rodgers, Senior Policy Advisor

determination.

Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. ______, and is incorporated herein by reference.

(c) Pursuant to Planning Code Section 302, the Board of Supervisors finds that the proposed Planning Code amendments will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. ______, and the Board incorporates such reasons herein by reference.

Section 2. General Findings.

- (a) Since 2005, the San Francisco Health Code has required medical cannabis dispensaries (MCDs) to be accessible pursuant to the California Building Code, with exemptions made for hardship and landmarked buildings. Initially, the City did not permit MCDs above the first floor due to concerns over accessibility. However, as stated by the Planning Department in a 2014 Draft Report on Medical Cannabis Dispensaries, accessibility and appropriate MCD location are two separate issues there are accessible upper floor locations just as there are inaccessible first floor locations.
- (b) The 2014 Draft Report recommended allowing MCDs above the first floor, as it would increase the number of available locations for dispensaries within the City without introducing them into areas where MCDs are prohibited. Furthermore, the Report stated that such a decision would address the aesthetic and exclusivity issues associated with ground floor MCDs. Additionally, the Report stated that this would not exacerbate the housing crisis, as currently existing protections in the Planning Code limiting the conversion of dwelling units reduce the risk that MCDs above the first floor would displace upper-floor dwelling units.
- c) Other cities already permit MCDs above the first floor. For example, Denver permits this, with permission granted by the Denver Community Planning and Development's Zoning Division. Seattle does not regulate MCDs as a distinct use and therefore has no floor controls

on MCDs. The Oregon Liquor Control Commission, which regulates MCDs in Portland, OR, also does not prohibit MCDs above the first floor.

- (d) The City already permits medical cannabis delivery services to be located above the first floor. There are currently six in such locations active within San Francisco, and the Mayor's Office of Disability verified that the locations would be accessible for patients.

 Therefore, allowing MCDs above the first floor would be consistent with already established City zoning and access laws and policies.
- (e) For the foregoing reasons, the Board of Supervisors finds that the establishment of MCDs above the first floor should be permitted, as it will expand the areas where MCDs can be established and increase accessibility, without impacting the existing housing stock or changing the existing buffer zone between MCDs and schools and other sensitive uses.

Section 3. The Planning Code is hereby amended by revising Sections 711, 712, 713. 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 746, 747, 810, 811, and 812, to read as follows:

LEGISLATIVE DIGEST

[Planning Code - Medical Cannabis Dispensaries]

Ordinance amending the Planning Code to allow Medical Cannabis Dispensaries to be located on the second story and above in zoning districts in which they are permitted; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making a finding of public necessity, convenience, and welfare under Planning Code, Section 302.

Existing Law

Existing law allows Medical Cannabis Dispensaries (MCDs) to be located only on the first floor of a building.

Amendments to Current Law

This ordinance would allow MCDs to be located above the first floor in locations where they are otherwise permitted.

Background Information

Since 2005, the San Francisco Health Code has required medical cannabis dispensaries (MCDs) to be accessible pursuant to the California Building Code, with exemptions made for hardship and landmarked buildings. (Health Code § 3308.) The Planning Department, in a 2014 Draft Report on Medical Cannabis Dispensaries, stated that accessibility and appropriate MCD location are two separate issues – there are accessible upper floor locations just as there are inaccessible first floor locations.

The 2014 Draft Report recommended allowing MCDs above the first floor, as it would increase the number of available locations for dispensaries within the City without introducing them into areas where MCDs are prohibited. Furthermore, the Report stated that such a decision would address the aesthetic and exclusivity issues associated with ground floor MCDs. Additionally, the Report stated that this would not exacerbate the housing crisis, as currently existing protections in the Planning Code limiting the conversion of dwelling units reduce the risk that MCDs above the first floor would displace upper-floor dwelling units.

Other cities, such as Denver, Seattle and Portland, Oregon allow MCDs to be located above the first floor.

The City already permits medical cannabis delivery services to be located above the first floor. There are currently six in such locations active within San Francisco, and the Mayor's Office

of Disability verified that the locations would be accessible for patients. Therefore, allowing MCDs above the first floor would be consistent with already established City zoning and access laws and policies.
