**February 7, 2022**

**Attn: SF Board of Supervisors**

**NO more! We respectfully demand Mayor Breed, the Board of Supervisors, and the Department of Homelessness & Supportive Housing withdraw the proposal for another homeless shelter for 315 mentally ill drug addicts, ex-convicts and sex offenders at 711 Post Street to be supervised by an organization with zero direct management experience. This is not progress, it is shameful.**

**Geographic equity is warranted!** Everyone knows homelessness and people with social service needs are located everywhere in SF from the Bay to the ocean! There are homeless tents in the Inner Richmond district and Taraval too. Ocean beach is full of used drug needles and other drug paraphernalia. Just ask those who live and work there. Therefore, it makes good sense and important policy for other supervisory districts and neighborhoods besides the Lower Nob Hill and Tenderloin to have the opportunity

**There has never been an equitable distribution of social services or homeless services in San Francisco and the current HSH authoritarian policies and procedures is to continue this vicious trend.** The homeless crisis in San Francisco continues to be a burden left on only a few neighborhoods, mainly BIPOC/low-mod communities who have little economic or political clout. It is not a responsibility shared by wealthy supervisory districts such as Pac Heights/Cow Hollow or Sea Cliff. Very Trumpian. SF is not progressive as you want the world to believe.

**I am 100% opposed to this proposal for a homeless shelter at 711 Post because our neighbor has been saddled enough. During the past 22 months my community has already added 10 new spaces to house the unsheltered made up of 1147 rooms and 2294 beds for an additional 2000 homeless people.** I personally spoke to two staff members at two of the supervisory offices and they both noted this would not even be a topic in any other neighborhood besides Bayview or the Mission.

**Poorly run, deplorable management of existing homeless shelters!** Diva Hotel, Navigation Center, and the Granada. This proposal is designed to cram 315 people with 4 grown men sharing 15ft by 15ft room during a pandemic and operated by a group with a lack of experience. How do you get an \$18-million-dollar contract without competitive bids and a lack of experience?!?! "Unique and experimental" according to HSH. It is inhumane! As a result, as described by HSH "ex-convicts, sex offenders and mentally ill drug addicts are going to be outside of 711 smoking cigarettes and doing drugs sandwiched in between two important tourist hotels including the Marriott!

The Diva Hotel and the Granada both City owned and operated are very very poorly managed and have become drug dens with meth labs, drug dealers, permanent fixtures on the sidewalks (many with ankle bracelets in plain view) senior citizens and other residents are terrified of unchecked crime, rat and roach infestations go unabated. **A crime report from Central police station shows this area has had a 56.8% increase in crime in 2021.** The first murder of 2021 in Central occurred near the Diva Hotel on the 400 block of Geary with the suspect apprehended on the 700 block of Post Street. December 11 two people were shot on Geary and Leavenworth. The Granada is facing 26 lawsuits including the attempted rape of a 90-year-old woman.

- Post Hotel at 589 Post Street - 89 rooms 178 beds
- Hotel Dakota at 606 Post Street - 36 rooms 72 beds
- Navigation Center at 888 Post Street - 75 beds
- Halcyon Hotel at 649 Jones Street 27 rooms 54 beds
- Vertigo Hotel at 940 Sutter Street 110 rooms 220 beds
- Granada at 1000 Sutter Street 232 rooms 464 bed
- Vintage Court Hotel on 650 Bush Street - 202 rooms 404 beds
- Nob Hill Hotel at 835 Hyde Street - 50 rooms 100 beds
- Monarch Hotel at 1015 Geary Street - 101 rooms 202 beds
- Diva Hotel 440 Geary - 130 rooms 260 beds

**Although we have added 2000 additional homeless people, we have not received the benefit of increased City services or increased community support.** As a result **our streets are trash filled and grimy, sidewalks are littered and smeared with human feces, bushes are dripping with urine, broken crack pipes and used drug needles everywhere, especially Shannon Alley, Cosmo Alley, Trader Vic Alley.** Please take a walk along Geary from Taylor to Polk I dare you day or night. Where I used to see one drug dealer I see five or six now. Slow or no police response and no mental health outreach or advocacy. I have lived on the 600 block of Post Street two blocks from Union Square for over 25 years and since June 2020 the neighborhood has deteriorated to a constant bombardment of violent mentally ill people and drug addicts who are almost naked from the waist down bent over looking for crack crumbs/cigarette butts or shooting up before having sex on the corner of Post and Shannon Alley at 1pm in the afternoon. **The City is ruining the quality of life for people in this community who get up and go to work every day who pay taxes who contribute positively to society. We now fear for our lives every day as we must navigate drug dealers men masturbating genitals exposed with needles in their arms and people having psychotic episodes in the middle of the street day and night. I have unfortunately been an eyewitness to all these disturbing events noted above. Slow or no police response even when we call 911. I am terrified of what my neighborhood has become.** May God help us.

I used to love San Francisco. It was a clean vibrant exciting place to live and work. Always on the cutting edge of art music and science. **San Francisco is filthy, scary at dusk or dawn, filled with severely mentally ill homeless, hostile drug addicts, very aggressive panhandlers, felony assaults, rampant organized retail thefts, burglaries, and drug dealers who operate conspicuously without consequences. A survey in June 2021 by the SF Chamber of Commerce found 80% of the residents queried found crime is getting worst not better. Now I am embarrassed and sad about what SF has become.**

Do the right thing and vote no Take a stand for a better SF

Thank you for your time and service.

Best

Gwendolyn Wright

**Subject:** 711 Post Street Shelter Opposition

Dear Aaron:

I hope you're well. I'm writing you today to strongly oppose the proposed shelter at 711 Post Street. I'll put my reasons below.

1. Lower Nob Hill is already doing more than their share to help house drug addicts, alcoholics, and the mentally ill with programs at the Granada Hotel, Commodore Hotel, and the navigation center at Post & Hyde, among others.
2. Lower Nob Hill is NOT part of the Tenderloin and therefore shouldn't be part of Mayor Breed's state of emergency. ( In fact, 711 Post Street is part of the Lower Nob Hill Apartment Hotel Historic District, and the neighborhood needs to be protected.)

3. My wife and I have owned a stunning historic resource at 821 Leavenworth for 25 years and we currently have 50% vacancy. It's not that we don't want to rent out our units, it's because thousands of people have left San Francisco because of the pandemic, and no one calls when we put ads on Craigslist or elsewhere.
4. Adding more shelters in the area will only drive more people out of town, since that's the other main reason my long-term rent-controlled tenants are leaving. So, by approving this project, you're going against tenants with rent control that the city claims to be protecting.
5. The proposed shelter at 711 Post Street will allow drug use on the property, which will inevitably spill over into the neighborhood.
6. The whole concept of this being a housing crisis is NONSENSE since no one can possibly rent to these people without losing the rest of their tenants.
7. Would you rent an apartment if you knew that you'd be living next to someone who shoots up daily, constantly drinks alcohol, or can't take care of themselves because of mental illness? (Episcopal Community Services is currently trying to recruit landlords in the area to rent out their empty apartments to this group of people.)
8. These people need professional help and other neighborhoods outside of the Downtown area and the Mission need to do their share.
9. By allowing another shelter in Lower Nob Hill, the city is contributing to urban blight and will only make the current downturn worse.

Please reject this proposal under any circumstances.

Thank you and best wishes,

Peter Lewis

February 6, 2022

Supervisor Shamann Walton  
President San Francisco Board of Supervisors  
Supervisor Aaron Peskin  
District 3 Supervisor  
1Dr. Carlton B. Goodlet Place  
City Hall, Rm. 244  
San Francisco, Ca. 94102

Thank you for giving us a three-week opportunity to meet together as a community and hear directly from the Department of Homelessness & Supportive Housing (HSH) on their proposed 318-bed emergency shelter at 711 Post Street. After reviewing the proposal, there continues to be a significant difference between what is in the grant agreement before the Full Board, and what is appropriately in a contract that will ensure the success of this high-needs facility. In other words: while we appreciate the Administration's attempts to answer some questions, many key details and commitments are still missing.

After rallying over the last two years to bring 451 new units of permanent supportive housing and 75 new shelter beds into our very dense 3-block neighborhood, we have some observations about what is working and what's not. We know that the only way to ensure a successful program is to hold the City accountable to the diverse communities both of existing residents and workers and our unhoused neighbors. That will require infrastructure, investment, contracting transparency and significant staffing & on-site services for the proposed high-needs population. While the Mayor is concerned with keeping campaign promises in press releases, we are the community living with the consequences of neglect and rushed community processes.

Let us be perfectly clear here, The Lower Nob Hill Neighborhood Alliance is in **complete opposition** to the passage of this Grant Agreement #211306 and the installation of the semi-congregate shelter proposed for 711 Post St. in our Lower Nob Hill Neighborhood.

***The Problem:***

The Grant Agreement, as proposed, **has nothing** in it that addresses the significant scaling up of shelter operations for 318 people living with trauma and various dual-diagnosis issues. While we appreciated hearing from Urban Alchemy about their street intervention operations, this will be the largest amount of individuals warehoused under their care, which will require a very specific skill-set. Urban Alchemy, which did not go through a competitive bid process but whose \$18m grant agreement was negotiated behind closed doors, does not have the public health/behavioral health qualifications to address the needs of this population - nor a concrete plan to provide them via additional on-site services.

While Urban Alchemy has had some success in "Transforming Energy in Traumatized Urban Space" outside, on the streets of the Tenderloin, they have very little experience with running a complex 318 person crisis center. The first 24-48 hours of treatment are arguably the most crucial to successfully ensuring that clients will remain housed.

***The guests need intensive coordinated care immediately.*** That care includes food, clothing, safe shelter, medical care, psychiatric care, drug prevention and addiction treatment 24 hours a day, right away. By definition, this is a population that is in constant need of critical services until they are stabilized. The caretakers, in this case Urban Alchemy, must immediately respond to these needs. While providing a warm bed and a meal will help it does not begin to address the underlying challenges that the guests face every day. Urban Alchemy, as it stands, is not prepared, trained nor capable of providing the intense amount of clinical care that is required during the critical time where unhoused are beginning their journey to stability. This is a risky experiment that our neighborhood and the City cannot afford to take. It is a “quick fix” to an incredibly complex set of issues. We must do this differently.

If this is to be done correctly, holistically, with individualized care and case management, the next step immediately after housing is to provide services that will enable the guests to get back on their feet. Urban Alchemy is ill prepared to offer these critical services. The language in the Grant Agreement speaks for itself....

*“Assessment: Grantee shall engage, assist, and support all guests to engage with Access Points regarding Problem Solving and Coordinated Entry assessments.”*

As you can see, the practitioners for Urban Alchemy will be tasked with “engaging, assisting and supporting” those referred to the shelter. What they will not be doing is clinically assessing the needs of the person and immediately and directly connecting them with service providers that can provide care that is crucial when beginning treatment. Those services at minimum should be in the building at the time of the guests’ arrival. They will not be.

After a review of the Grant Agreement, it is clear that the City does not have any desire to invest in Urban Alchemy’s success, nor to have clinicians present at the point of entry for individuals transitioning off of the streets, who are in desperate need of support from trained staff rendering critical services. The guests are essentially being warehoused in a building with 300+ others to fend for themselves because there is no plan beyond “housing” that the City will actively implement, let alone put in writing.

Thus, the reality is that the Lower Nob Hill Neighborhood will likewise be left to fend for ourselves, to deal with the end result of this failed experiment and we’re frankly fed up because we know if this were the Marina, Glen Park, or even on the beautiful Slow Street in front of the Mayor’s house, this wouldn’t dare be proposed.

***Proposed Solutions & Asks of Elected Officials:***

This is a half-baked \$18.7m proposal that deserves *much* more scrutiny by the Board of Supervisors and input not only from neighbors but the network of existing community-based service providers with experience across a wide-range of projects citywide. In the Mohammed Nuru-era of contract streamlining for friends, this should not be sole source process but a community discussion on how to ensure the highest level of investment to meet the needs of this vulnerable population. We also know

that our existing neighborhood facilities are struggling, so there is much to learn from the existing gaps in service.

The City and its agencies must have comprehensive plans, with protocols in place **BEFORE** the opening of the facility, with 24/7 case managers on-site. After meeting with HSH we are further convinced that relatively few, if any of our suggestions will be met.

We have drafted a request for amendments to the Grant Agreement, which we ask that the Full Board Members adopt **BEFORE** you finalize this contract:

- 1. Amend Length of Lease Agreement to June 30, 2023.** Before spending \$18.7m on a master lease running until June, the operation should be given a chance to deliver some outcomes and be evaluated. If the Board of Supervisors feels the grant agreement objectives are being met, there could be an option to extend an additional year. Ultimately, the community would like to see the City purchase the building.
- 2. No Human Warehouse: Reduce the Occupancy & Increase Client: Staff Ratio.** The number of people housed at the facility should be capped at no more than 150 people to ensure clients are receiving the attention that they need and that the dense hotel is appropriately staffed.
- 3. Onsite Case Manager(s)** should be present 24 hours a day, with at least two CM's at all times, and regular wellness checks should be routinely done.
- 4. On-site support services** should be available every day from 7:00am to 7:00pm.
- 5. A Registered Nurse** or nursing student in residency should be on staff 24 hrs a day.
- 6. No weapons allowed.** As we watch ambulance after ambulance crowd Post and Sutter Streets, dealing with everything from assaults to regular overdose fatalities at the same city-contracted sites in the neighborhood, it is concerning to know that weapons are being advertised as being acceptable on-site.
- 7. Extend hours and geographic area of community ambassadors** at least 4 mobile ambassadors 24/7 from Geary to Pine, and Larkin to Taylor. The Mayor's Office promised this presence at the community meetings surrounding the Lower Polk TAY Navigation Center, and they never materialized, but we understand that this Budget & Finance Committee approved millions from the Mayor to Union Square after looting. Where is the attention to infrastructure for the communities living here, both housed and unhoused?
- 8. Coordinated Investment in Workforce.** Agreements from the Mayor's Budget Office and the Office of Economic & Workforce Development (OEWD) for contract support for the length of grant that invests in the community, from our struggling immigrant small business owners hard-hit by the pandemic to our shelter clients in need of workforce development

opportunities. Residents in this working class neighborhood deserve the same attention as Union Square.

- 9. Coordinated Investment in Infrastructure.** This is a very dense residential neighborhood that does not have a Community Benefit District to pick up the slack from a lack of city services. At every single community meeting hosted by the City, the concerns around a lack of street cleaning and even basic amenities like regularly-serviced trash cans, have been a constant. Many residents own dogs and have no parks or open space to walk them in, and there are no trash cans to put dog waste in. Children walking to Redding Elementary School from the Tenderloin regularly walk through human and animal waste, needles and massive amounts of trash. The Mayor must commit to having the Department of Public Works (DPW) invest in this neighborhood and stop using it as a dumping ground.
- 10. Creation of a Community Working Group** and oversight committee made up of tenants, homeowners, small businesses, hotel stakeholders, the District Supervisor's office, HSH and shelter providers to meet bi-weekly, then monthly throughout the length of the contract.
- 11. Develop a Coordinated City Response addressing escalating problems** such as drug dealing, fighting, and loitering that has been previously reported to the Task Force but not mitigated. This could include penalties/fines to Facility Operators to closure of the facility.
- 12. Six-month Trial Period.** A probationary period running from July 1, 2022 to December 31, 2022 with an evaluation by the Workgroup of data related to calls for service and city response & follow-up.
- 13. Trigger for Facility Closure.** If data reveals a high level of calls in a 6 month period, there should be an escape clause in the grant agreement that allows for another use for the site or another operator to take over. Again, ultimately, we would like to see the site be purchased by the City.
- 14. Plan for Acquisition of the 711 Post Building.** The City's continued reliance on masterleasing is not only financially irresponsible, but also helps the City avoid accountability for the operations they are contracting out. This is a former youth hostel that lends itself well to transitional housing, particularly for young adults who will eventually phase out of the TAY system or families waiting to get into permanent step-up housing opportunities.
- 15. Require Ambassadors to Carry Information Cards.** Our goal is to be able to provide neighbors with an appropriate channel for reporting issues that is not police-based, but also to explain what the Ambassador program is, what they are empowered to do and what the community must do on their own. There should be relevant phone, email, text and website information listed.
- 16. No Schedule 1 Drugs** should be allowed inside the facility that could lead to overdose fatalities.

LOWER NOB HILL  
Neighborhood Alliance

***These are our asks.***

These are all issues that should have been included all along, and they demonstrate all the issues that are going to confront our neighborhood once this facility goes into service. We need thoughtful, well-constructed planning and implementation, not rushed PR strategies and ineffective band-aids. ***Until that happens we remain in strict opposition to this project.***

Respectfully,

The Lower Nob Hill Neighborhood Alliance  
Executive Committee

Budget and Finance Committee  
SF Board of Supervisors  
Supervisor Matt Haney  
Supervisor Ahsha Safai  
Supervisor Gordon Mar  
1 Dr. Carlton B. Goodlett Place  
City Hall Room 244  
San Francisco, CA 94102

**Re: Request to oppose 711 Post Street 24/7 Shelter**

Dear Supervisor Mar,

I am the General Manager of the Courtyard Union Square hotel located at 761 Post Street and I am writing to you to express my strong opposition to the proposed shelter at 711 Post Street, which will be heard by the Budget Committee on February 2, 2022. This would replace a recently closed youth hostel and I urge you to vote against the proposal. For several reasons, if adopted, this proposal would prove to be catastrophic for the residents, small businesses, and tourist hotels of my neighborhood. In sum, the proposal should be rejected because of the following reasons:

(1) Our neighborhood has already done more than our share in combatting the homelessness crisis by supporting the recent addition of 451 units of permanent supportive housing, the TAY Navigation Center for youth, and a 75-bed homeless shelter, these eleven facilities are all clustered within a small radius of our Lower Nob Hill working class neighborhood. While the city has been focusing on filling beds rather than developing well thought out, well planned, holistic, individualized services and care for unhoused citizens, our beautiful vibrant neighborhood has only gotten worse. The Lower Nob Hill neighborhood has a long history of working closely with the City of San Francisco to help the unhoused, however, we believe this proposed shelter is being rushed through the process at the expense of community outreach and appropriate consideration of impacts.

(2) Adding another 250-bed “no rules” homeless shelter is against the City’s policy of geographic equity – Lower Nob Hill has shouldered its fair share and it is time for the city to make good on its promise that other neighborhoods receive a balance of the facilities currently in the pipeline. The plan to open this shelter does not consider an equitable approach to services and in fact is concentrating them into one specific neighborhood that has already seen its quality of life negatively impacted due to recent centers opened in the area. Rushing this shelter through the process is not considerate of the residents and businesses that will be directly impacted.

(3) This huge “no-rules” homeless shelter is the wrong type of shelter for our neighborhood and for its residents – San Francisco’s most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not a nonprofit like Urban Alchemy.

Again, we ask you to not move forward with this project at 711 Post as it is being rushed and is not an equitable approach for a neighborhood that has seen a proliferation of new services already. For all these reasons, the proposed homeless shelter at 711 Post Street would be devastating for this part of Lower Nob Hill as a safe place to live and work. Please vote against the proposed homeless shelter at 711 Post Street.

Sincerely,

MARK JENKINS

The plan to open this shelter does not consider an equitable approach to services and in fact is concentrating them into one specific neighborhood that has already seen its quality of life negatively impacted due to recent centers opened in the area. Rushing this shelter through the process is not considerate of the residents and businesses that will be directly impacted.

(3) This huge “no-rules” homeless shelter is the wrong type of shelter for our neighborhood and for its residents – San Francisco’s most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not a nonprofit like Urban Alchemy.

Again, we ask you to not move forward with this project at 711 Post as it is being rushed and is not an equitable approach for a neighborhood that has seen a proliferation of new services already. For all these reasons, the proposed homeless shelter at 711 Post Street would be devastating for this part of Lower Nob Hill as a safe place to live and work. Please vote against the proposed homeless shelter at 711 Post Street.

Sincerely,

MARK JENKINS

**Re: Request to oppose 711 Post Street 24/7 Shelter**

Dear Supervisor Haney,

I am the General Manager of the Courtyard Union Square hotel located at 761 Post Street and I am writing to you to express my strong opposition to the proposed shelter at 711 Post Street, which will be heard by the Budget Committee on February 2, 2022. This would replace a recently closed youth hostel and I urge you to vote against the proposal. For several reasons, if adopted, this proposal would prove to be catastrophic for the residents, small businesses, and tourist hotels of my neighborhood. In sum, the proposal should be rejected because of the following reasons:

(1) Our neighborhood has already done more than our share in combatting the homelessness crisis by supporting the recent addition of 451 units of permanent supportive housing, the TAY Navigation Center for youth, and a 75-bed homeless shelter, these eleven facilities are all clustered within a small radius of our Lower Nob Hill working class neighborhood. While the city has been focusing on filling beds rather than developing well thought out, well planned, holistic, individualized services and care for unhoused citizens, our beautiful vibrant neighborhood has only gotten worse. The Lower Nob Hill neighborhood has a long history of working closely with the City of San Francisco to help the unhoused, however, we believe this proposed shelter is being rushed through the process at the expense of community outreach and appropriate consideration of impacts.

(2) Adding another 250-bed “no rules” homeless shelter is against the City’s policy of geographic equity – Lower Nob Hill has shouldered its fair share and it is time for the city to make good on its promise that other neighborhoods receive a balance of the facilities currently in the pipeline. The plan to open this shelter does not consider an equitable approach to services and in fact is concentrating them into one specific neighborhood that has already seen its quality of life negatively impacted due to recent centers opened in the area. Rushing this shelter through the process is not considerate of the residents and businesses that will be directly impacted.

(3) This huge “no-rules” homeless shelter is the wrong type of shelter for our neighborhood and for its residents – San Francisco’s most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not a nonprofit like Urban Alchemy.

Supervisors Members of the San Francisco Board of Supervisors,

Dear San Francisco Board of Supervisors and SF HSH,

I'm writing to voice my strong support for the acquisition of 505 O'Farrell and 711 Post to be used for permanent supportive housing. As a San Francisco resident, I believe It's time to demand more effective solutions to San Francisco's homelessness crisis. Far too many of our neighbors live and sleep on the street without access to the safe shelter and stable housing they deserve.

Right now, the city is looking to acquire two properties—505 O'Farrell and 711 Post Street—that would provide permanent supportive housing and shelter to hundreds of unhoused residents.

The sites, which will be leased and operated by the San Francisco Department of Homelessness and Supportive Housing (HSH), will offer unique amenities such as small rooms, private bathrooms, elevators, communal space, and kitchens that will create dignified living opportunities that are vastly healthier, more humane, and comfortable than living out on the street.

Although it's hard to understand why anyone would want to deny people housing and exacerbate SF's homelessness crisis, some NIMBY businesses and neighbors are trying to block this initiative.

I strongly urge you to support SF HSH's proposal to lease and operate the 505 O'Farrell and 711 Post Street sites so that hundreds of San Franciscans in need have a safe place to live and sleep.

Thank you.

**Subject:** 711 Post Street Semi-Congregate Shelter Project Proposal  
**Date:** Wednesday, February 2, 2022 12:06:16 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

February 2, 2022

Good Morning, thank you for the opportunity to speak with you. I am in favor of the HSH's proposal to acquire the property at 711 Post Street for the purpose of creating a semi-congregate shelter. There are approximately 5,000 unsheltered individuals living on the streets of San Francisco, 50% of them are senior citizens. We have a very large elderly community living outside. We need to act fairly quickly.

The property at 711 Post Street having previously been a Hostel is perfectly designed to accommodate a semi-congregate shelter. The amenities, the room designs and the kitchen facilities and social spaces are already designed for communal living.

I have a few suggestions that I believe are important to the success of the project. The first suggestion is for 24 hour presence of service providers and the SFPD outside of the shelter to keep the area safe and clean. Because we will be providing services to individuals struggling with addictions and mental health issues. There should also be monthly meetings where the business owners, hoteliers and neighbors are able to provide feedback as to what impacts the New Shelter may be having on their business and/or quality of life.

Also, I have interviewed several members of the Urban Alchemy agency and have been informed that they are not trained to provide mental health or behavioral health services. Because of this, I suggest that there be DPH and Behavioural Health employees located onsite at the new Semi Congregate shelter.

Thank you for your time.

Ms. Nikki G. Childs  
Project Zoe San Francisco

Hello, I am writing in support of the proposed new shelter at 711 Post St. With over 8,000 unhoused people in San Francisco, we urgently need to add additional shelter capacity. 711 Post Street is walking distance to St Anthony's and many of the other social service agencies that are a key part of the support system that can help people permanently exit homelessness. I am also a San Francisco resident and support the use of this building for expanded shelter for the homeless community. Thank you very much!

Best,  
Ruth Selby

PUBLIC COMMENT for Inclusion in BOS File No. 211306 to be heard on 2/8/22:

From: <cynthia.servetnick@gmail.com>

Date: Wed, Feb 2, 2022 at 12:43 PM

Subject: BOS Budget & Finance Committee Public Comment, 2/2/22, Item 1 [Grant Agreement - Urban Alchemy - Emergency Shelter - Not to Exceed \$18,736,820]

To: <matt.haney@sfgov.org>, <ahsha.safai@sfgov.org>, <gordon.mar@sfgov.org>, <aaron.peskin@sfgov.org >

Cc: <brent.jalipa@sfgov.org>, <support@granicus.com>, <boardofsupervisors@sfgov.org>, <ian@lowernobhill.org>, <susan@lowernobhill.org>, <shelley@shelleybradfordbell.com>, <thao@lowernobhill.org>

Honorable Supervisors Haney, Safai and Mar:

I phoned-in to comment on BOS Budget & Finance Committee Public Comment, 2/2/22, Item 1 [Grant Agreement - Urban Alchemy - Emergency Shelter - Not to Exceed \$18,736,820] (Project) and was cut off three times which is highly unusual. Please ask Mr. Jalipa to look into this matter with Mr. Atkins and include my comments in the amended meeting transcript. Thank you. My one minute testimony follows:

"Hello, I'm Cynthia, Lower Nob Hill Neighbor. I urge the Committee not to forward this item to the full Board until we have an agreed-upon Conditions of Approval document that states which LNHNA requests will be implemented. I remain concerned that we still do not know how much the City will be paying per shelter bed per year, nor do we know what the terms and conditions of a potential lease-purchase agreement will be. Approving the Project as proposed is not only fiscally irresponsible, but also exposes the City to significant liability. Further, we do not know where the \$12.6 M in "other revenues" is sourced from. As you know, if those monies come from Federal sources such as CDC or FEMA reimbursements, Federal environmental review is required for alterations to this historical resource."

Sincerely,

Cynthia Servetnick

## **STOP THE PROPOSED 711 POST STREET 250-BED "NO RULES" HOMELESS SHELTER**

***-The Lower Nob Hill Community has done more in the past two years to house and serve San Francisco's homeless population than almost any other neighborhood in the city.*** •Within a six-block radius in Lower Nob Hill, the Department of Homelessness & Supportive Housing (DHS) now operates or has proposed **ten facilities** that will house the city's homeless population.

***-DHS now proposes converting an active youth hostel at 711 Post Street into a huge 250-bed experimental shelter.***

•The proposed shelter will provide only short-term housing and have **no restrictions on guests' drug use, criminality, or mental status.** No treatment or expulsion rules will exist.

***-We already are afraid to walk our streets and the proposed new shelter will make things much worse.***

•With the addition of 250 more residents, **we will have over 1200 unhoused "sheltered" within the Lower Nob Hill Community.** The concentration of existing homeless shelters added in the last year in Lower Nob Hill has already dramatically and negatively impacted the Lower Nob Hill Community's safety, physical condition, and overall quality of life. The addition of yet another huge new homeless shelter concentrated in such a small geographic area will compound these problems and is not equitable.

***-The proposed new shelter is the wrong kind of shelter.***

•The proposed new shelter would not offer permanent or supportive housing. Rather, it would offer short-term housing to some of San Francisco's most chronic homeless residents—many of whom struggle with serious drug addiction and severe mental illness—in a **"no rules" setting.** DHS has confirmed **they do not plan to exclude from the proposed shelter persons who use illegal drugs in the shelter or persons convicted of violent felonies, sexual assault or even child molestation.** They plan to have **only 12-hour monitoring for a 24-hour operation and will monitor only the 700 block of Post Street.** This type of shelter would threaten the continued viability of Lower Nob Hill as an important pedestrian gateway to Union Square and the theater district and as a working class and middle class community where residents, merchants, workers, students, and patrons feel safe.

***-We demand Mayor Breed, the Board of Supervisors, and the Department of Homelessness & Supportive Housing withdraw the proposal for 711 Post Street and urge the owner to continue to operate the facility as a youth hostel! The City Board of Supervisors will receive the project Mid december and vote the first week of January 2022.***

***TIME IS OF THE ESSENCE!!!!***

***We are the LOWER NOB HILL COMMUNITY. Please contact us at [lowernobhillcommunity@gmail.com](mailto:lowernobhillcommunity@gmail.com) to stay informed and active to save the neighborhood.***

## **STOP THE PROPOSED 711 POST STREET 250-BED "NO RULES" HOMELESS SHELTER**

***-The Lower Nob Hill Community has done more in the past two years to house and serve San Francisco's homeless population than almost any other neighborhood in the city.*** •Within a six-block radius in Lower Nob Hill, the Department of Homelessness & Supportive Housing (DHS) now operates or has proposed **ten facilities** that will house the city's homeless population.

***-DHS now proposes converting an active youth hostel at 711 Post Street into a huge 250-bed experimental shelter.***

•The proposed shelter will provide only short-term housing and have **no restrictions on guests' drug use, criminality, or mental status.** No treatment or expulsion rules will exist.

***-We already are afraid to walk our streets and the proposed new shelter will make things much worse.***

•With the addition of 250 more residents, **we will have over 1200 unhoused "sheltered" within the Lower Nob Hill Community.** The concentration of existing homeless shelters added in the last year in Lower Nob Hill has already dramatically and negatively impacted the Lower Nob Hill Community's safety, physical condition, and overall quality of life. The addition of yet another huge new homeless shelter concentrated in such a small geographic area will compound these problems and is not equitable.

***-The proposed new shelter is the wrong kind of shelter.***

•The proposed new shelter would not offer permanent or supportive housing. Rather, it would offer short-term housing to some of San Francisco's most chronic homeless residents—many of whom struggle with serious drug addiction and severe mental illness—in a **"no rules" setting.** DHS has confirmed **they do not plan to exclude from the proposed shelter persons who use illegal drugs in the shelter or persons convicted of violent felonies, sexual assault or even child molestation.** They plan to have **only 12-hour monitoring for a 24-hour operation and will monitor only the 700 block of Post Street.** This type of shelter would threaten the continued viability of Lower Nob Hill as an important pedestrian gateway to Union Square and the theater district and as a working class and middle class community where residents, merchants, workers, students, and patrons feel safe.

***-We demand Mayor Breed, the Board of Supervisors, and the Department of Homelessness & Supportive Housing withdraw the proposal for 711 Post Street and urge the owner to continue to operate the facility as a youth hostel! The City Board of Supervisors will receive the project Mid december and vote the first week of January 2022.***

***TIME IS OF THE ESSENCE!!!!***

***We are the LOWER NOB HILL COMMUNITY. Please contact us at [lowernobhillcommunity@gmail.com](mailto:lowernobhillcommunity@gmail.com) to stay informed and active to save the neighborhood.***

## 711 Post Street - Petition Comments; February 01, 2022 - 73 Comments

Name	City	State	Postal Code	Country	Commented Date	Comment
Erica Sandberg	San Francisco	CA	94109	US	2021-12-07	"this project would be devastating to the neighborhood. it would not help people who need real assistance, and would increase, not decrease homelessness. the "good neighbor" policy is a sham."
Kent Winkler	San Francisco	CA	94109	US	2021-12-07	"I'm signing because this block has already become less safe over the past couple years and our community is bearing too much of the burden in this city's crisis of the unhoused and mentally ill. There are no affordable options in this city for current residents who need to relocate in search of safety. The only option is to leave the city and be displaced to make way for an unsafe, experimental facility."
Claudia Juestel	San Francisco	CA	94109	US	2021-12-08	"I'm signing because of the already extremely high concentrations of shelters and "Shelter in Place" (SIP) hotels within this small area having made living and working here unsafe and surrounded by filth. Replacing youth hostels and tourist hotels with homeless shelters, serving mostly individuals with drug addiction and/or mental illness and without the necessary treatment, is a futile approach to the problem and does not address the core issues. It also has brought more drug dealers to the area. Concentrating an inequitable share of the homeless population all within a half mile radius is putting an unbearable burden on residents and businesses. We have lost so many small businesses in the area, and the spaces remain empty even with reduced rents due to impact of these policies. This area simply cannot handle almost 20% of the city's homeless population compared to ca. 1% city wide, and I am very concerned about the long term adverse effects on Lower Nob Hill and Union Square."
Barbara Swan	San francisc	CA	94102	US	2021-12-08	"Lower Nob Hill has experienced massive problems with crime and drugs NONE of which the city has addressed successfully. This project would be adding to an over burdened neighborhood. Damaging it for years to come."
Michael Lussier	San Francisco	CA	94109	US	2021-12-08	"Our area has been devastated by Covid-19 and the concentration of people with severe mental illness living on the streets. Our area has become the containment area for the City of San Francisco where the most vulnerable of our population are herded. On a daily basis there are physical assaults, overdose deaths on the street curbs, used needles and human excrement on every block. An establishment of yet another homeless shelter in our area is another kick in the teeth to we residents who have lived in the neighborhood for decades dedicating our lives to the betterment of the neighborhood."
Alexandria Derks	San Francisco	CA	94109	US	2021-12-08	"San Francisco looks like garbage!!!!"
Shelley Bradford-Bell	San Francisco	CA	94109	US	2021-12-08	"The need to house the unhomed and to serve the underserved is a SHARED responsibility of ALL 11 San Francisco Districts. It is unfair to burden one neighborhood. To allow other neighborhoods to deny housing for the homeless and the provision of much needed services in their neighborhoods, is a sad commentary for San Francisco. IT IS TIME FOR A BALANCED APPROACH TO HUMAN CARE. The abundance of services in a six-block radius, has a negative impact on the community as a whole. Make this a shared City responsibility."

Susan Walsh	Oakland	CA	94621	US	2021-12-08	"I am in opposition to installation of yet another homeless shelter in our neighborhood, this time at 711 Post Street. There are currently either existing or planned 11 homeless facilities within the community of Lower Nob Hill. There are countless more in our neighboring communities of the Tenderloin and SOMA. There are none in Pac Heights, the Marina, Russian Hill, etc. This is not by accident but rather by design. We all know why. Our neighborhood has seen a dramatic change in character, safety, cleanliness and it is getting worse every day. Enough is enough. City Hall and it's agencies need to consider a holistic approach to the homeless problem which includes sharing the consequence and impact of placing homeless facilities throughout the city rather creating a containment zone in and around the Tenderloin. City officials talk about addressing the "unhoused" within our community with dignity and respect. I wholeheartedly agree. Creating areas upon which the unhoused are "contained" is neithe"
gwendolyn wright	San Francisco	CA	94109	US	2021-12-08	"I am 100% opposed to this proposal for a homeless shelter at 711 Post where it will house 250 rapists, child molesters and other sex offenders, along with drug addicts and the severely mentally ill who all have access to an in-house drug injection site. We have enough already-no more. And for the people who do not live in this community or district but agree with HSH that this shelter should move forward you are the perfect definition of a NIMBY.During the past 18 months this community has already added to its population and additional 2000 homeless people without the benefit of increased City services. As a result our street are trash filled and filthy, sidewalks are smeared with human feces, bushes are dripping with urine, broken crack pipes and used drug needles everywhere, drug dealers have increased 500%, slow or no police response and no mental health outreach or advocacy whatsoever. I have lived in this community, which is a mere two blocks from Union Square, for over 25 years and since June 2020 it"
Sandeep Ganapatiraju	San Francisco	CA	94109	US	2021-12-08	"There are already 10 sheltere homes in neighborhood that popped in last 1 year and there is proposal for this and another one in flight 2 blocks down Property at 505 O'Farrell, <a href="https://hsh.sfgov.org/get-involved/notices/">https://hsh.sfgov.org/get-involved/notices/</a> , Is this neighborhood doomed and amking union square just gonna be a place where tourists would stop visiting with all the unsafe shelters with 2 -3 block radius of it"
Debra DeSaix	San Francisco	CA	94109	US	2021-12-08	"Not only has the 700 block become more dangerous but the 2 bus 'shelters' at the corner of Post and Leavenworth are constantly trashed, used as toilets and for drug use. Also has anything been said about putting people into shared rooms in a pandemic? This is a bad idea."
sean garrett	San Francisco	CA	94123	US	2021-12-09	"I care about my neighborhood and my neighbors. It is unfair for the city of San Francisco to concentrate the issue of homelessness in lower nob hill and the tenderloin. Our communities are already in dire need of support to keep streets clean and safe. Adding additional shelters and needle exchanges will continue to depress our area and drive down our property values. i bought in this neighborhood because i saw things getting better. i saw a chance for change. now the city, through carelessness and lack of visionary leadership is crushing my investment and our community. human excrement on the streets, wailing and yelling on the streets day and night, encampments in front of my doorstep with people actively shooting up is unsafe for my children and my neighbors. Why can't taxpayers who support our city, and existing city services for the homeless get any relief?! we need to decentralize homelessness so all neighborhoods and communities in sf can support the homeless."

<b>Paul Laxton</b>	San francisco	CA	94109	US	2021-12-09	"With the safe injection site on its way, this is adding to an already intense drug riddled area. People in this neighborhood need to feel safe."
<b>Hannah Sowd</b>	San Francisco	CA	94109	US	2021-12-09	"Too many shelters and navigation centers are going up in the Lower Nob hill neighborhood. It's brought drug dealers and violence to a once safe neighborhood. Please consider better safety measures for the residents around these facilities."
<b>marisa johnson</b>	San Francisco	CA	94115-	US	2021-12-09	"Obvious The Plan is to destroy the city further. Block by block"
<b>Mark Savery</b>	San Francisco	CA	94109	US	2021-12-10	"Our neighborhood already has way more than it's share of social welfare services, and it's really hurting us. Many of the would-be occupants of this facility will be active or recovering drug addicts.... placing them in an environment where illegal narcotics are cheap and easy to get is a recipe for disaster."
<b>Beverley Jones</b>	Bronx	NY	10459	US	2021-12-10	"Beverley jones"
<b>Kathleen Hynes</b>	San Francisco	CA	94109-	US	2021-12-10	"Any free housing should have rules, whether program participation (substance or alcohol abuse treatment, mental health treatment) or volunteer or paid work."
<b>Devin Posey</b>	San Francisco	CA	94109	US	2021-12-10	"All neighborhood in SF need to share in the crisis of the un-housed. Spread the shelters 7 miles wide!"
<b>Emmanuelle Antolin</b>	San Francisco	CA	94109	US	2021-12-10	"We are a real, dynamic, functional neighborhood. We are the only one bearing the responsibility of the homeless crisis. The streets are filled with trash and people smoking meth/fentanyl. You are destroying the fabric of our neighborhood and also Downtown San Francisco at large."
<b>Jennifer Moffitt</b>	San Francisco	CA	94109	US	2021-12-10	"This neighborhood should not be the only one bearing the brunt of the current crises. Look around: there are families struggling to survive, people of all ages, including kids. Local businesses are just barely hanging on. Let's have some balance."
<b>Kathy Sullivan</b>	San Francisco	CA	94109	US	2021-12-10	"Safety is my utmost concern and this is not well planned or thought out. This has the capacity to forever alter a community and needs to be researched and planned out accordingly"
<b>Anastasia Kabantsev</b>	San Francisco		94109	US	2021-12-10	"I demand Mayor Breed to withdraw the proposal for 711 Post Street. The purpose of the proposed shelter is meaningless. Living on Bush St, I observed how conditions got much worse than 5 years ago. Enough is enough."
<b>Martha May</b>	San Francisco	CA	94109	US	2021-12-11	"Signing this petition signifies my concerns about safety of our neighbors. We are constantly threaten by homeless criminal individuals that have assaulted, robbed and filled our streets with drugs dealers, filth and human discharges. These situations are unacceptable, we are in desperate need of help and solutions for these maladies and the government of the city are not providing that help we desperately need. So I urged the Mayor London Breed to stop the girder destruction of our community, here at Lower Nob Hill/ Union Square and find a more viable place for the homeless project."
<b>Glenn Gustafik</b>	Martinez	CA	94553	US	2021-12-11	"There are enough already"
<b>Julie Barson</b>	Clarkston	UT	84305	US	2021-12-12	"No rules? Seriously? We all know how this will end even with the good intentions of this idea. Why must we always push the repeat button on stupid??"
<b>Ron Mahabir</b>	Tiburon	CA	94920	US	2021-12-13	"This is not a solution. We need a state wide (and federal) program to address drug abuse and homelessness."
<b>Ligma Nuts</b>	SF	CA	94109	US	2021-12-13	"GTFOH"

<b>John Thomas</b>				US	2021-12-13	"I've lived in this area 42 years tolerating and empathizing with our mentally ill and homeless neighbors. On a daily basis there are physical assaults, overdose deaths on our sidewalks, used needles and human excrement on every block. In the 700 block of Post Street where this new shelter is proposed, 911 doesn't respond to acts of violent aggression unless they "are showing a weapon", and clenched fists don't qualify. How would YOU cope with MORE extremely loud and extended bouts of attention-seeking screaming and shouting interrupting night sleeping hours? Like you, we live in a neighborhood of working adults, struggling small-business owners, and school children whose livelihoods depend on paying rent and other rising costs. Unfortunately, we already share enough of the problems and burdens that "shelters" propagate here. Shelters in ANY supervisory district shouldn't tolerate inhabitants who refuse to abide by rules and laws designed to improve quality of life for EVERYONE. Imagine"
<b>Judith Smith</b>	SAN FRANCISCO	CA	94133	US	2021-12-14	"I'm signing this because it is an absurd proposal"
<b>Donna Legenza</b>	San Francisco	CA	94108	US	2021-12-14	"I'm a senior citizen concerned for safety just to walk to Walgreens, my bank, Starbucks and McDonalds. Businesses are hurting enough, but if people are concerned to do business in their own neighborhood, this city will be harmed even further! Wake up city Leaders!"
<b>Juan Ortiz</b>	San Francisco		94122	US	2021-12-14	"I live in the Tenderloin and I am tired of the city pushing drug dealers and addicts into the neighborhood"
<b>Sean Pritchard</b>	San Francisco	CA	94117	US	2021-12-14	"Rules are essential."
<b>Angie Clifton</b>	San Francisco	CA	94108	US	2021-12-14	"Employees that work at my hotel already encounter enough problems getting to and from work. Until the city has those under control there should be no adding to it."
<b>Heidi Roberts</b>	Venice	CA	90291	US	2021-12-14	"Shelter YES. No rules? NO!"
<b>Teresa spalding</b>	Los Gatos	CA	95030	US	2021-12-14	"We need solutions not bandaids.... I'm tired of our city leaders putting money into projects that fail such as the one with Covid where they put homeless into very nice hotels... The homeless were not held to stringent strict guidelines and from what I have heard hotels were destroyed and those who participated with their free room and free drugs walked away learning nothing... We don't need more of these failed programs. I vote no on this homeless shelter as I see it failing just as the one above that I mentioned."
<b>Tammy Hendrix</b>	Hartford	AL	36344	US	2021-12-14	"This is a neighborhood I care about."
<b>Michelle Leopold</b>	Greenbrae	CA	94904	US	2021-12-14	"California Peace Coalition has some proven/measurable ideas to help our City - learn more at <a href="https://CaliforniaPeaceCoalition.org">CaliforniaPeaceCoalition.org</a> "
<b>Vicente Blaz</b>	Daly City	CA	94015	US	2021-12-15	"The City blight is getting worse and no one seems to care about the businesses that once made San Francisco unique. People no longer feel safe and things will get worse fast if this type of undevelopment goes unchecked."
<b>Mine İpek</b>	San Francisco	CA	94130	US	2021-12-15	"Enough with homeless shelters in Lower Nob Hill!"
<b>John Campbell</b>	San Francisco	CA	94109	US	2021-12-15	"We live in a fragile neighborhood that has been my home for 41 years. Do not make Post Street part of the Tenderloin."
<b>Frances Anderson</b>	Oakland	CA	94611	US	2021-12-15	"The degradation of San Francisco is appalling and heartbreaking. This will only contribute to her free fall into destruction."
<b>eileen Sullivan</b>	San Francisco	CA	94115	US	2021-12-15	"The city needs to have better ideas on what to do with the homeless. Filling existing neighborhoods with homeless is poor judgment & very poor planning by the city, especially if you don't want to see taxpayers move from these neighborhoods &/or the city! We're all fed up with the whole situation, but this is not the way to solve it!"
<b>Edward Russell</b>				US	2021-12-16	"Who decided the perfect place to house recovering drug addicts was one block from the drug dealers? The ideal place to rehabilitate people is AWAY from the Tenderloin not next to it."

<b>Mark Torres</b>	Concord	CA	94521	US	2021-12-16	"Ruining a once-beautiful neighborhood by placing a hotspot of drug use and mental illness in the middle of it is dereliction of duty by elected officials to keep law-abiding San Franciscans safe."
<b>Lili Aldana Rosales</b>	El Monte	CA	91732	US	2021-12-17	"Lilia aldana rosales"
<b>Lucy Huntzinger</b>	San Bruno	CA	94066	US	2021-12-17	"This is no way to help or support the homeless, or to treat the neighborhood. Every residential facility needs some rules!"
<b>Donald wleklinski</b>	Terre Haute	IN	47803	US	2021-12-17	"Demands consideration."
<b>Brian Keeton</b>	San Francisco	CA	94131	US	2021-12-17	"The over saturation of homeless people in this one small area is simply untenable. I applaud the efforts, but the deeper analysis, as this petition details, means the new shelter is not a good idea at all."
<b>polly rose</b>	san francisco	CA	94118	US	2021-12-18	"I already wrote a letter to Aaron Peskin's office. Not nearly as articulate or informed as Ed Bevilacqua's, but equally emphatic."
<b>Kate Schmukler</b>	El Cerrito	CA	94530	US	2021-12-18	"There's a better way to help the homeless than this. Tax the billionaires, tax the landlords that keep their places empty, then use that money to spread out the homeless in different neighborhood with permanent affordable housing and sober houses with well staffed social workers and nurses."
<b>Amber Richmond</b>	San Francisco	CA	94117	US	2021-12-22	"By adding this shelter we are extending the tenderloin and we will become officially part of the tenderloin. It will be a street just like Ellis or Turk if we open a shelter on Post. It will bring a look that we don't want to close to union square as if we it's not already bad enough. This is saying a lot coming from someone who used to be homeless for a short time as a kid and after my mom passed in 2019. I have stayed at medical respite and a navigation center and they were damn near brand new when I was at both and by the end of my stay the brand new female dorm at medical respite looked as if it had been open just as long as the rest of the building. This nice building will be trashed and will never be able to be anything else once converted to a Homeless shelter."
<b>Joel Goldfoot</b>	San Francisco	CA	94109	US	2021-12-22	"I am strongly against having this property converted into a 123 unit homeless shelter. Especially when I saw that San Francisco will award the management contract to the same company managing the SIP Vertigo Hotel. It is undeniable that there is a direct correlation between the rapid demise in the quality of life in our neighborhood and the high concentration of services that the city has recently decided to locate within Lower Nob Hill."
<b>Manjil Shrestha</b>	San Francisco	CA	94109	US	2021-12-23	"I don't want homeless people try to throw bottles at me just when walking down the street."
<b>Michael richards</b>	San Francisco	CA	94109	US	2021-12-29	"Homeless shelters in the last 3 years have encircled the 700 block of Post Street. A new navigation center with ZERO input from the community was added at Post and Hyde. A new addition to a current one at Post and Taylor (which would completely surround the Bar 587 with entrances on either side of its doors, which will likely mean it will not reopen after the pandemic). A new one a block down at 440 Geary Street with 132 units. And one a block north at 1000 Sutter with 232 units. And now they are proposing adding another one right in the middle of them all. The proposal for this location is not only, not equitable in the "sharing the burden" approach that city leaders have tried to pull over the eyes of this neighborhood citizens, but when questions from concerned neighbors to the proposed site it seemed to have gone on deaf ears. No conversation just a continual defending of their plan with no allowance for any real feedback or discussion. When asked about details on how it would be run and the rules for the"
<b>Nick Panagopoulos</b>	San Francisco	CA	94109	US	2021-12-30	"This area already has way too many services for homeless services and drug addiction. It's long past time for other neighborhoods across the City to take on some of the burden of hosting these services. Stop using the Tenderloin as a containment zone!"

Amir Aitimov	San Francisco	CA	94109	US	2022-01-02	"I am signing because I am against the city offering shelter at 711 Post St to people who need drug addiction or mental treatment. The government should subsidize hospitals for aiding and assisting homeless people who require mental health therapy or drug rehabilitation and provide various support guiding them to a stable life style until they become independent to level out homelessness in SF."
Todd Metzger	San Francisco	CA	94102	US	2022-01-04	"How many examples do we need to see before we know these projects don't work."
Emmanuelle Antolin	San Francisco	CA	94109	US	2022-01-04	"San Francisco must realize that by continuing to implement these types of policies - prioritizing social services over neighborhood residents, it is ripping our city to shreds. I'm a resident that lives on the border of Lower Nob Hill and the Tenderloin. I've noticed the worsening conditions as services for homeless people increase in the area. Sometimes, I don't even make it out from my apartment due to the intensity of drug use, mental illness, trash and drug dealing I will encounter on the street. Small businesses struggle due to the hostile environment. Apartments are vacant. My best friend has now moved away due to the untenable conditions. The policies that are supposed to help and serve our entire city are destroying San Francisco block by block. A shelter on Post Street will only increase drug dealing, drug use, crime, and the general neglect and safety of the area."

Good Morning Mr. Jalipa and Ms. Calvillo:

Attached are two separate PDFs. One containing the all of the signatures we have received as of yesterday evening (2045 signatures on 59 pages) opposing the proposed shelter at 711 POST STREET as well as the comments from those who have signed (73 Comments on 7 pages).

Greatly appreciate it if you can add this information to the 711 POST STREET file immediately.

Thank you,

Ian Bevilacqua  
Lower Nob Hill Neighborhood Alliance

February 1, 2022

Budget & Finance Committee  
Chair Haney, Vice Chair Safai, Supervisor Mar  
CC: Supervisor Peskin  
1 Dr. Carlton B. Goodlet Place  
City Hall, Rm. 244  
San Francisco, Ca. 94102

Chair Haney and Supervisors,

Thank you for giving us a three-week opportunity to meet as a community to hear directly from the Department of Homelessness & Supportive Housing (HSH) on their proposed 318-bed emergency shelter at 711 Post Street. After reviewing the proposals, there continues to be a significant difference between what is in the grant agreement before you in Committee, and what is appropriately in a contract that will ensure the success of this high-needs facility. In other words: while we appreciate the Administration's attempts to answer some questions, many key details and commitments are still missing.

After rallying over the last two years to bring 451 new units of permanent supportive housing and 75 new shelter beds into our very dense 3-block neighborhood, we have some observations about what is working and what is not. We know that the only way to ensure a successful program is to hold the City accountable to the diverse communities both of existing residents/workers and our unhoused neighbors. That will require infrastructure, investment, contracting transparency and significant staffing & on-site services for the proposed high-needs population. While the Mayor is concerned with keeping campaign promises in press releases, we are the community living with the consequences of neglect and rushed community processes.

***The Problem:***

The Grant Agreement, as proposed, ***has nothing*** in it that addresses the significant scaling up of shelter operations for 318 people living with trauma and various dual-diagnosis issues. While we appreciated hearing from Urban Alchemy about their street intervention operations, this will be the largest number of individuals warehoused under their care, which will require a very specific skill-set. Urban Alchemy, which did not go through a competitive bid process but whose \$18m grant agreement was negotiated behind closed doors, does not have the public health/behavioral health qualifications to address the needs of this population - nor a concrete plan to provide them via additional on-site services.

While Urban Alchemy has had some success in "Transforming Energy in Traumatized Urban Space" outside, on the streets of the Tenderloin, they have very little experience with running a complex 318 person crisis center. The first 24-48 hours of treatment are arguably the most crucial to successfully ensuring that clients will remain housed.

***The guests need intensive coordinated care immediately.***

This is a population that, by definition, is in constant need of critical services until they are stabilized. The caretakers, in this case Urban Alchemy, must immediately respond to these needs. While providing a warm bed and a meal will help, it does not begin to address the underlying challenges that the guests face every day. Urban Alchemy, as it stands, is not prepared, trained nor capable of providing the intense amount of clinical care that is required during the critical time where unhoused are beginning their journey to stability. This is a risky experiment that our neighborhood and the City cannot afford to take. It is a “quick fix” to an incredibly complex set of issues. We must do this differently.

If this is to be done correctly, holistically, with individualized care and case management, the next step after housing is to provide services that will enable the guests to get back on their feet. Urban Alchemy is ill prepared to offer critical services. The language in the Grant Agreement speaks for itself....

*“Assessment: Grantee shall engage, assist, and support all guests to engage with Access Points regarding Problem Solving and Coordinated Entry assessments.”*

As you can see, the practitioners for Urban Alchemy will be tasked with “engaging, assisting and supporting” those referred to the shelter. What they will not be doing is clinically assessing the needs of the person and immediately and directly connecting them with services providers that can provide care that is crucial when beginning treatment. Those services at minimum should be in the building at the time of the guests’ arrival. They will not be.

After a review of the Grant Agreement, it is clear that the City does not have any desire to invest in Urban Alchemy’s success, nor to have clinicians present at the point of entry for individuals transitioning off of the streets, who are in desperate need of support from trained staff rendering critical services. The guests are essentially being warehoused in a building with 300+ others to fend for themselves because there is no plan beyond “housing” that the City will actively implement, let alone put in writing.

Thus, the reality is that the Lower Nob Hill neighborhood will likewise be left to fend for ourselves, to deal with the end result of this failed experiment and we’re frankly fed up because we know if this were the Marina, Glen Park, or even on the beautiful Slow Street in front of the Mayor’s house, this wouldn’t dare be proposed.

***Proposed Solutions & Asks of Elected Officials:***

This is a half-baked \$18.7m proposal that deserves *much* more scrutiny by the Board of Supervisors and input not only from neighbors but the network of existing community-based service providers with experience across a wide-range of projects citywide. In the Mohammed Nuru-era of contract streamlining for friends, this should not be a sole source process but a community discussion on how to ensure the highest level of investment to meet the needs of this vulnerable population and the Lower Nob Hill neighborhood. We also know that our existing neighborhood facilities are struggling, so there is much to learn from the existing gaps in service.

The City and its agencies must have comprehensive plans, with protocols in place BEFORE the opening of the facility, with 24/7 case managers on-site. After meeting with HSH, we have drafted a request for amendments to the Grant Agreement, which we ask that the Budget & Finance Committee members adopt before the Board of Supervisors finalizes the contract:

- 1. Amend Length of Lease Agreement to June 30, 2023.** Before spending \$18.7m on a master lease running until June, the operation should be given a chance to deliver some outcomes and be evaluated. If the Board of Supervisors feels the grant agreement objectives are being met, there could be an option to extend an additional year. Ultimately, the community would like to see the City purchase the building.
- 2. No Human Warehouse: Reduce the Occupancy & Increase Client: Staff Ratio.** The number of people housed at the facility should be capped at no more than 150 people to ensure clients are receiving the attention that they need and that the dense hotel is appropriately staffed.
- 3. Onsite Case Manager(s)** should be present 24 hours a day, with at least two CM's at all times, and regular wellness checks should be routinely done.
- 4. On-site support services** should be available every day from 7:00am to 7:00pm.
- 5. A Registered Nurse** or nursing student in residency should be on staff 24 hrs a day.
- 6. No weapons allowed.** As we watch ambulance after ambulance crowd Post and Sutter Streets, dealing with everything from assaults to regular overdose fatalities at the same city-contracted sites in the neighborhood, it is concerning to know that weapons are being advertised as being acceptable on-site.
- 7. Extend hours and geographic area of community ambassadors** at least 4 mobile ambassadors 24/7 from Geary to Pine, and Larkin to Taylor. The Mayor's Office promised this presence at the community meetings surrounding the Lower Polk TAY Navigation Center, and they never materialized, but we understand that this Budget & Finance Committee approved millions from the Mayor to Union Square after looting. Where is the attention to infrastructure for the communities living here, both housed and unhoused?
- 8. Coordinated Investment in Workforce.** Agreements from the Mayor's Budget Office and the Office of Economic & Workforce Development (OEWD) for contract support for the length of grant that invests in the community, from our struggling immigrant small business owners hard-hit by the pandemic to our shelter clients in need of workforce development opportunities. Residents in this working class neighborhood deserve the same attention as Union Square.
- 9. Coordinated Investment in Infrastructure.** This is a very dense residential neighborhood that does not have a Community Benefit District to pick up the slack from a lack of city services. At every single community meeting hosted by the City, the concerns around a lack of street cleaning and even basic amenities like regularly-serviced trash cans, have been a constant. Many residents own dogs and have no parks or open space to walk them in, and there are no trash cans to put dog waste in. Children walking to Redding Elementary School from the Tenderloin regularly walk through human and animal waste, needles and massive

amounts of trash. The Mayor must commit to having the Department of Public Works (DPW) invest in this neighborhood and stop using it as a dumping ground.

- 10. Creation of a Community Working Group** and oversight committee made up of tenants, homeowners, small businesses, hotel stakeholders, the District Supervisor's office, HSH and shelter providers to meet bi-weekly, then monthly throughout the length of the contract.
- 11. Develop a Coordinated City Response addressing escalating problems** such as drug dealing, fighting, and loitering that has been previously reported to the Task Force but not mitigated. This could include penalties/fines to Facility Operators to closure of the facility.
- 12. Six-month Trial Period.** A probationary period running from July 1, 2022 to December 31, 2022 with an evaluation by the Workgroup of data related to calls for service and city response & follow-up.
- 13. Trigger for Facility Closure.** If data reveals a high level of calls in a 6 month period, there should be an escape clause in the grant agreement that allows for another use for the site or another operator to take over. Again, ultimately, we would like to see the site be purchased by the City.
- 14. Plan for Acquisition of the 711 Post Building.** The City's continued reliance on master leasing is not only financially irresponsible, but also helps the City avoid accountability for the operations they are contracting out. This is a former youth hostel that lends itself well to transitional housing, particularly for young adults who will eventually phase out of the TAY system or families waiting to get into permanent step-up housing opportunities.
- 15. Require Ambassadors to Carry Information Cards.** Our goal is to be able to provide neighbors with an appropriate channel for reporting issues that is not police-based, but also to explain what the Ambassador program is, what they are empowered to do and what the community must do on their own. There should be relevant phone, email, text and website information listed.
- 16. No Class 3 Drugs** should be allowed inside the facility that could lead to overdose fatalities.

***These are our asks.***

These are all issues that should have been included all along, and they demonstrate all the issues that are going to confront our neighborhood once this facility goes into service. We need thoughtful, well-constructed planning and implementation, not rushed PR strategies and ineffective band-aids.

Respectfully,

The Lower Nob Hill Neighborhood Alliance  
Executive Committee on behalf of our membership

**Subject:** Vote No

Dear Supervisors Haney, Safai and Mar:

Please vote NO on the proposed Ansonia homeless shelter. Adding another homeless shelter to our neighborhood is simply unfair. There are at least four shelters within a block or two of where I work. I cannot walk to and from my job without scary encounters with person after person in either mental distress or high. Almost every night, a person or two is either shooting up or flat out on the sidewalk next to our building. They leave their trash and junk behind. Our neighborhood is in serious trouble now. If you allow the Ansonia to be converted to a no rules-no services shelter, our situation will only get worse. Our homeless need help, but they need appropriate housing with proper social services.

Vote NO.

I'm asking you, please vote AGAINST this shelter. It is not the answer that we need Long Term. The city (we are) paying for a building with a minimal exit onto the Main Street, sandwiched between 2 good and struggling tourist hotels. This neighborhood has been healthy but ks barely hanging on since the pandemic and the 'Increase' of over 10 additional shelters in the last couple years. The Ghetto is growing!

Please help us prevent this from happening.

Thanks

I am AGAINST 711 Post St .

I really do believe we ALL want to help those less fortunate. It's true we are ALL 6 degrees away from it being us or ours or maybe already has been US or OUR'S.

This is not well thought out. While it's true that this building is available and close to hospitals, services and can hold a lot of helpless individuals... it's also true that we are being SACRIFICED...WE being those of us at the effect of MORE at risk humans on our streets...imagine 250 diverse humans in relatively desperate conditions needing radical help from here to eternity...and then at least 20 'helpers', 20 dealers, 20 friends and and and...

Please, we've done our part.

Diversity, equal dispersement

Vote NO

Dear Supervisor Haney

Please vote to stop the youth hostel at 711 Post Street being converted into an emergency shelter.

During the last 3 years 11 facilities serving our unhoused neighbors have been opened in our struggling working class community along the gateway to Union Square. Our streets have deteriorated, open drug use has proliferated, trash and human waste litters our sidewalks and heartbreaking mentally ill persons often wail and threatened us. I have been verbally assaulted more than once... and physically chased too!

I have lived in Lower Nob Hill for over 16 years. I am a senior citizen, a twice a week FoodRunner and Glide kitchen volunteer. I love our community but I can no longer leave my apartment at night or in the early morning. It has become too dangerous.

Please don't vote to put another 300 plus suffering souls on Post Street. The city has shown time and again that they create shelters and then abandoned the residents and the community. The entire Tenderloin is an example. Look at the tragic Grenada Hotel lawsuits, the Cathedral Hill debacle at the Oasis Hotel. Even the claims of lack of supervision at the TAY serve as example.

Warehousing our suffering San Franciscans, offering no substantive treatments has failed our city over and over again. And our neighborhoods are crumbling under the strain of these failures. The building at 711 Post Street is not suited for housing 300 plus people. Fire exits, Covid prohibitions, food service problems disqualify the structure. And yet the city persists. This is bureaucratic box checking at its worse. The shelter at 711 Post should not be approved!

Please, Supervisor Haney, don't let them do it.

**Date:** January 19, 2022 at 6:26:11 PM PST  
**To:** [Gordon.Mar@sfgov.org](mailto:Gordon.Mar@sfgov.org)

Dear supervisor Mar

Recently, 11 facilities serving our unhoused neighbors have been opened in our struggling working class community in Lower Nob Hill. Our streets have deteriorated, open drug use has proliferated, trash and human waste litters our sidewalks and heartbreaking, mentally ill persons often wail and threatened us. I have been verbally assaulted more than once... and physically chased too!

I have lived in Lower Nob Hill for over 16 years. I am a senior citizen, a twice a week FoodRunner and Glide kitchen volunteer. I love our community but I can no longer leave my apartment at night or in the early morning. It has become too dangerous.

Please Supervisor Mar , because of **geographic equity**, because of **our rights to enjoy** our neighborhood, because of the threats to our **safety**... vote no.

To put **300 adults** under extreme stress in a building **without** proper **fire exits**, without adequate **food service**, without the ability to remain safe from **Covid exposures**, without any **outside space** and most importantly without the **services** they need to be successful is almost criminal. Urban Alchemy has no experience running a residential shelter, providing food service. This project is going to fail.

Please don't allow the city to create this shelter then abandon the community to deal with the fallout. Like the city did with the Grenada Hotel and the Cathedral Hill Oasis hotel and so many more. It will destroy us.

Please Supervisor Mar, help us. Vote No on 711 Post Street Shelter.

Thank you  
Micki Esken  
666 Post Street

**To:** [Ahsha.Safai@sfgov.org](mailto:Ahsha.Safai@sfgov.org)

Dear Supervisor Safai

Please vote no on the conversion of 711 Post Street into an emergency shelter. We can not continue to thrive as a city if we continue on this path. Businesses are closing. People who can are leaving San Francisco. Tourists are horrified. Conventions are cancelling. Workers are refusing to take employment in the city. Our government is making San Francisco unlivable.

Recently, 11 facilities serving our unhoused neighbors have been opened in our struggling working class community in Lower Nob Hill. Our streets have deteriorated, open drug use has proliferated, trash and human waste litters our sidewalks and heartbreaking, mentally ill persons often wail and threatened us. I am a 78 year old woman. I have been verbally assaulted more than once... and physically chased too!

Please don't allow the city to create this shelter then abandon the community to deal with the fallout...like the city did with the Grenada Hotel and the Cathedral Hill Oasis hotel and so many more. It will destroy us.

Nobody wins in the 711 Post Street project. The guests do not receive the treatment they need and deserve. They are warehoused in an unsafe facility that will give them no more than a bed. The community will have 300 more suffering souls on our streets that will be confronted with drug dealers and other dangers that they will attract to our neighborhood.

Please break the mold. Urge the city to buy the building and subsidize rent for essential city and retail workers, teachers, nurses, all the working people that can't afford to live in our city. Let's do something positive for our city. Let's begin to find our way back to being the city we love.

Please start with us. Vote no on the 711 Post Street Shelter!

Thank you

Micki Esken

**Date:** January 26, 2022 at 4:05:10 PM PST  
**To:** [Gordon.Mar@sfgov.org](mailto:Gordon.Mar@sfgov.org)

Dear Supervisor Mar

Please vote against approval of the shelter at 711 Post Street. Contrary to the city's claims the building is not ideal. Tiny rooms without toilets and small, 4 person bunk bed rooms also without toilets, and communal rooms big enough for no more than 30 people are not ideal for 318 people going through staggering personal challenges. And the suffocatingly close quarters of the 711 Post structure are very conducive to passing Covid. Plus there are fire safety issues and NO OUTDOOR SPACE! People will have to be on our community streets to do anything else other than sleep.

Over the last three years, the city has opened 11 facilities serving our unhoused citizens within our Lower Nob Hill community. As much as we support housing our neighbors we have suffered at the city's neglect of these projects and our neighborhood. The travesty at the Grenada Hotel is a case in point. Our streets are littered with drug paraphernalia, people are slumped in drugged stupor on our sidewalks. Garbage is dumped everywhere. We are accosted on the street by people listening to voices only they can hear. Our urban downtown neighborhood is being dragged into the "Containment zone" of the Tenderloin.

Businesses, even landmark locations in Union Square are empty. Our local business are suffering, restaurants, especially those who put their slim resources toward outdoor eating Parklets are at particular risk. The 711 Post Street shelter is right between two hotels that are just re-opening from the pandemic! This shelter would really be a catastrophic for Lower Nob Hill and downtown San Francisco.

What is the mayor thinking? What is the plan here? Her administration is making downtown unlivable. We are one of the only affordable, working class communities in the city. Do we want the city to house only the very rich and the very poor? Please do all you can to help Lower Nob Hill survive. Vote No on the 711 No Rules Emergency Shelter!

Please help us and help SanFrancisco and vote NO on the 711 Post Street Shelter.

Thank you  
Micki Esken

**To:** [Ahsha.Safai@sfgov.org](mailto:Ahsha.Safai@sfgov.org)  
**Cc:** [BoardofSupervisors@sfgov.org](mailto:BoardofSupervisors@sfgov.org)

Dear Supervisor Safai

Please vote against the proposed shelter at 711 Post Street.

Supervisor, we are struggling. Our neighborhood, just blocks from Union Square is unsafe even in the daytime. Our streets are littered with human waste and drug paraphernalia. People are slumped or sprawled on our sidewalks, huddled in our doorways. Other suffering souls are raving, some are furious and confronting.

We have had 11 facilities housing our less fortunate neighbors opened in our Lower Nob Hill neighborhood over the last three years. The city has not supported the shelters or the community! The Mayor said in response to complaints about the drug dealing and consumption around the new Linkage Center, "We cannot control who does or does not use drugs in any given location"

Please don't allow the city to put another 318 anguished people on our streets! We will have to leave. Our small stores are suffering, Our restaurants, after spending their scarce resources on building outside dining parklets, will be forced to close. The 711 Post Street Shelter is placed right in-between two tourist hotels that are struggling through the pandemic!

Supervisor, we are one of the only neighborhoods in San Francisco that working class people can both afford and desire to live in. Our historic buildings and walkability to work and play and shopping make Lower Nob Hill a treasure. Please honor the principle of Geographic Equity. Lower Nob Hill has done enough. Please vote no. Our community cannot survive the addition of a 315 plus person, no rules, emergency shelter at 711 Post Street. We will implode.

Thank you for your attention.

**To:** [gordon.mar@sfgov.org](mailto:gordon.mar@sfgov.org)

Please vote against putting the most difficult type of shelter, a 300 plus person no rules, emergency shelter in our community at 711 Post Street! It will destroy our community. Lower Nob Hill already houses 11 facilities to aid our less fortunate citizens in our small section of the city!!!

Supervisor, we are affordable housing. Lower Nob Hill is one of the only affordable, working class neighborhoods in San Francisco. Our historic buildings are an easy walk or convenient bus ride to downtown, the financial district, North Beach, Chinatown and their surrounds.

Please Supervisor, don't vote to build affordable housing somewhere else and vote to destroy the livability of our affordable neighborhood! We are necessary to San Francisco. Lower Nob Hill houses affordable hotels and apartment buildings. The proposed new shelter is right in-between two tourist hotels just struggling to survive through the pandemic!

Please Supervisor, vote to stop San Francisco becoming a city for only the very rich and the very poor.

Please Supervisor, we believe the Mayor when she says "We cannot control who does and does not do drugs at any given location" Bringing 300 plus more potential clients will bring more of the drug trade and its ancillary problems into our community. And then our affordable community will watch our businesses and renters leave... and the containment zone grow. This will be the end of our vibrant Lower Nob Hill community!

Please Supervisor vote no on the proposed shelter at 711 Post Street!

Thank you

Micki Esken

**To:** [Matt.Haney@sfgov.org](mailto:Matt.Haney@sfgov.org)  
**Cc:** [BoardofSupervisors@sfgov.org](mailto:BoardofSupervisors@sfgov.org)

Dear Supervisor Haney

What do you want for the city? Remember the plan for Market Street? A wide boulevard, running diagonally through our bustling downtown, closed to traffic save public transport. A place to stroll, shop, eat?

I walk the city. I am a long time resident and lucky. I am 78, healthy, considering, married for generations to a man I love and laugh with. We volunteer delivering food twice a week with FoodRunners and are long time Glide members and kitchen help.

We love living on Post Street where it is flat, relatively, and we can get everything we want without enlisting Amazon.

Since the pandemic our neighborhood, always urban, has become threatening. Drug use has come out of the alleys and people's behavior has become more erratic, our streets are filthy.

It seems like everything we ignore builds upon itself. The disappearance of garbage cans and the trash on the streets, then the graffiti, the people sprawled on the sidewalk, then people openly using drugs, then people ranting and threatening. A call to 311 seems almost comical.

So two days before Thanksgiving, when we received the notice about the new shelter a block away from our apartment, we took notice. We had attended the meeting about the TAY and were strongly in favor of having young adults receive the help they needed to improve their lives. This shelter sounded different and alarming.

And we were right to be concerned. This was a different type of housing. And it was put forth in a very different way. The holidays shut our already pandemic limited access to the government employees we needed to contact. The little information we could glean sounded like this was a poorly planned project that

would warehouse some of our most anguished neighbors, packing them into a building that is unsafe, unsuitable and under-supervised.

And so it is. And now it goes before you and you have to decide if this is what you want for San Francisco. The Mayor said about the drug use outside the new Linkage Center on Market Street... that looks less and less stroll-able..."We cannot control who does or does not use drugs in any given location,"

What do you want for this city? Our Lower Nob Hill community, one of the only working class affordable neighborhoods left in San Francisco, will vanish if a rotating group of 300 plus suffering souls are dumped on our streets. We can't absorb any more suffering.

11 facilities housing our unsheltered neighbors have appeared in our small downtown neighborhood in the last three years. We really have enough.

Please see a city where there is room for us too. Please vote against the shelter at 711 Post Street.

Thank you

Micki Esken

Hello!

My name is Calder Lorenz, I am the Director of Operations at the Gubbio Project and a resident of District 9.

Thank you to the Budget & Finance Committee members for hearing agenda item #1.

The Gubbio Project **supports** the emergency shelter operations and support services serving approximately 250 adults experiencing homelessness at the property located at 711 Post Street to add more supportive housing to our City's portfolio. **Item #1**

**We know that housing solves homelessness and that there is no medicine as powerful as housing.**

We encourage the City and HSH and the full Board of Supervisors to continue to acquire units and buildings throughout the entire City to support the needs of our unhoused community so that we can continue to build equitable access to housing for all.

In Community, Calder

Dear Supervisor Peskin,

Thank you for advocating for the delay in the decision about the potential homeless shelter being considered for 711 Post. I agree that the outreach to the surrounding community has been inadequate, and, before the project is finalized, I would like to know more.

My family and I live in the next block over, and we and our neighbors are concerned about neighborhood safety, for ourselves, and for the surrounding small businesses. I'm all for homeless folks getting safety and support. However, I'm concerned that the addition of this project would lead to a decline in safety here in the neighborhood.

Please add me to your mailing list if you have one so that I can stay informed and better understand what's happening with this potential project.

Thank you.

With best regards,

Kristyna MacLaurin

**Subject:** No No No To The Proposed Mega Shelter At 711 Post St

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Elected Officials:

I want to voice my continued OPPOSITION to the 250 bed Mega Homeless Hotel/Shelter proposed for 711 Post St. I live 1/4 block away.

I have listened to the proponent's claims about this project and find them to be completely bogus and self-serving. I am also very disappointed that The City tried to sneak this mega project past us neighborhood residents and businesses over the Christmas Holiday (announced with an envelope that appeared to be junk mail).

I have lived in this neighborhood for 35 years and seen it wonderfully transformed from an area of vacant, shabby buildings, prostitutes turning tricks and being beat up by their pimps, and failed restaurants and businesses. In the past few years, our neighborhood has been uplifted by the arrival of destination restaurants, bars, coffee houses, and boutique hotels.

The streets have become cleaner and safer for neighborhood residents and for visitors who come here from around the world. We are proud to call our neighborhood HOME.

The passage of this huge, ill advised project will jeopardize all of these gains and turn our neighborhood into a dangerous slum, like the Tenderloin. Businesses and hotels will pull out, accelerating neighborhood blight and decline. All of the hard won gains to our neighborhood will disappear forever.

I urge you, for the sake of our neighborhood residents and businesses, to honor us and abandon this huge, ill advised project.

Thank you,

Linda Brotemarkle

**Subject:** 711 Post St

Please read

Thanks for this article. It's obvious you were really there, looking, seeing and talking.

Now the Tenderloin Containment Area grows to Post and Sutter Streets.

While it addresses core issues that are obvious and important it does not address the new streets and neighborhoods that the Tenderloin is 'growing into', such as 711 Post Street, or The Granada on Sutter Street. These streets are 'one street' up, or over ... streets that are now being included into the growth of homelessness, drug addiction and mental illness. The add on to the Tenderloin CONTAINMENT neighborhood, aka the NEW GHETTO. Areas that have been receptive and compassionate to the scope of diversity the Tenderloin incorporates.

We are not NIMBES. We moved here knowing we were on the fringe of desperate humans trying to find help and community. We try being loving, supportive and compassionate while struggling to keep our little streets, communities safe and healthy. We are Volunteers, advocates, hard working people concerned with Human-kindness. And we are losing the fight!? We are being inundated with shelters of every kind with little chance to even voice our concerns. We did embrace the Youth Navigation Center on Post and Leavenworth and we were aware and welcoming, ever hopeful for the 'young adults' going into it. What a failure that has been!! The 711 Post shelter was a surprise gift the City threw at us just days prior to Thanksgiving, Christmas, City holidays when our Supervisors are granted extended holidays off leaving us no one to reach out to or even get answers from. Aaron Peskin and Sunny Angulo were available though, our own District Supervisor reached out while on his holiday along with Sunny. With their help and encouragement we

found a way to organize and create the Lower Nob Hill Alliance, aka LNHA.  
We are loosing though.  
The next Budget Meeting is February 2nd. If it passes there it will next go in front of The Board of Supervisors.

The City does not seem to be concerned with the HEALTH AND SAFETY problems of this building, 711 Post St. Nor the additional stress on struggling hotels, small businesses and locals. It has 1 small entrance from the street, 4 -5 stories, capacity for upwards of 300 'at risk' humans, sandwiched between 2 tourist hotels, across from a large liquor store, Gateway to UNION SQUARE... and YES, my/our Post Street.

The most Marginalized will be brought and housed here until other placement can be found. These are the MOST marginalized human beings. With them will come 'more' drug dealers and larger gatherings as there's no place to go from their tiny rooms inside except to the streets outside. Yes, the Urban Alchemist will be hired so now we will have 'green vested, well meaning Foot Soldiers on our streets helping when we were relatively ok but definitely beginning to struggle prior to 711 Post.

Our kind neighborhood is being sacrificed...when and where does it stop....maybe closer to the real NOB HILL DISTRICT or PACIFIC HEIGHTS or The NEW SAN FRANCISCO....oops, certainly not in 'THEIR' District !!

I hope you read this.

Thanks for your ear.

**From:** T Lo <[tricia.lomail@gmail.com](mailto:tricia.lomail@gmail.com)>  
**Subject:** NO on Agenda Item 1 # 211306 Grant Agreement-Urban Alchemy-Emergency Shelter  
**Date:** January 28, 2022 at 4:15:35 PM PST  
**To:** [Matt.Haney@sfgov.org](mailto:Matt.Haney@sfgov.org)  
**Cc:** [BoardofSupervisors@sfgov.org](mailto:BoardofSupervisors@sfgov.org)

Dear Supervisor Haney,

Please vote NO on the grant agreement to Urban Alchemy for operation of 711 Post as a homeless shelter.

For more than 18 years I have had an apartment at 701 Post where I also manage the building. Our neighborhood used to be really nice. However, it has been in a steady decline as more and more homeless have been moving up the hill from the Tenderloin. I understand that the Urban Alchemy proposal is to convert 711 Post to a no rules, no services "shelter" for 250 of our most troubled homeless. The Urban Alchemy plan will not work. The rooms are too small, there are not enough bathrooms and there are inadequate cooking facilities to allow for any extended stay. All that will be accomplished is 250 more persons will be wandering our neighborhood throughout the day and night, using 711 Post only as a crash pad from time to time.

Our homeless should be provided proper accommodations that are well served by comprehensive social service programs. I urge that you focus on approaches that may genuinely give our homeless a fair chance of success.

Lastly, I understand that more facilities may be needed. But we have done our

share. There is a small facility behind my building on Jones. There's a larger facility around the corner on Geary and one down the block on Post, and up the block on Sutter. One more shelter is simply unfair to our neighborhood.

I urge you to vote NO!!

Best Regards,  
Tricia Lo

Supervisors,

My husband and I have lived in Lower Nob Hill for over 14 years, specifically, the Tendernob. I am also a 20-year small business owner in Union Square. It's always been a neighborhood in need of improvements and has at times struggled to cope with a myriad of issues that don't have quick solutions including homelessness, violence, graffiti, drug use, and crime. However, over the course of the last several years, this neighborhood has gone from feeling somewhat neglected by the city to now *completely ignored*—and we're all suffering because of it. Beyond public trash cans being removed and never replaced, the street itself torn up and never repaired, and broken and run-down bus stops that are never repaired, now, the lack of attention we've been getting has transcended from annoying to dangerous.

It is undeniable that there is a direct correlation between the rapid demise in the quality of life in our neighborhood and the high concentration of mismanaged services that the city has decided to locate within a 2-block radius of where we live:

- The Granada, 1000 Sutter Street
- The Hotel Vertigo, 940 Sutter Street
- Lower Polk TAY Navigation Center, 700 Hyde Street
- Hyde Street Community Services, 815 Hyde Street

Please understand that this is not a NIMBY letter. As citizens of San Francisco, we think that it is entirely reasonable for all neighborhoods to have supportive services for our homeless community, and the TenderNob—our back yard—shouldn't be an exception. And while we welcome the services and residents with open arms, we do expect that the neighborhood is respected, and the city takes accountability for the property they are running. It is simply unfair to provide services to a handful of citizens in need at the detriment to the entire neighborhood.

The mismanagement of these facilities is quite obvious to anyone who lives near one, and something that desperately needs to be resolved prior to adding yet **another homeless shelter in our neighborhood at 711 Post Street**. While we think four of these services in such concentration is simply bad city planning, adding a 5th would be disastrous if that property is mismanaged like the others listed above.

#### **The Hotel Vertigo - SIP**

We have always been a strong supporter of getting our community's homeless populations the help they

deserve and need. Especially during the pandemic, when our homeless population was at its most vulnerable, the City of San Francisco needed to step in. We think the SIP hotel idea was a stroke of genius that not only supported the guests who were housed there but also supported the hotel itself and other local businesses that supply the food, security, laundry, and other services.

The Hotel Vertigo is 74 feet from where we live—and it bears repeating—we do not have an issue with the location. But The Hotel Vertigo, **managed by the city of San Francisco and Urban Alchemy is an embarrassment and a travesty:**

### **Garbage**

Prior to turning into a SIP hotel, this location was never a problem when it came to waste management. Now, garbage is a recurring issue. The streets have never been more disgusting. Utensils, food, and food containers from the hotel foodservice are scattered on the sidewalks, bus stops, and on the steps to our apartment on a daily basis. What appears to be the belongings of evicted tenants can frequently be found on the sidewalks. Broken glass, used needles, human feces and used condoms are now daily reminders that we live next to a mismanaged SIP.

Additionally, as 'landlords', you are in violation of your own laws surrounding recycling and composting that we as residents embrace and work hard to adhere to. Food is not being composted, and black garbage bins are always stuffed with recyclables. You've been a supporter of Zero Waste initiatives in the past, yet this city-run property is in violation of local ordinances with seemingly zero enforcement.

### **Resident Loitering**

Residents of the Hotel are frequently gathered on the sidewalks where they are tearing apart bicycles and electric scooters, sleeping, fighting, playing loud music, and openly doing drugs. Especially after dark, this has made most of us feel very unsafe walking back to our apartments. We're not going out after dark, and unfortunately, that means our neighborhood small businesses suffer.

### **Vehicle Loitering**

The hotel has attracted a steady stream of vehicles that are parked around our neighborhood that are:

- Parked illegally - often blocking access to fire hydrants
- Blatantly consuming alcohol while operating a vehicle
- Selling stolen goods out of trunks
- Playing music loud enough to rattle building windows
- Dumping trash in the streets and sidewalk

### **Security**

The Security Service employed seems to be doing nothing to prevent any of this. In fact, we frequently witness one particular guard getting high at surrounding area bus stops before returning to work.

**Property at 711 Post**

To be clear, we are strongly against this property being converted into a 123 unit homeless shelter. Particularly since San Francisco will be awarding the management contract to the same company managing the Vertigo Hotel. Unless you can assure our neighborhood that we will see no increase in unlawful activity, this project needs to be halted. Or else, you are effectively turning Lower Nob Hill into an expansion of the Tenderloin that we fear it will never recover from.

Sincerely,  
Jill Jodar

This building is a bad addition to the support services of San Francisco.

The entire area from Geary Street to Market Street on Jones, Leavenworth, and Hyde is not possible for pedestrian traffic.

We are seniors and walk either to the east or the west of this area.

Clearly we need more services and also more city planning around this issue.

Thank you.

1. The entire method of planning has put a burden on this neighborhood in terms of the number of homeless shelters and SROs without any central planning.
- .2 Particular use of 711 Post without any questions of drug use or criminal background is unsuitable. Also whether people are infected with Coved is not mentioned.

I'm writing to you today to voice my opposition to the proposed shelter at 711 Post Street.

It is undeniable that there is a direct correlation between the rapid demise in the quality of life in our neighborhood with the high concentration of mismanaged services that the city has decided to locate within a 2-block radius of where we live:

- The Granada, 1000 Sutter Street
- The Hotel Vertigo, 940 Sutter Street
- Lower Polk TAY Navigation Center, 700 Hyde Street
- Hyde Street Community Services, 815 Hyde Street

Please understand that this is not a NIMBY letter. As citizens of San Francisco, we think that it is entirely reasonable for all neighborhoods to have supportive services for our homeless community, and the TenderNob—our back yard—shouldn't be an exception. Unless you can assure our neighborhood that we will see ZERO increase in unlawful activity, this project needs to be halted immediately. Otherwise, you are effectively turning Lower Nob Hill into an expansion of the Tenderloin that we fear it will never recover from.

Our longtime residents and small businesses have spearheaded solutions to a problem that has only gotten worse. The City has failed time and time again to deliver on its promises to ensure the success of these programs and the creation of another 250-bed homeless shelter in San Francisco is fundamentally subverting the city's policy of geographic equity. It's time for the city to make good on its promise of dispersing the facilities currently in the pipeline

Additionally, this enormous "no-rules" homeless shelter is the wrong type of shelter for our neighborhood and for its residents. San Francisco's most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not an unqualified nonprofit like Urban Alchemy.

The city's "outreach" on this proposal has been a disgrace – announcing the proposal over Thanksgiving weekend with a vote already scheduled for Wednesday right after the holidays. If this were the Mayor's neighborhood, or the Marina or Forest Hills, the neighborhood would never have been handled like this. We are renters, voters, families, seniors, workers, teachers, and artists. We demand as a community to be respected and heard.

Dear supervisor Haney, Sarai, and Mar,

Earlier this week, I submitted an email in opposition to the proposed shelter at 711 Post to your office. I request that my email a part of the record. Our neighborhood has done its part.

There is one detailed aspect of the Department of Housing & Homeless plan for 711 that will not work, namely, be idea of using the building's kitchen as a communal kitchen. My family operated a residence club located on the 800 block of Sutter for a number of years with basement cooking and dining. We experimented with resident self food preparation. It proved completely unworkable. First there was ongoing conflicts among residents for stove, sink and refrigeration access. There was an ongoing risk of stove top fire. There was ongoing sanitation problems. Very few residents cleaned up after cooking. We abandoned the communal resident approach and retained trained staff. I cannot imagine residents dealing with drug and mental health challenges are able to safely use a communal kitchen. If you are otherwise inclined to proceed with 711 Post, I urge that you defer proceeding until a realistic food service plan is worked out in detail.

Thank you for your consideration

Andrew Lange

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent and Supervisors,

I'm providing here my comments on the Budget and Finance Committee's 1/5/22 Meeting Agenda Item #9 - Funding for 711 Post Street.

I am opposed to the project in its current form, and the City's approach with its outreach and approval process during the winter holidays.

Simply, it would be great if you (the Committee, the Board of Supes, the Mayor) could follow your own rules, and follow the same rules that everyone lives by.

1. Reach out to the community in an honest, available, daylight way.
2. Listen to our feedback.
3. Study and Estimate and assess the real impacts. The City made crisis housing exempt from CEQA/EIR review (a Trumpian move), but the cumulative impacts are still adding up.
4. Strive for neighborhood equity; work to prevent inequity. Neighborhoods should share successes, and share burdens. The Lower Nob Hill Community has been unfairly burdened with solving the City's homeless crisis. Allow other neighborhoods to help.

Sincerely,  
Christopher Pizzi  
666 Post Street Resident and SF voter

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am writing to you today to sincerely urge you put a temporary hold on the proposed Homeless Shelter at 711 Post Street in order give us residents time to assess the impact the hotel conversion will have on our fragile neighborhood. I have been a homeowner in the 600 block of Post Street for over 25 years and have invested a tremendous amount of time, energy, and money in trying to make Lower Nob Hill a safe and vibrant community. The recent rushed announcement of the hotel conversion at 711 Post Street was a kick in the teeth to me and the other members of our community who have had to endure tremendous hardships due to Covid-19 and the City-wide shutdown.

Our neighborhood has already done more than our fair share in combatting the homelessness crisis by supporting the recent addition of 451 units of permanent supportive housing and a 75-bed homeless shelter, all clustered within a small radius of our Lower Nob Hill working class neighborhood. Adding another 250-bed “no rules” homeless shelter flies in the face of the City’s policy of geographic equity – Lower Nob Hill has shouldered its fair share and it is time for the City to make good on its promise that other neighborhoods receive a balance of the facilities currently in the pipeline.

It is important for the Supervisors of the Board to hear how the City’s disinvestment and disregard for the neighborhood have dramatically impacted everyone, from parents walking their kids to school to seniors trying to attend medical appointments to hotel and wait staff afraid to go to work. The Mayor, the Department of Homelessness, the Department of Public Health, the Office of Economic & Workforce Development, and the Department of Public Works have all failed to deliver on their promises at previous community meetings to solicit our support that they would increase services and facilities. We were promised well-run professional supportive housing programs, adequate street cleaning, and community foot patrols. We were promised we’d be treated like a *real* neighborhood, with investment and City collaboration. Instead, we’ve watched the neighborhood deteriorate even further – for our housed and unhoused residents.

I thank you in advance for taking this issue into consideration and look forward to your putting the brakes on this matter on Wednesday’s scheduled Budget Committee meeting.

Sincerely,

Michael J Lussier Jr.  
666 Post Street, Apt. 403

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I'm opposed to 711 Post Street proposal because:

- (1) Our neighborhood has already done more than our share in combating the homelessness crisis by supporting the recent addition of 451 units of permanent supportive housing and a 75-bed homeless shelter, all clustered within a small radius of our Lower Nob Hill working class neighborhood. Our longtime residents and small businesses championed solutions to a problem that has only gotten worse, as the City has failed repeatedly to deliver on its promises to ensure the success of these programs; and
- (2) adding another 250-bed "no rules" homeless shelter flies in the face of the City's policy of geographic equity – Lower Nob Hill has shouldered its fair share and it is time for the City to make good on its promise that other neighborhoods receive a balance of the facilities currently in the pipeline; and
- (3) this huge "no-rules" homeless shelter is the wrong type of shelter for our neighborhood and for its residents – San Francisco's most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not an unqualified nonprofit like Urban Alchemy; and
- (4) the City's "community outreach" on this proposal has been a disgrace – announcing the proposal Thanksgiving weekend with a vote already scheduled for the Wednesday right after the holidays. If this were the Mayor's neighborhood, or the Marina or Forest Hills, the neighborhood would never have been treated with this inequity. We are renters, families, seniors, workers, teachers and artists. We demand as a community to be respected and to be heard!

**5. Urban Alchemy is unprepared to operate the facility.** I have searched the website for information and I have not found any evidence to suggest that Urban Alchemy has any experience, let alone expertise, in residential building operations in San Francisco. Similarly, Urban Alchemy has no reported food service expertise. The recipient of a 18M grant of public funds should promise more than cleaning trash from the sidewalk outside the facility and respectful dialogue with residents in distress. **Homeless resources are not unlimited. The Department of Housing & Homelessness proposed five year financial commitment to an unproven organization makes no sense.**

**6. The homeless in distress need better care.** Ms. Cohen and the representatives of Urban Alchemy were clear that 711 Post is intended to house our most severely challenged homeless. However, equally clear was the intention that the building serve as a no rules shelter. She stated that open on-premise drug use would not disqualify a resident. It is apparent that Urban Alchemy was selected because it promised that both sides of the 700 block of Post (for 12 hours per day) would be cleared of 711 residents. The apparent objective is to shift those at risk of overdose and the severely disturbed out of sight. Urban Alchemy staff members are not licensed and qualified public health professionals. Our acute homeless need help and well-run professional supportive housing. I urge you to aspire to more than simply warehousing our people in distress out of sight.

Respected officers of SF,

This Sandeep Ganapatiraju and live @666 post st, half a block from proposed 737 shelter

I have been in this neighborhood for last 9 years and 12 years in USA and grew 20 years in India

The last 1 year the neighborhood is filled with shady people following me in broad daylight, trying to sneak in building and broken doors and glasses

**I grew up in 3rd world country and i can 100% say that this neighborhood Quality and safety is last 1 year is worse than some of the darkest slums I saw in India**

**I am all for making a Low income housing, supporting artists, teachers and essential front line workers, single moms with kids who want to make SF a HOME**

**Kindly oppose this new shelter**

Regards,  
Sandeep Ganapatiraju

[https://sfbos.org/sites/default/files/bfc010522\\_agenda.pdf](https://sfbos.org/sites/default/files/bfc010522_agenda.pdf)

There is no way the Supervisors or the Mayor could know the horror show our neighborhood has become. In the last year, we are 180 degrees different. This neighborhood is working class. Its vital and strategic to a healthy downtown. Lower Nob Hill is all ethnicities, very diverse with the best core of small business and restaurants in San Francisco. This plan will gut us. We are old, young, all races and every gender. You don't move into this neighborhood if you're uncomfortable with diversity, so I throw back the shade intentionally tossed at us by Urban Alchemy, who know nothing about our neighborhood, not even our name, and who declare we object because we fear diversity. The reality is crime is a tsunami now and the city's plans and UA work does nothing to address it.

If your plans don't include drug and medical treatment, which 711 Post does not, then you are magical thinking. Placing 250 to 318 mostly men, in one building with one kitchen with no rules, no fulltime skilled medical care and no law enforcement is not an Experiment. It is a crime that we will watch unfold in real time. Not only to the Meth addicted and the newly released felons who you plan to house at 711 Post, but to this neighborhood.

You are giving 711 Post the hardest of the hardened, and the worst of the worst harmed who come here from the whole country. While offering nothing more than cigarette butt sweeping and a vest wearing UA security guard at the door and on the corner. I'm in the Tenderloin every day. I see how UA shuffles people away from the corners and businesses who employ them, but the problems are still there, right across the street or shuffled down the block. That's what this 18 million will pay for on our block. Maybe 700 feet of clear sidewalk and then crime and poverty just beyond. You are magical Thinking if you have faith in this experiment. And you are wasting money, once again on something that will create a bigger problem.

You have not done any economic impact studies on the neighborhoods you place shelters in. You're not on the streets. We are. We see the closed businesses, the boarded up windows, the For Lease signs and the glittering sidewalks coated with broken car windows.

We already cannot go out after dark anymore. The best thing about this neighborhood was it's a direct and vital artery to Union Square, Downtown and beyond. Our walkability was appreciated internationally. Our residents live and work here. We are the service people for the downtown area. No more. Your shelter and the spreading out of street people into Lower Nob Hill is killing our neighborhood. Tourists who dare to visit are horrified at the open drug

dealing in our alleys and corners, the sex and prostitution right on the sidewalk in broad daylight, the meth people who can barely stand and who openly urinate and defecate where they are lying. The assaults on property, and on our persons. No wonder its crime spreading into Union Square 2 and a half blocks away. None of us were surprised at what happened there. If the Mayor was surprised, she is choosing not to see. San Francisco is a triage center. Get medical and Meth help now or you take us all down.

Terry Oxford

# UNITE HERE!

January 4, 2022

Supervisor Matt Haney, Chairperson, Budget & Finance Committee  
Supervisors Ahsha Safaí and Gordon Mar, Members, Budget & Finance Committee  
VIA EMAIL

Dear Chair Haney and Supervisors Safaí and Mar,

I am writing on behalf of UNITE HERE Local 2's 13,000 members to request a continuance of Item 9 on the January 5, 2022 Budget and Finance Committee calendar.

Many Local 2 members are longtime residents of the Lower Polk/Nob Hill and Greater Tenderloin neighborhoods and many work in those neighborhoods, which comprise the heart of the City's recovering tourism industry. It is the densest neighborhood west of Manhattan, and working in partnership with the District 3 office, the community has recently supported the addition of 451 units of permanent supportive housing and a new 75 bed Navigation Center all within the same four block radius. We have been proud champions of solutions to homelessness, and have eagerly awaited the City's follow-through on its previous commitments to "geographic equity". Our office on Golden Gate Avenue was one of the lead organizers of the grassroots "Four Corner Friday" project, where community stakeholders worked together to address public safety issues and street conditions through positive activation and service coordination. In short, we've been at the heart of proactive and progressive policy organizing for many years.

The Mayor's proposal to fast-track a 250-318 bed facility within a block of the TAY Navigation Center and other permanent supportive housing facilities still struggling to get promised city investment is very concerning to our members. It's also concerning that the extremely challenging population proposed for the facility clearly needs specific support from a licensed public health and housing provider, of which the proposed grantee is not. Perhaps most concerning though is the lack of community process.

This is a diverse working-class community that deserves to have input into a plan that will have a dramatic impact on the fabric of the neighborhood. 75% of Local 2 members are

Dear Budget Chair and Supervisor Haney:

My name is Ian Bevilacqua and I am the President of the Lower Nob Hill Neighborhood Alliance. I have been a resident of San Francisco for 22 years and have lived on the 600 block of Post Street in Lower Nob Hill for the past 11 years. I am writing to you on behalf of the Lower Nob Hill Neighborhood Alliance to express our strong opposition to the proposed shelter at 711 Post Street, which would replace a recently closed youth hostel, and to urge you to vote against the proposal. For the following reasons, if adopted, this proposal would prove to be catastrophic for the residents, small businesses, and tourist hotels of our neighborhood.

(1) Our neighborhood has already done more than our share in combatting the homelessness crisis by supporting the recent addition of 451 units of permanent supportive housing and a 75-bed homeless shelter, all clustered within a small radius of our Lower Nob Hill working class neighborhood. Our longtime residents and small businesses championed solutions to a problem that has only gotten worse, as the City has failed repeatedly to deliver on its promises to ensure

the success of these programs.

(2) Adding another 250-bed “no rules” homeless shelter flies in the face of the City’s policy of geographic equity – Lower Nob Hill has shouldered its fair share and it is time for the City to make good on its promise that other neighborhoods receive a balance of the facilities currently in the pipeline.

(3) This huge “no-rules” homeless shelter is the wrong type of shelter for our neighborhood and for its residents – San Francisco’s most severely challenged homeless residents need to be permanently housed in small facilities, away from their drug dealers and abusers, with comprehensive on-site services provided by a licensed public health provider, not an unqualified nonprofit like Urban Alchemy.

(4) Finally, the City’s “community outreach” on this proposal has been a disgrace – announcing the proposal Thanksgiving weekend with a vote already scheduled for the Wednesday right after the holidays. If this were the Mayor’s neighborhood, or the Marina or Forest Hills, the neighborhood would never have been treated like this. We are renters, families, seniors, workers, teachers, and artists. We demand as a community to be respected and to be heard!

The City’s disinvestment and disregard for the neighborhood have dramatically impacted everyone, from parents walking their kids to school to seniors trying to attend medical appointments to wait staff afraid to go to work. The Mayor, the Department of Homelessness, the Department of Public Health, the Office of Economic & Workforce Development, and the Department of Public Works have all failed to deliver on their promises at previous community meetings to solicit our support that they would increase services and facilities. We were promised well-run professional supportive housing programs, adequate street cleaning, and community foot patrols. We were promised we’d be treated like a *real* neighborhood, with investment and City collaboration. Instead, we’ve watched the neighborhood deteriorate even further – for our housed and unhoused residents.

We know that you are seeking to represent Lower Nob Hill in the California Assembly. We are looking for a representative who understands our economically and socially diverse historically-significant neighborhood. We need a representative who will seek our input and collaborate with us to further the interests of the residents, workers, and merchants of Lower Nob Hill.

The Lower Nob Hill Neighborhood Alliance would welcome an immediate meeting or call with you to discuss this very important neighborhood issue. My mobile is 415.350.1447.

Sincerely,

Ian Bevilacqua

President, Lower Nob Hill Neighborhood Alliance

Dear Supervisors

Please vote against or vote to postpone the approval of the experimental, no rules shelter replacing the Youth Hostel at 711 Post Street. The neighbors are against the project. We only learned of the project two days before Thanksgiving. And you are voting on Wednesday January 5th! There is no notice posted on the building. Meetings were held so quickly few of us could organize to attend. But we are organizing. We are circulating a petition. We have created a neighborhood organization. Please give us the time to be heard!!!

Lower Nob Hill already is home to 526 units of supportive housing plus a 75 bed TAY shelter. We are doing our share. We are an area of historic apartment buildings and hotels that offer an affordable range of accommodations in our city that is often criticized for being outlandishly expensive. Please don't implode our community. Our streets are already unsafe and unclean.

And the shelter being proposed at 711 Post is the most difficult type for a community to host. We are told the guest population would change continually, only be in residence until a placement is determined. Guests would be recently released from incarceration, hospitalization and the most challenged people living on our streets. The group holding the lease for the shelter is Urban Alchemy. The Urban Alchemy representative told us that there are no restrictions. None limiting guests entrance and egress, none limiting their drug use. Guests will be asked to check their weapons at the door. Guests that wish to smoke or to walk are free to roam the neighborhood and the Tenderloin. This shelter is right between two struggling tourist hotels and across from small restaurants, some of which have just spent precious resources on building Parklets with outdoor seating. The shelter will be tragic for our struggling working class Lower Nob Hill community.

711 Post is being run under the auspicious of Urban Alchemy. Urban Alchemy is being awarded an 18 million plus no bid contract. Urban Alchemy has no experience that I could discern running a residential building, providing food service or the treatment vital to the urgent needs of its guests.

Please vote against the 711 Post Street project. It will harm our community. We have not had the time to organize our neighborhood response. 711 Post Street project will not benefit the guests, placing them in an unsupervised situation, close to the conditions that they are trying to escape, with no supportive programs or treatment. Giving Urban Alchemy over 18 million is suspect. Please vote against or vote to postpone the vote on this project.

Thank you

Micki Esken
