MEMORANDUM

Date: December 1, 2023
To: Members, Board of Supervisors
From: *ACB* Angela Calvillo, Clerk of the Board
Subject: Mayoral Nomination - Municipal Transportation Agency Board of Directors

On November 30, 2023, the Office of the Mayor submitted the following complete nomination package, pursuant to Charter, Section 8A.102. This nomination is subject to confirmation by the Board and not effective until the Board takes action.

Nomination to Municipal Transportation Agency Board of Directors:

- Janet Tarlov - term ending March 1, 2024

Pursuant to Board Rule 2.18.2, the Clerk of the Board shall refer the Motion for this matter to the Rules Committee and work with the Rules Committee Chair to schedule the hearing.

c: Supervisor Matt Dorsey- Rules Committee Chair
Alisa Somera - Legislative Deputy
Victor Young - Rules Clerk
Anne Pearson - Deputy City Attorney
Tom Paulino - Mayor's Legislative Liaison
Jesse Mainardi - Director of Appointments

Notice of Nomination

November 30, 2023

San Francisco Board of Supervisors
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Honorable Board of Supervisors,

Pursuant to Section 8A.102 of the Charter of the City and County of San Francisco, I make the following nomination:

Janet Tarlov, for appointment to the San Francisco Municipal Transportation Agency Board of Directors for the remainder of a four-year term ending on March 1, 2024. This seat was formerly held by Emanuel Yekutiel, who resigned.

I am confident that Ms. Tarlov will serve our community well. Attached are her qualifications to serve, which demonstrate how her appointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

I encourage your support and am pleased to advise you of this appointment nomination. Should you have any question about this nomination, please contact my Director of Boards and Commissions, Jesse Mainardi, at 415.554.6588.

Sincerely,

A handwritten signature in blue ink that reads "London Breed".

London N. Breed
Mayor, City and County of San Francisco

Detail the purpose of this contract is and what goods and/or services the contra:

This memorandum supports a Sole Source purchase from Kingsbury Incorporated. Holm Powerhouse (HPH) thrust and guide bearings were manufactured by Kingsbury Incorporated. Each Hetch Hetchy Water and Power (HHWP) powerhouse keeps a spare set of bearings on location for emergency replacement as the bearings are not a readily available part. In Fall of 2018 HPH spares were used to replace damaged bearings, leaving the powerhouse without a functional set of spares for the past 5 years. Without these emergency spares, the powerhouse is at great risk of an extended shutdown if failure of the operating set was to occur. It is critical that these spares are ready and available for operation with confidence that they will perform without failure. Kingsbury holds proprietary drawings of these specific bearings that contain critical dimensions not found elsewhere. Use of a different vendor would require measurement of an existing, non-damaged bearing surface to gather these dimensions. The uncertainty of where the measured bearing could lay in the OEM tolerance range coupled with the unknown level of wear to the measured surface itself makes this unacceptable to base rehabilitation on and compromises the precise nature of these hydrodynamic bearings. It is for the reasons listed above that this work must be done by the original manufacturer, Kingsbury. In the past, use of different vendors has previously resulted in defective re-pours and fretting from the factory. With the performance of the generators relying heavily on the proper function of these bearings, any defects are unacceptable and original design parameters must be maintained.

If you have made an effort to have the supplier comply, explain it here. If not,:

Several requests via telephone and email have been made to Kingsbury requesting completion of the compliance requirements. Kingsbury completed the actions to become a CCSF supplier, but was not willing to complete the compliance portion of the requirements. This is an urgent need, therefore waiting for Kingsbury to fulfill the requirements has become timely.

Detail the purpose of this contract is and what goods and/or services the contra:

The Juvenile Probation Department (JUV) hereby requests a waiver of the Administrative Code's 12B Equal Benefits Ordinance for BI Incorporated (Supplier 0000037943) for a Sole Source.

JUV's 12B waiver request is based on the following points:

- 1) JUV participants who are court-mandated to be in an electronic monitoring (EM) program must remain enrolled in the program without interruption;
- 3) Adult Probation's contract (Contract ID: 1000014113) with BI Incorporated for a similar scope was exempted from 12B requirements as outlined in CMD Waiver #10809 and CMD Waiver #9553 (attached for reference);
- 4) As allowed by SF Admin Code Chapter 21.16(c), JUV will formally piggy-back off of the results of RFQ#APD2022-01 to procure EM equipment from BI Incorporated (ADP's current contractor for EM); ADP's original solicitation and notice-of-award are attached for reference.

BI Incorporated shall provide an electronic monitoring solution to JUV that includes the following components: 1) vendor-provided equipment for the electronic monitoring of participants through Radio Frequency (RF) and satellite monitoring/remote tracking/GPS; 2) vendor-provided equipment for continuous transdermal alcohol monitoring of participants; 3) electronic monitoring dashboard; and 4) JUV staff tutorials on EM equipment installation and dashboard use. Note that contract drafting is in progress, and not yet finalized.

If you have made an effort to have the supplier comply, explain it here. If not,:

No compliant source for electronic monitoring solution that includes required supplier-provided equipment, software, and staff training for electronic radio frequency/GPS monitoring and continuous transdermal alcohol monitoring of participants.

8A.102(b)?:

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

Vendor has submitted a 12B declaration, but did not complete the compliance process.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

Detail the purpose of this contract is and what goods and/or services the contra:

(a) VYAIRE MEDICAL 211 INC (b) To purchase Vyair Medical accessories for Vyair Medical laptop/medical device. (c) This purchase is through group purchasing 21A via vizient for DPH thereby VYAIRE MEDICAL 211 INC is a preselected vendor.

If you have made an effort to have the supplier comply, explain it here. If not,:

Vendor has submitted a 12B declaration, but did not complete the compliance process. While they are attempting to be compliant or determined to be found unable to comply, we are seeking a waiver in the interim so Laguna Honda Hospital can purchase Vyair Medical accessories for Vyair Medical laptop/medical device.

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

Vendor has submitted a 12B declaration, but did not complete the compliance process.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

12B.5-1(d)(2) (Bulk Purchasing) Question6:

Yes

Detail the purpose of this contract is and what goods and/or services the contra:

*****Please note this waiver is the exact same as CMD 12B Waiver Request: CMD12B0003044 except the Supplier ID has changed. The supplier was unable to access their original supplier account and were required by the Supplier Management team to create a new one, therefore we are modifying the waiver to tie it to the correct Supplier ID. *****

- a) Supplier Name: Global Equipment Company
- b) This agreement is for the purchase of industrial supplies and equipment designed to meet the needs of City's agencies. 1 of 5 Industrial Supplies contracts, 4 of which are pursuant to Sourcewell RFP # 091422 and one of which is pursuant to Omnia RFP # 21-14.
- c) This request is being pursued in accordance with Admin Code Sec. 12B.5-1(d)(2) "Bulk Purchasing". The contract was awarded through a cooperative agreement issued by Omnia Partners. The original terms in the cooperative agreement do not require equal benefits to be awarded said contract, therefore conflicting with the City's 12B requirements. The supplier would be a new contractor for the City, and allowing them to work with us will provide more options to ensure a wide range of products and the resulting prices and discounts represent purchasing power/economies of scale that should be considered more competitive than any pricing/discount that the City could obtain on its own.

If you have made an effort to have the supplier comply, explain it here. If not,:

In September 2023, the Office of Contract Administration (OCA) instructed and engaged the supplier to contact CMD Equal Benefits and initiate 12B compliance efforts. The Supplier has been working with the Supplier Portal help desk to get access to their account and have not been able to start the 12B process yet. However, due to the time-sensitive nature of this contracting need by the City's departments, as well as the Admin Code provision for bulk purchasing arrangements through State entities (Admin Code Sec. 12B.5-1(d)(2) "Bulk Purchasing"), OCA is requesting CMD's consideration for this 12B waiver request.

12B.5-1(d)(2) (Bulk Purchasing)

Select OCA Solicitation Waiver: OCAWVR0008682

Has MTA qualified agreement as Bulk
Purchasing under Charter Sec.
8A.102(b)?:

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code 21.16(b), "the Purchaser may utilize the competitive procurement process of any other public agency or non-profit made up of multiple public agencies to make purchases of Commodities or Services for the use of the City under the terms established in that agency's competitive procurement process and as agreed upon by the City and the procuring agency, upon making a determination that (i) the other agency's procurement process was competitive or the result of a sole source award, and (ii) the use of the other agency's procurement would be in the City's best interests."

This is 1 of 5 Industrial Supplies contracts, 4 of which are pursuant to Sourcewell RFP # 091422 and one of which is pursuant to Omnia RFP # 21-14. This contract will accompany the four other 21.16 agreements, which will allow the City access to a wide range of products and discounted prices, which might not be available if the City procured these services on its own.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

As part of the solicitation process, price and depth of products offered were evaluated. The Supplier was the highest ranked for the Omnia Partners' cooperative agreement for Warehousing, Material Handling, and Production Support., which means their overall proposal was highly favorable. The Office of Contract Administration (OCA) also made the decision to enter into contracts with the top five ranked companies from the Sourcewell solicitation. However, the company ranked #2 did not respond, so only four of the top five companies will receive a contract. This proposed contract will allow for City departments to "shop around" our industrial supplies contracts to find exactly what they need at the best price.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

OCA would like to add more options for departments to purchase industrial supplies and expand our pool of potential suppliers. This will ensure greater competition and reduced costs to City, while also giving departments more freedom to work with different suppliers that suit their individual needs.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

The supplier was awarded through the Omnia Partners' cooperative agreement. 12B compliance was not a requirement. However, the Supplier intends to work with CMD on their compliance once they gain access to their Supplier profile.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The Supplier intends to work on becoming 12B compliant, however, this contract is time sensitive and OCA cannot wait for this process to be completed.

12B.5-1(d)(2) (Bulk Purchasing) Question6:

Yes.

12B.5-1(d)(3) (Sham Entity)

12B.5-1(d)(3) (Sham Entity) Question1:

12B.5-1(d)(3) (Sham Entity) Question2:

Detail the purpose of this contract is and what goods and/or services the contra:

HHWP requires the service for weather updates and emergency broadcasting in compliance with WECC/NERC regulations for the operations of all power houses within the City and County of San Francisco. Due to the remote locations, reception is spotty or non-existent requiring the need for satellite broadcasting which is more dependable than airwaves. The assets of our power houses and dams are at high wildfire risk locations which require constant monitoring of these facilities by the Powerhouse Operators that are responsible for dispatching emergency response.

If you have made an effort to have the supplier comply, explain it here. If not,:

Multiple attempts have been made with no reply.

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

Vendor has submitted a 12B declaration, but did not complete the compliance process.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

GRANT AMENDMENT LETTER**

City and County San Francisco Department of Emergency Management
Corinne Bartshire
711 Van Ness Ave.
#420
San Francisco, CA 94102 - 6027
Re: Amendment #: EMF-2023-CA-00003-A03

Dear Corinne Bartshire,

The amendment to change the award information for Fiscal Year (FY) 2023 Regional Catastrophic Preparedness Grant Program (RCPGP) - Region 9 (Award #: EMF-2023-CA-00003-S01) has been approved on 11/17/2023. The changes to the award information are listed below.

Budget Change:

Budget Class	Previous Amount	Adjusted Amount
Personnel	\$311,719.50	\$144,753.00
Fringe Benefits	\$93,516.00	\$43,426.00
Travel	\$4,195.50	\$8,391.00
Equipment	\$0.00	\$0.00
Supplies	\$500.00	\$1,000.00
Contractual	\$1,082,569.00	\$1,287,430.00
Construction	\$0.00	\$0.00
Indirect Charges	\$0.00	\$0.00
Other	\$7,500.00	\$15,000.00
Total	\$1,500,000.00	\$1,500,000.00

Please allow 2-3 business days for this information to be reflected in the Payment and Reporting System (PARS).

Terms and Conditions Change:

The following Term and Condition has been removed from your award:

Funding Hold: Detailed Cost Breakdown & Justification Required

Due to the limited availability of funds, FEMA has awarded an overall award amount that is less than requested in the application cost breakdown and justifications. As such, FEMA placed a funding hold on this award, and \$ 1,500,000.00 is on hold in the FEMA financial systems. The City and County of San Francisco Department of Emergency Management is prohibited from obligating, expending, or drawing down the federal funds associated with this award.

To release the funding hold, the recipient must provide a detailed cost breakdown and justification for the revised grant award. FEMA will rescind the funding hold upon its review and approval of the detailed cost breakdown justification.

If you believe this funding hold was placed in error, please contact the relevant Preparedness Officer or Grants Management Specialist.

The award information contained in this amendment supersedes award information listed in previous award packages and amendments. If you have any questions or concerns regarding your grant funds, please call 1-866-927-5646.

HEATHER THACH
Grants Specialist

PROGRAM: Regional Catastrophic Preparedness Grant Program

SOLICITATION NAME: Fiscal Year (FY) 2023 Regional Catastrophic Preparedness Grant Program (RCPGP) - Region 9

SOLICITATION YEAR: 2023

SOLICITATION DESCRIPTION: The FY 2023 Regional Catastrophic Preparedness Grant Program (RCPGP), as appropriated by the Department of Homeland Security Appropriations Act, 2023 (Pub. L. No. 117-328), provides funding to close known capability gaps, encourages innovative regional solutions to issues related to catastrophic incidents, and builds on existing regional preparedness efforts. The purpose of the RCPGP is to build regional capacity to manage catastrophic incidents by improving and expanding collaboration for catastrophic incident preparedness. The National Response Framework (4th edition or superseding edition) defines a catastrophic incident as any natural or human-caused incident, including terrorism, that results in extraordinary levels of mass casualties, damage, or disruption severely affecting the population, infrastructure, environment, economy, national morale, or government functions. Effective prevention, protection, mitigation, response, and recovery activities require a cohesive regional approach to catastrophic planning. The FY 2023 RCPGP also complements the 2022-2026 FEMA Strategic Plan which outlines a bold vision and three

ambitious goals designed to address key challenges the agency faces during a pivotal moment in the field of emergency management. Wide-ranging and long-term, the goals defined in the plan respond to the changing landscape in which we find ourselves. The goals to meet this challenge are: Goal 1 - Promote and Instill Equity as a Foundation of Emergency Management; Goal 2 - Lead Whole of Community in Climate Resilience; and Goal 3 - Promote and Sustain a Ready FEMA and Prepared Nation. In support of the above goals, the strategic priorities for the FY 2023 RCPGP are equity, climate resilience, and readiness. The FY 2023 RCPGP will promote and instill the goal of equity by helping members of particularly disadvantaged groups who might be at special risk as a result of current hazards, including those associated with climate change. By addressing the needs of underserved, at-risk communities, the FY 2023 RCPGP aims to ensure consistent and systematic fair, just, and impartial treatment of all individuals before, during, and after a disaster.

Certain assurances in these documents may not be applicable to your program, and the DHS financial assistance office (DHS FAO) may require applicants to certify additional assurances. Applicants are required to fill out the assurances as instructed by the awarding agency.

II. DHS financial assistance recipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2, Code of Federal Regulations (C.F.R.) Part 200 and adopted by DHS at 2 C.F.R. Part 3002.

III. By accepting this agreement, recipients, and their executives, as defined in 2 C.F.R. section 170.315, certify that their policies are in accordance with OMB's guidance located at 2 C.F.R. Part 200, all applicable federal laws, and relevant Executive guidance.

Article II - General Acknowledgements and Assurances

All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff.

I. Recipients must cooperate with any DHS compliance reviews or compliance investigations conducted by DHS.

II. Recipients must give DHS access to examine and copy records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities or personnel.

III. Recipients must submit timely, complete, and accurate reports to the appropriate DHS officials and maintain appropriate backup documentation to support the reports.

IV. Recipients must comply with all other special reporting, data collection, and evaluation requirements, as prescribed by law, or detailed in program guidance.

V. Recipients (as defined in 2 C.F.R. Part 200 and including recipients acting as pass-through entities) of federal financial assistance from DHS or one of its awarding component agencies must complete the DHS Civil Rights Evaluation Tool within thirty (30) days of receipt of the Notice of Award for the first award under which this term applies. Recipients of multiple awards of DHS financial assistance should only submit one completed tool for their organization, not per award. After the initial submission, recipients are required to complete the tool once every two (2) years if they have an active award, not every time an award is made. Recipients should submit the completed tool, including supporting materials, to CivilRightsEvaluation@hq.dhs.gov. This tool clarifies the civil rights obligations and related reporting requirements contained in the DHS Standard Terms and Conditions. Subrecipients are not required to complete and submit this tool to DHS. The evaluation tool can be found at <https://www.dhs.gov/publication/dhs-civil-rights-evaluation-tool>. DHS Civil Rights Evaluation Tool | Homeland Security

The DHS Office for Civil Rights and Civil Liberties will consider, in its discretion, granting an extension if the recipient identifies steps and a timeline for completing the tool. Recipients should request extensions by emailing the request to CivilRightsEvaluation@hq.dhs.gov prior to expiration of the 30-day deadline.

Article III - Acknowledgement of Federal Funding from DHS

Recipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposal, bid invitations, and other documents describing projects or programs funded in whole or in part with federal funds.

Article IV - Activities Conducted Abroad

Recipients must ensure that project activities performed outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.

Article V - Age Discrimination Act of 1975

Recipients must comply with the requirements of the Age Discrimination Act of 1975, Public Law 94-135 (1975) (codified as amended at Title 42, U.S. Code, section 6101 et seq.), which prohibits discrimination on the basis of age in any program or activity receiving federal financial assistance.

Article VI - Americans with Disabilities Act of 1990

Recipients must comply with the requirements of Titles I, II, and III of the Americans with Disabilities Act, Pub. L. 101-336 (1990) (codified as amended at 42 U.S.C. sections 12101-12213), which prohibits recipients from discriminating on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities.

Article VII - Best Practices for Collection and Use of Personally Identifiable Information

Recipients who collect personally identifiable information (PII) are required to have a publicly available privacy policy that describes standards on the usage and maintenance of the PII they collect. DHS defines PII as any information that permits the identity of an individual to be directly or indirectly inferred, including any information that is linked or linkable to that individual. Recipients may also find the DHS Privacy Impact Assessments: Privacy Guidance and Privacy Template as useful resources respectively.

Article VIII - Civil Rights Act of 1964 - Title VI

Recipients must comply with the requirements of Title VI of the Civil Rights Act of 1964 (codified as amended at 42 U.S.C. section 2000d et seq.), which provides that no person in the United States will, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. DHS implementing regulations for the Act are found at 6 C.F.R. Part 21 and 44 C.F.R. Part 7.

Article IX - Civil Rights Act of 1968

Recipients must comply with Title VIII of the Civil Rights Act of 1968, Pub. L. 90-284, as amended through Pub. L. 113-4, which prohibits recipients from discriminating in the sale, rental, financing, and advertising of dwellings, or in the provision of services in connection therewith, on the basis of race, color, national origin, religion, disability, familial status, and sex (see 42 U.S.C. section 3601 et seq.), as implemented by the U.S. Department of Housing and Urban Development at 24 C.F.R. Part 100. The prohibition on disability discrimination includes the requirement that new multifamily housing with four or more dwelling units-i.e., the public and common use areas and individual apartment units (all units in buildings with elevators and ground-floor units in buildings without elevators)-be designed and constructed with certain accessible features. (See 24 C.F.R. Part 100, Subpart D.)

Article X - Copyright

Recipients must affix the applicable copyright notices of 17 U.S.C. sections 401 or 402 and an acknowledgement of U.S. Government sponsorship (including the award number) to any work first produced under federal financial assistance awards.

Article XI - Debarment and Suspension

Recipients are subject to the non-procurement debarment and suspension regulations implementing Executive Orders (E.O.) 12549 and 12689, which are at 2 C.F.R. Part 180 as adopted by DHS at 2 C.F.R. Part 3002. These regulations restrict federal financial assistance awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs or activities.

Article XII - Drug-Free Workplace Regulations

Recipients must comply with drug-free workplace requirements in Subpart B (or Subpart C, if the recipient is an individual) of 2 C.F.R. Part 3001, which adopts the Government-wide implementation (2 C.F.R. Part 182) of Sec. 5152-5158 of the Drug-Free Workplace Act of 1988 (41 U.S.C. sections 8101-8106).

Article XIII - Duplication of Benefits

Any cost allocable to a particular federal financial assistance award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other federal financial assistance awards to overcome fund deficiencies; to avoid restrictions imposed by federal statutes, regulations, or federal financial assistance award terms and conditions; or for other reasons. However, these prohibitions would not preclude recipients from shifting costs that are allowable under two or more awards in accordance with existing federal statutes, regulations, or the federal financial assistance award terms and conditions may not be charged to other federal financial assistance awards to overcome fund deficiencies; to avoid restrictions imposed by federal statutes, regulations, or federal financial assistance award terms and conditions; or for other reasons.

Article XIV - Education Amendments of 1972 (Equal Opportunity in Education Act) - Title IX

Recipients must comply with the requirements of Title IX of the Education Amendments of 1972, Pub. L. 92-318 (1972) (codified as amended at 20 U.S.C. section 1681 et seq.), which provide that no person in the United States will, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal financial assistance. DHS implementing regulations are codified at 6 C.F.R. Part 17 and 44 C.F.R. Part 19.

Article XV - E.O. 14074 - Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety

Recipient State, Tribal, local, or territorial law enforcement agencies must comply with the requirements of section 12(c) of E.O. 14074. Recipient State, Tribal, local, or territorial law enforcement agencies are also encouraged to adopt and enforce policies consistent with E.O. 14074 to support safe and effective policing.

Article XVI - Energy Policy and Conservation Act

Recipients must comply with the requirements of the Energy Policy and Conservation Act, Pub. L. 94- 163 (1975) (codified as amended at 42 U.S.C. section 6201 et seq.), which contain policies relating to energy efficiency that are defined in the state energy conservation plan issued in compliance with this Act.

Article XVII - False Claims Act and Program Fraud Civil Remedies

Recipients must comply with the requirements of the False Claims Act, 31 U.S.C. sections 3729- 3733, which prohibit the submission of false or fraudulent claims for payment to the Federal Government. (See 31 U.S.C. sections 3801-3812, which details the administrative remedies for false claims and statements made.)

Article XVIII - Federal Debt Status

All recipients are required to be non-delinquent in their repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowances, and benefit overpayments. (See OMB Circular A-129.)

Article XIX - Federal Leadership on Reducing Text Messaging while Driving

Recipients are encouraged to adopt and enforce policies that ban text messaging while driving as described in E.O. 13513, including conducting initiatives described in Section 3(a) of the Order when on official government business or when performing any work for or on behalf of the Federal Government.

Article XX - Fly America Act of 1974

Recipients must comply with Preference for U.S. Flag Air Carriers (air carriers holding certificates under 49 U.S.C.) for international air transportation of people and property to the extent that such service is available, in accordance with the International Air Transportation Fair Competitive Practices Act of 1974, 49 U.S.C. section 40118, and the interpretative guidelines issued by the Comptroller General of the United States in the March 31, 1981, amendment to Comptroller General Decision B-138942.

Article XXI - Hotel and Motel Fire Safety Act of 1990

Recipients must ensure that all conference, meeting, convention, or training space funded in whole or in part with federal funds complies with the fire prevention and control guidelines of Section 6 of the Hotel and Motel Fire Safety Act of 1990, 15 U.S.C. section 2225a.

Article XXII - John S. McCain National Defense Authorization Act of Fiscal Year 2019

Recipients, subrecipients, and their contractors and subcontractors are subject to the prohibitions described in section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232 (2018) and 2 C.F.R. sections 200.216, 200.327, 200.471, and Appendix II to 2 C.F.R. Part 200. Beginning August 13, 2020, the statute - as it applies to DHS recipients, subrecipients, and their contractors and subcontractors - prohibits obligating or expending federal award funds on certain telecommunications and video surveillance products and contracting with certain entities for national security reasons.

Article XXIII - Limited English Proficiency (Civil Rights Act of 1964 - Title VI)

Recipients must comply with Title VI of the Civil Rights Act of 1964, (42 U.S.C. section 2000d et seq.) prohibition against discrimination on the basis of national origin, which requires that recipients of federal financial assistance take reasonable steps to provide meaningful access to persons with limited English proficiency (LEP) to their programs and services. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance: <https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited> and additional resources on <http://www.lep.gov>.

Article XXIV - Lobbying Prohibitions

Recipients must comply with 31 U.S.C. section 1352, which provides that none of the funds provided under a federal financial assistance award may be expended by the recipient to pay any person to influence, or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any federal action related to a federal award or contract, including any extension, continuation, renewal, amendment, or modification.

Article XXV - National Environmental Policy Act

Recipients must comply with the requirements of the National Environmental Policy Act of 1969, (NEPA) Pub. L. 91-190 (1970) (codified as amended at 42 U.S.C. section 4321 et seq.) and the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA, which require recipients to use all practicable means within their authority, and consistent with other essential considerations of national policy, to create and maintain conditions under which people and nature can exist in productive harmony and fulfill the social, economic, and other needs of present and future generations of Americans.

Article XXVI - Nondiscrimination in Matters Pertaining to Faith-Based Organizations

It is DHS policy to ensure the equal treatment of faith-based organizations in social service programs administered or supported by DHS or its component agencies, enabling those organizations to participate in providing important social services to beneficiaries. Recipients must comply with the equal treatment policies and requirements contained in 6 C.F.R. Part 19 and other applicable statutes, regulations, and guidance governing the participations of faith-based organizations in individual DHS programs.

Article XXVII - Non-Supplanting Requirement

Recipients receiving federal financial assistance awards made under programs that prohibit supplanting by law must ensure that federal funds do not replace (supplant) funds that have been budgeted for the same purpose through non-federal sources.

Article XXVIII - Notice of Funding Opportunity Requirements

All the instructions, guidance, limitations, and other conditions set forth in the Notice of Funding Opportunity (NOFO) for this program are incorporated here by reference in the award terms and conditions. All recipients must comply with any such requirements set forth in the program NOFO.

Article XXIX - Patents and Intellectual Property Rights

Recipients are subject to the Bayh-Dole Act, 35 U.S.C. section 200 et seq, unless otherwise provided by law. Recipients are subject to the specific requirements governing the development, reporting, and disposition of rights to inventions and patents resulting from federal financial assistance awards located at 37 C.F.R. Part 401 and the standard patent rights clause located at 37 C.F.R. section 401.14.

Article XXX - Procurement of Recovered Materials

States, political subdivisions of states, and their contractors must comply with Section 6002 of the Solid Waste Disposal Act, Pub. L. 89-272 (1965), (codified as amended by the Resource Conservation and Recovery Act, 42 U.S.C. section 6962.) The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition.

Article XXXI - Rehabilitation Act of 1973

Recipients must comply with the requirements of Section 504 of the Rehabilitation Act of 1973, Pub. L. 93-112 (1973) (codified as amended at 29 U.S.C. section 794), which provides that no otherwise qualified handicapped individuals in the United States will, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Article XXXII - Reporting of Matters Related to Recipient Integrity and Performance

General Reporting Requirements:

If the total value of any currently active grants, cooperative agreements, and procurement contracts from all federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this federal award, then the

recipients must comply with the requirements set forth in the government-wide Award Term and Condition for Recipient Integrity and Performance Matters located at 2 C.F.R. Part 200, Appendix XII, the full text of which is incorporated here by reference in the award terms and conditions.

Article XXXIII - Reporting Subawards and Executive Compensation

Reporting of first tier subawards:

Recipients are required to comply with the requirements set forth in the government-wide award term on Reporting Subawards and Executive Compensation located at 2 C.F.R. Part 170, Appendix A, the full text of which is incorporated here by reference in the award terms and conditions.

Article XXXIV - Required Use of American Iron, Steel, Manufactured Products, and Construction Materials

Recipients must comply with the "Build America, Buy America" provisions of the Infrastructure Investment and Jobs Act and E.O. 14005. Recipients of an award of Federal financial assistance from a program for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

(1) all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;

(2) all manufactured products used in the project are produced in the United States?this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and

(3) all construction materials are manufactured in the United States-this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

Waivers

When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. Information on the process for requesting a waiver from these requirements is on the website below.

(a) When the Federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that:

(1) applying the domestic content procurement preference would be inconsistent with the public interest;

(2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or

(3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office.

There may be instances where an award qualifies, in whole or in part, for an existing waiver described at "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov.

The awarding Component may provide specific instructions to Recipients of awards from infrastructure programs that are subject to the "Build America, Buy America" provisions. Recipients should refer to the Notice of Funding Opportunity for further information on the Buy America preference and waiver process.

Article XXXV - SAFECOM

Recipients receiving federal financial assistance awards made under programs that provide emergency communication equipment and its related activities must comply with the SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications.

Article XXXVI - Terrorist Financing

Recipients must comply with E.O. 13224 and U.S. laws that prohibit transactions with, and the provisions of resources and support to, individuals and organizations associated with terrorism. Recipients are legally responsible to ensure compliance with the Order and laws.

Article XXXVII - Trafficking Victims Protection Act of 2000 (TVPA)

Trafficking in Persons:

Recipients must comply with the requirements of the government-wide financial assistance award term which implements Section 106 (g) of the Trafficking Victims Protection Act of 2000 (TVPA), codified as amended at 22 U.S.C. section 7104. The award term is located at 2 C.F.R. section 175.15, the full text of which is incorporated here by reference.

Article XXXVIII - Universal Identifier and System of Award Management

Requirements for System for Award Management and Unique Entity Identifier Recipients are required to comply with the requirements set forth in the government-wide financial assistance award term regarding the System for Award Management and Universal Identifier Requirements located at 2 C.F.R. Part 25, Appendix A, the full text of which is incorporated here by reference.

Article XXXIX - USA PATRIOT Act of 2001

Recipients must comply with requirements of Section 817 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), which amends 18 U.S.C. sections 175? 175c.

Article XL - Use of DHS Seal, Logo and Flags

Recipients must obtain permission from their DHS FAO prior to using the DHS seal(s), logos, crests or reproductions of flags or likenesses of DHS agency officials, including use of the United States Coast Guard seal, logo, crests or reproductions of flags or likenesses of Coast Guard officials.

Article XLI - Whistleblower Protection Act

Recipients must comply with the statutory requirements for whistleblower protections (if applicable) at 10 U.S.C section 2409, 41 U.S.C. section 4712, and 10 U.S.C. section 2324, 41 U.S.C. sections 4304 and 4310.

Article XLII - Environmental Planning and Historic Preservation (EHP) Review

DHS/FEMA funded activities that may require an Environmental Planning and Historic Preservation (EHP) review are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state and local laws.

DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; National Historic Preservation Act of 1966, as amended; National Flood Insurance Program regulations; and any other applicable laws and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program and applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The EHP review process must be completed before funds are released to carry out the proposed project; otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies.

If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archaeological resources are discovered the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

Article XLIII - Applicability of DHS Standard Terms and Conditions to Tribes

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

Article XLIV - Acceptance of Post Award Changes

In the event FEMA determines that changes are necessary to the award document after an award has been made, including changes to period of performance or terms and conditions, recipients will be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate recipient acceptance of the changes to the award. Please call the FEMA/GMD Call Center at (866) 927-5646 or via e-mail to: ASK-GMD@fema.dhs.gov if you have any questions.

Article XLV - Disposition of Equipment Acquired Under the Federal Award

For purposes of original or replacement equipment acquired under this award by a non-state recipient or non-state sub-recipients, when that equipment is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, you must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313. State recipients and state sub-recipients must follow the disposition requirements in accordance with state laws and procedures.

Article XLVI - Prior Approval for Modification of Approved Budget

Before making any change to the FEMA approved budget for this award, you must request prior written approval from FEMA where required by 2 C.F.R. section 200.308.

For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(f) regarding the transfer of funds among direct cost categories, programs, functions, or activities. Therefore, for awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000), you may not transfer funds among direct cost categories, programs, functions, or activities without prior written approval from FEMA where the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the total budget FEMA last approved.

For purposes of awards that support both construction and non-construction work, FEMA is utilizing its discretion under 2 C.F.R. section 200.308(h)(5) to require the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work.

You must report any deviations from your FEMA approved budget in the first Federal Financial Report (SF-425) you submit following any budget deviation, regardless of whether the budget deviation requires prior written approval.

Article XLVII - Indirect Cost Rate

2 C.F.R. section 200.211(b)(15) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for this award is stated in the budget documents or other materials approved by FEMA and included in the award file.

Article XLVIII - DHS Standard Terms and Conditions Generally

The Fiscal Year (FY) 2023 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2023. These terms and conditions flow down to subrecipients unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations. All legislation and digital resources are referenced with no digital links. The FY 2023 DHS Standard Terms and Conditions will be housed on [dhs.gov](https://www.dhs.gov) at www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions.

Article XLIX - Summary of Award Description

The City and County of San Francisco Department of Emergency Management is awarded a total federal allocation in the amount of \$1,500,000.00 under the Fiscal Year 2023 Regional Catastrophic Preparedness Grant Program (RCPGP). The funding shall be used to execute the Equitable Community Resilience Phase 2 project as proposed in your FY2023 RCPGP

application, within the guidelines of the FY2023 RCPGP Notice of Funding Opportunities, and subject to any approved award amendments.

Article L - Performance Metrics

FEMA will measure the percent change in targeted capability gaps and percent improvement in the Housing, Community Resilience, and Long-Term Vulnerability Reduction core capabilities, as reported through the required THIRA/SPR covering the community. Baseline capability assessments will be taken from the calendar year 2022 THIRA/SPR data; end of the grant performance data will be drawn from the calendar year 2026 THIRA/SPR data.

Subject: Elections' response to resolution regarding names of candidates

Hello. Attached is the Department of Elections' response to Resolution No. 526-23, File No. 231119, regarding "Names of Candidates."

We will provide the hard copy to the Clerk of the Board's Office as well.

Please let me know if there are questions.

Thanks,
-John.

John Arntz, Director
San Francisco Department of Elections

Memorandum

To: Honorable Members, San Francisco Board of Supervisors
From: John Arntz, Director
Date: November 29, 2023
RE: Response to Resolution No. 526-23, File No. 231119, on Implementation of Assembly Bill No. 57 – Names of Candidates

This memorandum represents the report requested in "Resolution urging the San Francisco Department of Elections to report back on the implementation of Assembly Bill No. 57 (Low) for the 2024 elections," (Resolution No. 526-23, File No. 231119).

Since 1999, the Department of Elections (Department) has followed San Francisco Municipal Elections Code (MEC) Section 401 (Attachment 1) to print translated or transliterated names using Chinese characters on ballots for candidates who were not given a Chinese name at birth. In 2019, the State Legislature passed Assembly Bill 57, subsequently codified as California Elections Code (CAEC) Section 13211.7 (Attachment 2), to require all counties to print character-based names and transliterations on ballots.

MEC Section 401 does not state a specific timeframe during which candidates must demonstrate an "established use" of a name or transliteration that would appear on the ballot. CAEC Section 13211.7 specifies a two-year timeframe that candidates must substantiate that they "have been known and identified within the public sphere" by a particular name or transliteration.

The Department understands the Board's concerns regarding potential abuses of names and transliteration. After consulting with the City Attorney's Office, to resolve the ambiguity around the word "established" in MEC Section 401, the Department can adopt a policy that sets a reasonable standard requiring candidates to demonstrate their use of a name or transliteration for the preceding two years when filing nomination papers.

To fully resolve the ambiguities between MEC Section 401 and CAEC Section 13211.7, the Department will request the assistance of the City Attorney's Office to amend MEC Section 401 to bring to the Board for review so that the language more closely aligns with CAEC Section 13211.7

I will be glad to answer any questions or provide additional information on this matter.

SEC. 401. CANDIDATES' NAMES APPEARING IN CHINESE CHARACTERS.

(a) The names of candidates for local, state and federal office shall appear on all official ballots, including polling place ballots and absentee ballots, and all sample ballots in Chinese characters as well as in English or any other languages required by law or selected by the Director of Elections.

(b) For purposes of this Section:

(1) "Translation" shall mean the selection of Chinese characters to represent the parts of a Chinese name, or a name in any other language that traditionally is written using Chinese characters.

(2) "Transliteration" shall mean the selection of Chinese characters to represent the phonetic equivalent of the syllables of an English name, or a name in any other language that is not traditionally written using Chinese characters.

(c) The Director of Elections shall cause a translation or transliteration of the names of all candidates to be prepared by a qualified Chinese-language interpreter according to generally-accepted professional standards. A candidate may submit documentary evidence demonstrating established use of a particular translation or transliteration of his or her name to assist the interpreter, but the Director of Elections' decision to accept the translation or transliteration of a candidate's name submitted by the Department's interpreter shall be final. Translated or transliterated names accepted by the Director shall be available for public review for ten days, and the Director's decision may be challenged pursuant to California Elections Code Section 13313.

(Added by Ord. 233-99, File No. 991282, App. 8/20/99)

DIVISION 13. BALLOTS, SAMPLE BALLOTS, AND VOTER PAMPHLETS

13211.7.

(a) (1) In jurisdictions required to provide translated ballot materials pursuant to Section 203 of the federal Voting Rights Act of 1965 (52 U.S.C. Sec. 10503), as that section may be amended from time to time, any ballot that provides a translation of a candidate's name shall contain a phonetic transliteration of the candidate's name, except as provided in subdivision (b).

(2) This section applies only to character-based languages, including, but not limited to, Mandarin Chinese, Cantonese, Japanese, and Korean.

(3) If a candidate's name is to appear on the ballot in more than one jurisdiction in an election, all of those jurisdictions required to provide translated ballot materials pursuant to Section 203 of the federal Voting Rights Act of 1965 (52 U.S.C. Sec. 10503) shall use the same phonetic transliteration or character-based translation of the name.

(4) (A) In a jurisdiction in which separate ballots containing translations of the candidates' names are printed in different languages, both the alphabet-based names and the translations of the candidates' names, for candidates that have translated names, shall appear on the translated ballot.

(B) If a jurisdiction is unable to comply with subparagraph (A) due to limitations of its existing voting system, any new voting system purchased by the jurisdiction after July 1, 2020, shall be able to accommodate the requirements of subparagraph (A).

(b) If a candidate has a character-based name by birth, that can be verified by birth certificate or other valid identification, the candidate may use that name on the ballot instead of a phonetic transliteration. A candidate who does not have a character-based name by birth, but who identifies by a particular character-based name and can demonstrate to the local elections official that the candidate has been known and identified within the public sphere by that name over the past two years, may use that name instead of a phonetic transliteration.

(Added by Stats. 2019, Ch. 82, Sec. 1. (AB 57) Effective January 1, 2020.)

Subject: Mental Health SF Implementation Working Group - 2023 Progress Report

Good afternoon,

On behalf of the Mental Health San Francisco (MHSF) [Implementation Working Group \(IWG\)](#) and its Acting Chair, Sara Shortt, I am writing to share the attached **2023 IWG Progress Report**. This report was designed by IWG members. It provides an overview of the IWG and its activities in 2023, as well as areas of focus for 2024.

Thank you for your support of Mental Health SF.

Sincerely,

Valerie

Valerie Kirby, MPH

Special Projects and Planning Coordinator, BHS/MHSF

Mental Health SF Implementation Working Group

Progress Report

This progress report provides an update on the Implementation Working Group’s progress to inform and carry out MHSF.

The report is organized by:

- Background..... 1
- IWG Mandate..... 2
- IWP Progress..... 3
- Barriers and Challenges in 2023..... 4
- Goals for 2024..... 6

Background

On December 6, 2019, the San Francisco Board of Supervisors passed an [ordinance](#) (the Ordinance) amending the Administrative Code to establish Mental Health San Francisco (MHSF). This legislation is designed to increase access to mental health services and substance use treatment to adult San Francisco residents with serious mental illness and/or substance use disorders who are homeless, uninsured, or enrolled in Medi-Cal or Healthy San Francisco. The Ordinance established a MHSF Implementation Working Group (IWG) to advise on the design, implementation, outcomes, and effectiveness of MHSF. The COVID-19 pandemic delayed the start of the IWG’s engagement prior to December 2020. Starting in December 2020, the IWG has met monthly and dedicated substantial time during and between meetings to develop recommendations for all active MHSF domains. MHSF domains currently in implementation include:

1. Mental Health Service Center
2. Office of Coordinated Care
3. Street Crisis Response Team (SCRT)
4. Mental Health and Substance Use Treatment Expansion (also called New Beds and Facilities)

Initial IWG recommendations for each domain are found on the IWG website ([Resources](#)). This report summarizes the IWG’s progress since its December 2022 Implementation report (also available on the [IWG website](#)). SFPDH also develops an [annual MHSF Implementation Report](#), which is shared with the IWG for their review.

This progress report was developed by Harder+Company Community Research, in partnership with the IWG, through discussion groups and input during the September and October 2023 IWG meetings to ensure the content represents IWG’s current priorities.

In 2023, the IWG sought to shift its primary focus from reviewing specific MHSF projects to advising on the integration of MHSF with the continuum of care. This has been challenging due to membership and leadership vacancies and lack of consistent opportunity to advise DPH in advance of key decisions. There has been progress on advising related to bed optimization, program-specific resolutions, and mapping the system of care. Looking forward, the IWG believes that significant progress toward meeting its foundational opportunities requires a long-term view and dedicated focus.

“ The IWG shall have the power and duty to advise the Mental Health Board or any successor agency, the Health Commission, the Department of Public Health, the Mayor, and the Board of Supervisors, and may advise the San Francisco Health Authority, on the design, outcomes, and effectiveness of Mental Health SF.”

- MHSF ordinance

Implementation Working Group (IWG) Mandate and Coordination

The IWG has the “power and duty” to advise the Mental Health Board, the Health Commission, the Health Authority, the Department of Public Health (SFDPH; “the Department”), the Mayor, and the Board of Supervisors on the design, outcomes, and effectiveness of MHSF to ensure its successful implementation. The IWG has developed bylaws that govern its work (see [full bylaws here](#)). Duties include:

- Advise the Mental Health Board or any successor agency, the Health Commission, the Department of Public Health, the Mayor, and the Board of Supervisors on the design, outcomes, and effectiveness of Mental Health SF;
- Evaluate the effectiveness of MHSF in meeting the behavioral health and housing needs of eligible participants, by reviewing program data;
- Review and assess the Implementation Plan that the Department of Public Health is required to submit to the Mayor and the Board of Supervisors;
- Conduct a staffing analysis of both City and nonprofit mental health services providers to determine whether there are staffing shortages that impact the providers’ ability to provide effective and timely mental health services. This analysis is being conducted through the Controller’s Office in consultation with the IWG.
- Prepare proposals for how to reduce the scope of services provided by MHSF if the cost of those services is estimated to exceed \$150 million annually.

The IWG is supported by a City Planning Team (Figure 1) to manage meeting planning, the recommendation process, and to facilitate connections within and between SFDPH and other City teams. The City Planning team is critical in ensuring the appropriate subject matter experts and content are available during IWG meetings. This team is also responsible for recommendation feedback loops, where recommendations made by the IWG are routed to the appropriate teams within SFDPH, and IWG are kept abreast on the progress towards such recommendations.

The City Planning team includes a subcontractor, Harder+Company Community Research, that provides meeting preparation, facilitation, minute taking, and general implementation advising and support for both IWG members and SFDPH staff. In May, 2023, project management of the IWG transitioned from the Office of the Controller supporting project management on behalf of SFDPH, to the Department of Public Health. The Office of the Controller has not been directly involved in IWG business since April 30, 2023.

During the latter part of 2023, the full IWG more actively engaged in setting meeting agendas in collaboration with DPH. The City Planning Team meets weekly to plan upcoming meetings and discussion groups and respond to requests and meeting feedback from members. The Director of Behavioral Health Services and MHSF, Dr. Hillary Kunins, attends and presents at nearly all IWG meetings and provides feedback on planned agendas for upcoming meetings. Contacts from the Department of Homelessness and Supportive Housing, Human Services Agency, and the Office of City Attorney are available for consultation.

Figure 1: City Staff

Department	Name	Title
City Planning Team: planning and administrative/analytical support for IWG meetings		
SFDPH	Kelly Kirkpatrick	Director of Administration and Operations, MHSF
SFDPH	Valerie Kirby	Special Projects & Planning Coordinator, MHSF/BHS
Office of the Controller (through 4/30/23)	Mike Wylie	Project Manager, City Performance Unit
Office of the Controller (through 4/30/23)	Oksana Shcherba	Senior Analyst, City Performance Unit

IWG Progress

Since their launch in 2020, the IWG focused on providing initial recommendations for MHSF domains (see the [IWG website for the initial programmatic recommendations made in 2020-2022](#)). Since its last report, the IWG received updates on MHSF domain and system-wide activities, including (but not limited to):

- The Office of Coordinated Care and case management expansion
- Street Crisis Response Team
- Updates on New Beds and Facilities, including a site visit to SoMa RISE and bed optimization
- Staffing and Wages study being conducted by the Controller’s Office
- Update on the Prop C Budget
- Mapping activities, including the continuum of care for the MHSF population; MHSF and BHS funded service providers; treatment bed availability; and residential treatment program description and capacity.

The IWG also convened three discussion groups during 2023. Discussion groups are comprised of no more than six IWG members to work on MHSF related work in between meetings. The work of discussion groups is brought to the full IWG during their monthly public meetings for discussion. Topics included the Controller’s Office staffing and wages study, consulting on the design and implementation of community engagement related to mapping the continuum of care of the MHSF population, and IWG meeting optimization.

Shift of IWG Focus and Strategic Direction

In 2023, the IWG also sought to shift their focus from discrete domain and subdomain initial recommendations to how MHSF components can, in conjunction with other programs and services, improve the larger current continuum of care for the MHSF priority population. This shift recognized that while advising on the programmatic elements of MHSF is necessary, it is not sufficient to ensure the achievement of the broader ideals of

MHSF Ordinance to transform the system of care “to provide universal access to treatment for mental health and substance abuse disorders...”, and to better address the needs of priority populations intended to be served by MHSF (MHSF Ordinance, Section 15.104(b)(1)).

The IWG focused in on two, interrelated foundational opportunities to explore the foundation of needed change for systems that serve the MHSF population:

<p>Opportunity # 1. Focus on the system of care rather than discrete programs. The IWG worked to expand its focus from advising on discrete MHSF-related projects to focusing on ensuring that MHSF components are strategically placed in the larger system of care and meet the needs of the MHSF target population.</p>	<p>Opportunity # 2. Shift from responsive to strategic. The IWG has worked with SFDPH on process improvements to integrate IWG advising earlier in the strategic direction and vision of the work, to better inform recommendations.</p>
--	--

In preparation for this report, the IWG expressed that there has not been significant progress on either of two forementioned opportunities. However, they fully recognize that “significant progress” on changing a system as large as the mental health system will take years of dedication and intentional focus. Thus, the IWG identified “signals” of progress that show the direction of change is headed in the optimal direction. These signals include:

- The IWG adopted a resolution (Appendix A) urging SFDPH and other departments to notify the IWG in advance of proposing significant changes to MHSF programs or services if the change either

(a) alters the program or service such that it is different from how it is described in the MHSF Ordinance; or (b) alters the core components of a program or service as previously presented to the IWG.

- The IWG adopted a specific resolution (Appendix B) with four recommendations related to the Street Crisis Response Team's (SCRT) March 2023 reconfiguration shifting SCRT management from SFDPH to the Department of Emergency Management. They urged the City Team following. These resolutions included: 1) the SCRT teams include professionals on the vehicles with mental health training and experience needed to respond to crisis on the streets with a behavioral health and trauma informed approach; 2) the focus of SCRT continues to be intervening with people experiencing a substance use or mental health crisis on the street, with the goal of engaging them and having them enter into a system of treatment and coordinated care; (3) Departmental oversight of SCRT will include resumption of regular reports which include encounter data, demographic information, disposition and follow-up. This includes regular sharing of data, along with quarterly reports and discussion with the MHSF Implementation Working Group; and (4) an evaluation of SCRT is conducted annually and reported on to IWG and City stakeholders.
- The IWG provided substantial input, direction, and feedback on SFDPH efforts to map both the existing and SFDPH optimal continuum of care (i.e., illustrate how individuals access services, move through them and move between levels of care) SFDPH; They also provided useful feedback on mapping in advance of a hearing on the behavioral health system of care at the Board of Supervisors in September 2023.
- The IWG has advised the development of a community engagement process around the forementioned mapping work to understand provider and client experiences within the system of care. The community engagement work, underway and to be completed in early 2024, should help illustrate perceived gaps and identify improvements to the current system of care;
- The IWG has provided useful feedback to help the Department do more to center each MHSF component within the larger flow of individuals moving through the system of care and to better illustrate the relationship between component parts (including strengths and limitations of client flow through the system of care) when reporting updates to the IWG and other stakeholders. For example, the IWG has advised SFDPH to better connect the expansion of new beds and facilities to activities of the Office of Coordinated Care, street teams encounters, and existing behavioral health treatment and services. This is to ensure that while undertaking activities to expand beds, the City remains focused on the holistic experience of individuals seeking and receiving care.
- As MHSF implementation has progressed further, the IWG has been working closely with SFDPH to redesign IWG meetings to meet the IWG's desire for a more robust, upstream advisory role. This included restructuring IWG meetings to allow for greater opportunity for the IWG to raise topics of interest and have deeper conversations.
- The IWG has also identified and reached out to other 3rd party sources to understand the effectiveness of MHSF to enhance the overall understanding reported by SFDPH staff. This includes a site visit to SoMa RISE and meeting presentations by providers implementing MHSF programs and the San Francisco Fire Department.

Barriers and Challenges in 2023

The IWG recognizes the long arc of systems change, and these signals help to mark progress along the way. However, the IWG is also concerned about the slow pace of change, particularly given the acute needs of the MHSF priority population. They identified three fundamental barriers to their ability to make more significant progress.

Membership. The MHSF Ordinance created the IWG as a 13-member body – six appointed by the Mayor, six appointed by the Board of Supervisors, and one appointed by the City Attorney (Figure 2). While the group started with 13 members, selected from a pool of hundreds of interested applicants, the current membership is 9 members- one more than the mandated quorum for meetings. IWG members urge that vacant seats be filled to ensure a more robust representation of the community, as well as to ensure the ability to meet quorum every month. The June meeting was recessed and the July meeting was cancelled

due to lack of quorum. Additionally, the IWG is also currently without a Chair; a Vice Chair was elected partway through the year to serve as Acting Chair for the remainder of 2023.

The IWG has observed factors that may disincentivize qualified individuals from applying:

- As described above, the IWG seeks greater strategic, upstream involvement in decision-making in support of MHSF, to heighten its impact as an advisory body. Without this, it may be difficult to attract interested stakeholders as new members. Public participation in IWG meetings has also been limited.
- The IWG's advisory role over MHSF requires a significant investment of time and energy from members, which not all interested, potential applicants may have capacity to engage in. In addition to participating in monthly, four-hour meetings, members must invest a great deal of time familiarizing themselves deeply with MHSF and the behavioral health system of care. Advance preparation is needed before meetings to arrive familiar enough with recent MHSF updates to allow time for more robust discussion and feedback (a balance the IWG and SFDPH are actively working to meet in planning agendas and materials). Between regular IWG meetings, members often participate in discussion groups focused on specific topics. For all but two SFDPH-designated seats, these activities are not compensated.

Figure 2: IWG Membership, historic and current

Seat	Current Members	Past Members	Qualification	Appointed By
1	Amy Wong, AMFT	-	Healthcare worker advocate	BOS
2	Jameel Patterson	-	Lived experience	Mayor
3	Open	Phillip Jones (resigned March 2022)	Lived experience	BOS
4	James McGuigan (appointed May 2022)	Shon Buford (resigned April 2022)	Peace Officer, Emergency Medical Response, Firefighter (San Francisco Fire Department)	Mayor
5	Open	Vitka Eisen, MSW., EdD (resigned May 2023)	Treatment provider with mental health harm reduction experience (Health Right 360)	Mayor
6	Steve Fields, MPA	-	Treatment provider with mental health treatment and harm reduction experience (Progress Foundation)	BOS
7	Andrea Salinas, LMFT	-	Treatment Provider with experience working with criminal system involved patients	BOS
8	Open	Monique LeSarre, PsyD (Chair, resigned August 2023)	Behavioral health professional with expertise providing services to transitional age youth in SF (Rafiki Coalition)	BOS
9	Open	Dr. Scott Arai, MD (resigned April 2022)	Residential Treatment Program Management and Operations	Mayor
10	Ana Gonzalez, DO	-	SFDPH employee experience with treating persons diagnosed with both mental health and substance abuse (Behavioral Health, SFDPH)	Mayor
11	Sara Shortt, MSW (Vice Chair)	-	Supportive housing provider	BOS
12	Hali Hammer, MD	-	SFDPH employee with health systems or hospital administration experience (Primary Care Behavioral Health, SFDPH)	Mayor
13	Steve Lipton JD (appointed June 2022)	Kara Chien, JD (term ended June 2022)	Health law expertise	City Attorney

Shared understanding of the IWG's Scope. The MHSF Ordinance created the IWG with the power and duty to advise on the design, outcomes, and effectiveness of MHSF. In application, the scope and function of this advisory role has presented some challenges, especially as individual MHSF components moved further into implementation and integration with other programs and strategies within the larger behavioral health system of care and services. When the City needs to move quickly to respond to emerging issues or must act primarily in conjunction with other City departments and stakeholders, the IWG may not be provided the opportunity to review these actions before they occur. For example:

- IWG members reflect that SFDPH shifted the Mental Health and Substance Use Treatment Expansion MHSF domain from treatment to bed optimization. Members view this as a significant

change in orientation and strategic direction, without their advice. IWG members have since advised that, while a focus on bed optimization responds to critical access needs it does not, in their view, address the systemic need for a continuum of care from a bed to treatment and wellness.

- In the Spring of 2023, the City moved the Street Crisis Response Team, one of the five original domains of the MHSF ordinance, out of the Department of Public Health and reconfigured the makeup and roles of the SCRT teams. This reconfiguration was done without providing the IWG with advance notice or opportunity to advise upon the reconfiguration before it occurred. While the IWG's approval was not required, these actions raised tensions with the IWG's role and scope. The IWG issued the aforementioned resolutions (Appendix A & B) in response to these actions, urging the City to provide it the necessary time and means to perform its advisory role over any proposed, material changes to MHSF programs. The San Francisco Fire Department's Community Paramedicine has since provided updates on the SCRT since reconfiguration at the November IWG meeting and provided the IWG with an opportunity to advise.
- In the Fall of 2023, the local media reported on a location being considered for the Mental Health Service Center, another of the key MHSF domains. The City's practice is not to discuss active real estate negotiations, but in not doing so, IWG members did not receive advance notification of the location of the property under consideration and IWG members were left unprepared when colleagues and community members requested more information.

While the Ordinance does not require the Department to obtain the consent of the IWG before acting, the IWG is not able to perform its advisory function when it is not aware of what changes are being made to MHSF components. Additionally, as MHSF is integrated into the system of care, policy and strategy impacting the larger system of care has been viewed by the IWG as within their scope. The IWG has provided the City with valuable feedback on both points, which merit ongoing deliberation in the context of new activities and initiatives. The role and scope of the IWG is negotiated and clarified depending on the matter at hand.

SFDPH and the IWG have worked productively throughout this year to discuss the complexities of each of these scenarios and consider future improvements to strengthen the advisory capacity of this body.

Meeting Structure: The intensity of the IWG meeting schedule, structure, and presentations can be burdensome to members and may deter potential new members. Additionally, IWG members expressed increasing interest in presentations focused on the continuum of behavioral health care for the MHSF population, rather than focused, in-depth presentations on individual MHSF components. In lieu of agenda development with a Chair, members also requested greater opportunity to raise agenda items and preserve time for in-depth discussions on topics of their choosing.

A discussion group of IWG members and City Planning representatives met between meetings to refine monthly meetings. In October, they introduced a new meeting structure to pilot for the coming months. In lieu of in-depth presentations on specific MHSF components, the Department will present short updates on key monthly development for each MHSF component and prioritize greater time for discussion of questions and topics raised by the IWG. Where appropriate, in-depth presentations will still be given. Additionally, greater time will be allotted during meetings toward planning future agendas. The IWG and the City Planning team will review whether this revised approach better supports the IWG's advisory role following the pilot period.

Goals for 2024

In 2024, the IWG will continue to advise on the design, implementation, and effectiveness of MHSF programs. Additionally, the IWG has identified areas of focus for their work in 2024:

- 1) Advise DPH on how to describe and articulate the continuum of care for both clients and providers. This is inclusive of, but not limited to, the current mapping project. A particular area of interest is to develop a greater understanding of client flow after acute care to understand where individuals fall through the cracks and highlight what services are in place or are needed to successfully prevent relapse. This is of importance in considering high utilizers of MHSF services.
- 2) Advise DPH on communicating where and what providers and services are currently in place for the MHSF population. Consumers and providers of MHSF are the audiences for this goal. For consumers, the IWG would like to explore how to more effectively communicate MHSF services and supports for clients and their families self-navigating their care. For providers, better

communication of available services and supports will enhance referrals and linkages.

- 3) Request and review MHSF outcomes data. The IWG notes that more data is becoming available regarding MHSF. In 2024, the IWG intends to obtain and review more MHSF component and program data, especially outcomes measures (where available) to better assess the impact of these programs.
- 4) Explore the intersection between BHS and HSH. The IWG seeks to build greater insight into current workflows to housing placement and clinical needs to support housing retention of the MHSF priority population. This includes data sharing and developing deeper understanding of the roles, programs, and processes of both SFDPH and HSH in providing appropriate, supportive, and stable housing for this population.
- 5) Increase engagement with the community. The IWG is interested in hearing directly from consumers about gaps in services that need to be addressed. Engage with consumers, possibly existing client council, and community members (especially in priority communities/those more impacted by substance use and mental illness) to hear their impressions of our interventions/initiatives, what they believe is working and what isn't.
- 6) Continue to work collaboratively with DPH on creating mutually beneficial meetings that propel the work forward. Continue to build upon the "signals" of progress outlined in this report to strengthen membership, align understanding of the IWG's scope. In collaboration with DPH staff improve meeting productivity via data sharing as described in MHSF ordinance Section 2 (D) to meet the ordinance mandate of "Persons who are experiencing homelessness and who are diagnosed with a serious mental illness and/or substance use disorder shall have low-barrier, expedited access to treatment and prioritized access to all services provided by Mental health SF. This will also include integrating stories of success as opportunities to both celebrate and identify what programs are meeting MHSF objectives.

Appendix A: IWG Resolution – General Guidance

The IWG has the power and duty to advise the Department of Public Health, specified City agencies, and the Mayor and Board of Supervisors on the "design, outcomes, and effectiveness of Mental Health" as established by Section 15.104 of the Administrative Code. In order to fulfill its duties, the IWG needs to be informed of proposed changes to Mental Health SF programs and services.

Therefore, the IWG urges that the Department of Public Health and any other department proposing a change to a MHSF service or program notify the IWG for review and comment before its implementation if the proposed change either (a) alters the program or service such that it is different from how it is described in the MHSF Ordinance; or (b) alters the core components of a program or service as previously presented to the IWG. This resolution is not intended to apply to routine changes to a program or service that are not described in (a) or (b) above.

Appendix B: IWG Resolution – SCRT Reconfiguration

Whereas, the San Francisco Street Crisis Response Team (SCRT) was established as a requirement of the city's Mental Health San Francisco legislation [Section 15.104(g)(3) of Administrative Code: "Part Three: Coordinated Outreach Teams and the Establishment of the Crisis Response Street Team. (A) The Crisis Response Street Team shall be a city-wide crisis team led by the Department that operates 24 hours per day, 7 days per week, to intervene with people on the street who are experiencing a substance use or mental health crisis, with the goal of engaging them and having them enter into a system of treatment and coordinated care"];

Whereas, the Mental Health San Francisco Implementation Working Group (IWG) submitted significant recommendations for how to evaluate the SCRT teams, as well as gave input on the need for improvements on May 25, 2021, and received no response or invitation to discuss the feedback;

Whereas, SCRT has been consistently marketed to program participants, the public, city agencies, and funders as a "mental health crisis response" team consisting of trained mental health clinicians who use a

“behavioral health approach.”

Whereas, the decision was made to remove the licensed mental health clinicians from the SCRT vans with no request for input from the IWG, as learned in the SF Chronicle on February 19th, 2023;

Whereas, the IWG understands that the team has been transferred from the Department of Public Health to the Department of Emergency Management (DEM);

Whereas, the IWG understands that SCRT has been combined with another street team (SWRT) with an expressly different set of purposes and goals;

Whereas, no clear justification for these actions have been presented to the IWG, nor was an explanation, request for advice, or proper evaluation presented to the IWG before the changes were made;

Whereas, the IWG understands that SCRT vehicles dispatched to respond to behavioral health crisis calls currently have no personnel with advanced behavioral health training;

Whereas, people experiencing homelessness and mental health and/or substance use disorders tend to distrust institutional responses, for a variety of reasons including, but not limited to: past trauma, past abuse from police and other uniformed officers, symptoms of paranoia, a historical pattern of racism and abuse against their community;

Therefore, the IWG, in furtherance of its duty to advise the Department of Public Health, specified City agencies, the Mayor, and Board of Supervisors on the design and effectiveness of Mental Health SF, hereby recommends and urges the following:

1. The SCRT teams include professionals on the vehicles with mental health training and experience needed to respond to crisis on the streets with a behavioral health and trauma-informed approach;
2. The focus of SCRT continues to be intervening with people experiencing a substance use or mental health crisis on the street, with the goal of engaging them and having them enter into a system of treatment and coordinated care.
3. Departmental oversight of SCRT will include resumption of regular reports which include encounter data, demographic information, disposition and follow-up. This includes regular sharing of data, along with quarterly reports and discussion with the MHSF Implementation Working Group.
4. An evaluation of SCRT is conducted annually and reported on to IWG and City stakeholders.

San Francisco Board of Supervisors

From: Eric Shaw, Director, MOHCD

CC: Clerk of the Board of Supervisors

**Re: Q1, Q2 & Q3 of CY 2023 Reporting on City-Funded 100% Affordable Housing Projects
(Ordinance 216-18; File #180547)**

To the Honorable Mayor Breed and Members of the Board of Supervisors,

Enclosed please find the quarterly report on MOHCD's 100% affordable housing projects, as required by City Ordinance 216-18 and as part of OEWD's Executive Directive 17-02, covering Quarters 1, 2 and 3 (Q1, Q2, and Q3) of Calendar Year (CY) 2023, the period from January 1, 2023, through September 30, 2023.

The report includes three documents:

1. Financing updates that detail the funding sources for recently completed affordable developments, projects under construction, and in the pre-development/planning stage. Financing updates reflect progress made during the reporting periods.
2. Permitting updates includes information about the permitting status of affordable projects that are completed and leasing, under construction, and in the pre-development/planning stage. Permitting updates reflect progress made during the reporting periods.
3. The Allocations Tool is a point-in-time snapshot as of October 1, 2023—the cutoff date for this report's timeframe—for MOHCD's funding projections for Fiscal Years 2023-24, 2024-25, and 2025-26. The amounts shown in this tool may not reflect the final amounts per each funding source, and this document is continually updated as funding sources, project costs, and project schedules change.

This report refines and updates fields that were added or changed in the Q4 CY 2022 report in response to the issuance of the Budget and Legislative Analyst (BLA)'s report, titled "Performance Audit of Affordable Housing Financing," released on April 4, 2023. In collecting and confirming the

data presented in the Q4 CY 2022 report, staff streamlined the reporting process to ensure the quarterly reports align with other data and compliance metrics, such as those used to maintain the 100% Affordable Housing Pipeline and Portfolio dashboards with DataSF and available fields in DAHLIA.

We are happy to report that the Housing Development team has filled all vacancies for project and asset management positions. This team is fully staffed for the first time since before the COVID-19 pandemic. Looking forward, MOHCD's Housing Development team and Data Evaluation and Compliance team are working to incorporate specific fields into existing online databases, as this information is currently gathered and updated manually. This will result in a more efficient and responsive reporting process by centralizing affordable housing data.

The following information was provided in the Q4 2022 report and is duplicated below for your reference. As referenced in Administrative Code Section 109.3, this report is required and has been updated to include:

- (a) a list of every 100% Affordable Housing Project that has applied for approval, permit, or other City authorization from the Department of Building Inspection, Public Works, Fire Department, Mayor's Office on Disability, or Planning Department;*
- (b) information regarding the financing and financing-related deadlines for each 100% Affordable Housing Project;*
- (c) any approval, permit or other City authorization each 100% Affordable Housing Project is waiting to receive from the department or office; and*
- (d) the date of any application and current status of each pending approval, permit or other City authorization for each 100% Affordable Housing Project.*

If you have questions regarding this report, please contact Sheila Nickolopoulos, Director of Policy and Legislative Affairs for MOHCD, at sheila.nickolopoulos@sfgov.org.

Thank you,

Eric Shaw
Director, Mayor's Office of Housing and Community Development
Interim Director, HOPE SF
San Francisco Mayor London N. Breed

TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 203, 205, 355, 1050, 1526, 1530, 1580, 1581, 1583, 1587, 1745, 1764, 1765, 3003.1, 3004.5, 3039, 4001, 4004, 4150 and 10504 of the Fish and Game Code and to implement, interpret or make specific sections 355, 711, 713, 1050, 1055.3, 1301, 1526, 1528, 1530, 1580, 1581, 1582, 1583, 1584, 1585, 1745, 1761, 1764, 1765, 1907, 2006 and 10504 of the Fish and Game Code, sections 5003 and 5010 of the Public Resources Code, and sections 25455, 26150 and 26155 of the Penal Code, proposes to add Section 540 and amend sections 550, 551 and 630, Title 14, California Code of Regulations, relating to California Department of Fish and Wildlife (Department) lands.

Informative Digest/Policy Statement Overview

Note: All section references in this document are to Title 14, California Code of Regulations (CCR), unless otherwise indicated.

Current regulations in sections 550, 551, and 630 provide the regulatory framework for the public use of lands owned, managed and/or administered by the Department, including wildlife areas and ecological reserves.

The proposed regulation changes would:

- Improve the clarity and consistency of the regulations that govern public use of lands owned and/or managed by the Department (Section 550).
- Designate land the Department has recently acquired, one as a wildlife area and one as an ecological reserve (subsections 551(b) and 630(b) respectively).
- Make site-specific regulation changes for certain properties to improve public safety, increase recreational opportunities, provide resource protection, and manage staff resources (subsections 551(i) through (z) and 630(d) through (h)).
- Add new Section 540 to prohibit use of neonicotinoid pesticides on Department lands.

The principal purposes of Department managed lands are to conserve wildlife and its associated habitats and to allow for compatible recreation. The primary uses of wildlife areas include hunting, fishing, wildlife viewing, photography, environmental education, and research. The primary purposes of ecological reserves are to conserve threatened or endangered plants and/or animals and/or specialized habitat types, provide opportunities for the public to observe native plants and wildlife, and provide opportunities for environmental research. Recreation on ecological reserves must be compatible with the conservation of the property's biological resources.

The proposed regulations package includes the following changes:

- Add Section 540: Neonicotinoid use is prohibited on Department lands.
 - Prohibit the use of neonicotinoid pesticides.

- Amend Section 550: General Regulations for Public Use on All Department of Fish and Wildlife Lands.
 - Sets a 3:00 p.m. deadline for waterfowl and pheasant season hunters to obtain their entry permit.
 - Prohibits electric bicycles on all lands except where posted as allowed.
 - Adds drones and other unmanned aircraft to the list of devices prohibited without a Special Use Permit issued by the Department.
 - Prohibits woodcutting on all Department lands.
- Amend Section 551: Additional Visitor Use Regulations on Department Lands Designated as Wildlife Areas.
 - Add El Dorado Wildlife Area, El Dorado County.
 - Amend site-specific regulations regarding permitted uses on wildlife areas affecting dog training and dog trials, bicycles, off-highway vehicles, boats, horse and pack stock, camping, fires, closure and restriction, hunt requirements, firearms, species, and reservations.
- Amend Section 630, Additional Visitor Use Regulations on Department Lands Designated as Ecological Reserves.
 - Add Peace Valley Ecological Reserve, Los Angeles County.
 - Amend site-specific regulations regarding permitted uses on ecological reserves affecting fishing, swimming, boating, bicycles, horse and pack stock, closures and restrictions, hunting opportunities and restrictions.
- Minor editorial changes are also proposed to clarify the regulations.

The proposed regulations will allow the Department to pursue its mission to manage California’s diverse fish, wildlife, and plant resources, and the habitats upon which they depend, for their ecological values and for their use and enjoyment by the public. The Commission anticipates general benefits to the health and welfare of California residents, no impacts to worker safety, and benefits to the state’s environment.

Evaluation of incompatibility with existing regulations

The Commission has reviewed its regulations and conducted a search for other regulations on this topic and has concluded that the proposed amendments are neither inconsistent nor incompatible with existing state regulations. No other state agency has the authority to promulgate regulations concerning the public use and conservation of wildlife areas and ecological reserves.

Public Participation

Comments Submitted by Mail or Email

It is requested, but not required, that written comments be submitted on or before February 1, 2024 at the address given below, or by email to FGC@fgc.ca.gov. **Written comments mailed, or emailed to**

the Commission office, must be received before 12:00 noon on February 9, 2024. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

Meetings

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the Handlery Hotel San Diego, 950 Hotel Circle North, San Diego, California, which will commence at 8:30 a.m. on Wednesday, December 13, 2023, and may continue at 8:30 a.m., on Thursday, December 14, 2023. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Natural Resources Headquarters Building, Second Floor, 715 P Street, Sacramento, California, which will commence at 8:30 a.m. on Wednesday, February 14, 2024, and may continue at 8:30 a.m. on Thursday, February 15, 2024. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikethrough format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Sherrie Fonbuena at FGC@fgc.ca.gov or at the preceding address or phone number. **Kristi Cripe, Senior Environmental Scientist, Department of Fish and Wildlife, telephone (916) 834-3763 or email Kristi.Cripe@wildlife.ca.gov, has been designated to respond to questions on the substance of the proposed regulations.**

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the
- The Commission does not anticipate significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states because the proposed regulation is largely administrative in nature to improve the clarity and consistency of the regulations that govern public use of Department lands and is not anticipated to affect the demand for goods and services related to outdoor recreation in California
- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:
- The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California because the proposed regulation is largely administrative in nature to improve the clarity and consistency of the regulations that govern public use of Department lands and is not anticipated to affect the demand for goods and services related to outdoor recreation in California. The Commission anticipates general benefits to the health and welfare of California residents, no impacts to worker safety, and benefits to the state's environment.
- (c) Cost Impacts on a Representative Private Person or Business:
- The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:
- None.
- (e) Nondiscretionary Costs/Savings to Local Agencies:
- None.
- (f) Programs Mandated on Local Agencies or School Districts:
- None.
- (g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:
- None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 205, 1050 and 2003 of the Fish and Game Code and to implement, interpret or make specific sections 67, 200, 205, 711, 1050, 2003 of said Code, proposes to amend section 230, Title 14, California Code of Regulations (CCR), relating issuance of permits for contests offering prizes for the taking of game fish.

Informative Digest/Policy Statement Overview

Unless otherwise specified, all section references in this document are to Title 14, CCR.

The California Department of Fish and Wildlife (Department) is recommending that Commission amend Section 230 to resolve issues with the current permit issuance requirements and processes which do not meet the needs of today's contest applicants.

Under current regulations (Section 230), the Department may issue two types of permits depending on expected number of participants and amount of prizes and inducements offered at each contest. Applicants may submit permit applications beginning July 1 for contests to be held the following calendar year. Issuance of Type A contests are issued through a random drawing conducted by the Department during the month of July preceding the contest date. Applications for Type B contests are accepted July 1 of the year preceding the contest and issued on a first come first serve basis. To protect the welfare of fish populations, additional restrictions are placed on contests targeting black bass. All contest applicants must submit a report of contest results to the department within 30 days of the conclusion of the contest.

The proposed regulation changes include: 1) adding a definitions section to define some terms in Section 230, both existing and proposed; 2) redefining the contest permit types in Section 230 (Type A and Type B permits) and adding two new permit types (Type C and Type D permits) to allow for new types of contests being held today; 3) revising the requirements and procedures to apply for and obtain permits to ensure that all applicants have the same opportunity to conduct fishing contests; 4) revising the number of contests the Department issues per water per month to ensure a satisfactory angling experience for all resource user groups and to allow the Department to consider potential impacts to resources when issuing permits; 5) increasing the observer fee to reflect the current salaries of Department environmental scientists and game wardens charged with monitoring fishing contests for regulation compliance; 6) broadening the criteria to add additional conditions to permits to protect the resource; 7) changing the requirements on how to submit applications and report forms; 8) Require notice to applicants and permittees before the Department denies or revokes a permit application, a permit change request, or a permit; 9) clarifying and broadening the bases for denial and revocation; and 10) adding language allowing an applicant or permittee to request the Department to reconsider any denial or revocation.

Benefit of the Regulations

The goals and benefits of these regulations will establish contest conditions that provide for the welfare and conservation of fish populations and the environment, and limit the impact to other recreational users while also allowing the offering of prizes for the taking of game fish.

The fishing contest types offered to today's anglers has changed significantly. There has also been an increased demand for fishing contest permits, especially for contests targeting black bass. To ensure the welfare of fish populations, the department limits the number and type of contests that may be held on each water each day. The regulation changes proposed herein will provide for equitable distribution of contest permits as well as ensure for the welfare of fish populations.

Consistency and Compatibility with Existing Regulations

Section 20, Article IV, of the state Constitution specifies that the Legislature may delegate to the Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Commission has reviewed its own regulations and finds that the proposed regulatory action is neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to the permitting of game fish contests.

Public Participation

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a webinar/teleconference hearing to be held on Thursday, May 19, 2022, at 8:30 a.m. or as soon thereafter as the matter may be heard. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a webinar/teleconference hearing to be held on Thursday, June 16, 2022, at 8:30 a.m. or as soon thereafter as the matter may be heard. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899.

It is requested, but not required, that written comments be submitted on or before 5:00 p.m. on May 6, 2022 at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on June 13, 2022. All comments must be received no later than June 16, 2022, during the webinar/teleconference hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikethrough format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Jenn Greaves at FGC@fgc.ca.gov or at the preceding address or phone number. Karen Mitchell,

Senior Environmental Scientist (Specialist), California Department of Fish and Wildlife, Fisheries Branch, designated to respond to questions on the substance of the proposed regulations. Ms. Mitchell can be reached at (916) 376-1917 or tournaments@wildlife.ca.gov.

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed regulatory action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states because the game fish contests are specific to water bodies within the state of California.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The Commission does not anticipate any benefits to the health and welfare of California residents or worker safety.

The new regulations will benefit the environment by expanding the Department's authority to consider potential impacts to the resources when issuing permits. Existing Section 230 states that the Department shall issue a permit if the fishery or health of individual fish are not impacted. The new regulations allow for a holistic consideration of potential impacts to the environment and other resource users before issuing a permit.

- (c) Cost Impacts on a Representative Private Person or Business:

Fish and Game Code Section 2003 provides that an "application for [a fishing contest permit] shall be accompanied by a fee in the amount determined by the department as necessary to cover the reasonable administrative costs incurred by the department in issuing the permit." Last year, the application fee was \$68.50. For 2022, the fee is being adjusted for inflation to

\$70.30 in accordance with Fish and Game Code Section 713. The total cost for application is \$72.41, which includes a 3% non-refundable ALDS fee (Section 700.4(e)).

In addition, the contest observer fee is proposed to increase from \$100 to \$275. Although a contest observer is rarely required, this adjustment is necessary to allow the Department to more fully recover staff salary and benefit costs when an observer is required. To minimize the fee increase, travel time and vehicle expenses have not been included. Thus, the amount charged for a Department contest observer will allow for only the partial recovery of necessary expenses incurred by the Department.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None. No change in costs or savings to state agencies are expected as a direct result of the proposed amendments to Section 230. However, the Department has estimated that the initial offering process continues to engage staff time throughout the state, and particularly Fisheries Branch staff in the Department's headquarters. Currently, there is no fee to submit a form DFW 774 to participate in the initial offering. The Department cost per entry is estimated to be approximately \$230.92. The Department receives an average of 70 forms DFW 744 per year. The total annual staff time costs (with benefits and overhead) are estimated to be approximately \$16,165 in a typical year.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Other Benefits of the Regulatory Action

The proposed changes to Section 230 and form DFW 775 and new forms DFW 774, 776, and 777 will enable the Department to align the fishing contest permit application process to better meet the needs of today's applicants. The Department has seen a tremendous demand for the limited number of permits that are issued to popular waters. Revising the application procedure will help minimize financial impacts to permit applicants.

Fishing contests are popular with sport fish anglers. Revising the permit application process will facilitate the continuation of the many annual fishing contests and may encourage new contests.

Providing fishing contests may encourage new anglers to participate in sport fishing activities, keep those anglers already engaged, or encourage anglers who have not sport fished in recent years to join this outdoor activity that they previously participated in.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Dear Mayor Breed and Board of Supervisors,

Please find enclosed the updated version of a letter submitted to this body on November 10, 2023 communicating the opposition of organizations to the initiative requiring drug screening for County Adult Assistance Programs (CAAP) recipients as a condition of eligibility. The letter has been signed by over twenty organizations.

We respectfully request that this measure is removed from the March 2024 ballot, this is a proposal that would undermine access to housing, shelter, food and employment. We instead urge you to work with substance use experts and health professionals to identify solutions rooted in science to increase participation in treatment that doesn't take away critical resources from individuals.

Thank you for considering our position and request.

Sincerely,
Norma Palacios

Subject: Letter in opposition to File No. 231096 [Initiative Ordinance - Substance Abuse Screening, Evaluation, and Treatment Requirements for CAAP Assistance]

Dear San Francisco Board of Supervisors,

On behalf of organizations and advocates working to promote a health focused approach to addressing the overdose crisis and substance use in San Francisco, please find attached a letter expressing our opposition to the Mayor's initiative submitted to the voters for the March 5, 2024, Election, that would cut recipients from receiving the County Adult Assistance Programs (CAAP) who may be struggling with drug use and subject them to force mandated drug "screening" and treatment. This proposal goes against the ethical standards of treatment and the substantial evidence-based approach that the public behavioral health system is built upon.

To reduce drug use and overdose deaths, San Franciscans need evidence-based drug education; harm reduction services like overdose prevention sites, drug checking, syringe exchange programs, increased naloxone access, and an array of low-threshold treatment options and sobering centers that can serve to stabilize individuals struggling with substance use and set them up for success.

For this reasons, we stand in opposition to this measure.

Thank you for your attention to this letter.

Re: Opposition to Local Measure “Substance Use Screening, Evaluation, and Treatment Requirements for CAAP Assistance” and Request for Withdrawal

Dear Mayor Breed and Members of the Board of Supervisors,

We, the undersigned organizations and advocates working to promote a health focused approach to addressing the overdose crisis and substance use in San Francisco, write in strong opposition to a measure sponsored by Mayor Breed titled, “Substance Abuse Screening, Evaluation, and Treatment Requirements for CAAP Assistance” and urge the removal of this initiative from the March 2024 ballot. In simple terms, this measure asks the voters to cut recipients from receiving the County Adult Assistance Programs (CAAP) who may be struggling with drug use to force mandated drug “screening” and treatment. This proposal goes against the ethical standards of treatment and the substantial evidence-based approach that the public behavioral health system is built upon. While we understand the need to address the increased number of overdoses in San Francisco as well as the public’s concern to address this issue head on, to be effective we must make major investments into the system of care to treat the

whole person rather than further criminalize an extremely vulnerable population. We firmly believe that these structural challenges require a robust public health response and the Mayor's proposal is extremely flawed and will instead lead to more overdoses and not increase public safety for San Franciscans.

This measure has been proposed as a way to increase participation in treatment and hold individuals who are struggling with substance use "accountable" by taking away their General Assistance (GA). Individuals struggling with substance use are battling a health crisis, one that should be handled under a behavioral and public health approach. However, there is no indication and no evidence that the Mayor's proposed approach would successfully lead to significant numbers of people discontinuing substance use, reducing overdose deaths or increasing treatment retention. In fact, by taking away their GA this approach may instead place individuals into a more precarious situation. There are several reasons to believe that this proposal will significantly worsen the dual crisis of homelessness and overdose.

Additionally, there are also tangible, life altering/impacting and practical implications if this proposal were to be enacted that we find extremely troubling such as:

- **This initiative will serve to increase the number of unhoused San Franciscans and contribute to the homeless crisis.** Evidence, research and the opinions of experts in the field suggest that it is unlikely that many recipients will choose to accept treatment when they are not ready. Forcing individuals into treatment has proven to be ineffective. We need not look any further than the current policy of arresting individuals for public substance use which has led to a low number of people accepting services.¹ Individuals will choose treatment when they have made the decision to enter treatment and when they are stabilized.² A housing stipend for rent expenses and guaranteed access to meal services for 30 days for those who are non-compliant will lead to evictions of our lowest income residents who will invariably become homeless. Increasing the number of substance users who live on our streets is the exact opposite of the stated goals of this measure.
- **This initiative will subject individuals to mandated treatment, which is not effective at reducing drug use.** Involuntary substance use treatment is neither effective nor ethical. Research demonstrates that offering readily available, evidence-based treatment in community-based settings with the proper social supports produces better outcomes than forcing people into treatment against their will. Both the U.S. and the international body of research and practice have well documented that coerced treatment simply does not work.³

- **The role of the Human Services Agency should not be expanded to conduct substance use evaluations or screenings.** HSA has a unique role in supporting San Franciscans access essential services and their focus should not be shifted to surveillance and sanctioning nor adopting policies that are not based in science or evidence that have proven to be ineffective.⁴ It is reckless to hand over the reins of treatment services to an administrative agency with no healthcare record in neither public nor behavioral health.
- **A reliance on screening methods that have been proven to be flawed, misleading and costly⁵ will jeopardize the health and stability of Black, Latine/x, and Indigenous and low-income people.** Instituting drug screenings and drug testing will erode the trust between recipients and the health system, people will feel the need to hide their drug use and engage in more risky behavior leading to an increase in overdose deaths and hospitalizations. More troubling, people may opt to not engage in honest, open conversations about healthcare needs or about how to reduce drug use for fear of losing critical financial assistance. The impact will fall disproportionately on communities of color who are more likely to be screened and have suffered from disinvestments in their communities. On the other hand, this policy will deter people from applying and completing the enrollment process. People who are afraid of testing positive may not apply and forgo the benefits that would help their family gain financial security.⁶ *The question remains: how will the screening operations be staffed with city employees or private entities? Will the funding be diverted from other critical needs? How will the screenings ever produce reliable results in this context, where people will face punitive measures if they reveal the truth about their behavior and use? Will there be a process to account for false positives and will individuals be allowed to retest if they believe the test results are flawed?*
- **This measure will create discrepancies in treatment services and accessibility.** Currently, not all who request treatment are able to receive it. Our current system is inadequate to meet the needs of all those who should be provided treatment by law and for those who come from underserved communities or whose primary language is not English. *How, given this inadequate system, is it possible for the city to expand treatment capacity enough to meet the needs of people who will be required to enroll into treatment?* This measure will produce a situation where those who ask for help and are ready to enter into treatment must wait behind those who are not. Prioritizing CAAP recipients for treatment over more needy individuals struggling with substance use will result in a set aside of treatment slots for this population, decreasing access for those actively seeking and needing treatment.

⁶ Drug Policy Alliance. (20221). Snapshot: The War on Drugs Meets the Public Benefits System. Retrieved from https://uprootingthedrugwar.org/wp-content/uploads/2021/02/uprooting_snapshot_PDF_publicbenefits_01.26.21_v1.pdf

- **The language used in this proposal will contribute to the stigma of substance use.** The terminology used in this measure like “abuse,” “dependent,” “illegal drugs,” “reasonable suspicion,” demonstrates that this policy is not grounded nor informed by public or behavioral health. Language in this instance matters, since these words represent a regression to language that has been historically used to perpetuate stigma, criminalization primarily of communities of color, and result in negative bias and discrimination when discussing addiction impacting the care that people struggling with substance use receive. Stigmatization, criminalization and discrimination serve to drive more individuals underground who are struggling with substance use causing individuals to use alone which is one of the leading causes of overdose.⁷

Members of this board held a hearing on Treatment on Demand and the presentations shared a common theme that San Francisco is failing to meet the demand and needs of a population experiencing challenges with drug use. Rather than creating a new system that relies on surveillance and punishment, San Francisco residents would be better served by continuing to invest and building out a treatment infrastructure that is centered on the needs of individuals struggling with substance use. San Francisco must lead on this issue by creating the conditions for individuals to enter into treatment voluntarily, by setting them up for success through the proper investments, accessible points of entry, and one that is tailored to the communities it serves including those with limited English proficiency. With more than 600 overdoses as of last September,⁸ San Francisco must move away from punitive measures that would only alienate people from services. Funding and expanding a robust social safety net will help improve individuals, families and communities health and wellbeing. To reduce drug use and overdose deaths, San Franciscans need evidence-based drug education; harm reduction services like overdose prevention sites, drug checking, syringe exchange programs, and increased naloxone access; and an array of low-threshold treatment options and sobering centers that can serve to stabilize individuals struggling with substance use and set them up for success. The mayor can not continue to put forth measures with no proven track record and instead cause irreparable harm to San Franciscans. For these reasons, we stand in opposition to the mayor’s initiative and request that this measure be withdrawn so experts in the field of substance use such as treatment providers and health professionals can be consulted on a solution to address the current overdose crisis. For questions about our opposition, please contact Drug Policy Alliance’s California State Director, Jeannette Zanipatin at california@drugpolicy.org

Respectfully Submitted,

The undersigned.

Hello,

Please see the below communication regarding File No. 230701.

File No. 230701 -

Ordinance amending the Planning Code to 1) permit additional commercial, retail, and restaurant uses on the ground floor in certain neighborhood commercial districts (NCDs) and residential districts; 2) principally permit Flexible Retail on the ground floor in certain NCDs and Chinatown mixed use districts; 3) principally permit Retail Professional Services uses on all floors and conditionally permit Non-Retail Professional Services on the ground floor in specified NCDs; 4) create regulations for music entertainment venues and non-profit theaters distinct from regulations for Bars; 5) allow Limited Corner Commercial Uses that are not Formula Retail in certain residential districts; 6) amend Section 311 to remove neighborhood notice requirements for changes of use in the Eastern Neighborhoods mixed use districts; 7) expand business types that qualify for the Planning Department priority review program and establish that the program will not apply in the North Beach NCD and North Beach Special Use District (SUD); 8) clarify that multiple allowable uses may co-locate on one site; 9) clarify and modify various other use regulations and processes; 10) permit additional retail and non-retail uses in specified NCDs; and 11) eliminate the Mission Street Formula Retail Restaurant Subdistrict; and affirming the Planning Department's determination under the California Environmental Quality Act, making findings of consistency with the General Plan and the eight priority policies of Planning Code, Section 101.1, and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

The Clement Street Merchants Association would like to express our support for BOS File 230701 - Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses and urge you to pass this legislation. As small business owners, we know firsthand the challenges that come with starting and growing a business. This proposal takes important steps to simplify the permitting process by reducing paperwork, and thus time and money, in order to open a business. It also principally permits flexible retail citywide, which provides small businesses with the ability to shift business models and offer different products and experiences as they see fit. Small businesses need to innovate to stay competitive with online marketplaces so the ability to combine experiences alongside retail is crucial.

Another component of this proposal would permit more business uses in ground floor spaces, which is critical to activating our streets, generating foot traffic, and supporting economic recovery. Merchant corridors like ours rely on foot traffic to create a safe and welcoming shopping environment so we need, and support, proposals like this to reduce commercial vacancies, streamline permitting, and help small businesses thrive.

Thank you for your time and consideration,
Cynthia Huie

Subject: Public Comment, FirstNet and Public Health Surveillance; Demand Hearings and Potential Resignations

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

All,

Please review the documents in which the city and county of San Francisco purchased FirstNet from ATT dba and AT&T Mobility which allows the city and county, with only legal authorization, to place citizens on public health surveillance.

Unfortunately, during COVID, Public Health placed every single citizen on public health surveillance but failed to remove anyone which is grossly unethical, illegal and unconstitutional.

Section 8 of the agreement clearly states that the city will not use the services or operate the equipment improperly, or in violation of any applicable law....

Finally you will see my request with the CDC which shows no responsive records meaning the city and county attempted to give me false medical diagnosis over the course of decades. I'm not alone and it's probably 10,000 plus fraudulent diagnosis. This will be a bigger issue than all the people who showed up today for public comment about the cease fire.

You can request the data from the Department of Technology with SF and the state of California.

This needs to be addressed immediately and should lead to Public Hearings and Resignations of senior officials.

Respectfully,

Chris Ward Kline

Agreement between the City and County of San Francisco and

AT&T dba AT&T Mobility

This Agreement is made as of this **23rd day of June, 2020**, in the City and County of San Francisco, State of California, by and between AT&T dba AT&T Mobility (“Contractor”) and the City and County of San Francisco (“City”).

Recitals

WHEREAS, the Department of Technology (“Department”) wishes to purchase from Contractor prioritized cellular voice and data services and wireless mobile equipment dedicated for use by first responders; and,

WHEREAS, the First Responder Network Authority (“FirstNet”) was created under the Middle Class Tax Relief and Job Creation Act of 2012 as an independent federal authority within the National Telecommunications & Information Administration of the United States Department of Commerce;

WHEREAS, FirstNet was tasked with building a public safety-grade network to provide a nationwide, interoperable National Public Safety Broadband Network (NPSBN) dedicated to first responders;

WHEREAS, in March 2017, AT&T was awarded a contract by FirstNet to build and manage the first broadband network that provides priority and preemption to public safety;

WHEREAS, in October 2018, the State of California entered into FirstNet Agreement with Contractor under the California Network and Telecommunications (“CALNET”) program, Category 9.1 (FirstNet);

WHEREAS, since March/April 2018, the City’s first responders have been using Contractor’s FirstNet cellular services;

WHEREAS, on March 10, 2020, the Office of Contract Administration, approved the Department’s request, made under Administrative Code Section 21.16(b), to use the directly negotiated agreement CALNET FirstNet Contract C3A2FN9-18 of the California Department of Technology (“CDT”) for FirstNet services awarded to Contractor (available as of the Effective Date at **Information Security Cal. Govt. Code 7929.210 (formerly 929.210)** under the heading *Category 9.1*) (as now or hereafter amended, restated or otherwise modified, the “CALNET Contract”);

WHEREAS, there is no Local Business Entity ("LBE") subcontracting participation requirement for this Agreement; and

WHEREAS, Contractor represents and warrants that it is qualified to perform the Services required by City as set forth under this Agreement;

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

Any capitalized terms used but not defined in this Agreement shall take the meanings assigned to such terms by the CALNET Contract. The following definitions apply to this Agreement:

1.1 "Agreement" means this contract document, including all attached appendices, and all applicable City Ordinances and Mandatory City Requirements specifically incorporated into this Agreement by reference as provided herein.

1.2 "City" or "the City" means the City and County of San Francisco, a municipal corporation, acting by and through both its Director of the Office of Contract Administration or the Director's designated agent, hereinafter referred to as "Purchasing" and the "Department of Technology" or "Department".

1.3 "CMD" means the Contract Monitoring Division of the City.

1.4 "Confidential Information" means confidential City information including, but not limited to, personally-identifiable information ("PII"), protected health information ("PHI"), or individual financial information (collectively, "Proprietary or Confidential Information") that is subject to local, state or federal laws restricting the use and disclosure of such information, including, but not limited to, Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 et seq.); the California Confidentiality of Medical Information Act (Civil Code § 56 et seq.); the federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2)); the privacy and information security aspects of the Administrative Simplification provisions of the federal Health Insurance Portability and Accountability Act (45 CFR Part 160 and Subparts A, C, and E of part 164); and San Francisco Administrative Code Chapter 12M (Chapter 12M).

1.5 "Contractor" means AT&T dba and also known as AT&T Mobility

1.6 "Deliverables" shall take the meaning assigned to such term by Section 1(j) ("Deliverables") of the General Provisions.

Contractor is hereby advised that only the Department of Technology (DT) is authorized to release Purchase Orders off of this contract. No Purchase Order not approved by DT will be honored. Failure to adhere to this requirement may result in contract termination.

**City and County of San Francisco
Office of Contract Administration
Purchasing Division
City Hall, Room 430
1 Dr. Carlton B. Goodlett Place
San Francisco, California 94102-4685
Master Agreement**

This Master Agreement dated December 15, 2020 is between the City and County of San Francisco ("City") and AT&T ("Contractor").

Recitals

WHEREAS, a Request for Proposal ("RFP") was issued on January 21, 2020, and City selected Contractor as a qualified Proposer pursuant to the RFP;

WHEREAS, City and Contractor wish to establish a master agreement pursuant to which the City may obtain the tangible and intangible materials and/or services described in Contractor's response to the RFP, including but not limited to service and any associated equipment; and

WHEREAS, for purposes of this Agreement, the term "Services" shall mean the communications services the Contractor will make available to City pursuant to this Agreement, as fully described in Appendix A, "Available Services"; and

WHEREAS, for purposes of this Agreement, the term "Service Charges" shall mean the monthly recurring charges together with any one-time, non-recurring charges or fees the City agrees to pay to Contractor in exchange for the Services ordered pursuant to this Agreement, as fully described in Appendix B, "Pricing Narrative"; and

WHEREAS, for purposes of the Agreement, the word "Equipment" shall mean the equipment City may lease or purchase from Contractor in connection with the Services, as fully described in Appendix A, "Available Services";

NOW, THEREFORE, City and Contractor agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non Appropriation. This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the City's Controller, and any amount of the City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year in the event funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated, and Contractor's sole remedy shall be repossession of the equipment. This Section shall control against any and all other provisions of this Agreement.

2. **Term of the Agreement.** Subject to Section 1, the term of this Agreement shall be from December 15, 2020 to December 14, 2023. In addition, City shall have two (2) options to extend the term for a period of two additional two (2) year terms for a total of seven (7) years, which the City may exercise in its sole, absolute discretion.

3. **No Automatic Renewal.** Notwithstanding anything to the contrary contained in this Agreement (including, without limitation, any terms and conditions of Contractor attached hereto): (a) in no event shall the term of this Agreement be longer than the initial term expressly stated in this Agreement; (b) any automatic renewal or extension (whether or not conditioned upon any notice or absence thereof from either party) or any similar "evergreen" provision shall be deemed null and void ab initio; and (c) the term of this Agreement shall not be extended or renewed except by written agreement duly authorized, executed and delivered by City. In the event of any inconsistency within this Agreement relating to the duration of the initial term hereof, the shorter initial term shall govern.

4. **City's Payment Obligation.** In no event will the City make an advance payment for Service Charges. The City will make a good faith effort to pay all invoices within thirty days of billing. In no event will the City pay any late fees or charges for payments made after the 30 day period. Contractor and the City understand and intend that the obligations of the City to make payments hereunder shall constitute a current expense of the City and shall not in any way be construed to be a debt of the City in contravention of any applicable constitutional or statutory limitations or requirements concerning the creation of indebtedness by the City, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or monies of the City. The City shall make payments for Service Charges exclusively from legally available funds, to Contractor or, in the event of an authorized assignment by Contractor to its assignee, according to the terms of this Agreement, upon presentation of invoices furnished by Contractor in a form acceptable to the Controller. Each invoice must have a unique identifying number. Payments will be made in United States Dollars by warrant drawn on the Treasurer of City and County of San Francisco. Payments shall be in consideration for the Service Charges incurred during the applicable fiscal year in which such payments are due. In no event shall the amount of this Agreement exceed Nine Million, Nine Hundred and Ninety-Nine Thousand Dollars (\$9,999,000).

5. **Guaranteed Maximum Costs.** The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for Service Charges beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation. For purposes of clarity, the City will track its expenditures against this limit and shall notify Contractor if the limit has been exceeded. Upon notification, Contractor shall stop providing Services or may continue to provide Service

upon direction from the City while the City seeks additional funding. In no case shall Contractor be required to modify any pricing of this Agreement.

6. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

7. Installation and Maintenance of Facilities.

a. In order to provide the Services to the City, Contractor may need to install equipment owned by Contractor ("Contractor Equipment") on City property, which Contractor Equipment will remain the property of Contractor. City must provide adequate space and electric power for Contractor Equipment, and will keep Contractor Equipment physically secure and free from liens and encumbrances. City will bear the risk of loss or damage to Contractor Equipment to the extent such loss or damage is caused by City or parties subject to City's control. Contractor shall install Contractor Equipment only in locations approved in advance by the City. The parties shall work cooperatively to agree upon mutually convenient times and locations for such installation. Contractor will furnish any conduit, holes, wireways, wiring, plans, equipment, power/utilities and other items as Contractor reasonably requires for Contractor Equipment and will obtain any necessary licenses, permits and consents (including easements and rights-of-way). City will have the property ready for Contractor to perform its work according to a mutually agreed schedule. Contractor shall comply with all applicable State laws and local ordinances.

b. Contractor shall use, and shall cause its agents or invitees to use, due care at all times to avoid any damage or harm to the City property. Contractor shall immediately inform City of any actual damage to City property, and any such damage shall be promptly repaired by Contractor, at its own expense. Contractor, at its sole cost and expense, shall keep Contractor Equipment in good operating order, repair, condition and appearance and shall furnish any and all parts, mechanisms or devices required to keep Contractor Equipment in good mechanical and working order throughout the term of the Agreement.

c. In order to receive the Services from Contractor, City must interface its own communications and/or networking equipment ("City Facilities") with Contractor Equipment. City shall be responsible for all service, repair and maintenance of City Facilities unless otherwise specified by this Agreement. City, at its sole cost and expense, shall keep City

Information Security Std. Code: 7-20-210 (formerly 0207107)

Facilities in good operating order, repair, condition and appearance and shall furnish any and all parts, mechanisms or devices required to keep City Facilities in good mechanical and working order throughout the term of the Agreement.

8. City Use of Services and Equipment. City will not use the Services or operate any Equipment obtained from Contractor improperly, in violation of any applicable law, in or a manner contrary to that contemplated in this Agreement.

9. Delivery of Services and/or the Equipment; Transportation. Where applicable, it is the responsibility of the Contractor to arrange for the delivery and any installation of Services and/or the Equipment. Charges for delivery and installation are the responsibility of the Contractor. However, the City will reimburse Contractor for reasonable delivery and installation charges after Services and/or the Equipment is accepted and upon proper presentation of invoices unless such charges are included in the cost of Services and/or the Equipment. Services and/or the Equipment to be provided under this Agreement is to be delivered to a location as designated by the City and installed and made ready for operation. Additional terms and conditions related to the City's purchase of Equipment from Contractor are set forth in Appendix C.

10. Installation. Reserved.

11. Relocation of Equipment. Reserved.

12. Contractor's Removal of Contractor and the City's Surrender of Equipment.

a. Removal of Contractor Equipment. At the end of the Agreement term or unless sooner terminated, Contractor agrees to remove from City property at Contractor's cost any Contractor Equipment installed on City property and to restore City property to its original condition, reasonable wear and tear excepted.

b. Surrender of Equipment. At the end of the Agreement term or unless sooner terminated, City agrees to surrender any Equipment owned by AT&T that is leased by the City or otherwise subject to City's control in as good a condition as when furnished, reasonable wear and tear excepted. Contractor agrees, at Contractor's cost, to accept and remove the Equipment as provided in this Agreement.

13. Termination and Default.

a. Termination for Convenience. City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

- 1) Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All

3rd Letter Subject: Final Response Letter

Dear Mr. Kline:

The Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) received your September 12, 2023, Freedom of Information Act (FOIA) request on September 13, 2023, seeking:

“...all files, metadata, public health surveillance, disease registries, EPI-X data and all other data pertinent to Chris Ward Kline. [01/01/1991 to 09/12/2023]”

A search of our records failed to reveal any documents pertaining to your request. The National Center for HIV, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), the National Center for Environmental Health (NCEH) and the National Institute for Occupational Safety and Health (NIOSH) found no responsive records.

You may contact our FOIA Public Liaison at 770-488-6277 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal by writing to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue, Suite 729H, Washington, D.C. 20201. You may also transmit your appeal via email to FOIARequest@psc.hhs.gov. Please mark both your appeal letter and envelope “FOIA Appeal.” Your appeal must be postmarked or electronically transmitted by March 04, 2024.

Sincerely,

Roger Andoh
CDC/ATSDR FOIA Officer

Dear Board of Supervisor and Land Use Committee:

I am a homeowner at **1400 Mission Street**, San Francisco, CA. We are a community of culturally and ethnically diverse homeowners, who have ownership in a 100% **Below Market Rate** (BMR) ownership building. Our community association name is 1400 Mission Street Owners Association, and we have 190 units.

The developer for the building had the mural installed via the Art Commission/San Francisco planning department when the building was first built. The value of the art at that time was 1% of the value of the building.

When we bought our units, **we were not informed** about this matter.

Over the years, the **Mural** has been **repeatedly vandalized** with **Graffiti**. We've made many attempts to maintain the mural, however, given the fact that we are a BMR building, **we do not have the funds** to refurbish it. We aren't allowed to paint over the graffiti because current laws do not allow us to remove or paint over the mural, although it is totally obscured by graffiti and has been for years.

Management and the Board of Directors have been trying to work with the city for over three years to get the graffiti off of our building and address the art issue. Meanwhile, we get graffiti abatement violations for the graffiti over the mural from DPW, but we aren't allowed to paint over it and we can't afford to refurbish the mural since the artist's estate advised that we were only allowed to refurbish the mural via their estate approved artists for tens of thousands of dollars. We need your help!

We understand that art in San Francisco is important, but in our case, it is not something we can afford to maintain given the fact that graffiti is an ongoing, never-ending issue. We also do not want other buildings which are all below market rate to have to go through what we have had to go through.

We are asking that you **please pass this legislation for the Board of Supervisors' vote**, and we ask that the Board of Supervisors please vote to approve this legislation.

Please help our community, pass the legislation so we can finally remove the graffiti and the vandalized artwork.

Thank you

Martha Vallejo

We wish to advise that we 100% support this legislation, file 230706 and thank Supervisor Dorsey, Madison Tam and anyone else who helped move this matter forward.

Subject: Unfair Practices of the Color Curb Program, SFMTA

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Members of the Land Use and Transportation Committee, I would like to bring your attention to the unfair practices that I believe can have an advert impact on your constituents and all San Franciscans.

In 2018 ordinance 180089 was passed to amend Division I of the Transportation Code to establish a procedure for the Board of Supervisors to review certain Municipal Transportation Agency Decisions. This ordinance came as a response to the concerns that the SFMTA Streets Division did not adequately serve the needs of the citizens and approved on-street regulations without taking into account the needs and opinions of the residents and businesses in San Francisco. In 2023 the Color Curb Program (CCP) of the SFMTA fell far below the intentions and expectations of the ordinance.

The CCP has made every effort to exclude public participation and seized the power to pass any on-street regulations that they wish regardless of the advert consequences.

The SFMTA had a very rigorous notification procedure for posting public hearing notices at the location of the proposed changes. To ensure that the notices are properly posted, the SFMTA staff is obligated to prepare a formal affidavit of posting, certifying time, location, copy of the notice, full description of the agenda item(s), and the name of the person who conducted the posting before each hearing. In the beginning of 2023, the SFMTA CCP abandoned the procedure of certifying the postings and provided fake affidavits that were produced after the public inquiry for these documents had been submitted. In their defense, Hank Willson claimed that the CCP is not required to prepare the affidavits and that his department will start the practice for future hearings. Further inquiry has revealed over 400 documents dating the proof of postings as far back as 2001.

That can be the reason why the Color Curb Hearings in 2023 were seldomly attended by anyone who spoke against the proposed items and the vast majority of items have passed without any opposition. This was a noticeable change compared with the hearings prior to that; parking is a controversial issue in San Francisco and these hearings have always been well-attended by the citizens expressing their opinions regarding the proposed changes.

For those who did provide any comments that were not in support of the item (even if those comments merely pointed out errors or omissions), the SFMTA implemented a practice of shutting them up. These persons were allowed to speak only once (even if they asked a clarifying question) and were not allowed to speak on the item again. On the other hand, anyone who spoke in favor of the SFMTA-propsed items was allowed to speak an unlimited number of times. This is a direct violation of the Administrative Act Admin. Code § 67.15(c) and the Good Government Guide published by the City Attorney, which states that “ individual speakers favoring one side of an issue

may not be given more time than individual speakers on the opposite side”. Hank Willson responded that the SFMTA is allowed to break the rules because according to him, the Color Curb Program Public Hearings are “not public hearings”.

In other instance, specific questions were asked regarding a proposal and the CCP planner responsible for the item was not present at the hearing and the questions remained unanswered. Obviously, it is impossible to comment on the item in the absence of the relevant information, and the person who asked the question was barred from asking other questions or providing any other comments regarding the proposal. Astonishingly, the item still got approved.

The Color Curb Program has also implemented a “waiting period” for new color curb requests before they can be scheduled for the next available public hearings. For many applicants that means that their items have to be scheduled for the meeting after the closest, which typically adds 30 days to the already extremely slow process of obtaining the requested zones. It is not uncommon for people to wait for more than half a year until their loading zone is installed. That violates the obligation of the Agency under Prop E to respond to public requests in a timely fashion. However, it is difficult to gauge the extent of the problem, because the SFMTA Color Curb Program simply does not track its performance, which is also a violation of Prop E. The SFMTA Strategic Plan states that “to track the agency’s progress in upholding all the new agency values, a suite of metrics have been identified for each value”. Whereas other departments are under the strict burden of collecting the data and showing their statistics, the CCP just ignores that requirement in an effort to conceal its poor track record.

Another thing that they prefer to keep secret is the practice of waiving the fees for entities of their choosing. Under the San Francisco Transportation Code, there is a fee schedule that requires collecting fees for specific fee-based services. The Color Curb Program operates on a cost-recovery basis, meaning that the program is funded by the fees that it collects. Only specific non-profits and government entities are exempt from paying the fees, and every exception has to be justified. Any fees that are not collected from the applicants who benefit from specific color curb zones, are paid by public funds. The CCP staff has no transparent criteria and waives fees for entities that they arbitrarily choose. In light of the financial challenges that the SFMTA faces, the staff must be held accountable for every dollar that they don’t collect from responsible parties.

I would like to bring your attention to these unfair practices and the failure of the CCP management to uphold public trust. I hope you can look into it and do anything within your authority to bring the SFMTA Color Curb Program to compliance. The citizens of San Francisco deserve better service and should not be treated unfairly.

Respectfully,
Paul Kniha

Subject: India Basin Waterfront Park – Grants and Waivers

Dear President Peskin and Supervisors,

I am writing today on behalf of the Bayview Alliance to support the package of agreements and the waiver regarding the India Basin Waterfront Park Initiative that are before you today.

Together with Roselyne Swig, I have co-convened the Bayview Alliance (BVA) on a monthly basis for over a dozen years. The BVA is composed of Bayview residents and other stakeholders who are committed to the community. The mission of the BVA is to support the positive evolution of the Bayview Hunters Point Community in recognition of its history and imperative that the social, economic, environmental, health, recreational and cultural assets be strengthened in the face of development and change. Mrs. Swig, Eric McDonnell and I are the co-chairs of the India Basin Waterfront Park capital campaign.

Great cities build great parks in every neighborhood, so it is wonderful that the Recreation and Park Department and its non-profit partners are committed to bringing the best quality open space and recreational facilities to the Bayview. Accepting this second round of private funding for the Initiative is especially important at this moment of economic uncertainty because it allows the city to turn \$125 million in public funding into a \$200 million investment in community infrastructure, services and programming.

The waiver is important because raising \$75 million in private funding is hard and there are potential funders who may personally or through their companies have relations with the city. The waivers will allow Department staff and the Mayor to discuss the project with such funders and the agreements hold the entire Initiative to a very high level of donor transparency.

I hope you will agree to accept these grants and to allow the waivers so the city continue to work with the community to successfully deliver this amazing Initiative.

Best regards,

Charles M. Collins

From your constituent

Anthony Villa

Email

tvobsf@gmail.com

I live in District

District 4

I oppose DGO 6.21 Censoring SFPD with regard to Public Posts on Social Media, and denying SFPD access to this important modern day crime fighting tool

Message:

Dear Police Commissioners,

DGO 6.21 far exceeds your authority and is an affront to our democracy: censorship of citizens' access to public material. There are many issues with DGO 6.21, but the most egregious are this Commission's insistence on assigning onto SFPD the consequences stemming from the public posting of criminal content, rather than on the criminal who posted it, outright censorship, and the potential aiding of sexual predators and other dangerous criminals who groom our youth online.

What this Commission would have us accept, as far as public posts on social media are concerned, is that it is not the responsibility of the person posting the revealing content to bear the consequences of what they post to a public platform, rather it is the police's responsibility not to look at it. Not only is the logic behind this DGO flawed and untenable, it violates our officers' basic freedom to view and act on public content. Even more disturbing, this DGO hinders SFPD's ability to engage in undercover work that results in the protection from modern-day threats such as organized crime rings and online sexual predators.

The commission's "concerns" about officers creating fake profiles, surveilling people, and then using their associations to jump to conclusions and "criminalize" people rather than investigating actual crimes are unfounded and based on hearsay. At a minimum, this commission should be required to provide data on how many crimes have been investigated or resulted in arrests where SFPD used fake social media accounts. Right now, the Commission is working off of assumptions from the DPA, ACLU, and the SF Bar Association, and assumptions are not a basis for creating policy changes that leave our most vulnerable populations less protected. How does this Commission think law enforcement catches

pedophiles and sexual predators preying on our children online? Nor are assumptions the basis for eliminating a real-world necessary tool for fighting all types of current-day crime.

This Commission cannot prohibit SFPD from looking at public social media posts any more than it can ban SFPD from reading the newspaper, watching the news, or using their eyes to see what is happening as they walk down a street. Furthermore, this Commission should be well aware that there is no expectation of privacy with regard to public posts, and by brazenly bragging on public platforms on social media about their crimes, criminals WANT the content to be seen by everyone, just as if they were walking down the street engaging in criminal activity, and they should, and must, take full responsibility for the consequences that follow the posting. The burden certainly is not on SFPD to turn a blind eye to public admissions of crimes. That is the opposite of their job. As such, perhaps extreme DGOs such as 6.21 necessarily call for action by our City Attorney, who is cc'd on this email, to censure the Police Commission.

STOP DGO 6.21 from advancing any further as it is a form of censorship as well as harmful to SFPD's investigative efforts to solve crime. STOP jeopardizing public safety and the safety of our children, with these unnecessary and bogus policies.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Doug McKirahan, ratt57@pacbell.net

Message: I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Subject: Please approve a citywide No Turn On Red policy to make it safer, easier, and more comfortable for people to cross the street...

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

Stephanie Lee

Dear Supervisors,

Today you have the opportunity to pass the "Love Our Neighborhoods" legislation which is a small but important step that supports people working to improve their neighborhood.

This legislation supports the renovation of small neighborhood open spaces that have fallen into disrepair by providing relief from some of the costly, unnecessary regulations that stall projects and discourage people from becoming involved.

I personally encountered some of these roadblocks while working on small open space projects in my neighborhood of West Portal and it took all of my skill and determination to navigate the cumbersome process we now face. This legislation makes it easier for people like me to collaborate with city agencies on neighborhood projects. Show us you recognize and appreciate our hard work.

Carol Dimmick, 30+ year resident, collaborator with SFDPW on 5 West Portal projects (Dewey Circle, Dorchester Median, West Portal Walkway, Triangle Park and Kensington Bridge)

Dear Mayor Breed, Board of Supervisor, and City Leadership,

This past Sunday, we had a second fire at our building this year due to homeless encampment on the hillside adjacent to our building. We were fortunate that SFFD responded in time before it was able to spread any further as it did in April 2023, when 70 firefighters responded to the fire. We are asking again for an effective response to help clear the hillside of the accumulated trash, and encampment. Our tenants are terrified, and we are demanding the city to take this seriously. The hillside view of the trash is clearly visible to 101 and 280 traffic along Bayshore Blvd. for the past year and shows the city's lack of seriousness in keeping its people safe. Thank you.

The city's failure to create a cohesive response to its overdose crisis means that everyday citizens have to step up

By [Nuala Bishari](#)

Dec 2, 2023

[Gift Article](#) [f](#) [Twitter](#) [Email](#)

Nuala Bishari holds a spent dose of Narcan that she used it to reverse an overdose on Fifth and Mission streets in San Francisco on Tuesday. Courtesy of Nuala Bishari

Earlier this week, as I was leaving the San Francisco Chronicle building, I saw a

woman slumped in an uncomfortable position on steps across the street. I called out, "Hello!" as I walked up to her, but got no response. Something was wrong. Her face was ashen, and when I shook her and asked her to wake up, I realized she wasn't breathing.

As the gravity of the situation hit me, I tried not to panic. Only one other person had bothered to stop, and he looked nervous.

Welcome to our new site design! We'd love to hear what you think about it. [Take A Survey](#)

"Call 911 and tell them we have an overdose on Fifth and Mission," I told him as I unzipped my backpack and sifted through it for naloxone, the overdose reversal drug. I've carried it everywhere I go for five years after [three young people overdosed and died](#) near my house in the Haight. The day their bodies were discovered I went to a drop-in clinic and got trained to respond to an overdose.

I swore as I realized I only had one dose of brand-name Narcan with me. Would just one work? Depending on how long she'd been there, more than one dose might be necessary to block the opioid receptors in her brain and start her breathing again.

I broke open the packaging, pressed the plunger into her nose, and then I

shouted at the top of my lungs into the street.

Federal officers in S.F. watched a man OD outside Nancy Pelosi Federal Building. Why didn't they step in?

"I need Narcan! Does anyone have Narcan?!"

A couple of people stopped, looked at me quizzically and kept walking.

ADVERTISEMENT
Article continues below this ad

Realizing I had to do this alone, I pulled her into my lap and gave her a firm sternum rub, seeing if pain could bring her around.

"Please wake up," I begged, starting to cry a little. "You are loved, and we want you here. Please come back to us."

Slowly, the color came back to her cheeks, and then she took a deep breath in. But her eyes stayed closed. As the noise of sirens grew closer, I stroked her hair and told her she was going to be OK. First responders poured out of a fire truck.

"I gave her one dose, it's all I had," I said, stepping back. "But I got her breathing."

"Good job, that's exactly what she needed," said a paramedic.

Everyone was calm and gentle, and in a matter of minutes, they had her conscious. She was loaded into an ambulance. The paramedic looked around for me, gave me a thumbs up, and drove away.

I stood on the sidewalk, surrounded by Narcan packaging and pieces of an oxygen kit. Traffic sped by and people walked around me, moving through their day. I felt stunned by how fast the scene wrapped up — and shocked to be reminded how quickly and quietly a life can be lost on our streets without passersby knowing the difference.

That was the first time I've had to administer naloxone. I've stood at the scene of countless overdose reversals, been that bystander on the phone to 911 and held people's hands as others have brought them around. I know how to load syringes, inject into muscle, do a sternum rub and breathe for somebody when they can't do it on their own. I walk slowly through San Francisco, checking on people as I go, watching for the rise and fall of their chests as they sleep in doorways. I was as ready as anyone could be.

Despite this, nothing prepared me for what it felt like when someone needed help, and I was the only person around who knew what to do.

Standing on the sidewalk that day, I didn't feel like a hero. I just felt sad.

I carry naloxone because I want people to live and be happy and experience love, regardless of whether they use drugs. I check on people in the streets because our city fails to care for them.

We have no cohesive, citywide plan to save lives, and it shows: 2023 is on track to be San Francisco's deadliest year on record for accidental overdoses. At this pace, more than 800 people will die of overdoses. I believe every single one is preventable.

Overdose prevention centers save lives, and yet San Francisco closed its only one nearly a year ago. More people want and need drug treatment than can access it, but as a city, we're utterly failing to meet demand. Our street drug supply is toxic and unpredictable, but we could learn from Canada's program that distributes controlled, tested drugs to reduce overdoses.

Without this infrastructure, it's left to regular people like me to either intervene or let people die in our periphery. Many city workers trained to help are patrolling the streets. But absent centralized infrastructure, San Francisco is too big a danger zone for only those with professional training to be tasked with

responding to overdoses.

All the while, our politicians have turned the overdose crisis into their personal battlefield. Grand plans are announced and then fizzle out. There are neverending, circular arguments about whether we should invest in policing or treatment, harm reduction or abstinence. As deaths rise, the conversation has only grown more bitter, with fewer and fewer people willing to reach across the aisle in service of pragmatic solutions.

In the face of such weak leadership, the rest of us are left to step up.

Processing what happened in the days since the overdose, I realize I'm OK because she's OK. I did everything I could, and this time it worked. Next time, we might not be so lucky. I worry about that. I do not feel equipped to handle the grief of trying to save someone's life and failing. I feel angry that a city without a plan hands the responsibility of saving lives to its residents, but I also feel that in the wake of its failures, we have a moral obligation to act. We can arm ourselves with naloxone, learn how to do rescue breathing and check on those we pass as we walk down the street. We can choose to care about strangers and act with compassion when people need us.

Because if we don't take action, who will?

Subject: Thank you for the Mission Street vendor ban
Date: Tuesday, December 5, 2023 4:48:41 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisor Ronen,

Thank you for implementing the Mission Street vendor ban. The area is much cleaner and much less chaotic. It looks and feels safer. I hope that people who have been turned off by the craziness come back to the area on foot, at restaurants and to use public transit. I hope the ban disincentivizes retail theft.

There is one issue, the vendors with stolen goods are out at night now. Below is a photo from 7:55pm yesterday (Mon Dec 4). I walked past to meet friends at La Corneta taqueria. I saw two cars pull into the bus stop unloading goods as I walked past. There is more work to be done but having vendors out of the space makes it cleaner and safer for everyone. There is noticeably less broken glass, needles, rotting meat, feces and trash everywhere.

Thanks for trying to turn this space back into public space, free of chaos. It should remain public space, not a place for people to set up shops, even permitted shops. This should be a space where people can walk, sit, talk and meet. It should be inviting, otherwise people will stay away.

Subject: From the Opium Den to the Den of Thieves
Date: Saturday, December 2, 2023 2:13:31 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

When I begin my journey down Mission St. from the SFPL, I pass the "Opium Den" on 8th. From there, it's clear sailing until 14th St. where "vendors" have blocked the entire sidewalk for 2 blocks, so I must walk in the street, until 16th. Here is where some of the best, most reasonable produce markets are located and continue down Mission. Also, here is where thieves monopolize the sidewalks selling their stolen items and blocking the major bus stops. Here is where others sell food taken from the SF/Marin food bank. Nearby is another filthy homeless, drug hangout which often blocks the 2 BART entrances.

Continuing down Mission to 24th, while shopping for produce, we see much of the same. Sidewalks are overwhelmed with goods, mostly junk, while wheelchairs, strollers, scooters and bike riding make the passage even more dangerous and scary for the rest of us. At 24th, the same accumulates and expands to every corner.

At least this is how it has been for so long, possibly until now.

We applaud you, Supervisor Ronen, for finally tackling one of the biggest and disgusting problems facing the City, along with fentanyl, encampments and blatant theft in our stores. You have bent over backwards to provide a viable compromise as well, by accommodating legitimate vendors indoors. Despite the brief 90-day trial, there is hope that your efforts will bring a solution.

You are one supervisor who has taken the initiative to improve our streets and make SF safe and respectable for everyone. The rest of the mostly incompetent BoS should take note.

Thank you,

James Miller

RE: Planning Code, Zoning Map, Local Coastal Program Amendment - Wawona Street and 45th Avenue Cultural Center Special Use District (File #230505) for 2700 45th Avenue

Position: Strongly OPPOSING

Please refer to the email thread below for more specifics.

The bottom line is that the proposed Special Use District (SUD) has had substantive changes to the SUD well beyond that which the Planning Commission supported at its hearing on July 27, 2023.

These substantive changes should have triggered a mandatory re-referral to the Planning Commission.

It's SPEAK's understanding that since this site is in the Coastal Zone, any amendments to the Local Coastal Program (LCP) must be submitted to the Coastal Commission for certification **before** the Special Use District ordinance can proceed.

FROM: Eileen Boken, President
Sunset-Parkside Education and Action Committee (SPEAK)

RE: Agenda Items #1 Special Use District (File #230505) AND Agenda Item #2 Local Coastal Program Amendment (File #231137) for 2700 45th Avenue

Position: Strongly OPPOSING both 230505 and 231137

Sunset-Parkside Education and Action Committee (SPEAK) is updating its previous submissions related to 2700 45th Avenue.

SPEAK's most recent submission was solely on the Special Use District Ordinance #230505 for 2700 45th Avenue.

However, when the agenda for the Land Use and Transportation Committee meeting for November 27, 2023 was posted on November 21, 2023, SPEAK became aware of another 2700 45th Avenue item on the agenda.

This is a resolution for the Local Coastal Program (LCP) amendment for 2700 45th Avenue with File #231137.

SPEAK was completely blindsided by this as there is no Advance Calendar for this Committee.

This resolution was introduced at the full Board of Supervisors on November 14, 2023.

When going back and viewing the BOS meeting of November 14, 2023 on SFGovTV, during Roll Call for Introductions, the District 4 Supervisor used a single word, "Submit", to identify his submission(s).

The very next day, November 15, 2023, was an open house at the County Fair Building in Golden Gate Park sponsored by the Planning Department regarding the Housing Element upzoning.

During that open house, SPEAK had a discussion with District 4 aide, Jonathan Goldberg.

The District 4 aide was fully aware of SPEAK's involvement in the 2700 45th Avenue Special Use District issue.

And yet, he failed to disclose anything regarding the newly introduced resolution.

During that same open house, SPEAK had a separate discussion with Planning Director Hillis.

Part of that discussion specifically included 2700 45th Avenue.

During that discussion, the Planning Director also failed to disclose the newly introduced resolution.

In retrospect, this could be seen as a significant lack of transparency.

Had SPEAK been aware of this resolution at the time of its most recent submission, SPEAK would have definitely stated its opposition to both the Special Use District and the Local Coastal Program Amendment.

Furthermore, SPEAK would have advised other opponents, including current members of the Surfrider Foundation, to submit letters opposing both 230505 and 231137.

This is the reason most opposition letters refer only to the Special Use District and not to both the Special Use District and the Local Coastal Program Amendment.

This resolution would effectively bypass any community input prior to being submitted to the Coastal Commission for review.

At best, this resolution is inconsistent with the Planning Department's overarching policy of early stakeholder engagement.

At worst, the resolution itself and the process that was utilized are beyond questionable.

Position: Strongly SUPPORTING

Sunset-Parkside Education and Action Committee (SPEAK) is strongly SUPPORTING this legislation

especially the provision related to "... San Francisco's chartered legislative process and San Francisco's status as a Charter City imbued the power of local action over municipal affairs".

Under the current Governor, the State Department of Housing and Community Development has become highly politicized and punitive.

Under the current Governor, the State Attorney/State Department of Justice has become highly politicized and weaponized.

San Francisco's housing policies and practices should not be dictated based on the current Governor's political ambitions.

This legislation seems to be in many ways similar to other legislation e.g. file #230446.

It's questionable that multiple pieces of legislation seek to do basically the same thing.

This appears to be a strategy similar to the strategy used in the state legislature which is the buckshot approach.

Message to the Board of Supervisors, Mayor and SFMTA

From your constituent sebra leaves
Email sebraleaves@gmail.com

I live in District

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Message: Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Tumlin's salary at \$497K is nearly 2x Gavin Newsom and exceeds that of Joe Biden. It's not surprising SFMTA is making deals with Lyft, Ford, etc. while bus service is literally thrown under the bus - salaries have to be paid...

Stop peeing on the legs of small business owners.

Shared streets was marketed as an emergency measure to help small businesses through that economic pain of the corona emergency before it morphed into an open space plan. Next, it was couched in climate change and environmental concerns. Now, it is simply an ideologically motivated political boondoggle driven by bike activists who have little real concern for carbon footprint, mobility, or livability.

SFMTA should be focusing on restoring and expanding real public transportation - bus service, ferries, and rail - instead of abdicating that responsibility to skateboarding, bicycling, and scooting.

Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

Lake Street
and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

SFMTA turned California Street in the Richmond into a parking lot.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Tumlin's personal agenda has created chaos among our streets with increased congestion. His policies have done the opposite for which he touts and has made traveling and shopping at local businesses more difficult for residents of San Francisco and wasted valuable tax resources for projects that only hurt our communities.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street
and the list goes on and on...

The changes have caused the downtown corridor to become more congested, overflowing into neighborhoods like North Beach and North Water Front all hours of the day. The metrics SFMTA uses are extremely flawed and their resident "polls" are substantially biased, only representing the target market they seek approval from. These are not representative of the population.

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use, while simultaneously the SFMTA acknowledges that the majority of bike riders are white males.

If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be

facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street
and the list goes on and on...

And that leaves out the residential corridors, such as Clay Street, from Fillmore to Arguello. It's where I have lived for 25+ years. But now I can hardly back out of my garage for the hazards presented by out-of-control bicyclists speeding through the stop signs, ignoring all safety measures; and some of them have children strapped in child seats!

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Jeff Tumlin is destroying Geary Street. We are never going to bring it back from the pandemic if he stays in control.

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard

Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street
and the list goes on and on...

Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valencia Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Did Jeff Tumlin gauge the impact on small businesses that the construction had on Van Ness, past the issues with contracting practices. Let me tell you, one person that had a small business committed suicide. You must do a proper evaluation on the impact slow streets have for small businesses. SF is in a crisis and cutting off access is not supporting business's that have large overhead, and little foot traffic. Loosing Valencia Street is a mistake. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. and the list goes on and on...

This is a crisis: SF is losing too many beloved neighborhood institutions in once-vibrant business corridors, the unique areas that define SF. You must act NOW to stop this.

SFMTA's job is to make movement of people and goods as friction-free and safe as possible. ALL modes of transportation, including driving (what the vast majority of San Franciscans do). Tumlin has made it clear that he wants to end car use. If you support him I expect that you will only take public transit and bike from now on, to all of your work-related, personal and public engagements. You are currently chauffeured, in a CAR. Don't be a hypocrite - either stop that or stand up for the rest of us.

Pre-pandemic ridership on Muni averaged over 700,000 per day, since the pandemic ridership averages less than 400,000 per day. But instead of making MUNI safer, more reliable and more attractive to riders, SFMTA is focused on forcing its anti-car ideology while prepping yet another bond measure to "save MUNI". No thanks.

City Hall elevates itself above citizens. It is beyond selfish for public servants to have parking spaces and drive where they need to go, yet dictate to the taxpaying citizens that our goals and needs should be met in a different way.

We, the silent majority of over 490,000 registered vehicles in SF, want ALL transportation to be facilitated and are coming together to fight the counterproductive, biased SFMTA and Bike Coalition agenda. Tumlin and the unchecked SFMTA will be an election issue next year. The monopoly on power is ending.

We insist that you replace Tumlin with an SFMTA director who is willing to listen and serve the needs of ALL San Franciscans

Enough is ENOUGH: SFMTA's destruction of small businesses and the overall quality of life in SF will not be tolerated any longer.

Message to the Board of Supervisors, Mayor and SFMTA

From your constituent Moraya Khan
Email morkhan@comcast.net
I live in District

Enough is enough: Fire Jeff Tumlin

Message:

Dear Mayor Breed,

Valencia Street is the last straw. This is an emergency that you need to get under control. SFMTA runs rampant and unchecked damaging San Francisco neighborhoods and business corridors, and it is destroying our beloved City. Jeff Tumlin is an unelected bureaucrat accountable to no one, and he is imposing HIS dysfunctional and biased vision on the streets of San Francisco to the detriment of the vast majority of residents, commuting workers and businesses. It is time: Tumlin must be fired or forced to resign.

Here is just a small sample of merchant corridors, already struggling from the pandemic, where closures are happening or have happened along streets that SFMTA destroyed all while turning a deaf ear to the concerns voiced in public forums about their plans in these corridors:

Valenica Street
Van Ness Avenue
Market Street
Geary Boulevard
Taraval Street
Ocean Avenue
Polk Avenue
Hayes Street

and the list goes on and on...

Dear Representatives,

I am a Bayview resident and I do not support the extension of the Vehicle Triage Center (VTC) at the Candlestick Point State Recreation Area (CPSRA) in Bayview.

There are many reasons—poor outcomes for permanent housing, excessive costs, and lack of clean primary power to the site—to name a few.

SHAME ON THE BOARD OF SUPERVISORS, ESPECIALLY WALTON, FOR CONTINUING TO ALLOW THE COMMUNITY OF BAYVIEW TO SUFFER. Walton said openly that a second site was in the works when the VTC was opening and nothing. Nothing but suffering on the Bayview community and thinking it is a good idea to continue.

Regards,

Ryan Smith

There are many reasons—poor outcomes for permanent housing, excessive costs, and lack of clean primary power to the site—to name a few.

I'm not opposed to providing services to unhoused communities. But what the city does can't be at the expense of the Bayview community, which has long borne historical discrimination and pollution, while having less access to parks and open space. The CPSRA is a vital outdoor recreation area, and should be used for that purpose. The State Parks Commission Board itself toured the area in September 2023 and noted that it had to get the first urban state park "right".

It is time to end the VTC experiment at Candlestick and invest in proper development and infrastructure in the area. That's why I urge the State Lands Commission not to extend the VTC beyond its initial 2-year term, ending in January 2024. As representatives of the Public Trust, I implore you to uphold your duties to provide a safe, clean, invested in recreation area, as the CPSRA is intended to be.

On my block alone (700 block of Jamestown Avenue) there are people living in their vehicles (3 RVs). The VTC is expensive and is servicing only a small percentage of those living in their vehicles in our neighborhood!

The only solution is to bring back the laws that made it illegal to live in a vehicle.

Regards,

Ray Lobato

Hello,

Please see attached 12 Letters Regarding **File No. 230985:**

Charter Amendment (Third Draft) to amend the Charter of the City and County of San Francisco to define “Full-Duty Sworn Officers” for purposes of establishing minimum staffing levels for sworn officers of the Police Department; and, contingent upon the Controller’s certification that a future tax measure passed by the voters will generate sufficient additional revenue to fund the cost of employing Full-Duty Sworn Officers at specified minimum staffing levels and the minimum amount necessary to implement a police staffing fund: 1) set the Minimum Staffing Number for five fiscal years beginning with 1,700 full-duty sworn officers in year one, with increases each year such that by the fifth fiscal year, the Minimum Staffing Number shall be 2,074; 2) require for a period of five years that the Mayor and Board of Supervisors appropriate funds to pay for at least the number of sworn officers as of February 1 of the prior fiscal year; 3) establish a Police Full Staffing Fund (“Fund”) for a period of five fiscal years to facilitate minimum police staffing; 4) require that \$16.8 million be appropriated into the Fund in the first year, and varying amounts in years two through five, calculated based on staffing shortages, but allowing for a temporary freeze of appropriations to the Fund after the first year in a budgetary or economic emergency; at an election to be held on March 5, 2024.

Subject: No Cop Tax!! I OPPOSE Safai's amendment to increase taxes to solve the SFPD staffing crisis.
Date: Thursday, November 30, 2023 2:33:00 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Siobhan Casey, smtncasey@gmail.com

I am a resident of District 7

Message: No Cop Tax!! I OPPOSE Safai's amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisors,

I am writing to vehemently OPPOSE Supervisor Safai's amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

Nancy Hernandez

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Sunday, December 3, 2023 5:32:52 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Michele Hennessey

Subject: No Cop Tax!! I OPPOSE Safai's amendment to increase taxes to solve the SFPD staffing crisis.
Date: Tuesday, December 5, 2023 10:09:36 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: LAURA LARSEN, lauraasund@gmail.com

I am a resident of District 2

Message: No Cop Tax!! I OPPOSE Safai's amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisors,

I am writing to vehemently OPPOSE Supervisor Safai's amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am a San Franciscan and a voter writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Over 15,000 Gazans are already dead. Over 700 died last Sunday alone. A third have been children. Hospitals, apartment buildings, refugee camps, and other non-military installations have all been hit by IDF bombs. Many, many more Gazans are severely injured and over a million have been displaced with nowhere to go inside their walled territory where they are safe from the bombs. The violent brutality of this war is intolerable and all means available to us must be utilized to bring it to a swift end.

As if the horrific death toll alone were not enough, the war also stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts our community at risk of harm from the rise in hate-driven violence. Turning a blind eye or expressing ambivalence will only continue the cycle of hatred and violence. A ceasefire is the only viable path out of this.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. Another poll estimates Democratic support at 80%. Several weeks ago, an estimated 50,000 marched down market street to demand a ceasefire. Protests have been occurring around the city several times a week for over a month. The Board of Supervisor's support for a ceasefire should be a foregone conclusion. I call upon you to voice your support for an immediate ceasefire.

This atrocity must end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. Every hour it is delayed only brings more deaths. Let's not be the city that failed to speak up when the need was most dire.

As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

It is absolutely essential that you listen to your constituents -- or this is no democracy. We say NO MORE BOMBING of CIVILIANS, many of them CHILDREN. Support a ceasefire or permanently lose my vote and the millions who have been taking to the streets to say FREE PALESTINE.

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

1 [Calling for Sustained Ceasefire in Gaza, Humanitarian Aid, Release of Hostages, and
2 Condemning Antisemitic, Anti-Palestinian, and Islamophobic Rhetoric and Attacks]

3
4 **Resolution calling for a sustained ceasefire in Gaza, humanitarian aid, release of**
5 **hostages, and condemning antisemitic, anti-Palestinian, and Islamophobic rhetoric and**
6 **attacks.**

7 WHEREAS, All human life is precious, and the targeting of civilians is a violation of
8 international humanitarian law; and

9 WHEREAS, Between October 7 and December 4, 2023, armed violence has claimed
10 the lives of at least 15,000 Palestinians and over 1,200 Israelis, and wounded thousands
11 more; and

12 WHEREAS, An estimated 1,700,000 Palestinians have been displaced from Gaza
13 since October 7, 2023; and

14 WHEREAS, Hundreds of thousands of lives are at imminent risk in Gaza without a
15 sustained ceasefire and without massive humanitarian relief; and

16 WHEREAS, The lives of more than 137 remaining Israeli hostages in Gaza are also at
17 imminent risk; and

18 WHEREAS, The United States Government currently provides substantial military
19 funding to Israel; and

20 WHEREAS, On October 26, 2023, the United Nations (UN) General Assembly adopted
21 a resolution calling for an “immediate, durable and sustained humanitarian truce” between
22 Israeli forces and Hamas militants in Gaza, and various other international humanitarian
23 organizations have similarly called for a sustained ceasefire; and
24
25

1 WHEREAS, A growing number of cities around the country have called for a ceasefire;
2 and

3 WHEREAS, A growing number of labor unions have recently called for a ceasefire,
4 including local unions in San Francisco that represent City workers, some of whom are
5 reporting higher instances of anti-Palestinian racism, Islamophobia, antisemitism, and
6 xenophobia as they perform their job duties; and

7 WHEREAS, On November 21, 2023, the Biden Administration announced an
8 agreement to a four-day pause in hostilities, the release of at least 50 Israeli hostages, and
9 the release of 150 Palestinian prisoners; and

10 WHEREAS, On November 24, 2023, the four-day pause in hostilities began, and was
11 extended two days on November 28, 2023; and

12 WHEREAS, On November 27, 2023, the UN Secretary General issued a statement
13 urging that “[t]he dialogue that led to the agreement must continue, resulting in a full
14 humanitarian ceasefire, for the benefit of the people of Gaza, Israel and the wider region;” and

15 WHEREAS, The temporary pause ended on December 1, 2023, and was immediately
16 followed by aerial bombardment and rocket fire; and

17 WHEREAS, Many San Franciscans have deep connections to Israel, Gaza, and the
18 region, including family, friends, and loved ones there; and

19 WHEREAS, Following the brutal attack by Hamas militants on Israelis on October 7,
20 2023, San Francisco Israelis, Jews and others have experienced, and continue to experience,
21 shock, trauma, grief, and fear, compounded by rising antisemitism in our nation and our city;
22 and

23 WHEREAS, Israel’s sustained and devastating military assault on Gaza since October
24 7th has caused San Francisco Palestinians, Muslims and others to experience, and continue
25

1 to experience, shock, trauma, grief, and fear, compounded by rising anti-Palestinian racism
2 and Islamophobia in our nation and our city; and

3 WHEREAS, Antisemitic, anti-Palestinian, Islamophobic, and xenophobic rhetoric and
4 attacks are on the rise across the nation and in San Francisco; now, therefore, be it

5 RESOLVED, That the San Francisco Board of Supervisors calls for a sustained
6 ceasefire, provision of life-saving humanitarian aid in Gaza, and the release of all hostages;
7 and, be it

8 FURTHER RESOLVED, That the San Francisco Board of Supervisors urges the Biden
9 Administration and Congress to call for a ceasefire, humanitarian aid, and the release of all
10 hostages; and, be it

11 FURTHER RESOLVED, That the San Francisco Board of Supervisors condemns
12 antisemitic, anti-Palestinian, Islamophobic, and all xenophobic rhetoric and attacks.

Date: Sunday, December 3, 2023 5:09:51 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors,

1.

You were elected to take care of our city, not to engage in international politics.

2.

The resolution calling for a ceasefire is a resolution in support of HAMAS. They desperately need a ceasefire to regroup, keep weapons and tunnels, and attack again. The insane resolutions adopted in Richmond and Oakland are filled with lies and propaganda to hold Israel accountable for everything which happened on October 7th. I assume supervisor Preston's resolution will do the same since he is working with the same antisemites ("stockholders") who spearheaded the Oakland and Richmond disgrace. There were no calls for cease-fire, and humanitarian aid to Germany during World War II. Why is supervisor Preston planning "to introduce a resolution calling for a sustained cease-fire" and "humanitarian aid"? How can a terrorist-protecting resolution "bring people together in defense of human rights and peace"?

3.

Anybody considering a ceasefire resolution must watch at least a day of October 7th videos of killing people by cutting off babies and (non-babies) heads (some with shovel), putting them in the oven, raping girls and boys with limbs being cut off during the rape, burning people alive, women gang-raped. A 8-months pregnant woman was tied in the kitchen with her abdomen cut and the fetus/baby in front of her burned. The "fighters" carried some bodies to Gaza for "innocent civilians" to spit on, mutilate them further, and generally celebrate. They were so proud of their achievements. And Hamas promises to do it again and again - until Israel is destroyed: <https://url.avanan.click/v2/> <https://www.memri.org/reports/hamas-official-ghazi-hamad-we-will-repeat-october-7-attack-time-and-again-until-israel>__YXAzOnNmZHQyOmE6bzplYTNiOWNiMGU5NWZkMjI2MmNiOWQwOWY1NmI4YjdhODo2OmMwZjA6OGU3M2Y5YTElZTczNDk0NjI0NmY0Y2E2ZTAxNmYxNjgzZjM3OWVjMDk5N2Y4MjZkMDA1NzlkZDc4ZmRmNWRlZjpwOIQ

4.

The terrorists must be exterminated. The terrorists and their infrastructure: tunnels and weapons - held in hospitals, schools, and kindergartens. Deaths of civilians (human shields for terrorists) - adults (not all very "innocent") and children (educated in necessity of killing Jews) - is unfortunate (as it was during WWII), but very useful for Hamas (the more children are killed the more Israel is condemned by the "international community").

5.

If you want to adopt a resolution about the Israel-Hamas war (which is actually not your business), it must be the one condemning HAMAS, all palestinian terrorists, and the October 7th massacre, supporting Israel in the rightful fight against evil, and calling for unconditional and immediate release of all hostages.

Thousands more Palestinians are wounded or missing.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the further loss of life and humanitarian catastrophe.

Dear Supervisors,

I object to the Ceasefire Resolution!

You were not elected by SF residents to deal with international affairs.
You were elected to take care of the city, which is going down the drain!

Recall your election campaign and your promises, did you do your best to get San Francisco a good and safe place to live?
There is less than a year before the next election and you still have time to make good changes.

Your approval of Ceasefire Resolution will create a new wave of antisemitism and racism in our city, more violence and public disturbance.
And you, our supervisors, will be in charge of it!
Neither SF residents elected you for this reason.

Regards,
Hannah Star

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the further loss of life and humanitarian catastrophe.

Subject: SUPERVISOR PRESTON'S RESOLUTION ABOUT THE WAR BETWEEN ISRAEL AND HAMAS
Date: Sunday, December 3, 2023 9:00:27 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

SUPERVISOR PRESTON'S RESOLUTION ABOUT THE WAR BETWEEN ISRAEL AND HAMAS

My response to Supervisor's Preston's Outrageous Resolution:

First, some history about Israel and the so-called Palestians.

The area called Palestine was a province of the Ottoman Empire. The Arab and Jewish people lived in that designated area. Both groups can be identified as Palestians. Today's so-called Palestians are Arabs who originally lived in the Ottoman Empire province that today is called Syria. The Palestians are not a unique designation of humankind.

After the creation of the State of Israel in 1948, all Arab countries expelled all their Jewish residents. These Jewish residents had lived in those areas for over many thousands of years. The Israeli State offered the Arabs in the area that became the State of Israel citizenship in the country and the opportunity for economic advancement. Unlike the Arab countries who expelled all their Jewish residents, Israel did not expel the Arabs. The Arabs did not want to live in peace with Israel and began the first of many wars with the Jewish State.

Currently, In Gaza, the so called Palestians were given a productive economic region that offered many more opportunities for economic development. Gaza Strip sits on some of the most desirable land in the Mediterranean Sea. The so-called Palestians had numerous opportunities to develop this land, and to improve the living standards of the population.

However, in place of economic development, the so-called Palestians put their efforts into a war machine against Israel. In place of investing the billions of dollars given to the people of the Gaza Stripe, Hamas used the money to build a series of underground tunnels to attack Israel. The people of Gaza voted for the Hamas Organization that is recognized by many countries as a terrorist organization. The charter of Hamas specifically documents their goal of destroying Israel and killing all the Jews!

Egypt and Israel closed their borders surrounding Gaza because of the terrorist activities of Hamas.

The residents of Gaza face destruction of their cities and homes, denial of electricity and water and loss of life because of the Hamas terrorist actions against the people of Israel. Hamas is directly responsible for the death, injuries of Israelis, and the destruction of Israel property. No other country puts up with constant rocket bombardments and potential death and injury to their citizens, except Israel. Israel has every right to defend itself and to destroy the sub-

humans (members of the Hamas terrorist group) who inflicted untold damage and death to Israel and its residents.

In 1970, Jordan murdered over 100,000 so-called Palestians and expelled more than a million of those people from their country. Egypt and Jordan refuse to allow any of the so-called Palestians into their country. Saudi Arabia murdered over a 150,00 residents of Yemen in a proxy war with Iran. However, the world has forgotten this past history and only wants to blame Israel for trying to eliminate the murderous Hasmus group. Hamas hides behind hospitals and mosques, and the citizens of Gaza, Hamas is responsible for the large number of killings in Gaza.

Death of non combatant persons is one of the most horrible consequences of war. In World War II, a large number of non-combatant Germans died from the Allied bombing of Dresen. Non combatant deaths come with wars! Hamas deliberately entered Israel to kill non combatant citizens, and persons who had no way to defend themselves. This is a direct violation of the international standards on the conduct of war. Due to the bombings in Gaza, to identify and kill Hamas members, non-combative citizens were injured or killed. Israel did not target the non combatant citizens, the opposite of Hamas who did target non combative citizens of Israel, and visitors from other countries including the United States. The killing and injuring of non combatants in Israel and Gaza can not be equated!

A ceasefire in Gaza is not possible as long as Hamas keeps bombarding Israel with rockets and other war-like explosive devices! Anyone who thinks a country at war with another country can declare a ceasefire with their warring opponent, and yet the other country continues their war actions, is either an idiot or an imbecile. Hamas and Hezbala continue to bombard Israel with rockets and shells. This situation is not one where a ceasefire can be maintained.

Your resolution calling for a ceasefire by Israel, yet no stopping of Hamas war actions, is a fraud and a shame. San Francisco residents are intelligent enough to realize that your resolution is a total shame, and nothing but garbage. Israel has no hostages to release. The people Israel holds in their jails are terrorists who inflicted terror on Israeli citizens prior to October 7, 2023.

A two state solution will not work, when one of the states has a goal of destroying the other state. A two state environment with Hamas type organizations running the state, will lead to more wars and loss of lives.

Supervisor Preston's resolution is a disgrace to the City of San Francisco and its governmental institutions.

Arnold Cohn

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

I am a resident of San Francisco Supervisorial District 9, deeply saddened by the events in Israel and our government's complicity in the brutality being committed against the Palestinian people in Gaza. In a recent poll, around 68% of people surveyed in the US, regardless of party affiliation, support a ceasefire. I believe that supporting a ceasefire is morally necessary, in addition to that I think politicians from the presidency on down the line will suffer electoral consequences by taking the wrong side of this issue.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Dear SF Board of Supervisors,

I am a SF nurse kindly imploring you to vote "YES" on the Ceasefire Resolution.

As a clinician who cares about humanity, there are many tragic turning points during this bombardment of Gaza that have been forever burned into my mind. There are too many to detail all of them, so I will just pick a few.

In no particular order:

- The refusal of adequate food, water, fuel, and humanitarian aid into Gaza, representing the collective punishment of an entire people
- The indiscriminate bombing of civilians trapped in an open air prison, leading to over 15,000 deaths (8,000 of these children)
- The new diagnostic category developed in Gaza of "WCNSF," which stands for "Wounded Child, No Surviving Family"
- Israel's initial denial of bombing of a hospital, only to be followed by *relentless* bombing of hospital after hospital, ambulance after ambulance, killing of doctor after doctor, nurse after nurse, patient after patient, and violent destruction of the entire healthcare infrastructure

There will be some people who may argue that a ceasefire is controversial. On the contrary -- it is the most basic request. It is a non-negotiable prerequisite needed before we can even think about peace. No meaningful discussion about a way forward can occur if an entire population cannot eat, cannot sleep, cannot bury their dead, and are constantly running from bombs falling on areas they were told were "safe." There can be no progress without a ceasefire, only further death and despair.

Finally, the ceasefire is a step that the vast majority of Americans agree with. Support for a ceasefire is 68% nationally, and can only be exponentially higher within San Francisco, one of the nation's most liberal cities. **Supporting this resolution is what democracy looks like.**

Thank you in advance for taking this step towards peace and justice, and listening to the voices of San Francisco's diverse communities.

Respectfully,

Alysha Aziz, RN

As a voter, resident and homeowner in San Francisco I think the **Board of Supervisors needs to spend time on LOCAL issues, and not on International declarations!**

The Board is not using their time to work on solving any of the local problems which they were elected to solve, yet are wasting time on international issues!

Focus on issues such as the trash everywhere, the tents blocking our sidewalks, people shooting up in front of schools and homes, lack of affordable housing, etc.!!!

As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

Subject: San Franciscans Support the Permanent SF Cease Fire Resolution
Date: Monday, December 4, 2023 11:24:03 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear SF Board of Supervisors,

My name is Nik Evasco, and I am a San Franciscan urging you to approve the permanent ceasefire resolution at Tuesday's Board of Supervisors meeting.

It is always correct to support saving lives. That is all this resolution and the calls across the Bay and the US are demanding. We can save lives now by demanding a permanent ceasefire to end the Israeli bombardment of Palestine.

There is no moral or humanitarian reason to say "no" when the business at hand is to save lives.

I ask that you consider the great loss of life in Palestine and how the Palestinian community is suffering here in San Francisco, in the Bay Area and around the world. If we add our voices to the growing call for peace we can take one step closer to healing together as a community.

It is your moral duty to vote "Yes" now while people are being killed indiscriminately. One more day is too late.

Thank you,
Nik Evasco

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass [House Resolution No. 786](#).

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Warmly,

Nabeela Ariqat

Hello Mayor and Supervisors,

Last week the Jewish Community Relations Council Bay Area publicly labeled the Arab Resource and Organizing Center (AROC) a “pro-terrorist” organization. That label is false and inflammatory. The JCRC’s statement endangers Arabs and Muslims, both in the United States and abroad; and in its falsity the statement also endangers Israelis and Jews by deepening the well of extremism.

I ask that you publicly disavow the JCRC’s inflammatory comments and reaffirm your commitments to protect the safety of your constituents, and your human obligation to help protect all people of this earth.

Thank you for standing up for truth and tolerance.

Respectfully,
William Glassmire

Subject: Urgent Appeal for Support on Ceasefire Resolution
Date: Monday, December 4, 2023 2:04:57 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear SF Board of Supervisors,

My name is Anna Wolde-Yohannes and I am a resident of San Francisco. I am writing to express my deep concern with the ongoing violence in Gaza and to urge your support for the ceasefire resolution being presented to the Board of Supervisors by my District 5 Supervisor, Dean Preston.

After persistent efforts from our local community, it is heartening to see that our Board of Supervisors is on the verge of taking a significant stand for peace and justice. This reflects the sentiments of San Franciscans and along with 60 Congressmembers, and two thirds of American voters calling for a ceasefire. The proposed resolution is a clear embodiment of these values, and I strongly encourage you to endorse it as it is currently drafted.

The United Nations, national human rights organizations, and government leaders worldwide have all echoed calls for a ceasefire. This is not a controversial stance, but a moral imperative. The ramifications of this issue extend to San Francisco's diverse communities. Beyond a surge in antisemitism, our city's Arab and Muslim populations are particularly susceptible amid a troubling rise in Islamophobia and anti-Palestinian racism. The Council on American-Islamic Relations has reported a shocking 200% increase in hate incidents against Muslims since October 7.

Your acknowledgment of Palestinian humanity and support for this resolution are pivotal in combating the escalating hate. San Francisco has consistently been a bastion of social and racial justice, and passing this ceasefire resolution will set a precedent for California and the entire nation.

I urge you to honor the calls of your constituents across San Francisco, like myself, to support this ceasefire resolution.

Thank you for your time and thoughtful consideration.

Sincerely,

Anna Wolde-Yohannes
District 5, San Francisco

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

There is no other way to describe what is going on in Gaza other than as a tragedy. 15,000 Palestinian lives have been lost already, and that number is certainly an under count. An unknowable amount of people have been physically injured. They have lost limbs, have had permanent damage done to their bodies, and have been pelted with illegal weapons such as white phosphorus gas. This of course does not account for the psychological damage that has been dealt to the people of Gaza by Israel. It also does not account for the homes that have been leveled to the ground, the damage done to the already pathetic excuse for infrastructure that Gaza has, the hospitals that have been destroyed, or the schools that will never host another child.

I lost my father at the age of 21 to lung cancer. He was diagnosed and died a few weeks later. His stubbornness and bad habits caused his death. The pain that caused me, I would not wish upon my worst enemy. He could have prolonged his life if he had acted accordingly. I cannot imagine what it is like to lose a child, a father, a mother because a bomb was dropped on your home, or your car while fleeing disaster, or a hospital where you or a loved one are being taken care of, or a refugee camp where you have been forced to relocate to. My father died because of his own inaction but these deaths happened because the state of Israel could not be bothered to give a shit about them.

Instead Israel doubles down on their actions. They make up false information like saying a calendar is a schedule with terrorist names, they post footage from behind the scenes of a film made in Lebanon as evidence that Palestinians are faking their injuries, or they say the numbers being released are " Hamas Numbers " even though the US intelligence community believes the numbers are not only trustworthy but even likely higher. They do this to justify their atrocities or to cover them up.

They dehumanize the Palestinian people and act as if there is no other way for them to conduct their genocidal crusade. Netanyahu can call the Palestinians the Amalek, diplomats can say there is no humanitarian crisis in Gaza, a politician can feel safe enough to say nuking the strip isn't off the table, Israeli news outlets can list every single Palestinian death as a dead terrorist, and the people of Gaza can be referred to as human animals. We often hear that

Israel has the right to defend itself. That they are mindful of noncombatants and take precautions to ensure civilian casualties are as low as possible. Reality simply does not reflect this. Actions often speak louder than words but in this case I don't think we even need to look that far.

We've all heard that Palestinians are used as human shields by the vile and evil Hamas. However, I would like to ask a simple question. If Hamas was operating inside of Israel would Israel's actions be justified? Would Israel be okay with slaughtering their own civilians? Would they be okay with denying their own citizens food, water, housing, and power? Would they be okay with destroying their own schools, their hospitals, their refugee camps, their homes? Let's expand this hypothetical. Would any other population of people inside any country be okay with the conditions that Israel subjects the Palestinians to? Would you be okay if this was happening inside San Francisco? I think you know the answer.

Looking beyond Gaza we can see how terrible the conditions in the West Bank are. Israeli settlers continue to murder and attack Palestinians on their own land. Then they come back the next day and attack the funeral for the people they slaughtered. Palestinians can't even harvest their olive trees without risk of being murdered for the crime of existing. The trees are even torn down on the grounds of being used as cover for terrorist groups to hide behind. I wasn't aware that Hamas also ran the West Bank. Must be a new development. The real goal is not to destroy cover but to instead destroy the livelihood of these human beings. These are the actions of terrorists but if you ever dare to call an Israeli settler a terrorist, you would be bombarded with outrage calling you antisemitic. Hell, you might be called antisemitic just for bringing up the actions of the settlers.

The Palestinians are held to such high standards. Some Israeli leaders will argue that the population of Gaza are not innocent. They could have risen up and overthrown Hamas, and therefore they are somewhat responsible. According to this logic aren't all Israelis responsible for the actions of their government? Aren't all Israeli's responsible when an IDF supported settler murders an innocent Palestinian or white phosphorus gas is dropped on civilians? After all, they are supposed to be the only beacon of democracy in the hell that is the middle east. Hamas was "elected" 17 years ago, what excuse do Israeli's have?

I do not support this line of reasoning, and I do not blame the people of Israel for its government actions. However, it is clear to me that something has to change. The conflict in Gaza is the natural result of Israel's policies towards the Palestinian people. I understand you may not agree with me on that front, and I am not asking for your support in that regard. I am asking for you to do the bare minimum. I ask you to please acknowledge the very real pain the Palestinian people are being subjected to in this current moment. I ask that you please call for an immediate ceasefire and allow for unrestricted humanitarian aid be given to the people of Gaza so that they may begin to recover from this tragedy. I beg you to please find it in your heart to do this. Thank you for your time.

Subject: Public Comment in Support of the Ceasefire Resolution
Date: Monday, December 4, 2023 3:24:45 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good Afternoon Supervisors and Staff,

I am Peter Gaughan, I am a resident of District 5 from the Tenderloin, and I want to vocalize my support for the Ceasefire Resolution being considered on 12/5/2023.

San Francisco has many times over celebrated a legacy of cutting-edge social change and diverse communities. For those celebrations and lofty values to be fulfilled, San Francisco must also extend its influence and solidarity to communities in crisis at times of need. The ongoing genocide in Gaza is unconscionable, disproportionate, and has become murderous towards the over 2 million people who call the 141 square miles home.

When your home is that small, the population is that dense, and attackers are bombing seemingly indiscriminately, there is no safety, there is no stability, there is only tragedy, destruction, and death. To bomb a people into extinction makes no one safer, it protects nobody. All it does is reinforce the region's instability, Israel's ongoing violence is guaranteeing a future of more conflicts and war.

This genocide is extinguishing the loving lights of those lives who are lost and the lives of those who could never be. As of 3pm, today, December 4th, Aljazeera is reporting that 15,523 lights have been extinguished by Israeli bombs and invasions. Over another forty-thousand have been injured, with almost 70% of the injuries belonging to women and children. And another almost seven-thousand people are still missing. And these numbers are probably low, the chaos and destruction mean there are likely countless more tragedies going unaccounted for.

The "safety" of one person cannot come at the expense of the life of another, that's not freedom, that's oppression. One is not made safer by a genocide, and it insults diverse and historically marginalized communities to presume as much. It's awful to justify the murder of innocents by invoking the name of those who have survived their own horrors. Trauma doesn't heal trauma.

San Francisco carries meaningful economic and political influence. San Francisco must lead the charge for the nation to follow.

As a resident, a voter, a taxpayer, and ultimately as a human sharing this moment and community with you; I beseech the Board of Supervisors to put our city on the right side of history, the right side of morality, and the on the side of humanity. Support a ceasefire.

Thank you for your time and consideration.

Solidarity Forever,

Peter Gaughan (*They/Them*)

Dear SF Board of Supervisors

My name is Kamel Awayda and I am a second year medical student who lives in District 7. I am deeply grateful for your time in reviewing this message.

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be a straightforward decision for this Board.

As a future physician, I am particularly attuned to the calls from the World Health Organization and United Nations that seek for an immediate and prolonged ceasefire, as well as unimpeded delivery of humanitarian aid to the region. The San Francisco Board of Supervisors must echo these calls to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Sincerely,
Kamel Awayda

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am a resident of District 9, writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Supervisors,

The pro-Palestinian rally in San Francisco last Saturday calling for ceasefire is not representing me and many other city residents. Majority of demonstrators were not even from San Francisco.

Listen to the residence of the city and do the right thing. Do your job of governing the city, and not take responsibility to decide destiny of the foreign country.

Very much hope that the common sense prevail.

Susanna Klebaner.

On Saturday, December 2, 2023 at 03:47:14 PM PST, susanna klebaner <klebans2000@yahoo.com> wrote:

Supervisors,

I object the ceasefire resolution.

This is not your place to advocate on behalf of foreign entities and international affairs.

You represent me and other San Francisco residents and forgot to ask, what we think about the matter. You were elected to take care of the city, which is going down the drain, not to advice on international matters.

I live in Connie Chan's district. Our beautiful beach is full of hate-promoting and divisive graffiti, which celebrates terrorism. It does not represent my views. Does it represent your views?

Before advising other countries, please start with cleaning Ocean Beach wall of the graffiti, which celebrates terrorism, hate and destruction of the friendly democracy.

See one of the hateful images attached.

Regards,
Susanna Klebaner

As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

Hello, my name is Sarah Wells. I'm a resident in district 8, and I am urging the board of supervisors to vote yes on Supervisor Preston's Ceasefire Resolution.

We are urging our representatives to do the right thing and use their power to stop this horrific war. The loss of life is too much to bear. From everything that I have read and seen, what is happening in Gaza is essentially a total massacre, and I am disturbed, aren't you?

We need political solutions to this crisis, and with a Yes vote on the Ceasefire resolution from all of you, we can help take a step in the right direction. We can show that San Francisco is a city that believes everyone deserves to live in dignity and peace, no matter who they are or where they are in the world.

Please, please, please vote YES on the ceasefire resolution.

Thank you.

Hello Supervisors,

My name is Edna, I live in District 5, I went to university here and I've been a resident of SF for over 10 years, I'm Israeli-American, and Jewish, and I'm writing to ask you to pass the Permanent Ceasefire resolution and to thank Supervisor Preston for introducing it.

I'm voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

This death toll is unacceptable. The Israeli government and military perpetrating this violence in the supposed name of the Jewish people is antisemitic and puts all people in danger.

I'm asking for you to do what is in your power to join the other cities of the Bay Area that have passed legislation making it clear that we do not stand for this. Let our city be an example and reflect the democratic will of the people by passing the ceasefire resolution. We need to apply every pressure available to us to end this atrocity immediately.

Thank you,

Edna

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am a healthcare worker.

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Hello Supervisors,

I am writing to urge you to vote Yes on the Ceasefire resolution.

I am sympathetic to Supervisors who resent being put in a position of having to weigh in on international issues. I get that, you got into this job to build affordable housing, implement slow streets or prevent slow streets - local stuff.

The reason the war in Gaza is also a local issue is that it's being funded by the United States government. The senate is voting very soon on a \$14 BILLION aid package to Israel, all for weapons. If you don't want to have to weigh in on Israel's wars forever, vote to send a message to congress to stop sending US money to fund this war. Today that message comes in the ceasefire resolution.

I know lots of Israelis, they are sick of hearing from Americans how to run their country. They try to tell me I shouldn't have an opinion. When I tell them I have to have an opinion because I'm paying the bill for their wars, they tell me they don't need US aid, and they would rather the US keep the money and stop weighing in on their internal politics. So - if you're worried that cutting off Israel would harm that nation, don't worry, they don't need the money.

At least before you vote, please [read this report](#) from an Israeli news outlet about the way Israel is prosecuting this war. The TL;DR is that they are killing way more civilians than ever before, there is almost no effort on the part of the Israeli military to curtail civilian losses:

“The numbers increased from dozens of civilian deaths [permitted] as collateral damage as part of an attack on a senior official in previous operations, to hundreds of civilian deaths as collateral damage,” said one source.”

In fact, the eye-watering numbers of civilians killed, and civil infrastructure destroyed, is part of the point of the strategy:

“According to the doctrine — developed by former IDF Chief of Staff Gadi Eizenkot, who is now a Knesset member and part of the current war cabinet — in a war against guerrilla groups such as Hamas or Hezbollah, Israel must use disproportionate and overwhelming force while targeting civilian and government infrastructure in order to establish deterrence and force the civilian population to pressure the groups to end their attacks. The concept of “power targets” seems to have emanated from this same logic.”

“Previous operations have also shown how striking these targets is meant not only to harm Palestinian morale, but also to raise the morale inside Israel. ...During the 2021 assault,

Israel struck nine targets that were defined as power targets — all of them high-rise buildings. “The goal was to collapse the high-rises in order to put pressure on Hamas, and also so that the [Israeli] public would see a victory image,” one security source told +972 and Local Call.

Obviously and unfortunately, this strategy isn't working at all. Hamas is more popular now than it was before the war. I'm not a military expert, I'm just an ordinary consumer of news, but this outcome was immediately and intuitively obvious to me, and I think is to you too, because being bombed makes people hate the people who are bombing them. Palestinians who, before the war, might have disliked or even hated Hamas because of its corruption, incompetence, or oppressive policies now like them, because they at least made Israel suffer.

Israelis are living in a fantasy world where they can offload moral responsibility for their actions onto other actors. But that's just not how it works. Palestinians especially, and also the rest of the world, can all see who is dropping the bombs and shooting the guns. Those are the people who are responsible for deaths. Israel can't just point elsewhere and say "this other guy made me do it."

However, the source continued, “it didn't work. As someone who has followed Hamas, I heard firsthand how much they did not care about the civilians and the buildings that were taken down. Sometimes the army found something in a high-rise building that was related to Hamas, but it was also possible to hit that specific target with more accurate weaponry. The bottom line is that they knocked down a high-rise for the sake of knocking down a high-rise.”

We are living in a double tragedy of tens of thousands of deaths, with no strategic value for anyone. All of this death is purely the result of unchecked emotion on the Israeli side, unimpacted by strategic reasoning.

In fact, this action is putting Jews worldwide at risk. Israel is supposed to exist to make Jews safer, but in my lifetime I have never seen anything to indicate that happening. Not only is Israel proceeding with horrifying violence, they are broadcasting directly and through local Zionist organizations (like the JCRC) that ordinary Jews in the diaspora are implicated in these policies! **When the JCRC tells you that opposing war in Israel is also anti-Jewish they are telling you that this war is somehow inherently Jewish which is NOT TRUE AT ALL.** THIS is the rhetoric that is making Jews unsafe, not rhetoric opposing war.

Thank you so much for your vote YES on Ceasefire

Date: Tuesday, December 5, 2023 8:28:36 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I strongly object to this resolution being considered by the Board of Supervisors. It is not related to the official duties of the Supervisors and they should not spend any time on it.

San Francisco Supervisors are elected to govern and solve the problems of the city of San Francisco, not Gaza City, not the city of Jerusalem, nor any other locality. Spending the Supervisors' work hours considering a resolution that has nothing to do with the problems facing San Francisco is a dereliction of their job responsibilities and a waste of San Francisco taxpayers' money that pays their own salaries and those of their legislative staff members.

As any person, the Supervisors have the right to express their opinions on any subject on their own time. The time they spend as members of the San Francisco Board of Supervisors must be devoted to governing the local affairs of the city of San Francisco.

I demand that the Board decline the consideration of the resolution on this topic and any other topics that are not within the scope of the Board's direct job responsibilities.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, Israeli forces are blindly murdering innocent civilians in a revenge war against Hamas. The reality is that they are deliberately targeting civilians, and deliberately inhibiting aid access to innocent Palestinians. The attacks and violence perpetrated by Hamas in October are unforgivable. But so too is the Israeli military response.

The Islamophobia and antisemitism rising out of this conflict is reprehensible. That, however, should not allow for American politicians and public servants to sit back and feign ignorance of what's really happening in the Middle East. San Francisco has the opportunity to stand as a leader against violence. This is not a partisan issue -- overwhelmingly, Americans agree that a ceasefire must happen.

The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting violence against and eradication of the Palestinian people. Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Supervisors, we are asking all of you to support the Cease Fire Resolution,

Resolution calling for a sustained ceasefire in Gaza, humanitarian aid, release of hostages, and condemning antisemitic, anti-Palestinian, and Islamophobic rhetoric and attacks

Please join the United Nations' call "that the dialogue that led to the agreement must continue, resulting in a full humanitarian ceasefire, for the benefit of the people of Gaza, Israel and the wider region"

Please pass the Resolution and urge the Biden Administration and Congress to call for a ceasefire, humanitarian aid, and the release of all hostages.

Sincerely,

The Haight Ashbury Neighborhood Council

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear S.F. Board of Supervisors,

I urge you to PASS the Ceasefire Resolution to be introduced today at the Board meeting.

I and many others are heartbroken for both sides in this horrifying war in the Middle East and we all must speak out in various ways. A statement from the S.F. Board of Supervisors is one important way and I trust that you will issue a statement of peace and reconciliation on both sides.

Thank you,

Betty Traynor
S.F. resident
Member, Women's International League for Peace and Freedom (WILPF - S.F. Branch)

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Dear Supervisor:

Please know that my grief for everyone in the Middle East in this territorial struggle causes me to ask you to support this Resolution for a Permanent Ceasefire.

At the very least, I ask that San Francisco be on record urging that U.S. weapons and participation in the ghastly struggle there no longer be provided.

Yours in the name of Mercy, Peace, and Justice,

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Board of Supervisors

cc: Mayor Breed

via email

Dear Supervisors,

I am 1000% in support of the resolution before you, calling for you all to support a full ceasefire in the Israeli war on the Palestinians in both Gaza and the West Bank.

Gratuitously I offer the following: my mother was Jewish, whose family was run out of their Russian village in a Pogrom, but my mother despised the Zionists. My wife is Jewish as were her parents, but never Zionists. My father was Armenian whose family was run out of Armenia by the Ottoman Turks, but we were raised not to hate the peoples of a nation because of the fascist behavior of some.

The Israeli war on the 2,000,000 Palestinians in Gaza is without proportionality vis-a-vis the Hamas attack of October 7. It is clear the Israeli intent is ethnic cleansing of Palestinians from Palestine. It is also clear that this genocidal intent was implicitly endorsed by our President when he announced he would send Israel \$14.3 billion, after ordering two aircraft carrier fleets into the eastern Mediterranean.

It is not overreaching to note that both Israel and the US have had Syria and Iran in their gunsights for decades, and that the Hamas "prison break" of October 7 is being used by Israel to target Syria and Iran as well as execute the "final solution" of cleansing Palestine of Palestinians.

I urge you to unanimously support the call for a ceasefire to stop the Israeli slaughter of Gaza civilians and settler murder of West Bank residents. Do not equivocate. Every voice to a ceasefire will help prevent a wider war as well as save tens of thousands of Palestinian lives.

Respectfully,

Denis Mosgofian

Supervisors,

I object the ceasefire resolution.

This is not your place to advocate on behalf of foreign entities and international affairs.

You represent me and other San Francisco residents and forgot to ask, what we think about the matter. You were elected to take care of the city, which is going down the drain, not to advice on international matters.

I live in Connie Chan's district. Our beautiful beach is full of hate-promoting and divisive graffiti, which celebrates terrorism. It does not represent my views. Does it represent your views?

Before advising other countries, please start with cleaning Ocean Beach wall of the graffiti, which celebrates terrorism, hate and destruction of the friendly democracy.

See one of the hateful images attached.

Regards,
Susanna Klebaner

2 December 2023

Dear Supervisors and Staff;

Joe Kunzler here, and you know I care about you. But I'm CC'ing the leader of the Jewish press in the Pacific Northwest in Ari Hoffman for a reason. I need to get your attention [considering recent reports](#).

I understand Supervisor Preston is working on a cease-fire resolution. Below is my counsel, take it or leave it, but here goes.

Before you decide to go or not go with this resolution, ask who you're going to influence? We all remember what calling the NRA a bunch of terrorists did: put the NRA on defense which the NRA just can't do well and changed the narrative to 2022's gun violence prevention victories. A resolution from the SFBOS is **not** going to have the same effect on the Israel-Palestine conflict.

As Berkeley Mayor Jesse Arreguin [said against the mob](#):

“These resolutions will not end the violence abroad, but they do fan the flames of hatred here at home. That’s a threat I cannot ignore.”

The Berkeley meeting discussing this was also disrupted. I have good reason to think President Peskin and the Sheriffs do not want this to go ahead. But in case the above doesn't deter you...

PM Netanyahu and most of the Israeli public over there won't care that you spend time on a cease-fire resolution. It'll give PM Netanyahu a platform to say he's defying the far left with any cease-fire resolution. Remember: Netanyahu kinda knows US politics, he's spent a lot of time here.

Hamas won't care. They're evil. Pure evil. They're lobbing rockets from civilian areas to civilian areas - a double war crime.

So I quote to you the Zelensky of the Gun Violence Prevention movement, Supervisor Stefani;

I consider you know this San Francisco to be the City of St. Francis, I say it all the time in these chambers: I hold myself to the goal to always try to be a channel of peace. And that means when there's hatred, bringing love when there's discord bringing harmony when there's air, bringing truth, and when there's despair, bringing hope, may sound corny to some but it hasn't let me down yet, and I am approaching today's vote with that in mind.

Something your office staff and you Supervisors better start thinking about. The Seattle,

[Oakland](#), and Berkeley attempts at a resolution turned into afternoons of discord, disruption, and division that have NOT stopped any fighting but brought some of that here. You do **not** want this.

Let's also remember we have US Navy destroyers in the region that have already been fired upon and have had to [return fire in this conflict](#). Being a channel of peace and a patriot means backing our President, our Secretary of State, without qualification now that our sailors are initiating fire on our ships and the civilian ships in their care. If there is perceived daylight between our national leaders and us, the forces of war are going to jump on that, too.

US Secretary of State Blinken has tried to push for a cease-fire as has President Biden. This resolution is not going to help them but hurt you and possibly hinder their mission as well. So I ask you, please stay out of this fight.

If you want to be helpful for peace, then condemn hate here at home. Food for thought.

Thanks for hearing me out. I miss calling you guys!!!

There you go pals;

Joe A. Kunzler

Supervisor Safai and others,

I am writing to you in regards the December 5 Ceasefire resolution. I am a resident of your district but I included the rest as it never hurts to have a moment of awakening.

I am not going to list how many civilians have died or why you should be voting for ceasefire. However, ceasefire is an end to this horrible tragedy. Don't be mistaken that peace in the Middle East will be born out of the dead civilians due to this attack on all civilians regardless of identities. This false narrative that civilian deaths are just necessary casualties is just absurdly wrong.

There are many ways to go around addressing the ongoing conflict in the Middle East than randomly firing on civilians starting with a two-state solution. Had a terrorist organization or an organized militia or any other group infiltrated the undergrounds of Tel Aviv or any other major city in the world to perform hideous attacks on civilians, I don't really see random air strikes will be the solution. The calculations will be different then. Don't make me feel the lives of people who look like me are less than the lives of others. Act now!

While your resolution may not have direct impact on actually implementing a ceasefire, it will show your forefront leadership that everyone always admires and expects of the city of San Francisco. It may also lead to public pressure to actually implement a permanent ceasefire.

I do follow many of your social medias and it's sad to see how many of you turn a blind eye to what's going on. Local politics have always driven national and international politics. abstaining from voicing your opinions in moment of need is why history is full of tragic events. Don't go down in history following the wrongdoers.

Either way, the world is watching. San Francisco is watching. December 5 is a test to truly see if the folks we think we share fundamental values are who they say they are.

Finally, thanks to Supervisor Preston for truly being in the forefront of speaking against all the unfairness that's ongoing in this world and for not falling down the path of the ongoing peer pressure within our so-called "Democratic Party". We are watching and observing.

Good luck with your work and voting!

Regards,
Bassam (Sam) Al-Mohamadi

I am a life long, 60 + San Franciscan, who travels the states/ world, only to consistently hear unfavorable accounts of SF wherever we land.

That said, in this morning's Chron I took note of yet another march in SF , demanding a cease fire (relative to Gaza)

.
Additionally - a focus for the SF BOS to weigh in , to declare support.

I shudder to imagine how much worse this could all get, but the last thing I want to imagine is SF weighing in on this international issue, challenge, that will only add more vitriol to the already negative news about SF .

Hence I took time to write and express my views in hopes it will be shared and appreciated

Thank you
Bev Lipson

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Sunday, December 3, 2023 10:00:04 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Rishi Misra

Subject: Please SUPPORT Resolution Calling for Ceasefire in Gaza
Date: Sunday, December 3, 2023 10:58:14 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I write to you as a San Francisco voter, as an American Jew whose four grandparents ran from pogroms in Eastern Europe in the early 1900s to find refuge in the United States. **I implore you to support Supervisor Preston's resolution calling for an immediate and long-lasting ceasefire in Gaza.**

Jewish Americans have a long history of speaking out in solidarity with oppressed people and standing for justice. Like too many others, we understand oppression through long experience. That includes the recent rise in antisemitism in the US and across the globe, mostly among right-wing hate groups, fascist governments in Europe and MAGA types here at home.

Although some opportunists may accuse Supervisor Preston and those who support him of antisemitism, that is a cynical lie. There is nothing, NOTHING, antisemitic in the resolution that will come before you, which seeks only peace and justice and an end to the slaughter of innocents.

My understanding of Supervisor Preston's background is that his family escaped the Holocaust. It is that awareness of what can happen when good people stay silent that compels him to stand on the side of justice. Never again means never again for anyone.

The current Israeli government is headed by a right-wing racist, using fear to continue to divide Jews and Palestinians in Israel, in Palestine, and in the US. The language that he and his coalition are using to describe Gazans as animals and vermin is despicable. The devastation they are wreaking on innocent civilians in Gaza and the West Bank are unspeakable. It is incumbent on us to speak up, to press the US to use its leverage to put a stop to the carnage. Now. Before it spreads and is impossible to contain.

Please, look deep inside and consider what is right. San Francisco must join the growing number of cities calling for peace, beginning with a ceasefire.

Thank you.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the further loss of life and humanitarian catastrophe.

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Sunday, December 3, 2023 1:12:45 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Shaquay Johnson

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Hillary Ronen, I believe and hope you are one of the supporters of the Ceasefire Resolution that will be introduced to the Board of Supervisors next week. I am a San Francisco resident in your district (I live in Bernal Heights) and I am Jewish. I know that a strong majority of Jewish and non-Jewish residents in San Francisco and throughout the country support a ceasefire resolution, as I'm sure you are aware from viewing and hearing about the ongoing protests. Now that Israel has re-started its mass bombing of the civilian population of Gaza today, a ceasefire resolution is more urgent than ever. A ceasefire will save innocent civilians. A ceasefire will end the collective punishment Israel has imposed on Gaza with its indiscriminate bombing. Why would anyone oppose a ceasefire? Why would anyone oppose a path towards peace, towards saving the lives of innocent civilians? Only those who believe that we should never hold Israel to account for anything they do would oppose a ceasefire.

I was raised as an Orthodox Jew. I was taught that in Judaism, every life is precious. I thank you for upholding that principle and for standing on the right side of history.

Thank you again,
Lisa

Supervisors, Please Support Palestine Peace Resolution

Please join most Americans in calling for a Permanent Cease Fire in Gaza!

Stop the killing, whether by arms, disease, starvation, or lack of medical care!

Use diplomacy and support UN intervention and peacekeeping forces.

Put restrictions on any aid to Israel - no arms!

Israel is a rich country and can buy its own arms.

Thanks,
Tes Welborn

Subject: Veto Dean Preston's One-Sided, Anti-Israel Resolution
Date: Friday, December 1, 2023 2:29:29 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Board.of.Supervisors@sfgov.org

San Francisco is a beautiful city plagued by serious problems: homelessness, drug abuse, empty office space, an exodus of middle class families due to lack of affordable housing and the perceived quality of public schools. Naturally, Supervisor Dean Preston's response to these issues is to introduce a one-sided resolution calling for a ceasefire between Hamas and Israel.

Never mind that Hamas has repeatedly broken ceasefires and recently vowed to keep doing so until Israel is completely destroyed, or that they broke this temporary ceasefire with multiple rockets and a shooting attack that killed a pregnant young teacher, an elderly rabbi, and the principal of a girls' school who were simply waiting for a bus in the morning in Jerusalem yesterday. Never mind that Hamas has used every ceasefire in the past to steal aid donated to their own people, rebuild their terror tunnels, and rearm so they can launch more attacks on Israeli civilians.

What really matters is that Preston knows that, and he knows Israel doesn't take political direction from San Francisco - and he wants to introduce this resolution anyway, to pander to his Democratic Socialist of America colleagues and various Arab and Muslim groups. He knows that this resolution serves no purpose other than to exacerbate rising antisemitism and hostility towards Jews and Jewish institutions in San Francisco - and he doesn't care. Preston condemned Israel on October 9 - well before he relented to pressure and finally criticized Hamas's attack on Israel.

Are you aware that San Francisco State just emailed the entire student body that antisemitic vandalism promoting violence against Jews had been found on the Humanities Building there, and that this was the FOURTH incident of antisemitic vandalism in recent weeks? Are you aware that Smitten Ice Cream's shop, which is owned by a Jewish woman, had to be temporarily closed after being badly vandalized by anti-Israel protesters? If so, why would you allow Preston to introduce a resolution whose sole purpose is to further fan the flames of hatred and incite violence against Jewish citizens?

I urge Dean Preston to withdraw this resolution and the Board to veto it.

Thank you,
Hannah Boyd

Dear Board of Supervisors and Mayor Breed,

I am one of the rabbis in Oakland (though I was born in San Francisco), and my community and I are still reeling from the City Council resolution regarding the ceasefire in Oakland. Our worst fears came true as we watched nearly 6 hours of speakers spew hatred, propaganda, exaggerations and falsehoods that some may never recover from.

Please, please, I am begging you, learn from our experience and follow the lead of the City of Berkeley, of all places, who unequivocally stated that a city resolution would make zero difference to the International political scene but will make a 100% difference toward fanning flames of hatred right here in our beloved city.

It will take great courage to stand up to the mob, but it's the right and smart thing to do.

Peace and Blessings,

Rabbi Mark Bloom
Temple Beth Abraham

Supervisors,

I assume you have not watched the October 7th videos. If you did, I would question your basic decency in even thinking about anything calling for a Israel-HAMAS ceasefire.

I'm providing here a very incomplete list of what those non-humans, non-animals, scum of the earth, evil incarnated did:

- A 8-month pregnant woman tied in the kitchen with her abdomen cut and the fetus/baby in front of her burned;
- Girls and boys raped, with the limbs cut during the rape;
- Heads cut off from people including children and babies (some of them with rusty saw, some with shovel)
- People burned alive;
- Women gang-raped.

They promise to do it again and again:

Hamas Official Ghazi Hamad: We Will Repeat The October 7 Attack, Time And Again, Until Israel Is Annihilated; We Are Victims – Everything We Do Is Justified -

<https://www.memri.org/reports/hamas-official-ghazi-hamad-we-will-repeat-october-7-attack-time-and-again-until-israel>

They must be destroyed. Terrorists and all their infrastructure, tunnels and weapons (held in hospitals, schools, and kindergartens).

The resolution condemning HAMAS and all palestinian terrorists, supporting Israel, and calling for an unconditional return of all hostages was due October 8th 2023. You can belatedly do it now.

As I understand it, there were no calls for cease-fire, and humanitarian aid to Germany during World War II. Why is supervisor Preston planning "to introduce a resolution calling for a sustained cease-fire" and "humanitarian aid"? What "stakeholders" was he consulting with (usual antisemitic crowd)? How a terrorist-protecting resolution can "bring people together in defense of human rights and peace"? And what "Islamophobia" has to do with this nightmare, except for terrorists being followers of Islam?

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the further loss of life and humanitarian catastrophe.

Re: Resolution about the war between Israel and Hamas

Not that esteemed Supervisor Dean Preston

On Nov 26/2023, [over 30 million people witnessed](#) the unprecedented and shameful disarray, provoked by huddles, as the Oakland City Council unanimously and regrettably passed an infamous Israel-Hamas War [resolution](#), de-facto endorsing terrorism.

The Oakland mayhem featured over **five hours of public disturbing comments infested by antisemitic hyperbolic jeering, appalling bigotry, widely concocted conspiracies, hateful decorum, and boorish ignorance.**

And now, **YOU Supervisor Dean Preston**, foolishly and irresponsibly, wishes to emulate and replicate that disgusting "Roman Gladiator Circus" - an offence to civility and decency, as to [introduce a similar resolution](#) at the SF Board of Supervisors meeting next Tuesday.

What behooves you to tread in Middle East foreign affairs, **a complex and nuanced topic** about which you lack historical depth, understanding, or any qualifications?

Parrotting and recycling slippery structural concepts as:

"Imperialism" "Post Colonialism" "Genocide" to name a few, tagged to this thorny conflict, compounded within post-structural framework, is dangerously superficial, and is pure intellectual and moral laziness, since NOT the FACTS, nor investigatory depth or critical thinking matters, but only non-complexed, **ignoramus hysterical communication and relativist exchanges counts.**

The outrageous efforts to push this biased and divisive resolution, compounded by your wanton disregard to the concerns of the large segments of the San Francisco community; are truly a profile in political populist cowardice.

Your efforts have outdone what even the Governments of Iran and Russia could have attempted and it is perplexing to see you parroting the talking points of some of America's enemies.

Projecting and imposing your own personal restricted outlook, which is shackled by your own domestic political interests and scanty cultist identity, into a compounded post-World War II global geopolitical larger reality, only reflects cognitive limitation, intellectual blindness, and **pure hubris**.

Humility would be much more befitting of you and the rest of the Supervisors. It would definitely be a far decent service to the community you nominally represent. Your time and work, first and foremost, are supposed to be dedicated to the local public priorities, you were elected - for the betterment of life conditions of all ethnic groups in the city.

Wasting taxpayer money, as well as municipality workers' brain power, precious work time, assembly resources, and other public assets on a genuinely toxic resolution concerning one of the world's most entrenched Foreign Affairs issues, is literally a gross poor judgment and an abuse of power.

Beyond this colossal waste of resources, which is fueled by ignorance and moral equivocation, it is shocking to see the city avoiding the issues it is solicited to address, namely the outrageous growth in homelessness, urban crime, and loss of individual safety on the streets. Given the Municipality's dubious decades-long record in failing to confront these local problems, it is hard to imagine that the Middle East will be better off with a morally bankrupt and toothless resolution.

And more so, the resolution is divisive to the community, discriminating, alienating and antagonistic to a large segment of the city's productive population. If not aborted, it will only further inflame hate and tensions between already traumatized communities, and thus make you responsible and unworthy of the public position you have shamelessly abducted.

You will be judged and ultimately replaced for what you are neglecting to contribute to the betterment of San Francisco citizens, and resolutions like this will only shorten your political longevity.

Prayers to all the citizens of San Francisco whose leadership has clearly lost its way.

Sincerely,

Lili Naveh
Oakland CA

Hello Board ,

I read with great amusement that Dean Preston feels SF should officially weigh in on the Israeli/ Hamas debacle.

Is this really why we pay our Board of Supervisors ? Are we now paying our Board of Supervisors to find peace in the middle east ?

Preston: Stay in your lane ! Put your ego in check and do the job you were elected to do. That job is to run the city in a more competent manner than you (BOS collectively)have been doing . Word up - Benjamin Netanyahu does not care what the city of SF thinks . About anything !

Preston ,you are a city councilman . Do the job that you are overpaid for. So ,I implore you : focus on your current job.

Hello Supervisor Safai,

I am a lifelong D11 resident speaking in favor of Supervisor Peston's Ceasefire Resolution. I grew up attending our local public schools and after college, I returned to D11 to become a history teacher.

As I have been following the state of Israel's slaughter of Palestinians in Gaza and the West Bnk have been utterly horrified. The state of Israel has killed more than 15,000 Palestinians. To put that number into perspective, imagine if within two months half of the D11 population was killed. This level of collective punishment and genocide is unacceptable and appalling. As a teacher, I am in shock that more than 6,150 children have been killed in Gaza. Again, to put that into perspective, that is just under half of all sfusd enrolled students that live in the 94112 Zip Code (according to the district data dashboard). A number of my current students have friends and family that live in Gaza and the West Bank and they tell me about how scared they are for their safety.

WE MUST DEMAND THAT THIS ATROCITY ENDS NOW! The Board of Supervisors **MUST CALL** for an **IMMEDIATE AND PERMANENT CEASEFIRE** to stop this growing death toll. I unequivocally voice my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786. As my elected representative, my neighbors and I expect you to support the resolution on Tuesday.

Sincerely,
Brendan Fong

Subject: Consiituent and Jewish SUPPORT for the Ceasefire Resolution
Date: Saturday, December 2, 2023 11:33:20 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Dorsey ~

My name is Devra Edelman, a Jewish resident of District 6, writing to express my deep concern with the ongoing bloodshed in Gaza and to **urge your support for the ceasefire resolution being presented to the Board of Supervisors**. As a Jew who has grown up learning from my elders to never forget the Holocaust, it pains me deeply that Palestinian civilians are being killed, starved, and forced to face the unthinkable horrors of living under siege in the name of a Jewish state. It is our responsibility, as voters and leaders of San Francisco, to urge our federal representatives to end the violence in Gaza and ensure lasting peace for Palestinians and Israelis.

After weeks of relentless advocacy by community members, it is commendable that our Board of Supervisors is poised to take this stand for peace and justice, representing the sentiments of San Franciscans and the overwhelming majority of Americans who support a ceasefire. The resolution is a testament to these values and I strongly urge you to support it as written.

Along with countless others in the American Jewish community, I feel a direct connection to the ongoing crisis in Gaza. The violence there, tragically enabled by our taxpayer dollars, affects many in our community, including many immediate family members and friends of your constituents. The United States possesses immense influence to end this genocide and secure the release of all hostages.

A permanent ceasefire, not merely a pause in conflict, is the only pathway to peace. Calls for a ceasefire have been echoed by the United Nations, national human rights organizations, and government leaders worldwide. This is not a controversial stance, but a **moral imperative**.

This issue directly impacts San Francisco's diverse communities. In addition to an increase in antisemitism, our city's Arab and Muslim populations are especially vulnerable amid a disturbing rise in Islamophobia and anti-Palestinian racism. The Council on American-Islamic Relations reports a shocking 200% increase in hate incidents against Muslims since October 7. Your acknowledgment of Palestinian humanity and support for this resolution are a critical step in combating rising hate.

San Francisco has always been a beacon of social and racial justice and passing this ceasefire resolution will set a precedent for California and the nation. **I urge you to honor the calls of your constituents to support this ceasefire resolution**. We are counting on you to make a decision that upholds our City's values of humanity and justice for all.

Thank you for your time and consideration.

Sincerely,
Devra Edelman

Board of Supervisors in San Francisco

I am a resident of 94112 for over 30 years. I urge the board to unanimously pass a resolution calling for an immediate ceasefire in Palestine. SF has a long history of fighting for social justice and it is imperative that this city upholds this legacy by passing a resolution in support of the Palestinian people. Too many lives have been lost and the Zionists government of Israel continues to commit unforgivable acts. Pass this resolution. Ceasefire now. Free Palestine!

Dear Angela Calvillo,
Please, share my opinion regarding Dean Preston resolution with members of Board of Supervisors.
Thank you!
Esfir Shrayber.

Dear Members of San Francisco Board of Supervisors,
next Tuesday , 12/5/23 you will discuss to accept or not supervisor Preston resolution on Israel - Hamas War.
Supervisor Dean Preston is working with the same antisemitic groups to [introduce a similar resolution](#) like Oakland City Council accepted.
First , Dean Preston must work on City issues, he is being paid for this . But if he want to work on world affairs, he must choose wise what to introduce to SF. We see rise of antisemitism and instead of taking care of it, try to calm emotions down and protect Jewish populations he bringing war to our City .
If the Board of Supervisors truly wants to support peace between Israelis and Palestinians, it must condemn the October 7 massacre, call for the immediate release of all hostages in Gaza, acknowledge that Hamas is a terrorist organization (FOREIGN TERRORIST GROUP DESIGNATION. The US State Department designated HAMAS as a foreign terrorist organization in October 1997.) and call for Hamas eradication. Only then peace will be possible. Please, count my opinion and remember it when you will cast your vote.

Sincerely,
Esfir Shrayber

RE: Planned proposed resolution calling for a permanent ceasefire between Hamas and Israel

December 5, 2023

I strongly object to this resolution being considered by the Board of Supervisors. It is not related to the official duties of the Supervisors and they should not spend any time on it.

San Francisco Supervisors are elected to govern and solve the problems of the city of San Francisco, not Gaza City, not the city of Jerusalem, nor any other locality. Spending the Supervisors' work hours considering a resolution that has nothing to do with the problems facing San Francisco is a dereliction of their job responsibilities and a waste of San Francisco taxpayers' money that pays their own salaries and those of their legislative staff members.

As any person, the Supervisors have the right to express their opinions on any subject on their own time. The time they spend as members of the San Francisco Board of Supervisors must be devoted to governing the local affairs of the city of San Francisco.

I demand that the Board decline the consideration of the resolution on this topic and any other topics that are not within the scope of the Board's direct job responsibilities.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Today San Francisco has a chance to set an example and be on the right side of history. Please take it.

My name is Anne and I live in District 8.

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Best,

Anne

Dear San Francisco Supervisors,

Today, I stood in line at City Hall to make public comment in favor of the resolution calling for an immediate ceasefire in Gaza. After three hours, I had to leave to teach my Poetry for the People class at City College of San Francisco, so I am writing to you now.

I write to you as a proud resident of District Nine since 1995 and a San Francisco educator, poet, and artist since 1990. I am an Indian Muslim who married into a Filipino, Salvadoran, and African-American family that has been in The City since the 1930's. I've had the privilege of raising a son into adulthood here in our city. I've taught citizenship in senior centers, poetry in elementary schools, and I currently teach poetry at City College.

I would like to share an excerpt of a poem from Gaza:

I shelter you
and the children who
are sleeping
as chicks in the lap
of their nest
they don't walk
in their dreams
because death
towards the house
walks

....

I shelter you
from wound and woe,
and with seven verses
I shield
the taste of orange
from phosphorus,
the color of clouds
from smoke.

Ten days after Hiba Abu Nada published this poem, she was killed in Gaza on October 20. She was 32 years old. She had degrees in organic chemistry and clinical nutrition. She was a person -- with hopes, dreams, and a sense of purpose -- just like us. She mattered. Since October 8, Israel has killed 16,000 people, including 8,000 children. Each of them was a person with a purpose in the world. Each one of them had hopes and dreams -- a child who read books and played soccer, a teen with a first crush, a baby learning to talk. Each one of

them mattered.

How is it that 2000 of us have to come out en masse to call for a ceasefire? Shouldn't it be a no-brainer? What kind of a world are we living in? Clearly some people believe that Palestinian humanity is worth less than Israeli humanity. Otherwise, how could any of us allow this to happen?

If half of San Francisco, with the support of the US military, dropped bombs on the other half, what would we do? What would we say?

I implore you to pass this resolution next Tuesday, without delay.

With Hope and Solidarity,

Tehmina Khan

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Supervisor Preston - Thank you for taking the lead on the introduction of the ceasefire resolution. And thanks to Supervisor Ronen for co-sponsorship.

I wanted to provide you with a copy of what I would have said had there been more time. While my comments did provide the gist of this statement, here is the full statement. I sincerely hope that the San Francisco Board of Supervisors can find a way to get the resolution passed before the Board takes what is not available to the Palestinians - a well deserved break!

My name is Laura Goldin. I am an almost 40 year resident of District 1. I am also a privileged Jewish woman.

Germany rounded up Jews, suspected homosexuals, black people, treated them like animals, transported them to camps where they were either gassed or starved and died from horrible, preventable diseases.

During the 2023 2nd Nakba, the Israeli government is ordering Palestinians from their homes, bombing their homes, mosques, camps, hospitals, denying Palestinians access to food, water, fuel. Palestinians are ordered from their homes to locations deemed safe by the Israelis. There the Israelis bomb them. Those that aren't bombed are starving and suffering from horrible, preventable diseases.

Benjamin Netanyahu has acknowledged that he is engaging in ethnic cleansing, stating that the Palestinian numbers must be "thinned", that they can go from their traditional homes "into the sea"; that they must leave. His ministers have referred to Palestinians as animals. The IDF – his military – jeer at Palestinian suffering, erect menorahs in places where people's homes have been reduced to rubble, make videos mocking the lack of water, force people to act in accord with their wishes or be shot.

We are funding this genocide. We are providing weapons to facilitate the Israeli attempt to exterminate the Palestinian people.

While I am loath to equate the Israeli government with Nazi Germany, it is now impossible not to do so.
#NotInMyName #NeverAgainForAnyone.

I beg you to support the Ceasefire Resolution. Urge our Government to stop providing weapons and financial support to Israel.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I'm a resident of Noe Valley and a new parent. Since my baby was born in late September, over 7000 children have been killed in Gaza, and countless more in Palestine and Israel have been traumatized. War is not the answer, and a ceasefire is the next step we need if we have any hope of finding peace.

I am writing today in response to the humanitarian and human rights crisis, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Date: Wednesday, December 6, 2023 1:34:51 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello,

Here is my public comment that I made at the 12/5 public comment on Supervisor Preston's Ceasefire resolution introduction. I would like it to be included in the public comment record. Supervisor Safai was not present during my comment, so it is extremely important to me that he review my comment.

My name is Gianna. I'm a 3rd generation San Franciscan, granddaughter of Nicaraguan and Peruvian immigrants. I was born and raised in the Excelsior, District 11, and I'm proud to still call the Excelsior my home. I'm an SFUSD Balboa High School graduate, and a current CCSF student. I work as a farm hand and land steward at southeast San Francisco's Alemany Farm.

Supervisor Safai, in my work as a community environmental activist, it is crystal clear how Palestine and the war on Gaza is an environmental justice issue. We see the bombs, explosives, chemical warfare, and destruction of infrastructure in Gaza, but we must also understand how this violence is destroying our collective home, the planet, through deforestation, land, air, and water pollution, and the poisoning of our very life source, the soil.

I am deeply humbled by how in the face of this violence, Palestinians teach us to love life, to plant olive trees, and to fight for life with everything we have.

I urge you, Supervisor Safai, and all board members to support this resolution and vote YES next Tuesday. Thank you.

Hello SF city council board of supervisors,

Thank you for listening patiently for hours what the people of bay area had to say to you. As you saw, we are all hurting, and feel responsible for all that is going on and the way our federal government is aiding the vile massacre.

I understand there is a process to having the resolution be presented and approved by the city council but my hope is that due to the urgency of this matter (people losing lives every day and those that are living are facing horrific living conditions), this would be treated as such. I am really hoping that SF city council gets to be the third city to pass a resolution calling an end to this barbarism.

Thank you,
Sadaf Qazi, bay area resident.

Dear Board of Supervisors

I have emailed my supervisor on this topic but feel compelled to send a message to the Board, in general.

I am a San Francisco taxpayer and voter.

I just read news the Board of Supervisors will spend time, energy, and taxpayer dollars on the current Hamas-Israel war.

I am totally opposed to this kind of waste and ask that you and your colleagues put a stop to this off-task use of taxpayer resources. I don't care how you feel about any particular conflict not having any impact on what you're "hired" to do. Dangerous and intolerant "mobs" who are known to attack anyone with an opposing viewpoint are encouraged by how they've intimidated the Board.

As if our City did not have enough governing challenges. It's as if this topic allows members to take a break from solving San Francisco's enormous and difficult issues to make a pronouncement on something completely unrelated.

What's next? Russia-Ukraine? Why is the Board not discussing and taking a position on war in Sudan? And the war in Amhara needs the attention of the Board! Etc.

Please stick to the business of governing our city! This is why members have been elected

Paul Wildes

12/5/23

Hello Supervisors-

My name is Maysoun Wazwaz. I am a San Francisco resident of District 9 where I have lived for over 20 years. I am here in a personal capacity and not as a representative for any organization or agency.

I have thought long and hard about what to say to you today to convince each of you to vote "yes" on this ceasefire resolution without amendment. Should I leverage my story as a first generation Palestinian American growing up in Chicago or do I leverage my father's story of immigrating to this country from his hometown of Hebron in the West Bank, where Palestinians, and my family, experience settler violence on a daily basis?

The thing I most want to share with you are the voices of those being impacted directly in Gaza.

This is an exchange between a rescue worker and little girl under the rubble:
(translated from Arabic)

I'm Alma and I can't get out!

Who is with you Alma?

My siblings and my parents and my grandparents.

Are they alive?

Yes yes, we are alive!

Help my parents, siblings, and grandparents first!

And then help me.

Help me last.

Or you know what, help me first and I'll help you!

How old are you?

I'm 13 years old.

My father is here.

And my baby brother Tarazan is here.

How old is Tarazan?

He is one year old. Please help him.

Can you see my light? I'm going to try to get you out. I swear I'll get you out.

Please, quickly.

Are you Alma?

Yes yes.

I told you we would get you out.

This situation is not complicated. Over 16,000 Gazans have been killed and likely thousands more are buried under the rubble. We must do all we can NOW to stop this continued massacre of human life. I call on you to vote for an immediate and lasting ceasefire on Tuesday, December 12. Free Palestine!

Date: Tuesday, December 5, 2023 1:35:05 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am a constituent of yours at zip code 94114. I am writing to ask you to support the Permanent Ceasefire Now Resolution being presented to the San Francisco Board of Supervisors by Supervisor Dean Preston today, December 5th.

The full liberation and freedom of the Palestinian people is needed now. Too many innocent lives have already been lost as we debate a ceasefire and resolutions (174 Palestinian children killed/day for the past 7 weeks, 8,176 children killed as of November 27th). If we do not take a stand and condemn this violence, ethnic cleansing, and genocide, we are complicit in these crimes against humanity. This is not a question of over there or here, them or me, but purely of the importance of international solidarity against all forms of oppression. Love for humanity and all non-human relatives, all life.

Many of your constituents have been fighting every day in support of a ceasefire and I hope that you, as my representative, will do the same. Please look to your constituents and the more than 65% of Americans who support a permanent ceasefire and use your position of power to represent the people you serve.

Local government has an immensely important role to play in advocating for the desires of constituents and ending this humanitarian crisis. This resolution, in conjunction with the Ceasefire Now resolutions passed in Oakland and Richmond, has the power to pressure our state and national governments into taking action.

With care,

Ava Abeck

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing to urge the SF Board of Supervisors to vote "yes" on Supervisor Dean Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786. The tragedy we are witnessing in Gaza, which we in San Francisco are funding, must stop. A San Francisco resolution for ceasefire will add to the millions of voices around the world to end this genocide by Israel against the civilians of Gaza.

It's important for San Francisco to be counted among the cities who favor peace and justice over the tragic bombing and destruction occurring in Gaza that makes each side-- both Israel and Gaza-- and the whole world, more insecure, more dangerous.

Please vote "yes" for a ceasefire resolution.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

Date: Tuesday, December 5, 2023 1:49:33 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing to urge the SF Board of Supervisors to vote "yes" on Supervisor Dean Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786. The tragedy we are witnessing in Gaza, which we in San Francisco are funding, must stop. A San Francisco resolution for ceasefire will add to the millions of voices around the world to end this genocide by Israel against the civilians of Gaza.

It's important for San Francisco to be counted among the cities who favor peace and justice over the tragic bombing and destruction occurring in Gaza that makes each side-- both Israel and Gaza-- and the whole world, more insecure, more dangerous.

Please vote "yes" for a ceasefire resolution.

I comment as a constituent and educator within SFUSD. As i work with the youth everyday I'm reminded of the reality that the youth of Palestine are robbed from the basic needs of getting an education, hanging out with their friends, and having a childhood.

My job as an educator is to provide said resources and foster relationships, and your job as people in power is to protect these things. I stand here as an educator, asking for you to protect the childhood of the children in Palestine. CEASEFIRE NOW! LET GAZA KIDS BE KIDS! FREE PALESTINE!

Dear Members of the Board of Supervisors:

I am writing to express my support for the Resolution eloquently introduced on December 5 2023 by Supervisors Preston and Ronen, calling for a permanent ceasefire in Gaza.

As a Buddhist, a humanitarian, I support this resolution calling for a permanent ceasefire in hopes of a peaceful process to resolve conflict in Gaza, humanitarian aid to the region, release of all hostages and condemnation of Islamophobia and anti-Semitism being experienced in the U.S.

The Israeli stance to fight until Hamas, the democratically elected representatives in Gaza, is destroyed is only escalating the conflict and eliminating any hope of negotiation by killing more lives and obliterating the infrastructure in Gaza.

Please make San Francisco proud by taking the right stand.

Hello,

I am a constituent of Dean Preston in District 5. I want to thank Dean Preston for proposing the ceasefire resolution and also for not giving into Supervisor Chan or Melgar's pressures to withdraw. Supervisors Chan and Melgar, my friends and community members in your districts will remember your silence during this genocide when you run for re-election.

I'm appalled to see local politicians lacking support for this entirely reasonable resolution. It is not divisive to call for an end of the current genocide and stand with the local Palestinian community, it is basic human decency.

Just two days ago a drag king was harassed, followed, and had the words "Go back to where you came from!" shouted at him for performing a protest act for Palestine. Drag artists are showing more bravery and political critical thought than our local political leaders. To reject a ceasefire resolution is to encourage hate crimes and harassment of BIPOC and queer communities. I want safety for my queer community. I want safety for the Palestinian community and for those who speak out against genocide. To fail to pass this resolution is to send the message that the safety of these communities does not matter to our local elected officials.

The queer community has spoken in favor of a ceasefire resolution. The Jewish community has spoken in favor of a ceasefire resolution. The only community that does not want a ceasefire is the Zionist community. Zionism is fascism and it is not in alignment with the ideals of Judaism. Neighboring counties have passed ceasefire resolutions. It is taking us far too long to condemn what is a literal genocide. I cannot believe that I have to write in to say that I support the ceasefire resolution. Never again means never again for anyone.

Thank you Supervisor Preston. Thank you Supervisor Ronen.

Allyssa Olear

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

I grew up in Lebanon in the late 1960s where I saw firsthand Israel developing the unsubtle art of disproportionate military response.

Israel has gone far beyond that level of warfare and is moving into ethnic cleansing and verging into the territory genocide. That is why I strongly support Supervisor Preston's Gaza Ceasefire Resolution.

Keep in mind 50,000 American lives were lost in Vietnam over about 20 years (not even counting the Vietnamese lives), and Israel has now managed to kill 40 percent of that number of Palestinians in less than two months! Many of them were women and children.

It is essential that the world force Israel into a ceasefire. Right now, Israel is turning Gaza into a series of tiny little geographic boxes where civilians are supposed to scurry around in, as the IDF prepares for further bombing campaigns that seem to be aimed at removing the civilian population from Gaza. Many suspect that is Israel's ultimate goal: ironically enough

such a goal is exactly what Israel accuses Hamas of wanting to do to Israeli's. The pot is calling the kettle very black indeed.

The San Francisco board of supervisors must call for a cease-fire. It has done this before in the case of South Africa and other important issues it must do it again. A ceasefire now it is the very least we can demand.

Dear President Peskin and Board Members my name is Simon Lum and I am calling on you to support the critical cease-fire resolution introduced before you.
As a citizen of San Francisco living in the bay view district my whole life, I've seen our community grow and prosper, it is a place of welcome and diversity. Please demonstrate to the world the will which you embark as the right decision to quench the genocide in Gaza, bring relief and comfort to our community which feels wary and heart wrenched. And extinguish the violence and oppression.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors & Clerks,

I spoke earlier this evening regarding the ceasefire resolution. I heard the clerk mention that we could submit our comments via email if we were cut off at the end and that these would be included in the meeting minutes.

Unfortunately, I still had a few more words left before the 1 min ended so I am copying my full statement here:

My name is Dr. Saba Nafees and I'm a scientist, living in District 10.

Thank you so much to Supervisors Preston and Ronen for your work on this resolution.

As a formerly undocumented American, someone at the forefronts of the immigrant rights and immigrant youth movement, whose Pakistani parents fled Kuwait in the Gulf War, whose grandparents fled British imperialism in 1947 upon the creation of Pakistan & India, I'd like to point to Zionists in this world, it's a bit too late for your continued abhorrent colonial war against the indigenous people of Palestine!!!

We must stand up against the continuation of the 100 year war on Palestine, which has reached perhaps the climax and hopefully an inflection point after which we can finally address the "Question of Palestine".

Acknowledging this horrific genocide and stopping it via a ceasefire is ONLY the beginning. Palestinian people have been denied their rights for self-determination for over 100 years now, Palestinians have been subjected to unending apartheid and settler colonialism by Israel and we CANNOT stand silently, we have to call out the role that the US has played in arming Israel and green lighting the war on Palestinians in 1967, and it's unending support for genocide ever since then!! There's blood on our hands and none of us will be in peace with this knowledge!

#FreePalestine

Please let me know what else you may need from me. I, along with the thousands of supporters that showed up tonight thank you for sitting through the long meeting and hearing all of us. We really are truly grateful and proud to be representing our great city.

Best,
Saba

Saba Nafees, Ph.D.

Subject: **San Francisco it starts here: vote next Tuesday in favor of the ceasefire resolution on Gaza**

Dear Supervisors:

I read the draft resolution which as Supervisor Preston stated, represents the Board's best effort to write a resolution that has support of the members. While I might favor some stronger language, I am in favor of a unanimous board vote next Tuesday without delay to make it clear to the federal government how important a ceasefire is toward resolving this war.

I do not have the stamina to attend in person. I am still listening on government TV to the more than seven hours of testimony in support of the resolution. I will keep on listening until the end because to show my support for those who were able to be present in person. There were many speakers who came to San Francisco to flee political persecution and sought sanctuary in our sanctuary city. I remember the political fight we waged to make San Francisco a sanctuary city. There were children of holocaust survivors. They and some of you feel the trauma of Gaza citizens with special knowledge.

Please have the moral courage to pass this resolution next Tuesday. Any delay would send the wrong message to the world. Thank you for your service to the city.

Sincerely,

Regina Sneed
District Two resident

SFWPC Support for Resolution calling for an immediate
ceasefire in Gaza

December 5, 2023

San Francisco Board of Supervisors
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, Ca 94102-4689

RE: Support for Resolution calling for an immediate ceasefire in Gaza

Dear Board of Supervisors,

On behalf of the San Francisco Women's Political Committee (SFWPC), we are writing in strong support of a resolution calling for an immediate ceasefire in Gaza. As an organization that champions policies that advance intersectional feminism and racial justice, we are deeply saddened by the situation in Gaza. We urge the Board of Supervisors to affirm the values of San Francisco as a city of peace, freedom and love, and take a firm stand for peace in Gaza.

We mourn the deaths of the 1,400 Israelis at the hands of Hamas, and we fear for the lives of the hostages. However, the atrocities committed on October 7th do not provide moral cover for the genocide of Palestinians in Gaza by the Israeli army. We call for the return of all the Israeli hostages, the end of the bombing and for the coordinated entry of humanitarian aid in Gaza, as well as for the U.S. government to stop enabling the genocide of Palestinians through military aid and unconditional support to the Israeli government. We believe that it is the duty of San Francisco to join other cities and counties all over the country and call for the Federal government to stop funding the war in Gaza.

International organizations have warned that the escalation of the conflict is disproportionately affecting women and newborns, as they represent 67% of the casualties in the Gaza Strip. The World Health Organization (WHO) has published

• SAN FRANCISCO •
WOMEN'S POLITICAL COMMITTEE

that 420 children have been killed or injured every day since the beginning of the bombings¹. Recently, the WHO disclosed that a child is killed or injured every 10 minutes in Gaza. The United Nations have reported that if no ceasefire is achieved, these numbers will continue to rise. We are heartbroken thinking of the conditions that women, children, and families are living under the siege of the Palestinian territory, and we condemn the resulting large-scale humanitarian and health crisis that mainly affects civilians. Not only are they under the constant threat of bombings and hunger due to the siege, but the risk of gender-based violence is heightened, as highlighted by multiple reports from the UN Women's Rapid Assessment and Humanitarian Response in Palestine².

We cautiously celebrated the temporary ceasefire, and we are disappointed in the resumption of violence. We want to reiterate what we ALL know: temporary solutions are not enough to bring long-term peace and stability. We fully understand that the situation is complex. However, we are convinced that a long-term ceasefire on all sides is the first step to achieving peace, as well as any sustainable solution for both Israelis and Palestinians. It is also essential to call for peace at a time of rising antisemitism and Islamophobia in our own country, and show our commitment to the safety of both our Jewish and Muslim neighbors. Many organizations, as well as millions of protesters in the United States, have now called Congress and the White House to demand a ceasefire. It is time elected officials at every level of government listen to the calls for peace and take a strong position.

We urge you to support a resolution calling for an immediate ceasefire in Gaza and humanitarian aid in Gaza. By supporting such a resolution, you will make sure that our city unequivocally rejects hatred and war, and embodies San Franciscans' values of peace and openness.

Sincerely,

SFWPC Board of Directors

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today in response to the humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

I am writing today as a healthcare provider and union steward. Many of my healthcare coworkers and union siblings are horrified at the incomprehensible devastation and trauma currently being inflicted on the people of Gaza by the IDF, underwritten by US taxpayer dollars, including the indiscriminate killing of children, healthcare workers, journalists, and the unconscionable bombing of hospitals.

I am writing to voice my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. As a District 1 constituent and a member of NFFE Local 1, I urge you to please stand with national, statewide, and local labor unions that have already called for a ceasefire (ILWU local 10, IFPTE 21, UESF, SEIU 1021, UAW 2865, California Nurses Association (CNA), UAW International, and more) and Vote YES on the ceasefire resolution.

As the UAW letter calling for a ceasefire states succinctly, "we cannot bomb our way to peace".

Respectfully,
Mark Smith, OTR/L, MPH

Each day, the number of deaths in Gaza continues to rise at a heartbreaking rate. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing.

The war on Gaza stokes Islamophobia and antisemitism around the world, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

BOS Supervisors & Legislative Aides Supervisors & Legislative Aides,

As a San Francisco resident and Bay Area native, I am writing today in response to the devastating humanitarian and human rights crisis in Gaza, and voicing my strong support for Supervisor Preston's resolution calling for an immediate ceasefire, the provision of unrestricted humanitarian aid to Gaza, and urging the U.S. House of Representatives to pass House Resolution No. 786.

I am floored daily as the number of deaths in Gaza continues to rise at a heartbreaking rate. And every day I pick myself back up again to fight to see my values actualized in my government. Between October 7 and December 1, 2023, armed violence has claimed the lives of over 15,000 Palestinians and over 1,200 Israelis, with a third of the Palestinian deaths being children. Thousands more Palestinians are wounded or missing. And well over a million have been displaced from their homes, have lost all of their possessions and their livelihoods.

Gaza was a home, the center of rich, enduring traditions, a culture and a people that have survived the atrocities of a colonial imperialist regime for decades. Please try to imagine how you would fight if your home was taken from you, if people you knew and loved were dying all around you. This is a local issue. Fight for your values.

The war on Gaza stokes Islamophobia and antisemitism around the world, perpetuating hate crimes and violence, including in San Francisco. Failing to act in this moment puts the communities you serve at risk of harm from the rise in hate-driven violence. Our city will continue to be divided even further until there is peace and a complete ceasefire in the region.

In a new Reuters/Ipsos poll taken 2 weeks ago, 68% of Americans and 75% of Democrats support the idea of a ceasefire. As one of the most Democrat-skewed cities in America, supporting a ceasefire should be an easy decision for this Board. We call upon you to voice your support for an immediate ceasefire. Participate in the democracy you got yourself elected into. Do not stoop to the failings of our government. Hold yourself above the standard and participate in the system in the way you believe it should be. You are in your position for us, your constituents. Not for yourself.

We demand this atrocity end now! The San Francisco Board of Supervisors must call for an immediate ceasefire to stop the mounting death toll. This will also allow life-saving aid, fuel, hospital equipment, medical supplies, and water into Gaza to address the tremendous amount of human suffering brought on by Israel's relentless attacks on the Palestinian people.

Vote YES on the ceasefire resolution. It is our duty to do all we can to stop the ongoing humanitarian catastrophe and any further loss of life.

RE: Planned proposed resolution calling for a permanent ceasefire between Hamas and Israel

December 5, 2023

I strongly object to this resolution being considered by the Board of Supervisors. It is not related to the official duties of the Supervisors and they should not spend any time on it.

San Francisco Supervisors are elected to govern and solve the problems of the city of San Francisco, not Gaza City, not the city of Jerusalem, nor any other locality. Spending the Supervisors' work hours considering a resolution that has nothing to do with the problems facing San Francisco is a dereliction of their job responsibilities and a waste of San Francisco taxpayers' money that pays their own salaries and those of their legislative staff members.

As any person, the Supervisors have the right to express their opinions on any subject on their own time. The time they spend as members of the San Francisco Board of Supervisors must be devoted to governing the local affairs of the city of San Francisco.

I demand that the Board decline the consideration of the resolution on this topic and any other topics that are not within the scope of the Board's direct job responsibilities.

Tatyana Berezin
