Hello,

My name is Valerie Luu and I work as the Corridor Manager for San Bruno Avenue. I am employed by the Portola Neighborhood Association (PNA) to assist small businesses with loans, grants and City processes.

I hope that the Public Safety and Neighborhood Committee will approve La Loma #7's liquor license transfer application (case #210853).

La Loma #7 would be a good candidate for the liquor license because of their commitment to the neighborhood. They have contributed to neighborhood safety by installing security cameras on Bacon and San Bruno Avenue. They are also big supporters of the PNA's greening projects.

I hope the Public Safety and Neighborhood Services Committee will approve La Loma #7's liquor license application.

Best,

Valerie Luu
Corridor Manager
Portola Neighborhood Association

Dear Mr. Carroll,

The Portola Neighborhood Association supports La Loma #7's liquor license transfer application. We support the family-run grocery store expanding their grocery store offerings to include alcoholic beverages. This will help La Loma #7 be a one-stop shop for patrons to get their groceries, house supplies and alcoholic beverages.

It's important to note that the liquor license was purchased from Charlie's Kwik Stop, located down the street. This means the number of liquor licenses has not increased in our neighborhood. We hope the Public Safety and Neighborhood Services Committee will approve La Loma #7's liquor license application.

LaLoma has consistently been a good neighbor and wonderful neighborhood market. Thank you for all you can do to help their business remain viable.

Best regards,
Maggie Weis, Chair
