I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

Our city can no longer afford ultra progressive policies that allow crime to flourish, rolls out the welcome mat to addicts and dealers, and drive away our police. The City is suffering in no small part due to the perception (and reality) that anything (including retail theft, open drug use, drug dealing) goes in S.F..

Walker is one of the few practical members of the Police Commission not in thrall to ideology over reason - and should be reappointed without further ado.

Time to care about the 99% who obey the laws and pay taxes (and your salaries) instead of the 1% who don't.

Thanks,
Melinda Macauley

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

I whole-heartedly and confidently support the re-appointment of Debra Walker for the SF Police Commission. I have been attending the first three Wednesdays, 5:30pm, Rm. 400 meetings consistently (when they are held!) since last September. Her role as a compassionate moderate on the Commission has been stellar and San Franciscans need and deserve her continuing presence there. She is professional, listens attentively, knows what's going on and is a light up on that dais for reasonable, caring and tough decision-making. She avoids making decisions based on (myopic) ideology, and carefully thinks and asks valid and important questions. On June 11th vote "yay" for her re-appointment.

Read on. Thank you.
