Dear Ms. Kim,

It's my pleasure to write to you about my neighbor and friend, Matt Conway, owner of Brass Tacks. I've known Matt for 10 years and can attest to his strength of character and true business acumen.

My business has been in Hayes Valley for 10 years since opening Blue Bottle Coffee in 2005 on Linden Street. I've also lived near Alamo Square since 2005. The transformation of the retail environment in the neighborhood over the decade has been delightful and immense. Brass Tacks has proven to be a great addition with it's very intimate setting, delicious finely crafted cocktails and friendly and professional service. My wife and I often walk down the hill to get a coffee from our kiosk, a juice, or a cocktail from Matty, sometimes a combination.

I hope Matt is allowed to expand next door and activate the underused Flipper's patio in a way that will connect with all of us who live and work nearby.

I believe Matt to be an excellent businessman, great neighbor and have no doubt he will continue to prove a valuable asset to our community.

Please feel free to contact me on my mobile phone at any time for any further information. [510.418.2312](tel:510.418.2312).

To whom it may concern,

This letter is written in support of Matt Conway and his team at Brass Tacks, located at 488A Hayes Street. I've had the pleasure of knowing and working with Matt for many years and admire his dedication in all that he puts his mind to. I was concerned when I first heard that Marlina's, the bar that occupied 488A Hayes street for many, many years in Hayes Valley, was closing and re-opening as another concept with different ownership. Marlina's had become an institution and fixture in Hayes Valley. I've been part of the Absinthe Group for 18 years in Hayes Valley and have witnessed a remarkable transformation here, mostly positive. But neighbors and merchants alike want to preserve the uniqueness of the neighborhood and hate to see any of our friends leave. However, I was very pleased when I heard that it was Matt who was taking over the space. Matt and his partners definitely transformed Marlina's, but they did it with an understanding of what the neighborhood needed and wanted and they have been respectful throughout the process up to the present day. They have created a vibrant bar in a vibrant neighborhood and it has been a welcome change.

I understand that Matt and his partners now want to bring life back to the Flippers space at 482 Hayes. I trust that they will do so with the same energy, respect, and dedication that they poured into Brass Tacks. I'm looking forward to seeing more what they plan to do after going through their due-diligence with their immediate neighbors and the City of San Francisco, I'm confident that it will be an impressive improvement

Dear San Francisco Police Department and whomever it may concern,

I am writing on behalf of of Matt Conway, owner of Brass Tacks, a beloved bar in Hayes Valley, San Francisco. I understand Matt and his partners are looking for local neighborhood support for a project in their near future. As an owner of two businesses in Hayes Valley, and as a native son of North Beach neighborhood, I am writing to express that support.

I have known Matt personally for many years as a customer and professionally since Brass Tacks opened appropriately at the site of Marlena's Bar - a local haunt, and long time friend of our businesses. I own and operate Suppenküche, a restaurant that has been in Hayes Valley for 23 years, as well as Biergarten restaurant around the corner, which is moving into its fifth year in the innovative PROXY Project.

In addition to being the best source for liquor down the street, Brass Tacks has supported the Hayes Valley Neighborhood Association - not to mention many other local and civic groups - since it opened its doors. As a former board member and neighborhood resident, that is s telling and important sign. In fact, with the help of Matt and Brass Tacks, the HVNA (and Biergarten) has been able to put on the "Ham and Eggs fire Brunch" to pay tribute the critical work of The San Francisco Fire Department, every year. After all, the post-earthquake fire started less than a block from Brass Tacks' front door in 1902.

As a business owner, neighbor, and friend, I look forward to what is sure to be another beacon of San Francisco food and drink culture. Please count us among the strong supporters of Matt's great project.

All the best,

To: Anthony Healy-London <anthony@brasstackssf.com>

Dear Jane Kim and to all this may concern,

I am writing this letter in support of my neighbors who own, represent and work at BrassTacks Bar in Hayes Valley.

My name is Glenn K. DeMattia. I am the owner of Headlights Hair Studio located at 494 Hayes St. S.F. . I am the sole proprietor and I have been at this location for 25 years as of March 4, 2016. Since replacing the retired institution Marlena's, BrassTacks has been meticulous in not only creating a truly diverse bar atmosphere, attracting and reflecting the diversity of the neighborhood but have been really conscience of considering and including the fellow Merchants and Patrons in every way.

Last July, I had a spontaneous fire after hours in the salon from a faulty water cooler and the BrassTacks Doorman saw the smoke and immediately called the fire Dept. They were there in a few short minutes. They were able to not only minimize the damage, though there was considerable smoke damage and took nearly a month to reopen, but it prevented it from being a tragic outcome for the entire building. I thought of him as a hero and he would not accept a reward of any kind!

This is an example of the kind of neighbor Brass Tacks has been and continues to be. Truly a great addition to our neighborhood in every way.

Thank you so much,

To whom it may concern,

We are writing this letter in support of the proposed expansion of Brass Tacks into the old, Flippers, at 488 Hayes Street. As one of the local merchants in the neighborhood, we favor Brass Tacks as our go-to after work and weekend meet-up spot. The bar provides an inviting and fun environment to hang out with friends and co-workers, a place to have a drink and unwind after a long day. The staff is personable and courteous, the atmosphere is jovial but laid back, and the owners actually know us and we know them. We feel Brass Tacks encourages the strong locality that exists in Hayes Valley.

The owners Matty, Anthony and Josh are conscientious and responsible business owners and good people. With the many condominium buildings and new retail opportunities that are opening in and around Hayes, the expansion of Brass Tacks into the former Flippers would be a great idea. The extra space would allow Brass Tacks to tackle the overflow that is already happening on the busiest nights and which will clearly worsen once all the construction is completed. In addition the owners have told us they intend to make the new space available for larger private parties, neighborhood meetings and community gatherings, something we are very much in favor of.

There are only a few neighborhoods left in San Francisco where everyone knows each other and where patronization of each other's businesses is important. We value this very highly and believe that supporting locally-run endeavors is a crucial foundation builder for a vibrant area. Brass Tacks has the Hayes Valley community foremost in their minds and the expansion would be an great asset to the neighborhood and a move we strongly support.

To Whom it may concern,

I am writing in strong support of Brass Tacks' expansion to the former Flipper's space on Hayes Street. The Brass Tacks team are exceptional operators, who run one of the most popular bars in all of Hayes Valley, and I feel strongly that the community will only benefit from their improvements to the prime space at 482 Hayes Street.

Since opening Brass Tacks, the bar has become a destination for the neighborhood: a friendly, warm, welcoming space that is inclusive of all guests. In addition to being a go-to spot for watching a sports game or meeting up for drinks with friends, the Brass Tacks team also regularly opens the space for important community-based meetings.

As a member of the Souvla restaurant team, I can say that the people who work at Brass Tacks have been excellent and supportive neighbors as merchants. Their team is friendly, approachable, professional, and helpful. They are excellent stewards of the neighborhood, responsibly managing the upkeep of their building and the portion of Hayes Street that they occupy. In addition, as members of both the Hayes Valley Neighborhood Association and Merchant Association, they're actively involved in initiatives that enrich and enliven the community.

In addition, as a resident of the neighborhood living at Page and Octavia, I feel strongly that we need more great operators like the Brass Tacks team opening restaurants and bars that continue to bring value to our community.

Sincerely,

Dear Supervisor Kim and Fellow Members of the Board:

I am writing to show my support for the expansion of Brass Tacks into the space next door formally known as Flippers. I grew up in San Francisco, my father and grandmother were born here, and now I am proud owner of a small business, in the city I love. I have also served on the board of the Hayes Valley Neighborhood Association as an associate member and most recently as the recording secretary. I own a small neighborhood wine and beer bar called Fig & Thistle and was able to open and continue to be open due to the support of the neighborhood.

I've seen the city change gradually from memories of my childhood till now and witness what feels like an exponential change in the city in the last 5 years. Everyday I am surprised by the volume of people I see on the streets and in this neighborhood in particular. One of the things that Brass Tacks provides that Hayes Valley needs is a place for people who live in the neighborhood to grab a drink and relax after a long day at work. The only "problem" now is that Hayes Valley has become a destination neighborhood and there is less and less room for people to hang out and drink. When I go to Brass Tacks (and I know my staff feels the same way) we are always greeted with a smiling face, good atmosphere and a much needed drink after a long night of work. The expansion would allow for more people to have the opportunity to sit and have a drink.

In addition to providing a place to relax and grab a drink the bar also provides an extra level of security to the neighborhood. The doormen that have hired to check IDs know everyone in the neighborhood by name. I feel safer walking down that part of Hayes because they are there. A couple of months ago there was a wall fire in one of the businesses next door and one of the doormen noticed the smoke and quickly called it in. I honestly believe that if it wasn't for them calling it in so quick a lot more damage would have been done to that block.

Please feel free to contact me if you have any other questions. I hope that the Board supports the decision for the expansion. We need to keep small business alive in the city, it's one of the main reasons Hayes Valley is so special and the owners and employees of Brass Tacks already add so much communal spirit to our neighborhood, the expansion would allow more people to experience it.

Sincerely,

Angel Davis

To whom it may concern;

I am writing in regards to the team from Brass Tacks, and their desire to expand their operation. As a fellow business owner operating in Hayes Valley since 2014, a board member of both The Hayes Valley Neighborhood Association and The Golden Gate Restaurant Association and a Hayes Valley resident to boot, I, along with my organization fully support their efforts.

Anthony, Josh and Matty are first-class operators, and bring tremendous value to the neighborhood ecosystem that is Hayes Valley. Souvla patrons and employees alike are all big supporters and "regulars" there. Our two businesses have a truly remarkable, symbiotic relationship, for which I am very grateful for.

Not only does Souvla feed the Brass Tacks team with regular frequency, but our employees can often be found there following their shift. We collectively were so delighted to hear that they were beginning the process of expansion, and we hope that they are allowed to realize their goals in continuing to bring warm hospitality, quality beverages and a dynamic social experience to our growing neighborhood.

I wish to place my personal support and the support of the entire Souvla organization behind their efforts. We could think of no better business to expand into the neighboring space. Given their exemplary operational history, I know they will do a commendable job.

I will make myself available for any additional inquiries or questions. Please do not hesitate to reach me directly via email.

Re: Brass Tacks

Dear Supervisor Kim:

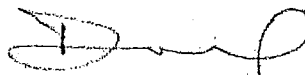

I have been a business owner in Hayes Valley since 1979, and have co-owned my building at 523 Octavia Street since 1991. I have watched with amazement and delight the development of Hayes Valley into a vibrant urban community. The new businesses that have opened in the neighborhood during the past few years have contributed greatly to this vitality.

One such business that has added to the community is Brass Tacks, which is a warm and welcoming gathering place that I and my colleagues enjoy visiting. We feel at home, and are treated as neighbors should be.

In my opinion the owners of Brass Tacks run a responsible business and are great neighbors.

Please feel free to contact me if I can provide any additional information.

RE: Letter of Support for Brass Tacks

I am writing this letter in support of Brass Tacks proposed expansion into the former Flippers Restaurant. I am both a resident and business owner in Hayes Valley, and my husband is a resident in Hayes Valley. While many people are writing in support of the existing business and the responsible and approachable personalities of Matty, Anthony and Josh, I would like to focus on another aspect of Brass Tacks services and employees; their commitment to our community and their doormen.

The doormen at Brass Tacks are impeccable. They talk to the community as we walk by, watch out for members of the community, keep an eye on what is going on, not just at Brass Tacks but within the neighborhood. A most notable event, about six months ago a fire began around 11PM at a neighboring hair salon and the doorman at Brass Tacks "smelled something funny" investigated, called the Fire Department, and thankfully so. Brass Tacks was (and still is) the only business that is open in the evening. We may have lost ground floor businesses as well second and third floor residential units without the doorman's diligence and intervention. The fire started by a faulty water cooler was caught in time to be restricted to the salon with some smoke damage to the nail salon. As it was, the hair salon was closed for repairs for a few weeks. Without the quick action of the doorman, Hayes Valley could have lost a handful of businesses and residential units, people could have lost their homes, and may not have been able to get out of their units in time.

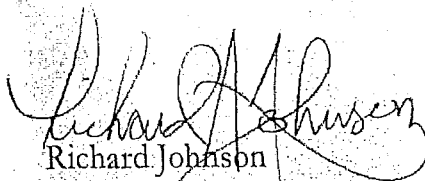

We all walk by Brass Tacks, talk to the doormen, say hello to Matty and the various bar tenders; Brass Tacks is very COMMUNITY. We meet friends there, take our computers there and work at the bar as a change of scenery and catch up on the daily goings-on. Fundraisers have been held there to assist people in crisis.

We really look forward to the opportunity to have an additional business in the 'hood' managed and operated by the same team, as well as an alternative gathering place for events, art exhibitions, fundraisers and private parties.

Please feel free to contact me/us with any questions.

Most Sincerely,

488 Hayes Street SF CA 94102*

Dear Ms. Cavillo:

This office represents Burgers 355, LLC dba Brass Tacks. My clients presently own a bar and lounge located at 488 Hayes Street in San Francisco and the adjacent Flippers Burgers located at 482 Hayes. My client has applied to the California Department of Alcoholic Beverage Control (ABC) to expand the premises of their current On-Sale General Public Premises license [Type 48] to their Flippers Burgers premises in the same building. The new expanded Brass Tacks will operate under the current address, namely 488 Hayes Street, San Francisco. The Flippers Burgers location has operated as a restaurant with a Type 41 ABC license since at least 2002.

My clients wish to expand their current bar and lounge business into this expanded premise. The managing partners, Anthony Healy London, Joshua McAdam and Matthew Conway have been in the bar and restaurant business for many years and are skilled operators. They are committed to providing an excellent experience for their patrons and will strive to make the Hayes Valley area safer and crime free. Foremost, they are and will continue to be Good Neighbors.

Brass Tacks has been operating at 488 Hayes for nearly 3 years and has been fully embraced by neighborhood. They have developed strong relationships with many of the other neighborhood businesses, have a strong record of neighborhood safety, and have been quick to respond to any and all concerns from the community regarding their business.

Brass Tacks owners are active members of the HVNA and the Hayes Valley Merchant Association. As a neighborhood partner, they have hosted countless charitable gatherings including events for Leukemia Lymphoma Society, The March of Dimes, Aids life cycle, Daniel Webster Elementary, The Humane Society, and others. The current premise is only about 700 sq feet. This has led folks in the neighborhood to remark and complain that the space is too small and gets too busy to hold proper community gatherings. The idea behind the expansion into next door is to allow for larger groups to have more space to hold community events, neighborhood gatherings and charitable fundraisers. In short, the new space will accommodate for larger groups without jeopardizing Brass Tacks as a comfortable neighborhood bar.

The managing partners strive to create a simple, down to earth neighborhood bar which continues to serve long time Hayes Valley residents as well as appealing to new comers, i.e., technology workers and others being drawn to this dynamic and centrally located area. In the last 3 years, they have developed a loyal clientele that includes young professionals, new and longtime neighborhood residents, Hayes Valley shoppers, patrons of Davies, Bill Graham and SF Jazz enjoying a pre or post show drink, and bar and restaurant industry workers. Brass Tacks is currently the only neighborhood bar in Hayes Valley that is open 7 days a week, and the additional square footage will allow them to better serve the neighborhood as it continues to grow and evolve.

As part of its commitment to ensure that operations in this expanded floor plan do not disturb its neighbors, Brass Tacks will add additional sound mitigation measures to the building, on top of the extensive sound proofing work done previously. Brass Tacks management has demonstrated this commitment consistently. For example, despite installing 2 layers of Quiet Rock dry wall in the ceiling, the upstairs neighbor was experiencing vibrations due to noise from the bar. Brass Tacks' response was to (1) immediately lower the volume of the sound system so that it could not exceed a reasonable level, (2) spend in excess of \$15,000 on the installation of a sound proof ceiling and (3) put all the speakers on noise dampeners to limit any vibrations. They also promptly respond to the upstairs neighbors if they are experiencing any noise issues by immediately instructing staff to lower the music and to close the door.

The approved expansion will allow Brass Tacks to offer more of what they are known for: providing fresh, seasonal cocktails plus local craft beer and wine in a clean, relaxed environment. Brass Tacks will continue to provide jobs in the service industry that support and

enhance opportunity for local residents and support local businesses in the Hayes Valley neighborhood. The approval by the Board of Supervisors of this ABC license would not have any detrimental effect on the surrounding neighborhood or the City of San Francisco. The clientele of this operation fits well into the existing neighborhood and poses no public safety problems. This expanded business venture will also provide additional job opportunities to the community.

For the reasons outlined above, applicant Burgers 355, LLC dba Brass Tacks respectfully requests that this letter be forwarded to the Public Safety & Neighborhood Services Committee of the Board and that this Committee and the full Board of Supervisors make a determination under California Business and Professions Code Section 23958.4 that the public need or convenience would be served by the transfer (expansion) of the liquor license to Burgers 355, LLC dba Brass tacks at 488 Hayes Street, San Francisco.

Thank you for your consideration of this request.

Yours truly,

Mark E. Rennie
