

LEGISLATIVE DIGEST

[Administrative Code - Bicycle Advisory Committee]

Ordinance amending the Administrative Code to establish a sunset date for the Bicycle Advisory Committee and to urge the Municipal Transportation Agency to provide administrative support for the Advisory Committee.

Existing Law

The Bicycle Advisory Committee provides advice to the Board of Supervisors, Municipal Transportation Agency and the County Transportation Authority regarding bicycle-related issues, including routes, secure parking, and transit interface.

The Committee has no sunset date on which it will terminate and no designated City department to provide administrative support.

Amendments to Current Law

The ordinance would urge the Municipal Transportation Agency to provide administrative support to the Advisory Committee.

Consistent with the Board of Supervisors' Rules of Order and standard practice for advisory bodies, the Committee would sunset on December 31, 2019 unless the Board of Supervisors enacts a subsequent ordinance extending the Advisory Committee.
