4	Do it	ardained by the Deeple of the City and County of Can Francisco.
5	ье п	ordained by the People of the City and County of San Francisco:
6	Secti	on 1. Background, Findings, and Purpose.
7	(a)	In order to better serve the public, the City and County of San Francisco
8	contracts fo	r necessary goods, programs, and services.
9	(b)	Over time, the City has enacted contract-related ordinances that seek to use the
10	City's marke	et participant powers to advance various social noncommercial social policy
11	priorities, of	ten without consideration of how these requirements interact with other existing
12	laws or impa	act the efficiency of the City's procurement processes.
13	(c)	Such ordinances are rarely, if ever, repealed or even reviewed for effectiveness
14	or cost.	
15	(d)	In 2016, for example, the City enacted Administrative Code Chapter 12X in
16	response to	the proliferation of laws in states across the country that discriminated against the
17	LGBTQ con	nmunity; Chapter 12X prohibited the City from contracting with businesses based
18	in states wit	h such laws.
19		(i) Between 2016 and 2023, the Board of Supervisors and Mayor expanded
20	the reach of	Chapter 12X to include businesses in states with restrictive abortion and voting
21	rights laws,	bringing the total number of banned states to 30.
22		(ii) In 2023, the Board of Supervisors repealed Chapter 12X after analyses
23	by the Budg	get and Legislative Analyst and City Administrator concluded that Chapter 12X
24	increased th	ne City's contracting costs and required significant City resources to administer,
25		

- yet failed to impact legislative activity of banned states; furthermore, they found that limiting free and open competition for contracts increases the costs of those contracts by as much as 20%.
 - (iii) The review and repeal of Chapter 12X drew heightened attention to the costs and benefits of the array of social policies the City has sought to advance through its contracts, and in 2022, Supervisor Mandelman submitted a Letter of Inquiry asking the Office of the City Administrator to make recommendations for a new more-transparent, streamlined, and less-costly procurement process for low-value Chapter 21 contracts to encourage greater competition and support the City's small businesses.
 - (e) In May 2024, City Administrator Carmen Chu released her response to
 Supervisor Mandelman's Letter of Inquiry, a report entitled "Improving the Process for Chapter
 21 Low-value Procurements," which found as follows:
 - (i) The City's contracting processes create a high level of administrative burden for both City staff and suppliers, making it more difficult for the City to fulfill its mission and serve the public;
 - (ii) City staff spend an excessive amount of time navigating complicated procurement processes and guiding suppliers through compliance requirements, which can take time away from strategic or performance management activities;
 - (iii) The City's contracting requirements make doing business with the City confusing and cost-prohibitive for some suppliers, and small and local businesses are especially impacted by high barriers to entry, which can run counter to the City's goals of local investment and equitable contracting;
 - (iv) Low-value contracts are subject to the same contracting requirements as higher-value contracts, making executing a \$100,000 contract just as difficult as executing a \$5,000,000 contract;

1		(v)	In the past five years, the City awarded thousands of contracts for
2	\$200,000 or	less a	accounting for 59% of the City's contract volume but only 1.8% of the City's
3	total contrac	t spen	ding, meaning that that City staff and suppliers are spending
4	disproportio	nate tir	me, energy, and effort on a relatively small share of the City's spending; and
5		(vi)	The complexity of the City's contracting processes may also be limiting
6	competition	to prov	vide City goods and services; for example, in Fiscal Year 2023, nearly half
7	of the solicit	ations	that the Office of Contract Administration issued received a single response
8	or no respor	nse.	
9	(f)	The	City Administrator's report presents five recommendations to help address
10	these challe	nges:	
11		(i)	Improve the informal procurement process, which refers to procurements
12	under the C	ity's "N	finimum Competitive Amount" (Currently \$230,000 but reset every five
13	years using	the Co	onsumer Price Index);
14		(ii)	Simplify the City's standard contract terms and conditions, which are
15	significantly	longer	than those in other cities and municipalities;
16		(iii)	Amend the City's procurement requirements to update and reconcile
17	inconsistend	cies in	processes, thresholds, and triggers;
18		(iv)	Standardize future procurement legislation; and
19		(v)	Increase inter-departmental coordination in contracting and align policy
20	and adminis	trative	processes across departments.
21	(g)	The	purpose of this legislation, the Open for Business Contract Streamlining Act
22	of 2025, is to	o simp	lify the City's procurement processes and promote competition, especially
23	for low-value	e contr	acts under the Minimum Competitive Amount, by doing the following:
24		(i)	Creating a common structure and terminology to inform and model any

future contracting ordinances, as well as existing ordinances that may be amended;

1	(ii)	Requiring a City Administrator analysis for future proposed ordinances
2	that may materially	y impact procurement processes;
3	(iii)	Updating sections of the Municipal Code to align with current terminology
4	and government fu	unctions;
5	(iv)	Repealing sections of the Municipal Code that are no longer in use or are
6	duplicative of state	e law; and
7	(v)	Revising sections of the Municipal Code to standardize their triggering
8	thresholds at the N	Minimum Competitive Amount.
9		
10	Section 2. 0	Chapter 2A of the Administrative Code is hereby amended by adding
11	Section 2A.25-1, to	o read as follows:
12		
13	SEC. 2A.25-1. ANA	ALYSIS OF LEGISLATION IMPACTING PROCUREMENT.
14	(a) The C	City Administrator's Office (the "City Administrator") shall identify and report on
15	all legislation introd	luced at the Board of Supervisors that may have a material impact on City
16	procurement proces.	ses for goods and services as determined by the City Administrator.
17	(b) In pro	eparing this analysis, the City Administrator shall analyze the legislation for
18	factors such as but n	not limited to: (1) the impact on City operations; (2) the impact on contracting
19	parties that may wis	h to contract with the City; (3) oversight responsibilities and procedures; (4)
20	consistency in procu	rement policies; and (5) implementation considerations. The City Administrator
21	may solicit assistanc	ce from the Purchaser, the Board of Supervisors' Budget Analyst, the Controller,
22	the Office of Labor S	Standards Enforcement ("OLSE"), the Contract Monitoring Division ("CMD"),
23	impacted departmen	ets, and other public and private stakeholders as the City Administrator deems may
24	be appropriate in the	e development of the analysis.
25	<u>(c) The (</u>	City Administrator's analysis shall: (1) summarize the impact of the legislation

1	based on factors such as those outlined above; (2) analyze the feasibility of the proposed operative date
2	of the legislation given its anticipated impact; and (3) recommend ways the proposed legislation could
3	be improved to mitigate adverse impacts or unintended consequences on City procurement processes.
4	(d) The City Administrator shall submit its analysis to the Board of Supervisors within 60
5	days of receiving the legislation from the Clerk of the Board, unless the President of the Board grants
6	an extension prior to the expiration of the 60-day deadline, for legislation of unusual scope or
7	complexity. The City Administrator's analysis shall be submitted to the Board prior to the legislation
8	being heard in committee, except if the City Administrator fails to provide the analysis by the 60-
9	day deadline or by any extension approved by the President, the Board may proceed with
10	consideration of the legislation without the analysis.
11	
12	Section 3. The Labor and Employment Code is hereby amended by revising Article
13	131 consisting of existing Sections 131.1 to 131.7, by replacing it with a new Article 131,
14	consisting of Sections 131.1 to 131.9 that incorporate parts of existing Articles 131 and 132, to
15	read as follows:
16	
17	ARTICLE 131: NONDISCRIMINATION IN CONTRACTS
18	AND EQUAL BENEFITS REQUIREMENTS
19	
20	SEC. 131.1. ALL CONTRACTS AND PROPERTY CONTRACTS TO INCLUDE

23	the City and County, shall include in all contracts and property contracts hereinafter executed or
24	amended in any manner or as to any portion thereof, a provision obligating the contractor not to

In the event that the contractor's actual cost of providing a certain benefit for the domestic partner of an employee exceeds that of providing it for the spouse of an employee, or the contractor's actual cost of providing a certain benefit for the spouse of an employee exceeds that of providing it for the domestic partner of an employee, the contractor shall not be deemed to discriminate in the provision of benefits if the contractor conditions providing such benefit upon the employee agreeing to pay the excess costs. In addition, in the event a contractor is unable to provide a certain benefit, despite taking reasonable measures to do so, the contractor shall not be deemed to discriminate in the provision of benefits if the contractor provides the employee with a cash equivalent.

SEC. 131.2. NONDISCRIMINATION PROVISIONS.

Every contract and property contract for or on behalf of the City shall incorporate by reference and require the contractor to comply with the provisions of Section 131.2. In addition, all contractors must incorporate by reference in all subcontracts and require subcontractors to comply with the requirements set forth in this Section 131.2, and failure to do so shall constitute a material breach of contract.

—In the performance of a contract the contractor agrees as follows:

(a) The contractor or subcontractor will not discriminate against any employee, City and County employee working with such contractor or subcontractor, or applicant for employment with such contractor or subcontractor on the basis of the fact or perception of that person's race, color, religion, ancestry, national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability, weight, height, AIDS/HIV status, or association with members of classes protected under this Article or in retaliation for opposition to any practices forbidden under this Article. Discrimination on the basis of sex includes sexual harassment as defined in Section 16.9-

25(b) of the Administrative Code. The contractor or subcontractor will take action to ensure that applicants are employed, and that employees are treated equally during employment, without regard to the fact or perception of their race, color, creed, religion, ancestry, national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or AIDS/HIV status. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and selection for training, including apprenticeship. Nothing in this Article shall require or prohibit the establishment of new classifications of employees in any given craft. spouse of an employee, or the contractor's actual cost of providing a certain benefit for the spouse of

not be deemed to discriminate in the provision of benefits if the contractor conditions providing such
benefit upon the employee agreeing to pay the excess costs. In addition, in the event a contractor is
unable to provide a certain benefit, despite taking reasonable measures to do so, the contractor shall
not be deemed to discriminate in the provision of benefits if the contractor provides the employee with a

by law or the requirements of contractor's insurance provider any request by an employee or applicant
for employment for domestic partner or spousal benefits or any documentation of eligibility for
domestic partner or spousal benefits submitted by an employee or applicant for employment.
— In adopting this Section 131.2(b), the intent of the Board of Supervisors is to equalize to the
maximum extent legally permitted the total compensation between similarly situated employees with
spouses and employees with domestic partners.
— In particular, consistent with the severability clause set forth in Section 131.7 below, the
Board of Supervisors intends that if a court or agency of competent jurisdiction finds that a State or
federal law, rule or regulation invalidates (1) the application of this Section to any business, person,
type of compensation or benefit, or location; or (2) any other requirement of this Section, then the court
or agency should sever the invalid clause and leave in effect the remainder of this Section.
(c) The contractor or subcontractor shall provide reasonable accommodation for qualified
disabled applicants for employment and for qualified disabled employees. Said contractor or
subcontractor need not provide reasonable accommodation if such would present an undue hardship.
An undue hardship may include but not be limited to more than a de minimus cost, violation of the
seniority rights of other co-workers as established by a bona fide seniority system, or a health or safety

1	risk to the employee or co-employees. The burden of establishing an undue hardship rests on the
2	employer.
3	(d) The contractor or subcontractor will in all solicitations or advertisements for employees
4	placed by or on his or her behalf, state that qualified applicants will receive consideration for
5	employment without regard to the fact or perception of their race, creed, religion, color, ancestry,
6	national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status,
7	disability, weight, height or AIDS/HIV status.
8	(e) The contractor or subcontractor will send to each labor union or representative of
9	workers with which he or she has a collective bargaining agreement or other agreement or
10	understanding, a notice, in such form and content as shall be furnished or approved by the awarding
11	authority, advising the said labor union or workers' representative of the contractor's or
12	subcontractor's commitments under this Section, and shall post copies of the notice in conspicuous
13	places available to employees and applicants for employment.
14	(f) The contractor or subcontractor shall:
15	(1) Permit access to its records of employment, employment advertisements, application
16	forms, and other pertinent data and records by the Commission, the City's awarding authority or the
17	Fair Employment and Housing Commission, for the purposes of investigation to ascertain compliance
18	with the nondiscrimination provisions of this Article, and upon request shall provide evidence that the
19	contractor has complied or will comply with the nondiscrimination provisions of this Article.
20	— (2) Submit an Equal Pay Report if the contractor or subcontractor has at least 20
21	employees worldwide and, for a contract or subcontract, the agreement has a value equal to or in
22	excess of the Threshold Amount set forth in Administrative Code Chapter 6 or the Minimum
23	Competitive Amount set forth in Administrative Code Chapter 21, as applicable, or, for a grant, the
24	agreement has a value equal to or in excess of \$50,000.
25	(A) The Equal Pay Report shall provide summary information on compensation paid to

1	employees identified by sex, race, sex and race, and data points the Commission has adopted by
2	regulation.
3	(B) Each contractor or subcontractor shall file a complete and accurate Equal Pay
4	Report with the Commission commencing on a date set by the Commission but no later than July 3,
5	2017. Thereafter, each contractor or subcontractor shall file a Equal Pay Report annually.
6	(C) The Equal Pay Report requirements of this Subsection (f)(2) shall apply to all
7	qualifying contracts, subcontracts and grants first advertised for bid, request for qualification or
8	proposal is issued or initiated on a date set by the Commission but no later than July 3, 2017.
9	(D) If any information in the Equal Pay Report constitutes proprietary financial data, or
10	confidential trade secret, or is protected by the right of privacy under the U.S. or California
11	Constitution, the City shall not disclose such information unless required by law, including under the
12	California Public Records Act and the San Francisco Sunshine Ordinance.
13	(g) A contractor or subcontractor shall be deemed to have breached the nondiscrimination
14	provisions of this Article upon:
15	— (1)—A finding by the Director or such other official who may be designated by the
16	Commission, that the contractor or subcontractor has wilfully violated such nondiscrimination
17	provisions; or
18	— (2) A finding by the California Fair Employment and Housing Commission that a
19	contractor or subcontractor has violated any provision of the California Fair Employment and Housing
20	Act or the nondiscrimination provisions of this Article, provided that the California Fair Employment
21	and Housing Commission has issued a final order pursuant to Section 12970 of the Government Code,
22	or has obtained a judgment and order enforcing the final order pursuant to Section 12973 of the
23	Government Code; provided further, that for the purposes of these provisions, an order or injunction
24	shall not be considered final during the period within which (1) appeal may be taken, or (2) the same
25	has been stayed by order of court, or (3) further proceedings for vacation, reversal or modification are

in progress before a competent administrative or judicial tribunal.

(3) Upon such finding by the Director or other official designated by the Commission, or the California Fair Employment and Housing Commission, the awarding authority shall notify the contractor or subcontractor that unless the contractor or subcontractor demonstrates to the satisfaction of the Director or other official designated by the Commission, within such reasonable period as the Commission shall determine, that the violation has been corrected, action will be taken as set forth in Subparagraphs (h) and (i) hereof.

— (4) The Commission shall, within 10 days of the date of issuance of any finding by the Director or other official designated by the Commission for the enforcement of this Article, mail to any person or persons affected by said finding, a copy of said finding, together with written notice of the right to appeal such finding. Notice of appeal must be filed in writing with the Chairperson of the Commission within 20 days of the date of mailing said copy and notice.

(5) For purpose of appeal proceedings under this Section, a quorum shall consist of eight members of the Commission. The vote of the majority of the full Commission shall be necessary to affirm, reverse or modify such decisions, order or other action rendered hereunder. Should a member of the Commission be designated under Section 131.2(g)(1) of this Article, that Commissioner may not participate in an appeal under this Section except as a witness.

— (6) The presiding officer of the Commission shall have the power to administer oaths to witnesses in appeals before the Commission under this Section. In the event that any person shall fail or refuse to appear as a witness in any such proceeding after being requested to do so, and if it shall appear to the Commission that his or her testimony, or books, records, documents or other things under his or her control are material and relevant as evidence in the matter under consideration by the Commission in the proceeding, the presiding officer of the Commission may subpoena such person, requiring his or her presence at the proceeding, and requiring him or her to bring such books, records, documents or other things under his or her control.

(7) All appeals to the Commission shall be open to the public. Records and minutes shall
be kept of such proceedings and shall be open to public inspection. Upon reaching a decision in any
appeal, the Commission shall give written notice thereof to the Director or other official designated by
the Commission, and the appellant or appellants. The decision of the Commission shall be final unless
within 15 days of the filing and service of written notice thereof appropriate legal proceedings are filed
in a court of competent jurisdiction by any party to the contract, property contract or subcontract.
(8) If any contractor or subcontractor shall fail to appear at an appeal proceeding of the
Commission after having been given written notice to appear, such failure to appear shall be grounds
for termination of the contract, property contract or subcontract and such contractor or subcontractor
shall be deemed to have forfeited all rights, benefits and privileges thereunder.

(9) The Commission shall promulgate rules and regulations for the implementation of the nondiscrimination provisions of this Article.

-(h) The awarding authority may deduct from the amount payable to the contractor or subcontractor by the City under any contract or property contract subject to this Article, or may impose upon the contractor or subcontractor, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Article. In addition to any other penalties provided for the violation of the nondiscrimination provisions of this Article or for the failure of any contractor or subcontractor to abide by the rules and regulations of the Commission, the contract, property contract or subcontract may be terminated or suspended, in whole or in part, by the awarding authority upon the basis of a finding as set forth in Section 131.2(g) that the contractor has discriminated contrary to the provisions of this Article, and all moneys due or to become due hereunder may be forfeited to, and retained by, the City.

(i) A breach of the nondiscrimination provisions in the performance of a contract, property contract or subcontract shall be deemed by the City to be material breach of contract and the basis for determination by the awarding authority that the contractor or subcontractor is an irresponsible bidder

1	as to all future contracts or property contracts for which such contractor or subcontractor may submit
2	bids. Such contractor or subcontractor shall not for a period of up to two years thereafter, or until it
3	shall establish and carry out a program in conformity with the nondiscrimination provisions of this
4	Article, be allowed to act as a contractor or subcontractor under any contract or property contract.
5	(j) If a finding of discrimination is made by either the Director or the Commission, the
6	contract awarding department shall submit a report to the Board of Supervisors, the Mayor's Office,
7	and the Commission that provides details of what actions, if any, the contract awarding department
8	undertook under this Article.
9	(k) The Commission shall provide an annual report to the Board of Supervisors summarizing
10	the effectiveness of the information obtained from the Equal Pay Reports, recommendations for
11	legislative change if needed, and a summary of the investigations, if any, that stem from the Equal Pay
12	Reports. The Commission's recommendations shall include drafts of one or more ordinances if
13	legislative change is necessary or desirable to implement the recommendations.
14	(l) Nothing contained in this Article shall be construed in any manner so as to prevent the
15	City from pursuing any other remedies that may be available at law, equity or under any contract or
16	property contract.
17	(m) The contractor or subcontractor will meet the following standards for compliance:
18	— (1) If the contractor or subcontractor has been held to be an irresponsible bidder under
19	Section 131.2(i) hereof, the contractor or subcontractor shall furnish evidence that it has established
20	and is carrying out a program in conformity with the nondiscrimination provisions of this Article.
21	(2) The contractor or subcontractor may be required to file with the Commission a basic
22	compliance report, which may be a copy of the federal EEO-1, or a more detailed report as determined
23	by the Commission. Wilful false statements made in such reports shall be punishable as provided by
24	law. No contractor or subcontractor shall be held in noncompliance for not filing such a report with
25	the Commission unless it has been specifically required to do so in writing by the Commission.

1	— (3) Personally, or through its representatives, the contractor or subcontractor shall,
2	through negotiations with the unions with whom it has collective bargaining or other agreements
3	requiring the contractor or subcontractor to obtain or clear its employees through the union, or when
4	the contractor or subcontractor otherwise uses a union as an employment resource, attempt to develop
5	an agreement which will:
6	(A) Define and outline responsibilities for nondiscrimination in hiring, referral,
7	upgrading and training;
8	(B) Otherwise implement a nondiscrimination program in terms of the unions' specific
9	areas of skill and geography, such as an apprenticeship program, to the end that minority workers will
10	be available and given an equal opportunity for employment.
11	— (4) The contractor or subcontractor shall notify the awarding authority of opposition to the
12	nondiscrimination provisions of a contract by individuals, firms or organizations during the term of the
13	contract.
14	SEC. 131.3. HUMAN RIGHTS COMMISSION EMPOWERED.
15	-The San Francisco Human Rights Commission, its presiding officer and its director are
16	hereby granted the power to do all acts and exercise all powers referred to in Section 131.2 hereof.
17	SEC. 131.4. NONDISCRIMINATION GUIDELINES.
18	- The following nondiscrimination guidelines shall apply to all contracts and property contracts
19	subject to this Article.
20	—In order to be eligible to submit a bid or proposal or to have a bid or proposal considered by
21	the awarding authority, the prospective contractor shall agree to abide by a nondiscrimination
22	program which conforms to the requirements of the Commission.
23	- The Commission may also require contractors and subcontractors to take part in a pre-bid or
24	pre-award conference in order to develop, improve or implement a qualifying nondiscrimination
25	program.

(a) Nondiscrimination programs developed pursuant to this Section shall be effective for a
period of 12 months from the date of approval by the Commission. Contractors or subcontractors who
are members in good standing of a trade association which has negotiated a nondiscrimination
program with the Commission may make this association program their commitment for the specific
contract or property contract upon approval of the Commission without the process of a separate pre-
bid or pre-award conference. Such an association agreement shall be effective for a period of 12
months from the date of approval by the Commission. Trade associations shall provide the Commission
with a list of members in good standing in such association. The Commission shall annually supply
contracting agencies of the City and County with a list of contractors and subcontractors who have
developed approved nondiscrimination programs.
(b) The awarding authority shall be responsible for notifying all prospective bidders or
proposers of the requirements of this Section and, when requested by the Commission, for notifying the
Commission of each contract or property contract which is being proposed to be put to public bid.
(c) The proposed nondiscrimination program described by this Section, and the pre-bid or
pre-award conference which may be required by the Commission, shall, without limitation as to the
subject or nature of employment activity, be concerned with such employment practices as:
— (1) Apprenticeship where approved programs are functioning, and other on-the-job
training for nonapprenticeable occupations;
(2) Classroom preparation for the job when not apprenticeable;
(3) Pre-apprenticeship education and preparation;
— (4) Upgrading training and opportunities;
(5) Encouraging the use of contractors and subcontractors of all ethnic groups, provided,
however, that any contract or property contract subject to this Article shall require the contractor or
subcontractor to provide not less than the prevailing wage, working conditions, and practices generally
observed in private industries in the City for such work; and

1	— (6) The entry of qualified minority journeypersons into the industry.
2	-(d) Nondiscrimination agreements resulting from the proposed nondiscrimination programs
3	or the pre-bid or pre-award conferences shall not be confidential and may be publicized by the
4	Commission at its discretion. In addition, the Commission may report to the Board of Supervisors,
5	either on request of the Board or on its own initiative, on the progress or the problems which attend the
6	implementation of these agreements or any other aspect of enforcement of this Article.
7	(e) Any job training or education program using the funds, facilities, or staff of the City
8	which, in the judgment of the Board of Supervisors or the Commission, can make a contribution to the
9	implementation of this Article shall submit reports to the Commission as requested and shall be
10	required to cooperate with the contractors, subcontractors and unions and with the Commission for the
11	effectuation of the nondiscrimination programs developed under this Article.
12	
13	SEC. 131.5. ARTICLE APPLIES ONLY TO DISCRIMINATORY EMPLOYMENT
14	PRACTICES.
15	(a) This Article shall not confer upon the City and County of San Francisco or any agency,
16	board or commission thereof any power not otherwise provided by law to determine the legality of any
17	existing collective bargaining agreement and shall have application only to discriminatory employmen
18	practices by contractors or subcontractors engaged in the performance of City and County contracts o
19	property contracts.
20	(b) The Board of Supervisors shall appropriate such funds from the General Fund of the
21	City, subject to budgetary and fiscal provisions of the Charter, as it may deem necessary for the
22	enforcement of this Article.
23	
24	SEC. 131.6. NONAPPLICABILITY, EXCEPTIONS AND WAIVERS.
25	—(a) The Director shall waive the requirements of this Article under the following

circumstances:

(1) Whenever the Director finds, upon the advice of the awarding authority, that there is only one prospective contractor willing to enter into a property contract with the City for use of City property on the terms and conditions established by the City, or that the needed goods, services, construction services for a public work or improvement, or interest in or right to use real property are available only from a sole source and the prospective contractor is not currently disqualified from doing business with the City, or from doing business with any governmental agency based on any contract compliance requirements;

(2) If the contracting department, board or commission certifies in writing to the Director that pursuant to Administrative Code Sections 6.30 or 21.25 the contract or property contract is necessary to respond to an emergency which endangers the public health or safety and no entity which complies with the requirements of this Article capable of responding to the emergency is immediately available; provided that such certification must be made prior to the Controller's contract certification;

— (3) Where the City Attorney certifies in writing to the Director that the contract involves specialized litigation requirements such that it would be in the best interests of the City to waive the requirements of this Article.

(b) This Article shall not apply where the prospective contractor is a public entity and the Director finds that goods, services, construction services for a public work or improvement or interest in or right to use real property of comparable quality or accessibility as are available under the proposed contract or property contract are not available from another source, or that the proposed contract or property contract is necessary to serve a substantial public interest.

(c) This Article shall not apply where the contracting officer finds that the requirements of this Article will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency

1	with respect to any such grant, subvention or agreement, provided that the contracting officer has made
2	a good faith attempt to change the terms or conditions of any such grant, subvention or agreement to
3	authorize application of this Article.
4	(d) Upon the request of a potential contractor or upon the contracting officer's own
5	initiative, after taking all reasonable measures to find an entity that complies with the law, the
6	contracting officer may waive any or all of the requirements of this Article for any contract, property
7	contract or bid package advertised and made available to the public, or any competitive or sealed bids
8	received by the City as of the date of the enactment of this ordinance under the following
9	circumstances:
10	— (1) Where the contracting officer determines that there are no qualified responsive bidders
11	or prospective contractors who could be certified by the Commission as being in compliance with the
12	requirements of this Article and that the contract or property contract is for goods, a service or a
13	project that is essential to the City or City residents; or
14	(2) Where the contracting officer determines that transactions entered into pursuant to
15	bulk purchasing arrangements through federal, State or regional entities which actually reduce the
16	City's purchasing costs would be in the best interests of the City; or
17	(3) Where the contracting officer determines that the requirements of this Article would
18	result in the City's entering into a contract with an entity that was set up, or is being used, for the
19	purpose of evading the intent of this Article, which is to prohibit the City from entering into contracts
20	with entities that discriminate based on the criteria set forth in this Article;
21	— (4) The waiver authority granted to contracting officers in this Section 131.6(d) shall be
22	subject to the requirements that:
23	(i) All proposed waivers must be submitted to the Director and the Clerk of the Board of
24	Supervisors. All proposed waivers must set forth the reasons the contracting officer is requesting the
25	waiver, what steps were taken to find an entity that complies with this Article and why the waiver does

1	not defeat the intent of this Article, which is to prohibit the City from entering into contracts with
2	entities that discriminate based on the criteria set forth in this Article. Such waivers shall be subject to
3	the prior approval of the Director, who shall take action approving or denying a proposed waiver
4	within 30 days of receiving a notification of a proposed waiver from a contracting officer. If after 30
5	days the Director has taken no action on the proposed waiver, the waiver shall be deemed approved.
6	The Clerk of the Board of Supervisors shall list the notice of the proposed waiver at the rear of the next
7	available Board agenda, and
8	(ii) Contracting officers report to the Director whenever such a waiver is granted within
9	five days of granting the waiver, and
10	(iii) For any contract subject to approval by the Board, the contracting officer shall state
11	in the approving resolution whether any waiver under this Section 131.6(d) has been or is proposed to
12	be granted for that contract, and
13	(iv) The Director shall conduct quarterly comprehensive reviews of the use of the waiver
14	authority by departments and shall make a report to the Board of Supervisors. Contracting officers who
15	have exercised waiver authority under this Section 131.6(d) in the previous quarter must appear before
16	a Board of Supervisors committee and report on their use of such waiver authority. If the Board finds
17	abuse of waiver authority by a department under this Section 131.6(d), either as a result of a report of
18	the Director or upon its own initiative, the Board may by resolution transfer that waiver authority for
19	that department to the Director, to be exercised by the Director upon recommendation of the
20	contracting officer under any or all of the circumstances enumerated in this Section 131.6(d);
21	(5) Nothing in this Section 131.6(d) shall limit the right of the Board of Supervisors to
22	waive the provisions of this Article.
23	(e) This Article shall not apply to (i) the investment of trust moneys or agreements relating to
24	the management of trust assets, (ii) City moneys invested in U.S. government securities or under pre-
25	existing investment agreements, or (iii) the investment of City moneys where the Treasurer finds that:

1	— (1) No person, entity or financial institution doing business in the City and County which i
2	in compliance with this Article is capable of performing the desired transactions(s); or
3	(2) The City will incur a financial loss which in the opinion of the Treasurer would violate
4	his or her fiduciary duties.
5	— This subparagraph (e) shall be subject to the requirement that City moneys shall be
6	withdrawn or divested at the earliest possible maturity date if deposited or invested with a person,
7	entity or financial institution other than the U.S. government which does not comply with this Article.
8	-(f) The General Manager of the Public Utilities Commission may waive the requirements of
9	this Article where the contractor is providing wholesale or bulk water, power or natural gas, the
10	conveyance or transmission of same, or ancillary services such as spinning reserve, voltage control, or
11	loading scheduling, as required for assuring reliable services in accordance with good utility practice,
12	to or on behalf of the San Francisco Public Utilities Commission; provided that the purchase of same
13	may not practically be accomplished through the City's standard competitive bidding procedures; and
14	further provided that this exemption shall not apply to contractors or franchisees providing direct,
15	retail services to end users within the City and County of San Francisco.
16	(g) Sections 131.1(b) and 131.2(b) shall not apply to any contracts or property contracts
17	executed or amended prior to June 1, 1997, or to bid packages advertised and made available to the
18	public, or any competitive or sealed bids received by the City, prior to June 1, 1997, unless and until
19	such contracts or property contracts are amended after June 1, 1997, and would otherwise be subject
20	to this Article.
21	SEC. 131.7. SEVERABILITY.
22	This Article shall be construed so as not to conflict with applicable federal or State laws, rule
23	or regulations. Nothing in this Article shall authorize any City agency to impose any duties or
24	obligations in conflict with limitations on municipal authority established by federal law at the time

such agency action is taken.

1	- In the event that a court or agency of competent jurisdiction holds that the State or federal
2	law, rule or regulation invalidates any clause, sentence, paragraph or section of this Article or the
3	application thereof to any person or circumstances, it is the intent of the Board of Supervisors that the
4	court or agency sever such clause, sentence, paragraph or section so that the remainder of this Article
5	shall remain in effect.
6

his or her control are material and relevant as evidence in the matter under consideration by the

Upon reaching a decision in any appeal, the Commission shall give written notice thereof to the Director or other official designated by the Commission, and the appellant or appellants. The decision of the Commission shall be final unless within 15 days of the filing and service of written notice thereof appropriate legal proceedings are filed in a court of competent jurisdiction by any party to the contract, property contract or subcontract.

(7) If any contractor or subcontractor shall fail to appear at an appeal proceeding of the Commission after having been given written notice to appear, such failure to appear shall be grounds for termination of the contract, property contract or subcontract and such contractor or subcontractor shall be deemed to have forfeited all rights, benefits and privileges thereunder.

(8) The Commission shall promulgate rules and regulations for the implementation of the nondiscrimination provisions of this Article.

(d) A breach of the nondiscrimination provisions in the performance of a contract, property contract or subcontract shall be deemed by the City to be a material breach of contract and the basis for determination by the awarding authority that the contractor or subcontractor is an irresponsible contractor or subcontractor as to all future contracts or property contracts for which such contractor or subcontractor may submit bids. Such contractor or subcontractor shall not, for a period of up to two years thereafter, or until it shall establish and carry out a program in conformity with the nondiscrimination provisions of this Article, be allowed to act as a contractor or subcontractor under

1 any contract or property contract. 2 (e) Nothing contained in this Article shall be construed in any manner so as to prevent the 3 City from pursuing any other remedies that may be available at law, equity or under any contract or property contract. 4 5 -(f) The contractor or subcontractor will meet the following standards for compliance: 6 (1) If the contractor or subcontractor has been held to be irresponsible under Section 7 132.3(d) hereof, the contractor or subcontractor shall furnish evidence that it has established and is 8 carrying out a program in conformity with the nondiscrimination provisions of this Article. 9 (2) The contractor or subcontractor may be required to file with the Commission a basic compliance report. Wilful false statements made in such reports shall be punishable as provided by 10 law. In addition to 17 any other penalties provided for the violation of the nondiscrimination provisions of this Article or for 18 the failure of any contractor or subcontractor to abide by the rules and regulations of the Commission, 19 the contract, property contract or subcontract may be terminated or suspended, in whole or in part, by 20 the awarding authority upon the basis of a finding as set forth in Section 132.3(d) that the contractor or 21 subcontractor has discriminated contrary to the provisions of this Article, and all moneys due or to 22 become due hereunder may be forfeited to, and retained by, the City. 23 SEC. 132.4. SEC. 132.5. FUNDING.

The Board of Supervisors shall appropriate such funds from the General Fund of the City and County of San Francisco, subject to budgetary and fiscal provisions of the Charter, as it may deem necessary for enforcement of this ordinance.

SEC. 132.6. NONAPPLICABILITY, EXCEPTIONS AND WAIVERS.

- (a) The Director shall waive the requirements of this Article under the following circumstances:
- only one prospective contractor willing to enter into a property contract with the City for use of City property on the terms and conditions established by the City, or that the needed goods, services, construction services for a public work or improvement, or interest in or right to use real property are available only from a sole source, and the prospective contractor is not currently disqualified from doing business with the City, or from doing business with any governmental agency based on any contract compliance requirements;
- (2) If the contracting department or commission certifies in writing to the Director that pursuant to Administrative Code Section 6.30 or 21.25 the contract or property contract is necessary to respond to an emergency which endangers the public health or safety and no entity which complies with the requirements of this Article capable of responding to the emergency is immediately available; provided that such certification must be made prior to the Controller's contract certification;
- (3) Where the City Attorney certifies in writing to the Director that the contract involves specialized litigation requirements such that it would be in the best interests of the City to waive the requirements of this Article.
- (b) This Article shall not apply where the prospective contractor is a public entity and the Director finds that goods, services, construction services for a public work or improvement or interest in or right to use real property of comparable quality or accessibility as are available under the

1	proposed contract or property contract are not available from another source, or that the proposed
2	contract or property contract is necessary to serve a substantial public interest.
3	(c) This Article shall not apply where the contracting officer finds that the requirements of
4	this Article will violate or are inconsistent with the terms or conditions of a grant, subvention or
5	agreement with a public agency or the instructions of an authorized representative of any such agency
6	with respect to any such grant, subvention or agreement, provided that the contracting officer has made
7	a good faith attempt to change the terms or conditions of any such grant, subvention or agreement to
8	authorize application of this Article.
9	(d) Upon the request of a potential contractor or upon the contracting officer's own
10	initiative, after taking all reasonable measures to find an entity that complies with the law, the
11	contracting officer may waive any or all of the requirements of this Article for any contract, property
12	contract or bid package advertised and made available to the public, or any competitive or sealed bids
13	received by the City as of the date of the enactment of this ordinance under the following
14	circumstances:
15	— (1) Where the contracting officer determines that there are no qualified responsive bidders
16	or prospective contractors who could be certified by the Commission as being in compliance with the
17	requirements of this Article and that the contract or property contract is for goods, a service or a
18	project that is essential to the City or City residents; or
19	(2) Where the contracting officer determines that transactions entered into pursuant to
20	bulk purchasing arrangements through federal, State or regional entities which actually reduce the
21	City's purchasing costs would be in the best interests of the City; or
22	— (3) Where the contracting officer determines that the requirements of this Article would
23	result in the City's entering into a contract with an entity that was set up, or is being used, for the

purpose of evading the intent of this Article, which is to prohibit the City from entering into contracts

with entities that discriminate based on the criteria set forth in this Article;

24

1	(4) The waiver authority granted to contracting officers in this Section 132.6(d) shall be
2	subject to the requirements that:
3	(i) All proposed waivers must be submitted to the Director and the Clerk of the Board of
4	Supervisors. All proposed waivers must set forth the reasons the contracting officer is requesting the
5	waiver, what steps were taken to find an entity that complies with this Article and why the waiver does
6	not defeat the intent of this Article, which is to prohibit the City from entering into contracts with
7	entities that discriminate based on the criteria set forth in this Article. Such waivers shall be subject to
8	the prior approval of the Director, who shall take action approving or denying a proposed waiver
9	within 30 days of receiving a notification of a proposed waiver from a contracting officer. If after 30
10	days the Director has taken no action on the proposed waiver, the waiver shall be deemed approved.
11	The Clerk of the Board of Supervisors shall list the notice of the proposed waiver at the rear of the next
12	available Board agenda, and
13	(ii) Contracting officers report to the Director whenever such a waiver is granted within
14	five days of granting the waiver, and
15	(iii) For any contract subject to approval by the Board, the contracting officer shall state
16	in the approving resolution whether any waiver under this Section 132.6(d) has been or is proposed to
17	be granted for that contract, and
18	(iv) The Director shall conduct quarterly comprehensive reviews of the use of the waiver
19	authority by departments and shall make a report to the Board of Supervisors. Contracting officers who
20	have exercised waiver authority under this Section 132.6(d) in the previous quarter must appear before
21	a Board of Supervisors committee and report on their use of such waiver authority. If the Board finds
22	abuse of waiver authority by a department under this Section 132.6(d), either as a result of a report of
23	the Director or upon its own initiative, the Board may by resolution transfer that waiver authority for
24	that department to the Director, to be exercised by the Director upon recommendation of the
25	contracting officer under any or all of the circumstances enumerated in this Section 132.6(d);

1	(5) Nothing in this Section 132.6(d) shall limit the right of the Board of Supervisors to
2	waive the provisions of this Article.
3	—(e) This Article shall not apply to (i) the investment of trust moneys or agreements relating to
4	the management of trust assets, (ii) City moneys invested in U.S. government securities or under pre-
5	existing investment agreements, or (iii) the investment of City moneys where the Treasurer finds that:
6	— (1) No person, entity or financial institution doing business in the City and County which is
7	in compliance with this Article is capable of performing the desired transactions(s); or
8	— (2) The City will incur a financial loss which in the opinion of the Treasurer would violate
9	his or her fiduciary duties.
10	— This subparagraph (e) shall be subject to the requirement that City moneys shall be
11	withdrawn or divested at the earliest possible maturity date if deposited or invested with a person,
12	entity or financial institution other than the U.S. government which does not comply with this Article.
13	(f) The General Manager of the Public Utilities Commission may waive the requirements of
14	this Article where the contractor is providing wholesale or bulk water, power or natural gas, the
15	conveyance or transmission of same, or ancillary services such as spinning reserve, voltage control, or
16	loading scheduling, as required for assuring reliable services in accordance with good utility practice,
17	to or on behalf of the San Francisco Public Utilities Commission; provided that the purchase of same
18	may not practically be accomplished through the City's standard competitive bidding procedures; and
19	further provided that this exemption shall not apply to contractors or franchisees providing direct,
20	retail services to end users within the City and County of San Francisco.
21	SEC. 132.7. SEVERABILITY.
22	This Article shall be construed so as not to conflict with applicable federal or State laws, rule
23	or regulations. Nothing in this Article shall authorize any City agency to impose any duties or
24	obligations in conflict with limitations on municipal authority established by federal law at the time

such agency action is taken.

1	- In the event that a court or agency of competent jurisdiction holds that the State or federal
2	law, rule or regulation invalidates any clause, sentence, paragraph or section of this Article or the
3	application thereof to any person or circumstances, it is the intent of the Board of Supervisors that the
4	court or agency sever such clause, sentence, paragraph or section so that the remainder of this Articl
5	shall remain in effect.

7	Section 5. The Labor and Employment Code is hereby amended by revising Article
8	151, consisting of existing Sections 151.1 to 151.13, by replacing it with a new Article 151,
9	consisting of Sections 151.1 to 151.9 that incorporate parts of existing Article 151, to read as
10	follows:
11	ARTICLE 151: SWEATFREE CONTRACTING
12	SEC. 151.1. FINDINGS.
13	- The Board of Supervisors finds and declares the following:
14	(a) This Article shall be known as the Sweatfree Contracting Ordinance.
15	(b) Each year the City and County of San Francisco spends hundreds of millions of dollars
16	contracting with private sector contractors for the purchase or rental of goods. The prudent
17	expenditure of public dollars requires that the City select responsible contractors.
18	(c) The City and County, as a major purchaser of goods, must be cognizant of the labor
19	conditions that may be supported by its actions as a major market participant. Better working
20	conditions assure consistently better quality goods for the City and County, by assuring fewer
21	disruptions in the workplace due to workers' grievances, fewer absences due to illnesses, less fatigue
22	and fewer workplace injuries, less turnover of workers, and greater incentive to perform.
23	(d) In its role as a market participant, the City and County seeks to assure that the integrit
24	of the procurement process is not undermined by contractors or subcontractors who engage in

sweatshop practices. Contractors who use Sweatshop Labor are able to underbid responsible

1	contractors who pay fair wages and maintain humane work environments and conditions. Such
2	practices place responsible contractors at a competitive disadvantage, which may dissuade responsible
3	contractors from participating in the City and County procurement process. This Article will encourage
4	responsible contracting with the City and County and reduce any inadvertent support of contractors
5	who use Sweatshop Labor.
6	(e) By adopting this ordinance, the City and County does not intend to preclude the City and
7	County or its contractors or subcontractors from doing business with any foreign country.
8	SEC. 151.2. DEFINITIONS.

5	Labor or Slave Labor.
6	(k) "Worker" shall mean any employee of a Contractor or Subcontractor who contributes to
7	the provision of Goods to the City and County under a Contract or Subcontract, including but not
8	limited to any manufacturing or assembling of the Goods.
9	SEC. 151.3. PROHIBITION ON SWEATSHOP CONDITIONS.
10	- Each Contractor and Subcontractor shall comply with each of the following requirements:
11	(a) Each Contractor and Subcontractor, regarding any Worker, shall comply with all human

13	made or assembled, and shall not engage in Sweatshop Labor.
14	(b) Each Contractor and Subcontractor shall pay at least the following minimum wages to

11	SEC. 151.9. EFFECTIVE DATE.
12	This Article shall be effective ninety days after it is adopted. This legislation is intended to
13	have prospective effect only.
14	SEC. 151.10. EXCEPTIONS.
15	This Article shall not apply in the following circumstances:
16	(a) When a Contract involves the expenditure of funds received by the City and County and
17	the application of this Article would violate or be inconsistent with the terms or conditions of the
18	applicable grant agreement, subvention or agreement or the instructions of an authorized
19	representative of any such agency with respect to any such grant agreement, subvention or agreement.
20	(b) When the Director or the Director's designee determines that there is only one
21	responsible contractor available to provide the Goods and that contractor is unable to comply with thi
22	Article, or the City and County department, commission, office or other City and County entity seeking
23	to enter into the contract certifies in writing to the Director, and the Director finds that there are no
24	qualified responsive bidders or proposers or prospective contractors that would comply with the
25	requirements of this Article and the Contract is for Goods that are essential to the City or the public.

1	This subsection (b) is subject to the provisions of Section 151.11. If a waiver is granted pursuant to this
2	subsection (b), the Contract entered into as a result of the waiver may be for a term of no greater than
3	two years.

11	requirements of this Article capable of responding to the emergency is immediately available.
12	SEC. 151.11. AWARD OF CONTRACT ABSENT A SWEATFREE-COMPLIANT BID OR
13	PROPOSAL.
14	(a) It is the City's goal to achieve full compliance with this Article. But, in the absence of
15	bids or proposals that are fully compliant with the provisions of this Article, the City should have
16	authority to award Contracts to the bidder or proposer that is most compliant with this Article. If, in
17	response to a solicitation for bids or a request for proposals, the City receives no bids or proposals tha
18	are fully compliant with the provisions of this Article, the Director is authorized to enter into a
19	Contract with a noncompliant bidder or proposer, according to the following principles.
20	(b) Notwithstanding the determination of low bid or highest ranked proposal, the Director
21	shall have authority to determine which bidder or proposer most substantially complies with this
22	Article, and shall award the Contract to that bidder or proposer.
23	(c) No Contract awarded pursuant to subsection (b) may exceed two years in term unless the
24	Director determines, no later than six months prior to the expiration of the original term of the
25	Contract, that the Contractor has achieved an additional level or levels of compliance with the

provisions of this Article that warrants exercise of an option to extend the Contract for up to an additional year.

—(d)—Any Contract awarded pursuant to subsection (b) shall be terminated by the Director during the original term of the Contract or any extension of the original term if the Director determines that the Contractor (i) is not making a good faith effort to achieve an additional level or levels of compliance with the provisions of this Article or (ii) has not corrected within a reasonable time, as defined by the Director, a specific violation of this Article that the City discovers after award of the Contract. In addition, the Director shall include in any Contract awarded pursuant to subsection (b) a compliance plan that identifies deficiencies in the bid or proposal and specifies a condition or conditions and related timetables designed to achieve an additional level or levels of compliance with the provisions of this Article no later than six months prior to the expiration of the original term of the Contract; and failure of the Contractor to satisfy said compliance plan may serve as the basis for the Director to terminate the Contract.

-(e) Standards for determining most substantial compliance under subsection (b) and additional level or levels of compliance under subsections (c) and (d) shall be adopted by the Director following consultation with the Office of Labor Standards Enforcement and the Sweatfree Procurement Advisory Group, and a public hearing. Such standards shall give due consideration to the City's need to receive information from bidders and Contractors to enable the City to monitor compliance with this Article; the degree to which a particular requirement of the Ordinance is not being complied with by a bidder or Contractor; the number of requirements of the Ordinance that are not being complied with by a bidder or Contractor; practical difficulties faced by bidders and/or Contractors generally in complying with a particular requirement of the Ordinance; the relative importance, if ascertainable, of the different labor standards set forth in Section 151.3; and such other factors as may be relevant to achieving maximum compliance with this Article.

— Such standards shall become operative on the effective date of this Section if they are

1	adopted by the Director before then. Such standards shall become operative on the date they are
2	adopted by the Director if that occurs after the effective date of this Section.
3	— In addition, the Director has authority to adopt rules and procedures that implement this
4	Section.
5	-(f) The Director shall not award a Contract pursuant to subsection (b) where the cost of that
6	contract would exceed the low bid or highest ranked proposal by more than 15 percent.
7	(g) The Director shall maintain a record of contracts issued under this Section to
8	noncompliant bidders and proposers. This information shall be compiled on an annual fiscal year basis
9	and reported to the Board of Supervisors upon written request to the Director by any member of the
10	Board of Supervisors.
11	(h) Neither subsection (b) nor any other provision in this Section shall override the
12	Director's authority to reject all bids or proposals or take other action within his or her legal
13	authority.
14	SEC. 151.12. PREEMPTION.
15	- Nothing in this Article shall be interpreted or applied so as to create any power or duty in
16	conflict with any federal or state law.
17	SEC. 151.13. SEVERABILITY.
18	- If any part or provision of this Article or the application of this Article to any person or
19	circumstance, is held invalid, the remainder of this Article, including the application of such part or
20	provisions to other persons or circumstances, shall not be affected by such holding and shall continue
21	in full force and effect. To this end, the provisions of this Article are severable
22	
23	SEC. 151.1. GENERAL PROVISIONS.
24	(a) Name of Article. This Article shall be known as the "Sweatfree Contracting
25	Ordinance."

1	(b) Findings. The Board of Supervisors finds and declares the following:
2	(1) Each year the City spends hundreds of millions of dollars contracting with
3	private sector contractors for the purchase or rental of goods. The prudent expenditure of public funds
4	requires that the City select responsible contractors.
5	(2) The City, as a major purchaser of goods, must be cognizant of the labor
6	conditions that may be supported by its actions as a major market participant. Better working
7	conditions assure consistently better quality goods for the City, by assuring fewer disruptions in the
8	workplace due to workers' grievances, fewer absences due to illnesses, less fatigue and fewer
9	workplace injuries, less turnover of workers, and greater incentive to perform the work well.
10	(3) In its role as a market participant, the City seeks to assure that the integrity of
11	the procurement process is not undermined by entities that engage in sweatshop practices. Contractors
12	who source goods from manufacturers that use Sweatshop Labor are able to underbid responsible
13	contractors who source goods from manufacturers who pay fair wages and maintain humane work
14	environments and conditions. Such practices place responsible contractors at a competitive
15	disadvantage, which may dissuade responsible contractors from participating in the City procurement
16	process. This Article 151 will encourage responsible contracting with the City and reduce any
17	inadvertent support of manufacturers that use Sweatshop Labor.
18	(4) By adopting this Article 151, the City does not intend to preclude the City or its
19	contractors or subcontractors from doing business with any foreign country.
20

12	request may require the response to be submitted under penalty of perjury. The Contractor shall
13	provide the written report within the time period specified by the Director, the Office of Labor

23	particular good shall be targeted for enforcement, the factors that the Sweatfree Procurement

4	and annually thereafter, the Sweatfree Procurement Advisory Group shall submit a written
5	report to the Director and the Office of Labor Standards Enforcement that contains any

9	that adoption of the recommendation will have on the City. The Director may submit any
10	recommendation to extend the applicability of this Article to other goods to the Board of
11	Supervisors. Upon the adoption of an ordinance approving such recommendation, Contracts
12	for the purchase of such goods shall be subject to this Article. The Director, in the Director's
13	discretion, may adopt other recommendations of the Sweatfree Procurement Advisory Group
14	subject to the Municipal Code and the Charter.
15	(2) The Sweatfree Procurement Advisory Group shall determine how the City
16	may maximize its purchase of goods produced in San Francisco. Within four months of its
17	formation, the Sweatfree Procurement Advisory Group shall examine how the City and County

19	Francisco that are in compliance with this Article, and explore the expansion of preferences

14	
15	SEC. 151.6. WAIVERS AND EXCEPTIONS.
16	(a) Waivers by Director. The Director, or duly authorized designee, may waive in whole or
17	in part the requirements of this Article 151 in the following circumstances:
18	(1) Sole Source. When the Director finds, upon the advice of the awarding authority,
19	that needed goods, services, construction services for a public work or improvement, or interest in or
20	right to use real property are available only from a sole source.
21	(2) Only One Qualified Bidder. When the Director finds, upon the advice of the

24	with the City.
25	(3) No Compliant Bidders. When the Director finds, upon the advice of the

1	awarding authority, that there are no qualified, responsive bidders or prospective contractors who
2	could be certified as being in compliance with the requirements of this Article 151.
3	(4) Adverse Impact on Services. Where the Director determines that the public
4	interest warrants the granting of a waiver because application of this Article 151 would have an
5	adverse impact on services or substantial adverse financial impact on the City, or would circumvent the
6	purposes of this Article.
7	(5) Cooperative Purchasing. When an agreement has been procured under
8	Administrative Code Sections 6.77 or 21.16, and the Director finds that application of this Article 151
9	would mean: (A) a purchase under such arrangement would substantially reduce the City's cost of
10	purchasing such services; (B) a purchase under such an arrangement is in the best interest of the City;
11	and (C) adherence to the requirements of this Article 151 would prevent the awarding agency from
12	entering into such an agreement.
13	(b) Waiver by Treasurer for Investments. This Article 151 shall not apply to the following:
14	(1) the investment of trust moneys or agreements relating to the management of trust assets, (2) City
15	moneys invested in the City's investment pool, or (3) the investment of City moneys, where the
16	<u>Treasurer finds that:</u>
17	(A) No person, entity, or financial institution doing business in the City that is in
18	compliance with this Article is capable of performing the desired transaction(s); or
19	(B) Applying this Article would, in the opinion of the Treasurer, violate the
20	Treasurer's fiduciary duties.
21	(c) Waiver by Public Utilities Commission. The General Manager of the Public Utilities
22	Commission may waive the requirements of this Article 151 where the Contractor is providing
23	wholesale or bulk water, power, or natural gas, the conveyance or transmission of same, or ancillary
24	services such as spinning reserve, voltage control, or loading scheduling, as required for assuring
25	reliable services in accordance with good utility practice, to or on behalf of the San Francisco Public

1	Utilities Commission; provided, that the purchase of same may not practically be accomplished
2	through the City's standard competitive bidding procedures; and further provided, that this exemption
3	shall not apply to Contractors or franchisees providing direct, retail services to end users within the
4	<u>City.</u>
5	(d) Documentation. All proposed waivers must set forth the reasons the Contracting Office.
6	is requesting the waiver.
7	
8	SEC. 151.7. SUPERSEDING AUTHORITY.
9	(a) Federal or State Law Preemption. The requirements of this Article 151 shall not be in
10	effect in the event they would conflict with federal or State laws, or the City Attorney determines they
11	are reasonably likely to do so. Nothing in this Article shall be interpreted or applied so as to create any
12	requirement, power, or duty in conflict with any federal or State law.
13	(b) Grant or Subvention. If the requirements of this Article 151 would violate or are
14	inconsistent with the terms or conditions of a grant, subvention, or agreement with a public agency or
15	the instructions of an authorized representative of any such agency with respect to any such grant,
16	subvention, or agreement, the requirements of this Article shall not be in effect.
17	
18	SEC. 151.8. SEVERABILITY.
19	If any section, subsection, sentence, clause, phrase, or word of this Article 151, or any
20	application thereof to any person or circumstance, is held to be invalid or unconstitutional by a
21	decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining
22	portions or applications of the Article. The Board of Supervisors hereby declares that it would have
23	passed this Article and each and every section, subsection, sentence, clause, phrase, and word not
24	declared invalid or unconstitutional without regard to whether any other portion of this Article or
25	application thereof would be subsequently declared invalid or unconstitutional.

14	CHAPTER 12F: IMPLEMENTING THE MACBRIDE PRINCIPLES – NORTHERN IRELAND
15	
16	SEC. 12F.1. INTENT.
17	This ordinance is set forth in order to accomplish the following objectives:
18	(a) To declare the City and County of San Francisco's opposition to any form of religious
19	discrimination.
20	(b) To influence any discriminatory practices of American corporations doing business in
21	Northern Ireland.
22	(c) To support efforts to effect peaceful change with regard to the situation in Northern
23	Ireland by means that are prudent and responsible.
24	(d) To send legislation to the government of the United Kingdom stating that the people of
25	San Francisco oppose religious discrimination and encouraging the government of the United

1	Kingdom to take more pro-active measures in support of affirmative action.
2	(e) To express the support of the Board of Supervisors of the City and County of San
3	Francisco for the implementation of the MacBride Principles by companies from the United States who
4	conduct business in Northern Ireland.
5	SEC. 12F.2. FINDINGS.
6	The Board of Supervisors hereby makes the following findings:
7	(a) The people of the City and County of San Francisco recognize the moral responsibility of
8	communities to continually take political steps toward insuring that full human rights are obtained for
9	all people and that religious discrimination is abolished.
10	(b) Northern Ireland is a sectarian state in which the rights of the Irish Catholic minority
11	citizens have been severely restricted, particularly in terms of equal employment opportunities. The
12	result of this religious discrimination has been an unemployment rate for Catholics which is more than
13	twice that of the majority Protestants.
14	(c) The internationally recognized MacBride Principles are aimed at reducing employment
15	discrimination in companies doing business in Northern Ireland, currently 26 of which are American
16	firms. These MacBride Principles have been formally adopted by numerous state and local
17	governments, including the States of New York, Connecticut, New Jersey, Massachusetts, Rhode Island
18	and the Cities of New York, Philadelphia, Worcester, Hartford, Cleveland, Detroit, Chicago,
19	Providence and Wilmington.
20	(d) The MacBride Principles are authorized by Dr. Sean MacBride, distinguished Irish
21	statesman, Nobel Peace Prize laureate and founder of Amnesty International.
22	(e) The City of San Francisco has a tradition of regulating the use of public monies to ensure
23	that purchases, deposits and investments are made consistent with moral standards in a manner which
24	promotes public welfare.
25	(f) In keeping with this tradition, the Board of Supervisors seeks, through City policy, to

1	influence those who do business in Northern Ireland.
2	(g) This legislation should not be construed to discourage future investment in Northern
3	Ireland.
4	(h) A peaceful solution of the troubles in Northern Ireland depends on elimination of
5	discrimination.
6	SEC. 12F.3. THE MACBRIDE PRINCIPLES.
7	The MacBride Principles call for affirmative action to be taken by institutions and companies
8	doing business in Northern Ireland, by:
9	A. Increasing the representation of individuals from underrepresented religious groups in
10	the work force, including managerial, supervisory, administrative, clerical and technical jobs.
11	— A work force that is severely unbalanced may indicate prima facie that full equality of
12	opportunity is not being afforded all segments of the community in Northern Ireland. Each signatory to
13	the MacBride Principles must make every reasonable, lawful effort to increase the representation of
14	underrepresented religious groups at all levels of its operations in Northern Ireland.
15	B. Providing adequate security for the protection of minority employees both at the
16	workplace and while traveling to and from work.
17	— While total security can be guaranteed nowhere today in Northern Ireland, each signatory
18	to the MacBride Principles must make reasonable, good-faith efforts to protect workers against
19	intimidation and physical abuse at the workplace. Signatories must also make reasonable, good-faith
20	efforts to ensure that applicants are not deterred from seeking employment because of fear for persona
21	safety at the workplace or while traveling to and from work.
22	-C. Banning provocative or religious or political emblems from the workplace.
23	— Each signatory to the MacBride Principles must make reasonable, good-faith efforts to
24	prevent the display of provocative sectarian emblems at their plants in Northern Ireland.
25	—D. Publicly advertising all job openings and making special recruitment efforts to attract

1	applicants from underrepresented religious groups.
2	— Signatories to the MacBride Principles must exert special efforts to attract employment
3	applications from the sectarian community that is substantially underrepresented in the work force.
4	This should not be construed to imply a diminution of opportunity for other applications.
5	-E. Providing that layoff, recall and termination procedures should not, in practice, favor
6	particular religious groups.
7	— Each signatory to the MacBride Principles must make reasonable, good-faith efforts to
8	ensure that layoff, recall and termination procedures do not penalize a particular religious group
9	disproportionately. Layoff and termination practices that involve seniority solely can result in
10	discrimination against a particular religious group if the bulk of employees with greatest seniority are
11	disproportionately from another religious group.
12	F. Abolishing job reservations, apprenticeship restrictions and differential employment
13	criteria which discriminate on the basis of religious or ethnic origin.
14	— Signatories to the MacBride Principles must make reasonable, good-faith efforts to abolish
15	all differential employment criteria whose effect is discrimination on the basis of religion. For example,
16	job reservations and apprenticeship regulations that favor relatives of current or former employees
17	can, in practice, promote religious discrimination if the company's work force has historically been
18	disproportionately drawn from another religious group.
19	G. Developing training programs that will prepare substantial numbers of current minority
20	employees for skilled jobs, including the expansion of existing programs and the creation of new
21	programs to train, upgrade and improve the skills of minority employees.
22	— This does not imply that such programs should not be open to all members of the work force
23	equally.
24	H. Establishing procedures to assess, identify and actively recruit minority employees with
25	potential for further advancement.

This section does not imply that such procedures should not apply to all employees equally.

I. Appointing a senior management staff member to oversee the company's affirmative action efforts and the setting up of timetables to carry out affirmative action principles.

In addition to the above, each signatory to the MacBride Principles is required to report annually to an independent monitoring agency on its progress in the implementation of these principles.

SEC. 12F.4. RETIREMENT BOARD AND SYSTEM.

The Retirement Board of the City and County of San Francisco is hereby commended for its efforts in support of the MacBride Principles (with the exception of Principle E, as listed in Section 12F.3 of this Code) and the addition of the Principles to the Social Investment Policy of the Retirement Board. The Retirement Board is encouraged to take further steps to support these Principles by moving to the next level of the Social Investment Procedures which will be to actively promote proxies which would conform with the policy position of the Retirement Board, and by encouraging businesses with whom it deals, and in whom it invests, likewise to support the MacBride Principles.

SEC. 12F.5. CITY CONTRACTS.

All contracts entered into by a department head or officer empowered by law to enter into contracts on behalf of the City and County for public works or improvements to be performed, for a franchise, concession or lease of property, or for goods and services or supplies to be purchased at the expense of the City and County, or to be paid out of monies deposited in the Treasury or out of trust monies under the control or collected by the City and County, shall contain a statement urging companies doing business in Northern Ireland to move toward resolving employment inequities, and encouraging them to abide by the MacBride Principles. Each of these statements shall also urge San Francisco companies to do business with corporations that abide by the MacBride Principles. Above the signature line for use by contractors on each contract shall be placed an acknowledgment confirming that they have read and understood the City's statement urging companies doing business in

1 Northern Ireland to move toward resolving employment inequities, encouraging compliance with the 2 MacBride Principles, and urging San Francisco companies to do business with corporations that abide 3 by the MacBride Principles. SEC. 12F.6. RESEARCH AND EDUCATION. 4 5 -(a) The Board of Supervisors shall send, and the Mayor is asked to join in, a letter to all 6 United States corporations listed by the Investment Responsibility Research Center as doing business in 7 Northern Ireland. This letter shall state the City's support for the MacBride Principles and urge the 8 corporations to abide by the Principles. The letter shall ask that each recipient company sign and 9 return to the Clerk of the Board of Supervisors a statement agreeing to the Principles. Each letter will clearly state that the Board shall evaluate the issue further in one year, and may amend the City's 10 policies regarding implementation of the MacBride Principles in light of the progress made with 11 12 regard to the elimination of employment inequities in Northern Ireland. 13 (b) The Clerk of the Board shall report to the Board of Supervisors by July 1, 1989 and by 14 January 1, 1990 on the letters that were sent as required in the immediately preceding paragraph, and 15 on any responses received. The Controller shall report to the Board of Supervisors by July 1, 1989 and 16 by January 1, 1990 on the number of companies with whom the City is doing business who are 17 conducting business in Northern Ireland. 18 -(c) The City Treasurer shall sent a statement to banks with whom the City has deposits and 19 encourage them to do business with corporations that abide by the MacBride Principles. 20 -(d) The Board of Supervisors, through the Clerk of the Board, shall send a letter to the 21 government of the United Kingdom conveying a copy of this legislation and expressing opposition to 22 religious discrimination. 23 SEC. 12F.7. SEVERABILITY. 24 The provisions of this ordinance are declared to be separate and severable. The invalidity of any

clause, sentence, paragraph, subdivision, section or portion of this ordinance, or the invalidity of the

1	application thereof to any person or circumstances shall not affect the validity of the remainder of this
2	ordinance, or the validity of its application to other persons or circumstances.

2	resolving employment inequities, encouraging compliance with the MacBride Principles, and urging
3	San Francisco companies to do business with corporations that abide by the MacBride Principles.
4	(c) MacBride Principles. The MacBride Principles call for affirmative action to be taken
5	by institutions and companies doing business in Northern Ireland, by:
6	(1) Increasing the representation of individuals from underrepresented religious
7	groups in the work force, including managerial, supervisory, administrative, clerical, and technical
8	jobs. A work force that is severely unbalanced may indicate prima facie that full equality of opportunity
9	is not being afforded all segments of the community in Northern Ireland. Each signatory to the
10	MacBride Principles must make every reasonable, lawful effort to increase the representation of
11	underrepresented religious groups at all levels of its operations in Northern Ireland.
12	(2) Providing adequate security for the protection of minority employees both at the
13	workplace and while traveling to and from work. While total security can not be guaranteed in
14	Northern Ireland, each signatory to the MacBride Principles must make reasonable, good-faith efforts
15	to protect workers against intimidation and physical abuse at the workplace. Signatories must also
16	make reasonable, good-faith efforts to ensure that applicants are not deterred from seeking
17	employment because of fear for personal safety at the workplace or while traveling to and from work.
18	(3) Banning provocative or religious or political emblems from the workplace. Each
19	signatory to the MacBride Principles must make reasonable, good-faith efforts to prevent the display of
20	provocative sectarian emblems at their plants in Northern Ireland.
21	(4) Publicly advertising all job openings and making special recruitment efforts to
22	attract applicants from underrepresented religious groups. Signatories to the MacBride Principles
23	must exert special efforts to attract employment applications from the sectarian community that is
24	substantially underrepresented in the work force. This should not be construed to imply a diminution of
25	opportunity for other applications.

1	(5) Providing that layoff, recall, and termination procedures should not, in practice,
2	favor particular religious groups. Each signatory to the MacBride Principles must make reasonable,
3	good-faith efforts to ensure that layoff, recall, and termination procedures do not penalize a particular
4	religious group disproportionately. Layoff and termination practices that involve seniority solely can
5	result in discrimination against a particular religious group if the bulk of employees with greatest
6	seniority are disproportionately from another religious group.
7	(6) Abolishing job reservations, apprenticeship restrictions, and differential
8	employment criteria which discriminate on the basis of religious or ethnic origin. Signatories to the
9	MacBride Principles must make reasonable, good-faith efforts to abolish all differential employment
10	criteria whose effect is discrimination on the basis of religion. For example, job reservations and
11	apprenticeship regulations that favor relatives of current or former employees can, in practice,
12	promote religious discrimination if the company's work force has historically been disproportionately
13	drawn from another religious group.
14	(7) Developing training programs that will prepare substantial numbers of current
15	minority employees for skilled jobs, including the expansion of existing programs and the creation of
16	new programs to train, upgrade, and improve the skills of minority employees. This does not imply that
17	such programs should not be open to all members of the work force equally.
18	(8) Establishing procedures to assess, identify, and actively recruit minority
19	employees with potential for further advancement. This does not imply that such procedures should not
20	apply to all employees equally.
21	(9) Appointing a senior management staff member to oversee the company's
22	affirmative action efforts and the setting up of timetables to carry out affirmative action principles.
23	In addition to the above nine principles, each signatory to the MacBride Principles is required
24	to report annually to an independent monitoring agency on its progress in the implementation of these
25	principles.

1	circumvent the purposes of this Chapter.
2	(5) Cooperative Purchasing. When an agreement has been procured under
3	Administrative Code Sections 6.77 or 21.16, and the Contracting Officer finds that application of this
4	Chapter 12F would mean (A) a purchase under such arrangement would substantially reduce the
5	City's cost of purchasing such services; (B) a purchase under such an arrangement is in the best
6	interest of the City; and (C) adherence to the requirements of this Chapter 12F would prevent the
7	awarding agency from entering into such an agreement.
8	(b) Waiver by Treasurer for Investments. This Chapter 12F shall not apply to the
9	following; (1) the investment of trust moneys or agreements relating to the management of trust assets
10	(2) City moneys invested in the City's investment pool, or (3) the investment of City moneys, where the
11	<u>Treasurer finds that:</u>
12	(A) No person, entity, or financial institution doing business in the City that is in
13	compliance with this Chapter is capable of performing the desired transaction(s); or
14	(B) Applying this Chapter would, in the opinion of the Treasurer, violate the
15	Treasurer's fiduciary duties.
16	(c) Waiver by Public Utilities Commission. The General Manager of the Public Utilities
17	Commission may waive the requirements of this Chapter 12F where the Contractor is providing
18	wholesale or bulk water, power, or natural gas, the conveyance or transmission of same, or ancillary
19	services such as spinning reserve, voltage control, or loading scheduling, as required for assuring
20	reliable services in accordance with good utility practice, to or on behalf of the San Francisco Public
21	Utilities Commission; provided, that the purchase of same may not practically be accomplished
22	through the City's standard competitive bidding procedures; and further provided, that this exemption
23	shall not apply to Contractors or franchisees providing direct, retail services to end users within the
24	<u>City.</u>
25	(d) Documentation. All proposed waivers must set forth the reasons the Contracting Office

1	is requesting the waiver.
2	
3	SEC. 12F.7. SUPERSEDING AUTHORITY.
4	(a) Federal or State Law Preemption. The requirements of this Chapter 12F shall not be in
5	effect in the event they conflict with federal or State laws, or the City Attorney determines they are
6	reasonably likely to do so. Nothing in this Chapter shall be interpreted or applied so as to create any
7	requirement, power, or duty in conflict with any federal or State law.
8	(b) Grant or Subvention. If the requirements of this Chapter 12F would violate or are
9	inconsistent with the terms or conditions of a grant, subvention, or agreement with a public agency or
10	the instructions of an authorized representative of any such agency with respect to any such grant,
11	subvention, or agreement, the requirements of this Chapter shall not be in effect.
12	
13	SECTION 12F.8. SEVERABILITY.
14	If any section, subsection, sentence, clause, phrase, or word of this Chapter 12F, or any
15	application thereof to any person or circumstance, is held to be invalid or unconstitutional by a
16	decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining
17	portions or applications of the Chapter. The Board of Supervisors hereby declares that it would have
18	passed this Chapter and each and every section, subsection, sentence, clause, phrase, and word not
19	declared invalid or unconstitutional without regard to whether any other portion of this Chapter or
20	application thereof would be subsequently declared invalid or unconstitutional.
21	
22	SEC. 12F.9. OPERATIVE DATE AND SUNSET.
23	(a) Operative Date. This Chapter 12F shall become operative on JulyOctober January 1,
24	20256 and shall have prospective effect only.
25	(b) Sunset. Unless extended by ordinance, this Chapter 12F shall expire by operation of law

on JulyOctober January 1, 20356. After the expiration, the City Attorney shall be authorized to cause this Chapter to be removed from the Administrative Code.

Section 7. The Administrative Code is hereby amended by repealing Chapter 12J, consisting of Sections 12J.1 to 12J.10, as follows:

CHAPTER 12J: CITY BUSINESS WITH BURMA PROHIBITED

SEC. 12J.1. FINDINGS.

(a) Because the quality of life of all people is diminished when peace and justice are not fully present in the world, local communities have the responsibility to take positive steps to support the rule of law and to help end injustices and egregious violations of human rights wherever they may occur.

— (b) The nation of Burma (Myanmar) has institutionalized torture and rape as political instruments, and embarked upon campaigns of forcible relocation, forced labor and slavery, and persecution of ethnic minorities, and other human rights violations, thereby denying the majority of the population the right to participate in the political process, to benefit from the system of justice, or to exercise economic rights.

(c) The military regime of Burma (Myanmar) has implemented a reign of terror preventing political participation by various methods, including (1) ignoring the results of the 1990 elections in which pro-democracy candidates received over 60 percent of the vote and over 80 percent of the seats in the government; (2) forcing the imprisonment, death, or exile of many of these candidates; (3) failing to convene a Constitutional Convention as promised in 1990; (4) imposing martial law barring freedom of the press and gatherings of more than five people and declaring that "martial law means no law at all"; (5) forcibly relocating hundreds of thousands of people, including those in neighborhoods with strong pro-democracy support, ethnic minorities including the Muslim Rohingyas, and indigenous

groups in areas rich with extractive resources, to locales in which malaria and other diseases are
rampant and where food, water and sewerage are scarce, if available at all; (6) barring all labor and
trade union organizing and implementing forcible labor for the purposes of road and tourist site
construction, portering of military goods and human mine-sweeping; (7) pressuring the governments of
Thailand and Bangladesh to force refugees back to Burma (Myanmar) in exchange for continuing sales
of resources such as timber, fishing concessions and natural gas; (8) harming men, women and
children of Burma by pillaging villages and townships and by attacking and burning refugee camps;
and (9) persecuting Buddhist monks for their support of pro-democratic organizing.

—(d) The military regime is currently attempting to enhance its standing in the international community and to increase the flow of foreign money and investment through various means, including the development of massive natural gas fields offshore and the construction of a gas pipeline through areas traditionally held by ethnic minorities, forcing their displacement.

(e) The rightfully elected leadership of Burma, the National Coalition Government of the Union of Burma (NCGUB), winners of the 1990 elections, living in exile, have called upon the world community to impose economic and arms sanctions against the State Law and Order Restoration Council (SLORC). The NCGUB's call for sanctions is supported by Nobel Peace Prize Laureates Oscar Arias Sanchez, the Dalai Lama, Mairead McGuire, Archbishop Desmond Tutu, Betty Williams, Adolpho Perez Esquivel and others, and by the AFL-CIO.

(f) The United Nations and elected representatives of the United States, including President Clinton, the Senate, and the House of Representatives, have repeatedly shown support for the peoples of Burma, urging SLORC to release all political prisoners, to respect the results of the May 1990 elections and to commit to genuine democratic reforms. Section 138 of the U.S. Customs and Trade Act of 1990 instructs the president to impose comprehensive trade sanctions against Burma's military regime. Section 2651 (United States Policy Concerning the Dictatorship in Burma) of the sanctions amendment to the 1996 foreign aid bill, H.R. 1564, has been approved by the Senate and bans all U.S.

1	trade with, investment in and travel to Burma (Myanmar).
2	(g) The United States Supreme Court has upheld the power of a municipality to make
3	legitimate economic decisions without being subject to the restraints of the Commerce Clause when it
4	participates in the marketplace as opposed to exerting its regulatory powers.
5	(h) The City and County of San Francisco declares the right to measure the moral character
6	of its business partners in determining with whom it seeks to have business relations or to whom it
7	grants privileges.
8	(i) The system of oppression by SLORC is illegal and contrary to international laws and
9	covenants. The conduct of the SLORC being morally repugnant to the citizens of San Francisco, the
10	Board of Supervisors does hereby set forth a municipal policy prohibiting contracts for personal
11	services or the construction of public works or improvements with those who do business in Burma
12	(Myanmar), and prohibiting the purchase of any commodities produced in Burma (Myanmar), or
13	provided by those who do business, maintain facilities, or are organized under SLORC's rule.

13	services is not increased by any modification of an existing project contract after May 1, 1996, and
14	provided that the term, or remaining term of the services contract is not greater than five years from
15	<i>May 1, 1996.</i>

2	way over real property owned by the City between the City and a party holding the easement or right-
3	of-way as of May 1, 1996, provided that the agreements do not permit the building of new facilities on
4	City land or a change in the character of its use.
5	(3) Section 12J.3 shall not apply to any amendment, modification or renewal of a contract
6	entered into prior to May 1, 1996 where necessary for the timely completion of a project and not
7	involving an increase in the total moneys to be paid by the City under that contract.
8	(4) The provisions of Section 12J.3 shall not apply where the contracting officer finds that:
9	(A) No person or entity doing business in the City which is not a prohibited person or
10	entity under Section 12J.2(g) is capable of performing the desired function(s); or
11	(B) The City will incur a financial loss which in the opinion of the contracting officer
12	would violate his or her fiduciary duties. For purposes of this Section, prima facie evidence of a breach
13	of fiduciary duty shall mean a financial loss of 10 percent of a contract's value or \$10,000, whichever
14	is less; or
15	(C) The inclusion or application of such provisions will violate or be inconsistent with
16	the terms or conditions of a grant, subvention or contract with an agency of the State of California or

25	— (2) The City shall not purchase any commodity made in Burma (Myanmar). A commodity

1	shall be considered made in Burma (Myanmar) if it is manufactured, produced or grown in Burma
2	(Myanmar), or if further work or material manufactured, produced or grown in Burma (Myanmar) is
3	added to a commodity which effects a substantial transformation of that commodity. Interpretation of
4	this Section shall be consistent with statutes and regulations of the United States regarding markings of
5	commodities by country of origin pursuant to 19 CFR 134.

11	(b) Contract Condition. Each contract for the supply of a commodity to the City shall include
12	as a material condition to that agreement the following paragraph in the contract:

14	under the laws of Burma (Myanmar) or a "prohibited person or entity" as defined in Section 12J.2(g) of
15	the San Francisco Administrative Code. The item(s) sold in this contract (purchase order) to the City

23	commodity made outside Burma (Myanmar) which cannot be obtained except through a prohibited
24	person or entity;
25	— (3) Any contract for the purchase of commodities for \$10,000 or less;

1	(4) Where the contracting officer finds that no person or entity doing business in the City
2	that is not a prohibited person or entity is capable of providing the desired commodity;
3	(5) Any contract, purchase order or blanket purchase order wherein the City will incur a
4	financial loss which in the opinion of the contracting officer would violate his or her fiduciary duties.
5	For purposes of this Section, prima facie evidence of a breach of fiduciary duty shall mean a financial
6	loss of 10 percent of a contract's value or \$10,000, whichever is less; or
7	— (6) Where the inclusion or application of such provisions will violate or be inconsistent
8	with the terms or conditions of a grant, subvention or contract with an agency of the State of California
9	or the United States or the instructions of an authorized representative of any such agency with respect
10	to any such grant, subvention or contract.

25	City makes representations regarding its involvement in Burma (Myanmar) that are found by the City

1	after an investigation by the contracting officer and the City Attorney to be false, the City shall have the
2	authority to impose such sanctions or take such other actions as are designed to ensure compliance
3	with the provisions of this Chapter which shall include, but are not limited to:
4	— (1) Refusal to certify the award of a contract;

9	the contracting City department after two years upon a showing of corrective action indicating
10	violations are not likely to reoccur.
11	(b) All contracts to which this ordinance applies shall provide that in the event any bidder or
12	contractor fails to comply in good faith with any of the provisions of this Chapter the bidder or
13	contractor shall be liable for liquidated damages for each violation in an amount equal to the bidder's
14	or contractor's net profit on the contract, or 10 percent of the total amount of the contract or \$1,000
15	whichever is greatest. All contracts shall also contain a provision whereby the bidder or contractor
16	acknowledges and agrees that the liquidated damages assessed shall be payable to the City upon
17	demand and may be set off against any moneys due to the bidder or contractor from any City contract.
18	SEC. 12J.8. IMPLEMENTATION REPORTS.
19	The Purchaser shall provide a written report on the implementation of this ordinance to the
20	Board of Supervisors as follows:
21	— (1) At the first Board of Supervisors meeting held one year after this Chapter has been in
22	effect; and
23	— (2)—Annually thereafter.
24	- Each City department, board and commission shall provide in writing all information
25	requested by the Purchaser as necessary to prepare such reports.

1	SEC. 12J.9. SEVERABILITY.
2	- If any section, subsection, clause, phrase or portion of this Chapter is for any reason held
3	invalid or unconstitutional by any court or federal or State agency of competent jurisdiction, such
4	portion shall be deemed a separate, distinct and independent provision and such holding shall not
5	affect the validity of the remaining portions thereof.
6	SEC. 12J.10. SUSPENSION.
7	The provisions of Chapter 12J, prohibiting the City from doing business with Burma, are
8	hereby suspended. Until enactment of legislation withdrawing this suspension, the provisions of
9	Chapter 12J shall have no force or effect and no City officer or employee shall enforce or implement
10	the provisions of Chapter 12J.
11

 - (j) Nothing contained in this Article shall be construed in any manner so as to prevent the

1	City from pursuing any other remedies that may be available at law, equity or under any Contract or

17	a violation;
18	— (4) providing the Contractor with an opportunity to appeal the OLSE's determination to a
19	hearing officer, who is appointed by the City Controller or his or her designee.
20	(e) If there is an appeal of the OLSE's determination of a violation, the hearing before the
21	hearing officer shall be conducted in a manner that satisfies the requirements of due process. In any
22	such hearing, the OLSE's determination of a violation shall be considered prima facie evidence of a
23	violation, and the Contractor or Subcontractor shall have the burden of proving, by a preponderance of
24	the evidence, that the OLSE's determination of a violation is incorrect. The hearing officer's decision
25	of the appeal shall constitute the City's final decision.

(f) This subsection (f) applies to violations occurring during the term of a Contract entered
into prior to the effective date of the ordinance in Board of Supervisors File No. 171170 amending this
Article 142. For a first violation, or for any violation during the first twelve months following the
operative date of this Article, the OLSE must issue warnings and notices to correct, and offer the
Contractor or Subcontractor technical assistance on how to comply with the requirements of this
Article. Upon a subsequent finding of a violation of this Article, the awarding authority shall notify the
Contractor or Subcontractor that unless the Contractor or Subcontractor demonstrates to the
satisfaction of the OLSE within such reasonable period as the OLSE shall determine, that the violation
has been corrected, action will be taken as set forth in this subsection (f) and subsections (h) through
(j) of this Section 142.6. For a second violation, the awarding authority may deduct from the amount
payable to the Contractor or Subcontractor by the City under any Contract subject to this Article, or
the OLSE may impose upon the Contractor or Subcontractor, a penalty of \$50 for each employee,
applicant or other person as to whom the violation occurred or continued. Thereafter, for subsequent
violations, the penalty may increase to no more than \$100, for each employee or applicant whose rights
were, or continue to be, violated. Such funds shall be allocated to the OLSE and used to offset the costs
of implementing and enforcing this Article. If multiple employees or applicants are impacted by the
same procedural violation at the same time (e.g. all applicants for a certain job opening are asked for
their conviction history on the initial application), the violation shall be treated as a single violation
rather than multiple violations.
(e) This subsection (e) applies to violations occurring during the term of a Contract entered

(g) This subsection (g) applies to violations occurring during the term of a Contract entered into on or after the effective date of the ordinance in Board of Supervisors File No. 171170 amending this Article 142. For a first violation, the awarding authority may deduct from the amount payable to the Contractor or Subcontractor by the City under any Contract subject to this Article, or the OLSE may impose upon the Contractor or Subcontractor, a penalty of \$500 for each employee, applicant or other person as to whom the violation occurred or continued. For a second violation, the awarding

authority may deduct from the amount payable to the Contractor or Subcontractor by the City under
any Contract subject to this Article, or the OLSE may impose upon the Contractor or Subcontractor, a
penalty of no more than \$1,000 for each employee, applicant or other person as to whom the violation
occurred or continued. Thereafter, for subsequent violations, the awarding authority may deduct from
the amount payable to the Contractor or Subcontractor by the City under any Contract subject to this
Article, or the OLSE may impose upon the Contractor or Subcontractor, a penalty of no more than
\$2,000, for each employee or applicant whose rights were, or continue to be, violated. The
administrative penalties for each violation shall be paid to the employee or applicant as to whom the
violation occurred or continued. If multiple employees or applicants are impacted by the same
procedural violation at the same time (e.g. all applicants for a certain job opening are asked for their
Conviction History on the initial application), the violation shall be treated as one violation for each
impacted employee or applicant.

(h) In addition to any other penalties provided for the violation of this Article, the Contract or Property Contract may be terminated or suspended, in whole or in part, by the awarding authority upon the basis of a finding under this Section 142.6 that the Contractor or Subcontractor has violated the provisions of this Article, and all moneys due or to become due hereunder may be forfeited to, and retained by, the City.

— (i) A violation of the provisions of this Article during the performance of a Contract or

Property Contract shall be deemed by the City to be a material breach of contract and the basis for

determination by the awarding authority that the Contractor or Subcontractor is an irresponsible

bidder as to all future contracts for which such Contractor or Subcontractor may submit bids. Such

Contractor or Subcontractor shall not for a period of up to two years thereafter, be allowed to act as a

Contractor or Subcontractor under any Contract or Property Contract. This subsection (i) shall be

governed by the procedures set forth in Chapter 28.

(j) Nothing contained in this Article shall be construed in any manner so as to prevent the

1	City from pursuing any other remedies that may be available at law, equity or under any Contract or
2	Property Contract.
3	-(k) The Director of OLSE shall have authority to adopt regulations or guidelines that
4	implement the provisions of this Article. Regulations or guidelines shall be adopted only after
5	consultation with the Director of OCA. Regulations or guidelines that relate to provisions of general
6	import or applicability in Police Code Article 49 shall be adopted only after consultation with the
7	Director of HRC and the Mayor's Office of Housing and Community Development. A designee of the
8	Director of OLSE shall not have the authority to adopt regulations or guidelines under the first
9	sentence of this subsection (k); but at the discretion of the Director of OLSE a designee of the Director
10	of OLSE shall have the authority to conduct hearings leading to the adoption of regulations or
11	guidelines, and to consult with the Director of HRC, the Mayor's Office of Housing and Community
12	Development, and the Director of OCA as specified in this subsection (k).
13	(l) OLSE shall maintain a record of the number and types of complaints it receives alleging a
14	violation of this Article, and the resolution of those complaints. This information shall be compiled on
15	an annual calendar year basis and reported to the Board of Supervisors by January 31 of each year.
16	SEC. 142.7. CONTRACTOR AND SUBCONTRACTOR RECORDS.
17	(a) All Contractors and Subcontractors shall be subject to the same requirements for access
18	to and maintenance of employment records as described in Police Code Section 4910. In no event shall
19	OLSE require a Contractor or Subcontractor to provide any information or documents the disclosure
20	of which would violate state or federal law.
21	(b) A Contractor or Subcontractor shall provide to the OLSE, or the OLSE's designee, such
22	information on an annual basis as may be required to verify the Contractor or Subcontractor's
23	compliance with this Article.
24	(c) Where a Contractor or Subcontractor does not maintain or retain adequate records
25	documenting compliance with this Article and does not allow OLSE reasonable access to such records,

1 it shall be presumed that the Contractor or Subcontractor did not comply with this Article 142, absent 2 clear and convincing evidence otherwise. The Office of Treasurer and Tax Collector shall have the 3 authority to provide any and all nonfinancial information to OLSE necessary to fulfill OLSE's responsibilities as the enforcing agency under this Article. With regard to all such information 4 5 provided by the Office of Treasurer and Tax Collector. OLSE shall be subject to the confidentiality 6 provisions of Section 6.22-1 of the San Francisco Business and Tax Regulations Code. 7 SEC. 142.8. NONAPPLICABILITY, EXCEPTIONS, AND WAIVERS. 8 (a) The Director of OCA shall waive the requirements of this Article under the following 9 circumstances: 10 (1) Whenever the Director of OCA finds, upon the advice of the awarding authority, that there is only one prospective Contractor willing to enter into a Contract with the City, or a Property 11 12 Contract with the City for use of City property on the terms and conditions established by the City, or 13 that the needed goods, services, construction services for a public work or improvement, or interest in 14 or right to use real property are available only from a sole source, and the prospective Contractor is 15 not currently disqualified from doing business with the City, or from doing business with any 16 governmental agency based on any contract compliance requirements; 17 (2) If the contracting department, board or commission certifies in writing to the OCA that 18 pursuant to Administrative Code and Labor and Employment Code provisions the Contract or Property 19 Contract is necessary to respond to an emergency which endangers the public health or safety and no 20 entity which complies with the requirements of this Article capable of responding to the emergency is 21 immediately available; provided that such certification must be made prior to the Controller's contract certification; 22 23 (3) Where the City Attorney certifies in writing to the OCA that the contract involves 24 specialized litigation requirements such that it would be in the best interests of the City to waive the

requirements of this Article.

1	(b) This Article shall not apply where the prospective Contractor is a public entity and the
2	Director of OCA finds that goods, services, construction services for a public work or improvement or
3	interest in or right to use real property of comparable quality or accessibility as are available under
4	the proposed Contract or Property Contract are not available from another source, or that the
5	proposed Contract or Property Contract is necessary to serve a substantial public interest.
6	(c) This Article shall not apply where the Director of OCA finds that the requirements of this
7	Article 142 will violate or are inconsistent with the terms or conditions of a grant, subvention or
8	agreement with a public agency or the instructions of an authorized representative of any such agency
9	with respect to any such grant, subvention or agreement, provided that the contracting officer has made
10	a good faith attempt to change the terms or conditions of any such grant, subvention or agreement to
11	authorize application of this Article.
12	(d) Subject to the requirements of subsection (e), upon the request of a potential Contractor
13	or upon the Contracting Officer's own initiative, after taking all reasonable measures to find an entity
14	that complies with this Article 142, the Contracting Officer may propose a waiver of any or all of the
15	requirements of this Article for any Contract, Property Contract or bid package advertised and made
16	available to the public, or any competitive or sealed bids received by the City as of the operative date
17	of this Article under the following circumstances:
18	— (1) Where the Contracting Officer determines that there are no qualified responsive
19	bidders or prospective Contractors who could be certified as being in compliance with the
20	requirements of this Article and that the Contract or Property Contract is for goods, a service, or a
21	project that is essential to the City or City residents; or
22	— (2) Where the Contracting Officer determines that transactions entered into pursuant to
23	bulk purchasing arrangements through federal, state or regional entities which actually reduce the
24	City's purchasing costs would be in the best interests of the City; or
25	— (3) Where the Contracting Officer determines that the requirements of this Article would

1	result in the City's entering into a Contract with an entity that was set up, or is being used, for the
2	purpose of evading the intent of this Article;
3	(e) The waiver authority granted to Contracting Officers in this Section 142.8 shall be
4	subject to the requirement that:
5	— (1) All proposed waivers must be submitted for approval to the Director of OCA. All
6	proposed waivers must set forth the reasons the Contracting Officer is requesting the waiver, what
7	steps were taken to find any entity that complies with this Article, and why the waiver does not defeat
8	the intent of this Article, which is to prohibit the City from entering into Contracts and Property
9	Contracts with persons that do not comply with the requirements of this Article to follow certain
10	procedures when inquiring about and using criminal history information in employment decisions.
11	(2) The Director of OCA shall take action approving or denying a proposed waiver within
12	30 days of receiving a notification of the proposed waiver from a contracting officer. If after 30 days
13	the Director of OCA has taken no action on the proposed waiver, the waiver shall be deemed approved
14	(3) The Director of OCA or Contracting Officer shall report to the OLSE whenever such a
15	waiver is granted within five days of granting the waiver.
16	(f) For any Contract or Property Contract subject to approval by the Board of Supervisors,
17	the approving resolution shall state whether any waiver or exception under this Section 142.8 has been
18	or is proposed to be granted for that contract.
19	(g) This Article 142 shall not apply to (i) the investment of trust moneys or agreements
20	relating to the management of trust assets, (ii) City moneys invested in U.S. government securities or
21	under pre-existing investment agreements, or (iii) the investment of City moneys where the Treasurer
22	finds that:
23	— (1) No person, entity or financial institution doing business in the City which is in
24	compliance with this Article is capable of performing the desired transactions(s); or
25	— (2) The City will incur a financial loss which in the opinion of the Treasurer would violate

his or her fiduciary duties.

This subsection (g) shall be subject to the requirement that City moneys shall be withdrawn or divested at the earliest possible maturity date if deposited or invested with a person, entity or financial institution other than the U.S. government which does not comply with this Article.

(h) The General Manager of the Public Utilities Commission may waive the requirements of this Article 142 where the Contractor is providing wholesale or bulk water, power or natural gas, the conveyance or transmission of same, or ancillary services such as spinning reserve, voltage control, or loading scheduling, as required for assuring reliable services in accordance with good utility practice, to or on behalf of the San Francisco Public Utilities Commission; provided that the purchase of same may not practically be accomplished through the City's standard competitive bidding procedures; and further provided that this exemption shall not apply to Contractors or franchisees providing direct, retail services to end users within the City.

(i) OCA shall maintain a record of all instances in which the requirements of this Article have not been applicable to a Contract or Property Contract because of an exception or a waiver as recognized under this Section 142.8. This information shall be compiled on an annual fiscal year basis and reported to the Board of Supervisors upon written request by any member of the Board of Supervisors to the Purchaser.

— (j) The Contracting Officer may waive the restriction in subsection (a)(5) of Section 142.4 and any limitations imposed in this Article based on subsection (a)(5) as to any Contract or Property Contract, including any grant, where the Contracting Officer certifies in writing that, in the performance of the agreement, the Contractor or grantee (1) is providing services to or has supervisory or disciplinary authority over a minor, (2) is providing services to or has supervisory authority over a "dependent adult," as that phrase is defined in California Welfare and Institutions Code Section 15610.23 or any successor state law, or (3) is providing support services or care to or has supervisory authority over a person 65 years or older. The Contracting Officer shall report annually in writing to

the Director of OCA all waivers that he or she grants pursuant to this subsection (j).

(k) Waivers granted to a Contractor pursuant to this Section 142.8 shall relieve that

Contractor of any obligations it may have under Article 49 of the Police Code, but only with respect to

work performed under the Contract or Property Contract for which the waiver was granted.

SEC. 142.9. PREEMPTION.

The City recognizes that in some circumstances state or federal law governs some of the matters addressed in this Article. Nothing in this Article shall be interpreted or applied by a court or an agency of City government so as to create any requirement, power, or duty in conflict with federal or state law or with a requirement of any government agency, including any agency of City government, implementing federal or state law. Consistent with the foregoing preemption principle, for example, the OLSE is authorized to not enforce any provision of this Article upon determining that its application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law. As another example consistent with the foregoing preemption principle, Contractors may inquire about criminal convictions outside of the time periods set forth in this Article where required by federal or state law or a government agency implementing federal or state law. These examples are illustrative and do not limit the scope of the preemption principle stated in this Section 142.9.

SEC. 142.10. SEVERABILITY.

If any part or provision of this Article, or the application thereof to any person or circumstance, is held invalid, the remainder of the Article, including the application of such part or provision to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end, provisions of this Article are severable.

SEC. 142.11. OPERATIVE DATE.

This Article shall become operative on 180 days after enactment and shall have prospective effect only, measured from the operative date forward. Enactment occurs when the Mayor signs the

1	ordinance creating the Article, the Mayor returns the ordinance unsigned or does not sign the
2	ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the
3	ordinance.

25	

SEC. 10.6-1. MONITORING OF NONPROFITS CONTRACTING WITH THE CITY.

- (a) By November 1, 2024, the Controller shall adopt Citywide standards that departments must comply with when contracting with nonprofit organizations. The standards shall include requirements that contracts with nonprofit organizations include performance measures; guidance for how departments should engage contractors in the development and monitoring of such measures; regular financial and performance reporting requirements applicable to nonprofits; standard reporting timeframes and expected elements for ongoing departmental monitoring of nonprofits; a process departments must follow when entering into and managing their contracts with nonprofits and reporting monitoring results to the Controller; and recommendations for departments with the goal of making it easier for nonprofits to do business with the City. The Controller shall have discretion to revise these standards as the Controller deems necessary to achieve the goals of standardizing and ensuring adequate Citywide programmatic and performance monitoring of nonprofit organizations and clarifying departments' obligation to appropriately monitor their contracts with nonprofits.
- (b) The Controller shall be responsible for administering a Citywide nonprofit contractor corrective action policy to ensure compliance with City funding requirements, accountability, and reliable service delivery. By November 1, 2024, the Controller shall engage with City departments and nonprofit contractors in a review of current standards for corrective action and issue a Citywide policy that establishes clear procedures for identifying areas of concern or poor performance by nonprofit contractors. The policy may include, among other things, specific procedures for identifying nonprofit contractors in need of technical assistance, multi-departmental coordination, and/or escalation protocols including but not limited to audits of nonprofit performance or financial practices.
- (c) By November 1, 2024, the Controller shall complete a review of the publicly available information the City has about its nonprofit contracted services, including spending,

- performance, and types of services provided. At the conclusion of the review, the Controller shall issue a report to the Mayor and the Board of Supervisors recommending any policy changes that the Controller concludes would improve public access to this information in the future. Concurrent with the November 1, 2024 report, the Controller shall publish a directory webpage documenting where and how to access existing public information about nonprofit contracted services. The Controller shall maintain and update this directory webpage as additional public information is made transparent through the recommendations in the report, including information gathered by the Controller through the annual review required in subsection (d) below.
- (d) Each fiscal year, beginning with Fiscal Year 2025-2026, the Controller shall conduct a review of department compliance with the Controller's established contract monitoring standards and shall submit a report summarizing the review to the Mayor and the Board of Supervisors. The Controller may limit the annual review to specific departments, service areas, or contracts as the Controller deems appropriate to achieve the goal of ensuring adequate Citywide programmatic and performance monitoring of nonprofit organizations.
- (e) Starting with Fiscal Year 2024-2025, nonprofit organizations that received a total of at least \$750,000 \$1,000,000 in funding from the City in a fiscal year must submit to the City an audited balance sheet and the related statement of income and cash flows for that fiscal year within six months after the end of the fiscal year, certified by an independent accounting firm as accurately presenting the financial position of the organization. The Controller shall establish procedures and deadlines for submission of such audit materials to the City and distribution of such audit materials to City departments, provided that March 31, 2026 shall be the deadline for the submission of the audit materials for Fiscal Year 2024-2025. This subsection (e) does not limit the authority of the City, through the Controller or any other part

of City government, as otherwise authorized by law, to conduct a fiscal review or require
alternate documents demonstrating sound financial controls in the absence of an audit,
including for nonprofit organizations receiving less than a total of $\$750,000$ $\$1,000,000$ from the
City within a fiscal year. <i>The amount of \$1,000,000 is based upon the Federal Single Audit standard</i>
found in 2 CFR 200.501(b). Should the amount of the -Federal Single Audit standard threshold for
application be changed, the \$1,000,000 application threshold in this section shall be administratively
interpreted to match the revised threshold.

(f) The Controller shall publicly issue on its website a draft version of any proposed policy, standard, or guidance required in subsections (a), (b), and (e) of this Section 10.6-1, and shall provide an opportunity for members of the public to review and provide written comments about the draft for at least 15 days prior to final adoption. In the public review process, the Controller shall make good-faith efforts to ensure community involvement and racial equity in its outreach efforts. Outreach and engagement for public review shall include engaging organizations, regardless of size, with a focus on fostering the growth of new, smaller institutions reflecting the experiences of historically underserved communities, including but not limited to African American communities, Asian American communities, disabled communities, Latinx communities, LGBTQIA+ communities, Native American communities, Pacific Islander communities, and women.

Amendments to Current Law

- 1. Code Chapters and Articles Substantially Amended or Repealed by the Ordinance.
 - a. Substantial Amendment of Code Chapters and Articles.
 - i. Generally Applicable Changes: Article 131, Article 151, and Chapter 12F

Article 131 of the Labor and Employment Code (Nondiscrimination in Contracts), Article 151 of the Labor and Employment Code (Sweatfree Contracting), and Chapter 12F of the Administrative Code (Implementing the MacBride Principles – Northern Ireland), would be comprehensively amended. The core aims and purpose of these three ordinances would remain the same, but would – unlike now – share common language relating to scope of the article, definitions, waivers, and exceptions. The most important changes:

- The ordinances would be limited to explicit contract authorizing chapters of the Administrative Code (Chapters 6, 21, 21G, and 23), though Article 151 would only apply to Chapter 21 agreements for commodities due to the nature of the ordinance.
- The ordinances would apply only to agreements valued at above the Minimum Competitive Amount, which is currently \$230,000; this would be an increase from the existing application threshold figures of \$5,000, \$25,000, and \$0 in Article 131, Article 151, and Chapter 12F respectively.
- Outmoded language regarding preexisting exception, waiver, non-application, and exemption concepts would be changed to language suited for modern practices.
- Objective circumstances would be classified as exemptions, while subjective decisions would be classified as waivers.
- The collective impact of the standard thresholds, exemptions, waivers, and exemptions would reduce the scope of application of all affected ordinances.
- Where transferrable, definitions would be updated to uniform language.
- The ordinances (except Article 151) would include sunset language; with expiration in 2036 unless reenacted.

ii. Article 131: Additional Changes

Under the ordinance, Article 131 would be modified to remove sections and requirements related to: reasonable accommodation for disabled applicants and employees, parameters of required nondiscrimination programs, equal pay reporting, declarations relating to scope and budget assurances, detailed appellate processes, waiver of requirements by the

Board of Supervisors, and references to operative dates of 1997. References to the Human Rights Commission would be updated to also include the Contract Monitoring Division.

These changes are prompted by the evolution of Article 131. Since its enactment in 1966, originally as Chapter 12B of the Administrative Code, some of its provisions have become outdated and are no longer in use, notably the nondiscrimination program guidance and appeals process. Other sections are covered by alternative federal or California law, such as reasonable accommodation requirements and equal pay reporting requirements. Self-imposed restrictions of scope, assurances related to funding, and an effective date of 1997 now appear superfluous. And the role of the administration by the Human Rights Commission has largely been delegated to the Contract Monitoring Division in practice.

iii. Article 151: Additional Changes

Under the ordinance, Article 151 would be modified to remove provisions related to the following: detailed calculations for base hourly wages for workers in the United States and in other countries, a requirement of weekly certified payrolls of contractor and subcontractors to be submitted to the City upon request, initial phase-in period actions, and the City's right to hire nonprofits to assist with enforcement and monitoring. A section detailing a comprehensive process to award contracts absent a sweatfree proposal with limitations on contracts would be removed. Requirements to collect and post information on subcontractors would be reduced in scope. Requirements applicable to subcontractors would be changed to manufacturers or factories and reduced in scope. The scope of goods covered would be modified. The Purchaser would be authorized to create and maintain a prequalified list of manufacturers complying with Article 151.

These changes are prompted by the challenges the City has experienced in implementing Article 151, which was enacted in 2005. Modern supply chains, City collective bargaining agreements governing uniforms and garments, and challenges in obtaining fully compliant bids or proposals have led to substantial difficulties in application of Article 151, substantial expenditure of resources in the process, and substantial impairment of the procurement process.

iv. Chapter 12F

Under the ordinance, Chapter 12F would be modified to include common language relating to exemptions and waivers, resulting in a reduced scope of application. A declaration of intent would be removed. Commendation and encouragement to the retirement system (SFERS) would be removed. References to research, education, international correspondence, and letters to be sent by 1990 would be removed.

These changes are prompted by a desire to update Chapter 12F, which was enacted in 1989 and has never been modified. Chapter 12F lacks exceptions found in all other

ordinances imposing requirements on City contractors, occasionally resulting in agreements being delayed or a failure to reach agreement. Some aspects of the ordinance were connected to events of the early 1990's, and those events have passed.

b. Repeal of Code Chapters and Articles.

Article 132 of the Labor and Employment Code (Nondiscrimination in Property Contracts). Article 132 largely duplicates Article 131. Repeal is a legislative clean-up measure to consolidate and eliminate redundancies. Nonduplicative elements of Article 132 are incorporated in Article 131.

Article 141 of the Labor and Employment Code (Salary History). Article 141 has significant overlap with Section 432.3 of the California Labor Code. In effect, it requires contractors to determine whether to apply San Francisco law or California law or both, making contracting with the City more difficult. Enforcement actions by San Francisco have historically been limited.

Article 142 of the Labor and Employment Code (City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions). Article 142 has significant overlap with Section 12952 of the California Government Code. In effect, it requires contractors to determine whether to apply San Francisco law or California law or both, making contracting with the City more difficult. Enforcement actions by San Francisco have historically been limited.

Article 161 of the Labor and Employment Code (Earned Income Credit Information). Article 161 has significant overlap with Section 19853(a) of the California Revenue and Taxation Code, and requires City contractors to provide IRS form W-5, which is no longer in existence. In the last decade, Article 161 has not been enforced by the City.

Chapter 12J of the Administrative Code (City Business with Burma Prohibited). Chapter 12J was suspended from enforcement in 2000, with no provision for withdrawal of the suspension. Repeal is a legislative clean-up measure with no material effect.

II. Other Code Provisions Revised by the Ordinance.

a. Nonprofit provisions.

Section 10.6-1, Chapter 10, Article I of the Administrative Code (Monitoring of Nonprofits Contracting with the City) would apply only to nonprofits receiving \$1,000,000 or more, which is the Federal Single Audit threshold. The existing threshold is \$750,000, though administratively aligned to the Federal Single Audit threshold.

Chapter 12L of the Administrative Code (Public Access to Records and Meetings of Nonprofit Organizations) would apply only to agreements valued at \$1,000,000 or more, which

is the Federal Single Audit threshold. The existing threshold is \$250,000. In addition, the requirement to hold two open meetings per year would be reduced to one meeting per year.

The requirements for Section 10.6-1 and Chapter 12L currently attach at \$750,000 and \$250,000 respectively. To create consistency, the threshold for application will be tied to the Federal Single Audit standard, set at \$1,000,000 currently.

b. Low-value contract provisions.

Chapter 12N of the Administrative Code (Lesbian, Gay, Bisexual, Transgender, Queer, and Questioning Youth: Youth Services Sensitivity Training) would apply only to agreements valued at above the Minimum Competitive Amount, which is currently \$230,000; the existing threshold is \$50,000 received cumulatively per year.

Chapter 12Y (San Francisco Slavery Disclosure Ordinance) of the Administrative Code would apply only to agreements valued at above the Minimum Competitive Amount, which is currently \$230,000; the existing threshold is \$5,000.

Chapter 101 of the Administrative Code (Restricting the Purchase, Sale, or Distribution of Sugar-Sweetened Beverages by or for the City) would apply only to agreements valued at above the Minimum Competitive Amount, which is currently \$230,000; the existing threshold is \$5,000.

Agreements valued below the Minimum Competitive Amount, which is currently \$230,000, are considered low-value contracts. Despite the lower value, often complex contract requirements will attach. Additionally, City departments awarding contracts and contractors have a range of thresholds to consider when determining which contracting requirements apply. In an effort to ease the burden for low value contractors and departments awarding contracts, Chapters 12N, 12Y, and 101 would have thresholds tied to the Minimum Competitive Amount, consistent with the substantially amended Code chapters and articles (Article 131 and 151, and Chapter 12F).

III. Procurement Legislative Analysis by City Administrator

New Administrative Code Section 2A.25-1 would empower the City Administrator to offer analysis of legislation that may have a material impact on City procurement for goods and services. The City Administrator, in consultation as appropriate with subject matter experts, would analyze the legislation for numerous factors relating to City operations and procurement, and could provide recommendations for mitigation. The analysis generally would have to be completed within 60 days of introduction, and a Board committee hearing on the legislation could not occur before then. Prior to voting on new legislation, the Board will be informed of potential ramifications, such as:

- How the new requirements would affect the ability of suppliers and small businesses to access City contracting opportunities;
- How the new requirements would interact with existing laws;
- Whether the City has available resources to effectively administer and enforce new requirements;
- What changes to the City's business processes would need to be made to administer the new requirements, especially as they pertain to any tools, forms, or IT systems that need to be created or maintained; and
- When the change should be implemented, taking into consideration the communication and training that would be required for all City departments and suppliers, and the number of newly legislated changes that departments must build into their business processes.

Background Information

This ordinance represents a substantial step towards reconciling and standardizing the City's various contracting requirements. It incorporates some of the recommendations in the City Administrator's report, "Improving the Process for Chapter 21 Low-value Procurements," as well as input from subject matter experts in the City Administrator's Office, Government Operations Recovery Project, and various contracting departments. It is hoped that greater consistency and uniformity in contracting provisions, and reduction in unnecessary or infeasible requirements, will aid in the effective and efficient application of the City's contracting ordinances.

This ordinance was amended in committee on July 9, 2025, to revise the dates for operative dates and sunset.

The most recent version of the ordinance includes changes proposed by Supervisor Chan to include a role for the Sweatfree Procurement Advisory Group and remove the sunset date for Article 151, and to revise the operative dates and sunset dates for other sections of the ordinance.

SUNSHINE ORDINANCE TASK FORCE

September 17, 2025

President Rafael Mandelman and Members Board of Supervisors 1 Carlton B Goodlett Pl., Ste. 244 San Francisco, CA 94102-4689

RE: Board of Supervisors File No. 250192 regarding Public Access to Records and Meetings of Nonprofit Organizations

Dear President Mandelman and Board Members,

At its August 6, 2025 Regular Meeting, the Sunshine Ordinance Task Force discussed Board of Supervisors File No. 250192 regarding Public Access to Records and Meetings of Nonprofit Organizations, and it unanimously authorized a letter expressing the Task Force's concerns.

File No. 250192 is a proposed 147-page ordinance which involves various streamlining various City contracting provisions. It would, among other things, increase the threshold for nonprofit organizations subject to Administrative Code Chapter 12L from \$250,000 to \$1 million annually, and reduce the number of required public meetings from two to one. We have seen no analysis or discussion of the impact of these two changes from the legislation; discussion, so far, has been focused on other portions of the proposed ordinance.

While setting the threshold and number of required public meetings is clearly a policy matter for the Board of Supervisors, we should understand the compromise that led us here in the first place. In the late 1990's there was considerable concern about the City contracting with nonprofit organizations, often to provide children's, health, and social service programs and services, and bypassing the public access provisions of the Sunshine Ordinance. As a result, then-Supervisor Tom Ammiano proposed, and got passed, an ordinance that created Chapter 12L. It set a threshold covering nonprofit organizations with more funding from the City (and excluded those with less), imposed small but meaningful burdens (two public meetings a year and access to a financial information packet), and included a process that ultimately has the Sunshine Ordinance Task Force issuing an advisory opinion in some disputes.

What seems missing today is analysis or discussion of these proposed changes. We do not know how many fewer organizations would be subject to Chapter 12L, what their comments might be, what the public thinks about the proposed changes (especially impacted populations), and how and when the changes would be implemented. Once again, at a time when government accountability and transparency seem more needed than ever, this may be another move in the wrong direction. We urge you to ask the City Attorney and Office of Contract Administration how and when the changes would be implemented, and ask the Controller how many nonprofit organizations would be relieved of the Chapter 12L requirements (perhaps with a list of those organizations).

We ask you to consider our views as it relates to Administrative Code Section 12L. We express no opinion on other aspects of the legislation regarding streamlining City contracting provisions. Thank you for considering the views of the Sunshine Ordinance Task Force on this particular proposed ordinance.

Sincerely,

Matt Yankee

Members of the Budget and Finance Committee 1 Dr. Carlton B. Goodlett Place City Hall, Room 244 San Francisco, CA 94102-4689

Dear Members of the Budget and Finance Committee:

The members of the Sweatfree Procurement Advisory Group (SPAG) are unfortunately unable to attend the meeting scheduled for September 17. The SPAG met this past Thursday, September 11, as part of our regularly scheduled meetings. During that meeting, the Workers' Rights Consortium (WRC), the independent monitor the City contracts with to ensure compliance with the ordinance, reviewed recent factory inspections and remediation efforts.

The SPAG's dedicated members remain committed to eliminating sweatshops from the supply chains of all goods the City purchases, starting with garments and textiles. We applaud your proposal to codify the changes to the procurement legislation you discussed at your July Board of Supervisors meeting, which would restore the SPAG and allow us to continue in our advisory and support role for the Sweatfree Procurement Ordinance.

Enclosed is a copy of the report presented by the WRC during our recent meeting, which provides examples of the ongoing work of the Sweatfree Ordinance and details current enforcement cases that involve important workers' rights violations and remediation by City contractors for pregnancy discrimination, freedom of association, and extreme violations of the Sweatfree "non-poverty wage standard". The investigations were conducted in and around factories located in Asia, Latin America, and Africa. As a consequence of one of the investigations, dozens of workers won tens of thousands of dollars in back wages for wrongful termination.

We look forward to continuing to work with you to extend these straightforward, life-changing protections to as many workers who produce goods for the City and County of San Francisco as possible. The SPAG has many ideas about how Sweatfree procurement standards can be spread cost-effectively to cover more workers and more industries. Together we can ensure that San Francisco continues to be a beacon of workers' rights and common-sense policy to the rest of the Country and the larger world.

Sincerely,

Conchita Lozano-Batista Chairperson, SPAG

Supervisor Rafael Mandelman 1 Dr Carlton B. Goodlett Place City Hall, Room 244 San Francisco, CA 94102

Dear Supervisor Mandelman:

It was nice to run into you this weekend. I appreciate the time and attention you have given to the Sweatfree Procurement Advisory Group's (SPAG) request to amend your recently proposed legislation that would repeal key provisions of the San Francisco Sweatfree Contracting Ordinance and would eliminate the SPAG. This past weekend, you indicated that you would be open to leaving the Ordinance undisturbed, ensuring that the city continues to contract with an auditor, but that you were still looking to eliminate SPAG.

SPAG met this Wednesday, July 25, along with representatives from OLSE, to analyze and discuss your proposed changes. In addition to weakening and sunsetting the ordinance, your proposed legislation might unintentionally *increase* procurement costs for the city in at least two different ways. We also spotted some aspects of the proposed legislation (such as defining clothing brands as "Manufacturers") that indicated the staff who prepared the legislation might not be familiar with how garment supply chains work in practice.

I am writing on behalf of the SPAG to request that you reconsider your approach and leave the Ordinance and the SPAG undisturbed.

SPAG is an all-volunteer advisory body that meets quarterly and assists the Office of Labor Standards Enforcement (OLSE) and the Office of Contract Administration (OCA) with ensuring the Ordinance is implemented, audits are being conducted, and efficiencies are achieved where possible.

SPAG recently worked with OLSE to ensure a competitive bidding process for our sweatfree auditor and worked to ensure that the auditor was achieving savings for the City by conducting audits in factories that also produce goods for other cities with whom they audit. This recent change also ensured that the City had more leverage to ensure that any violations that were discovered were remediated and that workers were protected in their places of work.

The expertise of the members of SPAG has ensured continuity in changing administrations, as well, and SPAG worked with the Mayor's Office in the past to analyze the work of the Ordinance and to consider amendments to expand its work and to find efficiencies.

San Francisco's Sweatfree Ordinance is a model for other cities in how well it works in practice to protect workers' rights while also procuring garments and textiles at a fair price through a transparent process. Repealing or scaling back the Ordinance would cede San Francisco's leadership to Los Angeles and Madison, Wisconsin, and turn our back on values that San Franciscans hold dear.

SPAG has set a meeting for this coming Thursday, July 3, at 1 pm. We would like to meet with you and any members of your staff to discuss this further. As you are no doubt aware, none of the authors of this proposed legislation met with the SPAG or discussed any of these changes before they were proposed. As an advisory body made up of volunteers who have spent years working on this, we believe it is important that we be accorded the opportunity to opine on these proposals.

SPAG is proud of its work and respectfully requests the opportunity to discuss this matter with you. I can be reached at conchita.lozano@gmail.com or at 510.224.7193. We look forward to meeting with you on July 3.

Best regards,

Conchita Lozano-Batista Chairperson, SPAG

Analysis: Proposed changes to San Francisco's Sweatfree Ordinance

by File #250192 (Leg Ver1), the "Open for Business Contract Streamlining Act of 2025"

Prepared by Coyote Codornices Marin (they/them) Vice Chair, Sweatfree Procurement Advisory Group City and County of San Francisco

Background

File #250192, styled the "Open for Business Contract Streamlining Act of 2025," proposes to make several aims "to simplify the City's procurement processes and promote competition" (proposed ordinance, subsection 1(b)).

This analysis takes a detailed look at its overhaul of the City's Sweatfree Ordinance (§ 151).

Misconceptions written into the proposal ("code smells")

Bill #250192 is about procurement broadly, not garment supply chains specifically.

Here are some aspects of the bill that look odd to someone versed in garment/textile supply chains and how the Sweatfree Ordinance works in practice, along with how things actually work in practice.

Misconception #1: clothing brands typically own their own factories

Proposed § 151.3 defines "Manufacturer" as "a person or business that owns an apparel brand."

In practice, it's the exception, not the rule, for brands to manufacture apparel in factories they own themselves. Typically, the City's supply chain looks like this:

- Vendor: brokers between the City and several apparel brands
- Brand: designs and procures apparel
- Subcontractor: makes the apparel in a factory (usually overseas), sometimes subcontracting with other factories owned by other entities

Misconception #2: compliance with the Sweatfree Ordinance is binary

Proposed § 151.6 (a)(3) exempts contracts with "no qualified bidders" if "there are no qualified, responsive bidders or prospective contractors who could be certified as being in compliance with the requirements of this Article 151."

In an ideal world, all government procurement everywhere would be in line with sweatfree principles, and there would be a wide range of vendors willing to offer sweatfree goods at competitive prices.

However, in practice, it is often beyond the ability of the City's Vendors to honestly certify that they can get all parts of the supply chain to be in compliance with the Sweatfree Ordinance. One of the City's primary sweatfree vendors, Banner Uniform (a San Francisco based company), expressed concerns at a Sweatfree Procurement Group meeting that they would be unfairly incentivized to lie and certify portions of the Sweatfree Ordinance that they could not in fact guarantee.

In response to that advice, the City's current procurement process, now in operation for several years, is to require vendors that they can provide full information about where goods produced by the City are being manufactured and then score them on a 10-point scale with regards to whether they can guarantee various other aspects of the Sweatfree Ordinance.

Major changes made by the proposed legislation

Makes compliance with the Sweatfree Ordinance binary

Existing § 151.11 gives the City the ability to adopt rules about what to do when Vendors are only able to be partially compliant with Sweatfree Ordinance (see above for a summary of the current rules).

Existing § 151.11(e) lays out the process for adopting such rules through a public process: "Standards for determining most substantial compliance under subsection (b) and additional level or levels of compliance under subsections (c) and (d) shall be adopted by the Director following consultation with the Office of Labor Standards Enforcement and the Sweatfree Procurement Advisory Group, and a public hearing."

In contrast, the proposed changes only talk about compliance and non-compliance (see proposed § 151.6(a)).

Eliminates rule requiring that sweatfree goods cost no more than 15% more

The Sweatfree Ordinance provides that, when the City has the option of taking a sweatfree proposal that costs 15% more than the lowest bid, the City should take the lowest bid instead (see § 151.11(f)).

In practice, this rule never rarely comes into play because sweatfree procurement is not significantly more costly. Office of Contract Administration employee Shawn Peeters has testified in the past to the Sweatfree Procurement Group that San Francisco appears to be paying market prices for garments and textiles, despite the added complication of the Sweatfree Ordinance.

The proposed changes eliminate the 15% rule, apparently requiring the City to prioritize any sweatfree bid over less-compliant bids, regardless of the price (see proposed § 151.6(a)(2), "Only One Qualified Bidder").

Eliminates Sweatfree Procurement Advisory Group

The proposed changes eliminate § 151.7, establishing the Sweatfree Procurement Advisory Group.

The Sweatfree Procurement Advisory Group consists of volunteers plus one member (in practice, a City employee), appointed by the Controller. It typically meets quarterly, with no more than five city staff present for a two-hour meeting. The costs to the City of operating the Group are nominal.

The Advisory Group is, as its name implies, advisory; it does not have the power to block or delay actions by the City. At most, when certain aspects of the Ordinance require the Advisory Group to hold public hearings (see § 151.11(e)), they require "consultation," not approval of the Advisory Group.

One of the Advisory Group's functions is to coordinate implementation of the Sweatfree Ordinance between the Office of Labor Standards Enforcement and the Office of Contract Administration. The proposed ordinance aims to "increase inter-departmental coordination in contracting and align policy

and administrative processes across departments," (see subsection 1(f)(v)), but eliminating the Advisory Group appears to do the opposite.

The Advisory Group also provides the City's primary institutional knowledge about the Sweatfree Ordinance, which no other city body is fully responsible for. One member of the Advisory Group, Jason Oringer, has served on the Advisory Group since the Sweatfree Ordinance was originally adopted.

Muddies safe harbor rules for incidental parts of the contract

Existing § 151.2(h) exempts subcontracts that are less than 10% of the higher tier contractor's work or less than \$25,000.

Proposed § 151.10(d) exempts goods if "the amount paid for by the City for the Goods" is 10% or less of the total contract. It appears the intent was to apply this exception to goods purchased by brands and subcontractors as well, but that's not what the language actually says.

Muddies Vendors' liability

The existing ordinance clearly defines "contract," "contractor," "subcontract," and "subcontractor," (see § 151.2), and places responsibility for compliance with the ordinance equally on "each contractor and subcontractor" (see §151.3).

In contrast, the proposed changes only define "contract" and "contractor" (proposed § 151.3) and declares "the requirements of this Article 151 do not apply to subcontractors except to the extent that the requirements are imposed upon the Contractor" (proposed § 151.2(d)). Because the new language is novel and vague, it may be subject to litigation and expose Vendors to additional liability.

Eliminates living wage provisions

See existing § 151.3(b).

Exempts textiles

Compare existing § 151.6 to proposed § 151.3, "Covered goods."

For example, sheets procured by SF General Hospital fall under the Sweatfree ordinance.

Exempts garments procured for a public works related contract Compare existing § 151.6 to proposed § 151.3, "Covered goods."

Becomes inoperative on July 1, 2035 See proposed § 151.9.

Adds boilerplate exemptions

In an apparent drafting error, the proposed changes include some new exemptions to the Sweatfree Ordinance that appear to be irrelevant to apparel procurement, exempting legal services (proposed \S 151.2(c)(3)), finance (proposed \S 151.2(c)(4)), and real estate (proposed \S 151.2(c)(6))

Unintended consequences

The proposed changes aim to reduce costs to the City by simplifying the procurement process (see Section 1). Here are two ways that, paradoxically, simplifying the language of the Sweatfree Ordinance as proposed could easily increase costs for the City.

Scenario #1: only one fully compliant bidder

As mentioned above, because the proposed changes eliminate the 15% safeguard (§ 151.11(f)), the City may find itself in a situation where there is only one *fully* compliant bidder that offers

goods at exorbitant prices, and be obligated by the new language (proposed § 151.6(a)(2), "Only One Qualified Bidder") to take the contract anyhow.

Scenario #2: spooking a major vendor

In practice, there are two major Vendors for most sweatfree apparel contracts, Jimmy Muscatello's of Washington, DC, and Banner Uniform, a San Francisco small business.

Since both Vendors offer access to more or less the same of apparel brands, the City is still able to procure goods at market rates because price competition is between brands, not between Vendors. Having two Vendors keeps each Vendor honest; they compete on the basis of their own overhead and the strength of their relationship with brands to ensure transparency in the supply chain and compliance with the Sweatfree Ordinance.

However, if one of the Vendors were to be spooked by changes to the Sweatfree Ordinance, the City would essentially be procuring apparel from a sole supplier, and be obligated to take whatever price they offered.

Aspects of the proposed changes that might make a Vendor nervous of increased liability include (see above):

- Makes compliance with the Sweatfree Ordinance binary
- Muddies safe harbor rules for incidental parts of the contract
- Muddies Vendors' liability

Supervisor Rafael Mandelman 1 Dr Carlton B. Goodlett Place City Hall, Room 244 San Francisco, CA 94102

Dear Supervisor Mandelman:

I understand the Board of Supervisors is considering legislation that impacts the Sweatfree Ordinance and would eliminate the Sweatfree Procurement Advisory Group (SPAG). I respectfully request that you oppose this change. Our Sweatfree Ordinance reflects the city's commitment to labor rights, ethical procurement, and ensures our taxpayer dollars do not support the exploitation of the workers who make uniforms worn by our public employees. San Francisco was an early adopter in 2005 when the Board of Supervisors unanimously adopted the Ordinance.

The Ordinance, administered by the Office of Labor Standards Enforcement (OLSE), requires city contractors to guarantee in writing that uniforms and other textiles they supply the city are not made by workers exploited in sweatshops around the world. Contractors are required to disclose their supply chains to ensure compliance. The SPAG plays a crucial role in assisting OLSE with monitoring compliance with the Ordinance. Per the Ordinance, the city has contracted with the Worker Rights Consortium (WRC) through a competitive bidding process to conduct factory inspections to ensure compliance.

The WRC, an independent nonprofit that also conducts such monitoring for the City of Los Angeles and for the University of California system, assesses labor conditions, identifying violations such as wage theft, health and safety hazards, discrimination based on various protected classifications, and anti-union practices, and recommends corrective actions. Recently, OLSE, in consultation with SPAG, made changes to how inspections are undertaken to combine monitoring and inspections with Los Angeles and other cities to reduce costs and create leverage where violations of labor and human rights are found.

The effectiveness of SPAG and the Ordinance is evident in its proactive approach to detecting and addressing labor and human rights abuses in the supply chain by engaging with contractors. This approach is unique, as it seeks to promote compliance through engagement. I am proud of the success of this Ordinance and what the city has been able to achieve. Here are a few recent highlights of improvements this work has secured at factories around the world making public employee uniforms for the city:

Dong Thanh, Vietnam:

 The WRC secured improvements in the factory's pay practices to meet the city's non-poverty wage standard, and required the factory to: start providing legal rest breaks, stop punishing workers for taking legal sick days, remove locks on fire exits, and cease having managers run the factory's labor union.

MBI, Haiti:

 The WRC won full back pay for worker union leaders whom the factory had illegally terminated en masse, but had to reinstate with 15 months back wages.

Northstar Manufacturing Co., Ltd. (Thailand):

 The WRC secured compensation and reinstatement for pregnant workers who had been illegally forced to resign in order to avoid paying them legal maternity benefits, and as well as protection for their health and safety at work.

RJ Torres, Dominican Republic:

 The WRC identified and secured correction of serious safety hazard improvements including dangerous electrical wiring and locked emergency exits.

WRC is currently investigating factories in Haiti, Ethiopia, Thailand, and Vietnam that produce public employee uniforms for both San Francisco and Los Angeles. Given the cost-sharing that OLSE achieved between these entities, factory inspections have become much more efficient, and our leverage for remediation has grown, as evidenced by the results above. During the SPAG's most recent May meeting, the Office of Contract Administration (OCA) reported they recently obtained complete disclosures for all contracts subject to the Ordinance and that doing so was not burdensome, especially now that this is part of our established bidding process. The OCA also reported that they receive no pushback from contractors on the requirements imposed by the Ordinance.

The Ordinance, the SPAG, the OLSE, and the WRC help San Francisco live up to its values by enforcing labor standards, protecting workers, promoting ethical procurement, deterring future violations, and leveraging influence. The SPAG is a volunteer body made up of different subject matter experts who are committed to ensuring San Francisco is a sweatfree jurisdiction. Promoting and protecting advisory-like bodies such as the SPAG ensures transparency, ethical commitments, and participation from our community during a time where confidence in local, state, and federal government is at an unprecedented nadir. This transparent process also protects our city from legal, reputational, and ethical harm related to our supply chain while ensuring public funds are not spent supporting exploitative and abusive labor practices.

It is my firm belief that abolishing the SPAG and weakening the Ordinance would tarnish San Francisco's reputation as a socially responsible leader and undermine our city's commitment to human rights. Instead, the Board of Supervisors should double down on its commitment to our city's values by promoting the work of this body and collaborating

with other localities to adopt similar measures, thereby increasing our collective leverage. It is worth noting that Portland, Berkeley, and Austin are developing similar work to San Francisco and Los Angeles, and that Los Angeles recently renewed their contract with the WRC.

I take great pride in what this Ordinance, the SPAG, the OLSE, and the WRC have accomplished. I hope you do, too. Please let me know if you have any questions or would like additional information. I can be reached at conchita.lozano@gmail.com or at 510.224.7193.

In solidarity,

Conchita Lozano-Batista Chairperson, SPAG

CAO Report Findings on Chapter 21 low-value contracts

The City's current contracting processes create a **high level of administrative burden** for both City staff and suppliers, making it more difficult for the City to fulfill its mission and serve the public.

- For suppliers, the City's requirements make **doing business with the City confusing and cost-prohibitive**. Small and local
 businesses experience high barriers to entry, which can run counter to
 the City's goals of local investment and equitable contracting.
- For City staff, an excessive amount of time is spent navigating complicated procurement processes and guiding suppliers through compliance requirements. This can take time away from strategic or performance management activities.

CAO Report Findings on Chapter 21 low-value contracts

Impact on Businesses and Nonprofits

High barriers to entry

- The City's array of requirements is hard to understand and navigate, so businesses and non-profits must invest a lot of time and resources to work with us.
- In particular, small businesses may not have the resources to navigate all of the City's business processes and legal requirements. This limits the City's ability to use its buying power to support the local economy, as many local businesses may not be able to participate.

Less transparency & accountability

- The City's processes are decentralized with no single, central source of information and highly decentralized program administration, making it difficult to understand where you are in the process and who is accountable.
- The City provides a **poor experience for suppliers and vendors.** In response to these challenges, there has been consistent and active advocacy for change from businesses and non-profits.

Impact on City Operations

Process Pain Points

- businesses may choose not to work with the City given how difficult it is to participate. For example, in FY23, approximately 46% of the solicitations that the Office of Contract Administration issued received only a single response or zero responses.
- Lengthy processes and delays can jeopardize projects so there may be an incentive for workarounds. It can take 1+ year from the time of issuing a solicitation to an actual project start date.
- Processes are decentralized, which weakens opportunities for accountability and change.

Staffing Challenges

- Complexity requires heavy staff resourcing to run a procurement process.
- There is a steep learning curve for new staff, which can take away from strategic and performance management activities and leads to inconsistencies.
- Vacancies are hard to fill with long ramp up periods to get staff fully trained. Without the staffing resources to oversee procurement, contracting backlogs also grow.

Challenge

The City's current contracting processes create a high level of administrative burden for both City staff and suppliers, making it more difficult for the City to fulfill its mission and serve the public.

- For City staff, an excessive amount of time is spent navigating complicated procurement processes and guiding suppliers through compliance requirements. This can take time away from strategic or performance management activities.
- For suppliers, the City's requirements make doing business with the City confusing and cost-prohibitive. Small and local businesses experience high barriers to entry, which can run counter to the City's goals of local investment and equitable contracting.

Root Causes

The City's current contracting challenges are the result of a complex, decentralized policy environment.

- Many of the City's contracting policies have prescriptive requirements, and some cannot be changed without legislative action. These policies have accumulated over time¹ without consideration of how they interact with other existing laws.
- Numerous City departments and divisions oversee discrete segments of procurement processes, making it difficult for City staff and suppliers to understand and monitor the full lifecycle of a contract. A contract can only move as fast as its slowest process.

Results

The City's procurement processes make executing a \$100,000 contract just as difficult as executing a \$5,000,000 contract.

- Over the past 5 years, thousands of contracts for \$200k or less accounting for 59% of the contract volume but only about 2% of the City's total contract spend had to comply with similar compliance processes as multi-million dollar contracts.
- This means that City staff and suppliers are spending a disproportionate amount of time and resources on a relatively small share of the City's spend.

¹ The San Francisco Municipal Codes include the word "contract" and "procurement" more than 8,700 times.

Background

The COVID-19 pandemic highlighted several significant challenges with core City processes like hiring, contracting, and financial operations as City staff and programs had to adapt to emergency response and remote work. These challenges impacted San Francisco's recovery on service delivery and implementation of new initiatives.

To address these challenges, in FY22-23 the Mayor created the Government Operations Recovery Initiative (Gov Ops) to focus on improving the City's core functions. With support from the Board of Supervisors, the goal of the Gov Ops initiative is to make our City's government more efficient, equitable, and effective. This included the formation of a new team within the City Administrator's Office focused on procurement and contract reform.

In the past two years, this new team has made key administrative and operational improvements while also working with policymakers to prioritize and implement a number of changes to the City's contracting processes. A few highlights of this work include issuing a report on policy alternatives to Ch 12X Banned States (December 2022), launching an SF.gov website centralizing contracting information (February 2023), developing a one-stop-shop for contracting waivers and forms (April 2023), creating a team to assist departments with their contracting needs (May 2023), and issuing a report on competition in City contracting (June 2023).

Letter of Inquiry

In April 2022, Supervisor Mandelman issued a letter of inquiry to the City Administrator's Office asking the City Administrator to draft recommendations to improve the Chapter 21 procurement process for low-value contracts.

- This report is in direct response to Supervisor Mandelman's letter of inquiry and incorporates the large body of work that CAO has been engaged in as part of the City's procurement reform efforts.
- This report aims to tackle the complex policies and business processes that hinder the City's ability to procure goods and services effectively and efficiently, while also applying a lens of how the City can make it easier to contract with small and local businesses.
- This report contains five overall strategic recommendations. In addition to improving the process for low-value contracts, some recommendations may also help improve the City's overall procurement framework.

Recommendation 1: Improve the Informal Procurement Process

• The City Administrator's Office (CAO) should work with the Office of Contract Administration (OCA) and the Contract Monitoring Division (CMD) to update informal procurement process guidelines, including how the City can maximize the Micro LBE Set-Aside and SF First programs.

Recommendation 2: Simplify Terms & Conditions

- CAO should partner with the City Attorney's Office (CAT) and Risk Management to make the City's standard Terms & Conditions (T&Cs) for low-value contracts more readable and user-friendly.
- The Board of Supervisors could conduct a comprehensive review of the T&Cs, with an eye towards amending legislation to update the City's standard T&Cs.

Recommendation 3: Amend Legislation to Update and Reconcile Contracting Requirements

• The Board of Supervisors could consider amending legislation to update and reconcile the City's contracting requirements, many of which were designed under different administrative or policy conditions and have not been re-visited since.

Recommendation 4: Explore Standardization in Future Procurement Legislation

- CAO should partner with CAT to develop a legislation template for any future, proposed procurement-related legislation.
- Prior to enacting any new legislation that may impact City contracting, the Board of Supervisors should consider requesting an administrative review to understand the potential impact on the City's overall procurement process and incorporate recommendations into the legislation.

Recommendation 5: Increase Coordination Across Departments that Interact with Suppliers

• CAO should convene City departments responsible for different aspects of supplier experiences to regularly align on policy and administrative processes to ensure that suppliers can experience greater cohesion in their interactions with the City.

Explanation of Terms

The City's procurement and contracting terminology are nuanced and complicated. Definitions have been included to clarify key concepts.

Note: The first three key terms – minimum competitive amount, informal procurement, and low-value procurement – overlap conceptually and are nearly interchangeable. Their use depends on what a speaker is trying to emphasize.

- Minimum Competitive Amount (MCA): The MCA is the threshold above which goods or services need to be *formally* procured (conversely, anything under the MCA threshold can be procured *informally*). The MCA is tied to the Urban Consumer Price Index and is updated every 5 years, with the next update scheduled for January 2025. The MCA is explicitly defined in the Administrative Code and is currently set at \$200k for professional services and commodities. (*See slide 40 in the appendix for the list of MCA thresholds.*)
- Informal procurements: Informal procurement refers to instances where the contract amount will be less than the MCA and are subject to Office of Contract Administration and Contract Monitoring Division guidelines. (See Chapter 21 Rules and Regulations, Definitions.) An informal procurement should first be conducted as a Micro LBE set-aside or through the SF First program.
- Low-value procurements: No formal definition of "low-value procurements" exists in the Administrative Code. This report uses the professional services and commodities MCA of \$200k as the definition of low-value procurements.

¹ The confusing terminology is itself a challenge that needs addressing beyond the scope of this report.

Context: Contracting Issues and Challenges

What challenges does the City's approach to contracting create?

Impact on City Operations

Process Pain Points

- Complexity limits competition in City bidding, as businesses may choose not to work with the City given how difficult it is to participate. For example, in FY23, approximately 46% of the solicitations that the Office of Contract Administration issued received only a single response or zero responses.
- Lengthy processes and delays can jeopardize projects so there may be an incentive for workarounds. It can take 1+ year from the time of issuing a solicitation to an actual project start date.
- Processes are decentralized, which weakens
 opportunities for accountability and change.

Staffing Challenges

- Complexity requires heavy staff resourcing to run a procurement process.
- There is a **steep learning curve for new staff**, which can take away from strategic and performance management activities and leads to inconsistencies.
- Vacancies are hard to fill with long ramp up periods to get staff fully trained. Without the staffing resources to oversee procurement, contracting backlogs also grow.

Impact on Businesses and Nonprofits

High barriers to entry

- The City's array of requirements is hard to understand and navigate, so businesses and nonprofits must invest a lot of time and resources to work with us.
- In particular, small businesses may not have the resources to navigate all of the City's business processes and legal requirements. This limits the City's ability to use its buying power to support the local economy, as many local businesses may not be able to participate.

Less transparency & accountability

- The City's processes are decentralized with **no single**, **central source of information** and highly decentralized program administration, making it difficult to understand where you are in the process and who is accountable.
- The City provides a **poor experience for suppliers and vendors**. In response to these challenges, there has been consistent and active advocacy for change from businesses and non-profits.

Context: Contracts for \$200k or Less

What does procuring low value contracts currently look like?

A one-size-fits-all approach:

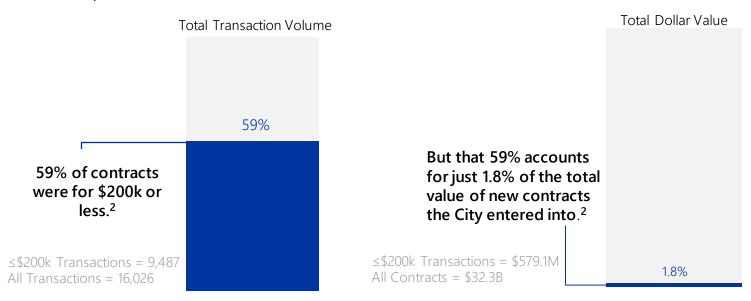

- Even though the City has an existing "informal" process for procurements up to the Minimum Competitive Amount (MCA), the City's many requirements make informal procurements just as time and resource intensive as competitive formal solicitations.
- All contracts require the same approval process regardless of value. For example, it is often just as complicated to execute a \$100,000 contract as it is to execute a \$5,000,000 contract.
- Most contracts use the same Terms and Conditions (T&C) language, including similar liability and indemnification language, regardless of what is being purchased.
- Most contracts (with limited exceptions) require that the supplier demonstrate compliance with a range of contracting requirements or obtain a waiver.
- Even though City staff spend much of their time on compliance activities, the complexity of the City's procurement framework may create incentives for workarounds in order to get through onerous processes. Improving processes could allow for more transparency and accountability.

Context: Contracts for \$200k or Less

Over the past 5 years, the thousands of contracts entered into PeopleSoft for $$200k^{1}$ or less accounted for 59% of the total number of contracts the City entered into. However, cumulatively, these contracts only accounted for \sim 2% of the City's total contract spend.

These low value contracts had to comply with similar compliance processes as multi-million dollar contracts. This means that City staff and suppliers are spending a disproportionate amount of energy and resources on a relatively small share of the City's spend. Therefore, improving the low value procurement process will allow staff to focus their time on entering into and administering contracts where the City focuses most of our buying power.

For example, from FY2019 – FY2023:

¹ This report uses the Minimum Competitive Amount for professional services and commodity procurements as the definition for low value procurement. The MCA is currently set at \$200k. | ² These figures exclude purchases made via Prop Q and stand-alone purchase orders.

Recommendation 1: Improve the Informal Procurement Process

 CAO should work with OCA and CMD to update informal procurement process guidelines, including how the City can maximize the Micro LBE Set-Aside and SF First programs. Procurements under the Minimum Competitive Amount are supposed to be considered "informal" per the City's Administrative Code. However, informal procurements are often just as rigorous and time-consuming as formal solicitations.

- Departments are required to establish formal scoring panels and evaluation criteria during the informal process.
- Informal procurements include additional steps and considerations around solicitation design and outreach that do not necessarily apply to formal procurements.

1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 5. Future Standardization | 5. Departmental Coordination

The City could incentivize greater use of the Micro LBE Set-Aside and SF First programs by clarifying and improving processes, systems, and LBE outreach mechanisms.

- The Micro LBE Set-Aside and SF First programs are two types of informal procurements. These programs could be updated to both simplify informal procurement processes and expand contracting opportunities to the City's LBE community.
- CAO and CMD could collaborate to explore the current challenges that City staff have in implementing Set-Asides and SF First and develop revised program processes that maximize efficiency and contracting equity.
- Additionally, CMD is currently pursuing an evaluation of the overall 14B program. This evaluation can help surface insights from both City staff and suppliers about how the Set Aside and SF First programs could improve the informal procurement process while upholding the City's values around fairness and transparency in procurement.

1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 5. Future Standardization | 5. Departmental Coordination

Proposal evaluation is another resource-intensive part of the City's procurement framework.

Issuing guidance on evaluation panel best practices – rather than prescribing requirements – could move the City closer towards right-sizing the amount of time and resources that go into low-value procurements.

- For example, the City could allow a greater share of individuals from a single department to serve on panels.
 - o Current City regulations cap the share of panelists coming from a single department at 50%.
 - o Depending on the size of the panel, this could necessitate recruiting many individuals from other departments to serve as panelists. This is difficult because evaluation is a time-intensive responsibility when departments are already resource-constrained.
- To preserve impartiality, the City should continue to maintain its ethics and conflicts of interest policies and all evaluators should be reminded of ethics considerations before serving on a selection panel.

Recommendation 2: Simplify Terms & Conditions

- CAO should partner with the CAT and Risk Management to make the City's standard T&Cs for low-value contracts more readable and user-friendly.
- The Board of Supervisors could conduct a comprehensive review of the T&Cs, with an eye towards amending legislation to update the City's standard T&Cs.

Recommendation 2: Analysis and Rationale

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

The City's current T&Cs are long, dense, and difficult to understand – particularly for small businesses.

Example:

Article 7. Payment of Taxes

Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

This contract term uses 479 characters (89 words) to tell the contractor: pay your taxes.

Recommendations:

1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

Individually, each of the City's T&C are well-intentioned, but in aggregate, they become difficult to manage, effectively layering on an additional premium to the cost of doing business with the City.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

- (a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."
- (b) Should any of the required insurance be provided under a claimsmade form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.
- (c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.
- (d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.
- (e) Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A., VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.
- (f) If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.
- 5.2 Indemnification. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor, (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts and in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in

The City's standard T&Cs are about 31 pages long. Some cities and counties have terms and conditions that are closer to 5 - 20 pages.

Recommendation 2: Examples of Terms & Conditions

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

This table illustrates regulations specific to the City that have been embedded into contract terms and conditions. Suppliers must also comply with federal and state-wide regulations, such as maintaining accessible workspaces and prohibitions on working with minors.

There are over 20 City terms and conditions in the City's contract template that cannot be changed without amending the City's Administrative Code, including the examples below:

Requirement/Regulation	Applicable Contracts
Admin Code 12F: MacBride Principles – Northern Ireland	All
Env Code 16: Food Services Waste Reduction	Food services
Admin Code 101: Sugar-Sweetened Beverage Prohibition	All
Admin Code 12Y: Slavery Era Disclosure	Textiles, financial services, insurance services
Admin Code 12L: Public Access to Nonprofit Records and Meetings	All nonprofit contracts
Env Code 24: Packaged Water Prohibition	All
Env Code 8: Tropical Hardwood and Virgin Redwood Ban	Wood or wood products
Env Code 13: Preservative Treated Wood Products	Wood or wood products
Env Code 5: Print Services and/or Writing Paper Products	Printing services or writing paper products
Env Code 5: Collection of Recyclable Materials	Janitorial services + the City owns or leases at least 50% of the building

CAO should work with CAT and Risk Management to analyze and simplify the T&Cs language for Chapter 21 low-value contracts.

- CAT can provide context on how the various terms and conditions were conceived, what purpose they serve, and whether certain terms can be retired or updated.
- Both CAT and Risk Management can advise on whether revisions to the T&C opens the City up to additional risk and whether that risk is something that the City can tolerate or manage through other means.
- In addition to a simplified template, the revised T&C can help reduce the time it takes to negotiate contract terms with potential suppliers.

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Departmental Coordination | 5. Administrative Review

In addition to simplifying contract language, a policy option for the Board of Supervisors to consider is to conduct a comprehensive review of the City's T&C to determine which contract terms can be revised or removed.

- While simplifying the contract language will make contract documents more readable, changes to language alone will not lessen the burden of the City's requirements.
- Legislative action is required for reducing the number of contractual requirements for City suppliers.
- Moreover, while updating previously legislated contracting requirements will help simplify the City's current terms and conditions, a balance will need to be struck between changing past requirements and administering newly legislated changes as policymakers enact new laws.

Recommendation 3: Amend legislation to update and reconcile contracting requirements

 The Board of Supervisors could consider amending legislation to update and reconcile the City's contracting requirements, many of which were designed under different administrative or policy conditions and have not been re-visited since.

Recommendation 3: Analysis and Rationale

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

The many policy and administrative variations in contracting requirements are often cited as one of the most challenging aspects of City contracting.

- Contracting requirements are administered by different program departments and have different administrative requirements, thresholds, and triggers (see slide 28):
 - Thresholds range from \$0k to \$350k.
 - Requirements are applied based on varying triggers such as type of purchase (service or commodity) and by different durations (per contract or per fiscal year);
 - Different programs have different waiver and exemption criteria and processes.
- Inconsistencies between how different contracting requirements are articulated in policy and code documents often leads to interpretive questions that require multiple City staff to resolve even for simple inquiries.
- The differing requirements also require the City to build highly customized IT systems to administer contracting requirements. This adds to customization costs, maintenance needs, and administrative burden.
- Suppliers and City staff must spend significant time, effort, and expenses to manage and document compliance with different program departments. This takes away from time that could be otherwise spent on performance management and other strategic activities.

Recommendation 3: Examples of Contract Requirements

Recommendations: 1, Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

Examples of Contracting Requirements' Thresholds, Basis, and Applicability

Program	Threshold	Basis	Applicable Chapters
Article 131/132: Equal Benefits	\$5,000	Fiscal Year	6, 21, 21G, 23
Article 141: Salary History	\$10,000	Fiscal Year	6, 21
Article 111: Minimum Compensation Ordinance	\$25,000/\$50,000	Fiscal Year	6, 21, 23 (Services Only)
Article 121: Healthcare Accountability Ordinance	\$25,000/\$50,000; \$75,000 ¹	Contract OR Fiscal Year	6, 21, 23 (Services Only)
Article 142: Criminal History	\$5,000	Fiscal Year	6, 21, 21G, 23
Article 151: Sweat-free	\$25,000	Contract	21 (Textiles Only)
14B: Bid Discounts/Rating Bonuses	\$10,000	Contract	6, 21
14B: LBE Subcontracting	\$100,000; \$500,000 ²	Contract	6, 21 (Professional Services)
83: First Source Hiring	\$50,000/\$350,000 ³	Contract	6, 21, 21G
Civil Service Review	\$0	Contract	6, 21 (General + Professional Services)

¹ The \$25,000 HCAO contract threshold applies to for-profit businesses, the \$50,000 for non-profits. But, regardless of whether it is for-profit or nonprofit, if a supplier receives a cumulative of \$75,000 or more from the City in a fiscal year, the HCAO applies. For example, if a for-profit receives 2 contracts each worth \$40,000 in a year, for a cumulative of \$80,000, the HCAO would apply.

² \$100,000 is the subcontracting threshold for Chapter 6 and 21 professional services contracts; \$500,0000 is the subcontracting threshold for Chapter 6 construction contracts and Chapter 6 and 21 general services contracts.

³ The \$50,000 First Source contract threshold applies to professional and general services, the \$350,000 to Chapter 6 construction contracts.

A policy option for the Board of Supervisors to consider is amending legislation to reconcile various aspects of the City's contracting requirements.

- Potential areas for reconciliation include:
 - o Definitions
 - o Triggers for contract dollar amount, duration, and employee count
 - Applicability and non-applicability requirements
 - Waiver and exemption criteria
- Subsequent to any legislative changes, the City Administrator's Office should work with departments to update their systems, forms, and workflows to bring greater cohesion to the City's overall procurement process.

Recommendation 4: Ensure standardization in future procurement legislation

- CAO should partner with CAT to develop a legislation template for any future, proposed procurement-related legislation.
- Prior to enacting any new legislation that may impact City contracting, the Board of Supervisors should consider requesting an administrative review to understand the potential impact on the City's overall procurement process and incorporate recommendations into the new legislation.

1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 4. Future Standardization | 5. Departmental Coordination

The City has enacted many important contract policies to reduce inequalities and protect the health, well-being, and financial security of its constituents.

- Taken individually, the requirements for each policy are straightforward. Yet taken as a
 whole, achieving compliance with the full set of requirements is highly complex,
 costly, and confusing for suppliers.
- Because of their complexity, these policies can also create a high barrier of entry for smaller businesses. This runs counter to the City's goals of local investment and equitable contracting.
- If the City continues to add new policies without re-visiting its legal and regulatory foundations, procurement processes will be further overwhelmed.

The City can take proactive measures to balance future policy development with the need to procure goods and services.

Any future contracting-related legislation should use standard terms, definitions, and concepts to ensure that it fits into a cohesive procurement framework.

- This can be achieved through a procurement legislative template developed and maintained by CAT.
- The template could include standardized language on key procurement concepts, such as:
 - Definitions
 - Applicability and policy triggers
 - Waiver justifications
 - Exemptions

Before voting on future legislation that impacts procurement, the Board of Supervisors should consider requesting an administrative review to understand how the proposed law would fit into or alter the City's overall contracting framework.

- The administrative review should include implementation, standardization, and resource considerations such as:
 - How the new requirements would affect the ability of suppliers and small businesses to access City contracting opportunities;
 - How the new requirement interacts with existing laws;
 - o Whether the City has available resources to effectively administer and enforce any new requirements;
 - What changes to the City's business processes would need to be made to administer the new requirements, especially as they pertain to any tools, forms, or IT systems that need to be created or maintained; and
 - o When the change should be implemented, taking into consideration the communication and training that is required for all City departments and suppliers. Timing of implementation is particularly important given the number of newly legislated changes that departments must build into their business processes.
- Recommendations from the review can then be incorporated into the proposed legislation to ensure that the new policy can be effectively implemented.

Recommendation 5: Increase Departmental Coordination

 CAO should convene City Departments that are responsible for different aspects of supplier experiences to regularly align on policy and administrative processes, with the goal of ensuring that suppliers can have a more cohesive experience in their interactions with the City.

The City's various contracting requirements are administered by different program departments.

- Because responsibilities are delegated to various agencies, there is no centralized source of information for suppliers.
- Decentralization has led to a lack of standardization in how contracting requirements are administered, which is confusing for both staff and suppliers.

Issues arise even before suppliers can submit a bid on one of the City's various bidding portals. Suppliers must expend time and resources to navigate the City's complex ecosystem of departments and agencies.

Quotes from OCA CivicBridge Supplier Survey (Aug 2021):

The red tape and bureaucracy makes the process inaccessible to underrepresented and marginalized community members.

I received emails from different points of contact with the city. All were helpful, however it was unclear if they were sometimes automated messages or if the messages specifically applied to me. I had to follow up with people directly, which ended up being the most sure-footed way to know whether I was processed appropriately in the system or not.

Recommendations: 1. Informal Process | 2. Terms & Conditions | 3. Reconciling Contracting Requirements | 5. Future Standardization | 5. Departmental Coordination

Greater coordination between City departments would increase the City's accountability to suppliers and reduce the likelihood that willing and able suppliers disengage from the City's processes.

- City staff are experts in their program areas but they may be less familiar with other departments' programs and the City's overall procurement and contracting framework.
- City staff need a centralized space to convene and align on policy, processes, and technology.
- While this would not lead to a centralization of responsibilities, it would help with internal awareness building, support better communications between the City and suppliers, and help City staff become better stewards of the procurement process.

Member, Board of Supervisors District 8 City and County of San Francisco

RAFAEL MANDELMAN

April 12, 2022

City Administrator Carmen Chu 1 Dr. Carlton B. Goodlett Place City Hall Room 362 San Francisco, CA 94102

Dear Administrator Chu,

The City's procurement process is complex, time-consuming, and requires intensive resources both from City staff and potential partners who want to work with the City. Creating a procurement process for low-value contracts that is faster and more efficient would allow City staff to prioritize their efforts on higher risk procurement items. Additionally, a transparent, streamlined and less-costly procurement process would encourage more competition and will support the City's small businesses, who may not have the resources to navigate the complexity of the City's current procurement and contracting requirements.

Pursuant to the unlimited power of inquiry assigned to the Board of Supervisors in the San Francisco City Charter, I hereby ask the City Administrator to draft a recommendation on a new procurement process for low-value Chapter 21 contracts. The recommendation for a new procurement process should encompass the full life-cycle of the contract, starting from the solicitation process and ending with contract expiration.

I look forward to your response to this letter of inquiry and request that your office draft the recommendation within six months, by October 12, 2022. Thank you for your collaboration and ongoing reform efforts to ensure the City's services are inclusive, efficient, and equitable for everyone.

Sincerely.

Rym

Supervisor Rafael Mandelman 1 Dr. Carlton B. Goodlett Place City Hall, Room 244 San Francisco, California 94102

Dear Supervisor Mandelman,

I am writing on behalf of the Service Employees International Union Local 2015, representing California's Long-Term Caregivers, to express our strong opposition to proposed legislation to repeal key provisions of the San Francisco Sweatfree Contracting Ordinance. This Ordinance was adopted in 2005, with the full support of San Francisco Labor Council, as an expression of the City's commitment that uniforms worn by employees of our public agencies, many of whom are union members, are not made under abusive labor conditions.

As you know, in today's global economy, most apparel sold in our country, including public employee uniforms, is made overseas, in countries where labor rights and human rights are routinely violated, where garment workers often labor under sweatshop conditions, and where their rights to form unions are frequently, and sometimes violently, repressed. The Sweatfree Contracting Ordinance was adopted as our City's means of ensuring that its purchases of uniforms for public employees would not be associated with such unethical business practices.

The proposed amendment to the Sweatfree Contracting Ordinance would represent an unjustified and shameful retreat from this commitment, as it would:

- Remove the requirement that the City have overseas factories producing public employee
 uniforms monitored globally by an independent expert nonprofit body meaning that workers
 facing sweatshop abuses in those factories would have no effective way to safely report these
 violations and have them corrected.
- Eliminate the City's Sweatfree Purchasing Advisory Group, which provides for input and
 oversight on the Ordinance's implementation from community representatives, particularly
 representatives of organized labor and experts on international labor rights eliminating
 transparency and accountability to these key stakeholders.
- Remove the requirement that workers who make public employee uniforms for the City be paid a
 wage above the local poverty line for their country inviting the use of factories paying
 sweatshop wages to make these products for the City.

- Make the Ordinance not apply to factories that are subcontractors or produce less than \$200,000 of apparel for the City even though it is subcontracted garment factories, producing such smaller orders, where the worst labor rights and human rights violations are most likely to appear.
- Sunsets the Ordinance in 2035 even though there is reason to believe that the broader issue of abusive labor conditions in the global garment industry will be any less relevant by then than it is today.

This kind of wholesale retreat from protecting worker rights and protecting our City from being implicated in sweatshop abuses overseas is completely unacceptable. It would represent an embarrassing and unjustified step back from leadership on this issue, particularly when other leading public institutions in our state – including the City of Los Angeles and the University of California – maintain similar policies for their apparel purchasing and trademarking and are not retreating from these commitments.

It was more than a decade ago that sweatshop abuses at a factory in the Dominican Republic were reported in the production of uniforms for the San Francisco City jail (https://www.sfexaminer.com/our_sections/forum/anti-sweatshop-law-makes-statement-for-san-francisco/article_ff790f14-8676-5dfe-badd-110010756fda.html). Since that time, the Sweatfree Purchasing Ordinance has helped corrected violations and improve working conditions for tens of thousands of workers at garment factories making City employee uniforms in Vietnam, Myanmar and other countries around the world (https://www.sf.gov/information--sweatfree-contracting-ordinance).

The Sweatfree Purchasing Ordinance protects our City's reputation for leadership on human rights and worker rights. The public employees represented by our labor allies deserve to be able to trust and have confidence that the uniforms they wear with pride as they do their work for the City were not made with the abuse and exploitation of other workers in other countries. We strongly insist that this unwise and poorly conceived proposal for amendment of the Sweatfree Purchasing Ordinance be reconsidered.

Respectfully,

Kim Evon

July 2, 2025

Supervisor Rafael Mandelman 1 Dr Carlton B. Goodlett Place City Hall, Room 244 San Francisco, CA 94102

Dear Supervisor Mandelman:

On behalf of Local 261 and our dedicated members, many of whom proudly wear uniforms manufactured under the ethical standards mandated by San Francisco's Sweatfree Contracting Ordinance, we write to express our unwavering support for this vital legislation. This ordinance is not merely a policy; it is a tangible commitment to human dignity and fair labor practices, directly impacting the lives of workers both within our city and across the globe. Our members understand firsthand the importance of knowing that the uniforms they wear and use daily are not born from exploitation, a peace of mind directly attributable to the foresight and integrity of this Board in enacting and upholding such a progressive measure when it was adopted in 2005.

San Francisco has long stood as a beacon of progress and social justice, consistently demonstrating a profound commitment to workers' rights, both in our vibrant local economy and through our influence on global supply chains. The Sweatfree Contracting Ordinance is a cornerstone of this commitment, ensuring that taxpayer dollars do not inadvertently support exploitative labor practices, child labor, or unsafe working conditions anywhere in the world. Repealing or revising this ordinance would send a chilling message, undermining the city's moral standing and betraying the very principles of ethical procurement that San Francisco has so courageously championed.

The Sweatfree Procurement Advisory Group (SPAG) plays an indispensable role in the effective implementation and oversight of this ordinance. Its expertise and dedication are crucial in navigating complex global supply chains, identifying compliant manufacturers, and holding contractors accountable. Disbanding this group would effectively cripple the ordinance, rendering it a hollow promise without the necessary infrastructure to enforce its provisions. Maintaining both the ordinance and SPAG is essential to ensuring transparency, accountability, and the continued integrity of San Francisco's procurement processes.

We urge you to reaffirm San Francisco's leadership in ethical governance by unequivocally rejecting any proposals to repeal or revise the Sweatfree Contracting Ordinance or to disband SPAG.

In solidarity,

Ramon Hernadez Business Manager
