EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance would appropriate \$12,807,266 of General Obligation Bond interest earnings for the Zuckerberg San Francisco General Hospital and Trauma Center in FY 2016-17, including \$12,388,121 for final change orders to close out the construction contract, and would place \$392,406 on Controller’s Reserve pending interest accrual and review of arbitrage costs.

Key Points

- In 2008, a two-thirds majority of voters of the City of San Francisco approved Proposition A, which authorized the issuance of not-to-exceed \$887,400,000 in General Obligation bonds to build and improve the earthquake safety of San Francisco General Hospital and Trauma Center. All bonds have been sold and previously appropriated by the Board of Supervisors.
- The Zuckerberg San Francisco General Hospital (SFGH) Rebuild Project constructed a new 284-bed acute care hospital and trauma center that conforms to State seismic and safety requirements. The new hospital construction began in May 2009 and was substantially completed in July 2016. The Department of Public Health received the operational license for the new hospital in May 2016, and patients were moved into the hospital the same month.
- The proposed appropriations would be used to fund change orders in order to close out the existing construction contract. These change orders include patient and staff safety, nursing station modifications, code changes related to fire and life safety, licensing requirements, and equipment changes due to technology upgrades.

Fiscal Impact

- Of the \$12,807,266 appropriation, \$12,388,121 would be used to fund change orders in order to close out the existing construction contract. An additional \$25,615 would be allocated to the Controller’s Audit Fund and \$1,124 would be allocated for future follow-on projects and scopes. \$392,406 of the total \$12,807,266 would be placed on Controller’s Reserve, pending interest accrual and review of arbitration costs.
- The proposed appropriation of the bond interest earnings will result in a new total budget for the entire San Francisco General Hospital rebuild project of \$900,207,266, \$12,807,266 more than the \$887,400,000 that was originally appropriated in 2008.

Recommendation

- Approve the proposed ordinance.

MANDATE STATEMENT

City Charter Section 9.105 states that amendments to the Annual Appropriation Ordinance are subject to Board of Supervisors approval by ordinance after the Controller certifies the availability of funds.

BACKGROUND**Zuckerberg San Francisco General Hospital Rebuild Project**

The Zuckerberg San Francisco General Hospital (SFGH) Rebuild Project constructed a new 284-bed acute care hospital and trauma center that conforms to State seismic and safety requirements. The new hospital construction began in May 2009 and was substantially completed in July 2016. The Department of Public Health received the operational license for the new hospital in May 2016, and patients were moved into the hospital the same month.

Prior Bond Sales Appropriation

In 2008, a two-thirds majority of voters of the City of San Francisco approved Proposition A, which authorized the issuance of not-to-exceed \$887,400,000 in General Obligation bonds to build and improve the earthquake safety of San Francisco General Hospital and Trauma Center.

The City has sold four series in five separate sales of General Obligation Bonds, totaling \$887,400,000, as shown in Table 1 below. The first bond series was issued in March 2009, while the fourth and final series was issued in January, 2014.

Table 1: Prior Bond Sales

Bond Sale Series	Date	Amount
2009A (First series)	March 2009	\$131,650,000
2010A (Second series)	March 2010	120,890,000
2010C (Second series)	March 2010	173,805,000
2012D (Third series)	August 2012	251,100,000
2014A (Fourth series)	January 2014	209,955,000
Total Authorization		\$887,400,000

The Board of Supervisors previously appropriated \$887,400,000 in bond proceeds to fund the SFGH Rebuild Project and associated financing costs, of which \$874,265,716 has been spent or encumbered and \$13,134,284 is the remaining balance, as shown in Table 2 below.

According to Mr. Joe Chin, Project Manager at Public Works, the balance of \$13,134,286 is expected to be fully expended through the completion of the project.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would appropriate \$12,807,266 of General Obligation Bond interest earnings for the Zuckerberg San Francisco General Hospital and Trauma Center in FY 2016-17, including \$12,388,121 for final change orders to close out the construction contract, and would place \$392,406 on Controller's Reserve pending interest accrual² and review of arbitrage costs.³

¹ According to Mr. Chin, the \$4,071,247 in Other Program Costs will fund patient safety, security, life safety, and emergency power improvement for the new hospital requested by the Department of Public Health.

² Accrued interest is the amount of interest that has been earned by a bond holder, but has not yet been paid.

³ Arbitrage on municipal bonds is the difference between (a) the investment earnings that would have accrued if the bond proceeds were invested at a rate equal to the bond yield, and (b) the actual investment earnings accrued when bond proceeds are invested in higher yielding taxable securities. This difference is considered to be profit by the federal Internal Revenue Service and therefore is taxable.

FISCAL IMPACT**General Obligation Bond Interest Earnings**

According to Mr. Vishal Trivedi, Senior Financial Analyst for the Office of Public Finance, interest earnings on the bond proceeds accrue between the date that the bond proceeds are invested by the Treasurer and the date that the bond proceeds are spent. The total bond series interest earnings are detailed below in Table 3.

Table 3: Bond Series Interest Earnings

Bond Series	Total Anticipated Interest Earnings
2009A	\$1,867,588
2010A	1,799,378
2010C	4,635,178
S2012D	2,493,140
S2014A	2,011,982
Total	\$12,807,266

Source: Office of Public Finance

Of the \$12,807,266 appropriation, \$12,388,121 would be used to fund change orders in order to close out the existing construction contract. These change orders include patient and staff safety, nursing station modifications, code changes related to fire and life safety, licensing requirements, and equipment changes due to technology upgrades. An additional \$25,615 would be allocated to the Controller's Audit Fund and \$1,124 would be allocated for future follow-on projects and scopes. \$392,406 of the total \$12,807,266 would be placed on Controller's Reserve, pending interest accrual and review of arbitrage costs. Expenditure of \$12,807,266 is summarized in Table 4 below.

Table 4: Proposed Appropriation of Bond Series Interest Earnings

Use of Appropriation	Amount
Final change orders to closeout construction contract	\$12,388,121
Allocation to Controller's Audit Fund	25,615
Future follow-on projects and scopes	1,124
Controller's Reserves	392,406
Total	\$12,807,266

Source: Department of Public Works

The proposed appropriation of the bond interest earnings will result in a new total budget for the entire Zuckerberg San Francisco General Hospital rebuild project of \$900,207,266, \$12,807,266 more than the \$887,400,000 that was originally appropriated in 2008.

RECOMMENDATION

Approve the proposed ordinance.
