\$991,313,916.00

Contract Description

The In-Home Supportive Services (IHSS) Program aids eligible low-income older adults and persons with disabilities by matching them with IPs who assist them in activities of daily living. The provision of this service allows older adults and persons with disabilities to remain safely in their own homes, while encouraging independence and rehabilitation where possible. IHSS is provided through either (a) an Independent Provider (IP), or (b) a contracted agency provider for those recipients who are unable to find and/or supervise their own IPs. Since 2022, the IHSS Program has seen an 18.5% increase in IHSS recipients served, currently serving approximately 30,000 IHSS recipients, 95% of whom utilize the IP Mode of service. This agreement supports the overall operations of the San Francisco IHSS Public Authority (SF IHSS PA) including the administration of health and dental benefits, maintenance of an IP Registry, processing of criminal background checks for the IP workforce, including providing LiveScan services, operating a Mentorship Program, and staffing the activities of the IHSS Public Authority Governing Body. This Governing Body is composed of board appointed members who are responsible for advising the SF IHSS PA. State funding provides stipends for Governing Body members to support their attendance and participation.
