LEGISLATIVE DIGEST

[Charter Amendment - Requirements for Commission Membership]

Describing and setting forth a proposal to the voters at an election to be held on November 3, 2020, to amend the Charter of the City and County of San Francisco to require that members of boards, commissions, and advisory bodies be residents of the City and of legal voting age, replacing the requirement that members of boards, commissions, and advisory bodies be United States citizens and registered voters.

Existing Law

City government includes many boards, commissions, and advisory bodies (“Policy Bodies”). The Charter establishes many Policy Bodies, and the Board of Supervisors and the voters have also established other Policy Bodies in legislation.

Under the Charter, members of Policy Bodies must be registered to vote in San Francisco. This means they must be voting age (currently 18 years old), U.S. citizens, and San Francisco residents. There are three exceptions to this rule:

- If the Policy Body was established in the Charter, the Charter may include exceptions to the age, citizenship, and residency requirements. For example, the Charter allows people under voting age to serve on the Youth Commission. But the Charter does not allow non-citizens to serve on any Policy Body.
- If the Policy Body was established by legislation, the legislation can create exceptions to the age and residency requirements but not the U.S. citizenship requirement.
- If the Policy Body was established by legislation, the appointing officer or entity may waive the residency requirement based on a finding that a qualified resident could not be located. But appointing officers or entities cannot waive the age or U.S. citizenship requirement.

Amendments to Current Law

The proposed Charter amendment would allow non-citizens to serve on Policy Bodies. The proposed Charter amendment would require members of Policy Bodies to be City residents and voting age, with three exceptions:

- If the Policy Body was established in the Charter, the Charter could include exceptions to the age and residency requirements.

FILE NO. 200452

- If the Policy Body was established by legislation, the legislation could create exceptions to the age and residency requirements.
- If the Policy Body was established by legislation, the appointing officer or entity could waive the age or residency requirements based on a finding that a qualified person could not be located.

RE: File 200452 – Charter Amendment to define requirements for commission membership

Dear Ms. Calvillo,

Should the proposed charter amendment be approved by the voters, in my opinion, it would have a minimal impact on the cost of government.

The amendment would allow non-citizens to serve on policy bodies, such as boards, commissions, and advisory bodies. Members of these policy bodies would be required to be residents of San Francisco and of voting age, except in certain circumstances.

Sincerely,

For *Natasha Mihal*

Aspiring Citizens Charter Amendment: San Francisco

WE ARE ALL SAN FRANCISCANS...However...Existing law prohibits aspiring citizens from serving on appointed boards and commissions in the City and County of San Francisco. IT'S ABOUT TIME we uplift the Voices of All San Franciscans.

WHAT: This proposed charter amendment would expand access to local boards, commissions, and advisory bodies to all San Francisco residents of legal voting age, regardless of immigration status, thus expanding the pool of those who can contribute their life and educational experiences to these regulatory bodies.

WE NEED EQUAL RIGHTS TO ACHIEVE EQUITY: People of color comprise 62% of San Francisco's population, but just 50% of appointees identify as a race other than white. As much as 35% of our population was born in another country. Our City never has, and never will, achieve equity without widespread equal rights to serve.

CALIFORNIA HAS LED, NOW IT'S OUR TURN: In 2019, Governor Newsom signed SB 225 (Durazo), allowing all Californians, including aspiring citizens, to serve on state commissions, boards, and advisory bodies. Our State does not succeed despite diversity, but because of it. Inclusion creates new opportunities aspiring citizens to contribute to our society.

FUTURE YOUTH EMPOWERMENT: San Francisco residents that are 16 and 17 years old would also be eligible to serve on all boards and commissions if we pass Vote 16 and this amendment in November.

BROADER LGBT INCLUSION: More Inclusive language fosters more inclusive representation. Diverse genders and sexual orientations are now included. Our City charter should reflect our City values.

IMPROVE GOVERNMENT SERVICE DELIVERY: As we face one of the most challenging times for immigrants and people of color, it will be our most vulnerable voices that can best improve the capability of our City government to provide strategic, innovative policy advice. Full participation ensures full delivery of services.

MOVING BACKWARDS, NOT AHEAD: The percentage of appointees of color decreased from 53% in 2017 to 49% in 2019. We can/must make progress again.

Aspiring Citizens Charter Amendment

June 8, 2020

We are All San Franciscans...

However, existing law prohibits aspiring citizens from serving on appointed boards and commissions in the City and County of San Francisco.

Commission applicants deserve to be considered on their merits, rather than their immigration status.

This Charter Amendment would ...

Expand access to local boards, commissions, and advisory bodies to all San Francisco residents of municipal voting age, regardless of immigration status, thus expanding the pool of those who can contribute their life and educational experiences to these regulatory bodies.

Who is being left out?

People of color comprise 62% of San Francisco's population, but just 50% of appointees identify as a race other than white.

As much as 35% of our population was born in another country.

Future Youth Empowerment

- Amy Graff / SFGATE – June 3, 2020

San Francisco residents that are 16 and 17 years old would also be eligible to serve on all boards and commissions if we pass Vote 16 and this amendment in November.

Widespread Empowerment

The measure would also extend the diversity of appointments to such bodies to people of all races, ethnicities, ages, sexes, gender identities, sexual orientations, and types of disabilities.

YOU BELONG
YOU BELONG
YOU BELONG

Moving Backward, Not Forward

The percentage of appointees of color decreased from 53% in 2017 to 49% in 2019.

We can and must make progress again.
