Notice of Reappointment

October 9, 2020

San Francisco Board of Supervisors
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Honorable Board of Supervisors,

Pursuant to Charter Section 3.100(18), of the City and County of San Francisco, I make the following reappointment:

Barbara Sklar to the Disability and Aging Services Commission for a four-year term ending July 1, 2024.

I am confident that Ms. Sklar will continue to serve our community well. Attached are her qualifications to serve, which demonstrate how her appointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

Should you have any question about this appointment, please contact my Director of Commission Affairs, Tyra Fennell, at 415-554-6696.

Sincerely,

London N. Breed
Mayor, City and County of San Francisco

Subject: New Indoor Movie Theater Directive

Supervisors –

The Health Officer has issued the new health directive setting forth best practices for indoor movie theaters, which may begin operating today with limited capacity and other safety precautions. Please distribute the attached copy of the signed directive to the members of the Board of Supervisors. This document is public.

Under the current health order, indoor movie theaters can open if they satisfy all the requirements in the order and this directive, including a health and safety plan. The major safety requirements of the directive include:

- The number of people inside a movie theater must never exceed 25% of the capacity of that theater up to a maximum of 100 attendees, excluding personnel. If a movie theater complex has multiple individual theaters, then the 25% capacity limit applies to the complex as a whole and to each individual theater, and the 100-person maximum applies to the individual theaters.

Personnel and patrons must at all times maintain at least six feet of distance from people who are not part of their household.

- Show times must be staggered or spaced apart to maximize physical distancing in lobbies, hallways, or restrooms.
- Face coverings are mandatory at all times.
- Concession areas must remain closed at this time. Outside food and beverages are not allowed. Eating and drinking are prohibited to ensure that face covering is continuous.
- Operators must keep the space clean with enhanced disinfecting and sanitation procedures, including disinfecting theater seating between uses and disinfecting high touch surfaces each hour.

DIRECTIVE OF THE HEALTH OFFICER No. 2020-35

DIRECTIVE OF THE HEALTH OFFICER OF THE CITY AND COUNTY OF SAN FRANCISCO REGARDING REQUIRED BEST PRACTICES FOR INDOOR MOVIE THEATERS

(PUBLIC HEALTH DIRECTIVE)
DATE OF DIRECTIVE: October 7, 2020

By this Directive, the Health Officer of the City and County of San Francisco (the "Health Officer") issues industry-specific direction that indoor movie theaters, as described below, must follow as part of the local response to the Coronavirus Disease 2019 ("COVID-19") pandemic. This Directive constitutes industry-specific guidance as provided under Sections 4.e and 11 of Health Officer Order No. C19-07j issued on September 30, 2020 (the "Stay-Safer-At-Home Order") and, unless otherwise defined below, initially capitalized terms used in this Directive have the same meaning given them in that order. This Directive goes into effect immediately upon issuance, and remains in effect until suspended, superseded, or amended by the Health Officer. This Directive has support in the bases and justifications set forth in the Stay-Safer-At-Home Order. As further provided below, this Directive automatically incorporates any revisions to the Stay-Safer-At-Home Order or other future orders issued by the Health Officer that supersede that order or reference this Directive. This Directive is intended to promote best practices as to Social Distancing Requirements and sanitation measures, helping prevent the transmission of COVID-19 and safeguard the health of workers, children, their families, and the community.

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE HEALTH OFFICER DIRECTS AS FOLLOWS:

1. **This Directive applies to all owners, operators and managers of indoor movie theaters operating under subsection 21 of Appendix C-1 of the Stay-Safer-At-Home Order ("Indoor Movie Theaters").**

2. **Attached as Exhibit A to this Directive is guidance from the Department of Public Health for Indoor Movie Theaters ("Guidance"). All Indoor Movie Theaters must comply with all applicable requirements listed in the Guidance.**

3. **Each Indoor Movie Theater must create, adopt, and implement a written health and safety plan (a "Health and Safety Plan"). The Health and Safety Plan must be substantially in the form attached to this Directive as Exhibit B.**

4. **Each Indoor Movie Theater must (a) make the Health and Safety Plan available upon request to all Personnel working on site and to the patrons, customers or members it serves, (b) provide a summary of the plan to all Personnel working on site or otherwise in the City in relation to its operations, and (c) post the plan online and at the entrance to any other physical location that the Indoor Movie Theater operates within the City. Also, each Indoor Movie Theater must provide a copy of the Health and Safety Plan and evidence of its implementation to any authority enforcing this Directive or the Stay-Safer-At-Home Order upon demand.**

Health Officer Directive No. 2020-35

5. **Each Indoor Movie Theater subject to this Directive must provide items such as Face Coverings (as provided in Health Order No. C19-12c issued on July 22, 2020, and any future amendment to that order), hand sanitizer or handwashing stations, or both, and disinfectant and related supplies to any of that Indoor Movie Theater's Personnel. If any Indoor Movie Theater is unable to provide these required items to Personnel or otherwise fails to comply with required Guidance, then it must cease operating until it can fully comply and demonstrate its strict compliance. Further, as to any non-compliant operation, any such Indoor Movie Theater is subject to immediate closure and the fines and other legal remedies described below, as a violation of the Stay-Safer-At-Home Order.**

6. **For purposes of this Directive, "Personnel" includes all of the following people who provide goods or services associated with the Indoor Movie Theater in the City: employees; contractors and sub-contractors (such as those who sell goods or perform services onsite or who deliver goods for the business); vendors who are permitted to sell goods onsite; volunteers; and other individuals who regularly provide services onsite at the request of the Host. "Personnel" includes "gig workers" who perform work via the business's app or other online interface, if any.**

7. **This Directive may be revised by the Health Officer, through revision of this Directive or another future directive or order, as conditions relating to COVID-19 require, in the discretion of the Health Officer. All Indoor Movie Theaters must stay updated regarding any changes to the Stay-Safer-At-Home Order and this Directive by checking the Department of Public Health website (www.sfdph.org/healthorders; www.sfdph.org/directives) regularly.**

8. **Implementation of this Directive augments—but does not limit—the obligations of each Indoor Movie Theater under the Stay-Safer-At-Home Order including, but not limited to, the obligation to prepare, post, and implement a Social Distancing Protocol under Section 4.d and Appendix A of the Stay-Safer-At-Home Order. Each Indoor Movie Theater must follow this industry-specific guidance and update all guidance or other requirements as necessary for the duration of this Directive, including, without limitation, as this Directive is amended or extended in writing by the Health Officer and consistent with any extension of the Stay-Safer-At-Home Order, any other order that supersedes that order, and any Health Officer order that references this Directive**

This Directive is issued in furtherance of the purposes of the Stay-Safer-At-Home Order. Where a conflict exists between this Directive and any state, local, or federal public health order related to the COVID-19 pandemic, including, without limitation, the Social Distancing Protocol, the most restrictive provision controls. Failure to carry out this Directive is a violation of the Stay-Safer-At-Home Order, constitutes an imminent threat and menace to public health, constitutes a public nuisance, and is a misdemeanor punishable by fine, imprisonment, or both.

Tomás J. Aragón, MD, DrPH,
Health Officer of the
City and County of San Francisco

Date: October 7, 2020

Health Officer Directive No. 2020-35 Exhibit A
Interim Guidance: Indoor Movie Theaters

October 7, 2020

The following guidance was developed by the San Francisco Department of Public Health for use by Indoor Movie Theater operators and their Personnel and will be posted http://www.sfcdcp.org/businesses.

This guidance may change as information is updated. Initially capitalized terms are defined in Health Officer Directive 2020-35 posted at http://www.sfdph.org/directives and Health Officer Orders C19-07j (the Stay-Safer-At-Home Order) and C19-12c (the Face Covering Order) posted at https://www.sfdph.org/dph/alerts/coronavirus-healthorders.asp as they may be amended or updated.

AUDIENCE: Operators, Personnel, and patrons of Indoor Movie Theaters.

BACKGROUND: Indoor Movie Theaters are allowed to open indoors on a limited basis and with modified operations. Indoor Movie Theaters can open up to a MAXIMUM 25% capacity, with a maximum of 100 attendees per theater auditorium excluding Personnel. Indoor Movie Theaters are required to adhere to these guidelines and must monitor Health Officer Orders and Directives for updates, changes, or amendments.

Generally, indoor activities have much higher risks for COVID-19. Please see Indoor Risk During the COVID-19 Pandemic, below, for information about indoor risks.

KEY POINTS

- **The number of people inside an Indoor Movie Theater must never exceed 25% of the capacity of that theater up to a maximum of 100 attendees, excluding Personnel. If a movie theater complex has multiple individual theaters, then the 25% capacity limit applies to the complex as a whole and to each individual theater, and the 100-person maximum applies to each of the individual theaters.**
- **Personnel and patrons must maintain at least six feet of distance from people who are not part of their Household at all times.**
- **Face Coverings are mandatory at all times.**
- **Concession areas must remain closed at this time. Food and beverages even if purchased outside the theater are not allowed to be brought into the theater and consumed inside the theater. Eating and drinking are prohibited to ensure that Face Covering is continuous.**
- **Keep the space clean with enhanced disinfecting and sanitation procedures as described in this guidance.**

BASIC COVID-19 PREVENTION

- **Wash your hands often with soap and water.** If soap and water are not available, use a hand sanitizer that contains at least 60% ethanol or 70 % isopropanol.
- **Avoid Close Contact**. To the greatest extent, maintain at least six feet of social distancing between yourself and the people who don't live in your Household.
- **Wear a Face Covering.** Cover your mouth and nose with a Face Covering in public settings and when around people who don't live in your Household.
- Routinely **clean and disinfect** frequently touched surfaces.
- **Monitor Your Health Daily**. Be alert of symptoms such as fever, cough, shortness of breath, or other symptoms. If you are experiencing any of these symptoms, stay home.

Flu vaccines are critical in the fight against COVID-19 by (1) keeping Personnel and communities healthy and (2) reducing strain on our healthcare and testing systems that are responding to COVID-19. **Strongly encourage all Personnel to get a flu shot.** Post signage to encourage flu vaccine among customers, visitors, etc.

PLANNING

- Fill out the Health and Safety Plan (see Exhibit B, below) outlining what the facility will do to implement the requirements in this guidance and any relevant Health Officer Directives or Orders. Share this plan with Personnel, patrons, and other members of the facility.
- Create a plan to manage patron movement throughout the facility to facilitate patron screening and ensure compliance with physical distancing requirements at all times.
- Post the Health and Safety Plan online and in a highly visible on-site location for Personnel and patrons.
- Prepare and post the Social Distancing Protocol (see Appendix A of the Stay-Safer-At-Home Order, posted at http://www.sfdph.org/healthorders).
- All places of business including Indoor Movie Theaters must be prepared to assist public health authorities in potential contact tracing efforts. Retain the schedules of all Personnel at the Indoor Movie Theater. Consider retaining the credit card information of your patrons for contact tracing purposes. Any lists maintained for contact tracing purposes should be discarded after three weeks. If Personnel or patrons tests positive for COVID-19, the place of business must assist the Department of Public Health to identify other Participants who may have been exposed to help prevent further spread of COVID-19.

MANDATORY SIGNAGE REQUIREMENTS

- Conspicuously post stand-alone signage at the primary public entrances to the facility that COVID-19 is transmitted through the air, that risk is much higher indoors, and seniors and those with health risks should consider avoiding indoor settings with crowds. This information should also be posted on the Indoor Movie Theater's website and ticket reservation webpages.

- Display a set of clearly visible rules for patrons and Personnel at the entrance that are to be a condition of entry. The rules must include instructions to wear facial coverings, wash hands or use hand sanitizer, maintain at least six feet of distance, avoid unnecessary touching of surfaces, guidance for entering and exiting the theater, the prohibition of eating and drinking, etc. Whenever possible, these rules must also be available online and visible on ticketing websites.
- Conspicuously post signage to remind patrons that consuming food or drink onsite (including if brought in from outside) is prohibited given the risk associated with removing a Face Covering when eating or drinking.
- Include similar information in announcements, both audio and visual, for the preview reel providing COVID-19 safety guidance for theater patrons.
- The City has created an online Outreach Toolkit for Corona Virus (COVID-19) that includes printable resources including many of the signs required in this document. These include signage about proper hygiene, social distancing, Face Coverings, health screening, the risks of indoor transmission, testing and getting vaccinated for the flu. https://sf.gov/outreach-toolkit-coronavirus-covid-19

SETTING UP THE SPACE

- Ticket lines and ticket vending machines must be configured to ensure that physical distancing of at least six feet is maintained at all times. Consider moving ticket machines or using tape, stickers, signage or barriers to ensure physical distancing requirements are met as patrons and Personnel move about the facility.
- Prepare to minimize contact between patrons and Personnel. Use prepaid ticketing or contactless payment systems wherever possible. Use a glass or plexiglass window to separate Personnel from patrons at the ticket window. Plexiglass or other barriers are not substitutes for six feet of distancing and any Personnel working behind Plexiglass must maintain a minimum physical distance of six feet from others.
- Make hand sanitizer available in high-traffic locations like entrances, exits and near elevators and restrooms. Touch-free hand sanitizer dispensers should be installed where possible.
- Prepare to manage the flow of patrons into the theater to facilitate health screening and monitor capacity levels, Face Covering compliance, and proper physical distancing. Establish pathways using tape, signs, or physical barriers to encourage physical distancing and one-way foot traffic, especially in narrow aisles and hallways. Use visual clues such as signs or floor markings at locations where lines will form, like the restrooms and the theater entrances.
- Utilize alternate exits when possible to keep patrons from needing to return to the lobby.
- Close all common areas where people may gather and that are not necessary for access to the theater. Remove or block off furniture or attractions in lobbies, lounges, entertainment spaces, or arcades that are not going to be used at this time.
- Remove, empty, or block off all food and beverage vending machines including water fountains. If the Indoor Movie Theater has a separate restaurant or bar space, it may not be operated at this time.
- In bathrooms, maximize ventilation and minimize crowding and touching of common surfaces by, for example, keeping doors propped open, closing every other sink, stall, urinal, and posting

signage establishing a maximum capacity for bathrooms with clearly marked and distanced queueing areas.

- Takes steps to prevent gathering in enclosed spaces, such as hallways and stairwells.
- Block off alternate rows of seating within the theater in accordance with the theater's reservation plan and physical distancing requirements.
- Use of Personnel break rooms should be limited. Reconfigure these spaces to encourage social distancing. As Face Coverings cannot be worn during eating/drinking, limit the number of Personnel in a breakroom at any one time to ensure distancing can be maintained. Clean countertops and tables between uses.
- Modify or restrict the use or restrict the number of workstations and worker seating areas so that individuals are at least six feet apart in all directions (e.g. side-to-side and when facing one another) and are not sharing workstations without cleaning and disinfection between use. When distancing is not feasible between workstations, provide and require the use of Face Coverings or physical barriers like plastic shielding walls in areas where they would not affect air flow.
- Check for pest infestation or harborage, and make sure all pest control measures are functioning.
- If your business was closed for a long period of time, flush out the stagnant water from the plumbing lines by running water through fixtures. Detailed guidance may be found at: https://www.sfwater.org/flushingguidance

MANAGING RISK DURING THEATER GATHERINGS

- Show only films or recorded or live performances on a screen. No live, in-person performances open to the public are allowed at this time.
- Tickets sales must be available for purchase online or via phone whenever possible to reduce the need to stand in line for tickets.
- Paper tickets should be avoided. If paper tickets are used, the staff person collecting them should wear appropriate personal protective equipment (Face Covering) and disposable gloves. Hand hygiene should be performed after doffing gloves.
- All patrons must have their seats assigned before entering the theater auditorium. The seats in every theater auditorium should be numbered. Theater Personnel must use a reservation or seating chart (electronic or paper) to assign seating. Seating must be arranged to assure patrons maintain at least six feet of distance in all directions from patrons who are not part of their Household. This spacing may require separating each person or Household in a theater by multiple empty seats on both sides and empty seats in front and behind. Personnel should assist patrons finding their seats and help them maintain social distancing when entering and exiting the theater.
- Instruct patrons to remain in their assigned seats for the duration of the movie except to use the restroom. Ensure that patrons do not use seats other than those assigned to them.
- Each theater is limited to 25% of its capacity up to a maximum of 100 patrons. If multiple theaters within one complex are used, the 25% capacity limit applies both to the entire complex and to each theater, and the 100 patron maximum apples to each individual theater. The 100-

person cap applies to patrons of the theater and is exclusive of Personnel. The number of Personnel present in a theater auditorium must be kept to the minimum number required to carry out the Indoor Movie Theater's responsibilities under this guidance or for safety purposes.

- Limit Household group sizes to no more than 10 people.
- Limit the duration of showings whenever reasonable. Do not show double features at this time. Prohibit patrons from purchasing tickets for multiple shows on the same day.
- To minimize the time spent inside and avoid unnecessary queuing, require patrons to arrive no more than 30 minutes before show times and make provisions for individuals with mobility issues.
- Designate Personnel to oversee the physical distancing and line-up of patrons prior to entering the theatre, inside the lobbies and by washrooms. If patrons must exit through the lobby, minimize the number of people in the lobby by staggering start times, and direct them away from patrons arriving for other screenings.
- Avoid overcrowding and mixing of patrons in lobbies, hallways, common areas and restrooms. Unless required for queuing before a movie, prohibit patrons from gathering before and after show times. If multiple theaters within one complex are used, screening times must be staggered or limited so that no two groups of patrons will be using common areas to enter or exit the theater at the same time. Indoor Movie Theaters must develop a plan for staggering show times and controlling patron paths of travel to eliminate crowding in common areas.
- Designate Personnel to monitor theater auditoriums to make sure that theater patrons are maintaining physical distancing from others, not eating or drinking and that they are wearing facial coverings and are remaining in their assigned seats throughout the screening. Remind patrons to minimize talking in the theater and not talk loudly.
- Limit the number of patrons using the elevator to four, or if feasible, to only members of the same Household.
- Remind patrons to exit the theater auditorium one row at a time and maintain physical distancing on the way out. Wherever possible, direct patrons to leave via alternate exits after their show or avoid going back into the lobby altogether.
- Consider designating specific show times for vulnerable populations (those over 50 years or age or with chronic health conditions).

PROTECT PERSONNEL

Coordinate your Efforts

Designate a COVID-19 Worksite Safety Monitor, who can act as the staff liaison, and single point of contact for Personnel at each site for questions or concerns around practices, protocols, or potential exposure. This person will also serve as a liaison to SFDPH. The liaison should train staff to advise patrons, if necessary, that the Indoor Movie Theater will refuse service to the customer if they fail to comply with safety requirements.

Screen Personnel and Encourage Testing

Conduct wellness checks for everyone (employees, vendors, and delivery staff) before they enter the facility. Screening instructions for Personnel are found at www.sfcdcp.org/screening-handout. **Establishments must exclude from entering the facility those who answer yes** to any of the questions on the above form.

- Encourage COVID-19 testing. Many people with COVID-19 do not know they are sick because they have no symptoms, yet they can still infect others. Testing for COVID-19 is available in San Francisco. Healthcare providers in San Francisco are REQUIRED to test anyone with COVID-19 symptoms (see sfcdcp.org/covid19symptoms). If you want to get tested when you have no symptoms, health insurers in California are REQUIRED to pay for testing for essential Personnel including Indoor Movie Theater Personnel. If you choose to get tested when you have no symptoms, do not get tested more frequently than once every two weeks. If you are uninsured, you can get tested at CityTestSF (https://sf.gov/citytestsf).
- If you are feeling ill with cold or flu-like symptoms, you MUST get tested for COVID-19 and have a negative result before being allowed to go back to work (see https://sfcdcp.org/screen and https://sfcdcp.org/rtw). If you are feeling ill, get tested and DO NOT enter a business or organization unless it is for core essential needs (such as food, housing, health care, etc.) that you cannot obtain by any other means.
- Take all possible steps to prevent getting sick. Wear a Face Covering, practice good hand hygiene, stay physically distant from others (at least six feet).

Train Personnel

Ensure that all Personnel are trained on the following protocols:

- Health and Safety Plan, Social Distancing, and Screening Protocols. Share information on COVID-19, how to prevent it from spreading, and which underlying health conditions may make individuals more susceptible to contracting the virus.
- How to monitor social distancing and offer gentle reminders to patrons to maintain social distance, and wear Face Coverings. Guests should maintain a minimum distance of six feet if they are not in the same Household while waiting in line, waiting to be seated, or waiting in line for the restrooms.
- Appropriate personal protective equipment, including the proper way to wear Face Coverings and use protective gloves.
- Cleaning and disinfection techniques, and the importance of disinfecting frequently touched surfaces. See DPH Guidance on cleaning.
- The Indoor Movie Theater should develop protocols to handle non-compliant patrons, and all employees who interact with patrons should receive training on this protocol.
- Employer or government-sponsored sick leave and other benefits the Personnel may be entitled to receive that would make it financially easier to stay at home (see Paid sick leave in San Francisco). Remember that Personnel cannot be fired due to COVID-19 results or needed time off for recovery.

Health Screenings of Patrons

- Indoor Movie Theaters must verbally screen all patrons upon entry with the questions about COVID-19 symptoms and exposure to COVID-19. Theaters must ask the questions and relay the information found at: https://www.sfcdcp.org/screeningvisitors. Indoor Movie Theaters must exclude from entering the facility those who answer yes to any of the questions on the above form.
- A copy of the applicable Screening Handout must be provided to anyone on request. Indoor Movie Theaters may use a poster or other large-format version of the Screening Handouts may be used to review the questions with people verbally.

DISINFECTION

- Auditoriums and each previously occupied seat must be disinfected between movie screenings and before the next group of patrons are permitted to enter an auditorium. Seat maps of patrons can be used after a screening to help target this activity. This enhanced cleaning will necessitate increased intervals between screenings. Consider using disposable or washable seat covers between each user, particularly on porous surfaces (for example, fabric cover cushioned chairs) that are difficult to properly clean.
- Perform thorough cleaning in high traffic areas such as waiting areas and lobbies, Personnel break rooms, etc., and areas of ingress and egress, including stairways and elevator banks. Frequently disinfect highly touched surfaces, including counters, credit card machines, touchscreens, buttons, doorknobs, armrests, toilets, hand washing facilities, etc.
- Highly touched areas (including high touch surfaces in bathrooms) should be disinfected approximately once per hour on a predetermined schedule and monitored by management to ensure compliance. Frequently disinfect bathrooms, at least every four hours (this is in addition to cleaning high-touch surfaces in bathrooms every hour). Conspicuously post a checklist inside each bathroom clearly detailing the dates and times the room was last cleaned, disinfected, or restocked.
- How to properly disinfect surfaces:
    - **Read and follow product label instructions for required protective equipment**. Gloves are frequently required to protect the users, long sleeves and eye protection are not uncommon.
    - **Clean first, then disinfect**. Disinfectants do not work well on soiled surfaces. See SF DPH Cleaning Guidance.
    - **Use the right product**. Choose EPA-registered disinfectants that are approved COVID-19. Find a complete list of approved products at https://cfpub.epa.gov/giwiz/disinfectants/index.cfm; you may also check the SF Environment website for reduced risk products.
    - **If concentrates must be used, follow dilution directions carefully and wear eye protection and gloves**. Follow label directions for products which require dilution. Measure, rather than "eye estimate" both the concentrate and the water; some suppliers have "Metered Dispensing Systems," which automate the measuring process. Don't forget to clearly label all containers with diluted products."

  - **Using too much product does not improve its performance and can create hazards for both the user and others who come into contact with treated surfaces**. In the case of chlorine bleach please note that for COVID-19 the CDC specifies a different concentration of bleach (Five Tablespoons per gallon of water or four teaspoons per quart of water) than is used for other applications.
  - **Don't wipe it off immediately**. EPA approved disinfectants require a minimum contact time to be effective against the human coronavirus, and the disinfectant must be left on the surface for this amount of time before being wiped off.
- Manufacturer's instructions for cleaning should be followed for sensitive electronic equipment (e.g. ticket machines, projectors).
- If Personnel are required to wear equipment such as radios, headsets, or earpieces, these must be designated for a specific individual and not shared. If sharing this equipment is unavoidable, protocols must be developed by the theater operator to ensure they are cleaned between each use according to manufacturer's suggested cleaning instructions.
- If items are handed out to patrons, such as 3D glasses, these should either be single use or protocols established to ensure disinfection between uses.
- Assisted audio devices should be thoroughly disinfected between uses according to manufacturer's suggested cleaning instructions.

VENTILATION

Make any necessary improvements to the ventilation of the establishment, including:

- HVAC systems (if one is present)
  - Ensure HVAC systems are serviced and functioning properly.
  - Evaluate possibilities for upgrading air filters to the highest efficiency possible.
  - Increase the percentage of outdoor air through the HVAC system, readjusting or overriding recirculation ("economizer") dampers.
  - Disable demand-control ventilation controls that reduce air supply based on temperature or occupancy.
  - Evaluate running the building ventilation system even when the building is unoccupied to maximize ventilation. At the minimum, reset timer-operated ventilation systems so that they start operating one to two hours before the building opens and two to three hours after the building is closed.
- Increase natural ventilation by opening windows and doors when environmental conditions and building requirements allow.
- Consider installing portable air cleaners ("HEPA filters").
- If the establishment uses pedestal fans or hard mounted fans, adjust the direction of fans to minimize air blowing from one individual's space to another's space.

For more information and additional resources, please see the following: San Francisco Department of Public Health (SFDPH): https://www.sfcdcp.org/COVID-ventilation.

Indoor Risk During the COVID-19 Pandemic

Scientists agree that the risk of transmitting COVID-19 is generally **much greater** indoors than outdoors. Consider the increased risk to yourself and your community before participating in indoor activities.

How Does Covid-19 Spread?
COVID-19 is transmitted from person-to-person and occurs in some of the following scenarios:

- Large droplets from coughing and sneezing are propelled directly into the face, nose, eyes, or mouth of someone nearby, usually within 6 feet. These droplets are sometimes called "ballistic droplets" because they travel in straight lines and are subject to the forces of gravity. OR
- Small droplets and particles are released when a person breathes, talks, sings, coughs, or sneezes. These small droplets and particles can remain suspended in the air for a period of time and/or move beyond 6 feet on indoor air currents. Other people might inhale these small droplets and particles even if they are further than six feet away. These droplets are sometimes referred to as "aerosols" or "bioaerosols". OR
- A person touches a surface that is contaminated and then touches a mucus membrane such as their nose, eyes or mouth. Contaminated surfaces are sometimes called "fomites".

The COVID-19 virus can travel in the air more than 6 feet and builds up indoors. Generally, whenever possible, choose outdoor activities over indoor activities, and if you need to go indoors, limit your time indoors if you are with people who are not in your household. Avoid enclosed spaces that are crowded and have poor ventilation.

The Guidance for Indoor Risk During the COVID-19 Pandemic (includes bibliography) can be found at sfcdcp.org/indoorrisk.

Frequently Asked Questions

Q. Can Personnel eat or drink in the theater during their breaks?
A. Personnel should take their snack or meal breaks outside if they can do so safely but may not take breaks in common areas of the theater or other workspaces such as a projection room. Personnel can eat and drink in a break room as long as safe physical distancing can be maintained, but are strongly encouraged to avoid gathering in break rooms even if distancing can be maintained. Personnel should clean and disinfect the area where they have taken their break.

Q. Can patrons enter the theater after the feature film has started?
A. Yes, patrons can enter the theater late, but only if theater's Personnel ensure the latecomers sit in their assigned seats and remain physically distant from other patrons in the theater.

Q. If there are many empty seats in the theater, can a patron switch to a different seat that is physically distant from others?
A. No, patrons cannot sit in any seat other than the one they were assigned. Since seating charts should be used when cleaning and disinfecting the theater it is important for the operator to have a record of where everyone was seated. Additionally, should it become necessary to do case investigation if there is

a known case of a COVID-positive patron in your Indoor Movie Theater, the Department of Public Health may need to consult an accurate seating chart.

Q. How often should we clean areas?
A. Disinfect high touch surfaces such as door handles, payment machines, counter tops, toilet seats, and faucets at least once per hour. In addition to cleaning high touch surfaces in bathrooms every hour, clean and disinfect bathrooms frequently, and at least every four hours. Post a cleaning log conspicuously in each bathroom.

Q. What is an example of how the capacity limits work?
A. If your Indoor Movie Theater complex has a total capacity of 2,400 people and includes six individual theaters, two with a capacity to seat 100 people each, two with a capacity to seat 400 people each, and two with a capacity to seat 600 people each, then, assuming at least six-foot physical distancing requirements are met at all times between patrons from different households and Personnel, you may have at any time (1) no more than 600 patrons in your entire facility (25% of 2,400), (2) no more than 25 patrons seated in each of the 100-person theaters (25% of 100), (3) no more than 100 patrons seated in each of the 400-person theaters (25% of 400), and (4) and no more than 100 patrons seated in each of the 600-person theaters (because 25% of 600 is 150 and exceeds the 100 patron cap, only 100 patrons may be seated in those theaters).

Q. Is it *really* riskier to be indoors?
A. Generally, yes. The same activity is usually much riskier indoors than outdoors because of the risk of aerosol transmission indoors.

Q. How much more risky?
A. Precise numbers are difficult to calculate but the science is clear: the COVID-19 virus can build up indoors and many individuals can get sick indoors even if they were more than 6 feet away from the infected person.

Each of these factors adds to your risk: participating in multiple indoor activities, being indoors with many other people from other households, taking your face covering off for any amount of time, being closer than 6 feet to other people, being around others who are singing or shouting. Activities that combine these risk factors multiply your risk even more.

Q. How can we reduce risk at indoor activities?

- Consider potential outdoor and in-home alternatives
- Find options for outdoors, curbside, delivery or take out
- Decide not to socialize indoors
- Plan and consider safety precautions for indoor activities well in advance
- Limit your group to members of your own household
- Limit the time spent indoors. Minimize time in places where masks are not worn consistently
- Find times when the location will not be busy or crowded
- Choose locations which have larger interior spaces and high ceilings
- Look for good ventilation, including good air flow due to open doors or open windows
- Do not enter if there are people not wearing masks and maintaining at least 6 feet social distance

- Singing, shouting, sneezing, or coughing carries much higher risk: go back outdoors if you see or hear these activities indoors
- Guard your minimum 6 feet of social distance
- Keep your mask on at all times.

Health and Safety Plan

Checklist

Health Officer Directive No. 2020-35 (Exhibit B)
Health and Safety Plan (issued 10/7/2020)

Each Indoor Movie Theater must complete, post onsite, and follow this Health and Safety Plan.

Check off all items below that apply and list other required information.

Business/Entity name: *Contact name:*

Facility Address: *Email / telephone:*

(*You may contact the person listed above with any questions or comments about this plan*.)

Planning and Preparation for Opening Indoor Movie Theaters

☐ Familiarize with and complete all requirements set forth in Health Officer Directive 2020-35 and attached guidance for Indoor Movie Theaters, available at http://www.sfdph.org/directives.

☐ Create and implement a plan to manage the flow of patrons into and throughout the theater to facilitate health screening and monitor capacity levels, face covering compliance, and proper physical distancing. Include plan to stagger or space movie start times to avoid multiple groups of people entering or leaving movies at the same time.

☐ Create a reservation system to assign seats to patrons in way that separates each household by at least 6 feet in all directions.

☐ Prepare and post onsite and online the Social Distancing Protocol (see Appendix A of the Shelter in Place Health Order, posted at www.sfdph.org/healthorders)

☐ Designate a COVID-19 staff liaison (a Worksite Safety Monitor) to be the single point of contact at each site for questions or concerns around practices, protocols, or potential exposure. This person will also serve as a liaison to SFDPH.

☐ Train staff on health and safety practices that must be followed including all requirements of Health Officer Directive 2020-35 and the attached Interim Guidance for Indoor Movie Theaters.

☐ Understand the adjusted capacity of your movie theater (as further described in the guidance, each theater is limited to 25% of its capacity up to a maximum of 100 patrons, exclusive of Personnel) and be prepare to operate while strictly adhering to capacity limits.

Preparing the Indoor Movie Theater Space

☐ Post all mandatory signage found in the Interim Guidance for Indoor Movie Theaters available at www.sfcdcp.org/businesses

☐ Provide hand sanitizer at high-traffic locations like entrances, exits and near elevators.

☐ Establish pathways using tape, signs, or physical barriers to encourage physical distancing and one-way foot traffic, especially in narrow aisles and hallways. Use visual clues such as signs or floor markings at locations where lines will form, like the restrooms and the theater entrances.

☐ Configure ticket lines and ticket vending machines to ensure that physical distancing of 6 feet is maintained at all times.

☐ Block off alternate rows of seating within the theater in accordance with the theater's reservation plan and physical distancing requirements.

HSP

Health and Safety Plan

Checklist

Health Officer Directive No. 2020-35 (Exhibit B)
Health and Safety Plan (issued 10/7/2020)

Each Indoor Movie Theater must complete, post onsite, and follow this Health and Safety Plan.

☐ Close all common areas where people may gather.

☐ Remove or block off furniture or attractions in lobbies, lounges, entertainment spaces, or arcades that are not going to be used at this time.

☐ Close all concession stands and remove, empty or block off all food beverage vending machines. Close all restaurants, bars or other food/beverage service areas.

☐ In bathrooms, close every other sink, stall and urinal. Post signage establishing the bathroom's maximum capacity.

☐ Review https://www.sfcdcp.org/COVID-ventilation and implement all appropriate ventilation best practices in the facility.

Operational Requirements

☐ Strictly implement all requirements of Health Officer Directive 2020-35 and attached Interim Guidance while operating the theater. This includes enforcing all capacity limits, physical distancing and face covering requirements, and sanitation requirements.

☐ Do not present in-person performances in the theater.

☐ Sell tickets online or via phone; minimize use of paper tickets.

☐ Require patrons to remain in their assigned seats for the duration of the movie and ensure that patrons do not use seats other than those assigned to them.

☐ Require patrons to arrive no more than 30 minutes before show to minimize their time in the theater.

☐ Minimize the number of people in the lobby by staggering movie start times, and direct them away from patrons arriving for other screenings.

☐ Designate Personnel to oversee the physical distancing and line-up of patrons prior to entering the theatre, inside the lobbies and by washrooms. Designate Personnel to oversee seat assignments and to assist patrons in safely locating their seat and exiting auditoriums.

☐ Remind patrons to exit the theater auditorium one row at a time and maintain physical distancing on the way out. If possible, use alternate exits so that patrons do not have to exit through the lobby.

☐ Limit the number of patrons using the elevator to 4, or to only members of the same family.

Personnel and Patron Screening & Advisories

☐ Train Personnel in the requirements of the Health Officer Directive 2020-35, the attached DPH Guidance and this Health and Safety Plan (HSP), including their obligation to monitor patron compliance with Face Covering requirements.

☐ Develop a plan to ensure Personnel and patrons comply with social distancing requirements.

☐ Screen Personnel prior to entering the facility every day. See www.sfcdcp.org/screen

HSP

Health and Safety Plan

Checklist

Health Officer Directive No. 2020-35 (Exhibit B)
Health and Safety Plan (issued 10/7/2020)

Each Indoor Movie Theater must complete, post onsite, and follow this Health and Safety Plan.

☐ Ensure that all Patrons complete COVID-19 screening before entering the Indoor Movie Theater space. Anyone who answers "yes" to a screening question must be prevented from entry.

☐ Require patrons and Personnel to wear Face Coverings at all times according to the Face Covering Health Officer Order No. C19-12c.

Cleaning and Disinfecting Requirements

☐ Clean and disinfect the theater as required by Health Officer Directive 2020-35, the Social Distancing Protocol, and this Health and Safety Plan. Disinfect high touch surfaces routinely throughout the day, and at least once every hour.

☐ Disinfect auditoriums and each previously occupied seat between movie screenings and before the next group of patrons are permitted to enter an auditorium.

☐ Frequently clean and disinfect bathrooms, at least every four hours.

Additional Facility Requirements

☐ Check for pest infestation or harborage, and make sure all pest control measures are functioning.

☐ Make sure that plumbing is functioning and, if the facility was dormant, then the pipes are flushed.

Additional Measures

Subject: COVID update from SF Jail Health

To Criminal Justice Partners,

It has been almost seven months since my letter of March 24, 2020 in which I outlined the

risks of COVID infection faced by incarcerated people in the San Francisco Jail. Based on the facilities and the operations of the jail, I suggested a goal population 700-800 people. I would like to update you on the success of our partnership toward this goal and the new challenges ahead.

Because of your efforts, we had a significant reduction in the jail population, including fewer bookings as well as fewer jail bed days. Alternatives to detention, innovations in case processing along with bail reform and the emergency "zero-bail" order issued by the California Supreme Court resulted in a 40% reduction in the population from the baseline in January of 1238 to a low in August of 738. By decreasing the population density, we have been successful in preventing jail outbreaks and controlling transmission of those who enter the jail with identified COVID infection at intake. As of the end of August, we had identified 49 cases of COVID and owing to the critical work in partnership with the Sheriff's Office, we have been able to provide masks, COVID tests and appropriate space for isolation and quarantine to all incarcerated people. We were also able to provide frequent cleaning of the facilities. As a result, we have been able to prevent spread throughout the jail.

On September 4, 2020, Sheriff Miyamoto closed County Jail 4 [located in the Hall of Justice (HOJ)] in accordance with Ordinance 80-20. This closure occurred several months ahead of the legislated deadline and is a move widely applauded by advocates, incarcerated people and city leaders. In so doing, the jail effectively reduced available bed space by approximately 400, along with critical holding space used to provide access to incarcerated people to the courts located at the Hall of Justice for required proceedings.

Since September, we have seen a steady increase in the jail population. As I write this today, the population stands at 835, the greatest number since April 1, 2020. We have seen an increase in bookings as well as transfers from other county jails and state prisons (which had previously been on hold). Following the withdrawal of the emergency bail schedule from the California judicial council at the end of June, people remain in jail longer, adding to the conditions that increase risk of COVID transmission.

This temporal occurrence of an increasing population with a cell capacity reduction of 25% after the closure of County Jail 4 means that it is increasingly difficult to keep COVID infections at bay. There are approximately 448 cells that are appropriate for COVID isolation or quarantine. The overwhelming majority of these cells are occupied by persons needing celled housing (versus open bunks in dorms) for classification (custody) reasons. The few remaining can be set aside for COVID isolation. And this is not nearly enough.

In addition to an increased population density after CJ4 closed, the sheriff's office is now required to transport incarcerated people from San Bruno to the HOJ in vans and buses throughout the day. Upon arriving to the downtown complex, incarcerated people awaiting court are then held in holding cells and areas that result in a mixing of people in different stages of quarantine and isolation. It is virtually impossible to prevent this mixing of people, given the limited holding cells in the jails and the courts. This is how an outbreak begins in a correctional setting. One effective strategy to mitigate this particular risk is to increase the use of video court appearances and attorney conferences where possible.

As we head into the change of seasons, bringing cooler weather and holidays, we expect an increase in COVID cases. We also know there will be several court holidays that will further delay case processing. The above confluence of factors

leads me to again ask for aggressive strategies to reduce the jail population. Now that CJ4 is closed, in order to protect the health of incarcerated people I would offer a target number 25% lower than the previous recommendation to correspond with the reduction in beds – with a goal of 600. I expect that with this reduced jail population, we will be able to create the distance needed to mitigate spread of COVID infection.

This public health crisis continues to endanger the lives of incarcerated people, the staff that work in the jail, and the community at large. You have demonstrated an ability to move quickly and creatively to continue to divert people from jail and decrease their length of stay.

I appreciate your continued efforts during this extraordinary time.

October 13, 2020

To Criminal Justice Partners,

It has been almost seven months since my letter of March 24, 2020 in which I outlined the risks of COVID infection faced by incarcerated people in the San Francisco Jail. Based on the facilities and the operations of the jail, I suggested a goal population 700-800 people. I would like to update you on the success of our partnership toward this goal and the new challenges ahead.

Because of your efforts, we had a significant reduction in the jail population, including fewer bookings as well as fewer jail bed days. Alternatives to detention, innovations in case processing along with bail reform and the emergency "zero-bail" order issued by the California Supreme Court resulted in a 40% reduction in the population from the baseline in January of 1238 to a low in August of 738. By decreasing the population density, we have been successful in preventing jail outbreaks and controlling transmission of those who enter the jail with identified COVID infection at intake. As of the end of August, we had identified 49 cases of COVID and owing to the critical work in partnership with the Sheriff's Office, we have been able to provide masks, COVID tests and appropriate space for isolation and quarantine to all incarcerated people. We were also able to provide frequent cleaning of the facilities. As a result, we have been able to prevent spread throughout the jail.

On September 4, 2020, Sheriff Miyamoto closed County Jail 4 [located in the Hall of Justice (HOJ)] in accordance with Ordinance 80-20. This closure occurred several months ahead of the legislated deadline and is a move widely applauded by advocates, incarcerated people and city leaders. In so doing, the jail effectively reduced available bed space by approximately 400, along with critical holding space used to provide access to incarcerated people to the courts located at the Hall of Justice for required proceedings.

Since September, we have seen a steady increase in the jail population. As I write this today, the population stands at 835, the greatest number since April 1, 2020. We have seen an increase in bookings as well as transfers from other county jails and state prisons (which had previously been on hold). Following the withdrawal of the emergency bail schedule from the California judicial council at the end of June, people remain in jail longer, adding to the conditions that increase risk of COVID transmission.

This temporal occurrence of an increasing population with a cell capacity reduction of 25% after the closure of County Jail 4 means that it is increasingly difficult to keep COVID infections at bay. There are approximately 448 cells that are appropriate for COVID isolation or quarantine. The overwhelming majority of these cells are occupied by persons needing celled housing (versus open bunks in dorms) for classification (custody) reasons. The few remaining can be set aside for COVID isolation. And this is not nearly enough.

In addition to an increased population density after CJ4 closed, the sheriff's office is now required to transport incarcerated people from San Bruno to the HOJ in vans and buses throughout the day. Upon arriving to the downtown complex, incarcerated people awaiting court are then held in holding cells and areas that result in a mixing of people in different stages of quarantine and isolation. It is

APPROVAL OF INDEMNITY PROVISIONS
JULY - SEPTEMBER 2020

MOU between the United States Fund for UNICEF and the San Francisco and Our Children Our Families Council
Mutual Indemnity

In an effort to pay greater attention to meeting the rights and needs of their youngest residents, the parties mutually agree to engage in activities to build child friendly governance with child/youth participation and build community through engagement with local stakeholders as well as implementing strategic activities for actualizing meaningful change for children at the local level.

UNICEF grants the City a non-exclusive, non-transferable license to use the UNICEF and UNICEF USA Licensed Material set forth in the MOU in promotional material.

Agreement between the California Department of Forestry and Fire Protection (CALFIRE) and the San Francisco Public Utilities Commission (SFPUC).

SFPUC to indemnity CALFIRE.

SFPUC needs to conduct prescribed burns on two earthen dam faces in San Mateo County on the Peninsula Watershed – San Andreas and Pilarcitos Dams.

The dam faces need to be cleared regularly to allows for inspections per requirements from the California Department of Water Resources, Division of Dam Safety. This also serves as an annual training exercise for CALFIRE and SFPUC staff preparing for fire season. The Peninsula Watershed is a State Responsibility Area, which means CALFIRE is the lead for firefighting response in response with local fire departments. The SFPUC responsibility as the landowner is to provide information, access, and support to CALFIRE. This Standard Agreement follows a now expired three-year agreement that allowed prescribed burns in previous years to serve the purposes described above.

Agreement between Pacific Gas and Electric Company (PG&E) and San Francisco Department of the Environment (SFE).

SFE to indemnity PG&E

SFE is seeking to enter into a contract with PG&E to administer an energy efficiency marketing program called EnergyAccessSF. The program will serve the residents and business located in San Francisco's disadvantaged communities (94125, 94102, 94103, 94110 and 94134). The program utilizes State ratepayer funds, which are overseen by the California Public Utilities Commission. PG&E collects the funds and distribute to SFE.

Agreement between Clark Construction Group (GC) and the Department of Public Works (DPW)

DPW to indemnity Clark Construction Group

The SFPD Traffic Company and Forensic Services Division Facility Project is funded through the Emergency Safety and Emergency Response (ESER) Bond Program. The project is located at 1995 Evans Avenue in the Bayview District. The project is currently in the tenth month of a twenty-five month construction phase.

Existing PG&E gas pipes in the public are obstructing construction activities and must be removed. PG&E has confirmed that the gas pipes are abandoned and no longer connected to the gas main. The City and PG&E are in dispute as to who is responsible for the existing pipe removal and cost obligation causing delay to the project. To mitigate further schedule impacts, DPW has asked the General Contractor Clark Construction to perform the required demolition of the subject gas pipes. Given the uncertainties of existing conditions in the public way, Clark Construction has requested indemnification.

Agreement between the California Department of Food and Agriculture and the San Francisco Department of Public Health, Environmental Health (DPH)

Mutual Indemnity on six (6) agreements.

1. **Weighmaster Program: Agreement No. 20-0034-000-SA**

   Under the contract, DPH will inspect junk dealers and recycling establishments licensed as Weighmasters to determine compliance with California Business and Professions Code.

2. **Fuels, Lubricants & Automotive Products Program: Agreement No. 20-00087-000-SA**

   DPH will inspect ser vice stations, quick lube and oil change shops. And auto service shops to determine compliance with the California Business and Professions Code for petroleum and automotive products advertising and labeling.

3. **Standardization Inspections: Agreement No. 20-0118-000-SA**

   DPH will perform inspection to ensure enforcement of the California Good and Agriculture Code, the California Code of Regulations and any State policies and procedures pertaining to fruits and vegetables.

4. **Certified Farmers Inspections: Agreement No. 20-0158-000-SA**

   DPH will perform market and production site inspections and investigations per the California Food and Agricultural Code, the California Code of Regulations and any established certified farmers' market and/or State policies and procedures.

5. **Organic Inspections: Agreement No. 20-0217-000-SA**

   DPH will perform inspections per the California Organics Food and Farming Act.

6. Glassy-Winged Sharpshooter Program: Agreement No. 1-0727-051-SF

DPH will establish a work plan for survey, inspection, and control of the glassy-winged sharpshooter.

Grant agreement between the San Francisco Parks Alliance (SFPA) and the San Francisco Department of Recreation and Park

SF Recreation and Park to indemnity the San Francisco Parks Alliance

The Recreation and Park Department operates and maintains real property owned by the City and County of San Francisco bound by South Park Street, with main entrances from 2nd and 3rd Streets, known as South Park. SFPA is a California nonprofit with the mission to champion, transform and activate parks and public spaces throughout the City, and provides fiscal sponsorship to the South Park Improvement Association (SPIA).

On behalf of SPIA, SFPA has proposed to hire and pay for the services of Martinelli Environmental Graphics to fabricate and install a historical sign in the Park and has offered to donate the sign services as a grant-in-place to the City.

Agreement between Deloitte Consulting LLP (Deloitte Consulting) and the San Francisco District Attorney's Office.

DA's office to indemnify Deloitte Consulting

The gift is for Deloitte Consulting to work on a pro bono basis to assist the DA's office to conduct three Strategic Planning Sessions. Deloitte Consulting will work with the DA's office to align on a high-level future vision for the DA's office; identify how high-level trends in criminal justice impact that vision; map the capabilities required to support execution of the vision; highlight actions needed at a conceptual level to meet capability gaps and opportunities; and sequence high-level actions required to activate the capabilities.

Agreement between Sirius Computer Solutions, Inc. and the San Francisco Department of Technology.

No indemnity provided by contractor for infringement

The Department of Technology intends to incorporate the Terms of Service for a Sirius Computer Solutions, Inc., an IBM reseller, to provide equipment maintenance of the City's IBM Mainframe. Sirius is an integrator of technology based solutions that spans data center equipment. Sirius will provide mainframe equipment maintenance and also assist the Department of Technology configure City's IBM Mainframe.

The Department of Technology recommends accepting the indemnification in its entirety because the equipment is maintained by certified IBM engineers for whom a separate agreement is being executed and insurance offered by IBM.

Student Training Agreements between Boston University, School of Social Work and Oregon Health and Science University and the Department of Public Health (DPH.

Mutual Indemnity

DPH seeks to include mutual indemnification language for their Student Training Agreements to establish non-monetary Student Training agreements with educational institutions to allow their students enrolled in approved and accredited academic health care programs to use DPH clinical facilities to gain clinical or job-related experienced.

Historically, student training agreements have provided evidence of General Liability, Professional Liability insurance and endorsements that name the City as additional insured throughout the term of the agreement.

Students placed in DPH clinical facilities are considered trainees in the department's workforce, and are under DPH medical supervision at all times.

FOR IMMEDIATE RELEASE
October 2, 2020

SFPUC Announces Latest Details of Green Bond Offerings

Nearly $350 million in funding will benefit water infrastructure improvements and other initiatives that address climate change to be listed on London Stock Exchange

San Francisco, CA – The San Francisco Public Utilities Commission (SFPUC) has posted details of its newest bond offerings, which includes a $342 million (preliminary, subject to change) taxable green bond to refund bonds related to the agency's Water System Improvement Program (WSIP) which will also be listed on the London Stock Exchange.

"The SFPUC's Green Bond Program is a great example of how we embrace the notion of being both environmentally and fiscally responsible," said SFPUC General Manager Harlan L. Kelly, Jr. "These financing tools help us both fund critical infrastructure projects while also allowing us to adapt to the new realities brought on by climate change. By investing smartly now, we are preparing for the future."

To reach European investors, this taxable financing will be listed on the London Stock Exchange, a first for a US muni green bond. The offering represents the latest series of the SFPUC's Green Bonds, an innovative program the proceeds of which are dedicated to fund environmentally beneficial projects like clean water, renewable energy, and other initiatives that mitigate and adapt to the risks of climate change.

Along with the SFPUC, the bond offering is being managed by Goldman Sachs, Bank of America Securities, Morgan Stanley, Siebert Williams Shank and Company, and SMBC Nikko Securities America.

The SFPUC was the first issuer to certify a green bond under the Climate Bonds Water Criteria in 2016, a funding mechanism established by the Climate Bond Initiative (CBI.) In 2017, the SFPUC was subsequently recognized for its achievements by CBI in its Green Bond Pioneer Awards.

“Offshore listing is another step in the development of the US green municipal market and SFPUC are again leading the way,” said Justine Leigh-Bell, Deputy CEO Climate Bonds Initiative. “Climate impacts and clean water supply are interlinked. We can expect to see more municipal green issuers focused on addressing these twin challenges.”

With its latest offering, the SFPUC will now have offered more than $2.5 billion in green bonds, making it among the global leaders in the field of climate change financing initiatives.

All of the SFPUC’s green bond sale details are available on the agency’s investor portal, which is free and open to the public. Interested investors or residents can access the website to get more information on next week’s bond sale. More information is also available on the agency’s Green Bond report page, which identifies projects, environmental and social impacts, and alignment of projects with the United Nations Sustainable Development Goals.

About the San Francisco Public Utilities Commission
The San Francisco Public Utilities Commission (SFPUC) is a department of the City and County of San Francisco. It delivers drinking water to 2.7 million people in the San Francisco Bay Area, collects and treats wastewater for the City and County of San Francisco, and generates clean power for municipal buildings, residential customers, and businesses. Our mission is to provide our customers with high quality, efficient and reliable water, power, and sewer services in a manner that values environmental and community interests and sustains the resources entrusted to our care. Learn more at www.sfwater.org.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.
The full Investment Policy can be found at https://sftreasurer.org/banking-investments/investments

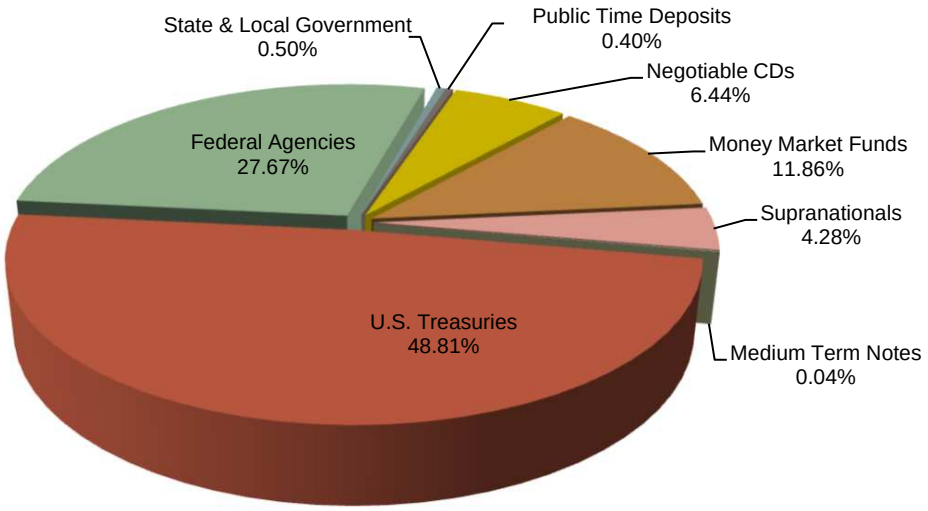

Totals may not add due to rounding.

Re: Q3 CY20 Reporting on Prioritization of 100% Affordable Housing Projects (File #180547)

Enclosed please find the quarterly report on MOHCD's 100% Affordable Housing Projects, as required by City Ordinance and as part of OEWD's Executive Directive 17-02, covering Q3 CY-20, the period from July 1 to September 30, 2020. Progress has continued in the entitlement, permitting and construction of a number of key affordable housing developments. **At this time, approximately 1,206 100% affordable multifamily rental units are under construction under MOHCD sponsorship, with another 2,051 units in active predevelopment (pre-entitlement or permitting) and 157 are leasing up as they near completion. This represents 3,414 units in active new affordable housing production at this time.**

We continue to face new challenges posed by the COVID-19 pandemic, which in this current Quarter has been exacerbated further by the effects of the California wildfires. COVID in particular has impacted all projects whether under construction or in permitting. The full scope of these impacts remains unresolved, but collaborative efforts of the contracting community and City departments have resulted in tangible mitigation of these impacts while also maintaining safety in accordance with the San Francisco Department of Public Health COVID-19 Health Order, as amended. For projects anticipating starting construction in the coming months, we are also seeing some areas of market adjustments in pricing for both hard costs of construction and project debt and equity, the full outcome of which is yet to be realized. Other challenges continue also in municipal power application, design and delivery.

Some key milestones and achievements made this quarter (April to June 2020) include:

- **1950 Mission –** This property received its Temporary Certificate of Occupancy
- **1064 Mission -** The City's first ever remote ground breaking ceremony was held Thursday September 24, to celebrate the commencement of work on 256 permanent supportive housing units with a 30,000SF City Health Clinic and a 5,500SF CHEFS ("Conquering Homelessness Through Employment in Food Services") space.
- **78 Haight Street** – Comprising 63 units including for TAY ("Transitioning Aged Youth") and an on-site Childcare center received its Site Permit approval.

- **180 Jones -** A 72 unit development received its' Site Permit approval at a critical juncture to secure competitive financing.
- **730 Stanyan -** Located at the corner of Haight and Stanyan at Golden Gate Park, the project has begun concept design and community engagement in earnest with an anticipated start of construction in September 2021 on affordable homes for families and TAY.
- **165 Grove (The Kelsey Civic Center) -** Located across the street from City Hall, the Kelsey Civic Center project seeks to meet accessible, service-linked, community-based housing needs of people with intellectual, developmental, and other disabilities. Conceptual design has begun with anticipated start of construction in fiscal year 22-23.
- **Laguna Honda Hospital Senior Housing -** Located on the Laguna Honda Hospital campus, the newly constructed building will include affordable housing for seniors and a childcare center. Concept design work recently began, with construction anticipated to begin in fiscal year 22-23.

Overall, MOHCD is pleased to report that despite the unprecedented events of this current time, affordable housing production, at all stages of development, continues to move forward with the collaboration and commitment of our staff, City and private partners.

MOHCD Affordable Housing Quarterly Report

Q3 CY20

July 1, 2020 - September 30, 2020

HOUSING DELIVERY REPORT - 100% Affordable, New Construction (non-DA)

Project Name	Street Number	Street Name	Number of Units	Supv. Subject: The Department of Elections Opens the Outdoor Voting Center on Monday, October 5

Department of Elections
City and County of San Francisco
John Arntz, Director

For Immediate Release
SAN FRANCISCO, Friday, October 2, 2020 – Voting in the November 3, 2020, Consolidated General Election begins on Monday, October 5.

For the November 3 election, the Department of Elections has relocated the City Hall Voting Center to an outdoor area in front of Bill Graham Civic Auditorium on 99 Grove Street, between Polk and Larkin streets.

The Voting Center will be open every weekday, 8 a.m.-5 p.m., from October 5 and through November 2 (except October 12), the two weekends prior to Election Day, 10 am.-4 p.m., and November 3 (Election Day), 7a.m.-8 p.m.

"With early voting opportunities available 29 days before Election Day, the Department of Elections encourages San Franciscans to vote as early as possible," said Director John Arntz. "If you vote early in person or by mail, you will avoid possible wait times and crowded public spaces, and your ballot will be reviewed and counted well before Election Day. To make voting experience faster and safer, voters can use a new tool on the Department's website at sfelections.org/myvotinglocation to check wait times at the Voting Center as they are planning their trip."

The Voting Center will serve all City residents—including non-citizens eligible to vote in the Board of Education contest—who want to vote in person, drop off their vote-by-mail ballots, or, after the October 19 registration deadline, to register and vote provisionally.

The Voting Center will offer bilingual ballots in English and either Chinese, Spanish, or Filipino, as well as language assistance on request. Facsimile (reference) ballots will be available in Burmese, Japanese, Korean, Thai, and Vietnamese.

The Voting Center will also offer accessible voting tools such as page magnifiers, pen grips, and seated voting, as well as accessible ballot-marking devices with touchscreen/audio format and personal assistive device compatibility. Any voter may request to vote "curbside" at the Voting Center by calling (415) 554-4375 or by asking a companion to enter the Voting Center to request delivery of voting materials to the voter.

In compliance with current guidance from public health officials, the Voting Center has been set up to maintain 6 foot distances between voters in line, computer workstations, voting booths, and ballot return boxes. The Department will offer hand sanitizer, gloves, and facemasks to all voters and has posted notices asking voters and observers to observe health guidelines, including those regarding facial coverings, hand hygiene, and social distancing rules. The Department has also implemented new sanitation and disinfection protocols for voting supplies, equipment, and high-touch surfaces in the Voting Center.

Anyone with questions about registration or voting is encouraged to call the Department of Elections at (415) 554-4375 or write to sfvote@sfgov.org.

Subject: The Department of Elections Mails Vote-by-Mail Ballots for the November 3 Election to San Francisco Voters

Department of Elections
City and County of San Francisco
John Arntz, Director

For Immediate Release
SAN FRANCISCO, Friday, October 2, 2020–The Department of Elections will send vote-by-mail ballot packets for the November 3 election to all registered San Francisco voters. Voters will begin receiving their ballots in the mail the week of October 5.

Each ballot packet will include a voter's ballot, a prepaid, first class postage return envelope, an insert with voting instructions, and an "I Voted" sticker. To vote by mail, voters can simply fill in the ovals besides the candidates and measures on the ballot, place their ballot cards in the postage-paid return envelope, sign the envelope, and return the ballot to the Department of Elections.

"The vast majority of voters will not need to take any action to receive a ballot in the November 3 election and any registered voter may vote using a vote-by-mail ballot instead of going to the polls on Election Day," said Director John Arntz. "To provide answers to frequently asked questions about voting by mail and help voters safely participate in the November 3 election, the Department added a new page on its website that can be accessed at sfelections.org/votebymail."

Voters have multiple safe, secure, and reliable options for returning their ballots.

By Mail: No stamp is required to return the ballot through the United States Postal Service (USPS). Ballots that are returned by mail must be postmarked before or on Election Day, November 3. To search for convenient locations of USPS boxes and pickup times, voters can go to usps.com/locator.

In Person: Voters can return their ballots at the outdoor Voting Center open on October 5 in front of Bill Graham Civic Auditorium on 99 Grove Street or one of these ballot drop-off sites open starting October 31:

- Linda Brooks-Burton Library, 5075 3rd St
- Chase Center, 1655 3rd St
- Excelsior Branch Library, 4400 Mission St
- Portsmouth Square, Clay St and Kearny St

On Election Day, voters may return their ballots to any of the 588 drop-off stations set up at polling places across the City. Ballots that are personally returned must be delivered no later than the close of polls at 8:00 p.m. on Election Day, November 3.
Voters can track their ballots from assembly up through delivery, verification, and counting at

sfelections.org/voterportal.
Voters can also sign up to receive automatic notifications on the status or their ballots via email, text, or voice call at wheresmyballot.sos.ca.gov.
Anyone with questions about registration or voting is encouraged to call the Department of Elections at (415) 554-4375 or write to sfvote@sfgov.org.

From:	SFVote, (REG)
Subject:	The Department of Elections Has Begun Processing Returned Vote-By-Mail Ballots for the November 3 Election
Date:	Tuesday, October 13, 2020 9:10:18 AM

Department of Elections
City and County of San Francisco
John Arntz, Director

For Immediate Release
SAN FRANCISCO, Tuesday, October 13, 2020 – The Department of Elections has begun processing returned vote-by-mail ballots for the November 3, 2020, Consolidated General Election.

This processing includes conducting the comparison of the signatures on return envelopes to the signature images from the voters' registration records, opening accepted vote-by-mail ballot return envelopes, removing ballots, and scanning ballots in preparation for tabulation. The recent passage of Assembly Bill 860 permits the Department to begin processing vote-by-mail ballots 29 days before Election Day but under no circumstances may a vote count be accessed or released until 8 p.m. on Election Night.

"We encourage voters to safely participate in this election and return their mail-in ballots early," said Director John Arntz. "Mark your ballot, sign and seal the envelope, and return your ballot by mail or to one of the outdoor drop-off stations set up near the Voting Center at 99 Grove St. The sooner we receive your ballot, the sooner we can start processing it and your votes will be included in the first preliminary election results released when the polls close at 8 p.m. on November 3."

Ballot processing is open to public observation. While elections processes may be observed in person at the Department's main office in Room 48 of City Hall, the Pier 31 warehouse, and the Bill Graham Civic Auditorium (this site hosts some ballot processing activities that in previous elections were conducted in City Hall), the Department encourages observers to view election activities via live stream on sfelections.org/observe.

The United States Postal Service (USPS) delivers ballots returned by voters to the Department of Elections on a daily basis. To date, the USPS delivered nearly 62,000 ballots to the Department.

Voters who wish to follow the status of their vote can track their ballots through the process at sfelections.org/voterportal or by signing up for ballot notifications at wheresmyballot.sos.ca.gov.

Those who are registered to vote and have not yet received their ballots, are urged to contact the Department of Elections at (415) 554-4375 or go to sfelections.org/voterportal to check/update their registration information.

For more information, visit sfelections.org or contact the Department of Elections at (415) 554-4375.

Subject: The Outdoor Voting Center and Ballot Drop-Off Stations Will Be Open Every Day through Election Day, November 3

Department of Elections
City and County of San Francisco
John Arntz, Director

For Immediate Release
SAN FRANCISCO, Wednesday, October 14, 2020 – As a convenience to voters, the Department of Elections will extend voting and ballot drop-off hours at the Voting Center, adding weekend hours on October 17-18. The Department will also open additional 11 ballot drop-off stations in the City starting October 31.

The outdoor Voting Center located at 99 Grove Street will be open every day through Election Day, Tuesday, November 3 as follows:

- Monday-Friday through November 2, from 8 a.m. to 5 p.m.
- Saturday and Sunday, October 17–18, October 24–25, and October 31–November 1, from 10 a.m. to 4 p.m.
- Election Day, Tuesday, November 3, from 7 a.m. to 8 p.m.

“Early voting offers San Franciscans a convenient opportunity to vote in person, drop off a voted ballot, get a replacement ballot, or get voting assistance in multiple languages,” said Director John Arntz. “There are several ballot drop-off stations set up outside the Voting Center allowing for easy and convenient access for pedestrians, drivers, and bicyclists. Starting October 31, the Department will open 11 additional drop-off stations in the City, one in each Supervisorial District. In Supervisorial Districts 1-2, 4-5, and 7-11, the drop-off stations will be located outside public library branches, in District 3 at the Portsmouth Square, and in District 6 at the Chase Center.”

A list of official San Francisco ballot drop-off stations can be found at sfelections.org/ballotdropofflocations.

Official San Francisco ballot drop-off stations are clearly recognizable, staffed by Department of Elections personnel wearing red vests, and importantly, ensure security of ballots returned by voters. At drop-off stations, voters deposit their voted ballots into sealed red ballot boxes that bear the official seal of the City and County of San Francisco and are monitored by Elections personnel. Each voting day, all red ballot boxes containing voted ballots are transported by the San Francisco City and County Deputy Sheriffs to the Department of Elections. The Department of Elections maintains a complete chain of custody record for ballots returned by voters to drop-off stations, creating a chronological record of the

collection, custody, transfer, and disposition of these ballots.

For more information about the November 3 election, voters are encouraged to contact the Department of Elections by writing to sfvote@sfgov.org or calling (415) 554-4375. Department personnel will be available to answer election-related questions every day through Election Day during voting hours, with staff available to provide assistance in many languages, including American Sign Language.

Subject:	Economic Recovery Task Force - Final Report
Date:	Friday, October 9, 2020 11:00:05 AM

Members of the Board,

Please find a direct link to the final report brief of the Economic Recovery Task Force. I believe I speak on behalf of my fellow co-chairs when I say that it has been an honor serving in this role and we remain committed to partnering with you through our City's recovery.

In addition to the brief, we will be publishing a series of supporting documents and appendices that further detail policy recommendations and processes in the coming weeks. We will also be providing a formal briefing to the Board of Supervisors on October 27, 2020 at 3pm – Committee of the Whole.
At a high level, the Task Force released a formal report with 41 recommendations organized broadly into eight major areas:

- **Local Economic Stimulus**: explore policies and investments that encourage economic development and activity in San Francisco, such as funding public infrastructure projects, streamlining permitting processes, advocacy for state and federal resources, and more
- **Job Connections**: facilitate and improve connection to jobs and explore programs that hire local workers
- **Promote Safe Reopening**: provide clear and accessible information to businesses and workers on reopening requirements and provide tools and strategies to keep workers, customers, and residents safe
- **Preserve Operations and Lessen Regulatory Burdens**: create flexibility for businesses to operate and consider reducing or eliminating regulatory burdens
- **Pursue Economic Justice**: narrow the wealth gap and bridge the digital divide for low-income residents and communities of color
- **Invest in Housing**: incentivize the construction of affordable housing, an immediate and long term need
- **Meet the Basic Needs of the Vulnerable**: ensure San Franciscans have access to food, shelter, mental health, and other services
- **Imagine and Build Stronger Neighborhoods**: activate and draw upon San Francisco's unique neighborhood and cultural assets

The report reflects an extensive public process. We heard not only from the 100+ Task Force members but also many San Franciscans who engaged through surveys, focus groups, facilitated meetings, public hearings, or emailed us. I thank the Human Rights Commission, under the leadership of Sheryl Davis, whose staff convened the ERTF's Community Engagement and Listening team. Their efforts ensured we had a framework for conducting an equity review for each policy recommendation and ensured we heard from a diversity of San Franciscans across the City. Through this process we received more than 1,000 surveys and emails, facilitated 40 hours of interviews and conversations, held targeted engagements with SRO residents, restaurants in Chinatown (an area especially hit hard with fewer tourists and xenophobia), the arts and entertainment community, immigrant communities, disability community, Black, Latinx and Filipinx communities.

I could not be more proud of the over 60 staff members who contributed to this effort (including the amazing teams at the Assessor and Treasurer-Tax Collectors Office). Every person volunteered part time for this project, on top of their regular work duties, often through weekends and nights. I want to highlight the Office of Economic and Workforce Development (Joaquin Torres), the City Administrator's Office (Naomi Kelly), Human Rights Commission (Sheryl Davis), Planning Department (Rich Hillis), and Controller (Ben Rosenfield) for their generous guidance and support of this work. **I especially want to call out Melissa Whitehouse, Heather Green, Danielle Mieler, Melissa Higbee, Ted Conrad, Jillian Johnson, Marisa Pereira Tully, Sami Iwata, Mai-Ling Garcia, Beth Rubenstein, Julia Salinas, Dre Torrey, Aaron Yen, Robin Abad, Maggie Weiland, Laurel Arvanitidis, and Natasha Mihal for their superstar work!** Thank you ERTF staff team!

With gratitude,

Carmen Chu
San Francisco Assessor

Letter from Mayor Breed and President Yee

Back in March 2020, in close consultation with the Director of the Department of Public Health and surrounding Bay Area counties, we made the difficult decision to implement a shelter-in-place order for the City and County of San Francisco. Since that time we have had to change so much about the way we live. And yet, as we always do – San Franciscans have come together in ways that leave us in awe of the resilience and hopefulness of our fellow residents.

We formed the Economic Recovery Task Force because we wanted to bring together a group of community leaders to inform the City's response efforts and ensure open communication and information sharing both to and from the City. We wanted to tap into the diverse life experience and creativity of our residents and local leaders to inform public policy and programs that we are rolling out to address this crisis. We wanted to hear new and bold recommendations directly from the community. The people called to serve on the Economic Recovery Task Force represent an array of neighborhoods and industries from across the city, our nonprofit partners, the business community, philanthropic partners, as well as labor representatives. We also asked the Task Force to engage with the community beyond those on the Task Force to the constituencies they represent and beyond. Through a public survey and other community engagement and listening efforts we were able to hear from thousands of San Franciscans throughout this process.

What we heard was a story of struggle. Many of our residents, especially our small business owners and parents, are struggling to see a future where they can survive – how can they keep their jobs or provide educational support for their children? How can they reopen their business in spite of health concerns? To address these hard times, the Task Force has made bold recommendations large and small. We are very thankful for the many hours of time that the Task Force, members of the public, and City staff contributed to this effort. We especially thank the Task Force Co-Chairs for their leadership in guiding this process and presenting us with this excellent work product. Indeed, we have already moved forward many of the ideas coming out of the Task Force such as the Shared Spaces program to enable a significant increase in outdoor dining, business tax deferrals, increased testing capability across the City, and expanded sick leave programs. The City's recent and projected revenue losses due to COVID-19 make strategic, high-impact programmatic actions especially important now and through recovery. We look forward to continuing to implement policy proposals in the coming weeks and months as new needs arise and resources allow. We are very appreciative of the many proposals provided by our community to help us reopen the economy as much as possible while maintaining the safety of the people of our City.

Additionally, we acknowledge and appreciate that the Task Force focused on longer term policy proposals, focusing on the inequity present in our city even prior to the onset of COVID-19. The City's budget for the upcoming year includes significant increases in funding to address structural inequities impacting the City's Black community, resulting from generations of disinvestment. The recently adopted budget redirects $120 million in funds over two years, from the City's law enforcement departments, towards efforts to repair the legacy of policies that lead to racially disparate health, housing, and economic outcomes for Black residents. The Task Force focused attention on solutions for our most vulnerable community members when it comes to jobs, stable housing, and child care. They also looked at how to expand opportunities for our immigrant-owned businesses and non-

English speaking merchants to have equal access to resources in order to avoid displacement of our diverse cultural districts.

We are so proud to lead this amazing city and its inventive, resourceful, and caring residents during these difficult times. There is no denying that the future is still uncertain, but we are confident that we can navigate any challenge that comes our way when we come together and leverage the ideas and creativity of our diverse communities.

Thank you to everyone that participated in this effort and we look forward to continuing to work together in the months and years ahead as we seek to rebuild San Francisco stronger, more equitable, more resilient, and more united than ever.

Sincerely,

Mayor London N. Breed

Board of Supervisors President, **Norman Yee**

Letter from the Co-Chairs

We are honored to serve the City and County of San Francisco during these challenging and unprecedented times. First, we want to thank Mayor London Breed and Board of Supervisors President Norman Yee for their foresight in calling this group together and for their trust in us to lead this process for the City.

We are proud of the over 100 San Franciscans who served alongside us on the Economic Recovery Task Force. Charged with advancing recommendations to set San Francisco forward in recovery from the COVID-19 economic crisis, this talented and dedicated group of individuals represent a diverse coalition of leaders from the small business community, large employers, nonprofit sector, academia, labor unions, our faith and philanthropic communities, and government leaders.

Over the last few months, it is clear that we face an economic shock unlike any we have experienced before. Not only must we look to restoring good jobs, preserving businesses, and incentivizing local investment, but we must also co-manage an active global pandemic which requires us to be nimble and ready to adapt to evolving needs. It is also clear that the pandemic has highlighted the inequities within our economy, disproportionately impacting women, immigrants, people of color and low income communities. With this context, we sought to lean on science and data to guide our path towards safe reopening and we sought to put forth a plan for economic prosperity that is inclusive and equitable.

The actions and policy proposals included with this report represents the collective ideas of Task Force members. It also reflects the aspirations of the over 1,000 San Franciscans who submitted surveys and emails to the Task Force and the over 900 additional residents and community partners we reached through facilitated convenings, focus groups, targeted surveys and meetings. The result is 41 specific

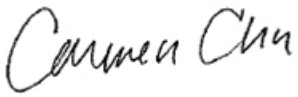

policy recommendations broadly organized around creating flexibility for businesses, protecting the health and safety of our workers and residents, incentivizing investments in our long-term economy, addressing the needs of our most vulnerable, and recognizing the unique arts, cultural and neighborhood assets that set San Francisco apart. These recommendations seek to complement and serve as a foundation for recovery efforts underway within the City and amongst our public, private and philanthropic non-profit partners.

Finally, we offer our sincere and deep appreciation for the dedicated City staff who ensured this process' success. Many worked weekends and evenings on top of their regular duties because they believe in the importance of this work.

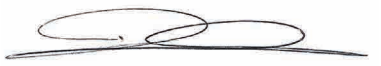

We know the road ahead is full of challenges and uncertainty. We remain hopeful and inspired by what can happen when San Francisco comes together.

Sincerely,

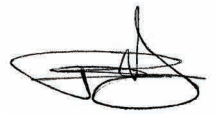

San Francisco Economic Recovery Task Force Committee Co-Chairs

City and County of San Francisco

Dr. Grant Colfax, Director, Department of Public Health
Sheryl Davis, Director, San Francisco Human Rights Commission
Pegah Faed, Director, Our Children, Our Families Council
Rich Hillis, Director, Planning Department
Naomi Kelly, City Administrator
Patrick Mulligan, Director, Office of Labor Standards Enforcement
John Noguchi, Director, Convention Facilities Department
Deborah Raphael, Director, Department of Environment
Trent Rohrer, Director, Human Services Agency
Ben Rosenfield, Controller
Ivar Satero, Director, San Francisco International Airport
Joaquin Torres, Director, Office of Economic and Workforce Development
Judson True, Director, Housing Delivery
Maggie Weiland, Director, Entertainment Commission

Support Staff

Melissa Whitehouse, Lead, Office of the City Administrator
Heather Green, Lead, Office of the City Administrator (Resilience and Capital Planning)
Tara Anderson, District Attorney's Office
Joshua Arce, Office of Economic and Workforce Development
Laurel Arvanitidis, Office of Economic and Workforce Development
Alex Banh, Mayor's Office of Housing and Community Development
Rebecca Benassini, Port of San Francisco
Dori Caminong, Department of Children, Youth and Their Families
Emily Cohen, Department of Homelessness and Supportive Housing
Theodore Conrad, Office of Economic and Workforce Development
Katherine Daniel, Office of Economic and Workforce Development
Ted Egan, Controller's Office

David Exume, Assessor-Recorder's Office
Kate Faust, Office of the City Administrator (Resilience and Capital Planning)
Michelle Gallarza, Department of Children, Youth, and Their Families
Christine Gasparac, Department of Building Inspection
Mai-Ling Garcia, Office of the City Administrator (Digital Services)
Aumijo Gomes, Department of Children, Youth, and Families
Isobel Hayne, San Francisco Public Utilities Commission
Melissa Higbee, Office of the City Administrator (Resilience and Capital Planning)
Chad Houston, Office of Economic and Workforce Development
Sami Iwata, San Francisco Human Rights Commission (Office of Racial Equity)
Matthias Jaime, Office of the City Administrator (Commission on Information Technology)
Jillian Johnson, Office of the City Administrator
Deborah Kaplan, Mayor's Office of Disability
Greg Kato, Treasurer and Tax Collector
Michelle Lau, Treasurer and Tax Collector
Fanny Lapitan, Human Services Agency
Joanne Lee, San Francisco Arts Commission
Douglas Legg, Assessor-Recorder's Office
Holly Lung, Assessor-Recorder's Office
Annie Ma, Assessor-Recorder's Office
Nate Mahoney, Office of the City Administrator (Digital Services)
Maria McKee, Juvenile Probation Department
Danielle Mieler, Office of the City Administrator (Resilience and Capital Planning)
Geoffrea Morris, Adult Probation Department
Alex Morrison, Office of the City Administrator (Resilience and Capital Planning)
Josef Mueller, San Francisco International Airport
John Murray, Department of Building Inspection
Sheila Nickolopoulos, Planning Department
Mike Ortiz, Office of the City Administrator (Repromail)
Maya Oubre, Treasurer and Tax Collector
Josian Pak, Human Rights Commission

together

Introduction

Mayor London N. Breed and Board of Supervisors President Norman Yee created the COVID-19 Economic Recovery Task Force (Task Force) to respond to the urgent needs of San Francisco's workers, businesses, organizations, and vulnerable populations arising from the COVID-19 pandemic. The Task Force was comprised primarily of members of the public, engaged with the charge to guide the City's COVID-19 recovery efforts to sustain and revive local businesses and employment, mitigate the economic hardships affecting the most vulnerable San Franciscans, and help build a resilient and equitable future.

The Task Force was co-chaired by San Francisco Assessor Carmen Chu; San Francisco Treasurer José Cisneros; Rodney Fong, President and CEO of the San Francisco Chamber of Commerce; and Rudy Gonzalez, Executive Director of the San Francisco Labor Council, AFL-CIO. Task Force members represented a diversity of perspectives and sectors, including academia and research, arts, entertainment and nightlife, finance, government, health care, hospitality, housing, labor unions, manufacturing, nonprofit, personal services, philanthropy, real estate, retail, small and large businesses, and technology. Staff from the City Administrator's Office managed the administrative effort, supported by staff from the Controller's Office, the Human Rights Commission, the Planning Department, the Office of Economic and Workforce Development, the Assessor-Recorder's Office, and many others.

This report summarizes the work of the Task Force and its 41 detailed policy recommendations. These recommendations and Task Force members' on-the-ground insights provide a critical public perspective on what is important to businesses, labor, and nonprofit partners to stabilize the local economy, plan for economic recovery, and to advance an equitable economic recovery. It also highlights the City's work most directly influenced by the Task Force during its engagement: the Shared Spaces Program and Safe Reopening Roadmap.

> **"If we can open, that would be one step. If we can break even on expenses, that would be the next step. If we can do as well as before, that would be awesome. If we can make changes to the business models so this is not such a peril at a three-month closure, that would be the best thing to come out of this."** ***Public survey respondent***

> **"Many of us are living behind closed doors to be safe, so we are out of sight and out of mind."** ***Disability community focus group participant***

Every day, leaders are learning more about the progression of COVID-19 and effective strategies to mitigate its spread and impact. As that knowledge evolves, so too will there be a need for City leaders to adapt to economic strategies that help to support and retain employment and businesses.

The Task Force recognizes its work is one component of the City's effort to ensure San Francisco's long-term economic success. To meet San Francisco's urgent needs, parallel efforts to address reopening, homelessness, transportation and mobility, education and child care, sustainability, and long-term economic and workforce development are also underway and ongoing. Together these efforts will inform the vision, planning, and implementation needed for recovery and growth beyond this crisis to build a future San Francisco that is resilient, equitable, and thriving.

Economic Context

Economic Impact

In early 2020, the COVID-19 pandemic rapidly changed the outlook of San Francisco and the world. San Francisco took early and decisive action, issuing an order for residents to shelter-in-place on March 16, 2020. This action likely saved thousands of lives, protected the local healthcare system, and enabled the City to build a population level emergency response, testing, and contact tracing infrastructure.

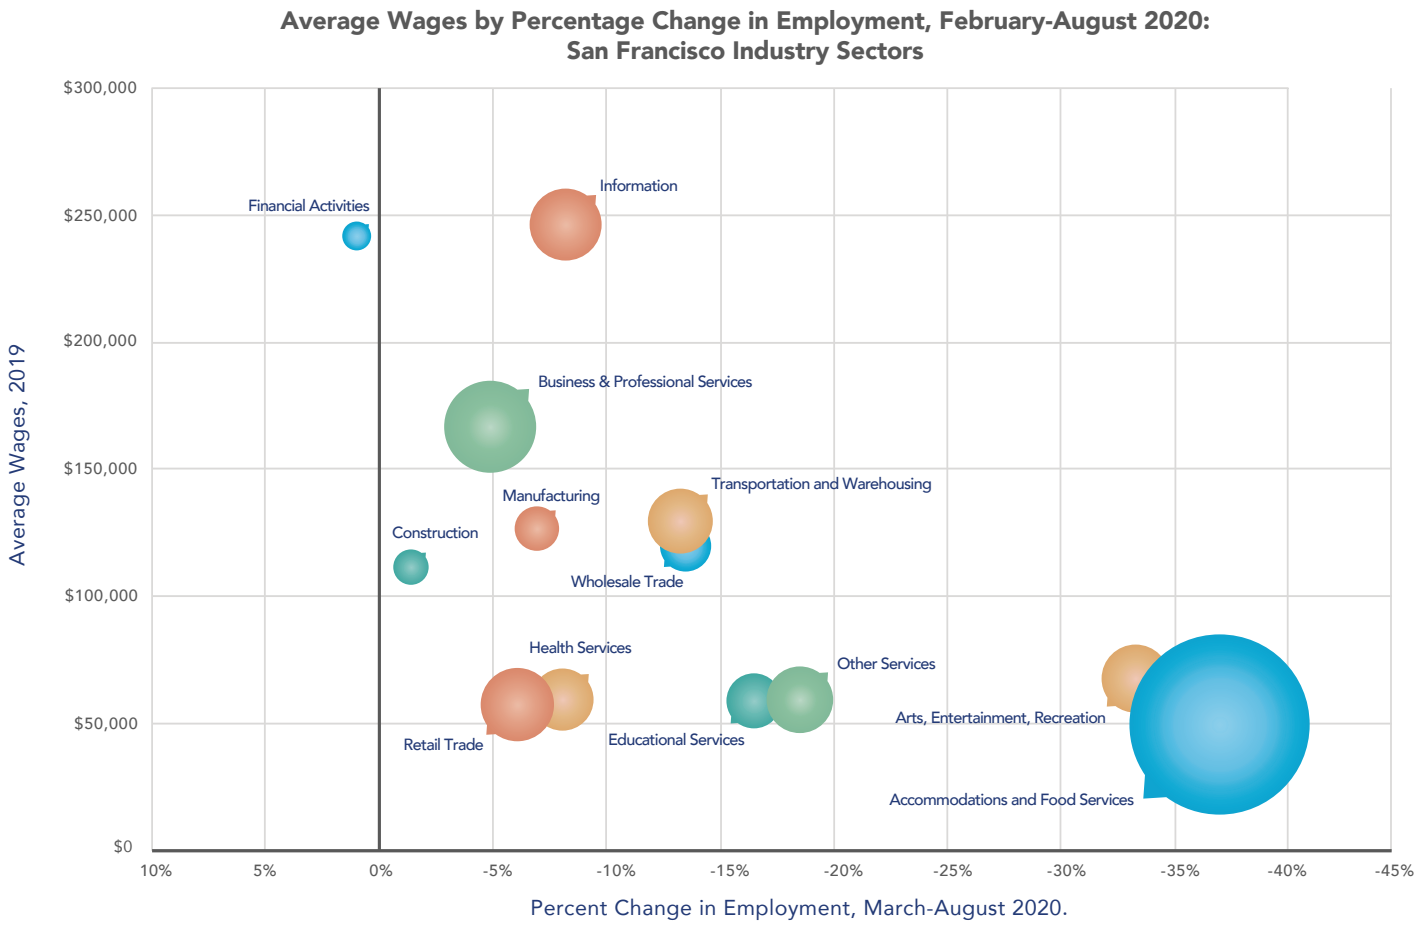

> **"COVID-19 made it harder to outreach to our community. Many folks are not getting information."**
> ***CBO focus group participant***

At the same time, continued limitations to operating businesses, and the ongoing recession they created, continue to have a profound impact on our local economy. Local employment data from April 2020 reported a loss of roughly 175,000 jobs in the San Francisco metropolitan division as compared to March 2020. Though 62,000 jobs had returned by August as a result of phased business reopening, nearly two-thirds of the jobs lost since April have not yet recovered.

A survey from the SF Chamber of Commerce reported that only 46% of storefront businesses in San Francisco open at the start of the pandemic were still operating in August. While some of these businesses may only be temporarily closed, Yelp data from the San Francisco-Oakland-Hayward metro area found that 2,065 out of 5,048, (41%) businesses that closed between March and July have now indicated that they are permanently closed. These are businesses that are not expected to reopen and jobs that are permanently lost. Businesses that rely on commuters and tourists have been especially hard hit. Local unemployment claims have now topped 193,000 since the start of the pandemic.

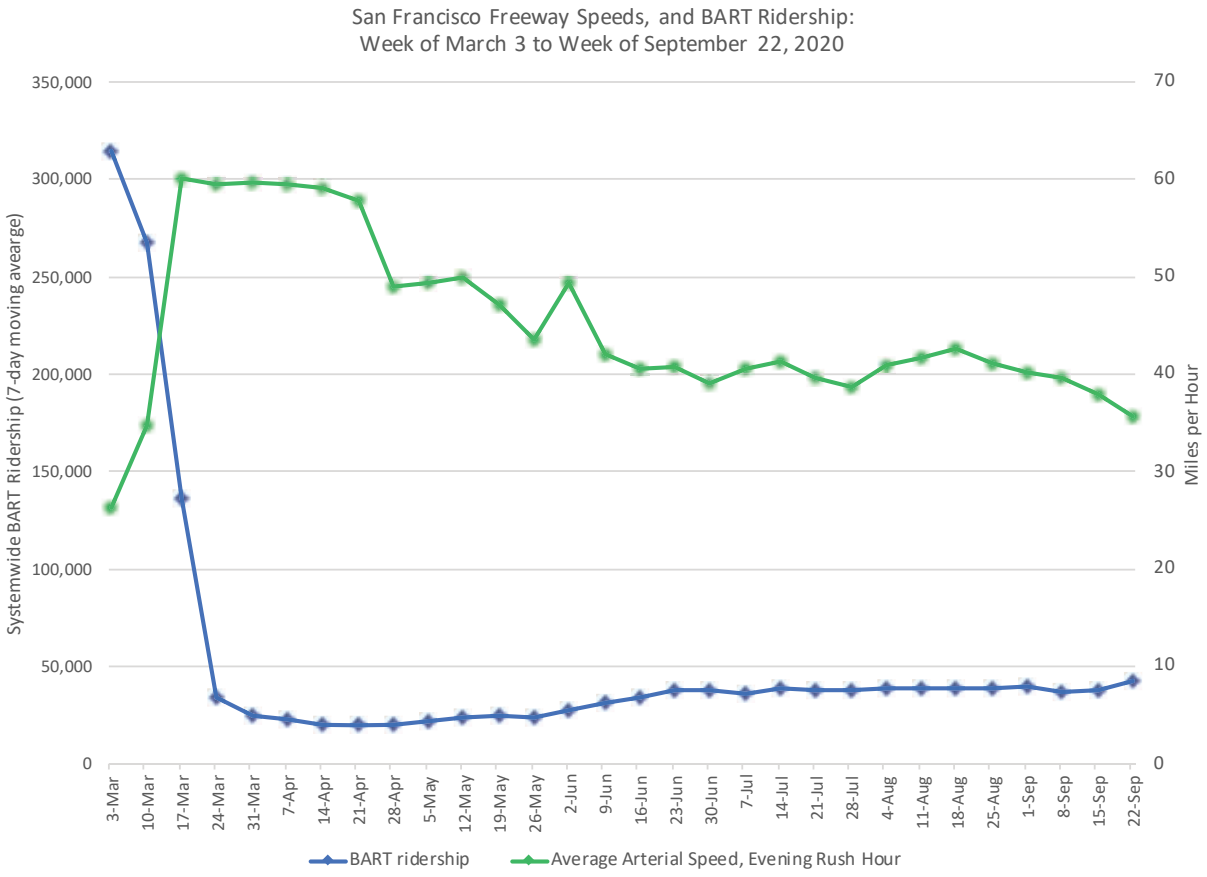

> **"One thing that people lost was access to the internet. They're prioritizing food on the table… not internet and cell phones."**
> ***Focus group participant***

Employment and health data also show that COVID-19 has had a disproportionate impact on low-income communities and communities of color. Job losses have been especially concentrated in lower-wage industries, including food service and hospitality. For many employed in these sectors, there are fewer opportunities to work remotely, and workers face the difficult decision of risking exposure or staying employed. Other sectors such as arts, entertainment, and recreation have also suffered significant losses in employment, especially as compared to higher-wage industries like financial sector and business and professional services (see table below).

Source: Bureau of Labor Statistics, September 2020

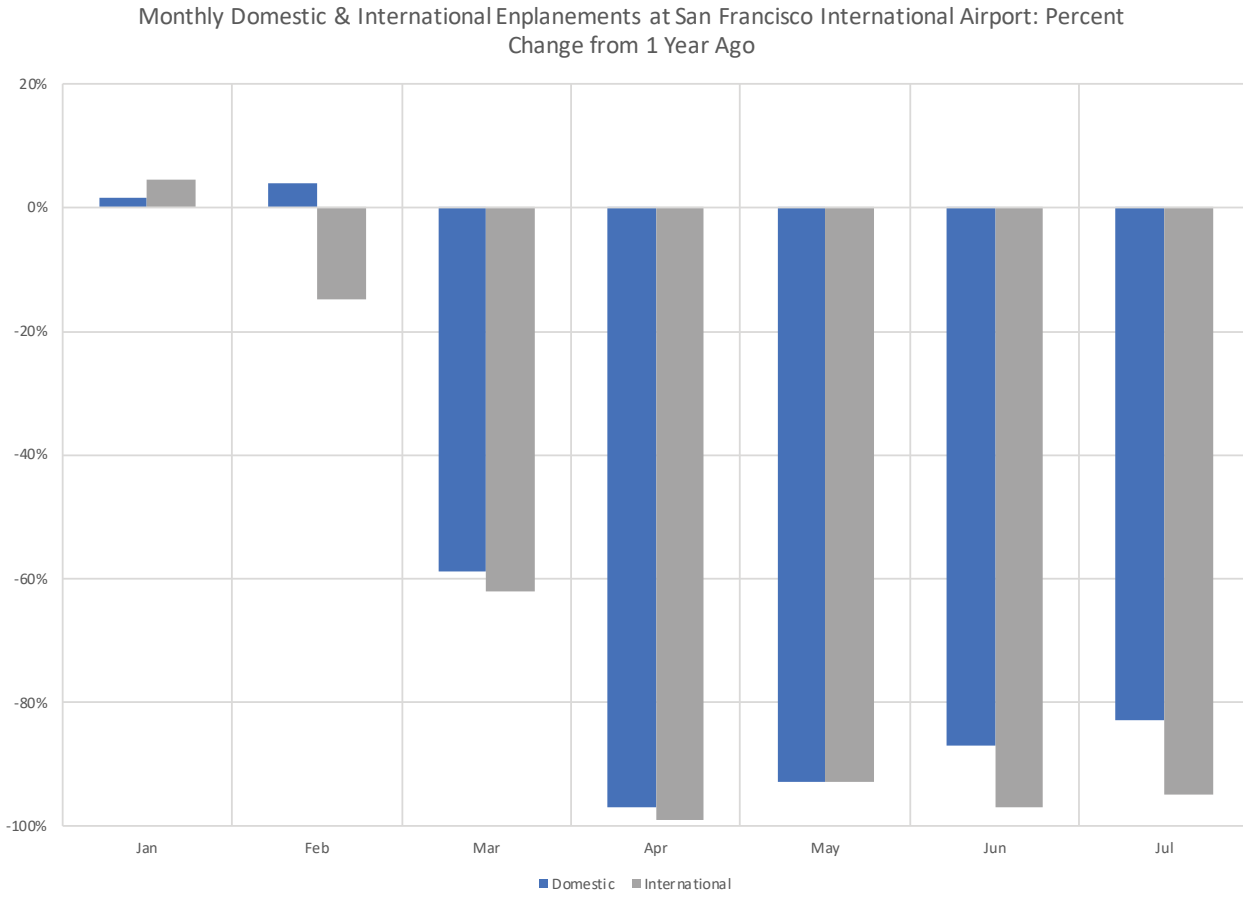

San Francisco's economy is centered around a bustling downtown that brings together a strong pool of talent for employers, as well as citywide tourist attractions that bring in visitors from around the world. Yet with the health crisis requiring individuals to shelter-in-place and engage in remote work where possible, these aspects of the City's economy have significantly declined. Downtown San Francisco has seen a marked decrease in commuters, as reflected by a steep decline in transit ridership since the beginning of March. As of late September, BART ridership was down over 88% as compared to the same time last year. On the other hand, average speed on the freeway during evening rush hour is only 3% higher than in early March. Those workers that are returning to work are much more likely to drive, but downtown San Francisco is not built for everyone commuting by car. A full economic recovery will require a return of confidence in public transit.

There are additional warning signs for downtown, not related to confidence about riding transit. Commercial brokers have reported a sharp spike in office subleasing and vacancy. The city's office vacancy rate reached 14.1% in the third quarter of 2020, according to Cushman and Wakefield, up from 5.4% the previous year. While office workers are required to work at home during the pandemic, this vacancy rate represents businesses not renewing their office leases, suggesting they intend to reduce their employment level in San Francisco over the longer term.

It makes a major difference to the city's economic recovery if remote workers retain their Bay Area homes, or move to another area. Several major local companies have allowed, or in some cases incentivized, workers to move to a lower cost location, which could threaten the city's long-term economic competitiveness. At the moment, the clearest evidence of this risk is found in the housing market, which is a real-time indicator of people's interest in moving into and out of San Francisco. Several companies that track residential rentals across the country report that declines in residential asking rents in San Francisco, along with New York City, are the steepest in the country. For example, ApartmentList has reported an 18% drop in asking rents in San Francisco between March and September, by far the biggest drop of any city it monitors. This decline in asking rent for vacant apartments, which has been accelerating despite the jobs recovery, is a sign of more renters wanting to move out of San Francisco than to move in.

For the hospitality industry, San Francisco's other major economic driver, the news is equally concerning. According to San Francisco Travel, nearly half of the hotel rooms in the city are now temporarily closed, and occupancy in September was down 86% from September 2019. As of August, enplanements at San Francisco International Airport are still down 85% compared to last year.

A further sign that San Francisco's economy is suffering broadly, and worse than in other cities in California, is sales tax receipts. General Fund sales tax, which represents 1% of the value of all taxable sales in the city, declined by 43% in April-June 2020, compared to the same period in 2019. While major declines were seen across the state of California, San Francisco's drop was much steeper than those in other cities, like Los Angeles and San Diego, that are also reliant on tourism. Sales at restaurants and bars were down 65%, as was sales at General Consumer Goods stores. Even taxable sales at Food & Drug stores was down 8% year-over-year, indicating that the city's population, and not merely visitor count, may be in decline. Virtually every other city in California saw major gains in online sales tax in the second quarter of 2020, as people switched from in-person to online sales. However, San Francisco's online sales were virtually flat, with only a 1% growth between the second quarter of 2019 and 2020.

Low-income communities, the elderly, disabled community, and the unhoused and vulnerably housed communities continue to suffer disproportionate strain. Gaps in access to technology threaten a widening divide especially as more services, including essential public services, are pivoting in the interim to remote or online services. The economic crisis and health crisis are occurring simultaneously with other seminal cultural and natural events: the surging demand for racial justice and the catastrophic wildfires in all directions. In tandem with these trends, San Francisco faces an urgent call to deliver an equitable and resilient economic recovery for all.

Immediate Relief

In addition to managing the public health and safety challenges of COVID-19, the City recognized the urgency in addressing the acute economic stresses brought on by the pandemic through immediate action. Since March, the City has deployed targeted investments to stimulate the local economy and support existing businesses, workers, and our most vulnerable, and the current budget marshals further resources. In addition to public funding, the Give2SF fund for COVID-19 priorities was established to direct resources to those struggling as a result of the pandemic, with a focus on food security, access to housing, and support for workers and small businesses. Many of these initiatives align with Task Force priorities, as shown in the highlights of recent, current, and budgeted efforts below.

- **Protecting workers and businesses**
  - $10 million for the Workers and Families First Paid Sick Leave Program
  - $2 million for the Right to Recover Program
  - Delivered one million surgical masks, 600,000 face shields, and 150,000 bottles of hand sanitizer for distribution to businesses and workers in vulnerable communities
  - Business tax, registration, and license fee deferrals through March 2021
  - $9 million through the San Francisco Hardship Emergency Loan Program
  - $2.5 million in resiliency grants for approximately 300 small businesses
  - African-American Small Business Revolving Loan Fund
  - $5 million to support small business added in Technical Adjustments to the current budget
  - $200,000 with OEWD for business capacity building, technical support, and grant writing support
  - $1.7 million for targeted workforce supports and development initiatives
  - $12.8 million to Grants for the Arts, supporting 227 grantees with an equity lens
  - $2.5 million for the Arts & Artists Relief initiative, and an additional $315,000 in arts grants for neighborhood reactivations
  - Moratorium on commercial evictions for small and medium-sized businesses, now extended at the State level through March 2021
  - Ongoing funding for OEWD workforce development efforts, including Workforce Link, CityBuild, TechSF, and Healthcare Academy
  - One-stop City website for businesses and workers
  - Community Investment Fund - Contractor Accelerated Payment Program
  - Emergency child care youth centers opened for essential workers and low-income families

- **Protecting our vulnerable**
    - $247 million for COVID-19 response, including PPE, expanded medical capacity, community outreach, contact tracing, and $56 million for testing in the current year
    - $16 million in COVID-19 response specifically for expanded Pit Stops and hygiene stations throughout the city
    - Additional $1.6 million for COVID-19 supports in SROs, the Western Addition, the Tenderloin, and other community hubs
    - $46.7 million in new expenditures for food programs, and an addition $1.1 million for underserved communities, the Tenderloin, and seniors
    - $66.5 million for the first phase of Mental Health SF (if business tax reform passes)
    - $4 million for implementation of a crisis response team
    - $120 million redirected funds for reparative investment in Black/African American communities
    - $5.5 million for the Opportunities for All subsidized employment program for youth and young adults
    - Establishment of DCYF Community Learning Hubs
    - $15 million for SFUSD
    - $15.1 million for eviction defense grants
    - $51.8 million for affordable housing site acquisition
    - $37.6 million for rental subsidies and emergency rental assistance
    - $4.5 million in additional housing subsidies, shelter, and vouchers for people living with HIV, displaced tenants, transitional-aged youth, LGBTQ shelter, and families including those in SROs
    - $750,000 Right to Counsel expansion
    - Moratorium on tenant evictions

- **Economic stimulus**
    - Deployed investment in public infrastructure, including Capital Planning Committee authorization of $157 million in Certificates of Participation, $127 million in 2016 Public Health & Safety bonds, $103 million in 2016 Preservation and Seismic Safety loan program bonds, and $260 million in 2019 Affordable Housing bonds.
    - $1.5 million to deliver fiber to affordable housing units, and $275,000 additionally for digital equity access and connectivity in Chinatown
    - Proposed relaxation of local zoning controls in neighborhood commercial corridors to encourage activation of vacant storefronts
    - Launched Shared Spaces Program to create flexibility and expand business capacity to operate - so far close to 1,600 outdoor spaces have been approved (see Appendix B)
    - Waiver of outdoor business permit fees until 2022
    - Deferral of business registration fees and unified license fees until March 2021
    - Just Add Music (JAM) permit created to enable live outdoor music and entertainment in existing Shared Spaces locations

Focus on Safe Reopening

Economic recovery requires the safe reopening of business activity. State restrictions guide, but local health orders prescribe the specific business and other activities that can resume in San Francisco following strict initial shelter-in-place orders. In addition, local health directives detail the legal requirements or conditions of opening. These public health decisions are driven by the County health department.

Understanding the dynamic nature of an unprecedented global pandemic, Task Force members and the public have underscored the need for clear information and guidance. Clear direction is essential for economic recovery because it provides businesses with an ability to plan, prepare, and make financial decisions based on the best information available.

To facilitate this goal, the Task Force partnered with the County health department in two critical ways. First, the Task Force developed a feedback process with the health department to ensure the operational realities of running businesses were considered before local directives or mandates were issued. Beginning in late May, working through the San Francisco Office of Economic and Workforce Development, Task Force members and other impacted stakeholders had the opportunity to weigh in on health directives that were operationally infeasible or were able to spotlight elements that were unclear or which needed further guidance. This process enabled the health department to consider alternatives that equally advanced its public health goals while fostering more compliance through clear, operationally feasible instruction.

Second, Task Force members and stakeholders consistently advocated for more direction on the path forward for reopening. The Task Force offered alternative mitigations that allowed additional business activities to be considered, including the launch of the Shared Spaces Program which expanded the capacity for businesses to use sidewalk, parking, street or surface lot spaces outdoors. At the end of May, the County health department released an initial roadmap for reopening and continues to evaluate that timeline and roadmap as local health conditions change (see Appendix A).

Task Force Process

The Task Force met between April and October 2020. Task Force members brought deep understanding of issues in the San Francisco community, high energy, and an equity focus to the process. See Appendix C for additional detail on the policy development process

The timeline below summarizes the focus and work of the Task Force.

April-May	Task Force kick-off (4/24/20) and initial survey
	Co-Chairs and staff met in small groups of Task Force members (approximately 10 per session) to hear challenges and aspirations
	Public survey and engagement focus groups began to bring underrepresented perspectives forward
June-July	Focus on Safe Reopening to respond in a timely manner to expressed needs in the initial survey and small groups
	Policy work groups (Jobs and Businesses, Vulnerable Populations, Economic Development, and Arts/Culture/Hospitality/Entertainment) of approximately 20 Task Force members with diverse perspectives articulated problem statements and most urgent priorities for the Task Force
August-October	Staff began drafting policy memos for priority recommendations
	Continued community engagement and sharing back with the Task Force
	Staff synthesized Task Force recommendations into integrated priority areas, shared community engagement learnings that included input from community subject matter experts, and drafted the Task Force Report.
	Task Force members and City stakeholders shared feedback on Report Draft
	Final Report published for final meeting (10/8/20)

To complement the diverse opinions of members, the Task Force sought out the perspectives of vulnerable and underrepresented populations through the Community Engagement and Listening (CEL) team. The CEL team's efforts amplified the voices of community members disproportionately impacted by COVID-19, bringing additional research and voices to the work of the Task Force.

Over a four-month period, over 1,000 public surveys and emails from San Franciscans and other stakeholders were received and used to inform the recommendations development process. The CEL team and partner City departments also initiated targeted stakeholder outreach to populations underrepresented in the public survey, including tenants from single residency occupancy buildings, restaurants in Chinatown (an area especially hit hard when COVID-19 initially emerged), the arts and entertainment community, immigrant communities, the disability community, and the Black/African American, Latino/a/x and Filipino/a/x communities. Over 40 hours of interviews and conversations, with nearly 100 community members, through formal focus groups and presentations at neighborhood-based meetings. In addition, there were public hearings and presentations at the Small Business Commission, Immigrant Rights Commission, the Commission on the Environment, and the Commission on the Status of Women.

Several common areas of concern emerged from these engagements:

- The community-based organizations that are crucial for small businesses, residents, and government alike are in economic danger and need support for recovery to be successful.
- Culturally responsive, timely, accessible, and concise information and guidance are needed for small business owners and residents, particularly those with language and technology barriers
- Limited digital literacy and old tools widen the digital divide for many vulnerable populations, including seniors, people with disabilities, parents and students, non-English monolingual speakers, and small business owners.
- Bureaucracy is even more burdensome at a time of great need. Program requirements are hard to navigate. Cutting red tape would allow San Franciscans to get the urgent support they need.
- Housing, specifically eviction prevention and housing the unhoused, continues to be a top priority for San Franciscans, including small business owners.

A focus of community engagement was to look at specific populations that were being disproportionately impacted by the pandemic. In addition to the themes noted above, the community engagement sessions provided the following highlighted guidance regarding implementation of Task Force recommendations:

- Engage early, continuously, and often with beneficiaries and vulnerable communities to design policies and programs that meet present challenges.
- Well-intended, rapidly deployed programs can create barriers that did not exist before COVID-19, particularly for the disability community. Consider unintended consequences.
- Culturally competent, in-language communications and solutions are essential.

Many additional ideas and sentiments on San Francisco's equitable economic recovery were relayed to the CEL team. See Appendix D for further details on the CEL process and input gathered.

WE WILL
BE BACK
SOON
BE SAFE,
BE KIND.

Policy Recommendations

The Task Force set out to identify practical, timely interventions to sustain businesses and protect vulnerable populations. Simultaneously, the Task Force sought to identify bold, creative solutions to address longstanding societal challenges and ultimately achieve greater racial and social equity.

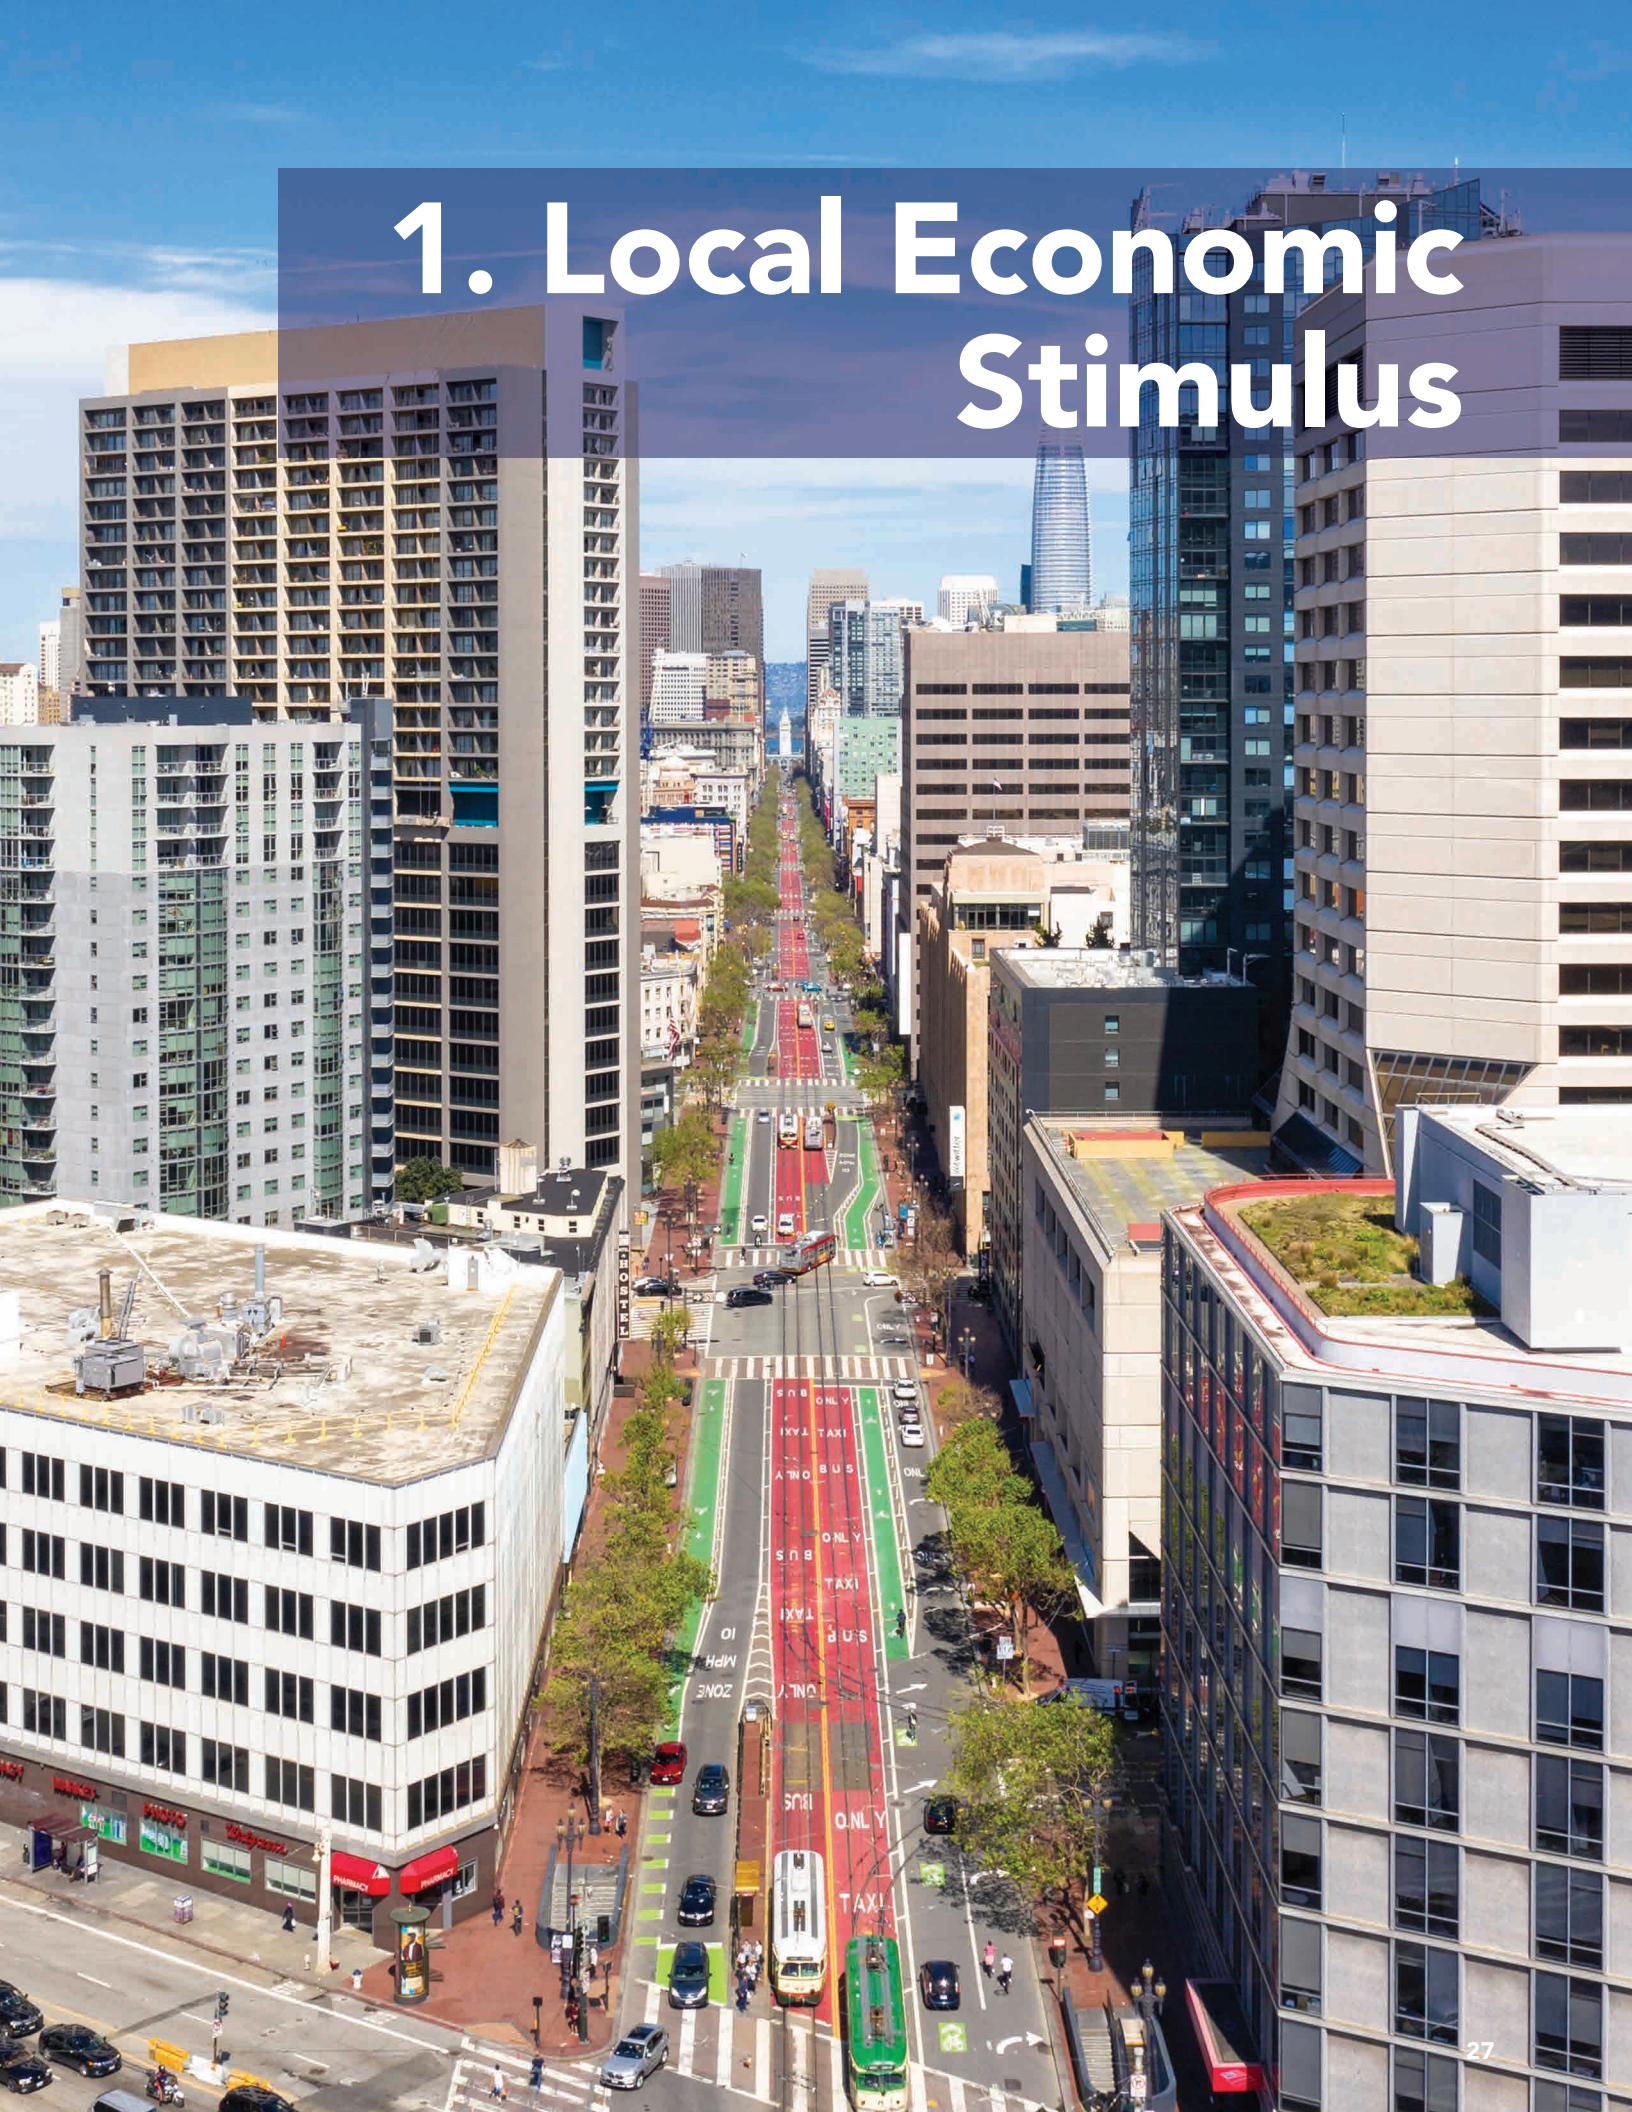

Informed by their own experiences and input from community engagement efforts, the Task Force prioritized strategies that address the need to protect small and medium businesses from collapse and support them with accurate, timely information; the need to focus on health, safety, wealth building, and opportunity creation for vulnerable populations; the need to promote housing and make it easier to adapt our spaces to changing circumstances; and the need to invest in the sectors that make San Francisco a desirable place to live and visit.

The ideas from the Task Force's four policy group sessions are organized into the following eight integrated categories:

1. **Local Economic Stimulus:** explore policies and investments that encourage economic development and activity in San Francisco, such as funding public infrastructure projects, streamlining permitting processes, advocacy for state and federal resources, and more
2. **Job Connections:** facilitate and improve connections to jobs and explore programs that hire local workers
3. **Promote Safe Reopening**: provide clear and accessible information to businesses and workers on reopening requirements and provide tools and strategies to keep workers, customers, and residents safe
4. **Preserve Operations and Lessen Regulatory Burdens:** create flexibility for businesses to operate and consider reducing or eliminating regulatory burdens
5. **Pursue Economic Justice:** narrow the wealth gap and bridge the digital divide for low-income residents and communities of color
6. **Invest in Housing:** incentivize the construction of affordable housing, an immediate and long-term need
7. **Meet the Basic Needs of the Vulnerable:** ensure San Franciscans have access to food, shelter, mental health, and other services
8. **Imagine and Build Stronger Neighborhoods:** activate and draw upon San Francisco's unique neighborhood and cultural assets

The Task Force recommendations to promote an equitable economic recovery range from short-term and concrete to longer-term and aspirational. Each recommendation includes one or more City departments that would lead implementation if sufficient resources are identified. The text in this section summarizes each of the recommendations with an issue statement and brief description of the recommendation. Full text of the recommendations and equity considerations for each can be found in Appendix E.

1. Local Economic Stimulus

1.1 Support the construction sector with public infrastructure investments and continued focus on major projects

Issue: Capital projects take years to plan and design, and interruptions to that pipeline can have long-term negative ripple effects. San Francisco has developed a strong capital planning practice for the City's public infrastructure, with an all-sources view, responsible fiscal constraints, and a robust general obligation bond program that has seen more than $5 billion approved by San Francisco voters since 2008. Typically a recession can lead to a slowdown in construction presenting an opportunity for countercyclical investment. Still, the uncertainty posed by the COVID-19 pandemic may make it more difficult to proceed with spending. The stakes for job loss in this industry are especially high, as each $1 million of construction spending translates to approximately 5.93 San Francisco jobs.

Recommendation: San Francisco's last 10-Year Capital Plan planned for $39 billion in investment over the period from 2020 to 2029. The City should continue to prioritize good stewardship of public assets as documented and recommended in the City's Capital Plan, which includes assets that deliver services for public safety, health and human services, recreation and culture, transportation, and general government, including IT infrastructure. In the upcoming Capital Plan update, the City should promote good state of repair for its buildings, right-of-way, public spaces, and other infrastructure assets with a variety of revenue sources, including but not limited to: general obligation bonds, General Fund debt, revenue bonds, and state and federal grants. The upcoming Capital Plan should also consider the extraordinary economic impacts of COVID-19 and aim to make a difference for San Francisco businesses, workers, and residents struggling through this crisis, such as investments to bridge the digital divide. In addition, the City should continue to focus on its major developments, such as the Shipyard, Mission Rock, Pier 70, Treasure Island, and Central SoMa, as these projects bring with them thousands of jobs and support for local business.

1.2 Redesign building permit processes and eliminate unnecessary permits not directly related to health and safety

Issue: The City's permitting process for construction is notoriously complex. Up to ten different departments can be involved in permitting, but no one department owns the entire customer experience. Lack of transparency around the permitting process has always been a challenge, and navigating the process requires resources, time, and money. Novices to the system find the process confusing and overwhelming, whereas those who are experienced understand the sequencing and how to tap into technical expertise. For small businesses in particular, this may hinder economic recovery. Task Force members are particularly concerned that the current permitting process, which has been impacted by COVID-19 and the need to shut down in-person services, will have cascading impacts on small business and construction trades, increasing unemployment in sectors that employ many with good wages.

Recommendation: To encourage as many businesses to open or expand as possible, keep businesses from migrating out of San Francisco, and encourage business growth and expansion, permitting agencies (such as the Department of Building Inspection (DBI), the Fire Department, the San Francisco Public Utilities Commission (SFPUC), and Planning) should implement programmatic and regulatory changes to redesign the permitting process for the end user, increase transparency, make the permitting process as easy and affordable as possible, and remove permitting and process requirements not directly related to health and safety. These changes could include:

> **"How can we expedite online training opportunities, can the city offer more technical assistance, so more residents can get to work sooner?"** ***Task Force member***

- Publish rates for all permit types and provide more clear information about the permit process and available support services to accelerate movement towards expansions and construction starts.
- Implement a fee holiday, a temporary reduction or elimination of permit fees designed to incentivize business owners, property owners, and developers to pull permits and undertake construction projects, thus creating jobs and stimulating economic growth.
- Expand the OEWD Open in SF Program to offer "concierge" services to help more businesses through the complex process. The Open in SF Program currently supports small food businesses through the permit process. The City could provide additional multilingual services perhaps through partnerships with community based organizations. It should be noted city provided concierge services would require significant additional staffing above current levels.

> **"Let's put our talented community to work."** ***Task Force member***

1.3 Allow developers to defer paying impact fees to stimulate development

Issue: Falling rents and sales prices, stubbornly high construction costs, and broad economic uncertainty have resulted in developers unable to secure financing for their projects and a slowdown in development projects breaking ground. Finding a way to bring development economics back in balance is critical to creating construction and end-user jobs, stimulating the economy, growing the tax base, and producing the residential, commercial, industrial, and retail space to accommodate a City that is likely to see long term population growth.

Recommendation: The components of development cost that the City has the most control over are impact fees, and the City has demonstrated in the past that it can take steps to make it easier to build by making changes to impact fees, such as the 2010-2013 impact fee deferral program or last year's fee waiver for 100% affordable housing projects and Accessory Dwelling Units (ADUs). The Planning Department should develop a time-limited program, based on the successful program that ran from 2010 to 2013, allowing for developers to defer paying impact fees until each project receives the first certificate of occupancy, at the end of construction. This would help developers secure financing on projects that would likely not be able to break ground and pay impact fees otherwise.

1.4 Make the Local Business Enterprise Program (LBE) more effective, equitable, and better suited to support the City's recovery

Issue: The Local Business Enterprise (LBE) program certifies small local businesses to participate in City contracts. Many of these local firms are owned by women, who are heavily represented in hard-hit sectors like personal services and child care, and people of color, many of whom reported challenges accessing PPP loans. The LBE program enables them to compete on a level playing field with larger firms and/or firms taking advantage of cheaper costs outside of San Francisco. Budget balancing needs create risk for these businesses, which are often based in and hire workers from communities adversely affected by COVID-19. Current program rules and practices are not yet fully optimized to meet the challenge posed by COVID-19 and the resulting economic downturn.

Recommendation: To ensure that the LBE program provides the greatest benefit to San Francisco's small businesses, the Office of the City Administrator should work to:

- Expand the San Francisco Community Investment Fund's Contractor Accelerated Payment Program to help LBE manage cashflow
- Ask the LBE Advisory Committee to adjust financial contract limits for LBEs to allow City Departments to set aside a greater number of contracts within the threshold amount to Micro LBEs
- Increase contracting opportunities for Micro and Small LBEs
- Fund a Disparity Study to ascertain what types of racial disparities exist in City contracting processes

1.5 Promote reactivation and consider adaptive reuse of buildings for a vibrant San Francisco

Issue: The future of work patterns is uncertain, and close attention is needed to understand which changes are temporary and which may be more long-lasting. COVID-19 has caused a sudden and dramatic decrease in demand for office, hotel, and retail space. As firms direct their employees to work from home and the economy contracts, the City will witness significant fluctuations in demand for large office buildings in the short term. As tourism and convention travelers coming to San Francisco has significantly decreased, the demand for hotel rooms have also plummeted. Similar impacts have occurred in the retail sector. At the same time, San Francisco faces a severe housing shortage, that has led to an affordability crisis, especially for low-income renters.

Recommendation: San Francisco should seek to preserve local businesses for both the jobs the revenues they deliver. If a COVID-19 vaccine or treatment is developed that allows for an economic recovery and a resumption of the pre-COVID space needs in San Francisco, this proposal may be of limited value. However, if there is a permanent decrease in office, retail, or hotel demand in the wake of the COVID-19 pandemic, the City should consider and, if advisable for the overall health of the local economy, incentivize re-purposing of existing buildings to uses needed for equitable economic recovery. Repurposing could pave the way for housing, production, distribution, and repair space, cultural and community development programs, or other uses. Any spaces adapted for housing have the potential to serve specific populations that may have different housing needs, such as artists.

Policymakers should also consider impacts from any future conversions. For example, conversions from hotel uses to any other use may result in a decrease in employment, specifically, many union jobs that are available to immigrants and people who speak English as a second language.

1.6 Advocate for federal and state funding

Issue: San Francisco will not be able to deliver on all the Task Force's recommendations on its own. The City needs support from the state and federal government, especially for larger investments and initiatives.

Recommendation: San Francisco should advocate at the state and federal level to support the recommendations of the Task Force in the following areas:

- **Commercial rent support/forgiveness:** funding for businesses to reduce evictions
- **Grants for businesses:** State and federal grants for businesses most impacted by the shelter-in-place like arts/nightlife/entertainment
- **Job training programs:** State and federal funding to provide job training to workers in industries hard hit by shelter-in-place
- **Rental assistance:** funding for renters or landlords to stave off an eviction crisis
- **Support for undocumented:** ensure undocumented immigrants benefit from state and federal programs
- **Health care for all:** health care should not be tied to employment considering huge loss in jobs during this pandemic and should include substance abuse treatment
- **Support for jailed and re-entering populations:** thoughtful transition planning for rehousing those that are reentering
- **Universal basic income:** provide dignity for all especially as the pandemic has decimated service industries and lower wage jobs
- **Internet for all:** funding to build a ubiquitous fiber-to-the-premises network to promote additional service competition to help ensure universal access to the Internet and help reach high-need groups
- **Food access:** continue and expand pandemic-linked benefits and waivers, and provide sufficient administrative funding
- **Fiscal support for local government:** to maintain the social safety net despite huge drop in tax revenue due to COVID-19
- **Debt relief:** relief for student and consumer debt

1.7 Partner with the business and philanthropic communities to deliver a strong and equitable recovery

Issue: The City understands that a great many businesses, especially small , minority-owned, and women-owned businesses, are struggling to survive and support their workers. Numerous local interventions like waived fees, grants, paid leave, and technical assistance have been and will continue to be priorities for public support. However, the resources to stabilize every business and worker would amount to more than the City alone can deliver. City leadership has already acknowledged the need for public-private partnership to address the pandemic and established eligible uses related to COVID-19 priorities in its Give2SF charitable fund. Of the $28.8 million received as of September 30, 2020, less than $500,000 remains unallocated. Difficulty accessing capital and wealth inequality remain barriers to recovery, especially in communities of color. The City will continue to prioritize the public health response to minimize future economic contractions, but partnership and investment are needed to help San Francisco achieve its long-term resilience and sustainability goals.

Recommendation: Identify opportunities for public-private partnerships that can help local businesses, workers, and residents recover in the short term and deliver economic strength and resilience in the long-term.

To mobilize philanthropic contributions to the highest local priorities, the Mayor's Office should work with the San Francisco Foundation, other major foundations, and donor-advised funds to build a campaign that would deliver continuity support to businesses most in danger of shuttering and workers and residents most in need as a result of the pandemic.

To help encourage access to capital for local businesses and entrepreneurs, the Mayor's Office should convene local financial leaders and public office holders to explore financial products and strategies that can help stabilize struggling businesses and incentivize new business to start. The geography of capital access should be taken into account. Public financing and neighborhood financial empowerment centers should be considered alongside options put forward from the private sector.

To build back better from this crisis and deliver a more equitable and resilient city, the Office of the City Administrator (Office of Resilience and Capital Planning) and Controller's Office (Office of Public Finance) should explore opportunities to finance resilience improvements through public-private partnerships, informed by the priorities published in the Hazards and Climate Resilience Plan, the 10-Year Capital Plan, and the Climate Action Plan. Areas of opportunity include citywide broadband, green infrastructure, seismic retrofits, and sea level rise mitigations and adaptations. The Business Council on Climate Change (BC3) and the San Francisco Department of the Environment are also helpful partners in identifying promising opportunities.

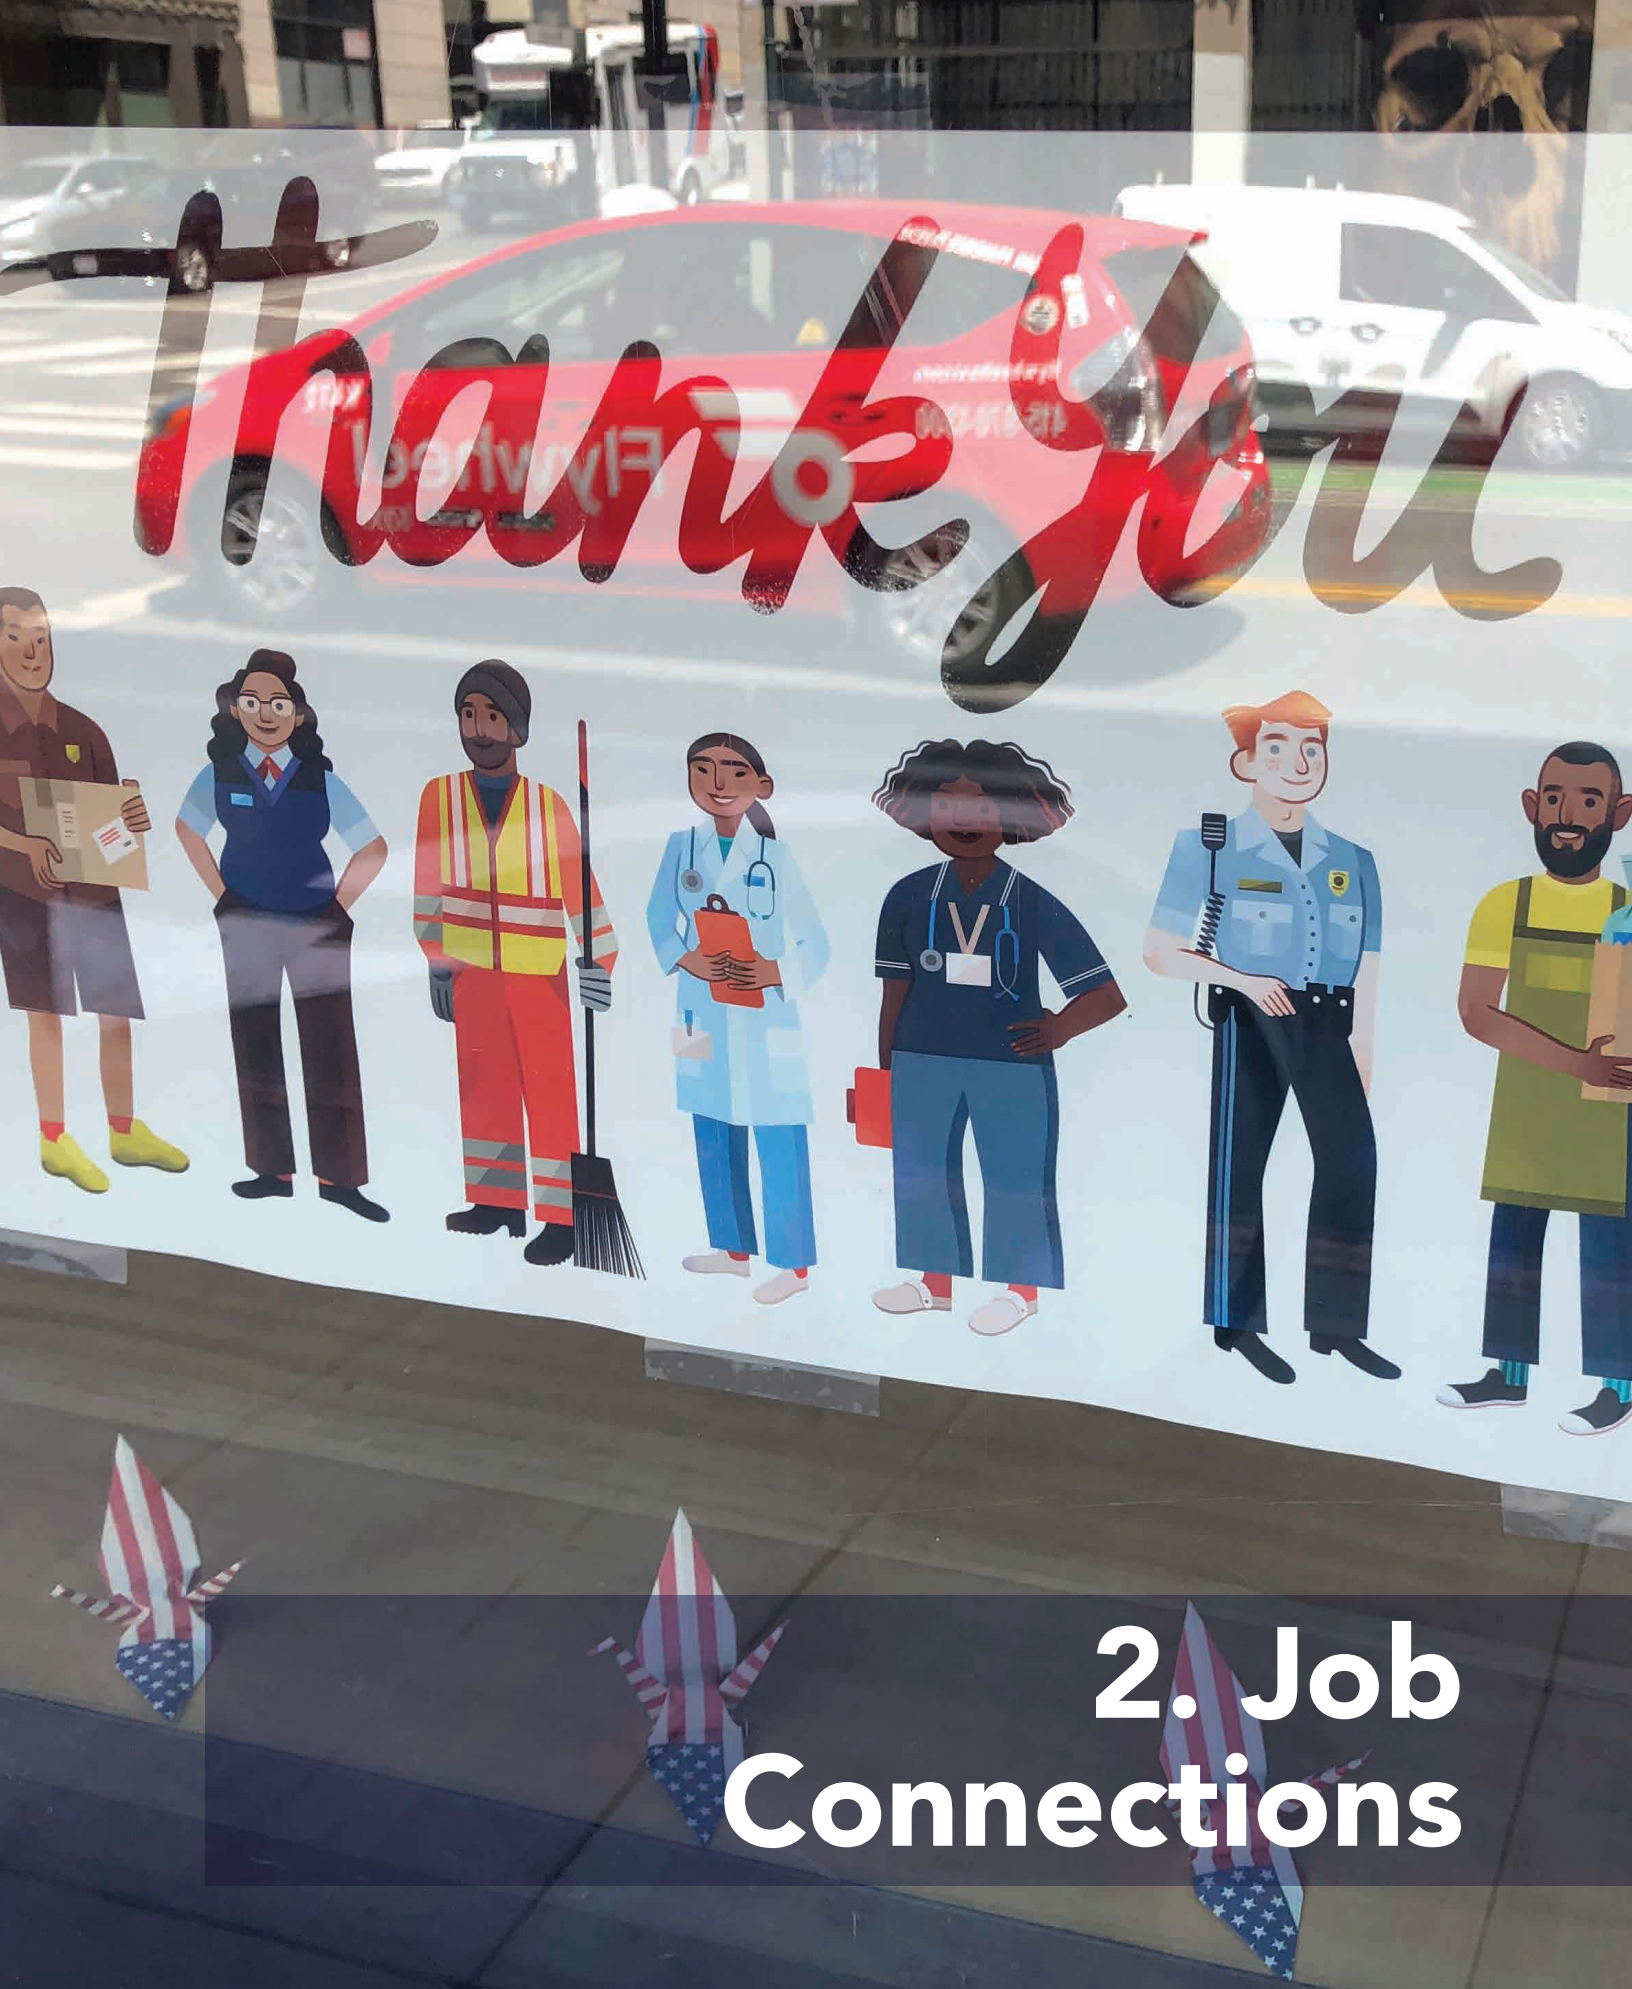

1.8 Create a child care system that meets the needs of families, educators, and the community

Issue: As San Francisco gets back to work, businesses and their workers need child care more than ever. While schools in San Francisco have remained closed, child care centers and family child care programs have been encouraged to remain open. Social distancing requirements have restricted most programs to just a portion of the number of children they served before the pandemic, exacerbating a child care shortage that was present well before COVID-19. Without any additional revenues, child care providers have had to reduce their hours and/or days to allow additional time for cleaning, purchase additional supplies, and modify existing spaces to comply with new regulations. Child care providers operated with narrow margins before COVID-19 and now face unsustainably increasing costs and decreasing revenues.

Current local, state and federal assistance falls short of serving all families who are eligible for child care subsidies. Many families who are not eligible for subsidies are heavily burdened by the cost of child care. Even with the high cost of tuition, educators subsidize the true cost of services with their low wages. By the time tuition fees are applied to all the expenses it takes to run a program, very little is available for the educators themselves. Local Proposition F, the Small Business and Economic Recovery Act, would make funds available for child care, among other priorities, but it would not single-handedly solve the funding need in this area.

Recommendation: During the phased-in process of reopening San Francisco's economy, child care providers will need financial support as temporarily reduced enrollments and enhanced healthy and safety procedures will reduce operating capacity. To adequately fund early childhood education and create a secure child care system, the Office of Early Care and Education (OECE) should coordinate with First 5 San Francisco, the Department of Children, Youth, and Families (DCYF), and OEWD to utilize future federal stimulus, future local revenue measure dollars, and/or Community Development Block Grant (CDBG) funds to:

- Provide flexible supplemental grant funds to daycare providers, building on existing Emergency Operating and COVID-19 Closure Grants.
- Provide low interest or forgivable loans to child care providers to expand their spaces or open up in new larger spaces that allow for social distancing and will increase daycare capacity in the long-term.
- Increase the Preschool for All program tuition credit amount and make it applicable for 3-year-olds.
- Increase the income eligibility for Early Learning Scholarship and expand the scope and amount of the Compensation and Retention Early Educator Stipend (CARES 2.0).
- Develop a workforce training program and job quality standards to address the shortage of qualified child care providers and early childhood educators.
- Provide realistic, clear, and consistent health and safety guidelines for operating child care and early education facilities (e.g. closure, social distancing, ratios) with training and assistance to child care providers to implement the guidance.
- Encourage businesses to provide child care solutions for employees, including stipends, on-site child care, referral services, and revising zoning ordinances.

2. Job Connections

2.1 Centralize the City's workforce development programs

Issue: The City of San Francisco currently implements 292 unique workforce development programs administered by 17 departments. These programs target a range of participants and run the gamut from light touch services focused on job readiness to intensive trainings to temporary placement in apprenticeships and paid work experiences. Chapter 30 of the Administrative Code established a Committee on Citywide Workforce Alignment in 2014, designating OEWD as responsible for tracking information about these programs and chairing the Committee, however the Committee sunset in 2019. The decentralized nature of these programs creates significant challenges for delivering effective workforce development services and facilitating access to appropriate services. Vulnerable communities, particularly communities of color, who have the least exposure to strong career pathways, face the most systemic impediments to accessing quality job opportunities. They have the least access to the time, technology, networks, and resources necessary to navigate a decentralized system. Systemic strain from COVID-19 will likely exacerbate existing limitations.

Recommendation: The City should re-constitute the Committee on Citywide Workforce Alignment to establish a comprehensive workforce development strategy, centralize the coordination of workforce development programs, and establish one point of information and entry for all of the City's workforce development programs. If state law changes to allow it, that strategy could include racial and gender considerations in public employment to promote hiring of Black, indigenous, and people of color (BIPOC) and other vulnerable community members.

2.2 Provide culturally competent, accessible job training with career connections for marginalized and laid-off workers, particularly ACHE sector workers

Issue: The unemployment impacts of COVID-19 have had an especially big impact on San Francisco's lower-income workers and those just entering the workforce, age 16 to 24. The ACHE sectors are expected to have a slower economic recovery than other sectors, leaving many workers without an opportunity to return to their job and/or industry in the near future. These sectors disproportionately employ women, people of color, and immigrants, and these jobseekers will need to connect to opportunities in different industries that may require new skills. Existing sector training and job placement focus may not fully address upcoming workforce development needs as the economic climate has dramatically shifted and will continue to do so.

Recommendation: To address the rapidly changing needs of San Francisco's workforce, especially those pivoting from the ACHE sectors, OEWD in partnership with other City departments that administer workforce programs, should provide jobseekers in-demand job training that connects directly to good paying sustainable career pathways with benefits:

- Create an overarching pandemic workforce plan in partnership with community, employers, and unions, similar to the California High Roads Training Partnership, to address San Francisco's specific community workforce needs and job market needs.
- Expand pre-apprenticeship training programs in construction and non-construction sectors.

- Create arts-focused employment and retraining programs that could include an "Arts Hub" online to connect ACHE sector works and organizations with job and training opportunities.
- Shift training programs to address skills needed for current, in-demand job opportunities, with attention to the quality of the jobs (living wage, benefits, and worker protections).
- Work with private industry to offer more paid training opportunities.
- Strategically deliver accessible training, allowing for both in-class learning that is safe for students and teachers, and online learning.
- Build out more union partnerships for training programs to provide baked in career pathways for well-paying jobs.
- Connect all new training programs to direct career opportunities upon program graduation, prioritizing the most marginalized.
- Target outreach and support services for disadvantaged communities to improve participation and completion of programs.
- Assess on an ongoing basis whether City employment programs are serving the current needs of San Francisco's employers and job seekers, particularly unemployed ACHE workers and vulnerable populations, and modify them as necessary to deliver culturally competent employment programs.

2.3 Strengthen implementation of the First Source Hiring policy

Issue: COVID-19 creates a job market that further disadvantages jobseekers with less experience in the job market and more barriers to employment, as over-qualified individuals compete for and fill jobs that might otherwise be available. Young people, age 16 to 24, who have had little time to acquire work experience will face long-term disadvantages due to the current job market.

Even before COVID-19, to redress the disadvantages immigrant, minority, female, disabled, young, and elderly workers face, the City enacted "First Source Hiring" and "Local Hire" legislation. Both of these ordinances required a preference be given to disadvantaged San Franciscans by businesses engaged with the City in different contexts. Local Hire legislation is specific to construction projects, and First Source largely focused on leases, contracts for goods or services, and conditional use zoning allowances. The two ordinances have significant differences in their requirements and implementation, leading to substantially different outcomes. For First Source obligated employers, as compared to Local Hire employers, there is a lower rate of hiring workforce system participants and less ability to capture and monitor hires and retention in employment over time.

The Board of Supervisors Budget and Legislative Analyst (BLA) has recently released a performance audit report on the City's workforce programs, including First Source Hiring and Local Hire. That document includes recommendations for improvements in the same space.

Recommendation: OEWD should work collaboratively to respond to the recommendations in the BLA's recent report, and as part of that effort, it should weave in the recommendations of the ERTF to improve First Source Hiring to ensure disadvantaged San Franciscans have access to job opportunities in San Francisco. Improvements should:

- Ensure that job opportunities are made available to disadvantaged San Franciscans
- Link graduates from training programs to relevant jobs in that field or industry
- More fully realize the potential outcomes from First Source Hiring

> **"As a small business owner, I try to make sure my employees feel safe. It's a very vulnerable and delicate situation. Even if you are an essential business, the staff still needs to feel safe."** ***Task Force member***

2.4 Expand subsidized employment and hiring program – JobsNOW! and arts-specific

Issue: Unemployment in San Francisco has increased by nearly 500% since February 2020. This financial strain is set to increase as Additional Pandemic Compensation for unemployment insurance benefits ended on July 31, some industries are slow to return to work, many businesses remain closed or at substantially reduced operations, and many workers are not yet connected to new job opportunities. Many of the individuals who are most impacted by the pandemic – minority, elderly, disabled, and low-income workers – are the same workers who held disproportionate unemployment rates prior to the COVID-19 pandemic.

To address the Great Recession, The Human Services Agency (HSA) launched the JobsNOW! subsidized employment program in 2009 as a Temporary Assistance for Needy Families (TANF) program component in the American Recovery & Reinvestment Act stimulus. The program aimed to assist local businesses, reduce unemployment, and put more dollars in to the economy. This program continues with TANF, state, and local funding. The program primarily serves individuals on CalWorks (TANF), General Assistance benefits, CalFresh (a program of the Supplemental Nutrition Assistance Program), public housing residents, foster youth, and justice-involved people.

Recommendation: HSA should expand the JobsNOW! subsidized employment program to have more lasting benefits for both workers and employers, create and advocate for employer incentives, and support more jobs.

The JobsNOW! expansion should:

- Provide more subsidized job opportunities
- Provide job opportunities with career pathways post-subsidized employment
- Encourage online application, enrollment, and job opportunities
- Lower barriers for small businesses and jobseekers to participate
- Extend outreach to unemployed people for greater awareness of job opportunities
- Focus on reaching communities that are the most vulnerable, especially those jobseekers with more than one marginalized identity
- Create/Advocate for local/state workforce employer tax credits

In addition to this JobsNOW! effort, OEWD, the Arts Commission, and the Office of the City Administrator (Grants for the Arts), should consider the needs of ACHE sector workers and work together to build a tailored employment program that stabilizes the creative economy, akin to the Creative Corps proposal submitted to the California Recovery Task Force.

3. Promote Safe Reopening

3.1 Provide clear, concise communication in multiple languages to diverse business sectors on reopening and recovery from COVID-19

Issue: Businesses, particularly small neighborhood businesses and nonprofits, need clear guidance and support from City government during this tumultuous time. Larger businesses and networks may have the in-house capacity to adapt business plans, apply for financial assistance, but even they need concise guidance from City government in today's rapidly evolving regulatory context.

Recommendation: A multi-pronged comprehensive communication campaign should be developed to provide clear, concise communication in multiple languages and to diverse business and nonprofit sectors on the following topics:

- Health and safety (how to keep employees and customers safe, required physical changes for health safety, etc.)
- City programs (like the use of outdoor space)
- City financial support (grants, loans, business tax deferrals, etc.)
- Connections to non-City government support (partnership opportunities, philanthropic opportunities)
- Connections to State and Federal financial assistance programs
- Technical support to guide small businesses through recovery processes
- Updates on economic and pandemic outlook, so that businesses can make projections

The COVID Command Center (CCC) should coordinate efforts from OEWD and departments that are involved in business permitting, regulation, inspections and grant-making and community partners with language and cultural capacity.

3.2 Remove barriers to obtaining PPE, testing, and tracing in low-income and communities of color

Issue: San Francisco's economy cannot recover from the COVID-19 crisis unless its residents can stay safe from infection. Adequate Personal Protective Equipment (PPE) and cleaning supplies are critical for keeping essential and frontline workers healthy. These supplies represent an on-going cost for businesses, nonprofits, and individuals, which can be burdensome when revenues and incomes have declined. In addition, supply chain issues mean that small businesses and individuals may have trouble accessing PPE at a reasonable cost.

Likewise, access to testing and tracing is critical to stopping the spread of COVID-19 and safely reopening the city. Testing that requires a doctor's note, an appointment, or travel to another neighborhood reduces accessibility for vulnerable populations and creates additional risk. Walk-up testing is especially in demand in Black/African American and Latino/a/x neighborhoods, including the Bayview, Fillmore, and Mission. People who have lost their jobs may have also lost their health insurance, making free testing even more important. Accessible testing is especially critical for essential and frontline workers, who are more likely to contract the disease and spread it to their households or colleagues. Contact tracing must be in language and culturally competent to be effective.

Recommendation: In order to ensure worker safety, easily accessible testing for people who must leave their home to work, and robust contact tracing in line with the City's equity priorities and California's recently released equity requirements for its tiered risk system, the COVID Command Center, in partnership with Public Health, should:

- Develop an overall strategy to reduce exposure and risk, including and especially for communities of color, to avoid a fragmented response.
- Continue to provide free or low-cost PPE to low-income individuals, community based-organizations, nonprofits, and small businesses.
- Continue to expand testing capacity, provide geographic equity, reduce wait times for appointments and results, and eliminate any barriers (testing should be free, available upon walk-up, and for asymptomatic people) through the joint effort of DPH, OEWD, the Human Rights Commission (HRC), Joint Information Center (JIC) Community Branch, and Neighborhood Emergency Response Team (NERT). This effort should build on the Mission Latino Task Force testing site to provide testing at trusted community organizations. Ideally testing should be made available close to worksites. As vaccines and/or treatments become available, ensure delivery sites for those are accessible and culturally responsive.
- Prepare and pre-train contact tracing resources so the City can nimbly flex up this work as needed if there is a surge in COVID-19 positive cases.
- Regionally coordinate contact tracing to prevent spread of COVID-19. Residents throughout the Bay Area commute to and from work from different counties.
- Expand essential worker ride home program to include transportation to testing sites.

3.3 Ensure safe work environments for all workers, especially low-income workers

Issue: The Centers for Disease Control and Prevention (CDC) describes "people at higher risk for severe illness" only along clinical parameters. This approach risks underinvestment in populations facing structural disparities in health outcomes that need greater resources in order to stay healthy.

DPH also identifies the following populations as higher risk for severe illness and death from COVID-19 due to structural inequities:

- Black/African American Community
- Latino/a/x Community
- Native Americans/Indigenous Community
- Pacific Islander Community
- Immigrants and undocumented people
- People with disabilities
- People experiencing homelessness

DPH identifies the following populations as higher risk because they experience conditions that facilitate the spread of infection of COVID-19:

- People living in high-density situations
- People with high-risk economic/work conditions
    - Essential workers who have extensive contact with the public (for example, food service workers)
    - People without paid sick leave and/or health insurance
    - Sex workers
    - Low-income people who must go out in public for resources frequently

BIPOC and low-income workers who have limited or no options to safely shelter-in-place creates risks for other members of their household, their workplaces and their communities. San Francisco must prioritize protection and safety for people with structural barriers to healthy outcomes. Without a safe work environment for the higher-risk populations listed above, COVID-19 will continue to spread and prevent San Francisco from recovering.

Recommendation: To reduce the COVID-19 infection rate amongst people who must work outside the home and their communities, the City should:

- Partner with community organizations to deliver PPE and educate business owners, nonprofit leaders, and workers on PPE, safety protocols, compliance, self-reporting, model sick leave policies, and what to do if you or your worker are exposed, feel symptoms, or test positive.
- Make sure COVID-19 response operations have strong site safety plans.

- Continue to fund the Right to Recover Program, which guarantees two weeks of paid wages to anyone who tests positive and doesn't have alternative access to income or benefits during their recovery period.
- Restore the High Risk Community Housing Program and provide culturally competent isolation housing to exposed low-income workers and in communities of color.

3.4 Support cleanliness, health, and safety in public spaces

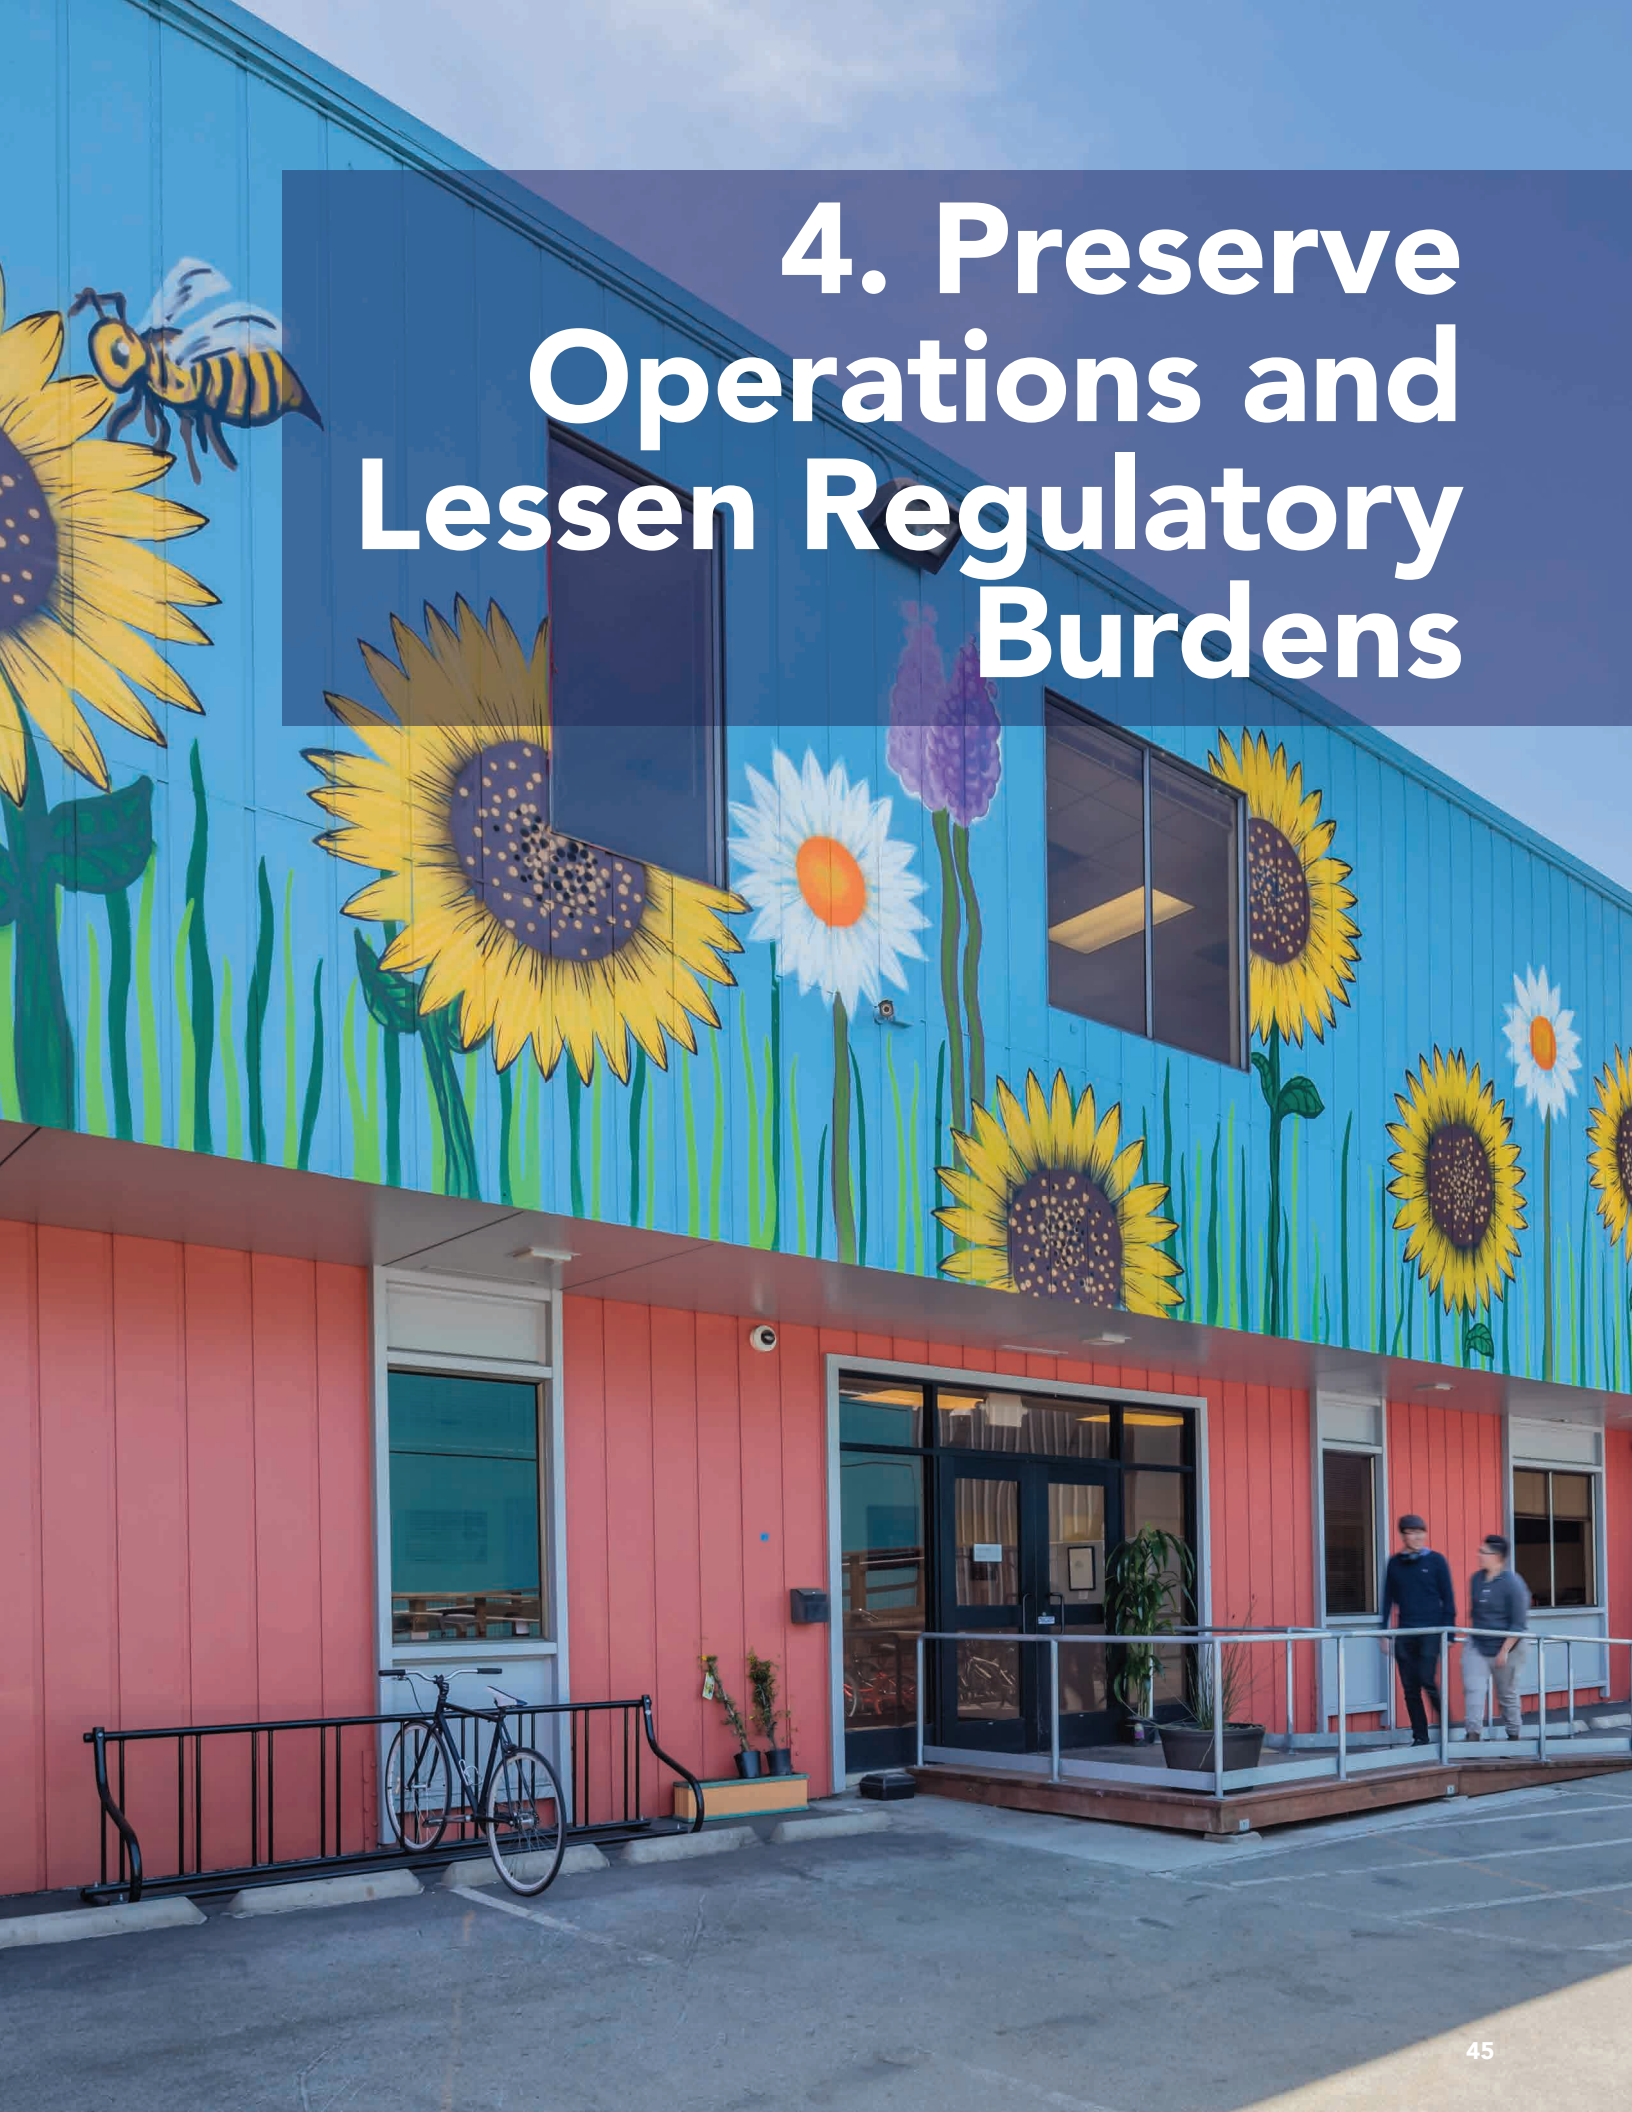

Issue: Unclean streets impact our residents, visitors, and businesses, creating real and perceived concerns around safety, health, and comfort. With outdoor dining and shopping options being the safest avenues for businesses activity during this time, clean streets and public spaces are more important than ever. For San Francisco's businesses and institutions to survive, residents and visitors must feel safe returning to our neighborhoods, commercial centers, and public spaces.

Recommendation: To improve cleanliness of spaces, neighborhoods, residents and businesses, Public Works (PW), OEWD, the Recreation and Parks Department (RPD), the Department of Public Health (DPH), Community Benefit Districts (CBDs), community-based organizations (CBOs) providing cleaning services, and merchant organizations in all neighborhoods should collaborate to:

- Create a systematic and aligned public health and cleanliness approach to street conditions that integrates public and private services so that all parties work as one team.
- Develop a campaign in partnership with tourism, business, and arts organizations to highlight San Francisco's clean and safe streets throughout its diverse neighborhoods in order to restore feelings of safety with the goal of increasing foot traffic.

In order to improve poor street conditions in a lasting way that truly delivers greater public health and safety, the City must invest in tackling the root causes of those conditions: the twin challenges of behavioral health disorders and homelessness. For strategies related to mental health and substance use disorders, see Recommendation 7.3. For strategies related to housing people experiencing homelessness, see Recommendation 7.4.

4. Preserve Operations and Lessen Regulatory Burdens

4.1 Extend, improve, and support the Shared Spaces Program

Issue: During COVID-19 many storefront businesses and restaurants are restricted from operating indoors or have customers who do not feel comfortable entering a storefront. Many businesses will rely on outdoor operations until indoor business is allowed by the government and is safe enough for the general public to feel comfortable. In a dense city like San Francisco, many businesses do not have access to private outdoor space, and in June 2020 the City created the Shared Spaces program. Shared Spaces makes public outdoor space like the sidewalk, parking lane, traffic lane, and other parks and plazas available for neighboring businesses to utilize for safe, socially distanced operations. There are no fees associated with a Shared Spaces permit. The addition of the Just Add Music (JAM) permit to the Shared Spaces Program, allows businesses to received permits for entertainment or amplified sound in an outdoor space. The goals of the program are to promote public health, help struggling businesses survive, and contribute to a vibrant street life on our commercial corridors.

The first few months of Shared Spaces have been a success, with over 1,600 total permit applications approved covering all supervisorial districts. However, the program has been unevenly adopted across San Francisco's neighborhoods.

Recommendation: The Shared Spaces team should improve the Shared Spaces program to make it more equitable, effective, and better poised to support the long-term economic recovery of San Francisco. City departments have already taken steps to further eliminate administrative or regulatory burdens of the program and have sufficiently simplified the application process. The Shared Spaces team should continue to seek ways to help businesses defray costs, and to support for artists and musicians to allow for more adaptive arts and entertainment uses. Further, the Shared Spaces program should be extended three years until December 31, 2023 so as to give businesses an incentive to make their spaces attractive, and give them certainty that the program will be a worthwhile investment.

The City should also promote the program's uptake in neighborhoods that have seen modest participation, such as the Excelsior, Bayview, and Visitacion Valley. To promote unimpeded accessibility in the pedestrian right-of-way, the City should encourage street closures and the use of parking spaces rather than sidewalks for Shared Spaces. The street closure process could be improved with a dedicated evaluation process, reevaluation of Shared Spaces staffing requirements, and accommodations for businesses with locations that make adjacent outdoor operation difficult or impossible. Shared Spaces also represents an opportunity to engage artists with communications, public art, design and construction of outdoor dining spaces, and/or temporary activation projects.

4.2 Repurpose public outdoor space

Issue: COVID-19 has shown the vulnerability of San Franciscans around food security and the need for local supply chains, especially for low-income communities. At the same time the highly contagious nature of the disease has created heightened demand for outdoor space as retrofitting indoor spaces for healthy airflow and occupation can be prohibitively expensive. It is important that the City maximize and optimize the use of public outdoor space in order to give more businesses and residents options to navigate and recover from this crisis. These outdoor spaces can be venues for diverse uses including arts and culture, recreation, business. In developing new uses for public open space, communities with little access to open space or lack of open space need to be considered.

Recommendation: City agencies including Planning, RPD, the Arts Commission and other asset-holding departments should reexamine the use of public outdoor space in San Francisco and facilitate any needed use changes to better support the City's goals of equity, resilience, environmental sustainability, and economic recovery.

4.3 Allow more flexible use of ground floor retail spaces

Issue: As of August 25, 2020, only 46% of San Francisco storefront businesses open at the start of the pandemic remained open, according to a survey from the San Francisco Chamber of Commerce. It is clear a significant number of retail businesses will not survive the pandemic, as partial and complete closures to protect public health reduce their in-person customer base and the preexisting challenges of e-commerce competition and regulatory complexity persist. San Francisco's commercial areas will need rapid and creative reactivation to attract customers, invigorate neighborhoods, and preserve San Francisco's standing as a global destination.

Recommendation: Planning should develop and propose a suite of changes to create flexibility for filling vacant ground floor retail spaces by allowing the broadest possible range of active uses, such as maker spaces, arts, culture, and community development programs and uses.

4.4 Rethink rules that restrict flexible/temporary arts, culture, hospitality and entertainment uses

Issue: San Francisco has a longstanding need for greater flexibility to support temporary activities inside storefronts and in public spaces. Challenges around permitting requirements, liquor licensing, and City-mandated costs imposed on temporary events can prevent existing business owners from adding pop-up events, food and drink, and arts performances to meet evolving consumer demands, and also obstruct entrepreneurs interested in activating underutilized or vacant space. In the context of the COVID-19 recovery, temporary activations will be an important means of boosting foot traffic, diversifying revenue streams, preventing displacement, and enabling community entrepreneurs, neighborhoods, and artists to showcase their creative enterprises. Current permitting and regulatory barriers make such activations challenging, especially the lengthy wait times for Conditional Use authorizations.

Recommendation: OEWD, the Arts Commission, and the Office of the City Administrator (Entertainment Commission), should conduct a comprehensive review of existing permitting and regulatory barriers that impact temporary arts and culture activations in public and private space. This review should include temporary use authorizations, amplified sound regulations, Police Code provisions, health permitting, zoning restrictions, liability insurance, liquor licensing rules, and other requirements that make temporarily activating space difficult and expensive. This effort should result in recommendations for legislative action and administrative change.

4.5 Provide advisory services for commercial landlords and tenants and explore other strategies to avoid foreclosures and evictions, particularly for ACHE sector assets

Issue: Many small businesses have had to close to comply with the shelter-in-place orders. These closures have resulted in no or low revenues for these small businesses while many of their fixed costs have remained the same. Even mortgage forbearance, eviction moratoriums, and rent deferrals may not prevent tenants from breaking leases or landlords from evicting tenants. In addition, landlords who manage their own properties may not have the resources for negotiation assistance, or they may need technical support. San Francisco's ACHE sectors especially have faced some of the most severe economic impact from the pandemic. Mandates restricting both the operation of businesses indoors and large congregations of people indoors, fundamental aspects of the ACHE sectors' operations, make it difficult for these entities to survive. The State has issued a an executive order allowing local jurisdictions to ban commercial evictions through March 2021 and San Francisco's commercial eviction moratorium currently expires November 2020, but attention is still needed to ensure that businesses can hang on once those protections expire. Meanwhile, the City should strive to help small and medium sized businesses with assistance that meets their needs in the short term.

Recommendation: To reduce permanent closures of small businesses, particularly businesses owned by or serving communities of color or disadvantaged populations, OEWD in collaboration with the Office of Small Business should provide landlords and tenants with supports such as advisory services from brokers or attorneys to help negotiate solutions that avoid foreclosures, evictions, and/or permanent closures. OEWD should pay attention particularly to struggling ACHE businesses, PDR business, and nonprofits and build on existing models such as the Nonprofit Sustainability Program, Loan Preparation Program, and the Legacy Business Program to help them survive. These efforts should prioritize businesses with protracted COVID-19 impacts and those that are led by BIPOC community members or serving those communities, and include extensive outreach to these communities.

4.6 Review employer mandates

Issue: San Francisco had a high cost of doing business before COVID-19, with many small businesses operating on slim margins. Since the pandemic, small businesses have come under significantly increased cost pressures due to reduced or no income during the shelter-in-place orders. The expenses of employer health care and other mandates have significant impacts on small businesses and nonprofits and may no longer be the best way to achieve San Francisco's health care policy goals.

Recommendation: The Board of Supervisors should explore reforming employer mandates while preserving local health care policy goals to ensure coverage and being mindful of the cost implications to local businesses.

5. Pursue Economic Justice

5.1 Invest in BIPOC and immigrant communities

Issue: Decades of structural discrimination in housing and employment has contributed to an intergenerational wealth gap between BIPOC and immigrant families and their white peers. These disparities have contributed to lower housing ownership rates, increased impacts from gentrification/displacement, and reduced employment opportunities. Before COVID-19, the Black/African American community was hardest hit by the Great Recession and the foreclosure crisis that came with it. In addition, BIPOC communities and immigrants are more likely to be working in industries decimated by COVID-19 or in jobs that cannot be done at home.

Another major factor affecting the wealth of Black/African American and immigrant communities especially is policing. Black/African American people have been subject to disproportionate arrests, use-of-force, and incarceration, and immigrant communities have faced targeted attacks from the Trump Administration. While there are numerous local programs that support Black/African American and immigrant populations, there is not an overarching systemic effort to reduce the wealth gap

Recommendation: HRC should coordinate and lead a program of reparative community investment that builds on current plans to redirect funds from the Police Department budget to address disparities in San Francisco's Black/African American communities. Understanding there is an existing HRC-led community process in place to program the $120 million reallocated from the Police Department in the current budget, the Task Force recommends investments targeted to Black/African American and immigrant communities in the following areas:

- Child care and early childhood education
- Expanded housing support to stay in San Francisco, including for transitional-age youth
- Mental health and behavioral health services
- Workforce development
- Subsidized employment and other income support, including arts and culture work
- Small business, commercial corridor, co-op, and entrepreneurship support
- Addressing the digital divide
- Expansion of financial services

In addition to these efforts, San Francisco should continue to prioritize programs and initiatives that address wealth disparities in communities of color and immigrant communities to foster an equitable recovery.

5.2 Ensure low-income school children have access to educational programming

Issue: To adapt to COVID-19, the San Francisco Unified School District (SFUSD) moved to distance learning in March and has started the school year in fall 2020 distanced as well. Existing racial and socioeconomic achievement gaps are expected to widen due to disparities in access to computers, home internet connections, the loss of direct instruction from teachers, and/or an inability to financially supplement SFUSD learning plans. Low-income parents are the most likely to report that their kids are doing little or no remote learning in San Francisco. The formation of "pandemic pods" amongst some families threatens to exacerbate this disparity. In response, DCYF will form Community Learning Hubs across the City to serve up to 6,000 SFUSD students with high risk of disengagement via distance learning.

Recommendation: With support from partners like RPD, Public Library, SFUSD, and CBOs, DCYF should make every effort to leverage Community Hubs to provide not just academic enrichment and technical support for up to 6,000 high-risk Learning Hub participants, but also services and supports to help bridge learning disparities. The City should seek resources to ensure the Hubs can mitigate learning loss for low-income students, students of color, and students with other challenges for distance learning at the desired level of service.

5.3 Reform fines and fees levied by San Francisco to reduce inequitable financial burdens on low-income people and communities of color

Issue: The imposition of fines and fees has a disproportionate impact on people with low-income and people from communities of color. Fines and fees can often snowball, turning a single missed payment into a lower credit score or a suspended driver's license.

While the Office of the Treasurer and Tax Collector (TTX) has done a lot of work over the last few years to reduce and eliminate these fees for those most vulnerable, there are still fines and fees that community groups and impacted individuals have identified as needing reforms.

Recommendation: City departments who levy fines and fees should pursue the following reforms to make them more equitable:

- Process Reforms
    - Conduct a biennial racial and economic equity review of all fines and fees through the Mayor's budget process.
    - Ease the administrative burden for departments to offer fine and fee discounts to low-income San Franciscans through use of HSA's income verification database.
    - Expand eligibility for existing fine and fee discounts.
    - Conduct outreach to ensure people know about fine and fee discounts available to them.

- Reform inequitable systems for lower-income people and communities of color
    - Reimagine our system of victim restitution to restore crime survivors and defendants in poverty.
    - Relieve the child support debt that low-income parents owe to the government.
- Transportation fines and fees
    - Ensure that ability to pay is not a barrier to riding transit.
    - Ensure that those who are vehicularly housed have access to services and opportunities for housing.
- Other Reforms
    - Reduce or eliminate onerous permit fees for sidewalk vendors and micro-entrepreneurs.
    - Decriminalize and reform quality of life citations that penalize people for their poverty.

5.4 Provide high-quality computers to vulnerable populations

Issue: Access to computers is more important than ever as many in-person services have moved online. San Franciscans need a computer to access applications for benefits, job opportunities, medical appointments, distance learning opportunities for children, and to prevent isolation for older adults. At the same time, shared computer labs normally available to public are not available for use.

The digital divide disproportionately impacts low-income residents, seniors, people with disabilities, and limited English proficiency. While the city currently has some efforts to distribute computers, current demand massively outstrips supply.

Recommendation: The Department of Technology (SFDT) and MOHCD (Office of Digital Equity) should develop a program to facilitate the donation of high-quality computers and related technology that local companies no longer need to be distributed to individuals in need. The program would develop a platform, standards, and distribution process for donated computers.

5.5 Bridge the digital divide with affordable connectivity and internet service

Issue: Just as San Franciscans need access to computers, they also need connectivity to the internet to weather and recover from the COVID-19 crisis. Numerous barriers exist that reinforce to create the digital divide, including affordability, digital literacy, and program accessibility. Many households that do not currently have broadband access would pursue access if provided with a price that was deemed as reasonable or feasible. As noted above, shared computer labs normally available to public are not available for use, and those without connectivity are disproportionately low-income residents, seniors, people with disabilities, and limited English proficiency.

Recommendation: SFDT should extend existing efforts to install fiber to very low, low, and moderate-income households at public housing and affordable housing locations. This would include dedicated annual funding to support the maximum feasible level of expansion on an annual basis. Related, SFPW and SFDT should consider ways to lower the cost of fiber installation, including streamlining the permit

process, to bring affordable connectivity to low-income households regardless of where they live in San Francisco.

Department of Homelessness and Supportive Housing (HSH) should expand existing efforts to deliver high-speed internet service at SROs.

San Francisco should advocate before the California Public Utilities Commission (CPUC) for the expansion of affordable internet service, including extending leniency programs with mobile carriers for low-income and other vulnerable residents who are unable to pay for their monthly service fee during the COVID-19 emergency. SFDT should also explore partnerships with internet service providers (ISPs) to build affordable internet options for more low-income and vulnerable communities.

5.6 Build technology capacity of new users, small businesses, and nonprofits

Issue: Many of San Francisco's most vulnerable residents lack basic digital literacy skills and require additional support to participate in digital society. Similarly, many small businesses and nonprofits need assistance to navigate unfamiliar technological waters as they seek to pivot their businesses models to survive reduced activity under safe reopening regulations. Without the ability to provide in-person support, alternative means are needed to support residents in finding services online and to support businesses and nonprofits in adjusting their operations.

Recommendation: MOHCD (Office of Digital Equity) should partner with digital literacy nonprofits to provide phone-based technology assistance for new technology users, small businesses, and nonprofits citywide.

6. Invest in Housing

6.1 Expand and stabilize affordable housing funding

Issue: Despite significant investments in production of new affordable housing, preservation of existing housing, and assistance and services for cost burdened renters, vulnerable renters, and those experiencing homelessness, San Francisco historically has not had sufficient funding to meet the affordable housing needs of residents. Revenue losses to the City may exacerbate this dynamic. Some affordable housing funding has come from time-limited sources that may not be renewed in the future.

As the traditional funding sources decrease, the City will need to explore new sources of funding that are stable, not time limited, and can be used to meet housing needs now and in the future.

Recommendation: MOHCD and HSH should expand the affordable housing funding agenda focused on advocating for increased federal recovery aid for housing, such as a revamped federal Neighborhood Stabilization Program. Following this, policymakers should work to identify additional ways to expand funding for affordable housing through taxes, fees, or other new sources.

6.2 Preserve and stabilize affordable multifamily rental housing and support small property owners

Issue: As COVID-19 has disrupted the economy, many tenants have been unable to pay rent due to loss of work, and some have chosen to relocate. Concurrently, some property owners have experienced a drop in revenue. Temporary measures have shielded tenants and property owners through eviction moratoriums and debt restructuring programs; however, more tenants face possible eviction from non-payment of rent. If debt forbearance ends, owners of multifamily rental properties could face foreclosure or increased financial pressure to sell to investors.

Recommendation: San Francisco should continue to pursue and expand investment in preservation, acquisitions, and stabilization loans for multifamily rental housing to help prevent a wave of eviction, displacement, and speculative property sales in vulnerable communities:

- Expand nonprofit acquisition of multifamily, rent-controlled properties, including single room occupancy (SRO) properties, that are occupied by lower income renters and preserve them as permanently affordable housing.
- Provide forgivable loans to small property owners of rent-controlled properties in exchange for rent forgiveness, focusing on owners of properties with 5 or fewer units who are facing loss of rent revenue and facing foreclosure or other financial challenges.

6.3 Support construction of small multifamily buildings

Issue: Housing unaffordability is one of San Francisco's greatest challenges. Continuing to pursue the City's housing goals calling for the construction of 5,000 new units of housing each year with at least one-third being affordable (a target that was difficult to achieve prior to COVID-19) will help more vulnerable residents stay in San Francisco. Most housing today is built in larger projects of over 50 units, on larger sites, by larger companies (often national and multinational), and typically funded by large banks and institutional investors. The COVID-19 economic crisis could mean that these large projects will stall due to a lack of available investment.

Recommendation: The Planning Department (Planning) should work with stakeholders to offset the projected reduction in large scale multi-family construction investment. The City should institute policy changes that encourage the development and construction of missing middle housing using alternative financing sources. These may include changes to zoning and the development process to allow for more multifamily construction in low density areas.

6.4 Streamline the housing entitlement process to incentivize affordable projects

Issue: Stabilizing housing costs in the long term will require increasing housing supply through consistent production of market rate and affordable housing. Advancing housing construction to increase housing affordability is one of San Francisco's top priorities, as shown through recent Executive Directives for departments to work collaboratively towards faster approvals for housing development projects (2017) and to accelerate the creation of Accessory Dwelling Units and clear the backlog of pending applications (2018), as well as the $600 million 2019 Affordable Housing general obligation bond. Existing efforts, including SB 35 and the State Density Bonus law have already helped streamline approximately 2,000 units in 100% affordable projects.

Even more process improvements will be needed in order for housing construction to recover. In San Francisco, nearly all entitlements are discretionary, meaning they could be denied or be subject to conditions by the Planning Commission even when they comply with zoning and require no special waiver or accommodation. As a result, entitlement can be a lengthy process with uncertain outcomes for developers. The time and risk involved in entitlement force housing developers to demand higher returns on investment, rendering certain projects financially infeasible and reducing the number of projects that are built, especially in economically challenging times such as the current period.

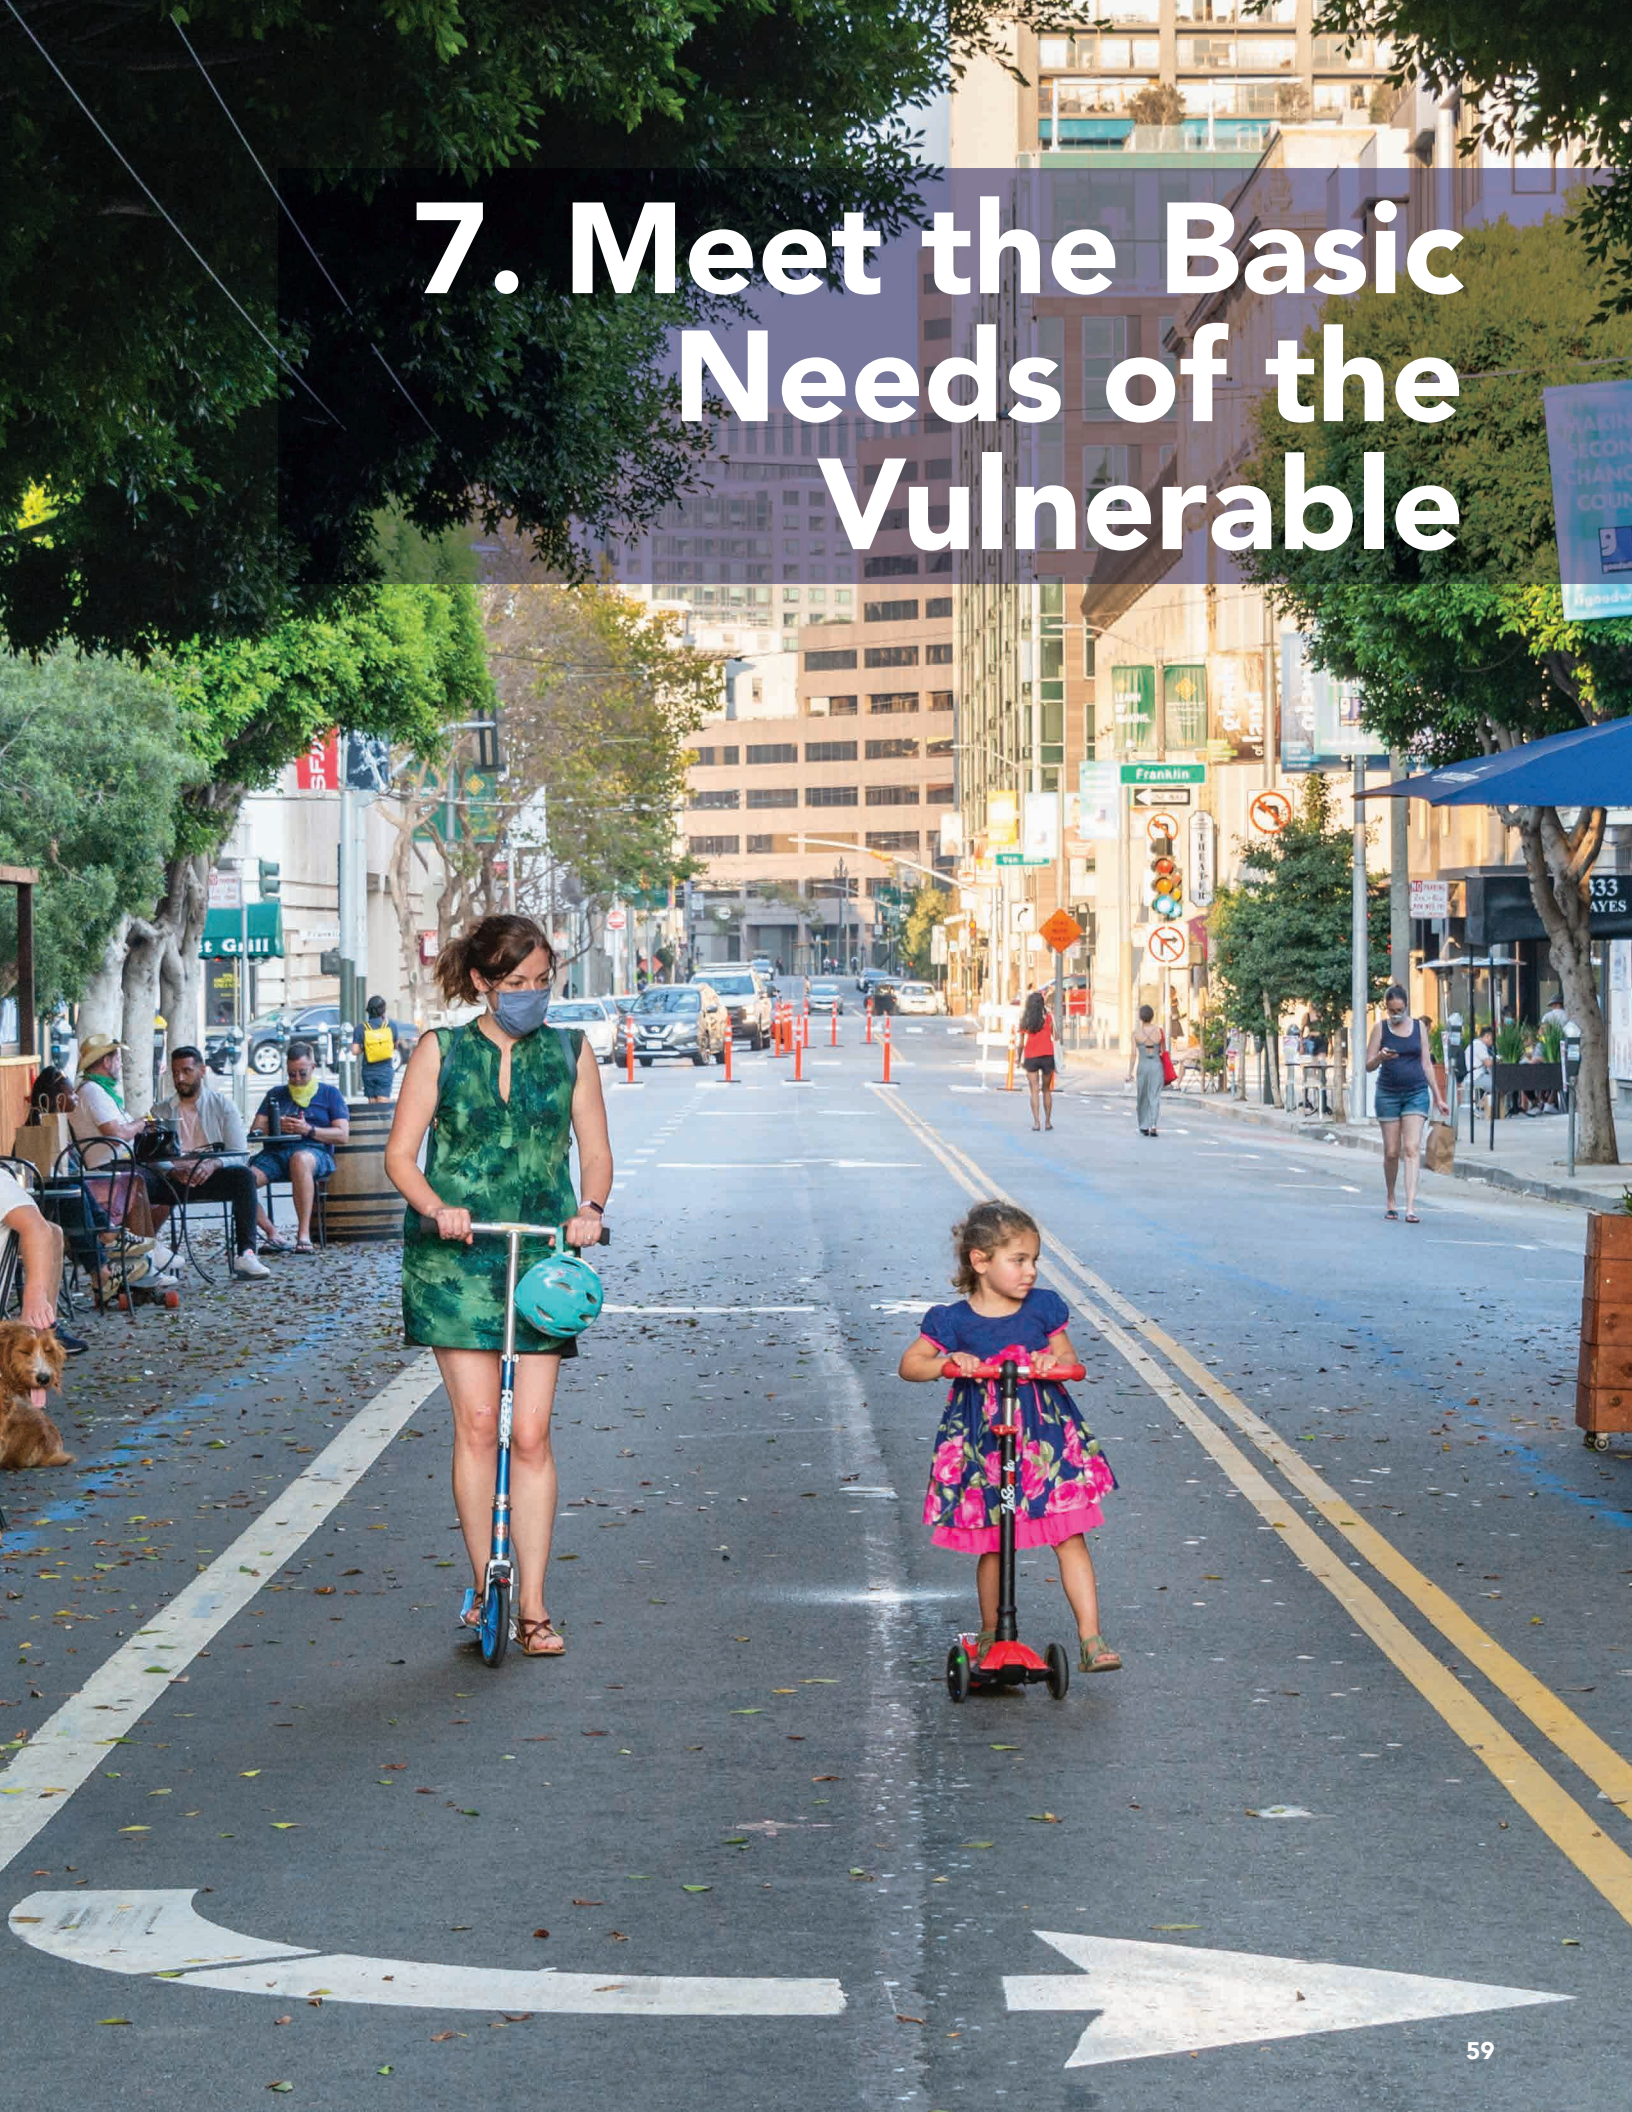

Recommendation: Planning should change the entitlement process to incentivize projects that are more likely to be affordable, especially ones that would deliver substantial numbers of new units:

- Adopt administrative review for qualifying projects that adhere to the zoning code, removing discretionary approvals for projects that are 100% affordable or for projects that exceed inclusionary housing requirements by 15%. This could also apply to HOME-SF (San Francisco's local density bonus program) projects.
- Adopt entitlement changes to support small multifamily projects of 4-10 units, which are often built by small local developers and have smaller profit margins.

- Refocus demolition restrictions more specifically on multifamily rental housing with regulatory restrictions such as rent control.
- Make it easier to transform a single-family home site as multifamily housing with 4 or more units when the existing home does not serve lower-income renters.

7. Meet the Basic Needs of the Vulnerable

7.1 Ensure adequate housing for family violence survivors and increase awareness of family violence issues during COVID-19

Issue: Social isolation, more time at home, decreased connections with teachers and service providers, and general stress and trauma have increased the likelihood of family violence in San Francisco during COVID-19. Amongst known victims, family violence (child abuse, domestic violence, and elder abuse) disproportionately impacts Black/African American and Latino/a/x communities, the elderly, and people with disabilities in San Francisco. Social distancing requirements mean there is less space in shelters even though the need is greater.

Recommendation: HSA should work with the Department on the Status of Women (DOSW) to ensure there is enough housing available for family violence survivors. This effort could include the use of COVID-19 hotel rooms or other types of emergency housing options, such as vouchers. Placements should include other supports such as mental health and legal support.

The City should also increase awareness of family violence issues during COVID-19 among providers. For example, DCYF should ensure nonprofit providers at Community Learning Hubs are informed about signs of family violence and can help connect children, youth, and their families experiencing issues to resources. For strategies related to increasing mental health services, see Recommendation 7.3.

7.2 Ensure all San Franciscans have adequate access to healthy food

Issue: Job losses have left individuals and families in San Francisco without resources to buy enough food. School closures have meant that children who normally receive meals at school instead eat at home. Over 29,000 children in San Francisco receive free or reduced-price meals at school (about half of all public school students). In addition, older adults and medically vulnerable people may need to self-isolate, making accessing food safely a challenge. Reduced public transit also makes getting groceries for seniors and disabled people more challenging. Grocery delivery services cost extra and may not be an option for low-income households. Congregate meal sites throughout the city have closed due to health orders requiring those most vulnerable to shelter-in-place. At the same time, restaurants face reduced demand and service restrictions while trying to stay afloat.

Recommendation: HSA should expand funding and maximize enrollment in existing programs that ensure vulnerable populations, including children, older adults, and medically vulnerable people, do not experience hunger or have to make the choice between groceries and other basic necessities. To improve local food security, the City should:

- Support expansion of existing feeding programs for older adults and adults with disabilities, including the Essential Trip Card.
- Fund programs that support food security for San Franciscans who do not qualify federally-funded food assistance programs because of their income, immigration status, or other reasons.
- Continue to advocate at the federal and state level for additional benefits, waivers and increased administrative funding.
- Use technology to ensure clients can successfully access and retain benefits using remote online/phone channels.

- Consider a new CalFresh media campaign targeted to underserved communities and increased outreach to seniors.
- Develop corporate partnerships to increase CalFresh purchasing power.
- Explore strategies to support a larger vision of seamlessly connecting San Franciscans to all public benefits to which they are eligible, especially programs that enhance food security.

The State of California has implemented the Great Plates Program to route assistance funds for meals support to local businesses to help meet multiple needs simultaneously. As of now, that program is set to expire on October 9. If it is not extended, the City should consider ways to support a similar effort, potentially through endorsement of existing grassroots channels.

7.3 Expand mental health and substance use disorder services

Issue: As a result of both the COVID-19 pandemic and the measures put in place to slow the spread of the virus, mental and behavioral health stressors have increased, especially for youth, SRO residents, and people experiencing homelessness. These stressors include increased social isolation, financial strain, the possibility of additional time spent in abusive home situations, decreased ability for connection with providers who may have been able to help intervene, and general stress and trauma associated with the pandemic itself.

As the City rises to meet these emerging mental health challenges, the City must also recommit to the significant and persistent mental health and substance abuse challenges for people experiencing homelessness. COVID-19 has led to an increase in homelessness in San Francisco due to limited shelter capacity for social distancing, the inability to stay with family or friends due to social distancing, and the economic crisis. As public health guidance requires that more business is conducted on the street and public spaces, there is a renewed need to ensure a safe environment for everyone and provide critical services to those in need. Though there are numerous agencies and organizations providing field-based services in San Francisco, there are shortages of specific services on the street.

Recommendation: To make more meaningful connections to mental health and substance use disorder services for people experiencing homelessness, youth and transitional age youth, older adults and adults with disabilities, DPH should work with partner agencies to:

- For children and youth, connect and expand existing efforts by building the capacity of teachers and providers and ensuring that behavioral health supports are available both virtually and where programming is occurring.
- For children, youth and their families, and older adults and adults with disabilities experiencing mental health issues as a result of COVID-19, connect them with culturally appropriate and accessible resources.
- Create a systematic and aligned public health approach to street conditions.
- Provide additional field-based behavioral health services for people experiencing homelessness. Street-based mental health and substance use services could offer a low-barrier, adaptive form of treatment that not only provides a much-needed service but acts as a doorway to the system for people who are disconnected.

- Provide additional safe spaces to build trust such as a managed alcohol program, drop-in respite, day programs, or other low-barrier programs offer the opportunity to build trust with clients and offer them a safe place to be.

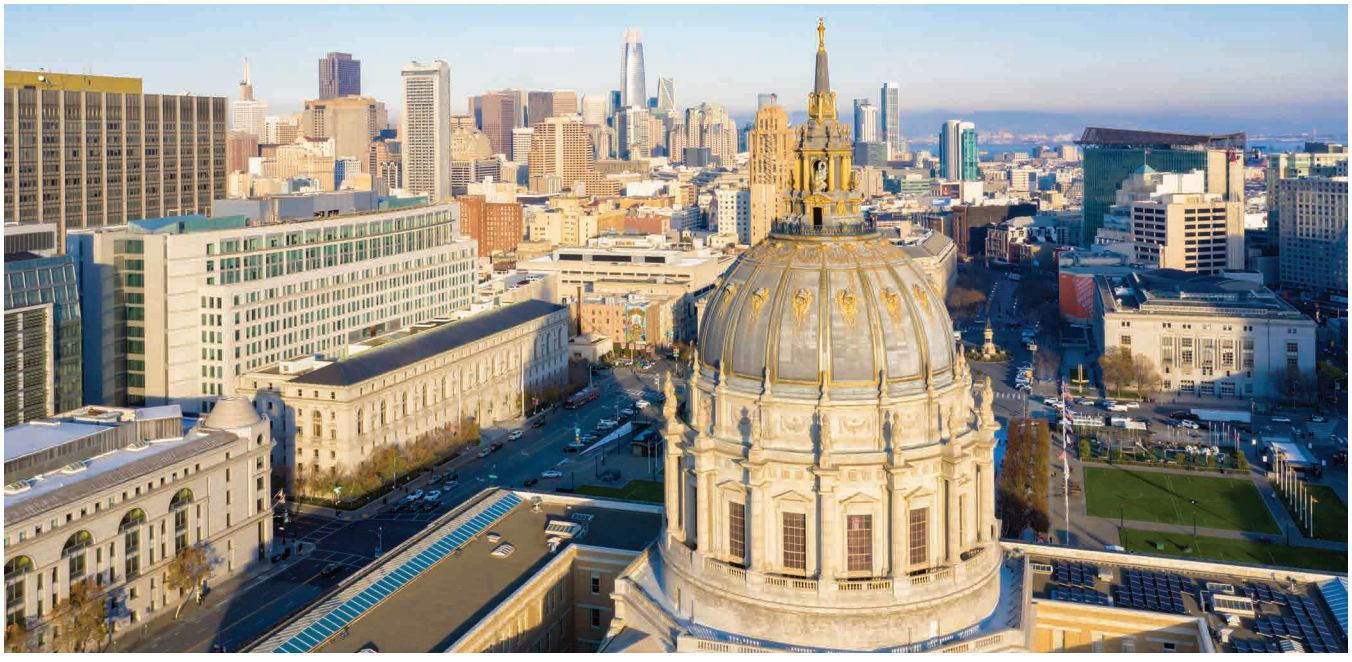

For strategies related to improving cleanliness of spaces, neighborhoods, residents and businesses, see Recommendation 3.4. For strategies related to housing people experiencing homelessness, see Recommendation 7.4. For strategies related to family violence, see Recommendation 7.1.

7.4 Acquire hotels and other buildings to be converted into permanent supportive housing for people experiencing homelessness

Issue: Though San Francisco leads the nation in the provision of Permanent Supportive Housing (PSH), there will always be greater demand than supply of housing assistance for people experiencing homelessness. COVID-19 has only exacerbated this trend, with shelters at limited capacity as they follow public health guidelines. While no formal count has been performed since the pandemic began, current street conditions point to a growing need for housing for people experiencing homelessness in San Francisco.

People experiencing homelessness are uniquely vulnerable to COVID-19 due to a lack of access to sanitation among other factors. This group sees an overrepresentation of Black/African American and LQBTQI individuals and persons with disabilities, some of our most vulnerable populations that need increased support.

Recommendation: HSH should increase the rate of building acquisitions (such as hotels and other buildings) for conversion to PSH units and pay attention to the accessibility of the units acquired. This could be facilitated through awards from the state's Homekey Grant Program and/or dispensation of one-time capital funds for acquisition and improvement of homeless service sites using funds from sources such as the recently unlocked Proposition C Our City, Our Home measure and future bond measures.

7.5 Prevent renter evictions and displacement

Issue: Housing in San Francisco is predominately composed of tenant renters, many of whom were rent burdened even before the impacts of the COVID-19 pandemic. With the current economic crisis, a higher proportion of residents will likely pay more than half their income on rent or resort to inadequate housing.

San Francisco, like many jurisdictions, is facing a looming wave of increased evictions and homelessness as emergency orders around unemployment benefits and eviction moratoriums expire. Currently, these stop-gap provisions push the date of any court proceedings related to evictions into the future but do not nullify them completely. There will be a high demand for eviction prevention services for San Francisco's residents as these provisions either sunset or are repealed.

Recommendation: MOHCD should scale up and expand San Francisco's community-based eviction prevention services to meet the scale of the need by working with our community partners to:

- Provide high-quality legal representation to tenants facing eviction that results in tenants staying in their home.
- Provide tenant counseling, education and outreach (including media campaigns) on their rights and responsibilities before and during the eviction notice stage.
- Intervene early in tenant-landlord disputes, so that these cases also do not end up in court.
- Provide rental assistance to resolve disputes.

8. Imagine and Build Stronger Neighborhoods

8.1 Plan collaboratively for San Francisco's resilient future and related investments

Issue: COVID-19 has spotlighted the need for a strong, clear vision for San Francisco's future. The City regularly delivers a Five-Year Financial Plan to layout planned investment strategies across public sources. In addition to this central financial planning document, various City departments and initiatives have developed or will soon complete targeted planning documents that point to a more resilient San Francisco. These include the 10-Year Capital Plan, the MTA's 20-Year Capital Plan, ConnectSF, updates to the Public Safety and Housing elements of the General Plan, the Hazards and Climate Resilience Plan, the Waterfront Plan, the Climate Action Plan, the Digital Equity Strategy, neighborhood Area Plans, and others. Transformative projects like the Embarcadero Seawall Program, the Muni F-train loop, largescale affordable housing construction, and citywide seismic and climate risk mitigation programs will help San Francisco build resilience to the city's most pressing hazards. It will require concerted effort to bring these plans together and use them to fuel expedient, coordinated investment.

Recommendation: The Mayor's Budget Office should update the Five-Year Financial Plan to in light of the COVID-19 crisis to reflect planned investments. Further, the City Administrator's Office (Resilience and Capital Planning) should work with the City's asset-owning departments, the Department of the Environment, the Mayor's Office of Housing and Community Development, and the Planning Department to articulate a program of public investment that can deliver priority resilience enhancement projects. The City's Capital Plan can hold the fiscal planning information for capital and should reflect how San Francisco has incorporated resilience planning into its anticipated infrastructure investments for the next 10 years.

8.2 Catalyze neighborhood recovery through the arts

Issue: Throughout the City, restaurants, museums, hotels, night clubs and retail stores are shuttered. Neighborhood commercial corridors are quiet. People who worked at these establishments are out of work. The arts sector can play a powerful role in centering communities of color and those who have been marginalized and excluded to create a more equitable future in our city.

Recommendation: For our commercial districts to re-open and become active destinations for residents and tourists, OEWD, the Arts Commission, Office of the City Administrator (Grants for the Arts), and Mayor's Office of Housing and Community Development (MOHCD) should work in partnership with the community to develop thoughtful and inclusive economic and activation plans that draw upon neighborhood assets. ACHE businesses and organizations can be invited to develop neighborhood-specific (culturally-specific, language-inclusive) campaigns and event production (when safe) to reinvigorate community spaces and community cohesion. Resources and assistance should be prioritized towards historically marginalized neighborhoods and people who have not benefitted from past economic growth.

8.3 Identify new revenue sources and support grant applications for arts, culture, hospitality, and entertainment funding

Issue: San Francisco's entertainment venues, arts nonprofit organizations, galleries, studios, restaurants, and hospitality establishments are in danger of long-term or permanent closure. Workers, organizations, and businesses in the ACHE sectors need financial support now and potentially through next year to prevent permanent closure and displacement.

Recommendation: To protect existing arts, culture, hospitality and entertainment assets the Arts Commission, the Office of the City Administrator (Grants for the Arts), OEWD, and MOHCD should actively engage philanthropy and the private sector to support the ACHE sector and leverage projects to bring together multiple funding streams where match is needed. In addition, these departments should increase access to City ACHE funding by reducing barriers in existing application processes and provide technical support for the ACHE sector to apply for relevant state and federal grants.

8.4 Appoint more arts, culture, hospitality, and entertainment sector representatives to advisory groups, and policy bodies

Issue: Artists and arts businesses and organizations have been among the hardest hit as a result of the COVID-19 pandemic, and the arts are essential to the economic, social, political, and cultural life of San Francisco. Artists and arts organizations are uniquely positioned to help create the conditions – public trust, social cohesion and connection, access to learning and engagement in new ways – that will be needed for economic recovery.

Recommendation: In order to rebuild a more equitable San Francisco, the Mayor, Board of Supervisors, City Administrator, and City departments (particularly the SFAC, Planning, OEWD, and MOHCD) should appoint more ACHE representatives to commissions, advisory committees, and other decision-making and policy bodies. In addition, embed ACHE experts into City departments and policy-development teams as either staff members or consultants.

Policy Recommendations Summary Table

The table below summarizes the Task Force recommendations and names a lead City department and timeframe for future implementation. Many of these recommendations would require interagency collaboration; the lead department here assigned shows the one most likely to be responsible for coordination. The timeframes are categorized at a high level: as short term and/or longer term duration as long as funding is available and allocated. Short term recommendations can likely be implemented within a year from when budget resources are appropriated and staff direction given. Longer term recommendations require more coordination and/or legislative or other policy changes, which typically take more than one year, or they require more money than can be reasonably expected in the short term.

Regarding implementation, some recommendations involve expanding or modifying existing programs while others will require new efforts, all subject to available resources. It is expected that departments leading implementation will need to engage with impacted populations to understand barriers, burdens, and opportunities to build on existing community assets. In their policy work groups, the Task Force members and staff noted the importance of meaningful community engagement.

An equity lens was used during recommendation development, which should be revisited and operationalized to achieve equitable outcomes. As a core principle of equity, communities and individuals should help design and inform the policies and programs that impact their lives.

Policy Recommendations Summary

Policy Recommendations	Dept Lead	Timeframe
1. Local Economic Stimulus		
1.1 Invest in public infrastructure and support major projects	ADM	Short and longer term
1.2 Redesign building permit process	DBI	Longer term
1.3 Defer impact fee payments	Planning	Short term
1.4 Strenghten Local Business Enterprise (LBE) program	ADM	Short term
1.5 Promote reactivation and consider adaptive reuse buildings	Planning	Longer term
1.6 Advocate for federal and state funding	MYR	Short and longer term
1.7 Partner with business and philanthropic communities	MYR	Short and longer term
1.8 Create accessible, affordable child care system	OECE	Longer term
2. Job Connections		
2.1 Centralize City workforce development programs	OEWD	Short term
2.2 Provide culturally competent, accessible job training	OEWD	Short term
2.3 Strengthen implementation of First Source Hiring	ADM	Longer term
2.4 Expand subsidized employment and hiring	HSA, OEWD	Short term

3. Promote Safe Reopening		
3.1 Provide clear, concise, in-language communications	OEWD	Short term
3.2 Remove barriers to PPE, testing, and tracing	JIC	Short term
3.3 Ensure safe work environments for all	DPH	Short term
3.4 Support cleanliness, health, and safety in public space (see also recommendations 7.3 and 7.4)	Various	Short and longer term
4. Preserve Operations and Lessen Regulatory Burdens		
4.1 Extend Shared Spaces Program	OEWD	Short term
4.2 Repurpose public outdoor space	Varies	Longer term
4.3 Allow more flexible use of ground floor retail	Planning	Longer term
4.4 Rethink rules that restrict flexible/temporary uses	OEWD	Short and longer term
4.5 Provide advisory services and other supports to avoid evictions and foreclosures	OEWD	Short term
4.6 Review employer mandates	BOS	Longer term
5. Pursue Economic Justice		
5.1 Invest in BIPOC communities	HRC	Short and longer term
5.2 Ensure access to educational programming	DCYF	Short term
5.3 Reform fines and fees levied by the City	TTX	Short term
5.4 Provide high-quality computers to vulnerable populations	MOHCD	Short term
5.5 Provide affordable connectivity and internet service	SFDT	Short and longer term
5.6 Build technology capacity	MOHCD	Short term

6. Invest in Housing		
6.1 Expand and stabilize affordable housing funding	MOHCD	Longer term
6.2 Ensure sufficient affordable multifamily rental housing and support small property owners	MOHCD	Short and longer term
6.3 Support construction of small multifamily buildings	Planning	Short term
6.4 Streamline the housing entitlement process	Planning	Longer term
7. Meet the Basic Needs of the Vulnerable		
7.1 Ensure adequate housing for family violence survivors and increase awareness	HSA	Short term
7.2 Ensure all San Franciscans have adequate access to food	HSA	Short and longer term
7.3 Expand mental health and substance use disorder services	DPH	Longer term
7.4 Acquire sites for permanent supportive housing and ensure accessibility	HSH	Short and longer term
7.5 Prevent renter evictions and displacement	MOHCD	Short term
8. Imagine and Build Stronger Neighborhoods		
8.1 Plan for San Francisco's resilient future	Planning, ADM	Short and longer term
8.2 Catalyze neighborhood recovery through the arts	OEWD	Short and longer term
8.3 Identify new arts revenue sources and support grants	SFAC, ADM	Short and longer term
8.4 Appoint more ACHE sector representatives to advisory groups and policy bodies	Varies	Longer term

Additional Policy Ideas

The 41 strategies listed above in the report reflect ideas that heard in the policy groups, inflected by the Task Force's community engagement and listening, feedback from ERTF members, and insights from the Co-Chairs. There were additional ideas raised by Task Force members outside of the Policy Groups' prioritization processes, either in Policy Group discussions or in feedback on the draft report. Acknowledging the extraordinarily challenging road to recovery ahead, those ideas are documented below for future exploration. As the COVID-19 pandemic continues to evolve over time, some of the ideas listed here may become higher priority. At such a time, further research and analysis can be conducted to flesh out these policy ideas.

- Through the City's existing transportation recovery efforts, prioritize the importance of transportation to bring back suspended Muni lines as soon as safely and fiscally possible, and support transportation and taxi workers in recovery.
- Extend existing entitlements by three years to increase feasibility of currently planned projects.
- As public health interests allow, make Moscone Center competitive during recovery by exploring financial incentives to reduce rental fees and food and beverage costs for newly booked groups.
- Renew the Tourism Improvement District and explore the feasibility of an increase to the assessment to create an incentive fund for future business at Moscone.
- Consider offering reduced/free parking for a limited time to help encourage regional visitors to San Francisco.
- Build a domestic aviation development and marketing effort at SFO and to continue and expand the International Air Carrier Incentive Program.
- Explore a citywide fiber network to ensure that businesses and residents have the modern connectivity needed to participate in the economy of the future.
- Invest in worker cooperatives, incubators, and entrepreneurship funds, keeping in mind not everyone has ready access to commercial space.
- Create a debt cancellation fund.
- Consider ways to secure access to affordable, broadly available COVID rapid tests that can be self-administered.
- Support community-building with community center programs and drop-in hours.
- Expand eligibility for HealthySF.
- Develop and implement a Wellness Recovery Plan.
- Prioritize affordable housing lottery spots for those most affected by COVID-19.
- Provide deeper affordability in new housing developments.
- Offer safe sleeping sites for people experiencing homelessness.
- Land bank development sites for future affordable housing development.
- Support modular housing and further evaluate the possibility of building a modular factory in San Francisco.
- Better understand why some vulnerable persons refuse services through a survey.
- Support policies that create or retain space for ACHE enterprises in new real estate developments.
- Match architects, interior designers, and landscape designers with businesses that need to reconfigure space for safe operations.

Looking Ahead

The San Francisco Economic Recovery Task Force convened over 100 leaders and community representatives from across the city to guide recovery efforts during the COVID-19 health crisis. Community input from surveys, focus groups, interviews, and public meetings was also sought throughout the process. The Task Force called for San Francisco to support existing businesses, workers, and jobseekers; address the basic and financial needs of the most vulnerable; and ensure San Francisco's residential, commercial, and public spaces can serve the uses needed in recovery.

The COVID-19 crisis presents an opportunity to rebuild San Francisco's economy and address many of the inequalities that San Francisco faced before COVID-19, particularly with regard to investment, wealth-building, and service delivery. Given the profound and long-lasting impact of the COVID-19 crisis, economic recovery—and recovery broadly speaking—will be the work of San Francisco's government, businesses, nonprofits, communities, and residents for the foreseeable future. The recommendations here published will inform that work and help set San Francisco on a course for an equitable and holistic recovery.

From the outset of the Task Force, it was clear that recovery from this crisis would demand new ways of thinking about the local economy, civic spaces, job creation and business development programs, urban planning, and public-private partnerships. Even from the beginning of the Task Force to the publication of this report, how San Francisco is dealing with the pandemic has adjusted focus several times, oscillating between nodes of crisis response and recovery groundwork, all while adapting to a frequently changing regulatory environment and keeping attention on the most vulnerable. Until the pandemic itself has a long-term solution, these dynamics in economic recovery planning will likely continue.

The work of economic recovery will be ongoing. There are challenges to come for which new, additional strategies will be needed, to make it as easy and fast as possible to bring back and start new businesses to revive the city's commercial corridors post-pandemic, for example. Though the post-COVID future has yet to come into focus, San Francisco's principles and values will surely inform the visioning, response, and recovery work ahead. The City and its partners will draw from this report, community engagement, and the work of parallel bodies addressing homelessness, child care, essential government services, and mobility. These efforts will complement ongoing resilience planning recently completed or underway—the greenhouse gas reduction targets of the Climate Action Plan and the all-hazards mitigation strategies of the Hazards and Climate Resilience Plan, the construction program laid out in the 10-Year Capital Plan and MTA's 20-Year Capital Plan, and the service delivery improvements of the Racial Equity Plan—to build a path towards a sustainable, resilient, and equitable future for San Francisco's workers, businesses, and residents.

Glossary

ADM	Office of the City Administrator
ACHE	Arts, Culture, Hospitality, and Entertainment
BIPOC	Black, Indigenous, and People of Color
CBD	Community Benefit District
CBO	Community Based Organization
CDC	Centers for Disease Control and Prevention

Report on Accidental Overdose Deaths - January to August, 2020

Dear Mayor Breed, President Yee and Dr. Colfax,

The enclosed report provides preliminary data of accidental overdose deaths in San Francisco within the first eight months of 2020. We trust this report adheres to the mandate and spirit of providing timely information for drug harm strategies. These results are strictly preliminary as of testing to September 25, 2020, and are subject to change as the OCME finalizes the manner and cause of each death.

Pertinent for accurate use of this report is to understand the source of the data and its subsequent process of summarization. Decedent demographic and case information was obtained from the OCME case management system. Additionally, specific details from investigator narratives, forensic toxicology results and, where available, preliminary autopsy findings, were utilized. Collected demographic information included race, gender, age, fixed address status, zip code of residence, and zip code of death location.

Due to their significance in accidental overdose deaths, the reported drugs of interest were specific to fentanyl, heroin, medicinal opioids, methamphetamine and cocaine. Their detection in blood was captured to best determine their relevance in each respective case. Medicinal opioid positive cases required the presence of morphine, hydromorphone, oxymorphone, codeine, hydrocodone, oxycodone, buprenorphine, tramadol, and/or methadone. Heroin determination was more closely evaluated, requiring the presence of specific heroin markers in blood or urine, expected morphine to codeine ratios, and/or case details consistent with heroin use.

Subject to the nature of the preliminary reporting described above, this report is not intended to replace other death statistics within the City that consider finalized death certificates only.

Sincerely,

Luke N. Rodda, Ph.D.
Chief Forensic Toxicologist and Director, Forensic Laboratory Division

Accidental Overdoses by Day of Death

"Acc. Overdoses Open" cases do not have a final cause and manner of death classification; "Acc. Overdoses Closed" cases have a final cause and manner of death classification.
"No fixed address" denotes community members who may be experiencing homelessness.
"Residence" denotes address where decedent lived; "Location of Death" denotes the location where death was declared. For "Residence" and "Location of Death", the 4 most affected neighborhoods are represented, the "Others" category refers to all other zip codes within the City and County of San Francisco and any of out county residences.
"Gender" refers to gender at time of death.
"Total Deaths" denotes Accidental Overdoses where one or more drugs contribute to the cause of death; however, every point for each drug series is inclusive, but not necessarily exclusive, of that drug. "Total deaths" represents all accidental overdoses including ones for drugs not specified above.

FROM: Jay Huish
Executive Director

SUBJECT: **NOTICE OF RETIREMENT BOARD ELECTION**

A Retirement Board seat will become vacant at the end of a term of office on February 20, 2021.

Under the Charter and the San Francisco Administrative Code, whenever the term of office of an elected Retirement Board member expires, an election is held to fill the expected vacancy. The Retirement Board announced the upcoming vacancy at its July 8, 2020 meeting. The election will be held during the period from Monday, January 18, 2021 to Friday, February 5, 2021.

For your information and guidance, a "Notice of Retirement Board Election" is enclosed. Please post this notice in a conspicuous place in each of your worksites or locations. We seek widespread distribution so employees/retirees may be notified of the forthcoming election.

Please note that the period for nominations is from Monday, October 19, 2020 to Friday, November 13, 2020.

Your cooperation is appreciated. If you have any questions, please feel free to call Darlene Armanino at (415) 487-7012.

NOTICE

PLEASE POST **PLEASE POST**

RETIREMENT BOARD ELECTION

To all active and retired members of the San Francisco City and County Employees' Retirement System ("Retirement System"): Please take notice that the term of one of the three elected members of the Retirement Board will expire on February 20, 2021. In accordance with Administrative Code Sections 16.550-16.565, an election will be held to fill the vacancy.

WHO IS ELIGIBLE TO RUN

Any active or retired member of the Retirement System is eligible to run to serve as a trustee of the Retirement Board.

NOMINATIONS OCTOBER 19, 2020 TO NOVEMBER 13, 2020

All candidates to serve as a trustee of the Retirement Board must be nominated in writing by at least twenty individuals who are members of the Retirement System. All nominations must be on an official nomination form obtained from the Retirement System. Members nominated must verify that they accept the nomination and agree to serve if elected. Nominees must also submit financial disclosure forms. Nomination forms, including nominees' written acceptances and disclosures, must be received by the Retirement System no later than 5:00 p.m. on Monday, November 30, 2020:

San Francisco Employees' Retirement System
1145 Market Street, 5th Floor
San Francisco, CA 94103
Attention: Retirement Board Election

Nomination forms are available by contacting Darlene Armanino at (415) 487-7012.

After the Retirement System verifies the eligibility of each nominee and each of their nominators, and no later than 5:00 p.m. on Friday, December 4, 2020, the Retirement System will send all completed nominations forms to the Department of Elections.

WHO IS ELIGIBLE TO VOTE

All active and retired members of the Retirement System are eligible to vote.

ELECTION JANUARY 18, 2021 TO FEBRUARY 5, 2021

No later than Monday, December 21, 2020 the Department of Elections will prepare the ballots and voting packets for delivery. The voting packets will be mailed to the address provided by SFERS for each active and retired member by December 21, 2020. Each voting packet will contain the official ballot; a pamphlet containing a sample ballot, voting instructions, and candidates' statements; and a return ballot envelope. Each member

NOTICE

PLEASE POST **PLEASE POST**

votes in accordance with the instructions, placing the voted ballot inside the return ballot envelope, and sealing and signing the return ballot envelope. **Failure to sign the exterior of the return envelope invalidates the ballot.** If a voter loses or spoils their official ballot, the vote may request a second ballot by contacting the Department of Elections. Packets returned undeliverable by the United States Postal Service will be forwarded by the Department of Elections to the addressee's departmental Election Officer by Friday, January 8, 2021, via inter-office mail. Any voting packet that cannot be delivered by the departmental Election Officer must be returned to the Department of Elections.

DELIVERY OF VOTED BALLOTS

The **VOTED BALLOT MUST BE RECEIVED BY THE DEPARTMENT OF ELECTIONS** no later than **5:00 p.m., Friday, February 5, 2021.** Voted ballots can be delivered via:

1. The member's departmental Election Officer
2. U.S. Postal Service (sufficient postage required)
3. Personally to the Department of Elections

The Department of Elections is located at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 48.

PROCESSING AND COUNTING OF BALLOTS

Beginning at 8:00 a.m., Friday, February 12, 2021, at the Department of Elections located at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 48, San Francisco, the sealed envelopes containing the ballots will be opened in the presence of witnesses and ballots canvassed publicly in such manner that the identity of the individual casting any particular ballot will not be disclosed. No later than, **Friday, February 12, 2021** the Department of Elections will certify the results of the election pursuant to Administrative Code Section 16.563. The successful candidate will become a trustee of the Retirement Board, the term of office being five years commencing February 21, 2021 and expiring February 20, 2026.

Subject:	Give2SF - Reporting Behested Payments
Date:	Thursday, October 1, 2020 3:38:45 PM
Attachments:	Give2SF City Donor Data $1K+ up to 9.30.20.xlsx Give2SF SF Foundation Donor Data $1K+ as of 9.30.20.xlsx Give2SF In-Kind Donor Data up to 9.30.20.xlsx

Good afternoon,

Please find attached information which City officials may need for reporting behested payments to the City and County of San Francisco's Give2SF COVID-19 Response & Recovery Fund (Give2SF Fund).

The reports attached can be used for behest payment filing purposes and contain data up to **September 30, 2020** (all reports are sorted by gift date). The attached are as follows:

1. Donor data for the City fund including donation date, donor name, and mailing address for individual donations of $1,000 and above.
   Please note: For donations made through donor advised funds, the Controller's Office is leveraging assistance from the grant specialists that oversaw these donations. For some donations made through these donor advised funds, the addresses listed are headquarters for each of these companies and are updated with donor addresses when provided by the grant specialist (if the donor allows it).

2. Donations data for the Give2SF fund collected by the San Francisco Foundation including donation date, donor name, and mailing address (when provided) for donations $1,000 and above. The Controller's Office is continually working with the San Francisco Foundation to gather additional donor information where possible.

3. Donor data for in-kind goods received by EOC Give2SF in-kind team, including gift date, donor name (organization or private individual), and contact information.
   Please note: The estimated value included in the attachment may not match the valuation completed by the Controller's Office, AOSD division, which is done at the lowest level of measure and item type, and cannot be traced back to specific donations.

Under transparency laws, certain City officials who fundraise or otherwise solicit payments from one individual or organization to be given to another individual or organization may be required to report the payment. If you have questions about these laws, please contact Deputy City Attorney Andrew Shen, who is copied on this email.

Please reach out with any questions.

Respectfully,

Amanda Kelley
Office of the Controller | City Services Auditor
City & County of San Francisco

Give2SF COVID-19 Response and Recovery Fund

Monthly Status Update

TO: Mayor's Office
Board of Supervisors

FROM: Ben Rosenfield, Controller

CC: Naomi Kelly, City Administrator, General Services Agency
Mary Ellen Carroll, Executive Director, Department of Emergency Management

DATE: October 1, 2020

SUBJECT: **City and County of San Francisco's Give2SF COVID-19 Response and Recovery Fund**

The Give2SF COVID-19 Response and Recovery Fund (Give2SF) is a special fund established by the City and County of San Francisco (City) as part of the *Second Supplement to Mayoral Proclamation Declaring the Existence of a Local Emergency*, dated February 25, 2020, and issued on March 13, 2020. This memorandum summarizes both monetary and in-kind donations (goods) for Give2SF.

Monetary Donations

The Second Supplement authorizes the Controller to accept and expend funds to provide shelter, food, financial assistance, and other assistance to individuals and families in San Francisco impacted by the emergency; to replace, repair, and rebuild public buildings, infrastructure, and other assets for use in the City's efforts to respond to the emergency; to issue and administer grants and/or interest-free loans to small businesses in San Francisco to compensate for economic harms resulting from COVID-19; and for other city efforts to address the impacts of COVID-19. The Twenty-Sixth Supplement to the mayoral declaration, dated August 26, 2020, authorizes the Controller to accept and expend funds to support youth programs, including but not limited to, Community Hub and Emergency Child & Youth Care spaces that ensure professional supervision and access to educational and technological resources, physical activity, food, social and emotional development, and other support for the most vulnerable children and youth.

Within the authorized uses outlined above, the City has identified four priority areas for the use of the Give2SF funds: (1) food security, (2) access to housing, (3) security for workers and small businesses, and (4) youth programs. Disbursements of funds are approved by a committee consisting of City Administrator Naomi Kelly, Director of Emergency Management Mary Ellen Carroll, and myself.

Through September 30, 2020:

- $28,751,623 has been donated to and received by Give2SF both directly and through the San Francisco Foundation, $28,319,000 of which has been allocated.
- Of $28,319,000 that has been allocated:
    - $18,435,000 is for programs operated by the Department of Children, Youth and Their Families and Recreation and Park Department, Human Services Agency, Mayor's Office of Housing and Community Development, Office of Early Care and Education, or Office of Economic and Workforce Development.
    - $9,884,000 has been allocated to programs that will be administered, with city oversight, by nonprofit organizations through grant agreements between them and the San Francisco Foundation.

The exhibits below summarize this information, including how departments have disbursed the funds through their programs. An attachment to this memorandum shows the individual donations received, including donor name, date, amount, and fund (and excludes individual donations received by departments directly for their own use).

Exhibit 1: Total Donations Received by Give2SF

Donations Received Directly by Give2SF	Donations to Give2SF Through San Francisco Foundation	Total Donations Received
$7,779,645	**$20,971,978**	**$28,751,623**

Exhibit 2: Total Approved Disbursements and Disbursements to Departments, by Use of Fund

Department	Use of Fund	Disbursements Approved	Disbursements Made
Department of Children, Youth and Their Families and Recreation and Park Department	Youth programs	$125,000	$100,000
Human Services Agency	Food security	$6,946,482	$6,946,482
Office of Early Care and Education	Security for workers and small businesses	$1,000,000	$1,000,000
Office of Economic and Workforce Development	Security for workers and small businesses	$4,073,518	$4,073,518
Mayor's Office of Housing and Community Development	Access to housing	$6,290,000	$6,290,000
	Total	**$18,435,000**	**$18,410,000**

Exhibit 3: Human Services Agency's Program Uses and Impacts

Purpose	Description	Nonprofit Organization Partner	Amount	Impact
Senior/ Disability Food and Nutrition Network	Support equipment, staffing, and other infrastructure needed to modify services under COVID-19 (for example, freezers to provide multiday meal packs, additional delivery drivers and vehicles).	Department of Disability and Aging Services Network Providers[a]	$1,600,000	100,000 new meals per month and supporting program modifications to maintain pre-COVID-19 service levels of 250,000 meals per month
Undocu-mented and Immigrant Households	Support low-income undocumented and immigrant households who may be ineligible for mainstream benefits (for example, CalFresh) by providing gift cards ranging from $200 to $600 in value.	HealthySF	$500,000	2,631 households[b]
		Chinese for Affirmative Action	$300,000	500-700 households
Family Support	Support low-income families with gift cards distributed through Family Resource Centers (value based on household size), which operate in high-priority zip codes (based on COVID-19 infection rate, CalFresh application volume, and other factors).	Family Resource Centers	$750,000	Up to 1,400 families
Isolation/ Quarantine Support	Meet emergency food needs of households in isolation/quarantine due to confirmed or suspected infection until regular food support is established.	Shanti Project	$75,000	300-450 households
LGBTQ Food Relief	Distribute gift cards to help LGBTQ people meet urgent food needs, with a particular focus on trans people of color, trans immigrants, low-income LGBTQ people, and those who have lost their income due to COVID-19.	LGBTQ Center	$75,000	300-400 individuals
Food Relief for Low-Income Transitional Age Youth	Distribute gift cards to transitional age youth (age 18 to 24) receiving Medi-Cal benefits through the Human Services Agency, a group who reported pressing food needs via an agency-administered survey and are unlikely to receive other disaster assistance food support.	N/A – To be distributed by Human Services Agency	$860,000	3,700-4,000 individuals
Support for Mothers and Infants of Color	Distribute gift cards to support mothers and infants from communities of color, leveraging culturally appropriate pregnancy and postpartum care programs to reach low-income African-American, Latinx, and Pacific Islander pregnant women. Clients will receive $599 to $1,200 in gift cards over the support period.	SisterWeb SF Community Doula Network	$103,500	75 families
		Black Infant Health	$68,885	115 families

Purpose	Description	Nonprofit Organization Partner	Amount	Impact
Food Support for Latinx Community	Support distribution of culturally-appropriate groceries to the Latinx community. This includes groceries picked up in-person at pantries and deliveries to vulnerable residents.	CANA/ Mission Food Hub	$1,486,482	*To be quantified*[c]
		Homies Organizing the Mission to Empower Youth (HOMEY)	$99,000	300 families
Meals for HOPE SF Residents	Support distribution of prepared meals to residents in the Sunnydale and Potrero HOPE SF sites. Meals will be delivered 2-3 times per week for up to 16 weeks. This funding helps to sustain existing efforts at these locations.	Mercy Housing	$192,000	*To be quantified*[c]
		Shanti Project	$96,000	*To be quantified*[c]
Grocery Delivery to San Francisco Housing Authority Residents	Sustain six weeks of grocery distribution for 600 families per week (residents of public housing and Rental Assistance Demonstration sites, as well as participating families in the Section 8 programs). Service is rotated across sites so that a family will receive this support once per month.	San Francisco Housing Authority	$169,236	600 families
Emergency and Short-Term Funding Support for Communities of Color[d]	Sustain meal service to homeless encampments during two-week gap in regular service through the Meals in Place program (neighborhoods: Upper Market, SOMA, Mission, and Bayview)	Nourish	$292,824	19,600 meals distributed
	Support distribution of meals through the African-American Faith-Based Coalition to older and otherwise at-risk African-American households citywide.	San Francisco New Deal	$241,955	21,916 meals distributed
	Support distribution of meals through Mother Brown's Dining Hall in the Bayview to ensure maintenance of weekend meal service levels.	La Cocina	$22,600	2,000 meals distributed
	Pilot a weekly hot meal to supplement food resources for low-income Treasure Island residents.	One Treasure Island	$14,000	160 residents
		Total	**$6,946,482**	

Notes:
[a] Bayview Senior Services, Centro Latino, Episcopal Community Services, Glide, Jewish Family & Children's Services, Kimochi, Meals on Wheels, On Lok/30th Street, Project Open Hand, Russian American Community Services, San Francisco-Marin Food Bank, Self-Help for the Elderly
[b] Total card value exceeds allocation because bulk purchase of cards provides 5 percent discount.
[c] Program/service delivery is in the planning phase. Grantees and impacts will be reported in subsequent reports.
[d] These initiatives were identified by the Emergency Operations Center Feeding Group as needing short-term support to fill critical funding gaps for community-driven efforts serving communities of color.
Source: Human Services Agency

Exhibit 4: Office of Economic and Workforce Development Program Uses and Impacts

Purpose	Description	Grantee	Amount	Impact
Small Business Resiliency Grants	Make emergency grants to eligible small businesses with evidence of at least 25% revenue loss in a 30-day period.	Northeast Community Federal Credit Union	$1,000,000	At least 100 small businesses to access grants of up to $10,000
Small Business No-Interest Loans	San Francisco Hardship Emergency Loan Program (SF HELP) funds can be used to pay payroll, rent, utilities, inventory, and more. Flexible loan terms determined on a case-by-case basis, based on borrower's ability to repay.	Mission Economic Development Agency	$1,000,000	At least 20 businesses to access no-interest loan of up to $50,000
		Main Street Launch	$1,200,000	At least 24 businesses to access no-interest loan of up to $50,000
Supportive Services for Immigrant Workers	Provide direct support to immigrants and undocumented children, families, and communities affected by COVID-19.	Office of Civic Engagement and Immigrant Affairs (Subrecipient: SF Labor Council)	$115,000	Provide $200 to at least 500 individuals
		Office of Civic Engagement and Immigrant Affairs (Subrecipient: UndocuFund SF)	$115,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources	$115,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources (Subrecipient: Community Youth Center)	$115,000	Provide $200 to at least 500 individuals
Supportive Services for Food Security	Provide direct relief to support immigrants and undocumented children, families, and communities affected by COVID-19.	Bay Area Community Resources	$100,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources (Subrecipient: Community Youth Center)	$100,000	Provide $200 to at least 500 individuals
	Provide support to the Mission District Food Hub, which Carnaval kicked off on Cinco de Mayo.	San Francisco Arts Commission (Subrecipient: Cultura y Arte Nativa de las Americas (CANA))	$100,000	Provide groceries to 4,000 disadvantaged, mostly immigrant households
	Provide direct relief to support vulnerable residents in low-income communities of color hard-hit by the pandemic, with a focus on public housing residents and at-risk households.	Human Rights Commission (Subrecipients Collective Impact)	$63,518*	Provide meals to 3,800 vulnerable residents
	Support food relief efforts for low-income, limited English-speaking workers who test positive for COVID-19 and find they cannot support themselves during quarantine.	Bay Area Community Resources (Subrecipient: Community Youth Center)	$50,000	Provide support to 250 low-income, vulnerable, disconnected households
		Total	**$4,073,518**	

** $63,518 of the original $350,000 allocation was spent. The remaining balance of $286,482 was transferred to the Human Services Agency to continue support for food security under the Food Support for Latinx Community program.*

Exhibit 5: Mayor's Office of Housing and Community Development's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Amount	Impact
Housing Stabilization	Provide financial assistance for rent, mortgage, utility, and other housing costs to eligible households per application period (average amount of $4,000 per household, with an assistance cap of $10,000). Households are eligible, regardless of immigration status, if they have experienced a substantial loss of income due to COVID-19 and cannot afford their housing costs. Applications are run through a prioritization tool that identifies households that are most at risk.	Catholic Charities of San Francisco	$1,258,000	Approximately 9,000 applications received requesting financial assistance of over $42 million. To date, 1,443 prioritized applications are in the process of receiving up to a combined $5.8 million in assistance.
		Eviction Defense Collaborative	$1,258,000	
		La Raza Community Resource Center	$1,258,000	
		Q Foundation	$1,258,000	
		Young Community Developers	$1,258,000	
		Total	**$6,290,000**

Exhibit 6: Office of Early Care and Education's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Amount	Impact*
Family Child Care (FCC) Emergency Operating Grants	Provide economic relief to FCC educators, who represent a sector of self-employed, low-income workers, who are not eligible or do not have access to many of the funding resources available to other business sectors, in order to help FCCs to survive loss of revenue until full enrollment can begin again.	Low Income Investment Fund (LIIF)	$1,000,000	165 grants awarded to 35 large FCC homes (serving up to 14 children) and 130 small FCC homes (serving up to 8 children).

Language Type	Large	Small	Amount
Chinese	25	63	$565,000
Spanish	7	38	$260,000
English	3	29	$175,000
Total	**35**	**130**	**$1,000,000**

		Total	**$1,000,000**	

* The application deadline was July 17, 2020. All grants have now been distributed by LIIF to the FCC grantees via direct deposit.

Exhibit 7: Department of Children, Youth and Their Families' and Recreation and Park Department's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Allocated Amount*	Impact
COVID-19 Community Hubs Initiative	Community Hubs are designed to support children and youth who: are part of low-income households; live in HOPE SF, public housing, or single-room occupancy hotels; are experiencing homelessness; are foster youth; or are English language learners.	YMCA of San Francisco	$125,000	Provide backpacks and supplies for children and youth who meet one of the following criteria: 1) are in kindergarten through 6th grade, are enrolled in any phase of the Community Hubs, and are from a high-need community as defined by the program design (up to 6,000 individuals); or 2) others in kindergarten through 6th grade and those above the 6th grade level who live within walking distance of a Community Hub but cannot enroll.
		Total	**$125,000**	

* $100,000 of the $125,000 has been disbursed to the department.

Purpose	Description	Nonprofit Organization	Amount	Impact
COVID-19 Related Grants and Loans for Small Businesses	Funding will support the Office of Economic and Workforce Development's existing grant and loan programs for small businesses affected by COVID-19, including $1,500,000 that has been allocated to the City's African-American Small Business Revolving Loan Fund.	MainStreet Launch	$2,000,000	At least 40 businesses to access no-interest loans of up to $50,000
		Mission Economic Development Agency	$500,000	At least 10 businesses to access no-interest loans of up to $50,000
		*To be determined**	$500,000	*To be quantified**
		Total	**$3,000,000**	

* Program/service delivery is in the planning phase. Grantees and impacts will be reported in subsequent reports.

In-Kind Donations

The Ninth Supplement, dated April 10, 2020, revised and replaced Item 4 in the Second Supplement to authorize the acceptance and use of goods donated to support the City's COVID-19 response efforts. The Twenty-Sixth Supplement, dated August 26, 2020, authorizes the acceptance and use of goods and facilities to support youth programs. Some donated goods are received by the Logistics Section of the COVID Command Center (formerly Emergency Operations Center). Other in-kind goods have been donated directly to city departments for their use.

Through September 30, 2020:

- 1,550,888 units of in-kind goods have been donated to and received by Give2SF, with a donation value of $4,038,676.[1]
- 1,233,426 units have been distributed to city departments by the COVID Command Center's Logistics Section.

Exhibit 11 summarizes this information, including valuation by category of donated goods. An attachment to this memorandum shows the individual donations received, including donor name, only for goods received through the COVID Command Center (and excludes individual donations received by departments directly for their own use).

Exhibit 11: In-Kind Donations Received by Give2SF and Distributed by the Logistics Section of the COVID Command Center

Category	Count Received	Count Distributed*
Aprons	369	0
Coveralls	14,603	2,333
Face Shields	63,186	2,943
Gloves	527,200	527,000
Goggles	3,362	3,362
Gowns	5,350	5,350
Hand Sanitizer	955	949
Liquid Disinfectant	302	0
Masks	726,733	580,393
Other Bulk Items	114,082	70,350
Shoe Covers	93,760	39,760
Wipes	986	986
Total	1,550,888	1,233,426

* Excludes goods purchased and distributed by the COVID Command Center's Logistics Section.

[1] Valuation of in-kind donations is ongoing.

Sunshine Ordinance Compliance

Financial Interests and Disclosure of Donations

The Sunshine Ordinance (San Francisco Administrative Code, Chapter 67) requires the disclosure of the source of the donation to the City and any financial interest the donor has involving the City. However, some donations received by Give2SF, both directly and through the San Francisco Foundation, were from donors who remain anonymous.

The Controller's Office is following up with donors to try to learn the source of the anonymous donations to the City and any financial interest the donor may have involving the City. Due to these ongoing efforts, one donor-advised fund, Fidelity Charitable, has agreed to no longer process grants to the City from donors who wish to remain anonymous, and another donor-advised fund, Schwab Charitable, confirmed that it is the owner for all donations it processes once funds are in its possession. The City Attorney accepts this interpretation, so no donations from Schwab Charitable are considered to be anonymous.

To date, only 12 donations ($111,100 of $7,779,645) directly received by Give2SF were made anonymously, 10 of which were made through donor-advised funds. The Controller's Office reached out to all donor-advised funds regarding anonymous donations that they handled and that the City received to inform them of city law and respectfully request the donors' names and financial interest confirmations. Regarding the 12 anonymous donations:

- 5 donations are still being followed up on by the donor-advised fund.
- 4 donations were made by donors who confirmed that they wish to remain anonymous.
- 3 donations were made via electronic wire transfer or money order without contact information provided and for which no contact information is publicly available.

The Controller's Office has also reached out to all donors requesting financial interests. To date, 16 donors responded to the Controller's Office request to confirm they do not have a financial interest with the City and 3 donors have confirmed a financial interest in the form of permits with the City. These donors are identified in the relevant attachment.

Policy Options for Anonymous Give2SF Donations Received

Due to either the absence of a response or the explicit refusal of some donors to disclose their identity and possible financial interest with the City, the Controller's Office cannot report on this information and is seeking policymaker guidance on next steps. For example, the Board of Supervisors may move to accept these donations while acknowledging the outreach and identification efforts taken by the Controller's Office to obtain donor information. Alternatively, the Board may order the return of the anonymous donations for which the information required by the Sunshine Ordinance cannot be obtained. Further, the Sunshine Ordinance does not address when donations are made through donor-advised funds and whether donor-advised funds can be considered the source of donations and therefore meet the intent of the Ordinance. Until the Controller's Office receives guidance from policymakers, the Controller's Office will retain amounts equivalent to the value of anonymous donations.

The Controller's Office is working collaboratively with the San Francisco Foundation to obtain donor names and financial interests when possible and determine which donors wish to remain anonymous. Similar to Schwab Charitable, the San Francisco Foundation confirmed that it is also the owner for all donations it processes once funds are in its possession. To date, only 115 donations ($36,885 of $20,971,623) through the San Francisco Foundation were made anonymously, both through donor-advised funds and corporate giving programs. Of the 115 donations, 62 donations ($33,000) are over the $100 threshold required by the Sunshine Ordinance.

Due to these ongoing efforts:

- For donations made through its website, the San Francisco Foundation has added to its website a statement that the Give2SF Fund cannot accept anonymous donations.
- For donations made at the San Francisco Foundation through donor-advised funds where the donor requests anonymity, the Foundation will inform donors that it cannot process anonymous donations and will decline the donations.
- For donations made through corporate-giving platforms, such as Benevity Community Impact Fund, the San Francisco Foundation does not have control, so individual donors may still be anonymous.

None of the in-kind donors are anonymous. Two donors of goods have confirmed that they have a financial interest with the City in the form of a contract with one or more city departments. These donors are identified in the relevant attachment.

Should you need additional information, please contact me at ben.rosenfield@sfgov.org or (415) 554-7500.

Give2SF COVID-19 Response and Recovery Fund

Monthly Status Update

TO: Mayor's Office
Board of Supervisors

FROM: Ben Rosenfield, Controller

CC: Naomi Kelly, City Administrator, General Services Agency
Mary Ellen Carroll, Executive Director, Department of Emergency Management

DATE: October 1, 2020

SUBJECT: **City and County of San Francisco's Give2SF COVID-19 Response and Recovery Fund**

The Give2SF COVID-19 Response and Recovery Fund (Give2SF) is a special fund established by the City and County of San Francisco (City) as part of the *Second Supplement to Mayoral Proclamation Declaring the Existence of a Local Emergency*, dated February 25, 2020, and issued on March 13, 2020. This memorandum summarizes both monetary and in-kind donations (goods) for Give2SF.

Monetary Donations

The Second Supplement authorizes the Controller to accept and expend funds to provide shelter, food, financial assistance, and other assistance to individuals and families in San Francisco impacted by the emergency; to replace, repair, and rebuild public buildings, infrastructure, and other assets for use in the City's efforts to respond to the emergency; to issue and administer grants and/or interest-free loans to small businesses in San Francisco to compensate for economic harms resulting from COVID-19; and for other city efforts to address the impacts of COVID-19. The Twenty-Sixth Supplement to the mayoral declaration, dated August 26, 2020, authorizes the Controller to accept and expend funds to support youth programs, including but not limited to, Community Hub and Emergency Child & Youth Care spaces that ensure professional supervision and access to educational and technological resources, physical activity, food, social and emotional development, and other support for the most vulnerable children and youth.

Within the authorized uses outlined above, the City has identified four priority areas for the use of the Give2SF funds: (1) food security, (2) access to housing, (3) security for workers and small businesses, and (4) youth programs. Disbursements of funds are approved by a committee consisting of City Administrator Naomi Kelly, Director of Emergency Management Mary Ellen Carroll, and myself.

Through September 30, 2020:

- $28,751,623 has been donated to and received by Give2SF both directly and through the San Francisco Foundation, $28,319,000 of which has been allocated.
- Of $28,319,000 that has been allocated:
    - $18,435,000 is for programs operated by the Department of Children, Youth and Their Families and Recreation and Park Department, Human Services Agency, Mayor's Office of Housing and Community Development, Office of Early Care and Education, or Office of Economic and Workforce Development.
    - $9,884,000 has been allocated to programs that will be administered, with city oversight, by nonprofit organizations through grant agreements between them and the San Francisco Foundation.

The exhibits below summarize this information, including how departments have disbursed the funds through their programs. An attachment to this memorandum shows the individual donations received, including donor name, date, amount, and fund (and excludes individual donations received by departments directly for their own use).

Exhibit 1: Total Donations Received by Give2SF

Donations Received Directly by Give2SF	Donations to Give2SF Through San Francisco Foundation	Total Donations Received
$7,779,645	**$20,971,978**	**$28,751,623**

Exhibit 2: Total Approved Disbursements and Disbursements to Departments, by Use of Fund

Department	Use of Fund	Disbursements Approved	Disbursements Made
Department of Children, Youth and Their Families and Recreation and Park Department	Youth programs	$125,000	$100,000
Human Services Agency	Food security	$6,946,482	$6,946,482
Office of Early Care and Education	Security for workers and small businesses	$1,000,000	$1,000,000
Office of Economic and Workforce Development	Security for workers and small businesses	$4,073,518	$4,073,518
Mayor's Office of Housing and Community Development	Access to housing	$6,290,000	$6,290,000
	Total	**$18,435,000**	**$18,410,000**

Exhibit 3: Human Services Agency's Program Uses and Impacts

Purpose	Description	Nonprofit Organization Partner	Amount	Impact
Senior/ Disability Food and Nutrition Network	Support equipment, staffing, and other infrastructure needed to modify services under COVID-19 (for example, freezers to provide multiday meal packs, additional delivery drivers and vehicles).	Department of Disability and Aging Services Network Providers[a]	$1,600,000	100,000 new meals per month and supporting program modifications to maintain pre-COVID-19 service levels of 250,000 meals per month
Undocu-mented and Immigrant Households	Support low-income undocumented and immigrant households who may be ineligible for mainstream benefits (for example, CalFresh) by providing gift cards ranging from $200 to $600 in value.	HealthySF	$500,000	2,631 households[b]
		Chinese for Affirmative Action	$300,000	500-700 households
Family Support	Support low-income families with gift cards distributed through Family Resource Centers (value based on household size), which operate in high-priority zip codes (based on COVID-19 infection rate, CalFresh application volume, and other factors).	Family Resource Centers	$750,000	Up to 1,400 families
Isolation/ Quarantine Support	Meet emergency food needs of households in isolation/quarantine due to confirmed or suspected infection until regular food support is established.	Shanti Project	$75,000	300-450 households
LGBTQ Food Relief	Distribute gift cards to help LGBTQ people meet urgent food needs, with a particular focus on trans people of color, trans immigrants, low-income LGBTQ people, and those who have lost their income due to COVID-19.	LGBTQ Center	$75,000	300-400 individuals
Food Relief for Low-Income Transitional Age Youth	Distribute gift cards to transitional age youth (age 18 to 24) receiving Medi-Cal benefits through the Human Services Agency, a group who reported pressing food needs via an agency-administered survey and are unlikely to receive other disaster assistance food support.	N/A – To be distributed by Human Services Agency	$860,000	3,700-4,000 individuals
Support for Mothers and Infants of Color	Distribute gift cards to support mothers and infants from communities of color, leveraging culturally appropriate pregnancy and postpartum care programs to reach low-income African-American, Latinx, and Pacific Islander pregnant women. Clients will receive $599 to $1,200 in gift cards over the support period.	SisterWeb SF Community Doula Network	$103,500	75 families
		Black Infant Health	$68,885	115 families

Purpose	Description	Nonprofit Organization Partner	Amount	Impact
Food Support for Latinx Community	Support distribution of culturally-appropriate groceries to the Latinx community. This includes groceries picked up in-person at pantries and deliveries to vulnerable residents.	CANA/ Mission Food Hub	$1,486,482	*To be quantified*[c]
		Homies Organizing the Mission to Empower Youth (HOMEY)	$99,000	300 families
Meals for HOPE SF Residents	Support distribution of prepared meals to residents in the Sunnydale and Potrero HOPE SF sites. Meals will be delivered 2-3 times per week for up to 16 weeks. This funding helps to sustain existing efforts at these locations.	Mercy Housing	$192,000	*To be quantified*[c]
		Shanti Project	$96,000	*To be quantified*[c]
Grocery Delivery to San Francisco Housing Authority Residents	Sustain six weeks of grocery distribution for 600 families per week (residents of public housing and Rental Assistance Demonstration sites, as well as participating families in the Section 8 programs). Service is rotated across sites so that a family will receive this support once per month.	San Francisco Housing Authority	$169,236	600 families
Emergency and Short-Term Funding Support for Communities of Color[d]	Sustain meal service to homeless encampments during two-week gap in regular service through the Meals in Place program (neighborhoods: Upper Market, SOMA, Mission, and Bayview)	Nourish	$292,824	19,600 meals distributed
	Support distribution of meals through the African-American Faith-Based Coalition to older and otherwise at-risk African-American households citywide.	San Francisco New Deal	$241,955	21,916 meals distributed
	Support distribution of meals through Mother Brown's Dining Hall in the Bayview to ensure maintenance of weekend meal service levels.	La Cocina	$22,600	2,000 meals distributed
	Pilot a weekly hot meal to supplement food resources for low-income Treasure Island residents.	One Treasure Island	$14,000	160 residents
		Total	**$6,946,482**	

Notes:
[a] Bayview Senior Services, Centro Latino, Episcopal Community Services, Glide, Jewish Family & Children's Services, Kimochi, Meals on Wheels, On Lok/30th Street, Project Open Hand, Russian American Community Services, San Francisco-Marin Food Bank, Self-Help for the Elderly
[b] Total card value exceeds allocation because bulk purchase of cards provides 5 percent discount.
[c] Program/service delivery is in the planning phase. Grantees and impacts will be reported in subsequent reports.
[d] These initiatives were identified by the Emergency Operations Center Feeding Group as needing short-term support to fill critical funding gaps for community-driven efforts serving communities of color.
Source: Human Services Agency

Exhibit 4: Office of Economic and Workforce Development Program Uses and Impacts

Purpose	Description	Grantee	Amount	Impact
Small Business Resiliency Grants	Make emergency grants to eligible small businesses with evidence of at least 25% revenue loss in a 30-day period.	Northeast Community Federal Credit Union	$1,000,000	At least 100 small businesses to access grants of up to $10,000
Small Business No-Interest Loans	San Francisco Hardship Emergency Loan Program (SF HELP) funds can be used to pay payroll, rent, utilities, inventory, and more. Flexible loan terms determined on a case-by-case basis, based on borrower's ability to repay.	Mission Economic Development Agency	$1,000,000	At least 20 businesses to access no-interest loan of up to $50,000
		Main Street Launch	$1,200,000	At least 24 businesses to access no-interest loan of up to $50,000
Supportive Services for Immigrant Workers	Provide direct support to immigrants and undocumented children, families, and communities affected by COVID-19.	Office of Civic Engagement and Immigrant Affairs (Subrecipient: SF Labor Council)	$115,000	Provide $200 to at least 500 individuals
		Office of Civic Engagement and Immigrant Affairs (Subrecipient: UndocuFund SF)	$115,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources	$115,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources (Subrecipient: Community Youth Center)	$115,000	Provide $200 to at least 500 individuals
Supportive Services for Food Security	Provide direct relief to support immigrants and undocumented children, families, and communities affected by COVID-19.	Bay Area Community Resources	$100,000	Provide $200 to at least 500 individuals
		Bay Area Community Resources (Subrecipient: Community Youth Center)	$100,000	Provide $200 to at least 500 individuals
	Provide support to the Mission District Food Hub, which Carnaval kicked off on Cinco de Mayo.	San Francisco Arts Commission (Subrecipient: Cultura y Arte Nativa de las Americas (CANA))	$100,000	Provide groceries to 4,000 disadvantaged, mostly immigrant households
	Provide direct relief to support vulnerable residents in low-income communities of color hard-hit by the pandemic, with a focus on public housing residents and at-risk households.	Human Rights Commission (Subrecipients Collective Impact)	$63,518*	Provide meals to 3,800 vulnerable residents
	Support food relief efforts for low-income, limited English-speaking workers who test positive for COVID-19 and find they cannot support themselves during quarantine.	Bay Area Community Resources (Subrecipient: Community Youth Center)	$50,000	Provide support to 250 low-income, vulnerable, disconnected households
		Total	**$4,073,518**	

** $63,518 of the original $350,000 allocation was spent. The remaining balance of $286,482 was transferred to the Human Services Agency to continue support for food security under the Food Support for Latinx Community program.*

Exhibit 5: Mayor's Office of Housing and Community Development's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Amount	Impact
Housing Stabilization	Provide financial assistance for rent, mortgage, utility, and other housing costs to eligible households per application period (average amount of $4,000 per household, with an assistance cap of $10,000). Households are eligible, regardless of immigration status, if they have experienced a substantial loss of income due to COVID-19 and cannot afford their housing costs. Applications are run through a prioritization tool that identifies households that are most at risk.	Catholic Charities of San Francisco	$1,258,000	Approximately 9,000 applications received requesting financial assistance of over $42 million. To date, 1,443 prioritized applications are in the process of receiving up to a combined $5.8 million in assistance.
		Eviction Defense Collaborative	$1,258,000	
		La Raza Community Resource Center	$1,258,000	
		Q Foundation	$1,258,000	
		Young Community Developers	$1,258,000	
		Total	**$6,290,000**	

Source: Mayor's Office of Housing and Community Development

Exhibit 6: Office of Early Care and Education's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Amount	Impact*
Family Child Care (FCC) Emergency Operating Grants	Provide economic relief to FCC educators, who represent a sector of self-employed, low-income workers, who are not eligible or do not have access to many of the funding resources available to other business sectors, in order to help FCCs to survive loss of revenue until full enrollment can begin again.	Low Income Investment Fund (LIIF)	$1,000,000	165 grants awarded to 35 large FCC homes (serving up to 14 children) and 130 small FCC homes (serving up to 8 children).

Language Type	Large	Small	Amount
Chinese	25	63	$565,000
Spanish	7	38	$260,000
English	3	29	$175,000
Total	**35**	**130**	**$1,000,000**

		Total	**$1,000,000**	

* The application deadline was July 17, 2020. All grants have now been distributed by LIIF to the FCC grantees via direct deposit.

Exhibit 7: Department of Children, Youth and Their Families' and Recreation and Park Department's Program Uses and Impact

Program	Description	Nonprofit Organization Partner	Allocated Amount*	Impact
COVID-19 Community Hubs Initiative	Community Hubs are designed to support children and youth who: are part of low-income households; live in HOPE SF, public housing, or single-room occupancy hotels; are experiencing homelessness; are foster youth; or are English language learners.	YMCA of San Francisco	$125,000	Provide backpacks and supplies for children and youth who meet one of the following criteria: 1) are in kindergarten through 6th grade, are enrolled in any phase of the Community Hubs, and are from a high-need community as defined by the program design (up to 6,000 individuals); or 2) others in kindergarten through 6th grade and those above the 6th grade level who live within walking distance of a Community Hub but cannot enroll.
		Total	**$125,000**	

* $100,000 of the $125,000 has been disbursed to the department.

Purpose	Description	Nonprofit Organization	Amount	Impact
COVID-19 Related Grants and Loans for Small Businesses	Funding will support the Office of Economic and Workforce Development's existing grant and loan programs for small businesses affected by COVID-19, including $1,500,000 that has been allocated to the City's African-American Small Business Revolving Loan Fund.	MainStreet Launch	$2,000,000	At least 40 businesses to access no-interest loans of up to $50,000
		Mission Economic Development Agency	$500,000	At least 10 businesses to access no-interest loans of up to $50,000
		*To be determined**	$500,000	*To be quantified**
		Total	**$3,000,000**	

* Program/service delivery is in the planning phase. Grantees and impacts will be reported in subsequent reports.

In-Kind Donations

The Ninth Supplement, dated April 10, 2020, revised and replaced Item 4 in the Second Supplement to authorize the acceptance and use of goods donated to support the City's COVID-19 response efforts. The Twenty-Sixth Supplement, dated August 26, 2020, authorizes the acceptance and use of goods and facilities to support youth programs. Some donated goods are received by the Logistics Section of the COVID Command Center (formerly Emergency Operations Center). Other in-kind goods have been donated directly to city departments for their use.

Through September 30, 2020:

- 1,550,888 units of in-kind goods have been donated to and received by Give2SF, with a donation value of $4,038,676.[1]
- 1,233,426 units have been distributed to city departments by the COVID Command Center's Logistics Section.

Exhibit 11 summarizes this information, including valuation by category of donated goods. An attachment to this memorandum shows the individual donations received, including donor name, only for goods received through the COVID Command Center (and excludes individual donations received by departments directly for their own use).

Exhibit 11: In-Kind Donations Received by Give2SF and Distributed by the Logistics Section of the COVID Command Center

Category	Count Received	Count Distributed*
Aprons	369	0
Coveralls	14,603	2,333
Face Shields	63,186	2,943
Gloves	527,200	527,000
Goggles	3,362	3,362
Gowns	5,350	5,350
Hand Sanitizer	955	949
Liquid Disinfectant	302	0
Masks	726,733	580,393
Other Bulk Items	114,082	70,350
Shoe Covers	93,760	39,760
Wipes	986	986
Total	1,550,888	1,233,426

* Excludes goods purchased and distributed by the COVID Command Center's Logistics Section.

Source: COVID Command Center, Logistics Section

[1] Valuation of in-kind donations is ongoing.

Sunshine Ordinance Compliance

Financial Interests and Disclosure of Donations

The Sunshine Ordinance (San Francisco Administrative Code, Chapter 67) requires the disclosure of the source of the donation to the City and any financial interest the donor has involving the City. However, some donations received by Give2SF, both directly and through the San Francisco Foundation, were from donors who remain anonymous.

The Controller's Office is following up with donors to try to learn the source of the anonymous donations to the City and any financial interest the donor may have involving the City. Due to these ongoing efforts, one donor-advised fund, Fidelity Charitable, has agreed to no longer process grants to the City from donors who wish to remain anonymous, and another donor-advised fund, Schwab Charitable, confirmed that it is the owner for all donations it processes once funds are in its possession. The City Attorney accepts this interpretation, so no donations from Schwab Charitable are considered to be anonymous.

To date, only 12 donations ($111,100 of $7,779,645) directly received by Give2SF were made anonymously, 10 of which were made through donor-advised funds. The Controller's Office reached out to all donor-advised funds regarding anonymous donations that they handled and that the City received to inform them of city law and respectfully request the donors' names and financial interest confirmations. Regarding the 12 anonymous donations:

- 5 donations are still being followed up on by the donor-advised fund.
- 4 donations were made by donors who confirmed that they wish to remain anonymous.
- 3 donations were made via electronic wire transfer or money order without contact information provided and for which no contact information is publicly available.

The Controller's Office has also reached out to all donors requesting financial interests. To date, 16 donors responded to the Controller's Office request to confirm they do not have a financial interest with the City and 3 donors have confirmed a financial interest in the form of permits with the City. These donors are identified in the relevant attachment.

Policy Options for Anonymous Give2SF Donations Received

Due to either the absence of a response or the explicit refusal of some donors to disclose their identity and possible financial interest with the City, the Controller's Office cannot report on this information and is seeking policymaker guidance on next steps. For example, the Board of Supervisors may move to accept these donations while acknowledging the outreach and identification efforts taken by the Controller's Office to obtain donor information. Alternatively, the Board may order the return of the anonymous donations for which the information required by the Sunshine Ordinance cannot be obtained. Further, the Sunshine Ordinance does not address when donations are made through donor-advised funds and whether donor-advised funds can be considered the source of donations and therefore meet the intent of the Ordinance. Until the Controller's Office receives guidance from policymakers, the Controller's Office will retain amounts equivalent to the value of anonymous donations.

The Controller's Office is working collaboratively with the San Francisco Foundation to obtain donor names and financial interests when possible and determine which donors wish to remain anonymous. Similar to Schwab Charitable, the San Francisco Foundation confirmed that it is also the owner for all donations it processes once funds are in its possession. To date, only 115 donations ($36,885 of $20,971,623) through the San Francisco Foundation were made anonymously, both through donor-advised funds and corporate giving programs. Of the 115 donations, 62 donations ($33,000) are over the $100 threshold required by the Sunshine Ordinance.

Due to these ongoing efforts:

- For donations made through its website, the San Francisco Foundation has added to its website a statement that the Give2SF Fund cannot accept anonymous donations.
- For donations made at the San Francisco Foundation through donor-advised funds where the donor requests anonymity, the Foundation will inform donors that it cannot process anonymous donations and will decline the donations.
- For donations made through corporate-giving platforms, such as Benevity Community Impact Fund, the San Francisco Foundation does not have control, so individual donors may still be anonymous.

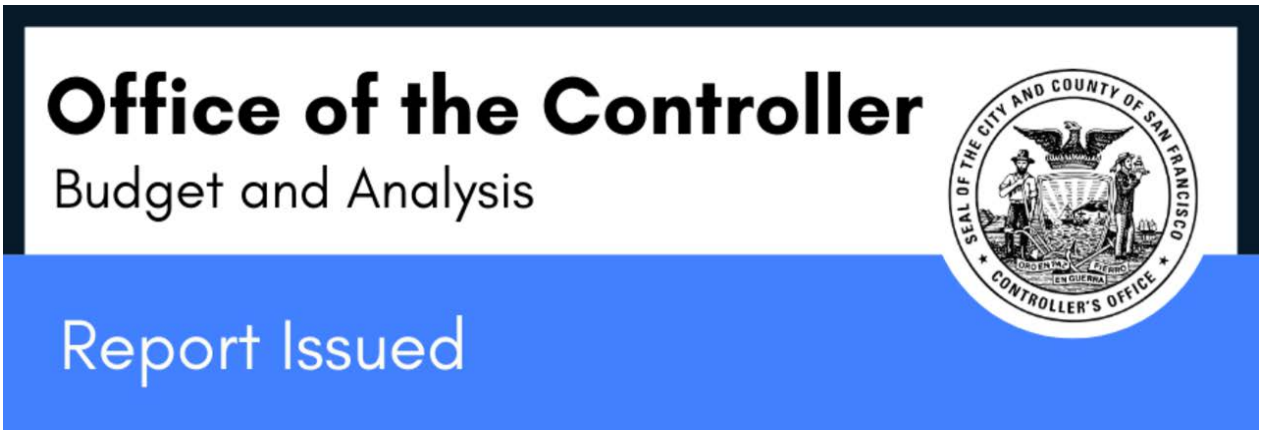

None of the in-kind donors are anonymous. Two donors of goods have confirmed that they have a financial interest with the City in the form of a contract with one or more city departments. These donors are identified in the relevant attachment.

Should you need additional information, please contact me at ben.rosenfield@sfgov.org or (415) 554-7500.

CITY AND COUNTY OF SAN FRANCISCO

BUDGET AND APPROPRIATION ORDINANCE

File No. 200567 **Ordinance No. 165-20**

FISCAL YEAR ENDING JUNE 30, 2021 and
FISCAL YEAR ENDING JUNE 30, 2022

OFFICE OF THE CONTROLLER
CITY AND COUNTY OF SAN FRANCISCO

Ben Rosenfield
Controller

Todd Rydstrom
Deputy Controller

BUDGET AND APPROPRIATION ORDINANCE

FISCAL YEAR ENDING JUNE 30, 2021
and
FISCAL YEAR ENDING JUNE 30, 2022

The Budget and Appropriation Ordinance and its accompanying schedules are produced by the Controller's Budget Office. Upon approval, this is the document that is the legal authority for the City to spend funds during the fiscal year.

This document contains information on the sources and uses of City funds and selected departments, detailed by department and program. Additional schedules summarize City revenues and expenditures by service area, department, and fund. Please see the table of contents for a complete list of the information contained in this document.

Copies of this document are distributed to City libraries and posted on the City Controller's website (http://www.sfcontroller.org). They may also be viewed at the following City Hall offices:

Mayor's Office of Public Policy and Finance
1 Dr. Carlton B. Goodlett Place, Room 288

Controller's Office
1 Dr. Carlton B. Goodlett Place, Room 316

Clerk of the Board of Supervisors
1 Dr. Carlton B. Goodlett Place, Room 244

If you would like additional copies or need further information, please call the Controller's Budget Office at (415) 554-7500.

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS

AND ALL ESTIMATED EXPENDITURES FOR THE

CITY AND COUNTY OF SAN FRANCISCO

FOR THE FISCAL YEAR ENDING JUNE 30, 2021

and

THE FISCAL YEAR ENDING JUNE 30, 2022

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF SAN FRANCISCO

SECTION 1. The amounts of estimated receipts, income, prior-year fund balance, prior-year reserves, de-appropriations, and revenue enumerated herein are hereby appropriated to the funds and departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

SECTION 2. The amounts of proposed expenditures are hereby appropriated to the funds and departments as enumerated herein. Each department for which an expenditure appropriation is herein made is hereby authorized to use, in the manner provided by the law, the amounts so appropriated for the purposes specified in this appropriation ordinance.

ADMINISTRATIVE PROVISIONS

SECTION 3. General Authority.
The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 3.1 Two-Year Budget.
For departments for which the Board of Supervisors has authorized, or the Charter requires, a fixed two-year budget, appropriations in this ordinance shall be available for allotment by the Controller on July 1st of the fiscal year in which appropriations have been approved. The Controller is authorized to adjust the two-year budget to reflect transfers and substitutions consistent with City's policies and restrictions for such transfers. The Controller is further authorized to make adjustments to the second year budgets consistent with Citywide estimates for salaries, fringe benefits, and work orders.

SECTION 4. Interim Budget Provisions.
All funds for equipment and new capital improvements shall be held in reserve until final action by the Board of Supervisors. No new equipment or capital improvements shall be authorized during the interim period other than equipment or capital improvements that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of Supervisors.

During the period of the interim annual appropriation ordinance and interim annual salary ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Chair of the Budget and Finance Committee.

When the Budget and Finance Committee or Budget and Appropriations Committee reserves selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of that committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

If the Budget and Finance Committee or Budget and Appropriations Committee recommends a budget that increases funding that was deleted in the Mayor's Budget, the Controller shall have the authority to continue to pay these expenses until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 4.1 Interim Budget – Positions.
No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs or for projects previously approved by the Board of Supervisors or are required for emergency operations or where such positions would result in a net increase in revenues or where such positions are required to comply with law. New positions shall be defined as those positions that are enumerated in the Mayor's budget for the current fiscal year but were not enumerated in the appropriation and salary ordinances for the prior fiscal year, as amended, through June 30 of the prior fiscal year. In the event the Mayor has

approved the reclassification of a position in the department's budget for the current fiscal year, the Controller shall process a temporary or “tx" requisition at the request of the department and subject to approval of the Human Resources Director. Such action will allow for the continued employment of the incumbent in his or her former position pending action by the Board of Supervisors on the proposed reclassifications.

If the Budget and Finance Committee or Budget and Appropriations Committee of the Board of Supervisors recommends a budget that reinstates positions that were deleted in the Mayor’s Budget, the Controller and the Human Resources Director shall have the authority to continue to employ and pay the salaries of the reinstated positions until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 5. Transfers of Functions and Duties.
Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized and directed to make the related transfer of funds, provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service.

Where a duty or performance has been transferred from one department to another or departmental reorganization is effected as provided in the Charter, in addition to any required transfer of funds, the Controller and Human Resources Director are authorized to make any personnel transfers or reassignments between the affected departments and appointing officers at a mutually convenient time, not to exceed 100 days from the effective date of the ordinance transferring the duty or function. The Controller, the Human Resources Director and Clerk of the Board of Supervisors, with assistance of the City Attorney, are hereby authorized and directed to make such changes as may be necessary to conform all applicable ordinances to reflect said reorganization, transfer of duty or performance between departments.

SECTION 5.1 Agencies Organized under One Department.
Where one or more offices or agencies are organized under a single appointing officer or department head, the component units can continue to be shown as separate agencies for budgeting and accounting purposes to facilitate reporting. However, the entity shall be considered a single department for purposes of employee assignment and seniority, position transfers, and transfers of monies among funds within the department, and reappropriation of funds.

SECTION 5.2 Continuing Funds Appropriated.
In addition to the amount provided from taxes, the Controller shall make available for expenditure the amount of actual receipts from special funds whose receipts are continuously appropriated as provided in the Municipal Codes.

SECTION 5.3 Multi-Year Revenues.
In connection with money received in one fiscal year for departmental services to be performed in a subsequent year, the Controller is authorized to establish an account for depositing revenues which are applicable to the ensuing fiscal year, said revenue shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

SECTION 5.4 Contracting Funds.
All money received in connection with contracts under which a portion of the moneys received is to be paid to the contractors and the remainder of the moneys received inures to the City and County shall be deposited in the Treasury.

(a) That portion of the money received that under the terms of the contract inures to the City and County shall be deposited to the credit of the appropriate fund.

(b) That portion of the money received that under the terms of the contracts is to be paid to the contractor shall be deposited in special accounts and is hereby appropriated for said purposes.

SECTION 5.5 Real Estate Services.
Rents received from properties acquired or held in trust for specific purposes are hereby appropriated to the extent necessary for maintenance of said properties, including services of the General Services Agency.

Moneys received from lessees, tenants or operators of City-owned property for the specific purpose of real estate services relative to such leases or operating agreements are hereby appropriated to the extent necessary to provide such services.

SECTION 5.6 Collection Services.
In any contracts for the collection of unpaid bills for services rendered to clients, patients or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to the provisions of Administrative Code Section 10.37 and 10.38, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25 percent, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.7 Contract Amounts Based on Savings.
When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 5.8 Collection and Legal Services.
In any contracts between the City Attorney's Office and outside counsel for legal services in connection with the prosecution of actions filed on behalf of the City or for assistance in the prosecution of actions that the City Attorney files in the name of the People, where the fee to outside counsel is contingent on the recovery of a judgment or other monies by the City through such action, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the City Attorney's Office to record such recoveries. A percentage of such recoveries, not to exceed 25 percent plus the amount of any out-of-pocket costs the Controller determines were actually incurred to prosecute such action, is hereby appropriated from the amount of such recoveries to pay the contingent fee due to such outside counsel under said contract and any costs incurred by the City or outside counsel in prosecuting the action. The Controller is authorized and hereby directed to establish appropriate accounts to record total collections and contingent fee and cost payments relating to such actions. The City Attorney as verified by the Controller shall report to the Board of Supervisors annually on the collections and costs incurred under this provision, including the case name, amount of judgment, the fund which the judgment was deposited, and the total cost of and funding source for the legal action.

SECTION 6. Bond Interest and Redemption.
In the event that estimated receipts from other than utility revenues, but including amounts from ad-valorem taxes, shall exceed the actual requirements for bond interest and redemption, said excess shall be transferred to a General Bond Interest and Redemption Reserve account. The Bond Interest and Redemption Reserve is hereby appropriated to meet debt service requirements including printing of bonds, cost of bond rating services and the legal opinions approving the validity of bonds authorized to be sold not otherwise provided for herein.

Issuance, legal and financial advisory service costs, including the reimbursement of departmental services in connection therewith, for debt instruments issued by the City and County, to the extent approved by the Board of Supervisors in authorizing the debt, may be paid from the proceeds of such debt and are hereby appropriated for said purposes.

SECTION 7. Allotment Controls.
Since several items of expenditures herein appropriated are based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department.

The Controller in issuing payments or in certifying contracts, purchase orders or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

SECTION 7.1 Prior Year Encumbrances.
The Controller is hereby authorized to establish reserves for the purpose of providing funds for adjustments in connection with liquidation of encumbrances and other obligations of prior years.

SECTION 7.2 Equipment Purchases.
Funds for the purchase of items of equipment having a significant value of over $5,000 and a useful life of three years and over shall only be purchased from appropriations specifically provided for equipment or lease-purchased equipment, including equipment from capital projects. Departments may purchase additional or replacement equipment from previous equipment or lease-purchase appropriations, or from citywide equipment and other non-salary appropriations, with approval of the Mayor's Office and the Controller.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the General Services Agency and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however, that so much of said proceeds as may be required to affect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by the Board of Supervisors in the making of the original appropriation.

Appropriations of equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.
Funds appropriated herein to meet estimated enterprise deficits shall be made available to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting an enterprise fund deficit shall be transferred back to the General Fund at the end of each fiscal year unless otherwise appropriated by ordinance.

SECTION 8. Expenditure Estimates.
Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of the department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

SECTION 8.1 State and Federal Funds.
The Controller is authorized to increase Federal and State funds that may be claimed due to new General Fund expenditures appropriated by the Board of Supervisors. The Human Resources Director is authorized to add civil service positions required to implement the programs authorized by these funds. The Controller and the Human Resources Director shall report to the Board of Supervisors any actions taken under this authorization before the Board acts on the Annual Appropriation and Annual Salary Ordinances.

SECTION 8.2 State and Federal Funding Restorations.
If additional State or Federal funds are allocated to the City and County of San Francisco to backfill State reductions, the Controller shall backfill any funds appropriated to any program to the General Reserve.

SECTION 8.3 Process for Addressing General Fund Revenue Shortfalls
Upon receiving Controller estimates of revenue shortfalls that exceed the value of the General Reserve and any other allowances for revenue shortfalls in the adopted City budget, the Mayor shall inform the Board of Supervisors of actions to address this shortfall. The Board of Supervisors may adopt an ordinance to reflect the Mayor's proposal or alternative proposals in order to balance the budget.

SECTION 9. Interdepartmental Services.
The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever in the judgment of the Controller, the amounts which have been set aside for such purposes are no longer required or are in excess of the amount which is then currently estimated to be required, the Controller shall transfer the amount no longer required to the fund balance of the particular fund of which the reserve is a part. Provided further that no expenditure shall be made for personnel services, rent, equipment and capital outlay purposes from any interdepartmental reserve or work order fund without specific appropriation by the Board of Supervisors.

The amount detailed in departmental budgets for services of other City departments cannot be transferred to other spending categories without prior agreement from both the requesting and performing departments.

The Controller, pursuant to the provisions of Charter Section 3.105, shall review and may adjust charges or fees for services that may be authorized by the Board of Supervisors for the administration of the Technology Marketplace. Such fees are hereby appropriated for that purpose.

SECTION 10. Positions in the City Service.
Department heads shall not make appointments to any office or position until the Controller shall certify that funds are available.

Funds provided herein for salaries or wages may, with the approval of the Controller, be used to provide for temporary employment when it becomes necessary to replace the occupant of a position while on extended leave without pay, or for the temporary filling of a vacancy in a budgeted position. The Controller is authorized to approve the use of existing salary appropriations within departments to fund permanent appointments of up to six months to backfill anticipated vacancies to ensure implementation of successful succession plans and to facilitate the transfer of mission critical knowledge. The Controller shall provide a report to the Board of Supervisors every six months enumerating permanent positions created under this authority.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, and Transfers for Specific Purposes.
Funds for personnel services may be transferred from any legally available source on the recommendation of the department head and approval by the City Administrator, Board or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(a) Lump sum payments to officers, employees, police officers and fire fighters other than elective officers and members of boards and commissions upon death or retirement or separation caused by industrial accident for accumulated sick leave benefits in accordance with Civil Service Commission rules.

(b) Payment of the supervisory differential adjustment, out of class pay or other negotiated premium to employees who qualify for such adjustment provided that the transfer of funds must be made from funds currently available in departmental personnel service appropriations.

(c) Payment of any legal salary or fringe benefit obligations of the City and County including amounts required to fund arbitration awards.

(d) The Controller is hereby authorized to adjust salary appropriations for positions administratively reclassified or temporarily exchanged by the Human Resources Director provided that the reclassified position and the former position are in the same functional area.

(e) Positions may be substituted or exchanged between the various salary appropriations or position classifications when approved by the Human Resources Director as long as said transfers do not increase total departmental personnel service appropriations.

(f) The Controller is hereby authorized and directed upon the request of a department head and the approval by the Mayor's Office to transfer from any legally available funds amounts needed to fund legally mandated salaries, fringe benefits and other costs of City employees. Such funds are hereby appropriated for the purpose set forth herein.

(g) The Controller is hereby authorized to transfer any legally available funds to adjust salary and fringe benefit appropriations as required under reclassifications recommended by the Human Resources Director and approved by the Board of Supervisors in implementing the Management Compensation and Classification Plan.

Amounts transferred shall not exceed the actual amount required including the cost to the City and County of mandatory fringe benefits.

(h) Pursuant to California Labor Code Section 4850.4, the Controller is authorized to make advance payments from departments' salary accounts to employees participating in CalPERS who apply for disability retirement. Repayment of these advanced disability retirement payments from CalPERS and from employees are hereby appropriated to the departments' salary account.

(i) For purposes of defining terms in Administrative Code Section 3.18, the Controller is authorized to process transfers where such transfers are required to administer the budget through the following certification process: In cases where expenditures are reduced at the level of appropriation control during the Board of Supervisors phase of the budget process, the Chair of the Budget and Finance Committee, on recommendation of the Controller, may certify that such a reduction does not reflect a deliberate policy reduction adopted by the Board. The Mayor's Budget Director may similarly provide such a certification regarding reductions during the Mayor's phase of the budget process.

(j) Department travel budgets shall be considered as line-item appropriations for the purposes of administration for Administrative Code Section 3.18 and Charter Section 9.113(c) governing limitations on transfer of appropriated funds.

SECTION 10.2 Professional Services Contracts.
Funds appropriated for professional service contracts may be transferred to the account for salaries on the recommendation of the department head for the specific purpose of

using City personnel in lieu of private contractors with the approval of the Human Resources Director and the Mayor and the certification by the Controller that such transfer of funds would not increase the cost of government.

SECTION 10.3 Surety Bond Fund Administration.
The Controller is hereby authorized to allocate funds from capital project appropriations to the San Francisco Self-Insurance Surety Bond Fund, as governed by Administrative Code Section 10.100-317 and in accordance with amounts determined pursuant to Administrative Code Section 14B.16.

SECTION 10.4 Salary Adjustments, Memoranda of Understanding (MOUs).
The Controller is authorized and directed to transfer from the Salary and Benefits Reserve, or any legally available funds, amounts necessary to adjust appropriations for salaries and related mandatory fringe benefits of employees whose compensation is pursuant to Charter Sections A8.403 (Registered Nurses), A8.404 (Transit Operators), A8.409 (Miscellaneous Employees), A8.405 and A8.590-1 through A8.590-5 (Police and Firefighters), revisions to State Law, and/or collective bargaining agreements adopted pursuant to the Charter or arbitration award. The Controller and Human Resources Director are further authorized and directed to adjust the rates of compensation to reflect current pay rates for any positions affected by the foregoing provisions.

Adjustments made pursuant to this section shall reflect only the percentage increase required to adjust appropriations to reflect revised salary and premium pay requirements above the funding level established in the adopted budget of the respective departments.

The Controller is authorized and directed to transfer from reserves or any legally available funds amounts necessary to provide costs of non-salary benefits in ratified Memoranda of Understanding or arbitration awards. The Controller's Office shall report to the Budget and Finance Committee or Budget and Appropriations Committee on the status of the Salary and Benefits Reserve, including amounts transferred to individual City departments and remaining Reserve balances, as part of the Controller's Six and Nine Month Budget Status Reports.

SECTION 10.5 MOUs to be Reflected in Department Budgets.
Should the City and County adopt an MOU with a recognized employee bargaining organization during the fiscal year which has fiscal effects, the Controller is authorized and directed to reflect the budgetary impact of said MOU in departmental appropriations by transferring amounts to or from the Salary and Benefits Reserve, or, for self-supporting or restricted funds, to or from the respective unappropriated fund balance account. All amounts transferred pursuant to this section are hereby appropriated for the purpose.

SECTION 10.6 Funding Memoranda of Understanding (MOUs).
Whenever the Board of Supervisors has ratified by ordinance or resolution Memoranda of Understanding with recognized employee organizations or an arbitration award has become effective, and said memoranda or award contains provisions requiring the expenditure of funds, the Controller, on the recommendation of the Human Resources

Director, shall reserve sufficient funds to comply with such provisions and such funds are hereby appropriated for such purposes. The Controller is hereby authorized to make such transfers from funds hereby reserved or legally available as may be required to make funds available to departments to carry out the purposes required by the Memoranda of Understanding or arbitration award.

SECTION 10.7 Fringe Benefit Rate Adjustments.
Appropriations herein made for fringe benefits may be adjusted by the Controller to reflect revised amounts required to support adopted or required contribution rates. The Controller is authorized and is hereby directed to transfer between departmental appropriations and the General Reserve or other unappropriated balance of funds any amounts resulting from adopted or required contribution rates and such amounts are hereby appropriated to said accounts.

When the Controller determines that prepayment of the employer share of pension contributions is likely to be fiscally advantageous, the Controller is authorized to adjust appropriations and transfers in order to make and reconcile such prepayments.

SECTION 10.8 Police Department Uniformed Positions.
Positions in the Police Department for each of the various ranks that are filled based on the educational attainment of individual officers may be filled interchangeably at any level within the rank (e.g., Patrol Officer Q2, Q3 or Q4, Sergeant Q50, Q51, Q52). The Controller and Human Resources Director are hereby authorized to adjust payrolls, salary ordinances and other documents, where necessary, to reflect the current status of individual employees; provided however, that nothing in this section shall authorize an increase in the total number of positions allocated to any one rank or to the Police Department.

SECTION 10.9 Holidays, Special Provisions.
Whenever any day is declared to be a holiday by proclamation of the Mayor after such day has heretofore been declared a holiday by the Governor of the State of California or the President of the United States, the Controller, with the approval of the Mayor's Office, is hereby authorized to make such transfer of funds not to exceed the actual cost of said holiday from any legally available funds.

SECTION 10.10 Litigation Reserve, Payments.
The Controller is authorized and directed to transfer from the Reserve for Litigation Account for General Fund supported departments or from any other legally available funds for other funds, amounts required to make payments required to settle litigation against the City and County of San Francisco that has been recommended by the City Attorney and approved by the Board of Supervisors in the manner provided in the Charter. Such funds are hereby appropriated for the purposes set forth herein.

Amounts required to pay settlements of claims or litigation involving the Public Utilities Commission are hereby appropriated from the Public Utilities Commission Wastewater Enterprise fund balance or the Public Utilities Commission Water Enterprise fund balance,

as appropriate, for the purpose of paying such settlements following final approval of those settlements by resolution or ordinance.

SECTION 10.11 Changes in Health Services Eligibility.
Should the Board of Supervisors amend Administrative Code Section 16.700 to change the eligibility in the City's Health Service System, the Controller is authorized and directed to transfer from any legally available funds or the Salary and Fringe Reserve for the amount necessary to provide health benefit coverage not already reflected in the departmental budgets.

Section 10.12 Workers' Compensation Alternative Dispute Resolution Program
Resolutions 85-19 and 86-19 authorized the Department of Human Resources to enter Workers' Compensation Alternative Dispute Resolution (ADR) Labor-Management Agreements with the San Francisco Firefighters' Association, Local 798, and San Francisco Police Officers Association, respectively. These Agreements require the City to allocate an amount equal to 50% of the ADR program estimated net savings, as determined by actuarial report, for the benefit of active employees. The Controller is authorized and directed to transfer from any legally available funds the amount necessary to make the required allocations. This provision will terminate if the parties agree to terminate the Agreements.

SECTION 11. Funds Received for Special Purposes, Trust Funds.
The Controller is hereby authorized and directed to continue the existing special and trust funds, revolving funds, and reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional special and trust funds and reserves as may be created either by additional grants and bequests or under other conditions, and the receipts in each fund are hereby appropriated in accordance with law for the purposes and subject to the conditions under which each such fund was established.

SECTION 11.1 Special and Trust Funds Appropriated.
Whenever the City and County of San Francisco shall receive for a special purpose from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall establish a special fund or account evidencing the said moneys so received and specifying the special purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the Controller as long as any portion of said moneys or property remains.

Recurring grant funds which are detailed in departmental budget submissions and approved by the Mayor and Board of Supervisors in the annual budget shall be deemed to have met the requirements of Administrative Code Section 10.170 for the approval to apply for, receive and expend said funds and shall be construed to be funds received for a specific purpose as set forth in this section. Positions specifically approved by granting

agencies in said grant awards may be filled as though said positions were included in the annual budget and Annual Salary Ordinance, provided however that the tenure of such positions shall be contingent on the continued receipt of said grant funds. Individual grants may be adjusted by the Controller to reflect actual awards made if granting agencies increase or decrease the grant award amounts estimated in budget submissions.

The expenditures necessary from said funds or said accounts as created herein, in order to carry out the purpose for which said moneys or orders have been received or for which said accounts are being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys or orders have been received by the City and County of San Francisco, and in accordance with the conditions under which said funds are maintained.

The Controller is authorized to adjust transfers to the San Francisco Capital Planning Fund, established by Administrative Code Section 10.100-286, to account for final capital project planning expenditures reimbursed from approved sale of bonds and other long term financing instruments.

SECTION 11.2 Insurance Recoveries.
Any moneys received by the City and County of San Francisco pursuant to the terms and conditions of any insurance policy are hereby appropriated and made available to the general city or specific departments for associated costs or claims.

SECTION 11.3 Bond Premiums.
Premiums received from the sale of bonds are hereby appropriated for bond interest and redemption purposes of the issue upon which it was received.

SECTION 11.4 Ballot Arguments.
Receipts in and expenditures for payment for the printing of ballot arguments, are hereby appropriated in accordance with law and the conditions under which this appropriation is established.

SECTION 11.5 Tenant Overtime.
Whenever employees of departments are required to work overtime on account of services required by renters, lessees or tenants of City-owned or occupied properties, or recipients of services from City departments, the cost of such overtime employment shall be collected by the departments from the requesters of said services and shall be deposited with the Treasurer to the credit of departmental appropriations. All moneys deposited therein are hereby appropriated for such purpose.

SECTION 11.6 Refunds.
The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the Treasury in excess of amounts due, and the receipts and expenditures from each are hereby appropriated in accordance with law. Where by State statute, local ordinance or court order, interest is payable on amounts to be refunded, in the absence of appropriation therefore, such interest is herewith appropriated from the

unappropriated interest fund or interest earnings of the fund involved. The Controller is authorized, and funds are hereby appropriated, to refund overpayments and any mandated interest or penalties from State, Federal and local agencies when audits or other financial analyses determine that the City has received payments in excess of amounts due.

SECTION 11.7 Arbitrage.
The Controller is hereby authorized and directed to refund excess interest earnings on bond proceeds (arbitrage) when such amounts have been determined to be due and payable under applicable Internal Revenue Service regulations. Such arbitrage refunds shall be charged in the various bond funds in which the arbitrage earnings were recorded and such funds are hereby appropriated for the purpose.

SECTION 11.8 Damage Recoveries.
Moneys received as payment for damage to City-owned property and equipment are hereby appropriated to the department concerned to pay the cost of repairing such equipment or property. Moneys received as payment for liquidated damages in a City-funded project are appropriated to the department incurring costs of repairing or abating the damages. Any excess funds, and any amount received for damaged property or equipment which is not to be repaired shall be credited to a related fund.

SECTION 11.9 Purchasing Damage Recoveries.
That portion of funds received pursuant to the provisions of Administrative Code Section 21.33 - failure to deliver article contracted for - as may be needed to affect the required procurement are hereby appropriated for that purpose and the balance, if any, shall be credited the related fund.

SECTION 11.10 Off-Street Parking Guarantees.
Whenever the Board of Supervisors has authorized the execution of agreements with corporations for the construction of off-street parking and other facilities under which the City and County of San Francisco guarantees the payment of the corporations' debt service or other payments for operation of the facility, it shall be incumbent upon the Controller to reserve from parking meter or other designated revenues sufficient funds to provide for such guarantees. The Controller is hereby authorized to make payments as previously guaranteed to the extent necessary and the reserves approved in each Annual Appropriation Ordinance are hereby appropriated for the purpose. The Controller shall notify the Board of Supervisors annually of any payments made pursuant to this Section.

SECTION 11.11 Hotel Tax – Special Situations.
The Controller is hereby authorized and directed to make such interfund transfers or other adjustments as may be necessary to conform budget allocations to the requirements of the agreements and indentures of the 1994 Lease Revenue and/or San Francisco Redevelopment Agency Hotel Tax Revenue Bond issues.

SECTION 11.12 Local Transportation Agency Fund.
Local transportation funds are hereby appropriated pursuant to the Government Code.

SECTION 11.13 Insurance.
The Controller is hereby authorized to transfer to the Risk Manager any amounts indicated in the budget estimate and appropriated hereby for the purchase of insurance or the payment of insurance premiums.

SECTION 11.14 Grants to Departments of Aging and Adult Services, Child Support Services, and Homelessness and Supportive Housing
The Department of Aging and Adult Services and the Department of Child Support Services are authorized to receive and expend available federal and state contributions and grant awards for their target populations. The Controller is hereby authorized and directed to make the appropriate entries to reflect the receipt and expenditure of said grant award funds and contributions. The Department of Homelessness and Supportive Housing is authorized to apply surpluses among subgrants within master HUD grants to shortfalls in other subgrants.

SECTION 11.15 FEMA, OES, Other Reimbursements.
Whenever the City and County recovers funds from any federal or state agency as reimbursement for the cost of damages resulting from earthquakes and other disasters for which the Mayor has declared a state of emergency, such funds are hereby appropriated for the purpose. The Controller is authorized to transfer such funds to the credit of the departmental appropriation which initially incurred the cost, or, if the fiscal year in which the expenses were charged has ended, to the credit of the fund which incurred the expenses. Revenues received from other governments as reimbursement for mutual aid provided by City departments are hereby appropriated for services provided.

SECTION 11.16 Interest on Grant Funds.
Whenever the City and County earns interest on funds received from the State of California or the federal government and said interest is specifically required to be expended for the purpose for which the funds have been received, said interest is hereby appropriated in accordance with the terms under which the principal is received and appropriated.

SECTION 11.17 Treasurer – Banking Agreements.
Whenever the Treasurer finds that it is in the best interest of the City and County to use either a compensating balance or fee for service agreement to secure banking services that benefit all participants of the pool, any funds necessary to be paid for such agreement are to be charged against interest earnings and such funds are hereby appropriated for the purpose.

The Treasurer may offset banking charges that benefit all participants of the investment pool against interest earned by the pool. The Treasurer shall allocate other bank charges and credit card processing to departments or pool participants that benefit from those services. The Controller may transfer funds appropriated in the budget to General Fund departments as necessary to support allocated charges.

SECTION 11.18 City Buildings–Acquisition with Certificates of Participation (COPs).

Receipts in and expenditures from accounts set up for the acquisition and operation of City-owned buildings including, but not limited to 25 Van Ness Avenue and 1660 Mission Street, are hereby appropriated for the purposes set forth in the various bond indentures through which said properties were acquired.

SECTION 11.19 Generally Accepted Principles of Financial Statement Presentation.
The Controller is hereby authorized to make adjustments to departmental budgets as part of the year-end closing process to conform amounts to the Charter provisions and generally accepted principles of financial statement presentation, and to implement new accounting standards issued by the Governmental Accounting Standards Board and other changes in generally accepted accounting principles.

SECTION 11.20 Fund Balance Reporting and Government Fund Type Definitions.
The Controller is authorized to establish or adjust fund type definitions for restricted, committed or assigned revenues and expenditures, in accordance with the requirements of Governmental Accounting Standards Board Statement 54. These changes will be designed to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. Reclassification of funds shall be reviewed by the City's outside auditors during their audit of the City's financial statements.

SECTION 11.21 State Local Public Safety Fund.
Amounts received from the State Local Public Safety Fund (Sales Taxes) for deposit to the Public Safety Augmentation Fund shall be transferred to the General Fund for use in meeting eligible costs of public safety as provided by State law and said funds are appropriated for said purposes.

Said funds shall be allocated to support public safety department budgets, but not specific appropriation accounts, and shall be deemed to be expended at a rate of 75% of eligible departmental expenditures up to the full amount received. The Controller is hereby directed to establish procedures to comply with state reporting requirements.

SECTION 11.23 Affordable Housing Loan Repayments and Interest Earnings.
Loan repayments, proceeds of property sales in cases of defaulted loans, and interest earnings in special revenue funds designated for affordable housing are hereby appropriated for affordable housing program expenditures, including payments from loans made by the former San Francisco Redevelopment Agency and transferred to the Mayor's Office of Housing and Community Development, the designated the housing successor agency. Expenditures shall be subject to the conditions under which each such fund was established.

SECTION 11.24 Development Agreement Implementation Costs.
The Controller is hereby authorized to appropriate reimbursements of City costs incurred to implement development agreements approved by the Board of Supervisors, including but not limited to City staff time, consultant services and associated overhead costs to conduct plan review, inspection, and contract monitoring, and to draft, negotiate, and

administer such agreements. This provision does not apply to development impact fees or other payments approved in a development agreement, which shall be appropriated by the Board of Supervisors.

SECTION 11.25 Housing Trust Fund.
The Controller is hereby authorized to adjust appropriations as necessary to implement the movement of Housing Trust Fund revenues and expenditures from the General Fund to a special revenue fund.

SECTION 12. Special Situations.

SECTION 12.1 Revolving Funds.
Surplus funds remaining in departmental appropriations may be transferred to fund increases in revolving funds up to the amount authorized by the Board of Supervisors if said Board, by ordinance, has authorized an increase in said revolving fund amounts.

SECTION 12.2 Interest Allocations.
Interest shall not be allocated to any special, enterprise, or trust fund or account unless said allocation is required by Charter, state law or specific provision in the legislation that created said fund. Any interest earnings not allocated to special, enterprise or trust funds or accounts shall be credited, by the Controller, to General Fund Unallocated Revenues.

SECTION 12.3 Property Tax.
Consistent with the State Teeter Plan requirements, the Board of Supervisors elects to continue the alternative method of distribution of tax levies and collections in accordance with Revenue and Taxation Code Section 4701. The Board of Supervisors directs the Controller to maintain the Teeter Tax Losses Reserve Fund at an amount not less than 1% of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the county as provided by Revenue and Taxation Code Section 4703. The Board of Supervisors authorizes the Controller to make timely property tax distributions to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, and City and County of San Francisco Infrastructure Financing Districts as approved by the Board of Supervisors through the budget, through development pass-through contracts, through tax increment allocation pledge agreements and ordinances, and as mandated by State law.

The Controller is authorized to adjust the budget to conform to assumptions in final approved property tax rates and to make debt service payments for approved general obligation bonds accordingly.

The Controller is authorized and directed to recover costs from the levy, collection and administration of property taxes. The tax rate for the City's General Obligation Bond Fund, approved annually by resolution of the Board of Supervisors, includes a collection fee of 0.25% of the fund collected for the purpose of the General Obligation Bond debt service. An amount sufficient to pay this fee is hereby appropriated within the General Obligation Bond Fund and the Controller is hereby authorized to pay this fee into the General Fund from the General Obligation Bond Fund.

SECTION 12.4 New Project Reserves.
Where this Board has set aside a portion of the General Reserve for a new project or program approved by a supplemental appropriation, any funds not required for the approved supplemental appropriation shall be returned to the General Fund General Reserve by the Controller.

SECTION 12.5 Aid Payments.
Aid paid from funds herein provided and refunded during the fiscal year hereof shall be credited to, and made available in, the appropriation from which said aid was provided.

SECTION 12.6 Department of Public Health Transfer Payments, Indigent Health Revenues, and Realignment Funding to Offset for Low Income Health Programs.
To more accurately reflect the total net budget of the Department of Public Health, this ordinance shows net revenues received from certain State and Federal health programs. Funds necessary to participate in such programs that require transfer payments are hereby appropriated. The Controller is authorized to defer surplus transfer payments, indigent health revenues, and Realignment funding to offset future reductions or audit adjustments associated with funding allocations for health services for low income individuals.

SECTION 12.7 Municipal Transportation Agency.
Consistent with the provisions of Proposition E and Proposition A creating the Municipal Transportation Agency and including the Parking and Traffic function as a part of the Municipal Transportation Agency, the Controller is authorized to make such transfers and reclassification of accounts necessary to properly reflect the provision of central services to the Municipal Transportation Agency in the books and accounts of the City. No change can increase or decrease the overall level of the City's budget.

SECTION 12.8 Treasure Island Authority.
Should the Treasure Island property be conveyed and deed transferred from the Federal Government, the Controller is hereby authorized to make budgetary adjustments necessary to ensure that there is no General Fund impact from this conveyance, and that expenditures of special assessment revenues conform to governmental accounting standards and requirements of the special assessment as adopted by voters and approved by the Board of Supervisors.

SECTION 12.9 Hetch Hetchy Power Stabilization Fund.
Hetch Hetchy has entered into a long-term agreement to purchase a fixed amount of power. Any excess power from this contract will be sold back to the power market.

To limit Hetch Hetchy's risk from adverse market conditions in the future years of the contract, the Controller is authorized to establish a power stabilization account that reserves any excess revenues from power sales in the early years of the contract. These funds may be used to offset potential losses in the later years of the contract. The balance in this fund may be reviewed and adjusted annually.

The power purchase amount reflected in the Public Utility Commission's expenditure budget is the net amount of the cost of power purchased for Hetch Hetchy use. Power purchase appropriations may be increased by the Controller to reflect the pass through costs of power purchased for resale under long-term fixed contracts previously approved by the Board of Supervisors.

SECTION 12.10 Closure of Special Funds, Projects, and Accounts
In accordance with Administrative Code Section 10.100-1(d), if there has been no expenditure activity for the past two fiscal years, a special fund or project can be closed and repealed. The Controller is hereby authorized and directed to reconcile and balance funds, projects and accounts. The Controller is directed to create a clearing account for the purpose of balancing surpluses and deficits in such funds, projects and accounts, and funding administrative costs incurred to perform such reconciliations.

SECTION 12.11 Charter-Mandated Baseline Appropriations.
The Controller is authorized to increase or reduce budgetary appropriations as required by the Charter for baseline allocations to align allocations to the amounts required by formula based on actual revenues received during the fiscal year. Departments must obtain Board of Supervisors' approval prior to any expenditure supported by increasing baseline allocations as required under the Charter and the Municipal Code.

SECTION 12.12 Parking Tax Allocation.
The Controller is authorized to increase or decrease final budgetary allocation of parking tax in-lieu transfers to reflect actual collections to the Municipal Transportation Agency. The Municipal Transportation Agency must obtain Board of Supervisors' approval prior to any expenditure supported by allocations that accrue to the Agency that are greater than those already appropriated in the Annual Appropriation Ordinance.

SECTION 12.13 Former Redevelopment Agency Funds.
Pursuant to Board of Supervisors Ordinance 215-12, the Successor Agency to the San Francisco Redevelopment Agency (also known as the Office of Community Investment and Infrastructure, or OCII) is a separate legal entity from the City and its budget is subject to separate approval by resolution of the Board of Supervisors. The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency (SFRA) fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and the City Administrator's office and to comply with State requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If during the course of the budget period, the OCII requests departments to provide additional services beyond budgeted amounts and the Controller determines that the

Successor Agency has sufficient additional funds available to reimburse departments for such additional services, the departmental expenditure authority to provide such services is hereby appropriated.

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller will increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing and Community Development is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 12.14 CleanPowerSF.
CleanPowerSF customer payments and all other associated revenues deposited in the CleanPowerSF special revenue fund are hereby appropriated in the amounts actually received by the City and County in each fiscal year. The Controller is authorized to disburse the revenues appropriated by this section as well as those appropriated yet unspent from prior fiscal years to pay power purchase obligations and other operating costs as provided in the program plans and annual budgets, as approved by the Board of Supervisors for the purposes authorized therein.

SECTION 14. Departments.
The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which shall not be deemed completed until a specific finding of completion has been made by the Public Utilities Commission. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

(b) There shall be a General Services Agency, headed by the City Administrator, including the Department of Public Works, the Department of Telecommunication and Information Services, and the Department of Administrative Services.

The City Administrator shall be considered one entity for budget purposes and for disbursement of funds. This budgetary structure does not affect the separate legal status

of the departments placed within the entity: Administrative Services, Medical Examiner, Convention and Facilities Management, and Animal Care and Control. Each of these departments shall retain the duties and responsibilities of departments as provided in the Charter and the Administrative Code, including but not limited to appointing and contracting authority.

(c) There shall be a Human Services Agency, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Human Services Agency shall be two departments: (1) the Department of Human Services, under the Human Services Commission, and (2) the Department of Aging and Adult Services ("DAAS"), under the Aging and Adult Services Commission, includes Adult Protective Services, the Public Administrator/Public Guardian, the Mental Health Conservator, the Department of Aging and Adult Services, the County Veterans' Service Officer, and the In-Home Supportive Services Program. This budgetary structure does not affect the legal status or structure of the two departments, unless reorganized under Charter Section 4.132. The Human Resources Director and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program from one department to the other. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The departments within the Human Services Agency shall coordinate with each other and with the Aging and Adult Services Commission to improve delivery of services, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. The Aging and Adult Services Commission shall remain the Area Agency on Aging. This coordination is not intended to diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the Commission.

The Director of the Aging and Adult Services Commission also may serve as the department head for DAAS, and/or as a deputy director for the Department of Human Services, but shall receive no additional compensation by virtue of an additional appointment. If an additional appointment is made, it shall not diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the Commission.

SECTION 15. Travel Reimbursement and Cell Phone Stipends.
The Controller shall establish rules for the payment of all amounts payable for travel for officers and employees, and for the presentation of such vouchers as the Controller shall deem proper in connection with expenditures made pursuant to said Section. No allowance shall be made for traveling expenses provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

The Controller may advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco, and failure on the part of the person involved to make such accounting shall be

sufficient cause for the Controller to withhold from such persons pay check or checks in a sum equivalent to the amount to be accounted.

In consultation with the Human Resources Director, the Controller shall establish rules and parameters for the payment of monthly stipends to officers and employees who use their own cells phones to maintain continuous communication with their workplace, and who participate in a Citywide program that reduces costs of City-owned cell phones.

SECTION 16. Contributed Revenue Reserve and Audit and Adjustment Reserve.
The Controller is hereby authorized to establish a Contributed Revenue and Adjustment Reserve to accumulate receipts in excess of those estimated revenues or unexpended appropriations stated herein. Said reserve is established for the purpose of funding the budget of the subsequent year, and the receipts in this reserve are hereby appropriated for said purpose. The Controller is authorized to maintain an Audit and Adjustment Reserve to offset audit adjustments, and to balance expenditure accounts to conform to year-end balancing and year-end close requirements.

SECTION 17. Airport Service Payment.
The moneys received from the Airport's revenue fund as the Annual Service Payment provided in the Airline-Airport Lease and Use Agreement are in satisfaction of all obligations of the Airport Commission for indirect services provided by the City and County of San Francisco to the Commission and San Francisco International Airport and constitute the total transfer to the City's General Fund.

The Controller is hereby authorized and directed to transfer to the City's General Fund from the Airport revenue fund with the approval of the Airport Commission funds that constitute the annual service payment provided in the Airline - Airport Lease and Use Agreement in addition to the amount stated in the Annual Appropriation Ordinance.

On the last business day of the fiscal year, unless otherwise directed by the Airport Commission, the Controller is hereby authorized and directed to transfer all moneys remaining in the Airport's Contingency Account to the Airport's Revenue Fund. The Controller is further authorized and directed to return such amounts as were transferred from the Contingency Account, back to the Contingency Account from the Revenue Fund Unappropriated Surplus on the first business day of the succeeding fiscal year, unless otherwise directed by the Airport Commission.

SECTION 18. Pooled Cash, Investments.
The Treasurer and Controller are hereby authorized to transfer available fund balances within pooled cash accounts to meet the cash management of the City, provided that special and non-subsidized enterprise funds shall be credited interest earnings on any funds temporarily borrowed therefrom at the rate of interest earned on the City Pooled Cash Fund. No such cash transfers shall be allowed where the investment of said funds in investments such as the pooled funds of the City and County is restricted by law.

SECTION 19. Matching Funds for Federal or State Programs.

Funds contributed to meet operating deficits and/or to provide matching funds for federal or State aid (e.g. Medicaid under SB 855 or similar legislation for Zuckerberg San Francisco General Hospital) are specifically deemed to be made exclusively from local property and business tax sources.

SECTION 20. Advance Funding of Bond Projects – City Departments.
Whenever the City and County has authorized appropriations for the advance funding of projects which may at a future time be funded from the proceeds of general obligation, revenue, or lease revenue bond issues or other legal obligations of the City and County, the Controller shall recover from bond proceeds or other available sources, when they become available, the amount of any interest earnings foregone by the General Fund as a result of such cash advance to disbursements made pursuant to said appropriations. The Controller shall use the monthly rate of return earned by the Treasurer on City Pooled Cash Fund during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 21. Advance Funding of Projects – Transportation Authority.
Whenever the San Francisco County Transportation Authority requests advance funding of the costs of administration or the costs of projects specified in the City and County of San Francisco Transportation Expenditure Plan which will be funded from proceeds of the transactions and use tax as set forth in Article 14 of the Business and Tax Regulations Code of the City and County of San Francisco, the Controller is hereby authorized to make such advance. The Controller shall recover from the proceeds of the transactions and use tax when they become available, the amount of the advance and any interest earnings foregone by the City and County General Fund as a result of such cash advance funding. The Controller shall use the monthly rate of return earned by the Treasurer on General City Pooled Cash funds during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 22. Controller to Make Adjustments, Correct Clerical Errors.
The Controller is hereby authorized and directed to adjust interdepartmental appropriations, make transfers to correct objects of expenditures classifications and to correct clerical or computational errors as may be ascertained by the Controller to exist in this ordinance. The Controller shall file with the Clerk of the Board a list of such adjustments, transfers and corrections made pursuant to this Section.

The Controller is hereby authorized to make the necessary transfers to correct objects of expenditure classifications, and corrections in classifications made necessary by changes in the proposed method of expenditure.

SECTION 22.1 Controller to Implement New Financial and Interfacing Subsystems.
In order to further the implementation and adoption of the Financial and Procurement System’s modules, the Controller shall have the authority to reclassify departments' appropriations to conform to the accounting and project costing structures established in the new system, as well as reclassify contract authority utilized (expended) balances and unutilized (available) balances to reflect actual spending.

SECTION 23. Transfer of State Revenues.
The Controller is authorized to transfer revenues among City departments to comply with provisions in the State budget.

SECTION 24. Use of Permit Revenues from the Department of Building Inspection.
Permit revenue funds from the Department of Building Inspection that are transferred to other departments as shown in this budget shall be used only to fund the planning, regulatory, enforcement and building design activities that have a demonstrated nexus with the projects that produce the fee revenues.

SECTION 25. Board of Supervisors Official Advertising Charges.
The Board of Supervisors is authorized to collect funds from enterprise departments to place official advertising. The funds collected are automatically appropriated in the budget of the Board of Supervisors as they are received.

SECTION 26. Work Order Appropriations.
The Board of Supervisors directs the Controller to establish work orders pursuant to Board-approved appropriations, including positions needed to perform work order services, and corresponding recoveries for services that are fully cost covered, including but not limited to services provided by one City department to another City department, as well as services provided by City departments to external agencies, including but not limited to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, the School District, and the Community College. Revenues for services from external agencies shall be appropriated by the Controller in accordance with the terms and conditions established to perform the service.

It is the policy of the Mayor and the Board of Supervisors to allocate costs associated with the replacement of the City's financial and purchasing system to all City Departments proportional to the departments' costs and financial requirements. In order to minimize new General Fund appropriations to complete the project, the Controller is authorized and directed to work with departments to identify efficiencies and savings in their financial and administrative operations to be applied to offset their share of the costs of this project, and is authorized to apply said savings to the project.

SECTION 26.1 Property Tax System
In order to minimize new appropriations to the property tax system replacement project, the Controller is authorized and directed to apply operational savings from the offices of the Tax Collector, Assessor, and Controller to the project. No later than June 1, 2018 the Controller shall report to the Budget and Legislative Analyst's Office and Budget and Finance Committee on the specific amount of operational savings, including details on the source of such savings, in the budgets of Tax Collector, Assessor, and Controller that are re-allocated to the Property Tax System Replacement Project

SECTION 27. Revenue Reserves and Deferrals.
The Controller is authorized to establish fee reserve allocations for a given program to the extent that the cost of service exceeds the revenue received in a given fiscal year,

including establishment of deferred revenue or reserve accounts. In order to maintain balance between budgeted revenues and expenditures, revenues realized in the fiscal year preceding the year in which they are appropriated shall be considered reserved for the purposes for which they are appropriated.

SECTION 28. Close-Out of Reserved Appropriations.
On an annual basis, the Controller shall report the status of all reserves, their remaining balances, and departments' explanations of why funding has not been requested for release. Continuation of reserves will be subject to consideration and action by the Budget and Finance Committee or Budget and Appropriations Committee. The Controller shall close out reserved appropriations that are no longer required by the department for the purposes for which they were appropriated.

SECTION 28.1. Reserves Placed on Expenditures by Controller.
Consistent with Charter Section 3.105(d), the Controller is authorized to reserve expenditures in the City's budget equal to uncertain revenues, as deemed appropriate by the Controller. The Controller is authorized to remove, transfer, and update reserves to expenditures in the budget as revenue estimates are updated and received in order to maintain City operations.

SECTION 29. Appropriation Control of Capital Improvement Projects and Equipment.
Unless otherwise exempted in another section of the Administrative Code or Annual Appropriation Ordinance, and in accordance with Administrative Code Section 3.18, departments may transfer funds from one Board-approved capital project to another Board-approved capital project. The Controller shall approve transfers only if they do not materially change the size or scope of the original project. Annually, the Controller shall report to the Board of Supervisors on transfers of funds that exceed 10% of the original appropriation to which the transfer is made.

The Controller is authorized to approve substitutions within equipment items purchased to equip capital facilities providing that the total cost is within the Board-approved capital project appropriation.

The Controller is authorized to transfer approved appropriations between departments to correctly account for capitalization of fixed assets.

SECTION 30. Business Improvement Districts.
Proceeds from all special assessments levied on real property included in the property-based business improvement districts in the City and County of San Francisco are hereby appropriated in the respective amounts actually received by the City and County in such fiscal year for each such district.

The Controller is authorized to disburse the assessment revenues appropriated by this section to the respective Owners' Associations (as defined in Section 36614.5 of the Streets and Highways Code) for such districts as provided in the management district plans, resolutions establishing the districts, annual budgets and management agreements, as approved by the Board of Supervisors for each such district, for the

purposes authorized therein. The Tourism Improvement District and Moscone Expansion Business Improvement District assessments are levied on gross hotel room revenue and are collected and distributed by the Tax Collector's Office.

SECTION 31. Infrastructure Financing and Infrastructure Revitalization Financing Districts.

Pursuant to California Government Code Section 53395 et seq. (IFD Law), the Board of Supervisors has formed Infrastructure Financing (IFD) and Infrastructure Revitalization Financing (IRFD) Districts within the City and County of San Francisco. The Board of Supervisors hereby authorizes the Controller to transfer funds and appropriation authority between and within accounts related to City and County of San Francisco IFDs and IRFDs to serve accounting and State requirements, the latest approved Infrastructure Financing Plan for a District, and applicable bond covenants.

When 100% of the portion of property tax increment normally appropriated to the City and County of San Francisco's General Fund or Special Revenue Fund or to the County's Educational Revenue Augmentation Fund (ERAF) is instead pledged, based on Board of Supervisors Ordinance, the Controller may increase or decrease appropriations to match actual revenues realized for the IFD or IRFD. Any increases to appropriations would be consistent with the Financing Plan previously approved by the Board of Supervisors.

IFD/IRFD No / Title	Ordinance	Estimated Tax Increment	
		FY 2020-21	FY 2021-22
IFD 2 Port Infrastructure Financing District Subproject Area Pier 70 G-1 Historic Core	27-16	$ 733,000	$ 749,000
IFD 2 Port Infrastructure Financing District Subproject Areas Pier 70 G-2, G-3, and G-4	220-18	$ -	$ -
IFD 2 Port Infrastructure Financing District Subproject Area I (Mission Rock)	34-18	$ -	$ 360,000
IRFD 1 Treasure Island Infrastructure and Revitalization Financing District	21-17	$ 2,931,000	$ 4,475,000
IRFD 2 Hoedown Yard Infrastructure and Revitalization Financing District	348-18	$ -	$ -

SECTION 32. COVID-19 Response and Economic Loss Contingency Reserve

Five hundred and seven million dollars ($507,000,000) of unassigned fund balance from fiscal year 2019-20 is hereby assigned to a budget contingency reserve for the purpose of managing costs related to the coronavirus public health emergency and revenue shortfalls caused by the effect of the pandemic on the state and local tax bases, as well as mitigating uncertainty around future funding from the Federal Emergency Management Agency (FEMA) and voter approval of November 2020 business tax measures assumed in the fiscal year 2020-21 and 2021-22 proposed budget. This consolidated reserve is comprised of unassigned fund balance reserved for other contingencies of three hundred and eight million ($308,000,000) and the available balances of the Rainy Day One Time Spending Account, the Budget Stabilization Reserve One Time Spending Account, and the Budget Savings Incentive Fund. This assignment shall not be included in the

calculations of deposits to the Budget Stabilization Reserve described in Administrative Code Section 10.60 (c).

SECTION 33. Federal, State and Local Match Sources & Uses Accounting for COVID-19 Emergency.
The Controller is authorized to adjust federal and state sources appropriations to reflect eligible costs by authorized spending category, to ensure cost reimbursement recovery revenues are maximized, and to align eligible costs to the appropriate federal or state fund, provided there is no net increase or decrease to COVID-19 emergency response revenues or expenditures. Adjustments may be made across fiscal years 2019-20 and 2020-21, and any balances available on June 30, 2020 are assigned for COVID-19 emergency response uses in fiscal year 2020-21.

SECTION 33.1 Emergency Transfers of Funds.
The Controller shall each month report any transfer of appropriated or unappropriated funds adopted pursuant to the Mayor's COVID-19 Emergency Order.

SECTION 34. Transbay Joint Powers Authority Financing.
Sources received for purposes of payment of debt service for the approved and issued Transbay Community Facilities District special tax bonds and the approved and drawn City bridge loan to the Transbay Joint Powers Authority are hereby appropriated.

SECTION 35. Administration of Appropriation Advances to Contested Taxes.
Revenue collected pursuant to three contested taxes approved by voters in 2018 (June 2018 Prop C Early Care and Education Commercial Rents Tax ordinance, June 2018 Prop G Living Wage for Educators Parcel Tax, and November 2018 Prop C Homelessness Gross Receipts Tax ordinance) will not be available for appropriation until the conclusion of litigation. General Fund appropriations in the budget for legally eligible expenditures for each of these measures shall be treated as advances to address the policy goals of these measures pending the outcome of this litigation. Should the City prevail in litigation, the General Fund will be reimbursed for these advances. The Controller is authorized to recategorize appropriations to facilitate the administration of this section.

Measures proposed for the November 2020 ballot would amend the Business and Tax Regulations Code to increase the gross receipts tax on certain taxpayers and impose a new general tax on the gross receipts from the lease of certain commercial space if the contested 2018 tax measures are struck down. Should voters approve these measures, the Controller is authorized to recategorize appropriations to facilitate the administration of this section, and is also directed to establish a Business Tax Stabilization Account for the purpose of equalizing the benefit of the advance repayment assumed in the budget year over future fiscal years.

SECTION 36. Equity Investment Report.
The Human Rights Commission shall submit a report to the Mayor and Board of Supervisors detailing the final investment plan for various appropriated equity investments following the completion of a community-driven planning process.

(1) Interest payment will be offset in part by available federal subsidies of interest.

(2) Debt service will be offset by available tobacco settlement revenues and SB 1128 sinking fund. The offset assumes that SB 1128 reimbursement will be available to cover GOBs debt service with respect to Laguna Honda Hospital Series 2008-R3 and Laguna Honda Hospital Series 2005A & 2005I. Series 2005A & 2005I were refunded by GOB Refunding S2011-R1 and Series 2008-R3 by GOB Refunding S2015-R1.

(3) For AAO purpose, the totals in the summary are gross of net bid premium, federal subsidies, tobacco settlement revenue and SB 1128 reimbursements.

(5) Debt service related to construction cost of Laguna Honda Hospital is offset by SB 1128 sinking fund. The information assumes that SB 1128 reimbursement will be available to partially cover the Certificates of Participation Refunding Bond, Series 2019-R1 LHH debt service.

(6) Other Fiscal Charges include insurance, trustees and arbitrage rebate computation fees.

(7) The Hetch Hetchy Water and Power Enterprise, San Francisco International Airport, Wastewater Enterprise and Water Enterprise are on a fixed two-year budget (FY 2020-2021 and FY 2021 - 2022). The debt service schedule for FY 2021-2022 for these departments will be updated in FY 2022-2023 and FY 2023-2024 budget.

Notes N-1

AN ORDINANCE ENUMERATING POSITIONS IN THE ANNUAL BUDGET AND APPROPRIATION ORDINANCE FOR THE FISCAL YEARS ENDING JUNE 30, 2021, AND JUNE 30, 2022 CONTINUING, CREATING, OR ESTABLISHING THESE POSITIONS; ENUMERATING AND INCLUDING THEREIN ALL POSITIONS CREATED BY CHARTER OR STATE LAW FOR WHICH COMPENSATIONS ARE PAID FROM CITY AND COUNTY FUNDS AND APPROPRIATED IN THE ANNUAL APPROPRIATION ORDINANCE; AUTHORIZING APPOINTMENTS OR CONTINUATION OF APPOINTMENTS THERETO; SPECIFYING AND FIXING THE COMPENSATIONS AND WORK SCHEDULES THEREOF; AND AUTHORIZING APPOINTMENTS TO TEMPORARY POSITIONS AND FIXING COMPENSATIONS THEREFORE.

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF SAN FRANCISCO.

SECTION 1. ESTABLISHMENT, CREATION AND CONTINUATION OF POSITIONS.

In accordance with the provisions of the Administrative Code, the positions hereinafter enumerated under the respective departments are hereby created, established, or continued for the fiscal year ending June 30, 2021. Positions created or authorized by Charter or State law, compensations for which are paid from City and County funds and appropriated in the Annual Appropriation Ordinance, as that ordinance may be modified during the fiscal year in supplemental appropriation or deappropriation ordinances (together "Annual Appropriation Ordinance"), are enumerated and included herein.

The word "position" or "positions" as used in the ordinance shall be construed to include office or offices, and the word "employee" or "employees" shall be construed to include officer or officers. The terms "requisition" and "request to fill" are intended to be synonymous and shall be construed to mean a position authorization that is required by the Charter.

Section 1.1. APPOINTMENTS AND VACANCIES - PERMANENT POSITIONS.

Section 1.1A. Appointing officers as specified in the Charter are hereby authorized, subject to the provisions of this ordinance, to make or continue appointments as needed during the fiscal year to permanent positions enumerated in their respective sections of this ordinance. Such appointments shall be made in accordance with the provisions of the Charter. Appointing officers shall not make an appointment to a vacancy in a permanent position until the request to fill for such position is approved by the Controller. Provided further, that if the Mayor declares an intent to approve requests to fill due to unanticipated financial reasons, appointing officers shall not make an appointment to a vacancy in a permanent position until the request to fill for such position is approved by the Mayor. Provided further, that if changes occur to the classification, compensation, or duties of a permanent position, appointing officers shall not make an appointment to a vacancy in such position until the request to fill for such position is approved by the Department of Human Resources. Provided further, that in order to prevent the stoppage of essential services, the Human Resources Director may authorize an emergency appointment pending approval or disapproval of a request to fill, if funds are available to pay the compensation of such emergency appointee.

Provided that if the proposed employment is for inter-departmental service, the Controller shall approve as to conformity with the following inter-departmental procedure. Appointing officers shall not authorize or permit employees to work in inter-departmental service unless the following provisions are satisfied. The payment of compensation for the employment of persons in inter-departmental service shall be

within the limit of the funds made available by certified inter-departmental work orders and such compensation shall be distributed to the inter-departmental work orders against which they constitute proper detailed charges.

A. If the appointing officer is unable to employ a qualified person to cover the work schedule of a position herein established or authorized, the appointing officer, subject to the provisions of this ordinance and the Annual Appropriation Ordinance and with the approval of the Department of Human Resources, may in the appointing officer's discretion employ more than one person on a lesser work schedule but the combined salaries shall not exceed the compensation appropriated for the position, or may appoint one person on a combined work schedule but subject to the limitation of the appropriation and the compensation schedule for the position and without amendment to this ordinance.

B. Where a vacancy exists in a position, the Human Resources Director may and is hereby authorized to approve a temporary (diverted) request to fill in a different class, provided that the Controller certifies that funds are available to fill that vacancy on this basis, and provided that no action taken as a result of the application of this section will affect the classification of the position concerned as established in the Annual Appropriation Ordinance and this ordinance.

An appointing officer, subject to the provisions of this ordinance, the Annual Appropriation Ordinance, the Controller's certification of funds, and Civil Service certification procedures, may employ more than one person on a combined work schedule not to exceed the permanent full-time equivalent, or may combine the appropriations for more than one permanent part-time position in order to create a single full-time equivalent position limited to classifications of positions herein established or authorized and their respective compensation schedules. Such changes shall be reported to the Department of Human Resources and the Controller's office. No full-time equivalent position which is occupied by an employee shall be reduced in hours without the voluntary consent of the employee, if any, holding that position. However, the combined salaries for part-time positions created shall not exceed the compensation appropriated for the full-time position, nor will the salary of a single full-time position created exceed the compensation appropriated for part-time positions. Each permanent part-time employee shall receive the same benefits as existing permanent part-time employees. The funding of additional fringe benefit costs subject to availability of funds will be from any legally available funds.

Section 1.1B. The Human Resources Director is solely authorized to administratively adjust the terms of this ordinance as follows:

A. To change the classification of a position provided that the rate of pay is the same or less and the services are in the same functional area.

B. To adjust the compensation of a position pursuant to an approved Memorandum of Understanding or ordinance.

C. To reflect the initial rates of compensation for a newly established classification, excluding classes covered under Administrative Code Sections 2A.76 and 2A.90.

D. To add positions funded in accordance with section 10.22 of the Annual

Appropriation Ordinance, regarding Professional Service Contracts, and section 26 of the Annual Appropriation Ordinance, regarding work order appropriations.

The Department of Human Resources shall promptly notify the Controller, the Clerk of the Board, the Mayor's Office and the affected department(s) if the Human Resources Director takes such actions as authorized above.

Section 1.1C. Provided further, that if requests to fill for vacant permanent positions issued by departments where the appointing officers are elected officials enumerated in Article II and Section 6.100 of the Charter (the Board of Supervisors, Assessor-Recorder, City Attorney, District Attorney, Public Defender, Sheriff and Treasurer) are approved by the Controller and are not approved or rejected by the Mayor and the Department of Human Resources within 15 working days of submission, the requests to fill shall be deemed approved. If such requests to fill are rejected by the Mayor and/or the Department of Human Resources, the appointing officers listed above may appeal that rejection in a hearing before the Budget and Finance and/or Budget and Appropriations Committee of the Board of Supervisors, and the Board of Supervisors in its discretion may then grant approval of said requests to fill.

Section 1.1D. The Human Resources Director is authorized to make permanent exempt appointments for a period of up to 6 months to permit simultaneous employment of an existing City employee who is expected to depart City employment and a person who is expected to be appointed to the permanent position previously held by the departing employee when such an appointment is necessary to ensure implementation of successful succession plans and to facilitate the transfer of mission-critical knowledge within City departments.

Section 1.1E. The Human Resources Director, with concurrence of the Controller, is authorized to adjust the terms of this ordinance to reflect the conversion of temporary positions to a permanent position(s) when sufficient funding is available and conversion is needed either (A) to maintain services when elimination of temporary positions is consistent with the terms of Memoranda of Understanding or (B) to address City staffing needs created by the San Francisco Housing Authority's changing scope of work.

Section 1.2. APPOINTMENTS-TEMPORARY POSITIONS.

Section 1.2A. Temporary appointments to positions defined by Charter Section 10.104(16) as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated and such other temporary services as required at rates not in excess of salary schedules if funds have been appropriated and are available for such temporary service. Such appointments shall be limited in duration to no more than 1040 hours in any fiscal year. No appointment to such temporary or seasonal position shall be made until the Controller has certified the availability of funds, and the request to fill for such service is approved by the Controller and the Department of Human Resources. Provided further that in order to prevent the stoppage of essential services, the Human Resources Director may authorize an emergency appointment pending approval or disapproval of the request to fill, if funds are available to pay the compensation of such emergency appointee. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. Provided that if the proposed employment is for inter-departmental service, the Controller shall approve as to conformity with the following inter-departmental procedure. Appointing officers shall not authorize or permit employees to

work in inter-departmental service unless the following provisions are complied with. The payment of compensation for the employment of persons in inter-departmental service shall be within the limit of the funds made available by certified inter-departmental work orders and such compensation shall be distributed to the inter-departmental work orders against which they constitute proper detailed charges.

Section 1.2B. Temporary Assignment, Different Department. When the needs and the best interests of the City require, appointing officers are authorized to arrange among themselves the assignment of personnel from one department to another department on a temporary basis. Such temporary assignments shall not be treated as transfers, and may be used to alleviate temporary seasonal peak-load situations, complete specific projects, provide temporary transitional work programs to return injured employees to work, or other circumstances in which employees from one department can be effectively used on a temporary basis in another department. All such temporary assignments between departments shall be reviewed and approved by the Department of Human Resources.

Section 1.3. EXCEPTIONS TO NORMAL WORK SCHEDULES FOR WHICH NO EXTRA COMPENSATION IS AUTHORIZED.

Employees appointed to salaried classifications (i.e., designated –Z symbol) shall work such hours as may be necessary for the full and proper performance of their duties and shall receive no additional compensation for work on holidays or in excess of eight hours per day for five days per week, but may be granted compensatory time off under the provisions of any applicable Memorandum of Understanding or ordinance. Provided that, subject to the fiscal provisions of the Charter and the availability of funds, the Human Resources Director may suspend the provisions of this section to allow overtime payment. Approval of overtime payments shall be limited to extraordinary circumstances in which employees are required to work a significant number of hours in excess of their regular work schedules for a prolonged period of time, with a limited ability to use compensatory time off. Further, such payment shall be consistently applied to all personnel in a class.

SECTION 2. COMPENSATION PROVISIONS.

Section 2.1. PUC EMPLOYEES ASSIGNED TO HETCH HETCHY AND RECREATION AND PARK EMPLOYEES PERMANENTLY ASSIGNED TO CAMP MATHER.

The Public Utilities Commission and Recreation and Park Department will pay a stipend of $418.62 per month to employees residing in designated zip code areas enrolled in the Health Services System with employee plus two or more dependents where HMOs are not available and such employees are limited to enrollment to the City Plan I. The Public Utilities Commission will pay a stipend of $121.90 per month to employees residing in designated zip code areas enrolled in the Health Services System with employee plus one dependent where HMOs are not available and such employees are limited to enrollment to City Plan I. These rates may be adjusted by the Health Service System Board to reflect the increase in premiums effective January 1, 2021. The City reserves the right to either reimburse the affected employees or provide an equivalent amount directly to the Health Services System.

Section 2.2. MOVING EXPENSES.

Where needed to recruit employees to fill Department Head, Deputy Director or Manager Level IV or higher (Manager V or higher for SFMTA) positions, an appointing authority may authorize the expenditure of pre-offer recruitment expenses, such as interview travel expenses, and reimbursement of post-offer expenses, such as moving, lodging/temporary housing and other relocation costs, not to exceed $22,823. Reimbursement will be made for actual expenses documented by receipts. As an alternative, the Controller may authorize advance payment of approved expenses. Payments under this section are subject to approval by the Controller and the Human Resources Director (except for SFMTA, where the approval is the Controller and Director of Transportation). This amount shall be indexed to the growth rate in the Consumer Price Index – All Urban Consumers (CPI-U), as reported by the Bureau of Labor Statistics for the San Francisco Metropolitan Statistical Area from February to February of the preceding fiscal year.

Section 2.3. SUPPLEMENTATION OF MILITARY PAY.

A. In accordance with Charter Section A8.400(h) and in addition to the benefits provided pursuant to Section 395.01 and 395.02 of the California Military and Veterans Code and the Civil Service Rules, any City employee who is a member of the reserve corps of the United States Armed Forces, National Guard or other uniformed service organization of the United States and is called into active military service to provide medical or logistical support to federal, state, or local government responses to the COVID-19 pandemic shall have the benefits provided for in subdivision (B).

B. Any employee to whom subdivision (A) applies, while on military leave, shall receive from the City the following supplement to their military pay and benefits:

1. The difference between the amount of the individual's gross military pay and the amount of gross pay the individual would have received as a City employee, had the employee worked the employee's regular work schedule (excluding overtime unless regularly scheduled as part of the employee's regular work schedule).

2. Retirement service credit consistent with Section A8.520 of the Charter.

3. All other benefits to which the employee would have been entitled had the employee not been called to eligible active military service, except as limited under state law or the Charter.

C. As set forth in Charter Section A8.400(h), this section shall be subject to the following limitations and conditions:

1. The employee must have been called into active service for a period greater than 30 consecutive days.
2. The purpose for such call to active service shall have been to respond to the COVID-19 pandemic, and shall not include scheduled training, drills, unit training assemblies or similar events.
3. The amounts authorized under this section shall be offset by amounts required to be paid pursuant to any other law, so there are no double payments to the employee.
4. Any employee receiving compensation under this section shall execute an agreement providing that if the employee does not return to City service within 60 days of release

from active duty (or if the employee is not fit for employment at that time, within 60 days of a determination that the employee is fit for employment), then the compensation described in Sections (B)(1) through (B)(3) shall be treated as a loan payable with interest at a rate equal to the greater of (i) the rate received for the concurrent period by the Treasurer's Pooled Cash Account or (ii) the minimum amount necessary to avoid imputed income under the Internal Revenue Code of 1986, as amended from time to time, and any successor statute. Interest shall begin to accrue 90 days after the employee's release from active service or return to fitness for employment. Such loan shall be payable in equal monthly installments over a period not to exceed 5 years, commencing 90 days after the individual's release from active service or return to fitness for employment.

5. This section shall not apply to any active duty served voluntarily after the time that the employee is called to active service.

Section 2.4 CITY EMPLOYEES SERVING ON CHARTER-MANDATED BOARDS AND COMMISSIONS, OR BOARDS, COMMISSIONS AND COMMITTEES CREATED BY INITIATIVE ORDINANCE.

A. City employees serving on Charter-mandated boards and commissions, or boards, commissions and committees created by initiative ordinance, shall not be compensated for the number of hours each pay period spent in service of these boards and commissions, based on a 40-hour per week compensation assumption.

B. City employees covered by this provision shall submit to the Controller each pay period a detailed description of the time spent in service, including attending meetings, preparing for meetings, meeting with interested stakeholders or industry, and writing or responding to correspondence. There is a rebuttable presumption that such employees spend 0.25 of their time in service of these duties. This information shall be made publicly available pursuant to the Sunshine Ordinance.

C. This provision shall not apply to City employees whose service is specified in the Charter or by initiative ordinance, nor shall it apply to City employees serving on interdepartmental or other working groups created by initiative of the Mayor or Board of Supervisors, nor shall it apply to City employees who serve on the Health Service Board, Retiree Health Care Trust Fund Board, or Retirement Board.

Section 2.5 STIPEND FOR PLANNING COMMISSIONERS FOR ATTENDANCE AT PLANNING COMMISSION MEETINGS.

Each commissioner serving on the Planning Commission may receive full stipend for that commissioner's attendance at each meeting of the Commission, as enumerated and included herein, if the commissioner is present at the beginning of the first action item on the agenda for such meeting for which a vote is taken until the end of the public hearing on the last calendared item. A commissioner of the Planning Commission who attends a portion of a meeting of the Planning Commission, but does not qualify for full stipend, may receive one-quarter of the stipend available for the commissioner's attendance at each meeting of the commission, as enumerated and included herein.

EXPLANATION OF SYMBOLS.

The following symbols used in connection with the rates fixed herein have the significance and meaning indicated.

B. Biweekly.
C. Contract rate.
D. Daily.
E. Salary fixed by Charter.
F. Salary fixed by State law.
G. Salary adjusted pursuant to ratified Memorandum of Understanding.
H. Hourly.
I. Intermittent.
J. Rate set forth in budget.
K. Salary based on disability transfer.
L. Salary paid by City and County and balance paid by State.
M. Monthly.
O. No funds provided.
P. Premium rate.
Q. At rate set under Charter Section A8.405 according to prior service.
W. Weekly.
Y. Yearly.

Charter Exempt Positions

Charter Section 10.104 - Exclusions From Civil Service Appointment	
Code	**Description of Exemption**
(1)	Supervisory and policy-level positions within the office of the Mayor and the office of the City Administrator.
(2)	Elected officers of the City and County and their chief deputies or chief assistants.
(3)	Members of commissions, boards and advisory committees.
(4)	Commission/Board secretary.
(5)	Heads of agencies and departments.
(6)	Non-uniformed deputy heads of departments.
(7)	Uniformed deputy heads of departments, police commanders and Fire Chief's aides.
(8)	Confidential secretary and executive assistant within a department or agency.
(9)	The Clerk of the Board of Supervisors, legislative analyst and assistants to the members of the Board of Supervisors.
(10)	Paraprofessional aides of the Unified School District and teaching instructional aides of the Community College District.
(11)	Persons employed in positions outside the City and County upon construction work being performed by the City and County when such positions are exempted from the classified civil service by an order of the civil service commission.
(12)	Persons employed in positions in any department for expert professional temporary services, when such positions are exempted from said classified civil service for a specified period of said temporary service by order of the civil service commission.
(13)	All attorneys, including an attorney to the Sheriff and an attorney for the Tax Collector, City Attorney's and District Attorney's investigators, hospital chief administrators, physicians and dentists serving in their professional capacity (except those physicians and dentists whose duties are significantly administrative or supervisory).
(14)	Positions designated as exempt under the 1932 charter, as amended.
(15)	Positions determined by the Controller and approved annually by the Board of Supervisors to be positions where the work or services can be practically performed under private contract at a lesser cost than similar work performed by employees of the City and County, except where such work or services are required to be formed by officers or employees of the City and County under the provisions of this Charter or other applicable law.
(16)	Temporary and seasonal appointments not to exceed the equivalent of half-time during any fiscal year, except that such positions may be filled through regular civil service procedures.
(17)	Appointments, which shall not exceed two years and shall not be renewable, as substitutes for civil service employees on leave, except that such positions may be filled through regular Civil Service procedures.
(18)	Appointments, which shall not exceed three years and shall not be renewable, for special projects and professional services with limited term funding, except that such positions may be filled through regular Civil Service Commission procedures.
(19)	Entry level positions designated by an appointing officer with approval of the Civil Service Commission for persons who met minimum qualifications and are certified as blind or severely disabled; persons so appointed whose job performance is rated satisfactory by their appointing officer shall after one year of continuous service acquire Civil Service status.

FISCAL YEARS 2020-21 AND 2021-22

ANNUAL SALARY ORDINANCE

NOTES TO POSITION COUNT DETAIL AND APPENDIX

NOTE

A. PAY RATES

Certain pay rates included in this document may not reflect year-end rates due to negotiated wage settlements and arbitration awards that have not received final legislative action. If you have a question regarding a rate of pay for a specific classification, please consult the Department of Human Resources Compensation Manual online at http://www.sfgov.org/dhr, or contact the Department of Human Resources' Compensation Program at (415) 557-4990.

B. EXEMPT POSITIONS

The appendix lists the different types of Charter exemptions per Charter Section 10.104 and then identifies all exempt positions with approved requisitions by department per Charter Section 10.104 (1-14). These exempt positions are subject to change during the fiscal year. All Commissioners and Board Members are exempt pursuant to Charter section 10.104-3, but are not included as positions and are not detailed in the budget.

C. POSITION COUNT

Total position counts include off-budget positions.

City and County of San Francisco
Tails
Ordinance

City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

File Number: 200568 **Date Passed:** September 29, 2020

Annual Salary Ordinance enumerating positions in the Annual Budget and Appropriation Ordinance for the Fiscal Years ending June 30, 2021, and June 30, 2022, continuing, creating, or establishing these positions; enumerating and including therein all positions created by Charter or State law for which compensations are paid from City and County funds and appropriated in the Annual Appropriation Ordinance; authorizing appointments or continuation of appointments thereto; specifying and fixing the compensations and work schedules thereof; and authorizing appointments to temporary positions and fixing compensations therefore.

File No. 200568

I hereby certify that the foregoing Ordinance was FINALLY PASSED on 9/29/2020 by the Board of Supervisors of the City and County of San Francisco.

Angela Calvillo
Clerk of the Board

London N. Breed
Mayor

10/1/2020
Date Approved

From: San Francisco Controller"s Office Reports
To: Calvillo, Angela (BOS)
Subject: Revised Report- Business Tax Changes: Economic Impact Report
Date: Thursday, October 8, 2020 10:50:22 AM

On July 21, the Controller's Office issued an economic impact report on potential changes to the City's business taxes, which voters will consider as Proposition F on the November 2020 ballot. Among other changes, the proposal would permit the City to expend revenues, that it has already collected, from taxes are that the subject of active litigation.

Subsequently, on September 9, the California Supreme Court declined to review the lawsuit related to the City's Homelessness Gross Receipts Tax. This had the effect of allowing the City to begin spending the revenues from that tax.

Since voter approval of the proposed tax would no longer have the effect of unlocking Homelessness Gross Reciepts Tax revenues, the economic impact of the proposal has changed. Today, the Controller's Office is re-issuing the July report with a one-page addendum that summarizes the revised economic impact estimate. The addendum may be found on page 14 of the revised report. No other changes to the July report were made.

Business Tax Changes: Economic Impact Report

(Revised October 8, 2020)

CITY & COUNTY OF SAN FRANCISCO

Office of the Controller

Office of Economic Analysis

Item #200648

10/08/2020

Introduction

- The proposed legislation would make a number of changes to San Francisco's system of business taxes. The changes would require voter approval, by a simple majority vote, at the November 2020 election.
- The revenues from two new taxes approved by San Francisco voters in 2018 have been impounded by the City Controller's Office, because of ongoing litigation. The proposed tax changes would permit the City to expend those impounded funds, and replace the tax revenues for 20 years, if the City loses that litigation.
- Additionally, the proposal would eliminate the City's Payroll Expense Tax, reduce business registration fees for small businesses, and make a number of adjustment to the City's Gross Receipts Tax rates.
- The Office of Economic Analysis (OEA) has prepared this economic impact report after determining that the proposed changes could have a material impact on the city's economy.
- The proposed tax is incorporated within a City Charter amendment which also excludes the tax's revenue from budget baselines. Only the tax changes are considered in this report, as the baseline changes do not affect the broader city economy.

Policy Details

- Specifically, the proposed tax would make the following changes:

1. Providing a new revenue stream (a "backstop") that would permit the City to expend the impounded revenue now being collected from the Commercial Rents Tax ("Baby C") and Homelessness Gross Receipts Tax ("Big C"). The backstop is an increase in Gross Receipts Tax rates that mirror Big C and Baby C, and would go into effect for 20 years, only if the City loses the litigation.
2. A repeal of the Payroll Expense Tax, effective in tax year 2021, funded by an across-the-board increase in Gross Receipts Tax rates, of 40%.
3. A reduction of business registration fees, for businesses with $1 million or less in San Francisco gross receipts.
4. An increase in the small business exemption for the Gross Receipts Tax, to $2 million. It's 2019 level is $1.17 million.
5. Temporary reductions in Gross Receipts Tax rate for certain industries, and phased, permanent, increases in Gross Receipts Tax rates for other industries, as detailed on the following three pages.

Proposed Temporary Rate Reductions

- The City's Gross Receipts Tax has progressive tax rates, in which a business faces higher tax rates on higher tiers of gross receipts.
- The proposed measure would reduce the tax rates on the lowest three tiers (up to $25 million in gross receipts), for the following industries: Retail Trade; Certain Services; Manufacturing; Arts, Entertainment, Recreation; Accommodations; and Food Services.
- The rates reductions for all 6 industries would be, in tax years 2021 & 2022, equivalent to 50% of the existing rates below $25 million, adjusted by the 40% increase to fund the elimination of the Payroll Expense Tax. In tax year 2023, the reduction would be 25% of this adjusted rate, and in tax year 2024 and afterwards, there would be no reduction.
- Rates for all industries and tiers, for each year, are shown in the Appendix.

Proposed Rate Increases

- The proposal would change the rates that apply to the Information industry, beginning in tax year 2021, by raising them to match the rates that apply to the Professional, Scientific, and Technical Services industry.
- Additionally, further stepped increases would apply, to the industries and in the tax years shown on the next page. These increases are shown as a percentage increase of current rates, for all tiers.
- In 2023 and 2024, the increases would be delayed by one year if total San Francisco gross receipts for the proceeding year was below 90% or 95%, respectively, of San Francisco gross receipts total for 2019. This effectively defers tax increases if there is a major decline in the city's economy that continues to 2022 or 2023.
- The detailed rate increases by industry are shown on the next page. Full rate detail is provided in appendix.

Rate Increase Details

Business Activity	2021	2022	2023	2024
Certain Services	0%	0%	0%	0%
Retail Trade	0%	0%	0%	0%
Wholesale Trade	0%	0%	0%	0%
Biotechnology	0%	5%	10%	15%
Clean Technology	0%	0%	0%	0%
Food Services	0%	0%	0%	0%
Information	0%	10%	15%	20%
Manufacturing	0%	0%	0%	0%
Transportation and Warehousing	0%	0%	0%	0%
Accommodations	0%	0%	0%	0%
Arts, Entertainment, and Recreation	0%	0%	0%	0%
Utilities	0%	5%	10%	15%
Activity Not Listed Above	0%	10%	15%	20%
Administrative and Support Services	0%	5%	10%	15%
Private Education and Health Services	0%	5%	10%	15%
Construction	0%	0%	0%	0%
Financial Services	0%	10%	15%	20%
Insurance	0%	5%	10%	15%
Professional, Scientific, and Technical Services	0%	10%	15%	20%
Real Estate and Rental and Leasing Services	0%	5%	10%	15%
Administrative Office Tax Payers	0%	5%	10%	15%

Estimated Revenue

- An estimate of the revenue changes associated with each of the features of the tax proposal is shown on the table on the next page.
- The table assumes a resolution of the Big C/Baby C tax litigation, in the City's favor, in 2023, and that there is no revenue associated with the backstop in that year or beyond. As stated earlier, if the City loses the litigation, the backstop would replace the revenue of Big C/Baby C, as a general tax, for 20 years.
- The table shows the Big C and Baby C revenues that have been paid, or will be paid between now and 2023. This payment has and will continue to occur, regardless of whether this proposal is adopted. The proposal only permits the City to spend it prior to the final resolution of the litigation.

Revenue Impact of Policy Features, 2020-2025

Tax Feature	Spending Use	2021	2022	2023	2024	2025
Unlocked Big C Revenue	Affordable Housing	$197	$94	$0	$0	$0
	Mental Health	$98	$47	$0	$0	$0
	Homelessness Prevention	$59	$28	$0	$0	$0
	Shelter & Hygiene	$40	$19	$0	$0	$0
	General Fund Re-Payments	$197	$0	$0	$0	$0
Unlocked Baby C Revenue	Childcare	$273	$160	$0	$0	$0
	General Fund Distributions	$107	$28	$0	$0	$0
Replace Payroll Tax with Gross Receipts Tax Increase	General Fund	$1	$1	$1	$1	$1
Reduce Business Registration Fees	General Fund	-$5	-$5	-$5	-$5	-$5
Raise Gross Receipts Tax Small Business Exemption	General Fund	-$12	-$12	-$12	-$12	-$12
Temporary Tax Reductions	General Fund	-$22	-$22	-$11	$0	$0
Move Information to Schedule 6 Rates	General Fund	$30	$30	$30	$30	$30
Stepped Tax Increases	General Fund	$0	$39	$61	$83	$83
Total		$963	$407	$64	$97	$97

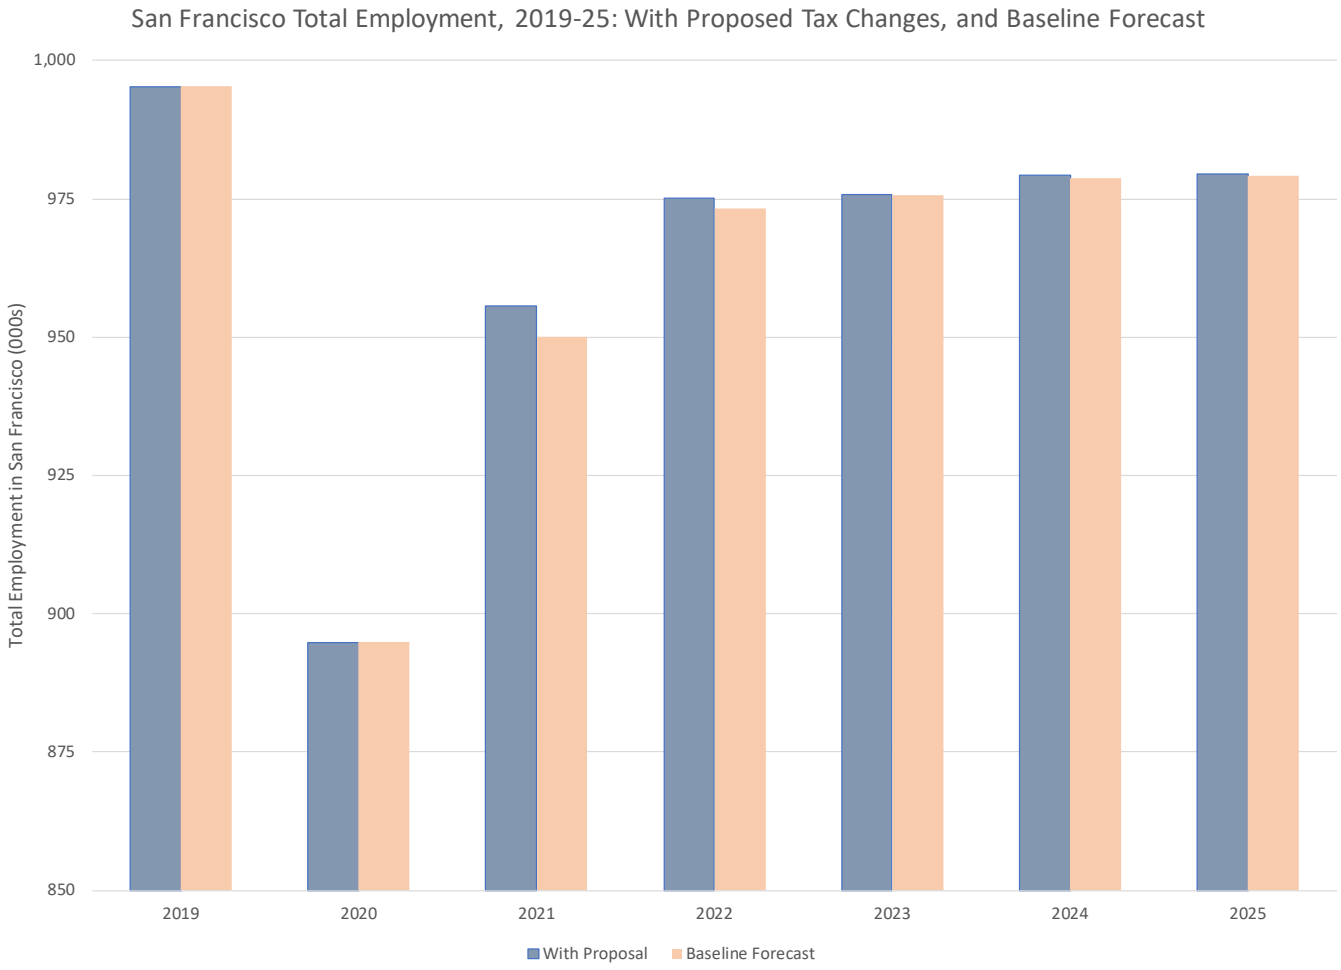

Economic Impact Factors

- The proposal will affect the city's economy in three primary ways:
    1. The backstop feature will allow the spending of Big C/Baby C revenue, prior to the resolution of the litigation. This spending will create a positive impact on the city's economy, without any offsetting negative impact on businesses.
    2. Secondly, the proposal fully shifts the City's business tax base away from payroll expense, to gross receipts, which will create an incentive to add payroll and employment in the city.
    3. Thirdly, the proposal changes the Gross Receipts Tax burden, across industries and businesses of different sizes. Since industries in San Francisco differ in their sensitivity to the cost of doing business, and their multiplier effects, these shifts may also impact the city's economy.
- The estimated net impact of the proposal on each industry, for the years 2021-2024, is shown in the table on the next page.

Change in Business Taxes by Industry, 2021-2024

Industry	2021 ($M)	2022 ($M)	2023 ($M)	2024 ($M)
Accommodations	-$1	-$1	$0	$2
Activity Not Listed Above	$0	$1	$2	$3
Administrative and Support Services	$0	$1	$2	$3
Arts, Entertainment, and Recreation	-$2	-$2	-$1	$0
Biotechnology	-$1	-$1	$0	$0
Certain Services	-$2	-$2	-$1	-$1
Clean Technology	$0	$0	$0	$0
Construction	$3	$3	$3	$3
Financial Services	$8	$17	$21	$25
Food Services	-$9	-$9	-$5	-$2
Information	$16	$30	$36	$43
Insurance	$0	$1	$1	$1
Manufacturing	-$3	-$3	-$2	$0
Private Education and Health Services	$0	$1	$1	$2
Professional, Scientific, and Technical Services	-$6	$4	$10	$15
Real Estate and Rental and Leasing Services	$4	$5	$7	$8
Retail Trade	-$9	-$9	-$6	-$3
Transportation and Warehousing	$0	$0	$0	$0
Utilities	$1	$1	$2	$2
Wholesale Trade	-$2	-$2	-$2	-$2
Administrative Office Tax payers	$0	$1	$3	$4

Economic Impact Assessment

The OEA used the REMI model to estimate the economic impact of the tax and spending changes summarized on pages 8 and 10.

The chart to the left illustrates a baseline forecast of city employment, prepared since COVID-19 emergency, and the REMI estimate of city employment were the tax proposal to go into effect.

The baseline forecast is for the city to lose approximately 100,000 jobs in 2020. 55,000 would be recovered in 2021.

The tax proposal would raise the number of jobs by about 5,500 in 2021, and 1,900 in 2022, due to the expenditure of the unlocked Big C/Baby C funds. In later years, when no new backstop spending is assumed, the job impacts are much more modest.

*The estimate assumes a resolution of the tax litigation in 2023, and that the triggered tax increases are not deferred and go into effect in 2023 and 2024.

Conclusions

- The COVID-19 emergency has dramatically worsened the near-term economic outlook for the city. The baseline jobs forecast is for the loss of 100,000 jobs in 2020, and no full recovery to 2019 employment levels until after 2025.
- In this context, the tax proposal could improve the economy in the early years; its expected impact of 5,500 jobs in 2021 would account for 10% of all projected job recovery in the city next year.
- After the resolution of the tax litigation, when no new spending from Big C and Baby C is expected, the economic impact would be much more modest. An increase in employment in the City, and in City contractors, would slightly outweigh the job losses in the industries that face tax increases under the proposal.

Addendum (10/8): Post-Lawsuit Impact Estimate

- On September 9, 2020, the California Supreme Court declined to hear the Big C lawsuit, leaving standing the Appellate Court decision which favored the City.
- Accordingly, the City can begin expending the impounded Big C revenues immediately, and voter approval of the proposed tax would no longer have the effect of unlocking those revenues.
- The OEA has recalculated the measure's projected job impacts, given its reduced impact on new revenues. The table below shows the original and revised employment impacts: the difference between the baseline jobs forecast, and the forecast with the tax in place.

Year	Original Estimate of Job Creation from Proposed Tax	Revised Estimate of Job Creation from Proposed Tax
2021	5,506	1,599
2022	1,925	797
2023	171	242
2024	378	366
2025	464	440

CALIFORNIA FISH AND GAME COMMISSION
NOTICE OF FINDINGS

Western Joshua Tree
(*Yucca brevifolia*)

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2074.2 of the Fish and Game Code, the California Fish and Game Commission (Commission), at its September 22, 2020 meeting, accepted for consideration the petition submitted to list the western Joshua tree (*Yucca brevifolia*) as threatened or endangered under the California Endangered Species Act.

Pursuant to subdivision (e)(2) of Section 2074.2 of the Fish and Game Code, the Commission determined that the amount of information contained in the petition, when considered in light of the California Department of Fish and Wildlife's (Department) written evaluation report, the comments received, and the remainder of the administrative record, would lead a reasonable person to conclude there is a substantial possibility the requested listing could occur.

Based on that finding and the acceptance of the petition, the Commission is also providing notice that the western Joshua tree is a candidate species as defined by Section 2068 of the Fish and Game Code.

Within one year of the date of publication of this notice of findings, the Department shall submit a written report, pursuant to Section 2074.6 of the Fish and Game Code, indicating whether the petitioned action is warranted. Copies of the petition, as well as minutes of the September 22, 2020 Commission meeting, are on file and available for public review from Melissa Miller-Henson, Executive Director, California Fish and Game Commission, 1416 Ninth Street, Suite 1320, Sacramento, California 95814, phone (916) 653-4899.

Written comments or data related to the petitioned action should be directed to the California Department of Fish and Wildlife, P.O. Box 944209, Sacramento, CA 94244-2090, Attn: Jeb Bjerke or email nativeplants@wildlife.ca.gov (include "Western Joshua Tree) in the subject line. Submission of information via email is preferred.

This is to provide you with a copy of the notice of proposed regulatory action relative to amending section 29.06, Title 14, CCR relating to Recreational Sea Urchin Bag Limit Exemption.

Please note that the date of the public hearings related to this matter and associated deadlines for receipt of written comments. Additional information and associated documents may be found on the Fish and Game Commission website at https://fgc.ca.gov/Regulations/2020-New-andProposed.

Environmental Scientist, Anthony Shiao, Scientist, Department of Fish and Wildlife, Anthony.shiao@wildlife.ca.gov or (805) 560-6056 has been designated to respond to questions on the substance of the proposed regulations.

Sincerely,

David Thesell
Program Manager

Title 14. Fish and Game Commission
Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200 and 205 of the Fish and Game Code and to implement, interpret or make specific sections 200 and 205 of said Code, proposes to amend sections 29.06, Title 14, California Code of Regulations, relating to recreational sea urchin bag limit exemption.

Informative Digest/Policy Statement Overview

The Fish and Game Commission (Commission) and the Department of Fish and Wildlife (Department) are proposing to amend Section 29.06 of Title 14, California Code of Regulations (CCR). The proposed regulations would establish two areas for kelp restoration and information collection efforts aided by recreational divers. The proposal is the state's most recent attempt to help restore depleted and diminishing kelp forests in Central and Northern California following warmer than normal ocean conditions and the loss of predatory sea stars to wasting disease. Many former kelp forests are now urchin barrens, and new kelp stands cannot be reestablished due to overgrazing by sea urchins.
Best available studies suggest that sea urchin density can be controlled only if sufficient mortality can be incurred. This proposal puts forth Caspar Cove in Mendocino County and Tanker Reef in Monterey County as two sites where recreational divers will be able to test the feasibility of controlling sea urchin populations through recreational diving efforts. It is hoped that kelp refuges can be created at these sites and when ocean conditions are again favorable for kelp growth and return of natural predators, these areas can provide the necessary spore banks to reseed the coast.
Under the proposed regulations, recreational divers are allowed to take unlimited purple sea urchins in Caspar Cove and unlimited purple sea urchins and red sea urchins at Tanker Reef. Take of red sea urchin will not be allowed in Caspar Cove because of an active commercial red sea urchin fishery in the area. Take must be conducted by hand or with hand-held tools due to the risks that automated or pressurized machines pose to the hard substrate of the reefs. The primary purpose of the proposed regulations is to collect data and gather information; the regulations will sunset on April 1, 2024. Upon the expiration of the proposed regulations, the Commission and the Department will work to implement the next step of its adaptive management based on information gathered.

Benefits of the Regulations

The primary goal of this proposal is to test the effectiveness of kelp restoration through sea urchin control by recreational divers at two test sites. The results from the test sites will help inform future kelp restoration projects. The proposal can also potentially contribute to the overall statewide kelp restoration effort. For further discussion of the benefit analysis, please see impact of Regulatory Action/Results of the Economic Impact Assessment (sub b).

Consistency and Compatibility with Existing Regulations

The Legislature has delegated authority to the Commission to promulgate recreational fishing regulations (Fish and Game Code, sections 200 and 205); no other state agency has the authority to promulgate such regulations. The Commission has conducted a search of Title 14, CCR and determined that the proposed regulation is neither inconsistent nor incompatible with existing state

regulations and that the proposed regulations are consistent with other recreational fishing regulations and marine protected area regulations in Title 14, CCR.

Public Participation

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a webinar/teleconference hearing to be held on Wednesday, October 14, 2020 at 8:30 a.m., or as soon thereafter as the matter may be heard. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a webinar/teleconference hearing to be held on Wednesday, December 9, 2020 at 8:30 a.m., or as soon thereafter as the matter may be heard. Instructions for participation in the webinar/teleconference hearing will be posted at www.fgc.ca.gov in advance of the meeting or may be obtained by calling 916-653-4899.

It is requested, but not required, that written comments be submitted on or before November 30, 2020 at the address given below, or by email to FGC@fgc.ca.gov. **Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on December 4, 2020**. All comments must be received no later than December 9, 2020, during the webinar/teleconference hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Sherrie Fonbuena at FGC@fgc.ca.gov or at the preceding address or phone number. **Environmental Scientist, Anthony Shiao, Department of Fish and Wildlife, (805) 560-6056 or Anthony.Shiao@wildlife.ca.gov), has been designated to respond to questions on the substance of the proposed regulations.**

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 265 of

the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in sections 11343.4, 11346.4, 11346.8 and 11347.1 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states because the proposed regulatory action will extend and expand an existing kelp habitat restoration effort that will help to support and a variety of recreational sportfishing opportunities. The restoration of kelp forests is vital to the revitalization of the declining abalone sport fishery and to an array of species that benefit from the kelp forest ecosystem. The proposed action will have no adverse impact to recreational opportunities or to species of value for commercial fisheries.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The proposed action furthers the mission of the Commission, which is, in part, to ensure that California will have abundant, healthy, and diverse fish and wildlife that thrive within dynamic ecosystems for the benefit of all citizens of the State. The Commission anticipates no impacts on the creation or elimination of jobs within the state; no impact on the creation of new businesses or the elimination of existing businesses; and expansion of business. The proposed action is designed to ensure the long-term sustainability and quality of the kelp forest ecosystem in Central and Northern California, as well as the coastal economy that relies on it. Small increases in recreational urchin diving opportunities may result in an increase in visits to the affected areas that will bring some additional local expenditures to businesses that support ocean diving activities. However, the increase in visits are not likely to be substantial enough to spur the creation of new jobs, new businesses, or the expansion of businesses. Thus, the regulatory action indirectly benefits the health and welfare of the California residents and the state's environment, and no effects on worker safety.

(c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

No change in administration or enforcement costs are anticipated by CDFW or other State agencies. Consideration was given to keep administrative and enforcement costs within existing budgets. No impact in federal funding to the State is anticipated.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None. The proposed action has been designed to ensure that there are no nondiscretionary cost impacts to local law enforcement or emergency response services.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

FISH AND GAME COMMISSION

Subject: Cease and Desist Letters to Black Employee Alliance Members from San Francisco Department of Human Resources EEO Director Linda Simon

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good afternoon Black Employee Alliance and Coalition Against Anti-Blackness Members

It has come to our attention that Linda Simon, Director of EEO for the City and County of San Francisco, instructed her attorney to send cease and desist letters to individual members of the Black Employee Alliance and Coalition Against Anti-Blackness.

It is shameful and distasteful that a San Francisco City Official/Leader, Department of Human Resources Director would send Cease and Desist letters to Black Employees raising concerns about issues causing harm to Black employees.

The Black Employee Alliance and Coalition Against Anti-Blackness will not relent from our quest for change, accountability, and transparency. We will also not be intimidated by San Francisco City Officials or leaders who decide we are too vocal and/or "problematic". As Black people, we have been (and continue to be) forced to be silent about our oppression and our oppressors. This is a blatant example and act of that oppression. We will not be silent or moved from calling for the changes we requested in our initial message to Mayor London Breed and the Board of Supervisors.

Again, please let us know if you received a Cease and Desist letter from Linda Simon's attorney; as we want to ensure we strategize to protect members of the Alliance.

Sincerely,

Black Employee Alliance and Coalition Against Anti-Blackness

[redacted]

September 30, 2020

[redacted]

I represent Linda Simon, Equal Employment Opportunity and Leave Programs Director for the San Francisco Department of Human Resources. This letter is in response to your recent public statements as a representative of the Black Employee Alliance concerning my client and your speculation that she was complicit in the actions of Rebecca Sherman that have recently come to light.

On September 17, 2020, you sent an e-mail message to Mayor London Breed, members of the Board of Supervisors, and members of the Human Rights Commission demanding that Ms. Simon be investigated for "corruption[] and moral turpitude and for attempting to cover-up unethical practices." On September 22, you sent an e-mail message to these same public officials and more than 300 other individuals, most of whom appear to be employees of the City of San Francisco, accusing Ms. Simon of "persistent misconduct." You wrote that you had "grave concerns" about "crimes admitted by [DHR] Director Micki Callahan … and Ms. Simon's direct involvement." On September 24, you sent another e-mail message to San Francisco officials and hundreds of employees stating that Ms. Simon was "recently implicated in criminal offenses committed by DHR."

None of these statements is true. Ms. Simon did not authorize Rebecca Sherman to meet with a City employee after the employee's claim had been investigated and closed by the DHR; nor did Ms. Simon know that these meetings took place. Ms. Simon was not aware that Sherman told the employee, falsely, that her case had been reopened and that she would be receiving a financial settlement. Ms. Simon did not know that Sherman created an unauthorized settlement agreement between the City and the employee, forged the signatures of two City attorneys on the agreement, or forged e-mail and text messages to the employee from the department's payroll director. To be crystal clear: Ms. Simon had *no* knowledge of Sherman's actions. She did not condone Sherman's actions or attempt to cover them up.

[redacted]

For you to claim otherwise, and to assert, for example, that Ms. Simon was involved in "criminal activity," is defamatory. "Defamation is the intentional publication of a statement of fact that is false, unprivileged, and has a natural tendency to injure or that causes special damage. … False statements that accuse the plaintiff of criminal conduct are defamatory on their face." *Grenier v. Taylor*, 234 Cal. App. 4th 471, 486 (2015). California Civil Code §45 defines "libel" as "a false and unprivileged publication by writing … which exposes any person to hatred, contempt … or which has a tendency to injure him in his occupation." Under this statute, your statements about Ms. Simon are libelous *per se*. *McGarry v. Univ. of San Diego*, 154 Cal. App. 4th 97, 112 (2007). In California, a person who has been libeled may file suit to recover monetary damages—particularly when, as here, false statements are directed at a person's occupation and livelihood.

We demand that you cease-and-desist from making any public statements, oral or written, that further disparage Ms. Simon's character or competency. Specifically, we will consider that you act with actual malice—*i.e.*, a knowing or reckless disregard of the truth—if you make any further suggestion that Ms. Simon was involved or complicit in the actions of Rebecca Sherman; that Ms. Simon attempted to cover-up Sherman's actions; that Ms. Simon has been "implicated in criminal offenses"; that she is "unethical" or "corrupt;" or that she was involved in other unidentified and nonexistent "similar" cases of misconduct.

Subject: Thank You BEA Members, SF BOS, Mayor Breed and HRC/90-120 Day Recommendations and Solutions to Address Corruptive Human Resources Operations and Anti-Black Racism at the City and County of San Francisco

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good afternoon Mayor Breed and Board of Supervisors –

Yesterday, members of the Black Employee Alliance and the Coalition Against Anti-Blackness and allies rallied outside of City Hall in protest to the ongoing malfeasance, mistreatment, negligence, discrimination, harassment, and corruption faced by Black employees at the City and County of San Francisco. The intents and purpose of the rally were to call on Mayor Breed and Board of Supervisors to make swift changes at the Department of Human Resources, and Citywide, in response to the unfoldment of recent issues pointing to rampant anti-Black racial bias throughout City HR practices and processes. We appreciate the show of support and solidarity from both Supervisors Shamann Walton and Matt Haney who attended yesterday's rally. Thank you for speaking directly to the injustices faced by Black employees and for expressing reinforced commitment to making changes that will lead to reducing anti-Black racial bias and racism for Black City employees. We also appreciate the expressions received directly from Mayor London Breed, and Sheryl Davis, Human Rights Commission Director, expressing support for the Black Employee Alliance and our efforts and actions.

Yesterday, a copy of the resignation letter (attached from former DHR-EEO Manager Rebecca Sherman, was published in both the Examiner and Mission Local. BEA discussed the details of this document and The most concerning parts of Rebecca Sherman's resignation letter are the following statements below:

> "In late 2017, X filed an EEO complaint. At the time, X was trying to have a court overturn the CSC's administrative decision to uphold the closure/no finding in X past EEO complaint. I reviewed past complaints, understood the then-current allegations (ongoing retaliation, e.g. ignoring, hostility in the workplace from coworkers and managers, etc.). X also provided new information regarding the closed complaint that I believe warranted review. At the time, I spoke with Matthew about it, who heard me out and said he'd back me in bringing the matter to Linda. I did, explained the new information and the narrow review of the proposed investigation, and **she said ok but that there would not be a finding."**

If members of the Black Employee Alliance are to believe the entirely of Rebecca Sherman's resignation letter (and we have all agreed by consensus that we do), then there are several points of contention as it pertains to the statements released by Department of Human Resources Director Micki Callahan, and the DHR-EEO Director Linda Simon – which are prudent for the investigation being conducted by District Attorney Chesa Boudin currently. The points are:

- Micki Callahan wrote to the BEA and stated, "Sherman lied to the employee and told **her that her closed case had been reopened and reinvestigated**, and that she would be receiving a financial settlement and a promotion as a result." Rebecca clearly states that she received permission from both the DHR-EEO Director Linda Simon, and support from DHR-EEO Manager Matthew {Valdez} to reopen the case and investigate based upon new information. Simply put, the case in fact was reopened. It appears DHR Director Micki Callahan lied about the case not being reopened.

- Rebecca also details how she met with DHR-EEO Director Linda Simon, and Linda told Rebecca that she could investigate based on new information but that **there would not be a finding**. **How is**

it possible that the DHR-EEO Director, the chief official responsible for resolving cases of employment discrimination and harassment, concluded that there would not be a finding in an EEO complaint before the investigation occurred? How is this possible? This could only be possible through intentional corruption.

The letter goes on to say:

> "Sometime in the coming weeks, I drafted a charge for review and signature. I began investigating. During this time, based on my review of the past investigation, general discussions during the first investigation and at the then-present time, I got the general sense that people in DHR EEO and SFMTA viewed X as not credible, that the complaint had no merit, and generally a complainer. My view was different. **X was consistent in her statements, the prior investigation was rushed and I did not believe the record supported the conclusion – the Respondent was not credible**, and there were problems with the recruitment for the manager position that X was denied. Anyway, none of this is the point right now, except to say that **the evidence suggested to me that there should have been a finding on many of the previously closed claims** and that based on the general sentiments about X, my recommendations would not be popular."

The points outlined here are very important because it speaks to the direct point Mission Local reported on earlier this week, "Multiple departmental HR professionals have spelled out to Mission Local that complaints they submitted to DHR on behalf of workers alleging discrimination were neutered to merely indicate discontent".

- Says one: "There are experiences I have had with reports to [DHR] where, if it wasn't the way the department wanted to receive it, it would be sent back to be changed."

- The changes described by this departmental HR professional were not trifling: "A complaint about not getting a job because of race or discrimination would be categorized as a 'work assignment issue.' And then not get addressed."

- In short: Someone alleging discrimination was recategorized as merely disgruntled — and then they were ignored. And HR professionals at different departments described similar circumstances.

- "I can think of many times where we'd do an investigation, turn in a report, and they'd sit on it for a really long time and then send it back with instructions to edit it. If

it's leaning against the city, it would have to be rewritten and resubmitted to DHR before they accept it."

- When pressed if these edits would mitigate specific complaints regarding racial, sexual, or other forms of alleged discrimination, this HR professional replied "the way it's set up is designed for that purpose."

As the Black Employee Alliance and Coalition Against Anti-Blackness has stated repeatedly and boldly along Laborers Local 261, and Local 21, and SEIU1021 this is larger than one employee. This speaks to a larger issue of systemic and systematic corruption.

As a result, the Black Employee Alliance and Coalition Against Anti-Blackness requests that District Attorney Boudin compel Rebecca Sherman and her attorney to corroborate the information provided by her resignation letter and to hopefully move this into a full-fledged investigation to ensure all implicated parties are questioned under oath (i.e. former DHR Director Micki Callahan, DHR-EEO Director Linda Simon, EEO-Manager Matthew Valdez, and all others who are implicated in dealings in this case including City Attorney representatives).

In addition to the ongoing investigation by District Attorney Chesa Boudin, the Black Employee Alliance is calling on Mayor Breed and the Board of Supervisors to execute all the following actions below by January 1st, 2021:

- **Appoint a Citywide Inspector General to specifically focus on racial bias and racism, who has the authority to resolve issues pertaining to employee complaints and findings of racially discriminatory behavior. The person should have a combination of experiences in anti-racism work and Human Resource practices and operations specifically. This person should report directly to the Mayor and have a team of individuals who specialize in triaging problems within departments and taking swift action to hold "racially biased bad actors accountable."**

- **In addition to public meetings, reconciliation must take place within the workforce. We recommend appointment of an Inspector General who reports directly to the Mayor and has authority and the ability to resolve issues related to racial bias and racism, regarding:**
  - **Hiring and Promotion Inequality**
  - **Pay Inequality**
  - **Employee and Performance Support Issues**
  - **Discipline and Terminations**

- **Reopen all complaints filed by Black employees during the tenure of Director Micki Callahan (dating back to 2007) and reinvestigate them thoroughly and properly.**

- **Abolish DHR-EEO system and swiftly locate an external agency to provide oversight over all**

Citywide EEO investigations.

- **Contact all former employees who may have been unwillingly terminated before, during, and after they filed discrimination and/or harassment complaints with the San Francisco Department of Human Resources – and reexamine the reasons why they may have been retaliated against, as well as the details behind their claims, to ensure the cases were properly investigated.**

- **Ensure EEO staff currently working in DHR and across the City, receive retraining offered through the Department of Fair Employment and Housing.**

- **Offer a public apology to Kathy Broussard for the humiliation, degradation, and pain caused to her by the City and County of San Francisco; reinstate the alleged forged settlement agreement and potentially compensate above amounts offered in the original agreement for the humiliation and pain caused to her.**

- **Require ALL department heads, managers, supervisors, and HR staff Citywide to complete a minimum of 24-hours of anti-Racism training (not implicit bias) with a specific emphasis on anti-Blackness. The training should be delivered by professionals with extensive backgrounds in Critical Race Theory – and not through DHR Workforce Development. The Racial Equity Foundations training offered by GARE, currently offered through the Human Right Commission is a nice follow-up; could serve the purpose, but needs to be 3-times longer with more emphasis on the pervasive, long-lasting impacts and effects of racism (i.e. internalized superiority/inferiority, racial bias, colorism, intersectionality, etc.).**

- **Issue a moratorium on all disciplinary actions to Black Employees, until such time that the full faith and confidence of Black employees is restored, through the City proving that there are processes in place to ensure balanced treatment of all employees.**

- **Examine all "Civil Service" exam lists for the last 10 years were Black employees ranked #1 and were passed over. An example of this is Niger Edwards, a Black female who ranked #1 for a Principal PCS HR Analyst position last year, yet DHR Employment Services Director Anna Biasbas chose Peter Rosel, a White male, who ranked below Niger Edwards on the list, due to scoring lower on the test; or Dennis Mars a Black male who also ranked #1 on the list for a position at the Department of Public Health but was also not selected who. Ensure a full and complete "good-faith" audit is completed to scope-out instances where Black employees were cheated out of positions and implement strategies to ensure this does not happen moving forward.**

  - **Race Equity Audit of SFDHR Practices and Policies – Benefit/burden analysis of SFDHR policies would identify policies and practices that have clearly racialized impacts (that we only now know of anecdotally)**

  - **Race Equity Audit of Civil Service Rules**

    - **A benefit/burden analysis of the Civil Service Rules and amendments would get at the heart of some of the deeply entrenched, structural racism and anti-blackness in the very rules we follow to recruit, hire, dismiss, promote, compensate, etc.**
    - **360 Evaluations for leaders/managers/supervisors issued by the Human Rights**

Commission, by department to all Black employees at the City and County of San Francisco.

- **Monitoring of racialized use of TEX/PEX positions – as well as direct appointment, contracting out of city jobs**
- **Alleviate deidentification resolution and implement a rule that prohibits skipping over Black people who rank #1, #2, #3; and/or passed over to hire non-Black staff. Ensure higher department head approval in cases where this happens.**

o **Roll-Out 360-Degree Racial Competencies Leadership Surveys for Manager who manage Black and Brown employees; twice per year – along with 2-hour feedback debriefing sessions to hear from employees. Tie end of year MEA MCCP recommendations to departmental Racial Equity Action Plan outcomes and 360-degree feedback from employees.**

Either San Francisco will become an inclusive, equal opportunity employer or the City leaders need to tell us that they do not want Black people working here. Black people are not safe working for the City and County of San Francisco. Both the combination of the data and the empirical evidence of stories and expressions reveal this to us. We are demanding that the abuse be stopped, or either refer us to other City/County governments where we can work and contribute safely without being abused, mistreated, devalued, harmed, discriminated against, and harassed.

The San Francisco Board of Supervisors, along with the Human Rights Commission recently declared Anti-Black Racism a Public Health Crisis and Emergency in San Francisco and it would be considered reckless endangerment, negligent, malfeasant, and complicity if no actions were taken at this point. We look forward to hearing from and speaking with the Mayor and Board of Supervisors soon!

In solidarity towards our mission of justice for Black Employees!

Black Employee Alliance and Coalition Against Anti-Blackness

Katie:

I am writing this to you because I made a terrible decision that I followed with a series of additional terrible decisions, and have created a giant mess. Now REDACTED and the stress of wanting REDACTED REDACTED is only exacerbating the existing anxiety I had about how to disclose this. I shouldn't have gotten into this to begin with, and should have, at so many points along the way tried to make this right. I resigned this morning and will fully cooperate with whatever the process is from here on out.

In late 2017, REDACTED filed an EEO complaint. At the time, RED ACT was trying to have a court overturn the CSC's administrative decision to uphold the closure/no finding in RED ACT past EEO complaint. I reviewed RED ACT past complaints, understood the then-current allegations (ongoing retaliation, e.g, ignoring, hostility in the workplace from coworkers and managers, etc.) REDA CTED also provided new information regarding RED ACT closed complaint that I believed warranted review. I wanted to investigate.

At the time, I spoke with Matthew about it, who heard me out and said he'd back me in bringing the matter to Linda. I did, explained the new information and the narrow review of the proposed investigation, and she said ok but that there would not be a finding.

Sometime in the coming weeks, I drafted a Charge for REDACT ED review and signature. I began investigating. During this time, based on my review of the past investigation, general discussions during the first investigation and at the then-present time, I got the general sense that people in DHR EEO and SFMTA viewed REDAC TED as not credible, that RED ACT complaint had no merit, and generally a complainer. My view was different. REDA CTED was consistent in RED ACT statements, the prior investigation was rushed and I did not believe the record supported the conclusion – the Respondent was not credible, and there were problems with the recruitment for the manager position that REDAC TED was denied (and which was the basis, in part, of REDA CTED complaint). Anyway, none of this is the point right now except to say that the evidence suggested to me that there should have been a finding on many of the previously closed claims and that based on the general sentiments about REDAC TED, my recommendation would not be popular.

That is where I made my first terrible decision. I shared with REDAC TED my take on the merits of RED ACT complaint and RED ACTE immediately filed an external complaint requesting an immediate right to sue, and filed suit based on my comments.

At the time, and clearly still, I was too passive and conflicted to tell RED ACT that. I was also certain – in my head and not necessarily because it is what actually would have happened – that my recommendation for a finding and appropriate make whole remedy would not find consensus. I told RED ACT the process – that I was going to share my findings and recommendations with my manager, and then it would go to Ed (at the time). And then I froze. I did nothing for so long and was spinning out because I was afraid to have those difficult conversations, whatever the substance.

I lied to REDACTED and told REDACTED my recommended findings were under review and then kept lying to buy time because I had truly convinced myself that I would write the report, present it to Linda, et al, and stand my ground on the findings. I didn't and I kept lying to REDACTED to buy more time. I told REDACTED they agreed and REDACTED asked whether REDACTED be given the remedies REDACTED requested – appointment to the position, backpay and restoration of leave taken. I told REDACTED it was under review.

In November 2019, I told REDACTED that that CAT would have to review and consider the requested remedies and potentially propose a settlement. I explained to REDACTED the actual process, but lied to REDACTED about where REDACTED complaint was along that process. To make a long story short, I continued to do that – explain to REDACTED the actual process, but lie to REDACTED about where REDACTED complaint was along that process – until now. As time went on, the lies got bigger as I continued to explain why REDACTED hadn't seen a determination, settlement offer, etc. Ultimately, I drafted a document based on other settlement agreements I'd seen, met with and showed it to REDACTED, but continued to lie to REDACTED about why REDACTED couldn't have a copy, why it wasn't signed, etc. I made things up like, "oh, they're considering XX term now" or "they're reviewing possible positions for appointment." It was all a lie and I continued to make it worse and worse.

The longer I let this go on, the more impossible it was to see a way out. I truly do not even know all of the little lies I told to explain delays or why things weren't happening the way I said they would. I also grew to like REDACTED a lot and my lack of ability to stay neutral contributed to my unwillingness to tell REDACTED the truth.

Again, I can and will absolutely go through every single step and misstep and will fully cooperate with whatever process/consequences comes from my actions. But for purposes of my explaining now to you now what I did, before I lose the will to say it – I drafted a document appearing to be a proposed settlement agreement, I electronically imposed fake signatures, and I sent it to REDACTED and held it out as though it were real. Based on that, REDACTED moved to dismiss REDACTED case. Obviously, since REDACTED has not received the money, REDACTED is suspicious, confused, upset and while I continued to lie for awhile, there is clearly no way out other than to confess. I told REDACTED I fucked up.

I am currently REDACTED, and told REDACTED I would call REDACTED shortly. I plan to explain/confess the same. I am sure REDACTED will either contact your office or you or SFMTA. I don't have the words right now to explain the embarrassment, shame, regret I feel. Again, I will fully cooperate with whatever investigation, process, consequences that are to come for me and I will do my best to try to right the many wrongs I've made.

Rebecca Sherman

Subject: SFMTA Employees Support Black Employee Alliance Requests Regarding DHR-EEO

Hello Director Tumlin,

Please see the attached letter regarding DHR-EEO malfeasance signed by 80+ SFMTA employees.

We look forward to your swift action and continued support for dismantling racism within the SFMTA.

Sincerely,

SFMTA Latinx Affinity Group
SFMTA White People Working Against Racism Affinity Group
SFMTA staff invested in the centering of race, equity, and inclusion efforts at the SFMTA

October 5, 2020

Dear Director Tumlin,

As you mentioned in your September 22, 2020 email to staff, the recent revelations of malfeasance within the City's Department of Human Resources Equal Employment Opportunity Division (DHR-EEO) are terrible and devastating. It is deeply disturbing that one of our colleagues who took the brave step of reporting discrimination in the workplace has been dealt further harm by fraudulence within DHR-EEO. In response to this news, the undersigned SFMTA employees are writing with two requests:

1. We support the actions requested by the Black Employee Alliance in their attached email dated September 17, 2020 to Mayor London Breed and call for SFMTA leadership to take all necessary steps to begin to restore faith in the EEO complaint process, including, as the Black Employee Alliance demands, calling for accountability from city leadership.
2. We understand that EEO complaints involving SFMTA employees are forwarded to the City's DHR-EEO. However, considering the latest evidence of wrongdoing within DHR, we respectfully request that all open SFMTA EEO complaints be proactively investigated and resolved by an external, independent investigating agency hired by the City or the SFMTA. We request that SFMTA EEO complaints be removed from DHR-EEO's purview and reassigned to this external, independent party by the end of the calendar year.

We are skeptical of DHR's initial response suggesting that this was an isolated incident involving "one rogue employee," particularly given the history of complaints over the past several years with DHR's handling of discrimination complaints. We want to amplify our colleagues' statements that the EEO complaint process is biased against Black and African American employees. This bias has caused real and considerable harm to many employees at the SFMTA and must be overhauled immediately.

We are also extremely disappointed that more corrective actions have not already been implemented following the publication of the Dolores Blanding report in January 2019. This report was Mayor Breed's intervention and response to the racism and sexism imbedded in our agency. One of the main findings of Ms. Blanding's report was the prevalence of poor communication and protocols between SFMTA Human Resources and DHR-EEO. Lack of immediate and transparent action to address the issues identified by Ms. Blanding and to enact the changes she mapped out has perpetuated the culture of silence and abuse that allows institutional racism and discrimination to survive.

We look forward to your swift action and continued support for dismantling racism within the SFMTA.

Sincerely,
SFMTA Latinx Affinity Group
SFMTA White People Working Against Racism Affinity Group
SFMTA staff invested in the centering of race, equity, and inclusion efforts at the SFMTA

Dear Black Employees Alliance and Coalition Against Anti-Blackness:

We too are shocked and outraged at the malfeasance and bad faith of one of our former EEO staff members, and the devastating impact her deceptions had on an employee who was pursuing a complaint of discrimination.

One week ago, Rebecca Sherman, an EEO manager in our department, resigned unexpectedly. That same day, she admitted in writing that she had forged documents and lied to a City employee about that employee's EEO case. While the City Attorney's Office is still investigating Sherman's actions, we do know the following as admitted by Ms. Sherman:

- Sherman lied to the employee and told her that her closed case had been reopened and reinvestigated, and that she would be receiving a financial settlement and a promotion as a result.
- Sherman deleted records from reports printed from the EEO Division's database to ensure that there was no record of the case in the EEO reports reviewed by DHR and the employee's department head.
- Sherman forged an unauthorized settlement agreement and forged a department head and two Deputy City Attorneys' names on the document.
- Sherman provided the forged agreement to the employee, assuring the employee that the settlement had been approved and that a financial settlement and promotion were pending. She did so despite knowing, and concealing from the employee, that the settlement was not authorized and would not be implemented.
- Sherman forged email and text messages to the employee, purporting to be from the departmental payroll director, that stated the financial settlement was soon to be paid.
- On the basis of Sherman's assurances, the employee dismissed a pending lawsuit related to her EEO complaint. The City Attorney's Office has informed the employee that it will stipulate to her withdrawing the dismissal, and file the necessary papers with the court to restore that lawsuit.
- Sherman misrepresented the status of at least one other case as well, both to the complainant and to DHR EEO and DHR leadership.

The City is required by state and federal law to provide a process to investigate and resolve complaints of discrimination, harassment, and retaliation by employees and applicants. The Charter vests authority for that function with the Human Resources Director. Our EEO investigators are committed to the mission of fairly and thoroughly investigating and resolving these complaints. The actions of one rogue employee are not indicative of the EEO staff's dedication to that mission. Ms. Sherman's lies are unethical, unacceptable, and

hurtful to the employee caught in the middle of them. Her actions have also shaken the trust that employees and members of the public put in their government. To ensure transparency, accountability and fairness DHR and its EEO division are taking the following steps as a result of these disclosures:

- Auditing all cases handled or overseen by Rebecca Sherman.
- Proactively notifying all employees with open EEO complaints of the incident, with a request that they report any concerns they have about the status of their own cases. Concerns can be sent to DHR-Concerns@sfgov.org
- Reviewing standard operating procedures to include additional safeguards to prevent any reoccurrence of this type of egregious misconduct.

While the City Attorney's office will work with the employee to reinstate the lawsuit, that cannot undo the impact of this deceit on the employee who filed a claim in good faith and had every reason to believe that complaint was being resolved.

We have already begun auditing all other complaints in which Sherman was involved but, we are very concerned at your statement that you have information regarding other fraudulent settlements. If you have information on such cases, please share that information directly with us or send it to DHR-Concerns@sfgov.org so that we may intervene and ensure they are handled fairly and professionally.

We also want to take this opportunity to share our commitment to improving the City's record on racial equity, and look forward to working with the HRC Office of Racial Equity and the Racial Equity Working Groups in areas where we know we need to improve. Only in partnership will we be able to meaningfully advance this cause.

Regards,

Connecting People with Purpose

Subject: Corruption at DHR (EEO Investigative Process and Leadership)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good evening Mayor Breed, Board of Supervisors, Human Rights Commission, and Office of Racial Equity –

As members of the Black Employee Alliance we are writing to you because we are gravely concerned about recent situations that have unfolded at the City and County of San Francisco's Department of Human Resources over the last month. The events have diminished full faith and confidence of employees across a variety of departments. As you may and should be aware corruption, failure of ethics, and moral turpitude have surfaced throughout the past two weeks within the City and County of San Francisco’s DHR-EEO Investigatory Process, managed by the Department of Human Resources.

Multiple employees filed a complaint with DHR-EEO, under the direction of Linda Simon. Several employees were manipulated, aggrieved, assaulted, and defrauded by DHR-EEO, after having met with them for months, and in some cases years. DHR EEO (representing the City Attorney’s Office) informed employees that the City and County of San Francisco had decided to settle EEO complaints via settlement. As a result, the employees

were provided with settlement agreements. The settlement agreements provided to employees were fraudulent.

In one case, the DHR-EEO required one employee remove a previously filed case from San Francisco Superior court, as part of the agreement. The employee was notified by the City Attorney's Office that they had been defrauded by DHR-EEO who presented the employee with a false settlement agreement.

As you were made aware through a letter sent by Ron Weigel, former DPH Human Resources Director (dated January 2nd, 2020; see attached), the DHR-EEO complaint process is biased against African Americans and Black employees, and has worked against African Americans and Black employees consistently. The events that have unfolded over the last week, under the direction of Linda Simon, EEO Director, and Micki Callahan, DHR Director, proves that the City and County's EEO Investigatory function is functioning unethically, without integrity minimally; compromised by moral turpitude; is dysfunctional and is in need of new leadership and new process to reestablish faith.
Therefore, the Black Employee Alliance and Coalition of Anti-Blackness are asking you to execute the following:

o Uphold the original agreement the employee was provided by DHR-EEO, minimizing additional pain, grief, suffering, embarrassment, and further harm to the employee.

o Remove Linda Simon as the Director of DHR-EEO, and Micki Callahan as the Director of DHR, immediately and replace them both with a trusted leaders who have yours and the Board of Supervisors' confidence; while attempting to **locate an external agency to assume all Citywide EEO investigatory processes.**

o Immediately request an ongoing investigation of Linda Simon and Micki Callahan by the Ethics Commission or an external investigatory agency for corruption, and moral turpitude for attempting to cover-up unethical practices.

o Launch an investigation into **ALL DHR-EEO**

investigations between 2017-2020 to reevaluate further corruption.

o Consider replacing all leadership in DHR's EEO Division.

Questions:

o How is it possible both Linda Simon, Director of EEO and Micki Callahan, Director of the Department of Human Resource were unaware of the elaborate scheme devised by their employees?

o How does EEO Investigative case management compliance process function within DHR EEO (or the lack thereof), resulting in the substantial risk and exposure to the City and County represented here?

o How many more employees have been harmed; and are being harmed currently through the DHR-EEO process?

There is documentation proving Micki Callahan and Linda Simon were aware of complaints involving similar matters about the DHR-EEO process, and did not respond to those complaints or correct the situation. And yet another situation regarding an employee within a different department has surfaced. There has been and remains a lack of leadership, oversight, integrity, and ethics at DHR and the EEO Complaint Process.

The Black Employee Alliance and its members continue to lack faith and confidence in the Department of Human Resources EEO process. We urge you and the Board of Supervisors to move swiftly in these matters. We look forward to your swift leadership and support.

Best,

Black Employee Alliance and Coalition Against Anti-Blackness

Good evening Mr. Golinger -

We are writing to you on behalf of one of our members Gayle Brownlee.

Members of the Black Employee Alliance met with you several weeks ago regarding the investigation concerning the Department of Human Resources.

At the time, members shined a light on some of the corruptive practices unfolding through the EEO process citywide. Below is a message from one of our members Gayle Brownlee, who actually received "no-findings" in the determination and decisioning of her case when it was filed through the City process. It took for her to pursue assistance outside of the City's EEO process through the Department of Fair Employment and Housing and pursue a legal process in order for her to obtain justice.

That said, the City initially stated there were "no-findings" in Gayle's case of discrimination, but in some mysterious way changed their determination once Gayle received validation through the DFEH. Gayle is wanting to know why the City would reverse their initial decision. Although you would not be able to answer this, it is representative of the type of corruptive behavior that has been highlighted throughout the last month.

If you have any questions, please contact Gayle directly.

Best,

BEA

>
> The initial closure letter I obtained from DFEH (I received it via my own request for records from DFEH) that Steven Tang (EEO Specialist) sent to DFEH was NOT in my favor and was subsequently closed. Both cases are now being handled by Marvin Dunson (yet another EEO Specialist). If the letter from 2018 (that SOMEHOW was "delayed for some reason") that I'm supposed to be receiving from EEO/DHR from 2018 NOW shows a finding in my favor, then it is in stark contrast to the one Mr. Tang sent to DFEH and was altered to favor the City. I am very upset (although not surprised) to see that my cases were actually corrupted. There MUST be justice and reparations for me and disciplinary action taken against Micki Callahan, Linda Simon, Hallie Albert, and Steven Tang for this BLATANTLY fraudulent act and abhorrent display of disrespect and disregard for my Civil Rights and my rights being violated by DHR for failing to provide me with a healthy, discrimination and racism-free work environment despite my SEVERAL complaints to H.R.

Hi Ms. Brownlee,

I spoke to Ms. Kimberlin, and she said your 2018 EEO complaint has been resolved, but there was a delay in sending you the letter for some reason. She said you should receive it by email sometime today. The investigation was resolved in your favor. It was found that Mohler did take action against you based on your race, and she will be subject to disciplinary action. Great news! However, there were no adverse findings as to the other people you named. The 2019 EEO claim regarding retaliation is still under investigation. If you settle that case with the City, Ms. Kimberlin believes that although it will resolve your 2019 EEO claim (because this lawsuit includes the retaliation allegations), it will not stop the investigation into the alleged retaliation by others and will not stop corrective action from being taken if warranted.

Ms. Kimberlin is working on another settlement proposal to present to you in response to your latest demand. She does not believe it will be possible to get the letters of apology from the individuals you named, but she hopes that the letter from the City that you receive today and the fact that corrective action against Mohler will be taken will help you in that regard.

As soon as I receive the revised offer from Ms. Kimberlin, I will pass it on to you for your consideration.

Best regards,

Subject: Update

Good morning Honorable Judge Densmore,

Was there any update from Kate Kimberlin regarding the status of the 2 EEO claims we discussed? I believe that all EEO claims in Department of Human Resources are now under investigation. Will this have any adverse effect on the settlement? If they find that my EEO claims have been altered or tampered with and deemed corrupt, what are the next steps?

I oppose salary increase for city employees. City employees have proven itself to be incompetent and an increase in salary will only result in more of the same: throwing money into self-serving efforts which only makes matters worse. Blatant examples are its handling of homelessness, crime and filthy street.

Our once beautiful San Francisco is now a garbage dump.

Norah

I am 75 years old, and San Francisco has been my lovely home for 39 years. Sadly, now, it is fast deteriorating into a city rampant with crime, violence and filth. Safe neighborhoods, where residents once were able to go about their daily business and chores of earning a living and caring for families with simple dignity and decency, have been destroyed. Burglaries, property damage and physical assaults are an everyday occurrence. Our streets abound with the trash of the mentally ill, the drug addicted, the near naked, the homeless who defecate and urinate on our doorsteps, and then threaten and assault anyone who objects. And for all this we have no recourse. The taxes of law abiding citizens pay the salaries of government employees and elected officials whom we trusted to keep us and our homes safe. Instead our lives have been endangered, our neighborhoods have been ruined, our city is being emptied as people leave in disgust,. Employees of any civilian company would have been fired for a job so poorly done, not given a raise. Shame!

If the salary increase passes I will leave the state. The city and state will lose more tax revenue. The mismanagement and disregard for hard-working tax-paying residents who have been trying to support local businesses has gone too far. Dean Preston is destroying our district.

Dear supervisors,

While I support labor unequivocally, the unfunded liabilities in the form of pensions, and the highest salaries in the country (starting with the mayor), we are heading for a train wreck. Unless the BOS steps up and becomes the adult in this situation, San Francisco will become New York City from the '70s.

Cooler heads should prevail, and a work around found. Supervisors & Mayor should forgo any increase for a year. Agreement with provision to delay Union raises one year, and check paid a year later with interest. This will provide breathing room for an spend thrift city.

I'm appalled at what has happened to the city of my birth, and the State of California. Other than Chinatown, we rarely visit San Francisco. Only thing keeping us in the state last four years was our last parent, Mom. Now orphans, no rational reason to stay.

Being interracially married 30 years, and meeting Encyclopedia Britannica's definition of a classical liberal, "California Leaving" I will not live in a state that after the November Election, will discriminate against my Asian family members and friends. Especially when the root problem is failure of California to properly educate poor and low income children. Growing up low income, I attended same crappy schools in 1960s as did my minority classmates. My parents didn't attend crappy schools, the only reason I escaped a horrible fate. With very succeeding generation, it becomes more difficult for children to repeat this vicious cycle.

Subject:	No city hall raises while San Franciscans are hit with job losses, closing businesses and pay-cuts!
Date:	Monday, September 21, 2020 3:45:09 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

VOTE NO on raising wages! San Francisco families are under assault. While we pay our taxes, we are losing our jobs, suffering salary reductions, and many are paying for learning “hubs” so we can manage to work (while SFUSD stays bunkered at home.) Public employees have the benefit of secure jobs. That’s luck enough for 2020.

INSTEAD, GET SAN FRANCISCO’S HOUSE IN ORDER!

- PAY FOR SOAP AND HVAC IN OUR SCHOOLS!!!! AND REOPEN THEM ASAP. OUR KIDS ARE NOT LEARNING, and are LOSING THEIR INTELLECTUAL, EMOTIONAL AND PHYSICAL FITNESS.
- WASH THE FILTH OFF OUR STREETS. INVEST in SIDEWALK cleaners so that residents can enjoy life more. It’s a hard place to live, but it does not have to be DIRTY and DERELICT.
- PAVE OUR STREETS and BEAUTIFY SAN FRANCISCO so that when retail is ready to return, UNION SQUARE, HAIGHT STREET, CLEMENT STREET, AND OTHER RETAIL CORRIDORS ARE READY.
- FOCUS ON PREVENTING STREET CRIME BEFORE IT HAPPENS. Invest in INVESTIGATIVE UNITS and BREAK UP THE FENCING OPERATIONS THAT ALLOW CAR THEFTS AND BREAK INS TO REMAIN SO RENUMERATIVE.

There are so many ways you can support this city through this difficult time. I hope you can rise to the occasion!

Sincerely,
Jennifer Kriz

RE: File No. 200701 Ordinance amending the Building Code to require new construction to utilize only electric power

Dear Mayor Breed, Board of Supervisors, and Ms. Raphael:

I am writing on behalf of Local 38 to request amendment of the proposal to adopt a local ordinance amending the San Francisco Building and Environment Codes to require new construction to utilize only electric power.

I. Electrification of Buildings Must Address Impacts on Workers; Electrification Eliminates an Entire Sector of Skilled Construction Work.

Without amendment, Local 38 opposes the proposed ordinance banning gas piping and appliances in new construction because it fails to address the significant and immediate loss of good paying, skilled construction jobs that will result from this ban. While the UA and Local 38 support the goal of drastically reducing greenhouse

gas (GHG) emissions, eliminating gas plumbing from all new building construction poses a real and immediate threat to the livelihood of plumbers by eliminating an entire sector of new building construction work without any plan to replace these jobs.

As society takes the necessary policy steps to reducing GHGs, it cannot ignore to the unintended impacts some of these policy decisions have on workers. Where entire job sectors are being eliminated or minimized, we need to ensure steps are in place to provide the affected workers with a "just transition" to replacement work. And we need to ensure that those steps are taken concurrently because we know from experience that just transition never happens after the fact. Too often, "just transition" is just an empty promise.

Local 38 understands that the Board and many members of the community are impatient to adopt an electrification ordinance. But it cannot be ignored that this ordinance will create immediate significant job losses for Local 38's members and others. An action with such significant job loss impacts should not be rushed through without ensuring that these job losses will be mitigated. Local 38 urges the committee to have staff sit down with Local 38 to ensure that a path for just transition is incorporated into this ordinance before it leaves this committee.

II. A Path for Just Transition Exists that Aligns with the City's Energy and Water Efficiency Goals

The additional electrical work created by a mandatory electrification ordinance for new construction will be just a small fraction of the work hours lost by eliminating gas plumbing in buildings. Moreover, the minimal amount of additional work that would be created is performed by an entirely different craft and will not create substitute employment opportunities for the skilled plumbers whose livelihood is directly impacted by this ordinance. Nor can this work be replaced by "outreach, education, and support for workforce training" as recommended by the San Francisco Department of the Environment.

However, there is a path to mitigating the ordinance's elimination of an entire sector of skilled plumbing new building construction work, while at the same time furthering San Francisco's goals to reduce both energy and water use. In order to provide a just transition to plumbers that will no longer be employed installing gas piping and appliances in new building construction, the electrification ordinance should be tied to additional requirements to expand the use of graywater, rainwater and/or recycled water, with a particular focus on the use of alternative water sources within buildings for non-potable applications. Such a requirement would provide those workers most directly impacted by this ordinance with with new replacement work that will further benefit San Francisco by also providing substantial energy and water savings.

Specifically, the following requirements should be concurrently adopted by San Francisco:

A. New construction projects subject to the electrification ordinance should be required to pre-plumb buildings for indoor use of alternative water sources – either recycled water or on-site treated graywater/rainwater depending on availability.

B. New construction projects subject to the electrification ordinance should be required to install solar hot water systems or graywater heat recovery systems that preheat cold water with the heat from wastewater.

C. Buildings subject to electrification requirements should have the option to instead use renewable gas where available, including approval of pilot programs.

D. Certification – Require the use of a "skilled and trained workforce as defined in Public Resources Code Section 2600 for installation of graywater/rainwater systems over a certain size threshold, plumbing for indoor use of recycled water/graywater/rainwater, and onsite treatment systems.

III. Just-Transition Alternative Water Source Requirements Must Be Adopted Concurrently with the Effective Date of the New Construction Electrification Requirements

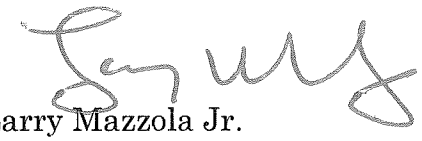

Local 38 strongly urges the Board to ensure that mandatory electrification requirements adopted for new construction are adopted concurrently with just-transition alternative water requirements. Experience shows that just transition solutions must be addressed concurrently with the policy changes that raise the need for a just transition. The proposed electrification ordinance for new construction will result in immediate and drastic impacts on the livelihood of plumbers who currently install gas infrastructure in buildings. Replacement work needs to be made available concurrently with the elimination of this existing work.

For that reason, the proposed electrification ordinance should be adopted with the following additional requirements incorporated into the ordinance: (1) staff shall immediately commence proceedings to develop and adopt mandatory dual plumbing and other alternative water requirements; (2) staff shall propose an ordinance with mandatory dual plumbing and other alternative water requirements for adoption no later than July 1, 2021; (3) the effective date of the proposed electrification ordinance for new construction shall be 30 days after adoption of an ordinance with mandatory dual plumbing and other alternative water requirements.

IV. Conclusion

Local 38 requests an opportunity to meet with staff prior to the next Committee hearing in order to work out a path to address this critical issue. The job losses that will result from this proposed ordinance are real and will be immediate.

Sincerely

Larry Mazzola Jr.

Hello Supervisors,

Please see attached 12 letters regarding File No. 200701.

> **File No. 200701** - Ordinance amending the Building Code to require new construction to utilize only electric power; amending Environment Code to provide public hearings on implementation of all-electric requirement; adopting findings of local conditions under the California Health and Safety Code; affirming the Planning Department's determination under the California Environmental Quality Act; and directing the Clerk of the Board of Supervisors to forward this ordinance to the California Building Standards Commission upon final passage.

Regards,

Jackie Hickey
Board of Supervisors

Land Use Committee, Board of Supervisors, and Sup. Ronen,

I'm a resident of San Francisco and a home owner for 35 years. I live in District 9, Hillary Ronen's district.

I'm writing to strongly support prohibiting gas in new construction. The methane leaks, air pollution, and explosion dangers of natural gas are no longer necessary for the functioning of our homes and businesses. San Francisco can lead the state and the country in building a better future.

In addition to recommending the ordinance, I would also like to ask the Commission to recommend the changes to the ordinance as laid out by Earthjustice, the Sierra Club, the San Francisco Climate Emergency Coalition, and other local groups in their letter to the Commission and Board.

It is important to me that we:

1. Eliminate the feasibility exception to the electric-ready requirement and make fully electric-ready construction a baseline requirement for new construction. We know that the future is electric. Allowing any building to be built that will require massive retrofits in the near future is unacceptable. With full electric readiness, we minimize that retrofit cost.

2. Create a Clean Energy Building Hub through the City and County of San Francisco that provides for the outreach, resources, and education needed to eliminate barriers and maximize opportunity for all-electric new construction to benefit both climate and equity.

3. Expand the ordinance's definition of "mixed-fuel buildings" to include laboratory, industrial, and decorative uses of gas. Gas shouldn't be allowed for upscale decorative uses. It's wrong to harm public health for private enjoyment.

4. Provide additional limitations and transparency in the exemption process to ensure any project found exempt for infeasibility is truly in the public interest. I'm concerned about the news of powerful and connected people being able to get favors from DBI. We need sunshine on the exemption process, and exemptions should only be given in the public interest.

5. Amend section 106A.1.17 to require that the Building Official find "sufficient evidence was submitted to substantiate the infeasibility of an All-Electric Building or Project design without

regard to financial, floor-area, or amenity-related loss unless deemed to be in the public welfare. The housing crisis is real. And we need to find ways of fixing it without sacrificing our children's future. The space taken up by a transformer should not be an acceptable reason for an exemption.

6. Eliminate the blanket exemption for commercial kitchens delaying compliance until 2022. Existing restaurants are not helped by giving builders a pass on making future commercial kitchens all-electric.

Thank you for taking up this important issue and considering the health and safety of our residents and climate.

Sincerely and with hope that you will do everything possible to prevent further harm from climate change and protect the future of the planet and our beautiful City by the Bay,
Anita Kline

Land Use Committee, Board of Supervisors, and Sup. Mar,

I'm sure by now you know my opinion -- strongly backed by science -- on "natural gas" and a whole host of other issues but, as a resident of San Francisco, it seems appropriate to write once again to strongly support prohibiting gas in ALL new construction. The methane leaks, air pollution, and explosion dangers of natural gas are no longer necessary for the functioning of our homes and businesses. San Francisco can lead the state and the country in building a better future.

In addition to recommending the ordinance, I would also like to ask the Commission to recommend the changes to the ordinance as laid out by Earthjustice, the Sierra Club, the San Francisco Climate Emergency Coalition, and other local groups in their letter to the Commission and Board.

It is important to me that we:

1. Eliminate the feasibility exception to the electric-ready requirement and make fully electric-ready construction a baseline requirement for new construction. We know that the future is electric. I live in District 9 in San Francisco, and I'm writing to voice my support for a natural gas ban in new buildings in San Francisco. Given the enormous footprint buildings account for in California's climate impact, natural gas has no future in our state or our nation's energy mix, and every new structure erected with gas infrastructure is a building that will have to be retrofitted for electric heating and cooking only a few years into its lifetime

Please refer to the letter of September 18th, sent to the Land Use and Transportation Committee and signed by Earthjustice, the Sierra Club, the SF Climate Emergency Coalition, PODER SF and more than 20 other organizations. I urge the Committee to adopt the changes outlined in that letter and recommend an amended All Electric ordinance to the full Board of Supervisors.

It is important to me that we:

1. Eliminate the feasibility exception to the electric-ready requirement and make fully electric-ready construction a baseline requirement for new construction. We know that the future is electric. Allowing any building to be built that will require massive retrofits in the near future is unacceptable. With full electric readiness, we minimize that retrofit cost.

2. Create a Clean Energy Building Hub through the City and County of San Francisco that provides for the outreach, resources, and education needed to eliminate barriers and maximize opportunity for all-electric new construction to benefit both climate and equity.

3. Expand the ordinance’s definition of “mixed-fuel buildings” to include laboratory, industrial, and decorative uses of gas. Gas shouldn't be allowed for upscale decorative uses. It's wrong to harm public health for private enjoyment.

4. Provide additional limitations and transparency in the exemption process to ensure any project found exempt for infeasibility is truly in the public interest. I'm concerned about the news of powerful and connected people being able to get favors from DBI. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Board of Supervisors and Staff,

I am writing again to support strong all-electric new construction legislation, including the changes outlined in the September 18 letter to the Board of Supervisors signed by the SF Climate Emergency Coalition, Earthjustice, Sierra Club, PODER SF, Emerald Cities, and 20 other organizations.

I am grateful and pleased to be able to report that last time I wrote to my Supervisor, Hillary Ronen, about this, she wrote back, "I agree."

Incremental change with many caveats will no longer serve. Instead, we need an ordinance that

- closes the financial feasibility loophole-- electric feasibility should be determined without regard to floor area or amenity-related loss, and the space taken up by a transformer should not be a reason for an exemption,
- requires full electric readiness in *any* cases of exemption or exception, and
- maximizes equity with a clean energy Building Hub as outlined by PODER SF.

This fire season is not an anomaly. It fits the trend of more extreme, longer fire seasons with faster spreading fires (and more smoke) that is well-explained by the science of climate change, and it is terrifying. San Francisco **must lead** on climate solutions, both for the health and wellbeing of SF residents and to do our part to make possible a livable future.

And San Francisco **needs all-electric buildings**, now more than ever, not only because natural gas destroys our climate and is a deadly explosion risk, but also because unless we shift to all-electric buildings, there will be literally nowhere to go to escape poor air quality. Children growing up in homes with gas stoves already have a 42% increased risk of asthma. Now close all the windows.

With regard to restaurants/food service, please consider what it would be like to be a line cook in a gas-fueled kitchen on a hot, smoky day. Now imagine being in an induction-based kitchen that's much cooler, with much cleaner air, and please eliminate the extension for permitting new commercial kitchens with gas.

I understand that there is a lot of pressure from developers for exemptions and loopholes, but people can be creative when it's required. I was chatting with a friend whose father is a developer-- said they will always petition for the status quo, but can work for the best outcomes if that's what's required of them. "Necessity is the mother of invention" and there's definitely necessity to change in the face of the climate emergency.

As San Francisco's elected officials, please make sure that private profit doesn't take precedence over the public good, and please listen to all the residents pleading for all-electric new construction legislation as a critical first step in addressing the climate emergency.

Our health and lives depend on it.

Sincerely,
Helena Birecki
D9 San Francisco resident

1. Eliminate the feasibility exception to the electric-ready requirement and make fully electric-ready construction a baseline requirement for new construction. We know that the future is electric. Allowing any building to be built that will require massive retrofits in the near future is unacceptable. With full electric readiness, we minimize that retrofit cost.

2. Create a Clean Energy Building Hub through the City and County of San Francisco that provides for the outreach, resources, and education needed to eliminate barriers and maximize opportunity for all-electric new construction to benefit both climate and equity.

3. Expand the ordinance's definition of "mixed-fuel buildings" to include laboratory, industrial, and decorative uses of gas. Gas shouldn't be allowed for upscale decorative uses. It's wrong to harm public health for private enjoyment.

4. Provide additional limitations and transparency in the exemption process to ensure any project found exempt for infeasibility is truly in the public interest. I'm concerned about the news of powerful and connected people being able to get favors from DBI. We need sunshine on the exemption process, and exemptions should only be given in the public interest.

5. Amend section 106A.1.17 to require that the Building Official find "sufficient evidence was submitted to substantiate the infeasibility of an All-Electric Building or Project design without regard to financial, floor-area, or amenity-related loss unless deemed to be in the public welfare." The housing crisis is real. And we need to find ways of fixing it without sacrificing our children's future. The space taken up by a transformer should not be an acceptable reason for

an exemption.

6. Eliminate the blanket exemption for commercial kitchens delaying compliance until 2022. Existing restaurants are not helped by giving builders a pass on making future commercial kitchens all-electric.

Thank you for taking up this important issue and considering the health and safety of our residents and climate.

RE: File No. 200701 Ordinance Amending the Building Code to Require New Construction to Utilize Only Electric Power: *Job Losses for Construction Workers*

Dear Mayor Breed, Supervisors, and Ms. Raphael:

We are writing on behalf of Sierra Club California, Natural Resources Defense Council and Environmental Defense Fund regarding the proposal to adopt a local ordinance amending the San Francisco Building and Environment Codes to require newly constructed buildings to utilize only electric power. Electricity is an affordable, clean and reliable way to power a building. For well designed buildings in San Francisco, the total financial burden of these all electric homes will be less when compared to the inefficient, dual fuel buildings. The state's decarbonization mandates creates local clean energy jobs and reduces local air pollution, both of which are critically important in San Francisco right now.

While we strongly support and encourage the immediate adoption of this ordinance, we acknowledge the validity of the concerns raised by UA Plumbers & Pipefitters Local 38 on the impact of all-electric new construction on skilled plumbing and pipefitting jobs.. For that reason, we support Local 38's request that concrete steps be taken to ensure that these job losses will be mitigated. As the City moves forward with the aggressive GHG-reduction measures necessary to address the climate crisis, it must also serve as a model for doing so in a manner that provides opportunities for skilled workers impacted by the transition from fossil fuels.

We encourage the Board and staff to adopt this ordinance and simultaneously work with Local 38 to create a "just transition" plan to replace work for those plumbers whose livelihood currently relies on installing gas piping and appliances in new building construction. We are

hopeful that a path can be found that allows San Francisco to both decarbonize buildings and mitigate the impacts of decarbonization on the plumbing trades. For example, San Francisco could explore mitigating this lost work with dual-plumbing requirements to expand the use of greywater and rainwater within buildings for non-potable applications. Such a requirement would provide those workers most directly impacted by this ordinance with new replacement work that will further benefit San Francisco by also providing substantial energy and water savings. Our organizations would be happy to consult on any such plan development to help expedite the city coming to a timely resolution of this important matter.

Sincerely

Melissa Yu - Conservation Coordinator

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Norman Yee:

My name is Gina Short and my son is a sophomore at St. Ignatius. My husband and I have lived in San Francisco since 1993 and have lived in District 7 since 2007. My son, his teammates, his classmates all would benefit immensely from being able to use the field in the late afternoon/evening.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. This would also help our family not having to drive to these places.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Gina V. Short

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Catherine Stefani and Honorable Supervisors:

My name is Yvonne Toracca, I am a proud native San Franciscan living in the Marina and North Beach District(s) for the past 55+ years.

I am also a proud parent of 2 young adult children and one teenage daughter, Nina, a senior and Varsity Soccer player, who currently attends St. Ignatius College Preparatory.

We take great pride in our beloved city and are always looking for ways to promote and improve its desirability in order to maintain residents, especially young families! Sadly, we are continuously up against families leaving San Francisco many due to the lack of usable outdoor activity space.

That being said, we have all personally experienced the recent confinement due to COVID and the Northern California Fires and realize just how important it is for our young students and athletes to get outside and exercise. It just never seems as if there is enough time. That's why it's so important for our City, neighbors and community members to help support one another.

I'm now writing in strong support for the approval of lights at St. Ignatius Field in order to create more options for students and student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Dear Commissioners:

I have lived in Sunset District, San Francisco, Ca since 1971. My two sons, Neil and Adrian, graduated from St Ignatius College Prep. They both participated with the St Ignatius varsity tennis team.

I am writing to voice my strong support for the approval of lights at S.I. field in order to create more options for student athletes and also to allow St Ignatius to implement a later start time in accordance to CA STATE LAW. Allowing S.I. to build these lights will keep the students closer to the campus rather than traveling far away from campus.

S. I. is a great high school. I consider S.I. one of the best in the State of California. Their students are exemplary!

Please vote YES to the lights at St Ignatius Field.

Thank you!

President Norman Yee and Supervisors
San Francisco Board of Supervisors
San Francisco City Hall-Room 244
One Dr. Carlton B. Goodlett Place
San Francisco, CA. 94102-4689

Dear Board President Yee and Honorable Supervisors,

My wife, Linda, and I have lived in District 7 since 1976. We raised our three children here, and three of our four grandchildren also presently reside near us in Lakeside Village.

All three of our children were graduates of Saint Ignatius College Preparatory(SI) and all played athletics throughout the entirety of their attendance therein. The education and training at S.I., in a highly competitive manner, provided two of them with the ability to continue competing, successfully, at a national level in sports during college.

Saint Ignatius offers students a wide variety of sports in which to participate, but the scope of playing fields on campus is very limited, and during a large portion of the school year, hours of daylight after class are few.

The installation of field lights at S.I. will allow more students to practice their outdoor sports on campus.These lights will eliminate many time consuming trips to distant locations by student athletes. Such trips also waste energy and add to pollution.

Saint Ignatius has worked for years in outreaching to residential neighbors to address and mitigate their concerns. The San Francisco Planning Commission, upon which I served as a Commissioner from 2002 until 2016, voted 6 to 1 to approve a measure allowing field lights at Saint Ignatius.

Future generations of ethnically diverse young people attending Saint Ignatius and competing in field athletics- which build character, teach teamwork and cooperation-will be in your debt for a thoughtful "YES" vote on Lights at Saint Ignatius Field.

Respectfully Yours,

Michael J. Antonini, DDS

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Supervisor:

I am submitting this letter of support as a resident of San Francisco, a parent of three children growing up in San Francisco, and a former local High School football player for George Washington High School. I strongly support the installation of field lights at St. Ignatius High School. During my time in High School, Kezar Stadium was the only field in the City with field lights. Having to play all of our games before dark at 3pm on Fridays denied many of our family members and friends the opportunity to see us play. We always longed for the thrill of playing a Friday or Saturday night game and all the excitement that came with it. Additionally, during the winter months our practices and field time were forced to be shortened due to the early sunsets. These lights are a great opportunity to encourage and increase physical activity among young athletes and students as well as increase school spirit and participation. We can see the value that the lighting of soccer fields in the City has had in recent years, parks like Silver Terrace, Crocker Amazon, and Minnie Driver that were deserted at night are now busting with positive healthy recreational activity. This is a great opportunity to support local youth sports and recreation and to help San Francisco build up its competitive athletic programs. Please uphold the Planning Commission decision to allow for the installation of the lights.

Respectfully Submitted,

Brendan Hallinan

San Francisco, CA 94102-4689

Dear Supervisor Catherine Stefani:

My name is Kenn Tarantino. I am a resident of your district, District 2, and I have lived in this district since 2017. I am a parent of three children in San Francisco, and have lived here in the city for thirteen years. I am an active participant in the community, my children go to both middle school and high school here, and I have been both a youth soccer and lacrosse coach for our San Francisco families.

I am writing to show my strong support for the approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

I have experienced first-hand how there are fewer and fewer spaces for students to practice sports in San Francisco, and I truly believe that allowing St Ignatius to install these lights will keep students closer to the campus rather than traveling greater distances for their practices.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Kenn Tarantino

Dear Mr. Yee and Board of Supervisors,

Hello, my name is Regan Stuart-Killion, and I moved to San Francisco in 1999. I have lived in the Sunset since 2004. I am a pediatrician, and can't think of a better and healthier San Francisco neighborhood to raise our children. My husband and I have played multiple sports our entire lives, and both competed as college athletes. The close proximity to the beach, parks, and athletic fields enable us to continue an active life as a family. Better yet, most of my children's sports activities can be performed in our neighborhood.

I was initially ambivalent to the placement of turf fields and lights at the Beach Chalet Fields, but I have seen how this facility has brought life to our neighborhood. My children use the fields like a backyard. I think the increased use of the St. Ignatius (SI) Field would offer the same benefits. I am writing in strong support for the approval of lights at the SI Field. This will create more options for high school student athletes, and also allow SI to implement a later start time in accordance with California State Law. Allowing SI to use nighttime lights will keep students closer to the campus for athletic practices and competitions.

SI has a history of academic and athletic excellence. Its Jesuit foundation focuses on service to others, and some of the finest people I know in San Francisco have been educated there. I know that the SI community will only grow stronger by spending more time together as a community.

Please vote YES to the lights at SI Field, and thank you for your time and efforts in this matter.

Sincerely,
Regan Stuart-Killion, MD

Re: 45.200992 [Hearing - Appeal of Determination of Exemption From Environmental Review- Proposed 2001-37th Avenue Project]

October 6, 2020

Clerk of the Board
San Francisco Board of Supervisors
(bos.legislation@sfgov.org)
bos@sfgov.org

Dear San Francisco Board of Supervisors:

The Yerba Buena Chapter of the California Native Plant Society is pleased to submit the following comments as input into

The Yerba Buena Chapter of the California Native Plant Society is a non-profit organization with over 600 members in San Francisco. Our parent organization has over 10,000 members statewide. The mission of CNPS is to conserve California native plants and their natural habitats, and increase understanding, appreciation, and horticultural use of native plants. Our vision includes a future where Californians can experience thriving biological diversity, even in human-altered landscapes.

The United Nations' Global Assessment Report on Biodiversity and Ecosystem Services has found a 45 percent decline in insect populations in just in the past 40 years. Lighting pollution has been cited as a major contributor to the decline of insect populations. Has the city hired a biologist to examine this issue? Has the city made a plan to mitigate the losses caused by this project?

Skyglow—light from populated areas that scatters through the atmosphere and can be seen from miles away—reduces many insect species' ability to orient themselves, find food, avoid predation and reproduce. According to an article published in the Annals of Applied Biology , many insects are

attracted to direct light sources such as street lamps and stadium lights, where they may be killed on contact by heat, electrocution or the force of impact; they may also get trapped and exhausted or preyed upon. Moreover, the study notes that artificial light can impede communication among insects, diminish their average lifespans, and even change their physiology.

So why is the California Native Plant Society concerned insect population decline?

Edward O. Wilson, professor emeritus at Harvard University answers the question best in his paper, “The Little Things That Run The World.” When he was asked what would happen to everything else if insects disappear he indicated that a number of things would happen. First of all, 90 percent of our flowering plants would disappear, which would drastically change energy flow through our ecosystems. In other words, it would collapse the food webs that support animals—our birds, our reptiles, our mammals, and our amphibians. They would all disappear. Our decomposers, the insect decomposers would be gone. So the rapid turnover of nutrients that recycles what plants need to grow would end. And his conclusion was that humans would not survive those changes. So the little things that run the world run us as well. We are an integral part of the world. We depend on it and we cannot selectively destroy the things that we decide don’t matter or may get in the way of a city-authorized project.

We ask that you mitigate this project by restoring habitat twice the square footage of this project. We also ask that you use yellow LED bulbs. You’ll save energy and they are the least attractive to insects.

Wishing you all the best,

California Native Plant Society, Yerba Buena Chapter board members:

Subject:	I Support SI lights project project FRIDAY NIGHT LIGHTS
Date:	Tuesday, October 6, 2020 5:53:43 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am a lifelong Sunset Resident 36th and Kirkham, SI grad, and my two daughters recently graduated from SI just two years ago and are in college.

I support the SI Lights project because Friday night football games will be a new experience for Sunset students and residents. I am an active member of a local nonprofit organization in The Sunset, and our summer experience with outdoor dining - in response to COVID - **shows the youth need a place to go in the evening.**

The SI lights and Friday night games will keep the kids off the streets on a Friday night. The games are affordable, usually $5 for adults, and $3 for students, and are inclusive of fans of every gender and race. Let's upgrade the neighborhood and make memories on the field on Friday nights.

Thanks,

Mark Burke
SI Class of 1984
Sunset Resident 36th and Kirkham

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Mar:

Hello there, hope this finds you safe and healthy. We are a family of 5 (2 sons, one graduated from SI and a Freshman currently attending). We have lived in the Sunset for the last 15 years and in the Mission before that. Pretty much native San Franciscans. Grew up playing sports and coaching Little League when our kids were younger, although I still coach my youngest.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

I Ayerdi

Hello Supervisors,

Please see attached 117 letters regarding File Nos. 200992 & 200996.

> **File No. 200992** – Hearing of persons interested in or objecting to the determination of exemption from environmental review under the California Environmental Quality Act issued as a Categorical Exemption by the Planning Department, for the proposed project at 2001-37th Avenue, Assessor's Parcel Block No. 2094, Lot No. 006; to permit the addition of new stadium lights on an existing football field at St. Ignatius College Preparatory, to propose a lighting system at the J.B. Murphy Field Athletic Stadium to allow for evening use and a Verizon macro wireless telecommunications services (WTS) facility consisting of nine panel antennas that will be screened; to construct four 90 foot tall poles with LED light fixtures and the north-west pole would include the WTS facility and ancillary equipment with installation of each pole requiring up to approximately 30 feet of excavation below ground surface, resulting in a total of approximately 60 cubic yards of soil disturbance. (District 4) (Appellants: Michael Graf of Michael W. Graf Law Offices, on behalf of Saint Ignatius Neighborhood Association (SINA)) (Filed August 24, 2020)
>
> **File No. 200996** - Hearing of persons interested in or objecting to the approval of a Conditional Use Authorization pursuant to Sections 209.1, 303, and 304 of the Planning Code, for the proposed project at 2001-37th Avenue, Assessor's Parcel Block No. 2094, Lot No. 006, to amend an existing planned unit development and allow a modification to the requirements for rear yard for the expansion of a private secondary school through the addition of four 90-foot tall light standards to the J.B. Murphy Field Athletic Stadium and to install a new Verizon macro wireless telecommunications service facility attached to the northwest light standard within the RH-1 (Residential-House, One Family) Zoning District and a 40-X Height and Bulk District. Dear Supervisor Fewer & Honorable Supervisors,

My name is Cheryl Cornelius, I have been a San Francisco resident for over 30 years, and have lived in the Richmond District (15th Ave between California and Clement) for the last 20.

We have raised our children (Jack and Samantha) here, both currently attend St Ignatius College Preparatory. ***We have tried very hard to stay in San Francisco, even as we watched many of our friends flee to the suburbs once they started to raise families*.**

I'm writing in strong support for the approval of lights at St. Ignatius Field in order to create more options for student-athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law. There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field. Please help keep families like ours in San Francisco.

Thanks for your consideration!

Dear President Norman Yee:

My name is Gina Short and my son is a sophomore at St. Ignatius. My husband and I have lived in San Francisco since 1993 and have lived in District 7 since 2007. My son, his teammates, his classmates all would benefit immensely from being able to use the field in the late afternoon/evening.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. This would also help our family not having to drive to these places.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Yee and Board,

My wife Nathalie and I have been residents of San Francisco for 18 years. For the last 8 years we have been living in Forest Hill raising two daughters, both student athletes, in the city. Our oldest daughter is a student at St. Ignatius.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law. As you know, there are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically, but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

We truly appreciate you attention to this matter.

Sincerely,

Dr. Nathalie and Mr. Brian Lynch

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Catherine Stefani and Honorable Supervisors:

My name is Yvonne Toracca, I am a proud native San Franciscan living in the Marina and North Beach District(s) for the past 55+ years.

I am also a proud parent of 2 young adult children and one teenage daughter, Nina, a senior and Varsity Soccer player, who currently attends St. Ignatius College Preparatory.

We take great pride in our beloved city and are always looking for ways to promote and improve its desirability in order to maintain residents, especially young families! Sadly, we are continuously up against families leaving San Francisco many due to the lack of usable outdoor activity space.

That being said, we have all personally experienced the recent confinement due to COVID and the Northern California Fires and realize just how important it is for our young students and athletes to get outside and exercise. It just never seems as if there is enough time. That's why it's so important for our City, neighbors and community members to help support one another.

I'm now writing in strong support for the approval of lights at St. Ignatius Field in order to create more options for students and student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Hello,
My name is Oliver Bligh, I am a student-athlete at St. Ignatius. I play football and lacrosse and believe if SI had the ability to get lights it would make the sports atmosphere a lot more fun for the players and spectators. I am a Junior right now and if Lights were installed I can say confidently it would make my next two years of sports and overall school experience a lot more fun. I have always wanted to play a lacrosse game under the lights and unfortunately the only way to do that is to travel. Hopefully one day I will player a home game under the brand new lights at St. Ignatius.

Thank You,
Oliver Bligh

Re: File No. 200992 and 200996

Dear Members of the Board of Supervisors:

My name is Peter Gabancho and I live in the Outer Sunset district. I have lived here most of my 54 years and my wife and I own a home here and are raising our child, who is currently in middle school here.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance to CA State law. While I was never much of an athlete myself I have many fond memories of attending sporting events when I was a student at St. Ignatius.

There are fewer spaces for students to practice field sports in San Francisco and allowing S.I. to build these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and get good grades but to be in service to others. Many of those lessons are learned through the shared experience on the field. Even the students like me who participated as spectators gained a strong feeling of community by supporting our friends and fellow classmates.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Dear Supervisor Fewer and Honorable Supervisors:

My name is John Aquino. I'm a longtime resident of San Francisco in the Richmond district, proud alumnus of St. Ignatius College Preparatory, and a parent of a former St Ignatius student.

I am writing in strong support for approval of lights at St. Ignatius Field. Not only will this create more options for student athletes, it will also allow St. Ignatius to implement a later start time in accordance with California State law.

With the scarcity of available space for student athletes to practice field sports in San Francisco, allowing St. Ignatius to install these lights will keep students closer to the campus rather than traveling great distances to practice and play games.

Speaking from personal experience, St. Ignatius College Preparatory is not only an excellent center of learning academically, but it teaches its students to be "men and women for others" following the example of St. Ignatius himself. Many of these lessons are learned through shared experiences on team sports. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates, together.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the generations of students who will be positively affected by this addition to SI's field sports program and the strong impact it will have on the development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

John Aquino

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Yee and other Honorable Supervisors,

My name is Tim Sheehan. I have been a San Francisco resident for over 15 years, and have lived in the West Portal neighborhood since 2007.

Many years ago, my wife and I made the conscious decision to stay in San Francisco, even as our family grew and friends began leaving for the suburbs. We have raised our children, Keira, Meghan and Quinn in San Francisco and the kids have attended both public and parochial schools. Currently, two of our daughters attend St Ignatius College Preparatory.

Non-resident friends and family have often asked, "Why do you stay in the City?" One word: community. The reason we stayed in San Francisco was due to the fantastic feeling of community which we experienced growing out of the different school and sports programs. In our experience, youth sports programs have been the best citywide community unifier for San Francisco families. Through participation in sport, all my children (and parents too!) have developed lasting friendships with families all over the city from every district.

To that end, ***I'm writing in strong support for the approval of lights at St. Ignatius Field*** in order to create more options for student-athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law. There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. I have no doubt field lights at St. Ignatius will greatly enhance youth sport (and all the benefits) in the community.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field. Please help keep families like ours in San Francisco.

Thanks for your consideration!

Sincerely,

Tim Sheehan

October 2, 2020

President Norman Yee
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Dear Supervisor Stefani,

I am a parent at St. Ignatius College Prep. I have had 2 boys graduate from St. Ignatius and my third son is a freshman. I have lived in the Cow Hollow district for 10 years and San Francisco for 24 years. Our family, calls it "The Greatest City of All Time."

I am writing to you to ask for approval of the lights at St. Ignatius Field. Field space is limited in San Francisco. As a mom of 3 athletes, I can't tell you how many times I have drove them to fields to find them full and no space for them to practice lacrosse, throw the football to run routes or just to play a pick up game with their pals.

Athletics and being part of a sports team adds valuable life lessons, builds community, and keeps teens busy. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. St. Ignatius College Prep is not just about excelling in the class room, it is about service to others. Many of life lessons are learned on the playing field and cheering for their team.

Secondly, adding lights would allow a later start time in accordance with CA State law. This impacts the health of our youth.

Lastly, adding lights would allow more teams to practice at St. Ignatius and less travel time to other practice fields away from St. Ignatius.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July. The process has been underway for 7 years. I know my two older boys would have benefited from the lights. Please consider the students who will be impacted by

this addition to our field sports program and the impacts it will have on the positive development of young lives for years to come.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Polly St. Geme

October 2, 2020

President Norman Yee

City Hall

1 Dr. Carlton B. Goodlett Place, Room 244

San Francisco, CA 94102-4689

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear President Yee:

I am a fourth generation San Francisco native and have lived in your District, District 7, my entire 53 years. In fact, my husband and I have fond memories of meeting you and your family while you were campaigning in the neighborhood many years ago. I hope this email finds you and your family healthy and safe.

Today, I am writing to you as a concerned mother of a 14 year old daughter (now a freshman at St. Ignatius) and urging you to approve the use of lights at St. Ignatius Field. The use of lights at the field will have an enormous impact on the social, physical and mental wellbeing of the students and, in particular, my daughter.

Before the pandemic, my daughter played basketball and volleyball with a practice schedule of 2-4 hours a day, at least 5 days a week. However, when the restrictions were imposed in response to Covid-19, her practice schedule disappeared. These restrictions severely affected her both physically and emotionally. We didn't realize until then how much her daily exercise

affected her anxiety levels and sleep schedule. As certain restrictions lifted and she was allowed to engage in organized sports practices, all of them outside, she transformed. During the summer, she was able to exercise at any time of day. However, now with the sun setting earlier and a full academic school day, those opportunities to practice and exercise safely outside have been severely limited.

I understand that a vote is coming up on October 6th which would allow lights at St. Ignatius Field so that the students would be able to access and use their fields in the evenings and stay within their "team bubbles". For student athletes like my daughter, being able to safely exercise after her school day and homework are done is essential to her health and mental wellbeing.

I was told by the school that the San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. The timing of this vote could not be more important, particularly in light of the health restrictions still in place. When you place your vote, I ask that you consider my daughter and the many students like her that need sports as an outlet socially, physically and emotionally, especially at this time when conducting these sports practices outside can be a matter of life and death.

I strongly urge you to please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Best regards,

Catherine T. Doyle

Subject:	Appeal of CEQA Exemption Determination/ Conditional Use Authorization - Proposed Project - 2001-37th Avenue CUA #2018-012648
Date:	Friday, October 2, 2020 3:39:43 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Mar and the SF Board of Supervisors

My name is Ray Brown and I live directly across from Saint Ignatius -- with a great view of their 50-yard line.
As a sports fan, I enjoy watching the sports at the school and especially their football games.
As you know, SI is an excellent school, known for a great sports program.
It has been a pleasure to have SI as a neighbor up until this year.

When SI used rented lights once or twice a year for big events it was great. Exciting, but also very loud and even though there were disorderly fans across the street against the wall obviously high and rowdy - I didn't mind - they eventually dispersed. I even didn't mind picking up trash and left behind bottles -- because I figured-- hey only a couple times a year - not a big problem.

As you know now SI wants to install permanent stadium lights which they claim extends the usage of their campus.
Wrong, this is clearly a new usage. A usage that will impact 150 nights a year of our quiet evenings.

When this project first came up several years ago, SI hosted several meetings and listened to their neighbors - they even tried to fix some of our concerns. Then SI put this Stadium Lighting project on hold for 2 1/2 years when they brought in a new president and administration.

Now this year, SI has jerked their neighbors around throughout this project proposal process. No meetings - well, one Zoom meeting where they muted all their neighbors - over 100 of us called in - and they didn't answer any of our questions or address our concerns.

It feels like SI is arrogantly ramming this project through without any concern for their neighbors or the neighborhood. SI's students and parents are largely visitors to our neighborhood. They and the school don't really care about the neighbors surrounding their campus...makes no difference to them

They claim they can't organize their practices or sports during daytime hours. What is that about? All the other high schools in San Francisco have figured it out.

Why does SI get to install night stadium lights - effectively creating a sports arena in the middle of a residential neighborhood?

Because they have money and power - and they don't have to care -- and so far no one has made them -- and that is a real shame.
I hope you will listen and support our neighborhood association in the upcoming hearing.

Thank you for your time
Ray Brown

Subject:	Code Section 303, Appeal of CEQA Exemption Determination and Conditional Use Authorization - Proposed Project - 2001-37th Avenue CUA #2018-012648
Date:	Friday, October 2, 2020 5:57:21 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Dear Supervisors:

I am a homeowner, and a licensed architect, living in the neighborhood of the S.I. lights project and I ask you to please support the appeal to the Planning Commission decision. I am strongly opposed to the lighting project. As an architect, I work regularly within the requirements of Planning Codes and want to talk about the SF Code here.

I urge you and the other Supervisors to take another look directly at the **Planning Code, Section 303,** which spells out the requirements of the **Conditional Use** Authorizations. I know you have reviewed the Planning Department's findings and interpretations (in the proposed Resolution), but please take a moment to review the code directly. The Planning Department's interpretations unfairly favor S.I., to the detriment of the citizens in the neighborhood. The Planning decision favored this ***extremely wealthy, powerful, influential, exclusive, private religious institution.***

The Conditional Use Authorization is intended to protect the ***neighborhood,*** but in this case, the Planning Department's findings did not fairly consider the neighborhood and did not provide evidence to back-up their conclusions. ***I hope that the Commissioners will take time to review the materials submitted by our neighborhood. Please do not solely rely on the material provided by S.I. or the Planning Department.*** From what I heard at the Planning Commission hearing, it sounded like the Planning Commissioners relied too heavily on the Planning Staff recommendations.

The proposed project does NOT meet the requirements listed in the Planning Code, some of which I've highlighted below:

SEC. 303. CONDITIONAL USES.

(a) **General.** The Planning Commission shall hear and make determinations regarding applications for the authorization of Conditional Uses in the specific situations in which such authorization is provided for elsewhere in this Code. The procedures for Conditional Uses shall be as specified in this Section 303 and in Sections 306 through 306.6, except that Planned Unit Developments shall in addition be subject to Section 304, Hospitals and Post-Secondary Educational Institutions shall in addition be subject to the Institutional Master Plan requirements of Section 304.5.

(b) **Initiation.** A Conditional Use action may be initiated by application of the owner, or authorized agent for the owner, of the property for which the Conditional Use is sought. For a Conditional Use application to relocate a General Advertising Sign under subsection (I)

below, application shall be made by a General Advertising Sign company that has filed a Relocation Agreement application and all required information with the Planning Department pursuant to Section 2.21 of the San Francisco Administrative Code.

(c) **Determination.** After its hearing on the application, or upon the recommendation of the Director of Planning that no hearing is required, the Planning Commission shall approve the appli- cation and authorize a Conditional Use if the facts presented are such to establish that:

(1) The proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community. If the proposed use exceeds the Non-Residential Use Size limitations for the district in which the use is located, the following shall be considered:

(A) The intensity of activity in the district is not such that allowing the larger use will be likely to foreclose the location of other needed neighborhood-servicing uses in the area; and

(B) The proposed use will serve the neighborhood, in whole or in significant part, and the nature of the use requires a larger size in order to function; and

(C) The building in which the use is to be located is designed in discrete elements which respect the scale of development in the district; and

(2) Such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injurious to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:

(A) The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

(B) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading and of proposed alternatives to off-street parking, including provisions of car-share parking spaces, as defined in Section 166 of this Code.

(C) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

(D) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs; and

(3) Such use or feature as proposed will comply with the applicable provisions of this Code and will not adversely affect the General Plan; and

(4) Such use or feature as proposed will provide development that is in conformity with the stated purpose of the applicable Use District; and

(5) The use or feature satisfies any criteria specific to the use or feature in Subsections (g), *et seq.* of this Section. <<-- THIS REFERS TO HOTELS & MOTELS

As we neighbors have expressed and provided evidence of again and again, this project is ***not*** desirable for the neighborhood, and it ***is*** detrimental to the neighborhood (as described in our organization's submittals). It just doesn't comply with the above code.

Supervisors, this really is about ***Social Justice.*** The law should be applied fairly to all its citizens and not worked-around by those with the money, power, and influence, like S.I. Please don't let the needs of the people in this neighborhood be disregarded by your Board. There are so many of us authentic residents in the neighborhood who oppose the lights project because it has ***no benefit to us*** and only ***imposes negatively upon the livability of our neighborhood.***

Perhaps S.I. can find another way to spend that $750,000 that the project application states as the construction cost. That amount could fund a lot more scholarships for underserved youth.

Thank you for your service to our city.

Sincerely,

Nina Manzo

White House Weekly Recap

for State, local, and Tribal officials | October 2, 2020

On behalf of the White House Office of Intergovernmental Affairs (IGA), we are providing you this top-line update of this week's resources, news, and guidance from your Federal partners to help you serve your fellow citizens. We appreciate the showing of support and prayers for the President and First Lady. Find a message from President Trump **here**.

Below, please find helpful information on:

- Readout of the White House National COVID-19 State, Local, Tribal Call
- Operation Warp Speed Update
- 150 Million COVID-19 Rapid Tests to State and Vulnerable Communities
- COVID-19 Support for America's Nursing Homes
- September Jobs Report
- Judge Amy Coney Barrett's Nomination to the Supreme Court
- The Safety Pledge - Keep Kids Safer Online
- Protecting Domestic Mining Industry & Critical Minerals Supply Chains
- $660 Million FEMA Grants to Support Resilience
- Farmers to Families Food Box Program Surpasses 100 Million Boxes Delivered
- DOJ Public Safety and Victims Support Grants for Indian Country
- Indian Country & the Census
- Remembering the First Woman to Vote

Our office will continue to share pertinent updates as they become available. As a reminder, IGA is the primary liaison between the White House and America's State and local elected officials and Tribal governments. Please do not hesitate to reach out if we can ever be of assistance.

Sincerely,

The White House Office of Intergovernmental Affairs

Readout from the White House National COVID-19 Briefing Call

Image

White House Coronavirus Task Force Call with our Nation's Governors

Thank you for your efforts in the whole-of-America approach to responding to COVID-19. Below you will find a readout from the White House COVID-19 National Briefing Call with State, local, and Tribal officials.

Participants on the September 30th call included:

- Ambassador Deborah Birx, *M.D., White House Coronavirus Task Force Coordinator*

- Anthony Fauci, *M.D., Director, National Institute of Allergy and Infectious Diseases, NIH*
- Tammy Beckham, *M.D., Director, Office of Infectious Disease and HIV/AIDS Policy, HHS*
- Ram Koppaka, *M.D., Associate Director for Immunization Services, CDC*

Ambassador Deborah Birx, *M.D., White House Coronavirus Task Force Coordinator*: Dr. Birx highlighted her travel to 29 states in the last three months where she has met with State, local, and Tribal leaders to continue coordination on COVID-19 response, recovery, and reopening efforts. Dr. Birx provided an update on data and trends from across the Nation, particularly from her observations during recent travel focused on education and reopening colleges and universities.

The pattern Dr. Birx is seeing for those colleges and universities that reopened in the summer which saw outbreaks among the student body is that they did not necessarily comply with precautionary measures. By week four and five, COVID-19 cases dropped dramatically since the remaining student body continues to be compliant.

Colleges and universities that spent the summer working with students, staff, teachers, and communities are doing well. Dr. Birx noted that it is important to learn from what State/Local/Tirbal governments are doing and continue to do everything possible to mitigate the spread.

Anthony Fauci, *M.D., Director, National Institute of Allergy and Infectious Diseases, NIH*: Dr. Fauci provided a fact-based update on ***Operation Warp Speed***, including Federal coordination efforts with State, local, and Tribal governments and officials to plan for the distribution of a safe and effective vaccine. Operation Warp Speed, initiated by President Trump, is a public-private partnership to safely facilitate and accelerate the development, manufacturing, and distribution of COVID-19 vaccines, therapeutics, and diagnostics. Dr. Fauci underscored that the reason Operation Warp Speed has already made significant progress is a result of technological advances that our nation has never had before. Dr. Fauci encouraged State, local, and Tribal officials to build public confidence in the eventual vaccine and to be ready to assist in distribution when it becomes available. Learn more about Operation Warp Speed **here**.

Tammy Beckham, *M.D., Director, Office of Infectious Disease and HIV/AIDS Policy, HHS*: Director Beckham delivered remarks on the Nation's COVID-19 testing strategy. On August 27 - following months of planning and only after one day after the FDA authorization - the Trump Administration awarded a contract for $760 million to Abbott for the delivery of 150 million of these Abbott BinaxNOW rapid tests. The BinaxNOW detects the presence of the COVID antigen and quickly provides a result. It uses a specific nasal swab, and that swab comes with the test. This is a major development that will help save more lives by further protecting America's most vulnerable and allow our country to remain open, get Americans back to work, and get kids back to school. More details about

this historic testing breakthrough can be found later in this weekly recap.

Ram Koppaka, *M.D., Associate Director for Immunization Services, CDC*: Dr. Koppaka discussed that while the United States remains focused on the COVID-19 pandemic, we also need to be aware of flu season. Dr. Koppaka announced this year's **2020-2021 flu vaccine campaign kickoff**. This year's flu and COVID-19 vaccines will be 100% compatible, meaning all Americans should receive both vaccines to best safeguard their health and help stop the spread of the coronavirus. Learn more from FDA **here** and CDC **here**.

Since January 2020, the Trump Administration has led over 972 briefings with over 238,362 State, local, and Tribal participants.

Operation Warp Speed

On May 15, 2020, the White House announced Operation Warp Speed (OWS). OWS is a partnership among components of the Department of Health and Human Services (HHS) and the Department of Defense (DOD), engaging with private firms and other federal agencies, and coordinating among existing HHS-wide efforts to accelerate the development, manufacturing, and distribution of COVID-19 vaccines, therapeutics, and diagnostics. More from DOD **here**.

On September 16, 2020, the HHS and DOD released two documents outlining the Trump Administration's detailed strategy to deliver safe and effective COVID-19 vaccine doses to the American people as quickly and reliably as possible.

Trump Administration Announces Deployment of 150 Million COVID-19 Rapid Tests to States and Vulnerable Communities

On Monday, September 28, President Trump - joined by Secretary Alex Azar, CMS Administrator Seems Verma, and other Senior Administration Officials - announced at the White House the distribution of 150 million Abbott Laboratories BinaxNOW rapid point-of-care tests to States and vulnerable communities across the country.

100 million tests are being allocated directly to States free-of-charge between now and the end of the year. States will be responsible for distributing and administering them. Find how many tests your State will receive **here**. 50 million tests are being distributed directly to vulnerable communities, including 18 million for nursing homes; 15 million for assisted living facilities; 10 million for home, health, and hospice care agencies; and nearly 1 million for historically black colleges and universities.

The U.S. Department of Health & Human Services (HHS) has established a website for BinaxNOW rapid point-of-care test distribution with background information, EUA information, CLIA guidance, distribution by state, and additional information. You can find the website **here**.

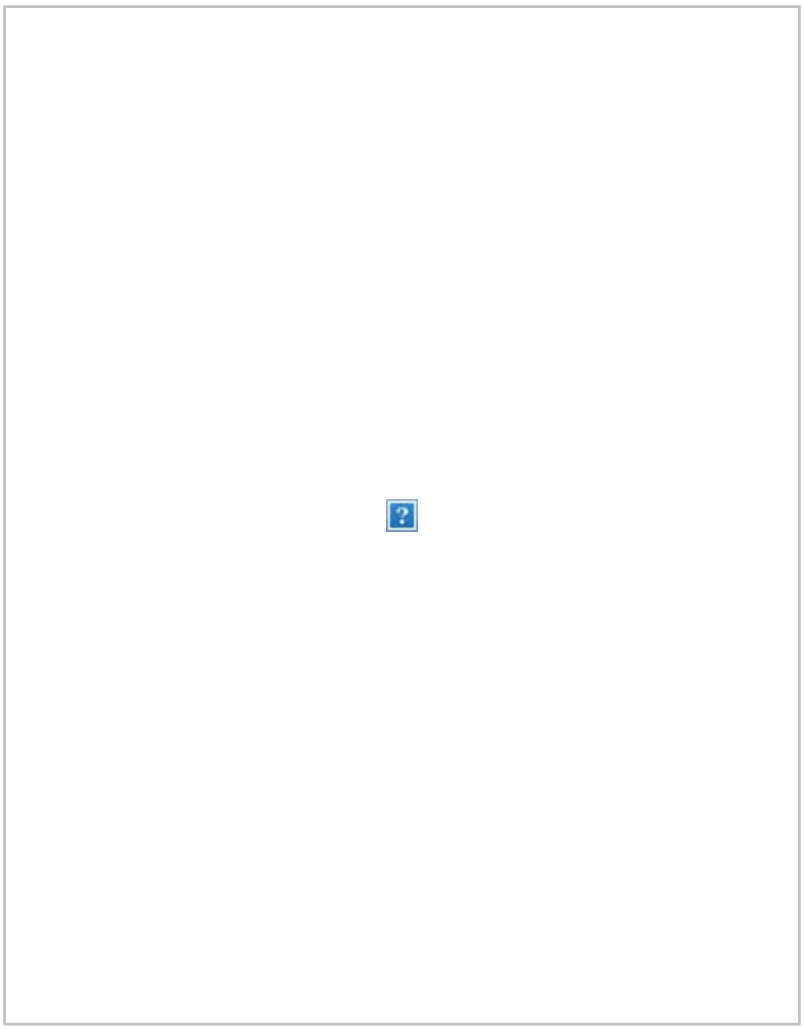

What You Need To Know

- **BinaxNOW Test 101**: Gives results in 15 minutes or less; does not require any lab equipment to process the test; involves a simple (lower nose) nasal swab and a card to put the swab in; and costs $5.00. More information **here**.
- **CLIA Certificate of Waiver**: The BinaxNOW test must be performed by labs with a CLIA certificate of waiver – this is not a home test, but is very easy to administer. CMS will permit labs to extend existing CLIA certificate to operate temporary COVID-19 testing offsite in locations like parking lots, churches and schools.
- **Press Release:** Trump Administration Deploys Abbott BinaxNOW Tests to States (**Here**)

The Administration's testing strategy is fundamentally rooted in the bedrock objective of defeating the coronavirus and saving lives, while helping our country – our schools, businesses, churches, and other institutions – open, re-open, and stay open. To date, our Nation has completed more than 100 million tests - more than any other nation on Earth - more than the entire European Union and more than all of Latin America combined. And starting this month, our testing capacity will be up to 3 million tests per day.

President Trump's Letter to America's Governors on BinaxNOW Rapid Point-of-Care Tests

Full Letter Can Be Found Here

COVID-19 Support for America's Nursing Homes

On Friday, October 2, Vice President Mike Pence - joined by HHS Secretary Alex Azar, CMS Administrator Seema Verma, Admiral Brett Giroir, and Rear Admiral John Polowczyk - held a briefing call outlining the Trump Administration's unparalleled support to our nation's nursing homes, senior citizens, and caregivers during the COVID-19 pandemic. Throughout the COVID-19 pandemic, the Trump Administration has prioritized protecting our Nation's most vulnerable through personal protective equipment (PPE), funding, and testing support supplied directly to nursing homes and assisted living facilities across country. Find a readout from the call below.

Secretary Alex Azar, *Department of Health and Human Services*: Secretary Azar delivered remarks on funding support to nursing homes and Project ECHO. Through the Agency for Healthcare Research and Quality, the ECHO National Nursing Home COVID-19 Action Network offers free training, guidance, and real-time updates to nursing homes across the county in increase implementation of evidence-based infection prevention and

safety practices to support controlling the spread of the virus. Learn more about Project ECHO **here**.

Seema Verma, *Administrator for the Centers of Medicare and Medicaid Services*: Administrator Verma highlighted increased testing and support for nursing home staff and residents. Nursing homes have been on the frontlines fighting COVID-19 and with President Trump's quick and decisive action of cutting off travel from China, we are working to keep the most vulnerable seniors safe. HHS is also providing training programs for staff and surveying the nursing homes. Several recent updates -

- **CMS Announces New Federal Funding for 33 States to Supporting Transitioning Individuals from Nursing Homes to the Community**
- **Trump Administration Announces the Distribution of $2.5 Billion to Nursing Homes for COVID-19 Relief Funding**
- **Trump Administration Announces New Resources to Protect Nursing Home Residents Against COVID-19**

Admiral Brett Giroir, *Assistant Secretary for Health*: Admiral Giroir provided an update on the Administration's Coronavirus testing strategy. He indicated his recent participation during President Trump's historic purchase of 150 million BinaxNOW rapid point-of-care tests, which have been begun to distribute tests this month to prioritize the most vulnerable, including those living in your nursing homes and assisted living facilities. Admiral Giroir underscored the importance of testing and well as the personal responsibility of washing your hands.

Rear Admiral John Polowczyk, *Supply Chain Stabilization Task Force Lead*: Rear Admiral Polowczyk delivered remarks on the whole-of-America response the Trump Administration has taken to supply nursing homes with guidance and supplies from the beginning of March until now. He indicated the public-private partnership to build the Strategic National Stockpile has allowed for more than 90% of states to have more than a 30 day supply on hand. While significant progress has been made in the distribution of supplies, it is important to continue to use best practices to keep our most vulnerable safe.

September Jobs Report - Best Since Reagan Era!

On Friday, the U.S. Department of Labor released September jobs number data. The United States added 661,000 jobs and the unemployment rate fell to 7.9 percent. In the last five months, more than half (52 percent) of the job losses from the pandemic have been recovered. And the United States has gained over 11.4 million jobs including a combined upward revision in July and August of 145,000.

Total nonfarm payroll employment rose by 661,000 in September. In just 5 months since the recovery began, the U.S. has gained 11.4 million jobs, recovering more than half of the jobs lost in March and April as a result of the pandemic. (**here**)

The unemployment rate decreased 0.5 percentage points to 7.9 percent in September,

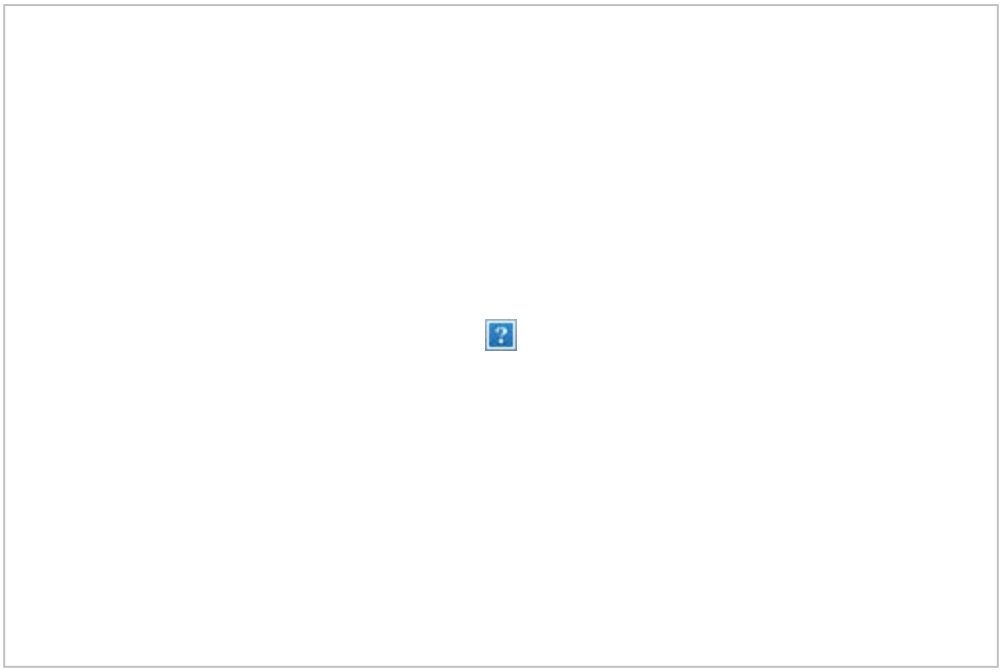

beating market expectations and reaching 2.1 percentage points below it Great Recession peak! (**here**)

The economic comeback reduced unemployment across the board for several demographic groups. The unemployment rates for Hispanic Americans fell by -0.2 percentage points, for Asian Americans by -1.8 percentage points, and for Black Americans by -0.9 percentage points. (**here**)

Judge Amy Coney Barrett's Nomination to the United States Supreme Court

On Saturday, September 26, President Trump announced Amy Coney Barrett as his nominee to the Supreme Court. The Senate Judiciary Committee **announced** that the hearing to consider the nomination of Judge Barrett will begin on October 12, 2020.

Watch: **President Trump's Full Nomination Announcement**

What They Are Saying: **Support for President Donald J. Trump's Nomination of Judge Amy Coney Barrett to the Supreme Court**

Judge Barrett is exceptionally qualified for the High Court. A graduate of Rhodes College and Notre Dame Law School, Barrett clerked for the late Justice Antonin Scalia before pursuing a career as both a litigator and a professor. Following a bipartisan vote by the Senate in 2017, Barrett was confirmed as a Federal judge on the U.S. Court of Appeals for

the Seventh Circuit.

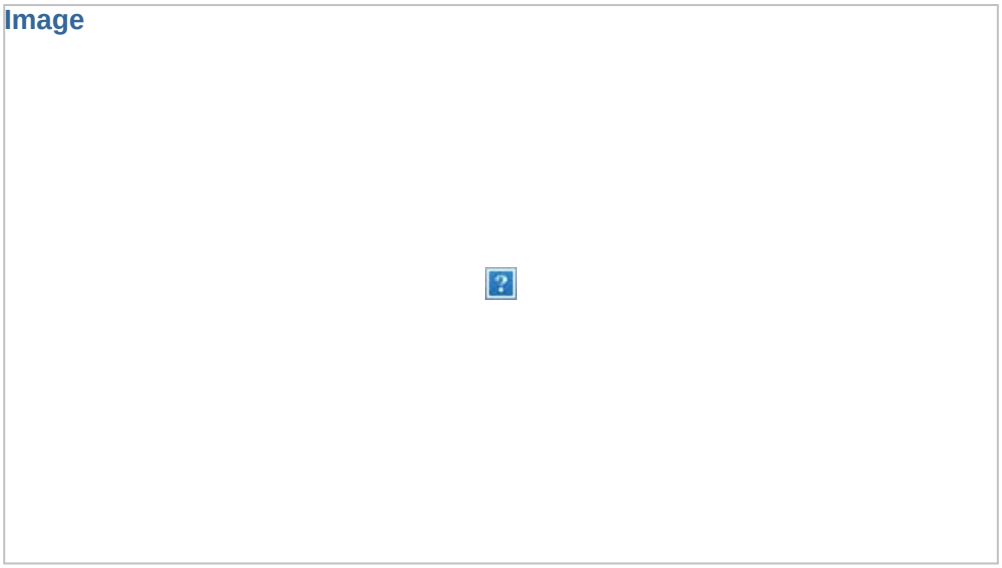

Senate Majority Leader Mitch McConnell issued a **statement of support** following the President's announcement. "President Trump could not have made a better decision. Judge Amy Coney Barrett is an exceptionally impressive jurist and an exceedingly well-qualified nominee to the Supreme Court of the United States."

A dedicated wife and mother of seven, Judge Barrett would also bring a new and important perspective to the Supreme Court. Here are just a few examples of how:

- Judge Barrett would be the first mother of school-aged children to become a Supreme Court justice. She would also become only the fifth woman to serve.
- As the mother of a child with special needs, she fully understands the issues and concerns that confront our nation's most vulnerable.
- Judge Barrett would be the *only* current justice to have earned a law degree from a school other than Harvard or Yale—having graduated at the top of her class from Notre Dame Law School in Indiana.
- She would become one of only two sitting justices to be born and raised in the South, having grown up in Louisiana before attending college in Tennessee.

Watch: "I'm used to being in a group of nine: my family."

Of Judge Barrett and her husband's seven children, two were adopted from Haiti. Their youngest son, Benjamin, has Down syndrome—and boasts the title of "favorite sibling" from his brothers and sisters, according to Barrett.

After President Trump announced her nomination, Judge Barrett spoke about the importance of judges putting the Constitution above any personal views on the law.

"I clerked for Justice Scalia more than 20 years ago, but the lessons I learned still resonate," she said. "His judicial philosophy is mine, too: A judge must apply the law as written.

Judges are not policymakers, and they must be resolute in setting aside any policy views they might hold."

Judge Barrett also had a message for the American people.

"I would assume this role to serve you," she said. "I would discharge the judicial oath, which requires me to administer justice without respect to persons, do equal right to the poor and rich, and faithfully and impartially discharge my duties under the United States Constitution."

Learn More: **Judge Amy Coney Barrett's Exceptional Legal Experience, Expertise, and Judicial Record Make Her the Right Choice to Serve on the Supreme Court**

The Safety Pledge - Keep Kids Safer Online

On September 29, a new campaign led by the National Center for Missing and Exploited Children (NCMEC) and the White House was launched to keep kids safe online - ***Safety Pledge***. This campaign aims to provide free resources from the **NCMEC** to help parents, educators, and other caregivers learn more about the risks that children face online and empower the children in their lives to respond to those risks safely.

Throughout COVID-19, NCMEC has witnessed dramatic increases in reports of child sexual exploitation to the CyberTipline and increased vulnerability of children. With many children being educated remotely this fall and using virtual devices for school lessons and social interactions, it is essential that we work together to help keep children safe online.

The website - **www.safetypledge.org** - contains practical toolkits about internet safety. It also contains a ***Safety Pledge***, which individuals can digitally sign and make their formal commitment to safeguarding children online. **We hope that you will join us in helping promote this important initiative through social media (using the hashtag #SafetyPledge) and encourage individuals to explore resources offered by NCMEC and to sign the Safety Pledge.**

What You Can Do To Help

Sign the Pledge (**here**)

Promote the campaign through social media (using the hashtag **#SafetyPledge**), op-eds, and otherwise

Watch the Launch Webinar (**here**)

Read More: **Trump Administration Teams With Nonprofit to Launch 'Safety Pledge' to Combat Online Child Exploitation**

Watch: **Attorney General Barr Discusses the Safety Pledge**

☐ **DHS Secretary Chad Wolf**: **Online safety for our nation's youth has never been more important. Join me in taking the #SafetyPledge and make the time to talk with the children in your life - ensure they have the info they need to stay safe online.**

☐ **Attorney General Alan Wilson (SC): @AGAlanWilson signed NCMEC's Safety Pledge to help prevent online child exploitation and trafficking. #SafetyPledge**

☐ **Attorney General Lynn Fitch (MS): More time online means more direct access to our children, including for those who want to harm them. Join us in the effort to prevent online child exploitation and trafficking. Take the pledge and do your part to help keep kids safer online! #SafetyPledge**

☐ **Attorney General Herbert Slatery (TN): With many children being educated remotely this fall and using virtual devices for school lessons and social interactions, it is essential that we work together to help keep children safe online. #SafetyPledge**

☐ **Attorney General Sean Reyes (UT): Join Utah Attorney General Reyes in taking the #SafetyPledge, a new campaign by @MissingKids and the @WhiteHouse to educate and increase awareness for preventing child exploitation and trafficking! Help keep your kids safe online by visiting**

safetypledge.org. #utpol

President Trump Signs Critical Minerals Executive Order

On September 30, President Donald J. Trump signed the **Executive Order on Addressing the Threat to the Domestic Supply Chain from Reliance on Critical Minerals from Foreign Adversaries**. America cannot be dependent on imports from foreign adversaries for the critical minerals that are increasingly necessary to maintain our economic and military strength in the 21st century. The President's Executive Order declares a national emergency in the mining industry and outlines actions to expand domestic production of rare-earth minerals. These actions will support mining jobs, alleviate unnecessary permitting delays, and reduce the Nation's dependence on China for critical minerals.

Energy Secretary Dan Brouillette: **The Department of Energy is a leader in the effort to support the President's new E.O. that takes the next step in securing the supply chains for #criticalminerals vital to many technologies such as gas turbines.**

Energy Secretary Dan Brouillette: **Grateful to Chairman Not Afraid for meeting with me today in Montana. The Crow Nation and @ENERGY share an appreciation for the natural resources that grace our Nation.**

Additional Information

Executive Order: Addressing the Threat to the Domestic Supply Chain from Reliance on Critical Minerals from Foreign Adversaries

Message to Congress: Addressing the Threat to the Domestic Supply Chain from Reliance on Critical Minerals from Foreign Adversaries

Fact Sheet: President Donald J. Trump Is Protecting Our Domestic Mining Industry and Critical Minerals Supply Chains

$660 Million FEMA Grants to Support

On September 30, **FEMA opened applications for two hazard mitization grant programs totaling $660 Million**. The two grant programs, the **Flood Mitigation Assistance grant** and the **Building Resilient Infrastructure and Communities grant** (BRIC) will provide funds to states, local communities, tribes and territories for eligible mitigation activities. These programs allow for funding to be used on projects that will reduce future disaster losses and strengthen our nation’s ability to build a culture of preparedness.

This will be the first time FEMA has offered the BRIC grant, which was made possible by the **Disaster Recovery Reform Act of 2018**, allowing for a stable funding source to fund mitigation projects annually. The new BRIC grant is for pre-disaster mitigation activities and replaces FEMA's existing Pre-Disaster Mitigation program. BRIC will offer $500 million in grants to help support states, tribes, territories and communities throughout the nation as they design and begin new infrastructure projects – projects that will reduce future disaster recovery costs and help save lives. The program will also provide incentives to local governments to adopt and enforce modern building codes.

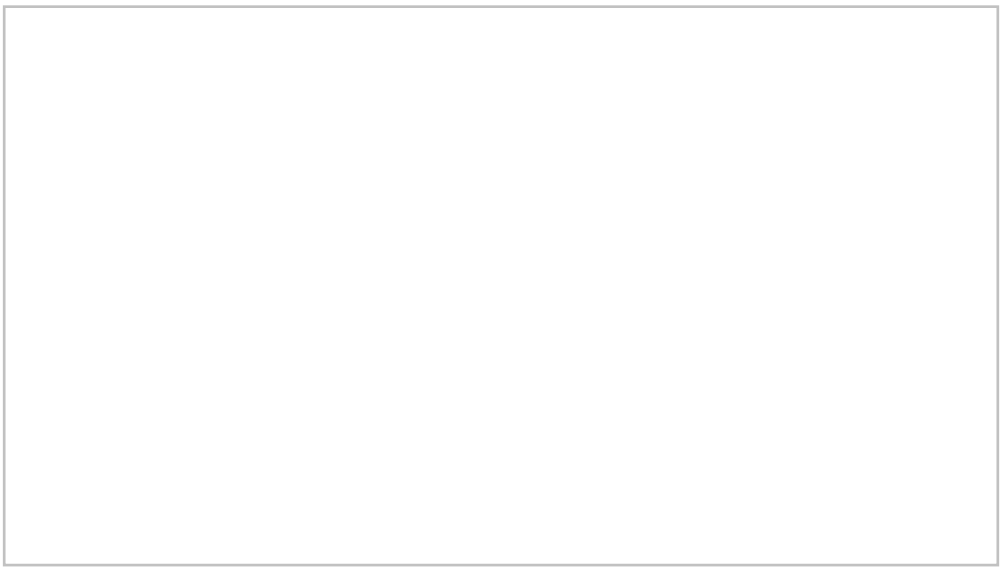

FEMA is also opening the application period for the Flood Mitigation Assistance grants. There is $160 million available in flood mitigation grants, with $70 million of that amount set aside for **community flood mitigation projects**. These grants are used for projects that reduce or eliminate the risk of repetitive flood damage to buildings that are insured by the National Flood Insurance Program. Projects are selected based on the cost-effectiveness and eligibility of the proposal. FEMA has provided more than $1.3 billion on more than 2,900 flood mitigation projects since these grants began in 1996.

Both grant applications will be open from Sept. 30 – Jan. 21, 2021. Eligible applicants must apply for funding using the new **FEMA Grants Outcome (FEMA GO)**. Applications received by FEMA after this deadline will not be considered for funding.

Farmers to Families Food Box Program Surpasses 100 Million Boxes Delivered

On September 29, the Trump Administration announced that the Farmers to Families Food Box program surpassed 100 million boxes delivered to families impacted by the COVID-19 pandemic. The program is supporting farmers, savings businesses, and helping feed Americans in need.

Read More: **Farmers to Families Food Box Program Surpasses 100 Million Boxes Delivered**

35.6 million food boxes invoiced in round one (5/15-6/30)

49.9 million food boxes invoiced in round two (7/1-8/31)

14.7 million food boxes invoiced in round two extensions (9/1 - 9/18)

327,299 food boxes invoiced in BOA Contracts (9/22 - 10/31)

About the Program: USDA's Agricultural Marketing Service (AMS) is partnering with national, regional and local distributors, whose workforces have been significantly impacted by the closure of restaurants, hotels and other food service businesses, to purchase up to $4 billion in fresh produce, dairy and meat products from American producers of all sizes.The program supplies food boxes of fresh fruits and vegetables, dairy products, meat products and a combination box of fresh produce, dairy or meat products. Distributors package these products into family-sized boxes, then transport them to food banks, community and faith-based organizations, and other non-profits serving Americans in need.

DOJ Announces Public Safety and Victims Support Grants for Indian Country

On September 30, U.S. Attorney General William Barr announced the award of more than $295.8 million in grants to improve public safety, serve victims of crime, and support youth programs in American Indian and Alaska Native communities during a roundtable discussion with the Cherokee Nation leadership in Tahlequah.

Image

More than $103 million was awarded under the Justice Department's Coordinated Tribal Assistance Solicitation (CTAS) to enhance law enforcement and tribal justice practices, expand victim services and sustain crime prevention and intervention efforts. CTAS grants are administered by the department's Office of Justice Programs ($41.5 million), Office on Violence Against Women ($39.1 million) and Office of Community Oriented Policing Services ($22.5 million).

An additional $113 million was awarded to 133 applicants under the Tribal Victim Services Set-Aside Program. This program, managed by OJP's Office for Victims of Crime (OVC), is designed to help tribes develop, expand and improve services to victims of crime and promote other public safety initiatives.

In addition to the CTAS and Tribal Victim Services Set-Aside awards, the Office on Violence Against Women made additional tribal awards of more than $31 million to support a wide range of efforts to address the crimes of domestic violence, dating violence, sexual assault, stalking and human trafficking.

A full listing of all the announced CTAS awards is available **here**.

Indian Country & the Census

As the end of the 2020 Census response period approaches, the U.S. Census Bureau remains committed to a complete and accurate count of people living on tribal reservations. In the last census, the American Indian and Alaska Native population living on reservations was estimated to have been undercounted by 4.9% — one of the highest undercounts of any group.

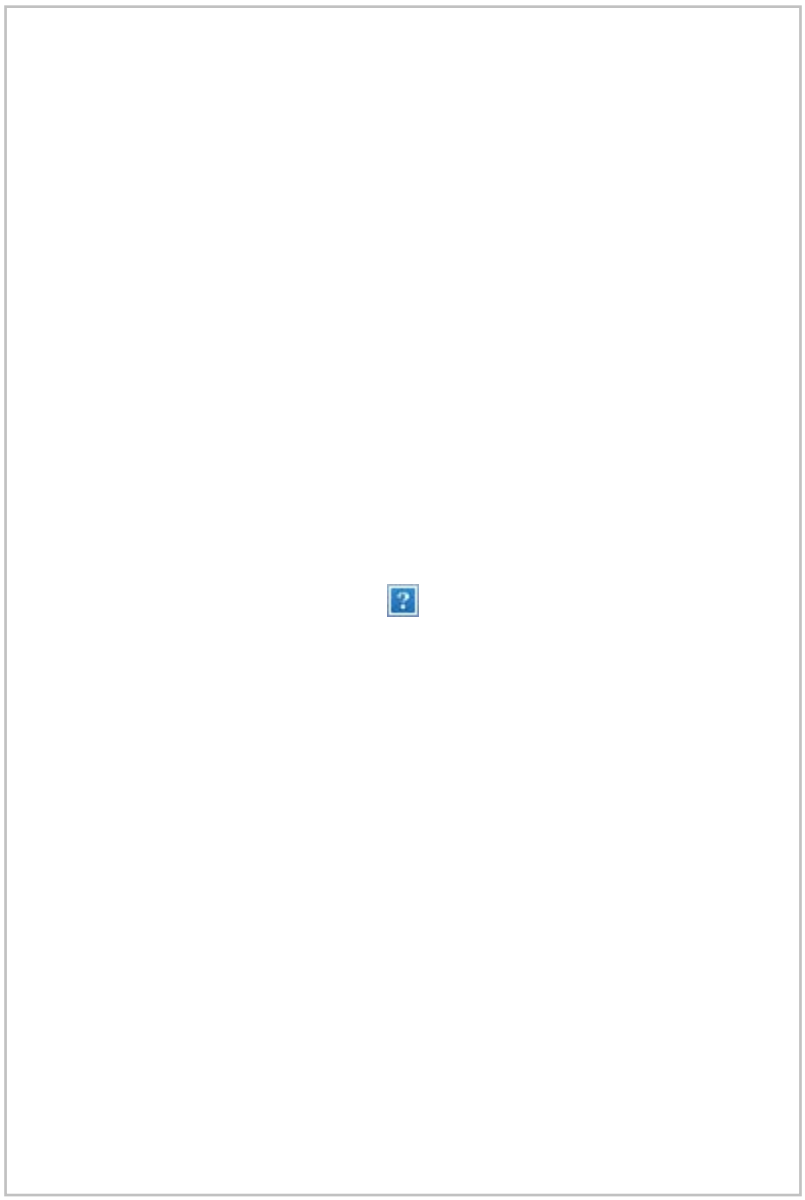

Not everyone realizes how much a count reflecting the true number of people will impact their tribal community's day-to-day life. In addition to determining representation in the U.S. Congress, data from the 2020 Census will inform how much federal money may, or may not, be allocated to each reservation. Money for roads, housing, schools and health care is allocated based on how many people are located on tribal lands. Being undercounted could mean fewer resources over the next 10 years.

If you are a tribal leader, the Census Bureau urges you to ask your tribal citizens to respond now. They can do so **online**, by phone (844-330-2020), or by mailing back the paper questionnaire.

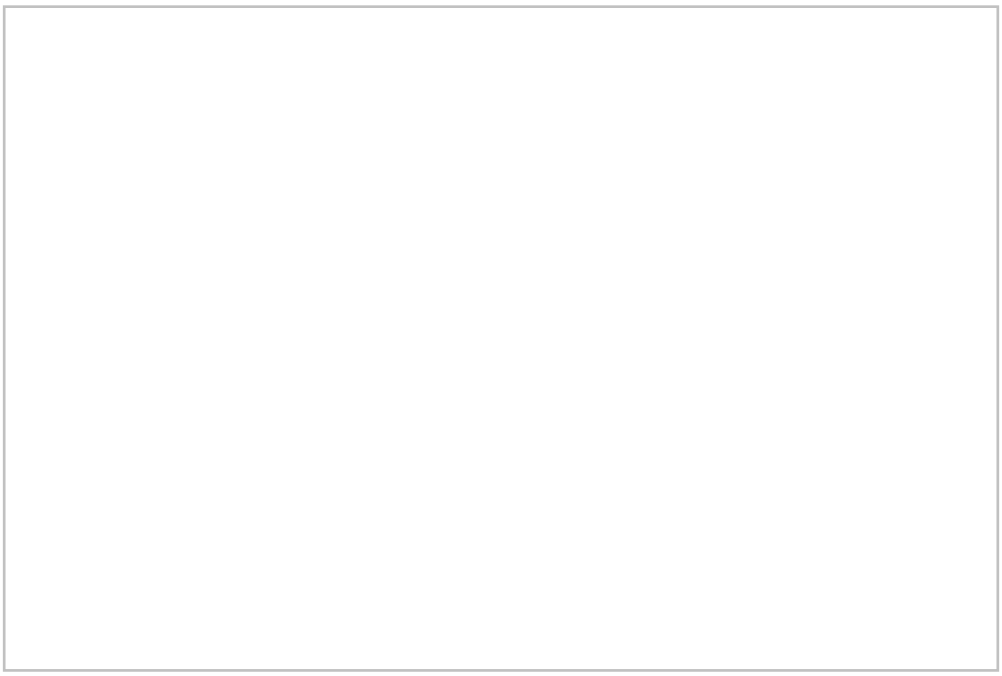

If responding is difficult due to challenges of geography or low internet and phone connectivity, the census takers visiting many reservations right now can help. The Census Bureau has worked hard to ensure these interviews can be **conducted safely amid the pandemic**. If a reservation is closed due to COVID-19, the Census Bureau is asking tribal leaders for contact lists and is calling tribal citizens directly to conduct the census questionnaire over the phone.

Find additional helpful resources **here**.

Remembering the First Woman to Vote

On Tuesday, September 29, Senior Trump Administration officials joined Utah Governor Gary Herbert, Utah First Lady Janette Herbert, and descendants of Seraph Young Ford in a ceremony at Arlington National Cemetery to commemorate the legacy of Seraph Young Ford as the first woman in America to vote under an equal suffrage law when she voted in the Salt Lake City municipal election in 1870.

On February 14, 1870, Seraph Young Ford cast her historic ballot for municipal elections in Salt Lake City, Utah, after the Utah Territory became the second territory in the Nation to extend voting rights to women (but the first to vote after such equal suffrage expansion). The grand-niece of Brigham Young, Young Ford moved from Utah to Maryland in the late 1870s. Mrs. Ford is buried at Arlington alongside her husband, Mr. Seth Ford, who fought for the Union during the Civil War. For many years, Seraph Young Ford's headstone spelled her name incorrectly—dishonoring the memory of this important woman in American history. The Trump White House worked with Better Days 2020 and Arlington National Cemetery this year to correct Mrs. Ford's headstone to appropriately honor legacy.

Read More: **White House Honors First Woman To Vote — in Utah and in the United States**

National Security Council: **"I was honored to pay my respects to Seraph Ford, the first woman to cast a ballot in the U.S. Her strength and determination personifies the American spirit, and it's a legacy the Trump Administration is proud to continue to champion today." - NSA Robert C. O'Brien**

Utah Governor Gary Herbert: **This morning I was privileged to attend a ceremony correcting Seraph Young's headstone in Arlington. Her historic vote represented a crucial turning point for suffrage equality. I'm grateful for the joint efforts of @BetterDays2020 and @WhiteHouse to make this change. #utpol**

Attorney General Sean Reyes (UT): **Last 2 years have been such an honor co-**

chairing the advisory committee for @BetterDays2020. Congrats to the entire team for all of their efforts to remind America of a fight that is as important today as it was over 100 years ago. #utpol

The U.S. is currently celebrating the 100th anniversary of the 19th Amendment and women's constitutional right to vote. **In August, President Trump and First Lady Melania Trump honored the 100th anniversary of women's right to vote via official proclamation.** In addition, First Lady Melania Trump launched **Building the Movement**, an exhibit honoring ratification of the 19th amendment, which showcases artwork from American youth depicting this important milestone in American history.

The Trump Administration is leading the movement of the economic empowerment of women and girls around the world through efforts such as the **Women's Global Development and Prosperity Initiative**; the **Women, Peace, and Security Strategy**, and extensive actions to **combat human trafficking** and empower survivors. This whole-of-government approach to women's economic empowerment will continue to lead to peaceful, prosperous, and stable societies around the world.

Rafael Mandelman,
SF Board of Supervisors
October 2, 2020

Dear Supervisor Mandelman:
I have lived in your district for over five years, and was educated in San Francisco for high school, college, medical school, and my psychiatry residency. I returned to the Bay Area after additional training, and moved my practice to San Francisco in February 2020.

This is my first time writing to any local public official. I believe this is the first time I have felt as passionate to do so. I am writing in fervent support for the lights at Saint Ignatius field.

As a child and adolescent psychiatrist, I support the shift in school start times that builds upon the science of the importance of sleep for younger people. Along with the American Academy of Pediatrics, California Medical Association, and Parent Teacher Association, we believe the health of our young people needs to be protected, so they can get enough sleep. However, with this schedule shift, the equally important health benefits of physical activity may be compromised.

America already has an epidemic of obesity. Allowing the students to have a lighted field allows our future generation of San Franciscans the ability to reap the benefits of physical fitness. Moreover, the spirit of camaraderie, and strategy of sport are important life skills we can instill in our children and teenagers.

I credit my achievements in my career to the quality educational foundation I received at Saint Ignatius. Yet, my rigorous academic life was balanced by the lessons I learned on the wrestling mat and volleyball court. As fall approaches, I remember running on the track as it began to get dark for wrestling practice. As a cheerleader at football games, I remember having to go to Kezar field to make use of a lighted stadium.

Illuminating Saint Ignatius field will allow teenagers to safely work out in a well-lighted area, and will prevent students from having to travel at dusk to distant fields. Furthermore, the sense of community that spectators have will be engendered even more so, as they can easily gather to cheer on their team on campus after school.

I entreat you to vote Yes for the lights at Saint Ignatius field. Thank you for your time and I appreciate your support.

Sincerely,

Jonathan Manaoat, MD

President Norman Yee
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Norman Yee or Honorable Supervisors:

My name is Elizabeth Li, a parent of St. Ignatius College Preparatory. My daughter, an alumni who graduated in 2019 and my son, a senior. I have lived in San Francisco since 1980.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance to CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing S.I. to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the generations of students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Elizabeth Li

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Yee,

My name is Christian Winther and I have lived in San Francisco for over 20 years, including 12 years as a resident of District 7. My wife Andrea and I have three children, all of whom were born in San Francisco and have attended St. Gabriel School in the Sunset District. My son Christian is 14 years old and just started his freshman year at St. Ignatius. Christian is playing football at St. Ignatius this year and is looking forward to the beginning of football season later this year.

I am writing to express my strong support for approval of the lights at St. Ignatius Field. This will provide the students with more flexibility in utilizing the field and the school's other athletic facilities and will allow games to start at later times. Keeping students closer to campus and allowing greater use of the field will ease the travel burden on students (who, otherwise, would have to travel significant distances to practice) and foster a much stronger sense of community. This is something that both the students and the school community greatly need, particularly during these difficult times.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote yes and approve the lights at St. Ignatius Field.

Best regards,

Christian M. Winther

Dear Supervisor Yee,

My name is Christian Winther and I have lived in San Francisco for over 20 years, including 12 years as a resident of District 7. My wife Andrea and I have three children, all of whom were born in San Francisco and have attended St. Gabriel School in the Sunset District. My son Christian is 14 years old and just started his freshman year at St. Ignatius. Christian is playing football at St. Ignatius this year and is looking forward to the beginning of football season later this year.

I am writing to express my strong support for approval of the lights at St. Ignatius Field. This will provide the students with more flexibility in utilizing the field and the school's other athletic facilities and will allow games to start at later times. Keeping students closer to campus and allowing greater use of the field will ease the travel burden on students (who, otherwise, would have to travel significant distances to practice) and foster a much stronger sense of community. This is something that both the students and the school community greatly need, particularly during these difficult times.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote yes and approve the lights at St. Ignatius Field.

Best regards,

Christian M. Winther

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Yee:

I am a lifelong D7 resident, a San Francisco native and parent. Please support the SI field lights!

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Karen Eggert

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Stefani or Honorable Supervisors:

I am the parent of an incoming freshman football player at St. Ignatius College Preparatory. We have lived in the Anza Vista neighborhood of the city for the past 12 years and consider ourselves proud San Francisco transplants. My son played Pop Warner football for the past 5 years with the Southern Marin Broncos, a team which recently won their Northern California Division in 2019 for the first time in many years. He and several of his teammates have chosen to attend SI specifically for the high school football experience.

Our family is thrilled to hear that Murphy Field at St. Ignatius may be approved by the Board of Supervisors for lights to be able to hold night games. **WE STRONGLY SUPPORT** this for our student athletes and to allow St. Ignatius to implement a later game start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Supervisors,

My name is Sabrina Bravo Santos and I am a native of San Francisco. I grew up in the Mission District and I am happy to report that my mother still lives in the same house I grew up in. Although I no longer live in the city, I spend a great deal of time there. I work in the city and my daughter, Maya, attends Saint Ignatius.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law. There are few spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students on campus. You have no idea how worried I was when my daughter told me she had to run from SI to Lake Merced for crew try outs when it was dark. I tracked her on the Life360 app until she made it back to school. With a lighted field, the kids can stay on campus and train there with supervision. Also, with our current pandemic and social distancing requirements, SI's performing arts department and clubs would also benefit from having an outdoor option to meet during the shorter days of the year. It is essential for kids to engage in group activities and it is especially critical to have a safe and controlled environment available.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted and the impact it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Sabrina Bravo Santos

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Stefani and Honorable Supervisors,

My name is Chris Moustakas and my son, Atticus, is a freshman at St. Ignatius. We've lived in District 2 since 2008, moving there when Atticus was just two years old.

Atticus played Pop Warner football for five years, and loves the game. He's also a good student, graduating with straight A's his last year from Cathedral School for Boys. His dream for the last few years has been to attend St. Ignatius, both for the education and for the football program.

As a parent, I strongly support the approval of lights at St. Ignatius Field. This will provide more opportunities for the students to play sports in a familiar, close, safe environment, and creates a thrilling atmosphere for the spectators as well, which strengthens even more the already strong, inclusive community that SI is known for.

I understand that you're considering an appeal of the San Francisco Planning Commission's 6-1 approval of the field lights. I hope that you will uphold the approval, and I thank you very much for your consideration.

Warm regards,

Chris Moustakas

Date:	Sunday, October 4, 2020 2:22:57 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

President Yee and Members of the Board of Supervisors,

I was pleased to see that the Planning Department approved of the proposal by St. Ignatius to put in lights at their football/soccer field. I also understand that the neighborhood has appealed this decision.

As I stated in my original email to the Planning Department, I have lived in District 4 for 3 and a half years now. Before we moved, our daughters had begun to attend St. Gabriel School, and by purchasing a home in the neighborhood, we have solidified our plans of making our lives in District 4. Hopefully someday my daughters will attend St. Ignatius.

I know that many of the student-athletes at SI have to take buses to practice facilities that are outside of the city.

Allowing lights to go in at the SI athletic field will relieve a lot of kids from the burden of this extra travel. My understanding is that, with the lights, the school will also be able to push their start-time back, something that developmental psychologists say is helpful for the growing adolescent brain. In addition, nighttime athletic events could be a way to bring the community together in support of young people.

As we continue to deal with the consequences of the coronaviurs, it seems safe to say that the way in which our kids safely recreate will never be the same. Adding lights to the field will increase the opportunities that St. Ignatius is able to provide their students and the surrounding community. Now, more than ever, it seems like the entire neighborhood will benefit from increased opportunities for outdoor recreation.

I humbly request that you affirm up the Planning Department's decision to allow these lights to be installed.

Respectfully submitted,

Tim Egan

Re: Lights at St. Ignatius Field File No. 200992 and 200996

Dear Commissioners:

I have lived in San Francisco for almost 55 years, and in that time I have been able to participate and enjoy all the recreational activities afforded to the city's residents. San Francisco's climate allows for kids and adults to partake in sports all year round with the only drawback (besides the fog) being the lack of lighting in the evenings at our fields. As a boy growing up in the Richmond District, I participated in team sports throughout the school year and summer, playing until forced to call it a day at dusk. Now as a 20 year resident of the Sunset District and parent of a high schooler at Saint Ignatius College Prep, I am happy to know that the school is considering the installation of lighting at it's fields. This will benefit my son, some of my neighbor's kids, and other San Francisco kids as they will be able to play longer and in safer conditions under lights.

I'm writing in strong support for the approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance to CA State law. There are fewer spaces for students to practice field sports in San Francisco and allowing Saint Ignatius to build these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and get good grades but to be in service to others. Many of those lessons are learned through the shared experience on the field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Esteban Elias Gutierrez

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Norman Yee,

My name is Santino Franco, and I am a sophomore at Saint Ignatius. I have lived in San Francisco my entire life and specifically in your district for 15 years. I have been playing football & baseball at SI since my freshman year. I'm on the field six days a week for practice or games. The addition of the lights to the field will make a world of a difference, not only for student athletes like me but for the rest of the student body and the school community as a whole.

I'm writing in **strong support** for approval of lights at St. Ignatius Field in order to create more options for student athletes, and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. The addition of these lights would keep us all safer.

St. Ignatius College Preparatory has been an excellent center of learning for many years. It's a place kids can grow academically, socially, and in their service to others. Many of the lessons they learn are through the experiences they have together on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

I was on the call in support of the lights when the San Francisco Planning Commission voted 6 to 1 in favor of this approval in July. What an educational moment for me to see how things get done. Please consider all the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of our young lives.

Please vote **YES**! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Santino Franco

Dear Honorable Supervisors,

My name is Addie V, and I'm a student athlete at St. Ignatius, and I'm 14 years old.

I strongly support the idea to have lights at the St. Ignatius field because I believe that it will increase the opportunities for so many athletes to be outside during this very challenging time, when COVID-19 is keeping us inside.
The lights will also bring the community together when we are able to go back to school, because parents, students and faculty will all be able to watch evening sports games.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Addie V.

President Norman Yee
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Dear Honorable Supervisors:

My name is Susie Lindstrom and I am a parent of a St. Ignatius student and two other children. I have also been a resident of San Francisco and understand first-hand how challenging it is to find safe, well-lit fields to play sports in San Francisco.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Susie Lindstrom

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Norman Yee:

My name is Helen Casserly and I moved to San Francisco from the Peninsula in March of 2020. I am the parent of a Junior at St. Ignatius College Preparatory. I also have two older children who graduated from this wonderful institution in 2010 and 2014. All three of my children participated in St Ignatius' fantastic athletic offerings. I am an extremely busy small business owner. As a result, I am incredibly grateful to the athletic department at St. Ignatius for the multitude of opportunities to engage my children through sports and further build their community.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

San Francisco, CA 94102-4689

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Stefani,

My name is Marina Greenwood and my son Julian is a freshman at Saint Ignatius College Preparatory. We live on Baker Street in District 2. We have lived in San Francisco for 20 years.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. as a parent of a student-athlete, I can attest to the invaluable lessons learned on the court, on the field and through camaraderie gained in sports. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. This also applies to the parent community. Personally for our son, the sports traditions at SI were among the reasons he elected to attend the school.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Marina Greenwood

Dear Supervisor Stefani or Honorable Supervisors:

My name is Sean Lee, and I have lived in District 2 for over 10 years. I am a proud parent of Peyton Lee, a sophomore at St. Ignatius College Preparatory. I am also a small business owner in San Francisco for the past 10 years. My company, Xterra Solutions, Inc., is a registered Local Business Entity and a Technology Marketplace Supplier with the City and County of San Francisco. I am originally from the Chicagoland area but I've lived in San Francisco for the past 13 years. When I first moved here I never thought I would be able to call San Francisco my home but now I can't imagine calling it anything else. I have grown to love this city like I never thought I could.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Dear Supervisor Norman Yee:

My name is Mary Casserly and I am a Junior at SI. I recently moved from the peninsula to San Francisco in March of 2020. Soccer has always been apart of my life and going into SI I was very excited to play. With a busy schedule, rides have been difficult since most practices are before sun set. With that said, the lights at Fairmont would change and relieve stress on my busy schedule and allow me more time on campus with my SI community.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Dear Supervisor Ronen and Members of the San Francisco Board of Supervisors,

My name is Alfred Ugaitafa Jr. & I am and have been a resident of District 9 all 18 years of my life & a current City College student. My younger brother is a St. Ignatius senior.

I'm writing in strong support for approval of lights at St. Ignatius Field. Last year, my brother had to travel to so many other locations in order to practice and it was so hard for him and our family. Allowing these lights will keep students closer to school which would be safer for them.

St. Ignatius is a great community of not just academics, but also allows them to be apart of extracurricular sports activities and more.

The SF Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students and the positive impact it makes in their lives.

Please vote YES to the lights at SI Field and thank you for your consideration.

Regards,

Alfred Ugaitafa Jr.

Dear Honorary Supervisors :

My name is Alfred Ugaitafa Sr.. I have a senior at St Ignatius. I live and work as a carpenter in San Francisco.

I'm writing in strong support for approval of lights at St. Ignatius Field. Theres not many places the students can go too for practice and the lights will let them be able to stay at the campus. This will be safer for the students to keep them from having to travel all over the place to find a spot where they can practice as a team.

Please consider the students who are the ones impacted by this and the huge benefit this provides them in safety and security while they play sports.

Please vote YES to the lights at St. Ignatius Field.

Thank you for your consideration,

Alfred Ugaitafa

President Norman Yee
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Dear Supervisor Hillary Ronen,

My name is Siaki Hunkin and I come from a long line of Polynesian's that migrated to the San Francisco over the years. My grandparents purchased a house in District 9 / Bernal Heights in 1961 @ 344 Bocana St near Holy Park. I've lived at this house for about 38 years of my 42 years on this earth. Growing up, me and my siblings were limited on options back then because our parents were working 2-3 jobs nonstop to make sure we had a roof over our heads and food in our stomachs. Our sports were 2 hand touch football in the street where the cars were out of bounds and the light poles were our endzones. Our parents never took us to sports events and the only schools we knew were Horace Mann, Burbank, Denman, Balboa and Mission. Our lives changed when we were able to send our son to St. Ignatius Highschool. With a lot of help we were able to send him there and open up limitless opportunities that we never thought were possible. His sophomore year he was moved up to Varsity for football and took part in a game known as the Bruce Mahoney Game at Kezar under the lights. That night under the lights with my family and friends there watching my son play is a memory I will never forget. Seeing all those people from both sides watching a high school football game was unbelievable,

I’m writing this email on behalf of me and my family in strong support for approval of lights at St. Ignatius Field in order to create not only more options, but more memories for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those

lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. I've played and coached sports more than 20 years and the bond created through sports is a bond that can never be broken.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Siaki Hunkin
344 Bocana St San Francisco Ca, 94110

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

COVID 19 has taught us many lessons. One of those lessons is that we should never take for granted outside facilities that allow us to gather safely. The isolation of this pandemic has been especially difficult for the children of The City. They are unable to attend school and develop important relationships with teachers and classmates. Playing sports outside is the one way they have been able to safely interact with each other. Field space has always been in high demand, and even more so now during this pandemic. Extended hours on the SI field will help afford more students the opportunity to participate in healthy activities.

When we finally see the end of this pandemic, a lighted field at SI will continue to be an asset to the community. SI has long been a San Franciscan institution that operates in a respectful and responsible manner, and I am confident that they will manage the lighted field according to the new regulations.

Please do not miss this opportunity to do something beneficial for these student athletes.

Sincerely,

Peggy O'Brien, SI Parent

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

My Name is Jon Krabbenschmidt. Though I do not live in San Francisco, I have a son who is currently a freshman at St. Ignatius, and a son who was in the class of 2012. In addition, I have many friends with children in St. Ignatius as well as many friends who went to St. Ignatius.

I am writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your

consideration.

Sincerely,

Jon Krabbenschmidt

Dear Aaron Peskin and Honorable Supervisors:

My husband Michael and I have been a residents of the North Beach neighborhood of San Francisco for over 20 years and we are proud to be raising our family here. Our oldest son is now attending Saint Ignatius High School in the sunset district and plays on their football team.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Fewer and Honorable Supervisors of the Board of Supervisors:

I have lived in the Richmond District for over 14 years. I am the parent of three boys, including a current St. Ignatius Freshman and the step-mom of a recent St. Ignatius graduate, last year's WCAL player of the year, Teddye Buchanan. The one thing that Teddye missed from his high school football experience was being able to play under his school's own lights. This is a source of pride for high school football players that cannot be understated.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. This is even more important now with Covid-19 to have more space to provide our youth the ability to still exercise and play sports as the lights allows the use of the field for longer so more games/practices/sporting events can be scheduled in a given day - giving more kids opportunities to be outside, getting exercise.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

I am a mother and supporter of the St Ignatius Community. I moved to the city with my husband in 2001 and have always loved and supported our great city. We now have two children our oldest who attends and plays football at SI.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Football and the community that supports the team are an important part of our families experience at SI. When my son started playing last year the friendships he made and the comradery that were built were invaluable to his adjustment to a new school. The ability for more children to be able to meet and play together that the lights would provide are so very important to our children....Especially after all of the time that they have spent isolated due to Covid 19.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Marina Hegstrom

As the parent of an SI Student, the parent of an SI grad, and as a longtime resident of San Francisco, I am writing in strong support for approval of lights at the fields at St. Ignatius College Preparatory School.

We need more access to outdoor fields, not less, and the addition of lights will add much greater usage of the fields.

I know the value that SI brings to the community and the value of this project to the entire campus. The Planning Commission voted 6-1 in favor of the project and I hope you will do so as well.

Thanks you for your support.

Hello Mr Yee - I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

Both my wife and I have lived in SF for over 30 years and thrilled to be able to raise our children here - but it is not without a lot of friction. Adding lights to a football field would certainly be a strong pro-family move that would enable more practice time for field sports in San Francisco.

I have a child at SI now and another at SHCP. While these lights would be a strong benefit at any time, during this stressful times they are even more needed to enable athletic participation at SI.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Dear Honorable Supervisors:

We are the parents of a sophomore at Saint Ignatius College Preparatory. While we don't reside in San Francisco, our extended family has long-time roots in the city, and I work downtown. We are significant participants in economic, cultural and other events in San Francisco.

We are writing to express our strong support for the approval of lights at St. Ignatius Field, which will allow SI to implement a later start time for events. That, in turn, will create more options for student athletes and cut down on car and bus travel by allowing students to participate in events on campus.

The last six months have shown us the importance of outdoor activity to our son's overall well-being. SI has consistently reinforced the importance of acting in service to others, and athletics play an important role supporting that mission by developing confidence, community and teamwork.

The San Francisco Planning Commission voted 6 to 1 in favor of the proposal after a long approval process. I hope that in your review of its decision, you will keep in mind the positive impact that the installation of lights will have on thousands of current and future students, which extends far beyond sports.

Please vote "YES" to approve the lights at St. Ignatius Field, and thank you very much for your consideration.

San Francisco Supervisors,

I know you love this city as much as my family and I do!! I know you see it as the jewel of the state!

In addition, it is clear we all believe in the values of family, education, history and tradition...for these reasons I wanted lend my support to the amazing improvement of adding lights to the SI field!! Think of the possibilities!

My father and both of my Grandfathers have a long history of playing football for SI... they all would be thrilled to know you made the decision to advance this amazing plan!!

They would pat you on the back for your foresight in giving our young people a way to gather in a fun and healthy manner...a novel idea in recent times!! Thank you for taking the time to consider this amazing plan!!
Sincerely,
Kerry M Murphy-Hagan

Subject: BOS File #200992 and #200996 - Saint Ignatius Stadium Lighting Project (Planning Case No. 2018-012648CUA)

We are hereby submitting the attached 4 letters of rebuttal in response to SF Planning and the Project Sponsor recent letters for the Saint Ignatius Stadium Lighting Project.
These are for BOS File #200992 and #200996, Planning Case No. 2018-012648CUA, in advance of the October 6, 2020 Board of Supervisors meeting for the project (agenda items 45 – 52).

BOS Administration: Kindly acknowledge receipt of these documents

Thank you
Deborah Brown, Secretary

SI Neighborhood Association

RE: BOS File #200992 and #200996 - Saint Ignatius Stadium Lighting Project

Dear Honorable Supervisors, thank you for taking the time to read this, our final letter to ask you to consider upholding our appeals.

Introduction

We, the undersigned, are members of The Saint Ignatius Neighborhood Association (SINA) with valid concerns about the permanent impact of the Saint Ignatius (SI) proposed stadium lighting on our neighborhood. We have raised funds for a lawyer and consultants who are helping us at a reduced rate or pro-bono. Our neighbors have written letters and we have filed appeals asking the project sponsors to conduct studies to better understand the impacts of these stadium lights planned to be in use 150 nights a year.

However, it is obvious we are being outmatched by a powerful and rich institution with a wide influence in our city. Saint Ignatius has the financial ability to hire a big time lawyer and the clout to barrage the BOS with form letters solicited from their 1,000 + member alumni association.

SINA has no such resources – we're a small group of neighbors opposing a powerful institution. We appreciate this one last chance to demonstrate how SI has not been open or engaged with their neighbors. And, in the end we are simply being railroaded into a project that will only benefit SI -- to the permanent determent of their neighbors and the wider residential neighborhood surrounding their campus.

SI continues to minimize both the impact and scale of this project. We have demonstrated valid arguments against this destructive project and studies should be required before the permit is approved.

We have shown, to the best of our ability that this new introduction of stadium lights has ramifications that SI and SF Planning continue to minimize. Any lights, no matter how state-of-the-art, still result in the introduction of a <u>new and unprecedented nighttime sports activities 150 nights a year</u> with the impacts we have investigated and put on the record.

SI has accused us of 'unscientific' analysis of these impacts, i.e. noise, light, parking. However, it is not up to our Association, or our consultants to conduct studies – it is, and should be, the project sponsor's responsibility. SI is not being held accountable or being required to do any sort of studies by SF Planning. It is in the best interest of the neighborhood and SI, their students/parents to fully understand the impact of night use of the athletic field on 150 nights a year which will affect us all for many years to come.

This Stadium Lighting permit should never have been approved without proper impact studies and analysis.

SI gets streamlined through SF Planning and has done so for many years.

Their practice lights were installed in 2003 without any pre-planning notification to the neighbors and with an expedited CUA permit process.

The original 2018 CUA application for this project which was re-submitted early this year was not only woefully inadequate; it was re-named as a Verizon-only project so as to grant 'essential' project status during Covid19. Once our association realized it was a Verizon antenna that just happened to be located on one of four proposed SI stadium lights – we asked questions and raised objections about the permit – it suddenly got taken down off the Accela site and re-surfaced with new provisions and language.

Over the last six months through the three Commission Hearing continuances the SINA took the time and expended our resources to research the project, understand the regulations, scrutinize the application materials, and question Planning and Saint Ignatius in our numerous communications and submittals.

This scramble to augment the permit (after SINA documented its flaws) has gone on throughout the SF Planning process -- right up until the final motion was signed after the July 23 Hearing.

Most concerning is SF Planning's most recent letter (9/28/20) which quotes directly from the letter SI sent to the BOS and signed by their attorney.

This should cause all of us to question SF Planning's impartiality and true rigor when evaluating SI's application for these stadium lights.

SI's communications about this project have been one-sided, unclear, and constantly changing.

Since early March when this project resurfaced (after SI put it on hold for 2 ½ years), our questions have not been answered, neighbors objections not heard, there has been no dialogue, and most distressing - SI's ever-changing explanation of usage of these lights.

In previous documents we have extensively detailed how our neighbor concerns and legitimate arguments have fallen on deaf ears. During the Planning Commission hearing, even the commissioners were confused and had to grill SI administration to answer basic questions regarding the use of the lights - including the number of nights and use by affiliates (non-SI usage).

SI claims in their recent letter that we have spread mis-information among our association members – that is patently untrue – we communicated what was communicated to us by SI. If SINA is confused it is not our fault.

We've asked for a neighborhood wide meeting to clear up any misunderstandings - but SI refused to meet with us for future discussion or to answer our questions. They agreed to meet with four members of our association as their 'requirement' for the second pre-planning meeting before the Commission hearing.

SI says their stadium lights will not increase their sports events but will allow them to shift them into the nights. However SI has never been clear on the number of sports events currently conducted on their football field. SI's current field usage numbers aren't even consistent between the most recent SF Planning and SI documents.

However, no matter what the current versus new usage -- for <u>almost half the year</u> SI is proposing <u>new use</u> by introducing nighttime sporting events.

In their 9/28/20 letter, SI has misrepresented their use of temporary lights saying "these portable lights are typically used 40 to 50 nights per year". In the past, SI only used temporary lights 1-2 nights a year and only late in 2019 did they start to bring in lights for an extended period of time (4 weeks in late 2019; 2 weeks in 2020). Many of those nights, the lights were on with no one on the field and other nights there were only 7-8 students practicing (they could have used SI's existing practice field with lights).

The actual 'event or practice' use of those temporary lights was in reality much less than the 40-50 nights SI claims.

SI's letter's also references their 79 athletic teams who would benefit from the lighting which suggests all 79 teams use the field (this information also appears in the SF Planning's response letter). According to the project application materials, only 17 teams actually use the field – 3 football teams, 6 soccer teams, 4 lacrosse teams, and 4 track/field teams.

It is very misleading to suggest that all 79 school teams would benefit from the lighting.

Both Planning and SI seem to believe that if they keep saying the same things over and over - even if untrue or misleading, that they will surely become true – with no evidence to back them up and despite our evidence to the contrary.

Compromise – what compromise?

We had suggested an alternative plan, which SI dismissed, and they have since refused to conduct any sort of neighborhood meeting to discuss compromises of any sort. We would potentially be interested in discussing some further comprises within their current project plan – but we've not been given any opportunity to do so.

Concluding Comments

It is important to recognize that we are not anti-sports nor do we want to change SI's current sports programs at all. We want SI students to have healthy and non-stressful sports programs as they are currently conducted.

We also applaud SI's voluntary move to follow California SB-328 that mandates later start times for public and charter schools (private schools are not subject to this law). This is healthy for their students as is their current active and reasonable sports program~~s~~

We reiterate our concern that if the lights are installed, it is unlikely that SI will comply with the CUA conditions.

Are they going to dim lights and then shut them off if a game or event is still in progress at the appointed dimming or shut off time? **No, they won't stop a game before its end – who would?** Will they abide by the limit on the total number of nights? We don't know – the neighbors would have to count each and every night the lights are on to monitor compliance with that condition. **Then, what happens on the 151st night – will SI stop that game or practice and turn off the lights - doubtful.**

Attached are some final arguments from our attorney and consultants for your consideration when making your decision during the October 6th Hearing.

We thank you for your time and consideration of our appeals.

Sincerely,
Saint Ignatius Neighborhood Association

RE: Planning Case Number 2018-012648CUA - Saint Ignatius Stadium Lighting Project - Rebuttal to Responses of SI and Planning Department on CEQA Issues

Honorable Members of the Board of Supervisors:

I am writing on behalf of the Saint Ignatius Neighborhood Association (SINA or Appellant) in response to the submissions of Saint Ignatius (SI) and the San Francisco Planning Department on the CEQA issues raised in this appeal.

The approach taken by the Planning Department in this case to exempt this major project from any CEQA review is contrary to law and renders the City vulnerable to a successful legal challenge. In the big picture, that would be an unfortunate result. SINA's purpose in this appeal is not to engage in successful litigation, but instead to require this project to undergo a full environmental review process to evaluate which alternatives or mitigation might avoid or substantially lessen the significant impacts that will be imposed on the local community by an expansion of stadium field operations with lights on most nights in the fall and winter evenings. Such an evaluation is required by CEQA. *See* Pub. Res. Code § 21002.

SI's and the Planning Department's submissions attempt to portray SINA as trying to stop the project at all costs. This is false and is not supported by the record. SINA requests that SI follow the law, as required by all institutions operating in the City of San Francisco (City).

A. This Project is Not Eligible for a CEQA Exemption

SI and the Planning Department argue the project is exempt from CEQA review because it is a small structure that does not involve an "expansion of an existing use."

This argument is inconsistent with the claimed exemptions, which are limited to small structural additions to an existing development that involves negligible to no expansion of use. *See* 14 Cal. Code Regs. §§ 15301, 15303. In contrast, the project in this case involves the construction of large light towers that will expand the existing use into the evening hours on a regular basis for up to 150 nights a year.

In interpreting whether this is a non-negligible expansion of use, the City must be guided by CEQA's maxim that potentially significant project impacts must be evaluated in a CEQA review process. Here, for purposes of measuring impacts, the project 'expands' use by expanding activities from the day time to the evening time frame when impacts may be more significant, as well as requiring constant lighting, which has *its own particular impacts* that do not occur for daytime use. Further, the 90 foot light towers erected to allow for nighttime sports activities in a residential neighborhood is a completely different project than the 'small structures' described in the Class 3 exemption such as a garage, patio or a residence.

B. The Planning Department Rebuttal Does Not Correctly State the Law on Whether Unusual Circumstances Justify an Exception to the Exemption.

Even if an exemption *were* to apply, SINA's appeal shows that exceptions to the exemptions apply pursuant to CEQA Guideline § 15300.2. In particular, Appellant has submitted substantial evidence demonstrating the potential that this project will have significant impacts due to unusual circumstances. *See* 14 Cal. Code Regs. § 15300.2(c).

The Planning Department's response argues that Appellant has not shown that the impacts of the project in this case are due to unusual circumstances, based on the theory that lighted fields near residential areas are not 'unusual' in San Francisco. Setting aside the disputed factual question of whether there are other large lighted sports facilities in the City so close to a residential neighborhood as is true in this case, the Planning Department's analytical approach does not comport with the existing case law as set forth by the Supreme Court in *Berkeley Hillside Preservation v. City of Berkeley* (2015) 60 Cal.4th 1086. *Berkeley Hillside* does not evaluate whether there are other similar projects existing in the region, but instead whether the project is unusual *compared to projects that normally fall within the claimed exemption* class:

> A party invoking the exception may establish an unusual circumstance without evidence of an environmental effect, by *showing that the project has some feature that distinguishes it from others in the exempt class*, such as its size or location. In such a case, to render the exception applicable, the party *need only show a reasonable possibility of a significant effect due to that unusual circumstance*. Alternatively, under our reading

> of the guideline, a party may establish an unusual circumstance with evidence that the project will have a significant environmental effect. That evidence, if convincing, necessarily also establishes "a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances."

Id. at 1105 (emphasis added.) *See also San Francisco Beautiful v. City and County of San Francisco* (2014) 226 Cal.App.4th 1012, 1024 (to determine whether unusual circumstances exist, agency must consider whether "the circumstances of a particular project (i) differ from the general circumstances of the projects covered by a particular categorical exemption, and (ii) those circumstances create an environmental risk that does not exist for the general class of exempt projects."); *Santa Monica Chamber of Commerce v. City of Santa Monica* (2002) 101 Cal.App.4th 786, 800 ("[W]hether a circumstance is 'unusual' is judged relative to the typical circumstances related to an otherwise typically exempt project.") (emphasis added.)

This project differs considerably from the small structural alteration of an existing facility with negligible expansion of use (Class I) or a small-scale construction of infill development (Class 3) in that it creates a new, lighted use allowing for nighttime sports activities in a residential neighborhood. Under the applicable test, these are 'unusual circumstances' justifying an exception from the exemption. In contrast, under the Planning Department's approach, the mere presence of an existing lighted stadium in the vicinity of a proposed project would justify that project's exemption from CEQA even if the existing lighted stadium had itself already gone through a full CEQA review. That result would be nonsensical and contrary to CEQA policies.

C. The Light Impacts of the Project are Potentially Significant and Have Not Been Mitigated Through the Adoption of Enforceable Mitigation.

SI and the Planning Department argue that there is no possibility of light pollution impacts from this project, relying on a host dubious assertions challenging the basis of Appellant's expert's scientific findings submitted with this appeal.

In considering these issues, the Board should be aware that at the categorical exemption stage, substantial evidence showing the potential for significant impacts requires further CEQA review, based on the fair argument standard, even if there is other 'evidence' presented from the project applicant that no significant impacts will occur. *See Berkeley Hillside Preservation v. City of Berkeley, supra,* 60 Cal.4th at 1111. Appellant's expert's comments on this project constitute substantial evidence of significant impacts, notwithstanding so-claimed 'contrary' evidence such as the highly questionable assertion that glare does not become a significant impact under it reaches the jarring level of 25,000 candelas. Here, for example, the best available science is based on the CIE 2017 standards, which show that nightly glare levels of around 1,000 cd are potentially significant.

Other arguments raised are equally specious. The Planning Department's response, for example, provides general and essentially meaningless narrative arguments such as Musco's

system is 'state of the art' or that light control are designed to concentrate the light on the field area with minimal light emitted outside the targeted areas. Notwithstanding these claims, Musco's own readings demonstrate the potential for significant light pollution impacts.

Another argument is that the lighting system is capable of being switched to a 'dimmed' setting and that this feature would allow the lights to be turned down during events. However, there is no requirement that lights be dimmed, nor does the applicant's potential ability to dim light levels constitute enforceable mitigation as required by CEQA.

D. The Social Effects of Nighttime Events that Cause Impacts to the Physical Environment Must be Considered under CEQA.

SI and the Planning Department assert that the social effects of the project on the neighbor citizens need not be addressed under CEQA. This is false where such social effects are a direct consequences of changes to the physical environment. *See* 14 Cal Code Regs. §§ 15064(e); 15131(b) (social effects may be considered when those impacts are themselves caused by changes to the physical environment.); *Christward Ministry v. Superior Court* (1986) 184 Cal. App. 3d 180, 197 (the effects of a project caused by increased noise and traffic on petitioner's religious retreat activities had to be reviewed under CEQA).

Here, as testified by numerous citizens, the social effects of physical changes to the environment caused by light pollution, noise, traffic, parking and public safety impacts from the project will be undoubtedly significant. CEQA requires an analysis of these effects, which have been ignored in this instance through the adoption of a categorical exemption for the project. *See e.g.,Oro Fino Gold Mining Corp. v. County of El Dorado* (1990) 225 Cal.App.3d 872, 882-883 (evidence may be established by relevant personal observations.)

E. CEQA Review is Appropriate for a Project of this Size and Potential for Disturbance to the Local Neighborhood.

The Planning Department's response memo reads like an opposition brief in litigation, with false factual references, arguments that run contrary to CEQA law and general statements that attempt to denigrate the good faith of the neighbor citizens who have collectively filed this appeal to the Board. This is an unfortunate result. The purpose of CEQA is not to stop projects, but to ensure that, where possible, projects with the potential for significant impacts are modified through mitigation or alternatives that avoid or minimize such impacts. As the Supreme Court has noted, the EIR is a document of accountability, which communicates to citizens that the agency has considered the potential impacts of its actions, and done all that it can to avoid or substantially lessen those impacts. *See Laurel Heights Improvement Assn. v. Regents of University of California* (1988) 47 Cal.3d 376, 408*;* Pub. Res. Code § 21002.

In this case, there are clearly a host of potential mitigation and alternatives that could avoid or substantially lessen the worst impacts of this project, beginning with feasible lower light

levels given the anticipated stadium attendance, as well as design and configuration standards shown to actually reduce light impacts, noise analyses that incorporate the use of a PA system, or parking, traffic and public safety plans that have been vetted and approved through a CEQA review process.

In contrast, the proposed CEQA exemption for this project undermines citizens' faith in their elected officials, furthering cynicism with the public process of the City. Here, the Board should have concerns that the Planning Department appears intent on subverting this process, thus rendering the Board's actions unaccountable towards its own citizenry.

To avoid this result, the Board should grant this appeal.

Yours Truly,

Michael Graf
On Behalf of Saint Ignatius Neighborhood Association

Re:
Response to:
“Categorical Exemption Appeal, 2001 37th Avenue/Saint Ignatius Stadium Lighting Project”
and
“SI Response letter 2020 09 25 Final SI BOS Ltr”

Members of my family have lived in San Francisco for generations, some of whom fought the fires in 1906, and I also have relatives that are alumni of SI. My evaluation is impartial, but recognizes the needs of both the school and the residents. It’s disappointing that the school which claims it is a “good neighbor” and the Planning Department of a progressive city like San Francisco, appears not to have read or considered my analysis in seriousness and appears not to care much for the concerns of its residents. SI’s response seems to show they have not read my analysis in any detail as several of the statements in their response avoid addressing the findings and recommendations, or mischaracterize or selectively pick from my analysis. I hope the following response helps to clarify my analysis and recommendation for improvements to the project which will, actually, improve relations with the neighbors rather than simply dismissing them.

Response to:
Categorical Exemption Appeal, 2001 37th Avenue/Saint Ignatius Stadium Lighting Project

P. 15
“The proposed lighting design uses a light structure system equipped with total light control for LED fixtures designed and manufactured by Musco Lighting Systems, which requires 36 1,500-watt LED fixtures to achieve the recommended 50 foot-candle (fc) average. The total light control for LED fixtures are designed to concentrate the light on the field area with minimal light emitted outside the targeted areas. The lighting system is capable of being switched to a “dimmed” setting. This feature would allow the lights to be turned down during events not requiring full lighting.”

K. Lagios response:

- According to page 2 of the Planning Response, “The attendance for football games at the stadium typically range between 500 to 1,500 spectators. For one to three times each year, attendance for football games approach 1,500 spectators.”

- As noted in my analysis, the IES RP-6-15 “Sports and Recreational Area Lighting” recommends an **average of 30fc for High school athletics with less than 2,000 spectators.**
- **On this basis alone, the design should be revised to meet the lower light level.**

Regarding the dimming, in no place in the materials or presentation by the school, which claims to be a “good neighbor”, was a schedule for dimming provided or was there any discussion that the maximum light output would only be used for certain games.

In fact, I think it would be the **right solution to dim the lights during uses where spectators are not present to 20fc average,** in addition to reducing the maximum guaranteed light output to 30fc, instead of 50fc as recommended by this class of play by the IES.

P. 15
The average spillover immediately adjacent to the light poles (outside of the stadium) would be approximately 14 fc.

K. Lagios response:
14fc at night is extremely high. For reference, most street lighting attains between 1fc and 3fc. With all due respect, the response does not cite any standards or reference points for the acceptability of the light levels cited.

P. 15
In addition, glare impacts on adjacent residents would also be considered limited. The glare from the proposed lighting would be approximately 5,000 candela at the residents adjacent to the stadium, which is not substantial.

K. Lagios response:
The IES Manual on Sports and Recreational Area Lighting **references the CIE 150: 2003, which was updated in 2017 (see Section 2.3 Glare in Proposed Design).** The bulk of the analysis in Section 2.3, evaluates glare, exactly on this metric, CIE 150: 2017. **By CIE 150:2017, the limits for the project in Zone E3, are between 845cd and 1245cd (see Table 5). With the values of approximately 5,000 candelas, the project greatly exceeds these levels.**

Response to:
SI Response letter 2020 09 25 Final SI BOS Ltr

p.4 “SINA and its supporters have made it clear that they are not looking for compromise – they insist that no lights be permitted on the field whatsoever.”

K. Lagios response:
This is not my recommendation as the lighting expert. I clearly stated in my evaluation that the project and the relationship with the residential community would benefit from a compromise in which light levels were reduced and further study was done to see if there are other opportunities for ameliorations.

P.4
"The lights being proposed are state of the art. They are designed with shields that direct the light to the field, and only to the field. On the next page is a photograph from another high school football field that Musco Lighting, our contractor, updated. It shows how the lights are targeted on the field and do not spill over to neighboring areas."
.
K. Lagios response:
No one is questioning that Musco's technology is an improvement on older technologies, however, **accepting the technology at face value is not a smart or acceptable approach**, and this does not mean that additional provisions cannot be added to reduce the impacts.

In addition, the **image on page 6 is somewhat misleading**. While it shows Musco's "TLC LED" at 7 candela, there is no associated information showing even the model number of this fixture, the wattage or even the number of fixtures which would be installed for comparison with the St. Ignatius project. We know from Musco's own studies that the lights do not produce a mere 7 candela of glare as a whole.

Also, note, the photograph on page 5, was taken from above, not at the level where someone would be standing, viewing the field. In general, non-HDR (high dynamic range) photographs cannot be used to evaluate lighting since they do not take into account human visual adaptation, all view positions and the dynamic range of the eye.

P.10
"For example, Ms. Lagios shifts from one type of lighting standard to another to suit her preconceived outcomes."

K. Lagios response:
This is incorrect. In all cases, **metrics were based on Musco's photometric studies unless they proved insufficient in some way**. The BUG rating and LEED metrics were included ***after*** a lengthy and detailed discussion of glare based on Musco's proposed metrics, and never formed the main arguments of the evaluation.

The BUG rating was clearly stated in a section "Other glare metrics", added as an alternate and commonly used metric (Title 24, LEED, etc.). Also incorrect in SI's response is that BUG ratings are only for non-aimable fixtures. In fact, BUG ratings can be derived for aimed fixtures with the

use of software such as Lighting Analysts Photometric Toolbox, something I have done on many projects.

SI clearly has not done enough research to understand the metric, and it brings into question the validity of their contestation.

P.11
“She asserts that the lights may impact circadian health, but she improperly focuses on only one characteristic of lights that could cause a circadian response: color temperature of the light source. She cites no studies, and the school’s lighting experts are aware of none, that show exposure to sports lighting has any impact on circadian health.”

K. Lagios response:
This is patently false. In 2 places in the analysis, I note that circadian health is affected by multiple factors, including “***quantity, spectrum, timing and duration”*** (see sections 1.1.1 and 2.7). I also cite the IES’s report TM-18-18, IES Light and Human Health Committee, *Light and Human Health: An Overview of the Impact of Optical Radiation on Visual, Circadian, Neuroendocrine and Neurobehavioral Responses,* TM-18-18. New York: Illuminating Engineering Society. Furthermore, I couch the impacts on circadian health appropriately in section 1.1.1.

P. 11
“she gives data not from the property lines of those homes, but from the property line of the school – across the street from homes.”

K. Lagios response:
Pursuant to the IES, light levels for light trespass are measured at the **property line of the property where the lighting is installed**, not at the property line of the homes. Again, this is something SI apparently does not know and therefore weakens their critique.

P 11
“the IES Manual on Sports and Recreational Area Lighting, and the Guide on the Limitation of the Effects of Obtrusive Light from Outdoor Lighting Installations defines limitations for light source intensity as not to exceed 7,500 candelas for rural areas, 10,000 candelas for suburban areas, and 25,000 candelas for urban areas. The value of 4,748 candelas for the school’s lights at the property line of neighboring homes is dramatically below the threshold for urban areas – even well below the threshold for rural areas.”

K. Lagios response:
The IES Manual on Sports and Recreational Area Lighting r**eferences the CIE 150: 2003, which was updated in 2017.** The bulk of the analysis in Section 2.3, evaluates glare, exactly

on this metric, CIE 150: 2017. **By CIE 150:2017, the limits for the project in Zone E3, are between 845cd and 1245cd (see Section 2.3 and Table 5). By the values of 4,748 candelas which SI's response notes, the project greatly exceeds these levels.**

P.11
"Also, Ms. Lagios uses candela calculations with reference points at 12 feet above grade, but then uses data based on calculations at points three feet above grade. This apples and oranges comparison does not accurately show the impact on neighboring homes. The lights are designed such that more light and glare would be evident at three feet than at 12 feet.

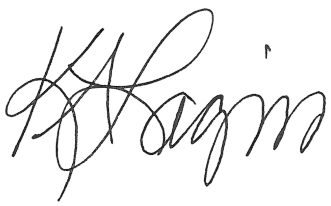

K. Lagios response:
This is a ridiculous statement since **lighting metrics are always taken at different heights and different orientations** based on the viewpoint or the task at hand. Even in Musco's own analysis, light levels are measured at 0'-0" above grade, 3'-0" above grade and on the horizontal and vertical plane. Again, SI's response does not show possession of knowledge to refute the analysis accurately.

P. 11
"Importantly, Ms. Lagios ignores one critical fact about the lights: they can, and often will, be dimmed."

K. Lagios response:
To date, no information has been presented that indicates that the lighting would be dimmed except for half an hour after practice or games end in order to allow people to leave and equipment to be put away. In no place in the materials or presentation by the school was a schedule for dimming provided or was there any discussion that the maximum light output would only be used for certain games, and not for regular practices or games with few spectators.

In fact, I think it would be the right solution to dim the lights to 20fc average during uses including practices and games, where either few or no spectators are present, in addition to reducing the maximum guaranteed light output to 30fc as recommended by this class of play by the IES, instead of 50fc. See my analysis in Section 2.5 Sports Field Lighting.

Sincerely,

Kera Lagios, LEED AP, Assoc. IALD

RE: BOS File #200992 and #200996 - Saint Ignatius Stadium Lighting Project

Honorable Members of the Board of Supervisors:

The Center for Health, Energy and the Environment, LLC ("CHEE") had submitted letters related to the Project's CEQA and CUA appeals on September 17, 2020[1], [2]. Our CUA appeal letter addressed the Planning Department's CUA response memo dated September 14, 2020.

Here, we must also respond to the Planning Department's CEQA response document dated September 28, 2020[3] and the response letter from the attorney for Saint Ignatius ("SI") dated September 25, 2020[4] to correct the numerous false and/or misleading statements made in those documents that relate to CHEE's appeal letters. The Board of Supervisors must have accurate and complete information upon which to base the decision of whether or not to uphold the Commission's CEQA and CUA approvals of the Saint Ignatius Stadium Lighting Project ("Project").

The Department CEQA response states numerous times that Project impacts (noise, parking, public safety, aesthetics, light/glare, and impact on biological resources) are not exceptions to CEQA categorical exemptions but that they "*may be more appropriately considered by the board in its deliberation of the conditional use authorization appeal.*"

While we disagree that the Project qualifies for CEQA exemption, we strongly agree that these impacts can and should be considered by the Board within the context of the CUA, applicable codes and the General Plan. Please refer to CHEE's CUA appeal letter, SINA's appeal letter, and SINA's three prior Commission submittals for the many ways this Project does not meet these requirements.

A. Planning Department Response Letter

Planning Response 2, pp. 6-7: The Department claims there is nothing unusual about the Project that would trigger CEQA review simply because other "similar" projects have been approved in residential neighborhoods. The footnote on p. 6 calls the appeal "*moot*" since residential neighborhoods exist "*almost everywhere in San Francisco*". Attachment 1 to the Department's response lists 18 facilities in the City with field lighting as support for their "*not unusual*" contention.

> **CHEE Rebuttal:** CHEE's CUA appeal letter challenged the Department to list similar non-public lighting projects in RH-1 districts that had received CUA approvals. The Saint Ignatius Neighborhood Association (SINA) June 9, 2020 Commission submittal[5] also questioned the Department's CEQA exemption statement (see CUA Motion #20769) that: "*based on the planning departments [sic] experience of conducts environmental review on similar projects near residential areas*", this Project's impacts would not substantially impact people, properties or biological resources.
>
> SINA has argued all along that this Project provides no public benefit. In fact, the Department confirms this since 15 of the 18 facilities are public recreation areas or fields that provide public benefits unlike this Project. Two other facilities are a public school in the SFUSD and the public San Francisco State University. Only one of the 18 facilities is private - San Francisco University (SFU) which incidentally is a Jesuit college. This begs the question of why Saint Ignatius, a private Jesuit high school cannot rent the existing lighted facilities at SFU.
>
> The Department could not even identify the hours of lighting use for two facilities, nor identify the lighting technology or height of light towers at any facility and cannot demonstrate any similarity between those projects and the potential effects of this Project.
>
> That other field lighting projects exist and were CEQA exempt (on whatever basis was used) does not eliminate the need to consider the specific circumstances and potential effects of this Project on this neighborhood. Simply because another lighting project has been found to be CEQA exempt does not imply that all such projects can or should be exempt as well.

Planning Response 3, pp. 8-9: With regard to cumulative impacts, the Department considers "*reasonably foreseeable projects*" to be those currently under CEQA review, or which have recently completed CEQA review, or for which review is anticipated "*soon*". A footnote to that statement references p. 22 in the Transportation Impact Analysis Guidelines.

The Department references the school's 10-year Master Plan[6] published in 2017 and characterizes construction of the proposed projects therein as "*speculative*" echoing the Saint Ignatius response letter.

---

[5] https://sfgov.legistar.com/View.ashx?M=F&ID=8795833&GUID=A2C9C0D9-173C-4921-B6FB-5A7339579A21

[6] https://citypln-m-extnl.sfgov.org/SharedLinks.aspx?accesskey=44983aa73874e902da916ddc551b2fcd11620f616550cc8d836a40e7db038f16&VaultGUID=A4A7DACD-B0DC-4322-BD29-F6F07103C6E0

CHEE Rebuttal: The Transportation Guideline applies only to transportation impact analysis, yet the Department uses its guidelines as a distraction to avoid evaluating all other Project impacts.

The Department also completely dismisses the other past and reasonably foreseeable future projects at the school. By definition, a Master Plan is not "speculative"; rather it is a guide or strategy to implement large or complex projects in a logical, stepwise fashion. The school's Master Plan purpose is to "*facilitate its efforts to maintain and renovate*" the existing buildings and add new buildings. The 2017 Plan spells out these projects:

1. The school "*intends to replace McGucken Hall and The Commons*" buildings and expand the Academic Building.
2. The school "*is in need of a [new] theater facility*" which also necessitates relocation of the practice field.
3. The school has unsuccessfully tried to improve its indoor pool facility and so "*is proposing to significantly enhance the existing pool facility*" by constructing a larger outdoor pool.
4. The school "*will request an increase*" in enrollment. This was approved under an existing CUA in 2018).
5. The school "*would like to add sports field lighting*" to Murphy Field. This is the current Project being appealed.

The Department falsely states that it "*has not received a project application or any other information from the school indicating that these facilities would be reasonably foreseeable under CEQA*". The following two items are on the Planning record and clearly "*reasonably foreseeable*".

- The project to replace, remodel and expand the buildings was opened within the Department's record (2019-003579PRV) in March 2019 and remains "under review" at this time, according to the Accela website.
- The stadium lighting Project's application included a request for a CUA modification to extend practice field lighting from 7:30 pm to 10 pm. The school apparently pulled back on that request before the Commission hearing on this Project, and it is not part of this Project's CUA approval. However, school administrators stated to SINA representatives in a July 7, 2020 Zoom meeting that they "may make that request in the future".

  It is inconceivable that the recent past and future planned projects, along with this lighting Project will not produce reasonably foreseeable circumstances that could result in potential cumulative effects on people, property and/or biological resources.

Planning Response 4, pp. 9-11: The Department makes several unsubstantiated claims that noise impacts would not be significant. The Department also claims that:

- The baseline condition "*includes the approximately 40 to 50 evenings where the school uses temporary lights"* that require diesel-powered generators.

- The school does not "*expect the project to create an overall increase in event attendance*", with a footnote on p. 10 that states event noise would not be expected to exceed 10 decibels (dBA) above existing ambient noise levels, which "*would be considered substantial*".
- Noise generated from evening use of the stadium "*would be largely from unamplified voices*".
- The Department does acknowledge that evening field use would occur "*at a more noise-sensitive time*" but claims that noise that does not interfere with sleep disturbance or result in physiological effects is not considered unusual in the City and "*is not considered a significant impact under CEQA*".

CHEE Rebuttal: All of these claims are false.

- CHEE's CEQA appeal letter contained a comparative noise analysis that provides substantial evidence that noise impacts are likely to be significant.
- The appropriate baseline condition is not the use of temporary lighting, but rather no lighting at all. As CHEE and SINA have argued in prior submittals, the temporary lighting use was apparently unlawful under Planning Code Section 205.4(b). Neighbor testimony is that prior to the 2019-2020 winter season, temporary lights were used only rarely. For the first time in 2019-2020, temporary lights were brought in for a 4 to 6-week period and the lights were often left on with no one on the field or for a small group that could of used the existing lighted practice field. The Department apparently obtained the 40-50 nights value from SI's response letter. Regardless, the Project would increase the field use to 150 nights, or three times the alleged "baseline".
- The school does expect the project to result in larger event attendance, as we noted before and as stated in the CUA application: "*the lights will enable the school to have night games; increasing parental participation…*" It is also very likely that non-football games and even practices would have greater parental attendance if held in the evenings.
- We do not know how the Department determined that a 10 decibel noise level change is the appropriate threshold for CEQA significance. Even if applicable to this Project (we believe the appropriate threshold is 8 decibels per the City's Noise Guideline), our analysis clearly showed that noise levels are likely to exceed that threshold over ambient conditions for all games, at least along 39th Avenue and most of Rivera Street.
- The Department's claim that only noise that interferes with sleep disturbance or results in physiological effects would be significant is unsubstantiated. Furthermore, neighbor testimony provided as part of the appeal reported that sleep has been disrupted, especially for the neighborhood's small children who go to bed early, during past field use under temporary lights.
- The claim that noise would be largely unamplified is patently false. SINA has audio/video of recent daytime practices that used amplified sound and neighbor testimony reported the impacts from frequent and typical amplified sound including music for games and events other than the large football games.

Planning Response 8, pp. 13-14: With regard to aesthetics, the Department states that the Project "*would not substantially degrade the existing visual character or quality of the site and its surroundings*" but admits that it would "*change the existing character*" of the site, and the surrounding neighborhood.

The Department then claims that CEQA does not consider impacts to the *"private views"* from surrounding residences, and that the light towers would be "*consistent with the primary purpose of the project site as a school athletic stadium*".

CHEE Rebuttal: The Department's arguments are flawed. SINA's prior submittals provided substantial evidence (including photo renditions) showing that the light towers would have visual impacts to public views not just private views for a wide area around the school.

More troubling, the Department seems to suggest that if a proposed new project is somehow consistent with the existing site's primary purpose, then it is perfectly acceptable on aesthetic grounds - regardless of its aesthetic impacts. This perspective could set a dangerous precedent for all kinds of undesirable development in the future.

B. Saint Ignatius (SI) Response Letter

SI Response p. 7: With regard to landscaping SI states: *"The school is presently in discussions with Climate Action Now…and the SFPUC to install drainage swales on Rivera Street and landscaping for 39th Avenue."*

CHEE Rebuttal: SI has not provided a landscaping plan and there is no guarantee to provide landscaping, so any discussions are merely "speculative" at this time. Further, the school does not address the need for installing street trees along both Rivera Street and 39th Avenue in accordance with the City's Urban Forestry Ordinance, Planning Code Streetscape standards, and SF Better Streets program.

SI Response p. 7: With regard to CEQA, SI states: "*There will be no expansion of use and therefore no significant new noise, parking or traffic impacts.*"

CHEE Rebuttal: Both the school and the Department fail to recognize that the additional impacts of the project will result precisely from shifting field use from daytime into the evening and night time hours.

The noise impacts will be greater since it is typically quieter in the neighborhood during the evenings, the traffic impacts of large football games will overlap with peak commute times, and the current parking issues experienced during the day would continue on into the evening and night under the Project's expanded times of field use.

It is completely misleading to suggest that 79 SI teams would benefit from the lighting. SI's response (p. 2) and the table on p. 7 both list 79 teams (this table also appears in the

Department's response letter). According to the Project application materials only 17 teams actually use the field – 3 football teams, 6 soccer teams, 4 lacrosse teams, and 4 track/field teams.

SI Response p. 8: With regard to noise, SI states that noise at the athletic field "*already exists and has existed for decades*" and there will be no increase in noise levels by shifting use into the evening and night time. Another statement suggests that CHEE's analysis of other comparable schools is flawed and inappropriate since ambient noise levels are higher at the SI Project than at the other schools. Lastly, SI states: "*a proper noise impact analysis must use actual data at and surrounding a particular site to measure impacts*" (SI response footnote 1).

CHEE Rebuttal: The actual noise level itself may not increase, but the noise impact will increase since day time ambient noise levels are higher due to current school activities, local MUNI service, and day time traffic. Evening and night time ambient levels are lower than during the day in this quiet neighborhood as documented by neighbor testimony and by my own personal experience visiting the neighborhood numerous times on school days, weekday evenings, nights, and weekends.

SI clearly does not understand our comparative noise analysis. It did not evaluate ambient noise levels at the other schools at all. It took the measured noise levels from games and practices at those other schools; then mathematically converted those measurements using standard sound transmission equations to obtain equivalent noise levels at this Project's property lines; and then compared those adjusted noise levels to the published ambient noise levels in this Project's immediate neighborhood.

We agree that a proper noise impact analysis must use actual data; however, as CHEE and SINA have reiterated – it is the responsibility of the Project sponsor to conduct such studies.

SI Response p. 8-9: SI states that CHEE's parking and traffic study was "*unscientific*" since it was a desktop analysis, that parking issues are an existing condition, and that the Project would only change the times of parking impacts, not increase them.

CHEE Rebuttal: First, our analysis was not intended and should not be construed as a CEQA study. Second, desktop analysis is a valid and well-accepted scientific method used in many fields[7] including natural resource investigations where onsite field work is impossible, cost prohibitive, or unnecessary. Again, it is not the Appellant's responsibility to undertake the actual studies necessary to determine potential impacts which would rightfully require onsite work.

Our analysis simply used available information to evaluate current conditions on different occasions reflective of a school practice, a school game, and no school activity at the Project site.

---

7 https://www.researchgate.net/profile/Glenn_Bowen/publication/240807798_Document_Analysis_as_a_Qualitative_Research_Method/links/59d807d0a6fdcc2aad065377/Document-Analysis-as-a-Qualitative-Research-Method.pdf

To correct SI's completely false statement that I "*admitted*" that I did the analysis from my desk in New Hampshire (as if that even makes a difference), the parking and traffic analysis was actually conducted with the assistance of SINA members in San Francisco who used desktop methods supplemented with field checks and measurements in the neighborhood surrounding the school.

Most important, the Musco photometrics and Verde design documents are themselves desktop analyses conducted via computer-based methods. So, the obvious conclusion to SI's argument is that those studies must also be flawed and unscientific. Please refer to Kera Lagios' response letter being submitted simultaneously with this letter for more information on the flaws in the school's lighting "study".

Interestingly, SI made no comment about CHEE's critique of the Large Event Management Plan. It can only be concluded by this silence that SI has no arguments against our critique and agrees that it is a flawed plan that will not work in practice.

SI Response p. 9: SI also accuses me personally of "*complaining*" about the aesthetic impacts of the four lighting towers.

CHEE Rebuttal: We never mentioned aesthetics in our CEQA appeal letter. Aesthetics was mentioned once in our CUA appeal letter in the context of Planning Code Section 101.1(b) where we noted that 90-foot towers in a residential 40-foot height district does not protect the neighborhood character as required under the Code. We stand by our argument.

SI Response p. 9: With regard to sensitive species, SI claims that I said *"without evidence"* that sensitive species exist near the field and that they need darkness and that the field is artificial turf that provides no habitat.

CHEE Rebuttal: We provided documentation that sensitive species (e.g., rare, threatened or endangered species list by the federal and state agencies) do exist near the school or are likely to be present. Some of those listed species do require darkness. Artificial turf does not mean there is no habitat for most of these species – primarily birds and bats that would not inhabit the ground surface of the field. There is plenty of available habitat directly surrounding the field.

The added impact of 90-foot tall lights used 150 nights per year can reasonably be expected to affect these species more than they are affected under current conditions, and the added impact could put such species at greater risk. Again, it is not the Appellant's responsibility to conduct the studies needed to determine the level of significance.

SI Response p. 9: With regard to lighting impacts, SI claims that it is not true that similar athletic field projects typically require an EIR, and that two schools cited by SINA or by CHEE in prior submittals "*did not involve the simple addition of lights to an existing field like this project"*, and that more extensive projects found that adding lights was insignificant.

CHEE Rebuttal: SI's contention is false. SINA's June 9, 2020 Commission submittal and

CHEE's CEQA appeal letter collectively referenced eleven high schools with similar projects. A review of those projects shows that all but one involved only new lighting, or only new lighting and ancillary equipment such as new bleachers and/or replacement (not new) sound systems.

Mysteriously, SI then references a school (Exhibit A of the response) for which an EIR was conducted and aesthetics were found to be not significant. It is very important to note that the EIR in that case found that non-construction related noise impacts would be significant and unavoidable as our noise impact analysis above also showed for other schools.

As both SINA and CHEE noted in our prior submittals, numerous other similar projects have also found some impacts whether noise, traffic, parking or the lighting itself to have significant impacts. We standby the prior statement that such projects do typically require EIRs.

Sincerely,

Maryalice Fischer

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

I am an anesthesiologist at California Pacific Medical Center. We live in Glen Park. My son is a junior high school student at St. Ignatius.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Gary Martinovsky, M.D.

Re: File No. 200992 and 200996

Dear President Norman Yee and Members of the San Francisco Board of Supervisors,

My name is Michael Clark and I am an assistant football coach and director of the student-athlete academic achievement program at St. Ignatius College Preparatory (SI).

I'm writing with great enthusiasm to express my strong support for approval of the low glare state of the art lights at the St. Ignatius College Preparatory Field. There are countless benefits to why the lights project is important and how voting "Yes" will have a far-reaching positive effect to a wide-scope of people and communities. I have outlined some key reasons in the following paragraphs.

The most significant benefit to voting "Yes" is the positive effect the lights will bring to the SI students overall wellbeing. Lights create a pathway to a more-balanced school/co-curricular activities day through eliminating extensive travel time, alleviating the financial burden of finding transportation to various off-campus field locations in San Francisco and prioritizes our youth's physical, mental and emotional safety first.

Additionally, the benefits of lights will extend to the student's families. Speaking personally as a parent, having the peace of mind that my child is practicing in a safe environment that doesn't require them to get into a car and travel the frantic streets of San Francisco is priceless. It also eliminates the stress of finding transportation to off-campus sites. Voting "Yes" is a "green" environmentally friendly choice, fewer cars on the road equals less emissions.

Another important aspect that must be taken into consideration is SI, in compliance with California State law, will be pushing each school-day's start-time back. In turn, this will push the day's end-time back. Low glare lights will allow for extended field space with the shortened daylight for SI teams to practice. This flexibility in

scheduling promotes a healthier lifestyle for students, coaches, teachers and parents. Lights will also create additional fun and educational life experiences for San Francisco's youth through the field space usage of various San Francisco OST programs.

Lastly, as with many of you, some of the SI student bodies most cherished memories are rooted in Friday night football games. These shared experiences play a significant role in the SI students overall development, is an important piece to their high school experience and promotes a strong sense of community.

In closing, I ask you to take full consideration of the undeniable positive benefits outlined above and vote "YES" to moving forward with lights at the St. Ignatius College Prep. Field

Thank you for your time and consideration.

Respectfully,

Michael Clark

Date:	Monday, October 5, 2020 11:16:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi Board of Supervisors,

I have included below the view of SI's football field from outside my front window. Your decision on whether or not to allow them to have lights will **greatly** affect our livelihood and will force our decision on whether or not we will be able to raise our child here in San Francisco.

I understand that SI's viewpoint is that this will be beneficial for their students, but I have included data to showcase that the other Western Catholic School's that they play against either have the appropriate area to serve their after school activities or do not have as many sports programs. Please note that if SI did a better job at managing their activities by **NOT** renting out their field every weekend, then they wouldn't **NEED** lights. They are exploiting their children to each and every one of you to gain sympathy where no sympathy should be warranted. SI is infamous for making their private school a commercial business and quite frankly it's deplorable behavior at this point.

I've listed the schools that SI usually plays in football and whether or not they have lights. Please note that **NO** opposing schools have lights:

Schools SI Plays in	**Address of opposing**	**Lights/No lights**	**School field**

Football	**school**		
ArchbishopMitty HS	5000 Mitty Way, San Jose, CA 95129	No lights – and their field backs up directly to homes.	
Napa High School	2475 Jefferson St, Napa, CA 94558	No lights – and their field backs up directly to homes.	
Palo Alto High School	50 Embarcadero Rd, Palo Alto, CA 94301	No lights.	
Riordan	175 Frida Kahlo Way, San Francisco, CA 94112	No lights – and their field backs up directly to homes.	
Sacred Heart Cathedral	1055 Ellis St, San Francisco, CA 94109	Play at Kezar Stadium.	*They always rent out a field for their home games
Sacred Heart Prep	150 Valparaiso	No lights.	

	Ave, Atherton, CA 94027		
Saint Francis High School	1885 Miramonte Ave, Mountain View, CA 94040	No lights.	
St. Mary's High School	1294 Albina Ave, Albany, CA 94706	No lights – and their field backs up directly to homes.	
Valley Christian	100 Skyway Dr, San Jose, CA 95111	No lights.	

I'm asking you to please **VOTE NO** for SI to receive lights. And also please note that if you do indeed vote yes, that you are inherently voting against young families in the Outer Sunset neighborhood to have a fighting chance to raise their kids here. San Francisco should protect young families and not allow a private school to dictate how we should live. Afterall - we pay taxes here and they do not.

Best,

Josette Goedert

On Tue, Sep 8, 2020 at 11:45 AM Josette Goedert <josette.goedert@gmail.com> wrote:

Hi Board of Supervisors,

My name is Josette Goedert and I live in the Sunset District at 2837 Rivera Street and I support the SI Neighborhood Association appeals against the proposed Saint Ignatius Stadium Lights.

We have lived directly across from Saint Ignatius for 8 years now (39th and Rivera) and their level of consideration has gone significantly down. At first we were able to come home and enjoy our home on the weekends or evenings, but now it's almost out of question. Every single weekend they either have a game or have rented out their fields to external organizations such as pee-wee football, lacrosse, soccer, frisbee golf, all day activities or sports camps, etc. If we need to leave the house we know that we will not get parking anywhere near our home or have any peace and quiet. The events start early in the morning (sometimes blowing whistles and the loudspeaker on as early as 6:45 AM on a Saturday) to not ending until way past 4 or 5 PM in the evening. This goes on almost every weekend. Saint Ignatius also starts some practices Monday through Friday with whistles blowing again as early as 6:45 AM.

We've had our driveway blocked so many times that we have resorted to calling SFMTA to issue tickets because we have no other choice. I personally have had SI parents blatantly ask me if I was going anywhere "anytime soon", so that they could illegally block my driveway because they were late for an event at the school and they couldn't find close parking. I had to let those parents know that if they remained parked in my driveway that I would tow them and that it didn't matter if I had anywhere to go - I need access to my car in the garage. I have called the school several times to get their students to move their cars out of my driveway or out of my neighbors driveway. Anytime I have politely asked a student to move their vehicle 9 times out of 10 they have argued with me and then I tell them that they can get their car out of the impound if they park there. They then move their vehicles out of my driveway. I have included a photo of their student's vehicle in my driveway from May 5th, 2015. When I called the school and SFMTA - the student arrived just before SFMTA did and moved their vehicle. On this particular occasion I was significantly late for a meeting that day due to their student parking in my driveway and I told the SI office that, but they didn't seem to care, but only offered the rebuttal of "the student's know the rules and we had them move their vehicle."

On weekends it's worse because the people who come from outside the city never obey the red on the driveway. We had a pickup truck park in between my driveway and our neighbors (mind you a Prius can fit there, but nothing bigger). I then had to argue with the driver to move his truck and he told me that he was late for his son's football game and I had to let him know that his truck would be in the impound if he didn't move it. Almost every week and weekend I have to let someone know to not park in my driveway. The last time I called SFMTA was last November on a weekend and the driver argued with SFMTA for giving them a ticket. Due to Covid this year we have not had to call or let someone know to not park in our driveway.

When Saint Ignatius had their temporary lights up last year they were shining directly into our home. We could turn the lights off in our house and have it still be illuminated brightly. SI did not turn the lights off when they were supposed to and sometimes they stayed on for at least another hour after they were supposed to be turned off. This would be as late as 10 PM some nights. The level of consistent noise from the loud speaker is blaring. I have

included a video from their practice on June 15, 2020 at 4:05 PM. This is a small example of how loud it is, but please note it's much louder for games and for all day weekend events and games.

Overall, SI isn't a good neighbor and now that we have a 1 year old daughter - I would like to be able to keep her naptime and bedtime routine without consistent noise, crowds, loud speakers and bright lights. Saint Ignatius has not taken into consideration how this will affect the small children in the community when the lights won't go off until late shining directly into their bedrooms. Having the lights be used for up to 150 nights per year is absolutely ludicrous and in the end potentially causes our child's nighttime routine to be drastically changed. They have not taken into consideration how the small children in the neighborhood would be affected by their NON-ESSENTIAL 90 foot lights. The SF Planning's yes vote has shown our community that the city favors Saint Ignatius and their students that pay an exorbitant amount of tuition for a project that doesn't directly affect their education, but negatively affects the Outer Sunset. The Saint Ignatius students and parents do not have to live with these lights and 5G technology across from their homes. They will drive home, which is mostly outside of San Francisco city limits.

Please note the negative effects on our neighborhood, especially those living directly across the street:

- These lights will be enormous (90 feet!) / out of character for our residential neighborhood and will be shining directly into our windows
- If the lights are built - enforcement of SF Planning's rules is left up to the neighbors to report
- SI was granted the permit without any environmental, parking or health studies to prove that this project should not move forward
- SI will not engage with the neighbors to discuss our concerns and have flat out refused to hear our alternatives / the complete opposite of what they tout themselves as "Good Neighbor Program"
- Extending the activities to late evening will further compound the issues we already have to endure every weekend from SI and will now be Monday through Sunday - this is not okay!
- These lights will permanently alter the livability of our Sunset neighborhood

Please note that it remains beneficial to preserve the family oriented environment that has been developing over the years for young families here in the Outer Sunset. I cannot in good conscience find anything positive with their proposal for 90 foot lights, up to 150 nights a year field usage and 5G technology. Saint Ignatius likes to tout themselves as good neighbors, but they are anything but that. PLEASE VOTE NO.

Best,

Josette

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Catherine Stefani,

My name is Carole Miyahara and I have lived in the Marina district for 20 years. I have 2 boys, 14 and 11 years old. I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

My oldest son plays lacrosse at SI and being on the team has had such a positive impact on him. He has learned to work as a team, manage his schedule, and the list goes on and on. Currently, the team cannot find a local field to practice at and has been having practice in Pacifica. For working and non working parents, this really puts a lot of strain on our families to make sure our boys can attend practice. There are approximately 100 boys (and families) having to find ways to get to Pacifica. If there were lights at the SI field, the students athletes could practice in the evening, which would be much safer and logistically more convenient for families that lives in SF

Having lights at the field would also allow the teams to have the option to have games in the evening rather than in the afternoon. If the games are in the evening, the student athletes will be able to use their time to do their homework and study. If would be a positive thing if the student athletes can study after school when they are more mentally rested.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the

students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Carole Miyahara, mom to Jonathan Benerofe (2027)

Dear Supervisor Fewer and Honorable Supervisors:

My wife and I have lived in the Inner Richmond for almost 10 years, raising our four boys in our home near Mountain Lake Park. Our twin 17-year olds are now in their senior year at St. Ignatius, where they've played lacrosse, football and track.

We've seen firsthand how important high school sports have been to their development and health. With its growing population, San Francisco needs more facilities for all youth sports and the ability to operate those facilities into the evening.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Arno Harris

Good morning,
Thanks to all of you for your efforts and support of the many San Francisco communities. I have had the pleasure of enjoying all of your communities over my lifetime as a resident and a worker and a wekender. We currently are residents of San Mateo and continue to enjoy San Francisco regularly. We have chosen St Ignatius for our children's high school experience not just for the education but for the community. A community whose foundation is the action of giving back. My daughter is a graduate and was an athlete but was not offered the opportunity to play and cheer on fellow classmates on their own lit field. We are very hopeful that our son, currently a freshman and football player will be gifted this opportunity. We live near to a high school football field, Aragon, and have often enjoyed their Friday night games as a family. The community comes to enjoy the excitement of watching young adults play and compete. I know that SI has been working diligently for years for this to become a reality and we feel very grateful to you for your consideration.

Please vote YES! to the lights at St. Ignatius Field and thank you for your time.

Sincerely,
Erin and Brian Schenone

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Yee and all San Francisco supervisors:

I am a parent of a current St. Ignatius College Preparatory student. I grew up in St. Francis Woods, my brother went to St. Ignatius and my parents and sister still live in your district. I helped with the SI drama stage crew in my high school years so this school and neighborhood are part of the fabric of my life. Even though my family lives in San Mateo, our lives center around our youngest son who attends SI. He works out there during the school week and is on the football team.

During this pandemic, the ability to exercise outside with his classmates at safe distances and with masks has been a life line not only for fitness, but for seeing his friends and classmates and feeling connected during these "zoom times". All athletes at SI are taking advantage of this pandemic fitness program that started a few weeks ago, with the football field being central to these workouts. As we lose daylight savings time, the ability to continue these safe practices is imperative. These practices are not noisy and well managed. Going forward, the ability to build family community around Friday night games is central to a high school life and to community building not only for the school families, but for the local neighborhood looking to enjoy local sports. I have seen first hand at schools in San Mateo that those high schools that have these night time game opportunities build safe teen activities and strong family communities.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Board of Supervisors Members:

I am a parent to two high school students. I have been a San Francisco resident for over seven years and a San Francisco homeowner for over two years. I care deeply about children, so much so that I have been a SFUSD substitute teacher for over three years and I intentionally only accept teaching assignments in schools that filled with low income Hispanic children. Children our the key to the future. It is out of this concern for children/ student athletes that I am hoping St. Ignatius College Prep is allowed to place lights on its field. The lights will provide more opportunities for students. Furthermore I believe providing outdoor opportunities is extra important during during these challenging times.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear President Norman Yee and Honorable Supervisors:

As a District 7 resident, native San Franciscan, and parent of a St. Ignatius student and athlete, I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

Team sports not only show positive effects on teen mental health, but also provide opportunities to play side-by-side with a diverse group of kids to create an inclusive environment for all. Now more than ever is a critical time to expand availability of fields through the approval of lights at St. Ignatius Field.

As a native of San Francisco, I have witnessed over the years a growing number of sports programs, as well as neighborhood children, and schools competing for the few fields we have available, and even more so that are lit at night. Allowing SI to install these lights will keep students closer to their school, rather than traveling great distances to practice and usurp another lit field from someone else.

St. Ignatius College Preparatory has been an excellent beacon of learning, not just to take tests and excel academically, but to be in service to others by building a strong community. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Supervisor Stepfani

President Norman Yee
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102-4689

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Stepfani:

I am a parent of two Saint Ignatius College Preparatory School students, and have lived in District 2 for the past nine years, and for fifteen of the past twenty years.

One of the reasons we moved back to SF from New York was the availability of outdoor athletic facilities for our children to grow and develop. In such a tumultuous year, with children stuck and home and learning through Zoom, the availability of these fields after the sun sets is even more important. Lights have been wonderful for the Beach Chalet athletic fields and it will be an asset for children of San Francisco when they are finally installed at SI as well.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Sean Cumiskey

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

My name is Kevin Barry and I am part owner and manage a business based here in San Francisco based in the Presidio. While I reside outside of the City, we have chosen to send our Son to St Ignatius College Prep.

He has had an incredible experience thus far at St Ignatius from both an academic and athletic perspective and we are grateful for what the school has offered to him as a student and as an athlete.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Mandelman,

I have lived in Noe valley for more than two decades and raised my family here. Both of my boys attend or attended Saint Ignatius and have played sports in San Francisco all their lives. I coach many youth sports including the San Francisco Brown Bombers youth football team, SFUSD Lowell High School flag football team, and the PFF youth flag football league on Treasure Island. I have also previously coached with the San Francisco Little league. I assure you from firsthand experience the research showing the positive correlation between participating in sports and success in school and life is true.

Space is precious in San Francisco and it is a struggle for coaches and leagues to find places to play. Adding lights to Saint Ignatius' field is a simple option to increase the local San Francisco field availability. So many sports projects seem to face adversity, the Crocker Amazon fields, the Beach Chalet fields, turfing the SFUSD fields to name a few, but they have all turned out well and serve many of San Francisco's youth.

I am writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law. Allowing SI to install these lights will keep students closer to the campus rather than forcing them to travel great distances to practice.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Dear Honorable Supervisors,

As the Executive Director of the San Francisco Lacrosse Club, Co-Director of STEPS Lacrosse Club, & the Head Coach of the Varsity Women's Lacrosse Team at St. Ignatius, I am intimately familiar with the benefit of field sports to student athletes. Having lived and coached throughout the country, I have never experienced the field access issues that I, and the thousands of parents and players in the programs I oversee, experience daily.

As the Executive Director of the San Francisco Lacrosse Club, the only non-profit youth recreational program in the city, the largest obstacle we face every year is providing field space and coaches to accommodate the interest of San Francisco families. While San Francisco Parks and Recreation works tirelessly to allocate fields in a fair and equitable manner, they cannot come close to accommodating the needs of San Francisco residents. St. Ignatius has graciously created opportunities for youth players throughout the city to use their fields, which allows coaches to reduce commute times and coach multiple teams simultaneously addressing two of the largest barriers facing youth sports programs in the city. Further, when the kids ages 5-14 get to play at St. Ignatius, they begin to dream of attending this school one day and playing for strongest lacrosse programs in all of California. This dream keeps residents *in the city.*

Allowing lights at St. Ignatius Field in order to create more options for elementary, middle, and high school student athletes is critical for kids and parents alike who find themselves constantly comparing the myriad options experienced by players and families living in neighboring counties.

As a coach at St. Ignatius and administrator of programs operating in San Francisco, I am acutely aware of the physical, emotional, and cognitive benefits of team sports. These benefits, and the abrupt loss of field access during the pandemic, has forced many of us to re-evaluate our priorities, to appreciate the small things, and to reflect on what's important. What I have come to realize is that what happens on these fields is far beyond an individual or team benefit. For many SF Residents, it is *where we build community.*

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the

students, coaches, administrators, and fans who will be impacted by this addition to St. Ignatius and the broader San Francisco community.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Erin Burns

San Francisco, CA 94102-4689

Honorable Supervisors:

Please allow me to briefly introduce myself. I am a native San Franciscan, a St. Ignatius alum and parent, and a former coach with over 30 years working with young people in San Francisco. I attended St. Ignatius in the 1980's, my oldest son graduated in 2019, and my youngest son is just beginning his freshman year. We are an athletic family and we have all learned many life lessons on the athletic field. The addition of lights to the field at SI would only guarantee that future generations will continue to have the opportunity to learn those same lessons.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear President Yee and Honorable Supervisors:

I was born in San Francisco. My brother and I both graduated from St. Ignatius College Prep, 1955 and1959, respectively. During our four years there, we were fortunate to have been able to participate in the sports program, both playing varsity football. Along with the academic foundation provided in the classroom at SI, we learned a lot about the value of hard work, the importance of being a member of a team and many other benefits of character building on the practice field and during hard played league games. We both drew heavily on those lessons learned as we both progressed through medical education, all in the beautiful city of San Francisco (USF, UCSF).

When we played, practice fields and game venues were plentiful and easily accessed. Now there are less places for students to practice and play in field sports. Allowing SI to install lights at St. Ignatius Field will help to alleviate the paucity of fields and allow greater participation in those field sports which are so important in the physical and character building aspects of student life. Student spectators at games will likewise share in the strong feeling of community by supporting their friends and fellow classmates.

Tomorrow, your YES! vote in approving the installation of the lights will signal your agreement with the nearly unanimous vote of the San Francisco Planning Commission to proceed and will indicate your support of the importance of field sports in the positive development of our future adult citizens.

Sincerely,

Vincent L. Quilici, MD

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

We are Peter and Christina Callahan, parents to St. Ignatius Sophomore Jack Callahan Class of 2023, soon to be starting his Junior Varsity Football season on JB Murphy St. Ignatius field for the first ever WINTER football season. We hope to then watch our daughter Emily, hopeful Ignatian Class of 2026 play on that field a sport of her choosing, followed by another Ignatian hopeful who dreams of also playing football on that field some day and graduating in the class of 2030. In just one year as parents of a student at St. Ignatius, the school has captured our hearts, and that field is a special place that creates many special experiences and memories for so many.

We are writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes. There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. St. Ignatius College Preparatory is a great learning institution academically but also strives to serve others. Many lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. Providing lights on this field extends the amount of time these students and the community can be on this field safely.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Peter & Christina Callahan

San Francisco, CA 94102-4689

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

I am writing to you as a proud, native San Franciscan, born and bred in the Sunset District, a proud 1987 graduate of St. Ignatius College Preparatory ("SI"), and the parent of two current students at SI.

I am the son of immigrant parents who adopted San Francisco after coming to The City in the 1960s from Ireland. After attending SI, I went on to attend Georgetown University for undergraduate and law school and then returned to San Francisco, where I have practice law for more twenty years, including 15 years in public service as an Assistant United States Attorney prosecuting white collar crime and protecting citizens of San Francisco and Northern California from investment schemes, fraud, and corruption. My late father, Patrick Lucey, taught me the value of public service, as he served and protected the citizens of the City and County of San Francisco as a deputy sheriff for 30 years.

I'm writing to urge you to grant approval of the lights at St. Ignatius Field.

As you all know, there are so few spaces for high school age kids to practice field sports within the city limits of San Francisco. Allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice. These lights will allow current and future students to spend more time on practice and schoolwork and do so more safely – fewer trips on the freeway – and protect the environment – fewer greenhouse gases!

St. Ignatius College Preparatory has long been both a center of learning and place of service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years.

Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives. The current pandemic has demonstrated, among other things, the need for human connection is central to our lives. Sports and athletic competition provide a critical means for athletes to connect with each other and their classmates and larger school community to come together celebrate the athletic competition, win, lose, or draw.

Please vote YES! to the lights at St. Ignatius Field, and I thank you for your consideration.

Sincerely,

Timothy J. Lucey
San Mateo, CA 94402

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear President Yee and the San Francisco Board of Supervisors:

I have been a resident of San Francisco for over 25 years. Both of my sons, Luke and Zach, have grown up playing almost every kind of sport there is through SF Rec and Parks, Club Teams and their school teams. Over the years, as more and more kids and more and more teams compete for field space in the city, I have watched their practices get shorter and have had to witness them have to practice on smaller and smaller field sizes.

When SF City teams play teams outside of San Francisco, they sometimes are at a disadvantage because they have not been practicing on full size fields. Zach is now a high school Junior, and many times his club soccer team or school team only has a half size field to practice on. Any action to expand or extend field space and time of use would help alleviate this situation.

Therefore, I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

Allowing St. Ignatius College Prep to install these lights will make their fields available longer each day and will keep students closer to the campus rather than traveling great distances to practice.

SI has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Dear Honorable Supervisors,

My name is Valeria Melendez, I'm 16 years old and I've lived in the city ever since I was 3 months old. Currently I am a student athlete at St.Ignatius College Preparatory and I play soccer which is just one of the many sports that depend highly on Fairmont field. During these chaotic and unpredictable times, my team has been left without games and finds it difficult to feel as motivated as before. We have a strong passion for the game and many of us are looking to continue to play whether it be in college or all the way professionally. Currently all we are able to do is train cautiously with careful attention towards the pandemic in hopes that we'll still accomplish these ambitious aspirations. However, it's been quite difficult to train to our best ability as we often find ourselves ending practices early due to low visibility with the fog and dark. Setting up lights in the field is extremely critical as Fairmont field is in such close proximity to our school which makes it such an accessible place to a large majority of us and it would ultimately allow us to reach our true potential. Please vote YES! to the lights at St.Ignatius Field and thank you for your consideration.

Sincerely,
Valeria

Supervisor Mandelman
and Members of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Dear Supervisor Mandelman and Honorable Supervisors:

My name is Brooke Bianco. I live in District 8 (Diamond Heights/Noe Valley) neighborhood with my husband and 3 sons (ages 17,14,12). My husband and I have lived in our house on Douglass Street since 1998 (22 years). I served as a volunteer board member for SF Rec and Park's San Francisco Youth Baseball League for 11 years. I'm now in my third year teaching Physical Education at St Thomas the Apostle for Grades K-8th. Two of our sons currently attend St Ignatius College Preparatory. Our 6th grader is a student at Children's Day School.

I am writing in strong support for the approval of lights at St Ignatius Field in order to create more options for student athletes and also to allow St Ignatius to implement a later start time in accordance with CA State law. I know from my experience on SFYBL board that demand for field space for sports activities in San Francisco is extremely high. Having lights at St Ignatius Field will increase the amount of field time available for student athletes while freeing up other fields in the city for other high demand sports activities. Allowing SI to install the lights will also reduce traffic congestion in the city by keeping students closer to home and less committing to and from city fields.

As a PE teacher of K-8th grade students, I see first hand the positivity and well being that physical fitness and athletics provides. Kids need the comradery and socialization of team sports perhaps now more than ever to help de-stress and stay mentally and physically healthy. Many life lessons are learned through the shared experience on the sports field.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Brooke Bianco

Re: **Lights at St. Ignatius Field** File No. F200992 and 200996

Dear Supervisor Mar and fellow Supervisors:

My name is Molly Burke. I am a Sunset District native and resident. My family has been long affiliated with St. Ignatius College Preparatory for more then 8 decades. My husband, father, two grandfathers, uncles, cousins and my two beautiful daughters had the honor and luck to graduate from St. Ignatius College Preparatory. And it doesn't stop there. Our own nephew Johnny O'Brien has just entered this great learning institution to learn, grow, give back and hopefully take JB Murphy Field to play football "under the lights" one day.

I'm writing in **strong support** for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the

impacts it will have on the positive development of young lives.

Please don't miss this wonderful opportunity to make this great improvement to this amazing institution that promotes family, faith, community, and healthy activity. **Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.**

Sincerely,

Molly M. Burke

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Honorable Supervisors:

I am a parent in the St. Ignatius College Preparatory Community: our son is a current sophomore, my father is an SI alum, and our 8th grade daughter will be applying to SI for high school this year.

I am writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

Unfortunately there are fewer and fewer spaces for students to practice field sports in San Francisco, particularly in light of the pandemic we are currently experiencing. Installing these lights will provide more opportunities for both SI students and other organizations to practice and to come together as a community. They will also keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory encourages students to excel academically but to also be in service to others. Many life lessons are learned through shared experiences on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to the SI field sports program and the impact it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Greg Quilici

Dear San Francisco Board of Supervisors:

I am an alumnus of Saint Ignatius College Prep and a proud contributor to the scholarship program (i.e. The Salvatore Ciraulo Full Scholarship) at that school for assisting deserving underprivileged students in achieving a quality education. For more than a century, Saint Ignatius has served as a center of educational needs of the city of San Francisco and in doing so has benefited the city as an option for quality education to supplement the city's long tradition of educational diversity and excellence. Currently the school is in need of adequate lighting for its field sports and it is in the interest of everyone to allow these deserving young students the opportunity to engage in physical education at a venue on campus. Please support the schools effort to acquire these campus improvements.

Yours respectfully,

David A. Ciraulo, M.D., F.A.C.C.
Associate Professor of Medicine
UCLA School of Medicine.

Dear Supervisors,

We are long time Richmond district residents and parents of 3 current St. Ignatius High School students, we are writing you to request your support for the school's use of lights on JB Murphy athletic field. It is is ironic to me that I'm making this request at a time when I have lost trust in so many politicians and school administrators over there motives in concern for their constituents and students, None the less, these lights are badly needed to help the SI students maintain busy schedules at school with their athletic and demanding academic schedules. Please support this effort and give me hope for our city.

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Norman Yee and Honorable Supervisors,

My name is Jeanne Lombardi and I am a parent of a senior student who trains and plays for the varsity football and baseball teams at St. Ignatius College Preparatory.

I would like to express my support for the approval of lights at St. Ignatius Field, and allowing the high school to implement a later start time in accordance with CA State law.

Allowing SI to install these lights would provide a chance for a multitude of students, from freshman to seniors, to remain active in their pursuit and development of their athletic skills and team-building.

This past year, the football team was able to compete, win and rebuild the greater school community, drawing alumni, parents and students from all interests to the field.

Seeing grandparents and alumni return to the bleachers, in numbers, to watch a game was remarkable.

Please know that the teams (coaches and athletes) that will be able to use the field-- for longer periods of time-- would greatly appreciate the fundamental addition to the field.

Please vote YES! to the lights at St. Ignatius Field, and I appreciate your time with this request.

Sincerely,

Jeanne Lombardi

Re: File No. F200992 and 200996
San Francisco Lacrosse Club, Inc. Letter in Support of the Planning Commission's Decision allowing lights to be installed at St. Ignatius' Murphy Field

Dear Honorable Supervisors:

My name is Scott Castro and I am a resident of District 1. I am also an attorney who frequently practices under the California Environmental Quality Act ("CEQA"), Public Resources Code section 21000 et seq. I write on behalf of the San Francisco Lacrosse Club, Inc. ("SFLC"), a 501(c)(3) non-profit and California public benefits corporation. The SFLC's core mission is to provide lacrosse opportunities to all of the youth of San Francisco, and many of our young players move on from our program to play at St. Ignatius.

I write to you in support of the Planning Commission's decision allowing for the installation of lights on St. Ignatius' Murphy Field. As a non-profit serving the youth of the city, we have been fortunate to be able to utilize Murphy Field for a number of years. This opportunity has been invaluable to us, given that there is a dearth of field space managed by the San Francisco Recreation and Parks Department. Without use of St. Ignatius Field, our ability to provide lacrosse programming to children throughout the city would be significantly impacted. These challenges have been, and will continue to be, exacerbated in light of the current pandemic where health mandates limit the number of youth athletes able to participate on a given field at a given time.

I have reviewed, and find no merit in, the Appellant's arguments asserting that the Planning Department erred in finding that the underlying project falls within the CEQA Class I and Class III categorical exemptions (CEQA Guidelines sections 15301 and 15303). Fundamentally, Appellant errs in asserting that the exception for categorical exemptions due to "unusual circumstances" applies in this case. Appellant identifies several purported, potentially significant effects that could occur due to the project, and on this basis, argues that these potential effects create "unusual circumstances" that render the categorical exclusions inapplicable. However, Appellant's argument is directly refuted by the decision in *Berkeley Hillside Preservation v. City of Berkeley*, wherein the California Supreme Court rejected this very argument, writing that an appellant has the burden "to establish the unusual circumstances exception, [and] it is not enough..., merely to provide substantial evidence that the project may have a significant

effect on the environment, because that is the inquiry CEQA requires absent an exemption."

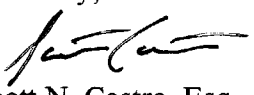

Here, the neighborhood association identifies no "unusual circumstances" of the project related to the City and County of San Francisco, or even of the Outer Sunset. As St. Ignatius notes, portable lighting already has been used for 40-50 evening events per year at St. Ignatius with concomitant noise and parking. Not only are such issues already part of the existing "footprint" of St. Ignatius activities, they are also occur throughout the city at a number of facilities. Perhaps equally important, even if Appellant were correct regarding the standard required to show "unusual circumstances," there is no substantial evidence that has been provided by Appellant showing the potential for significant effects to occur due to the project.

The San Francisco Planning Department conducted a thorough evaluation of the project over a number of years, and properly found it to fall within CEQA's Class I and Class III categorical exemptions. The Planning Commission voted 6 to 1 in favor of the project in July. While we appreciate that neighbors may fear the effects of the proposed project, the record simply does not provide evidence supporting these concerns.

As a youth sports program in the City and County of San Francisco, we truly value our partnership with St. Ignatius and the significant benefits we receive from being able to utilize St. Ignatius' fields. Thus, in addition to the benefits the proposed project will bring to St. Ignatius' students, please also be aware of and consider the benefits to younger athletes in the city.

Thank you for your consideration of this letter and, on behalf of the San Francisco Lacrosse Club, I urge you to vote to approve the proposed project.

Sincerely,

Scott N. Castro, Esq.
Chair of the Board, San Francisco Lacrosse Club, Inc.

Dear Supervisor Safai and Honorable Supervisors,

It was our pleasure to speak with you, Supervisor Safai, as you were introducing yourself again to our neighborhood. We are the Lee family and have resided on Seminole Avenue for the past 17 years. I am Gary Lee, an essential worker for the City and County of San Francisco and proud to be able to serve the citizens of San Francisco.

Our Son, Adam is fortunate to be attending St. Ignatius College Preparatory School.

I am writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also allow St. Ignatius to implement a later start time in accordance to CA State law.

There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer and safer to the campus rather than

traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not just to take tests and excel academically but to be of service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong sense of community by supporting there friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of my son and young lives of fellow St. Ignatius students.

Please vote "YES!" to the lights at St. Ignatius Field.

Thank you for your kind attention and consideration!

Be safe, be kind, and stay well!

Sincerely,

Gary, Kay, and Adam Lee

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Sandra Fewer and Honorable Supervisors:

As residents of San Francisco since 1996, we attest to how much we love our diverse and fair City, so much so, we decided to raise our two children here, after many families made the exodus to the outlying suburbs. They all cited how San Francisco was not family-friendly, that the City ignored the needs of the next generation and only catered to the transient workers that came to build and conquer, then move-on themselves.

I am writing to express how important it is to keep families in San Francisco and to commit to our youth. Now more than ever, we are responsible for how the next generation will either come back and continue to be rooted here or whether they move on out of state, bringing all of their well-earned educations, diverse thinking, and mindsets elsewhere. We can make a choice now to come together and approve projects like the lights at St. Ignatius Field so that we may give our communities the necessary tools to grow and stay together.

I am writing in strong support for the approval of lights at St. Ignatius Field so that student-athletes have more options and opportunities to develop. Both of my boys play high school basketball, and football and I cannot express enough how playing sports has given them the gift of friendship, camaraderie, discipline, and respect for adults and their

teammates. St. Ignatius College Preparatory is committed to mind, spirit, and body, all being so important in the growth of a child.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and its impacts on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Anne Jung

Dear Honorable Supervisors,

My name is Dawnell Hester (Moore). I have a son who graduated from St. Ignatius last year and another who is currently a senior. Our senior has played baseball since freshman year, and is super excited to play football for the first time this year. The idea of watching games under the lights makes it more fun for everyone. More games played at home which means more school support. I think it would really increase the number of students and families who attend to support the team. Start times could be later, so parents who work during the day would be able to attend. I also like the idea of players being on campus, rather than traveling as much as they have in the past to visitor's fields.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Dawnell Hester
1256 Cortez Avenue, Burlingame, CA 94010
dkeller@netsuite.com

Thanks!
Dawnell

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Gordon Mar and Honorable Supervisors:

My name is Owen Maguire, and I'm a 14-year social science teacher and football coach currently employed at Saint Ignatius College Preparatory. I'm writing in strong support for approval of lights at JB Murphy Field at SI. This key addition will create more options for student-athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law during the Covid-19 pandemic.

San Francisco has always been limited in its expansion due to its geographic layout limiting the city on three sides. As the population grows, there are fewer and fewer spaces for students to practice field sports in San Francisco. Allowing SI to install these lights will keep students on campus rather than traveling great distances to practice. In addition, as many teams have been forced to push back their seasons due to Covid-19, it will be darker out sooner than normal, and we would be severely limited with our practice time with the players.

I have been a part of the SI community for 14 years. It is an excellent center of learning not just to take tests and excel academically, but also to be in service to others in the San Francisco community and beyond. I became a coach because I know that many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. The world will get past this pandemic, but the lights on JB Murphy field can continue to serve the greater community for several years to come.

It has come to my attention that the San Francisco Planning Commission voted 6 to 1 in favor of this approval in July. This process has been underway for over seven

years, and it is very exciting that we are very close to the goalline. Please consider the players and coaches who will be positively impacted by this addition to our community and the considerable impact it will have on the development of so many young people.

Please vote YES! to the lights at St. Ignatius Field and thank you for your time and service.

Sincerely,

Owen Maguire

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Stefani and Honorable Supervisors:

I am a parent of 3 current St. Ignatius High School students and my husband is a graduate of SI. I am writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and, also, to allow St. Ignatius to implement a later daily start time, in accordance with CA State law and recent COVID restrictions.

As we all know, San Francisco offers fewer and fewer spaces for students to practice field sports. By allowing SI to install field lights, we will expand our options for sports and will also keep students closer to the safety and security of campus, rather than traveling great distances to practice. The lights will also allow students to practice longer, particularly as our shorter Fall and Winter days are upon us. It is bad enough kids aren't in school due to the Covid crisis. It would be worse if we couldn't play sports because of darkness and limited availability, once we do return to school.

St. Ignatius College Preparatory has an excellent reputation as a premier center of learning, not just academically, but to teach lessons to be in service to others. Many of those lessons are learned through the shared experience on the sports field. Even the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates. Parents bond and build lifelong ties with friends and fellow SI community members, while attending SI athletic events.

The San Francisco Planning Commission voted 6 to 1 in favor of approval of the SI Field lights in July, and the process to install the lights has been underway for over seven years. Please consider the students who will be positively impacted by this important addition to our field sports program, as well as the impact it will have on the positive development of young lives and our San Francisco community as a whole. Many non-SI children will also benefit from having access to another sports venue with lights. SI hosts many younger student athletic programs at our fields.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,

Sheelagh Flanagan

Re: Lights at St. Ignatius Field File No. F200992 and 200996

Dear Supervisor Stefani and Honorable Supervisors:

I have lived in San Francisco for over 25 years. My husband and I met and got married here and have enjoyed raising our kids in this beautiful city. Time has flown by and now we find ourselves with a high school freshman at St. Ignatius.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

Over the years, our kids have participated in various sports programs and we've seen how limited field and practice space can be in San Francisco, We have also spent countless hours getting to fields both in and outside of city limits. There are fewer and fewer spaces for students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

St. Ignatius College Preparatory has been an excellent center of learning not only academically but also from a community service and athletic perspective. We have seen first hand the bonding that occurs between all spectators (students, parents and others) on the sports field. This community spirit and bonding coupled with SI's rich history and tradition would surely serve to enrich the overall community in a positive way.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years. Please consider the students who will be impacted by this addition to our field sports program and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field. Thank you for your consideration.

I want to provide a statement in opposition to the football lights.

Lights needed for the students -

SI sole argument is that there is not enough time during the day for the school to schedule time for its students to practice and play games. The problem with this argument is two-fold. First, the only reason why SI does not have enough time is that they rent their field, a lot. Here is just one example of many. https://www.nextlevelsports.com/Default.aspx?tabid=316485. SI has already rented out their field in 2021 to an all-day sports league that will prohibit their students from using the field one day a week for ten weeks. SI should not use their students to push lights when the only reason for the lights is not prioritizing their students over their commercial rental business to third parties. Second, SI maintains more high school teams than any other school in the city. The neighborhood should not be required to support more activities than is typical of an ordinary school

How close is the field?

I would like to give the supervisors an idea of just how close SI football field is to the residential houses that border it. Image you are looking out of your front window of your home. Now, picture that house across the street is a football field. Yep, it is that close. I can see if the kids have braces. From our home, we can hear the kids talking about just about everything. If approved, other high schools, like Mission, Balboa, Lincoln, Washington, Galileo, Riordan, and Lowell, will be able to add football lights to their existing fields. This would chage the city forever.

Other problems SI doesn't want you to know

Almost all of SI students drive to school. Almost all schools in the city have neighborhood permitted parking which prohibit students from parking on the street. Currently, SI students (and I third party renters of the field) enjoy parking in the neighborhood during the day. Since almost all of SI students drive to school most of the parking in the neighborhood is filled during the day. Meaning families with small children either wait until night time to go to the grocery store or are required to park blocks away from their home. If lights are approved, there will be no window for families to run necessary errands. If lights are added, I request that the supervisors add neighborhood permitted parking to the area and that SI be required to reimburse each resident for the cost of the permit.

Other suggestions if approved

Add a requirement that the field (day and night) may only be used by current students participating in one of the school's 66 teams sponsored by its athletic department.

Add automatic dimmers and shut offs to the lights set to 8:30 pm and 9 pm.

Add neighborhood permitted parking to the area and SI to reimburse each resident for the cost.

Require SI to pay residences to sound proof their homes. The homes were built before the school and were not designed to block out the noises.

Overall,

SI failed to hold meetings the neighbors, discuss any of the issues, or even offer alternatives. SI'sposition was they only want to talk to neighbors if they support the lights. Many of the neighbors have emailed SI with questions and concerns. SI has never answered any of them. I understand that SI has many powerful alumni and likely has lobbied each of you to approve the lights. I ask you as a voter and resident who is trying to raise a family in San Francisco to vote no to the lights.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Norman Yee and Honorable Supervisors,

My name is Joan D'Angelo Mulkerrins, a native, third generation San Franciscan, a District 7 girl. I grew up with my parents on Stratford Drive (District 7), bought my first home with my husband on 14th and Judah (District 7), and we are currently raising our family on Morningside Drive (District 7). My father still lives in my mother's childhood home on Beachmont Drive. My husband is also a native San Franciscan and grew up on 28th and Taraval. I think it is safe to say we love San Francisco and are dedicated by continuing to raise our family here.

We both have also dedicated our lives to education, I have been working with school-aged children my entire life -- summer camp counselor, teaching physical education, teaching elementary school, and even coaching a couple of seasons of elementary school sports. Our children are multiple sport athletes and have been since the day they started walking. Our daughter and son have been playing organized sports on the fields of San Francisco since they were 4 years old. To say I understand children and sports, is an understatement.

I'm writing in strong support for approval of lights at St. Ignatius Field in order to create more options for student athletes and also to allow St. Ignatius to implement a later start time in accordance with CA State law.

There are fewer and fewer spaces for the students to practice field sports in San Francisco and allowing SI to install these lights will keep students closer to the campus rather than traveling great distances to practice.

Lights on the SI field benefits all the children in San Francisco by opening more spaces on park and rec department fields for other youth teams in our

beloved city to use and helps everyone find a space. More space for everyone to work together, to play together.

When SI went coed 30-years ago and the addition of female students doubled the size of their athletic department. If you look at the times and our changing city, the number of females participating in youth sports has increased as well and their need for more fields and spaces for teams, for all teams has increased. The lights will benefit all by giving teams places to go, to practice, to play.

As a parent of multiple sport athletes at the high school level, this benefits the well-being of all our children. Lights on the SI campus would really help the students manage their day between school and practice. SI plans to implement study-halls for teams with later practices on our campus so students can get a majority of their homework done before practice. The students will have a place to be when school is out before practice. What a huge benefit for the students and families if students can have a place to get homework done and have practice on their field. It also helps provide structure for the students. Simply stated, lights on the SI field would benefit all for practices and games.

Lights at SI will bring together a community. Think of those coming together to watch a game, it is a place to connect, catch-up and watch sports. Think of those times when you are walking by a field and stop to watch a play and end up seeing someone you know and it leads to watching a game catching up with a friend. More importantly, think of the students who participate as spectators gain a strong feeling of community by supporting their friends and fellow classmates.

The San Francisco Planning Commission voted 6 to 1 in favor of this approval in July and the process has been underway for over seven years.

Thank you for all the work you do to make our City a great place to live, one where we continue to raise our family and keep the San Francisco traditions alive.

Please consider the students, the youth, our future leaders, who will benefit and the impacts it will have on the positive development of young lives.

Please vote YES! to the lights at St. Ignatius Field and thank you for your consideration.

Sincerely,
Joan D’Angelo-Mulkerrins

Subject: reject the Twin Peaks gas-station lease

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Haney,

I've watched with dismay as many of your colleagues move to support continuing a lease of public land in the Twin Peaks neighborhood to a gas station—showing total disregard for the climate crisis and housing crisis. The Western neighborhoods have not committed to growing their share of desperately needed affordable housing, and rejecting this lease renewal offers one opportunity to start fixing that.

As you well know, D6 provides the largest supply of new affordable and market-rate housing, a situation which Supervisors on the wealthier West side are happy to continue. This is completely unsustainable and ignorant of the depth of our housing crisis AND the need to move away from gas-powered vehicles ASAP. There is no excuse to continue using public land for gas stations rather than housing, so I implore you to reject this 25 year lease.

Beyond this single lease, I hope you will push the city to take a renewed look at other publicly-owned land in D6, such as the massive SFMTA parking garages that at their busiest, are typically only *half* full (5th & Mission in particular) and could offer a major opportunity to build new housing, parks, and more. These public garages are unpleasant and destroy the neighborhood fabric in SoMa, the Tenderloin, and Mission Bay—and their land could much better serve the community rather than tourist vehicles. The Gene Friend Rec center redevelopment is also a missed opportunity to build affordable housing above a new neighborhood facility. Let's not keep making these mistakes!

Thanks for your work on this,

Hunter Oatman-Stanford

Honorable Members of the Board of Supervisors:

The San Francisco Office of Small Business would like to bring to your attention the following public benefits of Twin Peaks Auto Care located at 598 Portola Drive as you consider renewal of their lease:

- Twin Peaks Auto Care is one of San Francisco's official Legacy Businesses, which are longstanding, community-serving establishments that have operated in the city for 30 or more years and contribute to the city's history and identity. Legacy Businesses foster civic engagement and serve as valuable cultural assets. Twin Peaks Auto Care is the only fuel station on the Legacy Business Registry.

- Twin Peaks Auto Care is a local, minority-owned, small business.

- Twin Peaks Auto Care is the only fuel station located on Twin Peaks.

- Twin Peaks Auto Care is an essential business and an important part of the community's energy infrastructure. During the coronavirus pandemic, the business remained open during the Shelter-In-Place Order and provided fuel and automotive services critical for the police, fire fighters, healthcare workers, and other essential workers in getting to work.

- Twin Peaks Auto Care provides more than just fuel; the business provides regular auto maintenance including tire repair/replacement, propane fuel for cooking and gas heaters, and small convenience store items.

- Because of the statewide mandate that all single-walled storage tanks in fuel stations be double-walled by 2025, which is an expensive upgrade, a number of small fuel stations throughout San Francisco may close within the next five years. That may include the fuel station near the West Portal tunnel, the station at Castro and Market, and the station on

Fell and Divisadero streets. Twin Peaks Auto Care will be investing up to $750,000 to make the needed upgrade.

- Twin Peaks Auto Care is capable of transitioning to the fuel of the future, whether it's a charging station, renewable soy diesel, or hydrogen fuel. The proposed new lease provides that flexibility.

Thank you for considering the many public benefits of Twin Peaks Auto Care to the City and County of San Francisco in your review of their proposed lease renewal.

Kindly,

Regina Dick-Endrizzi | **she, her, hers**

Board of Supervisors
City and County of San Francisco
San Francisco, California

Subject: File # 200965, Twin Peaks Petroleum, Inc.

Supervisors:

The California Fuel Cell Partnership is a public-private partnership of more than 20 years that brings together private industry, local, state and federal agencies, transit agencies, academia and others to further the commercialization of fuel cell electric cars, buses, trucks and other forms of mobility, fueling infrastructure and hydrogen production. Our members including the South Coast and Bay Area Air Quality Management Districts, the California Air Resources Board, Hyundai, Nissan, GM, Toyota, Honda, and others.

While we are not permitted to comment in favor or opposition to this particular agenda item, we believe we can offer insights to the role that gas stations will play in the rollout of hydrogen fueling infrastructure here and across North America.

In most cases, light-duty hydrogen stations are located at existing gas stations. These locations make sense for a number of reasons:

- Gas stations are familiar to the public and their location requires little behavior change from drivers
- Hydrogen fueling takes approximately five minutes, matching the business service model of gas stations and giving owners a new income stream in a market that has seen ever-increasing efficiency in gasoline vehicles and less need for this fuel
- Hydrogen fuel, on a pathway to 100% renewable and decarbonized content, offers gas station

owners an on-ramp to a renewable future and, most importantly, the opportunity for a just transition for their business

California, at the moment, has 45 retail hydrogen stations open for drivers of the Honda Clarity, Hyundai NEXO and Toyota Mirai. More cars and passenger trucks are expected over the next several years, with recent announcements from Audi, BMW, GM/Nikola and others. Another 15 stations - two-to-eight times larger than earlier stations, offering multiple fueling positions and many offering a lower fuel price – will open over the coming year. Recently, the California Energy Commission released a notice of proposed awards for additional hydrogen stations, recommending 36 stations in the first batch of funding and upwards of 87 stations in subsequent funding batches, accounting for nearly 200 hydrogen stations for California in the next several years. Stations that are open, in development and proposed for award can be found at www.cafcp.org/stationmap.

We hope this provides some context on the role of gas stations in the rollout of hydrogen fueling infrastructure in California.

If we can assist in answering any questions the Board of Supervisors may have, please do not hesitate to contact us.

Aaron,

We're suffering yet another day of unhealthy air. Our sky was orange a few weeks ago. The breakdown of our climate is here.

The Board of Supervisors needs to recognize that we're in a crisis. We need you our elected representatives to act with urgency and decisiveness. The time for weakly signing off on destructive policies of the past is over. The time for tentative steps was twenty-five years ago. The time for immediate, bold, responsible action is now.

Members of the Board should be introducing measures to drastically reduce driving and other major factors in climate change (e.g. moratorium on repaving car travel lanes). This would show a respect for the gravity of the problem (and respect for all humans affected by it).

Yet instead of dismissing out of hand the idea of continuing to use public land for a gas station in these times, the Board is actually considering it. Instead of facing climate destruction head on with seriousness, the Board is acting like we still have plenty of time. Acting like the personal lifestyles of people who drive cars is sacrosanct, and actual human life on this planet isn't.

Our city needs all of you to rise up and meet the challenge.

Harold

Dear Members of the Board of Supervisors,

I'm writing as a District 6 resident to ask you to reject the lease renewal for Twin Peaks Petroleum.

We are in a climate emergency, and I write this comment while huddled around an air purifier as my phone chimes with emergency alerts from the city about the unhealthy air. We are also in a housing crisis, with thousands living on the streets unprotected from that unhealthy air. This site gives us the opportunity to take small but meaningful steps to address both emergencies at the same time. We should not continue to reinvest in fossil fuel infrastructure through the year 2050, long after gas-powered cars will no longer even be sold in California. This is one of the thousands of small decisions where we're asked if we're really going to live up to our San Francisco values.

We need to look at everything we do with our public resources to make sure we're fully reflecting the alarm voiced in the climate emergency. Social housing on this site, or combined with the nearby juvenile hall site, provides far more public benefit than a private gas station. This land is in a high resource area with good transit connections and should be put to good use. Those in need of gas, meanwhile, can find it just a three minute drive away at either of two adjacent gas stations at Ulloa St.

I urge the Board to reject the lease extension and to move forward with immediate plans to remediate the site and build desperately needed social or otherwise affordable housing.

Thank you,

Zach Lipton

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Yee and Supervisors:

San Francisco faces an affordable housing crisis and the world is confronting a climate calamity. Gov. Newsom has issued an executive order that, if implemented, will ban the sale of new gasoline-powered cars 15 years from now. It therefore boggles the mind that the City is even considering a 25-year lease for a fossil fuel dispensary on City-owned property. It is even more astonishing when one remembers that official City policy, as ratified by the voters of San Francisco, is to prioritize affordable housing on City-owned property that isn't being used for official City purposes.

I urgently request you to deny the proposed lease and to commence the process for building affordable housing on the site. To grant the lease would make a mockery of City leaders' rhetoric about the imperative need to provide more affordable housing and to counter the ongoing climate crisis.

Thank you.

Sincerely,
Christopher Pederson
District 7 resident

Re: **Testimony on Agenda Item #39, *Twin Peaks Gas Station Lease Renewal* — Hypocritical to Prioritize Gas Stations Over Affordable Housing**

Dear President Yee and Members of the Board of Supervisors,

I strongly urge the full Board of Supervisors to **reject the lease** extension for the Twin Peaks Auto Care gas station at 598 Portola Drive. It's a 25-year lease with a five-year option, amounting to a 30-year lease through the year 2050.

It would be the height of hypocrisy for the Board of Supervisors to approve this lease extension, after the passage "Prop. E" in 2019 that authorized use of public land for 100% affordable housing projects.

As it is, Supervisor Yee is trying to cram 375 units of affordable housing onto LHH's campus

which is just blocks away. LHH's public land should be reserved to build more skilled nursing facilities on that land to help stop the out-of-county patient dumping epidemic that has occurred even before LHH lost 420 of its SNF beds in 2010. The LHH site is completely inappropriate for senior housing for a number of reasons, including the lack of neighborhood-serving retail. Seniors would have to walk about four blocks to even get off of LHH's campus, and then hike another eight blocks or more up steep hills to reach the closest neighborhood-serving retail in the Tower Market strip mall.

By contrast, placing housing on the 598 Portola Drive gas station site is far more accessible to neighborhood-serving retail, and seniors would only have to walk about a block to the Tower Market, mostly along flat land, not steep hills.

As well, the gas station site is more accessible to public transportation than is public transportation to reach LHH's campus, and seniors would have to walk less than a block along flat land to reach rental housing on the gas station site, rather then having to walk five or more block up steep hills — and a 100-foot increase in elevation — to reach housing placed on LHH's far northwest parking lot.

So, its clearly hypocritical to build senior housing on LHH's campus, while exempting 100% affordable housing development on the Twin Peaks Auto Care gas station at 598 Portola Drive site.

The City may be relying on an out-of-date appraisal of the property conducted seven years ago in 2013. That parcel must surely now be worth more than the $1.8 million appraisal conducted in 2013. The City Assessor should be required to conduct a new appraisal of the gas station property.

Although the 2013 study suggested the site could provide a mixed-use development of commercial and residential units, numerous density bonus laws enacted since 2013 could push the gas station site to far more than just 26 residential units that are sorely needed during our affordable housing crisis. And we shouldn't have to wait another 30 years to use that land for affordable housing.

Mr. Gharib has had the good fortune of owning that business 35 years at a ridiculously low annual rent of just $113,586 (or lower). He shouldn't be handed a new 30-year lease extension just to stay in business for 65 years. Increasing his initial base rent to $200,000 — still a ridiculously low rent — represents just over ***one-thousandth of one percent*** (actually, 0.00154%) of the City's now $13.7 billion annual budget. Surely the City doesn't need that rent revenue.

Gharib should just get out of the business now and save himself the $750,000 required to replace the underground fuel storage tanks.

Residents in the surrounding neighborhoods — the Forest Hill Homeowners Association and the Midtown Terrace Homeowner Association (MTHOA) — have at least five other gas stations to choose from within a five-minute drive of the Twin Peaks Auto Care gas station and there are plenty of other gas stations throughout San Francisco they could use. As it is, these higher-income homeowners should be encouraged to switch to electric vehicles that they can well afford, and wouldn't need fossil-fuel guzzling vehicles and gas stations.

Supervisor Fewer is completely wrong that the gas station is "*such as small site*" for

affordable housing, and that the parcel would sit empty for decades to come if Gharib's lease isn't extended. Phooey!

That land could easily accommodate housing within five- to seven-years if the City put its mind to fast-tracking affordable housing development on the site, which would be far preferable to handing Gharib a new 30-year lease.

Finally, the gas station is located on public land. But that public parcel is ***not*** Supervisor Yee's personal plaything simply because it's located in his District, it's public land that belongs to the *entire* City. Rather than "*going out to bat*" for a single business owner (Gharib) — and by extension, going out to bat for Midtown Terrace homeowners — Yee should be going to bat for the ***thousands*** of San Franciscans who desperately need affordable housing.

The public benefits of placing housing on this site exceeds the public benefit of protecting Gharib's so-called legacy business. As climate change (and our affordable housing crises) worsens, what will you tell your children and grandchildren? That you decided your own short-term legacies would be enhanced by preserving the legacy and environmental damage wrought by fossil fuels?

Do the right thing: Reject this lease extension!

Dear Supervisor Fewer and all SF Supervisors,

I'm writing to you as a District 1 resident to ask you to reject the lease renewal for Twin Peaks Petroleum.

Just 18 months ago this Board declared a climate emergency, saying the "climate crisis poses a serious and urgent threat to the well-being of San Francisco, its inhabitants, and its environment." In 2016 the Board passed a "Keep it in the Ground" ordinance. Yet the Board is considering giving a new 25-year lease to a fossil fuel business to operate on public land shared with a healthcare facility.

Additionally, thanks to the work of Supervisor Shamann Walton, the Board of Supervisors voted 10-1 to close the adjacent youth detention center by the end of 2021. That facility's proximity to Twin Peaks Petroleum and the lease's expiration provides us a unique opportunity to secure the site for transit-oriented social housing in a high-opportunity area for families that will remain a community asset for generations to come.

This publicly owned land is in a highly transit-accessible location, being directly adjacent to stops on the 44 (with connection to Glen Park BART) and 48 (connection to West Portal metro), in addition to being a short walk from the Forest Hill metro station. It is also in a neighborhood classified as High Resource according to the state's opportunity mapping, indicating positive outcomes for low-income residents.

In the face of global climate change, we must invest in the health and security of our neighborhoods. Now more than ever we need to put public land towards the benefit of our people while divesting from all fossil fuel investments.

We need to look at everything we do with our public resources to make sure we're fully reflecting the alarm voiced in the climate emergency. It's clear that hasn't

happened here and we call on the board to reject this lease extension. Please vote to oppose the lease extension and put this site on the City's priority list for social or otherwise affordable housing.

Thank you,
Kristin Tieche

Dear Supervisor Haney

I'm writing to you as a District 6 resident to ask you to reject the lease renewal for Twin Peaks Petroleum.

Just 18 months ago this Board declared a climate emergency, saying the "climate crisis poses a serious and urgent threat to the well-being of San Francisco, its inhabitants, and its environment." In 2016 the Board passed a "Keep it in the Ground" ordinance. Yet the Board is considering giving a new 25-year lease to a fossil fuel business to operate on public land shared with a healthcare facility.

Additionally, thanks to the work of Supervisor Shamann Walton, the Board of Supervisors voted 10-1 to close the adjacent youth detention center by the end of 2021. That facility's proximity to Twin Peaks Petroleum and the lease's expiration provides us a unique opportunity to secure the site for transit-oriented social housing in a high-opportunity area for families that will remain a community asset for generations to come.

This publicly owned land is in a highly transit-accessible location, being directly adjacent to stops on the 44 (with connection to Glen Park BART) and 48 (connection to West Portal metro), in addition to being a short walk from the Forest Hill metro station. It is also in a neighborhood classified as High Resource according to the state's opportunity mapping, indicating positive outcomes for low-income residents.

In the face of global climate change, we must invest in the health and security of our neighborhoods. Now more than ever we need to put public land towards the benefit of our people while divesting from all fossil fuel investments.

We need to look at everything we do with our public resources to make sure we're fully reflecting the alarm voiced in the climate emergency. It's clear that hasn't happened here and we call on the board to reject this lease extension. Please vote to oppose the lease extension and put this site on the City's priority list for social or otherwise affordable housing.

Thank you,

Christopher Mika, SRO resident.

Hello,

I live in Midtown Terrence and I frequently use Twin Peaks Petroleum. It is probably the gas station that I use the most. I will be very inconvenient to lose the gas station, as well as the Auto Care. Please I will like the lease extended so we can keep the local business.

Sincerely,
Aida Rasmussen

Dear Supervisors,

I'm writing to ask you to vote in favor of extending the lease of Twin Peaks Petroleum for another 20 years which would be time that could allow this family-owned business to recoup the tremendous capital expenses of completing the required undergrounding of their fuel tanks by 2025.

We appreciate Twin Peaks Petroleum as a good community member and look forward to making it possible in this way for them to convert over time to alternative fuels which can be supported with the new infrastructure, including adding fast-charge stations for electric vehicles.

Please vote to save this forward-thinking neighborhood business!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

As a 25 year Midtown Terrace resident and homeowner, I ask the Board to extend a new long term lease to the Twin Peaks gas station, in order to ensure that this family owned legacy business can remain open, and continue to serve its many loyal customers from Midtown Terrace, as well as the surrounding neighborhoods of Diamond Heights, Miraloma Park, Forest Hill, and Forest Hill Extension, and the countless drivers who stop here daily from other parts of the city.

The owner is facing a mandated replacement of the fuel tanks, which will not be financially feasible if he can not recover the costs over time. Additionally, I understand that the owner is actively pursuing the installation of fast charge electric charging stations, as well as other alternative fuel options in order to meet the needs of our changing fuel options.

This is an important and necessary business that is an integral provider of fuel and vehicle repair services, in a city where these types of businesses are disappearing.

Please help your constituents by saving this business.

Thank you.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Members of the Board of Supervisors,

I was watching the TV news and saw this story about my favorite local service station/repair shop and was alarmed to see that there are people who are against approving an extension of the lease.

https://sanfrancisco.cbslocal.com/2020/10/03/san-francisco-twin-peaks-gasoline-station-lease-housing-debate/

So I'm compelled to give you all my 2 cents-worth on this matter that comes before you on Tuesday:

Referred Without Recommendation from the Budget and Finance Committee

Present: Supervisors Fewer, Walton, Mandelman

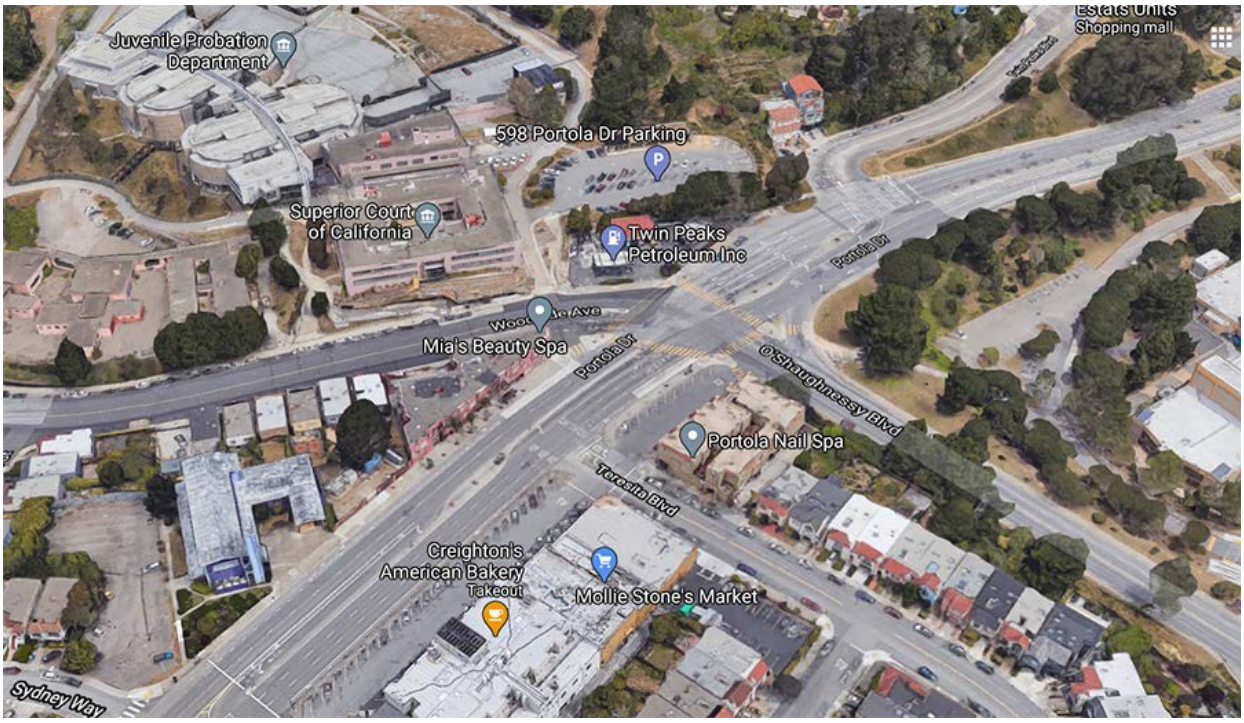

39. 200965 **[Real Property Lease - Twin Peaks Petroleum, Inc. - 598 Portola Drive - $200,200 Per Year Base Rent]**
Sponsor: Yee
Resolution authorizing the lease of real property located at 598 Portola Drive with Twin Peaks Petroleum, Inc., a California corporation, doing business as Twin Peaks Auto Care, successor-in-interest to Michael Gharib, for an initial 25-year term at a base rent of $200,200 per year with annual adjustments of three percent, with one five-year option to extend, to commence upon approval by the Board of Supervisors and Mayor, in their respective sole and absolute discretion. (Real Estate Department)

(Fiscal Impact)

Question: Shall this Resolution be ADOPTED?

All of us up here on Twin Peaks rely on this service station at least once a week and many more often than that. Every neighborhood in this City needs the proper infrastructure to provide for a good quality of life. Here at the top of the hill within a single block is a near perfect mix of services that are essential for daily life: the Twin Peaks Service Station, Tower Market, CVS pharmacy, coffee, a bank, a couple of restaurants, dentist, a gym, a place of worship, a dry cleaners and a physical therapist for us seniors with disabilities. In this amazingly compact business district, we could live

our entire lives without ever having to descend The Peak.

The Twin Peaks Service Station is a vital part of our community. It is a gas station, it's an automobile repair business and it's a miniature "7-Eleven" store.

On this premises resides the best automobile maintenance and repair shop I have ever found. It is a separate symbiotic business who's immigrant owners and crew are absolutely wonderful and amazingly talented people. Ronald, Ken and their crew have created a vital business here as is epitomized by their yelp and Google standings (few businesses in SF achieve such awesome ratings):

1 check-in

The quarantinemobile ended up here today after a multihour adventure that included an AAA battery service truck that showed up with no replacement battery and another shop that quoted me $300, yes, $300 dollars "part only" for a battery for my nissan versa note. To which I could only answer "Are you on f^&#@$g drugs?" I know I'm a woman but, there's nooooooooo way I'd pay that for a battery for a Nissan Versa unless it happened to be made of gold. Gentle reader you may be asking "Liss you used to work at a truck depot in your misspent youth, why didn't you just change the battery yourself?" And the answer to that is, "I had no tools, bus service is reduced and there's no way I was walking back up any hills from autozone with battery in tow in 75 degree heat" The two mile walk to and from Twin peaks Auto was a much more reasonable prospect.

Anyway.

Enter this gentleman (abundant apologies for not catching your name). The part price was reasonable - on par with what AAA would have charged me if they had actually had my battery in stock and at $30 dollars for a few minutes work - incredibly fair on labor. You've officially earned a new customer for the duration of the time we live in the city. Thank youuuuuuuuu! Major props for being fair!!!!

"Replaced my **fuel pump** quickly and for a good **price**."

"These **people** work together to solve any problems!!!"

They have literally **saved my life** by pointing out my very old dry and cracked tires and warning me about the safety hazard, turns out they were 20 years old. Us Senior Citizens who can't bend down for a detailed look anymore rely on this kind of attention to detail to help us. The gas station part of this business is also top notch with brand new pumps that are always working and the whole place is immaculately clean.

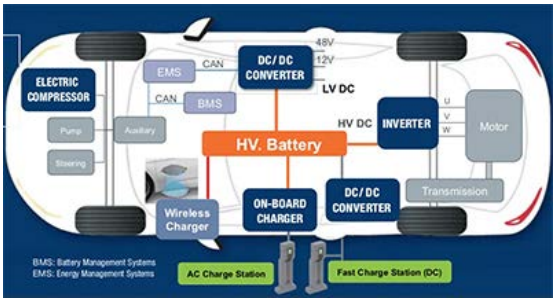

I had the opportunity to talk with Michael Gharib on the telephone several months ago when he returned my call about an inconvenience. It was on a weekend and I had left a voicemail and he took the time to personally call me and explain the problem and provide a solution. He was a very nice man who I think really cares about his business and in our conversation I learned that he is an immigrant to our country who has achieved the

American dream. Thanks to Channel 5 I now know what he looks like, looks like a good person to me!

This property with its two businesses and numerous employees epitomizes the American dream. Who in their right mind would think of destroying that for the sake of more ill-thought-out and unnecessary development here in the City?

To those who say build more housing on this property, I say look around at the reality of this location: this is a business district, nobody wants to live on the corner of one of San Francisco's busiest intersections.

To those who say service stations will be unnecessary in a world of EV's, I say even all-electric cars require maintenance: tires, battery coolant systems, battery replacement, suspension systems, wheel bearings, brakes (they all got em'), air conditioning, and those high-voltage system components will break down over time - guaranteed. I know, I have a degree in Electrical Engineering from Cal Poly and 50 years of experience, now retired.

I also say look around at the reality of this neighborhood. My apartment building is 1/3 empty right now. Just down the street from the Twin Peaks Service Station there is another large apartment building that was nearly complete, but has remained unfinished and unoccupied for many, many years now. San Francisco is experiencing an exodus of people like it has never seen before. Part of the reason is that our beautiful City has been decaying from overcrowding, much of it instigated by greedy developers. Now that the party is over, we are left with an abundance of units, insanely rising crime rates and general decay in the quality of life here. Those of you on the Board of Supervisors really need to think about how the zeal to overcrowd this City has put it in the condition that it's in now. **More is not better.** As a lifelong amateur cultural anthropologist, it is my humble opinion that San Francisco reached the saturation point about two decades ago and it's been deteriorating exponentially since then. It's similar to global warming, you on the Board can correct it before we reach the point of no return.

San Francisco used to be beautiful everywhere (even the Tenderloin, remember the Black Hawk jazz club?) and I am old enough to remember when it was still charming, when you could go to a Giants game and sit next to Mayor Alioto, cheering Willie Mays on to another home run.

There is plenty of available housing that will become more affordable as market rates drop given all the developing surplus. Additionally, you on the Board could help this along by perhaps enacting some new kind of rent control on these vacancies that would compel them to be affordable to low income residents. This could have an immediate benefit as opposed to waiting years for more buildings to be built, more construction equipment spewing pollution into the air and more global warming... all to end up with partially filled buildings at best.

What an awful tragedy it would be if those of you on the Board of Supervisors were to destroy two businesses here on Twin Peaks, both of them run by incredibly hard working immigrants who have achieved success and contribute to a great quality of life for about 2000 (or more) of us residents here on the hill.

Sincerely,

Roger Dawson

Subject:	Please vote in favor of renewing the Twin Peaks Petroleum lease
Date:	Monday, October 5, 2020 4:37:33 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Sir/Madam:

Tomorrow, Tuesday, October 6 the San Francisco Board of Supervisors (BOS) will be voting on extending the lease of Twin Peaks Petroleum. If the lease is not extended for 25 years with an option for a five year extension, the gas station will probably close by 2025.

I ask you to please vote IN FAVOR of renewing their longterm lease (See below **Item 39. 200965)**

The City is also asking this gas station to replace its gas tanks. Such replacement is estimated to cost at least $800,0000 and Mike Gharib—the owner—will have no way to amortize the costs of replacing the tanks *without a long lease*.

I am a nearby resident homeowner (since 1977) and HOA Board Member in Midtown Terrace, walking distance from the Twin Peaks gas & service station at the corner of Portola Drive and Woodside.

I am 75 this month, single, and drive a Prius (2006 model). I cannot rely solely on public transporation for my life needs - as is true for many older and notably women citizens.
I DO take BART and MUNI whenever feasible and possible. I cannot ride a bicycle (from the hill on which I live) to get groceries and many other necessary errands.

This gas station is an important service to our neighborhood and several surrounding ones. I have friends in Noe Valley, St. Francis Wood, Glen Park and West Portal who also value and come to use this station. The owner is our neighbor. If it closes, there is no good alternative for many of us, nearby, notably not as cost-effective either nor as eager to transition to "green energy" quickly.

We have 820 homes in just the Midtown Terrace neighborhood. From an environmental perspective (and I am very "green" environmentally oriented!), it would be bad to send us longer distances to get gas or tire service.

I note the following about this business:

- Twin Peaks Auto Care is a registered Legacy Business and is family-owned. They are part of our local community - it would be a huge loss if they were forced to close.

- The long-term lease is necessary to help the small business owner recoup the huge capital costs needed to replace the underground tanks by 2025 as mandated by state law. These tanks do not have to hold fossil fuels. Twin Peaks Auto Care is dedicated to helping us get to zero emissions. The infrastructure can be converted to support biodiesel, hydrogen, or other alternative fuels or batteries. *The owner is already in talks with operators to install fast-charging stations for electric vehicles.* San Francisco can be a leader in transitioning traditional gas stations into green fueling stations of the future. WE NEED ONE IN THIS LOCATION.

- My partner (frequent visitor) drives a plugin hybrid EV - and hopes this station will install EV charging stations soon. The only one now is near 24th St in Noe Valley), in a Walgreen's parking lot with limited access.

Please save Twin Peaks Auto Care and help them transition to green energy and continue to support our large extended neighborhood!

Respectfully,

Natalie Shuttleworth
Midtown Terrace Home Owners Association Board Member

Hello --

I urge the Board of Supervisors to renew the lease of Twin Peaks Petroleum. The gas station is the most convenient one to people in Miraloma Park, Twin Peaks, West Portal and many neighboring neighborhoods. It's a registered Legacy Business and is family-owned. Loss of the business would harm this part of West of Twin Peaks.

The long-term lease is necessary to help Mike Gharib, the owner, recoup the huge capital costs needed to replace the underground tanks by 2025, which is mandated by State law. Twin Peaks Auto Care is committed to helping us achieve zero emissions, by bringing in biodiesel, hydrogen or other non-fossil fuels. Mike already is in talks to install a fast-charging station for electric vehicles.

Please save this small business!

Best regards,
Jean Perata

To members of the board of supervisors

I live on the 500 block of Duncan Street, an area with very poor access to public transit if I want to go grocery shopping. I have been going to the Twin Peaks gas station since I moved here in l974, for both gas and repairs to my car. Please renew the lease of this well run small business. Until San Francisco has a public transit system equivalent to Germany at age 74 I am dependent on my car. And until the US invests in enough charging stations all over the nation people like me will be dependent on gas powered cars. I cannot afford a new car and I certainly cannot afford to use Uber or Lyft.

I worked at UCSF Parnassus campus for my entire career. To get there by bus takes almost an hour, even though it is only 2.5 miles from my house.

Thank you
Dale Milfay

Board of Supervisors

Please Keep the Twin Peaks Gas Station open. It provides a valuable service to the neighborhood. I have several family members, including myself, who use it frequently, as it has some of the cheapest gas in the city, and used to have (it might still) have discount days for seniors. I understand our desire to move away from fossil fuels, however, until our infrastructure becomes based on renewable sources of energy, the demand for gas will still be there, and many working class people and seniors still need cars to move around. To close it would disproportionately affect those individuals.

Thank you

Board of Supervisors,

Re: Opposing the 25-year lease extension of City-owned land to Twin Peaks Petroleum

The voters approved Prop K in 2015 to direct the City to use land for permanently affordable housing. Perpetuating the gas station by Twin Peaks goes against the will of the voters. It also goes against reason. We are suffering through a climate crises, and gasoline powered transportation is the worst offender. We need to create more housing in order to minimize driving. And a gas station in 25 years will be a relic.

I urge you to vote for housing, which means not extending the lease of the Twin Peaks gas station.

Michael Smith

Item 39. 200965 [Real Property Lease - Twin Peaks Petroleum, Inc. - 598 Portola Drive - $200,200 Per Year Base Rent]. Resolution authorizing the lease of real property located at 598 Portola Drive.

Dear President Yee and Hon. Members,

I urge you to approve the above Resolution authorizing renewal of Twin Peaks Auto Care lease. Many Miraloma Park and other local residents, including seniors, depend upon this business for auto care. In addition to being a registered Legacy Business and family-owned, Twin Peaks Auto Care (TPAC) is integral to our community, and its forced closure would be a major and disruptive loss to our residents.

A long-term lease is necessary to enable the owner, Mike Gharib, to absorb the capital costs of replacing the underground tanks by 2025 as mandated by State law. The tanks and other infrastructure can be repurposed to accommodate biodiesel, hydrogen, or other alternative fuels, and in this way, TPAC will help to advance the City's—and State's--goal to achieve zero emissions. Mr. Gharib is already negotiating with operators to install fast-charging stations for electric vehicles.

San Francisco can be a leader in transitioning traditional gas stations into green fueling stations of the future. Please help this valued local business, to transition to green energy and advance the City's—and State's--goal to achieve zero emissions

Sincerely,

Karen Wood

ATTN: Budget and Finance Committee

Subject: File # 200965, Twin Peaks Petroleum, Inc.

Honorable Committee Members,

The Neighborhood Business Alliance is a membership-based 501c6 trade association founded by retailers in the Arab, Asian and Black communities in the Bay Area. We also serve as a technical support and advocacy organization for disproportionately impacted business communities and bring them to the table around local economic policies and beyond. As the small business crisis in San Francisco came to a head, ethnic trade associations, family businesses, and workers joined forces to create a single voice on economic, cultural, and political issues affecting them the most. Although officially formed in 2019, the Neighborhood Business Alliance inherited membership from the Arab American Grocers Association which was born out of the California Farmworker and Produce strike of 1973 in which small grocers held the picket line in solidarity. Today, we represent over 1000 businesses across the State and support grassroot trade associations nationally in community-based solutions facing our neighborhood businesses and the communities around them.

Our members are anchor businesses in their respective neighborhoods, and our aim is to skill-share between businesses to help bring those that are harder-to-reach, into the fold as it pertains to food access and equitable development practices. We are writing in support of Twin Peaks Auto Care, and the renewal of their lease. We are very concerned with the apparent scapegoating of this community serving business as an obstacle to climate change, and encourage the Board to make decisions around City leases and prospective developments, that takes into account the retention of long-standing, essential businesses like Twin Peaks Auto Care. The focus on the individual, the singular business, and the intended headline of “No public leases to Big Oil” further shows that the Board is more interested in a representational show of combatting climate change as opposed to the larger systematic and scaled approaches that yield greater impact. Convenience stores, corner stores, and gas stations serving as essential-businesses have been under constant attack from the City and County of San Francisco during the course of the pandemic, with targeted curfews like the 6th Supplemental Health Order, that have forced shut downs of our businesses with police force and no prior notice. Our businesses are on the front lines serving essential customer needs daily, yet our elected leaders have shown a constant disregard for this labor and the role we play in the reproduction of a healthy, functioning society and economy. We hope that this business will be supported in a compromise that will work for the neighborhood that they serve.

Thank you.

Neighborhood Business Alliance Executive Board

ATTN: Budget and Finance Committee

Subject: File # 200965, Twin Peaks Petroleum, Inc.

Honorable Members of the Board,

The Arab American Grocers Association represents over 400 small family owned retailers in San Francisco. Policies taken by the City and County of San Francisco have created an uphill battle for our small businesses to stay open, facing increased fees, taxes, reduction of inventory and pressures due to rising rents. We cannot compete with formula retailers that can buy in bulk and cumulatively. We are the last frontier of businesses that serve the community directly and are accessible spaces for everyone.

We are writing this letter in support of the Gharib family and their business Twin Peaks Auto Care. The overt tone of the BOS vote and subsequent media around this lease renewal have proven once again, small, immigrant-owned businesses who hold regulatory licenses are dehumanized and treated as threats to the community rather than the community-serving businesses they are. We are appalled by the lack of meaningful solutions presented to the business from the beginning, and hope that any current recommendations for incorporating alternative fuel models, etc. are in good faith and the business continues to have a seat at the table. The business has made considerable investments and tenant improvements and is committed to working with the City on improved compliance measures. This business is an independent, minority-owned and official Legacy Business with good standing in a program authorized by the voters of San Francisco. This should not be diluted into the “with us or against us affordable housing” arguments we see too often in the Bay Area, as small businesses are some of the largest proponents of new and mixed-income and affordable housing that bring more foot traffic to our corridors. However, given a large portion of our independent family-owned and legacy businesses are in single story sites, they are prone to eviction, and frequent targets of developers and City programs that incentivize development on “soft-sites”. We urge the Board of Supervisors to find collaborative solutions to increasing the housing stock in our City that allows for community-serving businesses to retain a brick and mortar presence in our City and in commercial leases.

Thank You.

Best,

Arab American Grocer Association (AAGA) Executive Board

RE: File # 200965, Twin Peaks Petroleum, Inc.

Honorable Board of Supervisors:

The California Hydrogen Coalition (CHC) writes to express support for the role that fueling stations play in the transition to zero emission vehicles in California.

The mission of CHC is to enable California's transition to zero emission vehicles by expanding the availability of reliable, convenient and affordable hydrogen fueling to support the state's emission reduction goals.

As you are well aware, California has significant climate related goals, including goals to deploy five million zero emission vehicles by 2030, to increase zero emission vehicle infrastructure deployment, including the installment of 200 hydrogen-fueling stations by 2025, and most recently to end the sale of new gas powered vehicles by 2035. CHC is committed to being an active participant in the reaching the state's goals.

That said, CHC strongly believes that supporting the development of hydrogen fueling stations, often minority owned, in turn supports the transition to an electric vehicle future and provides reliability to Californians throughout the state that might not otherwise have access to clean vehicle technologies.

As alluded to earlier, in California's transition to a clean energy future, it is important that we support stations that have the capacity an willingness to make the transition to cleaner fueling options, such as hydrogen fuel, so that we can provide greater access to Californians and support clean technology markets.

If the Board of Supervisors would like to use CHC as a resource, please do not hesitate to contact us.

Sincerely,

Teresa Cooke
Executive Director, California Hydrogen Coalition

Hi,

I just found out about the possible closure of the gas station on Portola/Woodside over a lease dispute. PLEASE!!! Don't shut down my gas station! They are hard enough to find, but this one also sells propane, and the location can't possibly be well suited--or the tainted land--for anything else. It is extremely convenient to the neighborhoods, however.. I don't understand why the City is so intent on picking on every small business, when small business has a hard enough time! And--they take care of us citizens!

Please, common sense! Save this station.

Hi,

I just found out about the possible closure of the gas station on Portola /Woodside due to the owner wanting a longer lease. PLEASE!! Don't shut down my gas station! First, gas stations are becoming difficult to find, and one that sells propane tanks to boot! Why is the City so intent on shutting out small business owners everywhere AND ruining the quality of life for the citizens?!

Common sense please! Extend the lease if that is what is needed.

Thank you,

Item 39. 200965 [Real Property Lease - Twin Peaks Petroleum, Inc. - 598 Portola Drive - $200,200 Per Year Base Rent]. Resolution authorizing the lease of real property located at 598 Portola Drive.

Dear President Yee and Hon. Members,

I urge you to approve the above Resolution authorizing renewal of Twin Peaks Auto Care lease. Many Miraloma Park and other local residents, including seniors, depend upon this business for auto care. In addition to being a registered Legacy Business and family-owned, Twin Peaks Auto Care (TPAC) is integral to our community, and its forced closure would be a major and disruptive loss to our residents.

A long-term lease is necessary to enable the owner, Mike Gharib, to absorb the capital costs of replacing the underground tanks by 2025 as mandated by State law. The tanks and other infrastructure can be repurposed to accommodate biodiesel, hydrogen, or other alternative fuels, and in this way, TPAC will help to advance the City's—and State's--goal to achieve zero emissions. Mr. Gharib is already negotiating with operators to install fast-charging stations for electric vehicles.

San Francisco can be a leader in transitioning traditional gas stations into green fueling stations of the future. Please help this valued local business, to transition to green energy and advance the City's—and State's--goal to achieve zero emissions

Sincerely,

Karen Wood
Miraloma Park
District 7

Subject: Twin Peaks Gas Station Lease

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

As a 25 year Midtown Terrace resident and homeowner, I ask the Board to extend a new long term lease to the Twin Peaks gas station, in order to ensure that this family owned legacy business can remain open, and continue to serve its many loyal customers from Midtown Terrace, as well as the surrounding neighborhoods of Diamond Heights, Miraloma Park, Forest Hill, and Forest Hill Extension, and the countless drivers who stop here daily from other parts of the city.

The owner is facing a mandated replacement of the fuel tanks, which will not be financially feasible if he can not recover the costs over time. Additionally, I understand that the owner is actively pursuing the installation of fast charge electric charging stations, as well as other alternative fuel options in order to meet the needs of our changing fuel needs.

This is an important and necessary business that is an integral provider of fuel and vehicle repair services, in a city where these types of businesses are disappearing.

Please help your constituents by saving this business.

Thank you.

Brian McDermott

Subject:	(Supervisor Yee and Joe Bravo Ignore the Ostrich) — My New Article: "Laguna Honda Hospital: Inappropriate Site for Senior Housing ... Isolating Seniors Is Inhumane"
Date:	Thursday, October 8, 2020 9:54:00 PM
Attachments:	Laguna_Honda_Inapproriate_Site_for_Senior_Housing_20-10-07.pdf

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My new article ("***Laguna Honda Hospital: Inappropriate Site for Housing — Isolating Seniors Is Inhumane***") is now available on my web site at www.stopLHHdownsize.com and is "in-press" at the *Westside Observer* newspaper web site. A printer-friendly PDF file is attached.

Ostrich's 20–20 Vision? Even a myopic ostrich searching for a sand dune on Laguna Honda Hospital's campus to bury its head in can see the site is an inappropriate location for senior housing. Why can't Supervisor Norman Yee and his legislative aides see that?

On February 8, 2020 Midtown Terrace homeowners Timothy and Anne Poirier — who live near Laguna Honda Hospital's campus — wrote to Mayor Breed and Supervisor Yee, saying "*neighbors surrounding the proposed site have not received any formal notification of the*

proposed plans." Yee's housing proposal has languished for over four years since 2016, but the Poirier's were clearly frustrated they've received no notice about the project.

The Poirier's were also concerned about the size of the project, writing the "*… proposed 250 apartments is an enormous project totally out of scale with the surrounding neighborhoods*."

Now eight months after writing to Breed and Yee the Poirier's have probably still not received any notice and may be unaware the "*massive*" 250-unit project has mushroomed to 375 units.

Yee pitched a proposal to the Mayor's Office of Housing and Community Development (MOHCD) in March 2018 to build 160 units of senior housing on Laguna Honda Hospital's (LHH's) campus. MOHCD promptly shot down Yee's proposal, saying LHH's campus "*wasn't big enough*" for 160 units.

Like a dog with a bone — or an ostrich in search of a sand dune — Yee pressed ahead, pushing his housing proposal. News quietly surfaced on July 7 that Mercy Housing California has been chosen as the developer for the LHH housing project, after Mercy proposed building up to 375 units; MOHCD has kept the news quiet and it hasn't been covered by our local major news media.

Yee's pitch to place housing on LHH's campus has been a terribly misguided idea from the very beginning. The site is totally inappropriate for senior housing. Here's why:

- **Eliminates Future Expansion of the Hospital for Surge Capacity:** The spots where Yee envisions placing housing on are the last two large pieces of undeveloped land on LHH's campus for construction. If Yee succeeds in placing senior housing on either or both spots, it will permanently impede the City's ability to build out additional medical facilities on LHH's campus as the City's elderly population increases to address hospital surge capacity citywide.

  Any so-called "extra" land zoned for hospitals like LHH should be used to meet the need more permanent acute-care hospital and skilled nursing bed capacity, rather than doing a land grab for housing on public land.

- **Lack of Neighborhood-Serving Retail:** There's absolutely no neighborhood-serving retail within an eight-block radius of the campus. After hiking three- to four-blocks down the hills to get off the campus, the closest grocery store and pharmacy — Mollie Stone's and CVS — are on Portola Drive, at least an eight-block walk up steep hills.

- **Transportation and Parking Impacts:** The proposed housing project will affect both transportation and traffic flow in the surrounding neighborhoods, and also exacerbate problems with parking on campus. In addition to adding 375 (or more) people in the proposed housing, the Department of Public Health announced in June 2018 it would renovate LHH's old "M" and "O" patient "*finger wings*" into administrative offices for up to 480 DPH employees being relocated from the Civic Center area, funding the project by issuing $60 million in *Certificates of Participation* (COP's).

  Obviously, adding almost 500 more employees, plus 375 seniors, to the campus will affect transportation in the neighborhoods, and on-campus parking, in part because Yee's project also proposes a childcare center for an unknown number of preschoolers and an outpatient Adult Day Health Care (ADHC) facility on the campus for an unknown number of patients

needing daily healthcare. Both the preschoolers and the ADHC patients will increase drop-off and pick-up transportation in the neighbrhoods twice daily.

This article goes into details about how the scope of the finger-wings renovation has mushroomed, pushing the budget for needed COP funding for the same project to $84 million. The COP's require approximately $52.4 million in interest payments, pushing the LHH renovation to a total price tag of $136.4 million.

- **Plan to Avoid an EIR or CEQA Review:** MOHCD and the Department of Public Health are hoping to shoehorn the 375-unit housing project onto the EIR conducted in 2002 for the rebuild of LHH's replacement hospital to prevent having to perform another CEQA review. Adding a minimum of 875 more people to the campus every day can't possibly ***not*** have an impact on the environment and transportation in surrounding neighborhoods.

  MOHCD believes an additional CEQA review or a new EIR are unneccessary.

- **Proposed Housing Site Is Even More Isolated:** Over 30% of patients cannot comfortably walk more than one block up a steep hill. 85% of patients have at least one symptom impacting their ability to walk. 26% of patients reported using at least one assistive device (cane, walker, wheelchair, etc.).

  Placing he proposed housing on LHH's northwest parking lot will double the walking distance to the housing units. Illustrations in this article show the campus isn't walk-friendly for the elderly and disabled.

  Given LHH's steep and variable topography and elevation, I have to wonder if it ever occurred to Supervisor Yee he should consider whether the elderly he wants to housing create for on LHH's campus can comfortably walk more than one block up LHH's very steep hills.

- **Little Flat Land and Steep Ravines:** There is next to no flat land remaining on the LHH campus, which has largely already been built out. The large swaths shown in two campus maps are actually heavily forested open space land riddled with steep ravines that form the Laguna Honda Trails encircling the campus. You can't build housing in steep ravines.

Joe Bravo Ignores Project Scope Creep

- On January 6, 2020 the *San Francisco Chronicle* reported that Joe Bravo, a prominent Forest Hill neighbor, supports Yee's LHH housing proposal, quoting Bravo as saying the LHH housing [would be] "*on a **level surface, not on a hill**," "That is a proper place for it and a **proper use of land** at Laguna Honda Hospital*," *a*nd "*It's **less isolated** than the other project [the Forest Hill Christian Church site at 250 Laguna Honda Boulevard] would have been*."

  Bravo could not be more wrong about the LHH campus being "less isolated." Placing housing on LHH's campus is ***more*** isolated, not less isolated, given the increased elevation and site terrain, and the long distance to cross the campus to any housing. "*Proper*" use of the land should be restricted to medical facilities, not housing.

  Bravo may not be endowed with *spatial thinking* when it comes to the location of the proposed housing sites. The site Yee is proposing for housing on LHH's campus at 350

Laguna Honda Boulevard is almost parallel to the Forest Hill Church site at 250 Laguna Honda Boulevard. And he ignores the 100-foot-plus increase in elevation definitely makes Yee's proposed site more, not less, isolated.

- The Forest Hill Church project proposal was initially presented to District 7 Supervisor Norman Yee as a *50-unit* project, but it inexplicably grew without warning to a *150-unit* project, catching even Yee off guard. MOHCD ended up completely scrapping that project in 2018 due to seismic safety concerns and associated abatement costs.

  Six days after the Forest Hill Church site was scrapped, Yee's office pitched a formal written proposal to MOHCD for a 160-unit, six-story building on LHH's campus, which MOHCD rapidly rejected as too big. When the *Chronicle* quoted Bravo in January 2020 MOHCD claimed it was seeking to build "*about*" 250 housing units on LHH's campus. When MOHCD's selection panel finally interviewed bidder proposals in early March 2020 and selected Mercy Housing, the scope of the project grew to 375 units and proposed up to three seven-story buildings.

An Elephant in the Room: No Price Tag

- We haven't been told what the full price tag is. Back on March 5, 2019 MOHCD's then-director, Kate Hartley, prepared a back-of-an-envelope estimate, estimating Yee's proposal would cost $224.9 million. Unfortunately, Hartley's calculations were based on just 250 independent senior housing units, 30 RCFE beds, a childcare center, and an Adult Day Health Center, plus a 15% contingency of $29.3 million.

  But the project has mushroomed to 300 independent senior housing units (not 250), 75 RCFE beds (not 30), plus the childcare and ADHC components. Using her formulas, the now combined 375 units increases projected cost estimates by $60.6 million, to a total of $285.6 million.

- Both Yee and MOHCD have failed to date to identify what funding source(s) are being considered. One prominent Midtown Terrace homeowner believes Yee hopes to use $100 million from the $600 million *2019 Affordable Housing Bond*, which opens up a completely different can of worms about why 300 residential units are being reserved for a single supervisorial district (D7), rather than smaller projects scattered throughout all City neighborhoods.

No Community-Driven Input and Review

- Yee's community outreach to date on his housing proposal is completely nonexistent, and pathetic. There has been nothing *transparent* about his proposal since Yee first pitched it back in March 2018.

- Yee organized, scheduled, and held two small-group meetings with only neighbors in the Forest Hill, Forest Hill Extension, and Midtown Terrace neighborhoods to solicit initial responses to his continuum of care concept in the "*vicinity of Laguna Honda Hospital*." The meetings were apparently held on May 24, 2019 and August 6, 2019 prior to release of MOHCD's RFQ. The two meetings were reportedly by-invitation-only, not open-to-the-public meetings. Yee's office indicated the meeting attendees included Fr. Mesrop Ash, Evernease McKnight, Walter Caplan, Dena Williams, George Wooding, Andrew Sparks, Dave Yoo, Peggy de Silva, and Janis and Frank Lee. (But not the Poirier's.)

- Yee claims he addressed five other organizations held between December 2018 and January 2020 before news surfaced in July 2020 the project has grown to 375 units. Those meetings also appear to have been invitation-only meetings targeted to their members, not members of the general public.

- There also have been zero public hearings before the full Board of Supervisors or before San Francisco's Public Health Commission (which essentially owns LHH's land) during the past two-and-a-half years, and neither the Board nor the Commission have approved Yee's hairbrained proposal to build housing on LHH's campus. Both approvals are required.

- Yee managed to *hand-pick* and *stack* MOHCD's selection panel by including two District 7 neighborhood residents — Walter Caplan, to represent the Forest Knolls Neighborhood, and Dave Yoo, to represent the Forest Hills Homeowners Association. No other community members were chosen from other neighborhoods across San Francisco. Caplan and Yoo had to have known from the bidder interviews in March 2020 Mercy Housing had proposed 375 units of housing.

Finally, the six candidates running to replace Yee as D7 Supervisor appear to have agreed developments that change neighborhoods for generations to come deserve robust community-driven review. But there have been zero community-driven reviews to date.

Will there ever be robust community review of Yee's housing proposal? Or will ostrich's like Yee and Bravo rule the day?

October 2020

Isolating Seniors on Northwest Parking Lot Is Inhumane

Laguna Honda: Inappropriate Site for Housing

by Patrick Monette-Shaw

In order to slow the spread of COVID in our beloved City nursing home and protect its residents, Laguna Honda Hospital's entire campus — including its hiking and dirt bike trails system encircling the campus — has been locked down to members of the public and under quarantine for nearly seven months, since March 6, due to the coronavirus pandemic. Visitation to patients remains a huge problem.

Ostrich's 20–20 Vision? Even a myopic ostrich searching for a sand dune on Laguna Honda Hospital's campus to bury its head in can see the site is an inappropriate location for senior housing. Why can't Supervisor Norman Yee and his legislative aides see that?

Is LHH really a good spot to build senior housing at? If housing is added to the campus, how long will it take before the housing, too, is quarantined in the next inevitable pandemic?

Thirty months ago, Supervisor Norman Yee pitched a proposal to the Mayor's Office of Housing and Community Development (MOHCD) in March 2018 to build 160 units of senior housing on Laguna Honda Hospital's (LHH's) campus.

> **"News surfaced on July 7 the developer chosen has proposed 375 housing units for LHH. Even a myopic ostrich can see LHH's campus is inappropriate for 375 senior housing and assisted living units."**

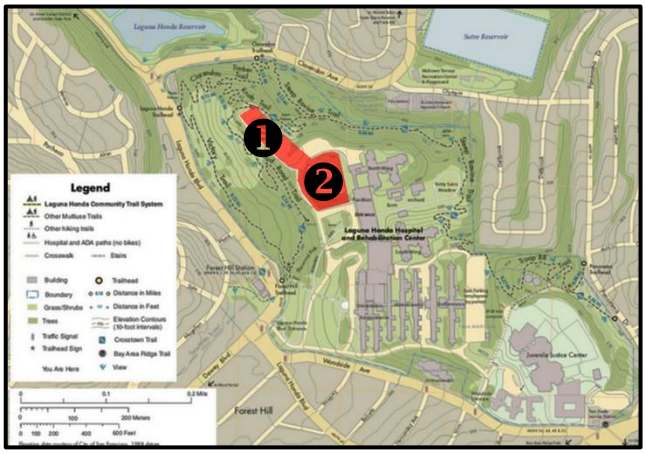

MOHCD promptly shot down Yee's proposal, saying LHH's campus "*wasn't big enough*," as I wrote in July 2018. Indeed, the Assisted Living Workgroup of the so-called *Long-Term Care Coordinating Council* (LTCCC) — created by then-Mayor Newsom to guide the development of development of an integrated system of home, community-based, and institutional long term care services for older adults and adults with disabilities — appears to oppose Yee's LHH housing proposal. The LTCCC prefers smaller six-bed facilities spread throughout the City, not "*Monster-in-the-Mission*"-sized developments.

> **"Supervisor Yee's pitch to place housing on LHH's campus has been a terribly misguided idea from the very beginning."**

Like a dog with a bone — or an ostrich in search of a sand dune — Yee pressed ahead, pushing his housing proposal. At long last, news quietly surfaced on July 7 that Mercy Housing California has been chosen as the developer for the LHH housing project, after Mercy proposed building up to 375 units of independent housing and assisted living units on LHH's campus. Few San Franciscans have heard that Mercy Housing was chosen, because MOHCD has kept the news quiet and it hasn't been covered by our local major news media.

If LHH was too small for 160 units, how is it now suddenly big enough for up to 375 units?

Several hurdles remain. The first hurdle is that MOHCD admits Mercy hasn't yet demonstrated or proven the entire project — including the independent senior housing units, separate assisted living units, a childcare center, and an Adult Day Health Center (ADHC) — is financially feasible, which project bidders had known all along is ***the*** key requirement. As of July 17, Mercy hadn't submitted a financial feasibility analysis. What's taking Mercy so long?

Another Look: Another map of LHH more clearly illustrates the last two remaining spaces on the campus not yet built out (highlighted in red shading); the dark green shading is largely steep ravines along the Laguna Honda Trails inside the dashed borders.

Multiple Reasons Why LHH Is an Inappropriate Site

As I wrote in May 2020 (and said long before), I have thought all along Yee's pitch to place housing on LHH's campus was a terribly misguided idea from the very beginning. Illustrations in this article are worth a 1,000 words, showing why LHH is the wrong place for Yee's housing project.

While LHH is touted as having a 62-acre campus, there's actually very little land that could be pressed into service for housing. Take a good close look at the map of LHH's campus, to the right. Essentially, only two spots on the campus are viable for construction, both on the northwest side of the campus, because most of the campus has already been built out for the replacement hospital completed in 2010. Many of the old hospital buildings that had been slated for demolition were never torn down. They were repurposed, instead, into being office spaces for the Department of Public Health, despite not being seismically safe and riddled with asbestos.

"Only two spots on the campus are viable for construction, both on the northwest side of the campus, because most of the campus has already been built out."

There are many more reasons why the housing proposed for LHH's campus is inappropriate.

Eliminates Future Expansion of the Hospital for Surge Capacity

The spots where Yee and MOHCD envision placing housing on LHH's campus are the last two large pieces of undeveloped land on the campus for construction. If Yee succeeds in placing senior housing on the same spot as the 420-bed skilled nursing tower that was eliminated due to cost overruns on the LHH replacement facility rebuild, it will permanently impede the City's ability to build out additional medical facilities on LHH's campus as the City's population increases to address hospital surge capacity citywide.

"If Yee succeeds in placing senior housing on the same spot as the 420-bed skilled nursing tower that was eliminated, it will permanently impede the City's ability to build out additional medical facilities on LHH's campus to address hospital surge capacity citywide."

As it is, San Francisco is woefully short of skilled nursing facilities (SNFs) as our population continues to age. Since 2006, when the LHH rebuild project began and the 420 SNF beds were eliminated due to cost overruns, hospitals across the City have discharged over 1,722 patients to out-of-county facilities because of our severe shortage of SNF beds in-county. Those folks were disenfranchised, not re-integrated into their San Francisco communities. If anything, LHH's campus should be used to build out the 420-bed SNF tower eliminated, to stop the massive out-of-county patient dumping, not housing.

"Since 2006, hospitals across the City have discharged over 1,722 patients to out-of-county facilities because of our severe shortage of SNF beds in-county. If anything, LHH's campus should be used to build out the 420-bed SNF tower eliminated, to stop the massive out-of-county patient dumping."

In addition, if housing is placed on the site of the northwest parking lot, it would remove a 145-car parking lot for staff and visitors, which may well lead to the City having to build a replacement parking garage on the remaining parking lot located on the far east side of the campus at the rear of the hold hospital (sometimes referred to as the M-5 parking lot) to accommodate both LHH staff, and visitors to both the hospital and the housing units.

Any so-called "extra" land zoned for hospitals like at LHH should be used to meet the need for long-term care beds by building out more permanent acute-care hospital and skilled nursing bed capacity — or temporary hospital facilities — rather than doing a land grab for housing on public lands to create legacies for outgoing politicians like Mr. Yee.

Lack of Neighborhood-Serving Retail

There's absolutely no neighborhood-serving retail within a two-block radius of the Laguna Honda Hospital campus, or even an eight-block radius. After hiking three to flour blocks down the hills to even get off of LHH's campus and perhaps over to the Forest Hill MUNI station, there are no retail shops anywhere close to the campus. The two or three restaurants at the bottom of the hill near the campus typically close early each evening — assuming they are still in business after COVID.

Neighborhood-Serving Retail: The closest retail stores to the proposed housing at LHH are in the Tower Market strip mall on Portola Drive at Teresita Boulevard with a Mollie Stone's grocery store and a CVS pharmacy, but little else in the way of retail. It's about eight blocks away from the LHH campus, all up steep hills.

The closest grocery store and pharmacy — Mollie Stone's and CVS — are on Portola Drive, at least an eight-block walk up steep hills, and difficult to access by public transportation.

It's not as if neighborhood-serving retail is going to come to the area any time soon, or ever, since it's an enclave of singe-family homes.

> **"There's absolutely no neighborhood-serving retail within an eight block radius of LHH's campus. After hiking three to flour blocks down the hills to get off of LHH's campus, the closest grocery and pharmacy are at least an eight-block walk up steep hills to Portola Drive."**

Inadequate Public Transportation

It's unclear if MOHCD had concerns about the lack of transportation when it turned Yee down the first time in 2018, and it's also unclear whether public transportation will be studied fully before building housing on LHH's campus.

Laguna Honda Hospital operates and funds a wheelchair accessible shuttle van using hospital employees to provide transportation for hospital employees and visitors between the Forest Hill MUNI Station and the hospital's main entrance in its new Pavilion building. Problem is, the shuttle van only operates five days a week, every 30 minutes between 6:30 a.m. and 6:00 p.m., leaving employees, patients, and visitors without a transportation van on weekends and during evening hours.

> **"The shuttle van only operates five days a week, every 30 minutes between 6:30 a.m. and 6:00 p.m., leaving employees, patients, and visitors without a transportation van on weekends and during evening hours."**

Transportation and Parking Impacts

The proposed housing project is a second construction project for LHH's campus that will affect both transportation and traffic flow in the surrounding neighborhoods, and also exacerbate problems with parking on the campus.

My July 2018 article announced that while researching the LHH housing project I unexpectedly stumbled across news hiding in public records that rather than demolishing the old "*finger wings*" at the rear of the old main hospital, the Department of Public Health produced records in June 2018 announcing it would renovate LHH's old "M" and "O" patient "*finger wings*" into administrative offices for up to 480 DPH employees being relocated from the Civic Center area, funding the project by issuing $60 million in *Certificates of Participation*, which don't require voter approval but do require being repaid with interest on the principal. Construction was anticipated to start in 2020 and be completed by mid-2021.

> **"I unexpectedly stumbled across news hiding in public records in July 2018 that the Department of Public Health planned to renovate two of LHH's old '*finger wings*' into administrative offices for up to 480 DPH employees being relocated from the Civic Center area by issuing $60 million in *Certificates of Participation*."**

Of interest, the two buildings are 82- to 90-years-old, originally built in 1930 and 1938, and require seismic retrofitting. The two buildings had previously been targeted for complete asbestos and hazardous materials abatement before being completely demolished. Along came COVID-19 and the renovation of the two buildings hasn't started, now nine months into the year.

Obviously, adding almost 500 more employees to the campus will affect transportation in the neighborhoods, and on-campus parking.

If the three seven-story building housing project is placed on both of the so-called "alternative" spots on the campus — on the Northwest Parking Lot — and on the initial "oval" lot proposed, it will remove approximately 145 parking spaces on LHH's campus. Where will all of those cars for staff and visitors park?

> **"Adding almost 500 more employees to the campus will affect transportation in the neighborhoods. If the three seven-story building housing project is placed on both of the so-called 'alternative' spots on the campus, approximately 145 parking will be removed."**

In addition, Yee's senior housing proposal seeks to build a childcare center for an unknown number of preschoolers being dropped off, and an outpatient Adult Day Health Care (ADHC) facility on the campus for an unknown number of patients needing daily healthcare, both of which will increase drop-off and pick-up transportation for the kids and the elderly, daily.

Massive COP Funding Increase

When the Health Department first announced in July 2018 the renovation of LHH's old patient wings into office space, the project was pegged at $60 million. That price tag didn't last long.

A City Controller's memo dated August 31, 2020 surfaced recently, showing the price tag of the COP's for the LHH office conversion project had jumped to at least at least $73 million, if not higher due to financing costs, plus interest on the principal amount.

"A City Controller memo dated August 31, 2020 surfaced showing the price tag for COP's of the LHH office conversion project had jumped to at least $73 million."

The new report said the project had been switched to the "K" and "M" finger wings. A subsequent records request uncovered that during the past two years the City fretted that it would lose a potential new site for future additional development on the campus using the location of the "L" and "O" finger wings. Wanting to preserve the "O" wing for potential demolition for future development or other re-use, the City switched the COP's to renovating the "K" and "M" wings. (Again, take another look at the illustration at the top of this article, showing the four wings labeled in red circles on the lower right-hand side.)

As designs progressed, structural engineering consultants informed the City that seismic renovation of the "M" wing was somehow tied structurally to the "O" wing. That delay tacked on $13 million, pushing costs from $60 million to $73 million.

During this two-year delay, Department of Public Works staff also realized the project could not simply replace *selective* windows — apparently included in the initial $60 million budget — but *all* windows would need to be replaced to meet the goal of a "*natural ventilation* "system. DPW also identified additional seismic upgrades are necessary, and full hazardous abatement is required, rather than localized abatement. DPW's concerns tacked on an additional $11 million, pushing the budget for needed COP funding for the same project to $84 million, plus interest, across just two years, which represents a 40% change increase since 2018.

"During this two-year delay, Department of Public Works staff realized the project has to replace *all* windows, additional seismic upgrades are necessary, and full hazardous abatement is required, rather than localized abatement. DPW's concerns tacked on an additional $11 million, pushing the budget for needed COP funding for the same project to $84 million."

As a result, the Controller's August 31 memo indicated the project had been forced to revert back this September to the "M" and "O" finger wings, as initially envisioned.

Turns out, the pro-rata share apportionment of interest on the COP's just for the LHH renovation portion of the larger DPH *Exit Strategy* project will require approximately $52.4 million in interest payments, pushing the LHH renovation to a total price tag of $136.4 million.

"Interest on the COP's for the LHH renovation project requires approximately $52.4 million in interest, pushing the total price tag to $136.4 million."

Since I used to work in LHH's "K" wing for a decade, I can vouch for just how worried rehabilitation and other medical clinicians (and I) were about the *friable* asbestos throughout the building, even lurking in the radiator system.

All of those wings were to have been fully abated, and then completely torn down as part of the initial LHH rebuild project that opened in 2010, but the abatement and demolition were eliminated from the rebuild project due to massive cost over-runs!

"Those wings were to have been fully abated and then completely torn down, but the abatement and demolition were eliminated from the rebuild project."

Indeed, the original budget for the LHH replacement hospital was just $401 million, including abatement and complete demolition of the finger wings. But massive costs over-runs by DPW and the construction manager — Turner Construction and Anshen + Allen — resulted in $195 million in cost over-runs, pushing the LHH replacement hospital project budget to $596 million.

Adding the now $136.4 million in principal and interest on COP's to renovate just the "O" and "M" wings to the $194 million in costs over-runs effectively pushes the total cost over-runs for the complete LHH rebuild to a staggering $330 million. That $330 million could have fully-funded building the 240-bed patient tower eliminated before 2010.

"Adding the now $136.4 million in principal and interest on COP's to renovate just the 'O' and 'M' wings to the $194 million in costs over-runs effectively pushes the total cost over-runs for the complete LHH rebuild to a staggering $330 million. That $330 million could have fully-funded building the 240-bed patient tower eliminated before 2010."

On December 4, 2007 San Francisco's Health Commission adopted a resolution urging acceptance of a report that 240 units of assisted living be built as a *Residential Care Facility* (RCFE) for the Elderly on LHH'S campus on the exact same spot as the "K," "L," "M," and "O" wings, and that "*the buildings should be constructed as [soon as] financing becomes available*." But over the past 13 years, neither the City nor the Heath Commission has lifted so much as a pinky finger to identify sources of funding for the assisted living units.

Rather than spending $136.4 million to renovate the two 90-year-old buildings, wouldn't it make more prudent fiscal sense to demolish both of the two wings completely, and dedicate that $136.4 million toward new buildings that could last for another 90 years? This a prime example of why COP-funded projects are so bad for San Franciscans, which should be funded by capital improvement funds from the General Fund.

"Rather than spending $136.4 million to renovate the two 90-year-old buildings, wouldn't it make more prudent fiscal sense to demolish both wings completely, and dedicate that $136.4 million toward new buildings that could last for another 90 years?"

Plan to Avoid an EIR or CEQA Review

As I've also previously written, MOHCD and the Department of Public Health are hoping to shoehorn the 375-unit housing project onto the EIR conducted in 2002 for the rebuild of LHH's replacement hospital to prevent having to perform another CEQA review. In addition, there's the increase of almost 500 additional DPH employees to office space on LHH's campus.

Adding a minimum of 875 more people to the campus every day can't possibly ***not*** have an impact on the environment and on transportation in the surrounding neighborhoods.

"MOHCD and the Health Department are hoping to shoehorn the 375-unit housing project onto the EIR conducted in 2002 to prevent having to perform another CEQA review. Adding a minimum of 875 more people to the campus can't possibly *not* have an impact on the environment."

Proposed Housing Site Is Even More Isolated

The Department of Public Health completed a transit analysis in 2014 to give San Francisco neighborhoods an average "health facility transit score." Transit service areas were defined by (1) Total trip time to a health facility is less than 30 minutes, (2) No walking portions of the trip are over a quarter of a mile, and (3) There is not more than one transfer between transit lines. The Potrero Hill Health Center (PHHC), a safety net clinic serving primarily low-income residents, was one of the facilities surveyed to assess the extent that transportation barriers impact patients' access to the clinic and health outcomes.

Among other things, the survey found:

- Over 30% of PHHC patients cannot comfortably walk more than one block up a steep hill.
- 85% of patients have at least one symptom impacting their ability to walk (back pain, shortness of breath, pain in legs or feet, balance problems, chest pain, etc.).
- 26% of patients reported using at least one assistive device (cane, walker, wheelchair, white cane, crutches, braces).

"Over 30% of patients can't comfortably walk more than one block up a steep hill. 85% of patients have at least one symptom impacting their ability to walk. Take a good look at the illustrations. LHH's campus isn't walk-friendly for the elderly; placing the housing on the northwest parking lot will double the walking distance to the proposed housing."

- 58% of survey respondents reported spending more than 30 minutes of travel time to the clinic.

- Compared to patients at higher income levels, the lowest income patients who reported the most mobility limitations were more likely to cite public transportation as a barrier to receiving care, causing them to miss appointments or go without health services.

Take another good look at the illustrations in this article. The campus isn't walk-friendly for the elderly and disabled.

The pink, blue, red, and dark green lines represent sidewalk areas on the campus. As the drawing illustrates, placing the housing on either of the two potential sites will double the distance MUNI riders will face climbing the ADA sidewalk up the hill to LHH, and will significantly increase transportation barrier impacts on patients' access to the housing. This bears repeating: Placing the housing on LHH's northwest parking lot will double the walking distance to the proposed housing.

"Given LHH's steep, variable elevation and topography, I have to wonder if it ever occurred to Supervisor Yee that he should consider whether the elderly can walk more than one block up LHH's very steep hills — all uphill."

The red line in the illustration is the ADA sidewalk built during the 2010 LHH rebuild only to the entrance of the new hospital, which is thought to be ¼-mile long. The red segment has a barely ADA-compliant sidewalk only up the lower half of LHH's front lawn along West Clarendon Road that splits the hillside in half.

The blue and pink lines represent the distance from the entrance of the new hospital to the proposed housing site(s), which currently do not have any sidewalks, let alone ADA-compliant sidewalks.

And if MUNI riders access the LHH campus using the Woodside Avenue and Ulloa Street entrance to the campus using MUNI's #44-O'Shaughnessy bus route, they'll have to ambulate even further (shown by the green line). The green segment between Woodside Avenue and Dewey Boulevard has extremely narrow, decades-old decrepit sidewalks, which are essentially dangerous for people using wheelchairs or walking with canes.

Just like geographic proximity and/or public transit availability to a health care facility is a significant measure of health care access, so too is geographic proximity and public transit availability to senior housing.

Given LHH's steep and variable topography and elevation, I have to wonder if it ever occurred to Supervisor Yee he should consider whether the elderly he wants to housing create for on LHH's campus can comfortably walk more than one block up LHH's very steep hills, since the distance is four or more blocks away — all uphill — from the Forest Hill MUNI station.

Little Flat Land and Steep Ravines

There is next to no flat land remaining on the LHH campus, which has largely already been built out. The large swaths shaded in green in the two campus maps are actually heavily forested open space land riddled with steep ravines that form the Laguna Honda Trails encircling the campus.

Even chopping down the urban tree canopy along the east side of Laguna Honda Boulevard between Woodside Avenue and Clarendon Avenue wouldn't yield space to build housing, because of the steep ravines and slope of the hillsides shown in the photo (courtesy of Hoodline). You can't build housing in steep ravines.

Ravines, Anyone? You can't build housing in ravines like this.

Joe Bravo Ignores Project Scope Creep

On January 6, 2020 the *San Francisco Chronicle* reported that Joe Bravo, a prominent Forest Hill neighbor, supports the resurrection of Yee's LHH housing proposal:

> " '*That is where I think it belongs — on a level surface, not on a hill,' [Bravo] said. 'That is a proper place for it and a* ***proper use of land*** *at Laguna Honda Hospital. It's* ***less isolated*** *than the other project would have been. It's consistent with what we were saying when we opposed' the Christian Church development.*"

"Bravo could not be more wrong about the LHH campus being '*less isolated*,' and placing housing on LHH's campus is a '*proper use*' of the flat land."

Bravo could not be more wrong about the LHH campus being "less isolated," and placing housing on LHH's campus is a "proper use" of the flat land. For one thing, moving the senior housing project from 250 Laguna Honda Boulevard to 350 Laguna Honda Boulevard is ***more*** isolated, not less isolated, given the increased elevation and site terrain, and the long distance to cross the campus to any housing. Bravo also was misleading: The Forest Hill Church site was, in fact, flat land, not "on a hill." Admittedly, there was a steep hill behind that site.

Bravo may not be endowed with *spatial thinking* when it comes to the location of the proposed housing sites. The site Yee is proposing to build the senior housing on the far northwest parking lot on LHH's campus at 350 Laguna Honda Boulevard is almost parallel to the Forest Hill Church site at 250 Laguna Honda Boulevard. Bravo also ignores the 100-foot-plus increase in elevation definitely makes the site for housing on LHH's campus more, not less, isolated.

"Bravo may not be endowed with *spatial thinking* about the LHH proposed housing sites. The site Yee is proposing to build the senior housing on LHH's campus at 350 Laguna Honda Boulevard is almost parallel to the Forest Hill Church site at 250 Laguna Honda Boulevard. Bravo also ignores the 100-foot-plus increase in elevation makes the site for housing on LHH's campus *more*, not less, isolated."

Forest Hill neighbors are clearly sensitive to their image as wealthy single-family homeowners who oppose affordable housing in their neighborhoods. That was hogwash, but they were unfairly criticized as having been solely responsible for the collapse of the proposed 150-unit senior housing project on the Forest Hill Church property at 250 Laguna Honda Boulevard after Yee withdrew his support for that project, now two-and-a-half- years ago on March 8, 2018.

In reality, MOHCD later clarified that neighborhood opposition had no effect on MOHCD's decision to withdraw funding support of the project, and that MOHCD's decision was based entirely on the geotechnical report saying the hillside behind the church posed a danger of homes collapsing down that hillside. MOHCD noted the impact that had on the financial viability of the project.

Within days of withdrawing his support for the Forest Hill Church project, Yee's staff first contacted MOHCD on March 13, 2018 about placing "assisted living" and/or RCFE (*Residential Care Facilities for the Elderly*) units on LHH's campus, just six days *after* MOHCD had ended the 150-unit senior housing project. By May 2018, Yee's office pitched a formal written proposal to MOHCD for a 160-unit, six-story building on LHH's campus, a proposal MOHCD rapidly rejected as to big for LHH's campus.

"By May 2018, Yee's office pitched a formal written proposal to MOHCD for a 160-unit, six-story building on LHH's campus, which MOHCD rapidly rejected.

Bravo seems to have forgotten about, or ignored, the creep in project scope. The *Chronicle* quoted Bravo on January 6, 2020 when MOHCD claimed it was seeking to build '*about*' 250 housing units on LHH's campus."

Bravo seems to have forgotten about, or ignored, the creep in project scope. The Forest Hill Church project proposal was initially presented to District 7 Supervisor Norman Yee as a ***50-unit*** project, but it inexplicably grew without warning to a ***150-unit*** project. When the *Chronicle* quoted Bravo on January 6, 2020 it claimed MOHCD's RFQ was seeking to build "*about*" 250 housing units on LHH's campus.

MOHCD's selection panelists chosen to interview bidders on the LHH Housing RFQ included seven people, including two District 7 neighborhood residents hand-picked by Supervisor Norman Yee — Walter Caplan, to represent the Forest Knolls Neighborhood, and Dave Yoo, to represent the Forest Hills Homeowners Association. No other community members were chosen from other neighborhoods across San Francisco.

"Panelists chosen to interview bidders on the LHH housing included two District 7 neighborhood residents — Walter Caplan and Dave Yoo. No community members were chosen from other neighborhoods across San Francisco.

However, when MOHCD's selection panel finally interviewed bidder proposals in early March 2020 and selected Mercy Housing, public records finally revealed the scope of the project has grown to 375 units. Caplan and Yoo had to have known from the bidder interviews that Mercy Housing had proposed 375 units of housing and was selected as the developer.

Caplan and Yoo had to know from the interviews in March 2020 that Mercy Housing proposed 375 units of housing."

MOHCD confirmed on August 3, 2020 that Mercy's proposal was for up to 300 units for the independent senior housing component of the project plus an additional 75 units for assisted living, for a total of 375 units. Mercy's proposal was "*conceptual*" and has not been finalized, so the total units may increase or decrease depending on available project funding secured, and whether the project demonstrates financial viability.

It's as if Mr. Bravo — and perhaps neighborhoods surrounding LHH's campus — is not at all concerned that the initial 50-unit senior housing proposal pitched to Yee back in 2016 had mushroomed to 160 units in May 2018, and then mushroomed again to 375 units on January 22, 2020, more than septuple the 50 units first pitched to Yee. Mercy's 375-unit sevenfold increase proposal was not made available to members of the public until July 7, 2020, and then perhaps only to this author (me).

"It's as if Mr. Bravo isn't concerned that the initial 50-unit senior housing proposal pitched to Yee back in 2016 mushroomed to 375 units on January 22, 2020. Mercy's proposal was not made available to the public until July 7, 2020, and perhaps only to this author (me)."

Indeed, Mercy submitted a proposal on January 22 to build three, seven-story buildings, using Type III over Type 1 construction. Type III projects are buildings with only fire-resistant exterior walls, and are typically not more than five-story buildings. How has Bravo missed it that the project has evolved from one six-story building, to three seven-story buildings? (An answer to that question may be that MOHCD doesn't seem to have posted the winning bidder's proposal and name on-line as of September 15 and it hasn't been covered in the mainstream media, so perhaps Bravo hasn't heard.)

"Mercy proposed building three, seven-story buildings. Did Bravo miss it that the project has evolved from one six-story building, to three seven-story buildings?

Take another look at the maps, above. It's unlikely three buildings can be squeezed on to just *one* of the two available alternative sites. Both sites may have to be used for a project of this scale.

It's unlikely three buildings can be squeezed on to just ***one* of the two available alternative sites. Both sites may have to be used."**

This calls into question whether Caplan and Yoo have not shared the news the project scope had crept to 375 units with Bravo, George Wooding, and Wooding's Midtown Terrace neighbors Timothy and Anne Poirier, homeowners who live on Olympia Way and who wrote to Mayor Breed and Supervisor Yee on February 8, 2020 that the "*... proposed 250 apartments is an enormous project totally out of scale with the surrounding neighborhoods*."

"This calls into question whether Caplan and Yoo have *not* shared the news the project scope had crept to 375 units with Bravo, George Wooding, and Wooding's Midtown Terrace neighbors Timothy and Anne Poirier."

The Poirier's were clearly frustrated that "*neighbors surrounding the proposed site have not received any formal notification of the proposed plans*." Now eight months after writing their letter, the Poirier's have probably still not received any notice and may be unaware the "*massive*" 250-unit project mushroomed to 375 units.

An Elephant in the Room: No Price Tag

While Yee's housing proposal has been floating around City Hall for now two-and-a-half years, we haven't been told what the price tag is.

Back on March 5, 2019 MOHCD's then-director, Kate Hartley, prepared a back-of-an-envelope estimate. She estimated Yee's proposal would cost $224.9 million, but $32 million in potential tax credits meant the City would only have to identify the remaining $192.9 million to complete the funding package.

> **"The Poirier's were clearly frustrated that the '*... proposed 250 apartments is ... totally out of scale with surrounding neighborhoods*' and '*neighbors surrounding the proposed site have not received any formal notification of the proposed plans*.' They may be unaware the '*massive*' 250-unit project has now mushroomed to 375 units."**

Unfortunately, Hartley's calculations were based on just 250 independent senior housing units, 30 RCFE beds, the childcare center, and the Adult Day Health Center, plus a 15% contingency of $29.3 million. But the project mushroomed to 300 independent senior housing units (not 250), 75 RCFE beds (not 30), plus the childcare and ADHC components.

Using her formulas, the now combined 375 units increases projected cost estimates by $60.6 million, to a total of $285.6 million. Assuming the tax credits stay constant at $32 million, the City will still have to locate $253.6 million to complete the project. Both Yee and MOHCD have failed to date to identify what funding source(s) are being considered, although one prominent Midtown Terrace homeowner believes Yee will use $100 million from the $600 million *2019 Affordable Housing Bond*, which opens up a completely different can of worms about why 300 residential units are being reserved for a single supervisorial district (D7), rather than smaller projects scattered throughout all San Francisco neighborhoods.

> **"We haven't been told what full the price tag is. In March 2019 MOHCD's then-director, Kate Hartley, prepared a back-of-an-envelope estimate. She estimated Yee's proposal would cost $224.9 million for 250 housing units and 30 RCFE beds.**
>
> **Using her formulas, the now 300 housing units plus 75 RCFE beds increases project cost estimates by $60.6 million, to a total of at least $285.6 million."**

No Community-Driven Input and Review

Yee's community outreach to date on his housing proposal is completely nonexistent, and pathetic.

As I have written several times during the past three years, and again in September, there has been absolutely zero community-driven input or review regarding Yee's proposal to build housing on LHH's campus, and there has been nothing *transparent* about it since Yee first pitched his proposal back in March 2018.

> **"Both Yee and MOHCD have failed to identify what funding source(s) are being considered, although one prominent Midtown Terrace homeowner believes Yee will use $100 million from the $600 million *2019 Affordable Housing Bond*, which opens up a completely different can of worms: *Why are 300 residential units being reserved for a single supervisorial district (D7)*?"**

First, another records request revealed Yee organized, scheduled, and held two small-group meetings with only neighbors in the Forest Hill, Forest Hill Extension, and Midtown Terrace neighborhoods to solicit initial responses to his continuum of care concept in the "*vicinity of Laguna Honda Hospital*." The meetings were apparently held on May 24, 2019 and August 6, 2019 prior to release of MOHCD's RFQ. The two meetings were reportedly by-invitation-only, not open-to-the-public meetings. Yee's office indicated the meeting attendees included Fr. Mesrop Ash, Evernease McKnight, Walter Caplan, Dena Williams, George Wooding, Andrew Sparks, David Yoo, Peggy de Silva, and Janis and Frank Lee.

> **"There has been absolutely zero input or community-driven review regarding Yee's housing proposal on LHH's campus."**

Yee claims he addressed five other organizations as part of limited public outreach, which were held between December 2018 and January 2020 before news surfaced in July 2020 that the project has grown to 375 units. Those meetings also appear to have been invitation-only meetings targeted to their members, not members of the general public.

Subject: 27-line restoration to 5th St. route?

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Folks,

The 27 line serves the Univ. of the Pacific DENTAL SCHOOL, on 5th St. ,

between Mission and Howard.

The Dental School accepts "Denti-Cal", meaning

Medi-cal recipients can get FREE basic dental care:

full mouth exam -- tactile and via x-rays,

semi-annual teeth cleaning,

cavity/ caries treatment, including fillings,

AND sliding scale fees for other treatments.

They are now OPEN and seeing patients.

Making this an important "major destination" for people with disabilities.

At a recent Transit Justice mtg. of the Senior & Disability Action agency,

MTA planning staff asked for our opinions.

At that time, we were unaware of the RE-opening of this important service.

BUT, this also raises the question of WHY --and whether --

MTA staff EVER bothered to look at any map of facilities / businesses along 5th St., and

whether MTA staff thought about or were allowed to

contact such services/ facilities, such as this DENTAL School --

whose services are ESPECIALLY responsive to low-income San Franciscans.

[The above analysis / problems is also why

I send this to various media, so media can both:

be informed, and also

consider why MTA seemed clueless in its initial plan/ option

to send the 27 along 7th St. /8th St and away from the DENTAL SCHOOL.]

I send this now, in the hopes that any earlier comments may now include this analysis.

If recipients also want to ask:
How is it that SF is paying planners who have

such poor knowledge of SF facilities, services, and people's needs?
And / or why is it that a person with a disability has to be the mentor to

the entirety of MTA, the MTA board, media, and Mayoral staff?
What does that mean about the level of analysis and quality of insight

of all those who get paid $$$ for services from City Hall ?
Going back to an earlier political contretemps:

WOULD YOU buy a "used car" from any of these people--

* MTA board members

* upper MTA management,

* SF mayoral staff advisers on transportation matters

* SF Supes. who do NOT have a positive history of

accomplished advocacy on behalf of people with disabilities?

Let's hope prudence, if not embarrassment ,

get MTA to actually restore the 27-line to its original 5th st. route.

Subject: Anti-Black Racism Assessment Results - for Board Hearing 10/15

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good evening Honorable Mayor Breed and Supervisors Walton, Ronen, Haney, Peskin, Fewer, Mandelman, and Mar -

Attached, you will find a survey results from a survey that was distributed by the Black Employee Alliance and Coalition Against Anti-Blackness. We are submitting results from this survey that was collected from September 4th, 2020 through October 5th, 2020. The purpose of sharing these results with you is to further corroborate the many issues that were raised two years at the hearings held by the Government Audit and Oversight Committee and larger Board of Supervisors hearings.

The attached presentation outlines survey objectives, format, summary highlights, demographics, as well as survey results presented in narrative form. You will also find a recap of all of the recent articles which have been published regarding corruption at the Department of Human Resources. The BEA would like to ensure you have adequate and ample time to review the survey results before

Thursday's hearing, and to ensure that this information is submitted as a record for this hearing.

While we realize many of our members will take time off from work to participate in these hearings to share experiences as well as share suggestions and recommendations about how to combat anti-Black racism at the City and County of San Francisco, this is a luxury that is not available to some of our members. To that end, we want to ensure the perspectives of those employees are considered also.

If you have any questions, please contact us by replying to this message or call (510) 833-9175.

Best,

Black Employee Alliance and Coalition Against Anti-Blackness

Anti-Black Racism Assessment: Daily/Weekly Harms Caused by Anti-Black Racial Bias & Reinforced White Supremacy Cultural Norms at the City and County of San Francisco

Presented by the Black Employees Alliance and Coalition Against Anti-Blackness

Survey Overview; Objectives; and Review Format

- Survey consisted of 15 questions, a combination of demographic and narrative-based questions about Black employees' experiences with anti-Black racism, racial bias, and White supremacy across various departments within the City and County of San Francisco.
- Collected to provide a mechanism for Black Employees to provide feedback to Mayor London Breed, Board of Supervisors, and other City leadership.
- Survey was sent to more than 500 City and County of San Francisco employees on September 4th ; reflects feedback provided between September 4th and October 5th
- 45 City and County of San Francisco employees responded representing 21 different departments.
- Results presented here reflect summary data for each question as answered by various respondents. Answers reflecting that are color-coded the same and are also in sequential order reflect an answer from the same respondent. For example, slides 20-23 are color coded purple and represent one answer from a single respondent.

Survey Highlights and Summary

- Women made up the majority of survey respondents, representing 28 out of 45 respondents; While men represented 16 of all respondents (one identified as other).
- While most respondents identified as Black, representing over 80% of all survey respondents (38 out of 45), employees identifying in other racial/ethnic categories represented almost 20% of respondents (7 out of 45; 3/White, 2/Hispanic, 2/Asian Pacific Islander)
- Survey respondents represent a diverse group of City and County of San Francisco employees from more than 20 departments, signifying that anti-Black racial bias and racism are both **severe and pervasive** across departments throughout the City and County of San Francisco.
- Narrative data presented within these survey results amplify the disparities revealed within Workforce Demographic data collected by the City and County of San Francisco's Office of Racial Equity.

Survey Respondents' Departments

45 people responded in total, between September 4th and October 5th; from 21 agencies across the City and County of San Francisco

- Airport (SFO)
- Department of Public Health (DPH)
- Department of Public Works (DPW
- Public Utilities Commission (PUC)
- Municipal Transportation Agency (MTA)
- Human Services Agency (HSA)
- Department of Human Resources (DHR)
- Police Department (POL)
- Fire Department (FIR)
- Recreation and Parks (REC)
- Adult Probation (APD)
- Sheriff (SHF)
- Child Support Services (CSS)
- Homelessness and Supportive Housing (HSH)
- Mayor's Office
- Other

TOTAL

Respondents from additional departments included:

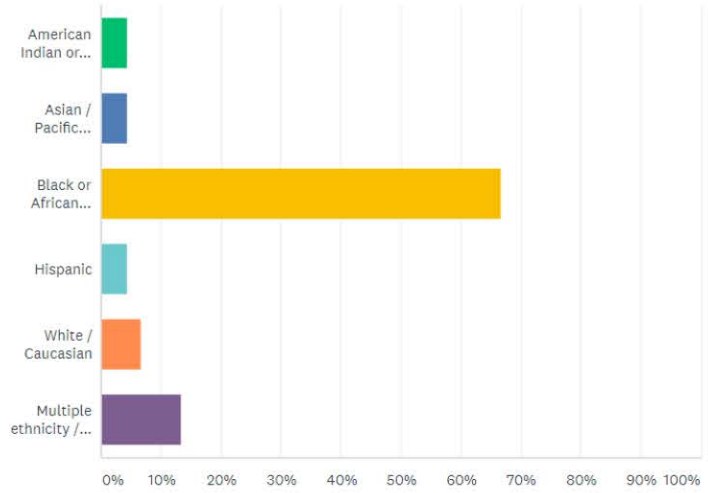

- Office of Economic and Workforce Development
- Office of Early Care and Education
- Family Children Services
- Planning
- Emergency Management
- Juvenile Probation
- Library

Q7

If you identify or mainstream society would classify you as someone with African heritage (i.e. African American, Afro-Latina/Latino/Latinx, Afro-European, Afro-Asian, Afro-Hawaiian, Afro-Cuban, etc.) or Black, please describe how you have experienced and/or witnessed Anti-blackness (anti-black racial bias and racism in your department.

Q7 Answers (1 of 2)

- As a PST, via workforce while on public assistance for the first time and going through major hardship, I was miraculously, placed and welcomed with open arms at OECE. Although I was only paid minimum wage for 32hrs/wk. I was willing to accept scraps, given my dire situation. At the time we were in crisis dealing with homelessness and facing an illegal retainer, imposed upon us by our housing property manager of over 15 years, who was trying hard to evict us contributing to the breakdown of my family. Yet, in the midst of my struggles all was going well at OECE, I was thriving; promoted, w/o pay from Receptionist to Administrative Assistant. Talk about don't, kick a man when he's down! I was in thee most vulnerable state ever in my entire life.

Q7 Answers (2 of 2)

When questioned, "What is she doing here?" Ms. Jarrett in an invasion and breach of my privacy, as if I didn't have rights, explained in detail to Mendoza and added, "She's not really here, she was only placed here through a program that serves to elevate, break barriers and secure a city position." After this slanderous visit from Mendoza, things changed drastically as did opportunities. Including my then supervisor Maya Castleman, who shared other personals about my family with staff and to add insult to injury, even threatened to fire me. I was distraught, took a medical leave as per my doctor and was faced with hostility, resistance and discouraged from filing a complaint or speaking with Micki Callahan.

Q7 Answers

- I have noticed I am often given more work or duties than my white co-workers. I also noticed excuses are often made as to why that worker is not assigned certain tasks. In addition, I often see the supervisor assisting and covering for this works lack of workload.
- In my department I am experiencing anti black racial bias by being passed over several times for promotions that are going to whites and Asians who have less experience and less education. Not being included in projects that will alert administration to my skills, education, cultural competency, decision making, coordinating, prioritizing, development of staff, multitasking, flexibility, work experience and general willingness to learn new duties and responsibilities.
- As many of my colleagues of color would agree, in any work environment, we get written off pretty quickly for being not as smart or having less work ethic, etc. It is something that is a given when starting at most new places of employment. I think OEWD has done a good job of vetting hires and this may be in part due to the nature of the work we do - our department attracts people who typically have a heart. We do have leaders that are POC and the demographic breakdown of our department has to be more diverse than the city's breakdown. That being said, there is room for improvement. The way we speak about certain communities or community-based organizations is not ok and that is a reflection of our moral compass and it needs some re-calibrating.

Q7 Answers

- 2 female Asian women fairly new to the department. Decide to get HR involved in what I cab only describe as bullying. Inferring that I did something out of my role as a supervisor. However, never came out to say this exactly. Called in HR to do the dirty work. In so doing put all kinds of negative information in my personnel file. Causing me a chance for promotional opportunities. All while white balling me although I don't have proof.
- difficulty accessing my work - due to non black security guards denying me entry, being confronted about my 'tone' in interaction with a supervisor from another program.
- AS OF YET. I HAVE NOT

Q7 Answers (1 of 2)

- I have experienced it through subtle micro-aggressions and racial bias toward myself and others. For example, I was disciplined for asking my supervisor a question when he had minutes before agreed with the course of action and subsequently wrote an email inferring that I was not doing my job that could aversely impact my future performance review and opportunities. When I went to Ask him, later my department HR called me in to meet with the representative and was deceptive, first stating that she only wished to speak with me about the incident and then when

Q7 Answers (2 of 2)

I went to speak with her saying that I was being investigated and that she had decided that I was unprofessional because I spoke with a too loud tone. She said that she had interviewed others and they said that I seemed upset. I asked her did others indicate that my supervisor was speaking at the same tone as me and she said yes but I was the aggressor and my supervisor was defending himself.

Q7 Answers (1 of 2)

- While transferring in ADA transfer, dealing with HR (Security clearance, Amy)and reasonable accommodations(Mona) the transition that should have taken a couple of weeks actually took months(even though I had been in this position prior since 2012,as a standby dispatcher/pco) it took from August 2019 to Jan 25, 2020 for this position to go through. My current Supervisors Nestor,Daisy and even Debbie Brothne(former sup.) Were constantly having meetings with HR regarding why it was taking so long for me to get the 1704 or 1705 position which I was qualified for and HR response was they felt I did not have enough experience on a 2way desk radio. Then HR staying that my "A" number would be reassigned because my number was so old.. but I was given my original number. I wondered why my clearance was taking so long so one day I called and spoke to Ofc Davis at the time and he stated my background clearance was complete 24hr after I took it, so I called

Q7 Answers (2 of 2)

Amy at HR and told her that my clearance went through and why hadn't she contacted me, she stated she forgot. And said I needed to come take my picture for SFMTA. But I had to schedule an appointment which was in 2weeks. All this happening and I had just purchased my first home and praying it wasn't a short lived dream. 4 months no income, WC stop paying because they stated my company said I had a job, but I was not working, I asked ADA accommodations (Mona) who was going to cover my income because of what they stated to WC. She stated to me they were not responsible for income . If I'm offered a job I don't have, and I'm disabled, what am I supposed to do. She stated it wasn't her problem. My next statement was "I hope this never happens to you where no one will help. After all this time, I had no financial help other than my grandchild who I cared for SSI payment. Finally after those months of waiting, I started my new position Jan 25th 2020, just to find out HR had filled the original position for me with someone with no exp. He didn't work out.

Q7 Answers (1 of 9)

- I was employed with the CCSF-SFPUC from approximately December 2006 until my medical separation on February 8, 2018. During his tenure with the City, I held only an entry-level 5201 Junior Engineer position throughout various SFPUC divisions for over ten (10) years despite having three (3) academic degrees, two of which are graduate level degrees in Engineering and Urban Planning. (1) I was racially discriminated against in the City's refusal to provide him various training, professional development, and denied promotional opportunities as a Junior Engineer despite him applying to more than 30 positions with the City and County of San Francisco; (2) I was retaliated against in his transfer and wrongful demotion under California common law

Q7 Answers (2 of 9)

from the Field Engineering Division to the Collection Systems Division (“CSD”) within SFPUC’s Wastewater Enterprise (“WWE”) and giving menial work duties despite his credentials; (3) upon his arrival at CSD, I was harassed and further retaliated against by supervisor, coworkers, management, HR staff after I filed several complaints internally within SFPUC and with the EEOC regarding the City’s hiring practices and the harassment I experienced, which led to me to suffer from stress, mental and some physical impairments; (4) upon I going on medical leave in July 2015 and December 2017, the City failed to prevent

Q7 Answers (3 of 9)

discrimination and harassment and failed to provide the requested reasonable accommodation of a transfer to another department within SFPUC despite knowing my affected health and doctor's notes; and (5) I was subjected to threats of termination, bullying, intimidation, constantly harassed, falsely accused, isolated, stalked, lied to, micromanaged, keep under surveillance, unfairly written up/disciplined, termination of employment and medical separation that led to my wrongful termination of employment on February 8, 2018 for discriminatory and retaliatory reasons. The individuals that were either involved in or aware of such mistreatment that I faced at SFPUC-Wastewater Enterprise (WWE) Collection System Division (CSD) and Engineering Division (ED) included my CSD supervisor Douglas J. Lipps and ED supervisor Meei-Lih Lin Ahmad;

Q7 Answers (4 of 9)

WWE management Lewis Harrison, Brian Henderson, Tuamelie "Tommy" Moala, Kent Eickman; upper SFPUC management Harlan Kelly Jr., Kathryn "Kathy" How, Deborah Walters; Local IFPTE 21 Union Representative Paul Kim; SFPUC-Human Resource Services (HRS) Management and Staff (Justine Hinderliter, Rachel Gardunio, Elaine Leeming, Michael Ho, Lori Regler, Dena Narbaitz, Bonita Decker, Charla Welch, Cindy Charan, Julie Chow, Ana Borja Valdes, Anna Owens, Jessica J. Wong, Biran Shah, Stephen Brooks, Carolyn Jones, etc.); WWE-CSD staff (Mabel Chow, Kaumil Parghi and other workers), City Attorneys (Joseph M. Lake, Kenneth Walczak, Boris Reznikov, John Cote, Kate G. Kimberlin);

Q7 Answers (5 of 9)

SFPUC Communication staff Kesinee Yip and Michele Peters). Also faced such mistreatment while working earlier at SFPUC in Construction and Engineering Management Bureau from Patrick Lau, former Section Manager of Pipeline Group who was micromanaging and harassing me and other Black and Latinx coworkers and denying us promotions, professional training, and resource materials (books) to prevent us from educational growth, being competitive and from us doing our work effectively and efficiently while providing benefits, training and promotional opportunity to his fellow Asian American workers.

Q7 Answers (6 of 9)

I also witnessed or aware of other African American employees' mistreatment by the hands of their peers, supervisors and management in denied promotional and training opportunities, harassment, retaliation and other forms of systematic racism in the hands of various City officials and I was willing to testify to support folks who have been marginalized and mistreated. ✓ I and other employees are treated different than employees of other races and notice excessive or accelerated discipline. I received and noticed a higher number of Written Warnings, Suspensions and

Q7 Answers (7 of 9)

Terminations for Black people than non-Black employees. ✓ I and other employees have been passed-up for promotions (i.e., executive/management, supervisory, and professional positions) and training opportunities, while non-Black people are experiencing promotive opportunities with higher paid (i.e., over $60,000 more) in cases where it was clear that Black candidates could have potentially been promoted because they were more qualified than the non-Black candidates. ✓ I was not allowed to apply for or use my annual MOU training allotment monies for trainings or given training via departmental budget while non-Black staff are encouraged and allowed to do so.

Q7 Answers (8 of 9)

✓ I noticed that non-Black staff are appointed at higher steps and/or ranges (A, B, C), while Black staff are typically appointed at Step 1/Range A or remain at a certain or the same step level positions (i.e., laborers/service workers and administrative/clerks and non-managerial or non-executive/ professional level).
Ongoing bullying by management, supervisors and peers (Black and non-Black) are directed at you and other Black employees, leading to negative employment experiences for Black employees overall within your unit. Furthermore, when I attempted to address the mistreatment, discrimination, harassment, retaliation, macro-aggressions and micro-aggressions associated with cultural anti-Blackness. Examples of the ways

Q7 Answers (9 of 9)

in which this occurs include: ✓ Isolation ✓ Mistreatment ✓ Oversight and surveillance ✓ Getting pathologized and labeled (i.e. problematic, not a team player, difficult, defensive, angry, aggressive, hostile; and many other White supremacist-oriented stereotypes which are used as weapons to further victimize us) ✓ Not being hired for jobs or given certain work assignments ✓ Loss of potential promotions or the ability to promote ✓ Loss of pay or the potential for increases ✓ Higher severity of Disciplinary actions/adverse employment actions Note: I also informed the Mayor London Breed and PUC Board of Supervisors Sophie Maxwell of my mistreatment at SFPUC and I am waiting to hear back from them so we can discuss further.

Q7 Answers

- DPW yard is corrupt the people in building A .
- While working for Child Support Services (05/2004 - 08/2018), I tested for an 0922 position, where I ranked Number 1. From that eligibility list, I was passed over for a promotion multiple times although I exceeded the qualifications and performed exceedingly well in an 0922 Acting Manager capacity. I was told by the Director that I would be hired into the position, however, she selected a white woman from outside of City employment who ranked 10 on the eligibility list. The Director is AA female and her managers are also AA females. I was told that DHR pressured the Director into selecting a non-AA candidate to fill the position because the leadership in the department was overwhelmingly AA.
- I was at a fire with Chief Juratovac who is a female and hold the rank of H50. She knew that I liked to take pictures and after the fire was over she asked me if I would like to go inside the building to take pictures. I replied yes and proceeded inside. Days later I learned that she wrote me up for taking the pictures and said that I “compromised the investigation”. I received a “Oral warning from the Chief of Dept” from Joanne Hayes White (White female COD) which violated the MEP. I was disciplined without any investigation. This is significant because quite a few times Chief Juratovac has had her white, male operators take pictures on scene and they have never been disciplined.

Q7 Answers

- 1. I have been ridiculed because of my natural hair by Deputy CFO Charles Perl and CFO Eric Sandler for the smell of the product I used. The product was commonly available at Target. The deputy CFO and CFO are both middle aged white men. 2. I believe I was discriminated on the basis of my age and race in seeking a promotion within SFPUC. The successful candidate was a white woman from the Mayor's Office.

Q7 Answers

- During my annual evaluation, I've told been by a white manager in (BUF), that the look on my face during meeting is inappropriate, I've been told by a white manager (in BUF) that I'm not approachable, I have physically assaulted in the work by a white coworker and reported it, and nothing was done, the EEO letter that was sent to me say no findings. For the past four years I have been continuously left off emails from white managers (in BUF) that would go to other managers/supervisors at my level would receive. The year 19/20 I did not have an evaluation or check in at all. There are four divisions in BUF two white and two black and there are treated very differently with training and supportive services from white management. During contract negotiations (Carol Isen) did not give my classification a raise out of a group of specialist, all the other specialist were white and received a pay increase.

Q7 Answers

- I was told by my former Department Head (Anne Kronenberg - retired) that the Deputy Director of Administration and Support, William Lee, had expressed to her his bias towards me... something to the effect that he did not feel I was capable of or as good at my job as someone else would be solely because I am Black. I reported this to DHR EEO in a complaint in 2018. I have a pending complaint filed earlier this year which I am unable to disclose at this time.

Q7 Answers

- The manager, enforces a created "policy" to go to the field within 45 minutes. She walks the hall asking the black workers if they are going out, bypassing doors of the non-black workers. I documented this harassment eight times from September 2019 until March 2020 when we were deployed as DWS. I was written up for signing out early to take the shuttle provided by DPW to transport employees to BART after work. This write up specified I was AWOL for leaving early, but there were four of us on this shuttle. I have heard of other black employees on the team being singled out for getting coffee in the city car, but the driver, who was non-black, was not addressed. We had a new, non-black member on our team who told me on August 22, 2019 that she was told not to speak to us and the manager referred to us (three black ladies on the team) as her drama.

Q7 Answers (1 of 4)

- I am the first African American woman to be registered in the port of San Diego. 2007. 2020 I am the only registered class A. The racist was overt since my beginning in 1999 as an unidentified casual. I work my other job as a Chief Purser for United Airlines. I retired from United in 2007. After receiving my Class B registration status. Ongoing issues, like being passed over for training. Requested training for crane myself and two other class A registered women were passed over and two class B men were trained. In the last two elevations for clerk status, members who did not meet qualifications were elevated. I don’t look like these people. During my two terms as Secretary Treasurer.

Q7 Answers (2 of 4)

- The first-year bookkeepers I hired discovered undisclosed Loans made with Pacific Maritime Association. The membership had been paying on a loan that they had no knowledge of. Until I disclosed this information at a Stop Work Meeting.. It was group of individuals liable Past Presidents Jerry Shipman, Current President, Anthony Soniga, Past Chief Dispatcher John Ryan and Vice President Raymond LEYBA. A core group of members who were manipulating the union finances to benefit their core group. I was

Q7 Answers (3 of 4)

a person who reached out to other union leaders for assistance. This was unacceptable for these group of individuals who had mind control over the masses. So the witch hunt began. I was subjected to a grievances over 100 initial complaints found guilty . Whereby I was later cleared completely by the Department of Labor. All my files as Secretary Treasurer were destroyed intentionally. What helped me was me saving all my receipts in my email when purchases were made. I was subjected to being removed from various arenas I was participating in for the union. I was banned from running for office for 13 years. Although what I was accused of by the grievance committee was unfounded. I have documentation to support my claim. I was physically attacked at a

Q7 Answers (4 of 4)

Stop Work meeting last year August 8th 2019. From a person seated on the other side of the dispatch hall. Reason being is that night I took a stand from allowing all the name calling and demeaning verbal attacks. So I was lashed out at. To only have a grievance wanting me to admit guilt in something I didn't do. Videos and audio of the incident was not allowed. My witness was not allow to testify at the International Executive Board. This was the final arena to exhaust the union machinery. Now the Department of Labor is conducting their investigation because my rights under 610 of the LMDRA were violated. Met with the International Executive Board on June 18, 2020

Q7 Answers

- Performance Plan and Appraisal Reports for example, over the past 24 years do not accurately reflect my work as an Black male clinician (Clifton Hicks, PhD, LCSW). My rebuttals are ignored. Most recently (past three years), Appraisal Reports have included inaccurate responses, omission of facts, ethical violations, and violation of SEIU Union Agreements/Human Resources protocols. When these items are highlighted for correction by director/supervisor, they refuse to do so. Ines Betancourt, LCSW, (Latina/female) Director of SECFTC and Josefina Juarez, LCSW, (Latina/female) Supervisor/Assistant Program Director SECFTC have been responsible for writing my most recent Appraisal Reports 2017, 2018, and 2019.
- In Public Works the treatment of staff is not consistent across the board. We are held to different standards. We as in African Americans, who are in supervisor or manager position have to work harder and hold people accountable when our co-workers who are in the same positions do NOT. We are held to the policy's and others get passes.

Q7 Answers

- Early in my career I was racially discriminated by my White Supervisor that was upset because my Chief Probation Officer granted me time off during work hours to take care of vehicle that was hit in our parking while parked. My White Supervisor got in my face started screaming and shouting at me with saliva spraying out of his mouth into my face while others looked on. I walked away and filed a harassment complaint with the Juvenile Probation Department and it was buried until the statue of limitations had passed. I tried to file a grievance with my union and I was told there was no grievance process and they left me in a hostile work environment for over two years and when I finally went out on stress because I could no longer take the mental abuse they approved and the denied my stress claim. Nothing was done to my supervisor until he did it someone else then they let him retire. Still no consequences.

Q7 Answers

- In many ways being treated as though you have no inelegance, racist speech, being treated with disrespect, not being treated the same as others around me, denied primitive opportunities and the list goes on.
- My manager constantly uses perceived Black idioms when talking to me and other black colleagues. "mo betta," "girlfriend," "I'se tired," and "miss thing" just to name a few. She and many other people in the office (both white and non-white people of color who are not black, especially Asians) are extremely rude and condescending. See us (blacks) as inferior, stupid, and generally as the help.

Q7 Answers (1 of 4)

- I've witnessed a Black librarian, Naima Dean, be marginalized and undermined within our system because she asked questions that deviated from the ideas Christy Estovitz has, specifically on the Summer Learning committee. The last year Naima was on the committee she commented that one of the prizes offered should not be a badge because of the history of racial oppression Black people in particular have faced the police. While Christy heard her out, she was not invited back the following year. Christy does not like her views to be challenged. Christy has 3 Latina women leading system wide initiatives for the library. They act as her avatar into the Latino community.

Q7 Answers (2 of 4)

- Christy generally takes credit for a significant portions of the physical and emotional labor they due in part, because they have deep roots in their respective communities. I worked for almost 4 years in the same division as Christy Estovitz and while she's very good at virtue signaling, her professional life is rooted in White Supremacy. And because she's the Youth Engagement Manager and youth services looms large in most public library systems; she's been allowed to create partnerships and initiatives that in no way supports the needs of Black and Brown youth within SF.

Q7 Answers (3 of 4)

For example, several of the partnerships created, such as with Tree Frog Trek and Chronicle Books were created centering the needs and desires of her white child, with little regard for youth of color. There's a pervasive view that creating programming specifically for Black and Brown youth is reverse racism. Chronicle Books has a poor selection of titles for youth of color. Selecting a book and artist whose drawing will be used in marketing Summer Learning is always a big deal. The last time an artist of color was selected was 2016 because Chronicle Books published Christian Robinson's Last Stop on Market Street. Since then all the illustrators have been white. When I raised the possibility of

Q7 Answers (4 of 4)

working with Lee and Low or any publisher representing more illustrators of color, I was told the library was happy with Chronicle Books. Christy has an outsized influence regarding partnership with SFUSD. In my opinion, our partnership with the district is thin and mostly consists of distributing library marketing materials to various schools. When there was an opportunity for youth librarians to provide greater bandwidth to the Free Ortin Gillingham structured literacy program, she declined to have it included in the PPARs for youth librarians, and was allowed to do so. If it's not an issue for her white son, it's not an issue. This would have been a fantastic opportunity to better support the district in ways that are mutually beneficial but she prevented that from happening.

Q7 Answers

- I’ve seen Fisher and Mike White request time come in above and be denied while Mike Kelleher and several White 9152’s were brought in at top step.

Q7 Answers (1 of 2)

- I have experienced and seen people have a group of employees purposely pick on an employee to see how much they can take, try and report me as awol, late, or call their supervisors because they are personally don't like them or push an overflow of the task to see if I would just quit or complain. creating unnecessary stress. A majority of the people I worked with when I first started, were hired because their father was a supervisor, their godmothers are managers/supervisors, their husband or daughter in law is employed. I TRIED to join the education program that had to help employees progress through city college. I was asked

Q7 Answers (1 of 2)

if you have a degree why do you want to join and was given a hard time from the Jason Yamamoto, DHR Talent Acquisition and Development Manager... I tried to finish the program and only made it through a year before he started to treat me differently and rude. He asked me why, if I have a degree do I need to be a part of this program?" I told him I wanted to find a better way to be promoted. He seemed to not be welcoming or inspiring and I also noticed that there were no black people in his group or from my department. The program was not even promoted to our department, I found out from another employee. I was also, treated unfairly from my co-workers that are non- black.

Q7 Answers

- I have been demoted under the pretext of reassignment, when no one else in my unit have ever been reassigned two grades. I have excluded from opportunities others have been given. Never been acknowledged for my achievements, and I've watched and participated in the celebration of the achievements of others.
- SFMTA doesn’t like promoting African Americans. I don’t like using the race card but if the shoe fits wear it. They don’t look at Black Operators as human beings and the majority of African American Operators I’ve spoken to feel this way. For instance, most of us don’t live in the city so we have to commute into work and some of us start before Bart is open. Which means we’re driving our personal vehicles to work. Why would they install metered parking (2hour limit) around certain divisions and get rid of parking around other division in favor of bike lanes? That makes no sense to me but they do that because it affects a lot of African American Operators. I feel like that’s their way of trying to force us out of a job, by making things more difficult.

Q7 Answers

- I had a situation where me and a White co worker disagreed on a topic. He became angry which puzzled me because we were simply talking, and I simply stated "this is what I believe" the subject matter did not deal with race, sex or gender or politics for that matter so his anger confused me. He latter went over our direct supervisor's head and spoke with the medical director about our conversation. I latter find out she was ready to simply write me up with out even speaking to me. With out even trying to get me side of the story this guy presented. If it wasn't for the buffer created by a person of color I may have gotten that write up
- The denial of the opportunity to interview for a promotion

Q7 Answers (1 of 2)

- Recommendation for process ignored. Asian male & White male make same recommendation & it is adopted/welcomed. 2. Provided documented regulatory proof that section legally entitled to revenue. Asian female manager said I was wrong. Erroneous recommendation by Latino male w/out experience in the field accepted resulting in revenue loss. 3. Provided evidence of regulatory requirement re: vetting staff & various examples of how issue could be addressed. Supervisor accepted recommendation of White female with no experience in the area & no proof to support her position. 4. Supervisor automatically accepted performance complaint from South Asian female manager w/out discussing matter w/ me. Issue sent to HR. I provided

Q7 Answers (1 of 2)

documentation indicating that performance issue did not exist. HR concurred 5. South Asian manager mentioned not understanding why I was not performing as expected because I am intelligent. Assumption is he/she did not expect me to be intelligent. 6. There is also the silent treatment. Specifically important matters are raised in emails w/ rational & impact on services....they are ignored. No reply to potential meeting dates. It is a form of marginalization. At times there may be a request for a matter to be raised w/ upper level staff to begin work on an objective/project listed in staff's annual goals, yet manager does not lay groundwork by approaching upper level staff.

Q9

- If you identify, present as, or society recognizes you as something other than Black (i.e. White, Middle Eastern, Southeast Asian, East Asian, etc.) and you consider yourself an ally of Black people; invested in anti-racism and/or racial equity work, please answer the following statement: Please describe how have you experienced and/or witnessed Anti-Blackness (anti-Black racial bias and racism in your department? Please be as descriptive as possible. Include names, titles, race, gender and sex of all parties involved. If comparing to another situation where the outcome was different from someone of a different race, please provide details (name, race, title) of that situation also.

Q9 Answers

- Exclusion, engulfed in racial disparity. Who would have thought that I a product of this city, a great teacher and strong family advocate who was groomed by my department to thrive, blossom and be successful. I encouraged and inspired many, as a mother I proudly earned my AA, at City college, transferred, gained my B.A., and due to my growth and advancement I was considered for a lecturing position at ccsf, that was later denied me, due to politics, as told to me by my mentor. Yet, I will say no more, I have been incriminated enough, have suffered grave consequences and as a highly qualified Spanish Bilingual/Bicultural, Early Childhood Educator with an M.A., in Education. I will not name names, as I am still struggling to find a job, and put food on the table. An outcome very different then that of my white colleagues or a token black who were offered promotions in front of me. This is systemic oppression to the fullest!

Q9 Answers

- I identify as Asian/Pacific Islander. I have not experienced/witnessed Anti-Blackness in my office and department.
- Being biracial (half black and half white), people may let down their guard and make comments about black people that is anti-black. Our country has a poor education system and this process is the start of getting it to a point where people genuinely understand the differences in race are extremely minimal.

Q9 Answers

- lack of blacks in middle and senior management despite history of talent in front line staff; lack of an affirmative department effort to develop a pipeline of black talent into middle and senior management despite an implicit effort occurring for whites
- All day every day
- Frequent derogatory remarks from some white and Hispanic co-workers. Comments “made in jest”, but not funny. When involving Latinos, it would often occur in Spanish. These clown assuming modify understanding their shit talk.

Q9 Answers (1 of 2)

- The SFPUC Finance department is ground-zero for anti-Black racial bias and flat-out racism. I've witnessed this through SFPUC Finance's senior managers and leadership who have not promoted or HIRED a single black person since I've been there. Not one. Many have applied. The black accounting clerks who are very hard working, intelligent and experienced have been told they can't get promoted because they lack a college degree. But there are people who come from abroad with foreign degrees from foreign universities which do not adhere to US accreditation standards - who are still able to get promoted because of their "degrees." Why doesn't 30 years of experience and expertise count? Why aren't they encouraged by Eric Sandler, the CFO, to take the courses they need to get promoted? Why does Eric refer to

Q9 Answers (1 of 2)

the black accounting clerks as "complainers"? This should be targeted for review and investigation. When the City transitioned to PeopleSoft, the accounting clerks were the only ones who tried to make it work and warned of issues in payments - Eric refused to take them seriously or listen to them. He never engages them and has accounting supervisors take away their portfolios for no reason. He had Juliet Ellis's accounting clerk switch with someone else because her computer may have been "too visible" and people were seeing what was paid. Bit of a rumor, but it came across as retaliation of some sort. He treats the accounting clerks like they have no expertise. For a clear case of racist hiring practices look no further than SFPUC Finance and Business Services, headed by Eric Sandler the CFO. He is coddled by Harlan Kelly for many reasons.

Q9 Answers

- Nancy Hom Chief Financial Officer Female Chinese Vivian Chen Female Chinese Operations Finance Supervisor ,Evelyn Diolazo Female Filipino Accountant 1657 These people have shown racial bias towards members of African American employee staff members. They have discriminated by showing non inclusion in promotion opportunities Due to age and race and have Discredited those African American employees called them trouble makers and played down their relevance's in the department.
- I watched my former supervisor, a PhD-holding man who happened to be Black and our program director at the time, become increasingly disengaged with his role after receiving little positive feedback or praise for any of his work. He often said he felt he was micromanaged in many ways yet not supported in others, due to a failure to build a meaningful relationship with him where his needs were elicited and heard. He has since left his position but I hope he may complete this survey to share his own experience in more detail.

Q9 Answers

- As a Manager who is mixed, when one looks at me they would not think I am a African American, I am African American and of two different Indian heritages and bit of other cultures. With this being said I have been walking in the hallway of Building A and managers will not speak, saying good morning, hello etc. in passing or at meetings, but when DDO and Director is in hallway or meetings with staff then managers will speak, yet on a day to day basis they will not speak. I have noticed when in meetings upper managers meetings when I am with my staff they will acknowledge me and not speak to my staff who is darker. At first I did not notice this until it was brought to my attention, and I began to take notice and it is true. Supervisor II's are held to different standards, meaning the Privileged white race, get passes on due dates and the African Americans get disciplines yet the other race do the same thing and don't get disciplines and have a record of there behavior. I hold everyone to the same standards yet when the same white person is under a white supervisor he is not held to the same standards. It is very unfair and the disheartening part is I really believe they(my boss and her white staff at my level) don't believe they are racist, yet all supervisor African Americans feel they are racist.

Q9 Answers

- I've seen some African Black men be called in for attendance issues, some with FMLA while people of other ethnicity and worst attendance never get called in for meetings.
- mainly the races that are doing this are Filipino, white, (Jewish), and of Latino descent. ADA Hallie, white is trying to work on the worker comp employees or temporarily disabled by asking them to take personal leave and reporting it as a routine form. They are attorneys and know what they are doing. They are trying to make employee quit or setting them up to lose their jobs.
- Overall treatment of African American has been different. Name calling the word "Nigger" was a person slang for those who were not of color. Black men were lied on given unnecessary time off because of a racist person Marcella Calderon who the Welfare Officer she didn't like This older man and wanted him removed from the waterfront. They were trying to deregister this guy for a trumped up bullshit charge. When I intervened to assist the dynamics changed. I have countless stories (personal).

Q10

- How are White Supremacy norms impacting your ability to function healthily and contribute wholly at work (Please refer to the tenets of White Supremacy Culture as described in the Dismantling Racism Workbook)?

Q10 Answers

- I have not experienced or witnessed the White Supremacy norms listed. Please note, I have been with ECN for 1 year and 6 months of that was working from home due to shelter in place.
- White privilege and abuse through power imbalance! As a PST I was looked down-upon and judged; while in the same breath my skills were needed, sought after, highly regarded and required to add that extra first-hand knowledgeable piece. Yet, still a minority voice no matter the expertise. In other words my circumstances, education and background differentiated me from others and were used for profit without any compensation or credit and not respectably, even though it made them look good.
- White supremacy is not a factor in my workplace, but anti blackness is. and it is coming from upper management and permeates the whole dept. with its stench.

Q10 Answers

- My initial Covid Command Center assignment was embarrassing and degrading as I was regulated to duties below my educational accomplishments, skills and work performance.
- Internally, this is not an issue. The private sector I work with, is possibly the most anti-black of any sector we focus on at OEWD and is a constant challenge.
- I am not sure. But would like to learn more about this and explore it further.
- I feel we are still trying to overcome white supremacy within our communities. As most of our participants are minorities, they are facing tremendous challenges due to systematic and institutional racism.

Q10 Answers

- Ignoring of Black people being killed in the streets everyday by police or people with guns. As the Health Department why isn't this being looked at as a Public Health issue and placed on an agenda to be addressed as a department? Health disparity? Isn't that what this is. As a Black employee you have to continue to struggle to get through a work day while watching all these murders of your people, kin are being shown on TV? Does anyone ask you how you are coping? Do you need some time away? Nope. Because you are thought of as essential in this case. You must come to work and help during this Covid-19 crisis. In regards to your health, well being, coping mechanisms... you'll have to figure it out on your own. The Health Department doesn't see you as valued either. Almost like the justice system, but in another way. White matters above all else. I don't see the Health Department posting signs that say Black Lives matter?

Q10 Answers

- I'll describe my interactions as it pertains to the union and dealing with management. My white counterpart seems to only want to deal with the whites in management even though, they just kick the problems to lower management (non-whites) to handle.
- It's difficult to trust management because they don't seem to take concerns regarding racism or prejudice seriously.
- White culture has the ultimate thought of supreme privileges that seem to surpass anyone that's not white. Some are subtle some are not

Q10 Answers (1 of 4)

- little appreciation expressed among people for the work that others are doing; appreciation that is expressed usually directed to those who get most of the credit anyway • continued sense of urgency that makes it difficult to take time to be inclusive, encourage democratic and/or thoughtful decision-making, to think long-term, to consider consequences. the organizational structure is set up and much energy spent trying to prevent abuse and protect power as it exists rather than to facilitate the best out of each person or to clarify who has power and how they are expected to use it • because of either/or thinking (see below), criticism of those with power is viewed as threatening and inappropriate (or rude) • people respond to new or

Q10 Answers (2 of 4)

challenging ideas with defensiveness, making it very difficult to raise these ideas • a lot of energy in the organization is spent trying to make sure that people's feelings aren't getting hurt or working around defensive people • white people spend energy defending against charges of racism instead of examining how racism might actually be happening • the defensiveness of people in power creates an oppressive culture no understanding that when there is a conflict between content (the agenda of the meeting) and process (people's need to be heard or engaged), process will prevail (for example, you may get through the agenda, but if you haven't paid attention to people's need to be heard, the decisions made at the meeting are undermined and/or disregarded) decision-making is clear to those with power and unclear to those without it • those with power think they are capable of making decisions for and in the interests of those without power

Q10 Answers (3 of 4)

- those with power often don’t think it is important or necessary to understand the viewpoint or experience of those for whom they are making decisions • those without power understand they do not have it and understand who does • those without power do not really know how decisions get made and who makes what decisions, and yet they are completely familiar with the impact of those decisions on them those with power feel threatened when anyone suggests changes in how things should be done in the organization, feel suggestions for change are a reflection on their leadership • those with power don’t see themselves as hoarding power or as feeling threatened • those with power assume they have the best interests of the organization at heart and assume those wanting change are ill-informed (stupid), emotional, inexperienced people in power are scared of expressed conflict and try to ignore it or run from it

Q10 Answers (4 of 4)

- when someone raises an issue that causes discomfort, the response is to blame the person for raising the issue rather than to look at the issue which is actually causing the problem • emphasis on being polite accountability, if any, goes up and down, not sideways to peers or to those the organization is set up to serve • desire for individual recognition and credit the belief that emotions are inherently destructive, irrational, and should not play a role in decision-making or group process • invalidating people who show emotion • requiring people to think in a linear (logical) fashion and ignoring or invalidating those who think in other ways • impatience with any thinking that does not appear ‘logical

Q10 Answers (1 of 4)

White Supremacy norms are impacting my ability to function healthily and contribute wholly at work when (1) my CSD supervisor and management lied to me about my unethical transfer, work duties, constantly changing the work demand and pointing out how my work demand is low or inadequate when I know it was not; (2) coworkers talk about the inadequacies of my work and health without ever talking directly to me and trying to resolve the issue at work; (3) supervisor and management creating a hostile work environment/ conflict and lying to other individuals about my performance; (4) inaction by management, HR and the Local IFPTE 21 union rep. and failure to properly investigate my many complaints of discrimination, harassment and retaliation at SFPUC WWE-CSD & ED; (5) management wanting to maintain a certain power structure and support of systematic racism and suppress or punish those individuals that challenge the establishment;

Q10 Answers (2 of 4)

(6) there was a clear intent or bias decision made by those in power to "buck break" my spirit and/or get rid of me and people like myself that fall under a protected group/category by making my life at work uncomfortable and miserable by giving me menial work duties to suppress my growth, threats of termination, bullying, intimidation, mob-like mentality, constant harassment, false accusations, isolation, stalked, lied to, micromanaged, kept under surveillance, unfairly written up/disciplined, termination of employment and medical separation that led to my wrongful termination of employment on February 8, 2018 for discriminatory and retaliatory reasons; (7) failure to prevent discrimination and harassment; and (8) failure to provide

Q10 Answers (3 of 4)

the requested reasonable accommodation of a transfer to another department within SFPUC despite knowing my affected health, my suffering and provided doctor's notes. The hostile work environment that I experienced at WWE affected my overall health and led me to go out on medical leave twice from work in both July 2015 and again in December 2017. I suffered and continually suffer from stress, depression, mental and some physical impairments (i.e., neck and back pains), which affected my overall productivity such as trouble sleeping; restless; nightmares; eating; loss of appetite; memory loss and forgetting things; trouble concentrating, difficulty thinking, speaking and focusing; chest and stomach pains; muscle tension; tension headaches (head pains); feeling unproductive in performing daily life activities like difficulty in maintaining a routine or performing basic activities (i.e., shopping, communicating, daily chores, exercise, etc.); feeling isolated at work; changes in mood/frustration on how

Q10 Answers (4 of 4)

I was unfairly and constantly been mistreated; little interest or pleasure in doing things (decreased motivation); feeling down or in despair/hopelessness; loss of social interaction or social anxiety/withdrawal and not wanting to socialize or be around people; fatigue (tiredness); diminished energy; feeling alone and not supported; reoccurring migraines; hypertension and much more. Overall, it took a tremendous toil on my health and was a burden on me socially, mentally, emotionally, physically, and financially. The cultural ideal was established to oppress, disenfranchise, demean, invalidate, surveil, diminish, minimize, degrade, kill and otherwise harm black and brown people of African descent mentally, emotionally, symbolically and physically through political, economic, legal, educational, religious and social means." Ultimately, systematic racism and white supremacy has not changed and continue to exist for over 400+ years in every facet/aspect of the American infrastructure, sector and culture.

Q10 Answers

- makes it hard to write tickets on some vehicles
- I am often asked to smile and I am the only Black female on the Board of Local 798. Many white men call my President to say that I should smile more and be more “approachable”. They do not do this to my other white, male counterparts. If I state facts or stand up for what is right they say I am “angry”, “emotional”, or a “bitch”. If I was a man I would strong and confident.
- It makes me lose faith in government and public service. And it's embarrassing to work for the SFPUC right now anyways. But the real scandal is how Harlan Kelly traded on the fact he's black publicly when it was convenient and did nothing for the black staff within the SFPUC, especially those under his scandal-plagued CFO, Eric Sandler.

Q10 Answers

- The standards are different for black employee at work in my division, the important information is not shared with black staff members from white management in my division.
- It has caused problems functioning productively.
- When meeting with the leadership at the SF Juvenile Probation Department, I straightened my natural hair. I have no way of knowing what the outcome would have been had I not straightened my hair, but I did not want to take any chances.
- Ruins the whole concept of unity/ teamwork.

Q10 Answers

- Before being deployed DSW, we were operating in the dark with no vision, no mission and no performance plan. Any questions regarding plans for our program were met with defensiveness All "policies" were made up and did not go through approval with our union, including signing in and out and going out to the field within 45 minutes of arrival daily. The inability to control our day and requirement to be in the field did not allow time needed for the research and administrative tasks involved in this job classification. Three Public Information Officers were called back from DSW, two were allowed to stay deployed thus far. The three called back have been subject to power hoarding, as we are not able to work in our 1312 capacity and sit daily with no plan direction. Prior to Covid-19, they attempted to pressure us to write a set number of incidents daily. The request resulted in several weak enforcement in order to reach their imposed quota.

Q10 Answers

- My work experiences have been such that I have needed to take disability leave to manage the stress.
- It’s difficult. The stress causing weight gain, having to be on guard. Constantly staying ahead To out think with regards to protecting my self from the ongoing antics. It’s trying and taxing.

Q10 Answers

- Perfectionistic: e.g. in one of my Performance Plan and Appraisal Plan in the section related to my reputation in the community, the director highlight "type-o" on a letter I sent to clients. There is no section on Appraisal Reports for type-o nor did she address my reputation in the community which is excellent Sense of Urgency: e.g. director walks into my office because of an "urgent" matter or because it is convenient for her to do so, repeatedly; use of my personal cell phone by director when I am on vacation and when a client arrives for session under the guise of an "emergency" Defensiveness: no response, lack of understanding and/or denial from directors/supervisor when confronted by their cultural bias and/or micro-aggressions Quantity over Quality: e.g. director/supervisor demands annual updates be complete on time rather than focusing on meeting the needs of the clients Worship of Written Word: Yes/No. Even when in writing e.g. a written rebuttal, the written word still goes unaddressed

Q10 Answers (1 of 2)

- When a African American is in a supervisors training and a new Manager coming into BUF says out load in a training that he didn't know that Latinos are smart enough to be professors until he when to college and saw a Latin professor. No trainer in class said a word to this disrespectful talk, tells us this behavior is okay . I encountered a White manager, I was following the chain of command when I was acting as Assistant Superintendent but my permanent job was over the cement shop as the supervisor II. I went to his office to inform him that I was helping the acting Supervisor II with an issue. He got really irate, yelling that he didn't need my help and what did I think I was doing, if it is a problem, he will deal with it. He has no construction experience dealing with concrete coming in to DPW. All while

Q10 Answers (2 of 2)

he was pointing his finger in my face being disrespectful. I told him if I had a problem then I would be next door at HR dealing with your behavior. He told me to stay away from the cement shop because they didn't need my help. I reported this to HR Cris Lui and to the DDO and they both acknowledged he was racist, and that they would talk to him, nothing was done. If I behaved in that manor to a white Superintendent I would have been disciplined. I also witnessed at a funeral this same manager talked bad about his senior secretary who is African American to a 9916 (Indian Pakistan)who he thought was loyal and he came and told all of the cement supervisors what he said about this senior Secretary. This same manager over the years has treated her like crap and she continuously deals with his behavior.

Q10 Answers

- In many ways and in every way. Feeling unwanted and it is blatant, training opportunities being set up to fail. Being moved around with no explanation. Racist reactions when I put by black grandkids on the wall of my office someone when I was on leave breaking the frames and removing them with no notification. And the list goes on and on.
- By the obvious favoritism the white co-worker received and the training opportunities that was afforded to her to receive a promotion over the black employees that she came after

Q10 Answers

- I felt very unsupported by my supervisory relationship during my first two years in my current role, which also happened to be my first two years as a post-Master's clinician. My supervisors were all white women who were indoctrinated into white supremacy culture in a serious way. I struggled most experiencing the perfectionism, quantity over quality, and sense of urgency Tema Okun describes. Furthermore, despite trying to name these issues in supervision, I was often given the message that "we don't have the time/resources to change that". Or, perhaps worse, even if I was "heard" by one supervisor, my other - more immediate - supervisor would continue to entrench these ideals through her non-verbal communication and actions in the small office we shared. This led to intense stress at work due to high caseloads and too little staff, feelings of depletion and inadequacy, constantly questioning my decisions leading to less confidence in my clinical interventions, and poor relationships with new colleagues due to lack of social connection and support at work for so long.

Q10 Answers (1 of 2)

- perfectionism: my manager gets all of the accolades (and the paycheck) for her work that I do. I do ALL of the heavy lifting and backend work for her job, while she does the forward facing things that make her look like she is doing everything. She also does a lot of backbiting. She is the manager of two of us in our division. She frequently and often talks about one of us to the other. defensiveness: my manager takes any sort of comment or observation I make about racism, equity, or anything along those lines personally. She has told me several times that I wasn't "being nice" when I made a comment. She has made mention of someone showing a passion for changing the rampant anti-blackness that plagues the SFMTA as being "too emotional"

Q10 Answers (2 of 2)

and has implied that it makes people "uncomfortable." She has also said this about my facial expressions. She is more concerned with "niceness" than she is with the problem. fear of open conflict: as I stated under defensiveness, my manager equates the raising of difficult issues with being impolite, rude, or "not nice." right to comfort: my manager equated someone calling her fat once, to my being an African American, Muslim woman. She often tries to make two things that are not the same equal and often says "we all have privilege," which is relatively true, however, equating individual acts of unfairness against white people with systemic racism which daily targets people of color daily targets people of color is absurd.

Q10 Answers

- The fact that there are few Black staff impact our ability to create structures to radically change WSC within our library. Community Programs and Partnership division replicates WSC, specifically perfectionism, quantity over quality, paternalism and power hoarding. Many of the programs promoted by the division are cosmetic. For example, the majority of the literacy work promoted is inadequately addressed the poor reading outcomes for Black and Brown students. Instead of doing the hard work of ensuring every children's librarian was trained in our Free Ortin Gillingham reading program, a structured literacy approach to reading instruction, the program no longer has a program

Q10 Answers

lead so families are unable to take full advantage of this offering because the skilled librarian who started the program left due to lack of institutional support. This would have been an excellent program to train and support after school provider, which was a part of my PPAR. With the program lead gone, I'm left the determine other ways to create a bridge to Black families wanting to ensue their children read well. The summer learning program de-emphasizes reading, something Black and Brown children need emphasized during the summer months. Instead the library has created a summer program comprised of events appealing to middle to upper middle class families.

Q10 Answers

- I’ve started looking for other places to work, even outside of the City and County of San Francisco. The way SFMTA treat African American Operators makes me feel like I’m just another number. They’re quick to add anything negative into your file to prevent you from a promotion. When I became an Operator over 9 years ago, we had a class of about 40 and in that number, we had 4 Caucasians, 3 of them are now Supervisors. Not one African American in my class, is a Supervisor and some of us have ranked on the eligibility list with really high scores (I’m one of them). I had high expectations when I first started now I don’t enjoy the job at all, there’s nothing to look forward to. I feel that as an African American working for SFMTA, you’re skating on thin ice. Any confrontation whether it’s your fault or not, they’ll try to discipline you. They make up the rules as they go and something has to change.

Q10 Answers

- I notice Black workers are looked upon as irresponsible or inept when I full well now White and other non-Back employee's are so far behind on their work but it feels like we are singled out for these types of things even when our work is actually in more order
- We need to remember that some departments have a hierarchy- SFPD, SFF, DPW (engineers vs non-licensed staff); DPH (doctors, nurses, money staff, support staff (top tier-work inside not w/hands) & support staff (laborers). The way departments are organized creates a caste-like working place. That muddles racism w/ who is legitimately allowed to be the 'expert' & who can approach whom & how on what topics.
- It puts a divide in the work group.
- Our managers are not supporting us and allowing us to be removed because they need bodies, not actually looking at or expertise, history, or seniority. they don't care. They don't respect us a black woman or an educated woman.

Q11

- What are some examples of the ways in which your situation has impacted your ability (or inability) to function mentally, emotionally and physically; and/or be as productive as you could be (or used to be)? Please provide examples.

Q11 Answers

- The loss of opportunity, through defamation, disgrace, and shame have destroyed my life, I didn't expect a continuation and thought this would be my well deserved second chance. Instead my education and reputation were useless, even after having proved myself. It broke my spirit, and paralyzed my brain; it's like being cut off at the knees and left there without a life line. I almost wish I could return my degrees, my debt is monumental. I can't even start paying off my student loans, which as a public servant some would have been dismissed. All no thanks to this woman who caused so much destruction and remains commissioned, while I continue to suffer: https://www.sfexaminer.com/news/educators-past-questioned-with-unorthodox-discipline-blamed-in-early-exit-turmoil-at-old-schools/

Q11 Answers

- I don't trust any supervisors or managers in my dept. Any of them will throw a person of African Descent under the bus as soon as they get a chance.
- The stress, embarrassment, and denigration caused me to ruminate, have insomnia, cloud my thoughts and not make good decisions.

Q11 Answers

- Again, I see this not as something that affects my mental state as much as I see it a barrier for the job seekers who will have to go in work in those toxic environments. I feel bad preparing people for a world that is not going to be their ally. They will be required to "code switch" and act more white. That disgusts me but, people want to work their to attain self-sufficiency and are willing to take the job and abuse. It is a very difficult scenario but, we keep pushing because we know it can change.
- My situation has not impacted my ability or inability to function mentally, emotionally and physically; and/or be as productive as I could or used to be.
- The current political and racial climate has definitely been distracting to my work, as it has raised much concern in me. I feel impacted by all the police brutality, and worry about my children, because they are hard African American.
- See above, it effects the entire vibe in a shop, the underpaying friction/ tension. Definitely does not enhance the will to work hard.

Q11 Answers

- It's a constant weight. To see my people being killed on Instagram, TV, Facebook, every day practically. It makes me wonder when I'm next? When will my life be taken from me. Or my child's life or my spouses, nieces, nephew, aunt, sister, brother, uncle, friend, etc. I find myself distracted during a workday. Especially when you hear a verdict like Breonna Taylor's. You have to witness on top of all the other things no justice for a Black female. Whose life was taken unnecessarily.
- Less forth coming with information for my counterpart to take credit for.
- Not sure how to answer this, I've been black in America for nearly 60 years - very little has changed in terms of PoC having to prove oneself time & time again. Sad to say we become accustomed to it (mentally, emotionally). At HSA, unless you're one of the "Friends & Family" its hard to move up. If you look at the pictures of the analysts compared to the front-line workers you see so few PoC and have to wonder why... My attempt to move to 9703 years ago -- I'd ranked 3rd on the exam, but never got an interview, the 8-9 positions had already been slated for others, none of them black (to my knowledge).

Q11 Answers

- Mentally stressed, making sure, not to speak up in fear of issues being brought up toward me. Sometimes not focusing on the tasks at had because of background conversations regarding personal work ethics. There was a time we were preparing for a Dispatcher leaving, so as a group we decided to give him a party. Me being the new person at the job, personally knowing the person leaving I went to the person next in charge and offered money for anything that they needed and the three response was, " I'm not one of your foster kids"!! Confused by the statement because I have no foster kids, I put my money back in my pocket, and personally bought a gift for him and gave it to him privately.

Q11 Answers

- Having to spend considerable time fighting internal battles to plead the obvious case, evident by the numbers, that we need more black people to refer for positions and enroll in courses. Instead I feel dismissed because leadership does nothing about it. I shouldn't have to make a case to this to my department OEWD that often makes public statements about how they are working to provide opportunities to underserved communities. Last I checked the black community of San Francisco is dwindling and job loss/unemployment is significantly higher than any other racial group so it would be considered underserved. So why are we dragging our feet and not putting a plan to action on how to address this? Why do I have to make a formal case in order for anyone to take it seriously?

Q11 Answers

- The impacts of white supremacy has made me more cautious to say how I truly feel for example when we are working on a strategy or maybe giving feedback. Mentally, the experience of having to readjust myself, my thoughts and conversations to figure out how to make it more "digestible" is mentally taxing. I have been told many times, that black people talking about racial equity, that it would be better coming from a white person is insulting not because I am opposed to white allies and whites are committed to the work but rather because it undermines and water downs my commitment to the work and my ability to also be able to speak and move the work forward.
- Being Written up for being 10 min late because was in the restroom waiting in line.
- I have been disheartened and wanted to quit. Luckily I have a solid support system.

Q11 Answers (1 of 2)

- The hostile work environment that I experienced at WWE affected my overall health and led me to go out on medical leave twice from work in both July 2015 and again in December 2017. I suffered and continually suffer from stress, depression, mental and some physical impairments (i.e., neck and back pains), which affected my overall productivity such as trouble sleeping; restless; nightmares; eating; loss of appetite; memory loss and forgetting things; trouble concentrating, difficulty thinking, focusing and speaking coherently; chest and stomach pains; muscle tension; tension headaches (head pains); feeling unproductive in performing daily life activities like difficulty in maintaining a routine or performing basic activities (i.e., shopping, communicating,

Q11 Answers (2 of 2)

daily chores, exercise, etc.); feeling isolated at work; changes in mood/frustration on how I was unfairly and constantly been mistreated; little interest or pleasure in doing things (decreased motivation); feeling down or in despair/hopelessness; loss of social interaction or social anxiety/withdrawal and not wanting to socialize or be around people; fatigue (tiredness); diminished energy; feeling alone and not supported; reoccurring migraines; hypertension and much more to the point I sought/received counseling and saw a psychologist and medical professionals.. Overall, it took a tremendous toil on my health and was a burden on me socially, mentally, emotionally, physically, legally and financially.

Q11 Answers

- It's demoralizing to work for SFPUC leaders who we know will hire and promote their pets and the people who look like them. Nancy Hom in SFPUC Finance only hires people who look like her, as does Eric Sandler. They never, ever promote based on competence. The new budget director has barely any experience - but she's young and white. And beat out a black woman who applied - a back woman who has actually been a budget director previously. Smell something rotten? We do.
- I am withdrawn in meeting at work, because managers are addressing real issues like unequal treatment of employees and/or making excuses for bad behave. I've cried at work, colleagues have express concerns of mistreatment, I spend a lot of time frustrated because white mangers make decision at their comfort level.
- I have had emotional breakdowns and my work has suffered.
- Please see answer below.
- As stated above, I have had to take disability leave because of the unfair treatment and stress of my job. Due to an open complaint however, I am unable to provide complete details at this time.

Q11 Answers

- It was a challenge to go to work. I had to shut down emotionally to be able work among those whose intention was to demean, taut and ruin my reputation. Which in fact was successful locally. It was stated by one oppressor's that She look like She hasn't been through anything" I worked through the anger. It wasn't easy.
- The situation has deflated my spirits of advancement and encouraged complacency. I have not observed any black peers advance off the team, yet some non-black people have advanced. My team of seasoned professionals have been reduced in status and our abilities are demeaned. It's insulting the false narrative has been taken as true and we are discriminated against and not allowed to elevate. We had two advanced positions open on our team, four people applied and tested, three were interviewed from our team to run this program, yet no one was hired. It is deflating and does not motivate any of us.
- A colleague described it beautifully, "I am in a constant state of hyper-vigilance"

Q11 Answers (1 of 2)

- As a African American Manager at public works I see the responsibilities very. Many managers are not watched and others are, we are not held to the same rules. I see favoritism, unfair treatment of staff and it just building up inside. I believe that since the United States a whole is addressing the racial inequity, our job is just trying to fit in and do something, but this problem was bad when I came in 2002 and changes were made to address the issue but it isn't enough being done. White managers in this department across the board think that because they know a black or they work with a black they are not racist, they are. I am tired of the resistance to accept that they are

Q11 Answers (1 of 2)

racist and this system we are in is unfair and we as a people are treated unfair. Emotionally, I'm tired and have lost respect for the very system that hired me, I was turned down for this job before and when I was hired back I was to do double the work that the previous person was to do for lesser money coming in. I am a team player and have integrity, pride and loyalty to my Department but I fell the feeling is not mutual. My emotions are up and down, the more I see the unfairness the more mad I get. My production is on point because what I do is a reflection of me, how I am treated is a reflection of white privilege. Today I am good but tomorrow I may not be good.

Q11 Answers

- By not being promoted within the 22 years that I have worked here. Lack of training being offered to me.
- I am a strong person but there is only so much you can take as a human being, depression, anger, considering giving up. Productivity problems were answered with the question #10 how can you be productive with the tools you need to do so withheld.
- I dread being at work. I get frequent stomach aches and feel a physical difference and shift in demeanor when I have to interact with my manager. She is awful.

Q11 Answers

- See above. This experience has made it difficult for me to feel invested in the work, to build positive and healthy relationships with colleagues, and to manage vicarious trauma from working with folks who've been marginalized by poverty, homelessness, racism, and mental illness and addiction. Having my concerns fall on deaf ears was disheartening and after a while, led me to give up and subsequently experience depression because I stopped acting in line with my values (something I'm not at all proud of, yet now recognize). Despite feeling invested in this career prior to this role, in the last three years I've questioned my role as a clinician and whether this is the right field for me.

Q11 Answers

- I don't feel that I have the institutional support to do equity work within our library system. The lion share of the monies raised by the Friends of SFPL is earmarked for youth programming that in no way supports the needs of Black youth. Because the library is primarily interested in PR, there's little interest in community building.
- It makes things fairly uncomfortable for some in our department to feel as if they’re being mistreated and undervalued.

Q11 Answers

- I had to call in sick to make sure I was mentally prepared for the games or extra curve balls thorn at me. I tried to reach out to the union a year ago on this matter for a grievance, and no one took it seriously they just wanted to wait it out... It seems like a wash process, and they are trying to wash us out... I have never had to check-in and now I am being micromanaged with emails from my supervisor as if she is creating an email trail. Since employee evaluations are coming up, I am scared that I will have a flaw in my evaluation, and I have had perfect evaluations for years.

Because the library is primarily interested in PR, there's little interest in community building.
- I am emotionally drained, broken. This has caused me to be mechanical in my functions. I dreaded coming to work everyday
- The idea that you have to work 2 x's as hard drains you mentally and physically
- Insomnia, taking tranquilizers, severe abdominal problems.

Q12

- What are some examples of the ways in which your situation has impacted your ability (or inability) to function mentally, emotionally and physically; and/or be as productive as you could be (or used to be)? Please provide examples.

Q11 Answers

- Although not experienced in the workplace, outside the office I have experience Racial Battle Fatigue. Being BIPOC, I feel like the systems and norms are set up by white people for white people and to perpetuate white privilege. I feel fatigue from watching racial injustice in the US, reminding/educating white people about their advantages, having the awareness about institutional systems of inequality/racism and feeling powerless to change things. Experiencing overt/covert racism especially outside of metropolitan areas.

Q11 Answers

- Yes, disappointed and disgruntled, well-educated, but can't earn a living-wage, I am at the mercy of another. Being made to feel like an unworthy imposter is exhausting, the battle is real and still I will hold my head up high!
- Yes. It is hard being black, especially in San Francisco, go figure. A city where I was born and raised and worked for several decades and now all of a sudden all other races are outwardly showing their hatred of black men and women. Each day I have to pray to the lord that I make the right decision if I am confronted with an act of racism. Will I have to physically defend myself?

Q11 Answers (1 of 2)

- Yes, I have and still am experiencing Racial Battle Fatigue (RBF). The Racial Battle Fatigue that I experienced at WWE affected my overall health and led me to go out on medical leave twice from work in both July 2015 and again in December 2017. Symptoms of RBF: I suffered and continually suffer from stress, depression, mental and some physical impairments (i.e., neck and back pains), which affected my overall productivity such as trouble sleeping; restless; nightmares; eating;

loss of social interaction or social anxiety/withdrawal and not wanting to socialize or be around people; fatigue (tiredness); diminished energy; feeling alone and not supported; reoccurring migraines; hypertension and much more to the point I sought/received counseling and saw a psychologist and medical professionals.. Overall, it took a tremendous toil on my health and was a burden on me socially, mentally, emotionally, physically, legally and financially.

Q11 Answers

- I feel I have. It is extremely concerning to me that the police and overall American system, seems so against minorities. I am getting so drained of seeing black people continue to get killed by authorities, and each other, on such a regular basis, with seemingly no consequence.
- Just seems like nothing will ever really change.
- As with response to #11, we're accustomed to having to fight harder for the same slice of pie...
- damn yes
- Yes! Please see #11

Q11 Answers

- Anxiety, increased swearing or complaining, insomnia or stress/anxiety dreams, rapid mood swings, difficulty thinking or speaking coherently, and emotional and social withdrawal in response to racial microaggressions or while in environments of mundane racial stressors.
- Yes Very Much So
- Everyone at the SFPUC is tired of Harlan's racist senior managers in Finance.
- White managers telling me that I'm not approachable, and that I need to fix my face in meetings

Q11 Answers

- All the violent deaths and killings of black African men has been totally traumatizing.
- Yes. I am one of the leaders of the JUV racial equity action planning process. I attend citywide meetings. The difficulty I have is in seeing people from the SFPUC who are perpetrating these inequities. They are tasked with correcting the very inequities they perpetrate. To add insult to injury, the CFO who oversaw the hiring decision I suspect as discriminatory asked me to partially return to the PUC to work on that organization's racial equity action plan. It's like the crime victim being responsible for cleaning up the crime scene.

Q11 Answers

- Yes. The work situation has caused me a great deal of stress to the point where I have sleepless nights, tear-filled days, and chest pains.
- Absolutely! It mentally exhausting to always have to be prepared. Being denied the same opportunities and blatant efforts made to keep me from working. By having members to work or take jobs I would normally take. I changed that by taking jobs I would not work because the climate is totally racist. Suddenly I was able to return to work at the Pasha Terminal
- Oh yes. These dark trump years are wearing me down. The racists being so emboldened by the jerk at the top. Tired of arguing/ fighting these fascists.

Q11 Answers

- Yes. I am currently experiencing symptoms of Racial Battle Fatigue including feelings of anxiety, anger, agitation, frustration, and isolation in the workplace.
- If shutting down from upper management and doing what I do best, my job. Then yes I battle fatigue everyday I come to work.
- Yes because it appears that no matter how hard I fight against it the problem still doesn’t change.
- Yes tired of fighting but I know I must keep fighting every day to survive in this system.

Q11 Answers

- Absolutely. My mental and physical health have suffered tremendously since I started working there.
- Yes. Race is something that has been consistently a factor in hiring and the future of our department.
- Yes. It gets to a point in one's life, when you are tired to fighting just to exist. Its like grasping for oxygen. It gets to a point where you give in, knowing each breath could be the last, and you're okay with that, because the fight just to breathe seems more difficult that breathing itself.

Q11 Answers (1 of 2)

- hostile racial environments, harassment from certain employees, and individuals... yes, I had a woman that loved the attention and would purposefully try and report me or make me do her task because she was too busy planning to sue the city, she would ask people at her job to help her lie for her and if they support her during this process, she would pay them as soon as the settlement is clear. I have been called into meetings while on my personal COVID leave to have a meeting, to collect information or suggestion... or hear thoughts around them removing us from our site, changing our position,

Q11 Answers (1 of 2)

without a reassignment form process, or never sending an email. They would tell us it was confidential and then say we are taking your thoughts back to management but have no answers to your questions. I cried and had an anxiety attack because they stated that if and when we are forced to move, that the department will go through the budget cuts and potentially lay people off and release employees. I have cried a lot and have lost a lot of sleep due to uncertainty. My hair has fell out due to stress points

Q11 Answers

- Yes!
- No such thing. Must accept that racism exists & will be w/ us for some time. Simply have to remain physically, mentally/intellectually, spiritually, & professionally (knowledge base) prepared at all times. External support systems are essential.

Q11 Answers

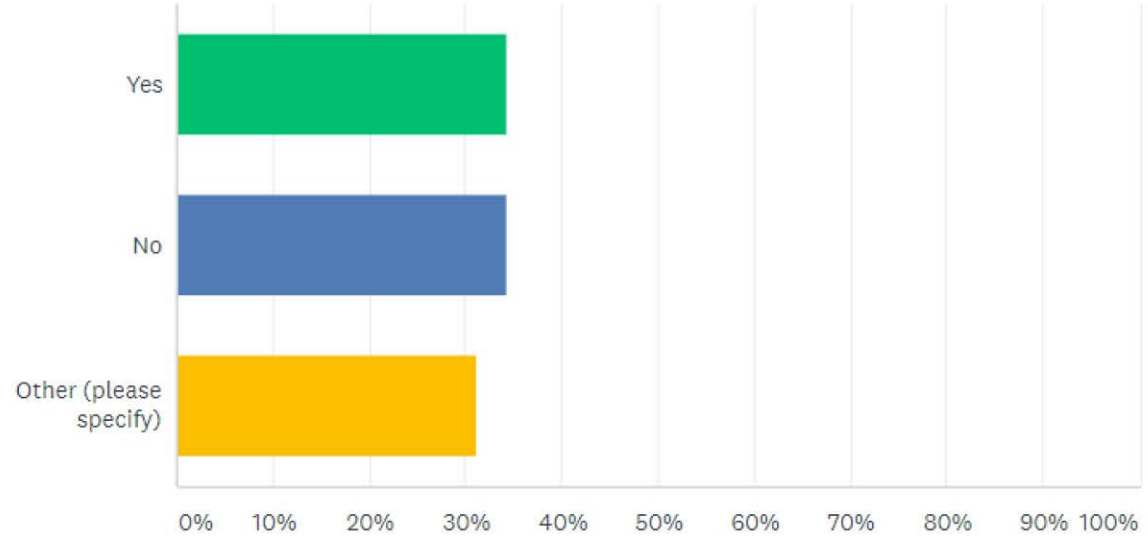

- Yes! I feel that as an African American I’m not given the benefit of the doubt at work. I have anxiety every time I get behind the wheel of the bus because I feel like I’m a target because I’m black. I feel that SFMTA doesn’t care about their African American employees and it shows and that stresses me out. The best way I can describe how I feel when I’m at work and I’m talking from SFMTA policy’s to their lack of promoting African American Operators will be, oppressed. As an African American man in 2020, I feel oppressed both outside and inside of work.

Q13

- Please describe attempts to report bullying, harassment, and differential treatment to managers, supervisors, and/or Human Resources within your department and outcomes. Were you successful or unsuccessful?

Q11 Answers

- HR was aware as was my program, but more than anything, I want to put this all behind me and be treated fairly and with dignity. I haven't the energy, and don't want to look over my shoulder for the rest of my life. I am not a criminal and even they have rights, plus you all know whose who in the zoo and certainly don't need me pointing fingers and divulging more info.
- Still awaiting the official disposition of an EEOC complaint filed at the Federal Level over not being promoted to several jobs I have been ranked #1, #2 or #3 and being passed over and hiring of individuals much lower on the list with less experience and not being promoted because of race, sex and age. But especially skin color.

Q11 Answers

- Unsuccessful. Institutional and structural racism are the barriers to change in DPH. Also, there is no support from the Union (L21).
- I have not experienced or witnessed attempts to report bullying, harassment, and differential treatment to managers, supervisors, and/or Human Resources within my department.
- When I complained to my supervisor (Latino) about the shit talking about my black coworkers in Spanish, he tried to turn the tables on me and call me bigoted for objecting to their talking in Spanish .

Q13 Answers (1 of 3)

- I had to defend myself in the attack that was placed on me by my managers to HR. They rescinded the letter that was placed in my file. However, by that time the damage was done. I was white balled. The stress and discomfort that it caused me over those weeks before a disposition was given was completely unnecessary. The HR and my managers really mishandled the entire issue. It left me feeling vulnerable and unprotected. And that my faint powers as a manager supporting my staff was bogus and misrepresented by me.

Q13 Answers (2 of 3)

- Either I as a Black person have the position and the right to carry out these duties or I don't. It felt like I didn't have the authority because I was a Black person and that my faint authority was being usurped. Why is the question? It was never made clear and those at HR who handle the investigation were I was told forced to retire. Unknown if that's true, due to their mishandling of not only this case but others. No closure given as to how or why it even came to be a case. My Union representative was unable to find out why this happened. I'd like the Mayor and the Board of Supervisors to know that so many departments

Q13 Answers (3 of 3)

are short staffed and understaffed and this could be why people's vacations are denied at face value and people are asked to take a short break and then return to be allowed to take time later in the year. Which is unfair to the individual who's worked the bulk of the year(senior person, covered while others take vacations) with no time off and wants to take time off (vacation) during the holiday season. While other staff in the same department have taken time off during the year and are allowed to take one or two days during the holidays as well. Why is that fair? Macroaggression! Devalued. I'd say yes.

Q13 Answers

- I reported an incident with Gladys Soto who antagonized/bullied me during a meeting in front of a group of contractors. My director did address the incident with Gladys but she was able to deflect by making the excuse that she was "trying out a new tactic. Like good cop, bad cop". She also never apologized. That experience was very embarrassing and Gladys took no accountability nor was she made to.
- I am in the throws of an EEO complaint against my manager right now. I tried reporting it to the DOT and have asked several times if there was anything that could be done immediately, but was brushed off each time.

Q13 Answers (1 of 3)

- I made many attempts to report discrimination, bullying, harassment and differential treatment to SFPUC managers, supervisors, Human Resources, Upper Management, Local IFPTE 21 union rep., and with the Equal Employment Opportunity Commission (EEOC) or the California Department of Fair Employment and Housing (DFEH). I filed a discrimination lawsuit in 2017 and amended my complaint in 2019 on racial discrimination, harassment, retaliation, failure to prevent harassment and retaliation, failure to provide reasonable accommodation, denied access to public records, fraud and corruption, etc..

Q13 Answers (2 of 3)

- I filed several complaints internally within SFPUC and with the EEOC, namely three (3) EEOC charges in 2015, 2016 and 2018. I notified my Local IFPTE 21 Union Rep. Paul Kim who did nothing to resolve the matter. I was further harassed and retaliated against after filing these complaints internally and federally which eventually led to my wrongful termination of employment (adverse employment action) on February 8, 2018 for discriminatory and retaliatory reasons. The individuals that were either involved in or aware of such mistreatment that I faced at SFPUC-Wastewater Enterprise (WWE) Collection System Division (CSD) and Engineering Division (ED) included

Q13 Answers (3 of 3)

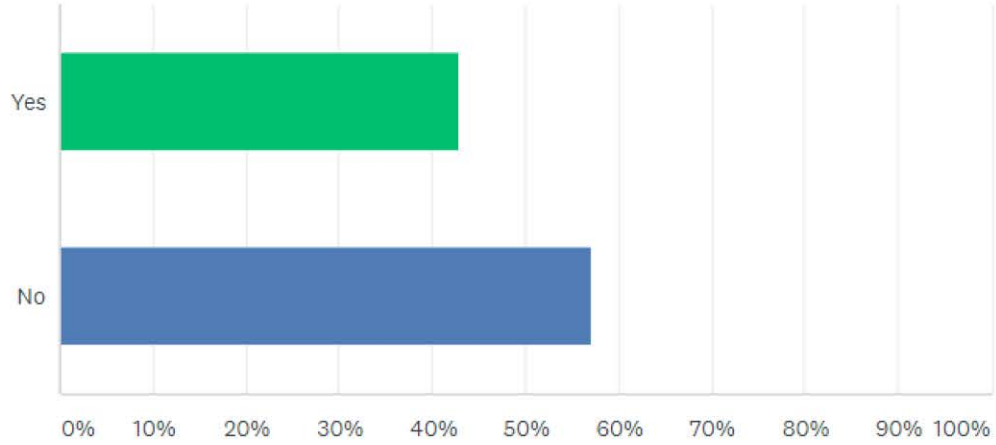

- my CSD supervisor Douglas J. Lipps and ED supervisor Meei-Lih Lin Ahmad; WWE management Lewis Harrison, Brian Henderson, Tuamelie "Tommy" Moala, Kent Eickman; upper SFPUC management Harlan Kelly Jr., Kathryn "Kathy" How, Deborah Walters; Local IFPTE 21 Union Representative Paul Kim; SFPUC-Human Resource Services (HRS) Management and Staff (Justine Hinderliter, Rachel Gardunio, Elaine Leeming, Michael Ho, Lori Regler, Dena Narbaitz, Bonita Decker, Charla Welch, Cindy Charan, Julie Chow, Ana Borja Valdes, Anna Owens, Jessica J. Wong, Biran Shah, Stephen Brooks, Carolyn Jones, etc.); WWE-CSD staff (Mabel Chow, Kaumil Parghi and other workers), City Attorneys (Joseph M. Lake, Kenneth Walczak, Boris Reznikov, John Cote, Kate G. Kimberlin); SFPUC Communication staff (Kesinee Yip and Michele Peters).

Q14

- Have you or anyone you know attempted to file a racial Discrimination or Harassment Complaint with Micki Callahan, Director of Human Resources; Linda Simon EEO Director; or an Investigator on Linda Simon's team at the Department of Human Resources? If yes, please provide a detailed answer about your experience with the process.

Q14 Answers

- I did, I can't, I don't know the impact nor how I or my family will be protected or what the recourse will be, legal or otherwise. I however, have not lost my faith and will continue knocking on doors, until somebody listens!
- I received a 7 page document from the EEO office explaining how my department Program Director was not at fault for her racist actions. However this same Program Director no longer works for our department and went out on Leave due to the amounts of pressure of how she treated Blacks vs other races.

Q14 Answers

- I've filed EEO complaints and Civil Service Appeals that led to further trauma as they failed to believe institutional and structural racism exists. These institutions shift blame to the victims.
- I should say not that I know specific details about. I'm not sure if they were whistle-blowers, EEO, etc. I do know of some people who have had problems within the department of public health

Q14 Answers

- As a union representative I've represented a few people in cases filed. They would take interviews then request information ,investigate them forget about it until contacted again. Then request the same submitted information again months later giving you very tight deadlines to submit it and rush to deny the case and close it.

Q14 Answers

- My Director did report my initial complaint about Holly Moala to HR. I think the Director only reported it because I typed up the complaint and sent it to him and my direct manager the day after the incident. Both my manager and director were on the call where the incident took place but did not address it at that time. I was told by my HR CPO Anabel Simoneli that if I wanted to file an EEO against Holly Moala I would need to contact Director of HR. So I typed up a letter and sent it. I was contacted by HR that was not the proper way to file and I should instead file with HRC because it was a complaint against a co-worker regarding their dealings with a member of the public. I haven't filed with HRC to date. I did let Anabel know that HR redirected me. She never apologized for sending me down the wrong path.

Q14 Answers

- Dolores Johnson filed a racial and gender discrimination, harassment and retaliation complaint, but the outcome wasn't successful and no proper investigation was done by the Director of Human Resources (HR) and EEO Director. I personally filed several complaints internally within SFPUC but no investigation was properly conducted and SFPUC HRS denied my allegations to EEOC/DFEH and never forwarded my complaints to DHR. Besides, based on the history of how DHR operates and DHR's unethical culture of not properly investigating individual's discrimination and disparate treatment claims it further invalidates, diminishes, minimize black and brown people of African descent suffering. And I knew it was a waste of time and the outcome wouldn't be successful for Blacks and Brown folks. The intent is very clear to further White Supremacy and keep the existing power structure the same. Ultimately, systematic racism and white supremacy has not changed and continue to exist for over 400+ years in every facet/aspect of the American infrastructure, sector and culture.

Q14 Answers

- No. I did attempt to work with my union to prevent a disciplinary action from going in my employment file, to no avail. Local 21 informed me that the be best they could do was to help me write my rebuttal. I had already heard from other colleagues that the EEO process was bias so I decided not to go forward and file an EEO complaint suspecting that the EEO would side with my internal Human Resources. I did however write a rebuttal detailing the investigation and its racial bias, deceptively, and lack of a formal process.

Q14 Answers

- I filed sexual harassment discrimination retaliation to Micki Callahan Simon and others all they did cover up hr bosses mismanagement and nothing was done but these bs management get complaint after complaint and get promoted city and county is corrupt all though
- I tried to report that I was being harassed and slandered by a white, male Captain (John DelBino). I was never given a call back.
- I filed directly with federal EEO.

Q14 Answers

- I filed a formal charge of sexual harassment against a male coworker. After a lengthy investigation where many employees were interviewed, DHR made a finding that although multiple complaints had been received about this individual alleging same or similar violations, DHR found that he only violated the hostile work environment policy, and not sexual harassment; therefore this person was allowed to keep his job, where he continued with the same behavior. I complained to HR within the department, as well as to Linda Simon and Micki Callaghan at DHR. Nothing was ever done. In fact, I think that me subsequently being overlooked for a promotion to 0922 classification was retaliation for pursuing a formal complaint against this employee and the department.

Q14 Answers

- Like I just stated, I am going through one right now. In addition to the ridiculous microaggressions (and macroaggressions) I deal with on a daily basis from my manager and others; upon announcing her retirement, she took it upon herself to rewrite her job description and set the minimum qualifications in such a way that I do not meet them. This after she assigned all of the heavy-lifting of her job to me under the guise that she was training me for her position.

Q14 Answers

- I filed a complaint against my department in 2018. After about a year, it was concluded that no discrimination was found and/or that the time limit for reporting had already expired.
- The people I have heard filed a complaint with Human Resources proved there is a lack of confidentiality with the currently used procedure.
- I personally haven’t but I know others have and everyone's complaint has ALWAYS come back no merit.
- Took action. Letter written to city department was cc'd to Micki Callahan's deputy for operations. It has been a year & no communication re: remedy offered by HR was received until pressed matter in a email.

Q15

- What else would you like the Mayor, Board of Supervisors, San Francisco Office of Racial Equity, Human Rights Commission, other Commissions, Department Heads, Labor Unions, and other Citywide Leadership to know in terms of your experiences with, and harm caused by anti-Black racism and White Supremacy culture?

Q15 Answers

- Thank you, I would like to have my reputation cleaned and my good name reestablished. I appreciate this venue and opportunity and would love a conversation with our wonderful Mayor, or Governor, whom I met years ago, as well as any and all other government entities listed here. I hope to someday trust again. What I have experienced, the level of hate and discrimination should've never happened and should not ever happen to anyone else. Well, this is anonymous and I guess not you or anyone can help me. My hope is that what I have to say makes a difference, but I doubt it!

Q15 Answers

- Thank you for this proactive approach to address white supremacy cultural norms and expectations.
- Start Hiring Black Men. It seems like we are some type of virus. I see several black women getting appointed to director positions of various branches of government. Where are all the black men?

Q15 Answers

- Institutional and structural racism prevents us from reaching our mission to "protect and promote the health of all San Franciscans. We need metrics, tools, and assessments to have the most qualified person in managerial and leadership positions serving communities of color. We need accountability for those who use racial microaggressions and fail to have diverse departments especially when serving communities of color.

Q15 Answers

- I do feel that the City has done a much better job of identifying racial biases, white supremacy and anti-black behaviors than the private sector has done. While we work on ourselves in Civil Service, we cannot recover as a community without shining a light on the injustices involved and the amount of freewill the private sector has on how they treat their employees. We cannot simply trust that they will change. It impacts the entire economy back down to us in Civil Service. Its very interconnected.
- Nothing else at this time. Thank you for asking these questions and getting staff's input on these important topics.

Q15 Answers (1 of 2)

- I'd like the Mayor, Board of Supervisors to know that working in a toxic, environment like DPH, walking on egg shells all the time, microaggression behaviors aren't good practices to have for an organization. The people that do the work should be appreciated, trained, coached, allowed to grow in their day to day work. Not thought of as expendable. I don't know how it is in their work environment but in mine and other work environments it's a day to day fight to survive. You are under constant pressure. You are suffering. Your health is being put at risk by working in the Department of Public Health. Isn't that an oxymoron? You work for the department of public health and it makes you sick. You can never relax. Could it be that it's shortage in most departments and that because of

Q15 Answers (1 of 2)

this people aren't able to relax due to pressure from on high to perform the work with not enough staff to go around. You don't know if this is your last day at work, you have this on your mind until or if you pass probation. Will you be brought up on false charges, accused of a mistake, or of not performing your job completely? If you are called in for a conversation you don't know if your words will be twisted, or if your tone may or may not be acceptable to your manager. The Union is a resource but not always on time and once the wheels are set in motion it takes much effort to halt the wheels. I believe the Unions are short staffed too. Can the Mayor BOS set up goals with time frames to determine equity and progress on this matter ? It's been talked about over and over.

Q15 Answers

- IT lowers moral for your workers of color and fosters a feeling that regardless of what I do it won't be appreciated as much as the minimal that whites do. Just look at who gets the promotions and not because of their knowledge or skills.
- Its massive/myself/my children/community and neighborhood
- It shouldn't be a normal thing to allow racism/bias in the workplace, it should be dealt swiftly and should have classes given to those who need to understand about biases and racist issues that they are accused of being a part of.

Q15 Answers

- Black employees concerns and experiences need to be taken seriously. There is a culture within "progressive, liberal" San Francisco of down-playing the microaggressions and blatant displays of prejudice and racism displayed by other minority groups (Asian, Latino and pacific islander). These groups can also be racist because their proximity to whiteness or white passing appearance. They are also guilty of trying to maintain the racist hierarchy where if you are black, you are at the bottom.

Q15 Answers

- This issue is Human Rights issue and plagues the very foundation of City and County of San Francisco. There should be leaders in these positions, especially as it relates to Human Resources and management who have a racial equity experience, implicit bias training, and are held accountable for their actions. The City and County should make clear in action that this type of behavior is unacceptable, will not be tolerated, and be willing to fire those who violate these very principles and that has not been the case thus far. Instead, I have experienced a system within the City built on self-interest, you pat my back and I pat yours, and in the meanwhile, the public, many black and underserved communities who we are here to serve as public servants, has got the shit end of the stick and have been an afterthought to what we externally purport to represent. We need a whole reorganization of the City and County, and until that happens, it will be business as usual, a default method that works to continue to perpetuate the inequities that continue to this day

Q15 Answers

- EMPLOYEE RACIAL EQUITY FOCUS GROUPS MORE AVAILABLE TO NIGHT SHIFT WORKERS
- Suspend those that engage in hate speech. If it re-occurs, terminate.
- That it's not enough for there to be Black department heads if throughout the organizations, there are not Black staff at all levels.
- Anti-Black racism and discrimination within the City & County of San Francisco's departments and divisions is very real. Black employees experience anti-Black racism routinely. Our complaints are dismissed. Recently I was told that maybe it wasn't what was said to me but maybe the issue was the way I heard it.

Q15 Answers

- SFPUC's racist hiring practices in Business Services and Finance, headed by Eric Sandler, affects the health and welfare of the staff. People lose sleep. They are left shattered and personally wounded. They get sick. They lose trust in leadership and begin to carry baggage even to new jobs. They think their lack of promotion is THEIR fault - because that's what Eric tells them. It isn't. The fault is with the lack of moral courage and ethical leadership at the top of the SFPUC. That fault is with Eric Sandler. The fault is with Harlan Kelly. But change can come from all of us - if we chose to speak out. Thank you for providing a space for my feedback.

Q15 Answers

- Ultimately, systematic racism and white supremacy has not changed and continue to exist for over 400+ years in every facet/aspect of the American infrastructure, sector and culture. Racism is deeply impeded in the City & County of San Francisco policies, leadership and decision making process in all the City departments. Systematic racism also continue to disproportionately harm and impact communities and individuals of color (i.e., Black and Brown folks) as if it was operating like a plantation. So far Mayor London Breed has created the Office of Racial Equity in 2019 under the Human Rights Commission (HRC) to right the past wrongs and address racial disparity and inequity. We need new leadership in many City departments that are diverse and courageous who have ethics, integrity and care about Doing The Right Thing.

Q15 Answers

- Come talk with us without bses manangment with fear to be retaliated against they will hear the truth
- I believe Micki Callahan and Linda Simon should resign they are clearly part of the problem at DHR and new leadership and More diversity needs to be brought into the department to focus on the disparities of racial discrimination, hostile work environments, age discrimination and disability discrimination. The accommodation policies need to be audited to see how many people they have gotten ride of through the ADA accommodation policies which has been abused to get employees out of their jobs. The hiring has been so bias also the City has created a non diverse environment all the high-level positions are filled with Chinese or White and they refuse to hire any other races I.e. Black Hispanic, Latino.

Q15 Answers

- It’s alive and well. Most people are fearful of retaliation. Or being singled out.
- We need a system of checks and balances. If people complain, it should be investigated with confidentiality, all complaints. There must be action at the conclusion if found valid. The current atmosphere of us versus them is prevalent and it prevents unbiased investigations. There needs to be a system to review managers, as they review their subordinates. Some are handpicked and not always qualified for the assignment. It's been my experience, they place a manager and allow them to completely run the department into the ground, and the super ordinates do not follow up with their progress or lack thereof.

Q15 Answers

- The workers in position of power within DPH co-sign to White Supremacy cultural norms and expectation. As a result, complaints of anti-Black racism to superiors by direct service workers are never acknowledged, validated or addressed and are instead, simply ignored. Black workers have no where to turn in DPH regarding the constant barrage of micro-aggressions encountered almost on a daily basis. Also, as a Black male clinician, many of my colleagues are eager to refer black children, youth and families to me regularly and consistently because "you would be really great for them".

Q15 Answers

- They need to stop giving lip service and hold the discriminators accountable and they must acknowledge that removing them from their positions of power and there needs to be much more oversight. In truth HR is part of the problem so as with the police why do we accept them policing themselves. Put workers as oversight in the system that governs them maybe even have them elected by the workers themselves every 2 years. This should also be considered work and paid.
- While the library has undertaken equity work within the library, it's largely performative. Honestly every person in a upper level

Q15 Answers

- Know that is still a PROBLEM and this issue needs to be addressed. We need help at operations with this ongoing issue.
- OCC/TMC over the Period I've been with the agency has been a breeding ground for harassment and retaliation. Over the past 4years I've seen too many great assets leave the department and agency altogether because nothing is ever done, from management to EEOC

Q15 Answers (1 of 2

- I read a book a few years back that was basically the story of my life. I will list a few quotes from it below that hit the nail on the head of the daily struggles that I deal with as a Black woman working at the SFMTA: “Tone policing takes priority over listening to the pain inflicted on people of color. People of color are told they should be nicer, kinder, more gracious, less angry in their delivery, or that white people's needs, feelings, and the thoughts should be given equal weight.” “Dialogue is productive toward reconciliation only when it leads to action - when it inverts power and pursues justice for those who are most marginalized. When white people stop short of reconciliation, it's often because they are motivated by a deep need to believe in their own goodness, and for that goodness

Q15 Answers (2 of 2)

to be affirmed over and over and over again. But reconciliation is not about white feelings. It's about diverting power and attention to the oppressed, toward the powerless. It's not enough to dabble at diversity and inclusion while leaving the existing authority structure in place. Reconciliation demands more." "And so hope for me has died one thousand deaths. I hoped that friend would get it, but hope died. I hoped that person would be an ally for life, but hope died. I hoped that my organizations really desired change, but hope died. I hoped I'd be treated with the full respect I deserve at my job, but hope died. I hoped that racist policies would change, and just policies would never be reversed, but hope died. I hoped the perpetrator in uniform would be brought to justice this time, but hope died. I hoped history would stop repeating itself, but hope died. I hoped things would be better for my children, but hope died." — Austin Channing Brown, I'm Still Here: Black Dignity in a World Made for Whiteness

Q15 Answers (1 of 2)

- address the nepotism and hiring/reassignment of employees with is not meeting the requirements or hiring process. Their godmothers retire when the employee list expires leaving room for their nieces or cousin to be promoted. I have applied for numerous positions and taken the required test through HR only to be passed up and someone Filipino or Latino hired or promoted. They are promoted Friday and start work on Monday. I have managers that got their wives hired or in other departments, have doctors that have their wives working in inpatient units. They are paying differential pay to employees that speak more than 1 language, but the patients that I see as virtual or hybrid 30% capacity speak 95% Spanish language and I am only given a certain time to complete these appointments with no extra pay and no

Q15 Answers (2 of 2)

additional resources. I am not only doing my job, I am covering overflow from all clinics and non-DPH clinics, or HMO patients, hpe, and different clinics that are not assigned to my site. I feel that they are trying to make me quit. I have requested telecommuting, educational leave, and have got no response at all, completely ignored. I have 4 children in 4 different schools...private and public. But all my other employees were granted telecommuting. I feel that they have blocked certain employees from progressing or using us to cover or work outside of our area of expertise. My position is changing and we should have a choice to change not be a mandate to change without the proper process. Allow people that qualify to change departments. Put degrees like " masters in education or educational administration " as an option.

Q15 Answers

- Anti-blackness is not covert in the City, it is very open for everyone to see. The records show it. In my Department, the stories are the same. The exclusion, the denial of opportunities, the stagnation and on and on.
- SFMTA makes it very difficult for a African Americans to promote. They are more likely to suspend an African American over something minor. Also, they should have an outside agency view and grade accidents instead of SFMTA's Training Department. Some of the things Operators are charged with are just unbelievable.

Q15 Answers

- Plug away at creating anti-racists is a monumental task. The contributing factors to animus are not just race/ethnicity, but immigration history/status, how other racial & ethnic minority groups see other, & inter ethnic discrimination. Think of color prejudice-lighter skin is preferred in a number of cultures other than Black culture-skin color drives racism in India & Asia. At times the strife of colonial history plays itself out in the workplace when both groups (at odds due to a colonial legacy) end up in the same work environment. CCSF is just getting started. Please keep at it & train a unit dedicated to dealing w/ racial/ethic conflict in the workplace ….on call 24/7.

Q15 Answers

- This is a systemic problem that needs a systemic solution. I feel the drain of dealing with day to day racism in life and work but I understand I navigate it unusually well so I think of other Afro Americans who aren't as gregarious or witty. It like Blacks have to have above emotional IQ to navigate work and the world when Whites have more of a free range to have an attitude, be jerks or what have you.

Hello,

My name is Koji Kanematsu, founder of Onigilly.
We had 6 restaurant locations, however because of the pandemic, we had to close 4 locations permanently. We open 2 locations, but we are still not making a profit.

The fairness food delivery legislation helped us a lot to survive. The order from the delivery companies has been increasing significantly and we believe it is helping to prevent COVID-19 spread. We couldn't survive without the commission cap and this is very important for us to make the business sustainable.

Thank you very much,
Koji Kanematsu

Dear Board of Supervisors,

I'm writing to ask that you please consider extending the 15% commission cap on delivery apps for the foreseeable future or at the very least, until restrictions are pulled on dining capacity.

With indoor dining restrictions, our business is more heavily predicated on delivery sales than ever intended and cannot survive on the margins created by this segment alone. Not to mention, the winter months will also be driven largely by delivery. Our business went from 1% delivery to 100% overnight. The old adage that the strong will survive is not applicable in this situation - we are all limited at the moment by uncontrollable circumstance. I believe that only restaurant concepts built for delivery will make it - these are chain restaurants, large restaurant groups, and quick service restaurants - often serving low quality and commoditized food and owned by large Corp.

Although I believe free markets can influence innovation, the exorbitant amount of private capital invested in the delivery tech industry has played a heavy hand in creating the habit of ordering delivery vs dine in and takeout. As these companies race to the bottom to acquire market share, merchants are often stifled with the bill. This model, in my humble opinion, is unsustainable for merchants and as Mayor Breed pointed to, has heavily contributed to restaurant net closures since they began 5+ years ago. Without consolidation, many of these businesses will crumble and leave with nothing to show for it other than apocalyptic commercial corridors.

As a restaurant owner, Treasurer of the GGRA and a restaurant advisory committee member of Doordash, I am working tirelessly to help our industry survive through this pandemic and can confidently say that this cap singlehandedly kept my businesses alive, allowing me to keep people employed and serving the community.

I am happy to connect to provide further insight on this matter and appreciate your time. Thank you for the continued support

Best,
Benson

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor,

We appreciate your willingness to engage with the San Francisco hotel community for discussions about the so-called Healthy Buildings Ordinance. Although we found some common ground, the permanent ordinance puts our employees at greater health risk and our businesses at greater financial risk.

Many San Francisco hotels are not reopening for tourism and those that have are seeing minimal occupancy. The result is the vast majority of our more than 25,000 hotel workers will not be coming back to work until late next year. The global pandemic, San Francisco's existing reputation as an unsafe city and this only-one-in-the-nation ordinance ensure it will be 2024 or beyond before tourism may return to pre-COVID-19 levels.

We're frustrated. We wanted you to see the full-page letter we placed in the San Francisco Chronicle to express our concerns (enclosed).

We will continue to work with you as we care for San Francisco, our employees and our businesses just as much as you do. We also will continue to speak out in support of our employees and our hotels.

Thank you.

CALIFORNIA HOTEL & LODGING ASSOCIATION

Hotel Council OF SAN FRANCISCO

Dear San Francisco,

Our hotel employees are the heartbeat of hospitality, front-line ambassadors for San Francisco, enhancing the world's memories of our great city guest by guest.

They are more than 25,000 strong with decades-long careers, earning some of the best-in-the-nation wages and benefits, including outstanding healthcare and retirement plans.

In March, their livelihoods were shut down by this unprecedented global pandemic as travel, tourism, conventions and business meetings stopped completely.

In September, their livelihoods were dealt another serious blow by the passage of the so-called Healthy Building Ordinance. Its fundamental clause prioritizes daily guest room entrance by hotel housekeepers and limits how guests can manage their room stays. This increases needless contact between our hard-working employees and guests, which is contrary to all scientific guidance from the Centers for Disease Control and Prevention, the California Department of Public Health, Cal/OSHA, and, even, the San Francisco County Department of Public Health.

Many of our hotels will not be reopening and this ordinance is just one more hurdle in our effort to get our employees back to work—and back to work safely.

We cannot be silent to these reckless and damaging decisions. This harmful ordinance was initiated by UniteHere Local 2, and only puts hotel workers at risk while continuing to cripple our hotel industry. We all deserve better.

Dear San Francisco Leaders,

Our hotel employees are the heartbeat of hospitality, enhancing the world's memories of our great city and state. They are more than 25,000 strong with decades-long careers, earning some of the best-in-the-nation wages and benefits, including outstanding healthcare and retirement plans. In March, their livelihoods were shut down by the unprecedented global pandemic as travel, tourism, conventions and business meetings ground to a halt.

In September, their livelihoods were dealt another serious blow by the passage of the so-called Healthy Buildings Ordinance by the Board of Supervisors. Its fundamental clause prioritizes daily guest room entrance by hotel housekeepers and limits how guests can manage their room stays. This increases needless contact between our hard-working employees and guests, which is contrary to all scientific guidance from the Centers for Disease Control and Prevention, the California Department of Public Health, Cal/OSHA, and even the San Francisco County Department of Public Health.

Sadly, many of our hotels will not be reopening and this ordinance is just one more hurdle in our effort to get our employees back to work – safely. We cannot be silent to these reckless and damaging decisions any longer.

This harmful ordinance only puts hotel workers at risk while continuing to cripple our hotel industry.

We all deserve better.

Sincerely,

Linda Yau

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

7 months into this pandemic…7 months since you all have taken the stance of allowing encampments to remain wherever the homeless deem fit, which means 7 months that rent and mortgage paying San Franciscans have had their neighborhoods terrorized and held hostage by service resistant street denizens who are taking advantage of you all's policy of not moving tents. I'm unsure of what else we, the tax paying and voting residents of this failed city, have to do for you all to finally provide relief.

311 is inundated on a daily basis with reports of new encampments popping up all over the city, with violent, aggressive inhabitants who threaten those of us who live on the blocks where they're illegally camping, only for them to respond with "area around encampment cleaned; tents remain due to COVID19". 911 is flooded with calls, reporting violent homeless people who live in these encampments (one of whom threatened to burn down my apartment building at 240 Dolores when a resident of my building asked them to please stop aimlessly screaming into the night), only for the cops to tell me that "addressing homelessness isn't a police matter. Also, we're not able to move tents at this time; that decision comes from higher up than us". In surveys completed by San Franciscans, It's clear that homelessness is the single greatest issue that our city faces (https://sfchamber.com/citybeat-poll-results-2020/) (https://sf.curbed.com/2020/2/14/21138072/sf-homeless-concern-citizens-housing-2020-poll-survey), however, you all continue to turn a blind eye and ignore the pleas of your constituents. It should also come as no surprise, that San Franciscans are flooding OUT of the city at historic levels as this pandemic lingers on (https://www.sfgate.com/local/article/2020-San-Francisco-exodus-is-real-and-historic-15484785.php); the high cost of living in tandem with horrid street conditions are the largest contributors to this mass exodus.

When are you all going to get serious and provide relief for you know, the law abiding citizens of San Francisco who want clean streets and the ability to walk around without stepping over litter, feces, used needles and without being verbally accosted… or worse…physically assaulted (https://www.nbcbayarea.com/news/local/san-francisco/fs-homeless-encampment-proposal-questioned-after-all-out-brawl-in-the-haight-ashbury-neighborhood/2375775/)? These sort of things

are happening all over the city, yet we get no protection from those of you in power! Those who unfortunately have to camp during this pandemic should do so in designated areas; not our public streets, medians, alleys, etc. that OUR tax dollars go to to keep clean. These are NOT the people who vote you all into power, yet you bend more to their will than to ours. I remind you all that a significant number of city supervisors are up for re-election soon and you all have done nothing for us to want you to remain in office.

7 months into this pandemic and still no solution on what to do with the homeless who have flooded our streets and have subsequently made life unbearable for those of us who live in neighborhoods that they've arbitrarily decided to call home. I live on Dolores St between 15th and 16th (your district, Rafael), and they've been terrorizing us since March and you all do nothing. Gyms are open, indoor dining has resumed, schools are opening…how long are you all going to kick the can and say "we're not moving tents due to COVID"? We're not sheltering like we were in March, April and May and thusly, you all should no longer hide behind CDC guidelines (which change every day depending on their mood) and reopen shelters or mandate that these campers camp in designated areas (Cow Palace, The Presidio, Candlestick, etc.). It is not palatable or feasible for homeless people to camp out on public streets; it comes at the detriment of the rest of us. With the funds from Prop C being released, we're up to $1,000,000,000 a year on homelessness with nothing to show for it! That majority of that money will likely go to Jennifer Friedenbach and her delusional cronies, instead of eradicating street homelessness - at least that's what many circles are saying. People rightfully condemn Trump for not having a plan 7 months into this pandemic…but are you all any better? 7 months into this and the best you can do is "let them own the streets and turn our public spaces into toxic, violent garbage heaps while terrorizing the neighborhood"? Your ineptitude is on par with Trump's. Shame on you all…the good people of San Francisco deserve so much more than what we're getting from our "leadership".

Signed,

Brandon Crain…an angry, fed up San Franciscan

Subject: No on electronic monitoring

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Michael Lyon, a member of the No New Jails Coalition. No New Jails vehemently opposes ankle monitors and electronic monitoring.

Recently, the Board finally agreed to close the dangerous and decrepit City Jail 4 at 850 Bryant. Passed amid the uproar over racist police violence and over-incarceration, the ordinance to close 850 Bryant also pledged to make a new jail unnecessary by reducing incarceration, using social services, bail reform, and decriminalization of minor offenses.

Use of electronic monitoring might seem as though it reduces incarceration, but in fact, it doesn't. Between 2018 and early 2020, use of ankle monitors tripled, yet the jail population increased. Electronic monitoring does not decrease incarceration.

Well, you might argue, isn't the surveillance of electronic monitoring an improvement over locking people up? No New Jails says surveillance is NOT an improvement over incarceration if they're both being applied in the same racist and sexist manner, as is inevitable under today's existing racist and sexist policing and court procedures.

But, we do need data on who's been put on Electronic Monitoring, and for what offenses? How many who have been convicted of no crime? When will this be available?

But isn't it better to surveil people than punish them, partarticularly for

those awaiting trial? Wrong. Being monitored IS punishment. The monitors must be recharged every few hours, which may be OK for people working from home on-line, but it's next to impossible to work for lower-paid and largely so-called minority essential workers. And childcare is next to impossible for everyone.

Especially for arrestees who haven't even been convicted of a crime, there needs to be beefed-up Own Recognizance programs and pre-trial diversion.

Sentinel Offender Services, the Sheriff's proposed contractor, has been sued 15 times in federal courts in Georgia, Florida, and California.

The large amounts of money in the Sheriff's budget for administering the Electronic Monitoring program should be used for voluntary housing, community services, and the health and mental health care that would really promote public safety.

Appeal of Community Plan Evaluation for 1088 Howard Street
Board File Number 200891, Planning Case Nos. 2017-009796ENV and 2017-009796APL

Dear Madam Clerk:

On behalf of the above-captioned appeal submitted on July 4, 2020 by Tanaka Gaines, Ron Dagcaoili, and Julian Castaneda of the 195 7th St. Homeowners Association Board, we respectfully submit the following supplemental materials in support thereof:

1. Daily Air Quality Index (AQI) Measurements for the City and County of San Francisco from January 1, 2020 through October 1, 2020 from the United States Environmental Protection Agency

2. Daily and cumulative COVID-19 diagnoses and deaths within the City and County of San Francisco from March 18, 2020 through September 30, 2020.

If you have any questions or problems accessing the documents, please do not hesitate to contact me. Thank you.

Sincerely,

Phillip H Babich

Hello Supervisors,

Please see attached 44 letters regarding File No. 200908.

> **File No. 200908** - Hearing of persons interested in or objecting to the determination of exemption from environmental review under the California Environmental Quality Act issued as a Common Sense Exemption by the Planning Department on June 16, 2019, for the proposed Department of Public Health - Local Oversight Program Site No. 12076 Investigation/Remediation project located beneath the sidewalk in front of 1776 Green Street. (District 2) (Appellant: Richard Drury of Lozeau Drury LLP, on behalf of The Hollow Revolution) (Filed July 17, 2020)

Regards,

Jackie Hickey

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a result, there should be *heightened* environmental review of this project rather than an exemption.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on contaminated sites from CEQA review. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents both near this project and throughout San Francisco.

Thank you,

Jerry Chen

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. I'm deeply concerned by the fact that the City of San Francisco has exempted many projects on highly contaminated sites from CEQA review. The City must comply with CEQA to ensure the health and safety of the community around 1776 Green Street and throughout San Francisco.

1776 Green Street is highly contaminated with carcinogens including benzene, which is known to cause leukemia. The proposed project is within a one-block radius of three important public resources--an elementary school, a park, and a popular library--that serve a diverse community from infants to seniors. Given this, there should be a heightened environmental review rather than an exemption. In light of all of the environmental and health challenges San Francisco is currently facing, from the wildfires to COVID-19, it seems that the Board of Supervisors should do everything within its power to support our health and wellbeing, and that includes heightened environmental review of projects on sites contaminated with toxic materials.

I support the creation of new housing in San Francisco, but only when done properly and done safely, and certainly not at the expense of public health.

Thank you,

Fred Seguritan

RE: 1776 Green Street, File No. 200908 – SUPPORT of Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I am a longtime resident of San Francisco, a board certified pediatrician trained at UCSF and UC Davis, and currently in practice at Lucile Packard Children's Hospital at Stanford University.

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. I'm deeply concerned by the fact that the City of San Francisco has exempted many projects on highly contaminated sites from CEQA review. The City must comply with CEQA to ensure the health and safety of the community around 1776 Green Street and throughout San Francisco.

As a pediatrician and a mother of two school-aged children, I think it's unacceptable that the City is attempting to avoid public environmental review of 1776 Green Street, especially since the site is highly contaminated with carcinogens including benzene, which is known to cause leukemia. The proposed project is within a one-block radius of three sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch which provides highly popular programming to infants and children. As a result, there should be *heightened* environmental review of this project rather than an exemption from CEQA review. In light of all of the environmental and health challenges San Francisco is currently facing, from the wildfires to COVID-19, it seems that the Board of Supervisors should do everything within its power to support our health and wellbeing, and that includes heightened environmental review of projects on sites contaminated with toxic materials.

I support the creation of new housing in San Francisco, but only when done properly and done safely, and certainly not at the expense of public health.

Sincerely,

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

We are writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. As residents of the neighborhood for 12 years, we welcome the development of 1776 Green Street. However, this project needs to be done in a safe and legal manner. The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a family with two school aged daughters, we are especially concerned. The City of San Francisco should be seeking a *heightened* environmental review of this project rather than an exemption.

There is no question that San Francisco faces a housing shortage. However, in an effort to solve that problem, the City must ensure that it does not create a new health issue. Housing development and safety are not mutually exclusive; the City can and should accomplish both goals. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents both near this project and throughout San Francisco. Once this site has been adequately cleaned up, we welcome the new development at 1776 Green Street. Thank you in advance for preserving the health, safety and character of our beloved neighborhood.

Sincerely,

Jane & Mike Gaito

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

We are writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. We moved from our dream home after finding out our dream was over a contamination site listed at https://www.envirostor.dtsc.ca.gov/public/map/?myaddress=94123 where an old Manufacturing Gas Plant once operated. We bought the house the year we got married in 1997 and had our three beautiful daughters in the home. We were not aware of this contamination. All three of our children have autoimmune disorders ranging from mild to extremely severe. Our middle daughter lives in a wheel chair, has no speech and needs 24-hour care for all her life activities. Our youngest daughter has T1D and two other autoimmune disorders and our oldest daughter has Autoimmune Urticaria and Hashimoto's disease. We uprooted our lives and moved from our perfectly retrofitted home with a commercial sized elevator and customized everything for our daughter to Green Street to get away from the contamination. We are still adapting this home for her use and have been working on this for two plus year installing a ramp, to the side walk, a new bathroom for her and other modifications. She still cannot access our backyard which is our next project. Now, potential contamination is down the street again

I am in the real estate business but there is a safe way to remediate the toxic chemicals from inches below the ground at 1776 Green Street and it is outrageous that somehow this developer is getting an exemption from doing this properly. This site contains the same toxic chemicals that the site we moved away from. CEQA review is required to lay out the proper remediation plan to properly cleaned-up in a manner that safeguards nearby residents, community members walking by, construction workers, and future residents. Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials.

The City of San Francisco and the planning department hopefully have health and safety as their number one priority especially now when we have so much we don't have control over with the covid-19 virus. A heightened environmental review of this project would be in order, not an exemption. Allowing this project to go forward without the proper remediation and safety measures is in my opinion hazardous and irresponsible. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street.

Sincerely,

christine varon

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. While I support the development of additional housing, it would be foolish to build housing that contaminates the city and/or is marred by environmental issues similar to Hunters Point or Treasure Island.

The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. As someone how has lost too many loved ones to Leukemia, I believe it's irresponsible for the BOS to allow this construction to continue without proper review. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a result, there should be *heightened* environmental review of this project rather than an exemption.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on contaminated sites from CEQA review. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents both near this project and throughout San Francisco.

Again, I support the development of new housing, but not by sacrificing the health and lives of our citizens.

Sincerely,
Ben Chuba

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a result, there should be *heightened* environmental review of this project rather than an exemption.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on contaminated sites from CEQA review. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents both near this project and throughout San Francisco.

Thank you,

Marian Heath

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I am writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. I live at 2232 Green Street with my sister Sarah who is disabled. She takes daily walks in her walker past this property as that is the only flat way to go and she loves the park at the end of the street. The thought of her walking by when chemicals are being exposed during construction and after is quite upsetting.

.
The CEQA review is required to lay out the proper remediation plan to properly cleaned-up in a manner that safeguards nearby residents, community members walking by, construction workers, and future residents. Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials.

The City of San Francisco and the planning department hopefully have health and safety as their number one priority especially now when we have so much we don't have control over with the covid-19 virus. A heightened environmental review of this project would be in order, not an exemption. Allowing this project to go forward without the proper remediation and safety measures is in my opinion hazardous and irresponsible. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street.

Sincerely,

Alexandra Varon

Re: 1776 Green Street, File No. 200908 - Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

Why in the world would the San Francisco Board of Supervisors exempt this project from adherence to CEQA processes? The project does not address a single City priority for housing. If the Board allows the exemption to stand, you would simply provide a group of wealthy investors an opportunity to convert this lot while disregarding legally required environmental processes so they can build at minimum expense luxury condominiums for luxury buyers, thereby maximizing their profits -- the health of surrounding neighbors, nearby Allyne Park, Sherman Elementary School, and SF Library/Golden Gate Branch be damned.

CEQA processes ensure that contaminated sites are environmentally remediated fully and verifiably. Adherence protects neighbors from careless cleanups. Why would the Board of Supervisors even contemplate granting an exemption from these rules? Our City failed Hunters Point and Treasure Island residents. Do not allow the SF Department of Public Health to continue this alarming pattern of shoddy remediation practices. Have the project conduct its activities in a manner that protects our health: in accordance with CEQA mandated practices.

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

We are writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. We moved from the Marina after finding out our family home was over a PGE former Filmore Manufacturing Gas Plant contamination site. We bought the house the year we got married in 1997 and had our three beautiful daughters in the home. We were not made aware of this contamination. All three of our children have autoimmune disorders ranging from mild to extremely severe. Our middle daughter lives in a wheel chair, has no speech and needs 24-hour care for all her life activities. Our youngest daughter has T1D and two other autoimmune disorders and our oldest daughter has Autoimmune Urticaria and Hashimoto's disease. We uprooted our lives and moved to Green Street to get away from the contamination.

I am in the real estate business and pro-development in the area but there is a safe way to remediate the toxic chemicals from inches below the ground at 1776 Green Street and it is outrageous that somehow this developer is getting an exemption from doing this properly.
This site contains the same toxic chemicals that the PGE site has with benzine being one of the worst. CEQA review is required to lay out the proper remediation plan to properly cleaned-up in a manner that safeguards nearby residents, community members walking by, construction workers, and future residents. Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a family with two school aged daughters, we are especially concerned.

The City of San Francisco and the planning department hopefully have health and safety as their number one priority especially now when we have so much we don't have control over with the covid-19 virus. A heightened environmental review of this project would be in order, not an exemption. Allowing this project to go forward without the proper remediation and safety measures is in my opinion hazardous and irresponsible. CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street.

Dear President Yee and Honorable Members of the Board of Supervisors:

I'm a resident of San Francisco and am writing **to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street.** We need more housing in San Francisco for residents and immigrants of all income levels, and that means we need tons of housing and infrastructure construction. While CEQA is sometimes misused to stop measures that would alleviate the housing crisis, this is not the case here. With this project, the project site is highly contaminated with toxic materials, including known carcinogens. One of the carcinogenic materials at this site is benzene. I understand that data obtained via a public records request from the Department of Public Health shows that benzene levels are more than nine hundred times in excess of what the State of CA deems safe for residential and commercial use. This is unacceptable.

We need a proper review of this site to ensure the health of SF's residents. We also need more housing and infrastructure construction to alleviate our housing shortage. We should be able to do both.

Thank you,
David Ellis

Dear President Yee and Honorable Members of the Board of Supervisors:

I'm a resident of San Francisco and am writing **to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street.**

We need more housing in San Franciscofor residents and immigrants of all income levels, but we do need to do so in a way that is safe for our current residents and their families. That means we need a massive increase in housing and infrastructure construction on sites that are safe for residential building.

While CEQA is sometimes misused to stop measures that would alleviate the housing crisis, this is not the case here. With this project, the project site is highly contaminated with toxic materials, including known carcinogens. One of the carcinogenic materials at this site is benzene. I understand that data obtained via a public records request from the Department of Public Health shows that benzene levels are more than nine hundred times in excess of what the State of CA deems safe for residential and commercial use. This is unacceptable.

We need a proper review of this site to ensure the health of SF's residents. We also need more housing and infrastructure construction to alleviate our housing shortage, so that we are not forced to build on compromised and unsafe sites. We should be able to do both- expanding access to all that San Francisco has to offer and ensuring that we continue to be a destination for those seeking to build a better city and society.

Thank you,
Courtney Cherry

RE: 1776 Green Street, File No. 200908 - Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Dear President Yee and Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project.

I live on the same block as 1776 Green Street and am very concerned that the City is attempting to avoid public environmental review for this Project. 1776 Green Street is located adjacent to almost 70 housing units and is within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants and children. Furthermore, the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. Given the nature of the area surrounding the Project, there should be heightened environmental review rather than an exemption from CEQA.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents throughout San Francisco. I support the creation of new housing in San Francisco, but only when done properly and safely, and certainly not at the expense of public health.

Sincerely,

Gary Blum

RE: 1776 Green Street, File No. 200908 - Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm a longtime resident of San Francisco and lead a family medical practice in Noe Valley. I grew up and went to public school in SF and completed my medical training at UCSF where I currently teach family medicine to medical students.

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project. Avoiding a thorough environmental review and clean-up could result in tragic health consequences.

In addition to being a physician that is committed to promoting the health and wellbeing of my patients, I'm also the mother of three SFUSD students and graduates. I'm very concerned that the City is attempting to avoid public environmental review for this Project. 1776 Green Street is located adjacent to almost 70 housing units and is within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants, children and the elderly. Furthermore, the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. Given the nature of the area surrounding the Project, there should be heightened environmental review rather than an

exemption from CEQA.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA unambiguously requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents throughout San Francisco. I support the creation of new housing in San Francisco, but only when done properly and safely, and certainly not at the expense of public health.

Sincerely,

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Dear President Yee and Honorable Members of the Board of Supervisors:

I'm a long-time resident of San Francisco and am writing **to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street.**

I'm deeply concerned by the fact that the City of San Francisco has exempted many projects on highly contaminated sites from CEQA review. This potentially has an adverse impact on equity across all San Franciscans.

The City must comply with CEQA to ensure the health and safety of the community not just around 1776 Green Street, but also throughout San Francisco more broadly.

Thank you,

Ben Ellis
1775 Green St
San Francisco, CA 94123

RE: 1776 Green Street, File No. 200908 - Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I am writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project.

I'm the father to three young children and live one building away from 1776 Green Street. I'm very concerned that the City is attempting to avoid public environmental review for this Project. 1776 Green Street is located adjacent to almost 70 housing units and is within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants and children. Furthermore, the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. Given the nature of the area surrounding the Project, there should be heightened environmental review rather than an exemption from CEQA.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents throughout San Francisco. I support the creation of new housing in San Francisco, but only when done properly and safely, and certainly not at the expense of public health.

Sincerely,

Salem Mansoir

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a result, there should be ***heightened*** environmental review of this project rather than an exemption.

CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. I urge the City to comply with this state law to protect the health and safety of its residents near this project.

Thank you,

Frank Moslander
1890 Vallejo St.

Dear Honorable Members of the Board of Supervisors:

I am writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is required by the laws you are sworn to uphold to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project.

I'm very concerned that the City is attempting to avoid public environmental review of 1776 Green Street, and also the broader impact that this decision may have on our community. The Project site is within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants and children. 1776 Green Street is also immediately adjacent to almost 70 housing units. Furthermore, the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. The surrounding areas being as populated as they are, one would think that this project demands a heightened—not diminished—review.

Speaking to the broader issues, according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this

state law to protect the health and safety of residents throughout San Francisco. I support the creation of new housing in San Francisco, but it must be done properly and safely, and certainly not at the expense of public health. As a person who both lives and works in San Francisco, I hope you will work in your capacity to correct this error.

San Francisco, CA 94102
bos@sfgov.org

Members of the Board of Supervisors:

Thank you for soliciting letters from the neighbors of 1776 Green Street. It is of critical importance that the project protects the health and safety of the Green Street community and surrounding neighbors. We are a family-centric neighborhood with children, elderly, and a buzzing commerce scene of restaurants, shops, schools, and libraries.

I want to underscore that I am pro-development in San Francisco and pro-development in Cow Hollow. But given the nature of this site and the widely documented toxicity of the land on which it stands, I implore you to do this safely and lawfully.

As such, **I am writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street.** The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is **required** to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project.

I live directly next door to the site in a multi-unit rental building. As we are all working remotely during COVID, my bedroom and office windows are situated immediately above the site, as is the case for many of my neighbors within 1770 Green Street. There are many of us who are contemplating our ongoing tenancy if this project continues without proper standards upheld.

I'm very concerned that the City is attempting to avoid public environmental review of 1776 Green Street, especially since the site is located adjacent to almost 70 housing

units. The Project site is also within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants and children. Furthermore, my building and the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. Given the nature of the area surrounding the Project, there should be heightened environmental review rather than an exemption from CEQA.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents throughout San Francisco. I support the creation of new housing in San Francisco, but only when done properly and safely, and certainly not at the expense of public health.

Development is critical in this city, but so is the safety and health of those who neighbor development. This is the time to do the right thing, and we'll be watching, closely, how the Board of Supervisors respond.

Sincere regards,

Isabella Valentini

Re: 1776 Green Street, San Francisco, CA 94123
File No. 200908, Support for Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

We ask that you support the Appeal noted above. The environmental hazards at the street and below grade are well documented and demand an independent CEQA examination, mitigation plan and full cleanup/containment of the site.

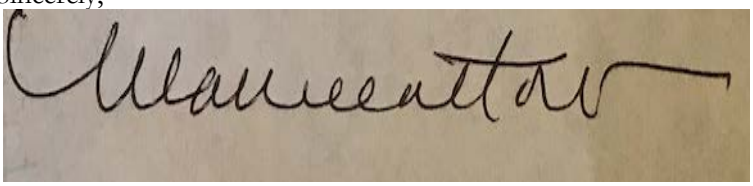

The following facts are indisputable:

- Developers, Local Capital Group, are planning to convert 1776 Green Street into five luxury residential units requiring a 2-story addition plus expanded underground parking. Until 8 years ago, this property operated, for a century, as an auto repair shop. The grandfathered permit for this auto body business in this RH-2 neighborhood expired 5 years ago. Nearby residents are pleased with the prospect of additional housing on this site. However, these plans involve considerable alterations to the current support structure and extensive underground excavation resulting in increased disturbance of existing contaminated soil and groundwater. Plans were filed with the SF Planning Department in August 2018.
- The SF DPH report, filed in August 2019, states that the current cleanup levels are adequate to protect human health **only** if the site retains its' current, historic land use, which is commercial. However, the developer's own consultants have identified toxin levels exceeding those allowable for commercial occupancy.
- 1776 Green Street is listed as an open Underground Storage Tank (UST) case with the San Francisco Department of Public Health and is in the SWRCB GeoTracker database as well as on both the City's Maher Ordinance Map and the State of California's Cortese List (Hazardous Waste and Substances Sites List) because it is an active leaking underground storage tank cleanup site. Given the past use of the property, testing has identified predictable, copious amounts of highly toxic, cancer-causing soil contamination such as fill from the 1906 earthquake debris, bi products of gas and diesel, lead, mercury, among others. Most concerning is cancer causing Benzene with a level exceeding 900 times above residential safety standards. Note that these toxins may have been leaking under adjacent properties for decades especially downhill, north, into the back of Union Street residential/business sites. Currently there are pediatric and dental clinics, personal care, restaurant and bar establishments, downhill, adjacent to 1776 Green.

- 1776 Green Street shares property lines with seven (7) buildings containing 69 living units and three restaurants with additional living/office space above. There are six (6) more residential units within 75 feet on the north side of Green and 19 more on the south side of Green. The heavily used Allyne Park is 75 feet to the east and the Golden Gate Valley Library, which hosts several programs a week for more than 40 infants, toddlers and their caregivers, is across the street to the west. Pedestrian traffic in front of 1776 Green is considerable due to the proximity of the Sherman Elementary School, a block to the east, the four other nearby schools and the three neighborhood churches. Add the many tourists, including walking historic tours, commuters to the Union and Van Ness bus lines and local employees, business and service customers.
- This block of Green Street is the best example of the neighborhood environment the City's administration claims to promote. Single occupied, duplex, 3 and 4 unit 1890 to 1930 era homes plus a 22 unit building successfully coexist with the Union Street and Octavia Street commercial corridors. In addition to the amenities noted above, there is a grocery on the east corner and the Octagon House American history museum adjacent to the Allyne Park.
- The developers own environmental experts proved that 1776 Green Street is heavily contaminated, as acknowledged by San Francisco Departments of Public Health, Public Works and the Planning Department, posing potential health risks to pedestrians, our many neighborhood visitors, nearby residents and businesses, the occupants of the new condos and the construction personnel working on the building. Yet, these City agencies, paid to protect public safety and the quality of our neighborhoods, have applied various methods, **three** times over the past year, to exempt this property from a thorough CEQA environmental review and public participation in the process. The SF Chronicle's Front Page articles by Cynthia Dizikes on June 7, 2020, and again on August 13, 2020 outline the tools used by these agencies to block concerned residents' requests for a CEQA examination of 1776 Green Street.
- Recent mitigation procedures of the 4 tanks under the sidewalk in front of 1776 Green Street resulted in little or no improvement in soil contamination levels and minor improvement of groundwater contamination. Both tested far above safe Environmental Significant Levels (ESLs) for residential **and** commercial occupancy. To date, there is no evidence of exploration or a released report concerning suspected contamination of the soil and masonry/concrete structure inside the building where the repair work occurred for 100 years and, in the large storage/parking area under the building, as required in the DPH, Environmental Health document, dated August 8, 2019

A thorough cleanup of this toxic site to residential standards is critical to the health and safety of our community. Please, do not consider or approve measures that compromise a complete CEQA investigation by independent experts, not those hired and paid by the Developers.

Sincerely,

Maureen Holt

RE: 1776 Green Street, File No. 200908 - SUPPORT of Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer intends to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with benzene, a known carcinogen that causes leukemia, at levels over 900 times in excess of state residential standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents.

Furthermore, 1776 Green Street is located within a one-block radius of three important public resources for the community: Sherman Elementary School (a public school with over 375 students), Allyne Park, and Golden Gate Valley Library, which offers highly popular programming for children and seniors. Children and the elderly have a higher risk of negative health outcomes due to exposure to toxic materials. As a result, there should be ***heightened*** environmental review of this project rather than an exemption.

CEQA section 21084c requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. I urge the City to comply with this state law to protect the health and safety of its residents near this project.

Thank you,

Mary Moslander

Re: 1776 Green Street, San Francisco, CA 94123
File No. 200908, Support for Appeal of CEQA Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

We ask that you support the Appeal noted above. The environmental hazards at the street and below grade are well documented and demand an independent CEQA examination, mitigation plan and full cleanup/containment of the site.

The following facts are indisputable:

• Developers, Local Capital Group, are planning to convert 1776 Green Street into five luxury residential units requiring a 2-story addition plus expanded underground parking. Until 8 years ago, this property operated, for a century, as an auto repair shop. The grandfathered permit for this auto body business in this RH-2 neighborhood expired 5 years ago. Nearby residents are pleased with the prospect of additional housing on this site. However, these plans involve considerable alterations to the current support structure and extensive underground excavation resulting in increased disturbance of existing contaminated soil and groundwater. Plans were filed with the SF Planning Department in August 2018.
• The SF DPH report, filed in August 2019, states that the current cleanup levels are adequate to protect human health only if the site retains its' current, historic land use, which is commercial. However, the developer's own consultants have identified toxin levels exceeding those allowable for commercial occupancy.
• 1776 Green Street is listed as an open Underground Storage Tank (UST) case with the San Francisco Department of Public Health and is in the SWRCB GeoTracker database as well as on both the City's Maher Ordinance Map and the State of California's Cortese List (Hazardous Waste and Substances Sites List) because it is an active leaking underground storage tank cleanup site. Given the past use of the property, testing has identified predictable,

copious amounts of highly toxic, cancer-causing soil contamination such as fill from the 1906 earthquake debris, bi products of gas and diesel, lead, mercury, among others. Most concerning is cancer causing Benzene with a level exceeding 900 times above residential safety standards. Note that these toxins may have been leaking under adjacent properties for decades especially downhill, north, into the back of Union Street residential/business sites. Currently there are pediatric and dental clinics, personal care, restaurant and bar establishments, downhill, adjacent to 1776 Green.

• 1776 Green Street shares property lines with seven (7) buildings containing 69 living units and three restaurants with additional living/office space above. There are six (6) more residential units within 75 feet on the north side of Green and 19 more on the south side of Green. RE: 1776 Green Street, File No. 200908 - Appeal of California Environmental Quality Act (CEQA) Determination of Exemption from Environmental Review

Honorable Members of the Board of Supervisors:

I'm writing to support the appeal of a CEQA exemption for the proposed project at 1776 Green Street. The developer proposes to construct five luxury condos on a heavily contaminated site, which was used as an automobile repair shop for over 100 years. The site is contaminated with a number of toxic materials including benzene, a known carcinogen, at levels over 900 times above state residential standards and 200 times above state commercial standards. CEQA review is required to ensure that this contamination is adequately cleaned-up in a manner that safeguards nearby residents, community members, construction workers, and future residents of the Project.

I'm a parent with school-aged children and live down the block from 1776 Green Street. I'm very concerned that the City is attempting to avoid public environmental review for this Project. 1776 Green Street is located adjacent to almost 70 housing units and is within a one-block radius of three important public resources that are sensitive receptor locations: Sherman Elementary School (a public school with over 375 students), Allyne Park, and the Golden Gate Valley Library branch, which provides highly popular programming to infants and children. Furthermore, the Project site backs onto a busy commercial corridor on Union Street which includes doctors' offices, restaurants and small businesses. Given the nature of the area surrounding the Project, there should be heightened environmental review rather than an exemption from CEQA.

I'm also concerned that according to a recent San Francisco Chronicle article, the City appears to have exempted many other projects on heavily contaminated sites from CEQA review. CEQA requires public environmental review before projects are approved on heavily contaminated sites such as 1776 Green Street. The City must comply with this state law to protect the health and safety of its residents throughout San Francisco. I support the creation of new housing in San Francisco, but only when done properly and safely, and certainly not at the expense of public health.

Sincerely,

Kyoko Watanabe

RE: Ordinance File #201059 (Administrative Code - Temporary Tenant Protections Due to COVID-19)
Subj: Written Comment in Opposition to Ordinance #201059 (Preston)

Dear SF Board of Supervisors,

I write regarding the proposed legislation (file #201059) by Supervisor Preston banning no-fault evictions until March 2021 and respectfully request that you reject this proposal in its current form and amend the proposal to allow for OMI evictions of non-protected tenants by non-corporate single-unit owners.

The proposed legislation is a blanket ban on all no-fault evictions, even those where tenants are not impacted by COVID. This is unfair and surely inconsistent with state-based legislation which is targeted to those in most need.

I do not exaggerate when I say that this proposed legislation, if passed, will destroy us financially.

My husband and I poured our life savings into buying our first home at the start of this year. We commenced the Owner Move-In eviction process in January, serving the tenant with a 60 day notice period. The tenant was due to move out at the end of March but has refused to do so. Due to the closure of the courts, we have only recently been able to commence legal proceedings to move into our home.

The tenant is gainfully employed and has not claimed protected tenant status or any COVID protections. They have lived in our home without paying rent since April. Due to the rules governing OMI evictions, we are unable to collect rent.

My husband and I are newly married and trying to start our family. During the pandemic, he has been made redundant twice and my small business has been hammered. As you would be aware TIC apartments are ineligible for mortgages from the major banking institutions - a quirk of SF property. Mortgage relief is therefore at the discretion of the lender. We have drawn heavily upon the

generosity of family to get us to this point but these funds are running out.

There seems to be a focus on tenants and very little support or acknowledgment of the hardship caused to landlords during this pandemic. Mr. Preston's legislation would deny us access to our home until next year and will cause us financial ruin. We literally have no money left and are already at our wit's end.

Please do not permit this legislation in its current form to proceed. We simply cannot afford it.

Sincerely,
Brett

Dear President Yee and Board Members:

As community and tenant based organizations from across the city we join together to urge your support for this essential proposal to prevent the displacement of hundreds of families, seniors, and workers in the coming winter months of this pandemic.

Since March San Francisco tenants have been protected by two emergency moratoriums preventing most evictions in the City, halting evictions for non-payment of rent arising out of pandemic related financial distress and evictions for other alleged justifications unrelated to a threat to health or safety. These two moratoriums have played an important part in limiting a broader spread of the coronavirus

Both moratoriums are now expiring. San Francisco's moratorium on evictions for nonpayment of rent has now been replaced by state law, AB3088. The city's moratorium on most other evictions effectively expires at the end of November unless it is extended by the ordinance now before you.

While it was in effect, the moratorium on non-rent related evictions had a major impact on preventing displacement. According to data from the Rent Board, for the four month period between April 1 to July 31, the number of notices of evictions for non-rent related reasons fell 69% from the same period a year ago -- a reduction of over 400 evictions. Given that the Rent Board's reporting system covers only a portion of the units protected by the expiring order, we believe an even greater number of evictions have been and need to be prevented.

Thus unless the Board acts by approving the proposed ordinance to extend the Mayor's moratorium a wave of preventable evictions will occur in the coming winter months – a period that DPH advises poses a heightened risk of a surge in illnesses because residents will be confined indoors exposed to both the flu and the coronavirus.

To address these impending threats to public health we urge the board to approve this urgently needed ordinance.

San Francisco Board of Supervisors
Attn: Rules Committee
1 Dr. Carlton B. Goodlett Place
City Hall, Room 244
San Francisco, CA 94102-4689

Dear Members of the Board of Supervisors,

My name is Cynthia (Cyn) Wang, and I am a SFUSD mom, small business owner, and United Democratic Club board member writing in strong support of Rachael Tanner for Planning Commissioner. I also previously served as assistant city attorney to several Bay Area cities, giving me a strong background in planning and land use. Based on this background, I believe Rachael is deeply qualified to serve on the San Francisco Planning Commission.

Rachael brings a wealth of experience as Senior Planner focusing on the Excelsior and Outer Mission neighborhoods, a legislative aide, and a member of the Board of Permit Appeals. She knows the impact legislation has on our neighborhoods, the importance of public input, and the role the Planning Department plays in ensuring our City can remain a place for small businesses, working families, and all of our diverse communities.

As a former resident of the Bayview and SOMA, and current resident of the

“Hub” area, Rachael sees and experiences daily the results of the Planning Department’s recent Eastern Neighborhoods, Western SOMA, Central SOMA , and Hub Area planning efforts. The City’s eastern neighborhoods have shouldered the majority of San Francisco’s new development, and having a resident from this part of the City will help ensure these issues are represented on the Planning Commission.

Additionally, as you know, diversityvand representation matter, particularly on the Planning Commission. With the resignation of former commissioner Milicent Johnson, there are currently no African Americans on the Planning Commission. San Francisco, like so many other cities is still confronting our dark history of racist land use policies such as redlining and urban renewal, which have disproportionately impacted our city’s black community. Rachael’s appointment to the Planning Commission is important to ensure we continue to have African American representation on this important body.

I urge you to support Rachael’s nomination to the Planning Commission.

Sincerely,

Cynthia Wang

Re: Letter of Support for Planning Commission Nominee, Rachael Tanner

Dear Members of the Rules Committee,

My name is Bruce Agid and I'm writing in strong support of Rachael Tanner for Planning Commissioner. For identification purposes only, I'm the President of the San Francisco Eastern Neighborhoods Democratic Club and Board Member of the South Beach/Rincon/Mission Bay Neighborhood Association. However today I'm writing as a native San Franciscan and an 11 year resident of Mission Bay.

Rachael is deeply qualified to serve on the San Francisco Planning Commission. Whether it be in her role as a Senior Planner working on policies focused on the Excelsior and Outer Mission neighborhoods, a legislative aide, and member of the Board of Permit Appeals, Rachael brings years of experience working with San Francisco's diverse communities. She knows the impact legislation has on our neighborhoods, the importance of public input, and the role the Planning Department plays in ensuring our City can remain a place for small businesses, working families, and all of our diverse communities. In addition, having experience as Assistant to the City Manager in Palo Alto as well as that of a Program Specialist in the Long Beach City Manager's Office adds to her diverse amount of experience and background.

As a former resident of the Bayview and SOMA, and current resident of the "Hub" area, Rachael sees and experiences daily the results of the Planning Department's recent

eastern neighborhoods planning efforts. The City's eastern neighborhoods have and will shoulder the majority of San Francisco's new development, and having a resident from this part of the City will help ensure these issues are represented on the Planning Commission. As a community leader in the eastern part of the City, I know this experience and knowledge is critical. Planning is more than building housing and office space, it's about building community and I know with Rachel's background she will be an excellent addition to this Commission.

Additionally, we must have diverse representation on the Planning Commission. With the resignation of former commissioner Milicent Johnson, there are currently no African Americans on the Planning Commission. Rachael's appointment to the Planning Commission is important to ensure we continue to have African American representation on this important body.

I urge you to support Rachael's nomination to the Planning Commission.

Sincerely,

Bruce Agid

RE: Letter of Support for Planning Commission Nominee, Rachael Tanner

Dear Members of the Board of Supervisors,

My name is Mariko Davidson. My husband, young son, and I are proud District 11 residents. We have been proud to call San Francisco home since 2016. **I am writing to support Rachael Tanner's nomination to the San Francisco Planning Commission.**

In my professional role at Ford Mobility, LLC. I build new mobility partnerships with cities. Formally trained as an urban planner, I build policy initiatives with positive social impact. For the past 13 plus years, I've held leadership roles in technology companies, non-profits, government (municipal, state), and international diplomacy, to build unique and impactful programs with cities.

Rachael and I first became acquainted through our graduate studies program. We both matriculated through the Master's in City Planning Program offered by the Massachusetts Institute of Technology. During that time, Rachael played a leading role in the Students of Color Committee. She also ran for and was elected to the student government of the department. In these two roles she helped give students a voice in the process of selecting new faculty and helped build community among the student body.

Since our time as classmates, I have seen her chart a career path aligned with her values and always seek to make the world a better place. Rachael is focused, serious, and really puts her heart into any endeavor. I know that as a Planning Commissioner she will discharge her duties with grace, a sense of camaraderie with her fellow commissioners, and always with the intention to do what is just and equitable.

Rachael spent time working in District 11; getting to know my "outer neighborhood." I know that her curiosity and relationship building skills will ensure she gets to know all the neighborhoods of San Francisco. That she understands what it's like hustling to BART on streets that weren't designed for bikes and sidewalks that aren't always hospitable to pedestrians. She understands how hard families like mine work to carve out a place to call home in this city. And she takes to heart a responsibility to ensure San Francisco continues to be a city on a hill, shining bright as an example throughout the world.

I urge you to support Rachael's nomination to the Planning Commission.

Sincerely,

Mariko Davidson

To be distributed to all Supervisors file 201140

The San Francisco Council of District Merchants Associations, representing San Francisco's neighborhood merchant associations for 70 years, supports File #201140, a resolution regarding the Shared Spaces Program that will be heard at the Board of Supervisors tomorrow, October 6, 2020.

We appreciate efforts the city is making to support small businesses during the COVID-19 pandemic as we attempt to reopen safely and remain open permanently. The Shared Spaces Program offers many local businesses the opportunity to operate in public spaces which provides a means to serve customers and clients to some extent. However many of us, particularly businesses that are not restaurants, face challenges with this program that need to be discussed and addressed. The hearing called for in this Resolution is necessary to give local businesses a chance to weigh in on what does and doesn't work with this program, and to propose creative solutions to make sure neighborhood merchants of all types across the city can resume operations equitably, successfully and safely in the long-term.

The SFCDMA intends to participate in the hearing called for in File #201140, and we thank Supervisors Mar, Haney and Walton for proposing it.

Sincerely,

Stephen

10/5/20

Alaric Degrafinried - Director
SF Department of Public Works

There's a SF law that's never enforced.

It prohibits skateboarders from neighborhood sidewalks.

Thousands of dollars are spent by homeowners repairing the damage done to their sidewalks, by these destructive skateboarders.

The skateboarders could care less.

Even if the homeowner asks them to please stop skateboarding on their sidewalk, because of the damage they do.They ignore the homeowner.

When they skateboard across the street, they make their skateboards jump onto the sidewalk. This is very damaging, because the elevated skateboard slams down on the curbs.

cracking cement

___

Please do something to enforce this law.

Homeowners try to keep their property nice, yet San Francisco sidewalks are always cracked, chipped and crushed by these destructive skateboarders.

Why should SF taxpayers be forced to consistently pay for their sidewalk repairs?

The DPW actually issues warnings and enforce monetary fines and penalties to homeowners, if they don't repair their sidewalks.

San Francisco homeowners who pay taxes for everything, aren't entitled to enjoy their life?

Most SF parks have places meant for skateboarders and skateboarding.

As the new DPW Director what can you do to enforce this SF law?

A welcome message from Public Works Director Alaric Degrafinried

I copied this email directly below your YouTube video.

Re: <u>UPDATED</u> WARN Notice: The Bay Club Company

I am writing on behalf of The Bay Club Company ("Bay Club") to update the notice previously provided to you on June 9, 2020. Specifically, as a result of COVID-19-related business circumstances that were not reasonably foreseeable at the time that notice might otherwise have been required, some Bay Club associates experienced a layoff at the following Club location on September 7, 2020. These circumstances include the prolonged government-ordered shutdown of recreational facilities such as Bay Club's, the protracted length of time COVID-19-related restrictions are now expected to continue, and the likelihood that more stringent restrictions will be re-instituted in the event of an anticipated COVID-19 resurgence.

Bay Club San Francisco
150 Greenwich Street
San Francisco, CA 94111

Over the next few weeks, Bay Club will continue to evaluate its business model and workforce in light of the prolonged COVID-19 pandemic, including offering new positions for remote services offered by Bay Club to offset some of the loss in hours for associates who previously provided in-person services. We anticipate that, as a result of this restructuring and reallocation of hours, a number of additional associates will experience a temporary or permanent employment loss. More information about such impacts will be shared when it becomes available.

UPDATED WARN Notice: The Bay Club Company
September 29, 2020

I am providing this notice in an abundance of caution and due to the unprecedented nature of this situation, although the Worker Adjustment and Retraining Notification Act ("WARN Act") and California WARN Act may not technically require notice of all of these planned actions.

- The entire Club location is not being closed.
- Bumping rights do not exist.
- The affected associates are not represented by a union.

The below chart contains the details of the job titles of positions laid off effective September 7, 2020, and the number of affected associates in each job classification.

Affected Job Position	# Associates
Cafe Server	6
Director of Family Programming	1
Facilities Director	1
Family Programming Associate	5
Group Fitness Instructor	29
Housekeeping Attendant	7
Personal Trainer	9
Pilates Instructor	1
Spa Coordinator	1
Sports Desk Associate	2
Valet Attendant	2
Yoga Instructor	1

All affected associates have been notified of these actions, which are anticipated to be permanent, with the exception of associates who may experience a reduction in work hours in the near future, which may be temporary. Affected associates were provided notice consistent with Executive Order N-31-20 regarding the California WARN Act.

If you have any questions or want additional information concerning this matter, please contact Erin Rucker Oto, Senior Executive Vice President at 415.901.9252.

Sincerely,

Kevin Klipfel
Chief Financial Officer

Re: Bon Appétit Management Co. (Bon Appétit) operations at Uber

To Whom It May Concern:

Unfortunately, this letter will serve as official notice under Worker Adjustment and Retraining Notification (WARN) Act and California WARN Act that Bon Appétit's operation at Uber ("Client"), located at 1455 Market Street, San Francisco, CA 94103 and 350 Rhode Island, San Francisco, CA 94107 will be reduced and/or temporarily suspended due to the unforeseen business circumstances related to COVID-19 and resulting physical calamity. Subsequently, Bon Appétit's operations at Uber will be significantly reduced and require minimal staffing. Bon Appétit does not know whether its reduced operations will be permanent, but it is expected to last for many months.

Because of this indefinite reduction and/or suspension of operations and based on the information available to it at this time, Bon Appétit has made the decision to terminate a significant number of non-exempt hourly positions. Impacted employees were terminated on September 17, 2020. For Bon Appétit employees at Uber, our Client has generously funded pay associated with the number of hours employees were normally scheduled to work, while we evaluated the impacts of COVID-19 on our business at Uber and opportunities to continue to provide food services. Additional notice of the mass layoff was not practicable due to the evolving COVID-19 pandemic and the recent notification that our Client will cease funding pay for Bon Appétit employees who performed services at Uber. Bon Appétit employees at this location are not represented by labor unions. There is no provision in the company's policy for transfer, bumping or reassignment for Bon Appétit personnel. The job titles of the affected positions and the number of affected employees in each job classification are shown on the attached enclosure.

Consistent with Executive Order N-31-20, we have notified employees of the following: *If you have lost your job or been laid off temporarily, you may be eligible for Unemployment Insurance (UI). More information on UI and other resources available for workers is available at labor.ca.gov/coronavirus2019.*

Should you have any questions concerning this matter, please contact Christine Bolton at 925.375.6665.

Yours truly,

Christine Bolton

Re: Bon Appétit Management Co. (Bon Appétit) operations at Twitter

To Whom It May Concern:

Unfortunately, this letter will serve as official notice under Worker Adjustment and Retraining Notification (WARN) Act and California WARN Act that Bon Appétit's operation at Twitter ("Client"), located at 1355 Market Street, San Francisco, CA will be reduced and/or temporarily suspended due to the unforeseen business circumstances related to COVID-19 and resulting physical calamity. Subsequently, Bon Appétit's operations at Twitter will be significantly reduced and require minimal staffing. Bon Appétit does not know whether its reduced operations will be permanent, but it is expected to last for many months.

Because of this indefinite reduction and/or suspension of operations and based on the information available to it at this time, Bon Appétit has made the decision to terminate a significant number of non-exempt hourly positions and several salaried. Impacted employees were terminated on August 27, 2020 and September 30, 2020. For Bon Appétit employees at Twitter, our Client has generously funded pay associated with the number of hours employees were normally scheduled to work, while we evaluated the impacts of COVID-19 on our business at Twitter and opportunities to continue to provide food services. Additional notice of the mass layoff was not practicable due to the evolving COVID-19 pandemic and the recent notification that our Client will cease funding pay for Bon Appétit employees who performed services at Twitter. Bon Appétit employees at this location were not represented by labor unions at the time of termination. There is no provision in the company's policy for transfer, bumping or reassignment for Bon Appétit personnel. The job titles of the affected positions and the number of affected employees in each job classification are shown on the attached enclosure.

Consistent with Executive Order N-31-20, we have notified employees of the following: *If you have lost your job or been laid off temporarily, you may be eligible for Unemployment Insurance (UI). More information on UI and other resources available for workers is available at labor.ca.gov/coronavirus2019.*

Should you have any questions concerning this matter, please contact Christine Bolton at 925.375.6665.

Subject: buy back program/recology

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

This afternoon I went to your "buy back facility" out on the edge of the bay near Evans.
Unfortunately, as it turned out, this was all a huge waste of my time in that according to John Gee, recology had discontinued the program; NOT exactly what I would describe as a pleasant surprise.

I may be wrong but I am of the distinct impression recology is contractually obligated to offer this "buy back" program as part of their covenant with the city for allowing their monopoly operation to proceed.

Probably an issue for some state government bureaucracy but, the stores are given license to continue charging a redemption fee while now, with only one exception in all of the city there is no place where one can attempt to recoup a fraction of these government sanctioned extorted monies.

It is in vogue these days to make a lot of noise about recycling, especially coming from the government and recology. recology sure isn't bashful about blowing smoke with their publication which accompanies their demands for payment from a captive market. Incontrovertibly, this is yet another example of the hypocrisy that exists in this city and particularly with the city government. This kind of bullshit doesn't exactly make me jubilant about paying my garbage bill nor my property tax bill ; shit for service by both in this instance but, unequivocally and always as far as the city is concerned !

To suggest it is inequitable, to charge recycling fees at the time of purchase and not provide a means to be reimbursed is well beyond illegal (state law mandates recycling law et all) it is malfeasance & criminal !

I'll be particularly interested to read even one excuse; please do not try and lay this bullshit off on the pandemic, I ain't buying !
I've returned the recyclables to their (rent free) prior storage, their longevity with this free storage depends . . .

I'm gonna reiterate, CHOOSE another name for your agenda. This is highly offensive to those who carry this name. YOU want to use the name "Caren" to propose law against Racism, but yet you use the name carried on by Social Media as just that, Racist! Think about it.

> I take the name of this Act introduced by Mr. Walton as highly insulting and ignorant. Someone decided to create this racist meaning to the name "KAREN" in which has come to symbolize a stereotype of whiteness and continue to use it and spread it around social media without the consideration that this name is of birth names people personally use.
>
> This causes discrimination and is being used as a racist term against white women. This "CAREN Act" is "This bill could protect millions of Californians from becoming targets of hate and prevent the weaponization of our law enforcement against communities of color". However the use of this name "CAREN Act" is racist in itself for it's use. Be considerate to the fact that this name belongs to actual people that have to live, breathe, and survive in their society. White, Black, Brown, doesn't matter, people of authority need to stop dividing us.
>
> Choose another name.
>
> Thank you,

Dear Mayor Breed, Board of Supervisors & DA Boudin:

I am including a video of a neighborhood criminal who has been terrorizing our neighborhood Walgreens for the past few months. This criminal and his accomplices have been boldly and wantonly walking into the store to steal whatever they desire. He was there again today claiming he didn't know his accomplice while they tried shoplifting again. They were thwarted for the most part by the Walgreens security guard, Manager, and concerned neighbors like me.

I am sending you this video as an example of your failed efforts at restorative justice which is putting businesses and employees, and citizens like us at continued risk. Our very safety and livelihood is at stake right now. We are fed up with the constant break-ins of our homes and vehicles. It is not just our property. We are living in constant fear in our own homes about the safety and wellbeing of our loved ones. When are you all going to finally wake up? Right now, it feels as though you guys do not care at all about the wellbeing of the law abiding citizens. You care more about the criminals, drug addicts, and homeless. They seem to have more protections and rights.

No wonder so many San Franciscans are fed up, and many are choosing to leave this dirty and crime plagued City. You probably already know how many San Francisco homes are on the market. People cannot wait to leave. For those of us who still live here, we have one question. When are you all going to finally do something? Fed up and dejected residents are talking about taking justice into their own hands because the Police are not empowered to deal with what you consider "petty" and "quality of life crimes". We know these things are very low on your priorities, but please stop enabling this criminal behavior and start taking care of law abiding San Franciscans.

Sincerely,

John Kim
District 5

I lived in the Bay area for a decade. There was a homeless crisis then. It's worse and it looks different today. I'd like to ask you to look at printable houses. Small developments of these on donated land nearby would be cheap to create, they can be made into any size and shape, and they're very sturdy and fire resistant. They could be affordably bought or rented or granted to homeless, veterans, economically vulnerable seniors and disabled, single mom families, and women and children fleeing domestic violence. Even one such development would be a start, and could be a demonstration project incorporating ultra low energy use, and active and passive solar, and cistern water collection and filtration for some uses. Seeing it working might encourage more such projects.

Hi London, Rafael, Chesa, BOS,

Here's another sad example of the decline of our city, and our inability to direct people to available resources. What are you doing to address this epidemic of free for all shoplifting wiping out the inventory in the few stores that are open in our neighborhoods?

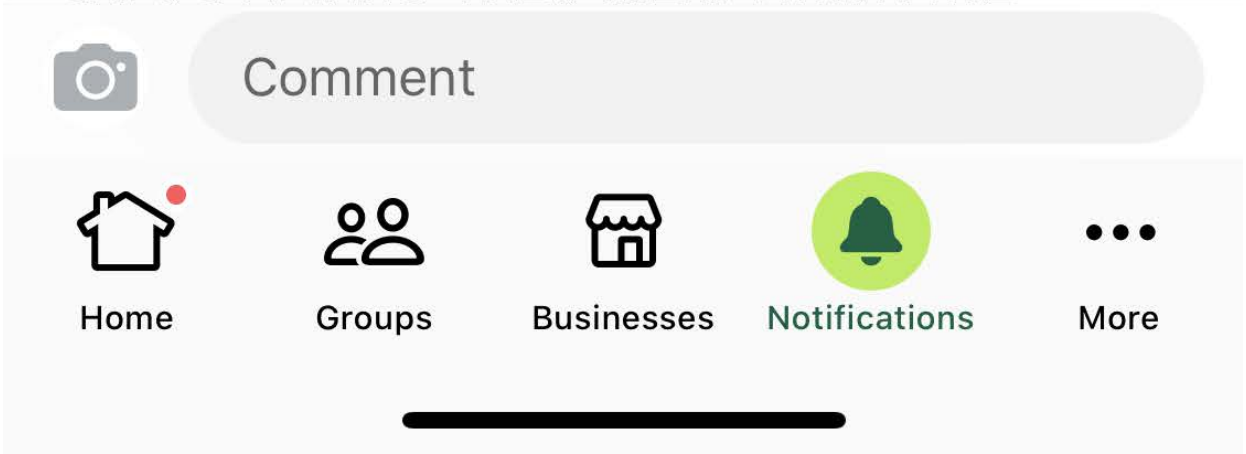

Best,
Tom Schmidt
Corona Heights

"Brazen smash and grab at Safeway then employee assaulted !! Another example of a city and country seriously out of control . After a Saturday shift I stop at Safeway on market to do my weekly shopping soon as I enter I can tell something was going down . 2 young adults had small but sturdy sticks / clubs they went down the personal care isle . And literally smashed the windows out of 3 of the locked glass cabinets and loaded up everything. Razors cartridges . Expensive face creams toothpaste etc etc .. the store worker tried to stop one of them and apparently struck her across the face with his stick .. I took a couple of pics to show what happened . The reason for this post is to point out that people are not stealing because they are hungry or desperate . Maybe desperate for whatever high they were going to get with the sale of said stolen items . I was there for about 25 more minutes and when I left the police had mot shown up yet .. Also was told by another employee that SFPD as of Oct 1 no longer has a onsite officer and will no longer respond to these types of reports . I'm mot sure but I'm thinking they would respond since a serious assault did occur."

Subject: Re: San Francisco decline

Hi,

Thank you for the opportunity to discuss my concerns. Please share my concerns to all the Board members. On behalf of the San Francisco residents, I am very concerned about what is happening here. Improving this city will require a strong collaborative effort by all supervisors in districts across San Francisco.

I am a San Francisco native and have seen our city at its best and its worst. It is now in a state of no return, unless the mayor and the Board reset their priorities, set expectations, act, resolve problems and really care about the state of our city.

1. The Board of Supervisors need to identify and really address critical issues that their constituents are facing.

Many years ago, being a supervisor was a voluntary role, but the supervisors decided they wanted to get paid for their roles and they successfully put it on the ballot and voted this through. And this gives me reason to really ask what does the Board really do? Why aren't critical issues in our city addressed or resolved by the Board? There are so many critical problems that are ignored and replaced by insignificant issues that have no value to residents here.

Do you ever take the time to take a tour of your district, hold town halls, make calls to your constituents to really KNOW what issues need to be resolved, to SERVE them so that they are happy, safe and cared for in this city? I have not seen anyone even interested in actually going to their communities with the exception of supervisor Eric Mar.

There was an issue in my own district that took almost 2 years to resolve, because the supervisor just didn't care or act. Angry neighbors had to work hard to get her attention. Is our city government THAT dysfunctional? There are expectations for any job to carry out the responsibilities of your job and being a supervisor is no exception.

As an example, are you aware that burglaries in the this city has increased to 74%?! What is your response? I heard that police here are not going to respond for resident calls. Why is this? There are NO protections for residents here. At least 2 of my vehicles have been vandalized here; you can't even feel safe parking your car outside of your house.

What will you do to help your constituents? When and where is the law being practiced here to capture those who violate others? You need to act and respond by changing the police system, speaking up and stepping up. When I had a residential issue, I had to wait 2-6 hours for the police to arrive because they were “short handed.” Why is there a shortage of police? I am disgusted, disturbed and discouraged by this inaction - FIX the police system and CARRY OUT THE LAW FOR THE RESIDENTS.

This city is just not safe to do anything. Violaters get away with destroying anything they see due to lawlessness in this city; there is no rule of law here. Police don’t show up so criminals know they can get away with crimes over and over again.

2. Efforts towards cleanliness and lawlessness here are inconsistent, abysmal, shameful and futile. There is not enough RESPECT, CARE OR INTEREST in making San Francisco the first-class city it once was. CLEAN UP THIS CITY!!!

Residents like myself pay a ton of taxes to live here, but there are no incentives for residents to stay and live here. My taxes go to the homeless and meaningless priorities that discourage me from wanting to live here. Many people want to leave - this city is filthy dirty, there’s no parking, dated freeways with congestion, high taxes, businesses cannot survive here. Residents are just here to pay higher rates to utility companies and property taxes every year. Business rates increase so that businesses leave the city. For years, I have not shopped in San Francisco because it’s such a hassle to drive here, there’s no parking and your car gets broken into if you park on any street in this city. Instead, I go to Serramonte or Hillsdale which is a financial loss for our city. I guess nobody really cares about this financial loss or there would have been attempts to make our city an inviting, safe, convenient place to shop.

This is not normal and should not be accepted as normal for a cosmopolitan city, but it has become the normal for San Francisco which is extremely sad to witness and experience.

Residents are sick and tired of the same ineffective political leadership where the city government roles are viewed as stepping stones for higher office and nothing more.

3. San Francisco’s reputation is at stake - Does anyone CARE about the reputation of this city?

There is a HUGE disrespect for our city and I hold the city government accountable for this deterioriation. I am embarrassed and ashamed of telling people that I leave here. Family members visit and say “compared to before, the city is so dirty now.” I couldn’t agree more. They know and see the problems here and we are a laughing stock compared to other cities due to poor leadership, no concern or respect, inaction to make our city a place where people want to live and visit. Why aren’t people fined for leaving garbage on the streets or spitting on the street? Why should we allow people to dirty our city?!

3. The HOMELESS are the ones who get the benefits and freebies because my taxes are paying for this.

The homeless get to stay in hotels for free as well as shelters. Why is San Francisco obligated to take in homeless people from all the other cities? This needs to stop because that strategy is NOT WORKING.

Who on the Board will take this on? Who cares enough to resolve this issue? It's destroying our city? The sight of homeless encampments gettting off BART, driving by King St., inside BART stations, being accosted downtown by panhandlers at every turn is disgraceful! I have raised this issue to the mayor and there is no response. Instead, jailed individuals are given free phone calls. Put the homeless to work in programs like Habitat for Humanity or even a boot camp to enable them to function well and independently in this city!! Pay them to clean up the city; these are well-paid jobs and a critical need in this city. NO MORE free handouts; handouts do NOT work.

4. Over the years, I have observed a pattern where people have used this great city for their own stepping stone to higher office. People become supervisors, then run for office and leave. I have seen over 60+ years that issues like homelessness, a dirty city, lack of infrastructure, deteriorating schools have NOT been resolved. Instead, I pay more taxes, money is thrown at these issues but THE PROBLEMS ARE STILL NOT SOLVED.

What will YOU do to resolve these very real problems that residents face? Instead of being liberal, it's time to really step up and fix the common sense issues that impact your constituents. Turning a blind eye or ignoring these issues is NOT acceptable. My expectation and the expectation of residents here is that you are empowered to resolve these issues; this is your responsibility and calling. I only ask that if this isn't your calling, step down and allow someone else to fulfill that calling, and please do not take advantage of this city or your role as supervisor. We need people who are ready to step up and actually have accomplishments in this role.

If you disagree with what I have shared, provide me examples of how you have resolved any of these issues. I'm happy to hear about them and thank you for your service. I also welcome a dialog as to next steps or any plans of action that you are ready or willing to take on to make San Francisco a first-class city once again.

Thank you,
Adrienne

Dear Mr. Preston,

When are you going to do something about the homeless, unhoused, and drug-addicted population in the Haight area? Will you wait until someone gets killed, then come to the rescue? Many people? Makes for good press. If you truly are a “defender of small businesses” and a “neighborhood advocate,” you’ll do something other than turn a blind eye to what is happening in that neighborhood. San Francisco is in crisis. You and your colleagues: Do something.

Peggy Hutchison

Hello Supervisors, Did you see this?
https://hoodline.com/2020/10/sfpd-deploys-mobile-unit-to-disrupt-drug-dealing-in-the-tenderloin#.X3-qcGNbh1E.twitter
What BS, of all the resources the city could provide to the TL they choose violence.
I remember when the SFPD Mobile Unit was in UN Plaza last year- a group of my Quaker friends and I used to hold a silent worship/ protest in front of it a couple times a month.
It makes me really sad to see it back
Please do something to make them shut this horrible monster mobile unit down. They need to stop terrorizing poor people
Thank you, Monique

Why are there so many homeless, disenfranchised and marginalized people in YOUR city which claims such high equality and fairness over the rest of the nation? Furthermore, why does the aforementioned condition exist when California spends more tax dollars on this situation than any other state?

Subject: Homeless Camps Shrader & Waller

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Mr Preston,

Your allowance and even support of the homeless camps in our district is outrageous. There is open drug use, overflowing garbage, urination and loud music polluting our streets. None of the homeless people are wearing masks. This has been going on for 7 months without any improvement. I am writing to ask you (beg you) to manage the homeless crisis that is overtaking our district, immediately.

You have allowed a huge camp on the south side of Waller street, between Stanyan and Shrader, which grew to 3 more camps on the north side. As of 2 weeks ago we have 3 new residents around the corner on Shrader street. There is nothing to deter them or others from setting up camp here. An entire McDonald's area has been made available to be used as a homeless camp to mitigate risk during COVID. That is not at all ideal but it's understandable, why are you not working with these homeless drug users to move them either off our streets entirely or into the McDonalds space with the others?

We have children and elders on this street who are exposed to this pollution and it is an absolute health risk. There is no way for any of us to get to the park or Haight Street without passing these unmasked people. Or kids cannot ride their bikes down the sidewalk with the homeless population staggering and loitering in their path.

What is the reason for this mismanagement of our neighborhood and our property? As our supervisor, what power do you have to protect us and our homes from this?

I look forward to your response and action plan.

Best,
Eve Blank

Hello YBCBD Team:

Hope you and your loved ones are staying safe and healthy.

I understand that homelessness is an ongoing issue throughout the city. However, recently, we have seen an alarming increase in homelessness right near our building, and on Minna. The address for the building is 199 New Montgomery Street.

The residents do not feel safe walking to and from our building because of all the homeless people, some who are doing drugs openly and some who are even aggressively accosting residents as they are walking into our building. One resident with a baby in a stroller reported a homeless man with his pants down right outside of our building. When the security guard went to ask him to move away from the building, he chased her into the building lobby, brandishing a belt in hand. He refused to leave the lobby. The police were called and they advised they would not arrest this person because he was deemed mentally ill. While I have empathy for those with mental illness, and can understand why this person was not arrested, I am very concerned about the overall safety of the residents, and they are too. The security concerns were brought up during our last Board of Directors meeting, and owners have shared that they do not feel safe, many of whom have small children.

We see that the homeless issue in the east cut is not as prevalent.

These are the questions we, as a community have for you:

1. What is currently being done to address the homelessness/ drugs/ aggressive behavior issues of homeless people?
2. What are you planning to do to improve this problem in order for the community members to feel safe walking to and from the building.

3. What is the east cut doing to resolve this issue in their area? Seems that whatever they are doing, is working.

I appreciate your time and feedback.

Sincerely,

Kimberly Londt, CCAM-HR

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi,

Lowell hi-school is an elite school - both my sons went through it - it is tough but prepared them well for college.
Again - it was tough.

By allowing lottery admission, you will DESTROY Lowell because you will get a lot of kids who can not keep up with the fast kids - then the pace of learning will slow down - and it is over.

It is like allowing non-athlete to play in NBA and FORCING NBA players to slow down to let this sub-par guy to "compete".

I request that this nonsense of LOTTERY admission be dismissed .
Lowell is the last good school in SF - do not destroy it .

Thank you

Paul

Subject: requesting your help

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board Members:

In 1916 a former college roommate of then-Secretary of the Interior Franklin Lane wrote a letter to the Secretary: "In his letter, Mather complained that he had just been on a visit to Yosemite and Sequoia and was upset by what he saw: cattle grazing, development, and trails in terrible condition. Lane told Mather that if he was unhappy he should come to Washington and fix the problem himself. Mather agreed." At that time, the government lacked the mandate and power to enforce protection in national parks. Mather lobbied, Sec. Lane supported him, legislation was passed and Woodrow Wilson signed it into law August 25, 1916.

That was a long time ago and many changes have occurred: some good and some bad. Today we find Pt. Reyes is the only National Park in America with large-scale (over 1,000 cows!), heavily polluting, privately owned, for-profit, and modern - certainly not “historic” - dairy operations.

For a little background, the ranches and dairies were bought out by the National Park Service in 1962, the year that Pt. Reyes became a National Seashore, signed by JFK. These landowners
became lease holders and were given 25 year leases in order to help them transition to other land outside the park. For some reason, these leases have continued and now, 50 years later, these
"squatters" have not moved on, and now they seem to be calling the shots rather than the Park Service. These are our public lands and the ranches/dairies take up about 1/3 of the entire park.
Not only are they still there, but they have been very poor stewards of this magnificent piece of real estate - a gem in the crown of parks around the country. The cattle are degrading the
land, causing erosion, air pollution and water pollution. Right in the middle of this proverbial tug-of-war exists the endemic tule elk, a species once driven to the brink of extinction as a result of human expansion and hunting. Reintroduced to the park in 1972, Point Reyes is now the only national park where they can be found.

Not only does the Park Service support the ranch/dairy private business, but they propose (under their new management plan) to kill off the tule elk because the elk compete with the cows for the

grazed land. There are ten times the amount of cows than tule elk, yet the tule elk suffer. Of the three herds, one herd has been fenced in to prevent them from interactions with cattle. The tule
elk are a migratory, endemic animal to Pt. Reyes, yet now they are fenced in and with drought conditions (similar to 2015 when half the herd died of thirst and/or malnutrition) 15 have already died.
The Park will not take down the fence, nor do they appear to care if these animals die of thirst. They claim there is enough water, yet several concerned photographers have found most of
the ponds dried up and only small seeps in the ground where you'd have to suck the water out of the mud. One female elk was found dead in a dangerous seep area, where she was forced to
traverse some treacherous cliffs to get to a little wet mud.

Please, please, I beg you, help stop the Park Service from signing this new plan on Oct. 18. We request that a supplemental EIS be conducted by an independent group regarding drought and wildfires
and water quality testing done (one of the beaches in the park was recently noted to be one of the 10 highest in e. coli). This is our National Park and a magnificent place it is with majestic
tule elk that many people around the world come to see. The Park Service is failing to protect and conserve so, for us now and future generations, please step in and stop this travesty from happening.

Sincerely,

Lonna Richmond

Hi,
Please forward my email to all members of the SF Board of Supervisors and Commission on the Environment.

Thanks,
Denise

****

Dear Mayor Breed, President Yee, Supervisors, President Stephenson, Commissioners, Director Raphael and Peter Brastow,
Thanks to Peter Brastow, I now see the City's Hazards and Climate Resilience Plan. I urge you to reconsider the adequacy of the Plan as it relates to climate change impacts on the City's unmanaged trees.

First and foremost, consider that CalFire hazard ratings are based on past fire events. However, risk is generally based on probability as well as *impact*. While the probability may be low or moderate based on past events, the impact of a future wildfire could be high. "Consequences" in Appendix A, p. 369 fails to acknowledge risks to housing and lives, limiting impact to damage to natural areas. This follows the incorrect premise on p. 366 that only open space is vulnerable to direct fire, regardless of wind and flying embers. It even flies in the face of the full report, which states, "Even small fires can cause significant property damage and casualties" (p. 152). Moreover, probablity is increased due to the new normal of lightning strike events. And consider the vegetative litter that has accumulated for nearly 150 years, as well as fire ladders of peeling eucalyptus bark.

Secondly, the Plan fails to address the declining health of tree stands. Increased temperatures and mega droughts are in our future. Falling trees and limbs threaten

lives and property. Major parks are headed in the direction of Mt. Sutro, which is full of bark beetles and 9 disease pathogens.

Thirdly, the Plan inexplicably avoids mentioning CalFire vegetation management guidelines. Even if the City would be unable to meet the guidelines in the near term, the City should begin by acknowledging the guidelines and plan for risk mitigation.

For these reasons, I urge you to reconsider the Plan and insist that entire trees stands be assessed and thinned of unhealthy/dead/dying trees. Our unmanaged tree stands are already tinder boxes. Current policies and practices do not meet climate change challenges.

Thank you,
Denise Louie
D7 resident

PS: Outreach about the Plan was embedded in community events that I had not been aware of. I had expressed my concerns to City officials and the Urban Forest Council, starting in 2014. I hope you'll consider my input now. Besides, urban fires are a most concerning hazard identified by "survey and worshop participants".

On Thursday, September 24, 2020, 09:42:24 AM PDT, Brastow, Peter (ENV) <peter.brastow@sfgov.org> wrote:

HI Denise,

Thank you for your comments regarding trees, our open spaces, wildfire, and climate change.

You have raised many important issues and ideas, and SF Environment appreciates the seriousness of the effects of climate change on vegetation in our open spaces.

In your email letter you mentioned the Climate Action Plan several times. We would like to provide some clarification in relation to your comments. San Francisco's Climate Action Plan (CAP) sets forth strategies across key sectors that aim to reduce greenhouse gas (GHG) emissions to zero over the next 30 years, prepare communities for the impacts of climate change, and redress historic racial, social, and economic injustices. The CAP has several chapters that address reduction of greenhouse gas emissions by the city. The Healthy Ecosystems chapter is focused on the mitigation of greenhouse gas levels through carbon sequestration. The Healthy Ecosystems chapter has the concomitant goal of the conservation of local biodiversity. The various actions in the Healthy Ecosystems chapter integrate these two goals of biodiversity conservation and carbon sequestration.

You mentioned that the CAP only talks about street trees. The strategy - *maximizing trees and other urban greening throughout the public realm* - is devoted to street trees and the rest of the public realm (primarily under the jurisdiction of Public Works). Meanwhile, the CAP also has a strategy - *optimize management of the city's entire urban forest system* – that addresses all of the city's trees, including an action regarding “species selection and management

procedures that integrate community resilience, carbon sequestration, ecosystem services and restoring biodiversity."

SF Environment plans to initiate the public engagement process for our Climate Action Plan in November. We will add your name to our list of stakeholders, and we look forward to having continued dialog about these issues.

While the CAP is primarily a climate mitigation and emissions reductions plan, the City's *Hazards and Climate Resilience Plan* (HCR), published and approved by the Board of Supervisors earlier this year, is devoted to adaptation to climate change. The HCR is San Francisco's blueprint to understand and address the impacts on our assets and our people of both sudden and slower moving disasters. Follow the link to review and understand the purpose, scope and specific strategies of the 2020 Hazards and Climate Resilience Plan . You will find a whole section on wildfire on page 151 of that plan. Chapter 7 of the HCR talks about the various strategies and includes several that address the issues – trees, biodiversity, and wildfire – that you mentioned in your email. In the Resilient Infrastructure section of the Strategies Table of Contents, which starts on page 231, you can find the following strategies that are relevant to your comments in your email letter:

- IN-2.06 Expand the StreetTreeSF Climate Resilient Tree Planting Initiative (Public Works)
- IN-2.10 Explore increasing tree canopy and shade structures in parks (RPD)
- IN-2.11 Assess current plant palettes and tree canopy needs to increase consideration of future climate conditions in the selection options (RPD)
- IN-2.16 Strengthen citywide efforts to conserve, restore, and steward biodiversity (SFE)
- IN-3.04 Improve Fire Prevention in Recreation Areas (RPD) (see more detail on page 257)

You can reference the HCR Strategy Dashboard to explore more of the strategies. And you can explore more about Parks and Open Space in the very last pages of Appendix A. Finally, for more information you can contact the Office of Resilience and Capital Planning.

Ultimately, as you know, decisions about tree management and wildfire prevention and mitigation rest with the landowning agencies, e.g. Recreation and Park, Public Works and the SF Public Utilities Commission, so please reach out to those departments as appropriate to offer specific feedback about particular management situations or scenarios.

We look forward to working with you more when we initiate our public engagement process for the Climate Action Plan.

Best,
Peter

Subject: Misleading RPD claim in Hazards and Climate Resilience Plan

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Mark Buell, Allan Low, Kat Anderson, Larry Mazzola, Eric McDonnell, and General Manager Phil Ginsburg,
I call your attention to the City's Hazards and Climate Resilience Plan* and the comment on p. 251 that "RPD already maintains properties in line with State law and the California Department of Forestry and Fire best practices."** I urge you to revisit and, as necessary, restate this claim to align with CalFire guidelines for defensible space.*** While defensible space refers to 100" surrounding structures, the principles remain. "The spacing between grass, shrubs, and trees is crucial to reduce the spread of wildfires," up to 40' from branch tip to branch tip. And "Fire-resistant landscaping...uses fire-resistant plants," not eucalyptus.

RPD's 2020 tree assessment of Glen Canyon Park was for perimeter trees only. The vast majority of trees were not assessed. Of the trees assessed as unhealthy, RPD chooses to remove relatively few only because they may cause injury/death/damage by dropping limbs or toppling. Trees in Glen Canyon Park are tall, dense, drought stressed, unirrigated, mostly blue gum eucalyptus, aging and close enough to throw embers at million dollar homes. The next tree assessment may not occur for decades.

I urge you to begin removing trees for the purpose of thinning, starting with additional unhealthy trees. The goals would be to reduce risks to human lives and homes while improving the health and diversity of tree stands, especially in Glen Canyon and Mt. Davidson Parks; "Exposure [to fire in] SFRPD open space...concentrates in the Glen Canyon and Mt. Davidson Parks."****

Looking forward to your response,
Denise Louie
RPD Volunteer

** P. 251 excerpt:
Vulnerability: 'Wildland open space, particularly Glen Canyon, Presidio, and other grassland open space, are vulnerable to direct fire."
Strategy: "Creating defensible space around structures is a strong, proactive management tool to use in fire prevention. This strategy would focus on reducing fire fuel on RPD property that is within 30 feet of structures. Continuing this strategy and enforcing this policy creates defensible spaces around built structures. RPD already maintains properties in line with State law and the California Department of Forestry and Fire best practices."

Dear members of the Board of Supervisors,

As a San Francisco resident, I am writing to urge you to prohibit the San Francisco Police Department (SFPD) and other city agencies from making real-time use of private networks of surveillance cameras, and from obtaining data dumps of footage from these systems.

With overwhelming Board support, the Stop Secret Surveillance ordinance was adopted to empower the people of San Francisco to participate in meaningful decisions about government surveillance technology and to prohibit city use of face recognition technology. The Electronic Frontier Foundation recently revealed that, without notifying the public or the Board of Supervisors, the SFPD established real-time access to the Union Square Business Improvement Districts' surveillance camera system. The SFPD did so in order to spy on protests calling for an end to police violence against Black people. Situations like this are precisely what the ordinance was passed to prevent.

As you know, the Stop Secret Surveillance ordinance is the result of robust and open debate among the city's residents, civil society organizations, and government stakeholders. In providing an opportunity for robust and informed community engagement before adopting technologies with the power to chill free speech and disproportionately burden marginalized members of our community, the Stop Secret Surveillance Ordinance puts into action the values that make our city a shining light in a troubled nation.

Public safety requires trust between the public and the agencies sworn to keep them safe. With this in mind, I ask that you rebuke unlawful spying on activity protected by the First Amendment and the California Constitution, and take immediate action to prevent further harm by banning real-time SFPD use of private surveillance camera systems and data dumps of footage from those systems.

Respectfully,

Re: Accountability for SFPD's illegal surveillance of Black Lives Matter protests

Dear President:

Black, white, or indigenous; well-resourced or indigent; San Francisco residents should be free to assemble and protest without fear of police surveillance technology or retribution. That should include Black-led protesters of San Francisco who took to the streets in solidarity and protest, understanding that though George Floyd and Breonna Taylor were not neighbors in the most literal sense, their deaths resulted from police violence and racism experienced across geographic and jurisdictional boundaries.

San Francisco residents may have believed that their protest would be protected from unwarranted government surveillance. Only a year before this year's record-breaking protests, San Francisco passed a groundbreaking surveillance ordinance establishing a democratic process before the San Francisco Police Department (SFPD), or any City agency, could acquire new surveillance systems or use them in ways that had not been expressly approved by the City's Board of Supervisors.

But from May 31 to June 7—when over 10,000 people came together in the streets of San Francisco to call for an end to police lawlessness and murder with impunity—the SPFD violated that surveillance ordinance to spy on protesters. EFF uncovered and revealed this unlawful surveillance. Circumventing the Board of Supervisors' authority and control over surveillance technology decisions in San Francisco, the SFPD Homeland Security Unit requested and received live, remote access to the Union Square Business Improvement District's (USBID) network of over 400 high-definition cameras. The cameras' funder is on record that it's against the law for the SFPD to access the cameras in real-time. We agree. So in cooperation with the ACLU of Northern California, we recently filed a lawsuit against the SFPD for violating the surveillance ordinance.

This morning, with a broad coalition of civil society organizations, EFF delivered a letter to the San Francisco Board of Supervisors calling on the Board to condemn SFPDs illegal surveillance of demonstrations against the police killings of George Floyd, Breonna Taylor, Tony McCade, and many other Black people across the nation. The letter asks the Board to prohibit city departments from obtaining real-time use of private camera networks, or “data dumps” of footage from those networks. It also asks the Board to call on the SFPD to testify at a special hearing regarding their illegal surveillance of demonstrations, and to ask the Office of the Controller to address the SFPD's violations in its annual audit of compliance with the City's surveillance ordinance.

As explained in the court filing, the SFPD has a long and troubling history of targeting individuals for unlawful surveillance based on their race, religion, gender identity, and political activism. Throughout the 20th century, the SFPD surveilled and conducted raids on establishments frequented by the gay community, including bars and bathhouses. By 1975, the SFPD’s Intelligence Unit had amassed files on more than 100,000 San Franciscans, including civil rights demonstrators, anti-War activists, labor union members, and students. In 1993, an SFPD inspector was caught selling intelligence information obtained through surveillance of Arab American groups and South African apartheid opponents.

When the SFPD cut ties with the FBI's Joint Terrorism Task Force in 2017, amidst concerns of warrantless surveillance on Muslim communities, SFPD Chief William Scott said: "When confidence is shaken we have to slow down for a minute and make sure that the public sees us as an organization that they can trust." The SFPD has once again shaken that trust by violating an ordinance intended to assure trust between the people of San Francisco and those whose job it is to provide public safety. The threat of police exploiting surveillance technology to spy on people exercising their First Amendment rights was a primary motivation for San Francisco's Board of Supervisors passing 2019's groundbreaking Stop Secret Surveillance Ordinance.

Disturbingly, this may not be the only way the SFPD has utilized an outside agency to violate the surveillance ordinance. The Department has been accused of using the Northern California Regional Intelligence Center (NCRIC) to circumvent the City's ban on government use of face surveillance. While investigating an illegal gun charge, SFPD officers distributed an alert, including imagery captured from surveillance footage. NCRIC then analyzed the image with their face recognition system and supplied SFPD with the results. SFPD's use of this information only came to light when the prosecutor included them, perhaps mistakenly, in discovery materials disclosed to the suspect's attorney.

Perhaps more than any other moment in our lifetimes, public safety demands trust between community members and the agencies sworn to keep them safe. Police lawlessness and high tech surveillance further erode the frayed fabric of that trust. In addition to the courts, the Board of Supervisors have a responsibility to respond to violations of that trust. It must restore the public's confidence in their ability to move

freely throughout our City without the threat of high tech surveillance chilling their freedom to speak truth to power—or simply congregate in their own communities.

The Board of Supervisors must step in to ban the SFPD's real-time use of private cameras and data-dumps of footage from private cameras. San Francisco residents can help make sure that happens by contacting their District Supervisor and insisting that they take this necessary action now.

Yours sincerely,
Robert E. Rutkowski

Dear members of the Board of Supervisors,

As a San Francisco resident, I am writing to urge you to prohibit the San Francisco Police Department (SFPD) and other city agencies from making real-time use of private networks of surveillance cameras, and from obtaining data dumps of footage from these systems.

With overwhelming Board support, the Stop Secret Surveillance ordinance was adopted to empower the people of San Francisco to participate in meaningful decisions about government surveillance technology and to prohibit city use of face recognition technology. The Electronic Frontier Foundation recently revealed that, without notifying the public or the Board of Supervisors, the SFPD established real-time access to the Union Square Business Improvement Districts' surveillance camera system. The SFPD did so in order to spy on protests calling for an end to police violence against Black people. Situations like this are precisely what the ordinance was passed to prevent.

As you know, the Stop Secret Surveillance ordinance is the result of robust and open debate among the city's residents, civil society organizations, and government stakeholders. In providing an opportunity for robust and informed community engagement before adopting technologies with the power to chill free speech and disproportionately burden marginalized members of our community, the Stop Secret Surveillance Ordinance puts into action the values that make our city a shining light in a troubled nation.

Public safety requires trust between the public and the agencies sworn to keep them safe. With this in mind, I ask that you rebuke unlawful spying on activity protected by the First Amendment and the California Constitution, and take immediate action to prevent further harm by banning real-time SFPD use of private surveillance camera systems and data dumps of footage from those systems.

Respectfully,

Craig Lloyd

Dear members of the Board of Supervisors,

As a San Francisco resident, I am writing to urge you to **prohibit the San Francisco Police Department (SFPD) and other city agencies from making real-time use of private networks of surveillance cameras,** and from obtaining data dumps of footage from these systems.

With overwhelming Board support, the Stop Secret Surveillance ordinance was adopted to empower the people of San Francisco to participate in meaningful decisions about government surveillance technology and to prohibit city use of face recognition technology. The Electronic Frontier Foundation recently revealed that, **without notifying the public or the Board of Supervisors, the SFPD established real-time access to the Union Square Business Improvement Districts' surveillance camera system. The SFPD did so in order to spy on protests calling for an end to police violence against Black people. Situations like this are precisely what the ordinance was passed to prevent.**

As you know, the Stop Secret Surveillance ordinance is the result of robust and open debate among the city's residents, civil society organizations, and government stakeholders. In providing an opportunity for robust and informed community engagement before adopting technologies with the power to chill free speech and disproportionately burden marginalized members of our community, the Stop Secret Surveillance Ordinance puts into action the values that make our city a shining light in a troubled nation.

Public safety requires trust between the public and the agencies sworn to keep them safe. With this in mind, I ask that you rebuke unlawful spying on activity protected by the First Amendment and the California Constitution, and take immediate action to prevent further harm by banning real-time SFPD use of private surveillance camera systems and data dumps of footage from those systems.

Respectfully,
Mary Chase

Dear members of the Board of Supervisors,

As a San Francisco resident, I am writing to urge you to prohibit the San Francisco Police Department (SFPD) and other city agencies from making real-time use of private networks of surveillance cameras, and from obtaining data dumps of footage from these systems.

With overwhelming Board support, the Stop Secret Surveillance ordinance was adopted to empower the people of San Francisco to participate in meaningful decisions about government surveillance technology and to prohibit city use of face recognition technology. The Electronic Frontier Foundation recently revealed that, without notifying the public or the Board of Supervisors, the SFPD established real-time access to the Union Square Business Improvement Districts' surveillance camera system. The SFPD did so in order to spy on protests calling for an end to police violence against Black people. Situations like this are precisely what the ordinance was passed to prevent.

As you know, the Stop Secret Surveillance ordinance is the result of robust and open debate among the city's residents, civil society organizations, and government stakeholders. In providing an opportunity for robust and informed community engagement before adopting technologies with the power to chill free speech and disproportionately burden marginalized members of our community, the Stop Secret Surveillance Ordinance puts into action the values that make our city a shining light in a troubled nation.

Public safety requires trust between the public and the agencies sworn to keep them safe. With this in mind, I ask that you rebuke unlawful spying on activity protected by the First Amendment and the California Constitution, and take immediate action to prevent further harm by banning real-time SFPD use of private surveillance camera systems and data dumps of footage from those systems.

Respectfully,
Dustin

Subject: Fw: Your resolution against the India Citizenship Amendment Act

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Israel worked diligently to repatriate Jews from Ethiopia and various countries of the Middle East and former Soviet Union. This was done to protect the Jews from potential harm.

In a similar fashion, India is trying to protect the Hindu minorities from atrocities by the majority islamic populations in Pakistan, Afghanistan and Bangladesh by offering them Indian citizenship. The Citizenship Amendment Act does not discriminate against the existing Muslim citizens of India. You are arguing the fact that India should offer Indian citizenship to muslims as well from islamic countries. Does that make sense to you?

India is the only Hindu majority country in the world. Let Hindus be protected against muslim atrocities. If you live among majority muslim populations in these countries, you will understand the enormous pressures and atrocities that the majority muslims place on the minorities.

There have been massacres of Hindus in Kashmir, Pakistan, Bangladesh and Afghanistan. Your board has stayed silent during all these massacres. There has to be a reason behind you passing this unfair resolution. Not that India is going to give a hoot about your resolution. However, as a Hindu individual, your resolution stings. Either you have been influenced by the communists in china or the islamists or both. Lastly, it could just be your ignorance and lack of effort in researching these issues before you pass resolutions.

You should stick to providing homes for your homeless, bringing peace to the streets of your metropolis and lifting up your citizens economically. Do not waste your time on issues that do not concern your board. CAA is for protecting Hindus in muslim-majority countries. Do not try to place obstacles in the way of these protections. If harm comes to Hindus because of your efforts, that will not be taken kindly by the Hindu nation. We have your eyes on you.

Subject:	Affordable, widely available COVID testing and opening all schools quickly
Date:	Friday, October 2, 2020 1:24:27 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear SF Mayor London Breed and Board of Supervisors,

Thank you for your work during these challenging pandemic times. I have a couple of questions and concerns.
What are the efforts to have COVID testing that is affordable with quick turnaround results and widely available? Covid tests that are not so accurate and affordable would be a much better option than highly accurate, expensive testing.

COVID is a real and a nasty disease. However, not opening schools does not seem to be the right approach. Children and adolescents need plenty of social interactions because of their developmental age. It is biology. We cannot go against it!

Not allowing to quickly opening schools for children and adolescents is not acceptable. Targeted quarantine due to a positive COVID test would be much better for the benefit of children and adolescents.

Could you make your priority to expedite the opening of schools from High Schools to Kindergarten? with modified schooling -combination of distance learning and face-to-face instruction and all the precautions: masks, social distancing, outdoor classrooms, small groups, and so forth. Not quickly allowing High Schools to Kindergarteners to open is not acceptable. We need affordable and widely available testing even if it is not so accurate. (Of course, a vaccine is ideal, but vaccines take time to develop.) Please let me know your efforts towards this.
With all due respect,
A concerned SF resident

Supervisor Ronen,

Thank you so much for your support of this cause. While it may seem unimportant to open the climbing gyms, the precedent of closing a business in a call for "public safety" with no scientific basis is the largest concern here.

I have not yet heard from DPH.

I have been in close contact with employees at Touchstone gyms who are not only eager to get this resolved, but whose livelihoods depend on it. Each day Touchstone gyms remain closed, they move closer and closer to bankruptcy.

I have also attached the new letter from the CEO of Touchstone explaining the current situation, along with a more detailed list of reasons this ordinance is unjust.

Thanks again for your help, I hope this is resolved soon.

Jordan Crosby

Subject: Touchstone Climbing Gym Suddenly Closed

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors of San Francisco,

I am writing to you concerning the recent closure of the popular Touchstone climbing gyms Mission Cliffs and DogPatch Boulders located in the Mission and Dogpatch.

While the gym recently opened with limited capacity, strict covid-19 restrictions, and a tight reservation system for members only, it has suddenly closed due to a new regulation initiated by the mayor's office. This regulation cited that climbing gyms cannot operate due to "*the difficulty with adequately disinfecting (the wall) between each use*"...

Before this ordinance, I have been very pleased with cities' use of scientific driven policy to reduce the spread of COVID-19. This is why the new ordinance comes as a shock. Not only is the risk of surface transmission extremely low; this combined with compulsory hand sanitizer use between climbs, masks to limit spread of droplets, and temperature and symptom check before entering make this spreading event *extremely extremely* unlikely. In addition, a recent study from the University of Colorado at Boulder conducted a study showing the antiviral properties of chalk which covers the climbing holds on these walls. In summation, you have a much higher chance catching covid-19 on your *commute* to the gym, than at the gym itself.

With that said, let's imagine that this argument is not enough. You don't care that the risk of viral spread at the gym is astronomically low, and choose to keep it closed. Then what? When would these gyms **EVER** meet the criteria to open in San Francisco? Are we going to wait until mass vaccinations and new cases drop to <1 daily per 100k residents? For reference, this is only met with <9 positive tests per day. The city is currently at **64**. If this is the case, then the city should basically **bulldoze** these gyms and repurpose the land into a new "*outdoor dining gazebo*" that London Breed can walk through and call a "*great success*" as she takes pictures for the chronicle.

What I dislike most about this decision is the precedent it sets. It seems as if science has gone out the window, and the mayor's office can wave its magic wand to condemn businesses into bankruptcy. Not to mention banning residents from participating in an activity they not only love, but rely on to maintain a healthy lifestyle.

I am well versed on COVID-19 and even built a website to track and monitor the trends of COVID-19 within the city and greater Bay Area. The city is in insanely great shape to begin allowing more non-essential businesses to operate, and more so allow residents to engage in activities marginally more "dangerous" than being locked inside your home.

I ask again: if not now, then ***when***?

As my supervisor in this city, I ask you to do everything in your power to retract this ordinance, and push for a greater use of scientific based policy to drive decisions within the government. If you won't do that for me and the thousands of climbers in my community, then I will do everything I can to create a reasonable government whose purpose is to actually represent the views of its constituents.

Thank you, and I look forward to your helping hand in this fight against psuedo-science.

Jordan Crosby

TC

TOUCHSTONE
CLIMBING

Dear Touchstone Climbing Member,

Your health and safety is our primary concern, as it must be in the business of indoor climbing. Those of you who climbed at our gyms under our COVID-19 protocols can attest to our diligence and the safety of both the environment and the activity. We were encouraged by the recent CDC revised guidance that preventing aerosolization by wearing masks is the key to public health, and not the cleaning of surfaces. This has been backed up by highly respected infectious disease experts, including those at UCSF, who have concluded “the surface issue has essentially gone away.” https://www.sfchronicle.com/health/article/Coronavirus-FAQ-How-long-does-it-stay-on-15152021.php And county health officers who are considered thought leaders, including Dr. Cody in Santa Clara and Dr. Morrow in San Mateo, have not concluded that climbing gyms constitute any special risk, and have allowed them to open.

It is for these reasons we were so disheartened by the ban on climbing walls issued by the Department of Health by San Francisco. In an extraordinary step not taken by a single other local or state health department, San Francisco decided that, “Pending further developments, climbing walls are banned due to the difficulty with adequately disinfecting between each use.” We have reached out to the City to reconsider its decision, based on the most current and reliable science on how COVID-19 is spread. Those of you following the science, and those in epidemiology, will I believe agree with the statements we have made to San Francisco’s County Health Department (letter attached below). There have been “further developments” and they side with what should be an understanding that the single sentence ban was hasty and ill-informed.

We have also forwarded video footage, illustrating the obvious benefit of the volumes of our spaces, especially with protocols in place, especially with capacity at a tenth or quarter of normal, especially relative to the other businesses in the order which are small-volume health clubs with aerobic exercise, and indoor restaurants where patrons are unmasked. We were allowed to open in Los Angeles for a few weeks, with no known incident. The entire country’s

climbing gyms are open, and we know of no climbing gym related incidents. Virtually all climbing gyms use the same software, which is superior in contract tracing ability to any I have heard of.

After weeks of calls, we were informed last night, with no supporting evidence, that our appeals had been rejected by San Francisco. We can now only hope that a non-science-based rule like the one dictated above does not propagate.

If you feel so inclined, please speak out on our behalf. We ask that any supporters respect that Public Health departments are staffed with dedicated professionals doing a great service to our community. They likely do not understand how well climbing gyms are able to mitigate risk through enforced mask wearing, hand sanitizing, and robust contact tracing. As it is, climbing gyms might as well be singled out to never open—not at 25%, or 10%, or ever. If you haven't yet climbed at a Touchstone gym post-COVID, please consider asking someone who did. I can't think of an environment with less risk than our operations under the protocols we have in place. The primary decision is with San Francisco's Department of Public Health, dph.doc.ops.infoguidance@sfdph.org, with input from the City Attorney, healthorderappeals@sfcityatty.org, and presumably mayorlondonbreed@sfgov.org. Please be respectful with any input you feel you can contribute. We are aligned in our interest to maximize public and private safety.

Thank you for your consideration and support,

Mark Melvin
CEO, Touchstone Climbing Inc.

San Francisco County Health Department
101 Grove St., Room #308
San Francisco, CA 94102

Dear Dr. Aragon,

I am writing to ask that the Department of Public Health change its September 14, 2020 guidance "banning" climbing walls "at the current time" so that Touchstone may open its two San Francisco gyms. As the operator of 12 indoor climbing gyms in California, and owned by more than 40 rock climbers, we have been carefully following developments in the science of COVID-19 transmission. On Friday, September 18, the Centers for Disease Control published its new conclusion, consistent with scientific consensus, that COVID-19 transmission is

primarily via aerosols.[1] Furthermore, the scientific consensus is now that fomite (surface) transmission of COVID-19 is rare, and perhaps impossible, in a nonclinical masked setting like our climbing gyms.[2] This is even further mitigated in a climbing gym setting because of the scientifically recognized antiviral properties of climbing chalk, which is ubiquitously and constantly used by climbers and boulderers.[3]

In addition to comparing favorably to restaurants where patrons are necessarily unmasked, our large climbing gyms also compare favorably to all other indoor locations, with our high ceilings, expansive floor space, and well-ventilated air volume.[4] Even assuming virus could be aerosolized in a fully-masked, nonclinical environment, these climbing gym conditions mitigate potential transmission of aerosolized virus.

We are a business and an industry that takes public risk seriously. We would be pleased to host you at our gyms so that you can confirm how our facilities and protocols make for minimal COVID-19 transmission risk. We require masks at all times (including during climbing), require the use of hand sanitizer, and require social distancing (which is easy to accomplish in our large spaces). Given our stringent, tested systems and the scientific evidence, we feel confident that you will recognize the extremely low risk of COVID-19 transmission via indoor climbing at our gyms, both on an absolute basis and relative to other businesses and activities that are currently sanctioned.

In addition to requiring a temperature check and symptom screening of everyone entering the gyms and a written agreement from every user to report any positive tests for COVID-19 to us, Touchstone is also able to fully contact trace every gym user. We have contact information for each user and check everyone in and out. Our software allows us to determine any overlap between users, including the duration of that overlap. We will easily be able to notify any users that might have been in the facility with anyone who may test positive for COVID-19 at any point. This robust contact tracing is something that very few other types of business can provide, and due to this system climbing gyms have been able to monitor if any outbreaks have been traced back to them. **We have been in regular contact with most of the major national climbing gym chains and have not learned of a single outbreak associated with a climbing gym in the US.** Planet Granite, which also has a San Francisco location, currently has 11 gyms open across the country and they have not reported a single case of spread at any of their facilities. We saw a similar zero transmission rate for the four weeks that six of our locations were open in late June and early July in Los Angeles.

We realize that you are extremely busy, but your decision is of the utmost importance to us. Touchstone eventually had to lay off hundreds of very good people in August due to the continued mandated gym closures. We are bleeding money to keep on the rest of our

employees. We are not a chain that can rely on out-of-state operations, or private equity deep pockets. We are just Bay Area climbers who had a vision 25 years ago, and are struggling to maintain it and our employees.

Please call me so that we can discuss whether DPH will be adopting new guidance in light of the recent science from the CDC and other sources.

Thank you for your consideration,
Mark Melvin
CEO, Touchstone Climbing Inc.

[1] CDC: "COVID-19 most commonly spreads

- *Between people who are in close contact with one another (within about 6 feet).*
- *Through respiratory* ***droplets or small particles, such as those in aerosols, produced when an infected person coughs, sneezes, sings, talks, or breathes****.*
    - *These* ***particles can be inhaled*** *into the nose, mouth, airways, and lungs and cause infection.* ***This is thought to be the main way the virus spreads."***
