POLICE DEPARTMENT

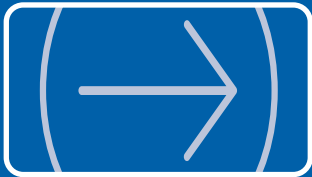

APPENDIX

GOALS/OBJECTIVE

- Continue our partnership to reduce serious injury and fatal collisions in San Francisco.
- Increase our traffic enforcement operations using data driven best practices.
- Pursue opportunities to improve our technology.
- Provide on-going training/education that contributes to traffic safety.

STRATEGY FOR EFFECTIVE ENFORCEMENT

DIRECTED ENFORCEMENT

WAVES

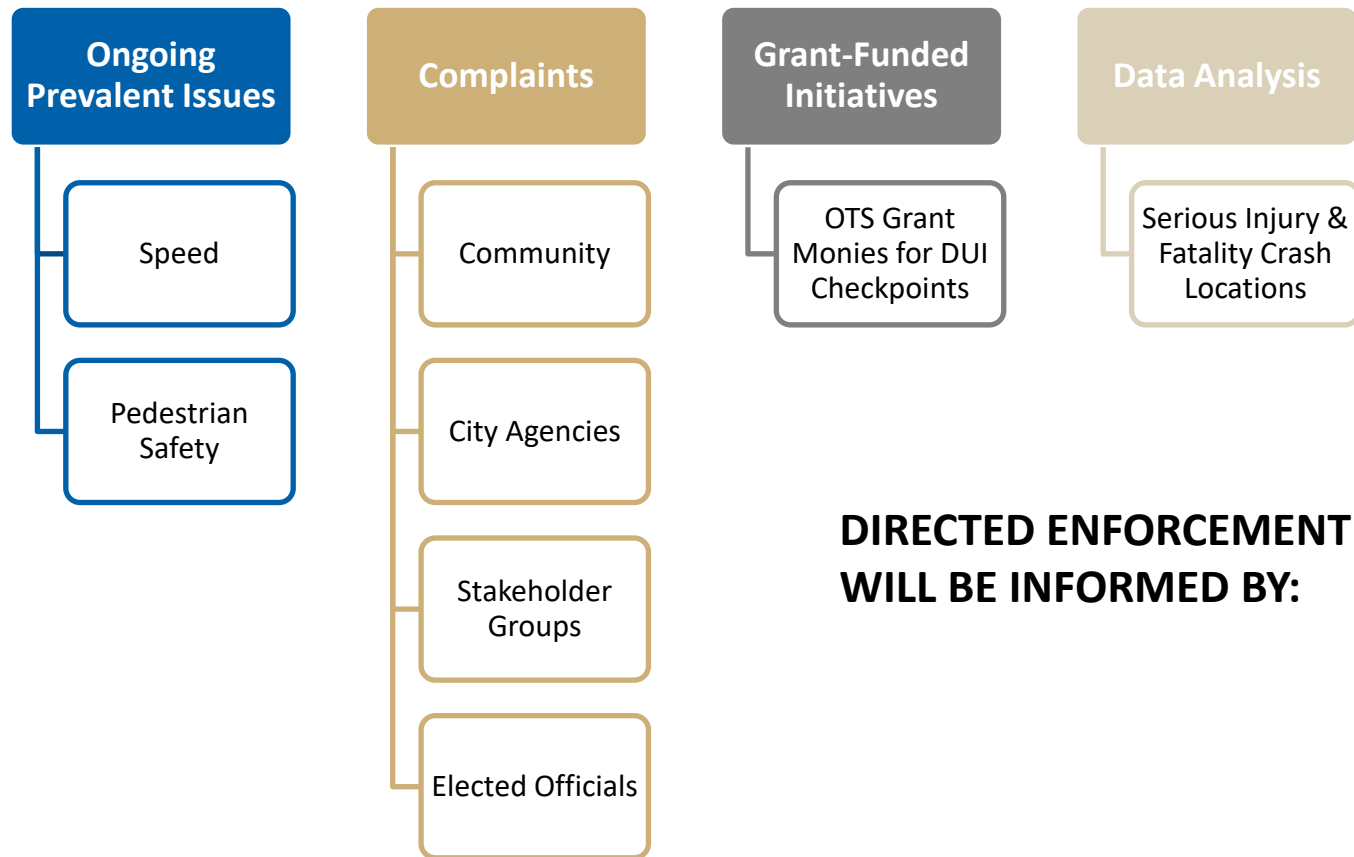

INTEGRATED ENFORCEMENT

EDUCATION

DIRECTED ENFORCEMENT

Traffic enforcement that is internally directed to occur and aimed at addressing a specific traffic safety problem in a specified location

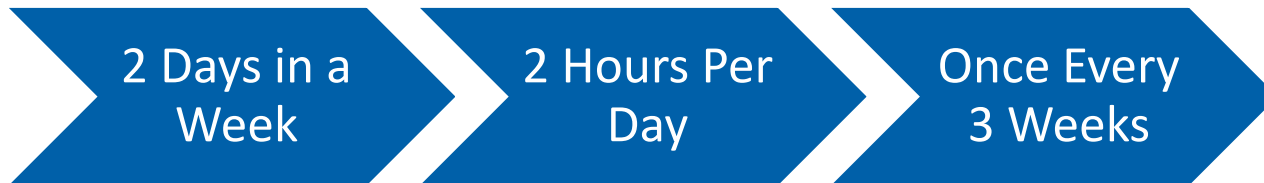

**DIRECTED ENFORCEMENT
WILL BE INFORMED BY:**

WAVES

Increased enforcement of a specific type of traffic violation in a targeted location for a period of time that occurs at set intervals in order to reduce crashes

- **Operational Periods for Each Targeted Location:**

- **Data analysis to determine the locations and violations of focus based on statistics related to fatal and serious injury crashes in partnership and collaboration with SFMTA**
- **Emphasis on quality over quantity... Quality stops are those directed at behaviors that lead to crashes**

INTEGRATED ENFORCEMENT

Incorporation of high visibility traffic enforcement strategies into everyday patrol

Encourage and adopt a culture at District Stations for regular traffic enforcement as part of their daily missions.

Provide training, joint exercises, and enforcement operations with the Traffic Division.

EDUCATION

Utilization of various educational methods to enhance traffic safety

Utilization of advisements with traffic safety education to change poor driving behaviors

Safety classes sponsored by SFPD (Ex: motorcycle skills)

Social media and messaging regarding traffic safety and enforcement efforts
