Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 4:23:17 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council Dear Concentra Medical: You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries. Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.' Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin. There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023. By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate. There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3) It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide. Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers. According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.' By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community. In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6) Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis. We await a response to this issue and request that you update your website to reflect this intent. Sincerely, Attachments: (1) https://www.bbc.com/news/uk-england-london-68902366 (2) https://www.youtube.com/watch?v=g-ZJ66NVVNg (3) https://www.jewishvirtuallibrary.org/the-involvement-of-arafat-and-pa-officials-in-terrorism-against-israel#google_vignette ;https://www.un.org/webcast/ga/58/statements/israeng030925.htm#:~:text=Tragically%20%2D%20for%20his%20people%20and,19%2C000%20separate%20Palestinian%20terrorist%20attacks (4) https://avalon.law.yale.edu/20th_century/hamas.asp (5) Michael Starr, "October 7 is about to be every day:' Columbia rally sees Hamas support," 21 April 2024, Jerusalem Post (6) https://www.bbc.com/news/articles/c9wkxv9d99vo

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2.3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sharon Schwab

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Esther Langer

Dear Exhibitors,

BouwBeurs 2025 Verified visitors list is available now at a **discounted price**.

Could you let me know if you want to receive the Attendee List by email?

You can use this list for your booth invitation, pre-show/post show marketing campaigns, and appointment setting. Easy tracking, quick response, global reach, targeted marketing, ROI, email fosters long-term relationships, and increased sales.

Interested — just reply back as “Send Counts, Cost"

Regards,

James Rivera

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Carrie Gordon

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Jazzy

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:41:52 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 4:08:53 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 4:57:25 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Nurit

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 5:04:31 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Igor Tsivos

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 5:08:08 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently hanssed from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latino-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Judy Shulman

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Audrey Markowitz

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 5:31:48 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Genia Bekker, MD

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2026 5:36:06 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Wearing a keffiyeh is showing support for barbaric Racist terrorist murderers who burned Jewish babies alive, raped little girls and boys and their mothers in front of their families and then slaughtered them, killing their dogs and kidnapping children.
Date: Tuesday, January 28, 2025 5:36:41 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

It seems medical schools teachh their students about the body but they do not teach compassion or care for human beings.

The keffiyah is NOT a religious garment, it is a symbol of the Racist Hamas Palestinian Terrorist Group just like the Swastika is of the Nazis which is banned by the US. The Racist Hamas Terrorist group is a designated Terrorist Organization deemed by the US and many other nations. Support for this group in any way can be viewed as treason since they not only threaten to kill all Jews and eliminate the entire State of Israel, the indigenous & ancestral land of the Jews, they also call for the destruction of America.

Israel is the only country in the world forced to have bomb shelters in every home, school, hospital, places of Worship and businesses because these terrorists fire rockets and missiles at them daily, as Hamas, Hezbollah and the Houthis, all in conjunction with the major terrorist country of Iran, are continuing to do right now, they have killed many Israelis that the media does not even report about and injured many others all over Israel. Do you think Israelis should just say, "Go ahead and kill us while we watch you rape our women and children, behead and burn alive our citizens and our babies, even our dogs because there are medical workers & evil Hamas cult followers in America who believe we don't have a right to exist."? Don't forget that Israel has been forced to defend itself against these evil barbaric racist terrorists in 7 fronts.

I will remind you of some of the atrocious acts the Racist Hamas Palestinian terrorist group committed on Oct.7, 2023 against over 1300 innocent Israelis and innocent people from 42 nationalities including America. The Hamas terrorists threaten Israel that they will do it again and again so you can see that they just want to kill and torture Jews just like the Nazis did and still do.

They gang raped mothers and children, little girls and boys in front of their families and then mutilated and slaughtered all of them; they burned whole families alive including children, old people and babies (some of the babies were put in ovens and the families and were forced to listen as their baby was screaming in horror and agony while burning to death); they beheaded anyone they wanted to for their own enjoyment and profit because they sold the heads to sick Palestinians; they even killed their dogs and animals; they kidnapped over 236 babies, children, men, women and old people of many nationalities not just Israelis and they still keep 93 hostages dead and alive including the babies and torture them continuously for over 15 months; they gang raped and mutilated a very young woman and paraded her bloodied naked and dead body in Gaza as a trophy in front of thousands upon thousands of Palestinian men, women and children who were cheering and celebrating and filming it all on their hundreds of smartphones. That young woman's body was finally found 300 days after her torturous murder, rotting in one of the Hamas terror tunnels so at least now she can be properly buried with respect and her grieving parents and family can mourn her violent death at her grave.

The barbarians also filmed themselves committing all their vile acts on their GoPros because they were and are so proud of them. Even though there is tons of films and proof, we don't need it because they don't deny it. They are going to declare Oct 7th as their holiday and celebrate the massacre year after year.

These are the monsters that your Physician Assistant is showing support for. It is your choice to support evil but no one should be allowed to wear that symbol of death and barbaric violence while at work in a medical office, I certainly would never go anywhere that supports terrorists!!

This has always been a war of good against evil that Racist Hamas Palestinian terrorists began and refuse to end, it has nothing to do with land, only hatred of a people due to their religion.

Anyone who makes even the slightest excuse for the vile acts these barbarians committed or supports them is as evil as the perpetrators.

Unfortunately, there are many people here in America who do support it and want to kill all Jews and destroy America and our freedoms here that many soldiers gave up their lives for, including my father who was a US Marine and fought in Japan in WW II against Nazism. The majority of Americans do NOT support terrorists or the Radical Islamist Jihadists thankfully because most Americans are normal humane and sane people.

These radical Islamists follow Hitler's playbook many of which were found in hundreds of Gaza homes and in their Hamas terror tunnels. The Nazis killed 12 million people including 6 million Jews while the Western democracies did nothing until they were threatened. Remember the Nazi's main goal was not to just kill all Jews, disabled people, Gypsies, gays and Non Aryans, it was World Domination just what these new Nazi radical Islamists say is their ultimate goal, they say it in all their speeches, you just have to listen.

The following paragraphs say the same things but I wanted to add my own words because I fear for the future of this country and for the freedoms we have all fought so hard for. Also, as a Religious Jewish woman, I am afraid for my family and for myself living here in the US where these terrorists have been allowed to run wild in our streets chanting for my death while facing no consequences, just what happened in Germany in the 1930s. Please read on:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Bonnie and Abe Sigman

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 5:40:06 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 5:45:34 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Action Needed from Team by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:00:40 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Stacey Radinsky

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufhia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2.3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

D Robjnd

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:11:34 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

David and Shannon Falkenstein

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
The Baum family

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Aviva Bonner

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:34:32 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Perea, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Mel Sherman

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Tammie Farkas

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Paula Mantell

Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports.
The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Aaron English

Subject: Urgent Concerns About Concentra Medical Center Hosting Employee Who Supports Hamas
Date: Tuesday, January 28, 2025 6:35:11 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Provs, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Blair Fingerhut

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dr. Dinur Blum

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:47:06 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Zach

Concentra Medical:

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed on October 7, 2023.

Physician's Assistant, Muftia Khalil, wears a keffiyah and a pro-Palestinian pin while on duty and treating patients at Potrero Hill. Keffiyehs are banned from many U.S. and international venues (1). This healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Do you allow your employees to wrap themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work? These are also threatening symbols and rightfully not tolerated.

According to your website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Healthcare professionals need to show impartiality so patients can trust them. This PA is supporting a terrorist organization with a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Please reinforce Concentra's values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

Thank you,
Andrea Resnick

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Lisa Lowhurst

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Eva Plat

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently hanssed from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:54:23 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:54:47 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2026 6:57:23 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Shani Nisael

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:59:55 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Concentra Medical,

Are your employees allowed to wear a KKK Hood? How about a Nazi swastika pin at work? These are also threatening symbols and rightfully not tolerated. Why then are you tolerating keffiyehs and Palestinian pins? These signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed on October 7, 2023.

Your employee, Physician Assistant, Mufria Khalil, wears a keffiyeh and a pro-Palestinian pin while on duty and treating patients at Potrero Hill. Keffiyehs are banned from many U.S. and international venues (1). This healthcare professional has publicly aligned herself with rhetoric and actions that are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

According to your website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission.

Healthcare professionals need to show impartiality so patients can trust them. This PA is supporting a terrorist organization with a genocidal ideology to murder all Jews and obliterate the democratic state of Israel.(4,5)

Please reinforce Concentra's values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

Thank you,
Morris Polsky

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Another Jewish person that can't believe what's going on. Fix this please.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill - Concentra
Date: Tuesday, January 28, 2025 7:04:55 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Beatriz Wasserman

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Brook principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Brad Epstein

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:10:33 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Natalie

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Roman Movshovich
Fellow, Los Alamos National laboratory

Dear Concentra Medical:

Years ago I read a story about a Jewish doctor working in a government subsidized health clinic. One of his patients had a swastika tattooed on his arm. The doctor treated him with dignity and after months of treatment one day, the neo-Nazi started to cry and said he wanted to remove the tattoo. The Jewish doctor was willing to treat everyone. In today's world, Hamas supporting physicians have openly stated that they want to kill Jews. When someone's wearing a keffiyeh, which is awar symbol, it's no different than wearing a KKK hood or a Nazi arm band. We are a family involved in healthcare, if I walked into a room, and this was my medical staff I would have to walk away because I would think that they want to kill me. The keffiyeh is not a religious symbol.

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, tortures, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Haman and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:22:54 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Felicia Gopman

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:31:44 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to ‘support a positive patient experience.’

Sadly, in January 2025, a patient’s experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician’s Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer’s political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:39:16 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Antonia Steinberg

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Tammy Huttler

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:44:32 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 7:47:49 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Rosalinda de Fainchtein

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalid, who also sported a pro-Palestinian pin.

There are few things more disconfronting than being seen by a healthcare professional wearing a piece of cloth specifically worn to stignify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Roscoe Johnson

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:01:53 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:02:01 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Preva, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:06:03 PM

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Julie Maltz

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Kanen Gershkovich

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Petrero Hill Concentra
Date: Tuesday, January 28, 2026 6:11:23 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Petrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Miriam Weiss

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:23:50 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
BJ Goldman, MS RDN LDN

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Mehrnaz Zerehi
An American Iranian who escaped the brutality of radical Jihadist fascist extremist fundamentalist terrorist Islamic Republic regime of criminals in Iran

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2026 8:31:13 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentrix!!!
Date: Tuesday, January 28, 2025 6:39:29 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentrix Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, tortures, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Haman and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Accordling to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Hillel Rokowsky

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 8:38:01 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council Dear Concentra Medical: You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries. Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.' Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin. There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023. By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate. There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3) It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide. Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers. According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.' By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community. In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6) Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis. We await a response to this issue and request that you update your website to reflect this intent. Sincerely, Attachments: (1) https://www.bbc.com/news/uk-england-london-68902366 (2) https://www.youtube.com/watch?v=g-ZJ66NVVNg (3) https://www.jewishvirtuallibrary.org/the-involvement-of-arafat-and-pa-officials-in-terrorism-against-israel#google_vignette ;https://www.un.org/webcast/ga/58/statements/israeng030925.htm#:~:text=Tragically%20%2D%20for%20his%20people%20and,19%2C000%20separate%20Palestinian%20terrorist%20attacks (4) https://avalon.law.yale.edu/20th_century/hamas.asp (5) Michael Starr, "October 7 is about to be every day:' Columbia rally sees Hamas support," 21 April 2024, Jerusalem Post (6) https://www.bbc.com/news/articles/c9wkxv9d99vo

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, tortures, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Accordling to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 6:45:06 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jsutify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Brook principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Danielle Liss

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufhia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sofia Zukerman

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 9:03:51 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Shana Meyerson

Subject:	Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date:	Tuesday, January 28, 2025 9:11:56 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

Sincerely,

Jay Shore

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Arielle Levy

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (3), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 9:55:06 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:06:37 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Karen Keys

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Lisa Aflalo

Subject: Urgent Concern: Inappropriate and Fear Inducing Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:21:34 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Powa, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:40:41 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Miriam Linver

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:05:07 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:22:07 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufhia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Jennifer Goldstein

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:46:15 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Tabatha Caplan

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Aaron Wenger

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Sharon

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 1:46:42 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Lorraine Glatt

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 2:11:42 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Perea, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 2:22:10 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sharon Schild

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 2:41:33 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3) It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide. Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers. According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.' By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community. In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6) Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis. We await a response to this issue and request that you update your website to reflect this intent. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 4:26:57 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject:	Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date:	Wednesday, January 29, 2025 4:55:49 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sandy Glass

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Karen Silver

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra - how are you allowing terrorism supporters?
Date: Wednesday, January 29, 2025 5:13:24 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Mike

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 5:14:11 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Edna Balas

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Shifra

Subject: Urgent Concern: Hate Symbols Worn by Healthcare Professional as Palmira Hill Concentra
Date: Wednesday, January 28, 2026 5:20:55 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Pressing Concern: Inappropriate Clothing Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 5:26:36 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Mimi Ouziel

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to ‘support a positive patient experience.’

Sadly, in January 2025, a patient’s experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician’s Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer’s political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

Dear Concentra Medical:

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Anthony Sacks MD

Subject: Request to Address Antisemitism Fueled by Healthcare Professional at Palmino Hill Concentra
Date: Wednesday, January 29, 2025 5:55:33 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically sewn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sherry Winograd

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 28, 2026 6:12:21 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jastify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 6:18:14 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Hedy Weiner

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 6:39:06 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Rivky R Katz

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 7:01:11 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Iris Schwartz

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

(4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Andrea Edson

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 7:23:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Chani Altein

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 28, 2026 7:54:40 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 8:18:10 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 28, 2026 8:52:44 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Naomi Korol

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufhia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Thelma Strygler

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive whom she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 6:48:29 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muhita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jostify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Brook principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any othe ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Anne Rothberger

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Britt

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 10:52:43 AM

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Pamela Turetsky

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive whom she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Alexandra Shurp

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Wednesday, January 29, 2025 11:36:12 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Perea, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Karen Gibalsky

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Judith

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Thursday, January 30, 2025 8:23:53 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Thursday, January 30, 2025 7:03:33 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council Dear Concentra Medical: You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries. Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.' Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin. There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023. By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate. There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3) It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide. Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers. According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.' By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community. In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6) Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis. We await a response to this issue and request that you update your website to reflect this intent. Sincerely, Attachments: (1) https://www.bbc.com/news/uk-england-london-68902366 (2) https://www.youtube.com/watch?v=g-ZJ66NVVNg (3) https://www.jewishvirtuallibrary.org/the-involvement-of-arafat-and-pa-officials-in-terrorism-against-israel#google_vignette ;https://www.un.org/webcast/ga/58/statements/israeng030925.htm#:~:text=Tragically%20%2D%20for%20his%20people%20and,19%2C000%20separate%20Palestinian%20terrorist%20attacks (4) https://avalon.law.yale.edu/20th_century/hamas.asp (5) Michael Starr, "October 7 is about to be every day:' Columbia rally sees Hamas support," 21 April 2024, Jerusalem Post (6) https://www.bbc.com/news/articles/c9wkxv9d99vo

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Thursday, January 30, 2025 5:28:09 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Ilana Sabbagh

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Thursday, January 30, 2025 9:45:11 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jastify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Thursday, January 30, 2025 3:59:13 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arrafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Elise Udelson

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Isreal. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Varda

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Please see attached a letter from the Sierra Club in support of allowing residents to create parklets in daylit parking spaces.

Charles Whitfield
Executive Committee Chair
Sierra Club SF Group

SIERRA CLUB
SAN FRANCISCO BAY

San Francisco Group of the San Francisco Bay Chapter

January 28, 2025

To: Shared Spaces Program Manager Monica Munowitch
City Attorney David Chiu

CC: SFMTA Acting Director of Transportation, Julie Kirschbaum
SFMTA Board
Hank Willson (SFMTA Policy Manager for Parking & Curb Management)
Board of Supervisors

Subject: Allow residents to create parklets in daylit parking spaces

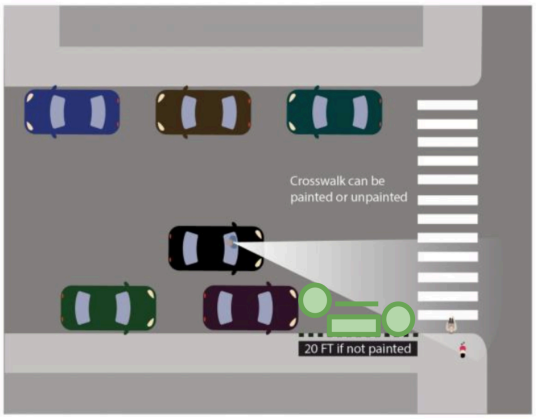
Dear San Francisco City Leaders,

The Sierra Club San Francisco Group, representing nearly 6,000 members city-wide, calls for a large increase in green space within our city. We propose allowing residents to create parklets in the daylit spaces at intersections by right. These Daylighting Parklets should be allowed without an expensive, cumbersome permitting process.

Our proposal

California's new law AB 413 mandates that as of January 1, 2025 curbside spaces at the approach to intersections must be clear of cars so that pedestrians in crosswalks are visible to drivers. San Francisco will transition 14,000 parking spaces to these daylit zones.

We have the opportunity to create green community space in these zones instead of just dead pavement. If rolled out across 10,000 parking spaces, this would add greenery to an area 2 ½ times the size of Dolores Park.



Schematic of one of 10,000 parklets (left) and example of a resident-installed parklet already at an intersection (right).

The key to the success of these daylighting parklets is a hands-off approach from the city. A couple of sensible guidelines like a height limit and visibility-to-the-crosswalk requirements are necessary. But beyond that, the city should let residents do what they want without onerous requirements. There should be no design review and no permitting process. There should be no insurance requirements. In an era of tight budgets, residents should be able to shape their city without expensive city reviews.

These Daylighting Parklets offer several concrete advantages to residents and neighborhoods and the city:

- Provide greenery throughout the city, including in areas long devoid of public spaces
- Provide a place for neighbors to gather and meet
- Reduce burden on planning staff to serving residents' needs at a time of budget cuts
- Prevent vehicles from endangering pedestrians when drivers park in daylit spots to run a quick errand
- Create a sense of joy and ownership among neighbors and residents

Why Daylighting Parklets Matter

San Francisco has, since the start of the pandemic, suffered a crisis of confidence. Voters expressed their frustration in the November 2024 mayoral election. Giving residents a sense of local control and initiative, and providing them with a green space to meet their neighbors and a sense of joy in what they can create should be part of our path forward as a city.

We urge you to take action to make San Francisco streets something all residents of the city can create and enjoy together.

Sincerely,

Charles Whitfield

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,
Connie Hall

Subject: Urgent: Opposition to San Francisco Upzoning Proposal

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to express my strong opposition to the proposed upzoning in San Francisco. While the intent may be to address the affordable housing shortage, the current plan risks exacerbating issues and compromising the unique character of our neighborhoods.

The anticipated increase in luxury condos not only jeopardizes the topography and well-established, often historic and iconic, features of our neighborhoods but also raises concerns about the potential 'Manhattanization' of our residential communities. The added risk of increased traffic and strain on our infrastructure compounds these concerns.

I support Neighborhoods United SF and urge you to reconsider the current upzoning proposal. Exploring alternative solutions is crucial to genuinely addressing the affordable housing shortage without compromising our communities' integrity.

Thank you for your attention to this critical matter, and I appreciate your continued dedication to the well-being of our city.

Sincerely,
Cheryl Richard
San Francisco, CA 94110

Subject: An Unprecedented Golden Skywalk for the Indelible Golden Gate Bridge's Centennial

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Members of the Golden Gate Bridge Highway and Transportation District, the San Francisco Board of Supervisors, and the San Francisco Police Department,

As we approach the iconic Golden Gate Bridge's centennial in 2037, I am honored to propose a truly extraordinary tribute: a skywalk across the bridge's main span on May 27, 2037. This breathtaking performance will not only celebrate the bridge's timeless legacy but also embody the values of commitment, perseverance, and ambition that have shaped its enduring cultural impact.

I am Giovanni Julien Veneto Zoppe, a seventh-generation circus performer born in Redwood City, California. My family's legacy includes world-renowned high-wire artists such as my cousin Nik Wallenda and my uncle Tino Wallenda, whose pioneering feats have deeply inspired my own journey. Over the past eight years, I have honed my craft with unwavering dedication to safety, precision, and artistry in the art of wire walking.

Given the scale and significance of this undertaking, I am fully committed to working closely with the Golden Gate Bridge Authority, the San Francisco Fire Department, law enforcement, and all other relevant agencies. Every aspect of this performance will be carefully planned and executed to ensure the safety of all involved while delivering an unforgettable experience for the community.

Beyond its symbolic meaning, this skywalk will provide an unparalleled opportunity to unite San Francisco in celebration of its creative, resilient, and innovative spirit. This event will not only honor the bridge's legacy but also inspire audiences locally and globally, bringing together residents, businesses, and visitors in a shared moment of pride.

In addition to my dedication to wire walking, I produced the award-winning short film *Boy on Wire*, which earned the middle school grand prize at the GEG Chicagoland Film Festival. To further demonstrate my expertise, I invite you to view my high-wire debut reel here:facebook

With thoughtful planning and collaboration, I am confident this performance will serve as a lasting tribute to the Golden Gate Bridge's history, offering a once-in-a-lifetime experience for all who witness it. I would be honored to discuss the next steps in securing the necessary permits and approvals to bring this vision to life.

Thank you for your time and consideration. I look forward to hearing from you and to the possibility of making this historic tribute a reality.

Sincerely,

Julien Zoppe

Dear Supervisors,

Some of you may not be familiar with the decade-old medallion crisis that has plagued the San Francisco taxi industry and its medallion holders for so long. Sadly, this crisis hasn't been dealt with as we think it should. I would appreciate very much if you took 11 minutes from your busy schedules to watch the documentary film linked below.

https://youtu.be/q-H_WXGsjms

It would be very much appreciated if this Board and Mayor Lurie could work together to find a solution to this old problem.

Thank you for your time and consideration.

Subject: VTC petition to B.O.S.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Lurie, Board of Supervisors, and HSH Executives:

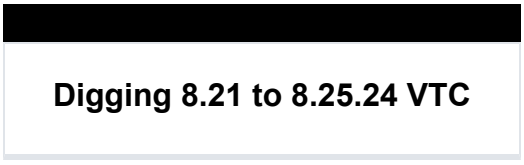
Unlike the previous emails, surrounding my finally having filed an administrative claim this week, this is an open letter to the Board of Supervisors from the residents of the Vehicle Triage Center (VTC) that I have been asked to write as the Candlestick 35's tenant union representative. This will be brought in person, on paper, with signatures, to be handed to B.O.S. at their next meeting on 2.4.25. We have informed the media of our plan to speak out about the early closure as well as the lackadaisical efforts by HSH and Bayview Hunter's Point Foundation (who are allegedly our case managers but few of us have contact with them - I personally have only received an "assessment" on 9.7.24 so as to stay updated in the HSH system; others will report similar).

Note that this is a community document. The Administrative Claim I sent you 1.22.25 is for my personal litigation. This missive is a group document.

***

On 12.03.24, I filed the paperwork for an appeal regarding the matter filed in Superior Court 1.26.24 in which 23 of the 35 residents declared WIC 8255 ("Housing First" policy for all navigation centers) the controlling law for the VTC and since it says the word "tenant" 13 times, that makes us eligible, under San Francisco Admin Code 49A, to form a tenants' union to protest the horrific living conditions at the VTC. Exactly two days later, on 12.5.24, we received a notice stating (without cause) that the VTC is closing on 2.14.25. The lease for the VTC ends 12.31.25 and it was only in October that PG+E actually switched on the lights. If HSH knew the site was going to close, then why was approximately 80 truck loads of highly toxic dirt (the site is a border zone property next door to Parcel F of Hunter's Point Shipyard) moved out? Why expose us - and our pets - to such danger if you knew you were closing the place early? As I repeatedly say, the standard of care at the VTC is consistently Deliberate Indifference.

Digging 8.21 to 8.25.24 VTC



part 2 toxic soil removal VTC 10.24.24 SANCTIONED

part 2 toxic soil removal VTC 10.24.24 SANCTIONED

Obviously I am convinced that the filing of my paperwork for the appeal triggered the action, but it could also be the growing suite of ADA-based complaints, several of which grew into claims that are now in the Conciliation stage with HUD. In other words, HUD took us seriously. Rather than make the site accessible, HSH chose to strip the place of the few amenities it had (I.e. dog run, picnic tables, and a gazebo --- we all still ask each other, "Which nonprofit org got the gazebo and who's house is it currently at?").

I have been asked, in the name of the (panicked) 35 residents here, that HSH be directed to extend the closure date for 90-days due to #a) the slow roll-out of services to place people in housing as evidenced by yesterday's UNANNOUNCED 4pm community meeting (filmed below by another union member, but on my phone, because my cancer makes it hard to stand long periods and as the video shows, no seating was provided - this is exactly how we the disabled are treated by HSH):

1.29.25 rapid rehousing group visiting people who agreed to get subsidies to non-vehicular housing

1.29.25 rapid rehousing group visiting people who agreed to get subsidies to non-vehicular housing

...and #2) the mechanic hired to do the repairs is inept and the work is excruciatingly slow. He needs help. I will leave my criticism of him to the complaint I am filing with Bureau of Automotive Repairs. Others are complaining too.

In light of the lack of timely assistance for the medically vulnerable, the disabled, and the elderly, we ask, as a group, that we be permitted an extension of 90-days, moving the closure date to 5.14.25.

Should this be denied, I will proceed - as the tenant union representative - by filing an EA-100 (elder abuse TRO) in Superior Court explaining the reasons I believe the closure of the VTC is

happening. I will ask for a TRO, not as a group but personally, as a disabled elder with terminal cancer. Then every other elder out here, as well all the disabled, plus the medically vulnerable will probably be enthused to do the same. While it's against the law for me to represent anyone but myself before the courts, it's well within my rights as a tenant union representative to show people how to fill out a form, which EA-100 clearly is.

Sincerely,
Ramona Mayon
(tenant union representative)

Subject: Westfield Mall

Who dislikes being associated with creativity, greatness, or heroics?

Seeing the word "Repurposing" in the article, "The former Westfield mall is stuck in financing hell," S.F. Standard January 25, 2025, San Francisco has an opportunity to show its greatness by boldly stepping in and being creative by honoring heroes of the world with this property.

But the fact that nowhere in the article did I read a comment from any elected official is no surprise because, as a longtime San Franciscan (1960), it's been a while since I witnessed "The City that Knows How" show its knowhow.

The City That Knows How, nickname, "highlights the city's history of innovation, entrepreneurship, and being a hub for new ideas and technologies, particularly stemming from the gold rush era when people from all over came to try their luck, leading to a culture of "can-do" attitude."

Mayor Daniel Lurie's plan, as reported by the S.F. Chronicle, "… to visit New York City, Miami, and Austin with a simple message to companies based there: 'You know you want to be back in San Francisco'" should embarrass all who live here. Is the new mayor trying to turn one of the city's greatest nicknames into Ain't Too Proud to grovel for business?

I was sitting in my living room twenty years ago watching the 6:00 news. My smile turned into tears because my mind went to the time a year prior when this same young man who I know personally told me of the heart-wrenching story of the loss he suffered as a husband and father of two: His wife and daughter were killed in a car

accident. Later, to its credit, the S.F. Board of Supervisors honored this man for his heroics with know knowledge of his personal tragedy.

A few cities in America honor local heroes in a museum. Notwithstanding these heroes who do not care for the label, we should find a way to say unforgettably thank you.

On January 15, 2009, the pilot and crew acted, saving all 155 aboard an Airbus A320–214, which was forced to land on the Hudson River off Manhattan. A snapshot of some of aviation's biggest heroics worldwide is on display at the Smithsonian National Air and Space Museum.

Photo: Janis Krums

June 23, 2018, twelve boys and their 25-year-old soccer coach went on an adventure to a Thailand cave. Due to monsoon rains, they became trapped and forced back several miles inside a cave for ten days before a rescue crew located them.

It took another three days of incredible heroics, including pumping out millions of gallons of water and using an anesthesiologist to sedate the boys before bringing them all out of the cave alive. This massive effort did suffer the loss of one of the Thai Navy Seals. But the entire rescue story deserves, against all odds, a type of hero recognition in a museum exhibit.

There are 198 countries in the world and no shortage of heroes in each country. But despite the best efforts to share these genuinely inspirational stories with the world, too many will fade into history and be forgotten forever.

I was also surprised to learn in the S.F. Standard's reporting that the San Francisco Unified School District owns a 75,675-square-foot lot beneath the mall. Just imagine a school field trip of even 100 from SFUSD to this museum, seeing an exhibit of a pilot saving the lives of his passengers and crew by landing on the Hudson. No offense to the brave flight attendants of the world, but that act will inspire several school-aged kids here to live a life of aviation.

If San Francisco did the simple act of creating a museum dedicated to heroes of the world, with submitted and well-documented exhibits of their heroics, tourists and businesses from all over the world would come here to do more than visit. It might also rekindle another S.F. nickname: "San Francisco Everyone's Favorite City."

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Applies today as it did prior.....article sent 10/24/2015

almost 10 years later? What has been solved for a loop-ring bahn, or any other solution to LRV's and their future connectivity around the city?

We just don't see any vision by agencies for an adequate transit planning effort for SF.....you want density? Fix the transit lacking connectivity loops and links.....Ask Mayor Lurie, what and how he see's or envisions transit in the future.... Currently seems we rob funding for one project for another.... There must be a better solution and plan for shovel ready movement and funding of an improved transit loop around SF.

A.Goodman D7

Transit Planning for the future of San Francisco – Can we get the horse in front of the cart literally?

We all are aware of the TEP Muni Transit "effectiveness" project, or "in-effectiveness" as many MUNI riders often chide due to cuts in station stops and effects on routes, and the recent discussions on transit costs of such projects as the central subway, and downtown DSX station extension, and the overall impacts of the housing build-out in San Francisco. Supervisor Scott Wiener even jumped on the transit needs bandwagon stating we need to fulfill the destiny of SF's transit future by tunneling around the entire city, most likely on the heels of the central subway financial burden's by extending it around to the proposed fisherman's wharf final end. The question that arises, when we see the plans and proposals, costs, and political failure to enforce taxation of growth to build our future transit, is whether the proposed systems being showcased really do the justice and solve our urban stopped up transit systems?

I would like you for a moment to think outside of the basic lines and routes in SF, and digest the comment submitted by Howard Wong (SFT Board Member) and Save Muni representative, when he stated in a response to the Examiner for such a small city, we should have a "world-class" transit system.

The terminology system, denotes a natural or mechanical, complete loop, or body, that encompasses and provides a distinct benefit. The problem is that when you look at our existing system of SF Muni transit it is like the body and tentacles of an octopus, without real connectivity, looping, and linkage of existing systems. Most train yards, have built into them the concepts of switches, gears, shifting, looping, and system theory, since you don't want to have to turn locomotives around, and it is preferential to loop, or provide figure "8's" or similar closed loop systems that can provide switching and improved capacity of a system.

I recently attended the Bayshore Intermodal Facility Final Report meeting which presented on boards the future proposed options from study, on the south-east transit areas of SF. This station proposes to provide bi-county improvement, and possible intermodal facility connection between High-Speed Rail

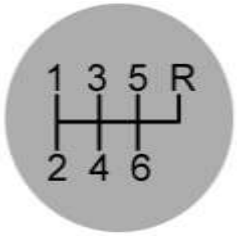
(HSR), Caltrains, and SFMuni services, with a possible Bus Rapid Transit linkage up Geneva-Harney to the Balboa Park Station and additional densities proposed in the D7, D11, and D10 districts where numerous large scale projects are proposed. Yet what was distinctly missing from the presentations was an understanding of capacity, and the need to get such ideas as Light-Rail Vehicle connectivity and systems looping and linkage into the actual final decisions and planning up front. Initially the Geneva Harney project plans did not even include the HOPE SF Sunnydale project, which as a lower income community would directly benefit from easier access to intermodal transit facilities. The other cumulative impacts of the Alice Griffith, Hunter's View, Potrero and Schlage Lock Factory projects alongside Brisbane development on the South-East sector, Balboa Park Upper Yard and Balboa Park Reservoir Site, and the 19th Avenue Transit Study, and Parkmerced/SFSU-CSU/Stonestown future projects, all create huge demand for improved transit outside of the downtown areas based solely on number of people proposed to live in these future communities.

What is directly needed is a view of the transit system planning in SF, that looks at more creative linking and looping of systems to provide and increase capacity sooner due to the increased housing density being proposed. Such system improvements would include getting the Geneva Harney installed as an LRV (light-rail vehicle) system and looping it directly at grade around to the future candlestick shopping mall, and around the BVHP back up possibly Cargo Way to the future Pier 70 and other waterfront developments and get people out of their cars. This connection would continue up westward to Balboa Park Station, and provide impetus for a secondary intermodal facility that would better connect transit between the K-T and M-J lines at the Geneva Car-Barn and Green Street Facility to link and loop existing lines for quicker and more efficient turn-around and a closed loop system. Another possible link would be the L-Taraval back up Sloat Blvd. to Stern Grove, turning southbound on 20th underground, and linking back up to 19th just at the roadway by the Petco/Stonestown YMCA Annex across from Mercy H.S. to get it to an aireal platform out towards Daly City BART and a new intermodal west side transit facility, that could help alleviate west-side transit congestion with the South-West build-out occurring and a still unknown Stonestown site possible development. There is also the idea of a western-side transit improvement by BART or MUNI on geary, via a switch to BRT or LRV lines that could connect north to south the Presidio via the F-Line through Fort Funston, southward back around along Geary or Fulton to Sunset Blvd. and the eventual looping of SF via public transit systems! Lastly there is the concept of BRT on Van-Ness which for some reason unknown ends before it begins, and does not extend the entire route out to the Excelsior, and provide through the Mission better and speedier access to east-west transit routes along the major spine of the city. With recent changes proposed to the Excelsior as a PDA (Priority Development) designation like the mission, it only is logical to skip the BRT, and focus on the LRV possible above ground or at grade need for quicker transit across the city. Even if we do focus on BRT solutions due to cost, than we should at least ponder double-door bus systems to improve along these BRT routes the speed in boarding times due to reduced wheel-base access when boarding our new fleet bus systems.

The concern is the need to think logically in terms of connecting the dots of transit modal areas, in the same way as a switch or closed loop system, with built in flexibility to provide secondary connectivity to other lines and systems. Only in this way can we provide the city and its citizens with a world-class

transit system that provides the bandwidth and flexibility needed for a dense and growing urban metropolis. AdequateTaxation is only one of the needed parts of the proposal, the other is a mind-set to connect the dots now, and not later, so that we get the traffic and transit systems built now to provide us with a real transit future.

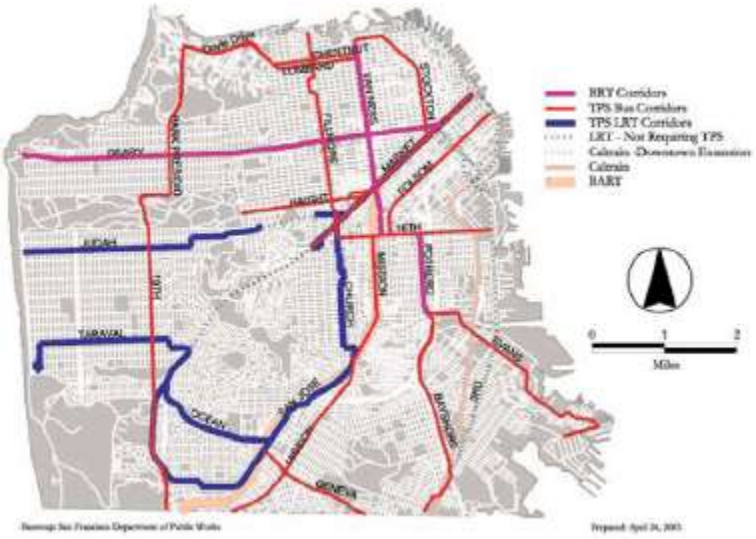
Closed Loop System



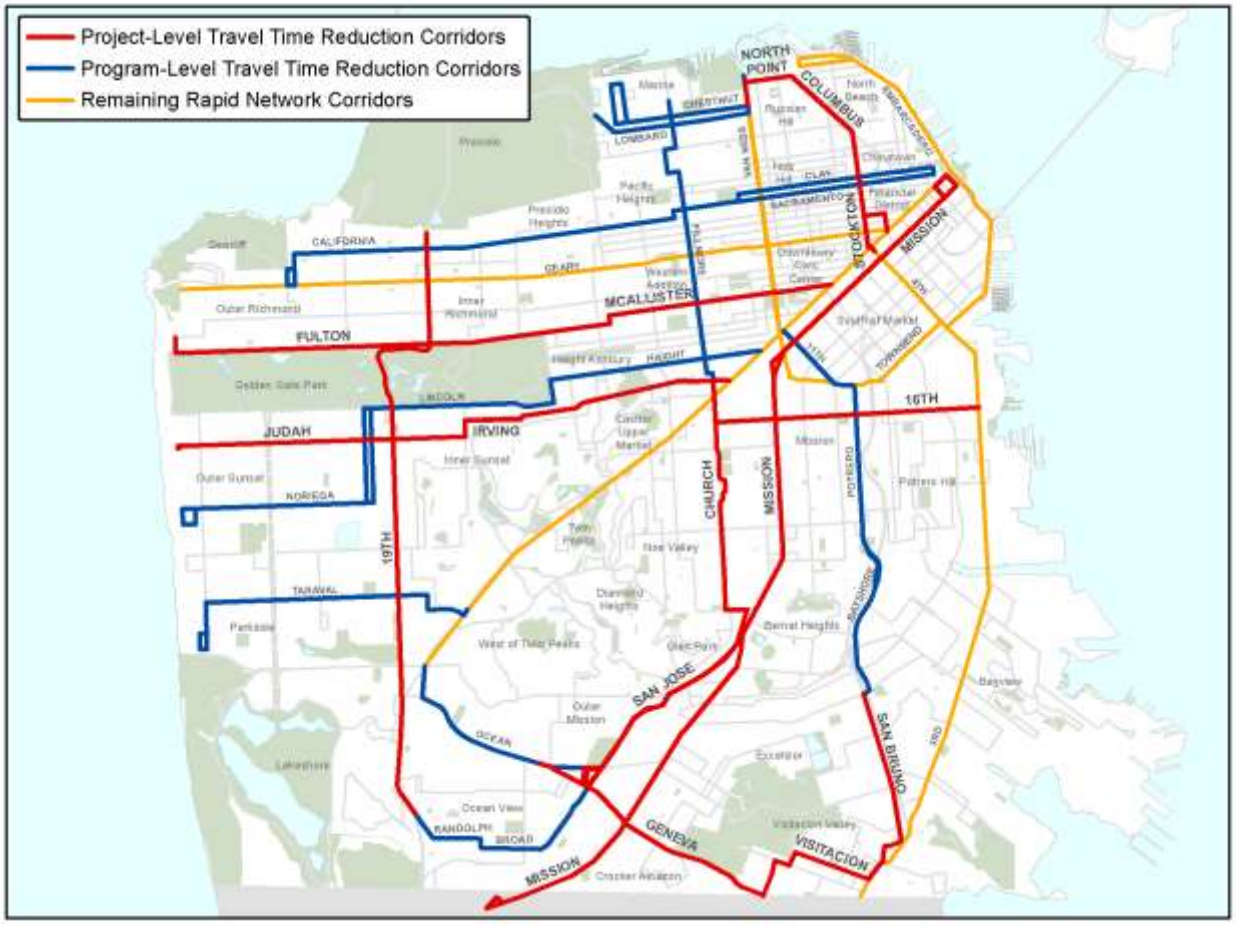
Switch/Shift 6-speed (imagine the 1 as sunset, 3 as inner Richmond, 5 as downtown, R as cross bay, 2 as Daly City BART, 4 as Balboa Bart, 6 as Bayshore Intermodal) Now overlay and connect 1-3-5-R and 2-4-6-R and you have closed system by linking and connecting the dots…

5-Door access bus design, provides easier on/off boarding quicker and would solve slowness due to congestion at boarding and ticket-payment locations on vehicles and ease the access for disabled riders competing for access at the front of the bus.

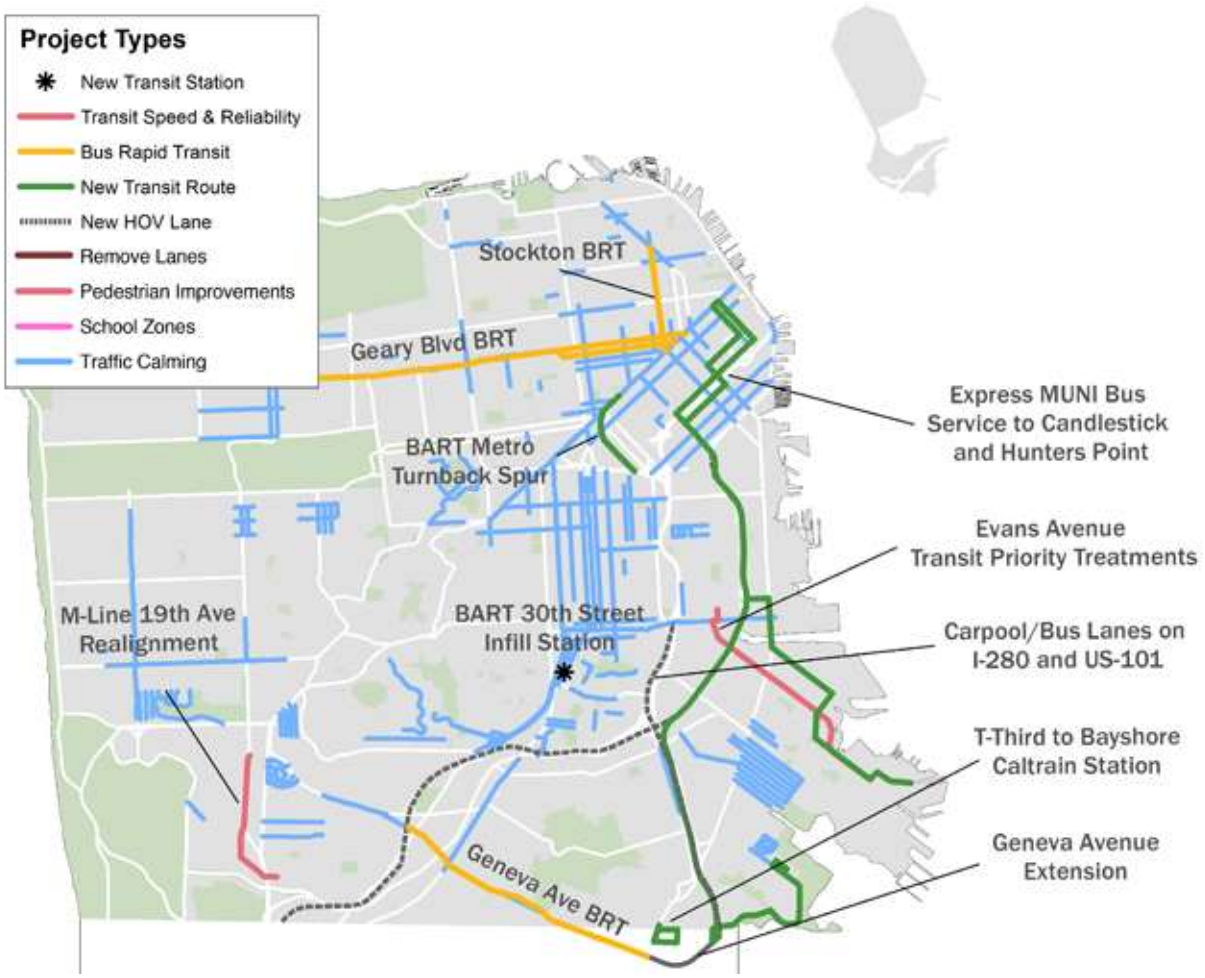
The problem with single door boarding is getting off while others are getting, on. With disabled passengers added to the mix, and increased age concerns for many residents needing public transit, this is becoming a critical problem with existing bus services. BRT will not solve the slow-boarding times, unless along BRT routes they transition the systems to double door, or larger door vehicles.



Proposed BRT and corridors of transit. Note the lacking links in the SE bi-county (the map is cut and lacks the interconnection between SW to SE portions of SF from Parkmerced out to the D10 district along Ocean or Geneva. Also there is a lacking link along sunset blvd. to connect Geary to Judah and Taraval as an improved west-side transit system to Daly City BART.

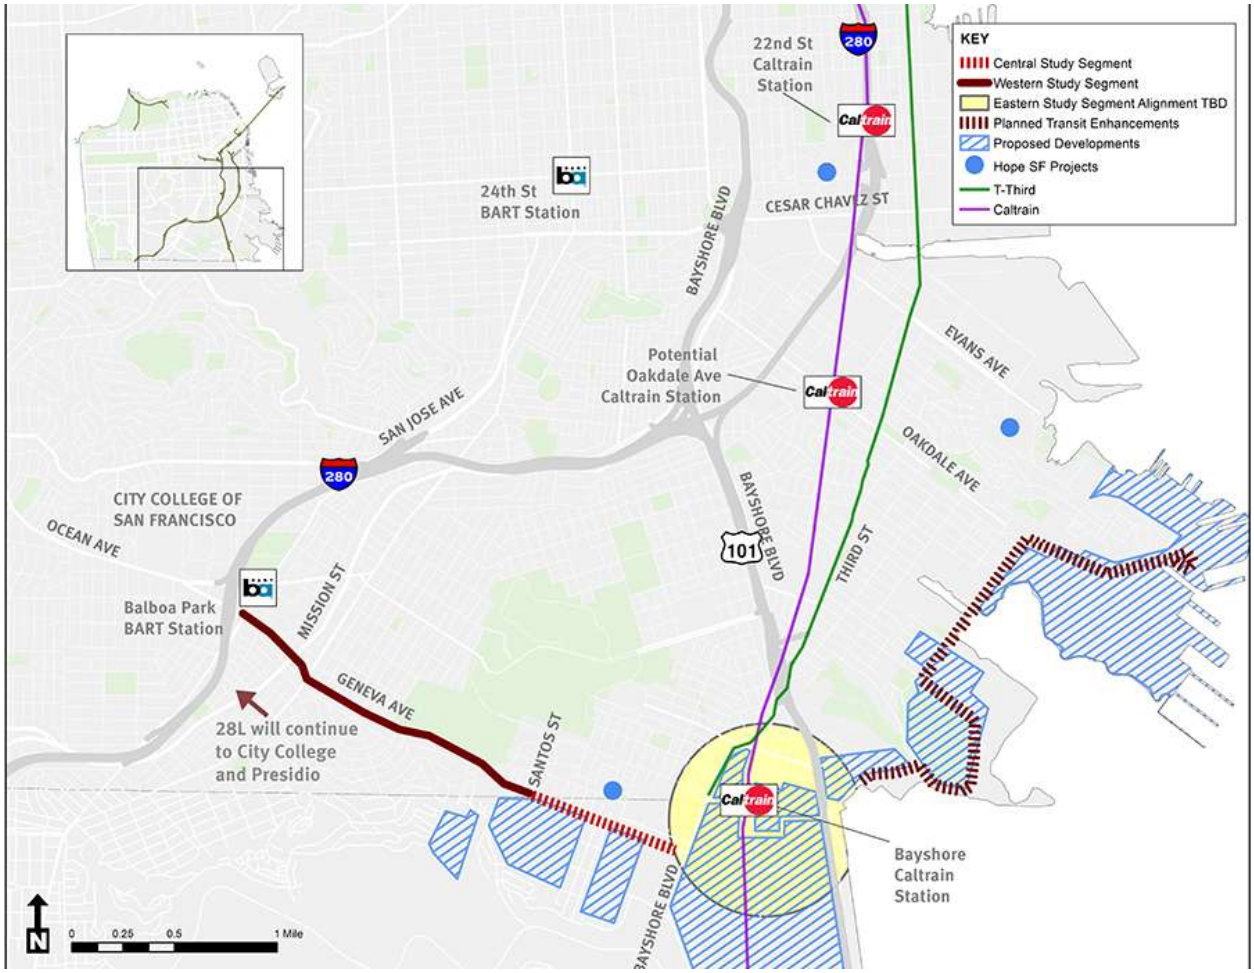


Travel Time Reduction Corridors (most investment is downtown, only the Geary BRT, Van Ness BRT and Geneva Harney BRT, along with BRT Parkmerced areas is really being considered, and no proposed transit light-rail corrective planning is proposed or in place.

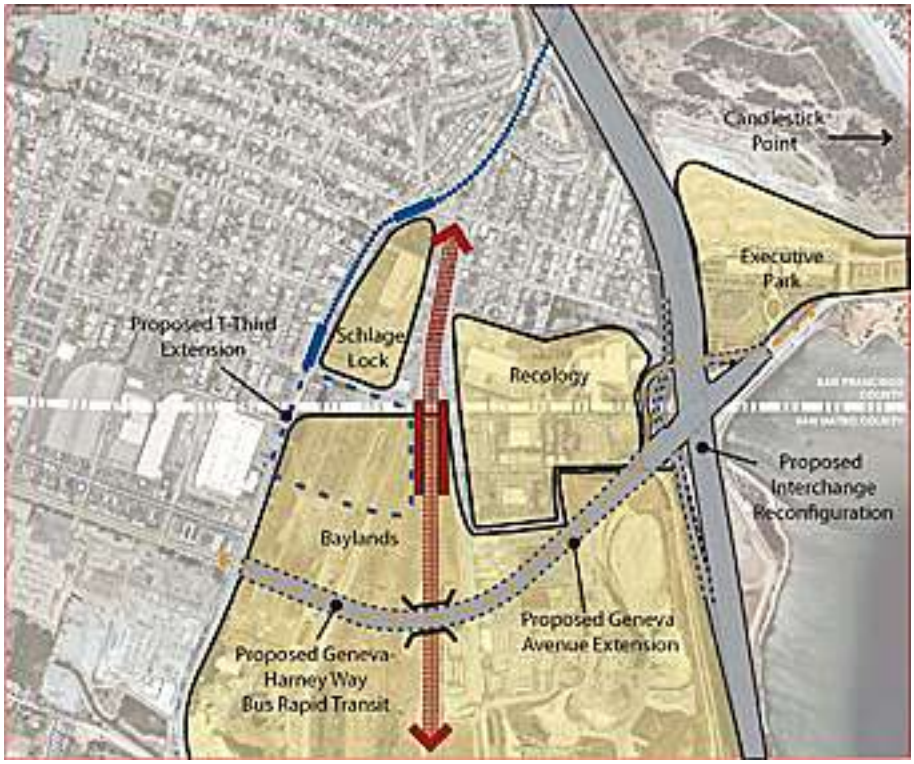


Note the proposed Evans Ave and 19th Ave proposed projects, related to specific density projects but lacking the real west-side and south-east side transit reconnection along Geneva and out to the BVHP.

Zip codes also tell another layer of bi-county and south side need as zip codes 94132, 94112, and 94134, and 94124 block and provide the major north-south and east west routes via vehicle currently in the southern portion of SF, and have a tremendous amount of density going into their zip codes in the next phases of pipeline developments in SF.



Initial Geneva Harney proposed diagrams missing the Sunnydale, Balboa Reservoir, and Upper Yard Sites which will heavily congest Geneva Ave with BRT Buses and cause more congestion along the BVHP and T-Third as commuter shuttles navigate the 101 Congestion and new proposed development at the Bayshore Caltrains and BVHP sites.

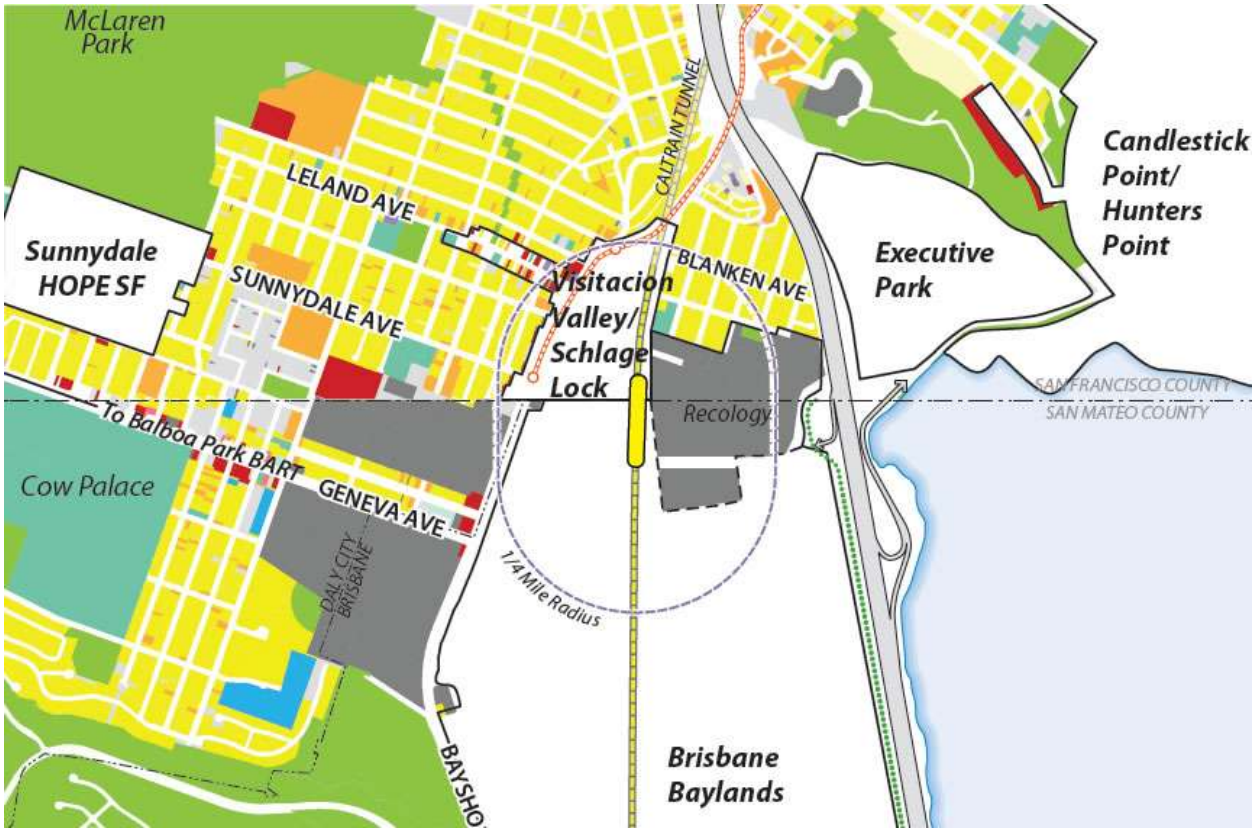


Bayshore Intermodal site, shows a loop (dashed-blue) but does not show the T-Third taken back up Geneva-Harney with only a shorter extension southbound the loop could allow trains to continue east and west-bound.

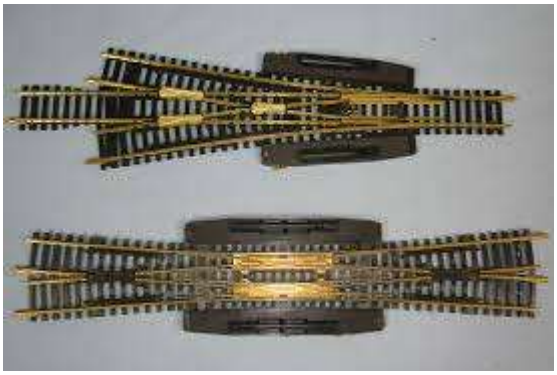
The already congested high-speed boulevard bi-county is a cross-cut-route for traffic from 19th Ave/Ocean Ave to 280 and 101. It has become a raceway, and will eventually densify along possibly with the Cow-Palace and Brisbane and SF and Daly City Parcels.

Balboa Reservoir, and City College Masterplan, along with the Upper Yards site, and Geneva Car-Barn already is an overly congested area, needing transit improvement and a possible intermodal facility to link systems, along with new business, and office density along with housing. The Excelsior is also proposed as a PDA, so density and increased housing development in the outer mission and Excelsior is coming sooner not later. Would it not be smart to work into the Balboa Station an improved access and transit connectivity for the Geneva Harney route to get directly to BART?

Density increases proposed along the Excelsior and existing Muni Lines



Bayshore Caltrains Proposal, showing areas of development (Executive Park, Candlestick, Brisbane Baylands, and Sunnydale Hope SF sites. Note the T-Line dead-ends instead of showing the loop, or the possible linkage east west as a swing system connecting developments via transit.



Track links, loops, and splits, allowing a gear-shift of lines, and more flexibility in the routing of trains…

RE: Budget and Finance Committee January 29, 2025 Agenda Item #7 [Business and Tax Regulations Code - Commercial Vacancy Tax Exemption] File #241172

Position: Strongly SUPPORTING

Construction projects by City departments can have significant impacts on small businesses' ability to remain viable.

SPEAK strongly supports a commercial vacancy tax exemption for small businesses impacted by construction by City departments for more than 180 days per calendar year.

Additionally, SPEAK strongly supports this exemption retroactively from January 1, 2022 thru December 31, 2024 for the Taraval Street Neighborhood Commercial District or the Inner Taraval Street Neighborhood Commercial District due to significant impacts from the L-Taraval project.

Subject: Issued: Controller's Office Review of 2024 Managed Care Contracts

Honorable Board of Supervisors,

Pursuant to **Charter § 9.118 and Administrative Code Chapter 21A.3** which requires that no later than February 1 of each year, the Controller — in consultation with the Department of Public Health (DPH) — shall report on the review of reimbursement rates it has conducted for the preceding year, the City Performance division of the Controller's Office today released the Review of 2024 Managed Care Contracts Memorandum.

Please refer to the distribution e-mail below.

Office of the Controller
City & County of San Francisco

In accordance with the Department of Public Health's (DPH) Managed Care Contracts Ordinance Section 21A.3, the Controller's Office conducts a year-end review of the term and reimbursement rates for contracts or amendments anticipated to exceed $1 million in revenue in which DPH partners with insurers to provide health services.

DPH did not enter into any contracts in 2024 that require Controller's Office review as defined by Administrative Code 21A.3.

OFFICE OF THE CONTROLLER

CITY AND COUNTY OF SAN FRANCISCO

Greg Wagner
Controller

ChiaYu Ma
Deputy Controller

TO: Jenny Louie, Chief Operating Officer
Drew Murrell, Chief Financial Officer
Department of Public Health

FROM: Natasha Mihal, Director, City Performance
Carla Beak, Public Health Policy Specialist, City Performance
Emily Lisker, Project Manager, City Performance
Controller's Office

DATE: January 29, 2025

SUBJECT: **Controller's Office Review of 2024 Managed Care Contracts Pursuant to the Contracts Authorization Ordinance in Administrative Code Section 21A.3**

Under Administrative Code Section 21A.3[1], the Controller's Office is directed to review the terms of any contracts utilizing the Board of Supervisors delegated authority under Charter Section 9.118 to enter into managed care contracts. This review includes conducting an analysis in coordination with the Department of Public Health (DPH) of the payment rates for health services in any new managed care contracts anticipated to generate over $1 million in reimbursement.

During 2024, the Controller's Office engaged DPH to track any pending contract proposals. DPH did not enter into any contracts in 2024 that utilize the Board of Supervisors delegated authority and require Controller's Office review, given the legislative amendments of 2023 (Ordinance No. 168-23). We will continue to follow DPH's progress with managed care contracts and will complete future reviews as needed.
