Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:05:54 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2.3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4.5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Bethia Straus

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Ruth Weinreich

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:07:16 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (3), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:07:57 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Kathy Afshani

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:08:36 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Steven Bodner

Subject: Urgent: Concerns Surrounding Symbolism Worn by Healthcare Professionals at Ponero Hill Locations
Date: Tuesday, January 28, 2025 10:08:58 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Ponero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Feline Gross

Subject: Immediate and Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:09:10 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Marina Berman

It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Irma Dubchak

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:09:35 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:10:00 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Jacinda Brown

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-sporting Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject:	Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date:	Tuesday, January 28, 2025 10:10:30 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

Please read everything in this email.

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely

Marc

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Undestand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Barbara Glynne

Subject: Urgent Concerns Regarding Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:31:09 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:11:43 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Preva, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Sheri Aberback-Ptacek

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Nina Butler

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Karen Berger

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Mark h

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Gene Katz

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:13:04 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Perea, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dr Howard Blivaiss

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:13:14 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to ‘support a positive patient experience.’

Sadly, in January 2025, a patient’s experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician’s Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer’s political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Gail Friedman

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Jennifer Doherty

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:13:52 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Melanie Ringel

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:14:17 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Gigi Rosenberg

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:15:05 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Lisa Katz

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

R Berk

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:10:00 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Provs, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:16:35 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Perea, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
ER

Subject: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:17:19 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:10:53 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Geraldine Selam

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Shelley Saban

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:16:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dr. Daniel Feld

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Beth Farkas

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centres, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (3), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Rose Sharon

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:20:20 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Luisa Kusek

Subject: Urgent Concern: Inappropriate Symbolism Worn by a fellow PA at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:22:01 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023. As a PA myself, I understand the need to be sensitive to peoples of various culturesand backgrounds- this display is simply inappropriate.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Rose Raskas

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Scott Lorinsky

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing ok a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:24:04 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Human terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Lara Laurence

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to ‘support a positive patient experience.’

Sadly, in January 2025, a patient’s experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician’s Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer’s political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Ben Blumenberg

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Judith Brackstein

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:26:50 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to ‘support a positive patient experience.’

Sadly, in January 2025, a patient’s experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician’s Assistant, Mufiia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer’s political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you ‘are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.’

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today’s climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Linda

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Daniel Aires

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Marla Sheffer

Subject: Very Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:28:34 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:30:50 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Provs, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Susan Sprung

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jaundy and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Beth

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:31:28 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:32:30 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:33:35 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing those symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Howard Kaufer and Kim Freeze

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:34:49 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Jody Farber

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Helaine Weissman

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:38:46 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Lisa Epstein Wong

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:40:53 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate. There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3) It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide. Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers. According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.' By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values. Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5) Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community. In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6) Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis. We await a response to this issue and request that you update your website to reflect this intent. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:41:15 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of clothing specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and jointly and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:43:17 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Judy

It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Melanie Moreno

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Petrero Hill Concentra
Date: Tuesday, January 28, 2025 10:40:26 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Petrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Haman terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

MS

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufhia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Subject: Antisemitic Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:46:40 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalid, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Cdratner

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Sara Etzen

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:51:48 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and the obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by ... Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Reva Ambrose

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you "are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all."

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:54:55 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Howard Amiel

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2.3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Alana Tinnin

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 10:57:57 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Elliott Atkins

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorism, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Fran Schweitzer

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2, 3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as those would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Haman terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:01:01 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

cc: Press, City Council

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Daniella Smith

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 10,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:04:06 AM

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to 'support a positive patient experience.'

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Muftia Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,

M Gross

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Re: A keffiyeh is a modern day swastika. The Palestinian cause is all about killing Jews.

Dear Concentra Medical:

In January 2025, a patient came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also wore a pro-Palestinian pin.

There are few things more discomforting than being seen by a healthcare professional wearing a **piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023**.

By wearing a **keffiyeh, a symbol currently banned from many U.S. and international venues** (1), this healthcare professional has **publicly aligned herself with rhetoric and actions that,** at a minimum, **are anti-American and justify and glorify terrorism, violence, and hate**.

There is nothing religious about a keffiyeh. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. (2,3)

It has **become the clarion symbol of Hamas terrorists who seek the destruction of the only Jewish country in the world, Israel**. Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, **the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide**.

Concentra **would not allow its employees to drape themselves in Confederate flags** or to wear Nazi swastika pins at work. By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. **This would not be tolerated for any other ethnic or religious group**. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. **The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews** and obliterate the democratic state of Israel. (4,5)

In today's climate, where antisemitism is dangerously on the rise and **violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers.** Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Respectfully yours,

Cara and Art Altman

There are few things more discomforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'

By wearing a keffiyeh in a healthcare role, this PA creates a hostile environment for Jewish patients. This would not be tolerated for any other ethnic or religious group. Wearing these symbols of terrorism and Jew hatred is antithetical to your mission and does nothing to support your core values.

Understand that a healthcare position should be inclusive to all patients and not just those that she supports. The PA in question should also be made aware that the terrorist organization for which she shows support includes a genocidal ideology to murder all Jews and obliterate the democratic state of Israel. (4,5)

Now is a critical moment for Concentra to reinforce its values and ensure that all personnel understand the broader implications of their actions both within and beyond the medical community.

In today's climate, where antisemitism is dangerously on the rise and violence against Jewish communities is becoming alarmingly common, this symbol is nothing short of a threat to Jewish customers. Its presence in your clinic leaves Jewish patrons feeling alienated and unsafe. (6)

Thank you for addressing this urgent matter with the gravity it deserves. Hate has no place in the profession and certainly not at a Concentra practice devoted to providing healing and medical assistance to all human beings on an equal and non-discriminatory basis.

We await a response to this issue and request that you update your website to reflect this intent.

Sincerely,
Mary Ball

Subject: Urgent Concern: Inappropriate Symbolism Worn by Healthcare Professional at Potrero Hill Concentra
Date: Tuesday, January 28, 2025 11:06:16 AM

Dear Concentra Medical:

You have been known for more than 35 years as a leader in the world of health care, especially workplace injuries.

Your centers, like the one at Potrero Hill, are designed to "support a positive patient experience."

Sadly, in January 2025, a patient's experience was anything but positive when she came into the center and was treated by a keffiyeh-wearing Physician's Assistant, Mufita Khalil, who also sported a pro-Palestinian pin.

There are few things more disconforting than being seen by a healthcare professional wearing a piece of cloth specifically worn to signify support for radical Islamic terrorists, including the murders, torture, and sexual atrocities committed, most recently on October 7, 2023.

By wearing a keffiyeh, a symbol currently banned from many U.S. and international venues (1), this healthcare professional has publicly aligned herself with rhetoric and actions that, at a minimum, are anti-American and justify and glorify terrorism, violence, and hate.

There can be no doubt that the keffiyeh is no longer simply a piece of clothing. It is now a highly charged symbol that represents the wearer's political affiliation with Hamas and the pro-Palestine movement. It has become a modern-day swastika. It was made iconic by Yasser Arafat, who was responsible for 19,000 separate terrorist attacks and thousands murdered. It was also made iconic by Leila Khaled, the first woman to participate in airplane hijackings. (2,3)

It has become the clarion symbol of Hamas terrorists who seek the destruction of the only democratic country and our U.S. ally, Israel.
Moreover, since the barbaric massacre and kidnapping of Jews on October 7, 2023, the keffiyeh has been the uniform worn by Hamas terrorists and their supporters worldwide.

Likely, Concentra would not allow its employees to drape themselves in Confederate or KKK flags or to wear Nazi swastikas or pins at work, as these would threaten African American, Latin-X, Jewish, and LGBTQ+ customers.

According to your own website, you 'are guided by … Orange Book principles, providing quality care and a positive experience by living out our core values of a healing focus, a selfless heart, and a tireless resolve. Our colleagues provide welcoming, respectful, and skillful care to deliver and preserve access to high-quality health services for all.'
