Dear Treasurer Cisneros,

We are pleased to inform you that the Earned Assets Resource Network (EARN) has authorized a grant of \$240,000 for the San Francisco Office of Financial Empowerment (OFE), housed within the Office of the Treasurer and Tax Collector. This grant will be paid in one installment upon acceptance by the Board of Supervisors.

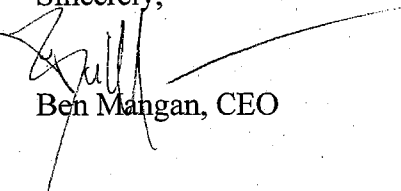

OFE will use these funds exclusively to provide savings incentives for accounts in the Kindergarten to College (K2C) program. If the OFE would like to use these funds for any other purpose, it must obtain written approval from EARN.

The OFE agrees to provide EARN with an annual report on December 1, 2011 and December 1, 2012, detailing the use of the grant funds until the grant funds have been fully expended. Each report shall include a financial accounting as to the use and disposition of the grant funds, signed by a financial office of your organization; and accomplishments and specific outcomes for clients achieved under the grant, including success against the following goals:

1. **Increase likelihood of college attendance.** A child with a college savings account in any amount is seven times more likely to attend college than one without, regardless of income, race or academic achievement. K2C will increase academic aspirations for every child by making college a reality from the first day of school.
2. **Reduce financial exclusion.** Low-income and minority families are overwhelmingly excluded from mainstream financial products that build wealth. One in three San Francisco children are born into families with no savings or assets of any kind, one in two for African American and Latino children. K2C will help parents begin saving by simplifying the process for opening a college savings account and incentivizing deposits.
3. **Increase Financial Literacy.** K2C will be the vehicle that incorporates financial education into our school classrooms, as part of the math curriculum. With K2C, our schools can create a culture of savings, improve financial literacy, increase assets, and bring more children and families into the financial mainstream.
4. **Leverage private investment in San Francisco families.** K2C will leverage private funds for savings matches, create behavioral incentives, and help families earn money for college at significantly higher rates than they can earn by saving on their own.

We are pleased to be working with you as a partner in your efforts to advance financial empowerment work in San Francisco.

Sincerely,

Ben Mangan, CEO

Subject Re: Fw: K2C Funds

Hi, Greg-

Thanks so much for this email. Will there be something else coming my way that supports the May 1, 2011 start date of the grant period? As I mentioned in my earlier email, we need that particularly since you ask that the grant funds be appropriated retroactively. Since this is an ongoing relationship with EARN, perhaps we can ask them to provide greater detail in their award letters in future? I'm not suggesting that we want to appear ungrateful, but if it seems acceptable to "manage" the award letter process a little, it might not put them off.

Please call with any questions.

Subject Fw: K2C Funds

Good afternoon Deborah-

Below, please find the email from EARN to our K2C coordinator regarding expending funds by June 2012. Also, I spoke with Meghan Wallace in the Mayor's Budget Office and she affirmed that our resolution could proceed with Supervisor Campos's name. We recognize that it should be reformatted slightly to conform, and will replace the first page of the resolution with the corrected name at the bottom upon Controller and Mayor approval to proceed to the Board.

Thank you!
