LEGISLATIVE DIGEST

[Building Code - Permit Exemption for Cartouches]

Ordinance amending the San Francisco Building Code Section 106A.2 to exempt cartouches from permit requirements; and adopting environmental findings.

Existing Law

The San Francisco Building Code Section 106A.2 establishes certain exemptions from the requirements of obtaining a building permit.

Amendments to Current Law

This legislation would amend Section 106A.2 to exempt certain actions related to the application and removal of cartouches from the requirement to obtain a building permit. The Ordinance would exempt affixing a cartouche of up to 60 lbs. directly to the facade of a building and removal of a cartouche regardless of size. The legislation also makes environmental findings.
