ADMINISTRATIVE PROVISIONS

SECTION 3. General Authority.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 3.1 Two-Year Budget.

For departments for which the Board of Supervisors has authorized, or the Charter requires, a fixed two-year budget appropriations in this ordinance shall be available for allotment by the Controller on July 1st of the fiscal year in which appropriations have been approved. The Controller is authorized to adjust the two year budget to reflect transfers and substitutions consistent with City's policies and restrictions for such transfers. The Controller is further authorized to make adjustments to the second year budgets consistent with Citywide estimates for salaries, fringe benefits, and work orders.

SECTION 4. Interim Budget Provisions.

All funds for equipment and new capital improvements shall be held in reserve until final action by the Board of Supervisors. No new equipment or capital improvements shall be authorized during the interim period other than equipment or capital improvements that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of Supervisors.

During the period of the interim annual appropriation ordinance and interim annual salary ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Budget Analyst of the Board of Supervisors.

When the Budget Committee reserves selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of a financial committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

If the Budget Committee of the Board of Supervisors recommends a budget that increases funding that was deleted in the Mayor's Budget, the Controller shall have the authority to continue to pay these expenses until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 4.1 Interim Budget – Positions.

No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs or for projects previously approved by the Board of Supervisors or are required for emergency operations or where such positions would result in a net increase in revenues or where such positions are required to comply with law. New positions shall be defined as those positions that are enumerated in the Mayor's budget for the current fiscal year but were not enumerated in the appropriation and salary ordinances for the prior fiscal year, as amended, through June 30 of the prior fiscal year. In the event the Mayor has approved the reclassification of a position in the department's budget for the current fiscal

year, the Controller shall process a temporary or "tx" requisition at the request of the department and subject to approval of the Human Resources Director. Such action will allow for the continued employment of the incumbent in his or her former position pending action by the Board of Supervisors on the proposed reclassifications.

If the Budget Committee of the Board of Supervisors recommends a budget that reinstates positions that were deleted in the Mayor's Budget, the Controller and the Director of Human Resources shall have the authority to continue to employ and pay the salaries of the reinstated positions until final passage of the budget by the Board of Supervisors, and approval of the budget by the Mayor.

SECTION 5. Transfers of Functions and Duties.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized and directed to make the related transfer of funds, provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service.

Where a duty or performance has been transferred from one department to another or departmental reorganization is effected as provided in the Charter, in addition to any required transfer of funds, the Controller and Human Resources Director are authorized to make any personnel transfers or reassignments between the affected departments and appointing officers at a mutually convenient time, not to exceed 100 days from the effective date of the ordinance transferring the duty or function. The Controller, Director of Human Resources and Clerk of the Board of Supervisors, with assistance of the City Attorney, are hereby authorized and directed to make such changes as may be necessary to conform all applicable ordinances to reflect said reorganization, transfer of duty or performance between departments.

SECTION 5.1 Agencies Organized under One Department.

Where one or more departments or agencies are organized under a single appointing officer or department head, the component units can continue to be shown as separate agencies for budgeting and accounting purposes to facilitate reporting. However the entity shall be considered a single department for purposes of employee assignment and seniority, position transfers, and transfers of monies among funds within the Department of Public Health, and reappropriation of funds.

SECTION 5.2 Continuing Funds Appropriated.

In addition to the amount provided from taxes, the Controller shall make available for expenditure the amount of actual receipts from special funds whose receipts are continuously appropriated as provided in the Administrative and Municipal Codes.

SECTION 5.3 Multi-Year Revenues.

In connection with money received in one fiscal year for departmental services to be performed in a subsequent year, the Controller is authorized to establish an account for

depositing revenues which are applicable to the ensuing fiscal year, said revenue shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

SECTION 5.4 Contracting Funds.

SECTION 5.6 Collection Services.

In any contracts for the collection of unpaid bills for services rendered to clients, patients or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to the provisions of Administrative Code Section 10.37 and 10.38, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25 percent, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.7 Contract Amounts Based on Savings.

When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 5.8 Collection and Legal Services.

In any contracts between the City Attorney's Office and outside counsel for legal services in connection with the prosecution of actions filed on behalf of the City or for assistance in

SECTION 7. Allotment Controls.

Since several items of expenditures herein appropriated are based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department.

The Controller in issuing payments or in certifying contracts, purchase orders or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such

allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the Department of Administrative Services and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however, that so much of said proceeds as may be required to affect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by the Board of Supervisors in the making of the original appropriation.

Appropriations of equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.

Funds appropriated herein to meet estimated enterprise deficits shall be made available to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting

The Board of Supervisors may adopt an ordinance to reflect the Mayor's proposal or alternative proposals in order to balance the budget.

SECTION 9. Interdepartmental Services.

The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever in the judgment of the Controller, the amounts which have been set aside for such purposes are no longer required or are in excess of the amount which is then currently estimated to be required, the Controller shall transfer the amount no longer required to the fund balance of the particular fund of which the reserve is a part. Provided further that no expenditure shall be made for personnel services, rent, equipment and capital outlay purposes from any interdepartmental reserve or work order fund without specific appropriation by the Board of Supervisors.

The amount detailed in departmental budgets for services of other City departments cannot be transferred to other spending categories without prior agreement from both the requesting and performing departments.

The Controller, pursuant to the provisions of Charter Section 3.105, shall review and may adjust charges or fees for services that may be authorized by the Board of Supervisors for the administration of the Computer Store. Such fees are hereby appropriated for that purpose.

The Controller is authorized to approve the use of existing salary appropriations within departments to fund permanent appointments of up to six months to backfill anticipated vacancies to ensure implementation of successful succession plans and to facilitate the transfer of mission critical knowledge. The Controller shall provide a report to the Board of Supervisors every six months enumerating permanent positions created under this authority.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, and Transfers for Specific Purposes.

Funds for personnel services may be transferred from any legally available source on the recommendation of the department head and approval by the Director of Administrative Services, Board or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(f) The Controller is hereby authorized and directed upon the request of a department head and the approval by the Mayor's Office to transfer from any legally available funds amounts needed to fund legally mandated salaries, fringe benefits and other costs of City employees. Such funds are hereby appropriated for the purpose set forth herein.

The source of funds from non-General Fund supported departments may be transferred from any legally available source from these departments.

SECTION 10.2 Professional Services Contracts.

Funds appropriated for professional service contracts may be transferred to the account for salaries on the recommendation of the department head for the specific purpose of using City personnel in lieu of private contractors with the approval of the Human Resources Director and the Mayor and the certification by the Controller that such transfer of funds would not increase the cost of government.

Adjustments made pursuant to this section shall reflect only the percentage increase required to adjust appropriations to reflect revised salary and premium pay requirements above the funding level established in the adopted budget of the respective departments.

The Controller is authorized and directed to transfer from reserves or any legally available funds amounts necessary to provide costs of non-salary benefits in ratified Memoranda of Understanding or arbitration awards. The Controller is authorized to increase or decrease final budgetary allocation of parking tax in-lieu transfers to reflect actual collections to the Municipal Transportation Agency. The Municipal Transportation Agency must obtain Board of Supervisors' approval prior to any expenditure supported by allocations that accrue to the Agencies that are greater than those already appropriated in the Annual Appropriation Ordinance.

SECTION 12.13 Former Redevelopment Agency Funds.

Pursuant to Board of Supervisors Ordinance 215-12, the Successor Agency to the San Francisco Redevelopment Agency (also known as the Office of Community Investment and Infrastructure, or OCII) is a separate legal entity from the City and its budget is subject to separate approval by resolution of the Board of Supervisors. The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and the City Administrator's office and to comply with State requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and Departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If during the course of the budget period, the OCII requests Departments to provide additional services beyond budgeted amounts and the Controller determines that the Successor Agency has sufficient additional funds available to reimburse Departments for

such additional services, the Departmental expenditure authority to provide such services is hereby appropriated. ~~If the Controller certifies that a department budget includes appropriations for contracting with OCII to provide professional services to support ongoing departmental activities and OCII personnel are no longer available for those services, any excess appropriation authority for OCII services may be used to increase the department's salary and employee benefits budget.~~

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller, in consultation with the City Administrator's Office and Mayor's Office of Housing, may increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 13. Treasure Island Development Authority.

The budget for the Treasure Island Development Authority is subject to separate approval by resolution of the Board of Supervisors. Work performed by City departments for the Treasure Island Development Authority may also be reflected in the City's budget. Administrative support to the Treasure Island Development Authority shall be performed by the General Services Agency. The General Services Agency shall include required positions and operating costs in its annual budget, funded by the Treasure Island Development Authority.

SECTION 14. Departments.

The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which shall not be deemed completed until a specific finding of completion has been made by the Public Utilities Commission. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

(b) There shall be a General Services Agency, headed by the City Administrator, including the Department of Public Works, the Department of Telecommunication and Information Services, and the Department of Administrative Services

The City Administrator shall be considered one entity for budget purposes and for disbursement of funds. This budgetary structure does not affect the separate legal status of the departments placed within the entity: Administrative Services, Medical Examiner, Convention and Facilities Management, and Animal Care and Control. Each of these departments shall retain the duties and responsibilities of departments as provided in the Charter and the Administrative Code, including but not limited to appointing and contracting authority.

(c) There shall be a Human Services Agency, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Human Services Agency shall be two departments: (1) the Department of Human Services, under the Human Services Commission, and (2) the Department of Aging and Adult Services ("DAAS"), under the Mayor, includes Adult Protective Services, the Public Administrator/Public Guardian, the Mental Health Conservator, the Office on Aging, the County Veterans' Service Officer, and the In-Home Supportive Services Program. This budgetary structure does not affect the legal status or structure of the two departments, unless reorganized under Charter Section 4.132. The Director of Human Resources and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program from one department to the other. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The departments within the Human Services Agency shall coordinate with each other and with the Commission on Aging to improve delivery of services, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. The Commission on Aging shall remain the Area Agency on Aging. This coordination is not intended to diminish the authority of the Commission on Aging over matters under the jurisdiction of the Commission.

The Director of the Commission on Aging also may serve as the department head for DAAS, and/or as a deputy director for the Department of Human Services, but shall receive no additional compensation by virtue of an additional appointment. If an additional appointment is made, it shall not diminish the authority of the Commission on Aging over matters under the jurisdiction of the Commission.

SECTION 15. Travel Reimbursement and Cell Phone Stipends.

The Controller shall establish rules for the payment of all amounts payable for travel for officers and employees, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said Section. No allowance shall be made for traveling expenses provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

The Controller may advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco, and failure on the part of the person involved to make such accounting shall be sufficient cause for the Controller to withhold from such persons pay check or checks in a sum equivalent to the amount to be accounted.

In consultation with the Director of Human Resources, the Controller shall establish rules and parameters for the payment of monthly stipends to officers and employees who use their own cell phones to maintain continuous communication with their workplace, and who participate in a Citywide program that reduces costs of City-owned cell phones.

SECTION 16. Contributed Revenue Reserve and Audit and Adjustment Reserve.

The Controller is hereby authorized to establish a Contributed Revenue and Adjustment Reserve to accumulate receipts in excess of those estimated revenues or unexpended appropriations stated herein. Said reserve is established for the purpose of funding the budget of the subsequent year, and the receipts in this reserve are hereby appropriated for said purpose. The Controller is authorized to maintain an Audit and Adjustment Reserve to offset audit adjustments, and to balance expenditure accounts to conform to year-end balancing and year-end close requirements.

SECTION 17. Airport Service Payment.

The moneys received from the Airport's revenue fund as the Annual Service Payment provided in the Airline-Airport Lease and Use Agreement are in satisfaction of all obligations of the Airport Commission for indirect services provided by the City and County of San Francisco to the Commission and San Francisco International Airport and constitute the total transfer to the City's General Fund.

The Controller is hereby authorized and directed to transfer to the City's General Fund from the Airport revenue fund with the approval of the Airport Commission funds that constitute the annual service payment provided in the Airline - Airport Lease and Use Agreement in addition to the amount stated in the Annual Appropriation Ordinance.

On the last business day of the fiscal year, unless otherwise directed by the Airports Commission, the Controller is hereby authorized and directed to transfer all moneys remaining in the Airport's Contingency Account to the Airport's Revenue Fund. The Controller is further authorized and directed to return such amounts as were transferred from the Contingency Account, back to the Contingency Account from the Revenue Fund Unappropriated Surplus on the first business day of the succeeding fiscal year, unless otherwise directed by the Airports Commission.

SECTION 18. Pooled Cash, Investments.

The Treasurer and Controller are hereby authorized to transfer available fund balances within pooled cash accounts to meet the cash management of the City, provided that special and non-subsidized enterprise funds shall be credited interest earnings on any funds temporarily borrowed there from at the rate of interest earned on the City Pooled

Cash Fund. No such cash transfers shall be allowed where the investment of said funds in investments such as the pooled funds of the City and County is restricted by law.

SECTION 19. Matching Funds for Federal or State Programs.

Funds contributed to meet operating deficits and/or to provide matching funds for federal or State aid (e.g. Medicaid under SB 855 or similar legislation for San Francisco General Hospital) are specifically deemed to be made exclusively from local property and business tax sources.

SECTION 20. Advance Funding of Bond Projects – City Departments.

Whenever the City and County has authorized appropriations for the advance funding of projects which may at a future time be funded from the proceeds of general obligation, revenue, or lease revenue bond issues or other legal obligations of the City and County, the Controller shall recover from bond proceeds or other available sources, when they become available, the amount of any interest earnings foregone by the General Fund as a result of such cash advance to disbursements made pursuant to said appropriations. The Controller shall use the monthly rate of return earned by the Treasurer on City Pooled Cash Fund during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 21. Advance Funding of Projects – Transportation Authority.

Whenever the San Francisco County Transportation Authority requests advance funding of the costs of administration or the costs of projects specified in the City and County of San Francisco Transportation Expenditure Plan which will be funded from proceeds of the transactions and use tax as set forth in Article 14 of Part III of the Municipal Code of the City and County of San Francisco, the Controller is hereby authorized to make such advance. The Controller shall recover from the proceeds of the transactions and use tax when they become available, the amount of the advance and any interest earnings foregone by the City and County General Fund as a result of such cash advance funding. The Controller shall use the monthly rate of return earned by the Treasurer on General City Pooled Cash funds during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 22. Controller to Correct Clerical Errors.

The Controller is hereby authorized and directed to adjust interdepartmental appropriations, make transfers to correct objects of expenditures classifications and to correct clerical or computational errors as may be ascertained by the Controller to exist in the Annual Budget as adopted by the Board of Supervisors. The Controller shall file with the Clerk of the Board a list of such adjustments, transfers and corrections made pursuant to this Section.

The Controller is hereby authorized to make the necessary transfers to correct objects of expenditure classifications, and corrections in classifications made necessary by changes in the proposed method of expenditure.

SECTION 23. Transfer of State Revenues.

The Controller is authorized to transfer revenues among City departments to comply with provisions in the State budget.

SECTION 24. Use of Permit Revenues from the Department of Building Inspection.

Permit revenue funds from the Department of Building Inspection that are transferred to other departments as shown in this budget shall be used only to fund the planning, regulatory, enforcement and building design activities that have a demonstrated nexus with the projects that produce the fee revenues.

At the conclusion of FY 2014-15 the Controller's Office is hereby authorized to classify unappropriated fund balance in the Building Inspection Fund into two unappropriated reserves: A Stabilization Reserve in an amount not to exceed \$41,000,000 and a Retiree Healthcare Reserve in an amount not to exceed \$32,000,000. Use of either reserve shall require appropriation authorized by the Mayor and Board of Supervisors.

SECTION 25. Board of Supervisors Official Advertising Charges.

The Board of Supervisors is authorized to collect funds from enterprise departments to place official advertising. The funds collected are automatically appropriated in the budget of the Board of Supervisors as they are received.

SECTION 26. Work Order Appropriations.

The Board of Supervisors directs the Controller to establish work orders pursuant to Board-approved appropriations, including positions needed to perform work order services, and corresponding recoveries for services that are fully cost covered, including but not limited to services provided by one City department to another City department, as well as services provided by City departments to external agencies, including but not limited to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, the School District, and the Community College. Revenues for services from external agencies shall be appropriated by the Controller in accordance with the terms and conditions established to perform the service.

It is the policy of the Mayor and the Board of Supervisors to allocate costs associated with the replacement of the City's financial and purchasing system to all City Departments proportional to the departments' costs and financial requirements. In order to minimize new General Fund appropriations to complete the project, the Controller is authorized and directed to work with departments to identify efficiencies and savings in their financial and administrative operations to be applied to offset their share of the costs of this project, and is authorized to apply said savings to the project.

SECTION 27. Fee Reserves and Deferrals.

The Controller is authorized to establish fee reserve allocations for a given program to the extent that the cost of service exceeds the revenue received in a given fiscal year, including establishment of deferred revenue or reserve accounts.

SECTION 28. Close-Out of Reserved Appropriations.

On an annual basis, the Controller shall report the status of all reserves, their remaining balances, and departments' explanations of why funding has not been requested for release. Continuation of reserves will be subject to consideration and action by the Budget and Finance Committee. The Controller shall close out reserved appropriations that are no longer required by the department for the purposes for which they were appropriated.

SECTION 28.1. Reserves Placed on Expenditures by Controller.

Consistent with Charter Section 3.105(d), the Controller is authorized to reserve expenditures in the City's budget equal to uncertain revenues, as deemed appropriate by the Controller. The Controller is authorized to remove, transfer, and update reserves to expenditures in the budget as revenue estimates are updated and received in order to maintain City operations.

SECTION 29. Appropriation Control of Capital Improvement Projects and Equipment.

Unless otherwise exempted in another section of the Administrative Code or Annual Appropriation Ordinance, and in accordance with Administrative Code Section 3.18, departments may transfer funds from one Board-approved capital project to another Board-approved capital project. The Controller shall approve transfers only if they do not materially change the size or scope of the original project. Annually, the Controller shall report to the Board of Supervisors on transfers of funds that exceed 10% of the original appropriation to which the transfer is made.

The Controller is authorized to approve substitutions within equipment items purchased to equip capital facilities providing that the total cost is within the Board-approved capital project appropriation.

The Controller is authorized to transfer approved appropriations between departments to correctly account for capitalization of fixed assets.

SECTION 30. Business Improvement Districts.

Proceeds from all special assessments levied on real property included in the property-based business improvement districts in the City and County of San Francisco are hereby appropriated for fiscal years 2015-16 and 2016-17 in the respective amounts actually received by the City and County in such fiscal year for each such district. Estimated amounts of those appropriations for the business improvement districts identified are summarized in the chart below for information only.

The Controller is authorized to disburse the assessment revenues appropriated by this section to the respective Owners' Associations (as defined in Section 36614.5 of the Streets and Highways Code) for such districts as provided in the management district plans, resolutions establishing the districts, annual budgets and management agreements, as approved by the Board of Supervisors for each such district, for the purposes authorized therein. The Tourism Improvement District and Moscone Expansion Business Improvement District assessments are levied on gross hotel room revenue, not real property, and are collected and distributed by the Tax Collector's Office.

(1) Interest payment will be offset in part by available federal subsidies of interest.

(2) Interest payment will offset in part by available net bid premium on bond issuance.

(3) Debt service will be offset by available tobacco settlement revenues and SB 1128 sinking fund. The offset assumes that SB 1128 reimbursement will be available to cover GOBs debt service with respect to Laguna Honda Hospital Series 2008-R3 and Laguna Honda Hospital Series 2005A & 2005I. Series 2005A & 2005I were refunded by GOB Refunding S 2011-R1 and Series 2008-R3 by GOB Refunding S2014-R1.

(4) For AAO purpose, the totals are gross of net bid premium, federal subsidies, tobacco settlement revenue and SB 1128 reimbursements.

Re: Technical adjustments to the Mayor's Proposed Budget #1

Supervisor Farrell:

Per Charter Section 9.101, I am submitting the attached technical adjustments to the Mayor's Proposed Budget for FY 2015-16 and FY 2016-17. Significant changes include:

- Correctly balancing workorders in a number of departments including the Department of Technology, the Human Services Agency, the Fire Department, and the Public Utilities Commission;
- Moving the funds for capital projects out of the City Administrator's Office to the Department of Public Works, the Sheriff's Department, and the Department of Public Health to more accurately reflect the intended use of the funds;
- Moving funds within project codes, grant codes, subobjects, and/or index codes at the City Administrator's Office, the Department of Public Health, the Department of Children, Youth and their Families, the Fire Department, the Department of Emergency Management, and the Department of the Environment to allow for more accurate tracking;
- Moving funds via workorder at the Human Services Agency, Mayor's Office of Housing and Community Development, Office of Economic and Workforce Development, Department of Public Health, Department of Children, Youth and their Families, and the City Administrator's Office to consolidate contracts with a primary City agency;
- Correcting position substitutions in the Office of the Assessor-Recorder, District Attorney, and Asian Art Museum that were inadvertently left out of the Mayor's Proposed Budget; and
- Correcting expenditures relating to previously agreed to labor costs and contracts in the Department of Children, Youth and their Families, Department of Building Inspection, Department of Public Health, and Sheriff's Department that were inadvertently left out of the Mayor's proposed budget; and
- Moving funding for CPI on certain personnel costs in FY 2016-17 from a central reserve into departmental budgets.

Note that these technical adjustments result in General Fund cost in FY 2015-16 of \$438,935 and a General Fund cost in FY 2016-17 of \$673,208. The attached tables detail these changes. The figures may change slightly once they are entered into the budget system.

Please contact me at 554-6515 with any questions or concerns.

Sincerely,

Re: Technical adjustments to the Mayor's Proposed Budget #2

Supervisor Farrell:

Per Charter Section 9.101, I am submitting the attached technical adjustments to the Mayor's Proposed Budget for FY 2015-16 and FY 2016-17. Significant changes include:

- Incorporating newly awarded grant revenue and corresponding expenditures at the Department of Public Health and the Office of the Treasurer-Tax Collector;
- Correctly balancing workorders in the Airport and Office of the City Administrator;
- Moving funding via workorder in the Office of Economic Workforce and Development, Department of Public Health, Department of Children, Youth, and their Families, the Recreation and Park Department, and the Department of Public Works to consolidate contracts with a primary City agency;
- Incorporating revenue and expenditure changes at the Human Services Agency, the Office of Early Care and Education, and Department of Public Health to align with updated State and Federal funding projections; and
- Correcting expenditures relating to previously agreed to labor costs in the Department of Public Health, Department of Emergency Management, the Office of the City Administrator, and the Sheriff's Department that were inadvertently left out of the Mayor's proposed budget.

Note that these technical adjustments result in General Fund savings in FY 2015-16 of \$150,017 and a General Fund savings in FY 2016-17 of \$845,703. The attached tables detail these changes. The figures may change slightly once they are entered into the budget system.

Please contact me at 554-6515 with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Kate Howard".

Supervisor Farrell:

Per Charter Section 9.101, I am submitting the following technical adjustments to the Mayor's Proposed Budget for FY 2015-16 and FY 2016-17. These adjustments include:

- I. Increasing the size of the City's budget by \$8,872,723 as a result of the following updates:
 - Updated property tax projections for both FY 15-16 and FY 16-17 totaling \$2,560,000 in FY 15-16 and \$3,490,000 in FY 16-17;
 - Accompanying 2 year increases to the Open Space Fund and Children's Fund and other baselines of \$270,000 and \$360,000, respectively;
 - Additional year-end savings identified by the Budget and Legislative Analyst totaling \$1,930,960; and
 - Appropriating \$97,245 of additional revenue into FY 15-16 to correspond with recommendations made by the Budget and Legislative Analyst's office on OCII's budget.
- II. Appropriating additional projected \$2,000,000 in fee revenue from the Department of Building Inspection over the two year budget.
- III. Appropriating \$28,000,000 in proceeds for affordable housing in FY 16-17, offset by \$3,000,000 in costs of issuance, and \$25,000,000 for affordable housing expenditures.
- IV. Adjusting starting fund balance up by \$1,956,633 in FY 15-16 and down by \$1,842,115 in FY 16-17 to balance the budget.

In addition, the balance of the Mayor's Technical Adjustment Reserve, \$4,700,000, is available for appropriation.
