3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 **Guaranteed Maximum Costs.** The City's payment obligation to Contractor cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in

such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.3 **Compensation.**

3.3.1 **Payment.** Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Health, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. In no event shall the amount of this Agreement exceed **Eight Million Eight Hundred Sixty Nine Thousand Seven Hundred Ninety Four Dollars (\$8,869,794)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

3.3.2 **Payment Limited to Satisfactory Services.** Contractor is not entitled to any payments from City until Department of Public Health approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.3 **Withhold Payments.** If Contractor fails to provide Services in accordance with Contractor's obligations under this Agreement, the City may withhold any and all payments due Contractor until such failure to perform is cured, and Contractor shall not stop work as a result of City's withholding of payments as provided herein.

3.3.4 **Invoice Format.** Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller and City, and must include a unique invoice number. Payment shall be made by City specified in Section 3.3.6, or in such alternate manner as the Parties have mutually agreed upon in writing.

3.3.5 **Reserved. (LBE Payment and Utilization Tracking System)**

3.3.6 **Getting paid for goods and/or services from the City.**

(a) All City vendors receiving new contracts, contract renewals, or contract extensions must sign up to receive electronic payments through, the City's Automated Clearing House (ACH) payments service/provider. Electronic payments are processed every business day and are safe and secure. To sign up for electronic payments, visit www.sfgov.org/ach.

(b) The following information is required to sign up: (i) The enroller must be their company's authorized financial representative, (ii) the company's legal name, main telephone number and all physical and remittance addresses used by the company, (iii) the company's U.S. federal employer identification number (EIN) or Social Security number (if they are a sole proprietor), and (iv) the company's bank account information, including routing and account numbers.

3.3.7 Federal and/or State Funded Contracts.

(a) **Disallowance.** If Contractor requests or receives payment from City for Services, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement between Contractor and City.

3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.4.1 Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$750,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.4.2 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the

DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.3 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

3.5 **Submitting False Claims.** The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved. (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Contractor Agrees to Perform.** Contractor agrees to perform the Services provided for in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 **Qualified Personnel.** Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 Contractor will not employ subcontractors.

4.4 **Independent Contractor; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Contractor.** For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 **Payment of Employment Taxes and Other Expenses.** Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees

from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.5 **Assignment.** The Services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

4.7 **Reserved. Liquidated Damages.**

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(b) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; policy must include Abuse and Molestation coverage.

(c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(d) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.

(e) Blanket Fidelity Bond or Crime Policy with limits of in the amount of any Initial Payment included under this Agreement covering employee theft of money written with a per loss limit."

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(a) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.3 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.4 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.7 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.8 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.9 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 Indemnification. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. Contractor shall also indemnify, defend and hold City harmless from all suits or claims or

administrative proceedings for breaches of federal and/or state law regarding the privacy of health information, electronic records or related topics, arising directly or indirectly from Contractor's performance of this Agreement, except where such breach is the result of the active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement

entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City’s direction, assigning to City any or all of Contractor’s right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default (“Event of Default”) under this Agreement:

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace
4.5	Assignment	10.13	Working with Minors

Indirect Services (programs that do not provide direct client services): Describe how the program will deliver the purchased services.

Direct Client Services: Describe how services are delivered and what activities will be provided by addressing each section below that applies to your program modalities

Opioid (Narcotic) Treatment Program Services

In addition to the general Opioid (Narcotic) Treatment Program (OTP) services requirements, the Contractor shall comply with the following specific opioid (narcotic) treatment program services requirements:

1) Opioid (Narcotic) Treatment Program services shall include daily or several times weekly opioid agonist medication and counseling available for those with severe opioid disorder.

2) Service Components:

a) **Intake** - Admission criteria for clients is regulated by Title 9, which specifies that the client be at least 18 years of age, and have proof of addiction at the time of admission. To qualify for methadone maintenance, a person must meet the following minimum criteria: documentation of a 2 year history of opiate addiction, or, documentation of 2 prior attempts at detoxification using methadone; currently be addicted to opiate(s); and, Provide a legal, picture identification and Medi-Cal card if currently eligible for Medi-Cal services. Clients complete initial intake paperwork with the intake counselor followed by a physical examination by the physician. Before admitting a prospective client to methadone maintenance or supervised withdrawal services, the program physician conducts a physical health assessment including a medical history and physical examination. This assessment includes: Physical dependence and addiction to opiate(s); Symptoms of addiction; Complications caused by addiction; Family history of chronic or acute medical conditions Tuberculosis screening; Syphilis screening; Opt Out HIV screening; Urine drug screening; and, additional diagnostic testing can be conducted by referral if needed. WMTP follows regulations in the California Code of Regulations, Title 9, regarding multiple registrations.

Once eligibility has been determined through the initial assessments, and the intake is complete, the client is assigned a permanent counselor. A comprehensive psychosocial assessment is completed for both maintenance and supervised withdrawal (detoxification) clients. Prior to developing a client's initial treatment plan; the assigned counselor will complete the Psychosocial Assessment with the client within the first 28 days of admission per Title 9. Following the completion of the psychosocial assessment form, the counselor writes an assessment summary in the client's chart that identifies priorities for the client's initial treatment plan.

b) **Individual and Group Counseling** – As a Joint Commission accredited Opioid Treatment Program, our practices follow the highest standard of programming based on the guidelines set by the American Society of Addiction Medicine (ASAM), the Centers for Medicare and

Medicaid Services and the Substance Abuse and Mental Health Services Administration (SAMHSA). Care, treatment and services are provided through a coordination of clinicians. The program provides comprehensive treatment requiring observed dosing, random urine drug testing and participation in counseling. Consistent counseling and linkages with licensed clinical therapists support the lifestyle changes necessary to progress in recovery.

c) **Patient Education** – Clients are referred from the SFDPH Centralized Opiate Program Evaluation (COPE) unit, the Treatment Access Program, Project Homeless Connect, other providers, or self-referral. Criteria for admission are mandated by Title 9. Clients must be at least 18 years of age and must provide proof of addiction at the time of admission. Within the Westside System of Care we have psychiatric, HIV/AIDS and psychosocial support within our own wellness and recovery system. This approach facilitates patient engagement and improves outcomes while using resources more efficiently. Strategies include providing a place where individuals who are not in crisis to come and feel safe; crisis access for individuals requiring immediate services; outreach targeting individuals in great need (e.g., the homeless) who are not already seeking services or cannot access ordinary routing or crisis services, and local board and care hospitals to engage persons preparing for step-down care and access that is involuntary or mandated by the criminal justice system. Clients are also referred internally by other programs, from external sources such as other community providers, or by probation/parole and other criminal justice system agencies such as the Courts/Sheriff's Department. This approach incorporates SAMHSA's "No Wrong Door" policy by meeting clients where they are and providing individual assessment and to support clients at every stage of recovery and retain them until their treatment goals are achieved.

d) **Medication Services** - The Medical Director prescribes, monitors, adjusts and manage methadone dosing. The clients' initial dose is determined and then titrated upwards in a "start-low, go-slow" manner. This is done as some research has suggested that there is an increased risk of methadone toxicity in the beginning of treatment. These cases were largely as a result of the initial dose being increased too quickly. After admission the doses are determined by the client's individual preference and opiate withdrawal symptoms. The ultimate stable dose of the client is determined by all of the following factors: illicit opiate use, client preference, and patient safety. In general most clients require around 80mg daily; however this number is different for every client. There is no scientific basis for artificial dose level ceilings as the physiology of every client is different. The ultimate goal at Westside is for the clients to become drug/alcohol free and to lead productive lives.

e) **Collateral Services** - While the medication is the cornerstone of therapy the value of psychosocial counseling and treatment cannot be understated. Studies have demonstrated that the best results are obtained when methadone is integrated with other medical, social, and psychiatric services. The counselor and the physician review these factors with each client to determine what services are appropriate for the client Maxine Hall Health Center, a city primary care clinic, shares the building with our program. This is very advantageous for our clients as it provides them with an easy avenue to obtain general medical care.

WMTP incorporates case-management as a client-centered intervention to improve the coordination and continuity of services for our clients that have complex needs. Case Management is incorporated into treatment through both individual case-management (ICM) and team-based case-management (TBCM).

WMTP utilizes a holistic approach to treatment, acknowledging that in order to successfully treat substance abuse, a variety of other issues such as housing, medical, legal, financial and vocational issues must be addressed. The intended outcome of the program is for participants to lead a lifestyle free of alcohol and drug use/abuse. WMTP provides intensive case management utilizing a psycho-educational process and skill building techniques in addition to group and individual counseling/case management sessions.

Utilizing case management as the cornerstone of treatment, counselors begin with the client "where the client is", responding to such tangible needs as food, shelter, clothing, transportation and medical care. This client-centered perspective is maintained as the client moves through treatment. Case management requires that the counselor apply his/her understanding of the natural course of addiction and recovery to foresee a problem, to understand the options available to manage it, and to take appropriate action. In some instances, the counselor may intervene directly; in others, the counselor will take action to ensure that another staff member on the treatment team intervenes as needed.

Staff members act as a treatment team, utilizing each discipline to provide quality care to clients. At monthly staff meetings counselors present clients that pose a challenge where the team approach to problem solving is advantageous. Also, counseling staff present clients who are or have met their treatment plan goals, emphasizing what approaches were most useful in assisting the client, so that all staff may learn and apply these successful approaches.

The treatment team monitors client progress in treatment by reviewing drug use, discussing with the client steps for remaining abstinent, and checking to see whether referrals are needed. Illicit substance use, indicated by either self-report or positive urine results, is also addressed in case management.

f) **Crisis Intervention Services-** Staff in the program conduct risk assessments that identifies specific characteristics of the clients served and environmental features that may increase or decrease the risk for suicide. Westside Methadone Program is also a part of Westside's overall integrated system of services which includes the Crisis Clinic to whom referrals can be made. The Crisis clinic is an integral part of the CBHS safety net in providing residents of San Francisco timely and responsive crisis and urgent care services. The program accepts clients who require urgent interim or stabilization medications prior to beginning services at an outpatient system of care clinic designed to prevent unnecessary hospitalization.

g) **Treatment Planning-** Our program emphasizes person-focused care, integrated and individualized approaches to OTP services and outcomes, increased patient-satisfaction, improved recruitment of staff, and enhanced community confidence and outcomes. WCS uses the ASAM Criteria of Care to guide how it approaches and implements Opioid Treatment Services. Our approach considers the whole person, designs treatment plans for each specific patient, uses individualized treatment times, acknowledges that "failure" is not a treatment prerequisite, but provides a spectrum of services or a continuum of care, and re-conceptualizes the definition of addiction and how it plays out in people and communities.

h) **Medical Psychotherapy** - one-on-one counseling conducted by the Medical Director with the beneficiary- The Medical Director and substance abuse counseling staff is available on-site every day for consultation and coordination. The Medical Director, substance abuse counselors, psychotherapists and nurses have direct contact with patients. The Medical Director

leads the treatment team and has case conferences to ensure that treatment is coordinated and reinforced.

i) **Discharge Services** - Research has shown methadone medication to be effective for long-term treatment. Therefore clients are encouraged to remain in treatment to reinforce stabilization and prevent relapse. Clients wishing to leave the program against medical advice have a right to do so; staff is to explain the risks of such a decision and the program physician determines a methadone withdrawal schedule with client input. Both voluntary and administratively terminating clients receive a medically monitored withdrawal from methadone. Based on the client's medication taper/withdrawal, the last day of medication is known by the client with the staff able to provide the client with support throughout the withdrawal process. The program medical director/physician adjusts the medication dose as needed or requested by the client. Only by client request, will a "blind taper" be ordered by the physician, to support the client's choice in reducing their medication without knowing the specific daily amount.

Clients are not discharged until after a 2 week (14 days) period has passed. Once it has been determined that a client is to be discharged from the clinic the medical staff generate a final dosing sheet; the counseling staff will generate a discharge summary and a closing episode that signifies a complete record has been produced for the client.

A review of the client's progress in treatment by client and counselor provides a perspective on goals met by the client during methadone treatment and helps identify areas for referral or further care. The Discharge Summary form is completed by the counselor and placed in the client's chart.

Additional Medication Assisted Treatment (MAT)

Westside has elected to provide an additional MAT service as a Contractor specific service. Therefore, we will comply with the following Contractor specific MAT requirements for the following treatment:

8. Continuous Quality Improvement (CQI):

Westside has been committed to improving cultural and linguistic competency in the business functions that support outcome-based planning and accountability. Westside adheres to the Culturally and Linguistically Appropriate Services (CLAS) standards developed by the Office of Minority Health, U.S. Department of Health and Human Services, as a guide for developing a Cultural Competent Quality Improvement Plan to support CQI in our service delivery system.

Westside's CQI structure is designed to provide a consistent process for improving the care provided, improve satisfaction of our clients, compare performance against benchmarks, reduce inefficiencies, effect change harmoniously, and conserve resources. Quality Assurance and Improvement activity crosses all departments and services in order to respond to the needs of the client, staff, and community. Included in this system is the management of information which includes client specific, aggregate, and comparative data. In order to conserve resources, Quality Assurance and Quality Improvement focus on high risk, high volume, problem prone, and regulatory required issues. Both outcomes and processes are included in the overall approach.

- a. **Achievement of contract performance objectives and productivity-** The committee provides direction for planning, strategy development, monitoring, educating and promoting the acquisition and application of the knowledge necessary for improvement of quality. This includes guidance to any special teams or task forces chosen to address specific opportunity for improvement through the use of Continuous Quality Improvement philosophies and strategies. Westside employs a systematic approach for improving the organization's performance by improving existing processes. Westside utilizes the Plan Do Check Act approach to problem solving. This system is used as a guide for many of our performance improvement activities.

Outcomes measured are different for each program, but in general include: decrease in symptoms, improvement in functional status, quality of life satisfaction, welfare and safety outcomes (suicide, suicide attempts, criminal justice involvement, victimization, homelessness). Compliance measures are tied in to performance evaluation with oversight by the QI committee and Leadership.

Westside Community Services strives to fulfill its mission to the clients, staff, and community. The organization's leaders, managers, clinical support staff, clinical staff, medical staff, and nursing staff are committed to plan, design, and measure, assess, and improve performance and processes as part of the approach to fulfill the mission. Through Quality Improvement activities in conjunction with regular communications with the CEO, the governing body is provided with information it needs in fulfilling the Agency's mission and responsibility for the quality of client care.

- b. **Quality of documentation, including a description of the frequency and scope of internal chart audits-** The Committee meets monthly unless it is identified that an additional meeting is necessary. The proponents of our QI activities include: Weekly program staff meetings, clinical case conferences within the program, difficult case conferences and consultation, group supervision, regular discussions/updates in evidence-based practices, staff trainings and continuing education, critical incident review and

debriefing, PURQC- utilization review, monthly peer review, regular chart reviews, quarterly audits conducted by the committee, and use of practice guidelines. Managers/Coordinators regularly report to CCO or Division Director regarding supervision, individual and program performance issues, critical incidents, grievances, client feedback and quarterly peer review findings.

- c. **Cultural competency of staff and services-** Cultural competence of the communities it serves is central to Westside's treatment philosophy. Through cultural knowledge and awareness, Westside is able to develop and deliver effective treatment that is tailored to meet the needs of the individual and his/her family. The therapeutic strategies employed in treatment are strengths-based and focus on harm reduction as a positive path towards recovery. Clients are involved in every aspect of their treatment, which is based on their own self-identified needs and goals, allowing them to define their own success. Westside embraces family-focused treatment and values the power of the family unit as a source of strength during treatment. The Westside staff works to empower clients and their families to work together towards their goals of recovery and helps to create a community support network to make successful treatment possible. At Westside we believe cultural diversity and competence is a process that occurs along a continuum and we are always striving to develop and deliver services that meet the need of our clients. Delivering culturally aware and competent services is an ongoing topic woven into clinical conversation and the therapeutic environment by discussing cultural issues in administrative supervision, adding multicultural art to the environment and ongoing recruitment of employees that reflect the multicultural diversity found in the community we serve.

We continue to assess the cultural and linguistic training needs for the program staff using employee feedback received via staff meetings, employee surveys and consumer feedback. As we continue to monitor and update our strategic plan for the next five years we have begun to strategize on other assessment strategies to aid us determining our cultural and linguistic training needs.

Westside's philosophy is to provide training opportunities for employees to assure competent services. Employees are encouraged and/or required to attend relevant conferences, workshops, seminars and classes. Continuous trainings are held weekly, monthly, annually either within or outside of Westside where staff has the opportunity to increase their knowledge and skill set. Allowing for a more effective client-provider relationship in which staff is able to have a better understanding of the client's expectations and improve communication among each other. The staff have a clearer understanding on why the client does not follow instructions: for example, why the client takes a smaller dose of medicine than prescribed (because of a belief that Western medicine is "too strong"); or why the family, rather than the client, makes important decisions about the client's health care (because in the client's culture, major decisions are made by the family as a group).

- d. **Satisfaction with services-** Client participation in performance improvement is facilitated through the use of surveys and focus groups. In most programs, consumer surveys and or focus groups are conducted semi-annually.
- e. **Timely completion and use of outcome data, including CalOMS/ASAM-** A variety of analytical tools are utilized to evaluate the total care provided. Data sources include, but are not limited to: medical records, special studies, external reference databases, incident

reports, statistics and historical patterns of performance, peer review, monitoring results, consumer satisfaction questionnaires, safety statistics, infection control data, referral sources, and cost analysis.

Westside uses a strength based approach to motivate clients. They are offered refreshments in our lobby and gift cards for medication compliance. Client no-show rates vary for many reasons including readiness for treatment, weather patterns, street drug availability, and economic factors. Research has shown that incentive programs can have an impact on treatment adherence and no-show rates. In July 2015 a protocol for the incentive program was developed. The decision was made to focus solely on dosing attendance for the initial phase of the incentive program. Client attendance was monitored on a monthly basis and clients were rewarded for their attendance at the beginning of the next month. No show data was collected each month and the effects of the program were analyzed against historical trends. A two tier system was outlined: Clients who missed none of their scheduled dosing days would receive a \$10.00 grocery voucher and clients who missed one to three scheduled dosing days would receive a \$5.00 grocery voucher. Clients would meet with their counselor for the first counseling session the following month. And receive feedback on their attendance record. Counselors could use this opportunity to reinforce improvements and remind clients about the incentive program. No show patterns were analyzed various ways to determine the success of the program and which groups of clients were benefitting from the incentive program on a quarterly basis. The incentive program demonstrated that there is a positive correlation between medication compliance and incentive based services.

The program offers HIV testing services to clients engaged in substance abuse treatment, prevention services or accessing services at Maxine Hall Clinic. Through Opt-Out testing, the program is able to provide routine HIV testing for everyone -meaning that HIV tests will be done routinely unless a patient explicitly refuses to take an HIV test. Opt-Out testing eliminates the requirements for pretest counseling, *informed consent*, and post-test counseling.

Westside Community Mental Health Center provides a variety of mental health, substance abuse, and HIV/AIDS services, and programs that are easy to access for clients working with the program. In addition, strong ties with organizations that provide a broad range of services are a core strategy in our program. Clients are referred to appropriate services for housing, legal assistance, benefits counseling and medical services as needed. For clients who test HIV positive, Westside has relationships with specific organizations to link these clients directly to health services.

All clients receive counseling related to HIV by their methadone counselors. HIV positive clients will be linked to medical sites offering specialized treatment modalities for individuals with HIV disease and programs offering CARE services. HIV negative clients will be referred to agencies that will support their risk reduction efforts.

8. Continuous Quality Improvement (CQI):

Westside has been committed to improving cultural and linguistic competency in the business functions that support outcome-based planning and accountability. Westside adheres to the Culturally and Linguistically Appropriate Services (CLAS) standards developed by the Office of Minority Health, U.S. Department of Health and Human Services, as a guide for developing a Cultural Competent Quality Improvement Plan to support CQI in our service delivery system.

Westside’s CQI structure is designed to provide a consistent process for improving the care provided, improve satisfaction of our clients, compare performance against benchmarks, reduce inefficiencies, effect change harmoniously, and conserve resources. Quality Assurance and Improvement activity crosses all departments and services in order to respond to the needs of the client, staff, and community. Included in this system is the management of information which includes client specific, aggregate, and comparative data. In order to conserve resources, Quality Assurance and Quality Improvement focus on high risk, high volume, problem prone, and regulatory required issues. Both outcomes and processes are included in the overall approach.

a. Achievement of contract performance objectives and productivity- The committee provides direction for planning, strategy development, monitoring, educating and promoting the acquisition and application of the knowledge necessary for improvement of quality. This includes guidance to any special teams or task forces chosen to address specific opportunity for improvement through the use of Continuous Quality Improvement philosophies and strategies. Westside employs a systematic approach for improving the organization’s performance by improving existing processes. Westside utilizes the Plan Do Check Act approach to problem solving. This system is used as a guide for many of our performance improvement activities.

Outcomes measured are different for each program, but in general include: decrease in symptoms, improvement in functional status, quality of life satisfaction, welfare and safety outcomes (suicide, suicide attempts, criminal justice involvement, victimization, homelessness). Compliance measures are tied in to performance evaluation with oversight by the QI committee and Leadership.

Westside Community Services strives to fulfill its mission to the clients, staff, and community. The organization's leaders, managers, clinical support staff, clinical staff, medical staff, and nursing staff are committed to plan, design, and measure, assess, and improve performance and processes as part of the approach to fulfill the mission. Through Quality Improvement activities in conjunction with regular communications with the CEO, the governing body is provided with information it needs in fulfilling the Agency's mission and responsibility for the quality of client care.

- b. Quality of documentation, including a description of the frequency and scope of internal chart audits-** The Committee meets monthly unless it is identified that an additional meeting is necessary. The proponents of our QI activities include: Weekly program staff meetings, clinical case conferences within the program, difficult case conferences and consultation, group supervision, regular discussions/updates in evidence-based practices, staff trainings and continuing education, critical incident review and debriefing, PURQC- utilization review, monthly peer review, regular chart reviews, quarterly audits conducted by the committee, and use of practice guidelines. Managers/Coordinators regularly report to CCO or Division Director regarding supervision, individual and program performance issues, critical incidents, grievances, client feedback and quarterly peer review findings.
- c. Cultural competency of staff and services-** Cultural competence of the communities it serves is central to Westside's treatment philosophy. Through cultural knowledge and awareness, Westside is able to develop and deliver effective treatment that is tailored to meet the needs of the individual and his/her family. The therapeutic strategies employed in treatment are strengths-based and focus on harm reduction as a positive path towards recovery. Clients are involved in every aspect of their treatment, which is based on their own self-identified needs and goals, allowing them to define their own success. Westside embraces family-focused treatment and values the power of the family unit as a source of strength during treatment. The Westside staff works to empower clients and their families to work together towards their goals of recovery and helps to create a community support network to make successful treatment possible. At Westside we believe cultural diversity and competence is a process that occurs along a continuum and we are always striving to develop and deliver services that meet the need of our clients. Delivering culturally aware and competent services is an ongoing topic woven into clinical conversation and the therapeutic environment by discussing cultural issues in administrative supervision, adding multicultural art to the environment and ongoing recruitment of employees that reflect the multicultural diversity found in the community we serve.

We continue to assess the cultural and linguistic training needs for the program staff using employee feedback received via staff meetings, employee surveys and consumer feedback. As we continue to monitor and update our strategic plan for the next five years

we have begun to strategize on other assessment strategies to aid us determining our cultural and linguistic training needs.

Westside's philosophy is to provide training opportunities for employees to assure competent services. Employees are encouraged and/or required to attend relevant conferences, workshops, seminars and classes. Continuous trainings are held weekly, monthly, annually either within or outside of Westside where staff has the opportunity to increase their knowledge and skill set. Allowing for a more effective client-provider relationship in which staff is able to have a better understanding of the client's expectations and improve communication among each other. The staff have a clearer understanding on why the client does not follow instructions: for example, why the client takes a smaller dose of medicine than prescribed (because of a belief that Western medicine is "too strong"); or why the family, rather than the client, makes important decisions about the client's health care (because in the client's culture, major decisions are made by the family as a group).

- d. Satisfaction with services-** Client participation in performance improvement is facilitated through the use of surveys and focus groups. In most programs, consumer surveys and or focus groups are conducted semi-annually.
- e. Timely completion and use of outcome data, including CalOMS/ASAM-** N/A

Appendix B Calculation of Charges

1. Method of Payment

A. Invoices furnished by CONTRACTOR under this Agreement must be in a form acceptable to the Contract Administrator and the CONTROLLER and must include the Contract Progress Payment Authorization number or Contract Purchase Number. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY. The CITY shall make monthly payments as described below. Such payments shall not exceed those amounts stated in and shall be in accordance with the provisions of Section 5, COMPENSATION, of this Agreement.

Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner. For the purposes of this Section, "General Fund" shall mean all those funds which are not Work Order or Grant funds. "General Fund Appendices" shall mean all those appendices which include General Fund monies.

(1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."

D. Upon **the effective date** of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health **of an invoice or claim submitted by Contractor, and** of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund portion of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program are listed below:

CONTRACTOR understands that, of this maximum dollar obligation, **(\$950,335)** is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

(1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

(2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, notwithstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

Section 164.526. If an individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request and of any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

APPENDIX E

k. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the “Secretary”) for purposes of determining BA’s compliance with HIPAA [45 C.F.R. Section 164.504(e)(2)(ii)(I)]. BA shall provide CE a copy of any Protected Information and other documents and records that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

l. Minimum Necessary. BA, its agents and subcontractors shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the intended purpose of such use, disclosure, or request. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)]. BA understands and agrees that the definition of “minimum necessary” is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes “minimum necessary” to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.

m. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

n. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

APPENDIX E

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI.

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure of Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act,

APPENDIX E

the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

Dispute Resolution Procedure
For Health and Human Services Nonprofit Contractors
9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for disputes that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

Appendix H

San Francisco Department of Public Health Privacy Policy Compliance Standards

As part of this Agreement, Contractor acknowledges and agrees to comply with the following:

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 1, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.

As Measured by: An authorization form that meets the requirements of the Federal Privacy Rule (HIPAA) is available to program staff and, when randomly asked, staff are aware of circumstances when authorization form is needed.

Appendix I

THE DECLARATION OF COMPLIANCE

Each Fiscal Year, CONTRACTOR attests with a Declaration of Compliance that each program site has an Administrative Binder that contains all of the forms, policies, statements, and documentation required by Community Behavioral Health Services (CBHS). The Declaration of Compliance also lists requirements for site postings of public and client information, and client chart compliance if client charts are maintained. CONTRACTOR understands that the Community Programs Business Office of Contract Compliance may visit a program site at any time to ensure compliance with all items of the Declaration of Compliance.
