General Obligation Bond Election - Earthquake Safety and Emergency Response - Not to
Exceed \$535 Million - Files #251216 and #251217

Position: OPPOSING AS CURRENTLY DRAFTED

In the Capital Planning Committee documentation for its November 17, 2025 meeting, ESER Bonds were described as being for "City public safety and emergency response facilities".

The MTA is not a public safety department and the Potrero Yard is not an emergency response facility.

The Potrero Yard was originally listed in the Transportation Bond and then parachuted into the 2026 ESER Bond.

The Potrero Yard project alone would take 40% of the overall 2026 ESER Bond funds.

There are two police stations and eight fire stations with a Seismic Hazard Rating of 4, which are at high risk of collapse during a major seismic event.

Allowing many of these bona fide emergency response facilities to deteriorate further, while prioritizing a MTA project is beyond questionable.

Also, all new ESER Bond funds for the PUC's Emergency Firefighting Water System should be placed on Controller's reserve until such time as the EFWS is transferred from the PUC back to the Fire Department where it belongs.

The Board of Supervisors has been copied on the Coalition for San Francisco Neighborhoods resolution regarding the rationale for transferring the EFWS back to the Fire Department.

CSFN Resolution Advocating for the Transfer of the Auxiliary Water Supply System

WHEREAS, As a result of the 1906 earthquake, San Francisco voters approved a General Obligation Bond to build a firefighting system of water pipes, hydrants and pumps which are independent of the City's drinking water system.

WHEREAS, This system was completed in 1913 and was designated as the Auxiliary Water Supply System (AWSS).

WHEREAS, In 1913 AWSS coverage was primarily in the northeast quadrant of the City.

WHEREAS, Even though AWSS has been expanded since 1913, large areas in both the Westside and Southeast currently have no AWSS protection.

WHEREAS, Since 1913 AWSS and its assets have been under the jurisdiction of the SF Fire Department (SFFD) with design and engineering under the auspices of the SF Department of Public Works (SFDPW).

WHEREAS, In 2010, despite an ESER Bond being on the ballot, then Mayor Gavin Newsom balanced the City's Great Recession budget by transferring AWSS jurisdiction and assets from the SFFD to the SFPUC.
