17 Be it ordained by the People of the City and County of San Francisco:

18 Section 1. Background and Findings.

19 (a) In November 2018, the voters approved Proposition C and imposed a
20 Homelessness Gross Receipts Tax to fund programs to prevent and address homelessness.
21 As stated in the measure, “San Francisco is experiencing a housing crisis of historic
22 proportions that has led to a major humanitarian and public health crisis in large-scale
23 homelessness for which the City has insufficient resources to address.”

24 (b) Recognizing the scope of the crisis, the voters identified a range of purposes for
25 the tax, the proceeds of which the City deposits in the Our City, Our Home (“OCOH”) Fund.
Among other things, the tax is intended to help the City house the homeless; expand the

1 number of shelter beds; eliminate waiting periods for shelter; decrease the visible presence of
2 homeless people and tent encampments on City streets; move unhoused people into stable
3 housing; fund legal assistance, rent subsidies, mental health services, and substance abuse
4 services to keep people housed; reduce overall costs for the City; and fund certain specified
5 programs. The purposes of November 2018 Proposition C are codified at Business and Tax
6 Regulations Code Section 2802.

7 (c) To achieve these purposes, Business and Tax Regulations Code Section 2810
8 identifies four eligible programs that the City may spend OCOH funds on – Permanent
9 Housing, Homeless Shelters, Homelessness Prevention, and Mental Health Treatment for
10 Homeless Individuals – and identifies a maximum or minimum percentage of the total OCOH
11 Fund balance that each eligible program receives. Section 2810 further states that OCOH
12 funds shall be appropriated subject to the budgetary and fiscal provisions of the Charter, and
13 that any amounts remaining in the OCOH Fund at the end of a fiscal year shall be held in the
14 OCOH Fund to be added to amounts available for appropriation on eligible programs in any
15 future year. In Section 2811, the voters also authorized the Board of Supervisors to amend
16 the measure, by ordinance, by a two-thirds vote and only to further the findings and intent
17 summarized above in subsection (b).

18 (d) The City is fully funding all of the programs recommended by the OCOH
19 Oversight Committee, which makes recommendations for the use of the Fund. And yet, there
20 is a significant unencumbered balance in the Fund, in large part because the expenditures
21 from the Fund could not occur while the City was successfully defending the measure against
22 legal challenge. This balance has generated significant interest income. City has obtained
23 approximately \$94 million in state and federal funds for permanent housing for families and
24 transitional age youth.—The original percentage allocations in Section 2810 are based on the
25 total Fund balance and did not anticipate ~~these additional revenues~~ this interest, and as it

1 ~~accrues~~ Fund revenues sit unspent, thousands are still on the streets without adequate
2 shelter. In April 2023, the City published a new citywide Strategic Plan that concludes it is
3 necessary to urgently fund shelter, prevention, and housing resources to significantly reduce
4 homelessness in the next five years. The Board of Supervisors finds that to achieve the
5 purposes of November 2018 Proposition C, the City must meet the crisis where it is currently
6 most acute, and hereby approves, for the next two fiscal years only, a lifting of the cap on
7 short-term rental subsidies of five years or less, and a reallocation of certain
8 ~~unappropriated~~ ~~encumbered~~ and future interest revenues so it can spend these interest
9 revenues during the next two fiscal years on shelter and, homelessness prevention, ~~limited-~~
10 ~~time rental assistance, and other forms of permanent housing,~~ as generally set forth in the
11 Strategic Plan.

12 (e) In approving this one-time reallocation of interest earnings and lifting of certain
13 spending caps funds for the next two fiscal years, the Board of Supervisors does not intend to
14 otherwise adjust the percentage allocations for OCOH expenditures in future fiscal years. The
15 reallocation is intended to supplement and enhance the effectiveness of the programs already
16 funded on recommendation of the OCOH Oversight Committee.

17
18 Section 3. Under the authority in Business and Tax Regulations Code Section 2811,
19 for fiscal years 2023-2024 and 2024-2025, the expenditures under Section 2810 shall remain
20 unchanged except as follows:

21 (a) Expenditures on short-term rental subsidies may exceed the percentage
22 specified in Section 2810(b)(3)(A)(i); and,

23 (b) Up to \$16,360,000 of interest earned in the Fund during Fiscal Years 2023-24,
24 2024-25, and prior Fiscal years, which would otherwise have accrued to affordable housing
25 for transitional age youth (\$3,444,000), affordable housing for families (\$4,305,000), and

1 mental health programs (\$8,610,000), shall instead be allocated to the shelter and prevention
2 categories as follows:

- 3 (i) \$1,340,000 to shelter in fiscal year 2023-24;
- 4 (ii) \$6,482,000 to shelter in fiscal year 2024-25;
- 5 (iii) \$4,643,000 to prevention in fiscal year 2023-24; and
- 6 (iv) \$3,894,000 to prevention in fiscal year 2024-25.

7
8 Section 3. Under the authority in Business and Tax Regulations Code Section 2811,
9 for fiscal year 2023-2024:

10 (a) — Expenditures under Section 2810(b)(3)(A) on permanent housing, not limited to
11 supporting homeless youth aged 18 through 29 and homeless families with children under
12 age 18 at the time of entry into housing, may be \$3,418,500 more than the percentages
13 specified in Sections 2810(b)(3)(A) and 2810(b)(3)(A)(i);

14 (b) — Expenditures under Section 2810(b)(3)(B) on homeless shelters and hygiene
15 programs may be \$8,140,000 more than the percentage specified in Section 2810(b)(3)(B);

16 (c) — Expenditures under Section 2810(b)(3)(C) on homelessness prevention may be
17 9,082,000 more than the percentage specified in Section 2810(b)(3)(C);

18 (d) — Expenditures under Section 2810(b)(3)(A) on permanent housing that supports
19 homeless youth aged 18 through 29 may be \$11,798,000 below the percentage specified in
20 Section 2810(b)(3)(A); and

21 (e) — Expenditures under Section 2810(b)(3)(A) on permanent housing that supports
22 homeless families with children under age 18 at the time of entry into housing may be

16 ~~\$19,202,000 below the percentage specified in Section 2810(b)(3)(A).~~

17
18 Section 45. Effective Date. This ordinance shall become effective 30 days after
19 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
20 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
21 of Supervisors overrides the Mayor's veto of the ordinance.

22
23 Section 56. Undertaking for the General Welfare. In enacting and implementing this
24 ordinance, the City is assuming an undertaking only to promote the general welfare. It is not
25 assuming, nor is it imposing on its officers and employees, an obligation for breach of which it

1 is liable in money damages to any person who claims that such breach proximately caused
2 injury.

3
4 Section 67. Severability. If any section, subsection, sentence, clause, phrase, or word
5 of this ordinance, or any application thereof to any person or circumstance, is held to be
6 invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision
7 shall not affect the validity of the remaining portions or applications of the ordinance. The
8 Board of Supervisors hereby declares that it would have passed this ordinance and each and
9 every section, subsection, sentence, clause, phrase, and word not declared invalid or
10 unconstitutional without regard to whether any other portion of this ordinance or application
11 thereof would be subsequently declared invalid or unconstitutional.

12
13 Section 78. No Conflict with Federal or State Law. Nothing in this ordinance shall be
14 interpreted or applied so as to create any requirement, power, or duty in conflict with any
15 federal or state law.

REVISED LEGISLATIVE DIGEST
(Amended in Committee, 6/28/2023)

[Funding Reallocation - Our City, Our Home Homelessness Gross Receipts Tax - Services to Prevent Homelessness - \$16,360,000]

Ordinance reallocating approximately \$16,360,000 in unappropriated earned interest revenues from the Our City, Our Home Fund to allow the City to use such revenues from the Homelessness Gross Receipts Tax for certain types of services to prevent homelessness; temporarily suspending the limit on funding for short-term rental subsidies; and finding that these changes are necessary to achieve the purposes of the Our City, Our Home Fund pursuant to Business and Tax Regulations Code, Section 2811.

Existing Law

November 2018's Proposition C, codified at Article 28 of the Business and Tax Regulations Code, imposed a Homelessness Gross Receipts Tax to help fund programs to prevent and address homelessness. The City deposits the proceeds of this tax in the Our City, Our Home ("OCOH") Fund. The City may use the OCOH Fund on four "eligible programs," as follows:

- At least 50% for permanent housing, of which up to 12% may fund short-term rental subsidies, at least 20% must support homeless youth aged 18 through 29, and at least 25% must support homeless families with children under 18.
- Up to 10% for shelters and hygiene programs.
- Up to 15% for homelessness prevention.
- At least 25% for mental health for homeless individuals.

The Board of Supervisors may amend Article 28 by ordinance, by a two-thirds vote and only to further the overall findings and intent of Proposition C.

Amendments to Current Law

The ordinance would authorize an approximately \$16,360,000 OCOH funding increase during Fiscal Years 2023-24 and 2024-25 for shelter and homelessness prevention, despite the percentage caps that would otherwise apply to those categories. The City would pay for this by reallocating earned interest that will have accrued in the Fund in the affordable housing for transitional age youth (\$3,444,000), affordable housing for families (\$4,305,000), and mental health (\$8,610,000) categories. The ordinance would also allow expenditures above the 12% cap for short-term rental subsidies. All of these changes would apply to the next two fiscal years only. After 2024-25, the expenditure percentages would revert to those specified in Article 28.

Background Information

The ordinance reallocates interest income that the Fund earned due to the City initially not making expenditures from the Fund due to legal challenges (which were not successful). Given the current state of the homelessness crisis, it is necessary to reallocate funds to where they are most needed.

MANDATE STATEMENT

Charter Section 2.105 requires that legislative acts in San Francisco be by ordinance, subject to approval by a majority of the Board of Supervisors.

Business and Tax Regulations Code Section 2811 states that amendments to the Homeless Gross Receipts Tax are subject to Board of Supervisors approval by a two-thirds vote. Such amendments may only be to further the purpose of the tax.

BACKGROUND

The Homelessness Gross Receipts Tax was authorized by voters in November 2018 with the passage of Proposition C and became effective in January 2019. The tax added between 0.175% to 0.69%, depending on the business type, to the gross receipts tax on businesses earning over \$50 million in a given year.

Under current law, expenditures of Homelessness Gross Receipts Tax revenues must be spent in the following manner:

- At least of 50 percent on permanent housing
 - Of which, at least 20 percent must be spent on transitional aged youth (TAY), defined as under age 30
 - Of which, at least 25 percent must be spent on family housing
 - Of which, the remaining portion must be spent on general housing, serving all populations
 - Of which, no more than 12 percent can be spent on short-term (less than five-year) rental subsidies
- Up to 10 percent on shelter and hygiene programs
- Up to 15 percent on prevention programs
- At least 25 percent on mental health services

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would modify the Homelessness Gross Receipt Tax funding allocation requirements by \$5,983,000 in FY 2023-24 and \$10,376,000 FY 2024-25. The side caption of ordinance reports a total of reallocation of “approximately” \$16,360,000 across both years, the underlying re-allocations actually total \$16,359,000.

FISCAL IMPACT

Exhibit 1 shows the proposed change in use of Homeless Gross Receipt Tax revenues.

Exhibit 1: Proposed Uses

	FY 2023-24	FY 2024-25	Total
Shelter	1,340,000	6,482,000	7,822,000
Prevention	4,643,000	3,894,000	8,537,000
Total	5,983,000	10,376,000	16,359,000

The source of funding in FY 2023-24 and FY 2024-25 is interest earnings on Proposition C Homelessness Gross Receipts fund balance that would otherwise be allocated to housing for TAY and families and to mental health programming.

Program Impact

The proposed re-allocation of Proposition C revenues is part of a larger spending plan that was part of the Mayor’s proposed budget for FY 2023-24 and FY 2024-25. This revised proposal for Proposition C funding differs from the original version of this ordinance programmatically in the following ways:

- reduces spending by not expanding hours at Hospitality House and not increasing funding for a vehicular assistance program in FY 2023-24 and in FY 2024-25
- reduces the number of new rapid re-housing slots from 350 to 235 in FY 2024-25
- reduces 75 new permanent supportive housing slots in FY 2024-25
- reduces funding for prevention in FY 2024-25 by \$1.96 million
- shifts funding from the cabin program in the Mission to a State grant
- shifts \$100,000 of the originally proposed \$200,000 for the vehicular assistance program to a work order and delete \$100,000 in funding

Exhibit 2 below shows the revised spending plan, which includes Proposition C revenues and other sources, described above.

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance would modify the Homelessness Gross Receipt Tax funding allocation requirements by \$20.6 million FY 2023-24 and \$39.4 million FY 2024-25.

Key Points

- Under current law, Homeless Gross Receipts Tax revenues must be spent in the following manner: at least 50 percent on permanent housing (including 20 percent on transitional aged youth, 25 percent on families, and the remaining portion on all populations), up to 10 percent on shelter and hygiene, up to 15 percent on prevention, and at least 25 percent on mental health.

Fiscal Impact

- In FY 2023-24, the proposed \$20.6 million decrease to Transitional Age Youth (TAY) and families permanent housing category would be used to fund the increase in general housing, shelter for adults and families, and prevention programming for all populations.
- In FY 2024-25, the ordinance would enable the reallocation of prior year Homelessness and Supportive Housing (HSH) project funding of \$39.4 million to be appropriated for general housing, shelter for families and adults, and prevention for all populations.

Policy Consideration

- As of June 1, 2023, the City had \$858 million in Homelessness Gross Receipt Tax spending budgeted. Actual revenues have been \$21 million less than budgeted this year. As of June 12, 2023 in FY 2022-23, \$268 million had been spent and \$113 million was encumbered, leaving a remaining unspent balance of \$478 million, \$282.9 million of which is assigned to various HSH projects. The proposed budget re-appropriates \$75.9 million of unspent projects, including \$39.4 million in FY 2024-25 proposed spending that is subject of this ordinance.
- At its June 9, 2023 meeting, the Our City, Our Home Oversight Committee meeting approved a motion to request the Mayor’s Office not reduce family and youth housing funding and look for other sources of funding to maintain the levels of funding for those programs as required by the Homelessness Gross Receipts Tax.

Recommendation

- Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

MANDATE STATEMENT

Charter Section 2.105 requires that legislative acts in San Francisco be by ordinance, subject to approval by a majority of the Board of Supervisors.

Business and Tax Regulations Code Section 2811 states that amendments to the Homeless Gross Receipts Tax are subject to Board of Supervisors approval by a two-thirds vote. Such amendments may only be to further the purpose of the tax.

BACKGROUND

The Homelessness Gross Receipts Tax was authorized by voters in November 2018 with the passage of Proposition C and became effective in January 2019. The tax added between 0.175% to 0.69%, depending on the businesses type, to the gross receipts tax on businesses earning over \$50 million in a given year.

Under current law, expenditures of Homelessness Gross Receipts Tax revenues must be spent in the following manner:

- At least of 50 percent on permanent housing
 - Of which, at least 20 percent must be spent on transitional aged youth (TAY), defined as underage 30
 - Of which, at least 25 percent must be spent on family housing
 - Of which, the remaining portion must be spent on general housing, serving all populations
 - Of which, no more than 12 percent can be spent on short-term (less than five-year) rental subsidies
- Up to 10 percent on shelter and hygiene programs
- Up to 15 percent on prevention programs
- At least 25 percent on mental health services

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would modify the Homelessness Gross Receipt Tax funding allocation requirements by \$20.6 million FY 2023-24 and \$39.4 million FY 2024-25. The requirements for funding housing for TAY and families would be decreased in in FY2023-24 and re-allocated to adult housing, shelter, and prevention. The change in funding allocation percentages is shown below in Exhibit 1.

Exhibit 1: Proposed Funding Allocations

Program	FY 2022-23	FY 2023-24	FY 2024-25
Housing	50%	44%	50%
Shelter & Hygiene	7%	13%	10%
Prevention	14%	18%	15%
Mental Health	29%	25%	25%
Admin	1%	1%	1%

In FY 2023-24, the proposed \$20.6 million decrease to TAY and families permanent housing category would be used to fund the increase in general housing, shelter for adults and families, and prevention programming for all populations.

In FY 2024-25, the ordinance would enable the reallocation prior year HSH project funding of \$39.4 million to be appropriated for general housing, shelter for families and adults, and prevention for all populations.

POLICY CONSIDERATION**Existing Funding Resources**

As of June 1, 2023, the City had \$858 million in Homelessness Gross Receipt Tax spending budgeted. Actual revenues have been \$21 million less than budgeted this year. As of June 12, 2023 in FY 2022-23, \$268 million had been spent and \$113 million was encumbered, leaving a remaining unspent balance of \$478 million, \$282.9 million of which is assigned to various HSH projects. The proposed budget re-appropriates \$75.9 million of unspent projects, including \$39.4 million in FY 2024-25 proposed spending that is subject of this ordinance.

Oversight Committee Recommendation

At its June 9, 2023 meeting, the Our City, Our Home Oversight Committee meeting approved a motion to request the Mayor's Office not reduce family and youth housing funding and look for other sources of funding to maintain the levels of funding for those programs as required by the Homelessness Gross Receipts Tax.

RECOMMENDATION

Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance would modify the Homelessness Gross Receipt Tax funding allocation requirements by \$20.6 million FY 2023-24 and \$39.4 million FY 2024-25.

Key Points

- Under current law, Homeless Gross Receipts Tax revenues must be spent in the following manner: at least 50 percent on permanent housing (including 20 percent on transitional aged youth, 25 percent on families, and the remaining portion on all populations), up to 10 percent on shelter and hygiene, up to 15 percent on prevention, and at least 25 percent on mental health.

Fiscal Impact

- In FY 2023-24, the proposed \$20.6 million decrease to Transitional Age Youth (TAY) and families permanent housing category would be used to fund the increase in general housing, shelter for adults and families, and prevention programming for all populations.
- In FY 2024-25, the ordinance would enable the reallocation of prior year Homelessness and Supportive Housing (HSH) project funding of \$39.4 million to be appropriated for general housing, shelter for families and adults, and prevention for all populations.

Policy Consideration

- As of June 1, 2023, the City had \$858 million in Homelessness Gross Receipt Tax spending budgeted. Actual revenues have been \$21 million less than budgeted this year. As of June 12, 2023 in FY 2022-23, \$268 million had been spent and \$113 million was encumbered, leaving a remaining unspent balance of \$478 million, \$282.9 million of which is assigned to various HSH projects. The proposed budget re-appropriates \$75.9 million of unspent projects, including \$39.4 million in FY 2024-25 proposed spending that is subject of this ordinance.
- At its June 9, 2023 meeting, the Our City, Our Home Oversight Committee meeting approved a motion to request the Mayor’s Office not reduce family and youth housing funding and look for other sources of funding to maintain the levels of funding for those programs as required by the Homelessness Gross Receipts Tax.

Recommendation

- Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

MANDATE STATEMENT

Charter Section 2.105 requires that legislative acts in San Francisco be by ordinance, subject to approval by a majority of the Board of Supervisors.

Business and Tax Regulations Code Section 2811 states that amendments to the Homeless Gross Receipts Tax are subject to Board of Supervisors approval by a two-thirds vote. Such amendments may only be to further the purpose of the tax.

BACKGROUND

The Homelessness Gross Receipts Tax was authorized by voters in November 2018 with the passage of Proposition C and became effective in January 2019. The tax added between 0.175% to 0.69%, depending on the businesses type, to the gross receipts tax on businesses earning over \$50 million in a given year.

Under current law, expenditures of Homelessness Gross Receipts Tax revenues must be spent in the following manner:

- At least of 50 percent on permanent housing
 - Of which, at least 20 percent must be spent on transitional aged youth (TAY), defined as underage 30
 - Of which, at least 25 percent must be spent on family housing
 - Of which, the remaining portion must be spent on general housing, serving all populations
 - Of which, no more than 12 percent can be spent on short-term (less than five-year) rental subsidies
- Up to 10 percent on shelter and hygiene programs
- Up to 15 percent on prevention programs
- At least 25 percent on mental health services

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would modify the Homelessness Gross Receipt Tax funding allocation requirements by \$20.6 million FY 2023-24 and \$39.4 million FY 2024-25. The requirements for funding housing for TAY and families would be decreased in in FY2023-24 and re-allocated to adult housing, shelter, and prevention. The change in funding allocation percentages is shown below in Exhibit 1.

Dear Supervisors,

My name is Calder Lorenz, I live and work in the Mission District, and I am the Director of Operations for The Gubbio Project. I am writing to voice our strong opposition to reallocating approximately \$60M from the Prop C Housing fund that was allocated for transitional aged youth and families.

We urge you to vote NO on moving this funding over to primarily adult interventions such as housing, prevention and shelter, items the Mayor should have funded within the city's \$14 billion budget.

As members of the OCOH coalition, we fought hard to get Prop C passed. Voters trusted the framework of this ground breaking proposition and approved Prop C deliberately to set aside funding for families and youth because they are hidden populations that have been historically ignored.

The measure was also deliberately crafted to have a community oversight body to ensure the vision of Prop C was realized. They spend hours pouring over budgets, getting input from hundreds of unhouse people and front-line service providers to ensure just that. These last-minute plans did not go through OCOH (Prop C) Oversight Committee.

A vote to support changing the Prop C spending categories will directly increase family, youth and adult homelessness!

Our City's reliance on adding additional funding for public safety at the expense of proven public health interventions like housing support/housing stabilization for families is harmful, and we should instead invest in services that support more opportunities for our youth and parents, especially those experiencing homelessness, building up our communities in ways that keep us all safe instead of investing in more forms of incarceration and policing.

The Gubbio Project's mission is to be in community with and to provide a sacred space and sanctuary for unhoused people in need of safe, compassionate respite during the day. Our program is housed at St. John's in the Mission and currently provides critical services to 100 individuals daily through a highly unique and successful model that combines social justice, peer support, and harm reduction. The Gubbio Project calls for a more just, compassionate and non-punitive approach by public agencies and policymakers.

Please Vote NO to reallocating this vital funding for transitional aged youth and families!

In Community,

Calder

Re: Funding Reallocation - Our City, Our Home Homelessness Gross Receipts Tax - Services to Prevent Homelessness (File #230657)

Dear Chairperson Chan, and Supervisors Mandelman, Safai, Ronen and Walton,

As representatives of some of San Francisco's leading business associations, we are writing in strong support of Mayor London Breed's two proposals to address homelessness through (1) legislative changes to Proposition C and (2) her targeted budgeted investments in this area. This will allow for more resources targeted at homelessness prevention and create shelter beds that are delivered more efficiently to continue making progress in reducing homelessness in our communities. More importantly, we will lose desperately needed shelter beds, permanent housing placements, and prevention support without these changes.

Addressing the homelessness crisis is of the utmost importance during this fragile time for San Francisco. We cannot afford businesses, residents, or visitors to think we are not making strides to fix this issue. Using unspent resources collected as part of the Prop C tax sends a signal that we are serious about not leaving people struggling on our streets.

For the City to economically recover, we especially need current and potential businesses and their employees and customers to see a safe and clean Downtown. The area must look and feel safe to evolve into a vibrant neighborhood with housing, activations, restaurants, and events. These proposals are a meaningful step towards that goal.

For these reasons, we urge your support.

Sincerely,

Wade Rose

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Dear Supervisors,

I am a business operator at Coqueta restaurant in San Francisco. I am writing in support of Mayor Breed's proposal to reallocate funds to more efficiently address homelessness.

Small business owners are more frequently managing challenges outside of their business storefronts. Many of these issues are centered around unhoused individuals, mental health and those who provide them with illicit substances in the downtown area. Since there has been a lot of closing / exodus of businesses, onsite workers and general NORMAL life in the Downtown / Financial District area. The unhoused, self-medicators and their suppliers have been frequenting the Central waterfront on the Embarcadero causing problems to the tax paying businesses on these trying times.

My wife and I avoid going into Downtown (4th and Market), SOMA and Civic Center area at all costs. She is a recent immigrant to this Beautiful City. Coming from the Philippines (a 3rd world country) she fears more for her life here in San Francisco than back in Manila; walking around / running errands in Downtown. She and I are very disappointed with what this City has become. She was excited to live and work in San Francisco for a better and safer life with how progressive, technologically advance and secure she thought the City was.

To elaborate more on our accounts with the unhoused population: We have had two separate incidents where our managerial staff have been battered and been physically assaulted by the unhoused asking for money to our outdoor patio guests. On both accounts the police have been called and a police report has been filed. These assaults happened within one week from each other THIS JUNE. We are fearing for our safety and the safety of our guests as seemingly we have no support or rights to defend our business, our patrons and staff. These recent attacks on my colleagues have put a strain on our Mental Health as managers protecting our guests, staff and business. We are honestly looking for alternative lines of either work or location at a safer environment if thing do not change.

We are located on the Embarcadero and there has been an uptick on tents on the Embarcadero, Davis and surrounding streets.

Dear Supervisors,

I am the owner of Bearing West Bar & Galley (2325 Taraval St) and former owner of Johncolins Lounge (now closed- 138 Minna st).

I lost my bar downtown Partly because of Covid 19, maybe moreso, for the current conditions on downtown streets. Small business owners need more funds to be allocated to address these issues.

I support Mayor Breed's initiative to allocate funds to some of these issues. This is a start to an ongoing dilemma that will on get worse if drastic measures are not taken.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Supervisors,

I am a business owner/operator at Wine Down SF in the SOMA neighborhood of San Francisco. I am writing in support of Mayor Breed's proposal to reallocate funds to more efficiently address homelessness.

Among the many challenges small business owners face (especially downtown/SOMA), one of the major issues is around unhoused individuals. Mayor Breed's proposal will help to create more shelter so fewer people remain on the streets. The proposal will temporarily reallocate funding provided through Proposition C that would have gone toward permanent housing for homeless youth and families to increase the number of shelter beds by 600. Given that the City obtained approximately \$94 million through state and federal funds for permanent housing programs, Mayor Breed is proposing to shift the Prop C funds temporarily instead to create more shelter beds.

Dear Board of Supervisors,

I am a business owner with two restaurants in San Francisco, including one in lower Nob Hill. I am writing in support of Mayor Breed's proposal to reallocate funds to more efficiently address homelessness.

Each week, I am frequently managing challenges outside of my business storefront with regards to homelessness. Tents and furniture on the sidewalks, open air drug use, needle disposal, trash and feces are just a few of the things I encounter daily due to unhoused individuals.

Mayor Breed's proposal will help to create more shelter beds so fewer people remain on the streets. The proposal will temporarily reallocate funding provided through Proposition C that would have gone toward permanent housing for homeless youth and families to increase the number of shelter beds by 600.

I support Mayor Breed's proposal to re-allocate funds from Prop C funds temporarily to create more shelter beds.

Dear Supervisors,

I hope this email finds you well. My name is Koji Kanematsu, and I am the owner/operator of Onigilly, a restaurant located in San Francisco. I am writing to express my support for Mayor Breed's proposal to reallocate funds for a more efficient approach to addressing homelessness in our city.

As small business owners, we often find ourselves dealing with challenges beyond our storefronts. Many of these challenges revolve around the issue of unhoused individuals. Mayor Breed's proposal aims to address this issue by creating additional shelter options, thereby reducing the number of people living on the streets. The proposal involves temporarily reallocating funds from Proposition C, which was initially designated for permanent housing for homeless youth and families, to increase the number of available shelter beds by 600. It is important to note that the City has already obtained approximately \$94 million through state and federal funds for permanent housing programs. Mayor Breed's proposal seeks to temporarily shift the funds from Proposition C to prioritize the creation of additional shelter beds.

I sincerely appreciate your consideration of this matter. Supporting Mayor Breed's proposal will not only help alleviate the challenges faced by our small business community but also contribute to the well-being of our city as a whole.

Thank you for your time and attention.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

When voters passed Proposition C a few years ago, it specifically allowed adjustments to spending categories. And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and that we create more spaces for those on our street to find shelter. Please vote to support the Mayor's budget investments and the proposed legislative changes to Proposition C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by existing

restrictions. There is no time to waste.

Thank you.

To the Board of Supervisors:

I hope this email finds you well. As former Board member of Larkin Street Youth Services and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message:

I am personally devastated whenever it is a cold night, a rainy night and I realize how many San Franciscans are sleeping in the open, unsheltered.

I urge you to create more shelter beds. Having sufficient shelter is the first step to getting people off the streets.

I am shocked and repelled that as a city we have chosen to let so many people sleep on the streets with no safety and no shelter.

Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid restrictions. There is no time to waste.

Thank you.

Dear Board of Supervisors,

I hope this email finds you well. As Board member of Larkin Street Youth Services and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Best,

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Mayor London Breed
City Hall
1 Dr. Carlton B. Goodlett Place

Subject: Support for the Continuation of Proposition C and Alternative Solutions for the City's Deficit

Dear Mayor Breed,

I am writing to express my strong support for the continuation of Proposition C and to encourage you to explore alternative solutions within the city's budget to address the current deficit.

Proposition C, with its focus on utilizing a tax on commercial rents to fund child care and education, has played a vital role in enhancing the well-being of our community. Its impact on providing scholarships, free professional development, and annual stipends for teachers at early learning institutions is extremely important.

Our school, Phoebe Hearst Preschool, is applying to become an Early Learning Scholarship Program, and I hope that you and the City Supervisors can recognize the significance of early childhood education in shaping the future of our city.

While I understand the challenges posed by the current deficit, I firmly believe that diverting funds from the Early Learning Scholarship Program would hinder the progress made in providing quality education and care for our youngest residents. The long-term benefits of investing in early childhood development far outweigh short-term fiscal challenges.

Instead of redirecting funds from Proposition C, I urge you to explore alternative avenues within the city's budget to address the deficit. Prioritizing expenditure reviews, identifying areas for cost-saving measures, and exploring potential sources of revenue can help bridge the gap without compromising the essential services and programs that benefit our community.

Furthermore, I encourage you to engage in open dialogue with community stakeholders, including educators, parents, and child care providers, to gather their input and ideas.

Collaboration and partnership between the city administration and the community are crucial for finding innovative solutions that maintain the integrity of programs like Proposition C while addressing the fiscal challenges.

I believe that by collectively striving towards a solution that protects the integrity of essential programs like Proposition C while finding alternative ways to address the deficit, we can ensure a brighter future for our city and its youngest residents.

Thank you for your attention to this matter, and for considering the voices of the community in your decision-making process. I have faith in your leadership and your commitment to the well-being of our city.

Sincerely,

Jessie Juusola

Protect Budget Investments in Public Safety!

Message: Dear Supervisors,

I urge you to support Mayor Breed's proposed investments in public safety and proposed response to our open-air drug markets.

Everyone deserves to feel safe in their communities, and that requires sustained investment in building back our police force and a focused comprehensive effort to close our open-air drug markets. It also requires your political will to invest in solutions like the ones proposed in the Mayor's public safety budget. Investments including the funding proposed for more police officers, civilian SFPD employees, prosecutors, and funding for the coordinated city effort led by the Department of Emergency Management to shut down the City's open-air drug markets are crucial to improving SF for everyone!

Without these investments, San Franciscans will lose vital components of public safety. We cannot afford to backslide on our long-term police recruitment goals, and our efforts to close our open-air drug markets.

Now is not the time to divert resources away from public safety.

Thank you.

Message to the Board of Supervisors

From your constituent Karen Schwartz
Email kielygomes@yahoo.com
I live in District District 8

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Board of Supervisors and Mayor Breed,

I am writing to express my strong support for the continuation of Proposition C and to encourage you to explore alternative solutions within the city's budget to address the current deficit. Please do not cut funding for Prop C. I understand that businesses are closing in our city, and that's concerning, but part of why they're closing is families can't afford to live and work in San Francisco. Cutting aid for preschool, childcare, k-12 schools, and for teachers is not going to improve the situation. It will only make this worse.

I have a child who attends Phoebe Hearst Preschool. It is attended by children around the city. Our school is applying to become an Early Learning Scholarship Program, and I hope that you and the City Supervisors can recognize the significance of early childhood education in shaping the future of our city.

My family wants to continue living here and to raise my two small children here and attend SF public schools. That will only get harder if you cut this much needed funding.

Thank you for all the work that you do,

Courtney Hight

Protect Budget Investments in Public Safety!

Message: Dear Supervisors,

I urge you to support Mayor Breed's proposed investments in public safety and proposed response to our open-air drug markets.

Everyone deserves to feel safe in their communities, and that requires sustained investment in building back our police force and a focused comprehensive effort to close our open-air drug markets. It also requires your political will to invest in solutions like the ones proposed in the Mayor's public safety budget. Investments including the funding proposed for more police officers, civilian SFPD employees, prosecutors, and funding for the coordinated city effort led by the Department of Emergency Management to shut down the City's open-air drug markets are crucial to improving SF for everyone!

Without these investments, San Franciscans will lose vital components of public safety. We cannot afford to backslide on our long-term police recruitment goals, and our efforts to close our open-air drug markets.

Now is not the time to divert resources away from public safety.

Thank you.

I live in District District 2

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Date: Saturday, June 17, 2023 9:57:49 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I hope this email finds you well. As Board member of Larkin Street Youth Services and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Sincerely,

Siri Berg
Larkin Street Board Member

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Subject: Please Stop the Reallocation of Pro C Funds/Urgent
Date: Thursday, June 15, 2023 6:06:46 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the Board of Supervisors,

As the former Development Officer of Larkin Street Youth Services, I continue to be a steadfast supporter of the organization, as well as a committed advocate for ending homelessness in our city. I write to you today with grave concern over the proposed reallocation of Prop C funds. **Please note the following important points:**

- This is NOT a one-time re-allocation; money that is redirected to adult shelter expansion will NEVER come back to the TAY and family systems
- This is NOT “unspent money”: It’s money that was set aside for future TAY and family housing, housing that TAY and families continue to desperately need.
- Nonprofit contract “underspending”, a popular and unwarranted criticism of CBO's, is not the same as nonprofits “having everything they need.” It’s a result of inflexible funding, frontline staff vacancies, and contract delays.
- Taking money away from TAY and families WILL increase homelessness, including future adult chronic homelessness. Children who experience homelessness are 5x more likely to experience homelessness as adults and 50% of those experiencing homelessness on San Francisco’s streets were first homeless when they were under 25.
- Investing in one intervention (shelter) and population (adults) at the expense of others (TAY and family housing) does not support the overall system—any short-term gains will create long-term bottlenecks. We will NOT end homelessness for anyone under this reallocation plan.
- There is no youth-specific strategy yet in San Francisco’s five-year strategic plan. Taking money away from future TAY housing means we are capping the youth system, saying we’ve done what we can even as 1,000 youth are experiencing homelessness on any given night.

I urge you to vote NO on this proposed reallocation. Please, we must stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Sincerely,

Kathie

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Board,

I hope this email finds you well. As a steadfast supporter of Larkin Street, former homeless youth and tech content creator in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds. The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Dear Supervisors,

I am a business operator at Rosamunde Sausage Grill in the Mission district in San Francisco. I am writing in support of Mayor Breed's proposal to reallocate funds to more efficiently address homelessness.

Small business owners and operators are more frequently managing challenges inside and outside of their business storefronts. Many of these issues are centered around unhoused individuals. Mayor Breed's proposal will help to create more shelter so fewer people remain on the streets. The proposal will temporarily reallocate funding provided through Proposition C that would have gone toward permanent housing for homeless youth and families to increase the number of shelter beds by 600. Given that the City obtained approximately \$94 million through state and federal funds for permanent housing programs, Mayor Breed is proposing to shift the Prop C funds temporarily instead to create more shelter beds.

I thank you for your consideration.

All the best,

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Board of Supervisors,

I hope this email finds you well. As a steadfast supporter of Larkin Street and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Protect Budget Investments in Public Safety!

Message: Dear Supervisors,

I urge you to support Mayor Breed's proposed investments in public safety and proposed response to our open-air drug markets.

Everyone deserves to feel safe in their communities, and that requires sustained investment in building back our police force and a focused comprehensive effort to close our open-air drug markets. It also requires your political will to invest in solutions like the ones proposed in the Mayor's public safety budget. Investments including the funding proposed for more police officers, civilian SFPD employees, prosecutors, and funding for the coordinated city effort led by the Department of Emergency Management to shut down the City's open-air drug markets are crucial to improving SF for everyone!

Without these investments, San Franciscans will lose vital components of public safety. We cannot afford to backslide on our long-term police recruitment goals, and our efforts to close our open-air drug markets.

Now is not the time to divert resources away from public safety.

Thank you.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Board of Supervisors,

I hope this email finds you well. I am a licensed clinical social worker who has been providing direct therapy services to homeless Transition Age Youth (TAY) in San Francisco for 5 years. As a dedicated Larkin Street staff and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. At Larkin Street, we know that early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth. Thank you for your time and consideration, and for your ongoing service to our city.

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Dear Supervisor Stefani:

Here is an email I got from the Mayor asking for support. I have no way to evaluate this request since I don't know what is in the proposed budget. I hope you can help District 2 residents understand.

I have read with great concern in the news about a severe cut to funding for the Ethics Commission which I strongly oppose as I was around to advocate for its creation and follow proceedings regularly as several friends have served. I believe you agree that these cuts send the wrong message to citizens about past and currently being investigated corrupt acts by city officials.

I have written to you before about military equipment for police and sheriffs department. I encouraged you to use the budget process as an opportunity to question whether we need some of this equipment that is not being used. There are cost savings here that could be better used for more patrols and other community policing efforts. Please take a look at the inventories for ways to save or redirect these funds to a better use.

Thanks

Subject: Urgent Action Needed: Deliver Homeless Funding Faster

London Breed for Mayor

Regina,

My proposed budget makes fast, significant investments to address San Francisco's major homelessness crisis. Unfortunately, as is so often the case, these solutions face the slow pace of government. We create too many rules and regulations that hinder our ability to deliver funding and services to those who need it most – *right away*.

That is why I am pushing for changes to our local laws that will allow us to deliver homelessness funding faster and more efficiently. The chart below shows specifically how many shelter beds we will add if the Board of Supervisors passes my legislation and how many people will remain without shelter if they don't.

This new shelter and housing capacity is only possible if the Board of Supervisors approves both my budgeted investments in this area and my proposed legislative changes to the City's Homeless Gross Receipt Tax (Our City, Our Home/Proposition C). Proposition C has specific restrictions on how funds can be spent in each category (ie. housing, shelter, prevention, mental health); because of these restrictions the City currently has Prop C resources collected that will remain unspent.

Amending these restrictions requires the approval of eight members of the Board of Supervisors. If the Board does not approve my requests, the City will see fewer shelter beds and more people will remain on the street. We need to move urgently and smartly to expand our shelter capacity, not leave money sitting in an account, helping no one right now.

Here are 2 things you can do to help:

1. [Sign our petition urging the Board of Supervisors to approve these](#)

[changes](#). We need your voice to show the Board of Supervisors that you demand action on this critical issue. Your signature will support removing restrictions on how we spend dollars collected by our homelessness tax, enabling us to direct funding to specific needs and to adapt to changes as they arise.

2. **Call or email your Supervisor.** Tell them to support my proposed budget investments and legislative changes to fund 600 new shelter beds; 545 new permanent housing placements; and 1,650 new prevention and problem-solving placements to help rapidly re-house individuals who do fall into homelessness.

Date: Thursday, June 15, 2023 1:54:50 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I hope this email finds you well. As a steadfast supporter of Larkin Street and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and wellbeing of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Sincerely,
Bonnie Castleman

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

Date: Thursday, June 15, 2023 1:16:33 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

As a steadfast supporter of Larkin Street and a committed advocate for ending homelessness in our city, I write to you today with grave concern over the proposed reallocation of Prop C funds.

The threat this change poses to families and Transition Age Youth (TAY) cannot be overstated. As we have seen in the work of Larkin Street, early interventions are key to ending the cycle of homelessness. We know that a large percentage of those experiencing homelessness in San Francisco had their first episode before they turned 25. By diminishing funding aimed at our TAY and families, we not only endanger these vulnerable populations now, but we are also setting the stage for increased adult chronic homelessness in the future.

I urge you to vote NO on this proposed reallocation. Let us stand together for the dignity and well-being of our city's youth and families. It is not just about reallocating funds, but about investing in a safer, more secure future for the very heart of our city - our youth.

Thank you for your time and consideration, and for your ongoing service to our city.

Sincerely,

*Laura Saunders

I support the Mayor's budget investments including the proposed legislative changes to Prop C to fund more shelter beds.

Message: Dear Supervisors,

As a San Franciscan, I am urging you to support Mayor Breed's proposed investments in shelter as well as the proposed legislative changes to Proposition C (File No. 230657). Without these changes, we will lose desperately needed shelter beds, permanent housing placements, and prevention support – leaving more people struggling on our streets.

Prop C specifically allowed adjustments to spending categories.

And just last month, you voted on a resolution calling on the Mayor to fund 2,000 new shelter and temporary housing placements.

We now need you to follow through. We need our leaders to ensure funds are spent efficiently and more shelter is created. Please vote to support the Mayor's budget investments and the proposed legislative changes to Prop C.

Our City needs the flexibility to respond to our homeless crisis, not to be hamstrung by rigid

restrictions. There is no time to waste.

Thank you.
