Electronic Monitoring Services and Case Management Program

April 16, 2014

Electronic Monitoring Services and Case Management Program

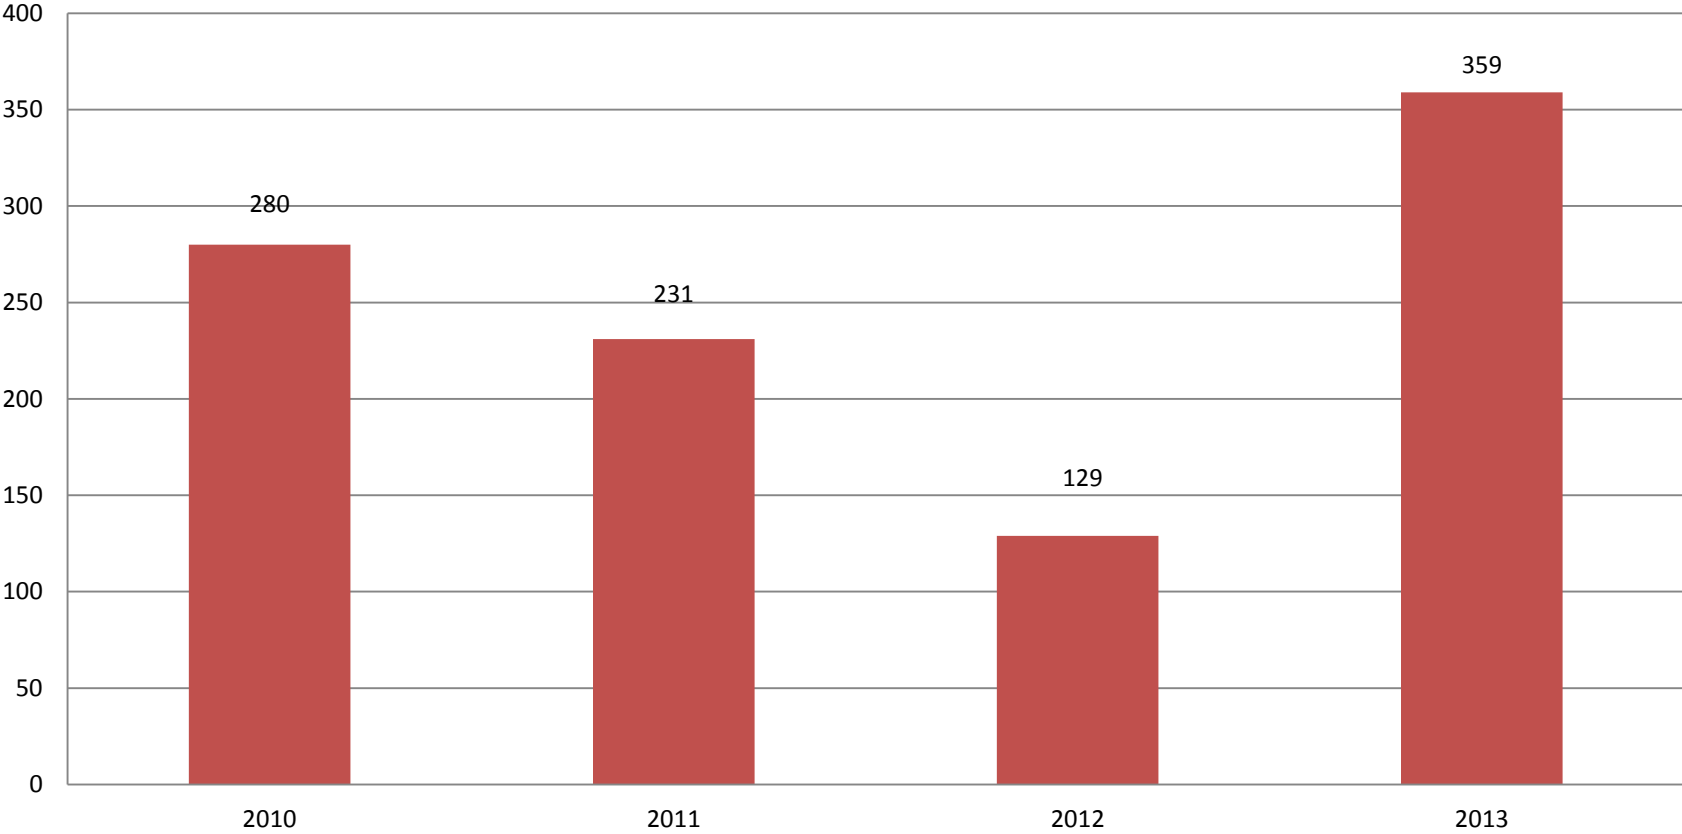

Penal Code Requirements

California Penal Code sections 1203.016 and 1203.018 require:

1. The Board of Supervisors annually review and approve the rules and regulations of the program
2. The contract include a provision requiring that the contractor demonstrate and submit for approval by the Board of Supervisors evidence of financial responsibility, that may include a current liability insurance policy

Electronic Monitoring Services and Case Management Program

Participants

Electronic Monitoring Services and Case Management Program

Rules and Regulations

Electronic Monitoring Program Overview:

- SFSD's Electronic Monitoring program was established to provide an alternative to incarceration for low-risk offenders
- Participants are approved by the Courts and SFSD
- Participants are assessed to determine needs, approved activities, approved locations, and equipment settings
- Case manager is assigned to each participant to monitor and evaluate progress

Electronic Monitoring Program Objectives:

- Maintain public safety
- Reduce recidivism
- Facilitate successful return to the community
- Reduce incarceration cost
- Offset impacts of AB109 (Public Safety Realignment)

Electronic Monitoring Services and Case Management Program

Case Management

Strong Case Management is the key to a successful program

Electronic Monitoring Services and Case Management Program

Equipment

Utilizes advanced electronic monitoring equipment that meets and or exceeds industry standards; GPS bracelet, Home Monitoring Unit, Mobile Breath Testing, and Continuous Alcohol Monitoring.

GPS monitoring bracelet

- Produces mapping displays and reports that include participant location, zone violations, tampering, and battery status
- Collects tracking points once every 30 seconds
- Is FCC certified and meets all industry standards
- Is safe and does not restrict participant activities; measuring 3.5" x 2.4" x 1.6"
- Integrates with web-based software

Electronic Monitoring Services and Case Management Program

Home RF Beacon Unit (HMU)

- Tracks participants in residential buildings
- Is small and lightweight; measuring 3.75" x 7" x 7.25"
- Uses web based software to monitor participants

Electronic Monitoring Services and Case Management Program

Mobile Breath Alcohol Testing

- Collects and reports a high resolution image at time of test
- Utilizes evidentiary-grade Deep Lung Dart fuel cell sensor to measure breath alcohol content
- Reports immediately via cellular transmission
- Is portable; measures 6" x 2.4" x 1.4"
- Utilizes web portal to send reminders and alerts to participants via email or text

007 (8)
Start Date: 7/12/2013
End Date: Active
Total Days Monitored: 21
Device ID: 21000007

Electronic Monitoring Services and Case Management Program

Continuous Alcohol Monitoring (CAM)

- Is a comprehensive transdermal alcohol monitoring system
- Distinguishes between environmental factors and actual consumption
- Tests automatically every 30 minutes
- Meets Federal Rules of Evidence
- Uses a web-based application to collect, analyze, and maintain participant data

Electronic Monitoring Services and Case Management Program

Benefits of Current Agreement

- LCA is a Certified Women Owned Business Enterprise (WBE)
- LCA is a Certified Local Business Enterprise (LBE)
- Local presence will improve resolution to equipment malfunctions
- Local presence will support implementation of new legislation that expands electronic monitoring criteria and increases participants in electronic monitoring, reducing proposed in-jail costs
- LCA has existing relationships with criminal justice stakeholders such as the Courts, Adult Probation, and Juvenile Probation
- LCA specializes in case management
