19       Section 1. Findings.

20       (a) California Government Code Section 65583 requires that the Housing Element of a  
21       General Plan contain “[a]n assessment of housing needs and an inventory of resources and  
22       constraints relevant to the meeting of those needs.” It further requires that the assessment  
23       and inventory shall include, among other things, the identification of a zone or zones where  
24       emergency shelters are allowed as a permitted use.

1                 (b) The Planning Department has determined that the actions contemplated in this  
2 ordinance comply with the California Environmental Quality Act (California Public Resources  
3 Code Sections 21000 et seq.). The Board of Supervisors hereby affirms this determination.  
4 Said determination is on file with the Clerk of the Board of Supervisors in File No. 141210 and  
5 is incorporated herein by reference.

6                 (c) On December 18, 2014, the Planning Commission, in Resolution No. 19300,  
7 adopted findings that the actions contemplated in this ordinance are consistent, on balance,  
8 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The  
9 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of  
10 the Board of Supervisors in File No. 141210 and is incorporated herein by reference.

11                 (d) Pursuant to Planning Code Section 302, the Board of Supervisors finds that these  
12 Planning Code amendments will serve the public necessity, convenience and welfare for the  
13 reasons set forth in Planning Commission Resolution No. 19300 and the Board of Supervisors  
14 hereby incorporates such reasons herein by reference. A copy of Planning Commission  
15 Resolution No. 19300 is on file with the Clerk of the Board of Supervisors in File No. 141210.

17                 Section 2. The Planning Code is hereby amended by adding a new definition to  
18 Section 102.38 and revising Sections 135, 151, 155.2. 208, 209.2, 216, 406, 790.88, 803.5,  
19 890.88, and the Zoning Control Tables of Sections 710 - 743 and 810 - 818, 827, 829, and  
20 840 - 847, to read as follows:

21 **SEC. 102.38. DEFINITIONS.**

22 \*\*\*\*\*

23                 **Homeless Shelter.** ~~Homeless Shelter means A Residential Use defined as~~ Living living  
24 and/or sleeping accommodations without any fee to individuals and families who are homeless, as

25

1       *defined in the Federal Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH)*  
2       *Act of 2009 (S.896), as amended from time to time.*

3           *Homeless Shelters shall comply with the requirements of the Standards of Care for City Shelters*  
4       *contained in Administrative Code, Chapter 20, Article XIII, including the requirement for operational*  
5       *standards in Section 20.404(d).*

6       **SEC. 135. USABLE OPEN SPACE FOR DWELLING UNITS AND GROUP HOUSING, R,  
7 NC, MIXED USE, C, AND M DISTRICTS.**

8       \* \* \* \*

9           (d) **Amount Required.** Usable open space shall be provided for each building in the  
10 amounts specified herein and in Tables 135A and B for the district in which the building is  
11 located.

12           In Neighborhood Commercial Districts, the amount of usable open space to be  
13 provided shall be the amount required in the nearest Residential District, but the minimum  
14 amount of open space required shall be in no case greater than the amount set forth in Table  
15 135A for the district in which the building is located. The distance to each Residential District  
16 shall be measured from the midpoint of the front lot line or from a point directly across the  
17 street there from, whichever requires less open space.

18           (1) For dwellings other than those specified in Paragraphs (d)(2) through (d)(5)  
19 below, the minimum amount of usable open space to be provided for use by each dwelling  
20 unit shall be as specified in the second column of Table 135A if such usable open space is all  
21 private. Where common usable open space is used to satisfy all or part of the requirement for  
22 a dwelling unit, such common usable open space shall be provided in an amount equal to  
23 1.33 square feet for each one square foot of private usable open space specified in the  
24 second column of Table 135A. In such cases, the balance of the required usable open space  
25

1 may be provided as private usable open space, with full credit for each square foot of private  
2 usable open space so provided.

3                   (2) For group housing structures, SRO units, and dwelling units that measure  
4 less than 350 square feet plus a bathroom, the minimum amount of usable open space  
5 provided for use by each bedroom or SRO unit shall be  $\frac{1}{3}$  *one-third* the amount required for a  
6 dwelling unit as specified in Paragraphs (d)(1) above and (d)(4) and (d)(5), below. For  
7 purposes of these calculations, the number of bedrooms on a lot shall in no case be  
8 considered to be less than one bedroom for each two beds. Where the actual number of beds  
9 exceeds an average of two beds for each bedroom, each two beds shall be considered  
10 equivalent to one bedroom.

11                  (3) For dwellings specifically designed for and occupied by senior citizens, as  
12 defined and regulated by Section 209.1(m) of this Code, the minimum amount of usable open  
13 space to be provided for use by each dwelling unit shall be  $\frac{1}{2}$  *one-half* the amount required for  
14 each dwelling unit as specified in Paragraph (d)(1) above.

15                  (4) **DTR Districts.** For all residential uses, 75 square feet of open space is  
16 required per dwelling unit. All residential open space must meet the provisions described in  
17 this Section unless otherwise established in this subsection or in Section 825 or a Section  
18 governing an individual DTR District. Open space requirements may be met with the following  
19 types of open space: "private usable open space" as defined in Section 135(a) of this Code,  
20 "common usable open space" as defined in Section 135(a) of this Code, and "publicly  
21 accessible open space" as defined in subsection (h) below. At least 40 percent of the  
22 residential open space is required to be common to all residential units. Common usable open  
23 space is not required to be publicly-accessible. Publicly-accessible open space, including off-  
24 site open space permitted by subsection (i) below and by Section 827(a)(9), meeting the  
25 standards of subsection (h) may be considered as common usable open space. For

1       residential units with direct access from the street, building setback areas that meet the  
2       standards of Section 145.1 and the Ground Floor Residential Design Guidelines may be  
3       counted toward the open space requirement as private non-common open space.

4                     (5) **Eastern Neighborhoods Mixed Use Districts.** The minimum amount of  
5       usable open space to be provided for use by each dwelling unit shall be as specified in Table  
6       135B. For group housing structures and SRO units, the minimum amount of usable open  
7       space provided for use by each bedroom shall be ~~1/3~~ *one-third* the amount required for a  
8       dwelling unit as specified in Table 135B. Usable open space requirements in these areas may  
9       be fulfilled by providing privately-owned public open space as specified in Table 135B.

10                  (6) **Efficiency Dwelling Units With Reduced Square Footage.** Common  
11       usable open space shall be the preferred method of meeting the open space requirement for  
12       Efficiency Dwelling Units with reduced square footage, as defined in Section 318 of this Code.  
13       Private open space shall not be credited toward satisfaction of the open space requirement for  
14       such units unless the Zoning Administrator determines that the provision of common open  
15       space is infeasible or undesirable, in whole or in part, due to

16                     (A) site constraints,  
17                     (B) the special needs of anticipated residents, or  
18                     (C) conflicts with other applicable policies and regulations, including but  
19       not limited to standards for the treatment of historic properties, the Americans with Disabilities  
20       Act, or the Building Code.

21                  (7) **Homeless Shelters.** *Homeless Shelters, as defined in Section 102.38 of this Code,*  
22       *are exempt from the open space requirements described in this Section 135.*

*For Homeless Shelters, the maximum number of beds on each lot shall be regulated per the*

(c) Waiver for Homeless Shelters. A Homeless Shelter, as defined in Section 102.38 of this Code, is not required to pay the Rincon Hill Community Infrastructure Impact Fee, the Transit Center District Impact Fees, the Market and Octavia Community Improvements Impact Fee, the Eastern Neighborhoods Infrastructure Impact Fee, the Balboa Park Impact Fee, and the Visitacion Valley Community Facilities and Infrastructure Impact Fee.

**(e) (d) Waiver Based on Duplication of Fees.** The City shall make every effort not to assess duplicative fees on new development. In general, project sponsors are only eligible for fee waivers under this Subsection if a contribution to another fee program would result in a duplication of charges for a particular type of community infrastructure. The Department shall publish a schedule annually of all known opportunities for waivers and reductions under this clause, including the specific rate. Requirements under Section 135 and 138 of this Code do not qualify for a waiver or reduction. Should future fees pose a duplicative charge, such as a Citywide open space or childcare fee, the same methodology shall apply and the Department shall update the schedule of waivers or reductions accordingly.

A use which provides housing for San Francisco residents, rather than visitors, including a dwelling unit or group housing, as defined in Subsections (a) and (b) below, or a residential hotel, as defined in Section 890.47 of this Code and in Chapter 41 of the San Francisco Administrative Code.

(a) **Dwelling Unit.** A residential use which consists of a suite of two or more rooms and includes sleeping, bathing, cooking, and eating facilities, and has only one kitchen.

1                   (b) **Group Housing.** A residential use which provides lodging or both meals and  
2 lodging without individual cooking facilities for a week or more at a time in a space not defined  
3 as a dwelling unit. Group housing includes, but is not limited to, a roominghouse, boarding  
4 house, guest house, lodging house, residence club, commune, fraternity and sorority house,  
5 monastery, nunnery, convent, and ashram. It also includes group housing operated by a  
6 medical or educational institution when not located on the same lot as such institution.

7                   (c) **Single Room Occupancy (SRO) Unit.** A dwelling unit or group housing room  
8 consisting of no more than one occupied room with a maximum gross floor area of 350 square  
9 feet and meeting the Housing Code's minimum floor area standards. The unit may have a  
10 bathroom in addition to the occupied room. As a dwelling unit, it would have a cooking facility  
11 and bathroom. As a group housing room, it would share a kitchen with one or more other  
12 single room occupancy unit/s in the same building and may also share a bathroom. A single  
13 room occupancy building (or "SRO" building) is one that contains no residential uses other  
14 than SRO units and accessory living space.

15                   (d) **Homeless Shelter.** means ~~Living~~ A residential use which consists of living and/or  
16 sleeping accommodations without any fee to individuals and families who are homeless, as defined in  
17 the Federal Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009  
18 (S. 896), as amended from time to time,  
19 subject to the physical and operational standards in Section 102.~~38~~ of this Code.

20  
21                   Section 3. The Administrative Code is hereby amended by revising Section 20.400, to  
22 read as follows:

23                   **SEC. 20.404. CONTRACT REQUIREMENTS.**

24                   \* \* \* \*

25

1                   (c) All contracts between the City and shelter operators shall include provisions for  
2 operational standards, which include but are not limited to the following:

3                   (1) the extent of on-site management of the facility in terms of staff numbers 24 hours a  
4 day;

5                   (2) a security plan that will be in place during the hours of operation;

6                   (3) a sidewalk maintenance plan indicating that the facility staff will maintain the main  
7 entrance to the building and all sidewalks abutting the subject property in a clean and sanitary  
8 condition in compliance with the Department of Public Works Streets and Sidewalk Maintenance  
9 Standards in Section 706 of the Public Works Code;

10                  (4) a plan for signage indicating that the facility will display well-lit notices at all  
11 entrances to and exits from the establishment urging clients leaving the premises and neighborhood to  
12 do so in a quiet, peaceful and orderly fashion and to please not loiter or litter;

13                  (e) (d) The Board of Supervisors recognizes that these amendments will have a  
14 material effect on the existing shelters whose contracts with the City require the City to pay  
15 the shelter operators a certain negotiated amount for services offered at each shelter. The  
16 City and the shelter operators contemplated that the shelters would operate at or near  
17 capacity through most of the year. This legislation may reduce the number of beds available in  
18 some shelters. In addition this legislation will impose obligations on shelter operators that  
19 exceed their obligations under their existing agreements with the City and therefore increase  
20 their operating costs. City officials and shelter operators based their budgetary assumptions  
21 and contracting decisions on factors that existed before this legislation existed. Therefore, the  
22 Board of Supervisors authorizes each City department overseeing contracts affected by this  
23 legislation to negotiate amendments to existing contracts to reflect these changes so long as  
24 current contract amounts are not reduced; and 32. maximize the space for sleeping in the  
25 shelter to the fullest extent possible.

1           Section 4. Effective Date. This ordinance shall become effective 30 days after  
2 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
3 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
4 of Supervisors overrides the Mayor's veto of the ordinance.

5

6           Section 5. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors  
7 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,  
8 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal  
9 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment  
10 additions, and Board amendment deletions in accordance with the "Note" that appears under  
11 the official title of the ordinance.
