18 Section 1. Findings.

19 (a) Urban Areas Security Initiative ("UASI") Program. The United States Department of  
20 Homeland Security ("DHS") has a Homeland Security Grant Program, which includes the  
21 UASI Program. The UASI Program addresses the unique planning, equipment, training, and  
22 exercise needs of high-threat, high-density Urban Areas, and assists those areas in building  
23 an enhanced and sustainable capacity to prevent, protect against, respond to, and recover  
24 from threats and acts of terrorism. DHS distributes UASI grant funds to recipient jurisdictions  
25

1 in California through the California Emergency Management Agency (CalEMA), which  
2 administers the UASI Program within the State.

3 (b) UASI Region. Since fiscal year 2006-2007, DHS has combined the three separate  
4 Urban Areas of the City and County of San Francisco, the City of Oakland, and the City of  
5 San Jose into a single, combined "Bay Area Urban Area" for application, allocation and  
6 distribution of UASI grant funds. The Bay Area Urban Area includes the ten contiguous Bay  
7 Area counties and other governmental entities within those counties. The Bay Area Urban  
8 Area is one of seven "Tier 1" Urban Areas in the Nation.

9 (c) Urban Area Working Group ("UAWG") Requirement. For the UASI Program, DHS  
10 requires each Urban Area receiving funds to establish an UAWG to act as an executive  
11 steering committee, provide overall governance and coordinate development and  
12 implementation of all UASI Program initiatives within the applicable region, and ensure that all  
13 UASI program requirements are fulfilled.

14 (d) UASI Approval Authority. Beginning in fiscal year 2006-2007, the City and County  
15 of San Francisco, the City of Oakland, the City of San Jose, Alameda County, and Santa  
16 Clara County jointly committed to cooperate in applying for, allocating and distributing UASI  
17 grant funds. Those jurisdictions entered a Memorandum of Understanding ("MOU") setting  
18 forth their agreements regarding the Bay Area Urban Area's mission, governance and  
19 reporting structures, responsibilities, and financial arrangements, and establishing processes  
20 and mechanisms to use in applying for, allocating and distributing UASI grant funds for the  
21 region. The MOU created the UASI Approval Authority, comprised of representatives from the  
22 City and County of San Francisco, the City of Oakland, the City of San Jose, Alameda  
23 County, and Santa Clara County, and also created an Advisory Group and a UASI  
24 Management Team, with working groups, to support and assist the Approval Authority. DHS  
25

1 and CalEMA approved the Approval Authority and related layers of governance structure as  
2 the UAWG for the Bay Area Urban Area. The parties entered an updated MOU effective July  
3 1, 2007, which continued the UASI Approval Authority and UASI Management Team  
4 structure. DHS and CalEMA approved that governance structure as the UAWG for the Bay  
5 Area Urban Area in fiscal years 2007-2008 and 2008-2009, 2009-2010 and again in 2010-  
6 2011. The current MOU expires December 31, 2010, and the parties are in the process of  
7 obtaining approval for a six month extension while they negotiate a successor MOU.

8 (e) Methodology for allocating funds; San Francisco as primary grantee and fiscal  
9 agent for UASI Approval Authority. The UASI Approval Authority makes decisions regarding  
10 allocation of UASI funds throughout the Bay Area Urban Area. The City and County of San  
11 Francisco is the primary grantee of UASI funds for the region and serves as the fiscal agent  
12 for the Approval Authority. San Francisco disburses funds to jurisdictions in the Bay Area  
13 Urban Area pursuant to the Approval Authority's direction.

14 (f) The City and County of San Francisco has participated in federal and state  
15 homeland security grant programs since their inception, and deems participation in those  
16 programs as vital to the continued well-being of its citizens.

17 (g) Fiscal Year 2010 UASI Grant Award, Use of UASI Funds. The DHS awarded the  
18 Bay Area Urban Area \$34,262,131 in UASI grant funds for Fiscal Year 2010. Regionally, the  
19 grant funds will be used to purchase equipment and conduct planning, training and exercise  
20 activities, as described more fully in the materials on file with the Clerk of the Board of  
21 Supervisors in File No. 101122, which are hereby declared to be a part of this ordinance as if  
22 set forth fully herein.

23 (h) The City and County of San Francisco intends to use a portion of its share of the  
24 UASI grant funds to continue funding certain existing positions and to create two new  
25

1 positions within the City and County. A spreadsheet reflecting the Department, Program,  
2 Index Code, Classifications, Job Titles, and Compensation Schedules for these positions is on  
3 file with the Clerk of the Board of Supervisors in File No. 101122, which is hereby  
4 declared to be a part of this ordinance as if set forth fully herein. The employees in the  
5 positions will be assigned to the UASI Management Team.

6 (i) The performance period for the FY10 UASI grant is from October 21, 2010 through  
7 April 30, 2013.

8  
9 Section 2. Authorization to Accept and Expend Grant Funds.

10 (a) The Board of Supervisors hereby authorizes the Department of Emergency  
11 Management to retroactively accept and expend, on behalf of the City and County of San  
12 Francisco, as the primary grantee of UASI funds for the Bay Area Urban Area and as the  
13 fiscal agent for the Approval Authority, \$34,262,131 in UASI grant funds for fiscal year 2010-  
14 2011 from the DHS, through the CalEMA.

15 (b) The grant does not include any provisions for indirect costs, and indirect costs are  
16 hereby waived.

17 (c) The Executive Director of the Department of Emergency Management, or designee,  
18 is authorized to furnish whatever additional information or assurances the DHS or CalEMA  
19 may request in connection with this grant, to execute any and all agreements or other  
20 documents, and to take any other steps necessary to accept, distribute and expend the grant  
21 funds.

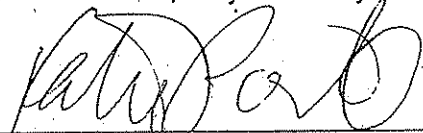

22  
23 Section 3. Grant Funded Positions; Amendment to FY 2010-2011 Annual Salary  
24 Ordinance. The hereinafter designated sections and items of Ordinance No. 191-10 (Annual  
25

[Accept and Expend FY 10 Urban Areas Security Initiative Grant and Amend Annual Salary Ordinance, FY 2010-2011]

**Ordinance authorizing the Department of Emergency Management, on behalf of the City and County San Francisco, as the primary grantee for the combined Bay Area Urban Area and as the fiscal agent for the UASI Approval Authority, to retroactively accept and expend an Urban Areas Security Initiative ("UASI") grant in the amount of \$34,262,131 from the United States Department of Homeland Security, through the California Emergency Management Agency; and amending Ordinance No. 191-10 (Annual Salary Ordinance, FY 2010-2011) to reflect the addition of two grant-funded positions in the Department of Emergency Management, as follows: one position (.75 FTE) in Class 1823 Senior Administrative Analyst and one position (.75 FTE) in Class 1824 Principal Administrative Analyst.**

Background Information

The United States Department of Homeland Security ("DHS"), through its Urban Areas Security Initiative ("UASI") Grant Program, provides funding for the planning, equipment, training, and exercise needs of high-threat, high-density Urban Areas, and assists those areas in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from threats and acts of terrorism.

The combined Urban Areas of the City and County of San Francisco, the City of Oakland, and the City of San Jose form the Bay Area Urban Area, a Tier I Urban Area. The Bay Area Urban Area includes the ten contiguous Bay Area counties and governmental entities within those counties.

San Francisco, the City of Oakland, the City of San Jose, Alameda County, and Santa Clara County have entered a Memorandum of Understanding ("MOU") regarding the Bay Area Urban Area's mission, governance and reporting structures, responsibilities, and financial arrangements, as well as processes and mechanisms to use in applying for, allocating and distributing UASI grant funds through the Bay Area Urban Area. Under the MOU, the UASI Approval Authority determines the allocation and distribution of UASI grant funds. San Francisco serves as the primary grantee of UASI funds for the Bay Area Urban Area and as the fiscal agent for the Approval Authority. San Francisco disburses UASI funds pursuant to the Approval Authority's direction.

For fiscal year 2010, the Bay Area Urban Area was awarded \$34,262,131. The term of the grant is from October 21, 2010 through April 30, 2013. The grant funds will be distributed throughout the region for planning, equipment, training, exercise, and organizational initiatives determined by the Approval Authority. San Francisco will use a portion of its share of the grant funds to continue funding existing positions and to create certain new positions.

Proposed Ordinance

The proposed ordinance authorizes the Department of Emergency Management (DEM), on behalf of the City and County of San Francisco as the primary grantee of UASI funds for the Bay Area Urban Area and as the fiscal agent for the UASI Approval Authority, to accept and expend \$34,262,131 in UASI grant funds for fiscal year 2010-2011 from the United States Department of Homeland Security, through the California Emergency Management Agency. The proposed ordinance also authorizes DEM's Executive Director, or designee, to take any steps necessary to accept, distribute and expend the grant funds.

Pursuant to Administrative Code §10.170-1(b), the proposed ordinance also amends the Annual Salary Ordinance, FY2010-2011, to reflect the addition of two (2) (1.50 FTE) new grant-funded positions at the DEM.

**Date:** November 1, 2010  
**RE:** **Ordinance to Accept and Expend Bay Area Urban Area Securities Initiative (UASI) FY 2010 Homeland Security Grant Program Funds**

The Department of Emergency Management is pleased to present the following Grant Report in summary of the above-referenced item submitted by the Department of Emergency Management.

**Legislation For Approval:** The proposed ordinance seeks the Board of Supervisors' approval for the acceptance (retroactive) and expenditure of \$34,262,131 in funds from the Federal Department of Homeland Security (DHS) through the California Emergency Management Agency (CalEMA) to provide financial assistance to address the unique planning, equipment, training, exercise, and organizational needs of high-threat, high-density Urban Areas, and assist those areas in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from natural or human caused disasters as well as threats and terrorism.

This grant was awarded to the Bay Area UASI from the Department of Homeland Security. It is a pass through from the California Emergency Management Agency. The focus of the funding is to provide financial assistance to address the unique planning, equipment, training, exercise, and organizational needs of high-threat, high-density Urban Areas, like the San Francisco Bay Area, and assist those areas in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from disasters, threats and terrorism. San Francisco will continue to act as the fiscal agent for these funds.

**Departments:** **Department of Emergency Management (DEM).** Department will act as fiscal agent and expenditures are to benefit the Bay Area UASI which includes the three former separate UASI cities: the City and

County of San Francisco, the City of Oakland, and the City of San Jose, as well as the ten contiguous Bay Area counties and the other Bay Area governmental jurisdictions within those counties.

The Bay Area UASI was established, in grant year FY2006, as a requirement of the Department of Homeland Security for regions to create a governance structure for the distribution of the Urban Area Strategic Initiative grant funding. The San Francisco Bay Area is designated as a Tier One region, indicating a high level of risk and threat.

The Bay Area UASI is lead by a grant funded general manager and staff consisting of employees from the cities and counties within the Bay Area region. Based on requirements of the grant, as well as recommendations of regional working groups and committees, grants are allocated through a regional Advisory Group and under the policy direction of the Approval Authority, which consists of representatives of the Cities of San Jose, Oakland, and San Francisco, and the Counties of Alameda, Santa Clara, and San Francisco. CalEMA also holds a seat on the Approval Authority. The chair of the Approval Authority is the Executive Director of the San Francisco Department of Emergency Management.

As the fiscal agent, DEM would be authorized to accept and expend these grant funds on behalf of the Bay Area, and to receive grant reimbursements for expenses incurred on behalf of the region.

DEM is responsible for administering the grant for the Bay Area UASI, ensuring that the grant funds are spent according to the grant guidelines, and ensuring that each of the Bay Area counties and cities that may receive a portion of these grant funds adheres to the grant and financial guidelines.

Each sub-recipient county or city that participates in this grant will enter into a grant MOU with DEM that outlines their obligation under the grant allocation, including requirements for contracting and procurement, record keeping and reimbursement documentation, and adherence to federal grant assurances.

**Amount:**

Grant allocation to the UASI in the amount of \$34,262,131 to be allocated to the above jurisdictions by agreement of the UASI Approval Authority which will act as the executive steering committee.

**Grant Period:**

October 21, 2010 through April 30, 2013

**Retroactivity:** The Accept and Expend Legislation requests retroactive approval because the Federal Grant period commenced before the legislation was introduced. No grant funds will be encumbered or expended until the Board of Supervisors approves the Accept and Expend legislation.

**Source of funds:**

U.S. Department of Homeland Security, through the California Emergency Management Agency. No match is required.

**Indirect Costs:**

The proposed resolution waives indirect costs, because the grant program does not allow the charging of indirect costs.

**Description:**

The proposed ordinance authorizes the Department of Emergency Management to accept and expend \$34,262,131 in federal grant funding from the FY 2010 Homeland Security Grant Program (Award # 2010- 0085, OES # 075-95017), issued by the U.S. Department of Homeland Security (DHS) through the California Emergency Management Agency (CalEMA) and to continue the DHS and CalEMA approved Memorandum of Understanding (MOU) of 2006 through the updated 2007 MOU regarding the UASI mission, governance structure, responsibilities, reporting structure and financial arrangements, and establishing structures, processes and mechanisms to use in applying for, allocating and distributing grant funds to the UASI region. These grant expenditures will provide financial assistance to address the unique planning, equipment, training, exercise, organizational needs of high-threat, high-density Urban Areas, and assist those areas in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from disasters, threats and terrorism.

The three original core cities of San Francisco, Oakland, and San Jose have been allocated \$1,000,000 each to fund planning, training, equipment, and exercises.

**Budget:**

The summary budget by activity for the subject grant is as follows:

(1) Equipment: \$17,844,678

Funds will be used for the purchase of equipment for first responders throughout the region such as: Terrorism Incident Response Equipment, Interoperable Communications Equipment, Information Technology Equipment, Thermal Imaging Equipment, a regional Mobile Incident Command vehicle and an Armored Response vehicle, SCBA Equipment, water-bagging equipment, and personal protective equipment.

(2) Planning: \$8,399,346

Of this amount, \$1,915,408 will be used for the hiring of contractors for regional projects through the RFP process. Additional funding will be used by Alameda and Santa Clara Counties to pay for multidisciplinary project planning staff. San Francisco plans include the hire of two (2) staff members, an 1823 Senior Administrative Analyst and an 1824 Principal Administrative Analyst to augment the fiscal staff at the UASI Management Team. DEM will continue to fund an Emergency Response planner and a strategic communications planner positions. The San Francisco Fire and San Francisco Police Department will continue to receive funding for one position each to provide updated plans and protocols within their departments.

(3) Training: \$45,000

The amount represents the planned allocation to hire a training consultant to conduct four (4) regional disaster shelter operations training courses.

(4) Exercises: \$2,260,000

The amount represents the planned allocation for regional exercise planning, supplies, and the conduct of exercises using HSEEP (Homeland Security Exercise and Evaluation Program) guidelines and requirements. DEM will also continue funding an exercise planner and Alameda County will be provided funding to hire an Exercise overhead planning team.

(5) Organizational: \$4,000,000

The amount represents the planned allocation for information sharing and collaboration as well as critical infrastructure protection. This amount pays for salary and fringe costs of regional intelligence analysts that staff the Northern California Regional Intelligence Center (NCRIC).

(6) Management & Administration \$1,703,107

Management and Administration expenses include UASI grant administration staff, line item office expenses, Controller's Accounting, City Attorney, office and equipment maintenance and leases. The amount budgeted reflects 5% of the cash grant, which is the maximum allowable under the guidelines.

**SUBJECT: NOTIFICATION OF SUBGRANTEE APPLICATION APPROVAL**  
FY 2010 Homeland Security Grant Program (HSGP)  
Grant #2010-0085, Cal EMA ID# 075-95017  
Subgrantee Performance Period: October 21, 2010 to April 30, 2013

Dear Ms. Phillips:

The California Emergency Management Agency (Cal EMA) has approved your FY 10 Homeland Security Grant Program (HSGP) application in the amount of \$34,262,131. As of the date of this letter you may request reimbursement of eligible grant expenditures using the Cal EMA financial management forms workbook available at [www.calema.ca.gov](http://www.calema.ca.gov).

During the review process, a Cal EMA representative examined and evaluated your FY10 HSGP grant application. As a result of this review, some of your funded projects may have been assigned performance milestones shorter than the subgrantee performance period, based in part on information provided in your application and submitted workbook. Performance milestones will be used by Cal EMA to both determine the appropriate date to disencumber funds awarded under this grant and re-direct them to other needs across the State and as indicators of performance and grant management capacity in future competitive grant applications.

**Performance Milestones:**

		<u>Amount</u>	<u>Completion Date</u>
A REGIONAL RISK MANAGEMENT/PLANNING	LE/FS/EMG	\$ 500,000	11/30/11
B INFO ANALYSIS/INFRASTRUCTURE	EMG/LE	\$2,000,000	11/30/11
E MEDICAL/PUBLIC HEALTH/PREPAREDNESS	EMS/PH/EMG	\$ 150,000	11/30/11
F PLANNING/CITIZEN PREPAREDNESS	EMG	\$ 150,000	11/30/11
C COMMUNICATIONS/PLANNING	PSC/EMG	\$ 120,000	11/30/11
D CBRNE DETECTION/RESPONSE	LE/FS/EMG/FS	\$1,000,000	11/30/11
G RECOVERY CAPABILITIES	EMG/PWS	\$ 130,000	11/30/11

Additionally, Aviation/Watercraft requests, Establish/Enhance Emergency Operations Center (EOC) projects, projects requiring EHP review at FEMA/DHS and sole source procurement requests will require additional approvals from Cal EMA. For that reason, Projects C (equipment only) and D (Boat equipment) are not approved at this time, pending receipt of required supplemental documentation and/or approval from DHS. Subgrantees must obtain written approval for these activities prior to incurring any costs, in order to be reimbursed for any related costs under this grant.

Subgrantees are required to obtain a performance bond for any equipment item over \$250,000, or any vehicle, aviation, or watercraft (regardless of the cost) financed with homeland security dollars.

Following acceptance of this award, you must enter your grant information into the US Office of Grants and Training, Grant Reporting Tool (GRT), for the December 2010 Biannual Strategy Implementation Report (BSIR) period. The GRT can be accessed online at <https://www.reporting.odp.dhs.gov/>. Semi-annual performance reports must be prepared and submitted to Cal EMA via the GRT for the duration of the grant period or until all activities are completed and the grant is formally closed. Failure to submit performance reports could result in grant reduction, termination, or suspension.

This grant is subject to all policies and provisions of the Federal Single Audit Act of 1984 and the Single Audit Act Amendments of 1996. Any funds received in excess of current needs, approved amounts, or those found owed as a result of a final review or audit, must be refunded to the State within 30 days upon receipt of an invoice from Cal EMA.

As in the past, your signature is required on this letter. Please sign and return the original to your Cal EMA program representative within ten days of receipt, and keep a copy for your files. For further assistance, please feel free to contact your Cal EMA program representative or the Homeland Security Grants Section (HSGS) at (916) 845-8510.

Sincerely,

**MATTHEW R. BETTENHAUSEN**
