Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, which won with ~120,000 votes, that the majority of voters have lost trust in the Police Commission. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making ALL points of view welcome and considered in room 400

of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Thank you,
Lanier Coles

I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.
